Chapter 2361 Slash The Island, Divide The Ocean, Slash Restriction Seals

Ming Wuduan was powerful as he was also a Monarch. The Spatial One and Zhu Yang stopped fighting because they had qualms with him. Hun Meier sighed because the fight did not happen. In fact, not only her but the other cultivators were disappointed as well.

Ming Wuduan said, "The Heavenly Void Spirit World should be on this island. Let's just search for it."

"Hmph. There are so many of us here, and we've searched for quite some time. Maybe the Spirit World isn't here at all," Zhu Yang said coldly. "If you don't want to look for it, you can just walk away," the Spatial One said coldly. He wished the others would just leave so that the Spatial Tribe could locate the Void Ruler themselves. "Walk away? And let the Spatial Tribe get everything? No way." Zhu Yang looked around the island. His Daoist law energy surged as he said, "If you people think the Spirit World is on this island and we haven't found it, why not destroy the island and see what's inside? Let's see if it will appear if I destroy the island!" His Daoist law energy grew stronger. The Infernal Dragon Flame gathered at his fist before he punched at the island. The flame was shot forward like a meteor, crashing onto a mountain with a tremendous explosion.

The entire island was engulfed in flames.

Trees and bushes were burnt to ashes; the land cracked and fell apart. As the island fell apart, Immortal Sparks burst out from the cracks in the ground, followed by Spatial energy fluctuation. The Spatial One's eyes gleamed with interest. "Has he found it?" The others had the same guess. "That explains it. No wonder we can't find it on the surface. It's hidden under the island! The Spirit World seems to be guarded by restriction seals. That's why it's so hidden."

The Spatial One rose to the sky and channeled his Daoist law energy. When he attacked the crack on the land, the entire island shook with a powerful blast.

The island was bombarded by attacks, but Spirit World had not shown itself. Only the restriction seals could be seen.

"Together!" The Spatial One urged the others to join him.

All the other Monarch Seeds and Monarchs rose to the sky and continued to bombard the island with attacks.

The island was crumbling as the bombardment continued. However, the restriction seals under the island remained sturdy. The attacks barely shook it.

"The restriction seals are strong. I think only First Step Monarchs can break it."

"Yeah."

They were in awe of the restriction seals' tenacity.

Then, clouds rumbled in the sky, and dazzling Immortal Sparks shone.

The phenomenon captured everyone's attention. Everyone looked up into the sky and saw a person emerging from the dazzling Immortal Sparks.

The person looked pure and holy in his white robes. Every move he made resembled a god and possessed the nobility of a transcendental Immortal King.

He arrived above the island.

"Chu Kuangren! He's here!"

Many of them reacted with a gloomy look.

Chu Kuangren was the first Monarch of the era, blessed with abundant fortune energy, and was the most well-known Monarch.

He was familiar with the eye because he used to possess the Infernal Dragon energy.

"Chu Kuangren!"

Zhu Yang stared at Chu Kuangren with anger and fear.

He had to use the full power of the Infernal Dragon Eye to barely dodge the slash, proving how much stronger Chu Kuangren was than him. They were on different levels of strength!

That was the power of the first Monarch of the era.

His power far exceeded everyone's expectations. "Bang!"

A loud explosion sounded behind Zhu Yang.

The sword qi that he dodged struck the island, and rampant energy erupted. The whole island was cut in half instantly, including the restriction seals underneath, which were falling apart rapidly.

The ocean was also divided, and the water flowed in two different directions.

One slash split the island in half and divided the ocean!

In between the island and the ocean, the shattered restriction seals caused a massive spatial crack, and inside it was the Spirit World.

Everyone was shocked.

"Holy cow! The restriction seals that none of us could break have been broken by Chu Kuangren alone with one slash!"

"He's a monster!"

"Spatial One and Zhu Yang were the new generation Monarchs, yet the difference between them was huge."

"He's really a monstrous Monarch."

Everyone was in awe of the power, including Hun Meier.

"He's so powerful! That explains the strength of the first-ranked Divine Bachelor of the human race."

She looked at Chu Kuangren with admiration and thought maybe Chu Kuangren would be a better husband for her than the Spatial One.

More importantly, Chu Kuangren was more handsome than the Spatial One.

Chapter 2362 Entering the Heavenly Void Spirit World, Killing the Soul Tribe Cultivators

"Chu Kuangren..."

While the Spatial One was staring at Chu Kuangren, he noticed the way Hun Meier looked at him, and his expression turned grim and sour. Even though he had yet to marry Hun Meier, he viewed her as his woman and would only allow her to look at him and him alone. Chu Kuangren's arrival threatened him, and he resented Chu Kuangren even more. However, the others had no idea what was on the Spatial One's mind.

When the entrance to the Heavenly Void Spirit World opened, all of them were delighted. They immediately dashed toward the entrance.

"Hurry! It's open!" "Let's go!"

"I'm coming, Heavenly Void Spirit World!" All the cultivators dashed into the Spirit World in streaks of light.

Kong Chunyuan went over to the Spatial One. "We must make a move now. Let's locate the Void Ruler first."

The Spatial One nodded. "I understand." He was wise enough to know his priorities. Now was not the time to be jealous of Chu Kuangren. With that, he brought his tribesmen into the Spirit World, and Hun Meier and the Soul Tribe cultivators followed them in.

As for Chu Kuangren, he remained calm even though he was the one who opened the entrance. Speed was not the determining factor in exploring a Spirit World. Based on the information he got

from the Space Emperor, he knew the Heavenly Void Spirit World was a dangerous one. It was suicidal for cultivators with weaker cultivations.

"Swoosh!"

Chu Kuangren entered the Heavenly Void Spirit World.

The moment he entered the Spirit World, he saw several cultivators fighting some ferocious strange beasts.

The pitch-black strange beasts were unique to the Heavenly Void Spirit World.

They possessed no intellect or emotions and could not feel pain.

The only purpose of their existence was to attack the invaders of the Spirit World, and they were one of the most dangerous aspects of the place. "Roar!"

One of the strange beasts jumped at Chu Kuangren.

The energy it possessed rivaled that of a Grand Dao cultivator.

Chu Kuangren simply drew a line in the air with his sword hand sign and cut the strange beast in half.

No blood or organs splattered. The strange beast simply burst into a black smoke.

Chu Kuangren pondered on the strange beast that he killed.

He had heard of the strange beast from the Space Emperor, but he did not have a better impression back then. Now that he had seen and killed one of them, he sensed a sliver of dragon qi in its body. Could the strange beasts be a subspecies of the Dragon Tribe?

However, how was it related to the Infernal Dragon energy hidden in the Void Ruler's energy?

The spot he was standing on a moment ago exploded.

Multiple cultivators emerged from the void, led by a handsome young man with purple hair. He had a wicked smile on his face.

"Soul Tribe!" The young man was shocked to see the Soul Tribe.

"It is I, Hun Tian, of the Soul Tribe!"

The handsome Hun Tian grinned wickedly as he stared at the Nine Lights Divine Herb in the young man's hand. "Handover the herb, and I'll grant you a quick death."

"Dream on!"

The young man revealed a Supreme Treasure, which was a divine mountain.

The divine mountain crashed downward, crushing the void in its path. However, the Soul Tribe cultivators attacked the divine mountain together.

The mountain was blasted away, and the young man suffered from the repercussions. He was blasted away with blood spewing from his mouth. He was already hurt from the earlier battle, and now he was injured even more.

"If resistance is what you choose, I shall grant you death!" Hun Tian narrowed his eyes coldly. Daoist law energy swirled around him as he prepared to attack.

However, before he could deliver the final blow, tens of thousands of sword qi gushed in and protected the young man from the attack.

"This aura..."

The expressions of Hun Tian and the other Soul Tribe cultivators shifted as a man in white approached them.

When the Soul Tribe cultivators saw his face, they were shocked.

