Chapter 981

At about ten o'clock in the evening, Joe's villa.

Miss for more than 20 days, as if the distance between the two was shortened in an instant. Zhuang wennuan sat on the sofa, waiting for the man who was still working in the study. Now she had no sleepiness in her mind, just wanted to wait for him to return to the room together.

After finishing the last email, Qiao saw the time, but he was surprised. It was already half past ten unconsciously. He thought, Zhuang wennuan must be waiting for him in the hall!

He got up and pushed the door out. He saw Zhuang wennuan sitting on the sofa, holding a book in his hand. It was peaceful. Under the whole crystal light, it was like a quiet picture.

Hearing his footsteps, Zhuang warm raised his head and chuckled, "are you finished?"

"Well! I'm done. " Qiao Muze said, eyes fell in her eyes, as if to see the girl that a trace of waiting for the shyness.

Qiao Muze's mood suddenly burned. In fact, as long as he showed some, she would not refuse him!

The desire for her has not been reduced. It's just that Joe Munzer found out bitterly that when he could have her, it was really untimely. Now he has a knee injury, and he really can't do it.

"It's late. Let's go back to our room and have a rest." Joe muzer's voice was hoarse.

Zhuang warm nodded and stood up very obediently. Qiao Muze reached over to take her. Zhuang warm also felt a subtle smell in the air.

In her heart, she had already made a decision. He was a man in her life.

Would it be tonight, she thought?

Just thinking, she inadvertently stumbled on her legs, only to hear her exclamation, and the whole person rushed to the man's arms.

Qiao Muze immediately reached out to hold her steady, but as a result, he hurt his leg, and his handsome face immediately broke into a cold sweat.

Zhuang warm tightly hugged his waist, this night, she really won't refuse him, if he wants.

Qiao Muze's eyes were also full of heat, but his knees were still wrapped with gauze. He could not exercise too hard even if his knees were not full of blood.

It's probably the most frustrating moment of my life.

"Warm, I have a video conference to open. Would you like to go back to your room first?" He had to make excuses, otherwise, he really didn't know what to do.

Zhuang wennuan hugged him and said with some heartache, "so late, do you want to have a meeting? Can't tomorrow? "

"No way. There is an urgent meeting. I will go to sleep after the meeting." Joe muzer's voice line is showing restraint.

Zhuang warm a pair of slender bracelets waist, and her charming fragrance, also in the moment challenge his string, if not afraid that she found him injured, where would he resist? When Zhuang wennuan saw that he was really going to have a meeting, she had to stand up straight and said with shame, "Well! Good! Then go to bed early and don't be too busy. "

"Well! I will. " Chomuze reached out and stroked her little head. At the moment when she left her arms, his heart was lost.

Zhuang wennuan went upstairs to sleep, while Qiao muzer went back to his study. He didn't need to hold any meeting at all. He just wanted to find a suitable reason to stay for a while.

Blue house.

LAN Chu Nian is too excited to sleep tonight, because elder brother will go to investigate her life experience tomorrow. She fantasizes a lot of assumptions, but she can't be sure what kind of situation she is without really getting the truth.

She really hopes that her own parents are still in the world. No matter why they don't want her, she hopes that they are safe, healthy and don't do anything.

Early in the morning, the cycle, the busy day began again.

Zhuang wennuan opens her eyes. Her first thing is to worry about Qiao Muze's rest. What time did he sleep last night?

Zhuang wennuan goes downstairs. She is going to cook porridge for breakfast, and put some fresh shrimps on it, which is a very nutritious breakfast.

Joe Munzer went downstairs at about eight o'clock. He didn't sleep very well last night, because he was full of regrets last night.

Smelling the smell of breakfast in the air, he felt warm. Did she cook breakfast so fast?

Zhuang wennuan is stirring porridge in the kitchen. She hears the footsteps behind her, but she doesn't look back until she has a strong arm around her waist. The clear breath of man is in her ear. She bends her lips and smiles. The man quickly kisses her face.

"I'll have it later." Zhuang said softly.

"But I'd rather have you." Joe Munzer was making a wicked joke.

Zhuang is so ashamed that he doesn't want to talk to him. He adds some green vegetables to the porridge.

Choumuze did not dare to follow this joke, but he could not be satisfied with how he teased her now, so he had to continue to walk around her.

After breakfast, Qiao Muze was just free. He decided to take Zhuang wennuan to some places where she and her father would go. Because Zhuang wennuan used to spend a lot of time with her father, she left a lot of memories. Zhuang wennuan had no clue for a while, but she could only slowly go to some places where she had walked with her father and let her open one of her memories. Maybe she could think of something about the account book.

Zhuang wennuan is wearing a mask. Qiao Muze drives a very low-key car. His bodyguards follow him not far behind. They are not close to him. They are enough to protect their safety.

The most influential thing about Zhuang Nuan is to go to a park near her home with her father. At this moment, walking on the road to the park, when she was a child, she would think that the park is very big and her paradise. Now, when she grows up, she steps here again, and feels that the park has become old and small.

However, the memories left here are still so happy.

Qiao muzer's figure accompanied her. He did not plan to tell her that her father embezzled public funds. Even under the threat or temptation of her uncle, her father's behavior had violated the law.

This matter, Qiao Muse plans to conceal as long as possible, will never let her know.

Zhuang wennuan sat on the stone chair that her father used to sit on. The grass was her childhood memory. Her father sat here to see her, and she had a good time playing on the grass with her toys.

Zhuang warm has been afraid to touch memories, because memories of her parents, her heart is always full of sadness. At this moment, when it comes to the things that can prove the truth of my parents' death, she decides to recall everything, no matter how sad she is.

Joe muzer comforted her. It was not urgent.

In lanzhai, LAN Qianhao brings LAN chunian to the orphanage where her parents raised her when she was a child. When they raised LAN chunian, she was just a three-month-old baby, who had just been sent to the orphanage for less than a month. Because she was only three months old, the orphanage didn't have any items to take care of her, and just as the parents of LAN family decided to go through the adoption procedures, they directly took care of her. The three-month-old blue Chu Nian is carrying home.

Unexpectedly, the more the child grows up, the more beautiful he is. As a child, he is a lovable doll.

LAN chunian stands at the door of the old orphanage, her eyes are constantly wet. She imagines who brought her in on that day more than 20 years ago?

Is it a natural parent? Or who?

LAN Chu Nian's eyes were moist. LAN Qian Hao reached out and took her into the gate. He said softly, "don't worry, I'll ask."

"Well!" LAN Chu nodded and looked at everything here. Twenty years later, although he had built a new house, he kept the old house and looked very shabby.

LAN Qianhao goes in. He contacted the Dean just before he arrived. LAN Qianhao is directly taken into the dean's office.

"Dean, I contacted you before."

"Hello, Mr. LAN. I also checked the information you asked for in advance. However, it's a pity that only one surname was left for the man who was brought in that year. "

" what? Only last name? Do you remember, men or women? "

" is a woman in her forties. When she came in with this young lady in her arms, she looked a little flustered, as if she was very afraid. She put down the blue young lady and left. "

the Dean was still in his early thirties and worked here as an employee.

"Have you seen what she looks like? She... " LAN Chu Nian's eyes are red. Is that her mother.

"No, Miss LAN, I think that woman, not your own parents, is more like the guardian of a large family." The dean's metaphor was like this, and then she sighed, "I'm not sure. "

Chapter 982

After listening to LAN Chu, he couldn't believe that he was not her biological parents who carried him to the orphanage?

"How much do you remember then? Besides this, is there any other Keepsake left by this man? " Blue Qian Hao asked in a low voice.

"I was also in reception. After the woman came in, we asked her to sign a letter. She signed a surname. After signing, she put the child on the sofa. The whole person ran out, and we couldn't catch up."

The heart of blue early read mercilessly seized, why would she be abandoned in the orphanage in those days?

"We also checked afterwards. At that time, Miss Lan was very healthy, because we would take in a lot of sick children here, but miss Lan was still a baby, and she was very beautiful. We were also very puzzled why the man had to bring in that year." The dean said regretfully, but at the moment, she looked at the blue beginner standing in front of her again. She had taken off her mask, and her face was really beautiful!

LAN Qianhao also hopes to find some clues in the orphanage to find her life experience. But now, it seems that things were too long ago to find at all. Just then, an older woman came in. She asked the dean for something.

"Sister Wang, you're just in time. I'm looking for you!" The Dean stopped her.

Looking at two young people in bright clothes, sister Wang immediately asked in surprise, "did you go through the nursing procedures again? You are so young, you can still live! "

Blue Qianhao and blue chunian look at each other. Blue chunian's eyes drop slightly, showing a smile. Blue Qianhao also smiles secretly.

"Sister Wang is a little older. Don't be surprised!" With that, the dean said to this sister Wang, "sister Wang, do you remember the baby girl who was carried into our house and left 20 years ago?"

