Chapter 161: Leave After Snatching Her, Flirting Her Little Fiancée (1)

"!"Ye Qianli suddenly felt that her breathing was not smooth for some reason. It was as if she had done something wrong, but she didn't.

She straightened her face and looked up at Rong Mo, who was walking towards her. ""Your Highness, I just found out that the Hua gongzi is also a Divine Inscriptionist. I would like to discuss with him, do you want to join us?"

However, Rong Mo didn't even look at her and only said to Hua Qianfang, " Apologies, Li-er is still young and doesn't know that the Hua Family's divine inscriptions have never been discussed with outsiders. I hope Young Master Hua can forgive me. "

Ye Qianli was speechless. This was awkward. She really didn't know that there was such a thing. Thus, she immediately cupped her fists at Hua Qianfang and apologized, " I'm sorry, I really didn't know that your Hua family had such a rule. "

However, before Hua Qianfang could respond, Rong Mo had already said, " Didn't I tell you not to ask too much? " Why aren't you obedient?"

Ye Qianli was unhappy and retorted, ""You didn't tell me clearly. How would I know?" She had asked him before, but he didn't tell her anything. Hmph!

In the end, Rong Mo, who had been rebuked, looked at her in a very good-natured manner. He nodded and admitted, " Yes, it's my fault. "

"!"Seeing this, Ye Qianli couldn't hold her anger. After all, the beautiful prince had admitted his mistake. She couldn't just hold it against him.

However, Ye Shang, who had wanted to watch the show, was a little confused. She thought that Rong Mo would be unhappy to see Ye Qianli and Hua Qianfang chatting happily.

But what was the situation now? Rong Mo didn't show any displeasure, and he even apologized for Ye Qianli.

However, before Ye Shang could understand, Rong Mo continued, ""If I'm not mistaken, Eldest Senior Sister and the Hua Young Master aren't outsiders. They should be cousins. Since Eldest Senior Sister wishes to study Divine Inscriptions, you can have a chat with the Hua Young Master."

"Oh? Biao Younger Sister Shang can study Divine Inscriptions now?" Hua Qianfang, who hadn't been able to speak up all this while, finally had the chance to speak up. However, he remembered that in the past few generations of the Ye Clan, there was only one Divine Inscriptionist, Principal Ye. It was a pity that Principal Ye didn't acknowledge him as a member of the Ye Clan.

Ye Shang, who was asked this question, was stunned again and again because she had not expected Rong Mo to say those words. Secondly, she could not study shen glyphs at all because she could not understand them at all!

However, since he had already said this, Ye Shang, who quickly regained her senses, could not help but say humbly, "I still can't, so I took the risk to follow you. I hope I can gain something in the Extreme Ice Realm. "

Then Li-er and I won't disturb the two of you discussing the Hua Family's divine inscriptions. " When Rong Mo heard this, he immediately replied as if he was waiting for Ye Shang to say this. Then, he pulled Ye Qianli away without saying anything.

"..Ye Qianli was led away without a word. She had no choice but to follow. Otherwise, would she stay behind to eavesdrop on the discussion of the Hua family's Divine Inscriptions?

Ye Nan, who had been sent by Ye Fengtian, saw that the Crown Prince had already taken their young miss away. Naturally, he hurried over to entertain the two people who were " left ".

..

As for Ye Qianli, she didn't dare to say anything along the way. She kept glancing at the beautiful prince, and she could clearly see that the prince was in a bad mood.

Although his expression was cold, Ye Qianli could still catch some subtle differences. For example, his lips were slightly pursed! This meant that he was not in a good mood.

Ye Qianli felt that she probably knew why he was angry, so she peeked at him again.

"Hehehe..." Ye Qianli quickly put on her signature guilty and embarrassed smile, then bravely admitted her mistake, " Your Highness, I know I was wrong. "

Hearing this, Rong Mo stopped in his tracks. However, he did not speak. Instead, he looked at her with raised eyebrows, as if waiting for her to continue.

Ye Qianli also noticed it, but she pulled her hand away. She wanted to save her wrist first before admitting her mistake. Who would have thought...

Just as she was about to pull her hand away, her wrist was held tightly! She wanted to struggle a little more, but her wrist hurt a little from the tight grip.

"Your Highness, " Ye Qianli quickly said, " I know I was wrong. I shouldn't have tried to find out more about others. "

"..Rong Mo didn't say anything, but he didn't loosen his grip on her wrist at all. Instead, it was getting more and more intense.

"Your Highness, Your Highness, it's true! I won't dare to do it again." Ye Qianli quickly admitted her mistake. She felt that this prince was trying to pinch her wrist as if it was her face.

Yet, she did not dare to resist! She really didn't dare to. She was afraid that if she resisted, she would be taught a lesson that would make her even more miserable. The main reason was that she was not as good as him, and she felt inexplicably guilty.

"You won't dare to do it again?" This time, Rong Mo raised his voice, but the strength in his hands did not decrease. In fact, he even increased it again.

It was so heavy that Ye Qianli instinctively wanted to struggle, but the pain was even worse. It was so painful that Ye Qianli felt like her hand was about to be broken.

"Your Highness, it hurts..." Ye Qianli looked at Rong Mo with a pitiful look.

Meanwhile, Little White Meow, who had been standing on her shoulder and " watching the show ", also threw a look at Rong Mo at this moment. It was basically saying, " It's almost done. "

Rong Mo narrowed his eyes slightly, but he also gave it a look that basically said, " You can get lost now. "

Little White Meow was speechless. What, was he burning the bridge after crossing it! However ... It was time to leave, but it couldn't do it by itself.

Before Ye Qianli could react, Little White Meow had already crawled into her sleeve pocket. It then disappeared with the magic box.

"Second fool, save me..."

Ye Qianli: "!? " She had no idea what was going on, and the magic box was taken away. She wanted to save the magic box, but Rong Mo was holding her!

"Little White likes your box. Let it play with it for a while. It won't lose it." Rong Mo, who could tell that she was worried, explained.

Ye Qianli then retracted her gaze from Little White Meow and the magic box. She felt that her wrist had loosened quite a bit. She heaved a sigh of relief and quickly pulled her hand back to avoid being pinched again! However, she could not move at all.

Not only that...

"!"

Ye Qianli's heart pounded as she felt her waist...Her waist was being held? Be, be ... She was suddenly pulled into the beautiful prince's arms.

This ...

Not good!

"Your breathing is very rapid, and your heart is beating very fast." Yet, Rong Mo still exposed all her changes at this moment, poking her...She...

"Why is that?" Rong Mo's voice continued to whisper in her ear. His seductive voice and his seductive aura almost made Ye Qianli fall for him.

She already knew that she liked him very much...He was still like this now! This ...

Chapter 162: Grandpa Is In His Hands!

"Hmm?" Rong Mo asked in a teasing voice.

She subconsciously opened her mouth as if she wanted to say something, but she could not concentrate and express what she wanted to say.

Yet, he still wanted to get close to her!

" Boom! " Ye Qianli had forgotten everything when he suddenly approached her. How could she remember to be careful? Be vigilant.

Then, a certain leopard with sharp claws and teeth became obedient. However, she could not maintain this obedience for long. She probed him and knocked his chin. She was mischievous and untamed, just like her nature.

And then...

"Hiss!"

The cunning Ye Qianli was pinched in the face.

“!”

Ye Qianli puffed up her face and glared at Rong Mo who was standing right in front of her. She even punched his shoulder with her fist.

This guy was always pinching her face. It was always like this, and it was on purpose! He was malicious and did not show any mercy to women. Don't think that she did not know.

“ .. ”

However, Rong Mo only stared at her quietly. He did not speak, let go of her neck, or stand up straight.

"Your Highness..." Ye Qianli felt that her brain was not working well!

"Yes." Rong Mo saw that she was scared again, so he responded calmly with a smile in his eyes.

"This ... It's not easy to talk like this, I ... We..." Ye Qianli wanted Rong Mo to let her go, otherwise, she would not be able to think straight.

"I think it's good. You should behave like this," Rong Mo interrupted.

Ye Qianli couldn't help but blurt out, " I'm not honest, I'm stupid. I can't even think normally, you ... " You ... Speak properly!"

"Pfft." Rong Mo couldn't help but chuckle. Ye Qianli, who had been scared out of her wits, was provoked by his words and said angrily, "You're still laughing!"

"Ye Qianli." However, Rong Mo called out to her.