"Chu Kuangren!" Hun Tian was afraid because he was no match against a Monarch.

"Chu Kuangren, are you interfering with the Soul Tribe's matter?" Hun Tian asked coldly. Since he was no match for Chu Kuangren, the only thing he could do was scare him with the Soul Tribe's name. Chu Kuangren glanced at him. "Let me ask you this: what is the connection between the Spatial Tribe and Soul Tribe?"

"Hmph. The Soul Tribe and Spatial Tribe will soon be united through marriage. What do you think our connection is?" Hun Tian said confidently.

The Soul Tribe and Spatial Tribe were both a Hongmeng Tribe with abundant resources and terrifying power. Not even other forces had the nerve to mess with them, and once they united, the other forces would fear them even more. "I see." Chu Kuangren nodded.

"Now that you know who we are, you better..." Hun Tian thought Chu Kuangren was afraid, but before he could finish, he sensed a chilling sensation on his neck before he lost all senses. The sword qi had decapitated him!

"Chu Kuangren, you!" The other Soul Tribe cultivators were horrified.

The moment Hun Tian was killed, some of the Soul Tribe cultivators tried to run, but they were stopped by the sword qi. In just a blink of an eye, their bodies and Great Dao were ground to dust.

Chapter 2363 Earthen Monarch's Disciple, Dragon Blood Altar, Sealed Void Ruler

Chu Kuangren had grudges against the Spatial Tribe.

Hence, if the Soul Tribe joined the Spatial Tribe via marriage, they would be his enemy as well. Besides, he who kills will be killed. Those who tried to kill humans before him must go through him.

"I am Yue Shanling. Thank you for saving me, Monarch Chu."

The young man, Yue Shanling, thanked Chu Kuangren with a fist salute

Chu Kuangren glanced at him. "Who is the Earthen Monarch to you?"

He decided to help Yue Shanling not just because he was human but because he sensed a familiar aura from the young man.

It was the aura of the Earthen Monarch, one of the three Adjudicators.

"Frankly speaking, Earthen Monarch is my master," Yue Shanling said.

Chu Kuangren was struck with realization. The man possessed the Earthen Monarch's aura because the young man was the Adjudicator's disciple.

"If you don't mind, you can come with me," Chu Kuangren said.

For the Earthen Monarch's sake, he did not mind taking care of the young man.

"It's my honor!" After all, what else was safer than traveling with Chu Kuangren? Yue Shanling was thrilled.

The two parted up to explore the Spirit World. Chu Kuangren also got to know Yue Shanling more along the road.

Yue Shanling was pretty talented. He was a few steps away from ascending to the Monarch Realm.

On top of that, he was also a skilled alchemist and was ranked third on the Alchemy Leaderboard.

If he did not spend time studying alchemy, he might already be a Monarch.

Chu Kuangren was intrigued.

Alchemy? He had a lot of Immortal Herbs back on Immortal Island and had enough alchemists to craft pills.

However, if he could recruit the one who ranked third on the Alchemy Leaderboard to work for him, it would benefit the Pan Gu Sect greatly.

He started to think of a way to get the Earthen Monarch's disciples to join the Pan Gu Sect.

...

The Heavenly Void Spirit World was filled with ferocious strange beasts, and with risk came opportunity. The place had a lot of opportunities, and almost everyone more or less got something for themselves.

However, the Void Ruler had yet to show itself.

"I got it!"

Chu Kuangren nodded. The deeper he ventured, the hotter the air.

Soon, the Spatial One, Hun Meier, and the others arrived before an altar.

The altar was crimson in color as if it was forged using blood, and a fire was burning endlessly on the altar.

There were also bloody patterns around the altar, forming the shape of a massive blood rune that was part of a strange formation.

On the altar was a vague figure.

It was a white-haired man with light wings on his back, and he exuded an ancient presence. A sliver of his aura gave the Spatial One, Hun Meier, and the others a strange urge to kneel and worship the man, and it shocked them.

"This is terrifying. If just a sliver of his aura can pressure all of us to this extent, could he be the Void Ruler?" Hun Meier said with furrowed brows.

If the Void Ruler returned to the Spatial Tribe, they would gain unprecedented power. Although the Soul Tribe would also benefit from the marriage, they might end up as the vassals of the Spatial Tribe. "Void Ruler, I've finally found you!"

The Spatial One looked eagerly at the figure on the altar.

His words seemed to have verified the man's identity. He would be the main purpose of the trip, the ancient Source Being — the Void Ruler!

The Spatial Tribe cultivators were thrilled as well.

"Wait a minute, the Void Ruler doesn't seem to notice us," Hun Meier said, somewhat puzzled.

How could the Void Ruler's perception be so weak?

They were already in front of the altar, but the Void Ruler remained seated as if he did not notice them.

It felt strange.

"He seems to be sealed!" Hun Meier said with suspicion.

The blood altar's energy was different from the Void Ruler's, which made it seem like the Void Ruler was sealed by the blood altar.

The others were surprised to hear that.

How could the Void Ruler be sealed when he was a Source Being? Who else could seal such a powerful person?

"Who else has such power to seal the Void Ruler? It's impossible!"

"Yeah! It's unbelievable! I believe the one who sealed the Void Ruler must be at the same level or higher."

Then, multiple powerful auras arrived.

"You're right! The one who sealed the Void Ruler is the forefather of all dragons — the Primal Infernal Dragon!"

Zhu Yang and the Dragon Tribe had arrived.

He looked at the blood altar zealously. "This altar was formed with dragon blood — the Infernal Dragon's blood! The records of the Dragon Tribe are correct! The Primal Infernal Dragon and the Void Ruler fought, and the Primal Infernal Dragon successfully sealed the Void Ruler in this valley!"

Chapter 2364 Secret of The Valley, Mingyue Wuxia Fights Zhu Yang, Just A Few Hongmeng Supreme Treasures

"Nonsense!"

"How could the Primal Infernal Dragon seal the Void Ruler?"

"It's utter bullsh*t!"

"Yeah!"

The Spatial Tribe cultivators disagreed and voiced their arguments.

If it was true, it meant the Void Ruler was weaker than the Primal Infernal Dragon, and the Spatial Tribe would be weaker than the Dragon Tribe!

It was a hit to their pride and dignity!

They had to retort!

"I don't care whether you believe it or not. It is a fact, and this blood altar is the best proof!" Zhu Yang said as he pointed at the blood altar.

He was conflicted as well.

The blood altar was extremely powerful, and if he managed to refine it, his bloodline power would receive a huge boost.

However, it would mean releasing the Void Ruler from the seal.

While he was struggling with his own thoughts, the Spatial One made a move by making his way closer to the altar.

As he moved closer, a deafening dragon's roar erupted, and the Infernal Dragon Flame on the altar shot at him.

The Spatial One was blasted backward!

"It's powerful!"

Zhu Yang's eyes burned with eagerness.

If the altar alone had such power to easily blast a Monarch away, how powerful could it be at full power?

If he could refine it, how much stronger would he be?

"Damn it! I must break the seal no matter what," the Spatial One murmured with furrowed brows.

Then, he rose to the sky and channeled the Spatial Daoist law energy in him. When the energy reached the limit, he unleashed a punch, releasing the Daoist law energy at the entire valley.

However, the dragon blood altar was unaffected.

On the contrary, the valley was destroyed, and landslides happened.

As the rocks slid off, Immortal Sparks shone from within.

At a closer look, the entire valley was made out of countless Great Dao Sources, clear as crystals and pure as snow.

The revelation made everyone breathe heavily.

"T-There are a lot of Great Dao Sources!"

"Not only are there Great Dao Sources but Hongmeng Supreme Treasures too!"

Upon another closer look, there were different glows and shines among the Great Dao Sources, and they were all Hongmeng Supreme Treasures.

Even the Monarchs were tempted by the amount of Great Dao Sources and Hongmeng Supreme Treasures.