"Isn't that child taken away?" Sister Wang is in her seventies and still works here. Apart from the inconvenience of movement, her memory is very good.

"Yes, the child was taken away. Do you remember the woman who brought her in? Do you know who she is? "

"Oh! You said that Xiaojuan! It's Xiaojuan! " The memory of sister Wang is amazing, and then she confirms, "yes, it's Xiaojuan who brought the child in. She's the one who went out to be a nurse in our village. At that time, I recognized her."

Blue Qian Hao and blue Chu read immediately a happy, did not expect that someone will remember the name of the woman who brought her in that year.

Even the Dean was happy for them. "Great, sister Wang knows the woman who brought Miss LAN in. I'll ask her for you again."

"Sister Wang, do you remember her name? Where does the family live? " The dean asked in a high voice.

For a few seconds, this sister Wang seemed to be thinking about it. "That juan'er, she has a bad life. She divorced several times. She also has the ability to go to the rich man's house and become a servant. She washes and cooks for them. She earns a lot of money."

This elder sister Zhang mumbled to herself.

And LAN Qianhao and LAN chunian look at each other once again. From this elder sister Zhang's words, they seem to hear something. Did the woman who brought her in at that time work as a protector in a rich family?

The dean at one side also looked at LAN Chu and said, "I remember that at that time, the clothes on Miss Lan's body were very good fabrics. It must not be the clothes of ordinary families, like the clothes worn by the children of rich families."

LAN Chu is stunned for a few seconds. If her parents are rich, why throw her here? What happened?

LAN Qianhao also felt puzzled about what happened in those years. A babysitter hurriedly threw LAN chunian, a baby girl, into an orphanage.

"Miss LAN, don't worry. I'll ask sister Wang to see if she can remember the real name of Xiaojuan's nurse."

"OK! Please ask! " LAN Chu read and nodded. Now, as long as you can know the name of the babysitter, you can find out which family she served. Can you also find out her own parents?"

At that time, it was a very good job to go to a rich family to be a nurse and a cleaner

"Sister Wang, what's Xiaojuan's surname? Do you know where she lives? " Asked the Dean loudly.

Miss wang thought for a moment and said, "everyone calls her Xiaojuan. It seems that her surname is Zheng! I don't really remember. It should be Zheng. "

LAN Qianhao silently wrote down, is the name of the baomu Zheng Juan? Is there any other word in the middle?

"Is it Zheng Xiaojuan?" Asked LAN Chu.

The dean asked sister Wang carefully again. The old man in his seventies had a vague memory. At that time, everyone remembered the name behind.

"Well, Mr. LAN and miss LAN, maybe all we can tell you is this. You can check it out and believe that those who can go in to do housework in the rich families will generally be introduced by the company." The Dean suggested.

LAN Qianhao nodded, "thank you, Dean.""You're welcome."

When LAN Chu read it out, her eyes got wet again, because she really didn't know why her parents would let her go and throw her in the orphanage. "Don't worry, I'll find out the mystery of your life experience." LAN Qianhao assured her.

LAN Chu read and nodded. If her parents had put her in the orphanage, she might have died. She thought that they had made this decision, so it would be unnecessary for her to find them back.

But now, according to the Dean, the babysitter who threw her was still in a hurry, which made her think of many assumptions.

Is this babysitter a bad person? She deliberately took her away and left her here?

If her parents lost her, would they have been looking for her now?

In the eyes of LAN Chu Nian, she began to have a kind of firmness. She wanted to find her life experience, but only when she found her life experience, she and her elder brother could be better together. Although she can be reckless with him, they will bear the strange eyes of others. She doesn't want her eldest brother to be discussed by others.

Only when she changes her identity and they are together can she be more righteous.

"At the beginning, let's go back first. I'll ask me to check the name of housekeeping. As long as any name with Juan, we can go to visit and investigate. We'll find your own parents."

LAN Qianhao comforts and makes a sound. At the same time, his eyes flash a little expectation. As the dean said, when she was a child, she was also dressed by rich people. Maybe her real identity would not be too common.

LAN Chu nodded. At present, he can only investigate from this aspect.

LAN Chu Nian looked back and saw that some of the houses were half built and looked very shabby. She said to LAN Qian Hao, "I decided to donate a million yuan to let them build new buildings."

"Blue thousand Hao chuckle," let me. "

Because her parents raised her here, because she was his favorite woman.

Blue chunian nestles in his arms and is moved by his kindness. When they return to the car, they make a phone call with blue's parents. Blue's wife also recalls that when she brought back blue chunian, the clothes wrapped around her were really very good fabrics. Only clothes can be cherished, and no other objects can prove her identity.

Now there is only one thing for sure. Blue chunian may be born into a rich family.

LAN Qianhao sends LAN chunian home. At the same time, he orders his assistant to check all the housekeeping companies in the city center 20 years ago to see how many are still reserved.

In this way, the chance to find the name of a babysitter is very slim, but this is an opportunity.

LAN Qianhao will never give up easily. He must find out the baomu of that year. No matter what conditions he uses, he will let her tell the truth of that year.

He had a premonition that Lan Chu Nian's biological parents would never give up such a lovely daughter. If they had money, they would not be able to raise such a thing.

Maybe the baomu brought out LAN chunian without permission, maybe it was a malicious crime.

Chapter 983

For several days, Qiao Muze and Zhuang wennuan have been returning to the place where she and her father passed together. Zhuang wennuan's mood is a little sad. She is also trying to find her father's memory and imagine whether there is an important place she has forgotten.

Qiao Muze's bodyguards are always at their side. At the same time, when they are looking for it, a car that is far behind is also watching.

Li Da in the car, after following for several days in a row, determined that Zhuang wennuan and Qiao Muze must have gone out to find the account book her father held. He dialed Qiao Huiyang.

"What's the matter?" Qiao Huiyang's voice came, and the voice line was tense.

"President Qiao, Qiao Muze has been taking Zhuang wennuan to travel these days. Maybe he wants her to look for her father's lost account book."

Qiao Huiyang at that end breathed a sigh of relief immediately. "You've fixed your eyes on me. If you find the account book, no matter what the cost is, you must grab it for me."

"Yes! I'm staring at it, but when he goes out with bodyguards, I don't dare to get too close for fear of being found. "

"Lida, you should know that if Zhuang wennuan finds the account book, it will be the end of our lives." Qiao Huiyang threatens Li Da.

"Yes! I'll get it. " After listening, Li Da immediately promised.

Qiao Huiyang hangs up the phone at that end. Li Da wipes a cold sweat in the dark, and looks at a pair of people walking into the old house of Zhuang Nuan not far away. It's just a knife across his chest, ready to cut into his heart.

Zhuang wennuan once again returned to the place where she and her father first lived. It's a long time here. Even if she doesn't come here to live, she is reluctant to sell it. Zhuang wennuan opens the door, and the furniture inside is full of memories.

Choumuze looked at the house, the furniture. Although he was the manager of the company at that time, he didn't seem to live well. His furniture was old.

Normally speaking, solemnity is not too short of money! However, when he was a child, he was willing to invest most of his money in Zhuang Nuan's body, sending her to interest classes, practice classes, piano classes, these invisible money were all an investment.

Zhuang Nuan reached out and stroked an electronic piano on her former small table, which was covered with dust. She sighed and looked up at the house. Some memories of her childhood were as clear as the tide.

Qiao Muze stood behind her with a twinkling of heartache in his eyes. If he didn't want to find out the truth and return justice to her parents, he really didn't want her to suffer like this. It would be enough for him to protect her in his life.

Just then, Zhuang wennuan turned to Qiao Muze and said, "I remember when my father was a child, he bought a safe, as if my mother was still very angry."

Jomunze immediately took it seriously. "Do you see that?"

"Yes, when my father bought it back, I remember my mother said," why does he do this? I have to get a safe. Our family is not rich. My mother thought my father would hide something she didn't know. Anyway, it was a fight. "

"Do you know where your father's safe is installed?"

Zhuang thought about it and shook his head. "I only know he bought it, but I didn't see where it was installed."

Cho took a look at the house. His eyes swept over the hidden places, such as behind the TV cabinet and the closet of the room.

Zhuang looked at what he saw, and she blinked at once, "will my father hide behind these cabinets?"

"Let's look for it. Maybe we can find it." Qiao Muze said to her, he went to the side of the TV cabinet, reached out and moved away, Zhuang wennuan came to help, after moving away, there was no elevator cabinet behind, two people were looking for other places in the family, finally, in Zhuang wennuan's childhood room, behind her wardrobe, found the safe that had been kept quiet for seven years.

Zhuang wennuan and Qiao Muze take a surprise and excited look at each other. She doesn't know when her father will install the safe in her room?

And it's still behind her wardrobe. It must have been installed here when she wasn't at home.

"Why does my father pretend to be here?" Zhuang wennuan is a little confused.

