Chapter 211: Being Like This and That!

"Rong Mo, what's wrong?" Ye Qianli asked subconsciously. Her voice was obviously flustered. The warmth of his hand made her feel very touched.

That day when she was having an affair with him, his body was extremely cold. At that time, she was almost poisoned! It was so hot that she was about to explode, so she only felt that he was very cool and comfortable to hug.

But now, she was a little flustered! Was he going to have a relapse? If that was the case, what would he do when the ultimate divine treasure was in front of him?

"It's fine. They can't catch up to us." Rong Mo said.

However, Ye Qianli wasn't worried about this. She was worried about the ultimate divine treasure. In his current situation, would he be able to recall his divine power as he wished?

Even though Ye Qianli didn't know what the ultimate divine treasure was, Rong Mo had said that he was here to recall his divine power, so the ultimate divine treasure must be able to help him. That was why he came.

But now...

"Is it because of this array formation?" Ye Qianli felt that this must be the reason.

She was still not strong enough. If she had been able to deal with the Black Tortoise phantom, Rong Mo would not have needed to draw out the formation in advance. He...

"Your Highness, let me ask you. Will it affect you recalling the Black Tortoise Divine Power? What can I help you with?" Ye Qianli asked hoarsely. She knew that it was useless to think about anything else now. She could only think of a way to solve the problem.

No matter what, he couldn't miss it! Otherwise...Putting aside the possibility that Xuan Tianyan might get what he wanted, what about him? If he missed this opportunity, how long would he have to wait before he could find such an opportunity?

Although she had never asked him why he had lost the Four Symbols Divine Power despite having the Four Symbols Divine Body, she knew that he definitely did not want to lose it. There was definitely nothing he could do.

Ye Qianli didn't dare to guess what kind of helplessness made him give up his innate divine power. She only felt her heart ache...She could not let him miss this opportunity.

However...

Rong Mo didn't respond. He just pulled her and continued walking forward. Ye Qianli couldn't stand it, but she didn't say anything.

"..”The two of them walked for another two to three miles in silence. The bend under their feet gradually widened, and there were also existences that looked like cultivation rooms in the surroundings.

Rong Mo pulled her into one of the rooms and closed the door before stopping. However, his hands were warm and cold.

Therefore, when he stopped, Ye Qianli, who was holding his hand, pulled him into her arms and hugged him tightly! It was as if she wanted to use her body temperature to warm him up.

Rong Mo, who could sense her feelings, moved his eyes slightly. His voice was less cold and more weak as he said,"Stop fooling around. Let me rest for a while. At most, it'll be an hour. At least, it'll be a quarter of an hour. Protect me."

"Alright, don't worry." Ye Qianli heaved a sigh of relief, but she still asked, " Is it too late? You won't miss it, right?"

"I won't." Rong Mo said with certainty.

Ye Qianli was relieved, but she still hugged him tightly. Rong Mo, on the other hand, let her hug him as she pleased. He didn't stop her from taking the initiative.

However, Ye Qianli's hands were not right. Rong Mo could clearly feel her hands on his back. He touched them suspiciously.

His five senses had yet to completely weaken, and she was already starting to be dishonest...

"Go to the side." Rong Mo immediately felt that he could not keep this person alive. Otherwise, he would definitely be " stolen " by her. He had been quite serious just a moment ago, but now he had become indecent after giving her a little lesson.

"I won't!" Ye Qianli didn't want to leave, especially when she could feel Rong Mo's body getting weaker and weaker.

Knowing that he wouldn't be delayed, Ye Qianli was in a much better mood. Thinking about how he had made her worry for so long, she had to take advantage of him to make it up to him.

"Ye Qianli." Rong Mo called out word by word. At the same time, he held her hand that was touching his back and pinched the back of her hand as a warning.

Ye Qianli let go of his hand because it hurt. However, her hand was on his back, but it was on his neck. Her legs were not obedient! It wrapped around his narrow waist.

".. "Rong Mo lost his balance and almost fell to the ground. However, just as he managed to stabilize himself, Ye Qianli pulled him back and threw him into her arms.

The soft embrace that came as expected made Rong Mo feel that something was wrong. How could he let a leopard protect him? He was clearly sending meat into the leopard's mouth. He should wait for Little White to come.

A misstep ...

"Your Highness." Ye Qianli, who was happily hugging the beautiful prince, felt refreshed and hugged Rong Mo even tighter.

Rong Mo was speechless.

Sensing that Rong Mo didn't " resist ", Ye Qianli only hugged him for a while before one of her hands released him. The vigilant Rong Mo narrowed his eyes and felt that her hand had already dug into his clothes.

For a moment...

"!"Rong Mo didn't move at first, but he grabbed her hand and pressed it against her body. He lifted himself up from her arms, which shocked Ye Qianli.

Especially Rong Mo, who was standing up with his hands propped up. His eyes were still very dark and had not turned silver! The strength he used to press her hand was not small either. It was obvious that although he was a little weak, he was not there yet...What time?

Ye Qianli was annoyed. She was too impatient. She should have waited a little longer. When the color of his eyes changed, she would bully him again. At that time, he would be bullied by her, just like the first time.

Since the two of them were so close to each other, Rong Mo could clearly see the frustration in her eyes. How could he not know what she was thinking? The strength he used to hold her wrist naturally increased.

"Your Highness, please be gentle," Ye Qianli quickly said. "I still need to protect you. What if your arm is broken?"

However, Rong Mo's strength did not decrease and he even called out in a deep warning tone, ""Ye Qianli." His eyes were dark and unfathomable.

"Hey." Ye Qianli answered honestly, but she wasn't afraid of Rong Mo, who was about to go soft. So, she couldn't help but stroke Rong Mo's back with her other hand, as if she was stroking his fur.

"Do you think that I can't deal with you?" Rong Mo's voice turned colder, and a hint of fire flickered in his dark eyes.

However, Ye Qianli did not let go. She stubbornly hugged his shoulders and even raised her head to get close to his face. She felt his cold skin and rubbed against it affectionately...

