

The Useless Consort Suddenly Makes A Comeback

#Chapter 112: All the Trump Cards Exposed, Eliminating the Purple Spirit! - Read The Useless Consort Suddenly Makes A Comeback Chapter 112: All the Trump Cards Exposed, Eliminating the Purple Spirit!

Chapter 112: All the Trump Cards Exposed, Eliminating the Purple Spirit!

Ye Qianli knew that Violet Spirit had already made her move. Even though she was still in front of her, Ye Qianli knew that this was just an illusion. Everything in front of her was just an illusion.

“..”

In reality, the instant Violet Spirit finished her bow, many of the spectators outside the arena saw that the sparring platform had been shrouded in a layer of fog, and they were somewhat unable to see clearly.

As for the Purple Spirit?

She had disappeared without a trace.

"Looks like the sparring is about to end."

At this moment, many people who knew about the Purple Spirit's talent knew that Ye Qianli was finished. This was because the talent that the Purple Spirit had released was only her number one talent-----

However!

The Purple Spirit had already fused perfectly with her dream creation talent. She was now a dream creation talent! She was a dream, and she could appear anywhere in the mist at any time.

Therefore, when she attacked again, she must have found Ye Qianli's weakness. There was no way Ye Qianli could retaliate.

Therefore, Red Knife analyzed in a rare serious manner, "" This Purple Spirit didn't underestimate Ye Qianli. She unleashed her first innate talent the moment she came out. Under the circumstances where both of them are of the same level, the Purple Spirit's cultivation is even higher. This battle is truly without suspense. "

“..”Feng Lihuan didn’t say anything because he couldn’t deny Red Knife’s analysis.

The nearby teachers all thought the same. However, even if Ye Qianli lost this match, no one would think that she was inferior to the Violet Spirit, because she was a Divine Inscriptionist.

However!

"I don’t think there’s no suspense." Old Zhu said, because he knew that Ye Qianli had extraordinary eyesight and perception!

Therefore, even though the fog on the sparring stage was a trap for Ye Qianli, who had only reached the initial success stage of her talent.

However, for Ye Qianli, who could see the situation in the fire abyss a thousand miles below, this was not a problem...

As for the hallucinatory function of the Dream Mist, everyone present knew about it! That couldn’t charm the Divine Inscriptionist, Ye Qianli. Hence, Old Zhu knew that the outcome of this first exchange of blows had already been decided!

At the same time, Old Zhu was full of confidence in Ye Qianli.

"You may leave."

Purple Spirit suddenly appeared behind Ye Qianli from the mist and grabbed her neck, as if she wanted to throw her out of the arena.

"Swoosh!"

However, as soon as she reached out her hand, Ye Qianli seemed to have known what was going on. She dodged her hand and punched her in the chest.

"Boom!"

This punch was ruthless! The angle was sharp, the speed was fast, and the punch was silent. No one knew that Ye Qianli had been preparing for this punch.

“!”Violet Spirit was even more shocked!

Because in her dream fog, no one’s movements could escape her perception. Even if it was just a hair moving, she would know it clearly!

However, Ye Qianli had " done " such a huge thing in her " dream world " without her knowing. How could she not be shocked?

"Bang!"

And at that moment! Seeing that the violent energy of this punch was about to hit his chest, Violet Spirit was helpless! He could only switch from offense to defense and withdraw his Dream Mist to defend against Ye Qianli's punch.

However!

" Divine power, explode! "

Ye Qianli's eyes lit up! At the same time! Violet Spirit felt a sharp pain in her chest, and her expression changed drastically.

Because Violet Spirit could clearly sense that the power that had instantly penetrated her dream-creating defense was definitely not the power of the Nine Mysterious Heavenly Flame!

"Nine-Tailed Fox, possess!"

For a moment, Violet Spirit decisively summoned her second innate talent. A charming and enchanting sound could be heard from all directions, and the entire sparring stage was instantly enveloped in a stunning white light.

"Bang!"

Violet Spirit transformed into a nine-tailed fox on the spot. Although she was still dressed in purple, her ears had transformed into furry fox ears, and nine snow-white, beautiful fox tails grew out from her back.

“!”

Such a stunning and enchanting appearance, coupled with the Purple Spirit's beauty and figure that could bewitch the world, caused many people to have nosebleeds.

However!

Purple Spirit thought that she would be able to block Ye Qianli's punch with her second innate skill, but she soon realized something was wrong! Something was very wrong.

That was because...

"Go!"

Just as Purple Spirit revealed her second innate skill, Nine-Tailed Fox, Ye Qianli unleashed her trump card! The Vermilion Bird tail feather that she had already gathered

in her palm flew out of her palm at the instant Purple Spirit transformed, striking straight at Purple Spirit's chest.

This was a triple kill!

First, the Nine Mysterious Heavenly Flame Fist!

Second, the Origin Divine Power of the Nine Heavens Obsidian Flame!

Third, the Vermilion Bird's tail feather!

It seemed like they were linked together, but Ye Qianli had been prepared to attack them all! The reason why he released the rings one by one was to numb the Purple Spirit.

Because Ye Qianli knew that Purple Spirit was very smart! Her first fist attack definitely couldn't cause the Purple Spirit to panic, and the second change also couldn't cause her to lose her footing.

But at this point, Violet Spirit would definitely think that with Nine-Tailed Fox's innate talent, she, Ye Qianli, would not be able to pose a threat to her no matter what.

Therefore, at this moment!

Other than Rong Mo, who would have thought that Ye Qianli had a Vermilion Bird feather? He could even unleash a fatal blow that could kill a Purple Spirit? No, he didn't.

The third old Taoist who knew that Ye Qianli had the Vermilion Bird Feather was already dead.

Therefore ...

"Swoosh!"

As soon as the Vermillion Bird feather appeared, Zi Ling's face turned pale. Even though she was retreating at an extremely fast speed, even though she had already mobilized the heaven and earth energy in this area to try and stop the Vermillion Bird feather.

However!

This was the most powerful tail feather on the Vermilion Bird Deity's body. It was not something that could be stopped by mortal power. Otherwise, the old Daoist would not have been so afraid of this feather even though his cultivation was much higher than Ye Qianli's.

Therefore!

"Eliminated!"

Ye Qianli stared at Violet Spirit, who had been blasted out of the arena by the divine feather. She raised her hand and the Vermilion Bird Feather flew back, but Violet Spirit was eliminated.

Because the Purple Spirit had already been blasted out of the range of the sparring stage.

However...

The moment Ye Qianli raised her hand, the First Prince Xuan Tianqi, who was emitting a dark light, punched Ye Qianli.

"Boom!"

As soon as this fist was thrown, the world energy howled and a terrifying beast roar erupted from behind Xuan Tianqi! The shadow of a giant turtle appeared in the air.

"Heavenly Turtle, explode!"

Xuan Tianqi unleashed his third innate skill, the Level 6 Heavenly Turtle, and gave Ye Qianli, who had just eliminated Purple Spirit, the strongest Heavenly Turtle Fist.

"Boom!"

The fist was like a broken branch, exploding towards Ye Qianli's waist. He wanted everyone to know that once Ye Qianli was hit!

Then, no matter how amazing her talent was, no matter how extraordinary her combat strength was, everything would be for nothing. Because she would either die on the spot! They were either seriously injured or completely disabled.

After all, what Xuan Tianqi wanted to attack was Ye Qianli's dantian! Not only did he want to kick her out, but he also wanted to cripple her...

Chapter 113: An Exhilarating Turn!

“!”

At this moment, everyone's hearts were about to explode, especially Feng Lihuan, Old Zhu, and the other teachers. They felt like they were going crazy.

However, no one made a move because it was absolutely too late...

The danger this time! It was even more dangerous than the time when Red Knife attacked. Xuan Tianqi was even closer than when Ye Peilin attacked Red Knife! His attack speed was even faster! It was countless times more ferocious and explosive.

