Chapter 91: Vomiting Blood!

Ye Qianli had a bad feeling when she heard the name " Director Xuan ". She didn't think there was anyone else with the surname " Xuan " who disliked her.

The truth was just as she had expected. Director Xuan, who was standing in front of her at this moment, was really a member of the Black Tortoise Dynasty's royal family. He was the uncle of the Black Tortoise Seventh Prince, Xuan Zhaonan.

The group of men in black behind him were all teachers of the Genius Academy! Moreover, they were all from the Black Tortoise Dynasty. From this, it could be seen that the Black Tortoise Dynasty had really made a name for themselves in this Genius Academy. There was even a member of the royal family who became the director.

The next step might be the vice director or the director...

Although Ye Qianli had her own thoughts, she looked at Feng Lihuan with a confused expression and asked, " Master Feng, is this the headmaster? "

"?"Feng Lihuan was even more confused. Could it be that his student was deaf? Didn't he hear those people calling this person "Department Director Xuan"?

"Why does the dean look so wretched? This image is making me a little disillusioned." Ye Qianli said in a serious tone with a dejected look.

Feng Lihuan looked at him and felt that the child really did not hear him clearly. He hurriedly explained," Cough, Qian Li, isn't this the dean? "

" That can't be right. Our Crown Prince has already said that besides the Headmaster, no one else can judge this examiner hand-picked by the Headmaster. " Ye Qianli's face was full of " Teacher, don't lie to me, I know a lot ".

Feng Lihuan was speechless. Puff ... No, he wanted to laugh. He couldn't hold it in anymore. Pfft, hahaha! This mischievous student of his, how could he not hear it clearly? This was a way to insult the marsh man.

However, he could not laugh. He had to cooperate with his student, so he quickly said with a serious expression, "Yes, you're right! Only the dean can do it. He was just talking nonsense just now. Speak your mind."

"I see. Then this person must be too uncultured. Why does he only want to speak freely? He has to be responsible for his words. Can he complain?" Ye Qianli asked seriously.

Feng Lihuan nodded his head and said, "" Yes, we have a letter box in front of the dean's door. You can make a complaint anonymously or with your real name. You can choose. "

"I understand. It doesn't matter if I'm anonymous or not. I'll file a complaint with my real name." Ye Qianli replied seriously, as if she was thinking about how to write a complaint letter.

The teacher and student duo's insults infuriated Minan Hyun, who had just entered the room. His face was as red as a rainbow. No one had dared to anger him like this ever since he became the director! He mocked him in front of his face.

"All of you...How dare you!" Nan Xuan pointed at Ye Qianli angrily.

Of course, he had wanted to scold Feng Lihuan as well. However, although Feng Lihuan was only a teacher, he was still a teacher with a high status. Therefore, he could only pick the soft persimmon first. Ye Qianli made the first move.

"Senior, what advice do you have?" Ye Qianli replied respectfully.

Nan Xuan's expression softened slightly, but his voice became even more stern." You insulted your teacher in public. A student like you, no matter how talented you are, should be properly disciplined by the discipline office. You can only come out when you know how to greet your teacher. "

"Senior, are you talking about me?" Ye Qianli looked at him blankly.

"Nonsense!" Nan Xuan scolded coldly.

"That can't be. I respect my teachers. Our Teacher Feng can testify. Senior, just because I said you look wretched, you can't just casually spout nonsense again. This academy isn't run by you, so you have to be responsible for your words." Ye Qianli said seriously.

When Nan heard that, his expression changed again, and his tone turned from cold to angry."You said that I'm wretched in public, which is equivalent to insulting the academy's teachers! You still dare to quibble?"

However, Ye Qianli was shocked, ""Senior, are you a teacher of the academy? If I had known that you were a teacher at the academy, even if I really thought that you looked wretched, I would have said it in private and not in public."

"You..." Nan Genchao felt that this woman was impossible to communicate with!

"Senior, it's not written on your face that you're a teacher of the academy, and I haven't awakened the talent to identify people by their faces. You can't blame me." Ye Qianli continued to explain.

"You..."

"Senior, since you can't blame me, I won't talk to you anymore. Our Teacher Feng still has something to tell me. Please help yourself. I'll take my leave." Ye Qianli said!

"You..."

"Teacher Feng, what did you want to tell me just now?" After saying that, Ye Qianli pulled Feng Lihuan and left, angering Nan Xuan who was behind her.

Unfortunately, the people around him wanted to stop Ye Qianli, but he had to stop his people because Ye Qianli was right! He didn't say that he was a teacher, and the people in the hall had paid their respects to him just now, but if she insisted on saying that she didn't hear, what could he do?

If it was an ordinary student, he would naturally do whatever he wanted! But this wasn't an ordinary student. She was Feng Lihuan's student, and Feng Lihuan was watching from the side!

He wanted to vomit blood!

How infuriating!

"Hahahaha...Hahaha..." At the same time, Feng Lihuan, who had been dragged away by Ye Qianli, couldn't help but burst into laughter.

Even Red Knife, who was usually not very smart, understood everything and smiled. "Aiyo, Great Aunt Qian Li, you're good! Although I don't like this Xuan something either, I've never dared to scold him in front of him like this. You're really good! He had said that he was wretched three times! Or say it in person, you're awesome! I'm not even convinced by the wall, but I'm convinced by you."

".. "Ye Qianli spread out her hands, expressing that there was nothing she could do if someone came to her door to be insulted by her. Of course, he had to satisfy her.

She had a unique dislike for the people of the Black Tortoise Dynasty! To ask her to be nice to them? The idea was good, but reality was impossible.

However, after she was done enjoying herself, she vaguely felt a familiar gaze staring at her with an unknown meaning! He stared at her until she subconsciously looked over. As expected, she met the beautiful prince's clear eyes.

"Come here." The beautiful prince said with his eyes.

Ye Qianli was speechless. He pretended not to see it and continued to chat with Feng Lihuan.

Rong Mo, who was looking at her through the crowd, could not help but narrow his eyes. Then, he stood up and walked towards the person who pretended not to see him.

As for Ye Qianli, although she pretended not to see Rong Mo's eyes, she had been paying attention to him. So, she naturally saw him walking over!

She subconsciously straightened her back a little nervously and looked at the person who came. She laughed and said, "Your Highness, you're here too."

Chapter 92: Divine Inscriptionist, Stunned (1)

"Senior Brother Rong, you're still early?!" However, this was what Red Knife was concerned about. After all, he had never seen Rong Mo arrive early at such an event.

"Teacher Feng." Rong Mo very naturally ignored these two people and only greeted Feng Lihuan. The latter also nodded repeatedly and said, "Alright, this time, it's all thanks to you taking care of Li-er. But when I left Vermillion Bird City, you two weren't engaged yet, right?"

Not only was he not engaged, but he also remembered that his student was very unwilling to follow Rong Mo to the academy and insisted on coming alone. At that time, he was even prepared to personally go back to Vermillion Bird City to bring her along.

In the end, not only did this person agree to come to the academy with Rong Mo, but she also became Rong Mo's fiancée. The story behind this was quite interesting.

"The two families were already interested, but they didn't decide at that time." Rong Mo, who could hear the deeper meaning in Feng Lihuan's words, explained in a serious manner.

Feng Lihuan turned to his student, Ye Qianli, and asked, "Is that so?"

Ye Qianli was speechless. What could she say? After all, what Rong Mo said was the truth. Ye Qianli had a verbal engagement with the Vermillion Bird Crown Prince.

However, Feng Lihuan kept looking at her without saying a word. Rong Mo was also looking at her, and Red Knife was naturally looking at her. This made things a little awkward.

"Yes, my family originally wanted to betroth me to His Highness the Crown Prince, but some things were more complicated. In the end, it almost didn't happen, but in the end, it happened again. I don't know why either." Ye Qianli could only say that.

" So, you're not dating? You're only together because you're in love with each other? " Red Knife immediately asked. It was as if he was possessed by gossip.

Ye Qianli was speechless.

"Yeah, don't you like Rong Mo?" In the end, Feng Lihuan also came to join in the fun.

Even Rong Mo himself was staring at her without saying anything...