"!"Rong Mo felt that he was really going to be angered by her.

"Your Highness, tell me that you like me too. I won't make a fuss." Ye Qianli said, her eyes sparkling as she looked at him expectantly.

Seeing Ye Qianli like this, Rong Mo's breath became sluggish. He thought that he had made it clear enough, otherwise, he wouldn't have allowed her to do this and that.

Chapter 212: I Want to Be Frank with You!

"Your Highness..." Ye Qianli called out softly. Her voice was soft and gentle. Even she was stunned after she finished calling out to him. Was she that gentle?

And this time...

"Yes." Rong Mo's voice was also very gentle. There was no coldness in his voice, and he did not tease her like he usually did. Instead, he focused on her and doted on her little coquettishness.

Ye Qianli, who had always liked him, was even more spoiled by his gentleness. After all, he was usually very cold and not gentle at all!

".."Ye Qianli remained quiet and looked at him obediently. She didn't move for a long time.

Seeing that she was about to go silly again, Rong Mo's eyes were already filled with a faint smile. He said with a smile, ""This place is the center of the formation. The place I sent Ye Rui and the others to is the secondary formation core. This place is the main formation core. You stay here and don't go out. Wait for me to recover."

"Alright." Ye Qianli was very obedient now. She naturally followed Rong Mo's instructions. Her heart was about to jump onto him, so she had to calm him down.

"Don't provoke me again. My consciousness won't be clear from now on." Rong Mo continued.

"Bang!" Ye Qianli's heartbeat quickened.

However, Rong Mo did not know about these things, so he was not being cold to her, nor was he not responding to her. He just loved her! Protect her?

Thinking of this, Ye Qianli's breathing quickened. She subconsciously wanted to tell him that...The person that day was her. The reason why she didn't dare to admit it was because she was afraid of being crushed to death by him. After all, she had taken advantage of him to take his Essence Blood.

However, before she could finish her sentence, Rong Mo collapsed. His breathing had obviously weakened, and his body was as cold as before.

"Your Highness." Ye Qianli took a deep breath and called out nervously, but Rong Mo did not respond. He only moved slightly, which made Ye Qianli very sure that he had reached his weakest moment.

Ye Qianli couldn't help but stand up and change her position to make him more comfortable. During this process, he didn't even open his eyes. His long and thick eyelashes fluttered a few times. He was so weak that he couldn't even open his eyelids.

Ye Qianli felt even more guilty, but the memories of their first meeting flooded into her mind. At that time, he was really not sober. She really bullied him badly. He was such a proud and powerful person. No wonder he was so angry.

If she were in her shoes, she would definitely remember it in her heart. It was really not a joke! When she was on the verge of death, she had been treated like this, but she had been helpless at that time.

Besides, she didn't do anything too overboard to him. It was just that in the beginning, she was confused by the poison and touched him. She should have held it in! * Cough *

So ...

"Rong Mo." Ye Qianli called out softly, but she didn't get any response because Rong Mo couldn't hear her anymore. His five senses were short-circuited.

Even if he forcefully opened his eyes, he could only see a vast expanse of whiteness. At this moment, he was so weak that even ordinary people could crush him to death.

Such a soft and fragile Rong Mo made Ye Qianli feel that she was a fool. She couldn't help but caress his well-defined face and said guiltily, " I'm sorry. "

"Rong Mo, I'm sorry." Ye Qianli repeated softly. She decided that she would apologize to him when he recovered. She couldn't fool him anymore. No matter how he punished her, she would accept it.

He trusted her so much and had given her his most vulnerable side to protect. How could she hide it from him? This was worse than bullying him when she had no choice. She could not do this. If she was honest with him, he would definitely forgive her.

She would, she definitely would. At most, she wouldn't resist when he pinched her face in the future. She hoped that he wouldn't be too angry and wouldn't be angry for too long.

"Rong Mo..." Ye Qianli felt a little relieved. She kissed the man's face and hugged him even tighter, as if she was afraid that he would leave her when he woke up.

However, her nervousness did not last long before she sensed that someone was coming!

"Magic Box, you can come out now." Therefore, Ye Qianli summoned the magic box that she had hidden away in the ancient battlefield.

"Eh?" As soon as the Magic Box appeared, he immediately noticed Rong Mo's soft body and felt extremely curious! She felt that Rong Mo was as weak as an ant at this moment.

Ye Qianli, who felt the excitement of the magic box, hugged Rong Mo even tighter and said seriously, "" Don't. Eh? Help me sense if someone is approaching? "

" There are people, and there are three of them. Xuan Tianyan, Grand Preceptor Zi, and the Black Tortoise's Head Exalt. Purple Spirit's group is being held back by Ye Rui and the others. " The Magic Box provided reliable information.

Ye Qianli couldn't help but frown when she heard that. She thought of Rong Mo's words and knew that he must have predicted that these bastards would come, but he told her not to go out.

"They've started searching the cultivation rooms." The magic box reminded Ye Qianli, and she heard the noise too! If this continued...

Chapter 213: Must Die! _1

"Will we be found?" Ye Qianli was a little worried. Although she trusted Rong Mo's arrangement, he told her to wait for him to wake up. He should be confident that he wouldn't be found before he woke up. But what if?

"Probably not, because the room you are in is the eye of the array. You have the upper hand, so they can't get here." the magic box said.

"Really?" Although Ye Qianli was skeptical, she was secretly relieved. It seemed that Rong Mo was very confident. This guy had calculated everything perfectly.

Ye Qianli couldn't help but think that maybe he already knew that the person was her and was waiting for her to confess! After all, he was so smart.

Ye Qianli shuddered at the thought. She felt that it was impossible. Otherwise, he would have made things difficult for her a long time ago.

The Magic Box thought that she was trembling because she was afraid of being searched, so it couldn't help but say disdainfully, "I already said that it's fine. Why are you still shaking? Coward!"

