Chapter 231: Be Naughty!(1)

“ .. ”

Outside the hall, on the snowy peak! The originally blue sky suddenly split into a ray of purple light and the entire sky turned purple.

Snow Mountain, Wilderness, Black Tortoise Dynasty, Four Symbols Continent, the entire world...At this moment, they were all under a thick purple sky.

"The weather has changed."

Such a stunning scene caused everyone who saw it to naturally mutter these three words. They did not feel flustered or uneasy at all. Instead, they felt a sense of relief in their hearts.

After a while...

"What's going on?" The Verdant King, who had just met up with the people from the Azure Dragon Dynasty, finally reacted and asked. He could not help but turn his head to look behind him.

The Verdant King and the others, who had already walked out of the hall, realized that the hall they had been in was actually at the peak of the snowy peak! However, before they came out, the peak of the snowy peak looked like a glacier without anything special.

Now that they were coming out one after another, the glacier had also "melted". It was magnificent and ancient! The black palace that looked like a black tortoise was revealed to everyone.

"Could it be that the awakening of those two people caused the change in the heavens?" At this moment, Bai Ying Xiong, who had also gathered with the reinforcements, also looked at the hall behind him in confusion.

Not only him and the Verdant King, but Ye Donglin, Xuan Tianyan, Gui Da, and the others were also looking at the great hall at this moment. Everyone's thoughts were the same.

However, the Xuanwu Great Hall, which was emitting a mysterious and unfathomable aura, did not leak out a trace of aura. It was as if the changes in the sky had nothing to do with it, nor did it have anything to do with the people still in the hall.

"Let's go and take a look at the entrance of the hall." The Green King was uncertain and decided to run back. When he saw the Blue Dragon Dynasty's Crown Prince, Qing Yunche, who had come to pick him up, he frowned in confusion.

This was because he had never seen his uncle act so rashly. However, he still followed him, wanting to see what the situation would be like for the usually steady uncle to be so disrespectful.

"Let's go take a look!"

Coincidentally, Bai Ying Xiong was also agitated! Ye Donglin and the others also saw the situation and moved. A group of people quickly gathered outside the hall with a tacit understanding.

However, they could not see anything.

To be precise, they only saw an empty space. Ye Qianli, Rong Mo, and Hong Nu, who should have been in the hall, were nowhere to be seen.

"..The Verdant King was instantly stunned. Then, he pulled out the person who had done the 'experiment', and asked angrily, "Not only will you not be able to enter after you come out, but you will also not be able to see the situation inside! Why didn't you say so earlier?"

"Wangye, this subordinate has already said it! I told you the moment I left the hall." The baby felt bitter in his heart after being scolded. He had said everything, okay?

However, at that time, the Verdant King and the others were in the hall while he was outside. The Verdant King could not hear what he said at all. The Verdant King only saw that he really could not enter. Who would have thought ...

"Forget it."

The Verdant King rubbed the space between his brows and shook his head. He knew that this subordinate was not to be blamed for this. They could only blame themselves for not thinking about it carefully at that time. However, they could see the situation outside at that time! Who would have thought that they would not be able to see the situation inside after coming out?

If they had known earlier, they would have stayed inside to watch! Now, they couldn't even witness how much benefits the two little ones had obtained.

"Everyone, please make way." Xuan Tianyan's voice rang out at this moment. The Verdant King and the others were stunned when they heard it and could not help but turn around to look at him.

"Are you sure you can still enter?" asked Bai Ying Xiong directly.

"Ha..." Xuan Tianyan chuckled but did not answer. However, his annoying appearance made the Verdant King and Bai Ying Xiong's eyes darken.

Especially when Xuan Tianyan was real! After stepping into the hall again, the two of them looked at each other in tacit understanding. From each other's eyes, they could see that they had been played.

After all this time! They were still tricked by this cunning kid.

"This bastard! I thought there was a trap. I didn't expect to be waiting here." Bai Ying Xiong's expression was very ugly, but he had to admit that he really couldn't stay here anymore.

"President Ye, what exactly happened? You guys came out, but why didn't you see Li-er, that brat Rong Mo, and the dean?" At this moment, Feng Lihuan, who had already come over to investigate, could not help but ask.

Actually, he had been prepared to ask this question the moment he saw Ye Donglin and the others. However, he did not expect the weather to change so suddenly that he did not have the time to ask.

"It's like this ..." Ye Donglin didn't hide anything at all. He directly told them how they separated from the principal, how they searched for treasures, and what opportunities they obtained. He told them everything in detail.

" You mean, when you guys came out, only Little Li and Little Boy Rong were left inside after Red Knife's aunt, Aunt Hong, was inside. You guys can't go in now, but Xuan Tianyan can go in and out as he pleases? " Feng Lihuan concluded.

"Yes, that's right." Ye Donglin nodded.

After hearing this, Feng Lihuan ignored him and pulled Old Zhu beside him, saying seriously, "Elder Zhu, help me analyze, is Li girl in danger? "

"If the Li girl wakes up first and the Rong kid wakes up slowly, your hypothesis is valid. However, with Red Aunt around, perhaps she will help the little girl. After all, Red Knife and the little girl are playing quite well." Old Zhu analyzed seriously.

"I feel the same way too. Why do you think the dean is so unreliable? What if something really happens to Li-er? What should we do then?" Feng Lihuan felt that something bad might happen.

Especially when Xuan Tianyan went in just now, he looked like he was going to do something bad! That kid is especially ruthless. What if ...

"Mister Feng, I don't know if I should say something." Ye Donglin interjected.

"Tell me! What else is there? Can't you see how worried I am? I'm so anxious. If I had known earlier, I would have brought Principal Mo with me. I would definitely be reliable." Feng Lihuan urged impatiently.

"It's like this. The Black Tortoise's Grand Preceptor Zi and the Head Deacon are both dead. Grand Preceptor Zi was even burnt by Miss Ye's Nine Heaven Obsidian Flame. We reckon that she might not have killed them, but she definitely assisted. Therefore, I personally think that Xuan Tianyan is no match for Ye Qianli. Of course, this is only my personal opinion." Ye Donglin stated.

"..”Feng Lihuan and Old Zhu looked at him in a daze as if they were looking at an idiot. Clearly, they did not believe his words at all! Naturally, they didn't believe his speculation.

"We think so too." Long Qing and the others agreed.

"By the way, this king also thinks so. However, Xuan Tianyan is a little strange. He awakened the Black Tortoise talent, so there's still some suspense." The Verdant King could not help but interject.

"I agree with the Verdant King." Bai Ying Xiong couldn't help but join in the discussion.

"You guys..." Feng Lihuan and Old Zhu looked at this group of people in a daze, wondering if they had gone crazy after entering the Black Tortoise Divine Treasure.

Chapter 232: Protecting the Academy Army!

Even though Ye Qianli of the Genius Academy was really talented! It was very awesome, but...Grand Preceptor Zi was a peak Tier 5 talent! The pillar of the Black Tortoise Dynasty.

As for Little Qianli, she was only a Rank One talent. Even if she had awakened the powerful Nine Heavens Obsidian Flame, it was impossible for a Rank One talent to injure or burn a Rank Five talent.

Of course, unless the person was already dead, she could go up and start a fire. That was possible, but! From what these people were saying, they were trying to burn him while assisting!

Assist! Assist...

"Mister Feng, Mister Zhu, although this matter is very bizarre, it is indeed the truth. If you don't believe me, you can ask the Xuanwu Dynasty for the corpse to study it, if they are willing." Ye Donglin said solemnly.

Feng Lihuan and Old Zhu were speechless.

"Sou!"

But at the same time, Aunt Hong suddenly appeared. The Verdant King was stunned when he saw her. However, when he took a closer look, he realized that Aunt Hong's expression was very ugly.

"Aunt Hong, you, you..." The Verdant King was in disbelief. After all, Aunt Hong's cultivation was far above Xuan Tianyan's. Could it be...

"Aunty Hong, what's going on? Can you tell us?" Feng Lihuan's already uneasy heart became even more uneasy because of Lady Hong's 'appearance'.

Especially when he saw Aunty Hong's expression, it was obvious that she did not come up with it herself...

"We've been played, Xuan Tianyan, that little bald turtle! Bastard, I'm so angry!" The more Aunty Hong spoke, the uglier her expression became. Especially when she thought about how she had been chased out by that kid before she could even make a move, she felt angry and embarrassed.

Damn it!

It was too embarrassing...

"!"The more Aunty Hong thought about it, the angrier and more embarrassed she became! His expression was naturally extremely dark.

Feng Lihuan felt even more uneasy when he saw this. He immediately ignored the gender difference and grabbed Aunty Hong's shoulder to ask, "Don't just curse. Tell me what happened. "Where's Li-er? Is that girl alright? Are you awake?"

