Chapter 191: Grandpa Is Waiting for Me!

"You're the stupid one. Your whole family is stupid!" Ye Qianli retorted unhappily, but at the same time, she understood what Rong Mo meant. The imperial court might fear the Ye family, but he wouldn't.

And he was the future dynasty! Therefore, her question was indeed hopelessly stupid. For someone like him, no matter how powerful the Ye family was, how could he be jealous?

He was someone who could summon the Vermilion Bird Deity, so what was there to be afraid of?

After being pinched, Ye Qianli felt that she must have lost her mind just now to look at Rong Mo so seriously. Oh no, she was asking for it! He deserved it.

" Young Miss, there is an ice pond about a hundred miles ahead. " Fortunately, at this time, Ye Rui, who had been walking ahead to scout the way, happened to return to report the new situation, and helped Ye Qianli out.

Ye Qianli quickly " withdrew " to avoid being pinched again and let Ye Rui lead the way. At the same time, she said, " You came here because you followed the clues to find my grandfather, right? "

Ye Rui had wanted to report this matter, but he had not found the opportunity. Now that Ye Qianli asked, he had to answer clearly, " That's right. I followed your description and found the Extreme Ice Realm. Before I could find His Highness, I was teleported here. "

"..Ye Qianli pondered and nodded. This was similar to her speculation, but she didn't expect that Ye Rui would be teleported here from the Arctic Land.

"Young miss..." Ye Rui hesitated for a moment, but still continued to report, " In the process of searching, we found that His Highness's injuries were very serious, and there was no medicine to relieve it. "

Ye Rui didn't continue, but with Ye Qianli's intelligence, she would be online as long as Rong Mo didn't flirt with her, so she naturally understood what Ye Rui was trying to say.

“..”Ye Qianli didn't say anything. Even though she had heard this phrase countless times, she still felt that her grandfather was still alive.

Especially after the giant egg broke out of the shell, she felt that her grandfather must still be fine. The reason why he had been missing was most likely that he was trapped somewhere and waiting for her to rescue him.

Moreover, even if she was trapped, it was within his expectations. Otherwise, he would not have asked Ye Feng to pass on that message and would not have asked her to look for him according to the Heavenly Silkworm Jade's hint.

Therefore, she firmly believed that her grandfather must be waiting for her somewhere. As long as she continued on her current path, she would definitely meet him. She definitely would!

..

Not long after, Ye Qianli saw the ice pool under Ye Rui's guidance. However, even with her special right eye, she couldn't see the bottom of the pool?

"What a deep ice pool, and it's full of cold air." The more Ye Qianli looked at it, the more frightened she became. She even flicked out a wisp of Nine Heavens Obsidian Flame and dove into the icy water.

Who would have thought that the moment the Nine Heavens Obsidian Flame came into contact with the icy water, it would be swallowed with a " chi " sound, which shocked Ye Qianli.

"Retreat! Don't go near the ice pond." Ye Qianli immediately gave the order, because this ice pool couldn't even deal with her Nine Heavens Obsidian Flame. If Ye Rui and the others accidentally fell into it, they would definitely die.

"Young miss, be careful." Ye Rui and the others immediately retreated after receiving the order, because they knew that if they didn't retreat, they would only get in the way.

However, Rong Mo, who was "left behind" by Ye Qianli, had also arrived, so Ye Rui and the others were relieved.

Two hours later.

When they finally reached this place, they saw Ye Rui and the others standing straight, although their faces were blue and their lips were purple from the cold! He stood guard behind Ye Qianli and Rong Mo.

As for the two people who were being guarded, they were already in a meditative position. Those who had arrived late subconsciously believed that they had probably obtained something extremely good and were currently digesting it.

"Swoosh!" The person who entered quickly moved to the edge of the ice pool and occupied a favorable position. Then, he carefully studied this strangely cold deep pool and the two little ones who were meditating.

"!"

Of course, Gui Da and the rest of the Ghost Domain's people couldn't help but release their killing intent when they saw Rong Mo. They were about to make a move.

However, at this moment, Red Knife screamed in a shocking manner, "'F * ck, what a cold ghost! Could this be the legendary Black Tortoise Ice Pond, the place where the Black Tortoise divine beast transcended mortality and became a god?"

"Hiss-"

Hearing this, everyone present gasped. Uncle Ghost immediately suppressed his killing intent and signaled his companions to study the ice pool first.