Ye Qianli rolled her eyes speechlessly. She didn't argue with the box and just listened to the noise outside. After all, even though she wouldn't find it, she still had to pay attention to it.

..

At the same time, Xuan Tianyan and the other two who were conducting a carpet search did not find any clues. This made Grand Preceptor Zi, who rarely worked as a laborer, complain, "Your Highness, could this person not be here? "

"Impossible!" Xuan Tianyan said with certainty, " Although they split into two groups, Rong Mo and Ye Qianli should be on this group. They must be here. "

"We've searched this place." Grand Preceptor Zi stated the facts.

"Maybe there's still a corner that we haven't found yet. After all, there are too many twists and turns here." The Black Tortoise Head Exalt was calm and had a good attitude. Because Xuan Tianyan had summoned the Black Tortoise phantom previously, he trusted Xuan Tianyan very much now.

" That's right. There is indeed a place that we haven't found yet. That should be the eye of this array. " Xuan Tianyan also deduced with certainty, causing Ye Qianli to break out in cold sweat.

This scheming boy really deserved the word "scheming"! If not for Rong Mo, Xuan Tianyan would have swallowed the Vermillion Bird Dynasty sooner or later.

Of course, the premise was that the Vermilion Bird Deity didn't " cause trouble. " However, since Xuan Tianyan dared to plot to devour it, he definitely had a way to solve this problem, and this method should also be related to the ultimate divine treasure.

If she did not guess wrongly, Xuan Tianyan definitely wanted to use the ultimate divine treasure to achieve control of Black Martial Divine! Or at least to the extent that he could summon the Black Tortoise God's true body at any time.

If he succeeded, he could easily annex the Vermillion Bird Dynasty. Even if the Vermillion Bird God came out, he could have Xuan Wushen fight against him.

In fact, that was what Xuan Tianyan thought! He was also moving forward towards his ambition 'step by step'.

However...

After searching for a while, the Great Guardian of the Black Tortoise had no choice but to say," Your Highness, if we really can't find it, let's head to the ultimate divine treasure first. No matter how extraordinary Rong Mo and Ye Qianli are, since this is the Black Tortoise Divine Treasure, they won't be able to compete with you. "

Grand Preceptor Zi, who had been impatient for a long time, immediately echoed, "" Head Deacon is right. As long as Your Highness has fused with the ultimate divine treasure, even if Rong Mo and Ye Qianli have three heads and six arms, they are nothing to worry about. "

"Wrong." Xuan Tianyan shook his head and asked,"Seniors, why do you think I'm so persistent in finding them?" Is it really because of hatred?"

"Your Highness, what do you mean?" The Black Tortoise Great Exalt asked in confusion.

Grand Preceptor Zi was also a little confused. In fact, he was the same as the Great Deacon of the Black Tortoise. They both thought that Xuan Tianyan had rushed to find Rong Mo and Ye Qianli as soon as he entered the array. The main reason was that he couldn't accept the fact that the Imperial City had been destroyed.

But the truth was not just that! "Why do you think this ultimate test array appeared in advance?" Xuan Tianyan asked again.

"Could it be because of Rong Mo?" Grand Preceptor Zi's reaction was extremely fast, but he felt that it was impossible!

However, Xuan Tianyan nodded and said in a deep voice, " That's right. Rong Mo must die! Otherwise, he will definitely affect my fusion with the ultimate divine treasure."

"How could that be? No matter how abnormal he is, he can at most fight to a draw with this old man. Isn't Your Highness overestimating him?" The Black Tortoise Great Exalt was a little unconvinced.

Grand Preceptor Zi nodded. " That's right. Your Highness is looking down on me and the Head Deacon. Are you scared by the lava that Ye Qianli detonated? "

When the Black Tortoise Great Exalt heard this, he immediately explained earnestly,"Your Highness, if you really think that way, you can't do that. Ye Qianli's success that day was partly due to her extraordinary talent and strength, but it also had something to do with the right time and place!

She relied on the large amount of lava at the bottom of the Black Tortoise Mountain Range and her innate talent of the Origin Divine Flame, the Nine Heavens Obsidian Flame, to be able to lend out such a great amount of power. If you ask her to go to Azure Dragon City or White Tiger City to try, even if her strength increases by ten times, she won't succeed."

"That's right! If I had come out of seclusion earlier that day, I would have slapped this little girl to death with one palm, and everything would have been fine." Grand Preceptor Zi said firmly.

In fact, they were both right. Ye Qianli listened in secret and agreed with them! She was able to destroy Xuanwu City that day because she had the right time, the right place, and the right people.

Grand Preceptor Zi was in seclusion.The Xuanwu Mountain Range had magma, which was the geographical advantage.The Vermillion Bird Dynasty was united.

Therefore, she did not become arrogant. She had a clear understanding of her own strength and was not unconvinced by the two old fogeys " belittlement. Otherwise, if it was someone else who was not clear-headed, they would definitely go out and fight with Xuan Tianyan and the other two.

However ...

"No, pay attention to the main point! I'm not afraid of Ye Qianli, she's nothing here, it's Rong Mo! Everyone knows that Rong Mo has awakened his Vermillion Bird talent, but who knows what his second talent is?" Xuan Tianyan asked.

" Just like His Highness, he must have used some means to conceal himself. However, no matter how powerful he is, he's still a stage two talent. It's fine. " Grand Preceptor Zi still didn't care.

The Great Guardian of the Black Tortoise thought of the Dongfang brat and Ye Donglin from before and could not help but ask, " Your Highness, are you worried that he's already a third-rank talent and his combat strength is stronger than the two of us? "

"His battle prowess is definitely stronger than both of you. If you really find him, both of you must go all out and attack him without holding back! Remember." Xuan Tianyan did not doubt this at all.

Grand Preceptor Zi frowned, but when he thought of Gui Da's blind eyes, he didn't say anything. "I'm guessing that his second talent is also the Black Tortoise," Xuan Tianyan continued.

"Impossible!"