"What are you doing! Speak properly." The Verdant King was displeased and pushed Feng Lihuan away. "Mister Feng, you should know your limits even if you're anxious. Aunt Hong is a virgin. "

Feng Lihuan was speechless.

"Aunt Hong, what's the situation? Xuan Tianyan, that little bastard, bullied you?" After the Verdant King finished pushing her, he turned around and asked Aunt Hong seriously.

Qing Yunche, who had been silent all this while, could not help but raise his eyebrows. However, he heard Aunt Hong say seriously, "Not to the extent of bullying. He doesn't have that ability, but I did fall into his trap."

When she said this, Aunt Hong's tone sank. "He told me that Xiao Dao had another opportunity and was trapped in another space. He asked me if I should save him."

I didn't believe it at first, but he was able to show me Xiao Dao's current situation. I could tell that the scene he had imagined was real, so I asked him how to get there, and then...I came out, but ..."

"What's wrong?" The Verdant King immediately asked.

"Ye Qianli should be waking up soon." Aunt Hong looked at Feng Lihuan and said, "She might be in trouble."

"What do you mean?" Feng Lihuan was agitated again. He could not help but grab Aunt Hong's hand and ask. However, he was pushed away by the Verdant Emperor. "Speak properly!"

Feng Lihuan was speechless. Alright, he seemed to be a little too excited and even touched her, but he was indeed anxious! What happened to his precious student?

However, Aunt Hong did not notice their "little actions" at all. She was carefully recalling the feeling that Xuan Tianyan gave her just now. "Although I was tricked, I feel that Xuan Tianyan's state in the hall is even stronger than Grand Preceptor Zi's! Ye Qianli might be at a disadvantage."

For a moment...

"Sou!" Feng Lihuan released a signal flare on the spot. There was a cluster of colorful purple and red light! Immediately, it soared into the sky and exploded with a loud bang, creating an earth-shattering sound.

"Rumble..."

There was a continuous sound that lasted for half a cup of tea's time. The people at the scene, as well as the crowds of onlookers from all directions, were all stunned.

"This..."

"What is this? It's so beautiful ..."

This was the first reaction of the onlookers.

"This..."

"This isn't the highest level of the Genius Academy! An emergency signal flare?"

This was the exclamation of someone who had been lucky enough to see the same signal flare. It was launched from the Ghost Realm by a teacher who was suspected of assassinating and kidnapping students in the Ghost Realm.

After that ...

The current president of the Genius Academy led all the teachers in charge of the academy and tens of thousands of elite talents in Genius City to attack the Ghost Domain in a mighty manner.

At that time, this case shocked the entire continent!

The Ghost Realm, which had always been rampant, had its nest turned upside down at that time, and its vitality was greatly damaged from then on! All these years, people from the Ghost Realm rarely appeared, and the Art of Witchcraft had almost disappeared because of that battle.

However, the Genius Academy also suffered heavy losses back then. Nearly 30% of the tens of thousands of talents died. From then on, it became more and more powerful.

The current Principal Ye had also become the number one expert in the Four Symbols Continent during that battle! This was because he had killed the leader of the Ghost Realm, the Ghost King.

After so many years, the Ghost Realm seemed to be stirring up trouble again. The current situation in the Vermillion Bird's northern region showed that the Ghost Realm's ambitions were rising again.

..

Therefore, after Old Zhu came back to his senses, he could not help but curse in shock, "Little madman, you're really crazy!"

"Elder Zhu, Qian Li was assassinated the moment she arrived at Xuanwu City!" Feng Lihuan said solemnly. And this trip of hers isn't a personal action, nor is it the action of the dynasty. She's representing our Genius Academy, and she's on a mission with the dean. What's the result?"

"..Old Zhu didn't say anything. He understood what Feng Lihuan meant.

"It's been over twenty years. It seems that the Four Symbols Continent has already forgotten about the students of our Genius Academy! You can't bully me. " Feng Lihuan shouted.

Back then, he was still a student of the heaven class who had been kidnapped into the ghost realm. Back then, it was the Principal who rescued him from the Ghost Realm. Back then, when the dean was killing the Ghost King, he said, " The students of my Genius Academy can't be bullied. "

The school didn't say anything about Xuanwu City because it was destroyed by Ye Qianli! However, silence did not mean that they would not pursue the matter. Now...

Xuan Tianyan's actions made Feng Lihuan unable to remain silent! It was fine if Ye Qianli was fine, but if she was...Feng Lihuan stared coldly at the people of the Black Tortoise Dynasty. He believed it! There was no need for the Black Tortoise Dynasty to exist anymore.

"Master Feng, we still need to verify the details of this matter. Your actions are too arbitrary and unfair. Moreover, the Seventh Prince and I are also students of the academy." When Violet Spirit saw this, she felt indignant.

After all, it was Ghost Two who had tried to assassinate Ye Qianli. On the surface, it had nothing to do with the Black Tortoise Dynasty. The situation was still uncertain. Moreover, this was a personal grudge and a dispute between the dynasties. The academy should not interfere.

However!

"Violet Spirit, you dare to use your nine-tailed fox innate talent to swear to the Heavenly Dao! The Black Tortoise Dynasty didn't participate in the assassination of Ye Qianli? Do you dare to swear to the Black Tortoise God?" Feng Lihuan questioned coldly.

For a moment...

Chapter 233: It's Awake, the True Body of the Divine Beast Has Descended! _1

"..Violet Spirit was speechless, because she didn't dare to.

The other consecrators of the Black Tortoise Dynasty also fell silent. They served the Black Tortoise God, so they naturally did not dare to make such an oath in front of the gods, even if they did not know about it.

"All these years, the things that your Xuanwu Dynasty wants to do in the academy have been especially smooth. Therefore, you don't even care about the will of the academy,

right?" Feng Lihuan had wanted to say these words for a long time, but since the Headmaster did not say anything, it was not appropriate for him to say it.

Today, Xuan Tianyan, this bastard, actually dared to go in and murder his student in front of Feng Lihuan! Did he think he was dead?

"Little lunatic, I suddenly understand why your cultivation is almost catching up to mine." When Old Zhu heard this, he couldn't help but sweat. He suddenly felt that the next principal of the academy might be Feng Lihuan.

"Sure, sure." However, Feng Lihuan replied seriously, causing Old Zhu's mouth to twitch. He could not help but curse, " You're brilliant just because I've taught you a lesson. Humble, do you understand?! "

" The dean didn't teach me this, but I don't know if my signal flare will work. Did Xuan Tianyan see it? " Feng Lihuan was more worried about this problem, so he subconsciously glanced at the " empty " hall.

After all, the main purpose of his signal flare was to intimidate Xuan Tianyan! He hoped that this kid would behave himself. Otherwise, even if the vice principal rushed over with the academy's army, it would be a waste if they could not enter, let alone make it in time.

However ...

"Will the academy army really come?" Bai Ying Xiong wanted to know the result because he felt that these two teachers were even more unreliable than him.

"Isn't the dean not in the academy? He might not be able to come." The Verdant King replied in a low voice. Because he didn't like Feng Lihuan, he subconsciously didn't think that the Genius Academy Army would be " summoned " by him.

"But the vice director is here. I think he will come." Ye Donglin said earnestly. He remembered that the vice principal treasured Ye Qianli more, so she would definitely come.

At the same time, as Ye Donglin had expected, the vice dean of the Genius Academy had already summoned the army of the Genius Academy and was ready to rush over!

However, Xuan Tianyan had not come out since he entered the hall. There was no movement in the hall at all, which made people anxious.

But in reality, the hall was indeed peaceful.

Because Ye Qianli was still in a state of cultivation and was still protected by the Qimen Dunjia Painting, even Xuan Tianyan's resentful gaze almost penetrated her! But in the end, he could not hurt her at all.

Until two months later...

"Boom!"

Xuan Tianyan, who had been staring at Ye Qianli, suddenly transformed into the Black Tortoise because he could sense that this little b * tch was about to wake up!

His senses were right. Ye Qianli was slowly opening her eyes. However, the moment she opened her eyes...

"Die!" Xuan Tianyan, who had transformed into his Xuanwu form, immediately attacked! The vicious turtle head and the sinister snake head didn't give Ye Qianli any time to relax and were already charging towards her.

At this moment, Xuan Tianyan only had one obsession, and that was to kill Ye Qianli!

Even though he knew that the consequences of killing Ye Qianli were not something that the Xuanwu Dynasty could bear. After all, the vice principal had already brought the academy army here!

However, Ye Qianli had blocked his opportunity. If she hadn't killed Grand Preceptor Zi and the Head Deacon, he would definitely have occupied the two poles and obtained more divine breath. From then on, he would have completely controlled the power of Black Tortoise God.

