Chapter 171: Vermilion Bird Arrives!

Boom! Boom! Boom! The continuously erupting lava flow was being described in reality! What was the power of the Nine Heavens Obsidian Flame? What was Ye Qianli's current power?

At this moment!

The people of the Vermilion Bird Dynasty who had rushed into the sky or were being supported into the sky could not be described with words. They were looking at the lava that filled the city! The scene that kept bursting out like a fountain, the shock that came from the bottom of his heart was so deep.

Ye Qianli.

She stood in the lava that filled the entire city and raised her hand to burn it out. The Black Tortoise Divine Arrow that shot towards her seemed to be effortless.

At this moment!

Apart from the screams of the entire city, the Vermillion Bird and Black Tortoise were completely silent. They could not hear anything else except the sounds of lava exploding and their rapid heartbeats.

“ .. ”

At this moment, even Ye Shang was stunned. She had to admit that only Ye Qianli could match Rong Mo in terms of talent and combat strength.

"Unbelievable."

Hua Qianfang and the others, who were the spectators, could only use these words to describe the shock and palpitation in their hearts.

As the group of people brought out by the Headmaster, they could be said to be the elites of all walks of life in the Four Symbols Continent. However, they had never seen anyone with such extensive knowledge! Who could destroy a city by themselves?

And it was a capital city! Simply...

"The talents of the Vermillion Bird Dynasty are really more valuable than quantity." Ye Donglin had to admit that his old heart was really shaken to its core.

"I wonder if her innate talent as a Divine Inscriptionist is as extraordinary as her awakened innate talent?" At this moment, Hua Qianfang had to admit that she was very interested in the young girl who had destroyed the city in flames.

Not only was he talented, but his brain was also so good! How could she have thought of using the Nine Heavens Obsidian Flame's unique origin power to summon the magma from the Black Tortoise Mountain to destroy Black Tortoise City?

Most importantly!

She was actually not worried that such an unbelievable idea could not be done? Wasn't she afraid that she would end up getting destroyed instead of destroying the city?

Or perhaps!

How could she be sure that this method would work? After all, no one had ever done this before! After all, Black Tortoise Mountain was thousands of miles away from Black Tortoise City.

What if she needed too much time and the people and army guarding her couldn't hold on?

If she was not strong enough midway, wouldn't all her previous efforts be wasted?

What if...

There were many ifs! Many variables had now become a foregone conclusion.

This gave Hua Qianfang a new understanding of Ye Qianli's resourcefulness, courage, and decisiveness. She felt that the women she had met before were not even a match for this girl. Even the men were inferior.

..

"This little pervert."

The dean, on the other hand, had turned all his words into the most objective conclusion. He didn't know how to describe Ye Qianli.

But at this moment!

“!”Xuan Tianyan, who was looking at this scene from afar, was extremely weak because of the Black Tortoise Divine Arrow! However, he was trembling as he drew his bow again, ready to shoot another arrow to end Ye Qianli.

Even if he did not want to kill her now, he was afraid that he would not be able to control the situation. He had no choice but to kill her in advance. Otherwise...

"Bang!"

Xuan Tianyan, who was preparing to shoot another arrow with all his might, felt a violent tremor at the same time! The Black Tortoise Divine Temple that he was in was shaking as if it was about to collapse!

But how was this possible?

As the Black Tortoise Temple! Even if Xuanwu City was burned down, it should not be affected. After all, with the toughness of the temple, unless the power of the Xuanwu divine beast disappeared, it would not be shaken.

But the truth was-

"Kacha!"

It was known as the sturdiest Black Tortoise Temple in the Four Symbols Continent! At this moment, there was a tiny crack in the middle.

Although the hole was thin, it was enough to make the remaining guardian of the temple lose his soul! It was enough to scare Xuan Tianyan so much that he spat out a mouthful of blood. He no longer had the strength to draw his bow and shoot an arrow.

And at this moment, standing in front of the Black Tortoise Temple! Rong Mo, who had slammed his palm on the ground, slowly withdrew his hand and stood up. His cold eyes looked past the temple buildings and stared at the temple in the center of the temple as if he was looking at a dead man.

There!

It was where Xuan Tianyan was at the moment.

“!”

Almost at the same time, Xuan Tianyan, who was in the temple, shuddered. He felt as if he had been locked on by someone! But this feeling was fleeting.

Rong Mo had already left. He did not enter the temple. No one knew why. Especially those temple guards who saw him but could not stop him. They did not understand why he did not attack.

" Perhaps he knows his limits and is afraid of attracting Black Martial God? "

"Or is he already out of strength?"

".."

The Temple Guardians were suspicious, but no matter what the reason was, Rong Mo did not barge into the Temple, which made them heave a sigh of relief. Otherwise, they would most likely...He couldn't take it.

A single palm shook the temple and even shattered the temple's buildings. This was too abnormal!

Even if this had something to do with Xuanwu City being ravaged by the lava, this person was definitely very powerful. Otherwise, how could he have shaken their Xuanwu Temple?

..

At the same time.

Ye Qianli seemed to have sensed something and was also looking in the direction of the temple. Others might think that the commotion was related to the lava she detonated, but she knew that it wasn't.

Moreover, she could keenly capture that there was a murderous aura gathering in that direction, and that direction was the direction where the arrow had been shot from.

However, before she could sense the specific situation, she heard a loud bang that suddenly exploded from somewhere in Xuanwu City!

Then-

"Boom!"

Countless purple lights shot out along with the sound.

"Grand Preceptor Zi!"

"It's Grand Preceptor Zi who has come out of seclusion." Many Xuanwu officials, who were frightened by the sudden change in the city, stopped panicking when they saw the purple light.

Even the Headmaster's eyelids twitched. He was not afraid of Grand Preceptor Zi, but he knew that Ye Qianli and her men could not stop him.

"Buzz!"

However, just as everyone saw the purple light, it had already flashed towards Ye Qianli at an incredible speed! Seeing this, the dean became anxious again and wanted to attack again.

Unfortunately ...

"Screech!"

A fiery Vermilion Bird appeared out of thin air above Ye Qianli and spread its wings for her! He protected her.

That magnificent purple light was naturally blocked! Under the Vermilion Bird, Rong Mo appeared and stood beside Ye Qianli.

"Hall..." At this moment, Ye Qianli wanted to say something, but blood gushed out of her mouth. She had already exhausted her energy! He was just holding on.

Therefore, Ye Qianli fell to the ground as soon as the blood that she had been holding in gushed out! She fell unconscious into Rong Mo's arms.

Chapter 172: Karma (1)

"Meow!" Little White was so scared that it quickly waved its little paws at Rong Mo to show that it had tried its best. This had nothing to do with it, and it could not be beaten up.

Rong Mo glanced at it and fed the pill into Ye Qianli's mouth. The speed of feeding the pill was a little fast. Perhaps it was because he was still a little traumatized.

However, he didn't retract his hand after feeding her the pill. Instead, he touched Ye Qianli's glabella, caressing the fire mark that hadn't disappeared yet.

"Meow, meow, meow..." Seeing this, Little White Meow hurriedly called out a string of words, as if saying, "It looks good, doesn't it? It looks really good, doesn't it? Do you like it very much?"

However, at this moment, someone came to spoil the mood.

"Brat, leave him here. Otherwise, even if you are the Vermillion Bird Crown Prince, you will die here." Grand Preceptor Zi, who came out of seclusion, stood in front of Rong Mo and boasted shamelessly.

Hearing this, the Headmaster immediately snorted and said, "Mao Zi, do you think I'm dead? How dare you say that you want to kill my student in front of me? Do you have the ability and courage to do so?"

".."

The high-spirited Grand Preceptor Zi a moment ago was now as pale as a frog. However, he still answered firmly, "Principal Ye, this is a national dispute between my Black Tortoise Dynasty and the Vermillion Bird Dynasty. Are you going to bring the Genius Academy to interfere?"

However, the dean immediately exploded, "To hell with your interference!" What did I say? You old turtle, you've been hiding until now, waiting for us students to be weak before you quickly come out and show off. Don't you have any shame?"

"I..."

"What do you mean you! Let me tell you, your Black Tortoise Dynasty colluded with the people of the Ghost Realm and plotted against my student. If I want to settle the score now, do you want to commit suicide to apologize?"