"It's definitely possible. His control over the Black Tortoise talent is far above mine! That's why he's the one who's the most dangerous on this trip. He must die." Xuan Tianyan said confidently.

Ye Qianli was shocked, not to mention the Black Tortoise's Head Exalt and Grand Preceptor Zi! Especially when Xuan Tianyan said viciously, ""Grand Preceptor Zi, release the Netherworld Corpse Poison that you've painstakingly developed and force them out."

Chapter 214: Tearing Up the Grand Preceptor!

".. "Grand Preceptor Zi's expression turned ugly because the Netherworld Corpse Poison that Xuan Tianyan mentioned was an extremely poisonous poison that he had studied for his entire life and had just successfully refined before he went into seclusion.

Not only was this poison extremely poisonous, but it could also poison a sixth-grade talent! It could even control the poisoned and refine them into supreme-grade puppets. The effects were heaven-defying.

However, Grand Preceptor Zi only had a small bottle. He did not tell anyone about the Netherworld Corpse Poison after it was refined. How did the Seventh Prince know?

There was only one possibility! The Seventh Prince had used the Black Tortoise Divine Beast's talent on him to divine him.

Grand Preceptor Zi was both shocked and angry at the thought of this. He subconsciously said in a cold voice, " Your Highness's control of the Black Tortoise's talent is extraordinary. There's no need to worry. "

"Grand Preceptor, this matter concerns the future of our Xuanwu Dynasty! I hope Grand Preceptor doesn't mind." Xuan Tianyan did not want to expose Grand Preceptor Zi and let him know that he had divined him, but he had no other choice now.

Rong Mo had to be found and killed, otherwise he would not be able to rest easy.

He was even more certain after confirming that Rong Mo had summoned the Illusory Footstep Formation in advance! If Rong Mo did not die, he could forget about achieving his wish.

In the past, he had thought that he could keep Rong Mo here. After he gained control of Xuan Wushen, he would slowly humiliate Rong Mo's arrogance and trample him under his feet! He vented the humiliation of being suppressed for the past few years.

But now, it seemed that he couldn't keep them!

The Black Tortoise Head Exalt, who understood Xuan Tianyan's painstaking efforts, also advised from the side,"Grand Preceptor! Since Your Highness has said so, I hope Grand Preceptor will cooperate. Look at how the entire Vermillion Bird is willing to give everything to a mere Crown Princess. Grand Preceptor, don't forget your heart."

Now that things had come to this, Grand Preceptor Zi naturally understood that he had to take out the treasure. However, in the end, he was unwilling, so he replied stiffly,"Head Exalt, Seventh Prince is worrying too much.

As the Grand Preceptor of the Black Tortoise, I naturally know what's important. It's just that I'm old and don't like to have my privacy probed. However, since Your Highness has given me an order, I will naturally obey."

Seeing that his goal had been achieved, Xuan Tianyan immediately softened his tone and comforted,"Grand Preceptor, don't worry. This King will never do this again. This King promises with his divine persona!"

Grand Preceptor Zi calmed down a little, but he still had to show his loyalty on the surface. "" Your Highness, you are too kind. I am your subject, and Your Highness is the future ruler. If the ruler wants me to die, how can I not die? "

After saying that, Grand Preceptor Zi took out the small porcelain bottle containing the Netherworld Corpse Poison and said coldly, "" Crown Prince Rong, little thief Ye, you two must be enjoying yourselves listening in the dark. Don't blame me for not reminding you. If you don't want to become my corpse puppet, then come out yourself! "

"..Hearing this, Ye Qianli knew that she couldn't hide anymore. She wondered why the three of them didn't fight for a while longer! Perhaps Rong Mo would recover.

Ye Qianli's face turned serious as she looked at the weak prince in her arms. She was not afraid of fighting with the three people outside, but she was afraid that something would happen to him.

"This old man will count to three. If you don't come out, this old man will use this poison. You heard it. If it wasn't for the fact that I had no other choice, this old man wouldn't have used this poison on the two of you. It's a waste!" However, Grand Preceptor Zi's voice threatened once again.

"!"Ye Qianli's eyes flashed. She released the Direwolf Beast and warned, " Direwolf, protect him. "

"Idiot, if you don't fuse with it, how can you defeat the three people outside?" The Magic Box exploded upon hearing this and immediately stopped the bullet screen! Ye Qianli would definitely die if she went out like this.

"Why don't I protect him while you fuse with the Sirius Beast and get out?" The Magic Box suggested.

However, Ye Qianli said disdainfully, ""Without me, you can only beat trash like Su Qin. Can you still protect him?"

"You..." The magic box was so angry that it almost exploded! However, what Ye Qianli said was basically true. How strong it could be depended on Ye Qianli's " operation ".

"If you really want to help me, please don't cheat me later. I'm begging you." After Ye Qianli said that, she warned the Direwolf Beast again. Then, she heard Grand Preceptor Zi shouting, " Three! "

As soon as he finished speaking!

"Buzz!"

Ye Qianli walked out not far from Xuan Tianyan and the other two. As soon as she walked out, the three of them realized that there was a cultivation room there.

"At least you know your place!" Grand Preceptor Zi relaxed slightly. Although Ye Qianli and Rong Mo were both talented and would definitely be strong in the future, for now!

Grand Preceptor Zi expressed that he was more willing to use this poison to harm experts like the Principal. After all, after becoming a puppet, his cultivation would not increase any further.

"Where's Rong Mo?" However, Xuan Tianyan had been staring at Rong Mo for a long time, but he did not see Rong Mo appear. Could it be that Rong Mo was not here? No! He must be there.

However, the cultivation room Rong Mo was in was the core of the array. Xuan Tianyan's divine sense could not probe inside at all. Otherwise, they would not have been unable to find him after searching for so long.

Therefore, the three of them had no way of knowing Rong Mo's current situation. However, the cultivation room had been exposed. As long as they barged in, they would naturally know.

However, since Ye Qianli had come out, she would never let them have the chance to enter the cultivation room! Therefore, she directly mocked, "His Highness said that the three of you can practice for me." In other words, His Highness disdained to make a move.