" Tsk tsk, it can't really be the Black Tortoise Ice Pond, right? " Many of the visitors were so excited that their faces turned red. Some of the impatient ones even directly reached out and prepared to drink a mouthful of ice water.

In the end...

The few hot-tempered brawny men who touched the icy water jumped three feet high and cried out in pain as if they had been stung by a poisonous scorpion. Frozen to death!"

"Swoosh!"

In an instant, before the people present could react, they saw that the few men had already been frozen into ice sculptures and maintained their jumping posture.

The words that they had not finished speaking were probably frozen forever because they were all dead. Such a scene...

"Hiss..."

Everyone gasped in shock! No one had expected that this ice pool would be so terrifying that just a touch would kill someone.

"Ha! Foolish." Purple Spirit looked at these idiots with a mocking expression. She felt that they were the epitome of "stupid to death". Didn't she see that Rong Mo and Ye Qianli didn't even dare to touch the water and even ordered the Celestial Wolf Army to retreat far away?

"..When the people who had been insulted to death heard this, although they all glared fiercely at Violet Spirit, they had nothing to refute. After all, Violet Spirit was right. These people were truly unbelievably stupid! The representative of stupidity.

There were so many big shots here. No one had made a move yet, and they were already anxious to make a move. If they didn't die, who would?

"Shang Shang, retreat to the Heavenly Wolf Army. Don't come near here." Ye Donglin also understood at this moment that this pool was more dangerous than he had imagined, so he naturally did not allow Ye Shang to approach it.

Ye Shang looked at the few people who were frozen to death with a subtle expression and obediently stepped back. However, her eyes unconsciously drifted to Ye Qianli who was meditating.

"Big Sister, here! Come here." Red Knife, who had been running beside Ye Rui and the others since early in the morning, naturally greeted them warmly when he saw Ye Shang retreat.

Ye Shang heard the voice and walked over with a smile. When he approached Red Knife, he teased, ""Junior Brother Hong, you ran fast. You knew to dodge long ago."

"Of course. I promised my aunt that I'm just here to take a look. I'm just here to broaden my horizons. I won't cause any trouble!" Red Knife replied proudly.

The smile on Ye Shang's face froze for a moment before he replied in a self-mocking manner, ""That's right. With our strength, it's better not to go up and cause trouble."

However, Red Dagger nodded vigorously and said, ""Yes, yes, it's good that Senior Sister understands. After all, we're not Little Qianli or Senior Brother Rong. We really can't compare. "

Ye Shang was speechless.

"Wow! Look, what's that?"

Chapter 192: Dealing with the Scheming Lotus!

Red Dagger, who was observing the scene, had good eyesight. Although he was standing far away, his sharp eyes were the first to notice that there seemed to be a dark light floating above the ice pool.

However...

"That must be the reflection of the water in the pond." Ye Shang replied somewhat speechlessly. The rest of the people who had shifted their attention to the ice pool because of Red Knife's scream also felt that this was the case.

However, there were a few people who felt that there was something fishy about this dark light, so they started to study it carefully.

At the same time, the people from the Xuanwu Dynasty had already sat down and started cultivating.

"What's going on? Did we miss something?"

" That's right. Why are they meditating? "

"..The group of big shots who did not find any clues only felt that they must have missed out on some details. Thus, while they were puzzled, they quickly continued to study it carefully.

After a while...

"General, I suspect that the dark light on this is a high-grade shen glyph." The White Tiger Empire's Quasi-Divine Inscriptionist reported in a low voice, but his tone wasn't very certain.

"Since you are a Divine Inscriptionist, how can you not be certain?" The White Tiger General, Bai Ying Xiong, glared at him with a pair of bright eyes and questioned him.

"General Bai, this old man can barely see the Divine Inscriptions. I can't even inscribe them. My standards are too low." The Quasi-Divine Inscriptionist He Dongliu, who was being questioned, smiled bitterly, indicating that he was also very helpless.

"What's the use of bringing you along!" Bai Ying Xiong was not happy. He had said that he should find a few of the elders from the aristocratic families to come with him, but the Sage Emperor had refused. He had even asked a boorish old man like him to lead the team. He could fight in a war, but it was as easy as finding a treasure.

"However, I think that Hong Nun should have noticed something amiss. She is a true second-ranked Divine Inscriptionist. Look at her expression!" He Dongliu reminded in a low voice.

"Auntie Hong?" Bai Ying Xiong knew who this person was. His eyes were like two small light bulbs as he looked towards the direction of the Blue Dragon Dynasty. As expected, he saw a mature beauty in red who was studying something with all her attention.