This scene really looked slow, but in fact, it was extremely fast!

In fact, many of the people present didn't even see the scene clearly. Only some of the students, teachers, and teachers in charge of the Heaven Class could see that Xuan Tianqi's punch had landed on Ye Qianli's back.

Of course...

Many teachers, including Feng Lihuan and Old Zhu, had seen Xuan Tianqi approach Ye Qianli. According to the rules, they couldn't warn Ye Qianli. However, no one expected Xuan Tianqi to hurt Ye Qianli in public.

One had to know!

Even if he didn't kill anyone, he would still be severely punished according to the rules of the Genius Academy! Even the lightest would have their cultivation crippled and expelled from the academy, and their descendants would never be enrolled!

However, Xuan Tianqi had done so. He was decisive and ruthless. His punch had almost shattered the hearts of Feng Lihuan, Old Zhu, and the other teachers.

"Damn it, damn it!"

Ye Qianli's performance just now was amazing!

As a mere level one talent, she was able to eliminate a Purple Spirit whose strength was much higher than hers. The shock that his combat talent had brought to the scene was equivalent to the grief he had brought to the scene.

It was as if someone had crushed the most beautiful flower in the world in front of everyone and destroyed it. It was heartbreaking.

A Divine Inscriptionist!

A talented genius!

A combat genius!

[illegible]

Many people present who cherished talents felt an indescribable pain in their hearts. Why! Why did they destroy such a good seedling when they saw it?

Oh my god-

“ .. ”

Seeing this scene, Old Zhu only felt a mouthful of blood stuck in his throat. It was neither up nor down, and it wanted to choke him to death. This ... How could this be...

Where was Feng Lihuan?

He stared at the stage, at the female student that he had just taken in and had not had the time to teach her anything. A tear had already fallen from the corner of his eye.

However...

Ye Qianli didn't fall, nor was she sent flying.

“ .. ”

This made the grief-stricken scene a little confused. No one knew what had happened. Only the snow-white deputy director who had just rushed to the scene understood.

"Buzz."

"Buzz..."

A layer of magical power slowly emitted from Ye Qianli's back. It was quiet but not to be ignored.

It was as if there were layers of water ripples that slowly formed a symbol behind Ye Qianli. This symbol also released a soft light that could completely block Xuan Tianqi's fist attack.

This symbol.

It was a Divine Inscription.

Divine Inscriptions were symbols of the gods. They had the power to turn the rotten into the miraculous. Not only did it have the ability to increase the quality of spirit weapons or the ability to increase the level of medicinal pills, it also had an attack! Defensive.

This was because it was the symbol of a god, and it had its own divine power!

What power in the world could be stronger than shen power? No, he didn't.

Therefore!

Even though Ye Qianli's cultivation was much lower than Xuan Tianqi's, and even though Xuan Tianqi's third talent, the Heavenly Turtle, was a sixth-rank talent, it was enough to crush Ye Qianli, who was only a first-rank talent.

However!

Ye Qianli was already able to construct a complete shen glyph. Even though this was a new skill, even though her face had turned extremely pale because of the completion of the shen glyph, the power of the shen glyph! Once again ...

Tremble! Shocking! All of them! Field!

What was a Divine Inscription?

True shen glyphs were like this, able to turn something rotten into something magical! It could create miracles and make people's blood boil! They are like flocks of ducks and admire each other endlessly.

Of course...

The key to all of this was-

"This is a third-ranked Divine Inscription!"

The eyes of the late vice headmaster gleamed. He didn't expect that this new student wasn't only a Divine Inscriptionist, she was also a third-ranked Divine Inscriptionist.

Oh my god ...

He wanted to kill Feng Lihuan so that he could become the child's teacher. Jealousy was truly the devil of all evils. He really wanted to kill this lucky bastard Feng Lihuan.

"Buzz!"

As the snow-white Vice Principal exclaimed in surprise, the runes on Ye Qianli's back suddenly exploded! In an instant-

"Bang!"

Xuan Tianqi, who was attacking Ye Qianli, was sent flying!

"Pfft-"

Xuan Tianqi, who was severely injured by the divine pattern, spat out a large mouthful of blood on the spot. However, he tenaciously drew out his sword! He then fiercely glared at her.

“蹣蹣——”

Xuan Tianqi's sword was clearly also a spirit artifact. Although it wasn't as good as the Black Tortoise Bell, it was still a Tier 2 weapon! The key was that after he activated this sword, it could also rapidly grow bigger, causing the sparring platform to emit a "keng keng" sound.

The friction caused by the heavy sword helped Xuan Tianqi stabilize his retreating body. It was fixed at the edge of the sparring stage.

However!

The moment Xuan Tianqi stabilized himself, Ye Qianli came up to him. At some point in time, she had already held a huge crescent blade in her hand and placed it on Xuan Tianqi's neck.

“..”

In fact, Ye Qianli was already very weak at this time, and her movements were not fast. It was just that Xuan Tianqi was busy stabilizing his body, so he did not notice her.

However, everyone at the scene could see it clearly! They all knew that Ye Qianli had only 'conjured' the crescent blade when she was walking towards Xuan Tianqi.

However, her hand that was holding the knife was obviously trembling.

As a talented person, she could mobilize her innate spiritual power at any time and place. If she fought purely with her innate strength, she could fight almost forever like all other talented people.

But ...

Using Divine Inscriptions was not possible.

The shen glyph required a large amount of spiritual energy to carve the symbol of god. The shen glyph that Ye Qianli had just created on her back had completely consumed all her spiritual energy. She was like an arrow at the end of its flight! There was no doubt.

"Admit defeat or die." Ye Qianli, who could no longer mobilize her power, said weakly. She felt a headache just thinking about activating her innate power! Extremely painful! How would he be able to activate his innate talent?

If it wasn't for the fact that the magic box was super reliable this time, and she could turn it into a crescent blade with just a little thought, she wouldn't even have a blade now.

However, Xuan Tianqi, who was being held by the giant crescent blade, did not admit defeat. He even said sarcastically, "I don't believe you dare to kill me."

"Hmm, then I'll cut off an arm. However, I can't hold the knife steadily. If I accidentally kill someone while cutting, I think the teachers in the academy won't blame me. After all, you're the one who doesn't admit defeat." Ye Qianli said softly, and the saber trembled.

But...

At this moment!

"Swoosh!"

Xuan Tianqi, whose neck was held by the giant crescent blade, suddenly reached out and took out a flag from his Qiankun Bag. This flag...

Chapter 114: The First Army, the Heavenly Wolf Army of the Northern Territory

It was a blood-stained flag that looked very dark and filthy, but it was not broken. In the center of the flag was a picture of a towering Direwolf beast.

Sky Wolf Flag!

The soul of the Northern Army, the Sky Wolf Flag.

"Sou!"

At this moment, Ye Fengtian, who was sitting beside Feng Lihuan, stood up straight like a strummed zither!

Not only Ye Fengtian, but Ye Nan, who was standing guard outside the VIP seats, was the same. Both of them were staring at the "dirty" flag on the stage.

Sky Wolf Flag!

Who in the world didn't know that in the Great Ye Army of the Vermilion Bird Dynasty's northern territory! There was a group of 108 people, but each of them had a Celestial Wolf Beast mount!

This army was called Heavenly Wolf!

The flag of the Celestial Wolf Beast was the soul of the 1.8 million lions of the Northern Region. It was also the general flag of the Northern Region Army! It was the symbol of the Vermillion Bird Northern Region Army.

If...

To the Northern Region King, the ancestral Sky Wolf Ring was more important than his life! In that case, the Sky Wolf Army Flag was nothing compared to the Northern Region King's fate. Therefore, it was the soul of the Northern Region!

It was the Ye Family that had united the Northern Region Army for generations! The symbol of guarding the northern border was the soul of the Ye family! The Northern Region Kings could die, but the Sky Wolf Flag could not be lost!

