Chapter 81: A Magic Box That Refreshes the Lower Limits!

Mr. Zhu shouted almost at the same time and jumped up to grab Ye Qianli! Compared to the magic box, he was more certain that Ye Qianli would die if she fell into the lava.

Because the lava below, even an old man like him would only die if he went down! Not to mention Ye Qianli, who was much weaker than him.

Unfortunately ...

"!"Old Zhu watched as Ye Qianli jumped down, but he couldn't follow her because he was pulled back...

Who the hell held him back?

"Bastard, let go of me!" Old Zhu was so angry that he turned around and was about to slap the person who pulled him back. However, when he turned around, he saw that the person who pulled him back was Rong Mo!

This ...

"You..." Seeing Rong Mo clearly, Mr. Zhu was both angry and speechless. He wanted to say, " You black-hearted Rong Mo, are you really going to kill your little fiancée? "

"Whoosh!"

But at the same time, a few exclamations came from the bottom of the cliff. It was the sound of a few freshmen who refused to give up on Xuan Bing Yan.

Old Zhu's heart tightened when he heard that. He subconsciously looked into the fire abyss, but his old eyes shrank! Ye Qianli, who had just jumped down, lost control of herself and started falling rapidly.

Such a situation! It was as dangerous as it could be.

However, at this point, Old Zhu knew that with his ability, he would definitely not be able to help. All of his talents were not of the fire attribute.

Therefore, he could only glare at Rong Mo angrily and say, ""Kid, why aren't you making your move? Do you really want to watch your little fiancée die?"

However, Rong Mo's response was that he did not say a word and did not move at all. This made Old Zhu, who still had hope in him, so angry that he almost kicked him into the fire abyss.

If kicking someone down like this was useful, Old Zhu would have kicked him! However, he also knew that if Rong Mo insisted on not saving him, it would be futile even if he kicked Rong Mo down.

" Oh my god! " Old Zhu was so anxious and angry that his lungs were about to explode. His already red face was even redder than the lava in the Fire Abyss.

As for Ye Qianli?

She had long lost control and was no longer on the path of falling back. Old Zhu almost stopped breathing when he saw this, but he could not help but think with a trace of hope that this little girl could save herself, right?

Since she dared to jump down, she must have the ability to save herself, right?

Although it felt very mysterious, after all, the power in this fire abyss was too violent. Even an expert like him could not control his innate power here, let alone a little girl...

Even if this little girl had awakened a fifth-rank fire attribute talent.

"No, no! No, not necessarily."

Old Zhu hoped in his heart, but he could not help but deny it with facts. Then, he overturned the facts and prayed again, and so on...

He saw that Ye Qianli had fallen nearly 500 miles! He fell faster and faster, but his old heart calmed down.

It wasn't that he had lost confidence in Ye Qianli, but the opposite! He had absolute confidence in Ye Qianli.

Because he suddenly thought of a piece of information that he had neglected because he was too anxious.

Ye Qianli, why did she jump down in such a hurry instead of taking that small path? Why did she take the risk instead of playing safe?

Even though Ye Qianli gave him the feeling that she was going all out, he knew that she was doing it with a sense of propriety. She didn't really intend to risk her life.

So if she could, she would use the safest method to get every point. So why was she so radical now? There was only one possibility.

"She found out that Xuan Bing Yan was going to get the Fire Yuan Crystal. Even though Xuan Bing Yan was nearly a thousand miles away from the abyss, and even though she couldn't see or sense Xuan Bing Yan's existence with her current cultivation, she did. Right? Rong Mo."

Old Zhu asked Rong Mo word by word as he was thinking, but his eyes were fixed on Ye Qianli, who was now a black dot.

Rong Mo finally opened his mouth and replied with certainty, ""Yes."

Old Zhu was speechless.

He knew it. He knew it!

However, in this fire abyss!

She was unable to control her own innate ability and there was no place to borrow strength from. How was she going to stop if she jumped down so recklessly?

Old Zhu really wanted to know!

He also knew that if Ye Qianli could do it, she would create another miracle. A miracle that no new student could create in the Fire Abyss, a miracle that could take the shortest time to get the Fire Essence Crystals.

Could she?

Old Zhu didn't know, but he thought that if Ye Qianli couldn't do it, no one else would be able to do it in the future. And he knew that if she really couldn't do it, Rong Mo would probably do it.

In fact, Rong Mo, who had been paying close attention to Ye Qianli, did not know if she would succeed or not. So, just as Lao Zhu had expected, if she could not succeed, he would make a move and...

"..”Under his sleeves, which no one could see, his slender fingers had already drawn out wisps of sparks. He was ready to attack at any moment.

But he hoped that Ye Qianli didn't need him to do anything.

Because if he really made a move, according to the rules, she would be sent out. With such an iron rule, even if he wanted to go easy on her, he couldn't do it this way. She would be disqualified.

"Eight hundred miles."

Rong Mo narrowed his deep and clear eyes. He could only see that her hair had fallen into the depths and her hair was all loose! She was in a sorry state, but her eyes were bright.

He knew that she was going to make a move.

As he expected, Ye Qianli took out the box and said, ""Magic Box, Illusion!"

For a moment, the five-colored divine light released from the magic box before it transformed lit up Rong Mo and Old Zhu's eyes. Both of them held their breaths and stared at her!

Immediately after!

"Bang!"

The Magic Box was in Ye Qianli's hand, turning into a frying pan. The size of the pan was just about the size of an egg, which was about the same size as the Magic Box before it transformed.

So ...

"Swoosh!"

The frying pan was useless, and Ye Qianli continued to fall!

Moreover, because she was free to land, her falling speed was so fast that she could not breathe properly.

Nearly nine hundred li!

More than 400,000 meters, she had already fallen so deeply. If she wasn't a talent now, she wouldn't have been able to withstand it!

However, even if she was a talent, she was about to die...

"Damn you, Magic Box, can you be more serious!" Ye Qianli felt that this was a heart-racing moment! She could already feel the terrifying heat wave coming from the bottom of the fire abyss. Was she really going to go down and be "fried"?

In fact, if she hadn't anticipated this and knew that the magic box might be a scam, she would have been melted by the lava by now.

"Focus, I need your power of will!" The Magic Box protested, but it was obviously very anxious. After all, it didn't want to trick this idiot.

As for Ye Qianli, who was being criticized, what could she do? She could only desperately think and desperately construct a super large umbrella."Magic Box, Illusion!"

Chapter 82: The Face of a Man (1)

"Bang!"

The magic box exploded again, and countless five-colored divine lights bloomed. Ye Qianli's heart felt like it was going to explode along with the sound. She hoped that this time, everything would be granted.

Big umbrella!

Increase the size of the umbrella!

In the end...

"Wow, something's wrong again! I might still be a little weak and become inaccurate. What should I do? What should we do?"

When the Magic Box realized that it had turned into a trumpet flower again, it admitted its mistake without Ye Qianli's scolding. It also felt that it was still too weak and hadn't recovered yet! He might not be able to transform.

"F * ck!"

Hearing that, Ye Qianli's image of a goddess was gone. She immediately cursed, " You told me that you should be fine in the Fire Abyss, and now you're telling me that you can't do it? " I ..."

Ye Qianli wanted to vomit blood!

However, at such a critical moment, she knew that vomiting blood was useless. What could she do? Seeing that the Fire Essence Crystal was right in front of her eyes, not only was she going to miss it, but she was also going to be fused into one with the magma. This! Absolutely not.

"One more time!"

Ye Qianli held the trumpet flower in her hand and felt the heat coming from below. Her mind was focused like never before. " The magic box! " No hurry, let's do it again."

"Magic Box, let's turn into a rope! A rope with a hook will do, a rope with a hook will do!" Ye Qianli's mind was filled with the image of the rope. At the same time, her hand that was holding the box was burning with flames.

At the same time!

"Sou!"

She, who was rapidly falling, had already passed by the person who was only a few miles away from the Fire Yuan Crystal. She had also "passed by" the Fire Yuan Crystal.

A hundred miles further down would be lava!