Ye Qianli was speechless. She deeply realized that she should not have ignored the gaze of a certain beautiful prince just now. The revenge came so quickly that she was really caught off guard.

However, just as Ye Qianli was repenting, Ye Shang's voice came out of nowhere and saved her. " What are you talking about? We're all gathered together, and Teacher Feng is here too!"

In fact, Ye Shang had already seen Ye Qianli, Red Knife, and Feng Lihuan. However, Rong Mo did not come over earlier, so she did not come over either. Now that Rong Mo had come over, she could not sit still anymore.

"Ye Shang greets Teacher Feng." Therefore, even though Ye Shang was smiling brightly and greeting Feng Lihuan, she was paying attention to Rong Mo from the corner of her eyes. He was still looking at Ye Qianli.

"There's no need to be so polite. Qian Li, come here. This is the senior apprentice sister of your Heaven Class, Ye Shang. This senior apprentice sister of yours has an extraordinary background. She's the daughter of the president of the Divine Inscriptionist Guild, and she's already a third-ranked alchemist at such a young age." Feng Lihuan didn't know that Ye Qianli already knew Ye Shang, so he immediately introduced Ye Shang to her.

He also emphasized Ye Shang's identity. In other words, he wanted to look for this senior sister often in the future when it came to alchemy. He also hinted that Ye Shang should give him, this student, preferential treatment. His love for her could not be more obvious.

This made Ye Shang, who already felt a little sour in her heart, feel even more upset. However, since it was Feng Lihuan who greeted her, she still had to smile and say, ""Teacher Feng is too polite. My Divine Inscriptionist Guild has always given preferential treatment to the students of the Heavenly Class. Moreover..."

Ye Shang paused and looked at Ye Qianli, ""Junior Martial Sister Ye might not need me to take care of her. If Junior Martial Sister Ye is willing, she has the qualifications to come to my Divine Inscriptionist Guild and receive a Divine Inscriptionist badge."

"What?" This time, it was Feng Lihuan's turn to explode! This student of his, could go and receive a Divine Inscriptionist badge? What was the meaning of this? Could it be that the precious student he picked up was a Divine Inscriptionist?

"She's not qualified yet." Rong Mo suddenly spoke up, causing Feng Lihuan to explode!

Feng Lihuan had a certain understanding of Rong Mo. If Ye Qianli wasn't a Divine Inscriptionist, he could have just said that she wasn't. If he said that she wasn't qualified, then she was definitely qualified.

For a moment, Feng Lihuan couldn't remain calm and pulled Ye Qianli to the side. ""Come, Qian Li, come. Let's go to the side. You have to talk to the teacher about this. "

Unfortunately ...

"Uh-huh, silence!" At this moment, Nan Xuan, who was already standing on the main stage, was clearing his throat, indicating that the freshman ceremony was about to begin.

"Teacher, let's talk about it later." Ye Qianli whispered.

"What are you afraid of? Let's not talk about anything else. Tell me honestly, did you comprehend a Divine Inscription from that diagram in the Treasure House?" Feng Lihuan felt that he had to know immediately. He couldn't help it!

"Yes." Ye Qianli knew that there was nothing to hide. Everyone would know about this sooner or later. Rong Mo had told her not to tell anyone about the Divine Inscriptions she had comprehended. It was because they were similar to cultivation manuals, and were the foundation of every Divine Inscriptionist.

She was someone who had read the < Encyclopedia of Divine Inscriptions > before. She already had a systematic understanding of Divine Inscriptions, so she knew this basic knowledge.

"Silence!"

At the same time, everyone else had quieted down, except for Feng Lihuan and Ye Qianli. Not only did they not take their seats, but they were also whispering to each other, which made Xuan Zhaonan very dissatisfied.

"Teacher..."

"Don't be afraid. Just sit beside Teacher and see what he dares to do." As Feng Lihuan said this, he glanced at Xuan Zhaonan. Wasn't this old man just trying to target his precious student?

However ...

Aiyo!

This precious student of his was truly a super precious lump. He was actually a Minor Divine Inscriptionist! Feng Lihuan felt that he needed some time to calm down. As a teacher of the Genius Academy, he knew all too well what a Divine Inscriptionist meant.

This was because the first label of a Divine Inscriptionist was that of a Divine Innate! In other words, those who already had the talent to become gods, and to become gods ... That was the pinnacle of cultivation in this world.

Furthermore, even though the Four Symbols Great Land had a Divine Inscriptionist Union, there were only a few true Divine Inscriptionists.

The Divine Inscriptionist Guild was at most a union of weaponsmiths and alchemists. The reason why it was called the Divine Inscriptionist Guild was because the founder of the guild was a Divine Inscriptionist.

No wonder! No wonder Ye Qianli and her awakened talents at the Prodigy Meeting in the Vermillion Bird City had just fused and awakened, but they had already entered the initial stage.

"Teacher, are you alright?" Ye Qianli, who had been dragged to the VIP seats by Feng Lihuan, asked worriedly.

Right now, Ye Qianli naturally knew that the significance of being a Divine Inscriptionist was extraordinary. Hence, she was wondering if her teacher had been shocked silly.

"Good! Of course it's good, it's great!" How could Feng Lihuan not feel good? He was so excited that he almost ran to the principal's office to have a good chat with the principal, even though the principal might not be around.

Divine Inscriptionists!

He, Feng Lihuan, also had such a day. If he went out to casually accept a student, he would be able to accept a Divine Inscriptionist. He dared to guarantee that! When Ye Qianli's talent as a Divine Inscriptionist became known, the Headmaster would definitely want to take her in as a student.

Unfortunately ...

It couldn't be enough! He, Feng Lihuan, accepted it.

However, just as Feng Lihuan was feeling smug, Xuan Zhaonan threw a bomb at him. ""Next, I will announce the class allocation of this year's freshmen. Ye Qianli, Xuan Bingyan."

As soon as he said that!

Chapter 93: I Request to Change Classes!

Everyone in the hall paused and looked at Xuan Zhao Nan, including Feng Lihuan himself! Including Ye Qianli and Rong Mo.

Everyone knew that there was only one perfect score in this year's freshmen assessment, and it was an extra perfect score of 1001 points. That person was Ye Qianli.

Therefore, according to the rule that only students with full marks were accepted into the heaven class, there should only be one student in this year's heaven class, and that was Ye Qianli.

However, Nan Xuan announced that there were two people in the sky class, Ye Qianli and Xuan Bingyan.

"Director Xuan, Ye Qianli is a student of the heaven class. Xuan Bingyan? Sorry, I refuse." Feng Lihuan immediately refused.

"Teacher Feng, please calm down. Although I didn't discuss this with you beforehand because you just returned to the academy today, I've already discussed this decision with the other teachers in charge. Since it was unanimously approved, I'm announcing it now." said Nan Xuan.

As soon as Nan Genchao finished speaking, the teachers sitting in the VIP seats nodded and said, "That's right, Teacher Feng. Director Xuan has indeed discussed this with us. "

Feng Lihuan looked at his colleagues and asked, ""What's the reason? Since when did the heaven class accept students who didn't get full marks? Tell me. "

On the stage, Nan Xuan immediately replied," The reason is that Ye Qianli entered the examination field an hour earlier. We don't know whether this is a fraud or not, but if she didn't enter the examination field earlier, she wouldn't have the chance to get the Fire Yuan Crystal in the Fire Abyss. The person who got the full score in the Fire Abyss would be Xuan Bingyan. "

" That's right. We have asked Old Zhu who was present at the time. Old Zhu's answer was that if Ye Qianli arrived a quarter of an hour later, the Fire Yuan Crystal would have been Xuan Bingyan's. " The teachers said.

" That's funny. If my student, Ye Qianli, was teleported to the Fire Abyss from the beginning, what would happen to Xuan Bingyan? " Feng Lihuan questioned.

"This..." The teachers didn't know what to do, but no matter what! They felt that although Ye Qianli was talented, she should give other talented people a chance.

"Teacher Feng, the matter has been decided. Please do your part as the form teacher of heaven class. Be fair and just." Nan Xuan said seriously.

However, just as he finished speaking, Ye Qianli said, ""Then I won't go to the heaven class. I want to transfer to the earth class."

