Chapter 2238 - 2238 Sword Twenty-four, Everyone Gathered at Jiufang Tribe

Inside the cave deep in the Jiufang Tribe, Chu Kuangren's sword intent clashed with the Heaven Divide Sword's sword intent.

As the sword intent flooded the place, even a Grand Dao Supreme Honorable like the Jiufang Tribe Leader felt pressured, and Nuwa had to use the Creation Crystal to protect herself.

"Such a powerful sword intent! Is he also a swordsman?" The Jiufang Tribe Leader was shocked.

Chu Kuangren used the Radiant Dao to kill Elder Blackwood and called himself the Child of Light, yet he had such high attainments in the Sword Dao.

As though it was challenged, the Heaven Divide Sword's blade buzzed and released a stronger sword intent.

The vast sword intent wreaked havoc across the cave and started to shake the land.

Chu Kuangren narrowed his eyes. "I don't mind suppressing you with my sword intent."

He grunted coldly and increased the power of his sword intent.

"Kaboom!"

The terrifying sword intent clashed furiously.

The Jiufang Tribe Leader and Nuwa were astonished by the impact of the clash. It was terrifying.

Nuwa's legs turned weak, and her forehead was covered with a layer of sweat.

"You two, leave," Chu Kuangren said.

His clash with the Heaven Divide Sword would not end so soon. Nuwa and the tribe leader would only sustain more pressure if they stayed.

"Yes, Sect Leader. Be careful."

"Brother Chu, I'm going out now!"

The Jiufang Tribe Leader hesitated for a moment as he, too, could not bear the sword intent in the cave.

He was not afraid of Chu Kuangren taking the sword away.

The Heaven Divide Sword was the fierce sword among the Nine Humanity Treasures.

Without the sword's acknowledgment, no one could take it away.

This time, the sword intent was filled with destructive intent. It was the sword intent of Sword Twenty-three.

Upon sensing the sword intent getting stronger right after they stepped out of the cave, Nuwa and the tribe leader gulped nervously.

The Jiufang Tribe Leader asked curiously, "Is your Sect Leader really a Grand Dao Supreme God? Why does he feel even scarier than a Supreme Honorable?"

"The Sect Leader's ability isn't something I can figure out," Nuwa said in reverence.

Back in the cave, Chu Kuangren continued fighting the Heaven Divide Sword.

When Sword Twenty-three started to lose, he released another stream of sword intent.

It was the Heaven-slaying Sword Drawing Technique.

The sword intent of the Heaven-slaying Sword Drawing Technique was almost as strong as Sword Twenty-three.

The two sword intents pressed forward as they tried to overpower the Heaven Divide Sword.

However, the Heaven Divide Sword remained strong and fierce.

It made Chu Kuangren think.

His sword intents were at its limit, yet he could not overpower the Heaven Divide Sword.

Suddenly, he realized something in the clash.

“Has my sword intent reached its limit? No, I can still go higher,” Chu Kuangren muttered.

He then started to fuse the sword intents of Heaven-slaying Sword Drawing Technique and Sword Twenty-three into a stronger stream of energy.

The sword intent was sharp and filled with a tyrannical destructive intent.

It was the epitome of destruction and slaughter.

With two extreme sword intents fused, it boosted Chu Kuangren’s Sword Dao to a higher level.

A new sword technique appeared in his mind.

“Sword Twenty-four!”

It was the sword technique that surpassed even Sword Twenty-three!

Sword Twenty-four’s sword intent gushed forward.

The Heaven Divide Sword’s blade buzzed violently. Although its sword intent remained, it was being overpowered.

“I said I don’t mind overpowering you with my sword intent,” he said.

Surrounded by the sword intent of Sword Twenty-four, Chu Kuangren stepped up to the altar and reached out to the Heaven Divide Sword’s handle.

“Buzz!”

The Heaven Divide Sword buzzed violently. It refused to succumb to Chu Kuangren’s power just like that.

“A strong sword indeed.”

The resistance he felt from the sword was unexpected.

Even if its sword intent was suppressed, it still refused to submit to Chu Kuangren.

Maybe he was not the chosen one, or maybe the sword already had a master.

“Master, you can try using the Thousand Weapon Heart,” Lil Ai said.

The Thousand Weapon Heart?

Chu Kuangren’s eyes glimmered with hope. The Ultimate-level technique allowed its user to control all weapons in existence, so it should be able to control the Heaven Divide Sword as well.

With that in mind, he activated the Thousand Weapon Heart.

He used the Thousand Weapon Heart to try and communicate with Heaven Divide Sword.

Suddenly, Chu Kuangren had a deeper insight into the fierce sword intent.

He resonated with the Heaven Divide Sword using the Thousand Weapon Heart.

Slowly, the sword started to be less resistant.

“It can work.”

With that, Chu Kuangren continued.

He suppressed the sword intent while trying to resonate with it using the Thousand Weapon Heart.

It was like punishing and rewarding the Heaven Divide Sword at the same time.

...

Outside the Nature Formation, several figures arrived.

It was Leng Xiaotian, Liu Ruohuo, Ao Qingtian, and Divine Bachelor Fengyue.

“Oh, you guys are here as well? It seems like you guys know about the Jiufang Tribe as well.” Ao Qingtian looked at the others with surprise.

“All of us here are from the Human Sanctuaries that have a long history. Of course, we’ve heard of the Jiufang Tribe,” Divine Bachelor Feng Yue said.

The location and existence of the Jiufang Tribe were extremely secretive, but since it existed, there should be clues about it.

All of them were from ancient Human Sanctuaries, where they had records of the Jiufang Tribe. They all came with the same thought — for the Opportunities of Fortune.

“A human tribe that is trapped in the spirit world for countless years and survives the resets of the universe must contain a huge secret,” Divine Bachelor Fengyue said as he hugged the woman in his arms.

“Be it how they survive the resets or the secret that traps them here, both are worthy of exploration.”

“I followed several tribe members and came to the mountains, but there is nothing here. Do you all have any ideas?”

“It’s a formation.”

A voice sounded from the void, and a white-haired elderly arrived.

“Elder Dichu?” Divine Bachelor Fengyu said when he saw the man.

The old man was one of the Human Guardians of Manifa Destiny Sect and a Grand Dao Supreme Honorable who was skilled in formation.

“Elder Dichu, do you have a way to break the formation?” Liu Ruohuo asked.

“I have to study it,” Elder Dichu said.

Then, he started to study the Nature Formation.

As he studied the formation, more people arrived.

“If this continues, forget about the Opportunities of Fortune. A fight might break out first,” Divine Bachelor Fengyue said with furrowed brows.

He looked at Elder Dichu. “How is it going?”

“This formation is mystical. I might need a thousand years to break it,” Elder Dichu said.

“Who has the time to wait for a thousand years?”

A frosty voice came from the void, followed by a blast of sword qi from the sky.