That was the hot lava flow that could instantly melt her. Before she fell into the lava, she had to use the rope transformed from the magic box to quickly throw herself into the abyss cliff.

He had to enter even if he couldn't!

Otherwise...She was finished.

"Hurry up and attack! This child really can't take it anymore!" At the same time, seeing that Ye Qianli had missed the Fire Yuan Crystal and was about to fall into the lava, Old Zhu shouted anxiously.

As soon as he roared, Rong Mo had already disappeared. However, Old Zhu knew that Rong Mo must have made a move, but he was still worried about whether he could make it in time!

After all, they were already at the end!

Was it in time?

"Hurry up!"

Old Zhu felt that he had never experienced such a soul-stirring moment in his life. Even when he had gone on adventures in the past, he had never felt as excited as he was now.

Especially!

When he saw that Ye Qianli was only 20 miles away from falling into the lava, he felt his heart stop beating.

However!

Then-

Rong Mo's figure appeared below Ye Qianli, as if he was standing on the lava. He looked up at the figure falling down rapidly, and his eyes, which seemed to have evolved from the universe, suddenly lit up.

"In the name of the Lord, summon!"

At the same time, Ye Qianli threw the trumpet flower in her hand!

Even though the magic box was still in the shape of a trumpet flower, it was thrown out by the arm formed by the Nine Heavens Obsidian Flame!

"Boom!"

At the same time, there was a blazing red flame! It appeared out of thin air in front of Ye Qianli, and the moment the flames were formed.

"Magic Box, Illusion!"

Ye Qianli's determined voice resounded in the depths of the fire abyss. As for her magic box...At this moment, there was no trace of five-colored divine light.

However!

"Tsk!"

Purple light flashed around the little trumpet flower. It turned from a small flower into a purple rope in an instant. At the tip of the rope was a cold hook!

At the same time, the flames that had shot out of the sky were like intelligent fire dragons. They wrapped around the hooks of the rope and ruthlessly rushed into the hard and flawless cliff of the fire abyss.

"Bang! Rumble!"

For a moment, a loud bang that shook the sky and earth instantly erupted in the Fire Abyss. The rolling lava even surged up as if it was about to erupt from the bottom of the abyss and rush up into the sky!

"Rumble!"

At this moment, the entire Fire Abyss was thrown into chaos by this sudden movement. Xuan Bingyan, who was about to take the Fire Yuan Crystal, suddenly saw countless fire threads jump out in front of him!

He had no choice but to quickly retreat to avoid these fire threads and tightly stick to the cliff to prevent himself from being blown away by the huge commotion below.

If he was already in such a state, then there was no need to mention the freshmen behind him. If they weren't still far from the bottom of the abyss, no matter how hard they tried, they would probably be blasted away.

"Bang! Rumble!"

After a long while, the loud noise, the violent turbulent flow of fire breath, and the raging lava gradually subsided.

However, on the other side of the Fire Yuan Crystal, about twenty feet away from Xuan Bingyan, a purple sharp hook had already firmly stabbed into the super hard cliff of the Fire Abyss.

This sharp hook was undoubtedly dragging a long purple rope. This rope extended all the way to the surface of the lava and was about a hundred miles long.

Its terminal was in Ye Qianli's hand, and there was lava flowing below her feet.

"Chi..."

But even if there was still a mile of distance! Ye Qianli still felt as if her feet and even her entire body were being roasted on fire.

Even though she had already activated her innate power and allowed it to travel to various parts of her body, she still could not withstand the heat wave. It was obvious that if she really fell, she would definitely be "fused".

However, her attention wasn't on the danger beneath her feet, but in front of her.

Rong Mo was right in front of her, and she felt that he was the reason why she was not affected by the violent lava flow.

Because he was standing in the air, no matter how violent the lava was, it seemed to automatically avoid him and move to the sides.

He was standing right in front of her, so the violent lava flow naturally did not affect her. There was no trace of violent fire around her.

He was like the ruler of this place.

"If you look at me again, the fire essence crystals will be gone." However, Rong Mo, who was being stared at by Ye Qianli, had to remind her out of kindness.

"Ah?" Ye Qianli's heart tightened. She looked up and saw that the person above her had already reached out his claws to her Fire Yuan Crystal.

How could this do?

She had almost been " assimilated " to reach this stage. How could she allow someone to snatch her Fire Essence Crystal right in front of her?

"Magic box..." Just as Ye Qianli was about to communicate with the magic box, she felt her body lighten! The purple rope that she was pulling had already shortened with a whoosh.

As for herself?

With a "Hua" sound, it appeared beside the Fire Essence Crystal! She was right in front of Xuan Bingyan, and as soon as she came up, she threw a palm at the claw that was reaching out!

" What?! "

Ye Qianli's sudden and overbearing attack stunned her opponent, who was caught off guard. She lost her balance and fell to the ground.

But ...

Chapter 83: Playing with Heartbeats!

Just as Zhu had expected, Xuan Bing Yan was not a simple person. The moment he was hit, his cloak opened like a parachute.

Xuan Bingyan himself used the momentum to step on the cloak and jumped back onto the path. The whole process only took him a few breaths!

It could only be said that he was also an awesome person.

Unfortunately ...

"Kacha!"

Ye Qianli's burning palm had already broken off the Fire Yuan Crystal that was the furthest away from her. It was about the size of her fist.

"This..."

Xuan Bingyan, who had just steadied himself, was dumbfounded because he didn't have such strong arm strength! However, he was only foolish for a moment. He immediately made a move to snatch the other two pieces of Fire Essence Crystals.

That's right, this Fire Yuan Crystal wasn't a whole piece. There were a total of three Fire Yuan Crystals here, and he had to harvest all three of them! Only then could he be considered to have obtained 100 points from the Fire Abyss.

"Netherworld Heavenly Flame, explode!"

Therefore, Xuan Bingyan didn't show any mercy! He immediately summoned his innate fire and threw it at Ye Qianli.

"Fire curtain!"

Ye Qianli was prepared for Xuan Bingyan's counterattack. She immediately shot out a fire curtain to defend herself. At the same time, she broke off another Fire Yuan Crystal with a crack.

"Whoosh!"

However, at this moment, the sound of an arrow pierced through the fire curtain and flew straight towards Ye Qianli. The sound of a whirlwind behind it was also quite loud.

Without a doubt!

It was another Nine-tailed Nether Ice Arrow. Ye Qianli had dealt with this kind of arrow before, so she knew that her opponent was definitely from the Xuanwu Dynasty.

And the other party was so sinister. After the fire broke out, he carried an arrow and attacked. It was really the usual style of the Black Tortoise Dynasty.

In that case...

"Buzz!"

Ye Qianli gave up for now. She broke off a Fire Yuan Crystal, and when the nine-tailed Nether Ice Arrow was about to hit her, she used her burning hand! He grabbed the arrowhead of the arrow.

Not only that!

"Tsk!"

"Chi chi!"

At this moment, little red flames were still burning around Ye Qianli's body. In her eyes and between her eyebrows, there was a cluster of burning fire-shaped light shadow, which was jumping up and down.

Then...

"Great Raging Flame Palm!"

Ye Qianli's burning palm suddenly expanded several times, forming a huge fire palm print. As soon as the palm print appeared, the nine-tailed Nether Ice Arrow and the hurricane behind it were caught.

"What?!"

Xuan Bingyan thought that his sneak attack had succeeded, but when he saw the whirlwind not only not moving forward, but also retreating, he felt that something was wrong and quickly retreated.

However-

"Rumble!"

That whirlwind! Arrows and fire palms swept towards him at lightning speed! He was sent flying out of the small track on the spot, and his entire body was lifted into the air.

"No, I can't! No-"

Xuan Bingyan, who was sent flying again, cried out in shock. He didn't have a second spiritual cloak after all. If he really fell into the lava, he would be finished.

However, Xuan Bingyan's life and death was not within Ye Qianli's consideration. After sending her opponent flying, she had already smashed her palm onto the Fire Yuan Crystal again.

"Kacha!"