Ye Qianli's heart skipped a beat as she heard him say seriously, "" Including the descendants of the aristocratic families living in our empire, there are only nine people in the Vermillion Bird Empire who are studying talent. "

“!”Ye Qianli was shocked.

After all, the number 'nine' that Rong Mo had mentioned was too shocking! This was because there were more than a thousand talents in the Genius Academy, but only nine of them were from the Vermillion Bird Dynasty.

To put it more accurately, the descendants of aristocratic families were not people of the Vermilion Bird Dynasty. They were most likely outsiders like the Hua family, a large family that did not participate in worldly conflicts.

However ...

"What about the Black Tortoise Dynasty?" Ye Qianli asked.

Rong Mo knew that she would ask this question and replied, ""Twenty-six."

"!"Ye Qianli's heart shook again! This was because there were almost twice as many people. Wasn't this too much? Or rather, their Vermilion Bird Dynasty was too weak.

"The White Tiger Empire has forty-two people, the Azure Dragon Empire has forty-eight people, and of the remaining thousand over people, half of them have lived in the Genius Academy District for generations, and the other half are direct members of the Divine Pattern Master Union.

The Hua Clan and the Ye Clan are the two clans that have been the presidents of the Divine Inscriptionist Union for generations. Back then, Blind God, who founded the Divine Inscriptionist Union, was none other than the ancestor of the Hua Clan. Hua Qianfang is the young master of this generation of the Hua Clan, a third-ranked Divine Inscriptionist with a fourth-ranked innate talent. She is thirty years old." Rong Mo added.

Ye Qianli was stunned! Only after a long while did he realize that the Four Great Empires weren't the rulers of the Four Symbols Continent. The Divine Pattern Master Guild and the Genius Academy were.

And this Hua Qianfang really had a great background! But he was actually 30 years old. She really couldn't tell. He felt like a little brother in his early 20s. Was he really 30 years old?

But wait!

"That's not right. Didn't they say that the Hua family doesn't discuss shen glyphs with outsiders? The Blind God's map is in the hall of the Treasure House. Everyone can comprehend it, right?" Ye Qianli suddenly thought of this question.

Rong Moqing narrowed his eyes when he heard that, but he replied in a normal voice, ""Everyone can comprehend it, but no one has ever comprehended the true essence of the Hua family's Divine Inscriptions."

Ye Qianli was speechless. She suddenly understood something.

After a long while, she looked at Rong Mo with lingering fear and said, ""If the Hua Clan were to find out that I might have comprehended the true essence of the Hua Clan's Divine Inscriptions, wouldn't it be disadvantageous to me?"

"What do you think?" Rong Mo responded and let go of Ye Qianli. He looked at her coldly, which made her feel even more guilty and scared. In that case, she really couldn't get too close to that Hua Qianfang in the future, let alone discuss shen glyphs with him.

Seeing that she had completely "understood", Rong Mo then raised his voice again. ""Do you understand?"

Ye Qianli nodded her head heavily. She had thought that it was no wonder Rong Mo had never mentioned anything about her joining the Divine Pattern Master Guild. It turned out that it was a huge risk!

Seeing that she agreed with him, Rong Mo said solemnly, ""Think about it again. How do we break the trap in Xuanwu City? Xuanwu Dynasty has announced to the world that they will kill Northern Region Lord Ye Wuji in 20 days when we enter Xuanwu City. "

Ye Qianli's pupils constricted! He looked at Rong Mo in disbelief and said, ""Isn't my grandfather not in his hands?"

Chapter 163: Working Together in Conspiracy with Xuanwu City!

Rong Mo didn't give an answer until Ye Qianli calmed down and thought it through. Then, she asked, ""He's trying to lure me into attacking again, right?"

"It's us." Rong Mo corrected him.

Ye Qianli's breath tightened and her expression became serious. She knew what Xuan Tianyan was up to.

Xuan Tianyan was indeed a scheming Boy! Previously, she had used her to kill Xuan Tianqi, and now she wanted to create momentum to drag the Ye family into a desperate situation.

After all, although she and Rong Mo were basically certain that her grandfather, Ye Wuji, was not in Xuan Tianyan's hands, they did not have any solid evidence! Now, the entire Vermillion Bird Dynasty, including the entire world, knew that Ye Wuji had been captured by the Black Tortoise Dynasty.

Xuan Tianyan dared to set up such a trap with such great fanfare. He must have the confidence to create an almost identical Ye Wuji on the day of execution.

Once "Ye Wuji" was killed! How would the real Ye Wuji return in the future? So ...

" He's betting that we'll definitely go and rescue them. As long as we make a move, even if we're here with the dean, he's a neutral party and can't make a move. They'll have a legitimate reason to kill us. " Ye Qianli analyzed calmly.

" That's right. In order to make you go and save them, we will definitely give you a big gift when we enter the city. We will make you believe that the person who was executed was your grandfather, Ye Wuji. " Rong Mo said.

Ye Qianli was speechless. With Xuan Tianyan's scheming mind! He would most likely give her another " big gift ", but he didn't know what it would be this time.

Last time, it was the Sky Wolf Flag. What about this time?

However, no matter what the " gift " was, she would definitely go and save him. She would at least go and confirm with her own eyes if that person was really not Ye Wuji.

After all, she could not be 100% sure that her grandfather was not in Xuan Tianyan's hands until she saw him in person. What if? What if...

Even if this kind of possibility was almost non-existent.

Moreover, since the announcement was about the execution of the Vermillion Bird's Northern Region King, Ye Wuji, she had no choice but to go! Moreover, she could not go there quietly, so she had to use her teeth! Teeth!

Therefore, Ye Qianli directly told Rong Mo, " Your Highness, I need your help. "

Rong Mo raised his eyebrows when he heard such an " impolite " request. However, he saw that she was already looking at him with a deep and bright gaze. It was as if countless flames were burning inside, ready to be released.

Rong Mo nodded subconsciously and said, ""Tell me."

Ye Qianli immediately asked, ""With Your Highness 'ability, you can arrange for someone to assassinate me at the gates of Xuanwu City without any trouble, right?"

When Rong Mo heard this, he frowned slightly and nodded. ""Sure."

" It's best if it's someone from the Xuanwu Dynasty's army who is loyal to the Xuanwu Dynasty. Arrange for them to be an hour before the execution. We'll enter the city at that time. " Ye Qianli added.

"I know what you mean. I'll make the appropriate arrangements. What about after that?" Rong Mo asked. He knew that his little fiancée wanted to strike first.

"After that, it will naturally be time to ask for interest from the Black Tortoise Dynasty." Ye Qianli said in a deep voice, but she looked around.

Rong Mo followed her and looked around. He knew that she was looking at the dilapidated Northern Region King's Mansion and the desolate Beiliang City. He had been to Beiliang City once, so he knew that it used to be very prosperous.

After all, the northern region had always been the region with the most cultivators among the four regions of the Vermillion Bird Dynasty. As the former center of the northern region, Beiliang City was not as prosperous as Vermillion Bird City, but it was not far off.

So ...

"I have already ordered Tian Er to lead thirty thousand Heavenly Cavalry troops to spread out and ambush inside and outside Xuanwu City. Do we need their cooperation?" Rong Mo asked calmly.

Hearing this, Ye Qianli's breathing quickened. She couldn't help but question, "'30,000 people can ambush in Xuanwu City? Are you sure?"

".."Rong Mo only looked back at her without saying a word.

However, Ye Qianli knew that she was asking another question. Since Rong Mo dared to say it out loud, he must be absolutely confident.

"I just can't believe it. After all, 30,000 people is not a small number. With so many cultivators suddenly appearing, the Black Tortoise Dynasty will definitely be very strict." Ye Qianli quickly explained to show that she wasn't doubting the prince's ability.

However, she did not know that the number of 30,000 people was Rong Mo's conservative estimate. In fact, he had ordered the 50,000 soldiers of the Sky Cavalry Army to disguise themselves and enter the Xuanwu Dynasty.

After all...

The Northern Territory was slaughtered!

The capital was attacked!

The Vermilion Bird Dynasty had almost been destroyed. As the Crown Prince, Rong Mo would never let it go. He had been planning a counterattack for a long time! Revenge.

Not only him!

The entire Vermillion Bird Dynasty was ready to strike.

..

At that moment.