Moreover, he couldn't let Ye Qianli grow up and destroy Rong Mo's opportunity! Otherwise, these two rising figures would be far more terrifying than the Genius Academy.

Therefore, he did not hesitate!

"Roar!"

"Ssss-"

For a moment, the Black Tortoise charged out! It directly shook the stable hall until it swayed endlessly! Even the void seemed to have been torn apart.

"Flowers bloom."

As soon as Ye Qianli woke up, she instinctively released the Taiyi Divine Flower! This time, the divine flower bloomed, and purple qi swirled around. In the air, it offset the violent Black Tortoise Divine Breath.

Such a scene...

Although Xuan Tianyan was shocked, he was not surprised. He had already deduced that Ye Qianli had awakened her second talent, but he did not expect her defense to be so strong.

"It seems that you have gained a lot from this seclusion." Xuan Tianyan attacked while staring coldly at the huge purple flower that enveloped Ye Qianli.

"It's just so-so. I'm just richer than you." Ye Qianli replied with a sneer, her eyes filled with killing intent. The person she wanted to kill the most was definitely Xuan Tianyan.

He had killed Grand Preceptor Zi and the Black Tortoise's Head Exalt first because those two old bastards were stronger! The chances of him threatening Rong Mo were even higher.

At that time, she felt that it was a pity that Xuan Tianyan had escaped! Now that this person wanted to die, it would be impolite of her to refuse.

"You're very confident, but you forgot that you're still in the Black Tortoise Divine Treasure. Moreover, the Qimen Dunjia Painting no longer protects you." Xuan Tianyan sneered and started to accumulate power again.

This time, as Xuan Tianyan began to accumulate power, Ye Qianli could clearly sense that the pure Black Tortoise Divine Breath in the hall had been condensed by him.

Even!

"Weng, weng..." Ye Qianli's heart skipped a beat when she saw that the mysterious aura on the Qimen Dunjia Painting was being extracted.

However, Xuan Tianyan's voice had already sworn, "'I originally wanted to save this move for Rong Mo. Now it seems that I should send you off first."

After that!

"Summon! Xuan! Wu! " God! " Xuan Tianyan shouted loudly. The innate power around him burst out from his body like a tide.

A hurricane suddenly appeared in the hall, and a pure and unpredictable aura kept seeping out of the Qimen Dunjia Painting. This made Ye Qianli's expression change slightly. This bald turtle can't really summon Black Tortoise, right?"

"Meow, meow, meow..." Little White Meow was a little anxious when it saw this because it could sense that a mysterious and terrifying force was falling from the nine heavens.

Especially...

"Tsk!"

At this moment, Xuan Tianyan was still slashing his fingers and flying in the void! Using the blood from his heart, he instantly wrote a huge blood-colored "Summon" character.

"Blood! Summon-"

Xuan Tianyan roared hoarsely and used almost all of his heart's blood to write this word. His face instantly turned as pale as paper, but his eyes were shockingly bright!

At the same time!

"Boom!"

A huge Xuanwu Beast's foot stepped out! The world shook...

"Black Tortoise God! This is the Black Tortoise God himself!"

"Heavens, Heavens! This is the divine beast's true body descending!"

"Greetings, Xuan Wushen! "

Countless people were shocked! Exclamations rose and fell on the snowy peak.

Feng Lihuan's expression changed completely. Even though he could not see the situation in the hall, he could basically guess that Xuan Wushen, who was about to appear, was most likely related to Xuan Tianyan.

As for Xuan Tianyan, he could actually summon the Black Tortoise God! Ye Qianli was finished...

Chapter 234: Old Master, Little Mo Mo (1)

"He didn't come down." But he had already led the Genius Academy Army! The Vice Headmaster who had arrived had a look of superiority on his face, but he made a firm judgment.

Everyone who had gathered in front of the hall listened carefully and noticed that the Black Tortoise God had only revealed one leg and did not show any signs of "revealing" it again.

After all...

Xuan Tianyan's plan to control the Black Tortoise God had failed. Of course, he could not summon the Black Tortoise God. When the Black Tortoise that he had transformed into stomped down fiercely.

"Boom!"

The Xuanwu beast leg in the sky had already transformed into endless divine power and fell straight into the Xuanwu Divine Palace! In an instant, Xuan Tianyan shouted, "Divine Stomp! Go to hell."

"Boom!"

Endless pure divine power crushed down on Ye Qianli. If it weren't for the fact that this was the Xuanwu Divine Palace, the entire palace would have collapsed into ashes.

"Meow!"

Little White was even more shocked, but at this moment!

"Screech-"

Ye Qianli flicked her slender fingers, and a fiery red Vermillion Bird feather shot out into the sky, transforming into a towering Vermillion Bird! Ao Tian went straight up without fear.

"Boom!"

At that moment, the Black Tortoise Divine Power! The Vermilion Bird's divine power exploded, turning the entire hall into a world of ice and fire except for Rong Mo.

The endless dark cold air and the burning flames made Ye Qianli, who was covered by the Taiyi Divine Flower, unable to open her eyes.

However, as soon as the curtains were drawn, Xuan Tianyan sneered. "A mere Vermilion Bird feather, even if it contains the divine power of the Vermilion Bird Deity, how can it withstand a real stomp from Xuan Wu Deity? Die!"

"Boom!"

At this moment, a violent cold current surged! It instantly extinguished the burning Vermillion Bird Divine Fire! It crushed the towering Vermillion Bird formed by the Vermilion Bird's tail feathers.

"Screech-"

The indignant Vermilion Bird tail feather let out an astonishing hiss. However, the divine power it contained was indeed inferior to one of Black Tortoise's legs! So ...

"Boom!"

Although the Black Tortoise Divine Leg's power had been weakened, it still stomped down on Ye Qianli. Ye Qianli, who had expected this, had already retreated to the entrance of the hall.

After all, she had long realized that this place was Xuan Tianyan's home ground. Even if he killed Xuan Tianyan, he wouldn't foolishly fight to the death!

Moreover ...

She kept feeling that there was something wrong with her stomach.

"Don't even think about escaping. Die quickly!"

Seeing this, Xuan Tianyan roared crazily and rushed towards Ye Qianli. Even though he knew that she had a terrifying "hidden weapon", he couldn't care less at this time. He only knew! If he couldn't kill Ye Qianli this time, he wouldn't have the chance.

"The divine flower protects the world and protects all lives! Facing this fatal blow, Ye Qianli remained calm and kept her Taiyi Flower blooming.

"Bang!"

"Bang bang!"

Countless Taiyi God Flowers were like a flower field that was blown by the spring breeze, starting with Ye Qianli! In front of her, a barrier of flowers bloomed.

"It's useless. You must die!" Xuan Tianyan rushed out violently. It was the thick thigh of Xuan Wushen! He instantly stepped on Ye Qianli's divine flower defense.

"You're the one who's going to die!" Ye Qianli's eyes turned purple, and her lips curled into a mocking smile. At the same time, she released the God-killing Spider.

"!"

Silently, the God-Slaying Spider drilled into the tortoise head of Xuan Tianyan. However, even though it was attacking wildly, Xuan Tianyan, who had been guarding against Ye Qianli's 'hidden weapons', was suddenly struck by the sparks! They retreated quickly.

"Boom!"

At the same time, his divine leg stomped!

"Bang!"

The barrier of divine flowers resisted the endless purple qi! It kept falling from the nine heavens and devouring the terrifying vast cold current. In the end...

"Bang!"

The purple qi that was constantly falling, in an instant! The divine flower barrier wrapped around Ye Qianli and dragged her out of the hall.

"Boom!"

The unstoppable Black Tortoise Divine's giant leg broke out of the hall and chased after Ye Qianli.

But at this moment, the Vice Principal, who had been staring at the "empty" hall, instantly turned into a white light and blocked the Black Tortoise Divine Leg.

"Roar!"

At that moment, the Vice Principal, who had always been gentle, let out a majestic roar! This roar also carried endless explosive pressure. It transformed into a huge white elephant and collided with the Black Tortoise's divine leg.

"Eagle Strikes the Sky!"

At the same time, Feng Lihuan also attacked, and a huge goshawk fell from the sky! It directly attacked the Black Tortoise Divine Leg that was chasing after him.

"Rumble!" Mushroom cloud-shaped shockwaves exploded from the peak of the snowy peak, causing the onlookers to be shocked.

"Sou!"

Ye Qianli 'smashed' out of the violent shockwave. Even though Old Zhu was quick enough to dodge to catch her, he didn't catch her at all.

"Meow-"

However, when Ye Qianli fell to the ground, she heard a meow coming from below her. She didn't feel like she was hit on the hard ground, but on cotton instead.