"Because your father knows that once those people come in, they will find his room, and those people in your room will not search carefully. According to ordinary people's mind, no one will put important things in the children's room."

Zhuang Nuan nodded, maybe he was right.

When Zhuang warm was a child, the cupboard was not big. A small row of pink cupboards. Zhuang warm and Qiao muzeqi pushed the cupboard to the side, revealing the unlocking hole of the small safe.

This is a password cabinet. Zhuang wennuan and Qiao muzer squat beside her. Qiao muzer looks at her. "Do you know what number your father often uses as a password?"

Zhuang thought about it and shook his head. "Maybe it's their birthday! I'll try. "

Zhuang warm after pressing, but found no response, it seems to be wrong.

Qiao Muse thought for a moment, reached out to press, Zhuang wennuan was stunned, did he know? Just after Joe Munzer pressed it, he only heard a jingle, indicating that the lock had been unlocked.

"You How do you know? " Zhuang asked incredulously.

"Six digits after your birthday." Chamuzer looks at her.

Zhuang warm heart suddenly a pain, father so important things, with her birthday number?

Cho knows that Jung Ming loves her very much, so he is likely to use a lot of codes for his warm birthday.

Qiao Muze reached out and unscrewed the door of the safe. He saw that there was a letter in the small safe. There was also a step of money. At the bottom, there was a folder, which should be the account book they were looking for.

Zhuang first picked up the letter. She opened it in a hurry. When she saw the letter, her eyes blurred. Looking at the words on it, she felt warm and kind.

"Warm, my good daughter, when you see this letter, maybe I've had an accident. I know that I'm in danger all the time, but I can't tell you too much. If I'm not here, you and your mother must live a good life.

I can't take good care of you. I'm sorry. I hope you don't hate me for doing this. Dad can't make you live better. The following folder, please give it to Mr. Qiao Yueyang, President of Qiao group. After you hand it in, you move out of a place, live again and take good care of yourself. "

This letter made Zhuang warm collapse in an instant. She couldn't help crying with her face in her hands. Qiao Muze immediately sat down and held her in his arms. At this time, seeing his father's letter, he could not comfort her anything but give her a warm hug. The letter in Zhuang wennuan's hand was gently removed by him. After reading this letter, Qiao Muze must have regretted Zhuang Yanming's later period. He even arranged his later affairs.

But what he said in the letter, let him not think of, finally with him to leave the world, and his wife, they can only leave their daughter alone. Qiaomuze was deeply hurt and hated qiaohuiyang's cruelty. In order to achieve his interests, he forced a happy family to separate Yin and Yang, and even wanted to poison Zhuang warm. Such an uncle, even if he was sent to prison by himself, would not blink an eye, nor leave any affection.

He should go there to spend his posterity.

"My dad My dad didn't say who it was! Who is it? Who killed them? " Zhuang Nuan hates the murderer who killed his parents.

Choumuze reached out his hand and stroked her back brain gently, comforting, "warm, listen to me, I know who he is."

Zhuang wennuan immediately raised his head from his arms, shocked and eager, "do you know who killed my parents? Who is it! "

Zhuang Nuan looked at him anxiously and wanted to know the name of the man immediately.

Qiaomuze's eyes flashed a touch of sadness, "it's my uncle qiaohuiyang."

Zhuang's warm breath was sluggish. She almost couldn't help leaving Qiao muzer's arms. She stepped back and looked at him incredulously. "Is it your uncle? Killed my parents? How could it be him? Why him? "

Chapter 984

Qiao Muze's heart was aching. Looking at her, it was because of her relationship with Qiao Huiyang's uncle and nephew that she kept her away from him. He nodded softly, "it's him! He

forced your father to make a batch of false accounts from the company's accounts, involving more than 100 million yuan. In terms of the funds available in that year, this is a huge transfer of funds. "

Zhuang warm warm brain boom for a while, father made false account, and still such a large amount.

This means that no matter what the reason is, father has done this illegal thing. At the same time, it has damaged the interests of this man's family company, a billion yuan, which she can't imagine at present.

"I'm sorry! I apologize to you for my father. " Zhuang warm eyes, with tears, appear sad, angry and painful.

Because she hated that the murderer of her parents was his uncle, and she was sad to replace her parents.

Joe muzer stood up, and as he approached, Zhuang wennuan took another step back.

However, the man didn't let her back again. He reached over, clasped her waist, and pressed her tightly into his arms. Even though Zhuang was struggling for a while, he didn't let her back.

Zhuang warm in his arms, wailing.

I don't know how long it took, Zhuang's warm mood gradually stabilized. She pushed him away, her tears wet his large lapel, and the man's eyes fell on her face all the time.

Zhuang picked up the folder and handed it to him, "take it away! Recover your loss. "

What Joe muzer wants to do at the moment is not to recover the money, but, as her man, to trace the murderer for her parents, which is the most important thing.

He directly took her back to his arms. "The value of this document is not to recover that one billion yuan, but to get justice for your parents and send the murderer to his place."

Zhuang wennuan looked up. "Even if this man is your uncle?"

Joe muzer's eyes flashed cold. "I don't care who he is."

Zhuang warm just thought, if it was his family, would he be reluctant? Now, looking at the light in his eyes, she understood.

"Thank you!" Zhuang wennuan knows that he is the one who has always supported her in finding the truth.

Qiao Muze chuckled and sighed, "what do you say! I am willing to do anything for you without your gratitude. "

Two people came out of the house, the accounts were packed in Zhuang's warm backpack, put everything back in place, and they went back to the car.

Not far away, Li Da took a telescope and saw two people come out. He couldn't help but look at the wristwatch again. They have been in for more than an hour now. Why did they go in so long? Did you get that book?

Li Da's heart was anxious. The whole person was a little uneasy. He dialed Qiao Huiyang's phone.

"How is it?" Qiao Huiyang's tone was also a little anxious.

"Mr. Joe, they stayed in the warm old house for more than an hour."

"And when they came out, was there any change?"

"I can't see clearly, but I have a hunch that they seem to have got the books."

Qiao Huiyang was also in a hurry at that end. "Are you sure?"

"I'm not sure, but I can't guarantee that they didn't get it. In case they get it, things in that year will come out."

"Don't panic, don't we have a lot of people available? It's time to use them." Qiao Huiyang also buried a lot of eyeliner in Qiao's group.

"Well, let's take one step, one step." Li Da's eyes were fixed on the front.

Sitting in the car, Choumuze said, "let's go back to the villa together, and I'll see if these books can be the evidence for your parents to overturn the case."

"Good!" Zhuang Nuan is also looking forward to it, which is the most important thing in her heart.

But at the same time, her heart, also with guilt, her father's behavior in those years, has formed a kind of injury to the whole Qiao family.

Choumuze reached for her hand and comforted her. "Don't worry. With the account book, your father's hope of turning over the case will be great."

Zhuang warm nodded, thinking of Qiao Huiyang's last chat with her, she felt cold all over.

Unexpectedly, the person standing in front of her was the one who brutally forced her parents to death.

Back at Qiao Muze's home, Zhuang wennuan went to make a cup of tea, and Qiao went into the study to check the account book.

Zhuang warm tea came in, Qiao Muze brows tight, focus on looking at the record.

"How is it? Are these books valid? "

"The account book records the amount your father misappropriated in that year, what means and ways to remove it, and the account of capital inflow. I checked that the final account is a person named Wang Ji, and what is the relationship between this person and my uncle, we need to check carefully."

"Well!" Zhuang Nuan nodded. She was not in a hurry. She only hoped that the truth of that year would be made public. Her father had made a mistake, and she could bear it. However, the crime of

killing could not be ignored. Qiao Muze continues to look through the account books, can misappropriate one hundred million yuan, and solemn Ming successively records a thick account book.

Zhuang warm warm stands beside him, facing the father to record these things, she completely does not understand.

In the direction not far from Qiao Muze's home, Li Da's eyes flickered with anxiety. Did Zhuang wennuan really get the account book? However, the account number that used to misappropriate funds was not Qiao Huiyang's own. The account number that used to be transferred to a cousin account that Li Dagang passed away, and then it was laundered to Qiao Huiyang through an empty shell company.

Now, Qiao huiyangli uses that money to run a profitable financial company abroad.

With chomuze's ability, he will surely follow these account books to check and slowly find out all this.

Li Da is only feeling cold now, remembering that he has become Qiao Huiyang's tool for using these years. He didn't do many things and replaced them.

Therefore, he became the core person. Once the case was overturned, he was the main responsible person.

The more Li Da thought about it, the more cold sweat came out.

At the moment, Qiao Huiyang is at his home, and there is another man he is training.

"A CAI, once the domestic affairs are revealed, when you are loyal to me, I will not treat you badly."

"Don't worry! President Joe, I will do my best for you. " The loyal hand of a CAI stood beside him.

"I've done a good job of getting out of the way. Solemnly, Li Da can bear most of the charges for me. As long as he doesn't let go, I won't be guilty."