"Minister Bai, send a letter of credence to the Xuanwu Dynasty. Tell them that I am willing to use half of the Northern Region to rescue the Northern Region King." Rong Feng, who was in Vermillion Bird City, immediately sent out his order after reading Rong Mo's secret letter.

"Yes, Your Majesty!"

"Prepare two secret edicts. One orders the Lord of the Western Desert to mobilize 100,000 troops into the northern territory to guard Beizhou City. Second, he ordered the King of Dong Hai to mobilize 150,000 troops into the Northern Territory to guard Great Yan City. These 250,000 soldiers will need to arrive within twenty days." Rong Feng said.

"Yes, Your Majesty..." However, Chief Bai hesitated this time, as if he wanted to say something.

Rong Feng saw it and naturally asked, "Minister Bai, are you worried that the sudden reduction of troops in the West Barren and East Sea regions will cause turmoil in the court?"

"Your Majesty is wise." Chief Bai was indeed worried about this, but what he did not understand and was most worried about was, "What arrangements does His Majesty have for the more important Beiliang City?"

"I will personally lead the Vermillion Bird Army." Rong Feng replied.

Hearing this, Chief Bai immediately knelt down and instinctively advised, ""Your Majesty, you must not!"

"Why not? In the past, the Black Tortoise Dynasty's Black Armor Army had already attacked my Vermillion Bird City. I wish I could personally lead the Vermillion Bird Army to kill them! Now I'm just going to Northern Liang, I'm already unwilling." Rong Feng said firmly.

"But..." Chief Bai wanted to say something.

Rong Feng interrupted him. "Since the war in the Northern Region was completely defeated, the Northern Region Army has only existed in name. Now, the Ye family has a successor. The Crown Prince and the Crown Princess have taken the lead and are going to Xuanwu City to restore my name.

As the Vermillion Bird Holy Emperor, how can I hide in Vermillion Bird City? I will personally guard the rear so that the children will have no worries and the Northern Region Army will be more motivated."

His words were sonorous and forceful! There was no rebuttal.

".. "At that moment, Chief Bai knew that he could not persuade Rong Feng anymore. However, he was still very worried about Rong Feng's personal safety during this trip to Beiliang City.

However, when he thought about it again, the Crown Prince should know about it, so he felt a little relieved. However...Rong Mo really did not know that Rong Feng was going to lead the Vermilion Bird Army to the City of Brisk in the north of Zhenbei.

After he finished talking about work, he suddenly said in a low voice, "I'm sorry about that day. I won't mention it again in the future."

Chapter 164: An Eye for an Eye!

"What is it?" Ye Qianli didn't react at all.

Rong Mo raised his eyes to look at her, and seeing her silly face, he frowned unconsciously. He then looked elsewhere and said, ""I asked you about that day because I was investigating something very important to me. I won't ask you again."

"!?!"

Ye Qianli finally understood what Rong Mo was talking about. Her heart tightened, and her breathing became uneven again.

Rong Mo, who seemed to have noticed something, turned back to look at her, making her feel even more guilty and nervous! She knew very well what Rong Mo was investigating! And she was the culprit.

Speaking of which, why was it that every time she was in front of him, she couldn't help but feel short of breath? The root of the problem was that she felt that she had let him down, so how could she be tough?

And now...

"You don't want to mention it, and neither do I. Just forget about it." Rong Mo could tell that she was nervous, but he didn't know that she was really guilty. He spoke in a casual tone.

Ye Qianli's eyes widened! She stared at Rong Mo in disbelief. She had ten thousand questions in her heart, but she did not dare to ask them out loud.

"..”However, Rong Mo did not say anything. After a moment of silence, he suddenly pulled her into his arms and gently rubbed the back of her neck as if to comfort her.

Ye Qianli’s brain froze when she saw this little action. She finally understood what was going on. Skill! It was over!

Rong Mo seemed to believe it. She was so " taboo " about what happened that day because she had been treated inhumanely. She had almost been raped by a woman and had almost " successfully committed suicide. "

She just did not know how long his trust would last this time. Would he suspect her again for some reason next time...She was still a little scared.

She called out tentatively, " Your Highness. "

"Yes." Rong Mo agreed.

" About that, you really don’t mind what happened that day? " Ye Qianli asked carefully.

When Rong Mo heard this, he tightened his grip on her waist. It was so heavy that the guilty woman’s breathing quickened. After all, her question was a double entendre.

After a while, Rong Mo replied, ""I do."

"!”Ye Qianli was even more nervous.

"Unfortunately, that pig killed him too quickly." Rong Mo said in a low voice.

Ye Qianli was speechless. What was the meaning of this?

"Junior Leopard."

"Hmm?" Ye Qianli didn’t understand what Rong Mo meant when he said " pigs are killed too quickly ", so she responded subconsciously.

Hearing this, Rong Mo’s eyes flashed with a smile, and his voice became gentler as he called out again, ""Junior Leopard."

"?”Ye Qianli suddenly realized that something was wrong. " Junior Leopard? " Speaking of which, he seemed to have called her that once before?

"Why aren’t you saying anything?" Rong Mo, who didn’t get a response, pinched her face. He didn’t use much force this time, but it still brought up Ye Qianli’s bad memories.

She slapped his claws away and said angrily,"You’re Junior Leopard! Your whole family is a leopard."

However ...

"Then you have to give birth to a nest of leopards in the future." Rong Mo's words had completely destroyed Ye Qianli's intelligence. Simply too.

Ye Qianli was dumbfounded on the spot. When Ye Fengtian, who was still worried, wanted to sneak over to "observe the progress", he saw his silly daughter standing there.

After Rong Mo and Ye Fengtian finished their greetings, Ye Qianli finally came back to her senses. However, the beautiful prince who had flirted with her only left her with a graceful back view.

Ye Qianli was speechless.

"Li-er, if you can't bear to, then chase after her. Don't just watch and be silly..." At this moment, Ye Fengtian, who had been rendered speechless by his silly daughter's "crazy girl" look, said helplessly.

Ai!

This silly daughter, she only knew how to daydream when His Highness the Crown Prince was in front of her. He couldn't bear to let her go and didn't ask her to stay just now. Now that she had left, he stared at her back foolishly.

Ai ...

Why was he so silly? It was not like him at all.

Ye Qianli was speechless.

..

The next day.

When Ye Qianli faced Rong Mo again, she couldn't help but think of what the Crown Prince had said yesterday, especially about "giving birth to a nest of leopards". She couldn't face it!

However, this guy was confessing in disguise, right? Right? Right? However, did she agree to marry him? Why should she give birth to leopards?

No!

This was not a problem. The problem was, how did it end up as a leopard? She was not a leopard...No, no, that was not the main point. The main point was that she had not agreed to marry him.

"Hiss..." Ye Qianli, who was still thinking, suddenly felt a pain on her right cheek. She quickly came back to her senses and saw Rong Mo standing right in front of her! And the "poisonous hand" he had pinched on her face.

Seeing that she had regained her senses, Rong Mo let go and raised his eyebrows. "What are you thinking about? I called you a few times, but you didn't hear me. "

"None of your business!" Ye Qianli rubbed her numb face. She felt that this person was really hateful. He pinched her face so easily! And he pinched her so hard, not caring about her at all.

Hearing this, Rong Mo only glanced at her once, then he really did not care about her anymore. He turned around and walked away, and then...

Ye Qianli's face darkened when she saw that everyone had already boarded the Northern Plains Eagle. She was the only one standing on the ground. As for Ye Fengtian and the others who were sending her off, they were all looking at her as if they were looking at a "retarded child".

Ye Qianli jumped onto the eagle's back with a whoosh and sulked the entire way! With his back facing Rong Mo, the main culprit, he was also cultivating diligently.

Until Xuanwu City was right in front of him!

Ye Qianli stood up and looked at the huge turtle-shaped city in front of her-Xuanwu City.

"Are you ready?" Rong Mo, who saw her stand up, walked to her side and asked softly.

"Yes." Ye Qianli nodded, and her eyes lit up with flames! It started burning.

More than two months ago!

When she had just won the title of genius and was like a rising star, the arrow of the Black Tortoise Dynasty had pierced through the Vermillion Bird City! The black-armored soldiers had brought her grandfather's broken palm.

It was as if it had happened overnight!

The Ye Family was destroyed, the Heavenly Wolf Army no longer existed, the Northern Region Army was completely destroyed, and the Northern Region became a dead land ... She had nothing but the title of a genius.

