Chapter 151: Behave, Junior Leopard (1)

He raised his hand and caressed the eye on his lips. The soft touch made Ye Qianli open her eyes subconsciously.

Rong Mo saw that her eyes, which had been moistened by him, were even more watery and misty, and he kissed her twice more.

“ .. ”

Ye Qianli's brain was still in a state of paralysis, but she couldn't help but feel...Then, he 'counterattacked.'

It was almost instinctive! Ye Qianli, who was hugging Rong Mo's neck, subconsciously tiptoed, following the softness of the kiss, following the source of the sweet temptation, wanting to kiss him.

Unfortunately, just as she was about to kiss him, the beautiful prince dodged slightly to the side and did not let her succeed in kissing his lips. She only kissed his face.

“?”Ye Qianli, who thought that she would be able to kiss and taste the sweetness and softness soon, widened her eyes in shock.

However, she was only stunned for a moment. After avoiding Rong Mo, who could have kissed her secretly, she lifted her chin and took the initiative to give him his sexy thin lips. However, he was not the one who wanted her to kiss him. He was the one who wanted to kiss him.

"Oh..." Ye Qianli didn't care about the kiss and quickly turned around to suck...Unfortunately ... She still did not succeed.

Rong Mo had already let go of her lips, and when she was once again stunned by the taste, he bit her lips hard.

"Hiss!" The sharp pain made Ye Qianli gasp.

However, Rong Mo did not let her go. He bit her again, and her brain, which was stiff from the pain, slowly returned to normal.

Rong Mo, who saw that she had regained her senses, raised his hand and gently caressed her lips that were bitten by him. He warned her impolitely, "Behave yourself."

Ye Qianli was speechless. What happened to her? Who was being dishonest? He was clearly the one who did it first. He was the one who kissed her first! Why did he say that she was dishonest?

Ye Qianli glared at the beautiful prince in front of her, feeling unconvinced! She clearly didn't do anything.

As for Rong Mo, who was being stared at by her, he stared at her bright eyes and kissed her again. Ye Qianli was so awake that her breathing became tight.

"Junior Leopard." Rong Mo's cold voice sounded like he was doting on Ye Qianli. Ye Qianli's heart skipped a beat as she looked into his eyes.

The silver glow in his eyes had disappeared at this moment, leaving only boundless darkness that was bottomless... Ye Qianli only stared at him for a short while before she looked away in fear because her heart was beating so fast! He felt as if his soul was about to be sucked away.

However, when she shifted her gaze elsewhere, she realized... At this moment, she was clearly hugging the beautiful prince.

Attention!

She was the one who carried him up, and her entire body was hanging onto him! He was just short of wrapping his legs around it, hmm... This, this ... It seemed that she was really a little dishonest just now.

"!" Ye Qianli understood the situation and felt her whole body heating up. She didn't know whether to let go or not.

Let go. I can't let go, and I don't dare to ... After all, he had already hugged her so tightly. If he pushed her away now that he was done, he might be beaten up, right? Besides, her waist was also being hugged. She couldn't just let go, right?

Ye Qianli stammered and said carefully, " Well ... Your Highness..."

"Yes." Rong Mo's tone was normal.

"I..." Ye Qianli seemed a little embarrassed and was about to continue.

"Uh-huh." In the courtyard, a reminder sounded.

Ye Qianli and Rong Mo turned to look at the courtyard. Then, Ye Qianli saw an old man. Cough! It was not an exaggeration to call him a disheveled old man.

After all, the person standing in the courtyard at this moment was really sloppy! Her hair was like a chicken nest, and her eyes were bloodshot. No matter how she looked at it, she looked like a person who had gone overboard.

But ...

"Director." Rong Mo called out when he saw the old man.

Ye Qianli felt as if she was struck by lightning. She couldn't imagine that this old man who looked even more wretched and messy than Nan Xuan was actually the dean of the Genius Academy!

This ...

This was really disillusionment. It was really too different from what she had imagined. The dean of their Genius Academy, one of the top figures in the Four Symbols Continent, was actually such a person?

"?"Ye Qianli, who was full of doubts, couldn't help but look at Rong Mo, who had called out " President ". However, she still hadn't gotten out of his arms and was still hugging his neck.

"Hmm, since you've already seen me, why aren't you letting go? What a disgrace." A certain principal in the courtyard seemed to be a little unhappy.

Only then did Ye Qianli realize that she and the beautiful prince were still hugging each other, and she quickly let go! Rong Mo's hand finally loosened its grip on her soft waist.

A certain director who couldn't wait for anyone to open the door for him could only push the door open and enter the house unhappily. He looked at the two little ones again. As expected, they were still standing by the window. How reluctant they were.

"Why aren't you coming over and sitting down?" A certain dean could only speak in a bad mood again.

Ye Qianli subconsciously glanced at Rong Mo when she heard him. Seeing that he had walked over, she followed him and sat down beside him.

However, as soon as Ye Qianli sat down, she realized that the old man's eyes were fixed on her, as if he was trying to see a flower on her.

" Let's get down to business after you're done sizing me up. Should we set off early? How many people should we bring? " Rong Mo's voice was calm and collected.

However, one of the principals did not respond to Rong Mo. Instead, he looked at Ye Qianli and asked, ""You are Ye Qianli?"

"Yes, Headmaster." Ye Qianli felt that it was time to greet him, so she naturally stood up and greeted him.

"When I was in seclusion, I heard the sound of the heavenly wolf. That was the sound that you made, right? It seems that you have also obtained the quota for the A-class mission." He was trying to explain why the dean hadn't shown up, which made Ye Qianli feel a little awkward.

After all, she had thought that this old man looked like an indecent old man who had been fooling around for a few days and nights. He didn't expect her to be so serious! He had just come out of seclusion.

" Then, including your little fiancée, there will be twenty people on this trip. We will depart tomorrow. " After the explanation, Director Yang finally answered Rong Mo's question.

"Alright, we'll split up tomorrow and meet up at Xuanwu City." Rong Mo said.

" No! " the dean objected. " I'll follow you to the north of the Vermillion Bird and enter the Black Tortoise. "

Hearing this, Ye Qianli frowned and was confused. Rong Mo agreed, ""Then we will set off at midnight. However, with your current condition, it is best for you to go back and rest immediately."

"You are not much better. How much of the heavenly secrets did you see just now?" The Principal, who was originally calm, snorted coldly when he heard this. It was as if he was unconvinced.

He never thought...

Chapter 152: Isn't That Because I've Been Silly Because of Your Kiss?

Rong Mo turned to Ye Qianli and asked, ""How much did you see?"

As soon as he asked this question, one of the principals stared at Ye Qianli with his bloodshot eyes and said in shock, ""You can see it too?"

Ye Qianli, who was originally just a spectator, could only nod and say, ""Yes, but I only saw the outline of a Black Tortoise."

Hearing this, the Principal raised his voice and said, ""One?"

"Yeah." Ye Qianli nodded and asked in confusion, "What's wrong? Were there two of them? Is there anything else?"

However, before the dean could reply, Rong Mo explained calmly, "" Yes, there's only one. There's nothing else. The dean is just shocked that he made another mistake and realized that you're more talented than he thought. He just can't accept it. "

"Oh!" Ye Qianli nodded as if she had just realized something. However, she noticed that the disheveled Principal's face had turned red, and he seemed to be losing his composure.

"Alright! Didn't I just trip up your little fiancée? You two publicly humiliated me like this. Do you want to die?" The furious director straightened his neck and retorted.

Speaking of which, he did not think much of Rong Mo, his little fiancée, at first. However, Rong Mo's talent was too abnormal, and his personality was especially stubborn! He could only use the Black Tortoise's group to indirectly reject this kid's obscure request.

After all, although there was a possibility of obtaining great luck in the Extreme Ice Region, it was also fraught with danger. Ye Qianli was too young and her cultivation was too weak. If she went, she would definitely be a burden.

The dean, who was thinking this in his heart, said seriously, "The Extreme Ice Realm has made a big move this time, and it will definitely attract the competition of various forces. The Black Tortoise has the geographical advantage, so it will naturally go. The Azure Dragon Dynasty, the White Tiger Dynasty, and even the people from the Ghost Realm will all go.

