Chapter 2240 - 2240 The Heaven Divide Sword Submits, Divine Bachelor Fengyue's Threats

“Fool.”

Even with Nuwa, the entire Jiufang Tribe was no match for the intruders.

It was a suicidal move for Nuwa.

“Tell us the truth. Why is the Jiufang Tribe here? What secrets do you hold?” Elder Dichu asked the tribe leader.

“Our tribe has no secrets.”

“It seems like you need a little motivation to talk.”

Elder Dichu grunted and threw a palm strike forward, but the Jiufang Tribe Leader blocked it.

Despite being a Supreme Honorable, he was blasted more than a hundred meters away.

Elder Dichu seized the advantage and followed up with another attack.

Then, Nuwa used her Creation Crystal to create a barrier. The Creation energy was able to block an attack from a Grand Dao Supreme Honorable.

It shocked everyone.

Divine Bachelor Fengyue, Gu Chan, and the other few who saw the Creation Crystal were thrilled.

“The Creation Crystal?”

“It’s one of the Nine Humanity Treasures, a Hongmeng Supreme Treasure, the Creation Crystal!”

“She has a Hongmeng Supreme Treasure?”

As soon as the Nine Humanity Treasure was mentioned, everyone looked at the crystal in Nuwa’s hand with greed.

“Hahaha. I guess this trip is going to be worth it.” Dugu Bupo laughed.

He swung his sword and released a sharp sword qi.

“Bang!”

The barrier created by the Creation Crystal was broken instantly.

As soon as the barrier shattered, Nuwa was blasted away, and her face turned pale.

Dugu Bupo unleashed his Great Dao energy and transformed it into a massive hand.

Other than him, Divine Bachelor Fengyue, Ao Qingtian, Gu Chan, and the others attacked as well.

All of them were after the Creation Crystal.

They channeled their Great Dao energy to grab the treasure. The strong aura sealed the realm instantly and cut off all of Nuwa's escape.

At that critical moment, a chilly wind blew.

Together with the chilly wind was an intense sword intent that dissolved all the Great Dao energy in an instant.

Dugu Bupo stared further away. "It's him!"

"Kaboom!"

A vast sword intent surged into the sky and shook the realm.

The vast sword qi formed a path in the sky, and a figure in white threaded on it casually as if he was taking a stroll.

“How dare you hurt one of the Pan Gu Sect?” Chu Kuangren said.

When the intruders saw Chu Kuangren, their expressions turned grim.

Gu Chan, Divine Bachelor Fengyue, and the others revered him.

“This sword intent...” Dugu Bupo widened his eyes in shock.

He could sense that Chu Kuangren’s sword intent had gotten more powerful.

What happened to Chu Kuangren?

“Look! Look at that sword he wields!” someone said.

Chu Kuangren wielded a golden sword that exuded vast and sharp sword intent.

More importantly, they recognized the sword he wielded.

“That’s the Heaven Divide Sword, one of the Nine Humanity Treasures!”

“Damn it! Another Nine Humanity Treasure?”

The reverence they had for Chu Kuangren was instantly replaced by desire.

Everyone’s eyes gleamed with greed.

“Kaboom!”

A Supreme Honorable aura instantly enveloped Chu Kuangren whole.

“Chiu Kuangren, tell Nuwa to hand over the Creation Crystal and give us your Heaven Divide Sword. The Manifa Destiny Sect will be an ally to the Pan Gu Sect if you hand over the treasures,” Elder Dichu said.

Despite his offer, his Supreme Honorable aura had locked onto Chu Kuangren.

His intention was obvious — hand over the treasures, and they could be allies. Otherwise, they would be enemies.

“The Manifa Destiny Sect? What a reputation you have there,” Chu Kuangren scoffed. Then, he swung the Heaven Divide Sword softly.

A vast sword qi blasted forward.

Elder Dichu was shocked. He released his Great Dao energy and summoned layers of barriers to protect himself, but they were instantly ripped open by the sword qi. As a result, he was blasted more than a hundred meters away.

“If you refuse our offer, you shall be punished!” Elder Dichu roared angrily.

Disheartened, he channeled his Great Dao energy to the limit.

The land started to shake in the next moment.

A vast earth qi gushed into the sky and formed a massive seal with runes surrounding it. It had conjurations of mountains, rivers, mystical beasts, and all kinds of images carved on it.

“Mountainous River Seal!”

The seal crashed down, crushing the void inch by inch.

Nevertheless, Chu Kuangren stood firm against the crashing seal.

He swung the Heaven Divide Sword, and a strong sword qi gushed upward.

“Sword Twenty-two!”

The sword qi crashed into the seal, causing a massive explosion.

The mountains and rivers in the area were shattered.

With the seal destroyed, the terrifying impact blasted Elder Dichu away, leaving multiple bloody wounds on his body.

“He’s stronger than me!” Elder Dichu was astonished.

He had witnessed Chu Kuangren’s power before and knew how amazing it was.

However, observing the battle was unlike fighting the man himself.

It was after he fought Chu Kuangren that he realized how terrifying the monster was.

“His sword intent became stronger.”

Dugu Bupo confirmed his thoughts after seeing Chu Kuangren's attack. He was surprised.

They had only entered the Nine Ways Spirit World not long ago, yet Chu Kuangren's strength had already improved.

"Sect Leader!" Nuwa cried in shock.

Streams of water appeared around her and constricted her on the spot like chains.

Chu Kuangren wanted to save her, but Divine Bachelor Fengyue intervened.

"Chu Kuangren, I wouldn't act recklessly if I were you. One move, and I will turn the streams of water into the sharpest blade to dice the beautiful woman into pieces."

As he explained, the water streams around Nuwa transformed into tiny but sharp blades. The sharpness of the blades rivaled that of a top swordsman's sword qi.

He was not bluffing.

"Are you threatening me?"

"Chu Kuangren, you're ridiculously strong, and I wouldn't want to fight you face to face. So, this is a necessary step," Divine Bachelor Fengyue said.

He had confidence in his own strength, but after seeing what Chu Kuangren could do, he was not that arrogant to believe he could beat Chu Kuangren alone.

In order to get the two Humanity Treasures, he had to resolve the matter with a more despicable method.

“Chu Kuangren, hand over the Heaven Divide Sword, and I will release her,” Divine Bachelor Fengyue said.

“Hmph. I hate being threatened.”

Chu Kuangren’s eyes gleamed.

An invisible energy expanded from his body and instantly blanketed the entire field.

Divine Bachelor Fengyue was disheartened. “In that case, don’t blame me for what happens.”

He had no idea what Chu Kuangren was doing, but he would not just sit back and wait for Chu Kuangren to kill him.

With a thought from his mind, the water blades around Nuwa moved.

However, before the water blades could cut her into pieces, they froze in the air as if an invisible energy was holding them back.
