Chapter 71: A Deadly Strike!

"Roar!"

The Type 1 chameleon closest to the trembling bush let out a deep and terrifying roar, and tore at the bush in an instant.

"Roar-, Roar-," The ten or so Stage One Chameleons nearby had already rushed up and started to tear this area apart!

A huge pit was torn in the grassland. If Ye Qianli had stayed in the same place, she would have been killed! They would also be dug out and torn apart.

"Uh ..." Ye Qianli felt a chill down her spine as she watched the scene unfold.

Fortunately, its owner didn't make a mistake. Otherwise, if it had jumped out of the window like last time, she would have been torn to shreds. He was really worried for her.

After a while, the Magic Box sent another bullet comment. "What should we do next? I see that they have a very strict hierarchy. A Rank 1 chameleon doesn't have the right to get close to a Rank 3 Beast King."

"Then let it break the level." Ye Qianli replied nonchalantly. At this moment, her hands and legs were tightly wrapped around the soft scales on the chameleon's abdomen, while her other hand carefully took out a small porcelain bottle from her pocket.

She wasn't blind, so she could tell that there was a strict hierarchy among these chameleons. However, she still wanted to start with this Rank-1 chameleon because she had a way to make this "inferior" fellow go crazy.

When Magic Box saw the box in her hand, he immediately understood and said, "This is the poison you stole from that red knife. It can make people go crazy! You're a little bad."

"Hehehe..." Ye Qianli snickered in her mind. She had already torn off a piece of scale armor and burned the porcelain bottle at the same time. She then "applied" all the poison essence inside to the unlucky chameleon.

For a moment...

"!"The magic box waited for a while, but the chameleon did not react at all! This ...

"This poison doesn't seem to have any effect on magical beasts." The Magic Box had to remind him with a caption.

"No way. Let's wait a little longer." Ye Qianli didn't believe it. After all, she had considered the fact that the chameleon was big, so she had increased the amount of poison in its body! He even added ten times the amount. It was impossible for it to be ineffective.

In the end...

"It's been almost fifteen minutes. Shouldn't it take effect immediately?" The magic box felt that its plan was about to fail. The chameleon that had been plotted against, apart from the slight movement when one of its scales was removed, had been looking around vigilantly like a statue, like the best guardian knight of the king.

"That duck voice can't be lying to me, right?" Ye Qianli was a little uncertain, but she had smelled it before. The poison was really anesthetic! Hallucinogenic effect.

"Think of something else. Otherwise, if this continues, an hour will be used up!" The magic box indicated that almost 35 minutes had passed! In another fifteen minutes, it would be over in an hour.

"Let me think about it." Ye Qianli was also a little anxious, but she knew that she must not panic! Since this plan didn't work, then perhaps he could only force his way in.

However, she could not guarantee that she would be able to deal with the Beast King if she were to force her way in! If it ran away, she would have to find a chance to kill it and dig out its Beast Core.

"Roar!"

However, just as Ye Qianli was about to kill the chameleon, the chameleon that she had " fed " suddenly roared hysterically. This ...

Before Ye Qianli and the Magic Box could react!

"Roar! Roar! Roar!"

The chameleon that suddenly roared crazily jumped up under the dumbfounded gazes of its 'little friends' around it! With a swoosh, he left his post and rushed towards the center of the Beast King! He really rushed up!

"Wow! It's working! It's working!" The Magic Box immediately sent out a caption in surprise, but ... Wait a minute! How did this chameleon charge out in such a precise direction, towards the Beast King?

"How did you know that it would rush towards the Beast King?" The Magic Box immediately asked Ye Qianli. It knew that this was within her calculations, otherwise she wouldn't have been so confident.

It...It had never thought about this problem before, but now it realized that if this chameleon was charging in a crazy manner, wouldn't it be over if it charged in the opposite direction?

However, Ye Qianli was sure that the chameleon would "listen to her" and charge at the Beast King. However, this was not because she had the ability to control beasts, but because she knew very well-

"The nature of magical beasts is cruel! He loved to fight. The reason why such a group had such a strict hierarchy was because the Beast King had absolute power. However, the poison made the chameleon feel that it was very powerful. Under the trend of its nature, it would naturally challenge the most powerful in this group! The most powerful existence."

This was the law of the jungle! Beast instinct.

"Roar!"

The demonic beast that was tricked by Ye Qianli did not let her down. It was not afraid at all! He threw himself at the Beast King!

"Roar!"

"Roar!"

However, this chameleon, whose true strength was only at the first rank, was blocked by a few second rank chameleons before it could get close to the Beast King.

A battle that was destined to result in the death of the mad chameleon soon came to an end. The Stage 1 chameleon died! Such a bloody punishment of traitors was also one of the means to maintain a strict hierarchy.

"..When the chameleons at the scene saw this scene, other than their instinctive respect, they were also stimulated to reveal their bloodthirsty nature! For a moment, almost all the chameleons' eyes turned scarlet red.

However!

"Roar!"

The few Type 2 Chameleons that had eaten the Rebel suddenly charged at the Beast King after eating the Rebel!

Because the flesh and blood of the rebels that they swallowed were poisonous. Moreover, the poison took effect almost immediately on their bodies.

"This..." When the Magic Box saw this, it finally understood Ye Qianli's plan. At this moment, it and Ye Qianli had already switched to the belly of a Type 2 chameleon! Moreover, he was less than a hundred miles away from the Beast King!

"Magic box! I'm ready." Ye Qianli's voice echoed in her mind. She was summoning the magic box! She was ready to make a move.

Eighty miles!

Sixty miles!

..

Thirty miles!

When the strongest chameleon chosen by Ye Qianli arrived at the Beast King, it was only 30 miles away.

"Roar!"

The beast king that had been quiet all this while, as if it was lazily basking in the sun, suddenly opened its scarlet eyes! However, it definitely had sharp eyes with intelligence.

The next moment!

"Now, the magic box! " Illusion! " Ye Qianli shouted, and the magic box that she raised up turned illusory and exploded with five-colored divine light!

"Roar!" As soon as this light appeared, the chameleon Beast King immediately stood up. At the same time-

Chapter 72: She Is Ye Qianli, A Special Recruitment Student _1

"Bang!"

Finally, the magic box that didn't trick its master turned into the huge crescent blade in one go! The natural waves of murderous aura around him seemed to have solidified and whistled toward the color-changing dragon king.

Not only that!

Ye Qianli's strength was no longer the same as before, but her right arm was still burning with the Nine Heavens Obsidian Flame! The moment this fire appeared!

"Swoosh!"

Swoosh! Swoosh!

The dazzling fire patterns on the huge crescent blade seemed to have been awakened! They all burned with supernatural flames of anger, and countless roars erupted from the saber.

"Kill them!"

Ye Qianli raised her saber and slashed down. Her right arm, which was burning with her innate flame, instantly poured out vigorous divine flame spiritual power! Together with the huge crescent blade, they slashed at the Beast King who was on full alert!

In an instant-

"Boom!"

The powerful energy explosion turned the area within a radius of 200 miles into a sea of fire! In this sea of fire, one could even hear the furious roars of beasts.

"Bang!"

The terrifying energy wave had already blasted all the chameleons nearby 200 miles away! Even the Type 2 chameleons were sent flying.

Too strong!

He was too strong!

The full power of Ye Qianli's attack and the defensive counterattack of the Class 3 Chameleon Dragon King were far beyond the tolerance of the Class 2 Chameleon, but it was not beyond Ye Qianli's estimation.

"Die!"

He had long known that a Tier 3 Magical Beast possessed the battle prowess of a peak Mystic Emperor! Ye Qianli, who had the combat strength of a peak-stage-two talent, had already unleashed her full strength and unleashed her crescent blade. Her innate spiritual power surged into her body.

The next moment!

"Tsk!"

Ye Qianli's burning right arm gripped the handle of the crescent blade and pressed it down! A pure innate divine fire power immediately condensed into an invisible divine pressure!