At that time, even a level five talent could be cannon fodder, let alone a level one or level two talent. This was the moment! Although I know that you and Ye Qianli can see the Heavenly Fate Statue, I don't agree with you going because it would be a pity if you died."

Ye Qianli didn't retort immediately. Rong Mo did not say anything because what the dean said was the truth.

After a while, just when the Headmaster thought that Ye Qianli and Rong Mo had nothing to say...

Ye Qianli stood up and bowed to him, "" Thank you, Headmaster, for your warning. I am also grateful for your love. I dare not say that I will not be a burden in this trip to the Polar Ice Land, but I will do my best to take care of myself. I hope that you will fulfill my wish. "

She didn't say why she had to go and admitted that she wasn't strong enough, but she was even more determined to go with them.

No matter what, this was the purpose of her coming to the Genius Academy, the purpose of her exposing all her trump cards. Even if she wanted to go, she had to leave in one piece.

In that case...

"Since you've already taken this spot, do you think I'll go back on my word? Go, go, all of you." A certain dean could only helplessly say.

But then again, he had never expected that Black Tortoise and the others would be so useless. It was fine if they could not deal with Rong Mo. After all, it was not embarrassing. He did not expect that they could not even deal with Rong Mo's little fiancée.

It seemed that Black Tortoise's group was getting weaker and weaker. Their unorthodox ways were getting more and more outstanding...

"Thank you, Headmaster." Ye Qianli, who had received his promise, thanked him once again. She knew that Rong Mo had asked her to join the team so that this "unlucky" principal would protect her with all his might.

Knowing Rong Mo's intentions, she was willing to express her determination so that the headmaster would have no choice but to protect her. If he could protect her more carefully, that would be even better.

This was probably the reason why Rong Mo had asked her how many celestial phenomena she had seen. It was also the real reason why he had wanted her to make a scene. After all, as the dean, this old man would definitely protect the top geniuses in his own academy!

"Alright, there's no need to buy any more. You ... He must have been led astray by Rong Mo, so I won't talk to you anymore." The dean, who was also clear-minded, waved his hand and stood up.

However, he did not leave immediately. Instead, he sized up the two little ones meaningfully before saying, "You guys rest well too. We'll set off at midnight."

Ye Qianli was speechless. Why did she feel that there was a deeper meaning behind these words? Or was her brain more impure? However, she definitely wouldn't answer.

"Yes." But Rong Mo took it?

"You brat..." A certain dean glanced at Rong Mo, his favorite student. He really couldn't imagine how this kid could be so tense.

He had already teased him like this, but why was this kid still feeling a little embarrassed?

Sometimes, he couldn't help but wonder if this was really an eighteen-year-old youth. Why did it feel like he was even more composed than a hundred-year-old old guy like him?

However, even though he was lamenting, the dean, who was indeed a little weak, did not stay any longer and left. After all, he still had things to arrange before he could rest, so he did not have much time left.

After he left, Ye Qianli also felt that it was time for her to leave. Just as she was about to stand up and bid farewell, Rong Mo stood up as well.

"?"Ye Qianli, who was about to leave, didn't know how to react.

However, Rong Mo had already walked out of the door. Seeing this, Ye Qianli subconsciously said, ""Isn't this your house? I have to leave, right?"

Upon hearing this, Rong Mo, who had already walked to the door, could not help but stop in his tracks and look back at her. Seeing her silly look, he could not help but wonder if the person who had talked to the director about being classy just now was not her.

" My dormitory has been tidied up. I can go back now. I don't have to occupy your bed anymore. I'll come back to find you before midnight, right? " However, Ye Qianli, who didn't feel that there was anything wrong with her, walked up to Rong Mo and explained.

Rong Mo raised his eyebrows slightly when he heard that, but said, ""You still want to occupy my bed?"

"No, I'm leaving now." Ye Qianli looked innocent. She meant that she was leaving and he didn't need to give up the room. Was she not clear enough?

"It's fine if you don't want to leave. I'm going to find Xiao Bai." Rong Mo said.

In other words, he stood up not because he wanted to give up the house, but because he was prepared to leave with her. In the end...She was thinking too much.

".."Ye Qianli was embarrassed. How could she know that was what he meant?

However, Rong Mo still wanted to escalate the awkwardness by asking, ""What's wrong with your brain? Sometimes it's like a fairy, sometimes it's like a short-circuit. Could it be that your intelligence has always been on the line in this trip to the Arctic Realm?"

"!"Ye Qianli, who was obviously being looked down upon for her intelligence, immediately raised her eyes and glared at him. For some reason, she blurted it out! God replied, " That's because I was kissed silly by you! "

Chapter 153: Sweet and Su Interrogation (1)

Ye Qianli was stunned by his words, and Rong Mo was also...This time, he was also successfully rendered speechless by her rebuttal. He did not know how to reply to her and only raised his long eyebrows at her.

".."Ye Qianli didn't know why she had responded to this question on impulse, but she felt refreshed after being dumbfounded and praised herself for her excellent reply!

Isn't that so? Why did he kiss her? But he didn't let her kiss him! Well ... Although this question had nothing to do with IQ.

But who cares! In any case, he had nothing to say after being refuted. That was right.

Thinking of this, Ye Qianli stared at Rong Mo with an even more righteous expression, as if it was all his fault that she was so stupid! There was nothing wrong with it.

"So you're saying that I'm not allowed to kiss you on the way to the Extreme Ice Realm? So that you can keep your IQ online." Rong Mo was also a weirdo. He could actually follow her logic.

"Of course not." At this moment, Ye Qianli, who had no concept of logic at all, naturally denied it. After all, she didn't think that her intelligence was not online, so she wanted to continue to explain that her intelligence was always online.

"So you want me to kiss you again?" Rong Mo asked.

".."Ye Qianli was a little confused. Her mind was already in a mess, and now it was even more chaotic. What was going on?

"Hmm?" Rong Mo still wanted to tease her.

However, his teasing " hmm " made Ye Qianli, who was originally in a mess, suddenly understand and straighten out her logic.

Ye Qianli immediately understood that the beautiful prince standing in front of her was flirting with her! Hmph hmph hmph hmph ...

However, judging from her clear eyes, Rong Mo, who had regained her intelligence, still raised his eyebrows and looked at her, as if he wanted to see how she would respond.

And the result?

Before Rong Mo could react, his little fiancée, who was standing in front of him, had already wrapped her arms around his neck and even tiptoed to kiss him on the lips.

He was caught off guard and was kissed by her.

When he opened his mouth again, he heard her giggle beside his ear. "Your Highness, you just like me, don't you? You don't want to admit it, and you don't want me to kiss you, but I still kissed you."

However, just as she finished speaking, her little face, which had been pinched many times, was pinched again, and it was still not light! It hurt so much that Ye Qianli wanted to break free and run.

However...

Rong Mo, who had already grabbed her waist and held her in his arms, could not let her escape so easily. Naturally, he squeezed her hard and looked down at his angry little fiancée. "Do you still dare?"

"!" Ye Qianli felt her face go numb again. At this moment, she looked like a coward who dared not to speak out. After all, she did not surrender in her heart! However, she was afraid of the pain since her face was pinched and she could not escape.

It really hurt...

This bastard Crown Prince! Why did he always pinch her face and bully her? He had already kissed her, why couldn't he be more gentle? She wanted to break off the engagement! Break off the engagement!

"Do your eyes still hurt?" But at this moment, Rong Mo suddenly changed the topic and asked. The hand that had been pinching her face viciously also caressed her right eye.

Ye Qianli was speechless. Was this a pinch and a candy?

"Hmm?" Rong Mo, who could not get an answer, asked again.

Ye Qianli wanted to ignore him, but his black eyes were staring at her without blinking. She couldn't help but answer honestly, "A little."

".." Rong Mo did not say a word, but he continued to stroke her right eye with his thumb.

"Do you like this eye of mine that much?" Ye Qianli asked.