Now.

She was here!

They had arrived at Xuanwu City!

She had come to the enemy camp that had completely destroyed her home and destroyed her grandfather, who she cared about the most.

"When we enter the city, the people who ambushed you will attack from the north. You have to ..." At this moment, Rong Mo, who was reminding Ye Qianli, had just finished his sentence.

"Tsk!"

A strange black arrow appeared out of thin air! It appeared right in front of Ye Qianli, right between her eyebrows.

But this sudden attack! If it was not Rong Mo's arrangement, then...

Chapter 165: To the End!

"!"

Just as Ye Qianli noticed the strange arrow and tried to retreat! She felt a sharp pain between her eyebrows, and a terrifying aura drilled into her forehead like a leech.

"Oh no!"

The sudden change startled the Demonic Box. It could sense that the aura was very strange, as if it came from Asura Hell. Once it invaded Ye Qianli's Sea of Consciousness, she would die.

"Tsk!"

Fortunately, Ye Qianli was calm and collected in the face of danger. She quickly gathered her innate divine fire aura and immediately counterattacked the strange aura that had invaded her glabella.

At this moment, Rong Mo moved.

"Buzz!"

Under Ye Qianli's shocked gaze, he grabbed the black arrow that was in the middle of her forehead, which was fighting with her innate divine fire.

"Pfft! Tsk ..."

A strange black aura instantly corroded Rong Mo's fair fist into black! Ye Qianli's expression changed.

"Oh!" Rong Mo's other hand grabbed her head, and she heard a loud bang behind her.

After that!

"Screech-"

Ye Qianli heard the shrill cry of an eagle again, but she couldn't see anything as she was held in the arms of the beautiful prince!

She could only sense that the surrounding spiritual energy was very chaotic, but she was not affected by it and was only slowly falling down.

When the feeling of falling disappeared, Ye Qianli thought that her feet would touch the ground, but she didn't feel the feeling of being on solid ground.

Therefore, she subconsciously wanted to struggle. After all, she was quite uncomfortable being hugged at this moment. In addition, she could not stand on solid ground. For some reason, she felt like she was hanging herself.

However, just as she moved, Rong Mo's cold voice came from above her head. " Don't move. "

"!"Ye Qianli stopped moving and asked in a muffled voice, " Your Highness, what's wrong? Are you injured?" Otherwise, he wouldn't have told her to stay still.

Could it be that his injuries were too serious, and her movements would aggravate his injuries? If it was ... Then ...

"Your Highness, where are you hurt? I'll move away gently. Let me see!" Ye Qianli, who was tensed up, asked carefully.

Rong Mo didn't give her an answer, but Ye Qianli, whose body and mind were tense, could feel that he was moving. Perhaps he was healing himself, so she didn't dare to say anything. She even held her breath, afraid that her breathing would be harmful to him.

After a while...

Ye Qianli felt a light touch on the back of her left neck, and the beautiful prince who was holding her released his grip on her arm, allowing her to stand on the ground.

"Your Highness, where are you hurt?" As soon as Ye Qianli landed on the ground, she looked at Rong Mo from head to toe. However, she did not see any injuries. Even his black fist had returned to its original white color.

So, where was he injured?

Ye Qianli couldn't see anything wrong with Rong Mo, so she grabbed Rong Mo's wrist and checked his pulse, but...He was fine!

Therefore,...

"Your Highness, what happened to you? Say something!" Ye Qianli was anxious to death, but Rong Mo didn't say anything, which made her even more anxious! He thought that she was incapable, so she couldn't see what was wrong with him.

"Meow ~"

At this moment, Little White Meow, who had already noticed the problem, meowed and jumped in front of Ye Qianli. It pointed at Rong Mo's right hand with its paw, which was the hand that Rong Mo had just blackened.

"Is he really injured here? Let me take a look." Ye Qianli bent her knees and squatted down, ready to study Rong Mo's hand carefully. However, she didn't dare to touch it, fearing that something bad would happen if she moved.

In the end...

Ye Qianli looked left and right, up and down, carefully! She didn't even notice that there was something wrong with Rong Mo's hand, so what was going on?

".."

However, Rong Mo opened his tightly clenched hand and revealed...Two strands of hair?

"Take aim!" However, Little White Meow pointed at the two strands of hair and looked at Ye Qianli with a serious expression. Ye Qianli was confused and did not understand what was going on. She looked up at Rong Mo.

As for Rong Mo?

At this moment, he had already raised his eyes to look. Somewhere in Xuanwu City? Of course, this was not the main point. The main point was that the aura around him had already turned cold.

At the same time!

In a special restaurant within Xuanwu City, where one could see the outside of the city from a certain height, a person wearing a ferocious ghost mask narrowed his eyes as he discovered...

The Vermilion Bird Crown Prince who had blocked his evil arrow earlier seemed to have caught him from afar! But how was this possible? He was a city away from the scene of the incident!

The assassination that he had single-handedly controlled took place outside the south gate of Xuanwu City, and he himself was in front of the north gate of Xuanwu City. The two places were thousands of miles apart, and the key was that he had concealed all his aura, so it was impossible for him to be detected.

But why did this feeling of being stared at feel so real?

In fact!

Rong Mo had indeed noticed this person, but he was still standing there. He turned to Ye Qianli and said, ""Can you do it alone?"

“?”Ye Qianli didn't react at first, but she nodded and said, ""Sure, don't worry."

As soon as she finished speaking, Ye Qianli took out the Sky Wolf Flag, which was only the size of her palm, as if she was afraid that Rong Mo would be worried. Rong Mo knew what was going on with just a glance at the Sky Wolf Flag, which was now completely bloodless.

"Be careful." On the contrary, Ye Qianli warned him in a serious tone, because she could already guess that Rong Mo was going to kill the person who shot the arrow.

And if she was not wrong, that person was colluding with the Black Tortoise Dynasty! A person who knew witchcraft was definitely a very dangerous person.

Let's not talk about anything else, just that arrow just now! If not for the Nine Heavens Obsidian Flame's divinity, which could more or less resist the erosion of the evil aura, she might have died on the spot.

Even if she did not die immediately, if Rong Mo had not intervened in time, she might not have been able to escape unscathed. Before the arrow appeared, both she and Rong Mo would be killed! They couldn't find anything.

"Yes." Rong Mo responded and lifted Little White Meow, who was "floating" in the air, onto Ye Qianli's shoulder with his tail. Then, he disappeared without a trace.

Ye Qianli, who was left behind, looked up at Xuan Tianyan and Violet Spirit, who were standing not far away from her, and Xuan Wunan behind them! City! Door!

Chapter 166: Breaking Through the City Gate!

"Your Highness, Rong Mo seems to have locked onto Second Master Gui." Violet Spirit didn't look at Ye Qianli. Instead, she looked into the city with a grave expression.

"It's not a possibility, it's a certainty. Moreover, I'm afraid that we won't rest until one of us dies." Xuan Tianyan's expression was even more solemn than Purple Spirit's. His temples were even throbbing.

Perhaps the Violet Spirit didn't know, but he knew it very well! Rong Mo, who had lost two strands of his hair, would be extremely terrifying. He would definitely resort to all means!

After all, Rong Mo had killed a genius young master of a big family in the Blue Dragon Dynasty because he lost a strand of hair in the Genius Academy! Not only that...

"Back then, Rong Mo killed the young master of the Green Dragon An family. In less than a year, the entire family was wiped out. Do you know who did it? It was him, Rong Mo...This lunatic." Xuan Tianyan muttered to himself.

"Your Highness!?" Violet Spirit looked at Xuan Tianyan in shock. Although she had heard of this news before, she had never believed it because it was too unbelievable.

Most importantly, the Blue Dragon Dynasty and the aristocratic families that were on good terms with the An family had never made things difficult for Rong Mo! Besides, the Andersons were extraordinary. Even if he could not defeat the entire Vermillion Bird Dynasty, he could at least defeat half of it.

"Otherwise, why do you think the Vermillion Bird Dynasty hasn't been besieged on all sides after being defeated for so many years? Why do I still not dare to step into the Vermilion Bird territory even after I have killed all the living beings in the northern territory?

Do you think that I...? The others were only afraid of the Vermilion Bird God, who might not even show up? No, it wasn't. It's because of him, Vermillion Bird Crown Prince Rong Mo." Xuan Tianyan laughed at himself.