This Sky Wolf Flag had never been lost since the Ye family guarded the northern territory for hundreds of years! Not to mention falling into the enemy's hands.

What did this mean?

This meant that not only had the 1.8 million lions of the Northern Territory been destroyed, but even the backbone of the Northern Territory, the Heavenly Wolf Army, might have been destroyed as well.

Otherwise, the Sky Wolf Flag would not have fallen into the hands of the enemy country.

" Sky Wolf Flag, the real Sky Wolf Flag. "

Besides, both Ye Fengtian and Ye Nan knew that the Sky Wolf Flag was authentic because no one could replicate the Sky Wolf Beast on the flag! It was lifelike.

Even if it was in Xuan Tianqi's hands, even if it was covered in dried blood! The dark brown blood made it look so " dirty. "

But ...

The Celestial Wolf Beast had fierce eyes, towering fur, and an imposing aura! It was as if it could jump out of the flag in the next moment and tear the enemy's throat apart.

This was the Heavenly Wolf Flag...

Unable to replicate! There was no way to replicate it. It was definitely the Sky Wolf Flag! Soul of the North.

" .. "

Ye Qianli had seen it before when she was very young. At that time, this Sky Wolf Flag was stuck in her grandfather's study, behind his throne.

When she was young, she was so scared that she cried. However, her grandfather, who loved her the most, never put away the Sky Wolf Flag because of that. Instead, he carried her under the flag and told her time and time again that the Sky Wolf Beast in the flag would never hurt her.

If the Vermilion Bird God was the protector of the Vermilion Bird Dynasty, then in the north! The soldiers believed in the Celestial Wolf Beast. It was not as noble as the Vermilion Bird God and did not have the divine power that came with its body.

However!

It was fierce!

It was ruthless!

It was like the army of the north. No matter how many times it faced the Black Tortoise Dynasty's cavalry, it could ruthlessly tear them apart! For the dynasty, for the faith, to protect the north! They protected the Vermillion Bird and the Vermillion Bird Dynasty.

So ...

"Kneel down and admit defeat, and loudly say that you are a good-for-nothing! Otherwise, I'll destroy this Sky Wolf Flag with the water of the Netherworld River." Xuan Tianqi clearly had victory in his hands as he said word by word.

When he finished speaking, the small black bottle that had been fished out with the flag in his hand was opened.

“ .. ”

A wisp of faint black mist spread out from the bottle. When it came into contact with the air, it emitted a series of corrosive sounds, and the earth and heaven energy trembled.

The water of the Netherworld River could corrode everything!

This was common knowledge that all cultivators in the Four Symbol Land knew.

However, no one knew why the black bottle in Xuan Tianqi's hand could contain the water of the Netherworld River. However, judging from the corrosive power of this wisp of black fog, it was likely that it really contained the water of the Netherworld River.

Just a little bit of this water would be enough to destroy the Sky Wolf Flag, which meant that the Northern Region Army would be completely destroyed.

No matter how powerful Ye Qianli was in the future, she had reorganized the Northern Region Army! It was no longer a true lion of the north, because it did not have a military spirit...

The soul of an army was like the soul of a man. A man had no soul! They were walking corpses. The army did not have a military spirit. They were a pile of loose sand! The spirit of an army was not something that could be easily honed.

How many generations of the Yates family had defended the border with their blood and guarded the northern border with their blood! The spirit of the Northern Region Army that had just been purified was the pride of the Ye family for generations and the faith that the Ye family must uphold.

The Sky Wolf Flag carried this faith...

It was not an ordinary flag. It was a flag that could be waved by the direct descendants of the Yates family! He could condense the soul of the army in the Northern Territory without saying a word!

With it, the Great Ye Army could be reorganized, the Celestial Wolf Army could be rebuilt, and the Northern Region Army could be reorganized.

It was destroyed, the faith of the Ye family collapsed, the Heavenly Wolf Army was no longer there, and the soul of the Northern Territory army was also destroyed.

..

Xuan Tianyan knew how powerful this was, so he let Tian Qiqi take the Sky Wolf Army Flag. Tian Qiqi did not disappoint him and used this flag to pinch Ye Qianli's soft spot at the last moment.

Yes, as long as Ye Qianli was a member of the Ye Family, the Sky Wolf Flag would be her weakness, unless she didn't want to reorganize the Northern Region Army! He didn't want to revive the Ye family in the Northern Region!

If she didn't want to, then the Ye family was not worth mentioning and would no longer be a huge threat to the Black Tortoise Dynasty. To Xuan Tianyan, the Ye family was already crippled and there was no need to worry.

After all, no matter how talented Ye Qianli was, she was just a genius. To a Great Dynasty, a mere genius was nothing to be afraid of.

What Xuan Tianyan really couldn't tolerate was that once Ye Qianli rose to power, the Northern Region Army under her influence would rise again.

As for the Northern Region Army! The Sky Wolves were equally fierce. The powerful Northern Region Army was the real threat to the Xuanwu Dynasty.

A genius, no matter how strong you are! If 100,000 people can't kill you, then one million! They could always kill you, but a genius leading a million troops, the Celestial Wolf Cavalry.

You can't imagine how terrifying that would be...

"Destroying the foundation of our Ye family and destroying the hope of our northern territory, Xuan Tianyan! Xuan! Heavens! Yan, what vicious intentions! " Pfff! " Ye Fengtian vomited blood on the spot, because he understood Xuan Tianyan's vicious intentions.

As for him, as a general!

He hoped that Ye Qianli would care about the flag.

However, as a father!

He didn't want Ye Qianli to care about the flag.

Kneel down! Admit defeat, humiliate yourself...

This was the ultimate humiliation for any genius. This kind of humiliation was enough to leave a mental illness for any genius, and it would cause irreparable trouble in the future.

This action was equivalent to destroying the essence, spirit, and spirit of a Heaven's Favorite! It was even more vicious than crippling Ye Qianli's cultivation, because she would have to suffer for a long time to come! The ambiguity and doubts brought about.

"Maybe my blade is faster." However, in the face of such vicious intentions, Ye Qianli replied softly. Her voice sounded very weak, but it was absolutely clear.

Chapter 115: Kill!

"You can try." Xuan Tianqi didn't believe that Ye Qianli still had the strength to do so. He believed that she would never dare to kill him.

Because this was the Genius Academy! Even he dared not kill Ye Qianli after obtaining Xuan Tianyan's promise.

After all, killing someone from the student residence in public was tantamount to declaring war on the school! This kind of provocation was not something an ordinary person would dare to do.

However ...

" Qian Li, in the history of Genius Academy, there were two people who publicly killed people in the academy. Do you want to know their results? " Feng Lihuan asked calmly and seriously.

"!"Ye Qianli immediately looked up at Feng Lihuan, and Feng Lihuan could see a strong killing intent in her eyes. Even if killing Xuan Tianqi was equivalent to becoming the blade of Xuan Tianyan, the Seventh Prince, she was still there! Where! No! Pity!

Not for anything else but the Sky Wolf Flag.

Grandfather wasn't here. She wanted to do it for the Northern Territory! Protect this faith.

Feng Lihuan understood Ye Qianli's killing intent, so he continued, ""The first person is also an extremely talented person. His first talent awakened was the seventh-rank Heaven Mending talent! However, he publicly killed his enemy on the sparring stage and his cultivation was crippled. Until now, he was imprisoned in the Laoshan Prison of the academy.

The second is Rong Mo. Not only was his cultivation not crippled, but he was also not detained because his talent has already exceeded the scope of punishment that the Genius Academy can punish."

"Whoosh!"

Feng Lihuan's words caused an uproar! Many people who did not know about Rong Mo's glorious history looked at him in shock.

As for Rong Mo himself, his expression did not change in the slightest under everyone's gaze. He was still sitting there quietly like the moon in the sky, as if the second person Feng Lihuan was talking about was not him.

But Ye Qianli knew that it was him.