Hongmeng Supreme Treasures were some of the best treasures in existence.

A normal Hongmeng Supreme Treasure was enough to captivate a Monarch, and now there were countless before them.

How could they not be tempted?

"Oh my god. There are so many Hongmeng Supreme Treasures!"

"T-Take them!"

Some of them grew restless and quickly went after the Hongmeng Supreme Treasures.

The commotion at the valley attracted much attention.

More and more people gathered at the glimmering valley.

When they saw the amount of Hongmeng Supreme Treasures, they freaked out.

"Heavenly Taiji!"

A woman with a face veil channeled the energy of the realm and blasted a Spatial Tribe cultivator away, snatching the Hongmeng Supreme Treasure nearest to her.

She was Mingyue Wuxia, who ranked first on the Divine Maiden Leaderboard.

She stood in the air surrounded by Immortal Sparks, looking as transcendental as a deity. Every move she made carried the energy of the realm, and she possessed extraordinary power.

Her Daoist law energy rivaled that of a Monarch.

She would soon ascend to Monarch as well.

Her arrival attracted many's attention.

Zhu Yang glanced at the blood altar and then at the Hongmeng Supreme Treasures that the others went after. He made up his mind instantly.

He dared not risk releasing the Void Ruler, so he went after the Hongmeng Supreme Treasures as well.

"Human woman, leave the treasure!"

Zhu Yang locked on to Mingyue Wuxia, who was the strongest at the scene.

The Infernal Dragon Flame burned violently as Daoist law energy surged.

He attacked with his strongest technique.

Seeing that, Mingyue Wuxia responded by channeling her Heavenly Human Art. With the energy of the realm buffing her, she cast the Heavenly Taiji again. It shone through the void and blocked the Infernal Dragon Flame.

"If you want it, you will have to get it yourself."

Mingyue Wuxia refused to give the treasure away.

Every Hongmeng Supreme Treasure was considered an important resource and insurance for the human race.

Giving it to other tribes would only hurt the human race.

If a war broke out, the number of Hongmeng Supreme Treasures would surely threaten the humans.

"Oh? You blocked my attack?"

Zhu Yang was surprised. He was a Monarch, and Mingyue Wuxia, albeit having manifested her Daoist Law energy, was not yet a Monarch as she had not manifested her Monarch's Heart.

Despite that, she fought a Monarch without being a Monarch, which was rare.

"Interesting. Let me see how strong you are."

Zhu Yang attacked again, unleashing all kinds of Dragon Tribe techniques. The powers contained in his attacks were stronger than common cultivators, and he also took pride in his tensile physical body.

His vitality qi surged and shook the realm.

His relentless attacks pressured Mingyue Wuxia.

"His physical body is strong. Even if he's an Infernal Dragon, his physical body is too strong. This must be some kind of powerful cultivation technique that strengthened his body," Mingyue Wuxia thought to herself.

Then, her hand shone brightly, and a white jade sword appeared.

Sword intent swirled, tearing the space around her.

Even Zhu Yang was stung by it. He narrowed his eyes with a grim look. "This is a rampant sword intent. Who are you?"

He felt threatened by a non-Monarch!

He was an Infernal Dragon and was much stronger than his peers! If he was just a common Monarch, Mingyue Wuxia would have cut him in half.

It was unbelievable.

"The human race already has Chu Kuangren, who killed Monarchs while he was in the Grand Dao Realm, and now there's Mingyue Wuxia. Humans really are the universe's favorite!" Zhu Yang thought to himself.

His killing intent for Mingyue Wuxia grew stronger.

An armored mask appeared on his face, his dark golden eyes shone, and the aura of the Infernal Dragon erupted.

Mingyue Wuxia fought Zhu Yang once again.

Meanwhile, the Spatial One continued to attack the blood altar, but none of his attacks worked.

He looked at the others fighting over the Hongmeng Supreme Treasures.

"Go after the treasures first. We'll figure a way to break the altar later."

"Yes!"

Kong Chunyuan and the others nodded and joined the fight for the treasures.

A chaotic fight broke out.

While the others were fighting in the valley, a white figure stood high on the mountain peak, peering down at them with a deep gaze.

He watched over the fight and the valley covered with endless Great Dao Source.

Chu Kuangren did not join the battle because he had something more important to do.

"That explains a lot..."

Chu Kuangren was struck with a realization when he had an overview of the valley.

The Primal Infernal Dragon did seal the Void Ruler, but it was not just the blood altar; the entire valley was part of the seal.

On top of that, the seal was a meticulous formation that even he had not seen before.

Other than sealing the Void Ruler, it had another purpose.

Chu Kuangren and Lil Ai analyzed the function of the formation.

"Monarch Chu, you're not going after the Hongmeng Supreme Treasures?" Yue Shanling asked curiously.

Even Monarchs were tempted by Hongmeng Supreme Treasures, but Chu Kuangren seemed unfazed.

It was not how a cultivator should react.

"It's just some Hongmeng Supreme Treasures," Chu Kuangren said.

He was more interested in the formation that he was studying than going after the Hongmeng Supreme Treasures.

Chapter 2365 Time Ultimate Supreme Weapon, Spatial One's Power, Chu Kuangren Got The Treasure

Just a few Hongmeng Supreme Treasures?

Yue Shanling was speechless.

Those were Hongmeng Supreme Treasures, yet Chu Kuangren made it sound like they were cabbages in the market.

Yue Shanling shook his head helplessly.

The battle in the valley grew fiercer as all forces fought each other.

There were the Dragon Tribe, Spatial Tribe, Soul Tribe, human race, Beastman Tribe, and more.

The fight escalated quickly.

The entire valley was almost destroyed, and it felt like the entire Spirit World was returning to chaos.

While Chu Kuangren was analyzing the formation, he spared a little time to watch the battle, learning the cultivation techniques in the process.

Suddenly, a blast of light shot up from the valley and into the sky!

A crimson mirror appeared from the void.

The mirror was burning in crimson flames and exuded a powerful and mystical energy.

Countless cultivators paused their fight as they were captivated by the commotion.

"That's an... Ultimate Supreme Weapon!" Zhu Yang cried in shock.

The others looked at the mirror with utmost zeal.

The appearance of the Ultimate Supreme Weapon outshone the other Hongmeng Supreme Treasures.

As Chu Kuangren said, they were just Hongmeng Supreme Treasures.

The value between the two types of treasures was incomparable.

An Ultimate Supreme Weapon might not even appear in an entire era, so the value of one was immeasurable.

"That's mine! No one can take it from me!"

"The mirror is burning with Infernal Dragon Flame! It's a treasure related to the Dragon Tribe! It's ours!"

"Yeah! It belongs to the Dragon Tribe!"

"Kill them!"

"Nonsense! Whoever is capable will take the treasure! Take it if you can!"

"Even if I have to fight the Dragon Tribe, bring it on!"

No one was willing to walk away from the Ultimate Supreme Weapon as it held immeasurable value.

All of them fought each other for the Ultimate Supreme Weapon with all kinds of divine abilities, cultivation techniques, and secret art.

Chu Kuangren enjoyed the show from further away.

"Nice. An Ultimate Supreme Weapon."

He had the Dragonslayer, which was also an Ultimate Supreme Weapon.

As for the Sword Progenitor, the rank had yet to be classified, but it was certainly something more powerful than the Dragonslayer.

"Cloud Nine Sword Intent!" a feminine voice shouted.

Mingyu Wuxia attacked with her sword.

The sword intent rose sharply as if it could pierce the heaven.

All the cultivators struck by the sword qi were blasted away.

The scene was shocking.

"The first place on the Divine Maiden Leaderboard is a swordswoman?"

"Yeah."

Even the Divine Sword Palace Ruler was shocked.

The Divine Sword Palace was known to be the strongest Sword Dao cultivators among the humans.