"Kacha!"

At the same time, the Chameleon Beast King, which was affected by the Divine Pressure, was instantly crushed by the crescent blade above its head! Its hardest scales.

The crack opened!

"Roar!"

The endless destructive power instantly used this as a breakthrough point and surged into the Beast King's head! The excruciating pain caused the Beast King to let out a sharp roar! It also allowed it to unleash its ultimate potential.

"Roar!"

The Beast King, under the stimulation of pain, actually charged up crazily with the crescent blade! It tore at Ye Qianli without caring about anything, as if it wanted to drag her down with it! Even if he had to die, he wanted her to die with him.

"!"

Ye Qianli's pupils constricted, but she didn't back down. She raised her saber and charged forward! He didn't retreat at all and charged at the Beast King.

"Rumble!"

An even more terrifying energy shockwave erupted at the scene, sweeping away all the chameleons. They could only stare at the battle in front of them with bloodshot eyes.

A moment later...

When the man and the beast collided, they saw that the little human had already disappeared, but their king was still there! He was still standing there, but there were some blood stains on his head.

“ .. ”

After a while, the chameleons opened their mouths and prepared to cheer for their king as usual! They saw their king fall to the ground.

"Tsk."

"Chi chi..."

Strands of blood kept gushing out from the head of the color-changing dragon king, and then from there to his face, neck, and body ... Blood continuously flowed out as he spat out fresh blood.

"Bang!"

When the blood reached the beast king's abdomen, a loud explosion was heard, and the chameleon beast king was sent flying on the spot! Blood splattered everywhere...

Under the corpse of the Beast King was Ye Qianli, who was covered in blood, and the huge crescent blade on her shoulder, the Magic Box.

There was more!

It was a bloody Rank Three Beast King Pill in Ye Qianli's hand! She had succeeded.

In less than an hour!

Ye Qianli took advantage of Rong Mo's leniency and plotted against him! With the power of the Magic Box, he had obtained the first 100-point mission in the Magical Beast Plains in one fell swoop-obtaining the Beast Core of a Tier 3 Beast King.

If it was just for the sake of entering the heaven class, she could have already retired and left this new student assessment field! He would become the fastest genius in the history of the Genius Academy to complete the 100-point competition.

However, that was not all that she wanted. Therefore, after receiving the Beast Core, she held it in her hand and coldly swept her gaze across the group of chameleons that were staring at her.

"Get lost!"

"Otherwise-"

"Kill without mercy!"

Facing the greedy gazes of these chameleons on the Beast King Elixir in her hand, Ye Qianli's killing intent was extremely cold! The extreme baleful aura that erupted from the crescent blade.

"Swoosh!"

A large group of chameleons made way for Ye Qianli almost immediately. They were not stupid! They could clearly see that although this human had sneakily snuck to King's side, she had definitely killed King head-on!

If it was any of them, even if it was the king who ambushed them, they would only end up being killed by a claw! This had been proven in blood for many years.

Therefore, even if their intelligence was not as high as the Beast King, these chameleons were not stupid enough to think that they could kill this powerful human who killed their king and snatch the King's Pill from her.

Even if that King's Pill contained enough energy to make them go crazy, they still had to be alive to eat it...

Finally!

Under the gaze of all the beasts in the Demonic Beast Plain, Ye Qianli carried her saber and held the bloody Beast King Pill. She seemed to be relaxed, but in fact, she was intimidating everyone as she walked away.

When her figure was almost out of sight, the group of frightened beasts trembled and then dispersed under each other's gazes.

However, one of the Type 2 chameleons chased after Ye Qianli after the beasts had dispersed.

..

At the same time.

Outside the examination area, the hundred or so new students of the Genius Academy who had been summoned by the bell were still eagerly waiting to board the examination platform.

There was only 15 minutes left until the official start of the assessment. However, the faces of the other seven examiners, with the exception of Rong Mo, were extremely ugly.

This made the old students who had gathered to watch the show in the distance, as well as some of the teachers, feel a little strange. After all, the expressions of these examiners were too ugly, as if they had swallowed a pile of shit.

"We've investigated the situation. The person you sent in first is someone from the Vermillion Bird Dynasty, your fiancée! You're openly favoring someone!" One of the three old examiners who first noticed that something was wrong was the first to look at Rong Mo in confusion.

"I am." However, Rong Mo did not deny it. He even nodded his head calmly. This made the examiners so angry that they would vomit blood and die on the spot!

"You..."

"Good, good, Rong Mo..."

"Since you admit that you're playing favoritism, your position as examiner is declared invalid! As for the crime you committed, wait ..." The three honest and straightforward old examiners were all talking angrily.

Rong Mo interrupted them and said, "" I was biased, but I didn't cheat. Don't forget, she's a specially-enrolled student, Ye Qianli. "

Chapter 73: I'll Reason With Whoever Dared to Discredit Qianli (1)

"So what?" The three old examiners, who had been choked to the point that their hearts were fine and were about to break down, had turned green! Like three old cabbage leaves.

"That's right! Rong Mo, this is clearly favoritism. There's nothing wrong with it. Not only that, but you've also caused your little fiancée to suffer. Even if her results are excellent, she will still be disqualified. Do you understand?" The other examiners were also lamenting.

In fact, none of the examiners could understand the meaning behind Rong Mo's actions. Of course, they all knew that Ye Qianli was a special enrollment student.

As a special enrollment student, his talent was definitely not bad. Without Rong Mo's favoritism, she would be able to achieve good results, unless she made a major mistake.

But now, because of Rong Mo's favoritism, Ye Qianli's file had been blackened! No matter how talented she was, it was a problem whether she could enter the heaven class or not.

"She's the only special enrollment student." However, Rong Mo's cold and emotionless answer was still confusing when faced with a group of black-faced examiners.

"Even so, a foul is a foul! Forget it, forget it. In any case, this old man is not here to discuss with you. This old man is here to inform you..." The most senior examiner, who was so angry that he could not stand it anymore, felt that he really could not communicate with Rong Mo. He decided to announce the result directly.

However, before he could finish, Rong Mo interrupted him again, ""Who said she broke the rules? Who said I broke the rules? Since she's the only special enrollment student, she can go in first."

"Bastard! Who told you that? There was no such rule in the academy! All participants of the new student assessment, regardless of their status, must be treated fairly. There is no special treatment!" The old examiner was so angry that he slammed the table and pointed at Rong Mo.

"Did the academy say that no matter what talent you have, you must be treated fairly?" Facing the furious old examiner, Rong Mo asked a question in return. His question caused the seven examiners to choke.

"No, I haven't." Rong Mo raised his eyebrows as he looked at the seven of them. Their indifferent expressions, as if they were the ones who could do anything to him, were really the epitome of anger.

"We're not here to argue with you. We're waiting ..."

" I'm not. I'm just telling you that as a special enrollment student, Ye Qianli is more advanced than a mediocre student. She has special rights. " Rong Mo's tone turned cold.

Not only that, he even stood up and looked down at the seven examiners, saying, ""As for my identity as an examiner, you can't do anything about it."

"You..." The seven examiners felt that this was the most satisfying time in their lives that they had ever been angered. If it wasn't for the fact that they still had a major mission to carry out, they would have fainted.

However, Rong Mo did not give up and continued, "" If anyone dares to tarnish Ye Qianli's results, I'll reason with them. "

"Boom!"

The oldest examiner was so angry that he fell to the ground. He felt that this guy had gone too far! This bastard Rong Mo, bastard, bastard...

"Don't play dead. It's time to enter the assessment field." Rong Mo said coldly, still wanting to stab him.

"You little bastard! If I die of anger because of you, I'll see if the director will still side with you. Ahhhhh-I'll be so angry." The old examiner wanted to cry.

" Alright, Old Zhu, quickly get up. It's time for the assessment to begin. Besides, even if you die, the principal will at most give you a grand burial. " A certain examiner who helplessly recognized the truth advised.