The third piece of Fire Yuan Crystal was undoubtedly smashed down by Ye Qianli from the cliff and kept in her bag. She then jumped off the cliff and tried to fall down the path on the other side so that she could return to the Fire Abyss.

However!

Just as she was about to step on the narrow road, a small flame that emitted a strange aura suddenly burned in front of her eyes.

The moment this flame appeared, it even had a powerful suction force that sucked her over! This made it impossible for her to control her body in time.

One had to know that at the bottom of the fire abyss, it was already difficult for talents to control their own spiritual power. Fortunately, she had a fire attribute talent, so it was slightly easier to control.

However, that fire dragon just now! She had to accumulate strength for a long time. She had already started accumulating strength when she jumped down...Now that she was in such a hurry, she had no time at all...

"Damn it!" Ye Qianli's face paled. She knew that this flame was one of the greatest dangers in the Fire Abyss! Fire crack.

According to Rong Mo's introduction, the fire gap was a space-time gap that led to the world of fire. Once one was sucked in, there would be no bones left, which was equivalent to death!

This was because up until now, no one had ever been sucked out of the crack, just like the little friend of the fire python who had been sucked in by the fire crack.

However ...

"Magic Box, drag me back." Ye Qianli's thoughts flashed through her mind and she immediately called for help. After all, she was still holding the rope of the magic box, and the other end of the rope was still stuck to the cliff of the Fire Abyss.

"F * ck, you fool, you're really full of troubles. Fortunately, I didn't act on impulse and jumped over with you. " The magic box that Ye Qianli had called for help had also realized that something was wrong. While it was teasing Ye Qianli, it had already " shrunk " and was ready to pull Ye Qianli back.

Who would have thought...

"Kacha!"

The magic box heard a suspicious cracking sound from the cliff it was stuck on! It looked over and found a wisp of flame appearing right above its hook!

This ...

"Kacha!"

This wisp of fire crack was clearly formed from the crack in the cliff that had been dug out by the magic box. At this moment, it had pushed the crack open even more. After that...There was nothing else.

The hook formed by the magic box fell out of the crack on the cliff. It was pulling Ye Qianli's strength, and it suddenly loosened!

Ye Qianli, who was just about to escape from the fire crack, was sucked in again.

Such a scene!

Old Zhu, who had just caught Xuan Bingyan with the rope, was about to throw Xuan Bingyan away.

"Swoosh!"

"Kacha!"

However, at this extremely dangerous moment, the rope formed by the magic box was suddenly thrown! Following a wisp of thin but scorching red flame, it ruthlessly stabbed into the cliff where the Fire Essence Crystal had originally condensed.

"Buzz." Ye Qianli's entire body changed its trajectory the moment she got close to the flame! He was retracted and then steadily jumped back onto the only path that led to the Fire Elemental Crystal.

“ .. ”

At this moment, not only Mr. Zhu's heart stopped beating, even Ye Qianli herself felt as if her heart had stopped beating.

If he didn't suddenly think that the place where the fire essence crystals were condensed was the softest point on this cliff! If it wasn't for the fact that she didn't give up on her Storing Power innate spiritual power earlier despite not being able to make it in time, that she couldn't throw the hook formed by the magic box again, and that she couldn't " fix a spot " to save herself, then she ...

What was a moment of life and death?

Ye Qianli felt it again. She was just a little bit away from everything in this world. She might not be able to meet her grandfather whom she had never met before.

"How do you feel?"

Chapter 84: I Want to Hug Him!

Ye Qianli couldn't even feel her own heartbeat, but she clearly heard the beautiful prince's clear greeting.

She subconsciously looked in the direction of the voice and saw Rong Mo standing in front of her against the light. He was dressed in luxurious clothes and looked elegant. He was so dazzling that her pupils constricted...

"If there's nothing else, then ..." Rong Mo wanted to say, " Let's go up first. It's not safe here. " However, before he could finish speaking, the person who was originally standing in front of him with slightly dilated pupils had already jumped onto him.

..

Therefore, Zhu, who had just grabbed Xuan Bingyan, felt his old arm shake! This person almost fell again. He was so shocked that he quickly focused on bringing him up first.

As for the couple, cough cough...

Let them carry her. After all, they were fiancées. It was not strange to hug her. Moreover, the young lady must have been frightened just now.

Yes, Ye Qianli was really shocked!

Even though she was someone who had experienced countless life and death situations, she thought that she did not care about life and death. However, when death really came again!

Only then did she know that she was very reluctant.

Even though she had only been in this world for a short while, this place gave her a feeling of having a home. It was not like her previous life where she had been wandering without anyone to rely on.

"!"Ye Qianli took a deep breath. The cool air in her breath had a calming effect on her senses. It slowly calmed her down and she could finally feel her heartbeat.

As soon as she calmed down, Rong Mo, who had been staring at her, said, ""Let go."

Well ...

At this moment, Ye Qianli was hugging Rong Mo! She was almost like a little octopus, hugging Rong Mo from all directions.

"I don't want to." Ye Qianli also knew that she was carrying Rong Mo. She knew it from the beginning. She wasn't being irrational and carried him on impulse. She knew what she was doing. She wanted to carry him.

Rong Mo was speechless.

After a while, Ye Qianli, who was wondering why Yu Rongmo didn't lift her up, moved carefully. When she moved, a voice came from above her head again, " Let go. "

This time, Ye Qianli let go. After all, she was still a little afraid of being thrown out. Although she felt that since the beautiful prince did not pull her away, he should not be rough with her, but what if?

Besides, she had already recovered.

However, Ye Qianli finally let go. Just as she was about to look up at Rong Mo's expression, her hand was grabbed in mid-air. The person who held her hand was none other than Rong Mo!

However, Ye Qianli's nerves tensed up when he attacked!

"Now you know fear?" Rong Mo clenched his hand that he wanted to pull away and looked coldly at the person in front of him. That voice was really like the clear spring water flowing down from an iceberg, and it felt like it could freeze a person to death.

"Hehehe..." Ye Qianli smiled awkwardly. Wasn't that a special situation? She just wanted to hug him! She inhaled the aura on his body to calm herself down.

"Can we go?" Rong Mo asked again.

"Yes! Yes." Ye Qianli quickly nodded. Before she could react, she was dragged away. The beautiful prince held her hand and walked away.

"Idiot, are you stupid? You should have said that you can't leave. Perhaps your crown prince will carry you away." The magic box was showing Ye Qianli a screen.

Ye Qianli was speechless. She felt like she would be left behind.

"What a fool. Sigh...Forget it, forget it. You're already engaged anyway. No matter what, he's yours." The Magic Box continued to sigh.

Ye Qianli was speechless. She didn't want to marry this Brother Bing at all! She was not romantic, not cute, cold, and lecherous. Most importantly, she had done something inhumane to him.

Well ...

If he found out that she was the one who did it, hmm...The scene was too beautiful. She didn't dare to continue thinking about it. This was her deepest secret.

Even though this beautiful prince was actually quite good to her now, he should be quite satisfied with her talent and other aspects. Otherwise, he wouldn't have specially trained her.

However!

If he found out, she would cough...If she was stronger than him, he would probably make her die in the next moment without even knowing how she died. Don't blame her for thinking that way.

Actually, if she were to put herself in her shoes, if she was suddenly raped when she was weak, why would this person care about the reason? She wanted to kill him too! What the hell?

So ...

Ye Qianli understood Rong Mo's intention to kill her at the beginning! At that time, he probably thought that that person was hers.

After that, she 'clarified' everything step by step. However, before the Prodigy Meeting and the disaster in Vermillion Bird City, he still seemed to be suspicious of her! He often set up traps to "lure" her into telling the truth.

However, after the disaster at the Vermillion Bird City, it seemed like it had disappeared?

"!"Thinking of this, Ye Qianli's eyes lit up. She thought about it carefully! It seemed like after that, the beautiful prince had never tested her. Was it because she had been thinking too much?

Wow!

Did that mean that he had already cleared his mind of her suspicion? No more suspicion?

"That, Your Highness..." Ye Qianli couldn't help but call out to the person in front of her, " Your Highness, you didn't shake me off just now. Do you like me? " You can't deny it, right?"