However ...

" Pfff! " The red-robed beauty of the Blue Dragon Empire suddenly spat out a large mouthful of blood. Her face instantly turned pale as she sat down cross-legged and swallowed medicine to regulate her breathing.

"..!" Bai Ying Xiong was dumbfounded. He almost thought that his eyes were so powerful that he had treated the Divine Inscriptionist of the Azure Dragon Dynasty as an internal injury.

"Aunt!" At this moment, Red Knife was also very nervous. He wanted to jump back to the Blue Dragon Dynasty camp, but Ye Shang pulled him back and said, " There's no use for you to go over. Let's take a look first. "

Only then did Red Dagger manage to hold back his anger. However, his gaze was locked on his aunt. After she sat down and rested for a while, she could finally look up at him and nod. He then let out a sigh of relief.

"You scared me to death." Red Dagger rubbed his chest. Ye Shang's expression was not good because Aunt Hong's condition seemed to have been caused by a backlash!

However, how could an ordinary projection of light possibly backfire on a Divine Inscriptionist? This could only mean that the dark light above was unusual. It was most likely a shen glyph! At the very least, it was a Divine Inscription of the second rank or above.

Otherwise, why would a second-ranked Divine Inscriptionist like Hong Gu suffer such a backlash? It looked like he was injured quite badly...

"Your Highness, the dark light on it is indeed a Divine Inscription. Unfortunately, Aunt Hong's strength is weak and she is unable to comprehend it." Aunt Hong from the Blue Dragon Dynasty was indeed a little regretful as she explained to the leader, Emperor Qing.

"Then do you know why Crown Prince Zhu Que Rong, his Crown Princess Consort, and the people of the Black Tortoise Dynasty are all meditating?" Although the Verdant King felt a little regretful, he was more concerned about this problem.

"That little princess consort of the Vermillion Bird is most likely comprehending this Divine Inscription." As Aunt Hong spoke, she cast a cryptic glance at Ye Qianli.

"Her?" The Verdant King was clearly shocked as well. Although he knew that the Crown Princess Consort of the Vermillion Bird Empire was indeed a Divine Inscriptionist, but...

"Aunty Hong, do you mean that the Vermillion Bird Crown Princess Consort's Divine Inscriptionist level is higher than yours?" The Verdant King found it hard to accept this fact.

"Not bad. At least her spiritual power is far above mine," Aunty Hong said with certainty.

The Verdant King was speechless.

He wanted to curse, even if the Blue Dragon Dynasty was the strongest among the four dynasties! Geniuses in all aspects were also very presentable, but the Vermillion Bird Dynasty only had this crown prince and crown princess consort, and they could crush all the geniuses into dregs.

The Verdant King, who was a little indignant, could still maintain a calm tone. He asked, "What about the crown prince, the Vermillion Bird, and Xuan Tianyan?"

"The people from Black Tortoise should be trying to communicate with Black Tortoise Divine Power to obtain the protection of Black Tortoise Divine Power so that they can enter the pool." Hong Gu speculated.

"What about Crown Prince Rong?" The Verdant King expressed that he cared about this young man the most. Didn't he hear that he always asked this kid first?

Aunty Hong shook her head. Actually, she wanted to say that since she did not answer him first, it meant that she did not know. She had to keep asking...Would it embarrass her?

She really couldn't see through the crown prince, Vermilion Bird! In the past, she had always heard how powerful he was, but Aunt Hong did not care much about it. She only felt that the Vermillion Bird Dynasty had no choice but to create a god-like crown prince in order to raise the standards of the court. In the end...

"The rumors are true. I can't see through this kid at all." Aunty Hong sized up Rong Mo as she spoke.

Looking at her heartless nephew, he was clearly not looking at her anymore. Instead, he was staring at Rong Mo like a fool.

".. "Aunty Hong felt her eyes sting. She really wanted to go over and slap her stupid nephew. How could she not embarrass her? However, Rong Mo moved at this moment.

"Swoosh!"

The moment Rong Mo moved, everyone's attention was naturally focused on him. Even the Black Tortoise's people were awake and stared at him with extreme vigilance.

"Whoosh!"

At the same time, there was a sudden flash of light above the ice pond. It was like the splendor of the moon and the stars pouring down, passing through a layer of misty firefly light on the ice pond. It was like a dream.

"Buzz!"

Ye Qianli opened her eyes at this moment. A dream-like light flashed in her eyes. Although it was fleeting, it was still captured by Auntie Hong who was staring at her. However, Auntie Hong did not say anything.