However, Chu Kuangren surpassed them by creating Sword Twenty-five, and now Mingyue Wuxia had revealed her true powers.

The Divine Sword Palace was losing its reputation.

"Hmph! Your sword intent is powerful, and your Daoist law energy is strong, but you're no Monarch!" the Spatial One grunted coldly and punched forward.

The Daoist law energy crushed the sword qi.

The space was immediately distorted by the fist energy.

Mingyue Wuxia's body was destroyed on the spot, and the cultivators behind her were all blasted away by the spatial energy.

Then, Immortal Sparks shone in the void and reformed Mingyue Wuxia's body.

She could fuse with heaven and earth using the Heavenly Human Art.

As long as the realm existed, she was indestructible.

Not even a Monarch could kill her so easily.

Unfortunately, the Spatial One was right. Mingyue Wuxia was not a Monarch, and she was falling behind in terms of power.

"Divine Sword Palace Ruler, we cannot let them get the Ultimate Divine Weapon!" Mingyue Wuxia said.

"I understand."

The Palace Ruler immediately summoned his Monarch Avatar, releasing boundless sword qi across the ruined valley.

"Monarch Avatar? Hmph!"

The Spatial One channeled his Spatial Daoist law energy to the limit and punched forward

The void shattered like a mirror.

Cracks extended like a spider web as the fist energy traveled across the air, and the Monarch Avatar was pushed back!

The Spatial One's powers were astonishing.

"He's powerful! He has just recently ascended to the Monarch Realm, but he has the power to rival—no, defeat the Divine Sword Palace Ruler, a Second Step Monarch!"

"That explains why he's the Spatial One. He's indeed powerful."

The Spatial Tribe cultivators looked at him with respect and reverence.

Although they dared not comment on his personality, his powers were enough for him to erect a strong image in his tribe.

"With the Spatial One with us, the Spatial Tribe will achieve unprecedented glory!" Kong Chunyuan shouted fervently as he looked at the Spatial One like a god he worshiped.

"Damn it. He's much stronger than I expected," the Palace Ruler said with a bitter look.

The others reacted with a long face as well.

The Spatial One was powerful alone, yet he had the support of his own tribe and the Soul Tribe.

The odds of him getting the Ultimate Supreme Weapon were high.

"Hmm. This is a good treasure."

A nonchalant voice echoed across the valley and entered everyone's ears.

A white figure appeared before the Ultimate Supreme Weapon. He stood with his hands behind his back, and no one knew how or when he got so close.

The Infernal Dragon Flame on the Ultimate Supreme Weapon did not seem to affect him.

"Chu Kuangren!"

Everyone was shocked by his arrival as his arrival went unnoticed. If he did not speak, no one would know he was so close to the Ultimate Supreme Weapon.

The Spatial One looked afraid.

He could still remember what happened back at the Void Prison.

Compared to the shock on everyone's face, Chu Kuangren was relatively calm. He looked at the mirror and narrowed his eyes.

The mirror was strange.

It was shrouded by Daoist law, but he could sense the time energy inside it.

It was a time-related Ultimate Supreme Weapon, much stronger than the Timespace Treasure he had!

Time was one of the biggest mysteries in the Infiniverse.

No one could understand it fully.

There were less than a handful of Time Monarchs, but there were rumors about a Time Tribe who were masters of Time Dao.

"Time Ultimate Supreme Weapon, huh? What a surprise," Chu Kuangren said with a smile.

Time Monarchs were rare, and Time Ultimate Supreme Weapons were rarer.

The mirror was certainly a huge Opportunity of Fortune.

He reached out to the mirror, ignoring the Infernal Dragon Flame, and examined it closely.

The others grew anxious.

"Chu Kuangren, give it back! It belongs to the Dragon Tribe!" Zhu Yang roared.

To him, the mirror should be taken by the Dragon Tribe as it was burning with Infernal Dragon Flame. It was an Ultimate Supreme Weapon made specially for him!

As such, he stepped forward and threw a punch at Chu Kuangren.

Infernal Dragon Flame burst forward.

"Dragon God Dominion!"

The ultimate Dragon Tribe secret technique was cast.

"Useless technique."

Chu Kuangren glanced at it, but he was unfazed. He threw a punch back with a vast dragon qi, countering with the same technique but with a different power level.

"Bang!"

The dragon qi blasted Zhu Yang away, causing him to bleed.

Then, Spatial energy locked onto Chu Kuangren.

The Spatial One attacked from behind with an explosive Spatial Daoist law energy.

Chu Kuangren did not even turn around as he threw a reverse punch, shattering the explosive Spatial Daoist law energy.

The Spatial One was punched away like a deflating balloon.

Chapter 2366 All Law Indestructible Physique, It's Mine Now, He Is The God of Phantom Thief

"What?" Kong Chunyuan and the other Spatial Tribe cultivators were shocked, their eyes wide in disbelief!

To them, the Spatial One was powerful and almost invincible, yet Chu Kuangren slapped him away like a fly.

They found it ridiculous!

"How is he so powerful..."

Kong Chunyuan gulped nervously. The fear in his eyes was obvious.

When he fought Chu Kuangren back at the Human Ancestral Land, Chu Kuangren was strong, but he was still hopeful.

However, ever since Chu Kuangren ascended into the Monarch Realm and became the first Monarch, his power was on an entirely new level.

Not even the revered Spatial One was his match.

"Chu Kuangren! I'll kill you!"

With a grim look on his face, the Spatial One summoned a white suit of armor on himself and attacked Chu Kuangren again.

It was a Hongmeng Supreme Treasure.

Ever since Chu Kuangren defeated him back in the Void Prison, he had tried every way possible to boost his strength, including using external aids to make up for his lack of cultivation base.

The armor was chosen from the tribe's countless treasures, and not even a Monarch could easily break it.

"Void Crusher Palm!"

The Spatial One raised his hand in the sky.

Daoist law energy circulated his palm and formed a massive white palm seal in the air.

He threw it at Chu Kuangren, crashing and distorting the void in the way.

On the other hand, Zhu Yang released a powerful roar after being blasted away. An explosive energy erupted, and he was engulfed in the Infernal Dragon Flame.

"Infernal Dragon Art, Divine Sunbreaker!"

The Infernal Dragon Flame surged into the sky and formed a massive sun, blasting sun rays at its target — Chu Kuangren!

Both attacks flanked him from left and right.

That would be the battle between the new generation Monarchs.

Everyone was captivated by the battle, afraid to miss out on a single detail.

"Ha!"

Chu Kuangren chuckled. He pointed his sword hand sign forward and drew a circle around him.

Endless sword qi gushed out like a waterfall.

Upon collision, the Spatial Daoist law energy and the Infernal Dragon Flame canceled each other out.

Chu Kuangren stepped forward and arrived before the Spatial One. "It seems you haven't learned your lesson from the Void Prison."

He pointed at the white armor on the Spatial One.

Instantly, word qi gathered at the tip of his finger, and sword intent ripped the realm apart.

The armor vibrated violently, and the unprecedented impact blasted the Spatial One away.

"Crack!"

A crack appeared on the white armor!

"What?"

The Spatial One's eyes widened in shock.

The Hongmeng Supreme Treasure he equipped was one of the best, yet it could not take one attack from Chu Kuangren.

How terrifyingly powerful was the man?

"Thousand Dragon Sky Rage!"

Zhu Yang cast another secret technique of the Dragon Tribe again.

Multiple dragon shadows went after Chu Kuangren from all directions.

"Break!"

Chu Kuangren countered with a palm strike. The three thousand Daoist laws destroyed the dragon shadows with ease.

After that, he appeared in front of Zhu Yang with another palm strike.

His palm strike may look normal, but it possessed the power of a billion mountains and immeasurable force.

Zhu Yang roared and channeled his vitality qi and dragon qi. As the two qi energies erupted, he countered with a palm strike of his own.

As the palms clashed, powerful shockwaves swept across the valley.