Then, before Ye Qianli could react, she felt a movement on her back.

When she looked down, she saw that Little White Meow had already come out and jumped onto her stomach. It was lying there with its eyes wide open, as if it was listening to something.

However, before Ye Qianli could recover from her shock, her attention was attracted by the scene in the sky.

"Roar!"

"Hiss-"

The Black Tortoise, which had only appeared with one leg, had completely appeared at this moment. Endless ice-cold divine might enveloped everyone in an instant!

"Plop! Plop!"

Countless people couldn't help but kneel and worship the divine might. Even the Vice Principal, Feng Lihuan, and the others couldn't withstand the pressure of the divine might, and their faces turned green.

".."

At this moment, the entire Land of Black Tortoise welcomed a cold wave, and even lava flowed! The shattered Xuanwu City was instantly frozen.

The lava flowed back, and countless lava monsters were frozen to death! Everything that had caused the Black Tortoise Dynasty to be in a terrible state was resolved in an instant.

Of course, there were countless shadows hidden under the sun! The evil that Xuan Tianyan and the Ghost Realm had done together was instantly destroyed.

Just like a year ago, the Vermilion Bird God had descended! The land of the Vermilion Bird was welcoming a new scene, and the current Black Tortoise Dynasty was the same.

Black Tortoise!

After all, it was the guardian of this world. Under the divine power, it was just an ice crystal. There was no evil path, but ...

"Vice Principal..." Feng Lihuan's face turned pale as he looked at the Xuan Martial God! After all, in front of a true divine beast, he, they were like ants. They could not withstand it at all!

However!

"..After the powerful Xuan Wushen unleashed his divine might, he seemed to be lost and nostalgic as he looked at the divine hall below. His divine hall.

Then-

Chapter 235: Dumb Mother! No Limits (1)

"Buzz!" Black Tortoise God, who had dominated the world, suddenly disappeared from the sky. He had clearly fallen into the Black Tortoise Divine Palace.

When Ye Qianli saw this, her heart was filled with excitement. She could clearly see the confusion and longing in Xuan Wushen's eyes. He must have sensed Rong Mo, right?

Yes, it must be!

Xuan Wu God's expression was shockingly similar to the Vermillion Bird God's! Nostalgia, they all yearned for Rong Mo. After all...

They were once with him!

..

"That's great." Ye Qianli subconsciously raised her hand and gave Little White Meow, who was still lying on her belly, a slap. She felt her eyes getting hot.

"Li girl, how do you feel? Why are you crying? Did you hurt yourself?" At this moment, Mr. Zhu, who had just regained his senses, was shocked by the tears in Ye Qianli's eyes.

"I..." Ye Qianli wanted to say that she was fine.

"Let me see!" When the vice director heard her voice, he had already cut her wrist and checked her pulse. However, he really found that something was wrong.

Uh ...

Fetal Meridians?

What was going on?

How could there be a fetal pulse?

"..The associate hospital director was a little confused.

Elder Zhu, who was frightened by his serious expression, could not help but urge him,"Vice Principal, this...Can you give me a definite answer?"

Feng Lihuan was also shocked, but he quickly held Ye Qianli's hand and comforted her, ""Little girl, don't be afraid. It will definitely be fine."

However, his comforting voice was obviously trembling, and the hand that was holding Ye Qianli was also trembling...

"Shh! Don't say anything. I'll take a look." However, the deputy hospital director still had to remind him solemnly and carefully examine the patient with a serious expression. Then, he realized that it was really the fetal pulse.

"Vice Director, you, you should say something!" Feng Lihuan was anxious to death. Even Ye Qianli, who had thought that she was fine, subconsciously checked her senses.

After all, Xuan Tianyan had made things difficult for her the moment she woke up. She didn't even have time to check on her body properly. The changes in her body this time, so ...

When she checked that she was breathing, she...Like! Shit! Thunder! Slash!

However, wait! Wait a minute ...

She and Rong Mo had only done it once and she was already pregnant?

No, wait! Wait a minute ...

"Teacher Feng, how long have I been in seclusion?" Ye Qianli asked Feng Lihuan seriously. Although she didn't know exactly how long she had been cultivating, she had a rough idea of the time.

It had been a year! Then ...

"It'll be a year in ten days." Feng Lihuan replied immediately. He had asked Hong Nun many times about Ye Qianli, so he remembered it very clearly.

However, it was precisely because of this time that the vice president was stunned! After confirming that Ye Qianli was really pregnant, he asked, ""Where's Rong Mo?"

"Still cultivating." Ye Qianli replied in a muffled voice. At the same time, she closed her eyes to sense the life force in her stomach. She also felt that the time was not right!

She had been cultivating in seclusion for a year, so if one were to think about it carefully, it was more than a year ago that she had done this to Rong Mo.

However, ten months of pregnancy! Ten months of pregnancy! It had been more than a year. She should have given birth and finished her confinement. Why was the baby still in her stomach? It felt very small?

Could it be that she was pregnant with a second Nezha?

Ye Qianli suppressed her shock and confusion. She tried her best to stay calm and carefully sensed the sudden increase in life force in her stomach.

At this moment, Xuan Tianyan also left the hall!

Of course, he didn't come out voluntarily. After all, he could see the situation outside. He knew very well that he wouldn't be able to gain anything by coming out now.

However, the descending Xuan Wu Divine had forced him out! Screen it out...

"Damn it!"

Xuan Tianyan's expression was extremely ugly, especially when he thought about how the descending Xuan Wushen had actually shrunk and landed on Rong Mo's shoulder. He hated it so much that his heart and lungs were about to explode.

"Your Highness, please retreat." On the other hand, Purple Spirit reacted quickly and hurriedly blocked Xuan Tianyan, who had been "ejected", and reminded him in a low voice.

She saw that the vice principal and the teachers were surrounding Ye Qianli at the moment. She knew that they had no time to deal with Xuan Tianyan. When they recovered, they would be in trouble.

Xuan Tianyan suppressed the hatred in his heart and looked in the direction of Ye Qianli. Knowing that she was not dead, he hated her even more!

At this moment, Gui Da mocked from the side, ""You can't even kill a young girl. I'm now extremely doubtful whether it's useful to cooperate with you, but ..."

Gui Da paused for a moment, but his aura was a little subtle. However, Xuan Tianyan had already stared at him coldly and said, " If you want to ruin the situation now, it's still not too late for you to go back to your Ghost Realm and hide. "

"Kekeke...You don't have to provoke me. However, Xuan Tianyan, you're indeed a despicable person. You actually took the opportunity to sleep with this little girl and even made her pregnant with your child. This is going to be a big joke. Wonderful." Gui Da laughed in a strange tone.

Xuan Tianyan was stunned. " What did you say?! "

"!?"Violet Spirit also looked at Gui Da in astonishment.

"Don't you know what I'm saying and what you've done? Xuan Tianyan, you can't even protect yourself now. Whether or not you can turn the tables depends on this game. After all, women will definitely think differently about you after being slept with and getting pregnant with your child."

"Gui Da, make yourself clear. Ye Qianli is pregnant?" Xuan Tianyan was full of questions. After all, he really hadn't done anything.

Although he would definitely do such a despicable thing if he had the chance, the problem was that he didn't have the chance to do it! With Ye Qianli's combat strength and ability, how could he succeed?

However, Gui Da said, " Of course. Although I'm blind, the people of the Ghost Realm are naturally sensitive to the aura of living creatures. There's a little bastard in her stomach. This can't be wrong. " Don't tell me that isn't your child?"

".. "Xuan Tianyan did not speak, but countless thoughts flashed through his mind. Before Violet Spirit could recover from her shock...

" Ye Qianli! " Xuan Tianyan shouted. " I will take responsibility for what I have done! " The Vermillion Bird Empire will not tolerate you. I will take you as my princess consort. After all, you are already pregnant with my child."

"Whoosh!"

The scene was instantly in an uproar! After all, Xuan Tianyan's voice was very loud. It was obvious that he had added his innate ability to spread it widely. The entire snowy peak and the periphery were naturally in an uproar.

"What's going on? Wasn't Ye Qianli the future Crown Princess of the Vermillion Bird Dynasty? Why did the Seventh Prince of Black Tortoise say that he wanted to take her as his princess and that she was pregnant with her child?"

"F * ck! This information was a little too much...Could it be that the Vermillion Bird Crown Prince has been intercepted and the Black Tortoise's Seventh Prince has already made a deal with the Vermillion Bird Crown Princess Consort?"

"Heavens! No way ..."

For a moment!

"Vile creature, shut up!" Feng Lihuan, who was already extremely anxious, slapped Xuan Tianyan, who was spouting nonsense, but the latter immediately hid behind Gui Da and the others.