However, Auntie Hong did not say anything. Ye Shang, who noticed that Ye Qianli had woken up, walked up to her and congratulated her, ""Congratulations Junior Sister Ye for comprehending another Divine Inscription."

" What?! "

The crowd was stunned. Even Ye Qianli herself was stunned for a moment. She looked up at Ye Shang who was walking towards her and frowned.

In the past, Ye Qianli might have thought that Ye Shang was sincerely congratulating her, but now ... It was most likely to increase her Hatred Points.

Looking at the eyes of the people around her, it was obvious that they were all looking at her with fear! It would be difficult for her to fish in troubled waters in the future.

But in fact, Ye Qianli realized that she had underestimated Ye Shang, because Ye Shang, who was walking towards her, suddenly slipped and pounced on her!

Uh ...

Was he trying to push her into the frozen lake and kill her?

"Good timing!" Ye Qianli was delighted. She was worried that she would not have the chance to deal with Ye Shang, this scheming lotus, but she did not expect him to come knocking on her door.

Chapter 193: Please Hug, Please Comforte (1)

In fact, Ye Shang really wanted to kill Ye Qianli. This was the ultimate goal of her trip to the Extreme Ice Realm. Therefore, when she congratulated Ye Qianli and walked toward her, she realized that the ground was very slippery, and evil thoughts suddenly arose.

But ...

" Junior Sister, dodge! Hurry! " Ye Shang shouted in panic as she slipped on purpose. Her body was thrown at Ye Qianli uncontrollably.

All of this happened too quickly! Without waiting for the stunned audience to react, Ye Shang, who had slipped under her feet, had already pounced on Ye Qianli. In a flash...

"Swoosh!"

Of course, Ye Qianli dodged to the side. Her posture was extremely light and swift. However, apart from Rong Mo, no one noticed that Ye Qianli had actually kicked Ye Shang's calf, sending Ye Shang, who was about to stop moving, into the ice pool.

"No-"

Ye Shang's legs twitched and she did not have time to react. She fell into the ice pool, but in her desperation, she instinctively mobilized her talent and wanted to get up.

Who would have thought...

"Senior Sister Ye, don't be afraid!" Ye Qianli, who had dodged to the side, grabbed the back of Ye Shang's collar and pulled it up!

"Oh!" The pitiful Ye Shang was suffocated and she couldn't summon any of her innate power. The most important thing was that Ye Qianli's powerful pull had caused her to be unable to breathe.

"Hiss!"

Ye Shang's outer garment was torn apart. Her body was only lifted up slightly before she fell back into the ice pool at an even faster speed than before...

"Senior Sister Ye!" Seeing this, Ye Qianli threw herself at Ye Shang as if she wanted to jump down and save her, but...Of course, she did not jump down. After all, Rong Mo had already grabbed her belt.

"Plop!"

At the same time, Ye Shang fell into the ice pool perfectly.

“ .. ”

Everyone was stunned by this scene, except for Ye Donglin, who was Ye Qianli's father. He was the only one who was not stunned. He even flashed in front of Ye Qianli at an extremely fast speed.

Then-

"Swoosh!"

Without waiting for everyone to react, Ye Donglin took out an unknown object in his hand and stirred it into the ice pool. Ye Shang, who had sunk, was fished out of the ice pool with a splash.

“火球！”

A ball of flames with an extraordinary aura quickly wrapped around Ye Shang the moment she came out of the water. However, Ye Shang was still gradually frozen at a visible speed.

"Shangshang!" Ye Donglin, who had been calm throughout the entire process, saw this, and his expression naturally changed. However, he still did not give up and took out a porcelain bottle. He fed a spirit pill with a rich medicinal aura into Ye Shang's mouth.

“..”

The entire process happened in an instant, but those with sharp eyes could already see that the things that Ye Donglin stirred into the ice pool and the pills that he was feeding Ye Shang were all top-grade.

"It's indeed the Southern Sea Shark Spirit Silk. President Ye is indeed the owner of the Treasure House. I'm so envious." The Azure Dragon Dynasty's Azure King even sighed enviously.

"There's also the Nine Treasures Dew Pill. President Ye is generous." Aunt Hong added from the side, but her gaze was still fixed on Ye Shang. As expected, when she saw that the situation of the ice melting had been stopped, her eyes could not help but light up.

This Nine Treasures Dew Pill was indeed an upgraded version of the third-grade Dew Pill. After adding the Northern Snow Lotus Seed, Southern Sea Shark Spirit Pill, Eastern Purple Extreme Dew, and nine other precious spiritual medicines, the effect could be called miraculous.