The collision outshone the sun and shadowed the realm.

The shockwave from their clash destroyed the void and disrupted the fabric of the universe. It felt like everything was being sucked into nothingness.

Chu Kuangren looked at Zhu Yang with slight surprise.

Zhu Yang's vitality qi surged and boosted his physical body's capabilities. He was far stronger than the common dragon.

"Oh? A Monarch specialized in physical abilities?

"Hmm? Wait, this energy... It's the Nine Divine Seals!"

Chu Kuangren narrowed his eyes.

Zhu Yang cackled. "That's right, Chu Kuangren! This is my true power! Have a taste of the All Law Indestructible Physique!"

He unleashed a barrage of punches and kicks.

The dragon qi and vitality qi boosted his strength.

Chu Kuangren was intrigued.

"Dragon God Dominion!"

Chu Kuangren attacked with the Dragon Tribe technique, but when it hit Zhu Yang, his body muscles buzzed and canceled the attack.

Moreover, the attack did not hurt him.

"So this is the All Law Indestructible Physique, huh?" Chu Kuangren was struck with realization.

The All Law Indestructible Physique must be the Ultimate-level cultivation technique of the Divine Physique Seal!

Once the cultivation technique was cultivated to its fullest potential, not only could it make the physical body indestructible, but it could also bless the body with immunity against Daoist law!

As its name suggested, it would be indestructible by all Daoist laws!

"Chu Kuangren, your attacks won't work on my All Law Indestructible Physique!" Zhu Yang said with great vigor.

"Really? If so, why did you dodge my attacks?"

Chu Kuangren pointed his sword hand sign and slashed forward again.

The vast sword qi hit Zhu Yang, leaving a huge cut on his body, and dragon blood gushed from the cut.

Indestructible by all Daoist laws was a scary concept, but Zhu Yang had not cultivated the cultivation technique to the fullest.

With enough power, it could break his defense.

Otherwise, Zhu Yang would not have dodged the attack that Chu Kuangren used to break the Heavenly Void Spirit World's restriction seals. He could have just taken it with his All Law Indestructible Physique.

"Damn it!"

Zhu Yang coughed up a mouthful of blood, but his vitality qi surged. He roared and blasted even more dragon qi at Chu Kuangren.

However, Chu Kuangren stood still without the intention of moving.

"Limitless, All Law Indestructible!"

His body glimmered brightly, and the dragon qi that struck him was canceled out.

It was the same technique that Zhu Yang used.

It was the All Law Indestructible Physique that Zhu Yang took pride in!

"W-What the hell!?" Zhu Yang was shocked.

He had cultivated the All Law Indestructible Physique for many years and had no idea how Chu Kuangren could use it as well.

"This technique is a good one, but it's mine now."

Chu Kuangren grinned.

No matter how Zhu Yang attacked, Chu Kuangren canceled all of them with the All Law Indestructible Physique, and his Limitless version was stronger than Zhu Yang's.

Even though it was just a Limitless version and he could not use it to the fullest potential, it was enough to shock everyone.

The cultivation technique that others cultivated for countless years was copied with just one glance, and he used it better than the original!

Zhu Yang could not understand how there could be such an outrageous thing in the world.

"Limitless Cultivation Technique?"

Mingyue Wuxia widened her eyes in surprise.

She had heard about the little commotion during the human race's election and knew Chu Kuangren had mastered the ultimate cultivation technique of the Human Ancestor.

"It's been a while..." Mingyue Wuxia muttered, a look of nostalgia on her face.

Looking at Chu Kuangren, his image overlapped with another figure in her mind. "My Lord..."

"The Phantom Thief!"

"He's the Phantom Thief!"

One of the Celestial Divine Tribe's Monarchs was struck with realization, and it put a grim look on his face. "He can use people's cultivation techniques however he pleases! Only the legendary Phantom Thief can do it!"

A while back, Chu Kuangren had emptied the treasure vault of the Celestial Divine Tribe and was given the name Phantom Thief.

The most discussed was that the Phantom Thief possessed all kinds of cultivation techniques and could play masterful tricks.

All the aspects matched Chu Kuangren perfectly.

Chapter 2367 Timespace Energy, I Am Loyal To Humans Only, Heavenly Saint Angered

"The Phantom Thief! Chu Kuangren is the Phantom Thief!"

"He's the one who emptied the Celestial Divine Tribe's treasure vault!"

"Tsk. This is a surprise."

Everyone looked at Chu Kuangren in awe.

The Phantom Thief could not only steal treasures but cultivation techniques as well, which was outrageous.

The Monarch of the Celestial Divine Tribe was furious. They had spent countless efforts in the past few years trying to locate their treasures, but the Phantom Thief did not leave any clues behind.

They even got a Six Eyes Monarch to help locate the treasures but failed.

Now, he finally saw the thief before his eyes.

There was no way he would let him go, even if he was Chu Kuangren!

"Kill him!"

The Monarch attacked with a punch without a second thought, blasting Celestial Divine Light and Daoist law energy at Chu Kuangren.

Chu Kuangren countered with a punch, shooting the same Celestial Divine Light but stronger, and blasted the Monarch away.

The Spatial One growled and released even more Daoist law energy around him. The Daoist law energy formed white chains that were hurled at Chu Kuangren.

Before Chu Kuangren could react, he was pinned on the spot.

Those were the Spatial Chains!

"Void Annihilation!"

As the Spatial One roared, the chains shone blindingly and released domineering Spatial Daoist law energy.

The light and energy formed a massive vortex around Chu Kuangren, attempting to destroy his body.

On the other hand, Zhu Yang's dark golden eyes gleamed coldly.

"Infernal Dragon Eye, Silence Realm!"

The unique time energy of the Infernal Dragon erupted as well.

Time around Chu Kuangren was frozen almost instantly. All his Daoist laws, his body, and his energies were stopped.

The time energy and spatial energy had combined to form a Spacetime vortex around Chu Kuangren.

The power it contained was terrifying.

"That's terrifying!"

"I didn't know combining time and space energy could create such a powerful attack! What a surprise!"

While the others were in awe, Mingyue Wuxia frowned.

Just before she could extend a helping hand, she received a message on her jade talisman.

"Take the treasures, and ignore Chu Kuangren!"

It was a message from the Heavenly Human Sanctuary, and it was a direct order from the oldest and most powerful Heavenly Saint.

Mingyue Wuxia curled her lips into an ironic grin.

"Ha! Are you people that afraid of him?"

She knew the Heavenly Saint wanted to eliminate Chu Kuangren at the hands of other tribes.

After all, Chu Kuangren might be a human, but he was a ticking time bomb. No one knew when he would explode and cause unexpected harm.

The three major Human Sanctuaries were all embarrassed by Chu Kuangren to a certain extent.

Mingyue Wuxia looked at the Divine Sword Palace Ruler and the others. They did not plan to help, and the conflicted look on their faces showed that they had received orders from the top brass, telling them to focus on the treasures instead of helping Chu Kuangren.

In the end, they decided to follow orders.

Mingyue Wuxia looked at the jade talisman in her hand, and her gaze turned cold. She crushed it and muttered, "I'm loyal to the human race!"

She was the Holy Maiden of the Heavenly Human Sanctuary, but she was also the Divine Maiden of the human race.

With that, she attacked the Spatial One with her endless sword intent.

The sword intent crashed forward like the ocean — boundless, sharp, and indomitable.

"You again?"

The Spatial One's gaze turned cold.

Chu Kuangren, who was trapped in the Spacetime vortex, glanced at her with surprise. However, he then grinned with a hint of admiration.

"Mingyue Wuxia! She's as honorable as the brilliant moon."

He saw the hesitance in the humans, but Mingyue Wuxia ignored the orders and offered a helping hand.

Her noble personality was countless times better than those Monarchs.

...