"Whoosh!"

Ye Qianli's words caused an uproar! Especially the teachers, they all looked at Ye Qianli, who was sitting near them, in disbelief.

"It's just a class. Whoever likes it can go in. However, I don't like being in the same class as people with the surname Xuan because I have an irreconcilable hatred for them! I have 1.8 million souls in the Northern Territory, and they're still watching me. I can't be in the same class as him." Ye Qianli added.

As soon as Ye Qianli finished speaking, Feng Lihuan, who was beside her, also said, "" Alright, then I, Feng Lihuan, won't be the form teacher of this day's class. I'll apply to be the form teacher of the local class. As the head teacher of the academy, I have the right to apply to not do anything. "

"Whoosh!"

This time, the entire hall exploded! Especially the freshmen, they all looked at Ye Qianli in disbelief. The heaven class was the dream of all the students from the Genius Academy.

But now...

Ye Qianli, who was supposed to be in the heaven class, wanted to transfer to the earth class! What was even more enviable was that the teacher in charge of the academy, Feng Lihuan, had actually applied for her to be transferred to another class.

This ...

"So all true geniuses are like this? I'm so excited. What should I do?" Some of the freshmen couldn't help but look at Ye Qianli with admiration, especially the freckled Xuanyuan Yu.

However, Ye Qianli was very serious and calm as she looked at Nan Xuan and the teachers around her.

She even bowed respectfully to them and said, " Teachers, I understand your love for talents. However, please forgive the responsibility I bear. I can't be in the same class as my enemy, and I'm only in the same class as him. I'm afraid that if I face him every day, I won't be able to help but violate the academy's rules. "

"You..." At this moment, Nan Xuan, who was on the stage, suddenly felt like he couldn't get off the stage! He had never thought that Ye Qianli would dare to say that she would quit the heaven class in order to resist this decision! What was even more detestable was that Feng Lihuan was also jeering.

"According to what you said, you shouldn't have come to the Genius Academy either. You shouldn't have studied in the same academy as the people of the Black Tortoise Dynasty." At this moment, Xuan Tianyan, who was sitting in the student seats, spoke.

Xuan Tianyan's lackeys immediately echoed, ""That's right. You sound so generous. Then why don't you get out? Why did you come to the Genius Academy?"

"If the Genius Academy is the Black Tortoise Academy, then I really shouldn't have come. Was that so? Is the Genius Academy surnamed Black Tortoise?" Ye Qianli retorted. Its sharpness made Xuan Tianyan's pupils shrink.

"Of course not, Genius Academy has always been called Genius Academy! I never knew that the reason why all the teachers asked me the truth was to change the admission rules of the heaven class."

Facing Ye Qianli's question, Mr. Zhu was the first to stand up and answer. He really didn't know that the reason why he asked so many questions was because he was waiting here today.

Yes, Old Zhu thought highly of Xuan Bingyan, but he didn't think that Xuan Bingyan was qualified to enter the heaven class. At least, compared to Ye Qianli, he was not qualified.

It was not because of anything else. It was because after that, after he, Old Zhu, had fought for a chance for him, this kid actually did not manage to get another full score! And Ye Qianli got 401 points.

"All of us examiners don't agree to let Xuan Bing evolve into the heaven class. This is our opinion. None of the teachers have asked us before." Old Zhu added.

"That's not right. Department Director Xuan said that all of you agreed! Otherwise, we wouldn't have given him face." An honest teacher said.

"Uh ..."

At this moment, the entire place fell silent again. Therefore, everyone immediately understood what was going on! It was obvious that Nan Xuan was the mastermind behind this.

As for Nan Xuan? He was even more embarrassed. He never expected that the face-to-face confrontation that he thought would never happen would actually happen here.

After all, to Nan Xuan, even though there would be objections after he announced the results, as long as he explained it clearly! With this group of teachers nodding their heads first, everything would be fine.

In the end...

Ever since Ye Qianli refused to enter the heaven class, everything had been out of his control! He ... This was going to be a little fun.

But since things had come to this, Nan Xuan could only bite the bullet and say, "Ahem, I asked the examiners what they thought of Xuan Bingyan, especially you. You said yourself that Xuan Bingyan is a talented kid, didn't you?"

Chapter 94: It's Time to Take Care of the Scumbag!

"I did say that, but did I say that I agree with Xuan Bingyan entering the heaven class? Department Director Xuan, you have to be responsible for your words. I think you know what I mean." Old Zhu said in a bad tone.

Now that things had come to this, Old Zhu naturally understood what kind of trick Minami had played. He did not understand why the principal had agreed to let such a petty person play with words be the director. It was simply a failure of the academy!

"It seems that we didn't communicate properly about whether Xuan Tianyan will enter the Heaven class or not. However, since today is the opening ceremony of the new students, we will report this matter to the vice dean later. Please continue to announce

the names of the Earth class, Xuan class, and Huang class. " Seeing that the situation wasn't right, an elderly teacher stood up decisively and made a decision.

"That's right. Director Xuan, please continue to announce the name list." The other teachers didn't want to dwell on this problem and basically agreed.

Feng Lihuan also knew that this was not a good time to argue, so he comforted Ye Qianli in a low voice, "" Qian Li, don't worry about this. I'll definitely give you an explanation. We'll talk to the Vice Principal later. Don't worry. "

"Thank you, teacher." Ye Qianli naturally had no objections. In fact, she had never expected Feng Lihuan to say that he was no longer the form teacher for her sake.

As for what she had said, it was not a spur of the moment. If she and Xuan Tianyan were to face the Seventh Prince's younger brother every day, she could not guarantee that she would not do anything, especially when she thought of her grandfather.

Of course, it would be an exaggeration to say that she would kill someone by mistake. She would not be so self-controlled. Moreover, Xuan Bingyan was not Xuan Tianyan. She only felt suffocated when she saw him. She did not want to kill him, but she did want to go to the earth class.

"It doesn't exist." Feng Lihuan didn't think much of it. If he didn't protect his students, then why did he take them in? It's there.

However, with the pressure from the teachers, this matter was naturally put aside for the time being. Minami quickly calmed down and continued to announce the class allocation as if nothing had happened.

In the end, there were a total of 26 students in the earth class, 34 students in the mystic class, and 48 students in the yellow class. The form teachers of each class were also assigned.

Ye Qianli, who had been paying attention to the subsequent class allocation, heard the name " Su Lianhua " on the yellow class name list. She couldn't help but smile.

Feng Lihuan naturally noticed her smile and asked, ""What's wrong? Someone familiar?"

" Su Lianhua, Teacher Feng, have you forgotten about my cousin? She's quite capable. She managed to sneak into the academy. " Ye Qianli explained.

"Your cousin, the girl you kicked off the stage?" Feng Lihuan had some impression of him, but he remembered that he was a child with a bad character.

"It's her." Ye Qianli nodded and looked at the parents of the new students. As she searched, she saw Su Qin, who was looking at the stage with anticipation.

Su Lianhua, whose name had been called, was about to go up on stage to receive his student badge. This badge represented glory and also the word genius.

Ye Qianli looked at Su Qin and felt complicated. She wasn't sad. She had nothing to do with Su Qin, so she didn't feel sad. She just felt sorry for that silly girl again.

Feng Lihuan was well known for his sharp eyes. How could he not see that a primary school student like him was looking for her mother in the crowd? Instead, he saw her mother being proud of her cousin.

What about her?

Feng Lihuan remembered that when he was about to take in a student, her mother was not proud of her, but added a condition to him that he had to take in her cousin.

Therefore, even if he did not ask about Ye Qianli's family affairs, Feng Lihuan knew that she was not doted on by her mother at home.

As for her father, Feng Lihuan...

Feng Lihuan was trying his best to recall Ye Qianli's father when he saw Ye Qianli suddenly looking at the palace door.

Then, he saw Ye Qianli's father. Yes, her father. He remembered now.

"..Even Ye Qianli herself did not expect Ye Fengtian to appear here! She remembered that when she left, he was still unconscious. She did not go to see him because she felt that it was unnecessary.

But he came?