Just look at President Ye's daughter. Her life was in danger just a moment ago, but she was already saved at this moment. Although her aura was still very weak, her life was probably no longer in danger.

“..”

Ye Qianli felt a sense of pity. She thought that she could get rid of the scheming lotus, but she didn't expect Ye Donglin to be so capable. More importantly, he was so rich that he could save her just like that.

Since that was the case, Ye Qianli was planning to go up and ask about his well-being. She was going to play her tricks to the end, but who would have thought...She couldn't move at all?

Uh ...

Ye Qianli looked down at her waist and realized that the prince was still holding her belt. Fortunately, her belt was of good quality. Otherwise, what would she do if it was torn?

"Your Highness..." Ye Qianli wanted to say that she could let go, but before she could say anything else, Rong Mo pulled her into his arms.

Then, before Ye Qianli could react, Rong Mo pulled her into his arms and patted her head as if he was comforting her.

"?"Ye Qianli was confused. After all, she didn't believe that Rong Mo didn't see her little trick. So, she was the one who was playing tricks. Why would he want to comfort her? She wasn't frightened?

Junior Sister Qian Li, are you alright? " At this time, the noisy Red Knife had already jumped over and said in an exaggerated tone,"Oh--

You scared me to death just now. Little Qianli, you're also an idiot. Since you can't save Big Sister, you should stand aside. Why did you jump down? Fortunately, Senior Brother Rong caught you. You scared me to death."

"Meow ~" Little White Meow, who had returned to the team at some point in time, also nodded in a serious manner, indicating that it was very worried just now. Ye Qianli, who was being held in Rong Mo's arms, felt embarrassed.

However, this matter was really hard to explain, so...

Ye Qianli laid in Rong Mo's arms and pretended to be a quail, as if she was scared and wanted to be hugged and comforted. Rong Mo's actions were also very interesting. He even hugged her tighter and gently stroked her back. It was a super cooperative feeling!

For a moment...

Ye Qianli would be a fool if she didn't understand. Rong Mo was just helping her clean up the mess and was prepared to watch from the sidelines. He didn't even allow her to go up and remove the ice.

However, Red Dagger was especially helpful. He kept saying, " Senior Brother Rong, Junior Sister Qian Li seems to be really scared. It's normal! " Eldest Senior Sister had President Ye, what was there to be afraid of? If Little Qianli falls down, I'm afraid she won't be able to get up."

But ...

"Shut up." Rong Mo obviously didn't like hearing that.

Ye Donglin glanced at Red Dagger in annoyance. He felt that if he didn't know that this kid was brainless, he would have thought that he was trying to sow discord.

"Isn't that so?" Red Knife said unhappily. No matter how powerful Senior Brother Rong is, you can only save Little Qian Li at most. You definitely won't be able to take out the Nine Treasures Dew Pill. Wouldn't that be a waste?"

Hearing this, Ye Donglin could no longer maintain his silence. He said, "That's not true. If Miss Ye really fell into the ice pool because of my daughter, no matter how precious the Nine Precious Dew Pills are, I should give them to you. "

"Then..." Red Dagger was about to say "not necessarily" when Auntie Hong, who had already walked over, interrupted him, "President Ye is right. How is your daughter?"

"Not bad. How is Miss Ye Shang? Are you alright?" Many people who had come to their senses came forward to ask about their well-being. After all, Ye Donglin was the president of the Treasure Pavilion. No matter which faction it was, they all needed the medicinal pills and spirit weapons of the Treasure Pavilion.

Chapter 194: Scheming Lotus, Eat the Yellow Lotus!

"!"Ye Qianli also wanted to know how scheming Ye Shang was. Did she freeze? Don't let her performance down.

Her little ears twitched, as if a little leopard was excited when it heard the movement of its prey. Rong Mo, who was holding her in his arms, felt a ripple in his eyes.

Before Ye Qianli could even hear Ye Donglin's reply, she felt someone pinch her ear, causing her to shiver uncontrollably.

"..The ripples in Rong Mo's eyes suddenly spread out, revealing boundless love. It was warm, soft, and affectionate, simply beautiful.

If it wasn't for him looking down and the person in his arms being held down by him, anyone who saw the flirtatious look in his eyes would most likely be stunned...

But even if he didn't see it, Red Knife, who was standing in front of them, could clearly feel that something was wrong with Senior Brother Rong.