"You..."

"How dare you!"

The faces of Xuan Tianyan and the other two, who were despised, instantly darkened. Grand Preceptor Zi, who was already angry, immediately attacked in anger! His palm was already aimed at Ye Qianli's neck.

"Sou!"

Grand Preceptor Zi's cultivation was high, and he was a peak Rank Five talent. Not only was he fast! The berserk innate power was even more vigorous and majestic. Therefore, when he clenched his palm!

Ye Qianli could feel that the air around her had been suppressed, and an invisible pressure suddenly came! It was so hard for her to breathe.

For a moment...

"Bang!"

Ye Qianli didn't even need to summon the Nine Heavens Obsidian Flame to protect her master! Cold, noble, and inviolable divine aura, it was like an army! It swept out.

"Boom!"

Not only did the powerful divine fire dissipate the invisible pressure, but it also started with Ye Qianli! He charged towards Grand Preceptor Zi in an insufferably arrogant manner!

Even if Grand Preceptor Zi was a peak Tier 5 talent, so what? The pride of the Nine Heavens Obsidian Flame, who cares how strong you are! Zhao Zhao's attack was not delayed, and his arrogance surged.

At the same time!

"When the Primordial Chaos was first created, the divine fire was first established. It originated from the chaos. In the first nine heavens, the Mystic Fire destroyed the world and fused with the origin! "My name is Qianli, Life God Source Explosion-" Ye Qianli chanted.

“歟！”

“欵欵！..”

Thousands upon thousands of wisps of raging flames and divine fire had already blotted out the sky and covered the earth! They attacked Grand Preceptor Zi, Xuan Tianyan, and the Black Tortoise Head Exalt.

"What?!" Such a terrifying sound, even if it was not as great as the magma explosion that day, was enough to make Xuan Tianyan and the other two's expressions change drastically!

None of them had expected Ye Qianli, who had not fused with the Celestial Wolf Soul Beast and had not been boosted by the lava, to be able to detonate such a terrifying divine fire.

In an instant...

Chapter 215: The Grand Preceptor Is Dead!

“歛——”

The raging flames arrived! The burning flames told them how wrong they were about Ye Qianli.

Especially Grand Preceptor Zi, who was the first to bear the brunt, his feelings were indescribable! Because the defense that he had instinctively unleashed to the extreme was actually destroyed in one move. This was simply unbelievable!

He was Grand Preceptor Zi! The strongest expert of the Black Tortoise Dynasty, Grand Preceptor Zi, who was at the peak of Rank-5, had once broken through the Vermillion Bird Dynasty's border wall with a single sword strike!

But now...

"Tsk!"

"Chi chi!"

Ye Qianli was just a level one talent! She could actually use her fire to hurt him! This was simply inconceivable, even if this fire was the Nine Heavens Obsidian Flame, a seventh-grade Origin Divine Flame.

But ...

Ye Qianli herself was weak! If Ye Qianli was a level three talent, Grand Preceptor Zi wouldn't be so shocked. However, she was only a level one talent.

The innate power of a Tier 1 talent had actually injured a Tier 5 talent! This wasn't as simple as a cross-realm battle, and it wasn't something that could be described as "abnormal." This shouldn't have existed at all.

But ...

Ye Qianli did it! The divine fire that she had summoned, with her own strength! The detonation of the Nine Heavens Obsidian Flame completed this incredible feat.

Not only did it shock Grand Preceptor Zi, but it also shocked Xuan Tianyan! It shocked him so much that his mind went blank. If not for the Great Guardian of the Black Tortoise protecting him, he would have been burned to death on the spot.

"You deserve to die, you must die!" As for Grand Preceptor Zi, who was completely shocked, his killing intent towards Ye Qianli soared! This Ye Qianli was too scary. She was only a level one talent, but she was already so fierce. What about the future?

Grand Preceptor Zi didn't even dare to think about it, but the sense of danger that Ye Qianli gave him had already surpassed Rong Mo's! After all, he had never been a true opponent of Rong Mo before, and he had always suspected that Rong Mo might already be a third-rank talent.

However, Ye Qianli was different. She had just awakened her first talent, so it was impossible for her to be a level two talent! This was what shocked Grand Preceptor Zi the most, and also the reason why he had to kill Ye Qianli.

So ...

"Sword! Come!" Grand Preceptor Zi did not hesitate! After confirming how dangerous Ye Qianli was, he immediately summoned the ultimate killing weapon of his Zifu Disciple.

"Buzz!"

When he summoned his sword, the people inside the Illusory Footprint Formation did not feel anything, but the chaotic Xuanwu City did! The gloomy Purple Grand Preceptor Residence felt it even more, and the entire Xuanwu Dynasty felt it!

"Boom!"

Because the Amethyst Light Sword that was originally suppressed in the Purple Mansion was now like a huge rainbow that shot into the sky, releasing a supreme sinister killing intent as it exploded out of the Purple Mansion! He flew straight to the Extreme Ice Realm, causing a commotion wherever he passed.

"Amethyst Light Sword!"

Naturally, Rong Feng, who was still in Beiliang City, couldn't hide such a strange phenomenon. His expression was extremely solemn because this was Grand Preceptor Zi's Amethyst Light Sword.

Not only him, Ye Fengtian! Bai Shoufu, King of Western Desolation, and King of Dong Hai's faces all darkened, because the last time the Amethyst Light Sword appeared-

A huge crack that could never be repaired was torn open in the northern region of the Vermilion Bird. The Black Tortoise Dynasty's army was able to continuously attack the northern region.

Since then, the Northern Territory had fallen into a border war that lasted for more than ten years! It wasn't until the Northern Territory was 'destroyed' and the Vermilion Bird God appeared that everything came to an end.

Therefore, that sword was aimed at the Vermilion Bird's northern region! He had left a deep shadow and pain in the Vermilion Bird Dynasty! And now, the Amethyst Light Sword had appeared again. Rong Feng knew without thinking that this was definitely to deal with Rong Mo.