"But Rong Mo's talent, you can't compare to him." Feng Lihuan's voice rang out once more. Even though his student, Ye Qianli, was a rare Divine Inscriptionist, the Divine Inscription she had just inscribed was extremely stunning! However, he was still not as good as Rong Mo, who was beside him.

"Not bad! You're not as good as Rong Mo, so if you want the Sky Wolf Flag of the Northern Territory, you have to kneel down and admit defeat! Beg me. " Xuan Tianqi, who was originally a little flustered, immediately retorted confidently when he heard this.

Little did he know that by saying this, it was equivalent to tacitly agreeing to his own hand speed. There was no one who looked weaker than him! Ye Qianli's blade was fast.

Ye Qianli's hands were shaking even more violently. When she looked back at Xuan Tianqi, her eyes were filled with the same emotion! The indifference as if he was looking at a dead person also made Xuan Tianqi, who was originally full of confidence, panic for no reason.

Not for anything else!

Because Ye Qianli, who didn't say anything, gave him the feeling that she would kill him in public! This intuition made his hands that were holding the Sky Wolf Flag and the Styx River water tremble subconsciously.

However, at this moment, there was a thud. Someone knelt down!

However, the one who knelt down was not Ye Qianli, but Su Lianhua, who had been sitting there doing nothing. Not only did she kneel, but she also kowtowed...

"First Prince, I beg you to return the Sky Wolf Flag to my Vermillion Bird Dynasty. Can I beg you on behalf of my cousin? I admit that I'm a good-for-nothing. Can you just return the flag of the Northern Region Army to me?"

At this moment, Su Lianhua's face was covered in tears as she cried and begged. She looked as pitiful as she could be. Moreover, her words stood above righteousness, and many people were moved.

Especially when Su Lianhua said, "I, Su Lianhua, am not as talented as my cousin. My dantian is also damaged. Sooner or later, I will be a good-for-nothing. I have always been a burden to my cousin. I only hope that I can be of some use today. Please return my dynasty's military flag to me, First Prince. "

After saying that, she directly kowtowed three times!

Such behavior shocked many of those who had previously called Su Lianhua a pig teammate!

Everyone knew that those who could enter the Genius Academy, even if they weren't the best in the Genius Academy where geniuses gathered, were undoubtedly geniuses in the various dynasties and forces.

And all geniuses had some pride! Who didn't think about their own cultivation path? But Su Lianhua actually knelt down. It sounded like it was for Ye Qianli! He was doing this for the Vermillion Bird Dynasty.

Such righteousness...

Su Qin was so moved that she was the first to stand up and shout, "Hua 'er, get up! What are you doing? How are you trash? Your dantian is injured because of this evil creature. Why are you still helping her now?"

"Hua..."

The scene was in an uproar again!

However, before the crowd could digest the meaning behind his words, Su Lianhua, who was originally kneeling and crying, suddenly jumped up and pounced on Xuan Tianqi!

Her speed wasn't slow at all. She had completely displayed the speed advantage of her Jade Rabbit talent.

"!" The moment Su Lianhua moved, Ye Qianli was shocked. Of course, she would not believe that Su Lianhua had changed for the better. Even though she did not know what Su Lianhua was playing at, she knew that there was definitely something wrong!

This was especially so when the lid of the small black bottle was opened, and it was right next to the Celestial Wolf Flag! Xuan Tianqi only needed to shake his hand, and even if it was just a little bit of water from the Netherworld River, it would still splash out! The Celestial Wolf Flag would turn into nothingness.

This was also why she didn't kill Xuan Tianqi immediately even though she wanted to! It was because she was playing psychological warfare. She was afraid that the Sky Wolf Flag would be destroyed if she made a mistake.

However, Su Lianhua was really fast this time! However, she was so weak that she couldn't stop him in time. She didn't have the time to feel sorry for Su Lianhua for destroying her confidence in Xuan Tianqi. She had finally created a chance to make a move when she saw-

"Swoosh!"

Su Lianhua pounced on Tian Qi and snatched the Sky Wolf Flag. Then...

"!"

Ye Qianli's pupils constricted as she saw the flag next to the Sky Wolf Flag! At the same time, the little black bottle containing the water of the Styx River was moved to the side!

At that moment, Ye Qianli was not in the mood to scold Su Lianhua. All she felt was that her heart was about to stop beating! The scene of her grandfather holding her and looking at the Sky Wolf Flag appeared in her mind.

The mighty old man in his memory said, "" Little Li 'er, this is the Sky Wolf Flag. It will be like our Northern Region Army, guarding the Northern Region, guarding our Vermillion Bird Dynasty, guarding the Ye Family, and guarding you. It won't hurt you, don't be afraid..."

At that moment, Ye Qianli moved.

Even if she was very weak! Even if she had a splitting headache when she unleashed her innate ability again! Just as the little black bottle was about to topple over, she violently sent the Sky Wolf Flag flying.

"Boom!"

The scattered flames on the scene were blown away by Ye Qianli's sudden burst of innate power, along with the Sky Wolf Flag! At the same time, the small black bottle that had been tipped over made a " chi " sound, and the water of the Styx River was about to spill out.

"Ah!"

Xuan Tianqi and Su Lianhua exclaimed almost at the same time. Then, Xuan Tianqi quickly pulled back his hands and rolled backward. He was so scared that he dropped the knife in his hand.

As for Su Lianhua?

Chapter 116: Rise of the Heavenly Wolf!

"Swoosh!" She burst out with her innate spiritual power and swept the small black bottle in front of her away! Sweep it away! It swept away in a frenzy.

After all, she didn't want to die. She only wanted to destroy the Sky Wolf Flag and make Ye Qianli a sinner! As for her, she just wanted to do a good deed but did not succeed. She did not want to be corroded by the water of the Styx until nothing was left.

Her frenzied sweep swept in the direction where the little black bottle had been blown away! For a moment...

"Damn it!"

"Bastard!" Ye Fengtian and Ye Nan, who were watching from the sidelines, wanted to go on stage and kill Su Lianhua! Even the rest of the Vermillion Bird Dynasty were

heartbroken. After all, the flag of the Northern Region Army was also the flag of the entire dynasty.

And at that moment!

When he saw that Su Lianhua was about to sweep the toppled black bottle towards the Celestial Wolf Flag, Rong Mo stood up! That was because...At this moment.

“ .. ”

Ye Qianli appeared in the path of the small black bottle. The moment the water of the Styx splashed out, she blocked it.

“ .. ”

Almost everyone watched in disbelief as the water of the Netherworld River splashed onto Ye Qianli.

"Li-er-"

At that moment, Ye Fengtian's eyes were filled with rage. He knew...It was over. His daughter, whom he had finally "regained" after much difficulty, had been sacrificed to protect the roots of the Ye family! He sacrificed himself to protect the soul of the Northern Region Army.

"Young Miss!"

At this moment, Ye Nan was also shocked! He had never expected that this young lady, who had never been in the army and should not have treated the Celestial Wolf Flag as her life like the soldiers of the Northern Territory, would actually use her life to protect the Celestial Wolf Flag.

"Young miss..."

At this moment, someone in the crowd was also muttering in shock. However, no one paid attention to who was muttering because everyone's eyes were focused on Ye Qianli.

Because she...

He was still fine.

"Qian...Li...?" Feng Lihuan stared at the young girl in the arena. He was afraid that he was hallucinating because he could not believe the truth.

"Cough..."

However, Ye Qianli's cough, even though it was very quiet, was very clear in this silent cemetery!

Furthermore, Ye Qianli moved. She looked up at the VIP seats. Even though she was so weak that her face was as pale as paper, her glance was enough to tell Rong Mo, Feng Lihuan, and Ye Fengtian that she was fine.

"Unbelievable!"

Old Zhu, who had already stood up in shock, did not know what to say. Therefore, after he expressed his shock, he immediately applauded.

"Pa, pa, pa..."

The crowd erupted into applause!