"I..."

"Don't make a sound. Since I don't want to fight and have something to do, hurry up and get back into your turtle shell. Otherwise, you'll cry when I attack."

".. "Grand Preceptor Zi choked and could not breathe for a moment. He had just come out of seclusion and did not understand the entire situation. Seeing that Principal Ye was about to make a move, he really did not dare to say anything.

Seeing this, the dean snorted arrogantly again and said to Rong Mo, ""What are you still standing there for? Hurry up and carry your wife and follow me. I'll see who dares to attack you again. Shameless."

However, Rong Mo was not so obedient. He looked up at Elder Zhao and the others and ordered, "Retreat."

"Yes, Your Highness." Elder Zhao, Tian Er, and the others received the order and naturally did not delay any further. They retreated towards the outskirts of Xuanwu City, causing the Black Tortoise Head Exalt, Purple Spirit, and the other black-armored soldiers to feel somewhat unwilling.

However, they were unwilling. Everyone knew that if Grand Preceptor Zi did not make a move, they would not be able to win this round. However, they could not just watch as the Vermillion Bird Dynasty left.

However, Elder Zhao, who was retreating, said firmly, "If you want to start a war, we will fight you to the end. We have 50,000 Vermillion Bird Army soldiers and 250,000 elite soldiers from the West Barren and East Ocean. We are waiting for you."

The implication of Elder Zhao's words was that he was naturally not afraid of the Black Tortoise Dynasty chasing after them and was waiting for them to come! After all, although Xuanwu City was far from the Northern Territory, it was not too far.

And Xuanwu City was already in such a state. If they really fought! It was still uncertain who would win. After all, the Black Tortoise Dynasty could not guarantee that there would not be internal strife in the dilapidated capital.

Moreover, how to contain the raging lava was also a big problem. If they couldn't solve this problem, they could only move the capital...

Therefore, the Divine Sparrow Army led by Elder Zhao and the remaining 20,000 Heavenly Cavalry soldiers quickly withdrew from Xuanwu City and headed toward the northern region of the Vermilion Bird.

As for the wolf beasts that were obviously summoned by Ye Qianli earlier, they quickly retreated from Xuanwu City before the lava erupted. They were probably far away now.

However, everyone knew that if they were to fight, Ye Qianli might combine herself with the wolf and summon countless wolves to fight. It would be even more difficult to say who would win.

"Motherf * cker! These wolf cubs have finally left. Why didn't we realize that there were so many wolves in our territory before?" At this moment, the commanders of the north, south, east, and west gates, who were the most concerned about the wolf pack's movements, felt that they had really sent away a group of masters. They could not afford to offend them.

However, although the wolves had left ...

"Boom!"

"Rumble..."

The collapsing city still gave the four commanders who were lucky enough to run out of the city a feeling that the dynasty was about to be destroyed! After all, the entire Xuanwu Capital had been reduced to ruins.

Only the Black Tortoise Divine Temple and the Black Tortoise Sacred Palace were still standing, but the latter was clearly not going to make it! After all, many places had collapsed, and it would probably be difficult to preserve them...

Such a scene!

Two months ago, if someone had seen the miserable state of the Vermillion Bird City, they would have sighed.

This karma was really fast, ruthless, and awesome!

Hence-

"Hurry up, run faster! Let's quickly fly back to the imperial court and vividly explain the scene of the crown prince consort's gift to everyone!" Tian Er couldn't help but urge as soon as he left Xuanwu City. He was extremely excited.

"Yes, yes, yes, let's go! I want to go back to the court and spread what I saw today. Our crown prince consort is really awesome. F * ck!"

"Wait for me. Let me take some medicine before leaving. I'm still injured! But I can't fall behind. Aiyo, I'm so excited. This is the most exciting battlefield I've ever participated in."

A large group of people from the Vermillion Bird Dynasty who came out of Xuanwu City were so excited that they ran away quickly! The sadness of his little friend dying in battle dissipated in the excitement of glory.

"Alright, alright!" Elder Zhao, who was leading the team, also nodded his head. He had praised Rong Feng for his decision to give the imperial edict for the marriage hundreds of times.

To think that his old eyes were cloudy and he didn't think much of the Crown Princess Consort back then, only now did he understand! It was still the Sage Emperor, whose cultivation base was inferior to his, who had sharp eyes. This crown prince consort was well chosen. She was too proud.

For a moment...

The vast Vermilion Bird Army was like a soaring bird, helping each other to break up the whole! He used the hidden forces of the Heavenly Cavalry Army to return to the Vermillion Bird's Northern Territory at lightning speed.

During this time, the dean had also secretly pulled some strings. Hua Qianfang, Ye Donglin and the others were also very good at helping out.

Therefore, when Ye Qianli woke up two days later, she heard that the Heavenly Cavalry Army and the Divine Sparrow Army had already hidden themselves and were on the way back.

" With so many people, Xuan Tianyan will definitely not be satisfied if he doesn't kill them. " Ye Qianli, who was lying on the bed, was still worried.

She was already very worried about the Sky Cavalry Army, not to mention the Divine Sparrow Army, which was the foundation of the Vermillion Bird Dynasty. They were the only talents in the dynasty! If they were killed or crippled, what future would the Vermillion Bird Dynasty have?

However, Ye Qianli's eyes were rolling and she was worried. Soon, she would be worried about herself because her face was being pinched again!

It hurt so much that Ye Qianli wanted to cry. " Your Highness, it hurts..."

However, Rong Mo, who was staring at her coldly, did not show any signs of letting go. Therefore, she quickly took out the mysterious "Trilobite" and shouted to save herself, "Your Highness! There's movement from Your Highness 'jade."

Chapter 173: Coaxing the Beautiful Prince (1)

However, Rong Mo was not fooled at all! He was still pinching her face with unprecedented strength. It was so painful that Ye Qianli was about to cry.

Rong Mo knew when to stop and let go, but! Ye Qianli, who felt that one side of her face had " disappeared ", turned her back to him.

"Turn around." Rong Mo ordered.

"..Ye Qianli didn't move or say anything. She was feeling a little emotional.

"Does it hurt?" Rong Mo asked.

"Humph!" Ye Qianli hid under the blanket, indicating that she didn't want to talk to this person. She rubbed her little face that had suffered a lot, but it still hurt a lot.

"..Rong Mo did not say anything.

After a long silence, Ye Qianli, who hadn't fully recovered, started to feel sleepy again. She suddenly felt as if someone had pulled her out of bed.

Then, the left side of her face, which had not suffered any damage just now, was suddenly pinched! She was jolted awake by the pinch and immediately saw the beautiful prince's face in front of her.

"You..." Ye Qianli was so angry that she wanted to curse.

However, Rong Mo was one step ahead of her and scolded coldly, ""The strength of a Class 5 Magical Beast. With your physique, if you hadn't consumed the Nine Suns Fruit, you would already be a dead man."

"None of your business!" Ye Qianli couldn't help but retort.

Rong Mo glanced at her and really stood up to leave, ignoring her.

"..Ye Qianli was dumbfounded. She felt that Rong Mo, who turned around and left, was angry. He seemed to be very angry?

..

"Meow?" At this moment, Little White Meow, who was squatting outside the tent, was a little confused when it saw Rong Mo walk out with a cold face.

After all, it could sense that Little Qianli had just woken up. Shouldn't the two of them get close? Why did Little Momo come out in a short while? He still had a cold expression on his face. He was obviously angry.

However, in this situation, it did not seem to be able to interfere. It was better to stay away from Little Mo Mo so that he would not vent his anger on him. That was all!

With that thought in mind, Little White Meow quickly jumped from Ye Qianli and Rong Mo's Northern Plains Eagle to the dean's side to play by itself.

Of course, it wanted to play with the magic box the most, but it could not find the magic box that had long hidden in the ancient battlefield to prevent it.

As for Ye Qianli?

Her thoughts were similar to Little White Meow's. She decided not to provoke Rong Mo. She turned around and slept for another five days. She slept very soundly.

When she woke up refreshed, she realized that she was on the northern plains eagle and was advancing at an extremely fast speed.

However, she did not feel this way the last time. She thought that she was lying in an inn. Now, it seemed that this was not the case.

