Chapter 1001: Xu Bai Becomes Saint Chu Lingsheng

” Congratulations, Your Highness. It’s a daughter.”

A moment later, the midwife walked to Xu Bai with a newborn baby girl in her arms and congratulated him.

Xu Bai’s hands trembled slightly, and his face revealed an excited expression as he held the baby girl in his arms.

Even though he was very good at controlling his expression and could remain calm even if Mount Tai collapsed in front of him, Xu Bai still couldn’t control himself at this moment.

The baby girl in his arms looked like him. More importantly, he could feel that this baby girl was connected to him by blood.

Xu Bai sighed.

When he held the baby girl in his arms, she stopped crying and opened her eyes, staring at Xu Bai.

“The children of people in the industry are all talented. This is normal.”the midwife explained.

A normal person would not be able to open their eyes so quickly and stop crying. The children of a normal person were very different.

Xu Bai said, "Go out and get your reward. Also, get someone to come over and take care of Chu Ling. Make sure she stays in her confinement period. If anything happens to her, the consequences will be severe."

"Yes, sir!" The midwife responded respectfully and walked out happily.

"Whoosh!"

After the midwife left, footsteps could be heard from outside the door.

Ye Zi and Qing Xue quickly ran in and surrounded Xu Bai. They looked at the baby girl in Xu Bai's arms and chattered.

They were very happy, as if they had seen their own children.

At this time, Chu Ling weakly said, "Husband, I want to see the child."

When Xu Bai heard this, he slapped his head. Only then did he remember that he had been careless and hadn't shown it to Chu Ling yet.

Hence, he carried the child and walked in front of Chu Ling. He helped Chu Ling up and let her lean against his chest.

Chu Ling looked at the baby girl with a face full of motherly love. She stretched out her hand and touched the baby girl's face. Raising her slender and fair neck, she said, "Husband, give the child a name."

Xu Bai was speechless.

Chu Ling said unhappily, "Don't tell me husband hasn't thought it through?"

Xu Bai nodded awkwardly. "I've been a little busy recently, so I really haven't thought about it. Give me some time, and I'll definitely think of a resounding name."

Chu Ling naturally knew that Xu Bai was very busy, so this sentence was just a casual remark.

Ye Zi and Qing Xue came over again, fighting to hold the baby girl.

Xu Bai handed the baby girl over and let the two girls play with her. Then, he wrapped his arms around Chu Ling and softly said all kinds of comforting words.

Although he said that, his mind was spinning rapidly. The reason for this was to come up with a name.

Name?

He was not good at it.

It was just like how he named the black saber Hundred Break.

This really stumped him. He was even willing to fight a saint. It was easier than giving him a name.

However, he had to do it because he was a father. He was the one who gave names.

“What should I do...” Xu Bai thought to himself as he spoke to Chu Ling.

On the other side, Ye Zi had just finished carrying the baby girl. After playing with her for a while, she handed her over to Qingxue.

Qing Xue was holding the baby girl in her arms, gently rocking her and humming an unknown tune.

Ye Zi made a face and pinched the baby girl’s cheeks from time to time.

Anyway... It was noisy.

Xu Bai couldn’t think of a name in this environment, but he didn’t stop the two women. After all, they were very happy now.

He turned his head and looked at Chu Ling.””Leave the matters of the court to Ye Zi. Rest assured and recuperate.”

“Yes.” Chu Ling replied softly.

She was also very tired now. She just wanted to rest and sleep.

Xu Bai hugged Chu Ling and was about to say something.

However, at this moment, Ye Zi, who was playing with the baby girl not far away, screamed.

“Husband, she...She has changed!”

Chapter 1002: This Daughter Is Ridiculous (1)

There was a trace of panic in Ye Zi's voice. She quickly carried the baby girl in front of Xu Bai, somewhat at a loss.

Xu Bai was originally speaking softly to Chu Ling when he suddenly heard Ye Zi's panicked voice. His gaze turned towards the baby girl in Ye Zi's arms.

When he saw the baby girl in his arms, he could no longer sit still. He stood up from his seat and took the baby girl in his hands to examine her carefully.