".."Rong Mo didn't respond, but Ye Qianli didn't leave. She stood there and pulled her hand back! She had to try and see if this person really did not suspect her.

As soon as she did that, Rong Mo stopped in his tracks and turned around to look at her. Then...

"Take a look for yourself." Rong Mo took out a mirror and held it in front of Ye Qianli. The latter looked inside and almost thought that she saw Mei Chaofeng.

Her hair was messy, her face was black, and she looked like she was in a sorry state. Just her...Even with her like this, she still tugged at the beautiful prince and asked, " Do you like me? "

Even Ye Qianli herself felt that it was a pain in the eyes!

" Pfft-" Ye Qianli couldn't help but burst into laughter. She touched her messy hair and felt that this hairstyle was really unique! Just by looking at her like this, the fact that she did not get pushed away by the beautiful prince was enough to prove that she was no longer a suspect.

Otherwise! With her ghastly appearance and the fact that she might have a criminal record, he would definitely send her flying with a kick. Hahahahaha...

Rong Mo could tell from her silly expression that the mirror was useless. She had already put the mirror away. However, as soon as he put the mirror away, he sensed an unusual aura coming out of the lava in the fire abyss.

"Your Highness! You..." At the same time, Ye Qianli was about to say, " You must really love me. You didn't even kick me away when I hugged you like this. "

However, before she could finish her sentence, she felt something tighten around her waist! And then...

Chapter 85: Be Good (1)

Without a doubt, Ye Qianli was lifted up again, but this time, it was not by her clothes! It wasn't his neck that was strangled, but his waist that was grabbed by his belt.

By the time she reacted, she had already been caught above the fire abyss! He was put down in less than a breath's time.

She...

Uh ...

"What happened?" Ye Qianli finally took a deep breath and asked calmly. She knew that Rong Mo wouldn't have picked her up if he didn't have something to do.

The truth was just as she had expected. Even without Rong Mo's reply, Ye Qianli could clearly hear the unusual rumbling sound coming from the abyss.

This ...

Ye Qianli curiously looked down, but her eyes were suddenly covered. Rong Mo said coldly, "I advise you not to look."

"Why?" Ye Qianli asked suspiciously, but she heard the commotion in the Fire Abyss getting louder and louder! And even though she was standing on it, she could still feel the vibrations?

Ye Qianli couldn't help but push Rong Mo's hand away. She looked down and saw the boiling lava rising from the original plane. Tentacles were even crawling out of the tree!

And on these tentacles, there were actually dense ones! The squirming suckers gave off the feeling that once one was stuck to the tentacles, one would not be able to escape.

Obviously...

In this fire abyss, the most dangerous things were the cracks of fire, the scorching lava, and the strange field of strength! There should also be this unknown monster. Just its tentacles alone had so many, so its main body was probably huge.

"Don't you feel disgusted?" Seeing Ye Qianli's interest, Rong Mo raised his eyebrows and asked.

Unexpectedly, Ye Qianli nodded and said, "It's alright. I thought it was something amazing since you didn't let me see it. It looks fine. How big do you think it is?" Also, there are monsters here. Why didn't you explain it in the map you gave me? What if I was bitten just now?"

Rong Mo was speechless.

"Cough cough, this is a magma beast. It's usually in a deep sleep and basically won't move. Today, it must have woken up because you made too much noise previously. Once it appears, the head examiner will rescue all the new students."

At this time, Mr. Zhu, who had just settled Xuan Bingyan and the others, came over to explain after hearing Ye Qianli's question and seeing that Rong Mo had no intention of answering.

"I see." Ye Qianli nodded in realization. She looked at Old Zhu with a strange look in her eyes. She wanted to ask if this old examiner had followed her all the way here.

"Cough..." Old Zhu felt inexplicably guilty under her gaze. He could not help but say with a solemn expression, "You're really a child's play. Can you jump into this fire abyss just like that?"

Hearing this, Ye Qianli's face turned serious as she admitted her mistake, ""Senior examiner is right. Next time, I have to think more before jumping." He was almost killed.

Old Zhu was speechless. Was this the main point? Shouldn't the main point be to never jump again? Was this not big enough? Don't you know fear?

However, before Old Zhu could say anything else, he heard Rong Mo suddenly congratulate him, ""Congratulations."

Ye Qianli knew exactly what Rong Mo meant by that. She couldn't hide her joy and smiled. " You're welcome. "

Within six hours, he had cleared the top ten points! She did it, and she exceeded the limit. She only used a total of four hours to complete the set goal, including the extra half an hour.

What made Ye Qianli satisfied was that from the beginning to the end! She did not need to use the Vermilion Bird tail feather to complete the task. Even at the bottom of the Fire Abyss, Rong Mo had gone easy on her and helped her block the lava.

However, it was also her ability that someone behind her could go easy on her. It meant that she had good relations with others. Moreover, it was not that she could not avoid the lava. It would just waste some time and the opportunity to fight for the Fire Essence Crystals.

No matter what, Rong Mo had really given her a lot of help to be able to achieve her goal this time. Otherwise, she would definitely be struggling to get more points and would not be able to do it as easily as she was now.

"Thank you." Therefore, Ye Qianli thanked him sincerely. She knew how important the conditions that Rong Mo had laid out for her were to her. This meant that she had gotten the upper hand.

Even if it might attract controversy, she needed controversy. She relied on these opportunities to better showcase herself. She almost took the top ten points without anyone.

Perhaps to the other freshmen, especially to the freshmen from the Magical Beast Plains and the Fire Abyss, this was not fair! However, Ye Qianli still said the same thing. The world was unfair. She could only fight for what she wanted.

Especially! The opponent of the Fire Abyss was her enemy.

Thinking of this, Ye Qianli pointed at Xuan Bingyan and asked, ""Why hasn't that guy been teleported out yet? He was saved, right?"

"Cough..." Elder Zhu had to say, " Speaking of which, Xuan Bingyan is a good seedling. He didn't get saved because of his stupidity. There was a reason for it. I suggest we give him another chance. "

As an examiner and a teacher of the Genius Academy, Old Zhu cherished all the talented juniors, not just Ye Qianli.

Ye Qianli didn't say anything. She knew that she didn't have the right to say anything about this. She knew that the old examiner was only asking Rong Mo for his opinion, not hers.

Rong Mo, who was asked for his opinion, gave a surprising answer. He agreed, ""Sure."

He actually agreed?

Ye Qianli looked at Rong Mo strangely. This guy actually agreed? This guy must know that this kid is from the Black Tortoise Dynasty.

"Hahaha, good! I knew you were a righteous child." Old Zhu was also surprised.

Old Zhu knew that the Vermilion Bird Dynasty and the Black Tortoise Dynasty had a feud, so he did not have much hope. However, Rong Mo was the examiner here, so he could only ask for his opinion. He did not expect it to work.

"I hope he's a good opponent." Rong Mo said calmly, which made Old Zhu's face freeze. Rong Mo was referring to Ye Qianli's " good opponent ". He was obviously training his little fiancée to be a " sharpshooter ".

"He's already defeated!" Ye Qianli understood Rong Mo's meaning, but she was not convinced. She had already defeated him, but her opponent would not be so weak.

However, Rong Mo said,"I was lucky."

Ye Qianli was speechless. She decided not to talk to this person. Then, she turned around and left. Her meaning was obvious. " I'm angry! "

Old Zhu wanted to tease Rong Mo, but he didn't expect Rong Mo to catch up with Ye Qianli. He caught up? Was he going to coax her?

Chapter 86: Tricking the Beautiful Prince!

"Don't follow me. I'm not happy." Ye Qianli turned her eyes and realized that the beautiful prince was following her! She could not help but raise her eyebrows and glare at him.

" That man is the Ninth Prince of Xuanwu, the younger brother of the Seventh Prince. " Rong Mo said.

Hearing this, Ye Qianli's expression turned serious, ""There are clues on him?"