Meanwhile, in the Heavenly Human Sanctuary, the Heavenly Saint reacted grimly to Mingyue Wuxia's disobedience. His elegant and gentle turned stern.

"Mingyue Wuxia, how dare you defy my order! I will punish you when you're back!"

The Heavenly Saint might not be after fame or reputation, but he viewed everything in the Heavenly Human Sanctuary as his own.

Even the current leader of the sanctuary was a puppet of his.

He had the highest authority throughout the sanctuary, and no one could defy him.

Yet, Mingyue Wuxia ignored his direct order!

It embarrassed him. Even if Mingyue Wuxia was the best sky-

pride the Heavenly Human Sanctuary had ever produced, he would not let her go unpunished!

Back in the Heavenly Void Spirit World, Yue Shanling joined the fight.

"Lady Mingyue, I'll aid you!"

He jumped in and tossed a Supreme Treasure forward.

The Supreme Treasure grew rapidly into a massive divine mountain.

The Spatial One grunted coldly and blasted the divine mountain with his Daoist law energy, sending it flying along with Yue Shanling.

Yue Shanling crashed on the ground. He was frustrated that he did not even last one hit.

"The Monarch is too powerful! I must ascend to Monarch as soon as possible when I get back."

The era was filled with geniuses and Prodigies.

If one could not ascend to the Monarch Realm, he could only be a side character for the rest of his life.

As the disciple of the Earthen Monarch, Yue Shanling had his own pride.

"Die, woman!"

The Spatial One bellowed and unleashed more Spatial Daoist law energy.

He attacked with his strongest technique.

The punch shattered the void like a mirror, creating cracks that extended toward Mingyue Wuxia, trying to consume her.

It was a terrifying attack.

Mingyue Wuxia's sword qi were crushed as they were no match for the Spatial One's fist energy.

Suddenly, a boundless energy erupted.

Chu Kuangren, who was trapped by the white chains in the Timespace vortex, started to move. A blinding light released from his body and shattered the vortex around him.

He stepped forward and appeared before Mingyue Wuxia. With his hand raised, the extending cracks in the void stopped right in front of him.

"Break!"

As his voice sounded, the void cracked even more, but it extended backward to the Spatial One instead, blasting him away. His white armor was destroyed, his Great Dao was shaken, and his Monarch's Heart was hit.

"Spatial One!"

Kong Chunyuan and the other Spatial Tribe cultivators were shocked.

However, Chu Kuangren's attack did not stop there, and it continued with indomitable force.

Caught in the attack, Kong Chunyuan, the Spatial Tribe, and the Dragon Tribe cultivators instantly shattered like glass. They could not even protect themselves.

"Damn it!"

Zhu Yang growled, channeling his All Law Indestructible Physique and the Infernal Dragon Eye to attack Chu Kuangren.

"Break!"

The Nine hundred and eighty-one formations on Chu Kuangren's body were activated altogether. He punched forward, crushing the time energy and hitting Zhu Yang in the face.

His mask shattered, and his face disfigured.

Zhu Yang cried in pain as he crashed into the ground.

"Damn it!"

The Celestial Divine Monarch wanted to attack but was held back by a strange spatial energy — the Infinity Domain!

Chu Kuangren went up to him and slapped him in the face. The buff from the formations on his body and the spatial energy from the Infinity Domain merged and hit Zhu Yang like a meteor, causing his body to explode into a cloud of blood mist.

Chapter 2368 All Monarchs Attack, Zhu Yang Absorbed the Dragon Blood Altar, Void Ruler Awakens

After killing a Monarch with a palm strike, Chu Kuangren remained unfazed. He did not care about the shock and disbelief reaction he received from the others.

He said calmly, "I get a little serious, and none of you can fight back. How disappointing."

He rose to the sky with Immortal Sparks surrounding him.

He was like a peerless Immortal King whose aura shook the realm.

He looked at the Spatial One calmly and was about to attack when suddenly, a Spatial Tribe Monarch jumped out. "Don't you dare hurt the Spatial One!"

That First Step Monarch had been hiding for a while, and as soon as he jumped out to intervene, he activated his Monarch Avatar and Monarch Domain.

The two powerful techniques locked onto Chu Kuangren immediately. Not only him but even the elder of the Soul Tribe joined the fight.

Since the Soul Tribe and Spatial Tribe would be united through marriage, the Spatial One was too important. He could not just allow Chu Kuangren to hurt the Spatial One.

"Young Monarch, let me see what you can do!"

The elder of the Soul Tribe released a strange surge of soul energy that seeped into Chu Kuangren's body like needles.

He was going after Chu Kuangren's soul!

Unfortunately, his expression shifted at the next moment as his soul energy was blocked by a layer of barrier. He could not even get close to Chu Kuangren's soul.

"Soul Barrier?"

The elder was slightly surprised.

Forming the Soul Barrier to protect one's soul was a common technique, and it was not rare within the Soul Tribe.

The surprising thing was that Chu Kuangren's Soul Barrier was not only stronger than the common one, but it even had multiple layers.

The elder had no idea how many layers of Soul Barrier were protecting Chu Kuangren's soul.

Chu Kuangren's soul was like a fortress, and not even a Soul Monarch could penetrate it.

"Soul Tribe? I've killed a few of you, but I wonder how different the Soul Monarch is," Chu Kuangren said with a smile.

The elder released a powerful and frosty killing intent, turning the valley into an icy-cold abyss.

"What did you say? You've killed Soul Tribe cultivators?" The elder was infuriated.

His son was killed a while ago, and now it seemed Chu Kuangren was the killer.

The realization fueled his anger. He released his Soul Daoist law energy and attacked Chu Kuangren with a plethora of soul techniques, attempting to drown him completely.

His attacks were fierce and terrifying. Even the Divine Sword Palace Ruler was scared.

"Those are some terrifying soul techniques."

Soul techniques were unpredictable.

Soul Monarchs barely had any rivals in the same rank, yet the Soul Tribe elder unleashed all his attacks on Chu Kuangren, and it did not scare the latter at all.

The Soul Barrier was a soul cultivation technique that he acquired a long time ago, and he had mastered it.

He had countless layers of Soul Barrier to protect him. In addition to Zhu Yang's All Law Indestructible Physique that he copied, the double protection shielded him from the Soul Tribe elder's attack.

That was why the barrage of attacks was ineffective.

"Monarch Avatar!"

The Soul Tribe elder growled and summoned his Monarch Avatar!

A pitch-black apparition appeared behind him, and its strange soul energy fluctuation attacked Chu Kuangren.

"Do you really think your Monarch Avatar can affect me?" Chu Kuangren scoffed as he shook his head.

Then, he released a powerful stream of Soul Daoist law energy as well. He raised his hand and unleashed all kinds of soul cultivation techniques.

Colorful attacks were blasted at the Soul Tribe elder.

"What? How?"

The Soul Tribe elder was stunned.

Soon, he realized that the others called Chu Kuangren the Phantom Thief because he could steal other people's cultivation techniques.

He found it ridiculous now that he had to face Chu Kuangren himself.

He had only used his techniques once. How did Chu Kuangren manage to copy them all?

"Bang! Bang!"

All kinds of soul attacks hit the Monarch Avatar.

The Monarch Avatar started to crumble into pieces.

Even the elder's face turned pale as he was drowned in disbelief.

"Void Sky Edge!"

The Spatial Tribe Monarch channeled his Spatial Daoist law energy, forming a silver blade to slash Chu Kuangren.

On top of that, a beam of destiny energy was shot at him from the back.

"It seems like every Tom, Dick, and Harry are here." Chu Kuangren scoffed.

Then, the nine hundred and eighty-one formations on his body were activated.

He pointed his sword hand sign to break the Spatial Daoist law energy. The spatial energy swirled around him and formed a barrier to block the beam of destiny energy.

Then, he looked at the mountain further away to see Ming Wuduan and several Six Eyes Tribe elites looking at him.