Chapter 236: Execution!

Gui Da, who had been used as a shield, slapped out a hideous ghost face with his palm. The ghost face let out a "Jie" sound! It negated Feng Lihuan's Falcon Palm Wind.

"Hey, Mr. Little Wind, why are you so excited? Do you want your favorite student to become a widow before she gets married? Isn't that too sinister?" Gui Dasen mocked.

Feng Lihuan's face darkened when he heard that and he retorted coldly, ""Gui Da, I advise you not to get involved in the matters of my Genius Academy! You, your Ghost Realm can't afford to get involved."

"Keke! The Genius Academy is really impressive. Do you think our Ghost Realm won't take revenge for the death of our Ghost King?" Gui Da retorted.

"In that case, the Ghost Realm wants to start a war with our Genius Academy again." When the vice director heard this, he spoke calmly. His entire body even emitted a particularly peaceful aura.

" Hey, Vice Principal, please don't change the topic. We're talking about Ye Qianli and Xuan Tianyan's love affair. The grudge between the Ghost Realm and your school is a long story. We can slowly settle it in the future. " Gui Da replied with a laugh.

"Not bad! Vice Principal, I want to have a good talk with Qian Li." Xuan Tianyan seized the opportunity to speak. His voice was still so loud, afraid that others could not hear him.

After all, Xuan Tianyan's goal was to make the world misunderstand! It caused the Ye family and the Vermilion Bird royal family to fall apart, causing Ye Qianli and Rong Mo to be unable to be a couple! Disintegrate them and destroy them one by one.

Wonderful!

It was indeed a brilliant plan!

The more Xuan Tianyan thought about it, the more he felt that this was a godsent opportunity. Even if he knew that the child in Ye Qianli's stomach was definitely not his, so what? As long as the world believed him.

After all, Rong Mo was still in closed-door cultivation, and Xuan Tianyan had been " alone " with Ye Qianli for more than two months. As long as he insisted on this, Ye Qianli would not be able to explain it even if she was covered in mouths.

However!

"Are you very pleased with yourself?"

At this moment, Ye Qianli, who was slandered by Xuan Tianyan, pulled back the Vice Principal and Feng Lihuan who wanted to stand up for her. She only looked at Xuan Tianyan calmly, despite the discussions from all directions! The questioning gaze had already " annihilated " her.

It had to be said that the power of gossip was great!

In just a short while, this " bizarre " matter had spread throughout the entire Vermillion Bird Dynasty. It would not be long before the entire Vermillion Bird Dynasty would hear about their future crown princess being pregnant with the vile child of an enemy country's prince.

After all, there were too many people in this area, and it was impossible to seal it!

However, Ye Qianli remained calm. She even looked at Xuan Tianyan as if he was a clown!

Xuan Tianyan's heart clenched and he wanted to pinch her to death. However, he said gently, " Qian Li, it's all your fault. There's no such thing as pride. Come with me. "

"That's right. Although I don't know what exactly happened, looking at your figure carefully, I ... Ye Qianli, no matter what grudges you had with my dynasty, since you are now His Highness's servant, you are now the master of my Purple Spirit. In the future, I will serve you well." And at this moment, Violet Spirit also reacted extremely quickly to assist.

Xuan Tianyan was overjoyed because he could clearly see that as soon as Purple Spirit said that, the eyes of countless big shots at the scene immediately turned to Ye Qianli's stomach.

The doubt and disdain in their eyes slowly turned into astonishment and pity when they saw Ye Qianli's slightly bulging belly.

After all, 'facts' speak louder than words!

Rong Mo hadn't come out yet, which meant that he was still cultivating. At most, it would take two to three months. Xuan Tianyan took more than two months to enter the Divine Hall, and Hong Gu was also tricked out of the Divine Hall at that time.

Then, this 'fact'...

"How did this happen?" Auntie Hong's spiritual power was not bad, so even if she didn't believe what she saw, her spiritual perception was telling her that Ye Qianli was indeed pregnant, and the child was only two or three months old!

"How despicable!" The Green King did not expect things to turn out like this. He could only say...Man's plan was not as good as God's plan. This was really, he did not know what to say.

When Xuan Tianyan saw this, he continued,"Qian Li, I know that the person you like is Rong Mo, but you're pregnant with my child. Do you think a proud person like Rong Mo would still want you? Even if he does, the Vermillion Bird Dynasty will not tolerate you."

Such words could be said to be heart-wrenching!

Hearing this, Feng Lihuan's face turned as black as a sheet, and he said angrily, ""Li girl, don't hold me back. I, Feng Lihuan, am going to clean up the house today! Kill this shameless b * tch! Damn it, how could this scum be a student of my Genius Academy, I ... Don't pull me!"

"Little lunatic! Don't be rash. It's useless to kill this little scumbag. Let's see what the girl is going to do." This time, Old Zhu, who was also helping Feng Lihuan, couldn't help but whisper.

Although he was also shocked and angry, he could tell from Ye Qianli's expression that she had a plan. That was why he stopped the agitated Feng Lihuan.

"That's right, Li Huan! If killing Xuan Tianyan is useful, why do you think I'm still standing here? This matter is already related to that lass Li-er's reputation. If I don't make things clear, the one suffering in the future will still be that lass Li-er." The vice headmaster also advised from the side. How could he not be angry?

However, Qian Li was indeed pregnant, and the baby was only two to three months old. The current situation ... Tell the truth! The vice president was also worried. Did Xuan Tianyan really bully this girl?

However, he did not think so from the girl's expression. Although she was also shocked that he was pregnant, she did not have any other complicated emotions, such as "disgust, disgust " or the like.

In addition, he was just about to say something when he was pulled down by this girl. It seemed that she had her own ideas. Let's wait and see...Anyway, he was here, so he wouldn't let this girl's life be in danger.

Feng Lihuan, who had been persuaded by them, calmed down a little. However, he pulled Ye Qianli and said solemnly, "Li-er, Teacher knows that you're a child with ideas. But you don't have to feel burdened in your heart regarding this matter. At most, after Teacher takes action, I'll resign.

"!"Hearing this, Ye Qianli's expression changed slightly as she looked at Feng Lihuan. The latter looked at her sternly and nodded seriously.

Ye Qianli's heart warmed. To be honest, she didn't want the academy to interfere in the dynasty's affairs.

The academy treated her sincerely, so how could she let the academy get involved in trouble...

However, at this moment, a deep voice suddenly came from below the snowy peak. "Qian Li, you don't have to feel burdened!

The entire Vermillion Bird Dynasty has witnessed your contributions! No matter what happens, the Vermillion Bird Empire will definitely be your home. As long as you abort this bastard, I believe no one will hold it against you."

Chapter 237: I'll Beat You to Death, Old Man!

The person who said those words was the Lord of the Western Desert, Ye Qianli's great-grandfather, and Su Qin's grandfather!

After saying this, he led his personal guards from the bottom of the snowy peak to the top of the snowy peak. He stood in front of everyone with a righteous appearance.

However-

"Bang!"

The righteous Lord of the Western Desert had just steadied himself when an "iron fist" landed on his old face, causing his nose to bleed! He gritted his teeth.

"Your Highness!" The guards of the Western Desolation Lord were also dumbfounded. However, they could do nothing about it because the person who was beating up their Lord was a teacher from the Genius Academy.

In fact, not only were the personal guards dumbfounded, even the Lord of the Western Desert himself was dumbfounded. How could he have expected this! He had only said a short sentence. How could he be beaten up? This was completely different from what he had expected!

However ...

The Lord of Western Desert was still in a daze when Ye Qianli made her move. The moment she made her move, she lifted the Lord of Western Desert, who was still in a daze, and smashed him to the ground!

"Kacha!"

"Kacha kacha..."

Countless sounds of bones breaking rang out from the Lord of the Western Desert's old body. The explosions made him scream, but he was still awake from the pain.

"You..." The Lord of the Western Desert was in so much pain that he wanted to curse. Unfortunately, his speech was unclear and he spat out blood the moment he opened his mouth. How could he say a complete sentence?

Ye Qianli, who had been calm all this while, said coldly, ""Who gave you a mouth! If you dare to say the word 'fallen' again, I'll chop you up first!"

It was not that she was not angry and did not flare up after being slandered all this time! However, she knew that it was useless for her to be angry. Even if she flared up, she would not be able to kill Xuan Tianyan, who was already protected by the people of the Ghost Realm.

However, her heart was already burning with anger. Even if all the men in the world were dead, she would not even look at that slut Xuan Tianyan. In the end, he actually seized the opportunity to step on her nose! How could she not be angry? It was just that she could not flare up.