" Perhaps, the first talent that he, the Seventh Prince, and You Ming have awakened is the Netherworld Strange Fire. " Rong Mo explained softly, but it gave Ye Qianli a hint. " Are these three brothers? "

"You Ming is the illegitimate son of Emperor Xuan Wu, and his mother is from the Western Continent." Rong Mo said.

"Western Yi?" Ye Qianli suddenly understood. " I remember that this clan of the Western Continent was originally from the Vermillion Bird Dynasty's Western Barren region. Later, they rebelled! One group moved to the north and became a member of the Xuanwu Dynasty after crossing the north. The other group is still in the West Barren."

Hearing Ye Qianli's words, Rong Mo nodded and praised, ""Not bad." He realized that apart from her stupidity when it came to cultivation, life, and getting along with others, she was always very sharp when it came to current politics and the big picture.

" A spy, the Lord of Western Desert?! " Ye Qianli didn't let Rong Mo down. She stared at him and asked sharply.

"It's possible. There's no evidence." Rong Mo said.

Ye Qianli understood that even if there was no concrete evidence, it was definitely not far from the truth. Otherwise, Rong Mo wouldn't have said it. Since he had said it, the Lord of Western Desert must be very suspicious.

But ...

Why?

"He's already a king with a different surname and is in-laws with my Ye family. Why is he doing this? Could it be that he wants to rebel and declare himself emperor?" Ye Qianli felt that there was no other possibility.

However, since ancient times, the Vermillion Bird Dynasty had always been ruled by the descendants of the Rong family. All the rebellions had failed, which meant that under the protection of the Vermillion Bird God, the descendants of the Rong family had absolute dominance!

"No evidence." Rong Mo's answer was still without any evidence. It was also because of this that he did not immediately take down the Lord of Western Desolation and did not even inform Rong Feng.

"Are you afraid that this is a trap? Maybe he wronged the Lord of Western Desert?" Ye Qianli knew that this was the key to Rong Mo's question.

Because she knew that to Rong Mo, it was not important to have no evidence! As long as he was sure of it, he could create a proof that he had the ability to do so. She knew that.

"Yes." Rong Mo was once again satisfied with Ye Qianli's sharp senses.

In fact, the situation he had investigated was complicated and confusing. He was certain that there was something wrong with the Lord of the Western Desert, but he could not be sure if he was colluding with the Black Tortoise Dynasty.

"I need you as bait." Rong Mo said again. Ye Qianli instantly understood that the "I need you" he said earlier was probably this.

Ye Qianli didn't refuse and nodded, "Plan."

She knew that if the Lord of the Western Desert was a spy, then he was one of the culprits who killed the 1.8 million soldiers of the Northern Territory and caused her grandfather's whereabouts to be unknown. So, of course, she would not refuse.

"From now on, until you see your grandfather, do whatever I say. Don't ask too much." Rong Mo didn't explain his plan.

"What if I ask more?" Ye Qianli asked.

Rong Mo was speechless.

"If it doesn't make sense, I'll definitely ask more questions." Ye Qianli added. She was not stupid! He couldn't just sell himself.

"Alright." Rong Mo agreed this time.

"Then I haven't even gone out yet, and you're already telling me this. Are you sure I can participate in the A-class mission?" Ye Qianli asked immediately.

Rong Mo was speechless. He had been tricked.

"Or is it actually up to you to decide whether or not you can participate in this mission?" Ye Qianli made a bold guess.

"No, the one leading the team is the dean." Rong Mo said.

Ye Qianli was shocked. "What kind of mission is this? The dean is leading the team! " Although she wasn't too clear about many things, the principal of the Genius Academy was said to be the number one expert on this continent, right?

The number one expert personally led the team! She was a little excited. What kind of mission was this?

Rong Mo, who had been repeatedly questioned, stopped in his tracks and said, ""Do you think I will tell you?"

"I will!" Ye Qianli nodded, but Rong Mo turned around and said lightly, "I've given you enough convenience. If you still can't participate, it will be your problem. "

Ye Qianli knew that he was going to run away. She knew that she couldn't stop him, so she waved her hand and said, ""Alright, I'll continue to work hard to get more points. See you later."

Rong Mo did not stay any longer. However, after he left, Ye Qianli stood there and pondered for a long time. Besides digesting the news he brought, she finally understood why he agreed to the engagement.

"I'm afraid it's just a gimmick. He's already famous in the academy. With the title of his fiancée, who wouldn't be curious about me? If I make a name for myself, it would be difficult for me not to cause a sensation." Ye Qianli muttered softly and heaved a sigh of relief.

She knew that no matter what this Crown Prince did, he would have a purpose and a reason. It was indeed like this! She almost thought that he really liked her.

"Then he has to like you too. Otherwise, let's see if he's willing to let Big Sister be his fiancée. " The bullet screen of the Magic Box pointed out the truth at this moment.

"That makes sense." Ye Qianli touched the magic box and beamed, "The key is that I'm pretty. "

"Not necessarily. Where's your mother? Where is your Youngest Biao Sister? You..."

"Shut up!" Ye Qianli felt that this magic box was not cute at all! It was better to find a chameleon to snatch the Language Grass and earn some points for cuteness.

..

The next day.

When the morning sun rose again, there were already many old students, teachers, and parents of the freshmen gathered near the Genius Academy's freshmen test platform.

These people all wanted to know who the top ten geniuses of this year would be. However, they had waited for almost a full day, but there was no news at all?

"Weren't the top ten geniuses born a long time ago?"

"That's right. They all came out after getting full marks. Whoever came out first would be ranked higher. Why is it that other than those trash who were teleported out at the beginning, there hasn't been a single genius born yet?"

"Something's wrong! This was strange. Could it be that the competition for this year's top ten geniuses was especially intense? Their strength is equal, and the competition is especially fierce?"

The crowd who had not been able to wait for the new students to appear could not help but start discussing. The more they waited until the last moment, the more enthusiastic their guesses became.

"Buzz!"

The groove on the test table flashed with a faint light amidst the enthusiastic guessing of the crowd! Such a weak movement was like a pause, causing everyone present to fall silent.

"!"

At this moment, everyone here knew that someone was about to leave the examination ground! Then, who would be the first to come out? Who would be the number one of this year?

Chapter 87: The Seventh Prince of Black Tortoise!

Everyone waited nervously, staring at the teleportation portal with their eyes wide open. They all wanted to witness the number one genius of this year! Especially the parents, they couldn't help but hope that the first person to come out would be their children.

"It must be Bing Yan." At the same time, somewhere deep in the crowd, a voice spoke with certainty, causing the people around to subconsciously look over.

A young man in black jumped into everyone's eyes. His face was slightly pale, and his facial features were very handsome, but he was quite gloomy. However, he was not the most eye-catching! What was truly eye-catching was the purple-robed woman beside him.

Bewitching! Gorgeous.

Tempting! It was eye-catching.

An absolute stunner! Many men stared at her with their eyes wide open. Some of the more dirty ones even had a reaction on the spot...

"It is indeed Bing Yan." Just as all the men nearby were mesmerized, the purple-robed woman opened her mouth. Her voice was hoarse and sexy, extremely alluring.

"Buzz!"

At the same time, a person appeared on the test platform. This person was none other than Xuan Bingyan, the opponent who was almost killed by Ye Qianli.

"Your Highness, it is indeed the Ninth Prince!" At this moment, the young men surrounding the black-robed man and the purple-robed woman also cried out in surprise.

The black-robed man who was also addressed as His Highness smiled when he saw who was on the stage. That smile was like a fog that made people unable to see it clearly, but he said, "Violet Spirit's eyesight has always been so good. I didn't see wrongly."

However, he had just finished speaking!

"Buzz!"

"Buzz!"

The teleportation platform continued to flicker as other freshmen were teleported out. About a hundred new students had already been transported to the testing platform.

In other words, Xuan Bing Yan was the first to come out, but the other freshmen came out almost at the same time! The bell that signified the end of the assessment rang at this moment.

However, at the same time the bell rang, the groove on the testing platform flashed with a faint light again. A moment later, just as the bell rang at the end of the assessment stopped!

"Buzz!"