"Yes." Rong Mo also admitted it straightforwardly and asked, " Was it born like this? "

Ye Qianli was stunned by the question. She thought about it carefully and was not sure if it was the same in the past. It was just that the original body did not notice it. She could only vaguely answer, "I think so."

"You don't know?" Rong Mo asked.

"I might not have paid much attention to it in the past. Anyway, I only used it not long before I awakened my talent." Ye Qianli replied and touched her right eye. She felt that she was born like this. Otherwise, could it be because she had reincarnated?

"When Imperial Physician Jiang diagnosed you, he said that both your kneecaps were broken, and seventy to eighty percent of your ribs were broken. Your meridians were in disorder, and your cultivation was scattered. However, other than internal injuries, all your bones have been corrected. I think you did it yourself. You're not afraid of pain." Rong Mo continued.

"I'm afraid! I'm afraid. I have no choice." Ye Qianli quickly replied, but she suddenly felt that there was something wrong with her words! There was a trap!

"I see that you're quite good at holding on. Also ..."

"Your Highness, Your Highness!" Before Rong Mo could say anything else, Ye Qianli called out to him repeatedly. She had a feeling that if he continued to speak, he would be in trouble.

"Yes." Rong Mo agreed and didn't continue to say what he had just said. However, his grip on her waist tightened.

Ye Qianli was speechless. It was over! Why did she feel that this beautiful prince did not like her, but was interrogating her again? Did she give herself away?

Seeing that she didn't say anything, Rong Mofu asked again, " What do you want me to say? "

"Ha..." Ye Qianli smiled foolishly. She felt like she had escaped, so she changed the topic. " I want to say that since we are leaving at midnight, I should go back and rest. What do you think? "

Rong Mo knew that Ye Qianli was avoiding him, so he let go of her waist and nodded, ""That's right. You go back first. I'll go find Xiao Bai."

"Alright, alright, alright..." Ye Qianli left immediately! The speed at which she left was definitely extremely fast, but the faster she ran, the darker Rong Mo's eyes became.

However...

"Sou!" Ye Qianli, who had just left the courtyard, suddenly ran back to Rong Mo with a pale face. Rong Mo's dark eyes narrowed.

"Your Highness, don't mention what happened that day again. I don't want to mention it again." Ye Qianli said to Rong Mo seriously.

After she said that, she ran away again. Her speed was still very fast, which made Rong Mo a little confused.

Because her behavior was obviously very normal. After all, what she had experienced that day was just like what he had experienced. It was a little unbearable to recall.

In fact, as a woman, she would definitely feel even more embarrassed if she explained it in detail. Moreover, it was said that the clothes on her body were torn apart at that time. Could it be...

"!" Rong Mo recalled Ye Qianli's pale face when she came back and told him not to mention what happened that day again. He couldn't help but wonder if she had been...

Chapter 154: The Truth Is Right Before Your Eyes!

Thinking of this, Rong Mo had already stepped out of the room! However, he only took two steps before he stopped. For the first time, hesitation appeared in his eyes, as if he was hesitating whether to chase after her or not.

While he was hesitating, Ye Qianli ran back to her own courtyard and closed the door! Lock the door, and then...

"You scared me to death!" Ye Qianli, who was leaning against the door, heaved a sigh of relief. She patted her chest to calm her heart, which was beating too fast. She felt that it was really dangerous just now! It was even more "exciting" than when she was at the bottom of the Fire Abyss.

It was so stimulating that she still felt a lingering fear. Her legs were a little weak, and her heart was beating wildly. It was simply scaring her to death.

Almost! Just a little bit more and she would not have been able to react in time and only cared about escaping! Fortunately, she was a quick-witted person and could quickly go back to make up for what she had said.

But even so...

"I wonder if he believes me?" Ye Qianli was still not confident. She just felt that this beautiful prince was really difficult to deal with! Didn't he no longer suspect her? Why did they suddenly start a surprise attack and interrogate her?

What exactly went wrong?

..

Ye Qianli couldn't figure out what she had done. Then, there was only one possibility.

"I'm afraid the intimacy from before made him feel a little familiar?" Ye Qianli covered her lips and right eye. She felt that if there was really a problem, it must be here.

Otherwise, everything would have been fine before! How did it get interrogated?

"It must be." The more Ye Qianli thought about it, the more she felt that there must be something wrong here. Little did she know that she had always been Rong Mo's suspect.

Not long ago, Rong Mo's "attack" and the intimacy just now were the two main reasons for him to "act up" and interrogate her again.

However, Ye Qianli's current understanding was actually correct. Regardless of whether it was correct or not, she had already guessed it in her heart and felt that...

"Looks like I have to stay away from him in the future. This engagement must also be canceled." Ye Qianli muttered in her heart, but she felt very uncomfortable.

Ye Qianli knew that the reason for her discomfort was probably because she really liked Rong Mo, the perverted prince.

Otherwise, she wouldn't have covered his eyes and prevented him from watching the erotic dance. She wouldn't feel nervous when she was alone with him in the room. She wouldn't feel like a little deer in her arms when she looked at him. She wouldn't feel like she was electrocuted when he kissed her. No...

Now that she thought about it carefully, Ye Qianli realized that she had fallen for Rong Mo unknowingly. However, she had no idea when it started.

Perhaps it was the first time she was attracted to him. Perhaps it was because he came to climb through the window that night that she was attracted to him. Or was it because she had started to fall in love with him when she was in the fire abyss?

"That's why the ancients said that there's a knife in the head of a lustful character. They're not lying to me." Ye Qianli covered her forehead. No matter how she thought about it, she always felt that she was "attracted by women".

But there was nothing she could do. He was indeed good-looking! He was handsome in every aspect, so much so that even if he had a bad temper, she liked him.

However, no matter how much she liked him, she couldn't like him anymore. After all, her life was more important! However, even though she thought so, her heart still felt a little sour and uncomfortable.

This feeling made Ye Qianli take a deep breath, then she patted her forehead and wanted to say to herself, ""It's not a big deal. Isn't it just a small breakup?"

But...

"Knock, knock!" There was a knock on the door, and then Rong Mo's voice rang out, "Ye Qianli, open the door. "

"Bang!"

Hearing that, Ye Qianli slapped her chest with one hand! He felt as if his heart had been squeezed by someone, and he could not breathe at all.

Why is he here?

Why did he chase after her?

Then ...

This ...

God ...

What was she going to do?

At this moment, Ye Qianli was completely dumbfounded! She had no idea how to respond to Rong Mo, who was standing outside the door.

Her flustered reaction naturally made the Magic Box, who had already vaguely sensed that something was wrong, ask in the bullet screen, ""Idiot, what's going on with you?"

“..”Ye Qianli, who was completely dumbfounded, naturally did not give any response.

"Idiot? Idiot! What happened to you?" The magic box couldn't help but jump out to " look " at Ye Qianli, only to see her dumbfounded! And his face was pale. He knew that there was definitely a problem.

Therefore, the magic box was very straightforward! Rong Modun, who was outside the house, knew that Ye Qianli didn't want to see him.

Rong Mo retreated from the door, but he did not leave. Instead, he stood in the courtyard and stared at the door for a long time.

It was not until Little White Meow had gone back and found that he was not there that she saw him walking out of Ye Qianli's yard.

Little White Meow, who did not know that something big had happened, wanted to jump onto Rong Mo's shoulder. However, just as it was about to jump out, it noticed that something was wrong. It realized that there seemed to be something wrong with its little Momo's expression.

Looking at the courtyard he walked out of and the house in the courtyard...

"Meow?" Little White Meow scratched its little head in doubt. After thinking for a moment, it scuttled towards the small house. It felt that it had to take a look.

As soon as it dashed over, it squeezed into the room through a small gap with a creak, completely ignoring the magic box's shielding! It was so shocked that it noticed its magic box and immediately...He slipped back into Ye Qianli's sleeve.

"Meow?" Little White Meow didn't chase after the magic box. Instead, it jumped onto Ye Qianli's bent knees and looked into her eyes.