"Your Majesty, don't worry. The Crown Prince will be fine."

"That's right. Your Highness, the Crown Prince, is an extraordinary person. Heaven will bless you. You will definitely be safe."

".."

At this moment, Bai Shoufu and the others who could not help could only pray that Rong Mo was fine! However, they all thought that Grand Preceptor Zi summoned the Amethyst Light Sword to deal with Rong Mo.

After all, in their opinion, only Rong Mo would force Grand Preceptor Zi to use the Purple Light Sword. However, they never expected that they would be wrong this time.

The person that Grand Preceptor Zi wanted to kill was Ye Qianli!

"Boom!"

As the sword broke through the sky and fell into the extreme ice realm at lightning speed, the entire Black Tortoise Dynasty was in an uproar! The hearts of the entire Northern Territory were hanging in the air.

However ...

"Whoosh!"

The magnificent sword that broke through the sky seemed to pause for a moment, which stunned everyone who was paying close attention to this sword.

"What happened?" Even the Black Tortoise Great Exalt, who was at the scene of the incident, was stunned! Although he wasn't outside and didn't see what was wrong with the Amethyst Light Sword, at this moment, he noticed that Grand Preceptor Zi's entire body trembled!

"Grand Preceptor?"

Xuan Tianyan also sensed that something was wrong because Grand Preceptor Zi's trembling was very strange! Especially when the innate power that surged out of him was actually showing signs of receding like a tide?

This situation was like an inflated balloon that was suddenly pierced by a needle and then emptied out...This situation was too strange!

In the end...

"Bang!"

Grand Preceptor Zi's response was that he had actually collapsed. This made the Black Tortoise Head Exalt and Xuan Tianyan dumbfounded, especially! At the same time, they all sensed that Grand Preceptor Zi was dead.

In other words, Grand Preceptor Zi was dead?

This ...

How was that possible?

How could this be?

"!"

Xuan Tianyan and the Black Tortoise Great Exalt were dumbfounded. They had been waiting for the ultimate move, waiting for Grand Preceptor Zi to kill Ye Qianli with one strike.

And the result?

Senior Grand Preceptor Zi had only held back half of his big move and he was already dead? What was going on? Who would help them answer? They really didn't understand at all!

“ ”
..

The scene fell into a strange silence, especially when the innate divine fire released by Ye Qianli slowly subsided. Xuan Tianyan and the other two, who saw the charred body of Grand Preceptor Zi, were so quiet that they couldn't even breathe.

Grand Preceptor Zi was dead!

He couldn't be any more dead!

Xuan Tianyan was unable to accept this knowledge, and the Black Tortoise Head Exalt was dumbfounded for a long time as if he had been struck by lightning. He could not come back to his senses.

"Boom!"

And at this moment, Nan Lai's Amethyst Light Sword! It still came, but it stabbed into the peak outside the underground palace of the Black Tortoise Divine Treasure. It shook the entire mountain and purple light flew everywhere.

However, the people in the underground palace couldn't sense such tremors. After all, no matter how extraordinary the Amethyst Light Sword was, this place was the Black Tortoise Divine Treasure! That was where it could not affect.

If Grand Preceptor Zi was not dead, he might have been able to lure it in because he was inside. Unfortunately...The Grand Preceptor Zi who summoned it was dead.

The Amethyst Light Sword was useless, and no one had summoned it back. It could only be stuck outside the snowy peak, exposing this area to the world.

However, this was all for later. Inside the Illusory Footprint Formation, Xuan Tianyan's face was pale. He stared at Ye Qianli and asked with a trembling voice, ""You ... What exactly are you ... What did you do?"

Chapter 216: God-Slaying Spider!

"Do you think I'll tell you?" Ye Qianli sneered in disdain, but she was relieved. She had finally killed one! And the strongest one.

The God-Killing Spider really lived up to its name. It had indeed ended Grand Preceptor Zi in an instant! Fortunately, she did not let Little Flower eat the little spider on impulse. Otherwise, she would be the one dead now.

That's right!

In the battle just now, Ye Qianli's stunning Nine Heavens Obsidian Flame was just a f * cking cover! She was creating an opportunity for the God-killing Spider to launch a sneak attack.

However, the God-killing Spider was still in Grand Preceptor Zi's mind. Ye Qianli could not make it retreat after killing it, so she decided to study it further in the future.

"Little girl, if you confess! I'll spare your life." At this moment, the Black Tortoise Great Exalt had already recovered from his boundless shock.

Although he could not completely calm down, he was still a person who had experienced great storms. Therefore, after he came back to his senses, he felt that there was definitely something fishy about this.

Senior Grand Preceptor Zi must have fallen into some kind of trap, which was why he died so mysteriously. It didn't mean that Ye Qianli was strong enough to kill Senior Grand Preceptor Zi instantly.

Thinking of this, the Black Tortoise Great Exalt wasn't so flustered, but he became even more vigilant! After all, it was a method that could plot against Grand Preceptor Zi, so how could he not be wary?

However...

Ye Qianli suddenly laughed. She looked at the Black Tortoise Head Exalt with a mocking expression and said, "" I really don't know where you got your courage from. You dare to say such big words to this young lady. Aren't you afraid of hurting your tongue? "

Her fearless appearance shocked the Great Guardian of the Black Tortoise, who had calmed down a little. However, he said coldly, "Little slut! Don't be arrogant. It's just some sinister tricks. Do you think this old man is afraid?"

" That's right. You have your tricks up your sleeves. That's why I'm not going over. I'll wait for you guys to come at me. " Ye Qianli smiled, as if she was waiting for them to strike first.

"You..." The Black Tortoise Head Exalt's face was ashen, but he really did not dare to act rashly! After all, he didn't understand how this wretched girl had plotted against Grand Preceptor Zi.

"Are you scared? Why don't you go touch Grand Preceptor Zi's Qiankun Bag and take out the Netherworld Corpse Poison to deal with me?" Ye Qianli suggested sincerely.