"But in case of Li Da..."

"Li Da has a son who studies abroad. I have arranged my people by his son's side. Once Li Da is arrested, I will use his favorite son as a threat. If he gives me up, his son will die." Qiao Huiyang is a sly old fox.

The man on the side immediately awed Lin. now, he has the opportunity to replace Li Da and stand beside Qiao Huiyang to do business. It must be very good to seek profits.

The so-called "wealth insurance" is in demand.

Zhuang wennuan did not disturb Qiao Muze to read the account book. She sat on the sofa and read her father's letter again. Tears streamed down her face. The father's meaning in the letter was to hope that she and her mother would have a good life together. However, he did not know that the business trip caused both of them to have an accident!

Zhuang wennuan can imagine how anxious and painful his father was that day. He must have been very remorseful. In order to save her, they killed themselves to save her life.

This is the most painful choice in life, and they have no hesitation in choosing to let her survive.

"Mom and Dad, I'll make sure the murderer gets the law."

Qiao Muze has read most of the books. He gets up and comes out. He sees the woman sitting on the sofa crying silently. His heart is pulled up. He goes to her side and reaches for her.

Gently kiss her hair, at this time, he can only accompany her.

"I will make him pay for it." Joe muzer's voice was low.

Zhuang wennuan fell into his arms and sobbed, "thank you, but what my father did in those days, I try to make up for you."

"As long as you're by my side, don't leave me anymore, it's the best way to make up for it," sighed Joe

Chapter 985

In the morning, blue house.

Just as LAN Chu Nian got up, LAN Qianhao was waiting for her at the door.

"Big brother, why didn't you go to the company?" LAN Chu Nian asked in surprise.

"First reading, there was good news last night. I didn't tell you when you fell asleep." Said LAN Qianhao.

Blue Chu read, immediately excited, "is it about my life experience? Did you find the babysitter? "

LAN Qianhao nodded, "Hmm! I found her. I took the picture of the housekeeping staff with the name and the word Juan, which was recognized by sister Wang. Now, she still works in a company as a cleaner. "

The heart of blue Chu Nian jumps violently. As long as she finds the nanny, can the mystery of her life experience be solved?

She can find her own biological parents and know all their news, which makes LAN chunian a little nervous and excited. She thinks about it and thinks that she is not abandoned, but something happened in that year, which makes her separate from her parents.

"Would you like to see the nanny with me? If you don't want to, I'll go. " LAN Qianhao looked at her and asked.

Lanchunian shook his head quickly. "Elder brother, I want to go with you."

LAN Qianhao nodded and said to her, "go to have breakfast. Let's go again."

Two people went downstairs. The blue family's parents already knew the good news in the morning. Now, they all have the same idea. As long as Chu Nian found her own parents, later, their son and Chu Nian would be together. They agreed, even thought about it, and were still excited.

It's just that I always thought there would be some pressure when the two brothers and sisters grow up. Now, after LAN Chu read it, he recognized his parents and made it public to find a reason for the outside world to change their views on their relationship. Even when they are together, it's reasonable.

"Dad, mom, I'll go out with Chu Nian." LAN Qianhao said to his parents.

Blue mother comes over and holds blue Chu Nian's hand. "Chu Nian, don't worry, your biological parents will find it."

"Thank you parents for your support. Thank you." Blue Chu thought her eyes were red. Because of this, she felt very guilty and unfair to them. They tried their best to raise her and train her. Now, she is looking for her own parents.

At this time, the voice of blue Qianhao came, "first read, we will become a family sooner or later."

This sentence, with a double meaning, one side of the blue family's parents heard it, Blue first read is also, suddenly, she was ashamed to bury in her mother's arms, dare not see them. When blue mother saw her son's words, she also said, "yes, we are a family all our lives. Whether you are a daughter or not, you are all my children."

"Mom, tell me the identity of your daughter-in-law!" LAN Qianhao corrected her.

Blue mother really want to angry smile, stare at him, "you are urgent, the first read has not agreed!"

Blue early read a pretty face already rose red, and next to the blue father ha ha a smile, "looks like a thousand Hao me."

"Yes, like you, no shame, no impatience, no face, no skin." Blue mother scolds with a smile.

LAN Qianhao comes over and starts to read, "let's go first."

LAN Chu Nian was so pulled out by him and sat in the car all the time. Her face was still red and she was so nervous that she was at a loss.

Blue Qian Hao does not lean over to look at her, "what can I be ashamed of? My parents have known for a long time that I like you. I told them by myself. "

"Blue early read to hang Mou way," that they can oppose

LAN Qianhao has been clear about his parents' ideas for a long time. They have no objection. Moreover, they are very willing to let him look for her own parents, and then let him marry her back.

They are worried now. At that time, the girl really has to marry someone else. Now, they are afraid that it is too late to be happy to marry their son.

"No, they want me to marry you again!" Blue thousand white hook lips a smile, eyes affectionately lock her.

Blue Chu Nian stared at her slightly, and her little face turned red again. She was still red to the crystal white ear root. Blue Qian Hao had already leaned over and leaned close to her, smelling her sweet smell.

He came quickly and kissed her on the face.

LAN Chu Nian is so scared that he looks out of the window. He is afraid that his parents will see him.

"Come on, let's go! Big brother. " LAN Chu Nian seems to be begging him.

Blue thousand Hao chuckles, this just started the car, drive toward the courtyard door.

The housekeeper they are going to see this time is Zhang Xiujuan. Everyone likes to call her Xiaojuan and remove her middle name.

However, Sister Zhang's eyesight is very good. Even though she hasn't seen her for many years, when the photo was put in front of her, she recognized it at a glance. Even after the Dean carefully

looked at it, she said that it had some influence, as if she had just entered the orphanage with a baby in her arms.

Now, as long as we find Zhang Xiujian, we will be able to find out what happened in that year.

LAN Qianhao takes her to breakfast. Zhang Xiujian works in a hospital. She works there every day. Depending on the situation, her old life is worse. Blue Qianhao walks into a very small hospital with blue chunian. Blue chunian wears a mask and two people walk in. Blue Qianhao asks the security guard.

"Excuse me, is Zhang Xiujian working here? Is she at work? "

The security guard is also a warm-hearted person. He points to a direction. "I saw her sweeping the floor in that yard just now."

"OK, thank you, uncle." LAN Qianhao politely said a word and led LAN chunian to go.

Blue Chu Nian takes a deep breath nervously. Any truth of that year has caused a sadness and fear that she has been separated from her parents for 20 years.

What is the truth?

LAN Qianhao goes to the small garden beside him and sees a woman with a slight back sweeping the floor beside the flower bed. LAN Qianhao approaches her, "Hello, are you Zhang Xiujian?"

The woman who was sweeping the floor raised her head in surprise. Although her face was dark and old, it was Zhang Xiujian herself.

"Who are you!" Zhang Xiujian looks at them in surprise.

LAN Qianhao and LAN chunian take a look. LAN chunian is angry and asks, "excuse me, did you ever carry a baby girl to an orphanage 20 years ago? Do you remember when you let her go?"

Zhang Xiujian's face was suddenly filled with panic. She tightly held her broom and stepped back, "you Who are you! "

LAN Chu Nian is not afraid of it. He reaches out to untie his mask and stares at her angrily. "I was the one you threw into the orphanage."

Zhang Xiujuan looks at LAN chunian, who has shown her face. The panic in her eyes is more shocking. It seems that LAN chunian is a person who comes to find her soul.

"Why did you take her to the orphanage? Who asked you to do so? If you don't, we can only send you to the police station. " Blue thousand Hao also cold voice, eyes with threats.

Even if Zhang Xiujuan is old, she should also be responsible for the mistakes she has done. This kind of person is pitiful.

"I It wasn't me! Miss Yi, I don't want to hold you. Don't look for me. Look for her! " Zhang Xiujuan was frightened to sit on the flower bed, covering her face and crying regretfully.

While crying, I was saying something, "I knew that doing this kind of thing would hurt morality. My son died and my husband died. Now I'm left alone. It's retribution! I don't want to die. "

LAN chunian and LAN Qianhao look at each other, Miss Yi? Is her father's surname Yi?

"Well, we won't send you to the police station as long as you are honest about what happened." LAN Qianhao doesn't want to frighten her crazy either. If she talks nonsense about what happened in that year, it's just the opposite.

When Zhang Xiujuan heard this, she was immediately surprised and said, "really, you really don't want to send me to the police station?"

"Now, I just want to find my own parents. Just tell me who they are and where they are! I won't trouble you any more. " Blue Chu read to her, although she hated this woman to change her fate, but her fate is still very good, met people who also love her.

Zhang Xiujuan nodded, "but I want to work now. Shall we talk about it in the afternoon? "

LAN Qianhao dare not let her go. I'm afraid that this woman will not be found once she goes.