It was Ming Wuduan who shot the beam.

On top of that, there was also a Fate Defiant Master with him.

Everyone was shocked.

"The Six Eyes Tribe is here!"

"They attacked Chu Kuangren as well! What is going on?"

"How many enemies does Chu Kuangren have?"

"There are plenty of people who want him dead."

On the mountain peak, the Fate Defiant Master stared at Chu Kuangren with his star-pupil eyes.

"This can't be wrong. His energy must be related to the Divine Destiny Temple!"

He might not have recognized Chu Kuangren as the Master of Destiny, but he recognized the similar destiny energy.

It was the reason why Ming Wuduan joined the fray.

The Six Eyes Tribe had sided with the Fate Defiant Masters, making them an enemy of the Divine Destiny Temple. On top of that, they were here to release the Void Ruler, and Chu Kuangren was an obstacle they had to remove.

The situation had gotten chaotic. Suddenly, a badly injured figure approached the blood altar.

It was Zhu Yang.

"Chu Kuangren! I will never forget this!"

He was badly disfigured and dying.

Chu Kuangren's terrifying attack severely injured him. If not for his Infernal Dragon energy and the All Law Indestructible Physique, he would be dead already.

He refused to accept defeat just like that.

Hence, he made his way to the blood altar.

"If I can absorb the energy of the blood altar, I can beat Chu Kuangren! I can!" Zhu Yang looked eager.

He knew the blood altar was used to seal the Void Ruler, but he could not care anymore.

He just needed a part of the altar's power. Taking a part of the power should not release the Void Ruler. With that thought in mind, Zhu Yang put his hand on the altar and channeled the Infernal Dragon energy.

The whole altar started to shake.

"Buzz!"

The crimson dragon qi gushed toward Zhu Yang.

The Void Ruler on the center of the altar suddenly opened his eyes and watched as Zhu Yang absorbed the power of the altar with a strange grin.

"Primal Infernal Dragon, I bet you never thought it would be your kind to release me from the seal! It's fate! In the end, I'm still better than you!"

As the blood altar's power was being absorbed, the seal weakened and started to crack.

The Void Ruler's energy seeped out of the crack and shook the entire

Chapter 2369 Still Overpowered, You Call Yourself Monarch? Monarch Killing Spree

"The Void Ruler's aura?"

Everyone in the valley sensed the Void Ruler's aura.

Some of the Monarchs reacted grimly.

They knew the Void Ruler was sealed in the valley and had no intentions of releasing him since he was directly related to the Spatial Tribe, not them.

Once he was released, only the Spatial Tribe would benefit from it.

The other tribes would be forced to obey.

"That idiot! What has he done?"

"Damn it!"

"He released the Void Ruler? Is he for real?"

The Monarchs cursed and criticized Zhu Yang.

No one would want a powerful and uncontrollable being such as the Void Ruler on the battlefield, let alone in the universe.

"Zhu Yang, stop it!"

One of the Dragon Tribe Monarchs tried to stop him.

Zhu Yang had sensed the Void Ruler's energy as well. The growl frightened him, forcing him to recover his composure and quickly leave the blood altar.

However, absorbing a sliver of the blood altar's energy boosted his powers a lot.

The rampant dragon aura erupted from his body. It was so powerful that it distorted the space around him.

"Is this the Primal Infernal Dragon's energy? It's so powerful! Wait, this energy isn't even one-hundredth of the blood altar. If I can fully absorb it, how powerful will I be then? Will I be able to fight the Void Ruler?"

A dangerous thought appeared in Zhu Yang's mind, but he managed to suppress it.

It was just a moment, but his forehead was already covered in glistening sweat.

Power was a deadly temptation.

As an ancient Source Being, the Void Ruler would not be rivaled easily.

Zhu Yang's thought was dangerous.

"Hmph. Young Infernal Dragon, the blood altar still has a lot of power. Aren't you going to absorb it all? Absorb it all, and you can become the second Primal Infernal Dragon. Don't you desire power?"

The Void Ruler's tempting voice sounded.

Zhu Yang was tempted, but he managed to hold himself together to reject it. "Void Ruler, stop tempting me! The founder of the Dragon Tribe sealed you here. If I release you, the first thing you will do is come after us! I will never fall for this! Besides, I've got enough power!"

He clenched his fists and savored the newly gained power. After that, he turned around to Chu Kuangren with aroused battle intent. "Chu Kuangren, again!"

He dashed toward Chu Kuangren in a streak of light.

He was so fast that he seemed to have broken through time and space. It looked like he teleported in front of Chu Kuangren.

As he punched forward, the dragon qi rumbled, the rampant Infernal Dragon Flame burned fiercely, the All Law Indestructible Physique was channeled to its limit, and his Infernal Dragon Eyes gleamed fiercely.

The punch contained the power of the Infernal Dragon Flame, the Infernal Dragon Eye's time energy, and the All Law Indestructible Physique!

It was so powerful that it shook the heavens.

Everyone was astonished.

"You think you can beat me just because you absorbed some dragon blood? You are naively stupid." Chu Kuangren scoffed and countered with a punch.

Three thousand Daoist laws swirled, and on top of the All Law Indestructible Physique, nine hundred and eighty-one formations on his body were activated.

When his fist clashed with Zhu Yang's, the rampant energy rippled in the air like waves, shaking heaven and earth.

"Crack!"

Zhu Yang felt an unprecedented impact on his fist that rapidly extended to his forearm. That was when he heard a series of bone-cracking sounds!

"Argh!" He screamed as he was sent flying away like a falling meteor, creating a massive crater as he crashed on the ground.

His powerful punch was canceled by a simple punch from Chu Kuangren.

Laying in the center of the crater, he trembled in disbelief. "How is this possible? I've absorbed the dragon blood. Why can't I beat him? How is he so powerful? It's impossible!" Zhu Yang murmured in disbelief.

The others were similarly shocked.

Zhu Kuang's attack was terrifyingly powerful, rivaling that of a First Step Monarch. In addition to his time energy from the Infernal Dragon Eye, not even a First Step Monarch could easily beat him.

Yet, he was punched away by Chu Kuangren with just one strike!

He was still overpowered by Chu Kuangren!

Chu Kuangren's strength seemed to be limitless!

Back at the altar, the Void Ruler was intrigued as well. "A human with so much fortune energy? What a surprise."

Despite his words, his gaze looked cold.

He had no fondness for the human race.

"Celestial Divine, Spatial, Dragon, Six Eyes, Soul Tribes... Since all of you wanted to kill me, let's just do it all together. I'll take on every single one of you."

Chu Kuangren scanned over the Monarchs present at the scene.

Some of them were the newer generation, and some of them were ancient beings.

However, all of them felt challenged when Chu Kuangren glanced at them. They had goosebumps all over their bodies.

"So this is the first Monarch of this era?"

"He's powerful and arrogant!"

"All the Monarchs are afraid of him!"

Seeing no one was willing to make the first move, Chu Kuangren grinned and sneered at them, "How useless, and you call yourselves Monarchs?"

A powerful suction force erupted from his body.

The spiritual qi from the surroundings, the energy from the trees and bushes, and the energy of the sun and moon gathered upon him.

It was the Heaven-devouring Technique!

On top of that, the Heavenly Human Art was activated as well!

He was buffed by the energy of the realm!

With the formations on his body activated, the All Law Indestructible Physique was channeled to its limit, and the three thousand Daoist laws surrounded him like planetary rings.

Chu Kuangren was so strong that a sliver of his energy could destroy the world.

The shine in his eyes outshone the sun and moon.

All the Monarchs had the urge to kneel before him as if he were king and they were subjects, whose lives he controlled.

"If no one makes a move, I'll take the initiative!"

Chu Kuangren stepped forward and appeared before the Soul Tribe elder. He raised his hand and pointed at the elder, unleashing three thousand Daoist law energy.