He knew that even though he had always wanted to compete with Rong Mo, he did not even have the qualifications to do so if he were to face Rong Mo head-on!

Especially if Rong Mo could really kill Second Master Ghost, it would make him even more depressed.

"Your Highness..." Violet Spirit's worldview was completely overturned. She had once thought that the reason the Vermillion Bird Dynasty hadn't been destroyed was because of the Vermillion Bird God!

In the end, he didn't say anything, but it was all because of one person, the 18-year-old Vermillion Bird Crown Prince Rong Mo! This ... This ...

Violet Spirit found it hard to accept. It felt too surreal.

"Roar!"

However, just as the Purple Spirit's three views were overturned and Xuan Tianyan was mocking himself, a world-shaking wolf howl sounded! It had already roared out in an earth-shattering manner.

For a moment!

Even the dean, who was worried that Rong Mo might cause another disaster, saw Ye Qianli, who was left behind, summon her Direwolf Beast.

Furthermore, the headmaster, who could tell at a glance that this Heaven Wolf Beast seemed to have a subtle aura, muttered, "Heaven Wolf Beast..."

"Tsk!"

Ye Qianli, who was standing in front of the Direwolf Beast, had already cut open her wrist artery with a dagger. Blood gushed out like a fountain, dyeing the Direwolf Flag in front of her.

"Meow!"

Such a bloody scene scared Little White Meow. Fortunately, it saw that Ye Qianli had stopped the bleeding in time and did not have any suicidal thoughts.

At the same time!

"This is..." Elder Yi, who was considered to be the most knowledgeable person in the courtyard, suddenly thought of something. The powerful Direwolf Beast was already kneeling in front of Ye Qianli.

Immediately after!

"In the name of the Lord, fuse."

Ye Qianli's sonorous and clear voice sounded at this moment. She and the Direwolf Beast that she had summoned merged into one under everyone's shocked gazes! For one.

"This..."

"This is..." Xuan Tianyan and Purple Spirit, who were shocked by this scene, could not help but twitch their eyelids. They had a bad feeling, and the truth was indeed very bad!

Because Ye Qianli's aura was rising rapidly in their eyes! Then, before everyone could react.

"Roar!"

Ye Qianli, who had quickly fused with the Sirius Beast, had already rushed to the south gate of Xuanwu City! It let out a shocking roar. Once this roar erupted, it dug three feet into the ground as if it had been torn apart by a giant wolf! A huge ravine was formed.

"!.."

For a moment, not to mention the Xuanwu soldiers guarding the city gate and the passersby, even Xuan Tianyan and Purple Spirit were sent flying on the spot!

"Boom!"

The terrifying Ferocious Wolf Roar soundwave swept towards Xuanwu Nan with such ease! City! Door! It directly tore a huge crack in the middle of the entire city gate!

Not only that...

"Roar!"

"Roar!"

When Ye Qianli, who was half-squatting on the ground with one hand pressing on the ground, roared at the city, the howls of wolves rose and fell, as if they had heard the call of the wolf soldiers, echoing from afar. It soared into the nine heavens and shook the four directions.

"Ye Qianli, she...Did she transform into a wolf?"

Ye Shang was both shocked and excited at the sight of this. She felt that Ye Qianli was no longer a human, but a beast! It was just a beast.

However...

"Dean, this wolf, this wolf is the legendary God of Wolves?" Ye Shang's father, Ye Donglin, asked in shock. His tone was obviously excited and extremely envious.

Unfortunately, the headmaster didn't have the time to pay attention to Ye Donglin at the moment because all his attention was on Ye Qianli!

"F * ck, another monster! Could it be that the Vermillion Bird Dynasty has been holding back for so long because they want to produce two little monsters like Rong Mo and Ye Qianli?" The dean was so shocked that he couldn't keep calm.

Because he knew it best!

What Ye Qianli summoned wasn't just a Direwolf Beast, but the God of Wolves! It was rumored that he had fought with the Four Guardians of the Four Symbols Continent and survived! However, the defeated super beast, Sky-killing Wolf.

However!

According to historical records, the Sky-killing Wolf had been defeated four times and died of severe injuries. Although the Sky-wolf tribe was rumored to be the descendants of the Sky-killing Wolf, no one had ever heard of such a powerful Sky-wolf beast.

Now ...

"!"The dean's worldview collapsed, even though he could see the soul of the Sky-killing Wolf! It wasn't as powerful as the legends said. In fact, it was much, much weaker. Definitely.

Most importantly!

The legendary Wolf God had already fused with Ye Qianli. The leader was obviously Ye Qianli, because after she broke through the city gate, a " swoosh " sound was heard! He dashed straight into Xuanwu City.

"She went to Xuanwumen! Purple Spirit, quickly take my Black Tortoise Talisman and gather all the Black Armored Army to surround Xuanwu Gate! I'll go to the temple and invite all of you here." Xuan Tianyan immediately made arrangements.

"Yes, Your Highness!" Violet Spirit immediately took action upon receiving the order. After all, she could tell that Ye Qianli, who had completed the human-beast fusion, was extremely terrifying.

..

"Boom!"

As Xuan Tianyan had expected, Ye Qianli had arrived at Xuanwu Gate's execution ground! And it appeared in front of Ye Wuji, who was waiting to be killed.

Ye Wuji, who was kneeling on the ground and bound by a huge chain, narrowed his eyes when he saw Ye Qianli!

“!”Ye Qianli was even more shocked.

Chapter 167: Vermillion Bird Crown Princess Consort!

Because this "Ye Wuji" in front of her, not only in terms of appearance, but also in terms of charm, was extremely similar to her grandfather! More importantly, this person was a member of the Heavenly Wolf Army.

There was no mistaking this aura! As the new leader of the Heavenly Wolf Army, Ye Qianli was certain of this. But why? Was there really a traitor in the Heavenly Wolf Army?

"Young miss..." 'Ye Wuji' who had almost been labeled as a traitor now had red eyes. Even his voice was choked up, as if he was very agitated.

However, this excitement only lasted for a moment before he quickly calmed down and said, "Young miss, wangye is not dead, he is..."

Ye Qianli's heart skipped a beat when she heard him say "His Royal Highness is not dead". When she heard that he was going to tell her where he was, she subconsciously held her breath.

However!

"Xiu! Whoosh!" The Nine-tailed Nether Ice Arrows that had been lying in ambush and arranged beforehand were already shooting toward Ye Qianli and "Ye Wuji" as if they were free.

After all, the Xuanwu officials and soldiers who were watching the execution were not dead. Although they were stunned by Ye Qianli's sudden appearance, they had already come to their senses! Naturally, he wouldn't watch Ye Qianli's 'prison-breaking'.

“!”

Seeing such a critical scene, 'Ye Wuji' instinctively stood up to protect his master! However, when he moved, the sound of chains clanging could be heard. How could he stand up? He was so anxious that his old face turned red.

"Protect the Crown Princess!"

However, at this moment, Tian Er, who had been hiding among the crowd of onlookers, had already taken the lead to unsheath his sword and step onto the execution ground. He then shouted loudly.

As soon as the voice rang out, many figures leaped into the air from the crowd and raised their shields to block the arrows! It blocked the overwhelming Nine-Tailed Nether Ice Arrows and stopped them three feet away from Ye Qianli.

It was led by the current commander of the Heavenly Cavalry Corps, Tian Er! 30,000 Sky Cavalry troops, 10,000 of them had already appeared, directly raising the level of the battle.

"Wow..." The onlookers were a little excited. They felt that the liveliness of such a big scene was much more exciting than just watching the execution.

..

However, none of this affected Ye Qianli at all. She stared at the man in front of her and asked, " Tell me, what's going on? "

Seeing that the crisis was over, "Ye Wuji" who was being questioned naturally replied quickly, "That day, although his highness was heavily injured, he still successfully broke out of the encirclement. Heavenly Silkworm Jade Aware."

"What is Heavenly Silkworm Jade?" Ye Qianli immediately asked.

" I don't know, but maybe the prince knows. Young miss can ask. "

"Alright." Ye Qianli nodded. Before 'Ye Wuji' could react, he heard a crack. The huge chain on his body had been cut off!

Ye Wuji was also stunned by the momentum of the attack. After all, he knew it himself! The iron chain that was binding him was not an ordinary object. In the end, under the Eldest Miss's knife, it felt extraordinary! Or was it a defective product that lacked workmanship and materials?