"I'll give you 100000 yuan, enough to pay you a year's salary. Now you can go to a quiet place with us and tell us what happened in that year." LAN Qianhao said to her.

Chapter 986

Zhang Xiujuan is now a poor person at the bottom. When she hears money, her eyes immediately shine, "really? Do you really want to give me 100000 yuan? As long as I say what happened? "

"Yes, we will." LAN Chu nodded and found his parents, which is more important than anything.

Zhang Xiujuan nodded, put down the broom and said to them, "I'll go with you."

LAN Qianhao takes LAN chunian with her. Zhang Xiujuan follows them behind her. LAN Qianhao can see that this woman is greedy for money. As long as money attracts her, she will not go.

LAN Qianhao found a cafe nearby with no guests and took her in. Zhang Xiujuan is a little restrained about this kind of place, but she has never been in this kind of place in her life.

After sitting down, they all asked for tea. Zhang Xiujuan said to LAN Qianhao, "when will you give me the money? I'll tell you when. "

Blue Qian Hao frowned, and blue Chu Nian said, "you dare not ask for money. We are very generous to give you money. Didn't you have a little conscience upset about what you did?"

LAN Qianhao reaches out and dials up the assistant's phone, asking him to fetch 100000 yuan of cash at once.

Zhang Xiujuan saw that they really could give money, but in the angry eyes of LAN Chu Nian, she had to give it first.

"Miss Yi, I'm sorry. I was confused. I did this kind of thing. I I really need money in a hurry. My husband has no ability. My son wants to eat, so I'm determined to do this kind of thing. "

"What's the name of my parents?" LAN Chu Nian asked eagerly.

"Your father's name is Yi Jinglong, and your mother I don't know what her name is. I was only a babysitter in your family for three months, just looking after you. " With that, Zhang Xiujuan looks at the beautiful girl, and she is really ashamed of herself.

"And then? Why are you carrying me out? Into the orphanage? "

"No It's not me who brought you out. It's another person. You were stolen and handed over to me. I'm just a reception outside your yard. After that person stole you out, he let me Let me leave the nearby river Zhang Xiujuan said, eyes red, "my son is only two years old, where dare I kill a child? I knew there was an orphanage near my home, so I rushed you there! "

The breath of blue Chu Nian is like this?

"Who picked me up from home?" Blue Chu Nian's heart is angry.

"It's another babysitter. She's in charge of coaxing you to sleep. After Yves gave birth to you, she has been in poor health. She can't take care of you at night. So Mr. Yves and his wife hired me and another nanny. I'm in charge of the day and she's in charge of the night."

"And who ordered you to do so?" Blue thousand Hao asked coldly.

"We are a young woman who we don't know. She is wearing a mask and a hat. We only take her money. We don't know what she looks like." Zhang Xiujuan recalled that she had not seen so much money in her life, and gave 500000 yuan at one time.

Blue Chu Niang closes her eyes, her mood breaks down. Sure enough, her parents will not abandon her, but the truth makes her more sad.

"That man means you should kill Miss Yi?" Blue Qianhao asks.

"Yes, that's what the man said. Let's leave Miss Yi in the river. I'm the only one who knows about this. I can't kill anyone! Miss Yi is so small. I just took a car with her to the orphanage. I put it down and hurried away. Later, I moved away and never went back. I'm glad that you are safe and grown up. " Zhang Xiujuan finished, but she began to wipe her tears.

LAN Qianhao understood the whole thing of that year. Two nannies only took money to do things for others. Moreover, Zhang Xiujuan had an idea that saved LAN Chu's life.

"You really don't know who's behind you trying to kill Miss Yi?"

"I only know that it's a young woman. Oh, one thing I thought was strange at that time was that the woman had milk smell, like the woman who just had a baby."

"Are you sure?" Blue thousand Hao wriggles eyebrow to ask really.

"I'm very experienced in this field. Maybe that woman has just had a baby! However, at that time, I was in urgent need of money, so I didn't ask more questions. Moreover, afterwards, I also told that person, Miss Yi It's sunk! "

After that, Zhang Xiujuan did not dare to look into blue chunian's eyes, as if she saw her own sin.

"I heard that I'm dead. Is that woman happy?" "Blue early read to bite a tooth to ask a way.

"Yes, she was very happy, and she said with a smile. She did a good job. At that time, I was also scared and scared. So I moved around quickly, afraid of being found. But in the past 20 years, I have also suffered a lot. With that money, my husband gambled all night, and was killed. My son also had a car accident. I It must be God's punishment! "

LAN Qianhao and LAN chunian look at each other. For a moment, they are speechless. At this time, LAN Qianhao's assistant calls and he is at the entrance of the coffee shop.LAN Qianhao let him in, and the assistant came in with a cash bag of 100000 yuan.

LAN Qianhao said to Zhang Xiujuan, "this hundred thousand yuan is when you saved Miss Yi's life with kindness. Later, if you do more good deeds, there will be a good end."

"Yes, yes! I must be a good man. " Zhang Xiujuan took the money and wept with joy.

LAN Qianhao leads LAN Chu to read it out. He says, "I'll check your father's information immediately. Soon you can meet your parents."

LAN chunian also nodded happily. As long as she knew her real identity, she recognized her own parents and could be better with him. She felt that God had been caring for her.

"I'll take you back. It may take a while." Said LAN Qianhao.

"Take me back to your villa! I want to be quiet. " Said LAN Chu Nian.

LAN Qianhao nodded and asked the assistant to check the information about yijinglong immediately. He personally sent LAN Chu back to his villa.

On the way, LAN Chu Nian was shocked to realize that she had escaped a disaster as early as three months ago. If Zhang Xiujuan really threw her into the river, would she survive? Not to mention the big brother and the blue family.

She looked at the men around her in some panic. Her subordinates felt it consciously. LAN Qianhao reached out to her and felt her inner panic.

"At first, I will not let you have any accidents in the future." Blue Qianhao promise.

"Blue Chu read a nod," I will not let myself have an accident, I will always be with you

LAN Qianhao listened to her confession, and there was joy in her heart. Finally, their feelings could see the sunshine.

This is something he didn't dare to think about before. For him, what is more important than this?

"First time, thank you for liking me." The blue thousand Hao low voice.

Blue Chu thought about it and laughed, "although I didn't know how to love before, I also like big brother very much. I don't know whether I like it or rely on it. I just want to stay with big brother all my life and not separate from you."

LAN Qianhao understood. It turned out that this girl had feelings for him when she was ignorant.

It's good that he is not alone!

Arriving at the villa, LAN chunian sits on the sofa, remembering the chat with Zhang Xiujuan at one point one, and also remembering the three months since she was born. Thinking of a cold night, she is taken away from the bed by the cruel nanny, and then handed over to another person waiting outside the courtyard door to take her to the sunken river.

What kind of person would want her life so cruelly? She was now full of the image of a woman in a hat and mask who could not see her face clearly.

LAN Qianhao made a cup of rose tea and brought it to her. LAN Chu Niang reached out to take it, smelled the fragrance of the flowers, and the tight little face relieved a lot. She looked up at the man beside her and said, "brother, do you think my parents will have a second child? Will I have a younger brother or sister? "

Blue thousand Hao looks at her to look forward to, he laughs a way, "certainly have, perhaps is a pair of lovely younger brothers and sisters!"

Blue Chu thought and chuckled! Even without me, I want them to live a very happy life, just like me. "

LAN Qianhao sat down and stroked her long hair. Fortunately, her parents adopted her and brought her to him safely.

Chapter 987

LAN Chu read some anxiously waiting for LAN Qianhao to check the news of his parents.

Half an hour later, LAN Qianhao's mobile phone rings. At this moment, he is in his study, and there is no blue first reading together.

He took a look. It was the assistant's phone. He reached for it. "Hello! How's it going? "

"It's clear that yijinglong is 50 years old, a very outstanding invisible investor. He owns shares in many popular shopping malls in the city center. His assets are estimated to be about 5 billion yuan. Now he lives in a low-key villa in the city. His ex-wife died 17 years ago. Now he is married to a second wife and has a daughter."

LAN Qianhao's eyes flashed a flash of shock, "his ex-wife died? Are you sure you have checked it out? "

"It's clear. It's really dead. I know it's for the sake of checking Miss Lan's life experience. I've specifically determined that it's a sick life." The assistant said regretfully.

LAN Qianhao sighed, "OK, send me the address of yijinglong's present residence."

"OK!" The assistant replied and quickly sent the address and the phone number of Yi Jinglong.

LAN Qianhao holds his mobile phone and bites his thin lips. He thought it was a great joy to find out the birth of her first thought. However, she will face the news that her mother has passed away. For her, it is both joy and sorrow.

But LAN Qianhao had to tell her that he pushed the door out of the study. LAN Chu Nian is in the hall, holding a pillow in her arms, holding her posture just now. Her smiling eyes show blue Qianhao's never seen melancholy. The whole person is quiet.