Unfortunately, by the time the red knife looked at Rong Mo, he had already returned to normal. However, his slender fingers secretly pinched the little ear of the person in his arms.

Bastard!

"!"Although Ye Qianli subconsciously shrank back, she knew that Rong Mo was up to no good again.

However, at this moment, Ye Donglin, who had sighed for a while, said, ""Thank you for your concern. I'm afraid my daughter isn't doing well. As for the specifics, we'll see when she wakes up."

" President Ye is worrying too much. With the Nine Treasures Dew Pill protecting her, Miss Ye Shang will definitely be fine. "

"Not bad, look! Isn't he about to wake up?" Bai Ying Xiong came over to take a look and saw Ye Shang's eyelids moving. He knew that Ye Shang was about to wake up.

As expected, Ye Shang woke up after moaning.

Ye Qianli stopped pretending when she heard the commotion. She naturally poked her head out and looked in Ye Shang's direction. Although Rong Mo did not press her head down again, he did not let go of her waist either. He still held her tightly.

In addition, although the two of them were not standing very close to Ye Shang, they were standing right in front of her. Therefore, when Ye Shang opened her eyes, she saw Ye Qianli, who was about to be pushed into the ice pool, in Rong Mo's arms.

Of course, it was mainly because of Ye Shang's eyesight. Her father's huge face was right in front of her eyes, but she could not see it. All she could see was the image of Rong Mo hugging Ye Qianli, which made her pupils contract.

"Shangshang, how do you feel?" Ye Donglin called out a few times, but he did not get a response. He thought that his daughter was not fully awake, so she did not respond.

"Shangshang!" Worried, Ye Donglin grabbed Ye Shang's wrist with one hand and examined it carefully. He did not find any other problems, but the cold air that had invaded his limbs and bones was really troublesome.

Senior Sister Ye, are you alright? " At this moment, Ye Qianli also came forward with a worried look. Rong Mo didn't stop her this time and let her move freely.

"Don't ... Don't come over ..." Ye Shang immediately screamed. Others might not know what was going on, but she certainly knew! She was kicked into the lake, and the person who kicked her must be Ye Qianli.

Besides Ye Qianli, Rong Mo was the only person who was closest to her at that time. It was impossible for Rong Mo to kick her, so the person who kicked her calf must be Ye Qianli.

At the thought of this, Ye Shang immediately shrank into Ye Donglin's arms with a terrified expression and cried miserably, "Father! It was Ye Qianli who kicked me into the ice pool. Why did you do that?"

Before Ye Qianli could respond, Red Knife said in shock, ""Big Senior Sister, what nonsense are you talking about? When did Junior Sister Qian Li kick you into the ice pool? She even risked her life to save you, okay? How can you say that!"

Ye Shang was speechless.

"Shang Shang, you must be freezing. Have a good rest first." Ye Donglin was also a little speechless. He only felt that his daughter was probably suffering from a cold.

With so many pairs of eyes watching the scene just now, who could not see whether Ye Qianli kicked Ye Shang or not? Besides, why did Ye Qianli kick Ye Shang?

"No, Father! I'm not stupid, it's true. Ye Qianli really kicked me, I felt it, otherwise I wouldn't have..." Ye Shang almost blurted it out.

However, Ye Donglin interrupted him and shouted, " That's enough. You're useless. You fell on your own while walking. Who do you want to blame? " If Miss Ye wanted to kick you, she could just dodge. You could have fallen into the ice pool yourself, so why would she need to give you a kick? She even went to pull you up. Isn't that unnecessary?"

".."Ye Shang instantly stopped talking because Ye Donglin was right. She was the one who slipped first, or she was the one who shouted, " Junior Sister Ye, move aside! "

By right, she would have fallen into the ice pool by herself. But in fact, she was already considered lucky. Of course, she would not be so silly as to really crash into it. Otherwise, wouldn't she fall down too? Therefore, according to her calculations, she would definitely be fine.

And the result?

She was fine, but Ye Qianli was fine!

Not only did Ye Qianli dodge, but she also kicked her, making her unable to maintain her balance! This was not the end. When Ye Qianli pretended to pull her, she had also done something to prevent her from using her innate ability.

The key was...

Ye Shang's brain was not frozen and she realized that even if she knew that Ye Qianli was trying to harm her, she did not have any evidence! On the contrary, Ye Qianli had been saving her along the way.

Damn it!