Now, the Lord of the Western Desert was directly in her line of fire! How could she tolerate it when she said that she wanted an abortion? This old bastard was already suspected of being a traitor. Now, he even dared to 'righteously' throw dirty water at her. She would cripple him! He really thought he was a king.

Old b * tch...

" Cough, little girl, alright, alright, that's enough. It's not good to be beaten to death. " Feng Lihuan didn't expect Ye Qianli to be so " fierce ". After being stunned for a while, he quickly pulled Ye Qianli away.

Although Feng Lihuan didn't know who this person was, he wasn't blind. He could tell that this was a king of the Vermillion Bird Dynasty.

At this moment, it was really not suitable to kill her. Otherwise, he could kill her with one punch. There was no need for the little girl to make a move.

"Humph!" Ye Qianli snorted coldly and let go. Although she seemed to have used a lot of force, she knew her limits. She had only broken a lot of the Lord's ribs, but it wasn't fatal.

However, this was enough for the Western Desolation Lord to suffer for a year or a few years. After all, he was already old. Being beaten up by Ye Qianli in public, he had no place to put his face.

Furthermore, even if the Lord of Western Desert was filled with anger and resentment, he did not dare to say a word at this moment. If he had known that he would receive such "treatment", he would not have dared to say anything just now!

Motherf * cker!

They started fighting at the slightest disagreement. Once they started fighting, he would be beaten until he could not take care of himself! These barbarians were infuriating him! Damn it, I'm going to make a fool of myself in front of the Sage Emperor.

If the people present heard what the Queen of the Western Desert was thinking, they would definitely not know whether to laugh or cry. Everyone here was a talent! They were all awesome people.

You, an ordinary armament, do you have anyone to "protect" you, and you still dare to blindly come up and talk nonsense! You're lucky that I don't kill you, you psycho...

However, although the Western Desolation Lord's actions were a little brainless, his words! The impact of bringing him out was still very big, especially since he didn't come alone!

So ...

A loud shout immediately sounded from below the snowy peak. "Miss Biao, don't you feel guilty for beating up your great-grandfather without distinguishing between right and wrong? Moreover, what His Highness said was all for your sake!

He worked tirelessly and was not afraid of death. He brought us all here from afar to support you and the Crown Prince. Now...But you're doing this. It's really chilling!"

For a moment!

They had indeed followed the emperor's orders. Many of the Western Desert Army soldiers who had come here two months ago had ugly expressions on their faces. They felt as if their burning hearts had been frozen.

No one would have thought that the legendary Crown Princess Consort would be such a person. Their prince was right! They had never looked down on the Crown Princess Consort, but! Since she was pregnant with the vile spawn of an enemy country, why not?

Could it be!

The Crown Princess Consort wanted to give birth to the vile spawn? If that was the case, where would the Crown Prince's face go? Where would the entire Vermillion Bird Dynasty's face be placed?

Just as the entire Western Desert Army was incited by the 'scheming person', their admiration for Ye Qianli slowly turned into resentment...

"Tsk!"

A noble and cold fire was released from Ye Qianli's body. There were also tranquil and tranquil purple flowers blooming above her head at the same time.

Then, she said loudly, "I, Ye Qianli, have awakened the seventh rank of my first innate talent-Nine Heavens Obsidian Flame! Second Talent Awakening Rank 7-Taiyi Divine Flower! With my talent, there is almost no one in the world who can stand shoulder to shoulder with me.

Therefore, even if everyone did as Xuan Tianyan wished! Why should I, Ye Qianli, care if my child is his? The world is big, and the strong have self-esteem."

These words...There was no intention to retort or clarify, but it was better than a demeaning retort or any clarification!

That's right!

Ye Qianli was a proud super talented person. No matter where she was, she was a top-notch genius worthy of being honored! Why should she be limited to a country and morals? Love between children.

At this moment...

"I'm the one who fell behind." Auntie Hong did not expect Ye Qianli, who she thought was a little girl, to be so open-minded.

Ye Qianli, as the person involved in the 'farce' of the entire scene, had actually jumped out of the box to fight! She directly used her pride and confidence to speak to the world and the Vermillion Bird Dynasty.

No one had the right to gossip about her!

Because she was strong!

Her talent was awesome, but what about Ye Qianli? No one can control it, no one can control it! He was arrogant and arrogant, but this was the truth. The strong were respected.

And such arrogance! The confident Ye Qianli convinced Hong Nu that if the Vermillion Bird Dynasty could not tolerate Ye Qianli, she would definitely leave! This was definitely a loss for the Vermillion Bird Dynasty.

As for Rong Mo, if he really gave up on Ye Qianli, it would be his loss.

..

At the same time, the excited and gratified Feng Lihuan couldn't help but cheer, "" Well said. As expected of our Genius Academy, breaking the record of 1001 points in the new student assessment. Who cares about this kind of non-existent dirty water? Who cares? "

"Not bad." The Vice Principal nodded his head in satisfaction. He did not expect this little girl in front of him to have such a big gap in her heart. No wonder Rong Mo, who had his eyes on the top of his head, had become her servant.

"You..." However, Xuan Tianyan, who saw that something was wrong, was about to speak again!

However!

Chapter 238: Clarity! _1

The Vice Principal said, " However, we still have to clarify things. Although Ye Qianli's pregnancy is only two to three months old, she has been pregnant for more than a year. Her father is Rong Mo. "

"Whoosh!"

Once the Vice Principal said this, the scene was once again in an uproar! Because of the reputation of the vice director, his words naturally had a certain degree of credibility, even though he was actually speaking "nonsense".

For a moment...

"She's been pregnant for more than a year, and she can't even tell what's going on, let alone giving birth. It can't be a divine embryo, right?" There were discussions about the fetus being extraordinary.

" Who cares what kind of fetus it is? A fetus whose mother doesn't abide by her duties and whose father is unclear. No matter how extraordinary it is, it's just that. " There were still those who despised the fetus as a bastard.

“ .. ”

In short, there were many different opinions, but it was not one-sided. Ye Qianli was pregnant with the vile child of the enemy country! However, this still made Feng Lihuan's expression turn ugly.

"Li girl, why don't you explain? Rong Mo, that damned brat. You're still so young. How can he mess around? Hurry up and get married. Now that it has become like this, you're simply a bastard!" Feng Lihuan was furious.

In the past, he had always thought that Rong Mo was a responsible and good student in all aspects. But now? What had he done to make his precious student suffer? It was too outrageous.

"That's right, Rong Mo is indeed a bastard! Girl, I've really wronged you. However, it's not a good thing for you to clarify this matter. I'll have to ask that kid to clarify it later. Bastard brat, when he comes out, this old man will take care of him!" The associate hospital director also said indignantly.

"Count me in on this matter. This damned brat is too much! The girl was still so young and had yet to get married, yet he had actually done such a disgraceful thing! Animal behavior." Old Zhu was also very angry.

"Uh ..." Ye Qianli was a little confused. After all, she was the one who did this. Rong Mo was the one who was forced to give up the seed without knowing anything.

However, Feng Lihuan, who was observing her expression, saw that his precious student was silent and thought that she was feeling aggrieved. He quickly supported her and said, " Girl, don't worry! Teacher will make the decision for you. If Rong Mo doesn't settle the matter properly, we'll ignore him."

"Yes, yes! Even that old fellow, the dean, will definitely stand on your side later." The vice director immediately expressed his stance, afraid that the young lady would feel burdened.

Although what he said just now was really good! However, a young lady was a young lady after all. This matter was really too difficult for her.

Otherwise, he wouldn't have said those " lies ". However, he was certain that the child was Rong Mo's! But why was it only three months? I don't understand...But it was definitely not easy to ask...

"Yeah, yeah, Li-er, don't think too much. Just like you said yourself, if it's really that ... At most, you can come to the academy. The academy will always be your home." Old Zhu echoed.

All in all, the Vice Principal, Feng Lihuan, and Old Zhu comforted Ye Qianli incoherently. Ye Qianli didn't know whether to laugh or cry, but she was very touched.

Seeing that Ye Qianli only nodded obediently, Feng Lihuan suddenly felt sad and said, ""Girl, don't hold it in. If you feel uncomfortable, just say it."

" Master Feng, " Ye Qianli chuckled. " Do you think I said that for nothing? " If the Vermilion Bird Dynasty that I'm loyal to isn't worthy of my loyalty, I definitely won't be blindly loyal."

"What do you think about Rong Mo?" The Vice Principal saw Ye Qianli's calm expression and realized that she wasn't bluffing.

"Cough..." Speaking of Rong Mo, Ye Qianli coughed guiltily and said vaguely, ""No matter what he thinks, if he doesn't want to acknowledge me, I won't cling to him. I'll take care of the child myself, can't I?"