"!?"Ye Qianli was obviously startled when she saw it. Then, she came back to her senses and patted its little head. She murmured, " Rong Mo asked you to come in, right? " Tell him that I want to rest and don't want to...See him ..."

"Meow?" Little White Meow looked at Ye Qianli with a grave expression. She felt that Little Qianli was very strange! It was very inappropriate. Could it be that his little Mo Mo had let her down? Or did he scold or bully her?

Thinking about it this way!

Before Ye Qianli could react, Little White Meow had already run away and chased after Rong Mo! However, when it caught up with Rong Mo, who had returned to its courtyard, it did not even ask anything.

Rong Mo had already scooped it up and brought it in front of him. He took out two handkerchief and placed it in front of him."Can you smell it? Does the blood aura on it belong to the same person?"

Chapter 155: Liking Her, My Heart Is in Disarray (1)

"Meow?" Little White Meow, who had been asked a question first, was a little stunned, but ... Hmm? Wait a minute ... Didn't the blood on these two handkerchief belong to Little Qianli?

Although the aura was a little different, one had the aura of the Nine Heavens Obsidian Flame while the other did not, but they both had the aura of Little Qianli.

"Meow?" Little White raised its head and looked at Rong Mo with an expression that said, " Why are you asking this question? "

"Don't ask too much. You just need to confirm if it's the same person's blood." Of course, Rong Mo wouldn't tell Little White the exact reason for his question.

Little White Meow was speechless. Why did it feel that there was an unspeakable secret behind this question and these two handkerchief? If it answered truthfully, would it harm Little Qianli?

"?" Little White Meow smelled the two scarves in front of it and fell into deep thought. Then...After a long time, it looked up at Rong Mo.

Seeing its expression, Rong Mo could not help but ask in a tense voice, ""How is it?"

".." Little White Meow shook its head.

Rong Mo raised his eyebrows in disbelief."Not alone?"

".." Little White continued to shake its head and stared at Rong Mo.

Rong Mo's brows naturally furrowed together as he asked solemnly, ""Are you absolutely sure that this blood doesn't belong to the same person?"

Little White Meow hesitated for a moment, but when it thought about Little Qian Li's expression just now, it finally nodded. It always felt that if it was a person, Little Qian Li might be miserable.

"In that case, it really isn't her." However, Rong Mo's brows furrowed even more tightly. Little White Meow saw that Rong Mo's clenched fists had loosened at this moment.

However, looking at his expression, he was very "worried"? Was he relieved or not? For the first time, Little White Meow felt that its brain was a little lacking!

However, it had no intention of changing its mind because it had analyzed the bloodstains on the two scarves. It was obvious that the bloodstain without the aura of the Nine Heavens Obsidian Flame had stained the handkerchief earlier than the bloodstain with the aura of the Nine Heavens Obsidian Flame.

Based on its understanding of Little Mo Mo, the owner of the blood handkerchief must be very important to him! He was the key person in the investigation, and he suspected that it was Little Qianli.

After all, with the blood of the Nine Heavens Obsidian Flame, Little Mo Mo would definitely know that it belonged to Little Qian Li! Then what was it? This was hard to say.

However, Little White Meow thought about the blood on the handkerchief at the beginning. It was almost the same as an ordinary person without cultivation. At that time, Little Qian Li should not have done anything to harm Little Mo Mo. Could there be some misunderstanding?

"What exactly is it?" Little White Meow stared at the two scarves and then at Rong Mo, who was in a daze. It scratched its head in distress.

It felt that it had to figure out what was going on before it could decide whether to tell Little Mo Mo the truth. Otherwise, it would be difficult to make a decision just by looking at their reactions.

From Little Qian Li's expression, it seemed like she didn't want anyone to know that she was the same person. It looked at Little Mo Mo's expression again. It seemed that it could not accept that it was the same person, but it could not accept that it was not the same person?

Aiyaya! How conflicted...

"Meow..." Little White Meow felt its head hurt from thinking about it so much that it jumped in front of Rong Mo and asked him with question marks in its eyes, "What was going on? What was this handkerchief about?"

However, Rong Mo naturally would not tell it, as this concerned his innocence...The blood on the handkerchief was the only evidence he had obtained at the crime scene.

That person was "experienced" and handled the scene quite "cleanly"! If it wasn't for the fact that this drop of blood was...

Rong Mo thought back to the past and realized that the person was not Ye Qianli! No one knew who it was, but his frown deepened and his tone became even colder. "Don't ask anymore."

"Meow?" Unfortunately, Little White Meow was very brave. It did not give up and gestured with its paws. With an expression, it asked, "Then do you want it to be Little Qianli's blood?"

Rong Mo was speechless.

"Meow?" Seeing that he didn't answer, Little White Meow looked at him with a questioning gaze. "Is that so?"

Rong Mo was speechless. Isn't it?

Rong Mo frowned when he was questioned again and again. He realized that he had never thought about this question because he had always suspected that it was Ye Qianli. He just needed a final conclusion.

"Meow?" When Little White Meow realized that he was thinking, it continued to ask questions. Rong Mo had no choice but to look up at it again.

At this moment, Little White Meow changed the question with its claws and eyes. " Do you like Little Qianli? "

Rong Mo was speechless. Isn't it?

Ye Qianli had asked this question several times, but he didn't answer. But he knew that he...

"Knock, knock, knock!"

Rong Mo, who was thinking about the problem, suddenly heard someone knocking on the door. Before Little White could react, he had already stood up to open the door!

The speed was so fast that Little White was speechless.

"Squeak-"

When the door opened, Rong Mo frowned and saw that the person who came was not the person he wanted to see. He was so confused that he did not notice that the person who came was not the one he wanted to see. He even thought that the little leopard had returned.

Junior Brother Rong, why didn't you invite me in? " Ye Shang, who was standing outside the door, was obviously surprised and delighted. She had not expected Rong Mo to open the door personally and so quickly! It was as if he was waiting for her to come.

Unfortunately, she was definitely thinking too much because Rong Mo had already said coldly, ""What's the matter?" In other words, if there was nothing else, please leave.

Ye Shang was speechless.

Seeing that she did not say anything, Rong Mo obviously lost his patience. He took a step back and looked like he was about to close the door. Ye Shang hurriedly said,"Wait a moment!"

Afraid that Rong Mo wouldn't wait, Ye Shang quickly said, " I just wanted to tell Junior Brother Rong that I will be going to the Extreme Ice Realm as well. I wanted to ask if you need anything. I'll bring it with me when I pack my luggage. "

As soon as she said that, Rong Mo stopped in his tracks and said coldly, ""Why are you going too?"

"I..." Ye Shang almost blurted out, " Why can't I go? If Ye Qianli can go, why can't I? "

However, she resisted the urge, but she didn't know how to answer him. She couldn't tell him that she was more moved by the tenderness he showed when he kissed Ye Qianli, so she ran back to her father and begged him to take her to the Ice Realm.

However, she did not answer. Rong Mo did not wait for her either. He turned sideways and walked out of the house. He even closed the door behind him and left without looking back.

This ...

"Junior Brother Rong, where are you going?" After Ye Shang was slightly stunned, she could not help but turn around and ask. She felt that something was not right with Rong Mo today! Although he was usually neither cold nor warm, he would never be so rude.

Chapter 156: Set Off for Black Tortoise!

Where did Rong Mo go?

"Bang!"

A certain hospital director who had just finished making arrangements quickly found out about it because Rong Mo had already kicked open his door and walked in angrily.

"..The director, who was clearly implicated, stared at Rong Mo who had " barged " into the room in confusion. He had no idea what had happened.

But Rong Mo?

Once he entered the room, he didn't say what was going on. Instead, he said coldly, " Ye Qianli and I will set off first at midnight. You and your men can leave on your own. "

"What's going on?" The dean was a little stunned. Didn't they already agree on this? Besides, he was willing to go with them because he was taking care of Ye Qianli and him! This little rascal didn't know what was good for him!

Rong Mo looked at him coldly. Seeing that he really didn't know what was going on, Rong Mo suppressed the anger in his heart and his expression became slightly better.

However, the dean said that he was also a person with a temper. He immediately slammed the table and said,"What happened? Explain yourself."