"..”The examiner, Old Zhu, felt like he was about to die.

But no matter what, no matter how depressed the examiners were, they had to admit it! They really couldn't do anything to Rong Mo. Most importantly, what he said seemed to make a lot of sense.

That's right, Ye Qianli, she's the only special enrollment student this year!

Feng Lihuan had been away for so long, but he had only managed to recruit one special enrollment student. What did this mean? The seven examiners all knew that there was only one reason.

Ye Qianli's talent was so good that Feng Lihuan was disappointed by all the geniuses he saw later! Most importantly, Feng Lihuan had taken Ye Qianli as his student.

Even though Feng Lihuan had not returned yet, he had good eyesight! The All-Genius Academy was convinced by his judgment, so ... In that case...

"This old master wants to go to the Fire Abyss in the south to be an examiner. One! How many special enrollment students were there! One!" The examiner Old Zhu, who had crawled up from the ground, blew his beard and glared angrily.

He and the other two old examiners had arrived early, so they already knew that Ye Qianli's awakened talent was the fire attribute. She must have been teleported to the Fire Abyss. Look!

"No, the Fire Abyss is my main examiner." Rong Mo expressed.

"You..." The examiner, Old Zhu, felt that he was really going to collapse.

However, Rong Mo probably felt that he shouldn't go too far in bullying others, so he gave a rare friendly reminder,"I sent her to the Magical Beast Plains."

"What? Her fire attribute talent is so good, and you're sending her to the Magical Beast Plains? Is that really your fiancée? You're f * cking scamming her!" The examiner, Old Zhu, was furious.

Although he didn't know what Ye Qianli's talent was, he knew! Judging from the phenomenon that erupted in that instant, it was definitely a fire-type talent of the fifth rank or above.

Such a fire element genius, instead of sending her to the Fire Abyss, he sent her to the Magical Beast Plains? Old Zhu suddenly felt that his previous accusations against Rong Mo could not be established. This guy was clearly trying to trick this young lady! How was this favoritism?

"Rong Mo, tell me honestly, are you very dissatisfied with your fiancée and want to kill her in the assessment field?" The other examiners also had wild imaginations.

After all, the assessment hadn't officially started, and the examiners weren't in place yet. The danger index in the assessment field was still very high, especially in the Magical Beast Plains!

Rong Mo had sent her here! In addition to his previous nonsensical behavior, the examiners had sufficient reason to believe that Rong Mo was trying to trick his fiancée to death.

Good! Ew! Poison!

Rong Mo, who had been accused, did not give any explanation. He had already walked up to the test platform and entered the examination field through the teleportation array.

This ...

"What happened? Isn't that the examiner? Why did he leave first?" A large group of new students who did not know the truth were all dumbfounded when they saw this.

It was because they all knew that the first part of the assessment was to test one's talent! After that, they would be sent to the assessment field with different treatment based on their talent, right?

Then why did an examiner leave?

The freshmen exploded! However, the examiner, Old Zhu, had already shouted with full vigor, "What are you arguing about? Now, the assessment begins. Those who have called out their names, please go to the testing platform."

"..When the new students heard this, they immediately became obedient. After all, they were still unfamiliar with the place.

However, the old students and teachers who were watching were puzzled. They only felt that the opening of today's new student assessment was filled with mystery and strangeness.

And Ye Shang was the first to discover this strange origin!

Chapter 74: Nothing Is Impossible With Her!

"No, where is Ye Qianli?" Ye Shang scanned the freshmen and found that Ye Qianli was not there! Therefore, what she wanted to see was not what Ye Qianli would do when she stepped onto the testing platform.

Rong Mo's departure made Ye Shang realize that Ye Qianli was definitely not here and would not come back. Otherwise, he would not have left just like that.

Of course, this also proved that in Rong Mo's eyes, other than Ye Qianli, there were no other talented freshmen!

"Yeah, where's Junior Sister Qian Li? As a special enrollment student, shouldn't she be the first to go on stage? And Senior Brother Rong, why did he leave just like that?" At this moment, the red-robed Xiao Dao, who was also present and standing beside Ye Shang, also had a blank expression on his face.

After all, before the bell of Genius City rang, the area around the testing platform was sealed off by the Shielding Array all year round. Therefore, other than the examiners, no one knew what had happened here an hour ago.

Of course, no one knew that Ye Qianli had already been teleported into the assessment field and had obtained the first percentage! Someone was especially surprised! Excitement, excitement.

That person was Su Lianhua!

That's right, Su Lianhua, who had awakened her number one talent, had successfully registered under the recommendation letter from the Vermillion Bird Dynasty's Ministry of War. As long as she passed this assessment, she would be able to become a student of the Genius Academy.

In fact, she had already known that she would be able to sign up. She was just used to acting pitiful in front of Su Qin. She then took the opportunity to talk about Ye Qianli so that Su Qin would forever understand that she, Su Lianhua, was pitiful, cute, and obedient, while Ye Qianli was hateful.

However...

"Ye Qianli didn't come? If she doesn't participate in the new student assessment, even if she's a special enrollment student, she won't be able to enter the Genius Academy!" When Su Lianhua thought of this, he was so excited that he could not help but mutter.

However, a " talkative " freshman beside her kindly reminded her, "" Wrong. If you are talking about the special enrollment student, Ye Qianli, then in fact, she doesn't need to participate in the assessment to enter the Genius Academy. Moreover, she is a student of the Heaven Class. "

When Su Lianhua heard this, he subconsciously asked, ""Why?"

" Heh, just because he's a special enrollment student, and he's also the personal student of the current class teacher, Feng Lihuan. " The talkative freshman expressed.

"Teacher Feng is the form teacher of this year's heaven class?" Su Lianhua was stunned. She had never expected that the genius teacher who appeared in the Vermilion Bird Dynasty seemed to have a very high status in the academy.

"What's wrong? Do you know Teacher Feng?" The freshman asked in surprise. Even the way he looked at Su Lianhua was filled with respect.

Su Lianhua could feel the change in the other party's gaze. She carefully looked at the freckled, fair, and chubby little boy in front of her. The corners of her lips curled into a gentle and sweet smile." Not really. It's just that I have to meet Teacher Feng when he's a guest in the Vermillion Bird Dynasty. "

"Teacher Feng even met you!" Freckles exploded when she heard that. She looked at Su Lianhua with envy and admiration. She felt that this sweet young lady in front of her must be very talented! Otherwise, Teacher Feng wouldn't have specially summoned her.

"Yes, but Teacher Feng obviously likes my cousin more, so she's a special enrollment student. However, my cousin is indeed very outstanding, just that ..."

"What is it?"

"It's just that he's a little eccentric and not easy to get along with." Su Lianhua replied embarrassedly, revealing a trace of timidity.

It was easy for people to imagine Ye Qianli as a bossy and domineering big sister who often bullied her cousin.

Unfortunately ...

" That's normal. A genius like her has a proud and aloof personality. She has the right to look down on others and not get along with mediocre people. " Freckles nodded excitedly.

"Uh ..." Su Lianhua was a little confused. She felt that this person was a little abnormal.

"Alright, the rest of you can get on the test platform." At the same time, the examiner, Old Zhu, who was taking attendance, suddenly announced. This made Su Lianhua, who had been thinking for several nights in order to get on stage beautifully today, dumbfounded!

This ...

What was going on?

"Speed!" The examiner, Old Zhu, was not a patient person to begin with. Today, he was especially impatient! Moreover, he really wanted to go in and see how talented Ye Qianli was!

Although he was cursing Rong Mo verbally and inwardly, the examiner, Old Zhu, knew that if Rong Mo really wanted to kill someone, he would not have to go through so much trouble.

So why was Rong Mo wasting so much effort on this?

The more the examiner Old Zhu thought about it, the more anxious he was to go in and take a look. As a result, the students who had almost relied on their connections to get the last vote were treated differently by him.