"He dares! I'll break his legs. I don't dare to admit it! Scumbag." Feng Lihuan exploded again.

" No, since Rong Mo has done it, he will definitely admit it. However, he did not do it beautifully, but he is still young. We can't tolerate him making mistakes just because he is good at everything, right? " The associate hospital director wanted to say something fair.

Ye Qianli quickly nodded. " Yes, yes, yes. His Highness is only 18 years old after all. Besides, he didn't expect me to get pregnant. I was willing to do this. You can't blame him. Let's talk about it later. "

"Little girl! The teacher doesn't like to hear this. What do you mean he didn't think of it? A person like him, after doing such a despicable thing, would he not have thought that he might have a child? No, if he comes out, I have to hit him. Otherwise, I'll be furious!" Feng Lihuan did not agree.

"Not bad! He definitely had to be beaten. Li girl, don't spoil him, this man! You can't spoil him. Otherwise, he won't take you seriously." Old Zhu also felt that they had to fight.

Ye Qianli was speechless. She was afraid that she would be beaten up until she could not get out of bed...Just thinking about it now made her feel like she was done for.

Although she had already decided to confess, she had never thought of bringing the ball along! Would he think that she had no choice but to admit it?

Hey hey!

What a headache! My head hurts...

Hey hey!

Forget it, I don't want to think about it anymore. Let's just leave it at that!

She would think about it when the time came. The pressing problem now was still Xuan Tianyan and the Ghost Domain. If she guessed correctly, they were going to join forces to cause trouble!

Ye Qianli's face turned solemn as she shouted, ""Vice Principal, our academy has a temporary residence here, right?"

"Yes." The Vice Principal saw that her expression had changed, and her expression was quite serious. At the same time, she called out to the other teachers nearby and said, "Let's go back to the camp."

Their sudden departure caused Xuan Tianyan, who was on high alert, to look at them with a strange expression. He did not expect Ye Qianli to leave without even looking at him. Shouldn't she be making things difficult for him?

"Your Highness, what should we do now?" Violet Spirit hadn't expected this either, so she asked.

" Don't bother about her. Anyway, This King's goal has basically been achieved. Arrange for someone to fan the flames and control public opinion. " Xuan Tianyan suppressed the strange feeling in his heart and instructed, but ...

Wait a minute!

This little slut, could she be messing things up again?

At the thought of this, Xuan Tianyan gave Gui Da's trusted aide a look, then quickly left the hall and returned to Xuanwu's camp.

Gui Da and the others left as well, leaving behind a bloodied and immobile Lord of the Western Desert, as well as the Green King, Hong Gu, Bai Ying Xiong, Ye Donglin, and the others.

However, since the people involved were not around, they naturally dispersed. However, they did not leave the snowy peak area because everyone knew that this matter was definitely not over.

Of course, the Lord of the Western Desert who was beaten up had already arranged for someone to send a message to the Saint Emperor of Beiliang City! At the same time, he sent a secret message to the Vermillion Bird City.

..

At the same time.

The Vice Principal, who had returned to the tent and made arrangements, also said in a deep voice, "Girl, if you have anything to say, you can say it. I'm sure no one can hear us."

"Yes, girl! Don't tell the teacher that this child isn't Rong Mo's?" Feng Lihuan said nervously, causing Old Zhu's heart to tremble.

Chapter 239: Exposing the Conspiracy! Killing You Is Too Easy (1)

"It's not about that." Ye Qianli blushed and quickly said, " It's about the Ghost Realm. I suspect..."

As Ye Qianli revealed her speculation, the Vice Principal, Old Zhu, and Feng Lihuan's expressions all changed, and cold sweat started to appear on their foreheads.

" Of course, I hope that my speculation won't come true. However, looking at the people around me and thinking about the current situation in the Northern Territory, coupled with the Ghost Realm's clear support for Xuan Tianyan, I feel that we have to guard against this. " Ye Qianli said solemnly.

"I'll quickly order someone to investigate! As long as they did it, they would definitely be able to find out. Old Zhu, come with me. I'm afraid you'll have to take responsibility for this." The vice headmaster replied in a deep voice and then went to arrange for a secret investigation.

However, Ye Qianli was not at ease. She felt that the best thing to do now was to evacuate the crowd! However, there were too many people here, and there were people from all the dynasties and factions. It was difficult to order them around unless they produced evidence.

Feng Lihuan could tell that she was worried and sighed, ""Girl, don't worry about this. The academy has dealt with Ghost Realm many times before, so we're quite familiar with their tricks. As long as they do something small, we'll definitely be able to find out."

"I hope so. After all, the Northern Territory is really too miserable." Ye Qianli also hoped that everything would go smoothly. She really didn't want the situation in the Northern Territory to be replicated anywhere else.

Speaking of the Northern Territory, Feng Lihuan, who was passing by, fell silent.

A moment later, Ye Qianli smiled and said, "" However, the people here come from all over the continent. The Ghost Realm might not dare to attack them. After all, this is different from attacking the Northern Territory. This is openly making enemies of the continent. Perhaps I'm overthinking things. "

"Ha..." Feng Lihuan also smiled, but his smile was very forced. He knew the Ghost Realm's ambition very well. If it wasn't for the Genius Academy, the Ghost Realm would have turned the tables.

Now that there was the restless Xuanwu Dynasty, the more Feng Lihuan thought about it, the more he felt that Ye Qianli's speculation might come true! The Ghost Realm and the Black Tortoise Dynasty were definitely working together to trap everyone here.

Although this idea was very shocking, he had to be wary!

..

In fact, Xuan Tianyan and Gui Da were discussing this matter and their plan! He had indeed killed all the living beings in the snowy peak area!

"Uncle Ghost, the academy army is here. Do you still have confidence? If you don't have the confidence, don't do it as soon as possible. Otherwise, if you kill some of them, the rest will be even more difficult to deal with." Xuan Tianyan said in a deep voice.

"If Seventh Prince has the time to worry about the matters of the Ghost Realm, why not worry about your own situation! If I, Gui Da, wasn't here, do you think you would still be alive? What else can you do other than trust my Ghost Realm?" Gui Da mocked.

Xuan Tianyan's expression changed when he heard that. A mouthful of anger directly shot to his head, but he had no choice but to endure it! That was because...Grand Preceptor Zi was dead, the Black Tortoise Head Deacon was dead, the Second Deacon and the others were no match for Gui Da.

Moreover, his cooperation with the Ghost Realm was already an arrow on the bowstring. He could only let Gui Da do whatever he wanted. He could not command anything now.

And the reason why he was so passive was all because of that little slut Ye Qianli! Otherwise, no matter how arrogant Gui Da was in the past, he would only show it to others in public. In private, he would still respect him.

Thinking of this...

Xuan Tianyan could only say calmly, " Master Ghost, please don't blame me for being nosy. Ye Qianli, that little bitch, is not simple. I suspect that she has already guessed what we are going to do and is now reminding the Vice Principal. "

When Gui Da heard this, his breathing stagnated for a moment and he said," Rest assured, Seventh Prince. I will instruct my men to be more careful. After all, those people from the academy are not easy to deal with. "

"Alright, it's good that you understand." Xuan Tianyan was relieved, but Gui Da suddenly said, " In exchange, I'll remind you to pay more attention to the Blood Formation under the Divine Hall. I wish you success. "

After saying that, Gui Da left the tent...

"!"Xuan Tianyan's expression was extremely ugly. He had thought that no one would find out what he had done under the temple. He did not expect Gui Da to know.

Then, would the Vice Principal notice? No, definitely not! Gui Da was, after all, one of the top experts in the Ghost Realm. He was very sensitive to blood breath and life force, which was why he was able to detect it.

Xuan Tianyan could only comfort himself like this, but he did not know that Gui Da was just tricking him! Looking at his expression, she knew that he had really done something to the temple.

" Although this Seventh Prince's cultivation is not good, he is full of tricks. Unfortunately, he is not from the Ghost Realm. " Gui Da couldn't help but feel a little regretful in his heart.

Over the next ten days, the snowy peaks fell into a strange silence, as if nothing had happened. Everyone was waiting for the last person to come out of the temple.

..

That night, Ye Qianli sat outside the tent as usual, staring at the temple on the peak of the snowy peak. She was thinking about something, and her hands were playing with Little White Meow, who had been in her arms recently.

So when Ye Shang came over, she saw Ye Qianli stroking the cat. She couldn't help but say, " Junior Sister Ye, you're so free. You're pregnant with an indecent child, yet you're still in the mood to admire the moon. "

" Your mouth is so smelly. It seems that you didn't feel good that day. Do you want me to help you use the Nine Heavens Obsidian Flame to expel the cold air? " Ye Qianli mocked.