Yes, Ye Fengtian was here. His face was still pale and he looked like he had not recovered from his injuries. After all, he was a man whose dantian had been severely injured. The only reason he was not crippled was that the dynasty had used excellent medicine.

As soon as Ye Fengtian entered, he naturally looked for Ye Qianli among the students, but he did not see her! He didn't see any of his children on the stage.

"Is it too late?" Ye Fengtian did not know if he was late, so he did not see Ye Qianli. She might have already left.

After all, he heard that his daughter, Ye Qianli, should have been in the Heaven Class. She should have received the academy badge long ago. Perhaps she had already left.

However, just as Ye Fengtian was looking for someone, Su Lianhua, who had just received the badge, waved it happily at him and shouted, ""Uncle! I'm here."

Because entering the Genius Academy was something worthy of the entire clan's glory, Su Lianhua's excited shout didn't make anyone feel that it was inappropriate.

The other students were also holding the badges in their hands and cheering loudly to their parents and relatives.

However, Su Lianhua's shout made Su Qin stand up in surprise. She looked towards the entrance of the palace and saw Ye Fengtian.

Su Qin, who did not expect Ye Fengtian to come, was also delighted. She walked towards the entrance of the palace and said with a smile, "" Feng Tian, you're here too. Look at Hua 'er, isn't he making us proud? "

Where's Li-er? " However, Ye Fengtian was not here for Su Lianhua. He ignored Su Lianhua, but he asked his wife, Su Qin.

Su Qin, who was asked this question, was obviously stunned. She stopped in her tracks, but soon, anger appeared on her face. She naturally wanted to add fuel to the fire and tell them about Ye Qianli's " trouble ".

However, Ye Fengtian frowned impatiently when he saw her expression. ""You'd better think carefully before you speak. Where's Li-er?"

Su Qin was speechless. Although she did not like her daughter, her husband was still her husband. Moreover, their relationship was still very stiff. She could not offend him again.

Su Qin looked at Ye Qianli's seat reluctantly. Ye Fengtian saw that his daughter was not among the children. She was sitting at the front of the VIP seats with a group of teachers.

Furthermore!

Chapter 95: Family, Good Son-in-Law (1)

What made Ye Fengtian excited was that his daughter was looking at him too! His Little Li-er was also looking at him. This actually made him somewhat at a loss for what to do for a moment.

"General, you..."

At this moment, Ye Nan, who had been following Ye Fengtian quietly, noticed that Ye Fengtian's hands were trembling. He instinctively thought that the general was not feeling well and was about to remind him when he noticed that the corners of the general's eyes were wet.

The second time, this was the second time Ye Nan had seen Ye Fengtian's tears. The first time was at the Vermillion Bird City. When the enemy threw the old king's broken hand over and the general recognized that it was the old king's hand, he cried...She was crying loudly.

Ye Nan had followed Ye Fengtian for many years. He had grown up with Ye Fengtian, gotten married, and had a daughter. He was a general of the Ye family who had witnessed Ye Fengtian's entire life.

However, in the past forty years, Ye Nan had never seen Ye Fengtian cry, not even when he killed someone for the first time, not even when he was trapped with his troops for the first time, not even when he lost his mother...

In the first half of the general's life, there was a saying: "A man who leaves blood does not shed tears." It was only when the old prince who stood behind him fell that he cried.

Now, for the sake of his daughter, for the sake of the daughter he had never doted on in the past and now regretted it too much, he was crying when he looked at him.

"If I had known this would happen, I wouldn't have done that." Ye Nan could not help but sigh in his heart. He had once advised the general not to be too strict with the young lady. At that time, the general did not think much of it. He only said that the young lady would inherit the future of the Northern Region in the future. It was for her own good to be strict with her.

Later on, when the Sage Emperor intended to make the young miss the Crown Prince's concubine, the general became even stricter with the young miss. He had heard Madam Ren treat the young miss harshly, and agreed with Madam Ren's words that if one wanted to become a member of the royal family, one had to be meticulous and meticulous in everything from a young age.

Miss was still so young at that time, only twelve years old, but she was forced to pull a long face every day. She didn't even have a smile left in front of others.

This was only what he saw. He had been following the general on expeditions all year round, so what about when the young miss was alone in the manor? Young miss was probably living even worse in front of the madam who was still obstinate.

"Sigh..." Ye Nan sighed in his heart. However, it was not his place to say anything about the general's family affairs. He could only sigh secretly.

He did not know if Miss could forgive the General who had repented. He heard from Ye You that the General was in danger that day outside the city and Miss had saved him. He believed that Miss still had General as her father in her heart.

..

As for Ye Qianli, she was still looking at Ye Fengtian. When she saw that Ye Fengtian ignored Su Lianhua and Su Qin and finally looked at her, she felt happy.

Right, at this moment, Ye Qianli felt that maybe she could treat this person better. She thought that if that silly girl was still alive, she would be very happy.

Ye Fengtian used his actions to prove that Su Lianhua was no longer the only actor in his eyes. He had truly realized what he had missed and what he wanted to make up for.

No wonder some people said that the death of the heart was an instant, and the warmth of the heart might only be an instant...No matter how much Ye Fengtian had done wrong, they were blood relatives after all. Even if she could not truly forgive him from the bottom of her heart, her heart still softened.

"Go over. Your father doesn't look very well. Find a place for him to sit down." Feng Lihuan was happy for Ye Qianli. No matter what, this father looked alright. He was seriously injured and still came to attend his daughter's opening ceremony.

Ye Qianli thought about it and stood up. However, when she stood up, she saw something...The beautiful prince actually walked over before her?

This ...

What was going on?

"Hahaha, this Rong Mo! I can't tell. Hurry up and go." Feng Lihuan smiled and pushed Ye Qianli, who was dumbfounded, to hurry over.

Ye Qianli walked over in confusion, especially when she saw the beautiful prince reaching out his elegant hand and helping Ye Fengtian to sit down.

She must have seen a ghost. This was not the beautiful prince she knew...

In fact, Ye Qianli was not the only one who was stunned. Even Ye Fengtian was shocked by the preferential treatment! Therefore, once he was supported, he did not dare to move. He would do whatever the Crown Prince told him to do.

When had the Crown Prince ever been so kind to anyone? The Crown Prince was also lukewarm towards the Emperor! It was really weird for her to be so kind to him at this moment.

However, Ye Fengtian did not stay stunned for long. When he saw Ye Qianli walking over, he quickly stood up and shouted, "Li-er. "

Ye Fengtian felt uneasy because he did not know how to face it, but he really wanted to see his daughter, especially since it was her opening ceremony today.

His daughter was attending the Genius Academy. Other students would definitely have parents or relatives accompanying them, but what about his daughter?

Ye Fengtian knew that he could not count on Su Qin. As for his father, the only member of the Ye family that his daughter still cared about, his whereabouts were unknown, so how could he not come?

".. Father ..." The word slipped in her throat, and Ye Qianli finally called out. She felt a little relieved. Although she still felt sorry for that silly girl, she was still alive.

After all, the one who killed the silly girl was not her father. Although his stupidity and indifference were also a kind of indulgence, in the silly girl's heart, she still treated him as her father.

"!"Ye Fengtian, who was called father, started crying. He covered his eyes with his hands and did not cry! But she couldn't stop her tears.

"I'm sorry, I'm sorry..." Ye Fengtian's heart ached for the late apology. He did not expect that his daughter would forgive him after so many mistakes and that he would be able to hear his daughter call him " father " in his lifetime.

As expected, her daughter was still like her grandmother. She was kind and magnanimous. No matter how many mistakes he had made, she would always tolerate his mistakes...

However, although he was very excited! However, Ye Fengtian quickly suppressed his surging emotions. After all, this was a public place. He forced himself to stop crying, but he could not help but look at his daughter passionately.

However, Ye Qianli did not call him father again. Ye Fengtian shook his head and cursed himself for asking too much. He then asked excitedly, "" How is it? Father heard that you're in the sky class. Did you receive your badge? Father is still late? "

"No, I haven't received it yet." Ye Qianli replied, and then she looked at Rong Mo. She didn't know why he didn't leave, and even seemed to be listening to their conversation.