Even though they didn't know why, as the first person to be hit by the water of the Netherworld River, Ye Qianli shocked everyone.

Moreover! This was truly an exciting and soul-stirring competition at this moment! Even though Xuan Tianqi didn't admit defeat, Ye Qianli was the winner in everyone's eyes.

"There's hot blood! There was faith! He had perseverance! He had principles! Brave, resourceful, talented, and powerful, Ye Qianli!"

As expected of the number one student of the new batch of our Genius Academy, good!" A teacher praised loudly.

"Not bad, not bad. This child is not bad. I think even if Xuan Tianqi doesn't admit defeat, the winner should be Ye Qianli. She deserves first place."

"I agree."

"I agree..." The teachers present all agreed with the suggestion. The referee, Minami Hyun, had an ugly expression on his face, but he wanted to say...

"I agree, Ye Qianli will win this round." They had already appeared at the scene, but no one had noticed them! The Vice Principal, who was as white as snow from head to toe, also spoke. At this moment, he seemed to have appeared out of thin air in front of the sparring platform.

The moment he appeared, the applause from the crowd exploded!

"Howl! It's the vice director!"

Many people shouted excitedly because compared to the elusive principal, many senior students could occasionally see this snow-white vice principal.

The vice-headmaster's decision was also the headmaster's decision. Therefore, many people knew that the winner of this battle was Ye Qianli!

The top duo in this year's competition was Ye Qianli and her...He was a pig teammate.

Even Xuan Zhaonan had no choice but to announce that Ye Qianli and the others would win this round. Who would have thought...A sudden change occurred!

"Sou!"

A hidden weapon emitting thick green smoke suddenly shot out from the hands of Xuan Tianqi, who was originally hiding at the side! It was aimed at Ye Qianli, who was so weak that she could barely stand.

However, the speed was not fast. After all, Xuan Tianqi was already seriously injured and was not too close to Ye Qianli. However, when he shot the hidden weapon, he revealed a ferocious smile as if he had succeeded.

At the same time!

"Sister, be careful-"

Su Lianhua, who was not far away from Ye Qianli, immediately pounced on her! He threw the weak Ye Qianli onto the ground and pressed her down.

In that case...

"Pfft-"

The weak Ye Qianli spat out a mouthful of blood on the spot. When the hidden weapon was shot at her, she couldn't move at all! He could not move at all.

"!"

At this moment, Su Lianhua, who had pinned Ye Qianli down, was overjoyed! She knew that when the hidden weapon fell, the poison on it would corrode Ye Qianli's meridians and dantian, turning her into a useless person who could only lie on the bed forever.

As for Su Lianhua, she did not do anything at all. At most, she would be blamed for failing to save Ye Qianli. The blame for crippling Ye Qianli would only be placed on the Black Tortoise's First Prince! But from now on, everything that belonged to Ye Qianli would return to Su Lianhua.

Without the genius Ye Qianli, Uncle could only suck up to her! All the good things in the Ye family were still hers. However, the Ye family was not doing well now and there might not be much good things in the future. However, the Crown Prince had them!

With Ye Qianli crippled, the only person in the entire Vermillion Bird Dynasty who could marry the Crown Prince was Su Lianhua! Everything that the Crown Princess should enjoy, everything that Ye Qianli could get from the Crown Prince, would belong to Su Lianhua.

She, Su Lianhua, would have the last laugh.

Thinking of this, Su Lianhua almost couldn't help but laugh out loud. However...She, who was secretly rejoicing, felt a chill run down her spine!

"Roar!"

At the same time, there was a fierce aura! Ruthless! The roar of a beast had already erupted from this sparring platform and resounded throughout the entire Genius Academy.

"Roar!"

At the same time, the Northern Territory was dead silent! The seemingly silent northern territory erupted with wolf howls! Not only that!

"Roar!"

The entire Vermillion Bird Dynasty, and even the entire Four Symbols Continent! At this moment, they all heard a clear wolf howl. The wolf clan on the continent seemed to have received the same order at this moment as they raised their heads and howled.

Chapter 117: Crippling Cousin, Slaughtering the Prince!

"This..."

At this moment, everyone in the world! They were all shocked by the towering howls of the wolves, as if there was a nameless blood boiling in their chests.

"Roar!"

At this moment, all the teachers and students in Genius Academy who were watching the sparring platform stood up in unison! His eyes widened! He stared at the sparring platform in front of him.

To put it more accurately, he was staring at the sparring stage! The beast with black fur and fierce eyes was crawling under Ye Qianli! The imposing Direwolf Beast!

The same shiny black fur, the same fierce eyes, the same arrogant aura! It's him! It's him in the Heavenly Wolf Flag!

What lifelike? It was a real Direwolf Beast!

It wasn't that the flag was well drawn! It was because there was clearly a living Celestial Wolf Beast in the Celestial Wolf Flag!

Heavens!

Oh my god-

“..”

All the spectators were shocked beyond words. Who would have thought! There was such a terrifying demonic beast in the dirty Sky Wolf Flag.

Not bad!

This was definitely a super terrifying demonic beast, because the viciousness it was emitting at that moment made everyone present feel as if they would be torn apart if they dared to move.

Even Old Zhu!

Even Feng Lihuan, who was a teacher in charge, felt his heart tremble! He felt that if this Heavenly Wolf really used its full strength, it could completely slaughter this place.

And this was definitely not an illusion.

That was because...

"Roar!"

When the crouching Direwolf Beast stood up, the entire world trembled! The surging World Energy began to tremble violently as if it was threatened.

That time!

Wind and clouds surged, and the world lost its color.

That time!

Everyone felt as if their throats were being strangled, unable to breathe at all! An unparalleled sense of suppression enveloped all the teachers and students present.

Especially Su Lianhua! Xuan Tianqi.

“ ..”

However, Su Lianhua's mind was filled with confusion. She could not think at all! Until the cold pain from her dantian spread throughout her entire body...

She, who was already lying on the ground, realized that her back seemed to be drenched. She wanted to reach out to touch it, but she realized that she could not move at all!

And Ye Qianli, who was supposed to be suppressed by her, had disappeared!

This ...

Without waiting for Su Lianhua's dazed mind to come back to her senses, she felt a sharp pain in her back. A bloody blade-shaped hidden weapon appeared in front of her.

This ...

"Thank you, my Youngest Biao Sister, for blocking this blade for me." Ye Qianli's mocking voice echoed in Su Lianhua's ears, causing his eyes to widen.

This ...

Could it be! Did she really block the hidden weapon for Ye Qianli?

This ...

How was this possible? She had clearly identified the right position to pounce on Ye Qianli. The hidden weapon should have hit Ye Qianli's shoulder and crippled her! Destroy all of Ye Qianli's glory!

In the end...

Why did the hidden weapon stab her? Not Ye Qianli?

"This..." Su Lianhua panicked. She did not understand what was going on, but her body, which was completely unable to move, was telling her the truth. She was paralyzed.

The poison that the Xuanwu Dynasty had prepared to cripple Ye Qianli had taken effect on her! She was crippled, and she was crippled into a cripple who couldn't move at all, like a living dead!

In fact, Su Lianhua was indeed paralyzed.

After all, the concealed weapon that Ye Qianli had pulled out from Su Lianhua's back was indeed the one shot out by the First Prince Xuan Tianqi. However, the poison had already been absorbed into Su Lianhua's body.

As for Ye Qianli herself, she was fine! Not only was he fine, but he had indeed protected her! The Sirius Beast, who had saved her life, had tears in its eyes.

“ .. ”

At this moment, the Direwolf Beast had calmed down, and its body was emitting a faint light. This made Ye Qianli know that it was about to "disappear".

However, to Ye Qianli's surprise, the Direwolf Beast did not disappear! After looking at Ye Qianli for a while, it suddenly bent its legs and knelt down. It even opened its mouth to speak.

"Master." It said!

"Whoosh!"