At this moment, the baby girl still looked normal. Her black eyes were staring at Xu Bai. There were no other abnormal changes.

However, all the people present were professionals and experts. Xu Bai was even a Saint Realm expert. Of course, he could find the subtle points.

Compared to the baby girl who had just been born, it had actually grown a little bigger in just a short while.

Although it wasn't too obvious, it could be seen if one observed carefully.

What was even more ridiculous was that the baby girl was growing up at a slow speed.

Chu Ling also noticed this situation and ignored the discomfort in her body, forcefully raising her spirits and wanting to get up: "Husband, let me take a look."

The baby girl grew up in her stomach and was the flesh of her heart. Now that something had happened, she was more flustered than anyone else.

Xu Bai hurriedly comforted Chu Ling, "Don't be anxious, I'll take a look at the situation." "

As he spoke, he transferred his True Core Strength to the baby girl and carefully examined her.

“?”

It would have been fine if he hadn't checked, but after a slight investigation, Xu Bai's face was filled with question marks.

As he probed with his True Core Strength, he discovered that the baby girl was actually like a black hole, devouring his True Core Strength at an extremely fast speed.

As the devouring speed increased, the baby girl grew even faster.

She had just been born not long ago, but it looked like she had been born for several months now.

“Ye Zi, go and look for a few clothes first. Try to find something bigger.” Xu Bai saw that the speed was not slow, so he asked Ye Zi to find clothes.

Ye Zi quickly agreed and hurried out. Not long after, she came back with a huge box. There were many clothes in the box.

[illegible]

“Husband, why have you grown so big?”

Ye Zi could not help but rub her eyes. She had only left for a short while, but the baby girl had already turned into the size of a three-year-old child. She was placed on the ground by Xu Bai and was pulling Xu Bai while screaming.

“Help her put on her clothes first,” Xu Bai said.”

At this moment, the girl was tugging at Xu Bai’s trousers. Her slender arms and legs were trying to climb up as if Xu Bai was a mountain.

Ye Zi hurriedly rummaged through the box to find a suitable set of clothes and walked towards the girl.

At this moment, before Ye Zi could get close, the little girl suddenly turned her head, and a sharp aura erupted from her body.

Mortal Transformation Stage? Ye Zi was stunned.

The girl waved her small arms arrogantly and punched the air, as if she was not letting Ye Zi get close.

“Wahhh!”

She waved her little fists and shouted. After that, she hugged Xu Bai’s calf and prepared to climb up.

Xu Bai helplessly reached out his hand and held the girl’s head.””Little brat, listen to me. These are your family.”

The little girl was held down by Xu Bai, and her big black eyes narrowed. She seemed to be enjoying it and seemed to understand Xu Bai’s words.

She swayed her body reluctantly and walked to Ye Zi.

Only then did Ye Zi react and put the clothes on the girl.

After the girl put on her clothes, she ran to Xu Bai’s side and hugged his calf.

“Husband...” Chu Ling was confused. From the looks of it, the child was fine.

Other than the fact that he grew up a little fast, there was nothing unexpected.

Xu Bai sighed.” This little fellow is ridiculous. She can absorb the energy around her and turn it into her own power. Moreover, the speed of absorption is very fast. Look at the current Extraordinary realm. She obtained it after absorbing my Quintessential Essence.”

“However, this little fellow didn’t cultivate any profession, so I can’t continue absorbing it because she didn’t convert my power for her own use.”

“After I turn my power into my own, I can continue to absorb it. Why do I feel that it’s even more abnormal than me?”

Qing Xue was watching from the side. After hearing Xu Bai’s words, she could not help but roll her eyes at Xu Bai. “How can you talk about your daughter like that? Come here and let me take a look.”

The girl turned to look at Qing Xue, then turned her head back and continued to hug Xu Bai’s calf.

Xu Bai bent down and picked up the girl.

This action made the little girl completely happy. She directly wrapped her arms around Xu Bai’s neck and hung on him like a koala bear.

“No matter what, the reason is clear. I’ve also thought of a name.”

“Why is she called Xu Ling?”

Xu Bai looked extremely serious. “Because it sounds good.”