Her glance reminded Ye Fengtian that there was such a big shot beside him. He hurriedly said, "Oh oh, His Highness the Crown Prince is here too. Li-er, you haven't met His Highness yet. "

"Your Highness, hmm ... Thank you so much for just now." Ye Qianli thanked him, thinking that the prince should leave now. Why did she feel that it was so strange for him to be sitting here?

"We're family. You're welcome." Rong Mo said.

Chapter 96: The Late Truth!

Ye Qianli was speechless. What did he mean? This ... Hmm, could it be that the beautiful prince's actions just now were to please his future father-in-law? This ...

It can't be, right?

Would a beautiful prince do such a thing? No, no, no, it was impossible.

However, he seemed to have really done it...

Ye Qianli was confused and a bold idea popped up in her mind. However, Ye Fengtian, who had yet to react, nodded and said, ""Yes, yes, a family. No! This ... Your Highness, you, this is ..."

Ye Fengtian did not know that the imperial edict had already been issued. He only knew that the Sage Emperor had this intention and had asked someone to draft the edict. He was probably going to announce it to the world after the matter in the north was settled.

However, the Crown Prince seemed to have tacitly agreed! Moreover, he was quite satisfied with this marriage! Otherwise, why would a noble person like His Highness be so kind to a general like him? So amiable to Li-er?

This ...

A good thing was a good thing! However, when he looked at Li-er's expression, why did it seem like she was not too happy? Could it be that Li-er did not like His Highness the Crown Prince?

As Ye Fengtian was thinking about this, Su Lianhua's voice rang in his ears, ""Uncle, uncle, you're here too. Are you going to bring aunt back to the Northern Region?"

".."Ye Fengtian frowned when he heard that. He looked over and saw Su Qin, whom he had completely forgotten about, walking toward him with Su Lianhua's help. However, she was stopped by Ye Nan.

"Uncle Ye Nan, you..." Su Lianhua, who was stopped, was shocked. She had never been stopped by anyone in the Ye Residence before! But now, he was stopped in front of everyone.

"Ye Nan, how dare you!" Su Qin's expression also changed. She naturally recognized Ye Nan, so she immediately scolded him. Moreover, because her scolding was louder, it attracted the attention of some students and parents nearby.

Ye Fengtian's face darkened when he saw this. He stared at Su Qin coldly and said, ""Alright, if you want to make a scene, go back to your Su residence." Su Lianhua was stunned by his words.

Ye Fengtian did not want to bother with them anymore. He asked Ye Qianli in a low voice, ""Li-er, when will your ceremony end? Is there a quiet place? Father has something to tell you."

However, before Ye Qianli could say anything, Rong Mo replied, "" The ceremony has ended. We'll rest for half a day. The new students 'sparring competition will start in the afternoon. You can come to my place first. "

"I don't need to get the dormitory key? I don't know where I'll be assigned to live, and there's a class meeting or something." Ye Qianli remembered that she had a lot of things to do. Why did she only rest for half a day?

"Your class isn't clear yet. It's not easy to divide the dorms and attend class meetings." Rong Mo said.

Ye Qianli was speechless.

"Why haven't you divided the classes yet? Didn't they say that they were in the day class? Did something happen? What's going on?" Ye Fengtian was confused. He had no idea what was going on.

"Because sister...Qian Li doesn't want to go to the upper class, so she asked to transfer to the earth class. The head teacher and the teacher in charge were unhappy because of this, so they haven't settled it yet." At this time, Su Lianhua, who was unwilling to give up, took the opportunity to speak.

Yes, it was! He just couldn't accept it.

Su Lianhua did not understand why Ye Qianli did not even look at Ye Fengtian before this. It was as if she was going to cut ties with him forever. Why is it like this now?

There was more!

And what about His Highness the Crown Prince? Why didn't he say that he was helping his uncle before, and now he was talking to Ye Qianli so nicely? Why did the three of them feel like a family when they were together? But she and her aunt were rejected?

However, Su Lianhua's reply this time was Ye Fengtian's cold statement, "" I didn't ask you anything. Since your relationship with your aunt is good, help your aunt to go and do your things first. In the future, when I talk to Li-er, there's no need for you to come and speak for me.

In the past, I was the only one who could not judge people clearly, so I will not pursue this matter with you. However, what happens to my daughter in the future has nothing to do with your Su Residence. I hope you will remember this."

He, Ye Fengtian, was blind in the past. He had always thought that Su Lianhua was a little flower that could talk and talk. She was smiling and obedient. Everything was good! She was better than her daughter in every way.

Now that he was listening and watching, how could he sow discord and make people hate him? What did he mean by Li-er not wanting to go to the upper class and making those teachers and head teachers unhappy?

Why didn't Li-er go to the good heaven class? Then there must be a big reason. She must have suffered a great grievance. Why did it sound like Li-er was making trouble out of nothing and messing around blindly from Su Lianhua's mouth?

Previously, he still thought that it was only this child's mother who was not good, and that brother-in-law of his was stirring up trouble. Now, it seemed that this child had a problem too. No wonder Li-er did not like her.

Speaking of which ...

Li-er, you said previously that she harmed you, drugged your tea and wanted to ruin your innocence? " Ye Fengtian thought of many things at once. It was just that at that time, he had always let Su Qin handle this matter, so he would say that it was done by the people around Li-er.

He said something like, because Li-er hit that servant, that servant wanted revenge, so he drugged Li-er's tea and even made his own cousin come and humiliate Li-er.

He believed it! He believed it back then, so he allowed Su Qin to kill the people around Li-er. Now, it seemed like there was really something fishy going on.

"The evidence has been destroyed." Ye Qianli said calmly. When she woke up, her handkerchief was gone, and everyone around her was dead. What else could she do? Besides, she didn't want to do anything. She just wanted to leave the Ye residence.

"Uncle, you..." Su Lianhua's face turned pale when she heard this. She did not expect Ye Fengtian to still want to pursue the matter that happened so long ago.

" Yes, the evidence was destroyed quite cleanly. That pig-like cousin's family, all three clans were killed. The princess consort's methods are very shrewd. " Rong Mo added casually.

"Su Qin?" Ye Fengtian's heart skipped a beat. He looked up at the Crown Prince and saw the latter's cold face. His heart twitched violently.

Could it be that what happened back then! He harmed his daughter and Su Qin kicked him? She harmed her own daughter, Su Qin...Why was she doing this?

"Feng Tian, you..." After all, Su Qin and Ye Fengtian had been married for many years. When she heard Ye Fengtian's tone and looked at his expression, she immediately knew that he believed the Crown Prince. She could not help but panic. She wanted to explain.

Your Highness, please lead the way. Li-er and I will go to your place first. " Ye Fengtian did not want to hear what Su Qin had to say. He did not want to see her, and he did not want to see Su Lianhua either. He wanted to figure out the whole story.

He also knew that the Crown Prince had intervened in all these matters that day! Then, the Crown Prince's words must be true. The Crown Prince was the god of the Vermillion Bird Dynasty. Why would he malign anyone?

However, after Ye Fengtian and Ye Qianli left with Rong Mo and Ye Nan, the Purple Spirit, who had previously been at odds with Ye Qianli, went to look for Su Qin and Su Lianhua, who had walked out of the hall in a daze.

However, the three of them did not know that Ye Qianli had returned!

Chapter 97: Escaping a Conspiracy!

"Wait a moment, I'll go say goodbye to Teacher Feng." It turned out that not long after Ye Qianli left the hall, she suddenly remembered that she had left without even informing Feng Lihuan, so she quickly turned back.

"Uh ..." Ye Fengtian looked at Rong Mo awkwardly and explained, " This child is so reckless. I'm sorry to make a fool of myself in front of you, Your Highness. "

"No worries." Rong Mo was obviously used to it. He stood there and didn't leave. It seemed that he would wait for Ye Qianli.

"..”Ye Fengtian could not help but think to himself,'It seems that this daughter of mine is quite capable. She must have caught the Crown Prince's eye. Otherwise, why would someone like the Crown Prince wait for me here?'

He just did not know what exactly Li-er herself meant? However, seeing her run away so naturally, he seemed to be quite used to it.