"Idiot, you've finally recovered by 20 - 30%. You really have to thank the beautiful prince this time. If he didn't feed you high-quality pills regularly, you would have been crippled." The bullet screen of the Magic Box flashed at this moment.

Ye Qianli frowned. After a self-examination, she realized that her body was indeed not in good condition. Not only was her spiritual power very poor, but even her talent was also in a state of exhaustion.

At this moment, she might not even be able to defeat him when he was in the initial success realm! He was really too weak. He was in a state of exhaustion.

However, the last time she woke up, she didn't feel this way at all. She was just a little sleepy, so she fell asleep again not long after. Could it be that she was so weak that she couldn't even sense her own condition?

"I thought that you would need at least ten days to half a month before you could recover. I didn't expect your beautiful prince's pills to be so good. They're not too nourishing and are very effective. It's just enough for you to slowly absorb them." The Magic Box said.

Ye Qianli was speechless.

She suddenly understood why Rong Mo was so angry the last time. Although he was right, he shouldn't have pinched her face! And he had hit her so hard.

However, Ye Qianli still felt a little guilty and asked, ""Did he come in to see me after I fell asleep?"

"Aren't you talking nonsense?" The Magic Box was speechless.

"I really didn't. It seems like he's very angry." Ye Qianli rubbed her temples, feeling a little uneasy.

In the end, the magic box could not help but curse, "It seems that the idiot really did not call you wrongly. I already said that I would feed you medicine at a fixed time. How could I not come to see you? Your brain, you ... What do you want me to say about you?"

"Uh ..." Ye Qianli awkwardly wiped her forehead and explained, "I didn't hear him clearly. It seems that he didn't really leave me alone!"

"Yes, yes. Hurry up and burn some incense. Only he doesn't despise you for being a retard and can still bring you along." The magic box said disdainfully.

Ye Qianli blushed and said angrily, ""If you keep talking, do you believe that I'll give you to Xiao Bai?"

The magic box was speechless. It wanted to be a quiet magic box.

"Humph!" Ye Qianli, who had won a round, snorted proudly. However, she was starting to have a headache again because she didn't know how to apologize to Rong Mo.

The key was that he seemed very angry last time, very angry! She didn't know if he was feeling better now. He could still feed her medicine. He probably didn't hold a grudge, right? Well ...

With that thought in mind, Ye Qianli quickly got up from her bed and walked out of the tent. She looked at Rong Mo who was standing on the eagle's head for a while.

Then, she finally mustered up her courage and walked forward with a serious expression. When she approached the beautiful prince, she called out in a deep voice, "Your Highness."

".."He didn't respond.

Ye Qianli didn't give up and continued, ""Your Highness."

".."He still didn't reply.

"Your Highness, I have something to discuss with you. Do you still remember this thing?" Ye Qianli had no choice but to take out the Trilobite again and walk in front of the beautiful prince.

However, she turned her head away...

"Your Highness, don't be like this! I really have something to tell you now. Ye Feng from our Heavenly Wolf Army said that he wants to find my grandfather and use this thing." Ye Qianli quickly said.

".."Unfortunately, the beautiful prince still ignored her.

Ye Qianli felt a headache coming on. What should she do? Was he going to force her to use her ultimate move? However, she did not want to do that. It would really damage her image.

So ...

"Your Highness, can we talk nicely?" Ye Qianli tried to fight for her life, but the beautiful prince didn't say anything.

Helpless!

Before Rong Mo could react, Ye Qianli grabbed his hand and bit his thumb.

"!"Rong Mo, who seemed to have been struck by lightning, was simply...Simply too.

Chapter 174: Can't Hold It In Anymore!

However, Ye Qianli bit and licked him as if he was sucking on a chicken drumstick. Rong Mo's face turned black after being stunned for a while.

Thus, he instantly withdrew his hand when he regained his senses. His voice turned colder as he said, "Aren't you disgusting!" As he spoke, he even took out a handkerchief and wiped his hands with a look of disdain.

Especially when he saw the sticky saliva all over his thumb and palm, he couldn't help but frown.

"Bam!"

Ye Qianli kissed him on the cheek and licked him on purpose. She said in a very brave and provocative manner, "I'm disgusted by you! You've kissed me many times, and I didn't even despise you. Why do you despise me? If you have the ability, then break off the engagement."

However, as soon as she finished speaking, she cowered...

Rong Mo had already pinned her down on the eagle's back and was leaning on her. His clear and deep eyes were staring at her coldly, making her feel a little scared.

And at this moment!

"Meow!" Little White Meow, who had run to the dean's side earlier, noticed this scene and immediately raised its paws excitedly.

Naturally, the headmaster, who had also seen this scene, could not help but laugh. "I didn't expect Ye Qianli to take down Rong Mo like this. It's true that when dealing with people like him, you can't say too much. Take a look ... You didn't care about her at first. You can't hold it in anymore after a bite and a kiss."

"Meow!" Little White Meow agreed.

Hua Qianfang, a single person, was speechless. Speaking of which, couldn't this old man, meow, and the two in the distance show some care for him, who didn't have a girlfriend?

..

At the same time, Ye Shang, who was too far away to notice this scene, was looking ahead. After all, Rong Mo and Ye Qianli were flying ahead.

However, Ye Donglin, who had been silent all this while, sighed and said, ""Shang Shang, why do this?"

Ye Shang's eyelids twitched when she heard that. " Father? "

"Father knows that you like Rong Mo, and I have always wanted to fulfill your wish. After all, Rong Mo is extremely talented, and he is already an outstanding talent at such a young age. His future will be limitless."

"Father..."

"Listen to Father." Ye Donglin looked into the distance and said sincerely, "Even before the incident at Xuanwu City, Father was still willing to fulfill your wish. He even did not hesitate to use some dirty methods to help you achieve your wish."

Of course, Father also has his own selfish motives. After all, Rong Mo is the Principal's most beloved student. If you can marry him, it will only be beneficial to the Ye family."

"Father..." Ye Shang was excited when he heard this!

However, Ye Donglin's voice became heavier as he said, "" Don't be so agitated. Father is talking about the incident in Xuanwu City. Now, I advise you not to think too much about it. Rong Mo would never abandon Ye Qianli, who is a hundred times more outstanding than you, to marry you. "

"Father?" Ye Shang was stunned.

" Shangshang, your mother died early. I raised you up as both a father and a mother. I've always been proud of your growth. You're very outstanding, but you have to admit that Ye Qianli is even more outstanding than you. " Ye Donglin did not want to hurt his only daughter, but he did not want her to continue making mistakes.

However, Ye Shang said, " I can marry Rong Mo together with Ye Qianli. It's normal for people like him to have three wives and four concubines. So what if Ye Qianli is more talented than me? With my identity as the eldest daughter of the Ye family, it's not a disgrace to serve her in the same husband. "

"Pa!"

However, Ye Shang's words were met with a slap, a heavy slap from Ye Donglin!

"Father?"

Ye Shang, who was suddenly hit, could be said to be completely dumbfounded. She did not understand! Why did her father, who had never hit her since she was young, hit her so hard?

Even without looking in the mirror, she could feel that her face was swollen! Her mouth was also broken, and blood was flowing all over her mouth. Her face was burning with pain, and her ears were buzzing.

After a long while, Ye Shang, who had recovered slightly, was slapped by Ye Donglin again, causing her tears to fall on the spot.

"Why are you crying? Is this how I, Ye Donglin, have taught you to be so shameless as to be someone else's child? You still know that you're the eldest daughter of the Ye family. What kind of outstanding talent do you want? Why did she have to fight to be someone else's concubine? Are you being cheap?!"

Ye Donglin was so angry that he went crazy.

The entire Ye Clan did not have any outstanding talents in the past few generations, but the Ye Clan's steady and steady position was there. In the entire Four Symbols Mainland, although the Ye Clan could not be considered the number one clan, they dared to call themselves the number two clan.

However, the daughter that he had painstakingly raised as a successor was now so despicable that she wanted to be someone else's mistress. She did not feel that it was wrong at all. What sin had he committed?

"Father..."

"Don't call me father. I, Ye Donglin, don't have a daughter as spineless as you, who is willing to be so lowly!" Ye Donglin did not understand. How did his daughter, who was such a good girl, end up like this?

"Father! I ..."