These new students wanted to protest, but when they saw the faces of the examiners, they all went up the stage in fear. As a result, the opening test of this new student assessment only left people with the feeling that it had the head of a snake and the tail of a snake, causing countless criticisms.

But no matter what, after the new students entered, the seven examiners also entered one after another, and they all gave off a feeling of impatience!

"Strange! It's so strange, why isn't Ye Qianli here?" Red Knife, who had watched the whole process, found that Ye Qianli had not entered the arena and felt that it was unreasonable.

"That's nothing. As Teacher Feng's student, even if she didn't come, she could still enter the heaven class." Ye Shang felt that it was quite normal. A noble daughter of a dynasty must be used to living like a prince.

"No, she has been preparing for the assessment! Moreover, Senior Brother Rong had brought her out a long time ago. They had come out together! Why was there only a senior brother and no junior sister? Where did she go?" Red Knife was puzzled.

Ye Shang's pupils constricted as he thought of a possibility! Although this possibility was absurd, if the person who did it was Rong Mo, it was definitely possible!

" Did Junior Brother Rong send her to the examination grounds first? " As soon as Ye Shang finished his guess, he was shocked beyond words. He stared at the test table. She really wanted to go in and take a look.

Rong Mo...

He actually used his authority as an examiner to play favoritism for the sake of this little noble girl? How was she worth it for him to do this? Did he know that even if the dean favored him, he would not make an exception for him!

Ye Shang did not understand...

However, the examiner, Old Zhu, who had been teleported to the Magical Beast Plains, understood. He had sensed that the Beast King here was dead the moment he arrived.

" It's only been an hour. Did she kill the Beast King and take the Beast Core? " The examiner, Old Zhu, felt that this possibility did not exist at all! However, his senses told him clearly that the aura of the chameleon was no longer there.

Then what was going on? The examiner, Old Zhu, quickly began to search...

At the same time, Ye Qianli, who had shocked the examiner Old Zhu, was already on her way to meet the Type 2 chameleon that was chasing her.

To put it more accurately, the chameleon attacked her from the left wing the moment she put away her crescent blade! The angle was tricky and the speed was fast! It far surpassed the power of an ordinary Class 2 Chameleon.

"Crack!"

Chapter 75: Stunned!

Just as the chameleon was about to lunge at Ye Qianli's head, the raging innate divine fire had already burned Ye Qianli's head and neck.

Hence, the Type 2 chameleon bit down! It wanted to bite off Ye Qianli's head, but its sharp teeth were broken.

"Kaka..."

A few ferocious and sharp teeth stunned the Type 2 chameleon at this moment, as it continuously fell out of its mouth and fell to the ground.

That kind of feeling was something that the second rank chameleon would never forget for the rest of its life. It wondered if it had bitten a magical beast, Little King Kong. Bah, bah...

Just as it was thinking this foolishly, it felt its jaw suddenly being grabbed. Then, as expected, it was thrown over the shoulder by the little human! The fall almost broke all the bones in its body, and it was in so much pain that it could not even breathe.

At the same time, the little human who had thrown it down let out a long sigh and said sarcastically, "That was close, that was close. Fortunately, my body is much better. Otherwise, my head would definitely have been bitten off. Wow, it's really disgusting. There's so much saliva on my body. It stinks ..."

The Tier 2 Chameleon was speechless. The shadow in its heart was immeasurable. Indeed, humans were the most vicious. It was so ironic that it did not want to live anymore.

Just as it thought of this, the Rank 2 chameleon felt a sudden pain in its back. It was clear that its spine had been kicked. It was so painful that it spat out a large pool of blood on the spot. It only felt that its entire body was paralyzed. It was so painful...

Ye Qianli clapped her hands and said, "'Alright, there's a reaction. It seems that he's still alive."

The Tier 2 Chameleon was speechless. So this last kick was just to see if it died? Speaking of which, if it didn't die, it would have been kicked to death. The kick was so heavy!

"It's said that the effect of obtaining the beast core alive is the best." Ye Qianli spoke again, causing the Type 2 Chameleon to break out in cold sweat, "'No, no, no. It's not like that."

"You can speak human language?" Ye Qianli was shocked and quickly asked the magic box in her mind, "' Magic Box, Magic Box, your little companion has appeared. This beast can speak human language. "

The slightly weak magic box was speechless.

"Yes, yes, not only can I speak human language, I can also speak all kinds of beast language. I can communicate with many beasts! Therefore, not killing me is more valuable than killing me. " The Type 2 Chameleon was afraid of being killed, so it quickly expressed that it was very valuable.

Ye Qianli, who didn't get the attention of the magic box, also felt that she was making a fuss over nothing, even though it was really strange! After all, she had never heard that the beasts in this world could speak human language, nor had she seen it in books!

However, when she thought about the Beastmen in her previous life, Ye Qianli quickly accepted the fact that this Type 2 Chameleon could speak. However, she still had to

ask, ""As far as I know, even beasts can't speak human language. Why do you know it?"

"Because I once swallowed a Language Grass by mistake." Hearing Ye Qianli's tone, the Type 2 Chameleon felt that she would not kill it again. It heaved a sigh of relief, and its tone became much calmer. It was obvious that it was no longer panicking.

However, Ye Qianli said, " I see. I thought you were a mutated chameleon beast and were very valuable. It seems that you just swallowed a blade of grass. I'm too lazy to bring you out. I'll just kill you. "

When the Type 2 Chameleon heard this, it panicked again. ""No, I can't! No! It's not like that. I'm very valuable. If you bring me along, I can help you communicate with all the beasts here! I can ... Yes ...

I can be your guide! Yes, yes, a guide!"

"I don't need it." Ye Qianli said.

"I know there's another Language Grass! I'll bring you to pick them. You can communicate with the beasts after eating them! It could control beasts! Yes, yes, yes ..." the Type 2 Chameleon said in a panic.

Unfortunately, Ye Qianli was still not interested and said, ""It sounds good, but I'm a little busy. I'm here for the exam."

When the Type 2 Chameleon heard this, he blurted out, ""Why are you still taking the exam? You killed our king, didn't you get full marks?"

" Oh, you know that your king's beast core is full marks? It seems that you really know this assessment field quite well. " Ye Qianli smiled.

"Of course. I grew up here and often travel around. Where haven't I been?"

"So you are the son of the Beast King?"

"Of course not!" The Type 2 Chameleon, who obviously did not notice that he had been tricked, had a human-like hatred in his scarlet eyes.

"Don't tell me that it killed your parents, ate your girlfriend, and ruined your life."

"How did you know?" The Type 2 Chameleon asked in shock!

" Really? " Ye Qianli asked curiously.

"..The Type 2 chameleon didn't say anything. It just lay there listlessly. It seemed that Ye Qianli had hit the nail on the head.

Ye Qianli kicked it again, ""Alright, I'll believe you for now. Let's make a deal. If you can help me get the remaining nine top ten points in six hours and take me to get that Language Grass, I'll spare your life."

"Give me the Beast King Pill." The Type 2 Chameleon immediately replied.

"Don't even think about it." " I'll give you three breaths to consider. Either you agree or you die. One, two..." Ye Qianli rejected.

"I want the Beast King Pill! Otherwise, I won't agree to it even if I die." This Type 2 chameleon had a high level of intelligence. It had already realized that Ye Qianli needed it! Otherwise, he wouldn't have wasted so much time talking to it.

However, what responded to it was Ye Qianli's sudden burst of flames and a punch that came right at its face! "I agree!" It was so scared that it roared.

"Too late." Ye Qianli replied coldly, and her fist smashed down!

" No--" The second rank chameleon was scared out of its wits. It felt that it was finished. If it had known earlier, it wouldn't have talked about any conditions, even though the Beast King's pill was very tempting! It really wanted to get it, but if it died, it would have nothing.

"Boom!"

However, Ye Qianli's punch did not land on the chameleon's face. Instead, it brushed past its face and landed on its ear!

It smashed down from the side of its body and collapsed a large area of land. Even a small hill in the distance was directly flattened.