While Ye Fengtian was guessing, he did not know that Ye Qianli had just returned to the main hall and coincidentally saw Purple Spirit, Su Lianhua, and Su Qin together at a fork in the road.

"What are these three people doing?" Seeing this, Ye Qianli subconsciously stopped and hid behind a stone stele. However, as soon as she hid, she saw that the "sneaky" trio had already turned into a nearby flower garden.

"It looks like they're up to something. Let's go and take a look!" At this moment, Magic Box also noticed that something was wrong with the three of them and immediately expressed his opinion on the bullet screen.

Ye Qianli had the same thought, so she approached the three people stealthily. She wanted to see what tricks they were up to.

However, when she approached, she vaguely heard: "That's all I have to say. What you think is your own business. There are too many people here. If you're interested, come to the Ming You Pavilion in an hour."

The person who said this was obviously Purple Spirit, and as soon as she finished speaking, she left immediately! He was indeed a very careful and cautious person.

At the same time, new students walked out of the hall one after another.

After all, the opening ceremony had just ended. Many new students did not leave the hall immediately. The parents still had to bring their children to exchange a few pleasantries with the teachers.

Su Qin and Su Lianhua left early because everyone kept looking at them after Ye Qianli and the others left. They always felt awkward, so they left early.

"Hua'er..." After Violet Spirit left, Su Qin was about to say something when Su Lianhua immediately shushed her and said, "Aunt, she's right. After all, there are too many people here. Let's talk when I get the dormitory key."

"Alright." There was no anger in Su Qin's tone at this moment. Instead, it sounded quite gentle and there was a hint of helplessness. It seemed that what happened in the hall just now had a big impact on her. She was very worried that the matter would be exposed, even though she felt that she had done it very cleanly.

After the two of them left, Ye Qianli came out from the other side of the parterre and glanced thoughtfully at the two Sus.

"Thousand..." At this moment, Red Knife, who had just walked out of the hall, spotted Ye Qianli and was about to call for her.

"!"Ye Qianli quickly gestured for him to keep quiet. Then, she walked over and asked, "Has Teacher Feng left? " I forgot to greet him just now."

"No, they went straight into the inner hall after the ceremony. They must have gone to discuss you and Xuan Bingyan. Didn't you see them?"

Red Knife asked in surprise. After the freshmen received their badges, Director Xuan, the teacher in charge, and Old Zhu went into the inner hall.

"Uh, I didn't notice." Ye Qianli rubbed her forehead. She had been thinking about what the prince meant. Otherwise, she wouldn't have forgotten to tell Teacher Feng and leave. She was still thinking about it.

However ...

"Old Zhu and the others went? Rong Mo didn't need to go? Isn't he also an examiner?" Ye Qianli asked curiously. According to Old Zhu, the opinions of all examiners were very important.

Red Knife looked at Ye Qianli with a strange expression. The latter was confused and couldn't help but think, did I say something wrong?

Seeing that she really didn't know, Red Knife said, "" You actually don't know that Senior Brother Rong is famous for being arrogant in the academy. Apart from the dean, he doesn't listen to anyone else's commands. No one can do anything to him. Otherwise, how could Senior Brother Rong be so popular? He's the one who's amazing! "

Ye Qianli was speechless.

She really didn't know. She had wanted to say, " Look at the Black Tortoise Dynasty. Even the royal family has a dean. What about our Vermillion Bird Dynasty? "

Now that he compared them, the director was nothing. He was still the handsome prince.

Other than the legendary headmaster, no one could do anything to him. No wonder he was so sure that no one could dismiss him from his position as an examiner.

"Oh right, don't just ask me, why are you here? Didn't you go out with Senior Brother Rong and that uncle? Who is that uncle? He looks quite impressive. I heard that he's your father?" Red Knife asked nosily.

"It's my father." Ye Qianli replied, " Since Teacher Feng is not free, I will leave first. His Highness is still waiting for me. Help me tell Teacher Feng that I am at Rong Mo's place. "

"What? Do you mean I should wait until they finish their meeting? I'm not doing it. I'm busy!" Red Knife immediately protested. Why did he have to work so hard for this fiancée?

"Please, please! Later, I'll draw a pattern on all the spirit weapons you've refined." Ye Qianli added.

"That's fine. I'll wait! Also, don't tell Senior Brother Rong about this. This is our deal." Red Knife reminded him in a low voice. Otherwise, he would be beaten up. According to Rong Mo's evil intentions, he would definitely need his services for free.

"Alright, go quickly!" Ye Qianli felt that Red Knife was too long-winded, so she quickly dismissed him and returned to the place where Rong Mo and Ye Fengtian were left.

However, when Ye Qianli returned, she did not see Ye Fengtian on the streets, only the beautiful prince! There were also many girls looking at him from afar!

No, they weren't all looking at him from afar. That Big Senior Sister Ye Shang walked over! He was walking quite close to her, and she didn't know what he was talking about. She was smiling so happily, but the beautiful prince still stood there coldly.

"!"

Ye Qianli was looking at him, and the beautiful prince seemed to have sensed her gaze. He turned his head and stared at her. That pair of deep and boundless eyes, like the eyes of the universe, caught her off guard and made her heart jump!

" Junior Brother Rong, you should persuade Junior Sister Ye. If the vice headmaster doesn't approve, let her endure it and be in the same class as Xuan Bingyan. In the future, with her talent, she can apply to skip a grade and be in the same class as Junior Brother Hong. " At this moment, Ye Shang was trying to persuade him.

However, Ye Shang did not even get a simple " hmm " after she finished speaking. She also noticed that Rong Mo was not looking down at this moment. She did not know what he was looking at or thinking about. Instead, he was looking sideways.

Chapter 98: Pounce on the Beautiful Prince Again!

Ye Shang followed Rong Mo's line of sight and naturally saw Ye Qianli, who was smiling foolishly while feeling guilty for some reason.

"Ha..." Ye Qianli, who was actually laughing dryly, knew that she could no longer " peek " anymore. She could only walk towards the two people in front of her and greet Ye Shang, " Senior Sister Ye, you're here too. "

"So Junior Brother Rong was waiting for you. I was wondering why I was so lucky to meet such a busy person on the way." Only then did Ye Shang know why Rong Mo was standing in the middle of the road for people to " watch " him. He was actually waiting for someone.

" Hehehe, I suddenly had something to do, so I asked Your Highness to wait for me. " Ye Qianli smiled awkwardly because she noticed that the gazes of the people around her were getting more and more intense, as if they would pounce on her at any moment.

"Let's go." At this moment, Rong Mo retracted his gaze. After saying one word, he continued to walk forward as if he had not stopped at all. It was as if Ye Shang was not by his side.

Ye Shang was used to it and complained to Ye Qianli, ""He left just like that without even saying goodbye. Forget it, Junior Sister Ye, it's hard for you to tolerate his personality. You go first. I'm going back to the dormitory too. Good luck in the afternoon."

"Thank you, Senior Sister Ye." Ye Qianli didn't dare to say anything bad about Rong Mo. She only thanked him and went to chase after him. Otherwise, she wouldn't be able to see him in a while. This guy walked very fast, although he looked orderly, probably because of his long legs.

However, when she caught up with Rong Mo, Ye Qianli thought for a moment and asked in a low voice, "" Your Highness, why do I feel that you don't like Senior Sister Ye very much? "

".."Rong Mo glanced at her, which confused Ye Qianli. She felt that there was something else in his eyes, but she didn't know what it meant.

While Ye Qianli was still in a daze, Rong Mo suddenly asked, ""What did Red Knife say to you last time?"

"What?" Ye Qianli didn't understand. After all, Red Knife had told her a lot of things. Was this the question?

Seeing that she had not reacted at all, Rong Mo added, ""The time you went to Treasure House to look for me."

" Oh, that time. I didn't say much. I remember that you kicked him out the night before. He seemed to be very familiar with you. I asked him if he knew where you went, and then he took me to the Treasure House. " Ye Qianhui replied.

As for the question of catching her in an affair, she would definitely not say it again. After all, no matter how she looked at it, she did not think that the beautiful prince and that senior sister were having an affair.