"You did it on purpose! My father still doesn't believe me. Do you dare to admit it in front of my father?!" Ye Shang's expression changed, and he almost rushed up to tear Ye Qianli apart.

"If you provoke me again, please believe that I will kill you in front of your father." Ye Qianli stared coldly at Ye Shang, her eyes filled with killing intent! Ye Shang couldn't help but shiver and subconsciously took a step back.

"Tell me, why are you looking for me? If you want to hit me when I'm down, I advise you to use your brain. A trash like you won't be able to survive a round in my hands. I didn't kill you because your father saved Ye Rui and the others." Ye Qianli said straightforwardly.

In the past, she still had the mood to play with Ye Shang, but now she did not! Annoying.

Besides, she had done it for the Vermillion Bird Dynasty in the past and did not want to offend the Myriad Treasures Pavilion. But now...It was possible that she would become a loner. A loner was not afraid of offending others.

"You..."

Ye Shang was speechless. After all, she had wanted to hit him when he was down. However, she was frightened by the murderous look in Ye Qianli's eyes and did not dare to speak her mind.

Ye Qianli looked at her with disdain and felt bored. She grabbed Little White Meow and went back to the tent. Ye Shang stomped his feet and left without saying anything.

However, not long after Ye Shang left, Ye Qianli heard even softer footsteps approaching her tent. She immediately became vigilant!

As the voice approached, Ye Qianli suddenly raised her voice and said, ""Since President Ye is here, please come in."

Chapter 240: The Vermilion Bird Imperial Decree Has Arrived!

Outside the tent, Ye Donglin froze awkwardly before opening the curtain and walking in.

"I'm sorry to make a fool of myself in front of Miss Ye." Ye Donglin laughed bitterly. When he saw that the vigilance in Ye Qianli's eyes had eased a little, he continued, "That's right, I heard your conversation. You've already noticed it? "

" I guess so, but I wasn't sure if it was President Ye just now. " Ye Qianli said frankly. Her spiritual power had more than doubled compared to before she went into seclusion.

Even though she was only a Rank Two talent, she was confident that even a Rank Five talent's perception was inferior to hers. Therefore, even though Ye Donglin was a Rank Five talent, he still could not avoid her perception.

"Miss Ye's improvement really makes me blush." Ye Donglin sighed. At the same time, he went straight to the point. " I know that Miss Ye is a straightforward person, so I won't beat around the bush. I'm only here to hope that Miss Ye won't be calculative with Shangshang. "

"As long as she doesn't provoke me anymore, I can't be bothered with her. Therefore...President Ye, if you have time, come to my place. Why don't you take care of your daughter?"

"You think I don't care? The problem is that she's stubborn. I mean that Miss Qing Ye should give in to her a little in the future. I only have one daughter and she has paid the price." Ye Donglin pleaded.

"It's our first time being human. Why should I give in to her? I'm sorry, I can't do it. Please return, President Ye." Ye Qianli refused.

Ye Donglin's expression was a little unnatural, but he still said, "In the future, as long as it's related to Miss Ye, my Treasure House will give you 50% off. How about it? "

"No need." Ye Qianli replied indifferently.

Miss Ye, please understand the heart of a father. " Ye Donglin's tone was a little unpleasant. After all, he had already made many concessions.

"Please." Ye Qianli raised her hand to send him off, but she was sighing in her heart. Ye Shang really had a good father, but when it came to principles, she would never give in.

If Ye Shang did something that she could not tolerate, she would not show any mercy! She asked herself that she had already given Ye Shang enough leeway. If she still did not change and continued to cause trouble, she would definitely kill her.

"Don't tell me you want to go against the Treasure House?" Ye Donglin could not help but threaten in a deep voice.

"To be honest, I'm single now. What do you think I'm afraid of?" Ye Qianli mocked, causing Ye Donglin to be stunned.

Thinking about how the Vermilion Bird Dynasty had yet to express their stance, Ye Donglin couldn't help but look at Ye Qianli's belly. He felt a little ashamed. Bullying a pregnant girl like this, he was the president of the Treasure House.

However, Ye Donglin thought about it and said, ""If it's possible, please bear with it. I'll marry Shangshang off as soon as possible and make her give up. In addition, the Vermillion Bird Holy Emperor Rong Feng is a sensible person. Perhaps he was delayed by some matters, so I'll take my leave first."

"I won't send you off." Ye Qianli lowered her eyes and said, but she didn't agree with Ye Donglin's last sentence. To be honest, the Vermillion Bird Dynasty's attitude disappointed her.

However, it was no wonder. Rong Mo was like a god in the hearts of the people of the Vermillion Bird Dynasty!

She was Rong Mo's fiancée, but now she was pregnant with an "unknown" fetus. She must have been seen as defiling their god.

Sigh ...

Because of her grandfather in her memories and the fact that she was "born" in the Vermillion Bird Dynasty, she still felt a sense of belonging to the Vermillion Bird Dynasty. Especially when she was in Xuanwu City that day, the Vermillion Bird Dynasty was so supportive. She was really shocked.

They were in the same boat! The feeling of fighting together for a country and a belief was not something that could be experienced by fighting alone. It was a pity.

After this incident, Ye Qianli felt that even if Rong Mo clarified everything in the future and she got together with him, she would no longer be as pure and innocent as before.

"You're thinking too much. Maybe Rong Mo doesn't acknowledge this child." Ye Qianli laughed at herself, thinking that getting pregnant before marriage was indeed troublesome.

"Meow!" However, Little White Meow disagreed. "Meow meow meow meow..." It indicated that Little Mo Mo would definitely not deny the child.

"What if he doesn't believe it either? This baby looks only three months old." Ye Qianli said as she rubbed Little White Meow. She was still a little nervous.

"Meow!" Little White continued to meow. Its eyes were filled with trust. Little Mo Mo was so smart. How could she trust that lunatic?

".. "Ye Qianli smiled and didn't say anything. However, logically, she believed that Rong Mo would believe her, but...Forget it, he didn't want to think about it anymore. He would just wait.

They waited for more than ten days, but there was no movement from the Divine Hall. Old Zhu and his men checked the place carefully, and there was nothing unusual. However, Ye Qianli's heart became even more anxious.

"Could it be that Black Tortoise Divine had descended into the world previously and wiped out all their little tricks? That's why we can't find any clues now?" Ye Qianli asked.

"We can't rule out this possibility, but it's also a good thing. It means that their conspiracy has died in the womb." Feng Lihuan heaved a sigh of relief.

"Li girl, I know you're worried that they'll continue. After all, these onlookers haven't dispersed yet, so they still have a chance. Don't worry, Old Zhu won't let his guard down. He'll always be on guard." the associate hospital director said.

Ye Qianli was relieved after hearing that. It was not that she was worried for nothing, but she had been feeling very uneasy recently. She had a feeling that something big was about to happen.

While the three of them were chatting, they heard a student coming in from outside to report that the head priest of the Vermillion Bird Dynasty had come to see Ye Qianli.

When Elder Zhao entered the tent, he saw two powerful cultivators sitting beside the Crown Princess Ye Qianli.

After exchanging a few pleasantries, Elder Zhao said bluntly, ""Crown Princess, this old man has something to report." In other words, he wanted the Vice Principal and Feng Lihuan to leave.

When the vice president heard this, he naturally stood up and said, "Little madman, come with me. I have something to discuss with you."

"Vice Principal, Teacher Feng, take care." Ye Qianli stood up apologetically. Although both of them were people she could absolutely trust, but...Since Elder Zhao wanted the two of them to leave, she thought about it and decided not to keep them.

After the two left, Ye Qianli said to Elder Zhao, ""What advice does Elder Zhao have?" She believed that since Elder Zhao asked the two of them to leave, he must have something to discuss with her alone.

"Crown Princess Consort, please accept the secret edict." Elder Zhao stood up and said solemnly.

Ye Qianli naturally knelt on one knee, but before she could reply, "Long live the Sage Emperor!" Elder Zhao had already begun to read out the imperial edict.

"In accordance with the heavens, the Sage Emperor has declared that Ye Qianli of the Ye family has outstanding talent and martial arts. She is a perfect match for the Crown Prince.

Who knows that there will be accidents in heaven, man-made disasters are unpredictable, I am deeply saddened, but good fate can not be broken, especially painstakingly issued an edict, ordered to abort the fetus, the past can not be repeated. I'm honored."

"..Ye Qianli's heart froze. She stood up and looked at Elder Zhao calmly, ""I'm sorry, it seems like I won't be able to become the Crown Princess."

"Crown Princess..." Elder Zhao lowered his eyes in disappointment. The moment Ye Qianli rejected the decree, Elder Zhao made his move.