"!"Ye Shang, who had figured it out, subconsciously looked at Rong Mo. She really wanted to tell him that Ye Qianli was a scheming b * tch! She was clearly killed, but she pretended to be an innocent white lotus.

However, she didn't think that she was the most hypocritical and scheming woman. Ye Qianli was just giving her a taste of her own medicine.

However, when Ye Shang's eyes met Rong Mo's cold gaze, she suddenly felt as if she had nowhere to hide her thoughts. The resentment in her heart instantly disappeared, and she felt as if Rong Mo was looking at her as if she was a clown.

"Miss Ye, I'm sorry. Shangshang is freezing. Don't be calculative with her." At the same time, Ye Donglin apologized to Ye Qianli when he saw that Ye Shang had become obedient.

"President Ye, don't worry." Ye Qianli naturally replied, but only she knew what she was implying. She would definitely argue with Ye Shang until the end.

He had harmed her once in the special training room, and he wanted to harm her again just now. Every time he spoke to her, there was a hidden meaning in his words, and he even pushed her into the limelight from time to time.

However, she did not understand how she had offended this senior sister. From the time she knew this Senior Sister until now, she had never done anything to hinder her.

Could it be...

The words " mutual love " jumped out of Ye Qianli's mind, and then she understood! Ye Shang liked Rong Mo.

And she was Rong Mo's fiancée. If Ye Shang didn't target her, who else would she target? No wonder! She knew it. She didn't even offend this Senior Sister Guo, so why did she keep trying to harm her? So it was Rong Mo's debt of love.

In that case, Ye Qianli wanted to say something, but her feet trembled.

Chapter 195: Harming Others and Yourself!

"Buzz!"

"Buzz!"

A series of dull and orderly fluctuations had already slowly shaken out from the center of the ice pool, shocking everyone present and immediately attracting them back into the ice pool.

However, Ye Donglin quickly carried Ye Shang to the side to prevent herself from being affected. After all, he knew that although Ye Shang seemed to have woken up, the remaining cold Qi in her body had completely suppressed her innate power.

If he did not think of a way to get rid of the cold air, Ye Shang would not be able to activate it no matter how high her cultivation was. Moreover, her body, which had been eroded by the cold air, would sooner or later be corrupted.

Ye Donglin did not mention these things earlier. Firstly, he did not want to say it publicly. Secondly, he was naturally afraid that Ye Shang would not be able to take it. Sigh...What kind of sin was this?

"..”Ye Donglin felt extremely bitter in his heart, but he did not show it on his face. His eyes were also paying close attention to the movements of the ice pool. He only hoped that there would be a fortuitous encounter that could help Ye Shang expel the cold qi in her body.

As the frequency of the fluctuations became more and more intense, many people on the scene subconsciously released their strongest defenses and retreated more than a thousand feet away vigilantly. If anything happened, they could retreat at any time.

However, Ye Qianli and Rong Mo did not retreat. Instead, they released a strong defensive aura. Even Little White Meow, who was standing on Rong Mo’s shoulder, released a layer of soft white halo, looking vigilant.

"Don’t retreat, keep an eye on them! Follow me. " When Xuan Tianyan saw this, he immediately said to the people beside him. The Great Guardian of the Black Tortoise was a little puzzled,

"Your Highness, should we split into two groups? One group will keep an eye on them, and the other group will guard the rear." Violet Spirit also suggested from the side. She was worried that if they all stood at the very front, something might happen! They would all be wiped out.

"No need." Xuan Tianyan said decisively, causing the Great Exalt of the Black Tortoise to frown. On the other hand, Grand Preceptor Zi seemed to have thought of something, but he did not say anything.

"Wow! It seems like a secret treasure is about to appear." At this moment, Red Knife, who had already retreated far away, shouted excitedly again.

Although he definitely couldn't compete with others for treasures with his strength, it was good to watch! This was especially true for this kind of miraculous artifact. It was a sight to behold.

"General, I'm afraid that the Black Tortoise artifact is about to appear. I wonder what it will be?" He Dongliu of the White Tiger Dynasty was also quite excited at this time. His pair of slender old eyes were staring at the center of the ice pool.

Needless to say, Bai Ying Xiong's eyes were shockingly bright, and his battle-qi was also expanding rapidly, as if he was ready to lead an army into battle.

Hence, the White Tiger Dynasty and the others who were led by him immediately became high-spirited. Those who had retreated in fear previously also silently returned to their teams.

"White Tiger, this lunatic, is planning to bite." The Verdant King was speechless when he saw Bai Ying Xiong's reaction. However, the rest of the people from the Azure Dragon Dynasty that he had led, other than Red Knife who was here to watch, did not retreat.