"President Ye's daughter is also traveling with us. Don't tell me you don't know?" Rong Mo sneered coldly, as if he was saying that he didn't know who had said that he wouldn't bring a child with him. In the end, he had brought one with him. He had slapped his face.

"President Ye's daughter? Ye Shang?" The dean was really a little stunned because Ye Shang was definitely not on his list! Definitely not.

However, Rong Mo continued to mock him, "" Looks like you don't know yet. It's a pity that your brother has already made arrangements for you. Perhaps your Ye family will be leading this trip, and the leader will be your president's brother. "

"Shut up! Believe it or not, I'll slap you." The director was instantly furious. He was so angry that he wanted to hit someone! This kid actually dared to talk to him like that. Really ... Too much!

Too impudent!

"Let's go out and fight." When Rong Mo heard that, not only did he not go easy on her, he even stood up and provoked her. It was obvious that he was here to pick a fight.

"You..." The dean was a little stunned again. After all, he was just going to talk. Why would he really want to slap this kid? He couldn't bear to.

"Are you going or not?" However, Rong Mo did not slow down at all. His disdainful gaze was also full of provocation. Seeing this, the dean slammed the table and prepared to accept the challenge.

"Slowly! Wait, what's wrong with you two? I can feel the strong smell of gunpowder from next door. What are you fighting for? Aren't you going to set off at midnight? Aren't you going to rest quickly in your current state? What was there to fight for?

Are you so bored that your balls hurt? Ah! "Ah!" The Vice Director had been alerted when Rong Mo kicked the door open and rushed over to save the situation.

".."

The old man and the young man, who were interrupted, had cold expressions on their faces. One of them blew his beard and glared at the other, while the other sat back on the chair and ignored each other.

The vice president, who was the peacemaker, found it funny, but he still walked over to his brother and patted his shoulder. He said earnestly, "Alright, you're already over a hundred years old. Why are you still exploding at the slightest bit?

You don't understand Rong Mo's personality very well! Do you still like him very much? He's just like that. He'll go against you if you don't like him at all. You're already so old. Why are you still fussing over him? How can you be so shameless?"

"..The hospital director felt bitter in his heart. Why did the older ones have to give in to the younger ones?"

"And Rong Mo, where did you get bullied? You actually didn't dare to go back and even came to the dean to vent your anger. You're really something. Don't you know that to your teacher, the Ye family is a joke that can't be mentioned! Hurry up and apologize." At this moment, the vice director naturally had to lecture Rong Mo.

However, what he said was really on point. Rong Mo was just "angry" and had nowhere to vent it! Coincidentally, Ye Shang had sent such a good punching bag like the director over, so of course he came over.

"Puff!" Upon hearing Rong Mo's words, the director was amused even before Rong Mo could apologize.

Because he realized that Rong Mo looked like he had been angered, and he couldn't vent his anger back! That was why she came to provoke him.

"Hahahaha..."

Thinking of this truth, the dean was even happier. He couldn't help but laugh out loud and say, " Alright, kid, tell me! Where did you get bullied? Don't tell me it's with your little fiancée? Were you too horny and got beaten up? Hahahahaha..."

"What's going on? What do you mean by lust?" When the associate hospital director heard the first part of the sentence, he still felt that it was normal. However, when he heard the word "horny", he immediately became interested.

Rong Mo was speechless.

"Hahaha! Look at his angry face, but he doesn't dare to say anything. I guess it's 80%. Old Bai, you don't know, I ..." The more the dean looked at Rong Mo's cold face, the more he felt that his guess was right. He immediately started to talk non-stop.

"Shut up." Rong Mo, however, would not allow him to speak. He stood up and looked like he was about to fight again. This amused both the director and the deputy director.

"Alright, I won't laugh at you anymore. I'll also forgive you. However, if Ye Shang wants to go, you don't have to worry about this matter. Let Ye Donglin take responsibility for it." The dean didn't really continue gossiping, but his tone became colder as he spoke, especially when he said, " Let Ye Donglin take responsibility for himself. " It was so cold that it was terrifying.

"Aren't you going to stop it? Ye Shang is a good kid, but this trip is not suitable for a little girl. Ye Qianli is enough to worry me. " The vice president disagreed.

"Ye Donglin desperately wants a Divine Inscriptionist to appear in the Ye Clan. Ye Shang's mental strength is still passable, and the Extreme Ice Realm is also extraordinary. How can he be satisfied if he doesn't seek death?" The Headmaster said.

".. "The associate hospital director stopped talking.

Rong Mo's brows were tightly knitted together, but he seemed to have thought of something and his brows suddenly relaxed. He even said in a very friendly tone, " That's it then. "

"Tsk, why did you change your mind so quickly? Don't tell me you thought that with Ye Shang involved, your little fiancée would be jealous and send herself to you?" However, the dean had an expression that said, " I've been there before, I understand. "

Rong Mo's gaze turned cold again, so cold that the deputy director quickly changed the topic. " Then it's decided. It's good that we've talked things out. Go back to sleep! " Little Qianli needs you two to protect her, you have to bring her back in one piece."

"This student will take his leave first." Rong Mo probably felt that what he said made sense, so he did not waste any more time and left immediately.

However, when they set off at midnight, even though it was a dark night, when Rong Mo opened the door and saw Ye Qianli, he could still see that his little fiancée was a little dispirited.

"Your Highness, can we set off now?" As for Ye Qianli, her tone was obviously much more distant when she saw Rong Mo again!

Rong Mo furrowed his brows when he heard her tone. He could not help but reach out to grab her chin...

Chapter 157: Jealous Prince!

But when Rong Mo raised his hand, Ye Qianli was clearly one step ahead of him! He dodged backward, but he didn't let him succeed. This made his hand freeze in the air awkwardly.

"Meow?" Little White Meow, who was standing on Rong Mo's shoulder, felt that there was a huge problem. It couldn't help but pounce on Ye Qianli, who had her head lowered.

"!"Ye Qianli caught it immediately.

Little White Meow was able to stand in Ye Qianli's palm. It looked at Ye Qianli carefully with its pair of green eyes, which were filled with vigilance and nervousness.

So, what did Little Mo Mo do to her? He actually scared Little Qian Li to this extent, and she was still so wary of him after such a long time? It seemed that it was right to not tell the truth.

Otherwise, if Little Mo Mo found out, she would be so scared that she would run away! No way, how could he not take responsibility after sleeping with her? He even bullied her and ran away. No, no, this was too bad.

“ .. ”

In just a moment, Little White Meow had already thought of Rong Mo as a heartless man. It stood on the same side as Ye Qianli and jumped onto Ye Qianli's shoulder to hug and touch her. It even glared at Rong Mo.

Rong Mo was speechless.

" Your Highness, are you leaving? It's not good to keep the dean waiting for too long, right? " At this moment, Ye Qianli had calmed down and tried to explain in a normal tone.

“..”Rong Mo looked at her silently, making her even more nervous. He nodded and said, " Come with me. "

"Yes, Your Highness." Ye Qianli let out a sigh of relief. She was really afraid of him now. She wasn't afraid of him being perverted or evil, but she was afraid of his " intimacy ". She was afraid that she wouldn't be able to resist being seduced by him and would lose her life sooner or later.

Rong Mo didn't do anything else until he met up with the dean. Ye Qianli followed behind him obediently.

However, when the two sides met up, the situation started to get very strange!

This was because there was a little brother on the Principal's side! It was a very young man. The problem was not the young man, but Ye Qianli couldn't take her eyes off him.

“ .. ”

With such an opening, not only did Rong Mo's face turn black, even the dean, who was the leader, was dumbfounded! Ah! He didn't know that Ye Qianli was staring at a young man on his side.

"Cough! Cough..."

The Headmaster, who had no idea what was going on, could only clear his throat after a few fake coughs. He then asked his proud disciple, Rong Mo, in a very disgraceful manner, ""Qian Li, you're ... Do you recognize the son of my good friend?"

"..However, Ye Qianli didn't answer because she was extremely shocked! He was so excited that he didn't even hear the dean's question.