This made the expression of the Black Tortoise Head Exalt, who had originally planned to take something from afar, turn extremely ugly. He felt that there was definitely a trick to her words!

In fact, Ye Qianli was really worried that the Great Exalt of the Black Tortoise would make a move because she was a little weak now. Her perception with the little flower had weakened a lot, so she couldn't forcefully summon the God-killing Spider or order it to do anything.

At this time, she could only attack her heart and try to stall for time.

Speaking of which, although completely fusing with the Nine Heavens Obsidian Flame could utilize a stronger divine flame power, the consumption was also huge! In particular, he felt that his spiritual energy was no different from drawing shen glyphs.

However...

"Head Deacon, she's bluffing you! She definitely doesn't have the strength to do anything to you now." Xuan Tianyan, who had completely calmed down, exposed him.

Ye Qianli raised her eyebrows and smiled, but she didn't say anything. She just sat by the door and looked at the two of them with a relaxed expression.

"Your Highness," The Black Tortoise Great Exalt was a little hesitant, mainly because he was afraid! The death of Grand Preceptor Zi had left a huge psychological shadow on him.

Xuan Tianyan was prepared to take action himself. He did not believe that Ye Qianli would have the strength to deal with him and the Head Deacon! He was just deliberately mystifying things.

If she could really fight, why would she have to put on such an act? With her personality, she would have charged over long ago! Therefore, she must be playing the empty city tactic. She couldn't take it anymore.

"Your Highness! Don't go." However, the Great Exalt of the Black Tortoise stopped Xuan Tianyan, who was about to walk towards Grand Preceptor Zi, because at that moment, he could sense that Grand Preceptor Zi's corpse was in danger.

"Head Guardian?" Xuan Tianyan was puzzled.

"Your Highness, there's something wrong with the Grand Preceptor's corpse. Don't go over!" The Great Guardian of the Black Tortoise reminded him without hiding anything. At the same time, he stared at Grand Preceptor Zi's corpse.

And at this moment!

The "disobedient" God Slaying Spider had already eaten up Senior Grand Tutor Zi's brain and was currently eating his eyeballs. Hence, Senior Grand Tutor Zi's eyelashes were moving.

This kind of movement! It made Xuan Tianyan tremble in fear.

"What a pity." Ye Qianli sighed in disappointment, making Xuan Tianyan sweat profusely! He didn't know that Ye Qianli couldn't control the God-killing Spider. He thought that if he had gone over, he would be the second Grand Preceptor Zi.

Damn it!

This b * tch! He almost killed him.

But Ye Qianli still had to hook her finger at him and said, "I like to deal with smart people. I want to see them being fooled by their cleverness. Little Turtle, I'll wait for you to make your move."

Xuan Tianyan was so angry that his face turned gloomy as if it was going to rain. However, the Black Tortoise Great Exalt beside him was very calm and kept staring at Grand Preceptor Zi's corpse.

However, he couldn't see what was moving. However, he felt even more terrified because of this. After all, the unknown was even more terrifying!

The Black Tortoise suggested in a low voice, "Your Highness, retreat. We can't stay here for long."

"No!" Xuan Tianyan was unwilling. After pondering for a moment, he released the Netherworld Strange Fire, intending to burn Grand Preceptor Zi's corpse first.

Ye Qianli's eyebrows twitched, but she did not intend to stop it. She was not worried that the God-killing Spider would be burned to death. Perhaps this little thing could directly "eat" Xuan Tianyan after being angered.

"Your Highness! Don't act rashly." The Black Tortoise Great Exalt stopped him again and said, "Since Your Highness is unwilling to retreat, then let this old man go and take a look."

"Head Guardian..." Xuan Tianyan's heart skipped a beat, but he revealed a worried expression.

Ye Qianli's expression remained unchanged, but she was naturally nervous! Although the God-killing Spider was abnormal, its greatest ability was to sneak an attack without anyone noticing. Its lethality was naturally greatly reduced.

The High Exalt, Black Tortoise, was obviously very vigilant. If he got close to Grand Preceptor Zi's corpse, the God-Killing Spider would attack him! He might not succeed.

Once the God-Slaying Spider was countered or killed by the other party! Ye Qianli was in a passive position.

The best way now was for her to move out immediately! She had to retrieve the God-Slaying Spider before the Black Tortoise Great Exalt could find it. As long as she moved, the Black Tortoise Great Exalt, who was especially wary of her, would definitely retreat! Her chances of success were very high.

However...

Ye Qianli thought of Rong Mo who was behind the door and couldn't move. She was afraid...Even if Xuan Tianyan and the Black Tortoise Head Exalt were right in front of her, they should not be able to attack.

But she was still worried. What if?

Rong Mo's current state was not something she could afford to gamble on. Even if there was the Celestial Wolf Spirit Beast guarding him, there were many people in this grand array. She had to be on guard.

However, it was not her character to sit and wait for death, so...

Chapter 217: Mighty Little Flower!

Ye Qianli closed her eyes! When she closed her eyes, she naturally attracted the attention of the Black Tortoise's Great Exalt and Xuan Tianyan. The two of them looked at each other and saw confusion in each other's eyes.

"Head Guardian, why don't we retreat?" Xuan Tianyan said in a low voice. Of course, his words were to retreat in order to advance. He was unwilling to retreat just like that after the death of Grand Preceptor Zi.

Especially since Rong Mo had yet to appear, Xuan Tianyan subconsciously had a feeling that this was the best time! A chance to get rid of Rong Mo.

This intuition was inexplicable, but Xuan Tianyan believed it without a doubt! He believed that this was definitely a sign of his Black Tortoise talent.

Perhaps Rong Mo had drawn out the Illusory Maze Formation in advance and was currently hiding in the core of the formation! He said that he was disdainful to make a move, but he was just deliberately mystifying things.

However, Xuan Tian was naturally vigilant. In addition, he was almost tricked just now. He did not dare to take any risks now. He could only scheme against the Great Exalt of Black Tortoise to take the initiative to volunteer.