As for the people from the Ghost Realm, they were the last to retreat. However, this was the Ghost Realm's usual practice. They were the last to reap the benefits! Therefore, everyone was very wary of this group of sinister ghosts.

"Aunt Hong, after we enter, you must keep an eye on these people from the Ghost Realm. These ghostly things are the most disgusting." The Verdant King specially instructed.

Aunty Hong nodded. She had been paying special attention to the fighter jets among these scums. Seeing that Red Knife was close to Vermillion Bird and the Sirius Army, she was relieved.

At the same time, Ye Qianli asked in a low voice, ""The dean and the others haven't appeared yet. Could something have happened?"

After all, there were quite a number of experts in that godforsaken place. Each and every one of them felt that they were not weaker than the dean. Could it be that they had captured the dean and the others?

Rong Mo didn't answer as if he didn't hear Ye Qianli's question. Instead, Little White Meow comforted him, ""Meow, meow, meow..."

"..Ye Qianli was about to nod her head to accept Little White's comfort when she felt a tight grip on her waist! Before she could react, she was lifted off the ground and thrown into the ice pool.

“ ”
..

The people at the scene were completely dumbfounded. They really did not understand what was going on, so no one dared to jump along! Even though they all felt that they might miss out on a great opportunity if they did not keep up, they were still afraid.

"Follow me!"

On the other hand, Xuan Tianyan, who was stunned for a moment, jumped decisively. Although the rest of the Black Tortoise Dynasty hesitated, they also jumped into the ice pool.

For a moment...

"Hurry up! Follow me. " Bai Ying Xiong led his men and jumped into the pool. Behind him were the people from the Blue Dragon Dynasty. However, the people from the Ghost Realm still did not move.

On the other hand, after Ye Donglin entrusted Ye Shang to Red Knife, he led the other fourteen people to jump into the ice pool. As a result...Only the Ghost Realm's people, Red Knife, Ye Shang, and Ye Rui were left on the ice lake.

The main thing was that the Ghost Lord was staring at Red Knife and the others in a particularly sinister manner, making Red Knife feel uncomfortable. He almost wanted to jump into the pool.

Fortunately, the fluorescent light of the ice lake seemed to have disappeared at this time. Therefore, the Ghost Lord brought his people and quickly jumped into the ice lake.

"You scared me to death. Seriously..." Seeing that the group of sinister fellows had left, Red Knife patted his chest and sat down in fear, ready to rest for a while.

However, the fluorescent light in the ice pool had already dissipated. The surface of the pool had also returned to calm, as if nothing had happened.

Junior Brother Hong, let's go over and take a look. " Ye Shang suggested when she saw this. She instinctively wanted to stand up, but she found that she was a little powerless.

"Alright, let's be careful." Red Knife was also curious, so he helped Ye Shang up and walked back to the ice pool.

As for Ye Rui and the others, they stood still like a mountain, guarding the place, as if they weren't curious at all, because they were waiting for new orders.

"I should have followed him just now." At this moment, when Ye Shang saw the ice pool that was as calm as ever, she said unwillingly.

"Forget it. They've already left." In fact, Red Dagger also felt that it was a pity. He had thought that the artifact would explode out of the world and let him experience it, but he didn't expect it to sink back?

"..”Ye Shang looked at the center of the pool speechlessly, but she saw that there was still a cluster of fluorescent light that had not dissipated. She subconsciously wanted to flash over.

"Hiss!" However, as soon as she activated her innate power, a bone-chilling coldness stabbed into her limbs and internal organs, causing her to be unable to breathe.

"Pfft-"

Ye Shang spat out a large mouthful of blood, and his entire body was emitting cold smoke! However, it gave Red Knife a big fright. He hurriedly fed her a healing pill, but it was useless.

If it wasn't for the Nine Treasures Dew Pill's medicinal effect that was still present and was slowly calming down the terrifying cold air, Ye Shang felt that she would definitely be frozen into an ice sculpture.

So cold!

It was really cold!

It was bone-chilling and heart-freezing!

However, what made Ye Shang feel even more cold was that the cold air that had calmed down was lurking in her limbs, bones, blood, and skin, as if it had fused with her.

Ye Shang shuddered at this feeling. She ... Could she be...Crippled? No, no, no...Impossible!

"No!" Ye Shang hugged her head and shrieked. A layer of ice wave suddenly burst out from the pool and attacked her face. In an instant...