" This is your last chance. If you dare to play any tricks again, I will make sure you die. Think about your parents and partners who died for you. You know what to do. " Ye Qianli put away her fist and patted the chameleon's face.

The Tier 2 Chameleon was speechless. It wanted to say, how could it not be honest?

However, before it could say anything, it felt something being thrown into its open mouth. Then, something suddenly entered its body, scaring it so much that it trembled! He had a very bad premonition.

Ye Qianli said, "" You're so smart, you should have guessed that I fed you poison. Don't panic, this is a slow-acting poison. It will take effect in ten hours. If I can successfully obtain the Language Grass by then, you will have the antidote. "

"But..." The Tier 2 Chameleon wanted to say that the path to the Language Grass was not easy to walk on! She still had to be busy with other things for the first six hours, so four hours was probably not enough.

However...

"Buzz!" At this moment, a figure suddenly flashed over!

Chapter 76: She Is Destined to Create Miracles!

Ye Qianli's nerves tensed up as soon as this figure appeared. She could sense that this person was very powerful! And reality proved that her perception was right.

"F * ck! Why did you cause trouble again?" The alert bullet screen of the Magic Box confirmed Ye Qianli's senses. It had automatically crawled into Ye Qianli's palm without leaving a trace.

Ye Qianli, who was being questioned, held the magic box tightly and stared at the old man with a red face and sharp eyes.

"!"

The two of them, one on guard and the other on guard, stared at each other for a while. The old man asked first, " Do you have the Beast King Pill? "

"Yes." Ye Qianli responded, but she didn't plan to attack. When the man asked this question, she suddenly realized who he was. She clenched her fists and greeted him, ""Junior Ye Qianli greets senior examiner."

"How do you know that I am the examiner and not the one who robbed you of your Beast King Pill?" The examiner, Old Zhu, who had been exposed, asked in return. After all, snatching points was within the scope of the rules.

"You're much stronger than me, and I'm the only special enrollment student this year." Ye Qianli explained with a respectful expression. In fact, she was thinking this in her heart. Uh ...

If Ye Qianli hadn't been tortured by the old Black Tortoise, she would have known that the person was the examiner.

"Your perception is not bad." The examiner, Old Zhu, nodded his head in satisfaction at Ye Qianli's answer and said, "" Your reaction is also very fast, but you have indeed only

awakened your first talent. Let me ask you, how did you kill the Rank-3 Color Changing Dragon King? "

This was actually the first question he wanted to ask after seeing the corpse of the Rank Three Color Changing Dragon King. Therefore, he had left his post and chased after this little girl.

"Uh ..." Ye Qianli was speechless, but she had to clarify, ""If Senior is interested, Junior will tell you after the assessment. After all, this matter is a matter of course."

Old Zhu knew that Ye Qianli wasn't going to give up, even though she had already gotten full marks. He couldn't help but say, "" You don't need to do anything else with your results. It has already proven that you are the most outstanding special enrollment student. Even if you don't receive special enrollment treatment, you are still better than others. "

"Not enough." Ye Qianli said.

"Oh?" Old Zhu raised his eyebrows and looked at the dirty little girl in front of him. Although he couldn't see the child's face through the filth, her bright and determined eyes clearly showed that she was different from others.

Even if he was young, even if he was born into a noble family, and was destined to have a prominent status in the future, he was a good seedling with a firm mind and his own beliefs!

It was no wonder that Feng Lihuan had taken a liking to her. With such a gaze, even if she wasn't particularly talented, she was destined to be extraordinary.

Although some talents were destined, hard work could sometimes create miracles. The will in these eyes was the foundation for creating miracles.

Therefore, even though he wanted to know everything right away, the impatient Old Zhu still nodded and said," Alright, then I'll wait for you to finish the test. Then, tell me how you killed that Beast King. Go ahead. "

"Thank you, Senior." Ye Qianli heaved a sigh of relief. She was afraid that this old man would not let her go. That would definitely be a very annoying thing.

However, even though Old Zhu had agreed to let Ye Qianli "work" first, he showed no signs of leaving. Ye Qianli had no choice but to kick the "corpse" of the second rank chameleon under his nose and said, ""Can we leave? Nodding or shaking your head."

The Type 2 Chameleon immediately got up. Although it was very difficult to climb up, and the bones in its body were still making cracking sounds, it did not dare to offend this young lady.

Seeing this, Ye Qianli cupped her hands and said goodbye to the examiner, ""Senior, then junior will take his leave."

"Go, go."

Old Zhu waved his hand, but his eyes were fixed on the Type 2 chameleon. Without Ye Qianli knowing, he stared at it threateningly.

The Type 2 Chameleon could clearly see that the old man was using his eyes to say, ""Listen to her obediently. If she dares to cause any trouble, you know that I can find you."

The Tier 2 Chameleon was speechless.

Ye Qianli saw that the Type 2 chameleon was in a daze? He couldn't help but kick it again. "Hurry up and leave. What are you standing there for?"

"!"The Rank 2 chameleon did not say anything and hurriedly limped along, feeling that its life was bleak. As expected, greed was the worst thing to do. It should not have been greedy for the Beast King Pill.

Unfortunately, no matter how regretful the Type 2 Chameleon was, it could only follow Ye Qianli obediently. It did not dare to have any second thoughts. It even had to protect Ye Qianli more. Otherwise, it felt that the old man would settle the score with it.

Woo woo, so tragic...

However, the second rank chameleon was right. If something happened to Ye Qianli, not to mention what Rong Mo would do, the examiner, Old Zhu, would definitely come after the second rank chameleon! Unless it died.

Because he could see the scene clearly! He knew that the color-changing dragon king was Old Zhu, who had been cut open from head to belly by Ye Qianli! His heart was still incomparably shocked!

One had to know that the level-three chameleon was the "king of defense" that had never been seized by the Genius Academy in the past ten years! Of course, Rong Mo was too lazy to do anything two years ago.

However, other than Rong Mo, all the students of the heaven class in the past ten years! No one could kill this Rank Three Color Changing Dragon King, let alone steal its Beast Core. Moreover, it was now close to the Rank Four level.

"She's only a level one talent, but she has combat strength that even peak level two talents can't reach. Even if she has a super powerful spiritual weapon, if her own

strength is insufficient, she can't unleash its power at all. What exactly did this girl awaken as her number one talent?" Old Zhu's heart was filled with curiosity.

But what he didn't know was that Ye Qianli was about to begin her path of sweeping the world, which made him even more curious! This made the entire Genius Academy curious.

However, Old Zhu's curiosity didn't last long. He sensed the movement of the communication jade slip in his pocket. When he took out the jade slip, the voice of an examiner near him immediately came out, "Old Zhu, can you leave? Something has changed here."

"You only have 50 points, and you still need this old man's support? You ... Wait here, I'll go right away!" Mr. Zhu was about to reject her impatiently, but he suddenly remembered that Ye Qianli was heading towards this direction!

Chapter 77: Where Can We Not Meet in Life (1)

At the same time, Ye Qianli, who was rushing to the next point, didn't know that the old examiner would be meeting her again soon.

Under the lead of the second order chameleon, she took a shortcut to reach this point. However, before she could get close, she already sensed that there were people in this area!

"Looks like the assessment has officially begun. The students have all entered." Ye Qianli was very clear about this. After all, this assessment field was not hers alone.

"We need to get a lotus flower that can sing here. We need to be fast! You have to be strong because the singing of the lotus flower cannot be blocked. It will always linger in your sea of consciousness and destroy your will! Bewitching you.

Therefore, although this point is the one that doesn't test martial strength the most among the top ten points, it has the highest difficulty index of fifty points." The Type 2 Chameleon was dutifully explaining to Ye Qianli in a low voice.

It had to do its job because it had a lot of tasks. If it couldn't help Ye Qianli get into the top ten within six hours and get the Language Grass in four hours, it would die.

It couldn't play dirty tricks yet, because if something happened to this little human, it wouldn't be able to escape death sooner or later. So what could it do? It could only do its duty.