"Forget it, you can leave. I will order someone to send you back to Genius City. With your current personality, even if you have a fortuitous encounter in the Extreme Ice Territory, you will not be able to achieve anything great." Ye Donglin was extremely disappointed.

When Ye Shang heard that she was going to be given away, she almost screamed, ""Father, I'm not leaving! Father, I was wrong, please don't chase me away. I was willing to be so lowly and have such thoughts because my talent is really too inferior to Ye Qianli's. I beg you, father..."

However, Ye Donglin did not agree. It seemed that he was determined to send Ye Shang away. The key was that after the incident in Xuanwu City, he was afraid that Ye Shang would offend Ye Qianli in a rash manner. If that happened, Ye Shang might not even know how she died in the future.

Until now ... Seven days had passed, and the entire Xuanwu City was still in deep waters. The lava explosion could not be stopped at all.

In addition, the lava under the entire Xuanwu Mountain Range had become abnormal. Several Everlasting Volcanoes had erupted one after another, and many fire beasts that used to hide in the lava had come out to cause trouble.

Right now, the Black Tortoise Dynasty was in a terrible state. Forget about counterattacking the Vermillion Bird Dynasty, they were probably burning incense and praying that the Vermillion Bird Dynasty would not attack.

However, Ye Qianli, the culprit, obviously didn't know about the aftermath. After all, she only wanted to return the favor that day! Back then, the Black Tortoise Dynasty had almost destroyed the Vermillion Bird City and destroyed her home. She had returned the favor!

Now ...

Ye Qianli, who had destroyed Xuanwu City a few days ago, was explaining, "" Your Highness, I really didn't expect that I would be so weak after using this ultimate move. However, even if I knew, I would still have done so. Otherwise, it wouldn't be appeasing! "

"Do you think this is your fault?" However, Rong Mo, who had pinned her down, narrowed his eyes, and his breath turned colder. Ye Qianli was so scared that she racked her brains, but she couldn't figure out where she had gone wrong.

However, as she was thinking hard, Rong Mo's gaze fell on her chest and he reached his hand into it.

Chapter 175: Where Can't I Touch You (1)

"What are you doing!"

Ye Qianli felt as if she had been electrocuted. She immediately covered her chest and stared at the Crown Prince who was right in front of her. She felt that this guy was too sinister. He actually asked her a question first and then sneakily attacked her! He was so listless.

Rong Mo, whose hand had been slapped away, raised his eyes and saw Ye Qianli's guarded gaze. His eyes twitched as he asked, " What are you daydreaming about? "

Fantasy? What the hell!

Ye Qianli, who understood the meaning of the word, was not convinced. She said fiercely, ""What are you trying to do? Where do you want to touch? I didn't expect you to be such a wicked crown prince!"

However, Rong Mo looked down at her chest and said seriously, ""Take a look for yourself."

Ye Qianli was speechless. What were they looking at? How could she not know that those were breasts? This fellow...

"Get up!" Ye Qianli expressed that she had no choice but to discuss " what " with a certain wicked prince in a serious manner. Touch 'what'?

However, not only did Rong Mo not get up, he even pinched her face again and said in a profound tone, ""The jade you took out last time, take it out and see for yourself. I saw it glowing."

Ye Qianli was speechless.

"Or do you want me to continue your fantasy and help you touch it?" Rong Mo raised his voice again. Ye Qianli, who had successfully provoked him to the point where her brain was in a daze, blushed immediately.

This ...

Well ...

"You ... You didn't explain it clearly and even attacked directly. Isn't it right for me to think so? You ... Go away, I ... I ..."

Ye Qianli was so embarrassed that she couldn't even speak properly.

" Alright, Little Stutterer, take it out and let me take a look. " Rong Mo did not tease her anymore, afraid that she would not be able to speak for a while.

"You're the one stuttering! I'm still very nimble." Ye Qianli retorted angrily, but she didn't dare to continue the topic of " what are you thinking about " and " what are you touching ". Naturally, she quickly took out the Trilobite.

However, Ye Qianli didn't notice that it was glowing when it was molded! So ...

"You lied to me!" Ye Qianli immediately became spirited. So, she didn't misunderstand at all. This beautiful prince was trying to trick her, did he think she was stupid?

Rong Mo was speechless.

Seeing that he was speechless, Ye Qianli's aura became even stronger. She pointed at the trilobite in her hand and said, ""Look, there's no movement at all. What else do you have to say?"

However, Rong Mo replied coldly, ""Where can't I touch you? Why do you need to find an excuse?"

"!"Ye Qianli was dumbfounded. What did he mean?

However, Rong Mo still wanted to say, " Your brain isn't working very well anymore. Don't think too much about improper things. When we're married, we'll naturally do as you wish. Now is not the time. "

Ye Qianli was speechless. She...She...Was she being criticized for having unhealthy thoughts? No, no, wait, wait, wait ...

"Who wants to marry you! You wish. Go away. I don't want to talk to you now." Ye Qianli was both angry and embarrassed. She felt that she couldn't continue chatting with this wicked Crown Prince. She was going to die in a pit.

"You don't want to get married, so you want to do something indecent?" Rong Mo wanted to raise his voice again, but there was a hint of laughter in his voice. Unfortunately, Ye Qianli, who was so angry that she was about to explode, didn't hear it.

"You ... You go!" Ye Qianli didn't want to look at him, so she turned around and sat on the eagle's back. Rong Mo was so annoying!

Rong Mo, who saw her turn from lying down to lying down, laughed out loud. " Junior Leopard, you look more like a leopard when you lie down like this. Who are you going to scratch? "

"!"Ye Qianli held her breath and pretended to be dead, ignoring him. She had to calm down. This bastard was too much of a bully. She couldn't win against him no matter what.

Rong Mo patted her head and chuckled. ""Alright, get up. Your thing did light up. Tell me what Ye Feng said before."

Ye Qianli still didn't want to talk to him, but when she thought about her grandfather, she said angrily, ""Ye Feng said that my grandfather successfully broke out of the encirclement, and this thing should be able to find him."

Although Ye Feng said that the Heavenly Silkworm Jade could be found, Ye Qianli thought that the jade-like and wood-like Trilobites should be the so-called Heavenly Silkworm Jade.

After all, this item seemed to have a special ability to differentiate the Ye family bloodline.

"Let me see."

"Here!" Ye Qianli was still a little angry as she handed over the Trilobite.

Rong Mo raised his eyebrows and looked at her. Seeing that she was still lying on the ground without turning her head, he did not continue to tease her. Instead, he carefully examined the thing in his hand. He was sure that this thing had lit up in her arms just now, but why did it not move?

If this thing was related to Ye Wuji's whereabouts, could it be...

"Screech-"

Rong Mo's divine sense moved, and he had already signaled the Northern Plains Eagle that they were sitting on to fly back. His sudden turn naturally attracted the attention of the dean.

"Brat, what do you want?" The Headmaster did not come over on his eagle, because he could see that Rong Mo and the other were still "intimate". It was not convenient for him to come over, so he only asked loudly.

However, Rong Mo did not answer. He only stood up and looked down when the Northern Plains Eagle returned to the place where the object in his hand had lit up.

Seeing this, the dean naturally came over on his eagle, and the little white cat followed.

"What did you find?" The Headmaster finally understood what was going on. He knew that Rong Mo must have discovered something, but he did not sense anything amiss in this area. Could it be that his perception was inferior to this damned brat?

But in fact, Rong Mo did not notice anything, and the thing in his hand was no longer glowing. Could it be that his speculation was wrong?

"Kid, say something. What's going on?" The director was anxious to death by his silent behavior. If it were anyone else, they would have been beaten up by him.

"Little White, go down and take a look." Rong Mo said.

"Meow?" Little White Meow, who was "chatting" with Ye Qianli, was confused and wanted to ask, "Why me again?"

"Did you find anything?" Ye Qianli, who had "calmed down", came forward and asked. Little White Meow followed her.

As soon as it came over, its eyes lit up as it stared at the " Trilobites " in Rong Mo's hands, drooling! Ye Qianli's eyelids twitched.

At the same time!

Perhaps it was because the Trilobite was frightened, but it really lit up! The faint green light made everyone's eyes narrow.

"Meow!" Little White pounced on Rong Mo's palm.