However, he was only stunned for a moment. He did not have time to be stunned because he had keenly heard the "dong dong" sound of vibrations from all directions and the "da da da" sound of iron hooves.

Such momentum! It was obvious that the army of Xuanwu City was pressing down...

“!”

In such a situation, 'Ye Wuji' instinctively stood in front of Ye Qianli. He clearly had a deep-rooted obsession with protecting his master.

Even Ye Qianli could sense that he had lost his cultivation. He must have been crippled after being captured! He also lost his hand. After all, the hand of Ye Wuji that was sent to the Vermillion Bird City was his hand.

Ye Qianli couldn't help but feel a little guilty when she saw "Ye Wuji" like this because her first reaction was to label him as a traitor.

Now she naturally understood that disguising as "Ye Wuji" was a means to complete the task of covering up and sending messages. Thinking of this, Ye Qianli asked, ""What's your name? What is your position in the Heavenly Wolf Army?"

"I am the former commander of the Heavenly Wolf Army, Ye Feng." Ye Feng added, "This subordinate looks very similar to the kings, but once this subordinate dies, his true colors will be revealed and those kings will be captured! The rumors of being executed will naturally end here."

Ye Qianli was surprised, but the Xuanwu Army had arrived from all directions!

Moreover, this Xuanwu Army really did not hesitate at all. As soon as they appeared, they raised their arms and threw them! He threw his special spears at Ye Qianli and the others.

For a moment...

Whoosh! Whoosh! Whoosh! Whoosh! The sound of the spear piercing through the air was like hailstones falling into the air! They were so hurried and dense that the onlookers were so scared that they all scattered like birds and beasts, afraid that they would be stabbed to death on the spot if they were not careful.

"Bang bang bang!"

Such a powerful spear struck the Sky Cavalry Army's shield, naturally creating a huge explosion! In addition, the spearhead of the spear was special. When it fell from the sky, it had a very strong offensive ability.

As a result, many of the 10,000 Sky Cavalry soldiers who were originally guarding Ye Qianli fell from the sky. They could no longer block the Nine-tailed Nether Ice Arrow like they did before. After blocking it, they could still firmly guard 30 feet away from Ye Qianli.

"Pfft-"

More than half of the soldiers were severely injured and spat out blood! It could be seen that the vanguard army that Black Tortoise was attacking was very strong!

And this vanguard army was the current trump card army of Xuanwu, the Black Armor Army.

The 50,000 black-armored soldiers had all been mobilized! Therefore, how could the 10,000 Heavenly Cavalry Army withstand the spears thrown by the 50,000 soldiers?

In that case...

"I'm afraid that whatever Crown Princess Consort is finished. She will definitely be captured instead of saving him." The crowd who had run to the periphery to continue watching expressed that their bright eyes had seen it very clearly.

Even Ye Feng thought the same, so he said bitterly, "Young miss, you really shouldn't have come personally." This was also when he saw that the person who came to see him for the last time was Ye Qianli! The reason why he was so unsettled.

Although he had expected someone familiar to come, he never thought that it would be Ye Qianli! Could it be that their Heavenly Wolf Army was all dead?

Now, his message had been sent out, but if the young miss was captured, wouldn't the gains outweigh the losses?

And at this moment-

"Ye Qianli, are you going to surrender or fight back? You should know that your kidnapping is a grudge of the dynasty. Our Genius Academy will not interfere, nor will it help you." Violet Spirit, who had led the troops here, even spoke up to warn them.

Hearing this, a certain principal who was already present raised his old eyebrows. He heard an old voice suddenly say solemnly, "How could the Vermillion Bird Dynasty allow you to capture the crown princess of the Vermillion Bird Dynasty?"

Chapter 168: Ultimate Gift Bag!

"!"

The moment this voice sounded, everyone present was shocked. They subconsciously looked towards the source of the voice, and then...

"Sou!"

"Swoosh!"

Then, everyone saw red shadows flashing through the sky and landing on the execution ground one after another. They stood guard outside the injured Heavenly Cavalry Army, which was Ye Qianli.

Ye Qianli vaguely remembered that the old man who appeared first and spoke was the high priest of the Vermillion Bird Temple, Elder Zhao!

The truth was, of course! After all, she had only met Elder Zhao once, and she had never met him in person. No one had introduced him to her.

However!

"Old Zhao, I didn't expect you to come too." At this moment, Xuan Tianyan had already invited him out of the Black Tortoise Temple. The Black Tortoise Dynasty's Head Exalt would definitely not mistake him for someone else.

"Humph! You old turtle, you're willing to degenerate and use evil techniques to corrupt my Vermilion Bird Temple. If I don't bring people to avenge myself, do you think I'll let you shit on me?" Elder Zhao retorted.

"You..." The Black Tortoise Great Exalt clearly did not expect his old rival to be so dirty. He was momentarily choked by the rebuttal and was about to think of a retort.

However, Elder Zhao continued, "Cut the crap. Today, the Northern Region Lord of the Vermillion Bird Dynasty! Regardless of whether he's real or fake, since you've set up a scene and insisted that you want to kill our Northern Region King, then we're going to take this scene. Let's fight."

"Screech!"

"Roar! Bang!"

The Divine Sparrow Army that Elder Zhao had brought with him followed closely behind! The talent of the Vermilion Bird Dynasty Temple's direct talent army, the Vermilion Bird Army, was released.

Ten thousand!

10,000 red-robed Vermilion Bird talents, regardless of their age! All of them were here. The Vermillion Bird Dynasty had accumulated so many talents over the years, and now, all of them were here.

The Vermillion Bird Dynasty had clearly gone all out this time.

However!

The Black Tortoise Great Exalt sneered, "I have to say, your Vermillion Bird Dynasty is playing a big game this time. You sent a letter to our dynasty saying that you're willing to cede territory to save the Northern Region King. It seems like you're just trying to numb our dynasty so that we don't have a large army to defend ourselves. But Old Zhao, don't forget that our talent army, the Divine Armor Army, is only larger than your Divine Sparrow Army! "

And as if to confirm his words, the aura of the talented person who broke through the sky quickly gathered from the north of Xuanwu City! The momentum was indeed only more than ten thousand, not less than ten thousand.

"Hmph!" Elder Zhao was naturally not convinced, but this time, before he could retort, Ye Qianli opened her mouth. It was the first time she had spoken since they entered the execution ground.

"Is ten thousand a lot?"

Ye Qianli raised her voice and pretended to listen. " Please listen! "

"Roar!"

"Roar!"

Under Ye Qianli's gesture, wolf howls sounded from both far and near! Among them, the most recent one was among the "onlookers".

"Roar!"

"Roar! Roar!"

One by one, Direwolf Beasts appeared out of nowhere and suddenly burst out from the crowd of onlookers. The onlookers who were watching with their lives were so frightened that they did not dare to move at all, afraid that they would suddenly be eaten by a nearby giant wolf!

Aaaa
aaa
aaa
aaa

However, these huge Direwolf Beasts didn't have the time to care about these frightened people. They just stared at the black-armored soldiers and the god-armored soldiers.

Each of them had an aura that was at least above that of a Class 2 Magical Beast! There were two or three of them that gave off a terrifying feeling of a Class 3 Magical Beast.

Furthermore, the Celestial Wolf Beast was good at fighting and was stronger than ordinary Magical Beasts! Therefore, each of these Sirius Beasts had the ability to kill talents above level three. The two or three " elites " could even kill level four or five talents.

This wasn't the end...

"Heavenly Wolf Army! This is the Heavenly Wolf Army?"

Xuan Tianyan, who was absolutely familiar with the Heavenly Wolf Army, recognized it immediately! The people who appeared next to the Celestial Wolf Beasts looked very similar to the Celestial Wolf soldiers he had killed before.

That shouldn't be the case!

There were only 108 soldiers in the Heavenly Wolf Army. When he ambushed Ye Wuji, he killed more than 60 soldiers of the Heavenly Wolf Army, including their Heavenly Wolf Beast.

After that, on the battlefield in the north, weren't the remaining 40 Sky Wolf soldiers mostly killed? There were definitely no more than 20 survivors from the Heavenly Wolf Army. It would be good if there were more than a dozen.

But now?

"90 humans and beasts? How is this possible?" Xuan Tianyan suddenly had a feeling. Could it be that the soldiers he killed previously were all fake? I'm touched.