Of course, the reason wasn't because she knew the son of the dean's good friend! After all, other than Red Knife, Ye Shang, and a few others, it was impossible for her to know anyone other than the Vermillion Bird Dynasty.

However, Ye Qianli almost wanted to ask him, " Jon! Did you, did you also transmigrate?"

Too similar, really too similar! It was exactly the same.

Although it was dark and windy, Ye Qianli's cultivation was still good enough. She could clearly see the young man with light blue eyes standing not far behind the dean. He looked exactly like her old friend.

Was it...Could Jon have died in the war in the Iraq War Zone, and then had a fortuitous encounter like her and was reborn in this foreign world?

"I am Hua Qianfang. I don't think I have seen you before." However, Ye Qianli kept staring at him! The little brother, who noticed that something was wrong, stood up and asked politely.

As soon as he opened his mouth, Ye Qianli blinked and shook her head, ""I'm sorry, I mistook you for someone else." No, it wasn't him. It was wrong when he spoke.

The good friend who had fought alongside her and graduated from the same training camp would not be like this person in front of her, acting like a modest young master.

Her good friend was a ruffian soldier. He was usually a little off-topic and had a personality similar to Red Knife. He was also very kind and loyal. He had been running around in various war zones and was also a well-known good military doctor in the industry.

"It's fine, it's fine." Hua Qianfang, who had been mistaken, could only say that she was fine. However, he could vaguely feel that Ye Qianli was looking at him as if she was looking at an important old friend.

The dean glanced at Ye Qianli and didn't ask any more questions. He changed the topic and left after saying a few important words.

Ye Qianli didn't look at Hua Qianfang anymore. She followed Rong Mo. After all, other than the dean, she only recognized Rong Mo.

However, after walking for a while, Ye Qianli raised her head and saw a row of giant eagles with extraordinary auras! They were lined up in an orderly manner.

It seemed that the journey to the Xuanwu Extreme Ice Realm was too far, so they would have a common transportation tool-the magical beast Northern Plains Eagle.

The Northern Plains Eagle was born at the border between the Vermillion Bird's northern region, the Black Tortoise Dynasty, and the Genius Academy. It was the fastest among Tier 3 Magical Beasts! However, compared to other magical beasts, they were a relatively docile group.

There were a total of ten northern plains eagles. It seemed that there should be two people riding on one. Then, she and Rong Mo...Isn't that ...

As Ye Qianli was deep in thought, she heard Ye Shang's voice, " Junior Sister Ye, why don't you ride with me? I've chosen the most docile Northern Plains Eagle here. It's suitable for the two of us. "

"!?"Ye Qianli looked up and saw Ye Shang. She looked at Rong Mo in confusion.

Didn't they say that they wouldn't bring any burdens on this trip? Could it be that she was a burden, but this Ye Shang was not? But why did she feel that this Ye Shang was not very strong?

Rong Mo was in a bad mood, so he didn't respond to Ye Qianli. He just looked at the eagle coldly as if he didn't hear anything.

"Junior Sister Ye, what's wrong? Do you want to ride with me? Do you still have to act according to Junior Brother Rong's expression? Aren't you being too accommodating to his temper?" Ye Shang, who did not get a response, walked over and teased.

"Haha..." Ye Qianli also smiled hypocritically, and then...

Ye Shang grabbed Ye Qianli's arm and pulled her away, "" Stop laughing foolishly. Come with me. Let Junior Brother Rong sit on the eagle. Look at his cold face every day. He deserves to be alone, right? "

However, Ye Shang's actions did not catch Rong Mo's attention! However, Little White Meow could see that Little Momo's hands behind her back were clenched into fists unhappily.

Seeing this, Little White Meow couldn't help but clench its paws and think, ""If you're not willing, then quickly stop it! Stop him! Otherwise, your wife, Little Qianli, will be taken away by others!"

However...

Chapter 158: Hurry and Comfort Me (1)

Before Rong Mo could make a move, Little White Meow heard Ye Qianli's rejection. "Erm..." It's fine if I go with our Crown Prince. We still have things to discuss, so I'll go with you later."

As she spoke, Ye Qianli broke free from Ye Shang's grip and quickly moved towards Rong Mo.

After all, if her life was in danger, then she would definitely be more willing to be in danger on Rong Mo's side. She did not want to be schemed against by Ye Shang, alright? She was not brainless!

Her actions pleased Rong Mo greatly, so much so that he held her hand without a word and walked towards one of the northern plains eagles.

"..Ye Shang was left standing on the spot like a clown.

"I'm sorry, Senior Sister." Ye Qianli felt that this wasn't a good idea, so she quickly waved her hands to bid farewell. After all, she was the daughter of the president of the Divine Pattern Master Guild, so she couldn't offend her openly.

However, when she got on the eagle's back, Ye Qianli felt a little regretful. Rong Mo stared at her and asked, ""What happened to Hua Qianfang?"

"..Ye Qianli was speechless because it was hard to say. That person looks like a friend of mine from my previous life?

"Meow!" When Little White saw this, it meowed at Ye Qianli anxiously, which meant, "Hurry up and explain yourself. Why were you staring at me just now? Little Mo Mo is jealous. "

However, Ye Qianli didn't understand its meaning and only explained perfunctorily, "" I just noticed that his eyes are a little special. They're light blue and I've never seen them before. I'm just curious. "

Rong Mo didn't believe a single word of it, so he didn't say anything.

"Ha..." Ye Qianli felt awkward. But if she didn't say that, what else could she say?

"Meow..." Little White Meow was speechless. After all, it did not believe what Ye Qianli said.

" Alright, I admit that when I saw his eyes, I thought of Your Highness 'silver eyes. I lost my mind for a moment and stared at him. " Therefore, Ye Qianli had to express her sincerity. She felt that this would work. After all, flattery was the only thing that mattered.

"Meow?" Little White Meow believed it a little, but Little Ink had silver eyes? When did this happen? This wasn't good.

However, Rong Mo frowned and his eyes darkened."Can it be the same?"

"What?" Ye Qianli didn't know how to react. She thought about it for a while and realized that the noble prince was unhappy that she compared him to Hua Qianfang.

However, she also had a question about Hua Qianfang.

"Your Highness." Ye Qianli called out.

"Yes." Rong Mo raised his eyebrows and looked at her.

"What's the background of this Hua Qianfang?" Ye Qianli asked. He doesn't look very old. Why is he in our team? Is he very powerful?"

"What does it have to do with you?" Rong Mo asked.

Ye Qianli was speechless.

"Meow meow..." Little White Meow immediately covered its face and rolled on the eagle's back. It felt that Little Qianli's EQ was worrying. How could she ask Little Momo this question? He was really blind.

"Idiot, you've successfully angered your beautiful prince." The Magic Box couldn't keep quiet anymore and congratulated Ye Qianli.

Ye Qianli was speechless. What happened to her? She just asked a question.

"If you have the time to care about others, you should care about yourself first." Rong Mo said in a lukewarm tone. Then, he walked forward without waiting for Ye Qianli's reply.

"Then..." Ye Qianli wanted to say something, but she felt a jolt! Then, the northern plains eagle they were riding on had already flown up rapidly. She was so shocked that she quickly sat down to avoid being thrown out.

However, she still wanted to know who Hua Qianfang was. Forget it, she would ask when the beautiful prince was in a good mood. That would be fine, right?

..

At the same time, in Xuan Tianyan's room, Purple Spirit, who had just performed a striptease during the day, was kneeling on one knee in front of Xuan Tianyan. From the looks of it, she had been kneeling for a long time.

"Forget it. You weren't careless. It's just that Ye Qianli's strength is beyond the range of a Rank One talent. You can get up." Xuan Tianyan said calmly.

"Thank you, Your Highness." Violet Spirit stood up.

Xuan Tianyan looked at her for a long time before he said slowly, "I originally wanted to give you the position of empress after the matter was settled. However, now..."

"Plop!" When Violet Spirit heard this, she knelt down once again and said, "I am indebted to the Seventh Prince's favor. I have already obtained the recognition and respect that I wanted. I dare not have any more thoughts. I am only willing to continue serving His Highness."