However, Rong Mo's hand clenched into a fist as soon as it pounced on him. Little White, who wanted to swallow the trilobites, only managed to bite Rong Mo's hand. Then, it was gloriously lifted by its tail and thrown into the air.

Ye Qianli was speechless!

Rong Mo really didn't cherish this cute little cat at all.

However, as soon as Little White Meow fell, Rong Mo rode the Northern Plains Eagle and flew down. The closer he got to the ground, the brighter the Trilobites in his hands became.

Chapter 176: Your Highness, I Like It When You're So Bad

When it landed on the ground, the green light emitted by the Trilobite had already attracted the attention of the others. However, no one asked anything and only waited for the dean to speak.

"Meow!"

At this moment, Little White Meow, which Rong Mo had left behind earlier, had already appeared from somewhere and barked at Rong Mo. It basically said, " Come with me, there's a situation here. "

Seeing this, the Headmaster did not wait for Rong Mo to say anything before he made the arrangements, "" Long Qing, Cheng Yu, ten of you will stay here temporarily. The rest of you follow me and follow this little cat. "

"Alright." The two teams that were called to stay did not have any objections.

Ye Donglin asked Ye Shang to stay where she was as well. He, the dean, and the others walked deeper into the wilderness under the guidance of Little White Meow. However, he did not notice anything unusual along the way.

Even the dean didn't find anything unusual along the way. However, he knew that Rong Mo's beast pet only looked like a beast pet. Its sensitivity to good things couldn't be described with common sense, so he just continued to follow.

After walking for about an hour, Ye Donglin could not help but want to ask something. However, Little White Meow stopped and pointed at a snowy peak opposite them, meowing.

"What is it saying?" The dean didn't understand the cat language.

Because Little White wanted to express a lot of things this time, Ye Qianli couldn't understand it. She looked at Rong Mo, waiting for him to translate.

However, Rong Mo, who had high hopes for her, said, " I don't know. "

Uh ...

Ye Qianli and the dean were speechless. Wasn't this your pet? If you can't understand it, how do you communicate with it?

" Meow, meow, meow!... " Little White Meow became more and more anxious as it spoke. It even jumped in front of the three of them and scratched its face to explain. However, Ye Qianli, who had been staring at it, still could not understand.

Seeing Ye Qianli and the dean dumbfounded, Little White Meow looked at Rong Mo expectantly and said, " Meow! " It thought that Little Mo Mo should understand.

Rong Mo shook his head, but his eyes were fixed on the snowy peak opposite him. He did not even look at Little White Meow when it was gesturing.

For a moment...

Ye Qianli suddenly had an idea and said, " Oh right, I have a plant called the Language Grass. It is said that beasts can speak human language after eating it. Little White, wait! "

After saying that, she took out the Language Grass from her Universe Bag and handed it to Little White. " Eat it. You can talk to us after you finish eating. We won't be tired anymore. "

"Meow!" The little white cat naturally did not refuse. It took the Language Grass and was about to chew it.

"Even if it ate it, it would be for nothing." Rong Mo said distractedly.

"Meow!" Little White Meow seemed to be unconvinced and swallowed the Language Grass in one gulp.

Ye Qianli looked at Little White Meow expectantly, waiting for it to speak human language so that everyone could communicate with it. Otherwise, no matter how vivid its eyes were and how vivid its gestures were, it would be difficult to understand sometimes.

Unfortunately ...

"Meow!" After swallowing the Language Grass, Little White Meow was still speaking the Star Cat Language.

"..”The dean, who was originally looking forward to it, suddenly looked helpless.

"Meow, meow, meow!" Little White meowed a few more times to confirm that it really couldn't speak. It could only wave its paws at Ye Qianli helplessly.

"It's okay. Maybe it hasn't been digested yet." Ye Qianli could only comfort herself like that, but she couldn't help but wonder why she didn't eat it herself!

"This cat is clearly trying to cheat you of your grass. Can't you see through it? Idiot, don't say that you're my master in the future, okay?" Magic Box, who had seen through everything, said helplessly.

"Burp ~"

At this moment, Little White Meow burped in satisfaction. Ye Qianli was speechless. She felt that Little White Meow was a little silly!

"There is indeed something strange up ahead. It should be the entrance to the underground palace." Rong Mo said as he looked away, as if he had already gone there.

"Underground palace?" The dean was a little surprised.

"What does this have to do with our schedule?" Ye Donglin couldn't understand. Weren't they going to the Extreme Ice Realm? However, this place was at least ten days to half a month away from the Extreme Ice Realm.

However, no one answered him. The dean continued to ask Rong Mo, ""What do you think?"

"Yes." Rong Mo replied naturally.

Ye Donglin frowned when he heard that. Behind him, Hua Qianfang could not help but ask, "Is this place related to the Extreme Ice Realm?"

"What do you think?" The hospital director continued to ask Rong Mo.

"I don't know."

When Ye Donglin heard Rong Mo's reply, he couldn't help but say, "Principal, let's go to the Arctic Realm according to our original plan. If you want to explore the underground palace, you can wait until we return."

"I agree with President Ye." Hua Qianfang's goal was the Extreme Ice Realm after all.

However, when the Headmaster heard this, he looked at a dark-faced man in the crowd and said, "Yu Changqing, take a closer look at this snowy peak. Is it related to the Extreme Ice Realm?"

When everyone heard this, they looked at this dark-skinned man with a rather ordinary appearance and height in surprise and said, "The White Tiger Yu Family's fifth talent has awakened. The second son of the Yu Family with the seventh grade God Yu talent?"

However, the dark-skinned man did not answer. Instead, he summoned his innate ability and directly surveyed the snowy peak in the distance.

Everyone knew that the Yu Family of the White Tiger Dynasty was the descendant of Yu the Great, who was revered as God Yu in ancient times. And God Yu's greatest ability was to survey the terrain. Back then, the marine race had wreaked havoc on the Four Symbol Land, and the White Tiger Dynasty had suffered the most.

Yu the Great had built a defensive formation along the coast of the White Tiger Dynasty according to the terrain of the White Tiger Dynasty. It had been tens of thousands of years since then! The marine race was still unable to break through the formation and go ashore.

After that, the world called the "Heavenly Eye" talent that God Yu had awakened as God Yu's talent!

Therefore, once Yu Changqing finished surveying, everyone immediately looked at him expectantly. However, Yu Changqing shook his head and said, "Evergreen's cultivation base isn't high enough, so I can't judge."

"Uh ..."

Everyone was dumbfounded, but they heard Yu Changqing say," However, logically speaking, any mountain peak must have a source. However, I can't see where this snowy peak comes from, so I want to take a look. "

Hearing this, the group of people hesitated. After all, everyone's goal was to reach the Arctic Realm! If there was no connection between the two places, they really did not want to waste time. But what if there was a connection?

The dean was the first to break the deadlock. He said frankly,"I want to go and take a look. As for what you want, I won't force you. We can split up."

Although he said that, the dean was the leader. With his attitude, everyone naturally decided to go to the snowy peak to take a look. The group of people waited for the people who stayed behind to advance towards the snowy peak.

Along the way, Ye Qianli whispered to Rong Mo, ""Your Highness, is it really okay for you to trick everyone into helping me find my grandfather?"

"Meow!" However, at this moment, Little White Meow, who was flying at the front, cried out in surprise, and then...

Chapter 177: The Real Temple!

"!"Little White Meow disappeared into thin air in front of everyone's eyes. It disappeared without a trace. For a moment ...

Rong Mo did not say a word and pushed the dean up. Then...The dean also disappeared.

"!?"The large group of followers were instantly dumbfounded.

On the other hand, Ye Qianli, who was smart, quickly followed behind him. Rong Mo also followed suit, causing the group of people to rush to the same spot without caring about what he was thinking.

However, other than Hua Qianfang and Yu Changqing, the others were a step slower due to their hesitation. Therefore, after they rushed up, they did not disappear like the previous people. Instead, they stayed where they were!

"President Ye, what should we do?" The 16 people who had been detained could only look at Ye Donglin, who had the highest cultivation level other than Principal Ye, and wait for him to make a decision.

Ye Donglin muttered to himself for a moment before suggesting," We can only continue moving forward. We should be able to meet up with them in that underground palace. "

"It seems that this is the only way." Everyone thought about it and felt that it made sense. They couldn't help but feel a little uncomfortable. They just felt that they shouldn't have hesitated for a moment. If they lost an opportunity like this, it would be troublesome!