Red Dagger's lie was too powerful. If she foolishly said it, wouldn't she be digging a hole for herself? But wait! Wait a minute ... Something was wrong.

"Red Knife also said...Yes, he also said ..." Ye Qianli looked up at Rong Mo and saw that he was still looking at the road. She didn't know what he was thinking, but she felt that she could give it a try.

"Say what?"

"He said that you and Senior Sister Ye are in love, so you went to look for her. She's at the Treasure House." Ye Qianli finished her sentence in one go, then silently lit a candle for Red Knife in her heart.

Even though she wasn't sure what Rong Mo was thinking about her, she was sure that Rong Mo wasn't interested in that Big Sister. If that b * tch, Red Knife, slandered the beautiful Crown Prince's reputation behind his back, he would most likely be in trouble.

"Oh?" As expected, Rong Mo raised his eyebrows. Where was Ye Qianli? His breathing quickened.

If the beautiful prince liked her, he should at least explain himself now! Of course.

However-

Not really.

Rong Mo replied with an " oh " and then fell down without even giving a meaningful explanation! Bad review. Didn't he like her?

Ye Qianli couldn't figure it out and asked angrily, ""Isn't that so? Don't just say 'oh', explain."

Rong Mo stopped in his tracks and turned around to look at Ye Qianli. He asked, ""What do you think?"

Ye Qianli was speechless. She was asking him why he had thrown the ball to her instead. What was going on?

"Hmm?" Rong Mo wanted to continue asking, but he didn't seem like he was going to leave until he answered.

Ye Qianli was speechless.

Speechless, she fell silent for a while before reluctantly replying, ""I don't think so."

" Such a simple question, yet you can still think for five breaths. Your brain is pretty good. " Rong Mo sneered coldly before he continued walking.

Ye Qianli was speechless. She was giving him a chance! Give him a chance to explain! Explain to her, his fiancée! Why did it become a feeling of worrying intelligence?

"Where is my father?" Ye Qianli decided to forget about it. She didn't want to guess what this prince was thinking. It was too tiring. She wanted to ask some practical questions.

"Let him go back and rest first. We'll go over in two hours." Rong Mo said.

"Two hours?" When Ye Qianli heard the time, she immediately made a connection. Then, she heard the beautiful prince say, " Ming You Pavilion, don't you want to go? "

"!"Ye Qianli's eyes widened and she stared at Rong Mo in disbelief. " This guy has super hearing! " He heard the three women's words from so far away? Oh my god ...

Wait a minute! She seemed to have said bad things about him behind his back. Did she hear it too?

However, Rong Mo didn't seem to have any intention of explaining himself, so Ye Qianli didn't want to expose herself. She asked, ""Then let's go now? Isn't it in an hour?"

"The Violet Spirit is smarter than you." Rong Mo replied in a completely different tone.

Ye Qianli frowned, but she didn't think Rong Mo was insulting her. Instead, she asked in a low voice, ""You mean, she was afraid that the walls had ears, so she said that she would meet in an hour. In fact, she should have another secret code, and I didn't notice it?"

Rong Mo did not reply this time. However, he quickly brought Ye Qianli to see the truth. When they found the place where they could secretly see the 'Ming You Pavilion', Su Lianhua had already met up with the Purple Spirit alone!

Ye Qianli couldn't help but admit that the two of them were quite good at playing the game of backstabbing. Not only did they have a secret plan, but they even managed to dump Su Qin.

However, just as she was thinking about this, she heard the light footsteps of someone nearby! This ...

Ye Qianli immediately looked at Rong Mo, who had already turned to look at the source of the voice. Apparently, he had also noticed that someone was coming! However, their location was clearly very well-hidden. Who would come here for no reason?

"Miss Violet Spirit said that we have to watch this area carefully in case there are people." At the same time, orders came from outside.

Purple Spirit? She was actually this strict? He even thought of this.

Ye Qianli frowned and looked around, trying to find a place to hide. She couldn't be caught red-handed and chased away.

The rustling sounds of the search were already closing in on the two of them. Rong Mo had originally retracted his gaze and was about to pull the people beside him to hide in the tree. After all, although those people were close, he was still confident that they would not notice.

However, just as he was thinking about this, his hand was pulled over by his little fiancée beside him. She even pulled him to the side? Without waiting for him to stop her, this little woman threw him into a corner...

Chapter 99: The Beautiful Prince's Smile

Rong Mo was speechless.

"Shh! Don't move, don't talk." Ye Qianli, who had pounced on the prince, was still staring at him and mouthing him. She didn't realize how flirtatious it was for her to pounce on the prince.

When she turned her head and saw that the beautiful prince's legs were too long and his shoes were exposed, she patted his legs rudely, indicating for him to quickly retract his long legs.

Of course, Rong Mo wouldn't do it. He felt very uncomfortable being pressed against the wall like this! He wanted to get up, but just as he was about to move, Ye Qianli grabbed his leg and forced him to pull it back.

Rong Mo was speechless.

"Don't be willful! It'll be done in a while." However, Ye Qianli, after grabbing his leg, gritted her teeth and mouthed a warning to him.

Would it kill him to bend his leg at this time? Can't you see that your legs are exposed? What if someone saw them? You have to be more professional when eavesdropping, okay?

Rong Mo was speechless. What could he say? He didn't need to be so aggrieved, but she had to drag him in, but...Although his brows were deeply furrowed.

However, Rong Mo had to admit that the corner that they had crawled into was really a blind spot. It would be very difficult for anyone who came in from the outside to find out that there was a small corner where someone could hide unless they searched inch by inch.

After all, after he looked around just now, he only noticed that there was a good spot to hide on the top of a nearby tree.

Where was Ye Qianli?

She could probably see that there was a spot on the tree where people could hide, but she must have felt that the commotion on the tree was too loud, and the people nearby were too close. They would definitely notice.

However, because this corner was covered by some flower beds and was close to where they were standing just now, it did not affect her at all when she pulled him over.

At this moment, the rustling sounds outside were getting closer and closer. Some of the footsteps seemed to be right beside his ears. Rong Mo could feel that the person who was almost on top of him was extremely nervous.

After all, although this was a blind spot, if someone searched too carefully, they could still find them, so it was normal for her to be nervous.

However, she didn't panic at all. Her pair of big eyes that were staring outside were clearly flickering with a bright dark brown glaze. When they intersected with the sunlight that was reflected through the mottled leaves, the sharpness became sharper! The more vivid and bright it is.

At this moment, she was like a wise and fierce little leopard. She was hugging his leg warily and staring at her "prey" with a look that seemed ready to explode at any moment.

Hence...

He reached out and patted her head.

“!?”The vigilant Ye Qianli’s hair stood on end when he touched her head! She was already on high alert and her bowstring was taut. Suddenly, she was "plucked" and almost jumped up.

He was courting death!

Ye Qianli glanced sideways and glared at Rong Mo, but her attention was obviously focused on the outside. She could feel it! There was someone right in front of them, this beautiful prince who was courting death! He actually moved at this time? Move my ass!

If she was caught red-handed today, she would definitely beat this guy to death! Although she couldn’t be killed.

“..”Rong Mo, who naturally noticed that there was someone in front of him, clenched his fist and placed it against his mouth to hide his suspicious smile.

However, even though the curve of his lips was covered by him, the smile in his eyes could not be hidden! Ye Qianli, who was furious, was shocked by the warmth in his eyes.

Yes, it was!

He was indeed shocked.

It was the first time Ye Qianli saw something other than " dark, cold, mysterious " in Rong Mo’s eyes.

But now?

He was actually smiling?

Was he laughing? It should be.

Although the light was very faint, Ye Qianli could still capture the warmth of the light. The moment it bloomed in his eyes, it was like a warm yellow spring flower, warming the end of winter and the beginning of spring.

So pure and warm.

“ .. ”

At this moment, Ye Qianli suddenly felt that this was the real beautiful prince. His aura was as pure and clean as ever, without a trace of vanity or dust.

However, just as she thought this, the person outside squatted down as if he had sensed that there was a corner here that could hide someone!

"!"Ye Qianli tensed up once again and suppressed her thoughts for the time being. She was already paying close attention to the situation outside.