Seeing that she was sensible, Xuan Tianyan nodded and said, "It is good that you understand. However, after today's matter, although the position of empress cannot be granted, but..."

"Your Highness." Violet Spirit once again interrupted Xuan Tianyan's words and kowtowed seriously. "The Violet Spirit was born into a lowly family. Even though she has already obtained the approval of the Grand Preceptor Manor, there is still an indelible criticism of her birth. Because the Violet Spirit knows very well that she will never be able to take the position of empress, and that she doesn't want anything else."

"You..."

"Your Highness, the Violet Spirit cannot choose her birth. However, no matter how hard she tries, she does not wish to walk the path of my mother. She is just like what the world says, a vixen. Please grant her wish." After Violet Spirit finished speaking, she kowtowed once more.

"..Xuan Tianyan stared at the "aide" who was kneeling on the ground with a graceful figure. Of course, he knew that although she was not born well, she was proud and did not want to be just a secondary concubine, but...

"Forget it. We'll discuss this matter in the future. The most important thing now is still the Extreme Ice Realm. Do your people have any clues?" Xuan Tianyan changed the topic.

"That Ye Rui has already entered my Xuanwu realm. I believe it won't be long before we can find some useful information." Violet Spirit quickly replied.

"Alright, this matter cannot be neglected. In addition, you should also pack up. A few days ago, there was a letter from the Extreme Ice Realm. The abnormal movement will be brought forward. We must set off immediately tomorrow." Xuan Tianyan instructed.

"Yes, Your Highness." Violet Spirit nodded and left Xuan Tianyan's room. She heaved a long sigh of relief and turned her gaze to a certain spot in the void. It was in the direction of Ye Qianli's dormitory.

Violet Spirit watched for a long time before leaving.

However, not long after she left, Xuan Tianyan began to summon people to give orders.

"Send a message back to the Imperial City, announce to the world that in a month, we will behead the captured commander, the Vermillion Bird Northern Region Lord, Ye Wuji. "

"Yes, Your Highness."

"Send a message back to the Imperial Residence. When Ye Qianli and Rong Mo enter Xuanwu City, give Ye Wuji's weapon, the Purple Extreme Mace, to Ye Qianli."

"Yes, Your Highness."

"Send a message to Second Master Gui. This Prince has something important to see him about."

"Yes, Your Highness."

Xuan Tianyan, who had killed three people in a row, stood up and looked to the northeast after giving the order. There were a few purple lights flickering in his eyes. "Ye Qianli, I didn't expect it to be you. "

..

Chapter 159: Why Didn't You Ask Me?

Ten days later.

Above the Northern Region King's Mansion of Vermillion Bird, a group of Northern Plains eagles flew over.

"General, bad news! Not good...Enemy attack!" Ye You, the deputy general of the Northern Plains Eagle, immediately lost his composure.

After all, the Northern Plains Eagles' auras were too powerful. It was as if they were all Tier 3 Magical Beasts!

If it was in the past, even if there were ten times more northern plains eagles! If there were a hundred of them, the Northern Region King's Mansion wouldn't be afraid. But now, they couldn't.

The Northern Region King's Mansion was no longer the same as before.

"!"Therefore, it was not only Ye You who lost his composure, but even the usually steady Ye Nan! At this moment, he looked like he was ready to fight.

The entire Northern Region King's Mansion was enveloped by a sense of danger. Everyone stared at the sky with their eyes wide open, ready to fight at any moment.

“ .. ”

Ye Qianli, who was falling with the eagle, saw the nervous Prince's mansion at first glance. She was both familiar and unfamiliar with this mansion, but now it was in ruins.

Not only were the buildings in the mansion destroyed like ruins, but even the hearts of the people had been destroyed to the point where they were afraid of war. Looking at the surroundings of the mansion, it was even more desolate and uninhabited...

However, the street where the Northern Region King's Mansion was located was once the most prosperous place in the Northern Region, the most densely populated street in Beiliang City.

Now, the North Street was deserted, and Beiliang City had "ceased to exist". The entire city was deserted. Other than the people from Lord Yuan's Mansion who were summoned back by Ye Fengtian, there was no one else.

Such a phenomenon did not only appear in Beiliang City. It was the same in the entire Northern Territory. There was almost no one there. Oh no, there were almost no living beings.

Even though Ye Qianli was mentally prepared, she was still shocked. This was not an ordinary war zone. It was like a place that had been bombed by a nuclear bomb.

"Everyone, get ready!" But at this moment, Ye Nan, who saw the eagle approaching, gave the order! Behind him, the few remaining soldiers of the Northern Territory drew their sabers.

Ye Qianli, who was still in a complicated state of mind, finally came back to her senses. Then, she jumped down from the eagle's back.

"!"Ye Nan's eyes widened when he saw someone jump down. His hand that was holding the knife was so tight that veins were bulging. He knew that the person who could control the Northern Plains Eagle was not simple.

However!

"Uncle Ye." Ye Qianli, who had jumped down, shouted.

This was crisp and clear! The familiar voice startled Ye Nan, who was fully armed and ready to fight to the death. Then, he saw Ye Qianli, who had already jumped in front of him.

"!.."

The soldiers of the Northern Territory behind Ye Nan naturally saw clearly at this moment that the person who jumped down was not an enemy! It was none other than their Young Miss, Ye Qianli.

"This subordinate greets Eldest Young Miss." Ye Nan did not say anything and immediately knelt down. The soldiers behind him were first stunned, then they also knelt down one after another.

Who among them didn't know? Not only was the Young Miss, Ye Qianli, a super talent who had awakened her first talent, the Seventh-Order Nine Heavens Mystic Flame, but she was also the new leader of the Celestial Wolf Army who had awakened the Celestial Wolf Flag! The future commander of the Northern Region Army.

However, even though they already knew this, they still felt a little dazed when they saw Ye Qianli, who they had watched grow up.

"Screech-"

However, the Northern Plains Eagle behind Ye Qianli told them the truth. The young lady in front of him still looked pretty and not much different from before. She was indeed very different.

The first mount was the tier 3 Northern Plains Eagle, how could this be the same as before? Furthermore, Crown Prince Rong Mo was also on this Northern Plains eagle.

There were many experts on the northern plains eagle that fell from behind! Ye Nan and the others did not need to guess to know the identities of these experts. They were definitely powerful talents.

Li-er, you're back. " At the same time, Ye Fengtian, who had been alerted by Ye You, was also excited to see his daughter and future son-in-law, the Crown Prince.

Ye Qianli saw Ye Fengtian as well, but her eyes narrowed unconsciously. It had only been a month, and Ye Fengtian, who had never had a single strand of white hair, had now turned white.

When she sensed it more carefully, she could sense that Ye Fengtian's cultivation base had completely fallen from the Mystic King realm to the mid-tier great mystic cultivator realm.

If this continued, Ye Fengtian would fall to the level of a Mystical Warrior in less than a year. In less than a year, he would become a "cripple" without any cultivation.

"Father, I'm back." Ye Qianli replied softly and walked to Ye Fengtian.

"Good, good!" Ye Fengtian nodded and said, "Let's go, let's go. I'll show you the courtyard you're staying in. I've already prepared it for you. Stay for a night before you leave?"

"We..." Ye Qianli wanted to say that they were on their way.

However, Rong Mo, who had already walked down from the eagle, interrupted her and said, "Alright."

"Your Highness." Ye Fengtian then remembered that he had not greeted his future son-in-law yet, so he cupped his fists and greeted him. However, there were still many people behind him. Moreover, all of them had extraordinary auras.

Ye Qianli raised her hand and introduced him when she saw the dean and the others. "Father, that's the dean of our Genius Academy."

"Principal?!" Ye Fengtian was stunned when he heard that. Although he had never met the principal of the Genius Academy, he knew that he was definitely an amazing person! He was one of the top super experts in the entire Four Symbol Land.

Now, this legendary dean of the Genius Academy was standing right in front of him and was brought to their residence by his daughter? This ... This ...