The Black Tortoise Great Exalt, who could hear his unwillingness, naturally went along with his wishes and said, "Your Highness, let this old man try. However, if anything happens to this old man, Your Highness must retreat cleanly! Don't get into any more disputes with them. Take care of yourself."

"Head Guardian." Xuan Tianyan felt a little guilty, but he was unwilling to give up on this great opportunity to kill Rong Mo.

In the end...

Xuan Tianyan was still watching as the Great Revered Elder approached Grand Preceptor Zi's corpse step by step! He also approached Ye Qianli, who had her eyes closed.

After all, Grand Preceptor Zi's corpse was in the middle, which was about the same distance from both sides. This was also the reason why there would be a tug-of-war. However, as the Great Exalt of the Black Tortoise approached, the tug-of-war was clearly about to disappear.

Seeing the charred corpse of his former comrade in front of him, the Black Tortoise Head Exalt was not anxious. He could still be vigilant and pay attention to any slight movement!

Gradually, he could sense that there was indeed something alive! At this moment, he was inside Grand Preceptor Zi's head. He was prepared to take out Grand Preceptor Zi's Qiankun Bag first.

After all, no matter what, once the Netherworld Corpse Poison was released! No matter what it was, it would definitely be poisoned.

"!"

At this moment, the God-Slaying Spider, which had also sensed the Great Exalt of Black Tortoise approaching, naturally stopped moving! It was so cunning that even if Ye

Qianli didn't "dispatch" it, a living creature was approaching! Its instinct was naturally to wait for an opportunity to strike.

However, the Black Tortoise Great Exalt, who sensed the danger, also calmed down! He didn't attack immediately. It was as if he was in a confrontation with the God-killing Spider.

However, the Black Tortoise Great Exalt had already released a wisp of black mist and approached Grand Preceptor Zi's Qiankun Bag! He wanted to quietly take the Qiankun Bag.

“ .. ”

Such a subtle movement could fool the God-Slaying Spider that was staring at its prey, but it could not fool the magic box! It was extremely nervous, but it could not say anything.

Ye Qianli was cultivating at this critical moment! It was still the kind of "epiphany" cultivation that was completely immersed in without any distractions.

Ye Qianli was comprehending the Taiyi Divine Flower. Rong Mo had told her to find an opportunity to communicate with the flower.

However, Ye Qianli didn't have time to communicate with him because she had something to do. She was unwilling to wait for death, so she took the risk and fused with the Taiyi God Flower.

After all, the God-killing Spider was controlled by the divine flower. The reason why she could not fully control the God-killing Spider was largely related to the divine flower, so she planned to solve this problem from the root.

Moreover ...

If she could succeed! Not only was the problem of the God-killing Spider resolved, but her strength would also increase. She believed that her talent would not disappoint her.

“ .. ”

Time passed bit by bit in an invisible race against time! In fact, less than fifteen minutes had passed since Ye Qianli walked out of the formation eye.

However, too many changes had taken place in this fifteen minutes! With the death of Grand Preceptor Zi, the situation turned around. The situation suddenly changed. The Black Tortoise Great Exalt had already cut off the rope that was tied to Grand Preceptor Zi's Qiankun Bag with great difficulty.

"This is bad!" The magic box was nervous, but it was useless.

"Sou!" The Black Tortoise Great Exalt had already decisively put away the Qiankun Bag. The God-Slaying Spider also made its move.

"Whoosh!"

The God-Slaying Spider that was hiding in Grand Preceptor Zi's head aimed at the Great Exalt Black Tortoise's eyes and quickly dashed in! It could be said that it was too late, but it was too fast.

The Black Tortoise Great Exalt, who had long been prepared, quickly blocked in front of his eyes with his hand that was filled with super talent power without thinking! For a moment...

"Tsk!"

The God-Slaying Spider made a mistake and burrowed into the back of the Great Exalt's hand! The latter immediately felt a bone-corroding pain spread from the back of his hand to his entire body.

"Kacha!"

At this moment, if Ye Qianli was sober! He had to admire the Great Exalt of the Black Tortoise because when he felt this pain, he directly crippled his hand.

"Pfft-"

"Swoosh!"

The sound of blood spurting out and the sound of the Black Tortoise Great Exalt's hasty retreat erupted almost at the same time! The long blood mist spread from Grand Preceptor Zi's side to Xuan Tianyan.

"Head Guardian!" When Xuan Tianyan saw the bloody situation, he hurriedly helped the Great Exalt of the Black Tortoise to treat his wounds, but he was taken away by the latter.

At the same time, the Black Tortoise Great Exalt, who had completed this series of actions, took out the Netherworld Corpse Poison from Grand Preceptor Zi's Qiankun Bag and released the poison with a palm strike.

"Bang!"

As the small porcelain bottle exploded, the Nether Corpse Poison that emitted a strong stench exploded into thick smoke in the air and spread in all directions.

"Your Highness, quickly swallow it." The Black Tortoise Great Exalt quickly gave Xuan Tianyan an antidote for the corpse poison and quickly swallowed one himself. Only then did his expression ease slightly.

It was too terrifying! At that moment, he really felt like he was about to die. If it wasn't for his hand covering his eyes! He then decisively crippled his own arm. His current outcome would definitely be the same as Grand Preceptor Zi.

That living hidden weapon was simply terrifying! " It can ignore defense and innate power. What the hell is that? How did Ye Qianli get such a terrifying thing? "

Fortunately! Fortunately, he acted quickly. Now that the Netherworld Corpse Poison had been released, no matter what it was, it must have been poisoned. At the very least, that little b * tch must have been poisoned.

" .. "

Unfortunately, when the black smoke gradually dissipated, the expectant Great Exalt of Black Tortoise and Xuan Tianyan only saw Ye Qianli leaning against the door.

However, in front of her, there was a light purple flower that was swallowing the black fog that was rushing towards her! And this purple flower was naturally the Taiyi Divine Flower!