Another person came out, and with this person came a voice that was filled with joy. "Thank goodness I almost didn't make it! "

As soon as this voice appeared, it immediately attracted Xuan Bingyan's attention. However, he had thought that it was impossible! After all, his opponent had gotten full marks long ago. Logically speaking, he should have come out long ago. However, when he saw it, he was dumbfounded.

"It's you!?" Xuan Bingyan really couldn't understand. This person had gotten full marks a long time ago, so why did he come out on time? After all...Everyone knew the rules of the Genius Academy's new student assessment. After getting a full score, one couldn't add points!

In other words, after the freshmen got full marks, no matter how many points they got, their results would only be considered full marks. Instead, they would be the ones who came out first! The higher one's ranking was, the faster one could get full marks. It represented one's strength.

Therefore, the first ten people to come out were the top ten students of the genius academy. This was also the reason why everyone was looking forward to seeing the top ten.

"How are we going to get into the top ten this year? Other than the little brother who came out at the beginning, the others came out together."

"I don't know. I've never heard of such a situation." The crowd was dumbfounded, and the parents were even more confused. How were their children going to be ranked?

The scene was a little chaotic for a moment, but it was not chaotic yet. Everyone was still waiting for the examiners to come out. After all, they could only wait for the examiners to announce the results.

Ye Shang was also waiting! Red Knife, who was beside her, was more confused.

"Ye Qianli, she really went in! I told you she definitely participated in the assessment, but why is she the last to come out?" Red Knife felt that his mind was filled with question marks.

Why didn't he see Ye Qianli when he entered the hall, but now he did? Did Senior Brother Rong really send her in first?

Why was Ye Qianli so well-prepared?

'Why...'

No matter how Red Knife thought about it, he couldn't figure it out. On the contrary, Ye Shang understood more than him. However, she also couldn't understand why Ye Qianli wasn't the first to come out since Rong Mo had broken the rules for her.

As the only special enrollment student, was Ye Qianli that bad? He actually took an extra hour and was inferior to others?

"Buzz!"

"Buzz..."

While everyone was filled with questions, Rong Mo, Old Zhu, and the rest of the eight examiners were finally teleported out of the examination field.

As soon as they came out, they naturally attracted the attention of the entire audience! Everyone was waiting for them to answer their questions.

"Uh-huh." As the oldest examiner, Old Zhu also stood up under everyone's expectant gazes. However, he said, " This year's freshmen assessment has been successfully completed. Due to the unexpected results, we examiners need to study it carefully and announce the results on the freshmen's admission day. "

"What?"

"What?"

".."

The crowd exploded when they heard that. No one expected that after waiting for so long, they would actually get such a trashy result? What was this? Didn't they always announce it on the spot in previous years?

" The reason why the results are not announced is because there is fraud in this assessment. " At the same time, a voice exploded from the crowd.

His words were like a stone that stirred up thousands of waves, instantly pushing the crowd of people who had objections to the peak of excitement! Many people immediately exclaimed, " Fraud? There's actually someone cheating in the Genius Academy?"

" Unbelievable! He should be severely punished! "

"That's right, who is the fraud! Why didn't he explain it here? Could it be that he was going to cover up for the cheater? We demand that the results be announced immediately."

"Silence!" Old Zhu was annoyed by the noise and shouted. His fiery and powerful voice immediately suppressed the noisy crowd until they all calmed down.

"Who was that who spoke just now? Are you trying to cause trouble?" Old Zhu even pointed out the rules and scolded coldly, " The academy has its own rules. You can do whatever you want. It's not up to anyone to tell you what to do. If you don't accept the academy's rules, get lost. "

The moment these words were said, the scene became even quieter...

Many people who were hot-headed just now calmly understood that it was true! This was the Genius Academy. They had their own rules. Whoever dared to cause trouble here, forget about getting lost! In the future, their descendants would not be able to enter the academy.

"Teacher, you're being too serious. I'm just questioning you. I'm not disobeying the rules." However, under Old Zhu's cold reprimand, the person who spoke really dared to stand up! He was none other than the man in black, the Seventh Prince of Black Tortoise.

As soon as the Seventh Prince spoke, the Purple Spirit beside him also spoke up, " Teacher Zhu, it is said that an hour before the examination began, the examination platform was activated. I wonder if this is true? "

"Whoosh!"

The conversation between the two of them made the crowd, who had just calmed down, show signs of excitement again! Because everyone knew what it meant when the testing platform opened an hour earlier!

Especially...

Chapter 88: Genius Is Fair!

Many people who had been present since the start of the match immediately thought of the faces of the examiners at that time. They seemed to be very ugly! As such, there was probably fraud.

Faced with the doubts from the Xuanwu Dynasty and the doubts from the teachers, students, and parents of the new students, Old Zhu spoke again, and he was still powerful.

" Yes, that's right. An hour before the test, a new student was sent to the test field. That new student is the only special enrollment student of this year. Moreover, it's also the first time in the history of our Genius Academy that we've only recruited one special enrollment student. "

After saying this, Old Zhu said coldly, not afraid of making things worse, "I know you all want to say fairness, but in my Genius Academy, the fairness that we uphold has always been—geniuses are fair.

My Genius Academy has always adhered to the principle of teaching students according to their aptitude. That's why there's the Black Heaven Earth Yellow Class. That's why this is called the Genius Academy, not the Fair Academy."

".."

After Old Zhu finished his words, the scene fell silent again. It was especially quiet. Even the Seventh Prince of Black Tortoise and the others, who had shown signs of causing trouble, obviously quieted down.

"Since you want to know the result immediately, I'm not afraid to announce it on the spot!" At the same time, Old Zhu spoke again.

He waved at Ye Qianli and said, ""Ye Qianli, come here."

Everyone's eyes were focused on Ye Qianli, and they naturally realized that she was the one who had stepped onto the stage.

Then, why did he call her?

No! Her name was Ye Qianli?

"She's the special enrollment student of this year. She's also the one who entered the examination hall an hour earlier. Do you want to ask why she was the last to come out since she entered an hour earlier?" Old Zhu swept a cold glance at the people present, especially the Seventh Prince of Black Tortoise.

He hated external forces the most! They had to use all kinds of methods to try to interfere and influence the rules of the Genius Academy, affecting this land where geniuses grew up well.

"Do you know how many points she got? One thousand and one." Old Zhu said that many people at the scene subconsciously counted the so-called "1,001 points" when they heard this. This was how many missions they had to complete.

"She entered an hour earlier and obtained the first full score in the examination hall within that hour! I asked her why she didn't come out, and she said it wasn't enough. Then, she took the first ten points. At that time, it had only been four hours since the game started.

In the next twenty hours! None of the new students could get full marks, but what about her? Another 401 points? Which idiot wants to compete with her? You dare to compare yourself to her?"

Old Zhu added.

“ ”
..

This time, the entire place was even quieter! It was so quiet that it couldn't be any quieter. Everyone knew that the special enrollment students of the Genius Academy were geniuses among geniuses! A monster among monsters.

However, Ye Qianli's results had completely shattered everyone's previous definition of a monster.

If she had entered an hour earlier, she had cheated! What about the rest? The top ten points had been swept clean, and it was not enough! In the last twenty hours, in the last twenty hours when she had lost the initiative, she had still obtained four hundred and one points...

What kind of concept was that?

What kind of concept was this?

Can't understand? It didn't matter.

If there were no top ten scorers, no one else except Ye Qianli would get full marks. Then...Who could not understand the difference between them?

This meant! If you gave a real genius the initiative, she would be able to sweep them away! Even if you didn't give her the initiative, she would still be able to sweep through! This was the ultimate genius.

"None of you can compare to her, so don't talk about fairness with her. That's asking for humiliation." Old Zhu's powerful last sentence struck the new students who were still standing on the stage with a blow that left them completely bruised.

" Ye Qianli, on behalf of Genius Academy, I welcome you. "

"Welcome!"

At this moment, the seven examiners, including Mr. Zhu, had all expressed their admiration for Ye Qianli. Even at the beginning, they were full of doubts about this special enrollment student! They also thought that her results were suspected of fraud.

But now...