At this moment, a voice that had sounded from outside earlier had already instructed in a low voice," This position is indeed very important. We can see everything that's happening over at Miss Violet Spirit's side. If our cultivation base is slightly higher, we can even hear the contents of their conversation. Everyone, stand here and don't leave. We'll leave after Miss Violet Spirit is done. "

Ye Qianli was speechless. In this situation, they couldn't tell him at all! No, the beautiful prince had clairaudient ears. He would definitely be able to hear it.

Therefore, she asked Rong Mo again, ""You can listen, right?"

Rong Mo did not let her down and nodded slightly, indicating that he could hear what the two women were talking about.

Ye Qianli heaved a sigh of relief, but she was also a little jealous. Why didn't she have clairaudient? Otherwise, she would have heard it too.

However, the Magic Box, which had almost become a worm in her stomach, grumbled," You should be content. Because of the ancient battlefield aura, your gaze has been optimized enough. "

"I think he sees further than me! He has both clairvoyance and clairvoyance." Ye Qianli said enviously.

"Speaking of which, he's indeed very powerful and mysterious. I can't even tell what level his cultivation has reached. Is he a second-stage talent, a third-stage talent, or is he already a fourth-stage talent? I can't sense it at all." The Magic Box was also very depressed.

Rong Mo was the only person whom it could not sense his cultivation base at all. The more it interacted with him, the more it could not estimate his cultivation base. It felt as if there was a layer of fog shrouding this person, so much so that its divine sense could not penetrate it.

"You're too weak." Ye Qianli didn't think much of it. In her opinion, no matter how strong Rong Mo was, a third-year student would at most be a third-grade talent. However, the talent he had awakened was definitely more amazing than anyone else.

"Bah! That Old Zhu was a fifth-rank talent! Your teacher is also a fifth-rank talent. The two of them are the strongest people you've ever seen. Of course, I don't understand this Crown Prince." The Magic Box was not convinced.

“..”Ye Qianli was shocked. Mr. Zhu and Mr. Feng were level five talents! Uh ... This ... Then ...

What about Rong Mo?

Chapter 100: Ultimate Sparring Convention!

Ye Qianli didn't know. She only knew that when the people outside left, the shock of this question hadn't subsided. She was still lying on the beautiful prince's lap.

"Get up." Rong Mo reminded.

Ye Qianli turned to look at him and asked in shock, ""Your Highness, what level of talent are you?"

Rong Mo was speechless. What did this have to do with her?

" Your Highness, are you a Tier 4 talent? " Ye Qianli felt that her guess was already very bold. After all, a level one talent was equivalent to a Mystic King! If it was a Tier 4 talent, then his combat strength...

Ye Qianli didn't dare to think about it. The key point was that the last time, he had only used one talent and had already killed the Taoist priest of the Xuanwu Grand Preceptor's Residence! If he was really a Tier 4 talent, then what were his other three talents? Would they be able to destroy the Black Tortoise Dynasty if they were released?

"Get up." Rong Mo didn't answer and only moved his leg that was being held down. However, when he moved, he seemed to have touched a soft part, which made him stop moving.

“..”Ye Qianli let go as if she had been stung. After all, she could feel it, so of course, she noticed that the man's leg had touched her chest! No, no...

It should be said that her chest had been pressing down on his leg, but when he moved his leg, it rubbed against her...This was f * cking awkward! What had she done?

However, Rong Mo stood up and walked out of the room, leaving Ye Qianli sitting there.

"Why aren't you coming out yet?" Rong Mo said from outside.

"Oh." Ye Qianli stood up and shook off the dust on her body. She pretended that nothing had happened and asked, " What did you hear? "

"Let's talk when we get back." Rong Mo glanced at her and saw that she was very calm. He did not say anything else and walked out of the garden. Ye Qianli quickly followed him.

If someone saw them at this time, they would probably think too much. They were too much like lovers who went to the flowers to do bad things!

By the time they reached Rong Mo's place, it was already past noon after they had finished chatting. Ye Qianli still did not see Ye Fengtian. She thought that Ye Fengtian had overslept because of his severe injuries and the long journey. Without thinking too much, she rushed to the training ground.

The competition between the new and old students was going to be held in the largest training ground in the academy. Ye Qianli had a "mission" to complete, so she couldn't miss it.

As a matter of fact, there were already many discussions about Ye Qianli in the crowded training ground. Moreover, because of her "late" arrival, it caused all kinds of heated speculations.

"That 1001 points isn't up yet? Don't tell me you have stage fright and don't dare to participate in the sparring competition, afraid of being exposed that you can only obtain such good results by cheating?"

"Junior Brother, I think you're thinking too much. A person with 1,001 points should at least be the finale. Why are you looking at him like he's a monkey?"

"Yes, yes, yes! I've heard that this 1001-point player swept the top ten points and even swept another 401 points at the same starting point as everyone else. He's absolutely amazing!"

..

Su Lianhua was sitting on pins and needles, waiting for the start of the competition. She knew that the rules of this competition would be different from the previous ones.

"Ye Qianli, Ye Qianli..." As Su Lianhua listened to more and more people praising Ye Qianli, she slowly made up her mind.

"Hua 'er." When Su Qin heard Su Lianhua calling out the name "Ye Qianli," she seemed to be in a dilemma.

Thinking about what happened before, Su Qin couldn't help but persuade him in a low voice, "Hua 'er, forget it. Let's not compare ourselves to her. No matter what, we are citizens of the Vermillion Bird Dynasty. We can't touch the people of the Black Tortoise Dynasty. You did the right thing by not meeting that Purple Spirit."

"Aunt, don't talk about this here!" Su Lianhua was shocked by Su Qin's words. She glanced around and heaved a sigh of relief when she saw that no one was paying attention to them.

In turn, he was unwilling! That's right, she, Su Lianhua, was just a nameless member of the Huang class. Who would pay attention to her? Everyone was talking about Ye Qianli! Ye Qianli.

Because of Ye Qianli, she had the Crown Prince to go easy on her!

Su Lianhua didn't know the whole story. She only found out that Ye Qianli could get so many points after listening to Purple Spirit's words! It was all because of the Crown Prince, who was one of the examiners. Their Vermillion Bird Dynasty was high and mighty! The most honorable Crown Prince was cheated by Ye Qianli!

"Ye Qianli...Ye Qianli..." Su Lianhua silently recited this name in his heart. He thought back to two months ago! This was a fool who could only listen to her expression and live in front of her uncle and aunt according to her wishes. She did not understand.

Why did everything change ever since she failed to ruin this man's innocence? Why did she, Su Lianhua, end up like this while she, Ye Qianli, became the person on top of everyone?

Everything that belonged to Ye Qianli belonged to her!

She should be the most dazzling genius girl, but now? Ye Qianli's innocence was not destroyed, and her Goddess Body seemed to have been completely awakened. As a result, she was taken in by the Crown Prince and was protected by him.

"All of this shouldn't belong to Ye Qianli. She should be crippled, and I should become the Crown Princess. I should enjoy everything she has. Aunt and Uncle clearly treat me as their biological daughter, but she isn't! She's nothing. As long as she's crippled..."

As Su Lianhua thought of this, her gloomy and struggling eyes suddenly calmed down. She smiled gently, but she muttered in her heart,

"As long as she's crippled, someone as powerful as uncle will never look at her again after she's worthless! A person as high and mighty as the Crown Prince would not even spare her a glance."

Su Lianhua's heart brightened as she thought about it. She quietly looked at the place where the people of the Black Tortoise Dynasty were gathered. She looked at the purple-robed woman who had promised her, and then-

Not far away, Ye Qianli and the Crown Prince appeared again! They came to the scene together and looked so close.

"Ha..." Su Lianhua laughed sarcastically. A " silence " was heard from the venue. It was obvious that the sparring session between the new and old students was about to begin.

Ye Qianli and Rong Mo had indeed arrived at the venue. When many people saw them, they all revealed a " just as I expected " look in their eyes. It was said that all the big shots were the finale.

As soon as Ye Qianli arrived, Feng Lihuan immediately waved at her. She nodded and was about to walk over when she sensed a piercing gaze from the crowd. When she looked over, she saw a stranger!

Moreover...