At this moment, the scene erupted into an uproar. No one had expected this majestic beast! The super Direwolf Beast, which could shake the world, actually knelt down before Ye Qianli! And called her master.

Only one person understood that all of this was inevitable! Because Ye Qianli had awakened the Sky Wolf Flag, she was the master of the Sky Wolf Beast! He was also the new leader of the Heavenly Wolf Army!

"Master."

Therefore, at this moment, the person in the crowd murmured in his heart and knelt down to the new leader of the Heavenly Wolf Army, Ye Qianli.

"Master."

Therefore, at this moment, in the Northern Territory! The scattered Sky Wolf soldiers and the scattered remnants of the Northern Region Army all understood!

The Heavenly Wolf Army had a new leader.

The Northern Region Army had a new commander.

"Your Majesty!"

At this moment, the Vermillion Bird Dynasty's Sage Emperor Rong Feng and Chief Bai understood! Even if the 1.8 million lions of the Northern Territory had been destroyed, even if there were remnants! It was definitely not tens of thousands, but!

"The rise of the Heavenly Wolf, the appearance of the head of the wolf, the rise of the Northern Region Army! The Northern Territory will finally be safe." Chief Bai looked gratified and his tone was excited.

"Looking at the direction, this statue originated from the Genius Academy." Rong Feng was also pleased. He was sure that the person who caused the wolf howl was his future daughter-in-law. He couldn't help but praise his wise and heroic act of bestowing marriage.

..

At the same time, Ye Qianli, who had been recognized by the Direwolf Beast as its master, was about to ask it to get up when it suddenly looked up and stared ahead!

Ye Qianli looked over and saw that Xuan Tianqi, who had tried to plot against her several times but failed, was about to leave the stage.

Xuan Tianqi probably didn't want to admit defeat and felt that it would hurt the prince's reputation, so he wanted to take the opportunity to sneak off the stage and admit defeat.

After all, the outcome of the battle had already been decided. Ye Qianli, who had the Heavenly Wolf, was not someone he could cripple.

It had to be said that Xuan Tianqi's actions were actually very wise! He could be considered to have brought his brain.

However!

"Swoosh-"

Just as Xuan Tianqi crawled to the side of the sparring stage and was about to quietly get off the stage, the scene suddenly exploded with coldness! A noble and dazzling sea of fire.

"Tsk!"

At the same time, Xuan Tianqi felt pain all over his body! She felt pain everywhere, and then...There was no then, because he was soon cut into countless pieces in front of everyone.

“ .. ”

This scene stunned everyone present!

Who would have thought that at this moment! At the moment when everything was about to be settled, Xuan Tianqi was actually dead! Died on the sparring stage, died ...

Ye Qianli's hand! Ye Qianli killed him?

"Nine! Heavens! Xuan! Fire!"

At the same time, he had already been eliminated from the competition. He had long suspected that Ye Qianli's number one talent was definitely not the Purple Spirit of a fifth-tier Nine Mysterious Heavenly Flame. He stared at Ye Qianli and said word by word.

Chapter 118: Ye Qianli's Fame!

“ .. ”

At this moment, Ye Qianli, who was standing alone on the sparring stage, was also jumping on her 108 hidden weapons! It was a bright, noble, and dazzling Nine Heavens Obsidian Flame! This confirmed Violet Spirit's guess and affirmation.

Not bad!

The first talent that she, Ye Qianli, had awakened was one of the top three talents! The seventh grade talent-Nine Heavens Obsidian Flame! The reason why she was releasing her divine fire aura was naturally because she wanted to kill someone.

"This child..."

At this moment, Feng Lihuan didn't know what to say. When his student had eliminated the Purple Spirit, he had guessed that her number one talent wasn't as simple as the Fifth Tier Nine Mysterious Heavenly Flame.

However, he did not expect that this child would appear at this moment! Using such a method, she had completely revealed her true talent! She was silently saying, "My talent! It's not something the academy can punish."

Divine Inscriptionist!

The master of the Celestial Wolf Beast!

Nine Heavens Obsidian Flame talent!

Ran!

"You're courting death!"

At this moment, Xuan Zhaonan, who had just recovered from the shock of Xuan Tianqi's corpse being dismembered, was angrily scolding! His palm was already aimed at Ye Qianli, who was below the stage.

"Roar!"

When Nan Xuan threw out his palm, a giant turtle appeared in the air. Its giant turtle palm instantly moved! It exploded on top of Ye Qianli's head.

"Rumble!"

The surrounding Heaven and Earth spiritual energy around the entire sparring stage responded to the palm sound, and the onlookers at the side could clearly see it! The originally sturdy sparring platform seemed to have been deformed by this palm strike.

"!"

Feng Lihuan, Old Zhu, and the other teachers in the VIP seats felt their hearts leap into their throats. However, they were all looking at the snow-white Vice Principal because the Vice Principal was right in front of the sparring platform! The vice director couldn't just let Nan Xuan do whatever he wanted.

But the truth was...

"Roar!"

Before the teachers could see the vice principal make a move, they saw the Direwolf Beast behind Ye Qianli suddenly lunge at Nan Xuan.

"Boom!"

Not only did the Sky Wolf Beast shatter the Heavenly Turtle Palm, but it also seemed to be able to tear through space! The remaining force did not decrease as it exploded towards Nan Xuan in the air.

"!"

This scene stunned everyone!

Who would have thought that not only did Ye Qianli kill Xuan Tianqi in public, she even wanted to kill the dean of the school, Nan Xuan! This ...

Oh my god!

"Boom!"

However, just as everyone was looking at this scene in shock, thinking that Xuan Zhao Nan was about to die, the vice president, who had yet to make a move, made his move. He seemed to have only waved his sleeve, and the earth and heaven energy suddenly became silent.

"Weng..."

The violent Tear of the Sky Wolf and the giant turtle in the air turned into nothingness at this moment. The scene was only left with a "peaceful" scene, as if the soul-stirring scene just now had never happened.

After a while, Nan Xuan, who still had some lingering fear in his heart, screamed with a pale face, "Vice Principal, this woman killed a fellow disciple in public and even tried to kill me! He should be executed."

"That's right. This woman should..." The teachers and students of the Black Tortoise Sect also wanted to echo loudly.

"Shut up!" The Vice Principal, who was still standing in the air, shouted coldly, "Whether Ye Qianli is guilty or not will be decided by the Principal. It's not your turn to judge. "

"Vice Principal..." When Nan heard this, his voice became even sharper! He knew that the Vice Principal was covering for Ye Qianli.

Wait for the dean's ruling? It was all just words.

If she couldn't kill Ye Qianli now, she would never be killed by Judge in the future! It was not because of anything else, but because this woman's talent was too terrifying.

Perhaps he was not as good as Rong Mo, but he was definitely not far from him! How could the dean let such a genius die? The result was naturally Xuan Tianqi Bai dying and Xuan Zhaonan being attacked by Bai.

However, just as he was about to voice his doubts, the vice director stared at him coldly with his only black eyes and asked, "Nan Xuan, do you have any objections?"

"!" Nan Genchao's pupils constricted. After a moment, he could only say in humiliation, "I have no objections. Please observe. "

When the vice director heard this, he stroked his beard and nodded in satisfaction. "Okay, let's announce the results."

"..." He wanted to vomit blood! Why did he have to announce the results? He was already so humiliated, yet he had to announce that Ye Qianli had won the first place in the sparring competition? This was too f * cking bullying.

However, Nan Xuan had no choice but to announce the result of the sparring match under the pressure of the vice president. However, he still added one last sentence.

"Even though the first place duo is Ye Qianli and Su Lianhua, Ye Qianli has openly killed her fellow sect members. We await the results of your ruling! I hope that the headmaster will make a decision." Even though he knew that the outcome was set, Nan Xuan still explained unwillingly.

"I hope that the dean will make a decision!"

All the Black Tortoise Sect disciples and teachers could only agree. However, everyone knew that Ye Qianli was not punished now, so the possibility of her being punished in the future was very small.