Such a special enrollment student! They were willing to give him a dozen, and they would 'cheat' one by one.

Rong Mo was right. She was a specially-enrolled student, Ye Qianli. The rules of the academy were not set to restrict geniuses.

"Thank you." Ye Qianli was a little surprised by the seven examiners' welcome and affirmation. She thought that her results would be controversial, but she didn't expect it to be unanimous.

Although Rong Mo did not say anything, he would not object.

Therefore, Ye Qianli was very surprised. However, she understood why the Genius Academy was able to dominate the Four Symbol Land with its own strength. Its influence was not weaker than the other dynasties.

Just by looking at these examiners, one could tell that the Genius Academy was a place where many extraordinary people gathered. It was a magical academy!

At this moment, Ye Qianli had a good impression of the Genius Academy. She was also looking forward to her learning career after entering the academy. She thought it would be good.

However ...

"Don't be happy too early. The academy is still very complicated. You'll understand when you enter." Old Zhu smiled and patted Ye Qianli's shoulder as if reminding her.

At this moment, Ye Qianli still couldn't understand the meaning of this reminder. However, when she became a student of the Genius Academy and stood on the seats of the new students, she understood.

However, that was three days later. Rong Mo had reminded her before and even specifically said, "When you become a new student, the Genius Academy has a tradition of letting old students spar with new students. You have to be careful."

"Will the Seventh Prince be joining the battle?" Ye Qianli had asked Rong Mo about the person who dared to question Old Zhu's courage, and the answer she got was one of his enemies! And his number one enemy.

"Probably not."

"How did you know?" Ye Qianli was curious. Since the senior students could spar with the new students, wouldn't the Seventh Prince go up himself?

"Respect your status."

"You too?" Ye Qianli asked Rong Mo with a smile. She knew that Rong Mo wouldn't fight, and she knew that he was just pretending. In his eyes, sparring was too boring.

Unfortunately, she had to go on stage to play. Who told her to need this opportunity to play monkey!

However, Rong Mo didn't even look at her when Ye Qianli teased him. Instead, he gave her a document. "The First Prince might be attending. This is his information."

"The First Prince?" Ye Qianli opened the scroll and looked at it. A few black lines fell from her eyes and she said, ""No way. He's just a fifth-grade grandpa, and he still has the nerve to go on stage?"

"I was hoping that he would go on stage for you." Rong Mo said.

Ye Qianli was speechless. She felt the malicious intent from the beautiful prince. She might be tortured because she compared him to the Seventh Prince of Black Tortoise!

Rong Mo picked out another document and said seriously, ""The one you need to be extra careful of is this person."

Chapter 89: The Number One Prince Charming in the Academy!

"Purple Spirit?" Ye Qianli opened the document and found that it was a girl. She was only a second-year student, but she was in the Heavenly Class and had the identity of the Seventh Prince's advisor.

Attention, it's the advisor! Not a concubine.

"She was standing next to the Seventh Prince that day. She must be the woman in purple." Ye Qianli narrowed her eyes and thought for a moment. She felt that it must be that seductive beauty.

"It's her." Rong Mo nodded and said coldly, ""No one has found out what her second talent is, but I guess it should be the nine-tailed fox."

"Seventh-grade talent--Nine-tailed Fox?!" Ye Qianli was shocked. This was the first time she had heard of someone who had awakened a talent of the upper three grades.

"Yes." Rong Mo looked up at Ye Qianli and looked at her clear eyes. He paused for a moment before he said slowly, "If she goes up on stage, you have to give it your all. If you can't beat her, admit defeat immediately."

"Didn't they say that Netherworld was the number one advisor? What's wrong with her?" Ye Qianli asked. The more she read about this woman, the more she felt that she was not simple.

Purple Spirit was the daughter of a concubine in the Purple Mansion of the Grand Preceptor's Residence in the Xuanwu Dynasty. Her mother was a military slave with the lowest status among the women in the Xuanwu Dynasty. Because her background was too dirty, Purple Spirit's status had always been criticized. The entire Grand Preceptor's Residence did not recognize her as the young lady of the Purple Mansion.

However, at the age of eighteen, the Purple Spirit had awakened its first innate skill, and it was an extraordinary fifth rank innate skill-Dream Creation. This was a skill that could bewitch people! It was a strange talent that could make people fall into an illusion and kill people without them noticing.

Although it was not strong in terms of offensive capabilities, it had the ability to attack in groups! As well as the ability to cripple, he was definitely one of the best among the middle-tier talents! If the person who awakened this talent was good at scheming, then this talent could be displayed to its fullest.

And Violet Spirit was undoubtedly this type of person.

This was because the Purple Spirit had not only relied on her own innate talent to stand out from the Zifu Disciples, but had also obtained the approval of Grand Preceptor Zi, received the treatment of a legitimate young lady, and even received the favor of the number one noble in Xuanwu-the Seventh Prince.

More importantly, she had rejected the Seventh Prince's proposal. Not only did she not offend the Seventh Prince, but she had also become the Seventh Prince's guest.

"This girl is quite amazing." Ye Qianli felt that this was the intelligence of a battle knight who fought in the backyard! One's horizons could not be measured with common sense.

Most importantly, she was a genius! As long as she didn't court death, no one would be able to stop her rising halo.

"The Netherworld is at most a chess piece that the Seventh Prince used to please his father. The Purple Spirit is his true confidant." Rong Mo obviously approved of the Purple Spirit's ability.

"Tsk tsk, why do I feel like our opponents are getting more and more outstanding? No wonder you can't handle them." Ye Qianli sighed as she read.

Rong Mo couldn't help but look up at her, but he didn't see any nervousness, worry, or fear on her face. So, was she a little slow, or was she very confident?

Thinking of this, Rong Mo could not help but ask, ""Since you already know, why are you still acting so sloppily? Did you even manage to inscribe all of your Divine Inscriptions?"

"Cough!" Ye Qianli almost choked on her words. Rong Mo knew that she hadn't carved it out yet, so he narrowed his eyes.

"Your Highness! Your Highness, don't be anxious. If you need it on stage later, I can carve it down. Really! Don't worry." Ye Qianli wanted to say that she had been working hard.

Rong Mo was speechless.

"Why don't I carve it for you now!" Ye Qianli said guiltily when Rong Mo didn't say anything. She said that it was normal to oversleep without an alarm clock! She really couldn't be blamed. The main thing was that the magic box didn't wake her up!

"Get up." Rong Mo said.

"Alright!" Ye Qianli immediately stood up, and Rong Mo followed suit. But...He raised his hand and pinched! He pinched her face.

"Hey-stop! Stop, I was wrong..." Ye Qianli wanted to cry. She had grown up and lived for two lifetimes. This was the first time someone had pinched her face and taught her a lesson. How embarrassing!

Rong Mo stared at her coldly before letting go. ""Report to the academy."

"Yes, my lord!" Ye Qianli didn't dare to say anything. She turned around and walked out of the room. However, just as she reached the door, she turned around and asked, "Aren't you coming with me? "

"How embarrassing." Rong Mo said.

Ye Qianli was speechless. Did he find her embarrassing? How was she embarrassing? Wasn't it just that she overslept last night and didn't get up to cram? Was there a need for that?

However, she only dared to mutter these words in her stomach. She did not say anything on the surface and quickly opened the door to leave! He didn't want to stay and anger a certain beautiful prince.

Rong Mo waited for her to leave for a while before he walked out of the house and headed to Genius Academy as well. It seemed like he wanted to follow Ye Qianli to avoid embarrassing her.

However, it was useless for him to do so because almost everyone in the Academy already knew that Ye Qianli was his fiancée! Regardless of whether he went to the academy with Ye Qianli or not, she would always have him behind her no matter what she did.

Therefore, the moment he entered the academy, everyone looked at him differently! If it wasn't for his terrifying aura and coldness, these people would have surrounded him and asked him for gossip.

But even if they weren't surrounded in person, these people were still whispering excitedly.

"Senior Brother Rong, Senior Brother Rong is here! He's here. I didn't expect such a cold and aloof person like him to have a fiancée, while I'm still single."