"No!"

The elder shouted in fear and horror.

However, it was too late.

The pierce that could penetrate the world locked him on the spot.

The Soul Tribe elder tried to resist it with his Daoist laws, but nothing he did could affect Chu Kuangren.

One pierce at his body, and his Great Dao shattered.

"Universal Genesis Pierce!"

A Manifa Destiny Sect cultivator cried in shock.

After Chu Kuangren eliminated the Soul Tribe elder, he went after the Spatial Tribe Monarch.

He raised his hand to summon Spatial Daoist law energy and pointed at his target once more.

It was the Void Spirit King's Void Sky Seal Pierce!

The Spatial Monarch could not believe it.

The attack was the Void Spirit King's ultimate attack, yet Chu Kuangren was able to use it better than the original.

It made the Monarch think the Void Spirit King was here himself.

"Bang!"

One pierce and half the Spatial Monarch's body was blasted away. His Monarch's Heart rumbled restlessly.

"Damn it! I need to leave!"

"Where do you think you're going?"

Chu Kuangren pointed his sword hand sign, unleashing Sword Twenty-four with colorful and dazzling sword qi.

Just like that, he cut the Monarch's Heart in half.

Chapter 2370 Void Ruler Buffs the Spatial One, Avatar? I Have As Many As I Want

"Oh? This Monarch is quite interesting."

The Void Ruler was surprised to see Chu Kuangren massacring everyone without mercy.

"And this cultivation technique..."

Seeing Chu Kuangren's attacks reminded him of something, and his expression turned cold.

After Chu Kuangren killed the Monarchs of the Soul and Spatial Tribe, he turned his attention to Ming Wuduan and the Six Eyes Tribe.

Ming Wuduan felt chills running down his spine.

"S-Stop him!"

Shocked, Ming Wuduan turned to the Fate Defiant Master beside him.

The elderly tossed a talisman token to Ming Wuduan and said with clenched teeth, "I'll stop him. As for the task my God assigned, you guys would have to carry on."

He then released the Fate Reversal energy.

When the Void Ruler saw it, he was intrigued.

"Fate Reversal energy? Are they the Reversal God's worshiper? How interesting. I can't believe I just woke up, and I've seen so many familiar things. It was right to release a sliver of my powers back then."

He then looked at the Spatial One and saw through the young Monarch in a single glance. He contacted the Spatial One telepathically. "Spatial One, born from the Space Source. I created you. Do you want my powers?"

The Spatial One was shocked when he heard the voice in his head. He turned to the Void Ruler with wide eyes.

Meanwhile, the Fate Defiant Master dashed toward Chu Kuangren, releasing dazzling light and Fate Reversal energy to bombard Chu Kuangren.

"It's you guys again..." Chu Kuangren's expression turned cold.

He channeled three thousand Daoist law energy and countered with a palm strike.

The elderly was blasted backward with blood spewing from his mouth.

"With the blessing of our God, His might shall pulverize all!"

The Fate Defiant Master summoned an image of an ancient god.

It was the god they worshiped.

"God? Even God has to kneel before me!"

Chu Kuangren pointed his sword hand sign at the image, and sword intent gushed forward like the raging tide. The sharp sword qi formed a sword shadow that could pierce the sky and slash the earth.

It could even cut through time and space and reach beyond ages.

It was the sword technique that overtook the era — Sword Twenty-five!

When he slashed down with his sword hand sign, the clouds were divided, and the sun was outshone.

The ancient god's image was destroyed and cut into two by the powerful slash.

Even the Fate Defiant Master was cut in half.

Again, another Monarch was killed.

All the others gulped nervously, their eyes wide with disbelief and horror.

Monarchs as powerful as gods were like paper before Chu Kuangren as he killed them all with just one attack.

It was terrifying.

"Who's next?" Chu Kuangren asked coldly, his tone containing an icy-cold killing intent.

All who heard him shuddered instinctively.

Chu Kuangren was like the Grim Reaper taking lives.

His words were the sentence from the God of Death!

"Chu Kuangren, this is as far as you go!" a frosty voice said.

The Spatial One flew over to Chu Kuangren, looking proud and confident, and the Spatial Daoist law energy around him was surging.

Every move he made could easily shake the void.

In particular, the light wings behind his back shone brightly.

The light formed a link between the Spatial One and the Void Ruler on the dragon blood altar.

A sudden realization struck Chu Kuangren. He looked at the Void Ruler and said, "That explains it. You've transferred your power to the Spatial One?"

"The Spatial One is born from the Space Source. I was the one who created him. His powers are from me, so it works both ways. He can control my powers perfectly," the Void Ruler said with a smile.

The Spatial One looked proud. "Chu Kuangren, I am no longer the same person I was in the Void Prison. This time, you will fall beneath my feet! Have a taste of my powers!"

He cackled and channeled the Spatial Daoist law energy in him.

With the buff from the Void Ruler, his powers were amplified countless times. He was much scarier than Zhu Yang with the altar's power.

"Kaboom!"

Endless Spatial Daoist law energy swirled around him and formed a silver-white Monarch Avatar behind him.

He had broken through!

Even though he borrowed the power from the Void Ruler, the Monarch Avatar was his own, and the power it possessed far surpassed every other Monarch at the scene.

"Void Distortion Slash!"

The Spatial One's Monarch Avatar slashed with its palm, crushing the void in its way.

Its power was stronger than the First Step Monarchs. It was extremely close to the threshold of the Monarch realm, which was Ultimate.

"Sword Twenty-Five!"

Chu Kuangren pointed his sword hand sign and used his strongest attack again.

Kabaam!

The clash between two powerful attacks shook the entire Spirit World.

The clash was so powerful that it resembled the big bang that started the universe.

The Spatial One was surrounded by Daoist Law energy, and the Monarch Avatar behind him grew stronger. He looked at Chu Kuangren contemptuously.

"Chu Kuangren, you have not manifested your Monarch Avatar. Even if you are powerful, you are no match for me," the Spatial One said.

The avatar raised its hand for another attack.

It was unusually powerful. Even the First Step Monarch's domain might not sustain another attack.

"Avatar? I actually have it," Chu Kuangren said.

He channeled his Daoist Law energy and summoned a sword-

wielding avatar.

"That's my Monarch Avatar!"

The Divine Sword Palace Ruler was shocked to see his Monarch Avatar behind Chu Kuangren.

The Spatial One's contempt grew stronger. "Chu Kuangren, is that all you have? How disappointing."

"Huh? One is not enough?" Chu Kuangren chuckled.

Then, an unbelievable scene happened.

More Daoist law energy swirled behind Chu Kuangren, and multiple Monarch Avatars were summoned.

There was the Celestial Divine Avatar that was shining in Celestial Divine Light and engulfed in white flames; there was the Spatial Avatar that resembled a black hole; There was a majestic avatar with domineering iron-blooded will, which was also a beautiful empress.

Multiple avatars were summoned, and each one shone in endless sparks.

"T-That Tianshen Yan's Monarch Avatar!"

"That's the Void Spirit King's avatar! How is that possible?"

"And that's the Tempest King's avatar!"

"Universal Daoist law? That's the Manifa Forefather's avatar! How can he summon that to his side?"

Everyone was stunned.

The avatar was the manifestation of a cultivator's cultivation.

Cultivators in the same realm might manifest different avatars. No matter how similar their cultivation base was, there would be slight differences.

Therefore, all Monarch Avatars were unique in their own way.

On top of that, each Monarch could only possess one Monarch Avatar. It was common knowledge in the Great Hongmeng Universe.

However, Chu Kuangren shattered the common knowledge and showed them the impossible.

"Am I dreaming?" someone murmured as he pinched his own face.

Chu Kuangren summoned ten Monarch Avatars in one go and surrounded the Spatial One in the center.

"Monarch Avatar? It's free for all, and I can have how many I want. I don't know why you're so proud of yours."