However ...

"I know what you're saying. Can you tell me something I don't know?" Ye Qianli's information was also very comprehensive. She knew the characteristics of the pink lotus growing in the pond far away.

"You know all this?" The Rank 2 chameleon was a little confused. It remembered that the students who came in in the past were all hotheads. They had to fumble around for a long time before they knew where the key to each point was.

"..”Ye Qianli didn't want to bother with the chameleon anymore. She looked into the depths of the pond and saw a pink lotus flower in the middle of the water. There was another acquaintance?

"Su Lianhua?" Ye Qianli thought that she was seeing things, so she shifted her attention from the pink lotus to a girl in pink by the pond.

Looking at it closely, Aiyo! It really was her little cousin, Su Lianhua.

"What's wrong?" When the chameleon saw her shocked expression, it thought that she had seen something extraordinary. However, it looked around carefully and did not find anything worthy of special attention.

Ye Qianli shook her head and didn't say anything. She was speechless. She thought that even if her cousin was not dead, she should still be lying in the Vermillion Bird City. She didn't expect that she would appear in front of her so quickly.

Even though she did not think much of Su Lianhua, she did not like the presence of such a drama queen everywhere. She could watch one or two shows, but she would get sick of it if she watched too many.

Most importantly...

"Su Qin can't be a genius too, right?" Ye Qianli was most annoyed by Su Qin, because this person was indeed quite troublesome to her. She was really not easy to kill. After all, she was the original owner's biological mother. She was really angry!

She didn't understand why Su Qin would treat her daughter like this since she was her biological daughter. That was true loathing. There was not a hint of love. Every time he looked at her, he felt like he was looking at an enemy! Instead of looking at his daughter.

How could a mother hate her own daughter so much? Just because she had a difficult labor and could no longer give birth, he had to torture and hurt her like this.

Every time she thought about it, Ye Qianli was only angry and felt that it was not worth it for the original Ye Qianli. That silly girl, although she acted as if she did not care about her mother and would treat her mother's favoritism coldly, what was the truth?

How could the young lady not hope that one day, Su Qin would be able to take a good look at her and talk and laugh with her as intimately as she did with Su Lianhua?

Unfortunately ...

Even though she had shaken the Vermillion Bird City with her name during the Prodigy Meet, Su Qin was still the same Su Qin. She did not repent at all and did not feel that she had wronged her daughter.

As Ye Qianli was thinking about Su Lianhua, the chameleon who had finished observing the situation said, "" Looks like this lotus has just sung once. We have a chance to make a move. "

"What do you mean?" Ye Qianli raised her eyebrows and turned to look at the chameleon. The chameleon's eyes bulged and he said proudly, ""Don't you know everything?"

"Do you want a kick?"

"Cough! This pink pearl lotus wasn't a big deal. Who couldn't pick it? The one who can sing is not the pink lotus itself, but the guardian demon beast that is accompanying it. "

Hearing this, Ye Qianli asked, ""You mean that the demon beast that just finished singing should be resting, and we can take the opportunity to kill it?"

The Type 2 Chameleon nodded and whispered, ""It usually needs to rest for fifteen minutes. However, the students who have been 'attacked' by it usually need at least two to three minutes to recover under the deterrence of the song. However, it still has a unique skill, but I don't think it will work on you."

"What ultimate move?"

"Poison!" When the chameleon said this, it obviously cowered. It was unknown if it was because it remembered that it was still poisoned, or if it also had bad memories with the companion demon beast of this Pearl Pink Lotus.

But no matter what it thought, it still told Ye Qianli in detail, ""There was once a beast who had the same speculation after the song disappeared, and wanted to take down the pink lotus in one fell swoop! In the end, as soon as he touched the stem of the pink lotus, he was poisoned and suffocated."

"I really don't have this information. Are there any other traps?" Ye Qianli suddenly felt that this Level 2 chameleon that she picked up for free should be quite useful. Rong Mo didn't mention that it was poisonous.

" It's normal that you don't have any information, because this is a brand new scoring point. Ordinary Pink Lotus Demons only know how to sing, and their recovery time is different. I know so clearly because this scoring point was set up a few months ago. Some beasts in the assessment field have come to mess around, and I can understand all the beast language. Of course, I know everything.

" Let me give you a friendly reminder. When the Pink Lotus Demon is singing, you can't release poison. However, it can still run with the pink lotus. It's quite fast, but it can't run out of the pond. If you want to attack, you have to catch it by surprise! And it has to be fast."

The chameleon's explanation was very detailed. It made Ye Qianli understand that it could communicate with all the beasts in the examination field. It was definitely a walking map.

Since she knew so much, Ye Qianli would not miss the opportunity. She was in a hurry! Therefore, after listening to all the reminders, she had already jumped! She jumped into the pond with a plop.

"Whoosh!"

Ye Qianli's dive immediately caused a commotion. The freshmen who had just been poisoned by Pink Lotus Demon's singing and could not even stand up were naturally very concerned about the commotion! Who would have thought that someone would make a move again?

However, Su Lianhua was the one who was the most shocked because she was the closest to the pond! And Ye Qianli jumped down right in front of her, so...

Chapter 78: It's Her! It's Her! It's Still Her!

"Her?" Su Lianhua stared blankly at the ripples on the surface of the pond and touched the water that had splashed on his face. He felt as if his eyes had blurred.

She actually saw Ye Qianli?

How was this possible? Ye Qianli didn't even come to participate in the freshmen assessment, so how could she be here? But ...

In this world, who remembered Ye Qianli the most? Su Lianhua was definitely the one who could identify Ye Qianli among the crowd.

Even the current Rong Mo was not as good as Su Lianhua in identifying Ye Qianli, not to mention his perception.

It was because Su Lianhua was jealous of Ye Qianli! He was someone who wished he could step on her at all times and enjoy her forever.

Therefore, even if it was just a glimpse, even if he could not believe it, Su Lianhua knew that he was not mistaken. However...

"How could it be her? Could it be that he was late?" Su Lianhua murmured in a daze. He felt that this was the only possibility. Although others would definitely not be able to enter if they were late, Ye Qianli was a special enrollment student after all! Detestable special recruit!

Sister Hua, what's wrong? " At the same time, Freckles, who had chatted with Su Lianhua before, could clearly see that Su Lianhua was out of it and could not help but ask with concern.

Freckles and Su Lianhua seemed to be fated to be teleported here at the same time. However, Freckles' recovery speed was obviously better than Su Lianhua's. His complexion was basically normal, but Su Lianhua was still very weak.

"Nothing, I just feel weak all over." Su Lianhua didn't want to say that she saw Ye Qianli, but her attention was naturally focused on the pond. Of course, she wanted to take a look! Ye Qianli, this idiot, how could she embarrass herself?

Since she was a latecomer, Su Lianhua was certain that Ye Qianli knew nothing about the Pearl Pink Lotus. If she went in rashly, it would not end well for her.

However...

"Buzz!"

Just as Su Lianhua was viciously fantasizing about Ye Qianli's danger, the water surface began to move! This made all the freshmen who were paying attention to the pond gasp in shock and stare at the surface of the pond.

In the end...

"Huala, huala..." As the two boiling water flowers gushed out, everyone saw two old men carrying a few young people who were unknown to them.

Everyone could recognize these young people because they were the freshmen who had rushed into the pond first and fought to snatch the pink lotus. They were so intoxicated by the singing that they had no time to swim back and sank into the water.

As for the two old men, the new students quickly recognized them as examiners. Thus, they quickly stood up and greeted them, "Students and others greet the two examiners."

Unfortunately, the two old examiners ignored them and threw the people in their hands aside. One of them even scolded, "Ignorant fool! All of you, crush your jade tokens and get out."

Yes, there would be examiners who would step in to save the students at the critical moment, but the new students who were saved by the examiners would also lose the qualifications to compete for points and would be directly chased out of the examination field.