Blue thousand Hao's heart is not from the heartache, if possible, he really hopes that she has been simple and carefree, do not be entangled by secular feelings.

LAN Chu Nian hears the footsteps behind her. She turns her head and looks over. When she sees LAN Qian Hao's eyes, she knows that the news of her parents has been found out.

Her eyes brightened. "Did you find it?"

Blue Qian Hao lightly nodded, "well, I found it."

"Tell me where my parents live now, and we'll find them right away." LAN Chu Nian stood up excitedly, came over and looked at him expectantly.

LAN Qianhao reached out and held her thin shoulder. "First read, don't worry. I have something to tell you."

Blue Chu read to look at the divine color in his eyes, she has a kind of not very good premonition, her heart string immediately tightens, "what's the matter? What is it? "

"Your mother died of illness when you were three years old." LAN Qianhao tells her without reservation.

Blue initial read clear eyes, moment dye strong sadness, tears intended to turn, she blinked, two lines of clear tears fell down.

"Is it? She's gone? " The voice of blue Chu Nian choked. She couldn't accept the news that her close relative had passed away, even if she had to.

However, her inner regret can no longer be made up. Her own mother will be the one she will never see in the world.

Blue Qian Hao gently took her into her arms, stroked her long hair and comforted her, "first thought, mourning. "

Blue chunian's tears were wet on his lapel, and she could not help sobbing. It was very sad for her. "What about my father? How is he now? " LAN chunian looks up at him with tears.

"Your father has a good life and a solid family background. He is a successful investor. However, he married a stepwife and gave birth to a daughter."

Blue early read blinked, mother died 17 years, father remarried, this matter is beyond reproach, she nodded, "then I can go to see my father."

"Well! If you want to go, I can take you to see him now. " Said blue Qianhao in a low voice.

"I want to see him, right now." LAN cunian wants to see her father. At least, she wants him to know that she was still alive and had a very good life.

Blue thousand Hao's finger abdomen lightly wipes the tear of the corner of the eye for her, low agrees, "good, I now take you past."

LAN Chu Nian quickly reached out to wipe his tears and inhaled.

LAN Qianhao takes her hand and walks towards the door. In LAN Chu's mind, she is imagining her mother's appearance. Maybe she can look at her picture and know what she looks like.

In the direction of the city center, there is a villa group in a high-end community, and yijinglong's villa is in the middle position, occupying a very good area. Although there is no treatment for single villa, there is a garden fence of more than 100 square meters. Looking at it, it is also very imposing.

Blue Qianhao's sports car stops at his door. Blue chunian comes down from the cart and looks at this strange villa. Her tears are turning again. She never thought her life experience would be so complicated.

Blue Qian Hao gently takes her shoulder and says, "are you ready for your heart?"

LAN Chu nodded and said firmly, "I'm ready."

LAN Qianhao looks to the direction of the doorbell. He goes over and presses his long finger.

At the doorbell, a girl's voice came in a moment, "who can I find?" "I'm looking for Mr. Yi Jinglong." Blue thousand Hao low and magnetic voice answer.

Then, a girl's voice came happily, "just a moment."

LAN Chu Nian thought to himself, this is the daughter of his father's wife! Is it her half sister?

After a while, she saw a very fashionable girl come out through the iron gate railing of gold paint. Her eyes also went through the railing and looked at the blue Qianhao's face. Just in the video, she saw them.

She did not expect that her father's visitor was such a young, tall and handsome man.

LAN Chu Nian was shocked to see the girl coming. She thought that her half sister would be a 15-6-year-old girl. However, unexpectedly, she came to see a girl who was the same age as her and even looked more mature than her.

She was shocked. Was this the daughter of his wife? If it's a father who marries and regenerates, it shouldn't be so big!

The girl looked at LAN Qianhao through the door bar, and there was surprise and interest in her eyes, "who are you! Why do you want my dad? "

The girl's eyes saw LAN Qianhao's side, and there was a young and beautiful girl standing there. She frowned immediately. Maybe the beauty was born to be the enemy, which made her have no good feeling for the beautiful blue beginner.

Today, LAN Chu wants to go out with plain face. She is very simple in dress. Without the dazzling breath on the stage, she didn't recognize it.

"My name is LAN Qianhao. I'm the current president of Lan group. I want to talk to your father." With that, LAN Qianhao takes out his business card from his pocket and hands one to the girl inside.

The girl took a look at the business card and immediately exclaimed. There was a kind of adoration and adoration in her eyes.

At this time, behind her, a refined man stepped over, some low light scolded, "elegant, nonsense, not let the guests in."

Standing beside LAN Qianhao, LAN chunian immediately grasped LAN Qianzhang's arm nervously and excitedly. Her eyes were fixed on the young man who came. This is her father!

And Yi Jinglong, who came here, did have some obvious similar color with LAN chunian between his eyebrows and eyes, but he didn't recognize LAN chunian at a glance.

For him, when the first child died, how could he think that she could stand in front of him and live?

Isaiah said, "please come in, Mr. blue!"

Blue Qian Hao reaches out to hold blue to read, and the eyes of this Isiah immediately drift past jealously, and curiously asks, "Mr. blue, who is this around you!"

Blue early read looking at her, chuckle, "I call blue early read."

Isaiah was surprised. She had heard of the name. Then she stared at LAN chunian and asked, "Lan chunian? Are you the member of that women's group, LAN chennian

Blue early read a nod, think and she has blood relationship, she is also very gentle, "yes, I used to be."

Isier's eyes are sharp looking at LAN Chu Nian, looking at Su Yan's, she secretly thinks that Lan Chu Nian is just like this! She's not as beautiful as she is.

Yi Jinglong knows blue Qianhao. He knows the famous tycoon of a city.

Chapter 988

Moreover, the luxury jewelry store under the name of lanqianhao is also housed in the major shopping malls around the world. Therefore, the reputation of lanqianhao Jewelry Group is like a thunderbolt.

"Mr. LAN, how do you do? I'm very honored to have you here!" Yi Jinglong said polite scene words.

Meanwhile, LAN cunian looked at his biological father with wet eyes. He looked very well. He was gentle in appearance and well-dressed. Even his voice was so kind and pleasant.

"Mr. Yi, I'm here today. I have something to talk with you." After that, he took a look at the blue initial reading beside him.

But Yi Jinglong carefully looked at the girl beside him. When his eyes fell on LAN chunian, he was shocked for a few seconds.

"Mr. Yi, do you know the girl next to me?" LAN Qianhao sees through his mind and asks for help.

Yi Jinglong's eyes fell on LAN chunian's face, and there were several sad expressions in his eyes, "Miss LAN looks similar to my wife who died." With that, he thought it was not good for the first time to read blue. He immediately smiled again. "I just feel sorry for Miss blue for a while."

LAN Chu Nian really wants to tell the truth at the moment. She blinks her eyes and bears the impulse to cry. She shakes her head.

Yi Jinglong looked at LAN chunian and was surprised at her red eyes. He reached out and said, "please sit inside!"

LAN Qianhao said to Yi Jinglong, "Mr. Yi, I want to talk to you alone about something."

LAN Qianhao thinks that yijinglong has set up a family again. He doesn't know what he thinks about the existence of LAN chunian, so he hopes to get the first news from him and let his current wife and daughter hide it for the time being.

"OK! Go to my study! " Yi Jinglong is also puzzled about LAN Qianhao's visit. He is just an investor by right. A big company like Lan group shouldn't find him!

She also wants to be with her father. She is very interested in the handsome president of blue group now. She even has an impulse to have love with him.

"Dad, can I go in, too?" And she pleaded.

Yijinglong said to her, "Dad is talking about work. You can play first."

Isiah is biting her red lips, a little unhappy. Seeing Yi Jinglong take LAN Qianhao upstairs and go to his study, she really wants to go in with her.

Entering Yi Jinglong's study, LAN chunian is not only excited, but also tightly wringing her hands to look at elder brother.

Blue Qian Hao reaches out to hold her, silently comforts her mood, takes her to sit on the sofa.

Yi Jinglong's eyes, still very interested in staring at LAN chunian's face, seemed to want to find the shadow before his wife died from her young and beautiful face, because it was so similar.

It's rare for him to meet such a similar girl. He just can't hide his missing for a while.

"Mr. LAN, what can I do for you?" Yi Jinglong is curious about his purpose.

Blue Qian Hao nodded, his eyes and blue Chu Nian looked at each other, he seriously opened his mouth and asked, "Mr. Yi, have you ever lost a daughter?"

Yi Jinglong looks at him in surprise. It was 20 years ago. How does the young man know?

"How does Mr. LAN know about it? Yes, my ex-wife and I had a daughter, but the child was very poor and left us three months later. "

Finish saying, Yi Jing Long closes eyes to shake head to sigh.