As everyone walked forward, Ye Donglin slowed down and said to Ye Shang beside him, "Shang Shang, this trip is very strange. I'll send you back to the place just now and go back with the steward who came to pick up Northern Plains Eagle."

"Father..."

"Be obedient!" Ye Donglin had thought that this so-called underground palace was just a small interlude in the journey to the Extreme Ice Realm. Therefore, after Ye Shang's repeated pleas, he softened his heart and brought her along again.

Now it seemed that this place was probably related to the Extreme Ice Realm. He did not want Ye Shang to follow him. After all, this journey might take a long time. He could not guarantee that he could keep an eye on this daughter who might act up at any time.

However, Ye Shang made a big noise and knelt down with a thud, instantly attracting the stunned attention of the people in front of him. Ye Donglin, who cared about his face, was so angry that the veins on his forehead were throbbing.

"Father, all ..." Ye Shang wanted to take this opportunity to cry and beg. She naturally knew that her father wanted to save face, so she did this on purpose. She wanted to force her father to bring her along.

"Get up! Don't you think it's embarrassing enough?"

"Father, I beg you, let me go. I promise that after I come back, if I am still not as good as Ye Qianli, if Rong Mo still doesn't like me, I will give up." Ye Shang promised bitterly.

"Get up."

"I won't!"

"Father can promise you one last time, but you must give up! From now on, give up." Ye Donglin grabbed his embarrassing daughter and said solemnly in a low voice.

"Father..." Ye Shang naturally did not want to agree. After all, she was still unwilling. However, she saw her father's expression and knew that if she did not agree, she would definitely be sent away. Therefore, she could only nod.

Ye Donglin could tell that Ye Shang was just trying to brush him off. However, he knew that no matter how tough he was, it might not be effective. He could only...

"President Ye, look!" At this moment, the person at the front exclaimed.

Ye Donglin's attention shifted from the matter of his children to the front immediately. However, he was shocked by the huge object in front of him at a glance.

They had only turned around the mountain pass and had yet to reach the peak when everyone saw a mountain built against the mountain! It was a winding and magnificent ancient building complex.

Upon closer inspection, one could see that these buildings were just pavilions and corridors that meandered up the snowy peak! Was it only used as a guide?

Of course, these were not the main points! The most important thing was that these buildings looked ancient, but they did not look dilapidated at all. It was as if they had been eroded by countless years, but they were still as good as before.

"President Ye, the building materials are all Xuanwu Stone!" The person who had quickly gone to the site to check was very sure that the materials used to build these buildings were the hardest and could be said to be the best quality blacksmithing material, Xuanwu Stone.

The Black Tortoise Stone was produced in the north of the Black Tortoise Dynasty. It was famous for its hardness, and the Black Tortoise was the best at defense. This stone got its name from it.

However, Black Tortoise Stone was extremely rare. Even the Black Tortoise Dynasty, which dominated the production area, could only obtain a very small amount of Black Tortoise Stone every year. In the supply market of the entire Four Symbols Continent, it could be said to be priceless.

But here?

"There are so many Xuanwu stones. Just moving a small portion back is already a huge fortune." At this moment, the same thought appeared in the hearts of everyone.

Simply too! It was too generous.

"Let's go up." After Ye Donglin calmed down from the shock in his heart, he immediately opened his mouth to speak. He deeply believed that since even the outer guide building was so shocking, then the thing inside! It must be a rare treasure.

"Let's go!"

When the rest of the people heard this, they calmed down a little and walked towards the large building complex. They did not feel that it was a pity that they did not catch up with the Dean and the others.

After all, no one here was stupid. If Ye Donglin could think of it, everyone could naturally think of it. They just wanted to go in quickly.

But why would there be such a magnificent building complex here? Why had he never heard of it before? Could it be related to the frequent occurrence of the phenomenon of heaven and earth in the Extreme Ice Realm?

Ye Donglin couldn't figure it out, but he was even more certain that this place was definitely related to the Extreme Ice Realm! Perhaps this was a real temple, the Black Tortoise Temple.

..

At the same time.

"Buzz!"

Ye Qianli, who had followed the dean's 'disappearance', felt that she had appeared in the sky in a flash! This ...

She was so scared that she quickly activated her innate ability. However, her entire body was aching badly because of this. This was naturally the aftereffect of her previous big move. However, no matter how uncomfortable it was, she could only endure it. It was better than falling to her death on the ground.

But what about Little White Meow and the dean who had "entered" before her? Why was there not a single shadow? Could it be that they had scattered? Wouldn't that be bad? After all, she was now a half-disabled person.

"Idiot, this place doesn't seem to be good. Be careful." At this moment, the Magic Box was still reminding him in a very serious manner.

Ye Qianli was a little nervous when she heard that. She couldn't sense any familiar aura. It seemed that they had been separated.

As soon as Ye Qianli landed, she hid in the forest!

Speaking of which, the scenery here was completely different from the desolate wilderness and high snowy peaks that she had seen before. It made Ye Qianli feel as if she had entered another world.

"Idiot, there's someone here!" The Magic Box suddenly sent out a message, but as soon as the notification popped up, Ye Qianli heard someone rushing towards her hiding place and shouting, " Who's there?! "

"Enter the ancient battlefield!" The Magic Box quickly reminded Ye Qianli. She had the same thought, but she couldn't move at all. The enemy was too powerful! She was locked on...

Chapter 178: Grandpa Is Here?

At that moment, Ye Qianli felt that she was done for, because the deadly aura had enveloped her in all directions.

However, King Yama probably really did not like her, so when that terrifying aura locked onto her! A loud noise suddenly erupted nearby, and even the entire ground trembled violently.

The powerful aura that locked onto her also fluctuated because of this! Ye Qianli made a prompt decision and entered the ancient battlefield. She stayed there for an hour before she came out timidly.

“..”

The scene was dead silent, but Ye Qianli still didn't dare to move. After the magic box repeatedly confirmed that there was no one around, she moved toward the direction where the noise came from.

The journey was fine, but the closer they got to that place, the more Ye Qianli could sense that something big was going on there.

"Be careful, there are many experts ahead. One of them is the one who almost killed you just now!" The bullet comments from the Magic Box also confirmed Ye Qianli's perception.

"Are the dean and the others here?" Ye Qianli was a little worried that she would not know anyone in the past, mainly because she was not strong enough and was almost killed just now.

"I don't have their aura, but I can't say for sure about your beautiful prince. Maybe he's over there, but I can't sense him." The Magic Box indicated.

"What if none of them are here?" Ye Qianli wanted to back out.

“欸?That Hua Qianfang is here." The Magic Box said in the bullet comments.

"He..." Ye Qianli was still a little hesitant. If Rong Mo was here, she would definitely go. However, she was a little worried about Hua Qianfang.

However, this hesitation only lasted for a moment. In the end, Ye Qianli decided to meet up with Hua Qianfang. After all, she knew nothing about this place. If she tried to find

out by herself, not only would she not be able to survive, but she would also have to figure out how to get out.

However, when she sneaked over, she realized that there were quite a number of people in this area! There were at least a dozen of them, and all of them had extraordinary auras.

When she finally moved close to Hua Qianfang, she heard a voice that was not too unfamiliar. "The old rules, the capable get it."

"It's that person from just now!" Ye Qianli recognized the identity of the person who had spoken. Then, she heard a whooshing sound as the person dashed forward. She followed him carefully.

A moment later, a huge cave with a mysterious aura appeared in front of Ye Qianli. The people in front of her had already entered the cave.

However, Ye Qianli didn't follow up because she felt a subtle movement in the Heavenly Silkworm Jade in her arms. As a result, while she was paying attention to concealment, she carefully touched the thing and found that it was indeed glowing.

"Miss Ye?" At this moment, Hua Qianfang had also noticed Ye Qianli and was approaching from behind her.

Ye Qianli quickly put away the Trilobite when she heard the voice. At the same time, Hua Qianfang appeared in front of her.

"Miss Ye, it's really you. Are you alone too?" Hua Qianfang couldn't help but ask after confirming that the person in front of her was really Ye Qianli.