However, in fact, these 90 soldiers were all "newbies". It was Ye Qianli who had awakened the Sky Wolf Flag! She had gathered the 'new people' from the mysterious supply center of the Heavenly Wolf Army with the Heavenly Wolf Flag.

No one knew how she managed to get this supply, including Rong Mo, who was not at the scene at the moment. After all, this had always been a secret of the Ye Group!

Of course...

These were not the final "surprises" that Ye Qianli gave Xuanwu City.

"Report-"

"Your Highness! The south city gate had fallen, and countless wolf beastmen suddenly went crazy! They came in through that big crack."

"Report-"

"Your Highness! The north city gate has fallen, and there are experts fighting and smashing the city gate. Many wolf beastmen took the opportunity to charge into the city!"

"Report-"

"Your Highness! East Gate...There's an emergency at the west gate. Many wolf beastmen are working together with the sky cavalry army from the inside and outside.

They're about to take down the city gate, Your Highness. The city is about to be completely breached."

The Black Tortoise soldiers at the north, south, east, and west city gates rushed over to report as if they had lost their parents. They felt that the scene at the city gates was simply too terrifying.

Xuan Tianyan was speechless. This was definitely a situation that he had never expected. If it was the infiltration of the Heavenly Cavalry Army and the Divine Sparrow Army, he could have predicted it and had a way to deal with it.

In that case, these wolf beasts and the sudden reappearance of the Heavenly Wolf Army were definitely out of his calculations! Moreover, this was not the end.

Ye Qianli, who was almost the main planner, smiled and said, ""Are you surprised? However, these are not the biggest gift that I, Ye Qianli, will give you. What I'm going to give you next is."

"What do you mean?" When Xuan Tianyan heard this, he immediately stared at Ye Qianli. Ye Qianli was the one who was the most inaccurate.

However, Ye Qianli didn't look at him. She called out sternly, ""Elder Zhao, Tian Er, Ye Feng!"

"Yes!"

For a moment, even Elder Zhao, who was very experienced, subconsciously responded in unison with the other two. At this moment, Ye Qianli had an aura that made people instinctively believe her.

However, Ye Qianli's order was only three words: "Protect me."

As soon as she finished speaking, she did not wait for the three of them to respond. She had already half-squatted down again and slammed her palm on the ground! The only difference was that this time, it wasn't a world-shaking sound wave.

" When the Primordial Chaos was first created, the Divine Fire was first established. It was derived from the Chaos, one of the nine heavens! " Ye Qianli chanted word by word. A bright red fire mark had ignited between her eyebrows, and the aura around her was rapidly transforming.

Chapter 169: Detonating the Lava!

Ye Qianli, who had fused with the power of the Celestial Wolf Beast, was emitting a primitive aura. Although her aura was so violent, her aura was not only cold and noble, but also gave off a sense of creation!

This unique aura made the dean, who had been paying attention, widen his old eyes involuntarily. Even his breathing became hurried with excitement.

Not only him!

Even Rong Mo, who was fighting at the north gate, was distracted by the aura of creation and turned his attention to Xuanwu School.

However, many people present didn't understand what Ye Qianli was trying to do. He only knew that she was preparing a big move.

Even Elder Zhao and the others did not understand.

More importantly, although Ye Qianli's aura had transformed, there were no flames around her! Or the embryonic form of some kind of move. This made many people really unable to understand.

"!Only the excited Dean understood what Ye Qianli was trying to do, but he was also extremely shocked!

"Director, did you notice anything?" At this moment, Hua Qianfang, who was already stunned by Ye Qianli, couldn't help but ask.

He could still understand the fusion of the human and wolf earlier, but now! Even though Ye Qianli had been preparing for a while, he still couldn't understand what she was trying to do.

“..”

Unfortunately, the dean didn't have the time to care about the others. He focused on Ye Qianli and the slight movement in the distance.

However, this weak movement! Soon, it was no longer weak.

The talents above level three and four, especially those with fire attributes, could vaguely sense that there seemed to be an unusual heat flow flowing towards Xuanwu City from afar.

"Buzz."

"Weng, weng..."

A series of tremors from underground quickly attracted everyone's attention. However, many people still did not understand at first. What was going on?

It was not until the Great Guardian of the Black Tortoise exclaimed in disbelief, "This ... Is she trying to lure the lava from the bottom of Black Tortoise Mountain over?"

"What?!" Xuan Tianyan's expression changed.

"Impossible!" Violet Spirit's eyes widened, thinking that the Head Exalt had gone mad. This was completely baseless! How could he say something that was completely impossible?

But...

"Buzz!"

"Buzz!"

As the commotion underground grew louder, it was obvious that Ye Qianli's hand was transmitting energy into the ground!

For a moment, many people could not help but believe what the Great Guardian of the Black Tortoise said. They were extremely shocked!

Among them, Ye Donglin could not help but say firmly, "Fusing with the wolf beast soul and obtaining super berserk power is only the first step of her plan. What she really wants to do!

It was here at Xuanwu Gate, using the violence she had obtained! Together with the Nine Heavens Obsidian Flame that she has fused to perfection, she can summon the lava at the bottom of Black Tortoise Mountain and destroy Black Tortoise City in one fell swoop."

"Meow, meow, meow! Meow! " At this moment, Little White Meow, who had also realized that Ye Qianli's big move was really big, couldn't help but raise its little paws.

"!.."

The onlookers at the scene were stunned. After a while, they understood and shouted, "F * ck, run! Quickly leave the city! Oh my god..."

"Whoosh!"

"Swoosh!"

A large group of onlookers ran out of the city. Although they wanted to continue watching the show, they were not strong enough! They really didn't want to be burned to death.

Of course, there were also some who thought that their strength was not bad and that they would not be burned to death by the lava! Some of them didn't believe that Ye Qianli could really ignite the lava flow, but they continued to watch calmly.

The situation at the scene did not disappoint their onlookers! It leveled up very quickly.

"At all costs! Kill her. " The Black Tortoise Head Exalt was the first to give the order and attacked Ye Qianli! However, Elder Zhao wasn't a dead man. When he saw him attack, he naturally went to fight.

As soon as the leaders of the two temples made their move, the Divine Armor Army and the Divine Sparrow Army were also mobilized. The battle between the talents was intense, and it was as if they were fighting in the air!

"Black Armored Army, listen up! Kill Ye Qianli." Xuan Tianyan immediately gave the order. When he heard this, he rushed over to report. In fact, the soldiers at the four city gates who wanted to ask for help were about to cry.

"Your Highness, what about the south gate?"

"Your Highness, what about the north gate?"

"Your Highness,"

"Cooperate with the city's patrol guards and defend to the death!" Xuan Tianyan couldn't care less. The north, south, east, and west gates were already in front of him. If he didn't stop Ye Qianli, Xuanwu City would be finished immediately. There was no need to wait for the wolves outside to attack.

Even now, he still didn't believe that Ye Qianli could gather enough lava to destroy Xuanwu City! However, since President Ye had said so and the Principal's expression seemed to agree with him, he had no choice but to believe it.

However, the black-armored army moved!

How could the Heavenly Cavalry Army and the Heavenly Wolf Army let Xuan Tianyan succeed? They naturally went to battle! The newly formed Heavenly Wolf Army quickly dashed out of the crowd and surrounded Ye Qianli, protecting her.

"Fight to the death! Protect the Crown Princess."

"Fight to the death! Protect the young miss."

Although the 10,000 Sky Cavalry Army and 90 Sky Wolf Army were far inferior to the 50,000 Black Armor Army in terms of numbers, the Sky Cavalry Army fought to the death! The same goes for the Heavenly Wolf Army.

Furthermore, the Celestial Wolf Army was not an ordinary army. The ferocious Celestial Wolf Beasts could kill thousands of people at once. In addition, the soldiers of the Celestial Wolf Army were all brave and had a tacit understanding with the Celestial Wolf Beasts.

Therefore, the 90 Sky Wolf Troops were able to hold off 20,000 to 30,000 Black Armor Troops on this battlefield. As a result, the 50,000 Black Armor Troops and the talents of the God Armor Troops who wanted to ambush Ye Qianli were unable to find an opening to attack.

"Damn it!"

Xuan Tianyan's face turned green when he saw that the battle had come to a stalemate. It was only a matter of time before the Black Tortoise Dynasty took down these Vermilion Bird bandits who had come to Black Tortoise City.

But the problem was! Time was a problem.