Blue Chu Nian's tears began to burst out, and she burst into tears, which made Yi Jinglong hear, and immediately looked up at her, showing concern.

LAN Qianhao didn't want to delay any more. He looked directly at Yi Jinglong and said, "Mr. Yi, the daughter you lost didn't die. She was secretly taken out of your home by two baobabs. The original plan was to let your daughter leave the river and die. However, one of the nannies found out that she sent your daughter to a small family far away from you In the orphanage. "

"What?" Yi Jinglong couldn't believe it. He was surprised and excited. "You mean my daughter is still alive?"

Blue Chu Nian's tears were falling all the time, and blue Qian Hao continued, "my parents wanted to adopt a daughter at that time, so they adopted her home and raised her one week after the child went to the orphanage."

When Yi Jinglong heard this, he looked at the tearful girl. He stood up in shock and looked at LAN chunian excitedly. "Are you my daughter? Are you the child I lost? "

Blue Chu read while crying and nodded, "I am I'm your daughter. "

Yi Jinglong's eyes were full of tears, and he came to help LAN chunian stand up. He carefully confirmed that his eyes looked at LAN chunian. Without more evidence, he knew that the girl in front of him was the child he had lost. "Dad!" Blue Chu Nian shouted at him, and then jumped into his arms. Yi Jinglong immediately held her tightly. He never dreamed that his other daughter was still alive and grew up in the world. The two father and daughter embrace each other, excitedly falling tears.

And the side of the blue Qian Hao also infected, he gently chuckle, for the blue first read to find his father and happy.

Yi Jinglong is really excited. He gently pulls LAN chunian away from her, looks at her carefully, and imagines the time of twenty years. However, he clearly remembers the way she was born and the way she was three months old. However, he missed the time when she grew up, but now, what could be more surprising than that he had this daughter again?

"How are you doing these years, son?" Yijinglong's voice choked and hoarse.

"I had a good life. I was raised like their own child at blue house." LAN Chu nodded and wiped his tears.

Yi Jinglong is also very glad that his daughter grew up in a wealthy family like the blue family. He must also be very happy. Although he missed her growing up time, he is very sorry. Now, his lost daughter is enough for him.

"Dad, what's wrong with mom? Why did you leave so early? " LAN Chu Nian also miss his mother.

Yi Jinglong sighed deeply, "your mother suffered from severe depression because she lost you and missed you. Later, she swallowed medicine to commit suicide and failed to rescue, so she left."

After listening to LAN Chu, the tears that she just wiped came out again. This time, she was not tears of joy, but tears of remorse and sorrow.

Yi Jinglong understood her mood at the moment, and he was also very guilty about it.

"Mr. LAN, thank your family for raising my daughter for me. I must thank your parents face to face."

"You're welcome. The first thought also brought a lot of joy to our family. It's our blessing to raise her." LAN Qianhao answers happily.

"Dad, was that your daughter just now?" LAN Chu asked curiously.

Yi Jinglong nodded, "yes, her name is Siya, and she is my daughter."

Instead, LAN Qianhao asked curiously, "I have checked your marriage history. You were born one year after your ex-wife died. Why is your daughter as old as missing?"

Yi Jinglong's face was a little helpless and remorseful. "It's a long story. I'll tell you later."

Blue read at the beginning of course will not care about these, she nodded, "it's OK, Dad, I just want to know you, I won't disturb your family now."

Yi Jinglong's eyes gently fell on her, "first read, this home, or your home, you want to live in at any time, we are welcome."

LAN Qianhao shows complicated thoughts. If this daughter of Yi Jinglong is a natural daughter who has blood relationship with him, he must have cheated once after his mother's marriage. So, he just showed the expression of regret and guilt!

Of course, these past events, he is an outsider, it's not convenient to ask, just hope that after the first reading, she can think of some.

At this moment, LAN Chu did not think much, because it was the happiest thing to see his father.

Chapter 989

Yijinglong is like a dream. Suddenly there is another grown-up daughter in his life, which makes up for his years of regret and sorrow. He hopes that if his wife who has passed away knows about it, she will not be depressed and sad any more.

Their daughter still lives well in this world, and looks so healthy and beautiful.

"At first, that's a nice name." Yi Jinglong thinks that the blue family parents who adopted her are his benefactor.

"Dad, when I was born, you also named me! What's my name? " LAN Chu Nian asked curiously.

Of course, Yi Jinglong remembers that when she was born ten days ago, he and his wife took a lot of effort to choose a good name for her. At that time, when he was a new father, he happily turned over the dictionary and took out a biblical collection, trying to give his daughter a very beautiful name.

"Your first name was Ian Yu, but now, it's also a good name for the first time. I think it's suitable for you." Yi Jinglong exclaimed.

At the beginning of blue, he could not help but read softly, "grace rain, grace rain is also very pleasant to hear."

LAN Qianhao also thinks the name is beautiful. No matter which name it is, it's very pleasant.

Next, LAN Chu Nian told his father about his current career, which surprised Yi Jinglong. His daughter was so versatile, and she was already a famous singer. Only when he was old, he would not find her until he had less contact with her.

"Uncle, are you fit to introduce your first thoughts to your family now?" LAN Qianhao asked earnestly.

Yi Jinglong thought for a moment and said, "my wife is out now. Only my daughter and I are at home. You can stay here for dinner in the evening! In the evening, I introduce my first thoughts to my wife and grace. "

Blue early read to see big brother, blue thousand Hao chuckle, "good, then we will stay for dinner."

At this time, yijinglong's study was knocked, yisiya's voice sounded outside the door, "Dad, can I come in?"

Yijinglong replied, "OK, come in!"

Isaiah pushed the door and walked in. Her eyes looked at her father, and soon a trace of shyness and adoration flickered on LAN Qianhao. She sat beside her father and asked curiously, "Dad, what are you talking about! It's been a long chat. "

At the moment, Yi Jinglong is really excited. He doesn't hide his words. "Think of it, come here. Dad will introduce you to someone."

One side of the blue early read heart or some surprised, why the father's daughter and she will be the same age! Is it my father's birth? Thinking of this, LAN Chu Nian probably understood some things, just as a daughter, she was not easy to blame.

She could see that there was still a lot of affection in her father's heart for the dead mother.

"First thought, come." Yi Jinglong takes another hand to LAN chunian.

Blue early read immediately took his father's hand, Isaiah's eyes immediately shocked at his father, why did he take blue early read's hand? This is a very heart blocking thing for her.

"Siya, dad once told you that dad has another daughter. Do you remember?"

"Didn't you say she was dead?" 'said Isaiah, a little annoyed.

Yi Jinglong looks at her second daughter with a little chagrin. "Think ya, don't say that. My ex-wife's daughter and I are still alive. She is in front of you now."

Finish saying, his eyes are full of guilt and heartache looking at LAN Chu Nian, "she is your sister Chu Nian."

Isaiah's eyes gaped, and she couldn't believe it. She looked at LAN Chu and said, "are you my father's daughter?"

Lanchunian looked at her and nodded, "yes, I'm the daughter my father lost when he was a child. I'm back now."

Isaiah immediately took a step back. It was difficult for her to accept this. She looked at her father in a fierce mood, and at LAN Chu Nian, "how could this be possible! Dad, you said she was dead, how could she still be alive! "

"Think of it, don't mention the dead word again." No matter how gentle Yi Jinglong was, his face turned ugly when he heard the word.

Isaiah's eyes glared at LAN Chu Nian, as if she had been robbed by another enemy. She immediately went up to her father's arm. "Dad, I'm your only daughter. She must be a fake. She's a fake."

In his mind, Isaiah immediately thought of his father's shares and property. Isn't it because another person came out to rob her? Everything my father had left to her. LAN Chu Nian frowns, and LAN Qianhao stands up and says in a deep voice, "Chu Nian is your father's daughter, not a fake one."

Isaiah looked at blue Qianhao. She really liked blue Qianhao. She blinked and asked, "isn't she from your blue family?"

"She was adopted by my parents from childhood, but her real identity is uncle Yi's first child." LAN Qianhao opened his mouth to her and said that he didn't like this girl who had no rules and was full of envy.

"Is it? So what evidence is there that she's my father's daughter? I don't think it's OK to run over here and make a blind acquaintance! " Isaiah now has no affection for LAN chunian. She just wants to occupy all the property behind her father and not let anyone share it. When LAN Chu Nian just recognized her father and saw the tone of the half sister, she was still shocked.

Yi Jinglong immediately found out her mood. He reached out his hand and patted her on the shoulder to comfort her. "First read, don't worry. I will explain to them. You are my daughter. I can be sure. I know you are my daughter without any other evidence."

At this time, LAN Qianhao reaches out and takes LAN cunian to his arms. LAN cunian immediately nestles in his arms and feels his love.

When Isaiah looked at it, her eyes were full of jealousy, especially when blue Qianhao's deep and charming eyes fell gently on her face, she became hot.