After all, if he really wanted to punish them, why would he need to wait for the Principal's judgment? Unless the Principal, who had not appeared, felt that Ye Qianli's talent was average and that she should pay with her life for Xuan Tianqi. But was that possible? Obviously not.

"Wahhhh-"

At this moment, Red Knife was the first to jump and cheer! The crowd erupted into a thunderous applause.

"Pa, pa, pa..."

The thunderous applause was not only dedicated to Ye Qianli, who was still standing upright on the stage beside the Direwolf Beast, but also to Su Lianhua, who was lying on the stage with tears all over his face.

Yes, she and Ye Qianli got first place together, but what was the point? She would be paralyzed forever. No matter what reward she received, it would be useless. Other than being paralyzed in bed for the rest of her life, she could only commit suicide.

As for Ye Qianli's name!

In the end, because of today's battle, he would completely become famous for the Genius Academy and the Four Symbols Continent.

Ye Qianli's glory!

Everything about Ye Qianli! Not only was she unable to destroy it, she could only watch as it got better and better...

Just like now! She watched helplessly as Ye Qianli walked off the stage amidst the applause and praise, while she remained sprawled on the ground and ignored! She was afraid that no one knew that she was already crippled...

When Ye Qianli walked off the stage, she was greeted with even more enthusiastic applause and cheers! There were also Ye Fengtian, Ye Nan, Feng Lihuan, Old Zhu, and Red Knife's congratulations. Of course! And Rong Mo.

"Congratulations." Rong Mo, who had walked down from the VIP seats to the sparring platform, saw Ye Qianli looking at him, so he didn't hesitate to congratulate her.

Not only that, but he also walked closer, causing the people nearby to let out a series of strange cries. However! What caught everyone off guard was...

"Bang!" Rong Mo knocked Ye Qianli out with a single palm strike.

Chapter 119: Do You Want Me to Carry You Back to the Room (1)

“ .. ”

The scene was in a daze. Many people had strange expressions on their faces, as if they had just peeled off the candy wrapper and were about to lick it when they realized that it was a pile of rat poop.

"Roar!"

The only one who reacted differently from the crowd was the Direwolf Beast who had followed Ye Qianli off the stage! The awe-inspiring big guy glared at Rong Mo and almost tore him apart!

Unfortunately ...

It really couldn't tear it up because it started to " disappear " as soon as Ye Qianli fainted. It only had time to stare at Rong Mo and then disappeared.

No one knew where it had gone. After all, the " dirty " Sky Wolf Flag had disappeared.

However, everyone's attention wasn't entirely on the " disappearance " of the Direwolf Beast, because Rong Mo, who had knocked Ye Qianli out, didn't knock her out on the ground. At least, he managed to hold her in his arms.

Well ...

Although the process was a little "twisted", the fiancée and fiancée still hugged each other in the end. It was just that it still felt strange, and it made people unable to cheer and scream.

"You ... What are you doing?" At this moment, Feng Lihuan, who had just reacted, had the word "unhappy" written all over his face. After all, his precious student had been struck unconscious without a word!

"That's right, Your Highness the Crown Prince, your attack is also too heavy. Li-er was originally very weak. How can you knock her out like this?" Ye Fengtian was a little upset. Even though this was the noble crown prince of the Vermillion Bird Dynasty, he could not just hit his daughter!

"Senior Apprentice Brother Rong, it's not that I want to criticize you, but you're really too unsympathetic towards the fairer sex. Little Li-er fought so hard on the stage, and the moment she came down, you gave her such a ruthless knife. Do you still want this wife of yours? Don't you ..." Red Knife was also condemning him, and it seemed as if he was going to go astray.

If he hadn't suddenly felt a chill all over his body, which made him realize that his words were crooked, his next words would have been courting death. "If you don't want it, I'll take it."

He secretly cursed himself for being a "courting death" Red Knife and quickly changed the topic. "Cough! Senior Brother, Senior Brother, what I mean is that you should quickly carry her back to rest. Qian Li looks really weak. Why don't I invite Big Sister to take a look at her?"

At this moment, Ye Shang, who was actually nearby, was about to step forward when she heard this. Who would have thought that before she could speak, her chance would be erased...

"No need, let me take a look." The Vice Principal "squeezed" closer to them and stretched out his hand to check Ye Qianli's pulse. However, the moment he reached out his fat hand, his opportunity was also wiped out.

"No need." Rong Mo refused!

"Uh ..." Feng Lihuan, Ye Fengtian, Old Zhu, and Red Dagger were all stunned, not understanding what Rong Mo was trying to do.

Who didn't know that the vice president of Genius Academy possessed a powerful healing talent-the talent of the King Pharmacist. Usually, when an injury was inflicted on the vice president, as long as it wasn't a terminal illness, he would be able to recover quickly.

If it wasn't for the fact that the Deputy Headmaster had a noble status and that ordinary people couldn't get him to treat them, which patient wouldn't cry and beg him to treat them? But now, Rong Mo actually refused to treat them...

“ ”
..

The vice hospital director, who had taken the initiative to treat him, was also rejected with an awkward expression.

“ ”
..

The atmosphere at the scene was really at a loss for words. Well ...

"Hah! Ha ... Qian Li is fine. There's no need for the Vice Principal to do anything. Rong Mo can handle it himself, hehehe..." In the end, Feng Lihuan chose to mediate the situation because he was afraid that persuading Rong Mo would make the atmosphere even more awkward.

As soon as Feng Lihuan finished speaking, Rong Mo unexpectedly replied. He even nodded and said, ""That's right. Vice Principal, just give me a Heaven's Will Pill."

"Uh ..." Feng Lihuan was initially happy when he heard Rong Mo agree with him. He thought that Rong Mo was quite smart. Who would have thought that he would ask for the Heaven Heart Pill directly?

What was the Heavenheart Pill? That was the treasure of the Vice Headmaster. In the entire Four Symbols Continent, probably only the Vice Headmaster and the president of the Divine Pattern Master Guild possessed the Heavenheart Pill.

Rong Mo, that damned brat! He really dared to speak.

However, it would be good if he could get it, it would be good!

As Feng Lihuan thought of this, he did not say anything else. He only stared at the Vice Principal, causing the latter's snow-white beard to tremble involuntarily. Then...

The associate hospital director took out a small white porcelain bottle and handed it to Rong Mo, saying earnestly, ""Isn't it just a Heaven's Will Pill? Take it!"

"Wow!" Red Knife immediately covered his mouth and cried out in alarm. He also knew what the Heaven's Will Pill meant! This was a level four, super rare spirit nourishing pill!

"Thank you, Vice Principal." When Rong Mo raised his hand to receive the pill, Feng Lihuan noticed the Vice Headmaster. In fact, he was reluctant to let go, but Rong Mo's slender fingers forcefully pulled the white porcelain bottle off.

He had to say, well done!

Feng Lihuan smiled silently.

Rong Mo, who had received the Heaven's Will Pill, said goodbye to the Vice Principal before he picked up Ye Qianli, who was in his arms, and left.

"Vice Principal, I'll go and take a look too." When Feng Lihuan saw this, he immediately prepared to leave. However, the Vice Principal said, "Teacher Feng, don't be in a hurry to leave. Come to my room and tell me how you accepted this student. "

Feng Lihuan was speechless. He felt bitter in his heart. He knew that the Vice Principal had just bled and was looking for trouble with him. However, he could not refuse. After all, the Heaven's Will Pill was given to his precious student.

..

After Ye Qianli was carried away, the crowd had almost dispersed. The Seventh Prince, Xuan Tianyan, who had not moved, finally stood up.

"Your Highness." Violet Spirit also stood up, but she didn't know what to say. She knew that this round...Even though Xuan Tianqi was dead, to Black Tortoise! It was definitely a huge defeat.

However, in the face of this defeat, Xuan Tianyan looked in the direction where Rong Mo and Ye Qianli had left and said with a faint smile, ""This matter is getting more and more interesting."