Therefore, when the freshmen who had woken up from the pain from the fall heard this, they all felt as if they had lost their parents. However, they did not dare to say anything more and obediently crushed the jade token. Then, they disappeared on the spot. Clearly, they had been teleported out of the assessment field.

"What a pity."

"That's right. It wasn't easy to register, but because of a moment of impatience, I didn't even have the chance to fight for it. I really came for nothing." When the freshmen saw this, they all shook their heads and sighed.

In fact, in this assessment, the first to be eliminated was usually the group that was eliminated and sent home. This was because the remaining people were generally more patient and cautious!

These people were all talented, or else they wouldn't have been able to register. As long as they weren't arrogant or impatient, they would still be able to obtain good results and not be eliminated after 24 hours.

However ...

"I wonder why there are so many idiots who have been teleported here this year. In previous years, one or two was the limit. This year, there were five at once. He was almost overwhelmed! I need you to come over and help me, Old Zhu."

Facing the freshmen's lamentation, the examiner of the district that saved the person clearly did not think much of it. He only felt that there were a lot of idiots this year. In fact, he had just saved an idiot at another fifty points! Something happened here too, and it was all five of them!

However, he did not get a response from his old companion. He could not help but look at the old fellow beside him curiously, only to see that the latter was staring at the pond. He couldn't help but call out, "Old Zhu?"

"..The only answer he got was Old Zhu's silence?"

The examiner couldn't help but stare at the pond for a while. Then, he patted Old Zhu's shoulder in a daze. "What are you looking at?"

"!"The examiner, Old Zhu, reacted this time. He gave a shushing gesture.

This time, the examiner felt that it was a little interesting. He immediately looked deeper into the pond and saw something. There was someone underwater!

There was actually someone underwater?

Don't blame him for being so excited. He and Old Zhu had just come out of the water. How could they not know if there was anyone underwater? However, when they surfaced, there was really no one underwater. At least, there was no one in their perception!

When was this person in the water? If he had been there all this time, how did this person escape his and Old Zhu's senses? If it was later, then something was even more wrong! It was impossible for him and Old Zhu not to notice at all. At least, he really did not notice. As for Old Zhu ...

It seemed like he had noticed it first?

Regardless of the situation, the examiner was excited because the person who could hide from them could not be another examiner. After all, everyone was busy! Then it could only be a new student.

Which freshman was so capable? What a good seedling!

However, before he could see what was happening underwater! He sensed that the pink lotus in the pond suddenly trembled! Immediately after, a scream suddenly sounded from the pond.

"Not good!" The examiner was shocked when he heard that. He thought that something had happened to the good seedling and was about to dive into the water!

However, he was grabbed by Old Zhu, who was beside him. He looked inexplicably anxious. "Old Zhu, why are you pulling me? The child below was probably in danger! The demon beast on this pink lotus is different from the others..."

"Look carefully." The examiner, Old Zhu, interrupted him and pointed at the surface of the pool. In the middle of the pool, a pink lotus flower was already floating.

Under the enchanting and gorgeous pink lotus, as streams of water gushed out, everyone heard a splash and saw a person drill out of the water.

Chapter 79: After Everything Is Done, I'll Go!

This person was none other than Ye Qianli, who had already defeated the Flower Goblin! Ye Qianli took the pink lotus and put it into the Qiankun Bag given by Red Knife under everyone's shocked gazes.

To put it more accurately, this small Universe Bag that could hold a lot of things was a Level 1 Spiritual Item that Red Knife had to give Rong Mo as a gift under Rong Mo's "low pressure".

"!"This scene caused the examiner, Old Zhu, who was the first to see everything, to feel shocked! He knew very well that Ye Qianli had only been here for a short while and had never experienced the Pink Lotus Demon's first performance.

In other words, it hadn't even been fifteen minutes! This little girl had already plucked this Tier 2 spirit herb pink lotus. This time, he had clearly seen how she plucked the medicine.

Although this little girl had only awakened her first innate talent, she had not only completed the initial success realm fusion with her first innate talent, but her physical body could also partially evolve into the innate talent's main body!

The meaning of this evolution was the palm! Arm! The moment the head was evolved, its defense, attack power, and explosive power would skyrocket! It had almost reached the same level as the power of the original body of the talent.

Ye Qianli had used this evolution to quickly pluck the pink lotus with her Fiery Palm, ignoring the poison released by the pink lotus demoness.

What did this achievement mean?

The examiner, Old Zhu, knew very well that this meant that Ye Qianli and her talent had reached the stage where their soul, dantian, and body were completely compatible.

Generally speaking, when a talent awakens, only the soul and dantian are recognized by the talent! As for whether or not he could completely fuse this talent, it would still depend on the physical quality of the awakened talent and the subsequent compatibility.

But Ye Qianli, although she seemed to have just awakened her first talent, it seemed that she was destined to cultivate it to the extreme! What she lacked now was the understanding, application, and integration of her own talent.

"No wonder." Old Zhu sighed when he thought of this. The examiner beside him finally reacted and asked, "This girl, is she Ye Qianli?"

"It's her." Mr. Zhu nodded, and his eyes fell on Ye Qianli again.

Because of the water, the filth on Ye Qianli's face had been washed away. Under the morning light, her delicate features reflected a kind of beauty that was hard to forget.

It was like the rising sun, bright but distant, elegant and refined, noble in the heavens.

Ye Qianli's current appearance was pleasing to the eyes of many people, be it men or women, even old men like Old Zhu and the others.

Of course, Su Lianhua was not among them! Although she had to admit that Ye Qianli was beautiful, she didn't think that she was pleasing to the eye. She only thought that she was dazzling! Blinding! It was extremely dazzling.

This made her want to tear this scene apart. Therefore, the moment she reacted, she was ready to speak! However, before she could say anything.

"Sou!"

Ye Qianli had already left the scene before Su Lianhua! The speed was so fast that it was like a fiery meteor streaking across the sky, leaving behind the crowd who were still staring blankly.

After a while...

"Whoosh!"

"Oh my god, who was that? The Flower Fairy! Is the Flower Fairy here to pick flowers?" Just as the crowd was in an uproar, a sharp and exaggerated exclamation was heard, drowning out all the commotion.

The crowd who was about to express their excitement immediately turned silent and looked at the voice. Then, everyone saw a fair, fat, and freckled excited little brother.

Apparently, the young man didn't notice that everyone was looking at him. He was still looking in the direction where Ye Qianli left with excitement, and he continued to exclaim, ""She's really beautiful. She's the most beautiful girl I've ever seen. She's even more beautiful than the Eldest Princess of my dynasty."

"Tsk, Flower Addict! However, this love-struck fool was right. This girl was so beautiful! Why haven't I seen her before? Where did she come from? Could she really be a Flower Fairy?"

"No way, could it be Pink Lotus Demon Ji's true body? Her singing just now was really nice. Although it's a demon beast, it might be a human-shaped demon beast."

"Mother! Are you stupid? How can a beauty Sala be so beautiful? This was definitely a fairy! Do you have any eyes for the bearing of a goddess?"

“..”The heated discussions that followed, as well as the one-sided praise for Ye Qianli, made Su Lianhua, who had wanted to put on a show but failed, feel even more uncomfortable.

[illegible]

But ...

Su Lianhua knew very well that now was not the time for her to say these things. Even if she did say it, these people who did not know her would most likely be skeptical. They might even think that she was slandering her cousin out of jealousy.

She had to wait! When her aunt ruined Ye Qianli's reputation in Genius City, she would cry and complain about everything as a weakling. At that time, people would not doubt her words and sympathize with her! He stood on her side.

Therefore, after Su Lianhua endured it, he laughed and said loudly, ""She's not the Flower Fairy, she's my cousin, Ye Qianli! Among our batch of special enrollment students, my cousin is the most talented."

As soon as she said that, the crowd stopped gasping. Even the examiner, Old Zhu, glanced at Su Lianhua. It was obvious that he remembered her because she said that she was Ye Qianli's cousin.