"That's right. It seems that the Flower Lord is also alone," Ye Qianli replied.

"In that case, we were indeed separated." Hua Qianfang muttered to herself and looked up at the cave entrance in front of her. She asked, "Miss Ye, do you want to go in?"

"I'm still thinking about it. After all, the people who went in were too strong. But do you know where these people came from?" Ye Qianli asked again.

"To be honest with Miss Ye, I really don't know. I thought that the dean was already very powerful, but there are a few of these people who give me a feeling that they are even more terrifying than the dean. They scared me so much that I didn't dare to get too close to them." Hua Qianfang smiled bitterly.

Ye Qianli knew that he was telling the truth when she saw that he didn't look pretentious. It seemed that he really didn't know where these people came from, but that was even stranger.

" Even Young Master Hua doesn't know the origins of these people. Could it be that they aren't from our Four Symbol Continent? " Ye Qianli asked boldly.

" I don't know. However, it's possible that they're some truly unworldly experts. If the Headmaster was here, he might know a thing or two. Unfortunately, I don't know where the old man has been teleported to. " Hua Qianfang looked depressed as if she had suffered a huge blow.

In fact, he was indeed a little shocked because among the group of people who went in earlier, there were a few who felt like they were of the same age as him, but their auras were much stronger than his.

Seeing that she couldn't get any information from these people, Ye Qianli asked directly, ""Then what plans does Young Master Hua have? Do you know how to return to the place before we came here?"

"I won't hide it from Miss Ye. I still don't know." Hua Qianfang replied awkwardly.

Ye Qianli was speechless. Alright, she didn't know anything. If only Rong Mo was here. He should know something.

"Forget it. Let's go in and take a look. Maybe there's a way out." Helpless, Ye Qianli could only make a final decision.

"I have the same intention." Hua Qianfang naturally agreed. This was also the reason why he had been watching.

Once the two of them agreed, they moved towards the cave entrance.

However, even if their cultivation was decent, when they entered the cave, they still felt a cold air pressing down on them.

"!"The half-crippled Ye Qianli shivered.

"Miss Ye, come closer and follow behind me." Hua Qianfang couldn't help but say.

"No need. It's better for us to stagger a little in case there's a trap. If one of us gets hit, the other can still think of a way to save us. We won't be wiped out at the same time." Ye Qianli refused.

"That's true." Hua Qianxin knew that Ye Qianli was right, so she didn't insist. She only mentioned it out of pity.

Little did he know that Ye Qianli was guarding against him, because she could feel that the Heavenly Silkworm Jade that she had hidden deep in her bosom was clearly

emitting weak spiritual energy at this moment. It must have been glowing even more intensely.

The key was that this Heavenly Silkworm Jade was the same as her Ye family's Heavenly Wolf Ring. They could not be put into the Universe Bag. He was probably going to be exposed.

In the end...

"Buzz!"

Ye Qianli's worries were not unreasonable. The Heavenly Silkworm Jade in her arms seemed to be affected! She was so agitated that she wanted to jump out, and she couldn't stop her.

However, at the same time, Hua Qianfang, who was walking in front, had already sensed that something was wrong and retreated. "Hurry up and retreat. Those people are right in front! Don't let them find out."

"Buzz!"

Just as Hua Qianfang retreated, the Heavenly Silkworm Jade in Ye Qianli's arms shot out. She didn't even have time to react.

"Bang!" She was suddenly pulled over by a strong force and fell into darkness. Her Heavenly Silkworm Jade also disappeared...

Chapter 179: The Crown Prince Is Here!

“ .. ”

Ye Qianli didn't dare to move or even blink because she didn't know what was going on.

However, she, who was on full alert, did not encounter the fatal danger that should have come as expected after waiting for a long time?

"What's going on?" Ye Qianli blinked her eyes carefully and tried to look around, but what she saw was the same as what she sensed.

It was as if this was a dark and chaotic world, and there was nothing but her? So ... Where was this place? She couldn't have been "teleported" again, and this time she was directly sent to hell, right? It was so dark.

In the darkness, Ye Qianli couldn't help but send a message to the magic box, "Magic box, magic box, quickly show your power."

However, the magic box did not respond?

"Magic Box, you can't die, can you?" Ye Qianli touched the magic box in her sleeve pocket. She felt that if this thing was not working, it would be even more difficult for her to figure out the darkness.

"You're the one who can't. Don't be noisy. I'm sensing it. This place is so strange. Why is there no aura of life at all? It doesn't feel lifeless at all. " The Magic Box continued to comment.

Ye Qianli was relieved when she saw the familiar bullet screen. At least she had a companion.

At this moment, it was as if there was always a way out. She saw a small cluster of faint green light not far in front of her, flashing like a firefly.

"It seems to be your Heavenly Silkworm Jade." The magic box also notified him.

When Ye Qianli followed the faint light and touched it, she found that it was indeed her Heavenly Silkworm Jade! Then, could she boldly guess that Tian Can Yu had brought her to this pitch-black place?

If that was the case, could she assume that her grandfather was also here?

Thinking of this, Ye Qianli couldn't help but call out, "Grandpa? "

".."

Unfortunately, what responded to her was still the silent darkness.

"Grandpa..."

Ye Qianli didn't give up and called out in the dark.

Because she believed that the words that Ye Feng, the commander of the Heavenly Wolf Army, had risked his life to tell her were absolutely true. Since this jade had led her here, there was no reason that her grandfather was not here.

".."

However, no matter how she called out, there was no sound that she wanted to hear in the silent darkness. There was not even a reply.

"Idiot, there seems to be your grandfather's aura here, but it's very weak. I guess he must have been here before." The Magic Box said again.

"You've been here before? You're not here now?" Ye Qianli was stunned. She touched the Heavenly Silkworm Jade in her hand and felt that it was not impossible.

Speaking of which, this Heavenly Silkworm Jade seemed to have a keen ability to capture her grandfather's aura.

Back then in the Ye Residence, the old Taoist priest seemed to have used the remnants of her grandfather's aura on the Heavenly Wolf Ring to lure out the Heavenly Silkworm Jade.

"But I still came for nothing! My grandfather isn't here right now. Why did you bring me here to be fluffy?" Ye Qianli was speechless. He was not here, why did he bring her here?

"Not necessarily. This place seems to contain a trace of Genesis aura." The Magic Box said.

"Genesis Aura?" Ye Qianli didn't understand.

"It's the most primitive aura scattered in the world at the beginning of creation, idiot! I think this is a great opportunity for you. If your second talent is awakened by comprehending the Genesis aura, it will be awesome." The Magic Box was a little excited.

However, Ye Qianli was still very calm. She had to say, " But I can't sense it at all. How can I comprehend the Genesis Aura you mentioned? "

The magic box was speechless. This was indeed a world problem.

Genesis aura wasn't something that could be sensed easily, let alone comprehended. The magic box felt that its imagination was too beautiful, but reality was too cruel.

If it was the Crown Prince, he should have been able to sense it. Unfortunately, it had a stupid master. What could it do? It was also in despair.

" .. "

For a moment, one person and one magic box, one was helpless, the other was desperate. They were silent for a long time before they gradually recovered and said,"Why don't we try? You can describe to me (I'll give you) what the Genesis Aura is."

"Alright, it's decided. I don't want to go out for the time being anyway." Ye Qianli said happily. After all, it felt dangerous outside and she was too weak.

"Alright, what if I succeed? I have to have a dream." The magic box felt that it should still take a gamble. Perhaps a fool could be exchanged for a peerless genius, although it might still be very stupid.

Ye Qianli, who didn't know that the magic box was criticizing her, was sitting in the dark with a serious face. She rolled up her sleeves and said, ""Come on, tell me."

The magic box also patiently described the features of the Genesis aura to Ye Qianli.

In the end, it concluded, " In short, although the Genesis Aura is illusory, it is also the most spiritual. If you can connect with a trace of its aura, you will have a feeling that you can understand everything. Do you understand? "

"Of course not." Ye Qianli felt like her brain was going to explode. What the Magic Box said was too mysterious and had no substance at all. However, she also knew that the Magic Box had tried its best.

The magic box was speechless. It stopped talking. It didn't have much hope anyway. Sigh...Why wasn't its owner the Crown Prince?

However!