Yi Jinglong's observation and investigation ability is very good. He saw LAN Qianhao's love for LAN chunian, and his feelings seemed to have surpassed those of his brother and sister. He knew that maybe they were not just this feeling.

He is also glad for his daughter who just recognized him. It's a blessing to be able to marry into the blue family!

"Think of it, you go out first!" Yi Jinglong felt that her daughter was here, which immediately changed the atmosphere here.

Isaiah didn't want to go out now. She was afraid that her father would like the daughter she just recognized, but not her.

"No, I won't go out. I'll be here with you." Isaiah bit her lips and shook her head.

Yi Jinglong looks at her helplessly and says to LAN Qianhao, "I'll make a phone call to ask my wife to buy more vegetables and have dinner here in the evening."

"OK!" Blue Qian Hao nods.

Yi Jinglong takes Yi Siya's hand and goes out. He also closes the door, leaving them some private space.

Blue Qian Hao's eyes looked at her worried, and blue Chu Nian sat on the sofa, looking a little uneasy and helpless.

She was very happy to recognize her father. She just didn't expect her mother to die. Her father organized another family. Moreover, this half sister would have such a repulsion to her.

"At the beginning, you will live in our house and come to accompany uncle when you want to." LAN Qianhao is not sure that she lives in this family.

Blue Chu read to nod, "I don't want my presence to hurt my father's family. It seems that I have already hurt this family."

LAN Qianhao looked at her kind-hearted idea and said, "don't think so. You are my uncle's daughter, and you are a part of the family. You didn't hurt anyone. In this case, you are the one who suffered the most."

Blue early read blinked, eyes red, in her heart, she does not want to hurt anyone she loves.

Yi Jinglong takes Yi Siya down the hall and looks at her with a reproachful look in his eyes. "Siya, how can you be so rude? The daughter I lost was my first thought. She was carried away by a nanny, sent to an orphanage, adopted by the blue family's parents. Now, she has found the home. She is your sister!"

If she knew that you married my mother, she shouldn't have come back. What did she do when she came back

Chapter 990

"You Why are you so selfish? She is also my daughter. You are all my children. " Yi Jinglong points at her forehead angrily.

Isiah bit her lip, and she said to her father, "Dad, I'll call mom!"

"Then let your mother buy more vegetables to greet Mr. LAN and the first time. Don't neglect the guests."

Isaiah thought of LAN Qianhao, she would like to leave them to have dinner at home. If she only called LAN chunian, she would not have this idea!

"Good! I see. " Isaiah turned her mouth, took her cell phone and went to the side hall on the other side. After closing the door, she called her mother playing cards outside.

"Hey, Siya, what's the matter?" At that end, you can hear the sound of playing mahjong.

"Mom, come back soon, dad will be robbed by others." And he cried to his mother at that end.

"What's the matter? Who robbed your father? Which woman is it? " The female voice at that end immediately gets nervous. Does the husband have a junior outside?

Isaiah immediately hummed, "it's not that my father has a junior, but that my father and his ex-wife have the daughter back. Mom, didn't you tell me that she died?"? Why are you back all of a sudden!

"What?" The voice at that end, shocked and unbelievable, asked, "are you serious? Your father's ex-wife's daughter is back? It's impossible. "

"But dad is sure it's her. You are at home now. Come back quickly! Dad said, "I want you to buy more dishes and leave her for dinner tonight."

"Well, I'll be right back." That end of the woman's voice can not hide the panic, and even some color of panic.

Isaiah breathed, but at the same time, she thought of blue Qianhao in her mind. She had never seen such a handsome and elegant man!

Moreover, lsa, the current president of blue group, reached into her pocket and found the card LAN Qianhao had just given her. She immediately and carefully determined his identity.

Isaiah's eyes twinkled with ingenuity. Now LAN cunian is his sister. Is it possible for her to catch up with LAN Qianhao and become his girlfriend as long as she has a good relationship with LAN cunian?

If she can marry LAN Qianhao in the future, even if her father's property is divided into half for LAN chunian, it will be worthwhile to think about it, because the assets of the whole blue group are many times that of her father!

What's more, it was LAN Qianhao who was so handsome that she fell in love at first sight.

All right! In order to be able to catch up with blue Qianhao in the future, even if now accept Blue first read how? It's just a show.

Even though she is only twenty years old, she has a deep mind.

LAN chunian's mood has also calmed down a lot. She thinks it's better to keep in touch with her father in the future. It's not so important whether other people in the Yi family are willing to accept her.

At this moment, in a club, a figure in rich clothes hurriedly came out, her driver was waiting for her at the door.

"Drive home now!" The woman gave an urgent order.

"Yes, ma'am." The driver immediately drove, and the woman thought about it, and got through the phone of the housekeeper's aunt, and asked her to buy more vegetables when she went home tonight. Anyway, she can't make her husband angry.

At the moment, her eyes are full of panic and anxiety. How can it be? That child was carried by the nanny and thrown into the river tomorrow morning. How could he suddenly appear at home?

Didn't the nanny do what she said, didn't cover up the child, but picked up someone to raise it. Now the child suddenly comes back to revenge or rob her family?

No matter what kind of result, at the moment, it is the worst news for her, but fortunately, everything she did in that year has not been exposed. Even if the daughter who came back knew that she had been killed in that year, she would not know it was her.

She didn't show up at all, but she was angry that she had spent so much money on the two nannies that she didn't follow her orders. Now, she got everything she wanted. She married Yi Jinglong with her daughter. She became Yi's wife. Her daughter is also the only heir of Yi's family. This suddenly appeared daughter will definitely destroy all this.

No, she must not let her ruin their happiness.

Now Mrs. Yi is Zhang Dingxiang. She used to be a financial officer of the company where Yi Jinglong used to work. At the annual meeting, she helped Yi Jinglong, a young and drunk man, to have a rest. When he was not sober, she volunteered to die.

Next, Yi Jinglong regretted and felt guilty about this, and compensated her money one after another. She thought that money was enough, but after three months, she found that she was pregnant with a child. She decided to give birth without saying anything.

At the moment, she and yijinglong's wife are pregnant with children at the same time, and two months later.

She left the company and secretly gave birth to her child. However, she was unwilling to raise her daughter alone, so she asked for money from yijinglong. However, these money were used by her to buy two nannies and steal his daughter who was just three months old with his wife. As a result, Mrs. Yi, who was weak after childbirth and in poor health, was worried about her daughter. She suffered from severe depression It was three years. Finally, she asked the nanny to buy sleeping pills secretly and put them beside her pillow. When she couldn't sleep, she took some pills to help her sleep. However, Mrs. Yi couldn't think of it for a while. She swallowed it all that night. Finally, she went to the hospital and the rescue was invalid.

All this was done by Zhang Dingxiang behind his back. Even if Yi Jinglong didn't know it, he lost his daughter and his wife, and he was once depressed and collapsed.

And a year later, Zhang Dingxiang deliberately ran into him with her daughter, and then found an opportunity to confess about the birth of her daughter.

Yi Jinglong feels sorry for her again. He has nothing now. He married her and gave their daughter a complete family. Up to now, he has no idea about what happened in those days.

And the secret of all this, only Zhang Dingxiang knows, she thought she would spend this life, how to know, suddenly came back the child who should have died.

How can she not panic? At that time, yijinglong thought that he was the enemy of his business, but he did not find out with all his strength.

At the back, yijinglong has a good way to invest. She is now worth a lot of money, and she takes her daughter to lead a rich life every day and walks into the upper class society.

Zhang Dingxiang's face is gloomy. She still wants to find the two nannies in those days. If she can, let them all disappear in the world. No one knows what happened in those days.

For her, as long as the people who block her happiness, they must be removed.

In the yizhai, LAN cunian and LAN Qianhao are sitting in the study for tea. At this time, Yi Siya comes in with fruit. She changes her jealous and angry look and says to LAN cunian with a friendly face, "Hello, elder sister, I apologize to you for what happened just now. I just can't accept it for a while."

LAN Chu was shocked. Suddenly, isier changed her attitude towards her. Of course, she liked being able to get along with her father and family.

"It's OK. I hope I'm here all of a sudden and didn't disturb your life." LAN chunian stood up and said.

"No, I've always wanted to have another sister. It's too late for me to be happy to have one." At the same time, a pair of eyes fell on LAN Qianhao's face, "Hello, Mr. LAN, thank your family for raising my sister."

LAN Qianhao sees that she is sensible, so the damage to LAN chunian is reduced. He should say, "no thanks, this is what we should do."

IsiA put the fruit in front of them, "eat fruit, my mother is on the way home, tonight, I introduce my mother to you."

LAN Chu Nian looks at her younger sister, who is only a month old. She is still surprised. Now she wants to see what kind of person her mother is.

LAN Qianhao can see things more clearly. If it wasn't for Isaiah and LAN chunian's half sister, he would be disgusted by her behavior just now.