"She is Ye Qianli? Are you her cousin?" All of a sudden, the freshmen in the vicinity were filled with curiosity towards Su Lianhua.

Of course, it was all because of Ye Qianli.

□ □

"It really is her, but how did she get the pink lotus? This pink lotus is poisonous!" At the same time, the examiner who had finally confirmed that the good seedling was Ye Qianli was still dumbfounded. Before he could see it clearly, the flower was taken away.

When Old Zhu heard this, he replied slowly, " I think she will go to the next fifty minutes. That is also within your jurisdiction. Go and take a look yourself. You will understand what is going on. "

When the examiner heard this, he immediately felt that it made sense and nodded," That's good. Anyway, everything is fine here. I have to thank you for this. You still have to take care of things over there, right? I won't hold you up any longer. I'll treat you to a drink later. "

"I'm fine over there too. I'll go with you to take a look." Old Zhu said.

"Ah?" The examiner was stunned. He knew that Old Zhu was in charge of the Magical Beast Plains. It was extremely dangerous there! What if that demonic beast, the color-changing dragon king, swallowed the newborn?

"That Beast King Pill was taken away by that little girl before I entered." Old Zhu patted his old friend's shoulder with a face full of emotion. He felt that this year, as examiners, they might be able to witness the birth of a monster.

How long had it been?

Even though she had entered the game an hour earlier, it had only been an hour and a quarter, but this little girl called Ye Qianli had already scored 150 points!

At this rate, could it be...

Chapter 80: The Ninth Prince of Black Tortoise!

This little girl was planning to sweep the entire arena? All the points? No, impossible, there were too many! However ... It was very likely that he would take all the points in the top ten!

If that was the case, it could explain why the first point she came to was the Magical Beast Plains and not the Fire Abyss that was most suitable for her talent!

"Good fellow! If that's the case, I want to see the entire process." Mr. Zhu was excited. He looked in the direction where Ye Qianli had left. He recalled the little girl's words, " It's not enough. " His blood boiled.

It must be!

Definitely!

When Old Zhu thought of this, he was already prepared to chase after Ye Qianli. Unexpectedly...

"Old Zhu, you must be joking with me." The examiner who was patted on the shoulder by Old Zhu pulled him back and said. This examiner only felt that this joke was really cold and not funny.

"Otherwise, why do you think I would bother with you? If this girl didn't want to come here and I wanted to see her background, do you think I would help you get her?" Mr. Zhu pushed the old man away with a look of disdain and ran in the direction where Ye Qianli had left.

The following events also confirmed Old Zhu's guess!

Even after Pink Lotus Monster Ji, Ye Qianli couldn't get other points so easily. Especially later, if she suddenly intervened, it might cause other geniuses to be dissatisfied and even ostracize her.

But the final result was still her victory! Nine of the top ten points had already been taken by Ye Qianli in the first hour of the competition.

Even though Old Zhu had already guessed it, his heart was still shaken! If he had not witnessed it with his own eyes, he would not have been able to imagine it. " This girl..."

Every time, he would attack decisively! One hit.

Every single time, he would go all out! Focus on doing.

It was as if he was risking his life every time! There was no room for error.

..

If the first two rounds were to end with Ye Qianli, he might not have been able to see it in the first round, but the second round was all about trickery. From the third round onwards, this was what Mr. Zhu saw from Ye Qianli.

Old Zhu didn't understand. Ye Qianli didn't seem like she was trying to prove herself or get the points for fun. They all gave him a feeling of ruthlessness.

Not only for the points she wanted to snatch, but also for herself...

It was as if she would fight for her life if she did not get these points! Therefore, she got the points very quickly. On average, she got 50 points in a quarter of an hour, including the time she spent on the road.

Although the Type 2 chameleon was not bad and had taken her through many shortcuts, she was the key to everything! However ...

"I'm afraid it won't be so easy to score in the Fire Abyss." Old Zhu looked at the red area in the distance. He could clearly feel the heat wave coming at him.

As far as Old Zhu knew, there was a new student with good fire attribute talent who had arrived two hours earlier than Ye Qianli. That kid was probably going to get the Fire Yuan Crystal.

"Xuan Bing Yan, the Ninth Prince of the Xuanwu Dynasty, has awakened a fifth rank talent like Ye Qianli. His talent is the Netherworld Heavenly Flame, which is more beneficial here! Not only that ..."

Old Zhu recalled that after Xuan Bingyan stepped onto the test platform, the scene was obviously about to explode. However, Xuan Bingyan did not know what method he used to suppress the talent phenomenon. He felt that there was something mysterious about it.

However, when Old Zhu thought about Rong Mo's protective behavior, he felt that there might be a lot of suspense in the fight for this place! As long as Xuan Bing Yan didn't already have the Fire Yuan Crystal or was just beside it.

However, when Old Zhu followed Ye Qianli to the edge of the fire abyss, he found that Xuan Bing Yan was really beside the Fire Yuan Crystal! Ye Qianli had just arrived at the Fire Abyss.

"It's said that the Fire Yuan Crystal is about a thousand miles below the Fire Abyss. I don't know where it is exactly. I remember that a fire python said that when it was eight hundred miles below, its companion was burned to ashes by a cluster of fire that came out of nowhere. It was so scared that it quickly retreated. However, at that time, it had already seen the Fire Yuan Crystal. It's a pity that it didn't pick it."

The Type 2 Chameleon stared at the red abyss below, feeling a little dizzy! However, he still quickly explained the information that he had not finished.

"A thousand miles?" Ye Qianli focused on her right eye and continued to probe into the scorching abyss. Indeed, she saw some shiny objects exposed about a thousand miles below!

About a hundred miles below these crystals was a field of rolling lava. It seemed to be a hollow area. Because the distance was too far, even though her magical right eye was able to see thousands of miles, she could not see clearly.

However ...

Wait a minute!

There was actually a person about ten to twenty miles above those crystals!

Ye Qianli took a closer look and found that it was really a person. A person who was emitting a faint blue light like a ghost. He was about to approach the Fire Yuan Crystal and harvest it!

"Old Dragon, is there a shortcut to go down as soon as possible?" Ye Qianli knew that the conventional path to the abyss would never allow her to snatch the Fire Yuan Crystal before that person. She could only take an unusual path.

Unfortunately, the Type 2 Chameleon shook his head and said, ""No, we can only walk down that narrow and steep road. There's really no other way."

"..Ye Qianli's face turned solemn when she heard that. However, her brain was still actively communicating with the magic box. She had to find a " shortcut " to dive into the abyss quickly.

Although she only took a glance, Ye Qianli could vaguely sense that the deeper she went into the abyss, the stronger the power was.

If she used her innate spiritual power to descend from the sky, she would probably lose control before she could descend a hundred miles! As for what would happen if he lost control, he would definitely fall into the lava and fuse with it.

After all, the Magic Box had said in the bullet comments, " If you fall into this lava, you will definitely be melted unless you have already fused with your Nine Heavens Obsidian Flame to the Perfection Realm. You are the Nine Heavens Obsidian Flame, and it is you. "

What should he do?

Ye Qianli took a deep breath when she saw that the man was approaching the Fire Yuan Crystal even though his speed was slow. Her eyes became calmer as she observed the cliff of the Fire Abyss and the narrow narrow path.

And on this small path, there were still four to five people persisting in walking down. They were probably thinking that even if the Fire Essence Crystals might have already been snatched away by the time they went down, what if the people in front of them all failed?

After observing for a while, Ye Qianli was disappointed to find that the cliff was so steep that there was no gap or slope, not to mention branches growing out of the cliff.

What should he do?

Ye Qianli was constantly observing, measuring the distance, and communicating with the magic box. However, her " motionless " appearance made Old Zhu feel like she was about to give up.

However ...

"Swoosh!"

Just as Old Zhu was feeling doubtful, he saw Ye Qianli jump into the fire abyss! She jumped down? This ...

"Nonsense!"