"Your Highness?" Violet Spirit looked up at the young man in front of her in shock, only to see a purple light flashing in the latter's dark eyes! This ...

Violet Spirit's heart jolted, but her face was beaming with joy."Congratulations, Your Highness." Little did she know that her palms were already covered in cold sweat.

At the same time, Rong Mo and Ye Qianli, whom Xuan Tianyan had been "thinking about", had returned to his residence under Rong Mo's lead.

However, the moment Rong Mo entered the courtyard, he stopped and said calmly, ""Come out."

As soon as he finished speaking, a person silently appeared behind him. This person was quite ordinary. He was the kind of existence that would not be taken a second look at in a crowd.

But this person! It was not simple.

If Ye Qianli was still awake, she would have guessed that this person was the stranger she saw at the beginning of the sparring match. He had the eyes of a fierce wolf! However, when he hid the sharpness in his eyes, almost no one would remember him.

As for him...

Chapter 120: Wolf General Ye Rui!

"Your Highness." The stranger who had appeared, when he knelt on one knee, his straight back, his strong voice, and his meticulous manner had already revealed his identity as a soldier.

However, Rong Mo did not turn his head or say anything else. Instead, the stranger who was kneeling on one knee had already introduced himself. "I am the Deputy Commander of the Heavenly Wolf Army, Ye Rui."

"Where is the commander?" Rong Mo asked.

"I don't know." Ye Rui replied.

Hearing this, Rong Mo raised his eyebrows and turned to look at Ye Rui. The latter had not moved an inch since he knelt down.

However, Rong Mo knew that this person's knee had been seriously injured and had not yet recovered. By right, it would be difficult for him to walk...

"Get up and guard it." Rong Mo tacitly agreed to the man's order, then carried Ye Qianli into the house. After he left, Ye Rui stood up straight.

"Bang!"

Rong Mo entered the room and closed the door.

".."

In an instant, only Rong Mo and the person in his arms were left in the quiet room. Their breathing was very soft...It was as if there was nothing.

Rong Mo had always been like this, but what about Ye Qianli? Of course, she was fake.

At this moment, her face was still as pale as a piece of paper, and she lay limply in Rong Mo's arms like a sick cat without any aggression. If it wasn't for the fact that she had witnessed her outstanding battle on the sparring stage, no one would have thought that she could continuously unleash such miracles.

"You really know how to fool around."

Looking at the weak Ye Qianli in his arms, Rong Mo's voice was obviously softer. He stared at the pale face in front of him, and a faint light flickered in his eyes.

After looking at her for a while, he put her on the bed, but he didn't feed her the Heaven's Will Pill. Instead, he took out the magic box from Ye Qianli's pocket.

At this moment, the magic box was very quiet. From the surface, it looked no different from what Rong Mo had seen before. However, Rong Mo knew that it was different because the aura of the ancient battlefield had weakened.

“ ”

Rong Mo stared at the magic box for a long time. Then, he heard the rustling of the person on the bed. He couldn't help but look up.

Ye Qianli, who was supposed to be in a coma, was obviously not feeling well at the moment! He grabbed the blanket under him, and beads of sweat appeared on his forehead.

Rong Mo's brows furrowed slightly as he looked at her, and his eyes darkened a little...

“!”

At the same time, Ye Qianli, who had fallen into a nightmare again, found herself in the middle of a white snowfield.

Looking around, although it was desolate, it gave people an inexplicable sense of oppression, as if it was the sky! The ground and the snow gave off a heavy pressure that made it hard for people to breathe.

"Da!"

"Da da..."

At this moment, a series of rapid galloping sounds came from the snowland. Ye Qianli felt as if her heart had been hit by a drumstick. She was so shocked that she looked straight at the source of the galloping sounds.

Then, she saw a group of about sixty to seventy people rushing towards her! And the mounts these people were riding were not big horses, but Direwolf Beasts!

The most important thing was! She knew the leader.

"Grandpa..."

Ye Qianli stared at the man with her eyes wide open. Even though his hair had faded from black to silver, he still looked the same as before!

"Your Highness, when we catch this Essence Extreme Ice Fox and give it to the young miss to consume with the Talent Pill, it will definitely help the young miss awaken a talent above the middle third rank."

"Not bad! Young miss has been talented since young, so the first day of awakening will not be bad."

"Hahaha ... I, Ye Wuji's granddaughter, naturally won't be bad! It's been more than ten years. I wonder if little girl still remembers me?" One Wolf took the lead! The Northern Region Lord, Ye Wuji, who was still strong despite his age, spoke to his subordinates about his granddaughter whom he hadn't seen for many years. His tone was both proud and sad.

Ye Qianli wanted to say, "I didn't forget."

In fact, she did say it, but Ye Wuji and the others who rushed past her didn't hear it! Not to mention seeing her.

"Grandpa!" Ye Qianli shouted at the back of the group, but they were already far away. She ran after them, and the scene in front of her changed.

After that, in this nightmare, she saw her grandfather leading more than 60 members of the Heavenly Wolf Army into a world of glaciers! They were chasing after a giant snow fox with a terrifying aura and extraordinary speed.

In the end, the Essence Extreme Ice Fox was killed, but it collapsed! Of course, it wasn't a normal avalanche, but an ambush from the Black Tortoise.

And in this ambush, almost all of the sixty-odd Heavenly Wolf soldiers were killed or injured! Ye Wuji himself was forced to flee into the depths of the glacier by several soldiers.

But deep in the glacier!

A hundred black-armored soldiers were waiting for them.

Countless Nine-tailed Pluto Ice Arrows rained down on them.

Blood ...

The glacier was dyed red.

Except for Ye Wuji, everyone else was shot to death in an instant!

"Whoosh!"

And Xuan Tianyan! The Nine-tailed Nether Ice Arrow that was shot by Xuan Tianyan, the Seventh Prince, was the last one to hit the target! Ye Wuji was covered in blood.

"No-"

Ye Qianli screamed at the sight, but the arrow had already been shot. She wanted to rush forward! However, at this moment, she felt a tearing pain on her face.

"Bang!"

At the same time, she seemed to hear a huge collapse. The surroundings suddenly shook violently. Countless glaciers! White snow fell from the sky, burying her and everything else...

".."

After a long while, Ye Qianli opened her eyes and looked into the pair of deep and clear eyes in front of her. She slowly took a deep breath and said hoarsely, "'I dreamed of my grandfather."

Seeing that she had really woken up, Rong Mo let go of the soft flesh he was holding, but he replied in a clear voice, "'It's not a dream."

"What do you mean?" Ye Qianli wanted to sit up and ask, but she had just moved! She felt pain all over her body, even her hair. It was so painful that she gritted her teeth and only felt pain on her face!

"Ye Rui, come in." Rong Mo's reply was to summon Ye Rui.

Ye Rui, who was originally guarding outside the room, heard this and naturally entered. The moment he entered the room, he made a "plop" sound! Kneeling on both knees, he said, " Subordinate Ye Rui greets Eldest Miss. "

"Ye Rui?" Ye Qianli was stunned by this sudden scene. Who was Ye Rui? She obviously didn't know him.

Ye Rui, who was obviously a little excited, quickly calmed down and reported his identity again:"I am the deputy commander of the Heavenly Wolf Army, Ye Rui."

When Ye Qianli heard his identity, she immediately understood. She couldn't help but think of the scene in her nightmare and the soldiers of the Heavenly Wolf Army who stood in front of her grandfather until their deaths. Her breathing became heavier.

"Get up and talk." Ye Qianli forced herself to sit up.

However, Ye Rui didn't stand up. Instead, he clenched his fist and bowed: "This subordinate has something to report to Eldest Miss. Please leave, Your Highness."

As soon as he said that! Ye Qianli's eyebrows twitched, and Rong Mo, who was beside her, quietly looked at Ye Rui, who was asking him to leave.