"Ye Fengtian greets Principal Ye." Ye Fengtian quickly greeted him respectfully. Ye Nan and the others also greeted the legendary Principal Ye excitedly.

"General Ye, nice to meet you." The dean, who was being greeted by the group, now had the air of a master. He nodded and clenched his fists in return.

After exchanging a few pleasantries, the dean introduced a few of them to Ye Fengtian, who then invited them to walk through the ruins.

When they arrived at the roughly renovated hall, Ye Fengtian said apologetically, "Li-er this child is also the same. He didn't even send a message saying that Principal Ye and everyone else were coming. Otherwise, this Ye could also speed up the repairs. Now, I can only make everyone suffer.

"General Ye is too polite." Naturally, the dean did not care about all this. However, he could not help but ask, "Are all the people in the territory really dead?"

"Nine out of ten people died in this chaos, and only ten percent survived. Not a single person survived in the four cities of Northern Liang, Western Zhao, Fengye, and Yudu." Ye Fengtian replied in a low voice.

"But why didn't we see any corpses along the way?" Hearing this, Ye Qianli asked the biggest question in her heart.

Rong Mo, who was standing not far away from her, raised his eyebrows and looked at her.

Chapter 160: Your Highness, I've Never Done Anything Wrong

"Not bad." The dean nodded in agreement. This was also the key point of his question. If they were really dead, why were there no bones?

In fact, this was also a major problem that all those who paid attention to the northern battlefield in the entire Four Symbols Land could not figure out! Because in the Northern Region, other than the soldiers of the Northern Region Army who died in battle, the rest of the people and living beings seemed to have disappeared into thin air.

"We haven't investigated this yet, but we can confirm that they have all died. Otherwise, where would they have gone?" Ye Fengtian could not give a specific answer.

"I heard that the Vermillion Bird God was killed when he appeared?" Ye Shang interrupted at this moment, causing everyone to look at her.

"Shang Shang, without concrete evidence, you can't listen to nonsense." President Ye even reprimanded him directly. At the same time, he looked apologetically at the principal leading the team.

After all, Ye Shang's words were clearly blasphemous to the Vermillion Bird Dynasty's guardian! The fact that the headmaster had come to the Vermilion Bird's northern region showed that he treated the Vermilion Bird and the Ye family differently.

"I'm sorry, General Ye. Ye Shang was just curious and spoke nonsense." On the other hand, Ye Shang, who was reprimanded, apologized immediately. She even looked at Rong Mo and explained, "Junior Brother Rong, you know that I really didn't mean anything by it."

However, Rong Mo did not respond. Ye Fengtian, on the other hand, said nonchalantly, ""Eh, what Miss Ye Shang said is not impossible, but just as President Ye said, without solid evidence, it's hard to say. However, everyone in the Vermillion Bird Dynasty believes in the god of our dynasty! They will only protect us, not destroy us."

"That's right. The guardians of the four great empires have always been the guardians of the entire empire. It seems that there are many strange things about this matter. Rong Mo, do you have any clues?" The hospital director immediately expressed his agreement and asked Rong Mo.

As the person with the highest cultivation base in the group, the dean knew very well that Rong Mo had not been idling along the way. He had often fallen behind quietly. He must have noticed something and had gone to investigate carefully.

"Ghost Witchcraft." Rong Mo, who was called out, only replied with four words and did not say anything else. However, these four words were enough to silence everyone!

After all, everyone knew what these words meant. They also understood that if those people really died without a corpse, only the Art of Witchcraft could do it.

"Everyone, please have some tea." In the end, it was Ye Fengtian who broke the silence. He invited everyone to have a sip of tea, and then everyone tacitly changed the topic and talked about something else.

Rong Mo had already left the stage, but Ye Fengtian realized that his silly daughter had no intention of attending to him. He could not help but say bluntly, "Li-er, quickly go and entertain His Highness the Crown Prince. "

Ye Qianli was speechless. Could she say that she didn't want to go? This beautiful prince was in a bad mood along the way. She was afraid that his eyes could eat her alive.

"Meow!" However, Little White Meow had already pulled her up from the chair. Everyone was looking at her, and she seemed to have no choice but to go out.

However, just as she was standing up, Ye Shang stood up as well and teased herself, ""Ye Shang was about to back out of the topic that the seniors were talking about. Coincidentally, I would like to ask Junior Sister Ye to bring me around."

Ye Fengtian was speechless.

He realized that he really didn't like this Ye Shang. You're a big girl, and you don't look stupid! Why are you so blind? Why did he have to go out and disturb the engaged couple?

In fact, Ye Fengtian was not the only one who felt that Ye Shang was acting a little weird. Many people present also felt that something was wrong, but...

President Ye was indeed Ye Shang's father. He immediately looked at Hua Qianfang and said, "" Go, Qianfang, come with us. You youngsters are fun. Go. "

Hua Qianfang, who was called out, stood up and said, "" That's a good relationship. To be honest, I can't sit still. Miss Qian Li, please show us around. "

The moment Ye Fengtian heard, he said, " Alright, alright. Li 'er, you can bring everyone around. Bring Ye Nan along too. After all, you were always cultivating in the past and rarely played outside. There are many places that you don't recognize. It's more convenient to let Ye Nan lead the way. "

Everyone present understood what he meant. He wanted Ye Nan to bring Ye Shang and Hua Qianfang out to play so that Ye Qianli and Rong Mo could have some private chat.

However, Ye Qianli didn't understand at all. She nodded and said, ""Father is right. There are indeed many places I don't recognize, but I won't get lost."

Ye Fengtian was speechless. How could his daughter be so silly? However, he couldn't say it too clearly. He could only chase her away."Alright, hurry up and go, lest you neglect His Highness the Crown Prince."

Only then did Ye Qianli lead Ye Shang and Hua Qianfang out of the hall. Ye Fengtian held his forehead as he watched her slow movements.

Thus, after the three little ones left, he sighed at the crowd and said, " I've made a fool of myself. "

Who would have thought!

"Hahaha..."

The dean immediately burst into laughter and said, " General Ye, it's really not easy for you. However, you don't have to worry. That kid Rong Mo is very smart! He will find a chance for himself, hahaha ..."

Ye Fengtian was speechless.|

Why did he feel that this dean was different from what he had imagined?

..

"Hua gongzi, which empire are you from?" Ye Qianli, on the other hand, did not chase after Rong Mo. She seized the opportunity to ask Hua Qianfang personally.

"I am not a member of the four empires. Our Hua family is considered an outsider." Hua Qianfang replied politely and did not say anything else.

However, Ye Shang added, " Junior Sister Ye might not know this, but the Hua Clan that Young Master Hua is from is a renowned clan of Divine Inscriptionists. Young Master Hua himself is also a third-ranked Divine Inscriptionist. He should have many things to talk about with Junior Sister Ye. "

As soon as she said that, Hua Qianfang's eyes lit up as she looked at Ye Qianli and asked for confirmation, ""Miss Qian Li is also a Divine Inscriptionist?"

"Haha, I'm not too familiar with it. I can only be considered half a Divine Inscriptionist." Ye Qianli thought that she could only inscribe one shen glyph, and her skill was still very weak.

However, Hua Qianfang found it interesting and asked with a smile, ""Oh? I didn't know that there was a 'half' Divine Inscriptionist, but I wonder how Miss Qian Li's 'half' is calculated?"

"It's just that I only know one Divine Inscription, I don't know anything else." Ye Qianli replied frankly, which made Hua Qianfang feel even more interested. After all, as long as one could understand shen glyphs! Not to mention, Ye Qianli was able to inscribe it.

However, Ye Qianli seemed to agree with what she said, as if she really thought that she was only half a Divine Inscriptionist. As a matter of fact, Ye Qianli did think so because Rong Mo had said so before.

But at this moment!

"Junior Brother Rong, take a look. Junior Sister Ye and Young Master Hua are indeed Divine Inscriptionists. Even if there's a topic to talk about, I can't get a word in." Ye Shang suddenly said with a smile.

Ye Qianli's heart tightened when she heard that. Then, she saw the beautiful prince who had come out a long time ago standing not far away from them and staring at her! Then, he even walked towards her...