Rong Mo, who was still being kept in mind by the Magic Box, was actually not far away from it. This was because Rong Mo had already entered the big hole that Ye Qianli, Hua Qianfang, and the others had entered under the lead of Little White Meow.

Not long after he entered, Rong Mo noticed Hua Qianfang who was hiding in the tunnel. He raised his eyebrows and looked over.

Since Rong Mo did not deliberately cover his eyes, Hua Qianfang immediately sensed it. Thus, when he turned around, he saw Rong Mo.

"Meow!" Little White Meow barked at Hua Qianfang and turned back to look at Rong Mo, indicating that this person had been with Little Qianli before. He had a trace of Little Qianli's aura on him.

Rong Mo narrowed his eyes when he heard that. No one knew what he was thinking about. However, Hua Qianfang reminded him to be careful as soon as he approached.

Then, Hua Qianfang whispered, " Crown Prince Rong, you came at the right time. I entered the cave with Miss Ye just now, but for some reason, Miss Ye suddenly disappeared into thin air. I couldn't find her no matter how hard I tried. "

" Same as our previous disappearance? " Rong Mo asked.

"Similar, but I felt that before she disappeared, there was a slight fluctuation. I was almost detected by those people in front of me." Hua Qianfang described. She also felt some lingering fear.

"Meow!" However, Little White meowed anxiously and quickly scurried forward. Hua Qianfang was so frightened that she almost wanted to slap it to death.

However, Rong Mo quickly caught up with her because he could hear the anxiety in Little White's meow. It meant that Ye Qianli was in danger.

Chapter 180: Qian Li's Second Talent!

However, when Rong Mo caught up with Little White Meow, he saw a giant egg that was about the height of a person and the width of two to three people. There was also a group of people surrounding the giant egg.

".. "Rong Mo's eyelids twitched. He almost thought that Little White Meow was trying to trick him! It wanted to eat this giant egg and tricked him into coming here.

Little White Meow had done this kind of thing many times.

"Meow, meow, meow! Meow meow meow..." However, Little White Meow, who seemed to know what Rong Mo was thinking, jumped in front of him and kept explaining, indicating that it really didn't cheat him this time. Little Qian Li was in its balls.

Rong Mo was speechless.

Seeing that he still didn't believe it, Little White Meow nodded firmly. " Meow! " Really, really, I'm not lying to you! If I lie to you, I won't have food in the future.

Rong Mo believed him now. However, the group of people who had stopped fighting because he had barged in were all staring at him.

"Who are you? Which family's disciple, report your name." One of them even asked. It was probably because Rong Mo gave them an extraordinary feeling that they did not immediately attack him.

However, Rong Mo didn't answer at all. He just walked straight towards the giant egg. This made the group of people's eyes darken. They were sure that he was here to get a share of the pie!

Therefore, the person who spoke first threatened, "Kid, I asked you a question, didn't you hear it? If you don't tell us who you are, don't blame us for being rude to you."

" This young master looks young, " another person said. " His cultivation is quite unpredictable. May I ask if he is the Holy Son of the Misty Immortal Palace? "

“..”Rong Mo raised his eyes and looked at this person. His eyes were calm and calm, but it made everyone’s heart tremble, especially the person who had threatened him just now. His expression clearly changed.

Obviously, the so-called Holy Son of the Misty Immortal Palace was a very powerful existence. Rong Mo’s reaction had made these people think that he was the Holy Son!

"I give full marks for this pretentious act." Hua Qianfang, who was hiding behind, could not help but wipe the sweat off her forehead. She felt extremely impressed.

Since that was the case, Hua Qianfang swaggered out from the darkness and took out a fan. As she fanned herself, she chuckled and said, "Tsk ts, I didn’t expect Saint Child to have the leisure to come here. Could it be that you’re interested in this item?"

" Who are you?! "

The group of egg-surrounding experts were somewhat depressed. This was because Hua Qianfang had clearly used some sort of secret technique to directly conceal her ‘weak chicken’ cultivation, only revealing the faintly discernible aura of divine inscriptions.

Hua Qianfang, who was being questioned, ignored them and only looked at Rong Mo. It was as if he did not care about anyone else and only Rong Mo could catch his eye.

At this moment, Rong Mo had already walked towards the giant egg. Everyone’s breath froze when they saw him. Naturally, they did not have the time to pay attention to Hua Qianfang.

A middle-aged man in black stood in front of Rong Mo and said coldly, ""Brat, even if you’re a Saint Child, you’re still too impudent!"

If Ye Qianli was here, she would have recognized that this was the expert who had almost killed her. He was also one of the strongest members of this group.

Therefore, when Hua Qianfang saw this, a layer of cold sweat appeared on her back...

However, Rong Mo, who was blocked, coldly asked, ""So you want to teach me a lesson?"

“..”The middle-aged man in black was obviously stunned. After all, everyone knew that the only person who could teach a Holy Son a lesson was the Palace Master of the Misty Immortal Palace.

However, an expert nearby wanted to add insult to injury and laughed. Huo Donglai, you must be dumbfounded. You’re very bold to teach the Holy Son a lesson."

"Liang Shan, shut up! Could it be that you want to watch the Black Tortoise divine beast egg that you have in your hands be stolen by someone like this? At this time, not to mention the Holy Son, even the Palace Lord of the Immortal Palace himself can forget about doing so." The black-clothed middle-aged man called Huo Donglai incited.

Hearing his words, everyone looked at Rong Mo with a common hatred, especially the strongest ones. Of course, they didn't agree that they had worked so hard for so long, and now they were being interrupted by a brat! Even if this kid had an amazing background.

Rong Mo, who had almost finished investigating the situation without batting an eyelid, found out that this strange giant egg was mistaken for the Black Tortoise Divine Egg. These experts of unknown origins were determined to get it.

For a moment...

"What if I insist on taking her away?" Facing the hostile Rong Mo, he spoke frankly! Hearing this, everyone's eyelids trembled. Many people who had originally doubted his identity could not help but believe him.

Even Hua Qianfang, who knew Rong Mo's identity, almost believed that Rong Mo was not the Vermillion Bird Crown Prince, but the Holy Son of the Misty Immortal Palace. He was too confident.

"Since the Saint Child wants it, I, Yi Qianchou, will withdraw from this struggle. Goodbye." A young man in his early thirties immediately withdrew.

Of course, this person also knew that he didn't have much of a chance of winning. He could give Ethereal Saint Son some face, so why not?

"I'm Dongfang Yue from the Dongfang family. I won't compete with the Saint Child anymore. Farewell." A beautiful woman who looked to be only 18 years old smiled and said. Before she left, she even winked at Rong Mo.

Hua Qianfang was envious. They were all pretending to be thirteen, but why was the difference so big? No one cared about him...

After that, another five people left one after another. There were only ten people left from the dozen or so people present. Among them, six of them had extraordinary strength and were unwilling to give up.

There were also four who retreated at the back. It was obvious that they wanted to pick up the leftovers...

Rong Mo didn't move. He just looked at the six people as if he was waiting for them to leave. In fact, he obviously couldn't defeat these six experts, so he was waiting.

"Brat, since you insist! Then let's compete fairly and see who has the ability to get this divine beast egg." After Huo Donglai finished speaking, he turned around and looked at the giant egg behind him.

But he moved!

"Kacha."

A slight cracking sound was clearly heard by everyone. A wisp of mysterious aura was released from the egg.

"The Little Divine Beast is about to be born!" Huo Donglai shouted out in shock, and at the same time, a super terrifying energy storm erupted. He knew that this was an opportunity he could not afford to lose. If he did not become the Little Divine Beast's master before it was born, he could forget about it in the future.

"Boom, boom!" The rest of the powerhouses were also going crazy. They instantly unleashed their strongest innate abilities and started the final battle. But at this moment?

"Still not attacking?" Rong Mo suddenly raised his voice and said. He jumped above the six of them. Such a commotion naturally attracted everyone's attention.

"Bang!"

However, at this moment, a light purple pillar of light suddenly exploded from the giant egg. Before anyone could react, a huge "skylight" had been blasted open in the originally sturdy cave.

This wasn't the end...

"Bang!"

In the sky outside the cave, there was a huge pale purple flower blooming. It was beautiful! The atmosphere was majestic, like a miracle, shocking people's hearts.