"Your Highness, there is also the Black Tortoise Divine Arrow in the temple." At this moment, Purple Spirit spoke from the side. Xuan Tianyan's eyes lit up slightly when he heard this, but he did not immediately make a decision.

Violet Spirit continued, "Your Highness, this is the situation! Even if my grandfather isn't in seclusion, he won't be able to take down Ye Qianli immediately with the Amethyst Light Sword. He only has the Black Tortoise Divine Arrow! I will definitely be able to shoot her to death immediately."

When Xuan Tianyan heard this, he did not hesitate anymore. He quickly disappeared into the Black Tortoise Temple, and no one at the scene noticed his disappearance.

Because at this moment!

"Boom!"

"Bang!"

Xuanwu City suddenly shook and swayed left and right! A violent tremor? This caused the expressions of many people from the Black Tortoise Dynasty to change completely.

Chapter 170: The Might of the Divine Fire!

And now?

"It really is lava! The future crown princess consort of our dynasty is actually drawing the violent magma from the bottom of Black Tortoise Mountain thousands of miles away towards Black Tortoise City! F * ck ..."

"Heavens! It was actually true. Hurry up and fight! Fight! Protect the Crown Princess Consort! We can't let them destroy the Crown Princess Consort's gift! Kill them quickly!"

He could truly feel the rolling lava destroying everything in its path! The Vermilion Bird Temple's Divine Sparrow Army, which had changed its course and was rushing toward Xuanwu City, was so excited that they were about to go crazy! Their morale exploded again and again.

"What the hell? This can't be true!"

"F * ck, how is this possible! " No way! Xuanwu Mountain is so far away from Xuanwu City! " Contrary to the agitated Divine Sparrow Army, the Divine Armor Army was panicking.

After all, if Ye Qianli could really detonate the lava, then her ability would be too much! They were so scared that they almost peed their pants. But it was getting closer and closer! The increasingly violent fire energy aura was telling them clearly! It was true.

In that case...

The Divine Armor Army, which had the upper hand, was now being suppressed by the Divine Sparrow Army! This made the Black Tortoise Great Exalt, who was being pestered by Elder Zhao, so angry that his face was as black as charcoal.

Seeing that the situation was really bad, the Black Tortoise Head Exalt had no choice but to roar, "Damn it! Second brother, third brother...Hurry up and fight."

The rest of the Black Tortoise Temple's Deacons who did not participate in the battle were originally defending the Black Tortoise Temple. Now that they heard the order from the Head Deacon, they naturally rushed over.

"Fight to the death!"

"Roar!"

As soon as these ten or so consecrators with terrifying auras appeared, ten or so soldiers and Heavenly Wolves with similar auras quickly jumped out of the newly formed Heavenly Wolf Army and attacked first.

"Black Armored Army, listen up! I would rather self-destruct than advance!" Violet Spirit, who was commanding the battle, immediately took this opportunity to give the order.

"Bang!"

"Boom!"

The black-armored soldiers charged at Ye Qianli at all costs and self-destructed at the same time! It could be said to be extremely vicious and terrifying.

"Shoot!"

At this moment, Violet Spirit ordered the archers to shoot out the Nine Tailed Pluto Ice Arrows again. The rain of arrows covered the sky and covered the earth as they surrounded Ye Qianli.

"Defend to the death!"

Tian 'er, who was leading the Heavenly Cavalry Army to fight to the death, had his eyes turned red. His aura as a great mystic cultivator was unleashed to the extreme. He and the rest of the Heavenly Cavalry Army stood above Ye Qianli, forming a shield to prevent any arrows from falling! It hurt Ye Qianli.

"Throw the spear!"

But at this moment, the Violet Spirit gave another order! The terrifying spear was once again thrown at the sky cavalry soldiers, causing the shields to make a loud sound.

"Pfft-"

"Wow!"

This caused the Heaven Cavalry Army to be heavily injured again! Many of them were seriously injured and even died on the spot. As a result, a large hole was missing in the shield.

"Roll again!"

Violet Spirit hurriedly commanded.

"Roar!"

A fierce wolf suddenly came from a certain direction and bit at her! She was so shocked that she quickly defended herself, but countless wolves had already rushed over from all directions.

"Commander, we're here!"

Following closely behind the fierce wolves were the other 20,000 Heavenly Cavalry troops. It could be seen that the east and west gates of Xuanwu City had also been completely lost. The "armies" inside and outside the city had all gathered together.

This made Tian Er, who almost thought that he had failed to protect the crown prince consort, shout excitedly, "Kill! Kill these bastards and protect the Crown Princess."

"Kill that woman! That little slut is commanding the battle." As for Ye Feng, who couldn't fight, he glared at the Purple Spirit and roared.

"Roar!"

"Go!"

It was unknown whether the various vicious wolves understood what she meant, as well as the Heaven Cavalry Army who definitely understood what she meant. In any case, they did not hold back as they surrounded and encircled Violet Spirit. In an instant, most of the guards around her were killed.

"!" Violet Spirit, who was in a critical situation, did not panic or panic. She knew that it was about time. Even though it seemed that her Black Tortoise Dynasty was being suppressed, the situation would soon be reversed.

The truth was just as Violet Spirit had predicted! Because at this moment-

"Bang!"

Even if the battle was very intense and the commotion was very big! However, everyone could still clearly hear the terrifying sound of air being torn apart. It suddenly exploded from the direction of the Xuanwu City's divine temple.

Immediately after!

"!"

A huge black arrow had already descended from the sky at high speed! In the blink of an eye, it was already in front of Ye Qianli. It was so fast that she couldn't even breathe.

The most terrifying thing was that wherever this huge arrow passed, the void would be swept out with slight cracks. The surrounding buildings and Heaven and Earth Spiritual Qi were all swept into powder. It was extremely chaotic and terrifying.

"Not good!"

The moment such an arrow appeared, the first person to change his expression was naturally the dean, who had the best eyesight. Therefore, he subconsciously wanted to make a move! After all, he knew that if Ye Qianli was shot, she would die.

"Meow!"

However, the dean had some concerns, so Little White Meow beat him to it! It was like a ray of white light that flashed through the air and caught this giant arrow that it couldn't even wrap around.

"Buzz!"

The Black Tortoise Divine Arrow, which had a destructive momentum, was "strangled" in the air by Little White Meow. Purple Spirit, who had just been excited, was instantly dumbfounded.

Who would have thought that Rong Mo, this cute little beast pet, would have such great power! It was a Black Tortoise Divine Arrow that could intercept and kill even a Rank-5 talent.

Purple Spirit didn't expect it, and Xuan Tianyan, who was shooting the arrow, didn't expect it either. This ... Simply too.

However!

"Meow, meow, meow! Meow, meow, meow..." Little White Meow hugged the giant arrow for a while, then turned to Ye Qianli and screamed, "Baby can't take it anymore! Little Qianli, are you done? This arrow is so heavy! I can't take it anymore."

"?"

Everyone who stopped fighting because of this change looked at Little White Meow, who seemed to be dying. In fact, it really was dying. Its small body was quickly moved.

"Whoosh!" The Black Tortoise Divine Arrow moved again! Although it wasn't as fast as before, it was still falling towards Ye Qianli with great force.

"Quickly protect the Crown Princess Consort!"

"Stop them!"

"Defend to the Young Miss! Hurry up ... Hurry up..." The scene became even more chaotic. The giant arrow held by Little White Meow was about to hit Ye Qianli accurately.

"Move aside." Ye Qianli, who had been accumulating her strength for a long time, finally spoke. She stood up slowly, and the ground of Xuanwu City rose and fell violently!

"This..."

Tian Er and the others were still hesitant, but the entire Celestial Wolf Army had already dodged without hesitation, including the scamming Little White Meow. It did not even bother to hold onto its arrows.

"Boom!"

The Black Tortoise Divine Arrow quickly fell, but what shocked everyone was that this divine arrow had a terrifying aura! He stopped when he was about 30 feet away from Ye Qianli.

"Mystic Flame destroyed the world and fused with the origin! " Explode! " Ye Qianli raised her hand and shouted at the arrow. A terrifying cold flame burned toward the Black Tortoise Divine Arrow in an unstoppable manner!

Not only that!

"Bang!"

"Bang! Bang!"

In Xuanwu City, countless lava flows had already burst out! The Nine Heavens Obsidian Flame originated from the Chaos and was born in the Primordial Chaos. How could it not burn a city? Yes.