"Ah! It's really Senior Brother Rong, the ice-cold Prince Charming in my heart. He actually has a fiancée. My God! Who is the woman who possesses him? I want to duel with her. "

"Junior Brother Rong, heavens! I always thought that he would be lonely until he died. I didn't expect him to find a woman. If I had known that he needed something, I would have confessed first."

".."

It could be said that within three days, Rong Mo's fiancée had successfully made almost all the girls in Genius Academy extremely interested in Ye Qianli, the girl who had taken their male god from the altar!

Even though Ye Qianli had expected this, she never expected it! Rong Mo had so many female fans in Genius Academy!

Therefore, as soon as she entered the academy, she was surrounded and blocked. If it was not for Red Knife, she would have been blocked on the road.

"Oh my god, I almost died from their saliva." After successfully sneaking out of the crowd, Ye Qianli's face was filled with the stench of saliva. It was disgusting.

"It's only right that I spit you to death, " Red Knife said seriously. " There are definitely more admirers of Senior Brother Rong than this. Most of them will still be able to make it here in time. "

There are a total of six grades in our academy. Your batch is considered to be small in number. Usually, there will be two to three hundred people in each batch. Moreover, Senior Brother Rong is a man of both genders, old and young. If all his fans come, there will definitely be thousands of people."

Ye Qianli was speechless.

"Xiao Dao is right. I have always admired Senior Brother Rong." At the same time, a hoarse and sexy voice suddenly interrupted.

Chapter 90: Don't Dream On My Crown Prince (1)

The voice came from behind Ye Qianli and her brother, and it sounded very close to them. Ye Qianli's pupils shrunk because she didn't notice anything!

Red Knife turned his head when he heard the voice. However, when he saw who it was, he knew that he could not be trusted and said, "Purple Spirit, you must be joking. Who doesn't know that you and Xuan Tianyan are a couple?"

"Xiao Dao, that's not right. Violet Spirit is only the Seventh Prince's aide. If you insist on saying that there's any relationship, then it's only that Prince Xiang has feelings for the Goddess, so we can't say such things. It's just that I didn't know that Miss Violet Spirit actually likes our Crown Prince." Ye Qianli smiled and turned around.

In the blink of an eye, she caught sight of that extremely seductive beauty. Ye Qianli felt that there was actually a phrase that could more accurately describe the Purple Spirit, and that was the aphrodisiac that men used to walk around.

The purple spirit's sexiness was different from the night dress. The latter had an artistic beauty of sexiness. Violet Spirit, on the other hand, exuded a seductive aura. If she wanted to bring disaster to the country and its people, it definitely wouldn't be difficult.

Her eyes were especially misty. If she looked at any man with affection, that man's heart would probably melt. Tsk tsk...

The more Ye Qianli looked at her, the more she felt that Purple Spirit was a combination of beauty and temptation. She was the most alluring woman she had ever seen in her previous life. Even she couldn't stand it, let alone a man.

Would the Seventh Prince be able to endure such a stunner by his side? Ye Qianli didn't believe it, unless the Seventh Prince was Rong Mo's kind of person.

Although they had only met once, Ye Qianli believed that the Seventh Prince was not Rong Mo. She still couldn't see through it.

The Seventh Prince was different!

He had very strong desires, the desire for power, the desire for strength, the desire for fame, the desire for sex ... Everything. He wanted everything. Even if he hid it very well, she could see it because she had seen countless politicians, countless...

The Seventh Prince was a very smart person. He knew that power was everything. In order to obtain power, he could endure everything. Nature, love,... He was a player with the ultimate power. Danger! No limits.

As for the Purple Spirit...

At this moment, she smiled coquettishly and said, " Hehe, what Miss Ye said is also wrong. If we are talking about the goddess, it is you and not me. If we are talking about King Xiang, it is not my master. As for Senior Brother Rong, he is truly the love of my heart. I just don't know if Miss Ye is willing to part with him. "

"Of course not. My Crown Prince is not an object. How can I give him up just like that? Only you and your Seventh Prince can do that. Your uncle is called Zi Daofeng, right? He's quite powerful." Ye Qianli said with a smile.

And who was Violet Dao Peak? Of course, it was the old Taoist priest who had almost killed Ye Qianli in the Ye Residence in the Vermillion Bird City. He was from the Grand Preceptor Residence and the younger brother of Grand Preceptor Zi! Violet Spirit's uncle.

"May I ask how my uncle is?" Violet Spirit was still smiling, but this smile clearly carried a hint of darkness.

"Of course not. Who asked me to be bad? I have to give in to no one. Whatever he wants to do to me, he will end up like that." Ye Qianli's smile became even brighter.

"You don't seem to have the ability." Violet Spirit finally stopped laughing. She raised her eyebrows and looked at Ye Qianli, a hint of mockery in her eyes.

" How would you know if you don't try? Your Ninth Prince has tried. You can ask him if you want to try. " Ye Qianli was still smiling.

When Violet Spirit heard this, she laughed again. " That's why I said that Senior Brother Rong is the love of my heart. He has no principles towards you. The Seventh Prince is not like this."

"That depends on the person." Ye Qianli looked up at the sky and said, ""The bright will meet the bright, the dirty will always be dirty.If the heart does not see light, the world will be dark."

"What are you guys talking about? Why don't I understand?" When Red Knife heard this, he could not help but speak. There were too many question marks in his mind.

Hearing this, Ye Qianli didn't intend to say anything more to Violet Spirit, ""Are you stupid? I didn't say that. It was your Senior Brother Rong who said it. Let's go. Isn't the Freshman Ceremony about to begin? If I'm late again, your Senior Brother Rong will really pinch me to death."

" What are you afraid of? Anyway, you're the only one in the sky class. You've already met Teacher Feng, and he won't beat you up. However, it's better not to be late. Violet Spirit, we're leaving. "

"Alright." Violet Spirit nodded with a smile. She then looked at Ye Qianli with a meaningful gaze. The latter raised an eyebrow and returned her gaze before leaving with Red Dagger.

Not long after they left, Violet Spirit slowly caught up with them. Her eyes were filled with ridicule. She clearly did not put Ye Qianli in her eyes, even though she had obtained 1001 points.

Because in Violet Spirit's opinion, if she knew that she could do this, she could have done it even better! Furthermore, she didn't need anyone to go easy on her. She looked down on Ye Qianli just because of this.

Everything she had was obtained by her own efforts! As for Ye Qianli, in her eyes, she had gotten her position through her family background, status, and man.

"Your Highness really doesn't need me to fight such an arrogant and useless weakling. The First Prince is enough." Violet Spirit laughed mockingly, but she still walked towards the hall where the freshmen ceremony was to be held.

..

At the same time, Ye Qianli and Red Knife had already entered the hall. As soon as they entered, someone called out "Ye Qianli" and everyone turned to look at them.

"Qian Li!" Feng Lihuan, who had finally returned to the academy, saw the proud student walking in from the entrance and immediately stood up to welcome him.

Qian Li greets Teacher Feng. "Ye Qianli, who was also very happy to see Feng Lihuan, bowed and greeted him, making Feng Lihuan even happier.

"Good, good. Come, come, come. Teacher, let's see how much you've improved. I haven't even arrived at the academy, but I heard that you've already made me proud. You've obtained 1,001 points for the new student assessment. Not bad, not bad, hahaha ..."

Although Feng Lihuan was late, he knew everything. He was very pleased with himself. After all, Ye Qianli was his student! This was different from being a teacher. This was equivalent to being his last disciple.

Now, his last disciple was so shameless! She even took over the day class and let him take care of her alone. How could he not be happy? He was just short of beating drums and gongs to announce it.

However, just as Feng Lihuan was happily sizing up his proud student, a voice came from the entrance of the hall, mocking and sneering, ""A thousand and one points of fraud is worth your happiness?"

Soon after, an old man wearing a black silk robe with wide sleeves and a tall hat walked into the hall with a group of black-robed men.

As soon as this person appeared, many teachers and students in the hall stood up and greeted him respectfully, "Department Director Xuan."