Chu Ling was speechless.

She knew that her husband wasn’t very good at naming names. At least, this name wouldn’t be strange. For example, the name of her husband’s saber in the past was simply indescribable.

“Your nickname will be Lingling. Lingling, come here.” Chu Ling waved at Lingling.

Of course, Lingling knew her mother. She opened her arms and kicked Xu Bai with her legs in disgust.

Chapter 1003: This Daughter Is Ridiculous (2)

Xu Bai was speechless.

Didn’t they say that a daughter was her father’s little cotton jacket? Why did she look like a black-hearted little cotton jacket?

Xu Bai placed Lingling in Chu Ling's arms.

Chu Ling coaxed as she said, "I want to hire the best teacher for her, and I want her to choose her favorite profession. Husband, what profession are you in? Do you think Lingling can learn from you?"

Xu Bai rubbed his chin and fell into deep thought.

What was his profession? It was probably all-rounded.

Even if little Lingling was talented, she probably didn't have the ability to learn this.

"I'll teach Lingling how to read and speak first. As for choosing a job, I'll wait until she's a little older. Besides, I have something to do soon."

He had already become a Saint, and there were two things in front of him.

The first was to make a trip to the Miao Sect. Back then, he had promised to help the Miao Sect solve the problem of the Golden Thread Gu. This time, he could fulfill his promise.

The second was to lure out the two Barbarian Saints and kill them so that no one else could sleep beside him.

In Xu Bai's opinion, this trip was also on the way. He would go to the Miao Sect first, and after that, he would leave the territory of the Great Chu State on the way to lure those two fellows out.

Chu Ling was slightly absent-minded. She didn't expect that her husband would leave after meeting for so long.

However, she was a reasonable woman. She also knew that her man had important things to do. As a woman, she had to give her full support.

"Husband, go ahead. Don't worry. When you come back, the child will be educated well."

Xu Bai patted Chu Ling's head and said, "Don't raise the flag so quickly."

"Raise the flag? What does that mean?" Chu Ling asked in confusion.

Xu Bai shook his head with a smile. "It's nothing. I'm just saying. I won't leave today. I'll accompany you all for the night."

Chu Ling acknowledged and agreed.

"You rest first. You sisters have a chat. I'll go out and get someone to prepare a table of nutritious food." Xu Bai released his grip and walked out.

Chu Ling and the other girls stayed in the room.

Ye Zi pointed at Chu Ling and said to Lingling, "This is mother."

As he spoke, he pointed at himself.

"I am Second Mother."

Then, he pointed at Qing Xue.

"This is the third time I've been a woman."

Chu Ling said softly, "The child is so young, you might be able to teach her, but she won't be able to learn."

Although Lingling was only three or four years old, she had just been born, so she still had to learn slowly.

That was what Chu Ling thought, but after she said that, Lingling looked around in confusion.

Suddenly, Lingling opened her mouth...

"Brew!"

Although the pronunciation was still a little different, it was already very good.

Chu Ling was stunned for a moment, but she quickly reacted and her face was filled with joy. "Our little Lingling is a genius. She learned how to speak so quickly."

Qing Xue smiled. "Sister, I think we should find a good job for Lingling. Let's forget about my husband. He's learning too many things. It's not suitable for a normal person to learn."

Beside him, Ye Zishen nodded in agreement.

Everyone in the world knew that Xu Bai had learned a lot of things, but he had learned everything well.

There was probably only one such person in the world. It was almost impossible to replicate a second one.

"I'll choose a lot of jobs carefully and let Lingling choose." Chu Ling nodded and continued to tease Lingling.

Lingling giggled happily.

As time passed, the entire palace was filled with joy.

..

The next day.

When Xu Bai got up from the bed, four arms stretched out before he could put on his clothes.

Don't misunderstand, it was not the spider demon, but Ye Zi and Qing Xue.

To be honest, he only wanted to rest last night.

Chu Ling stayed alone and took care of Lingling.

Before he could rest for long, Ye Zi sneaked in.

How could a young man of his age endure it?

Everyone was an old couple, so naturally, things would go smoothly.

Just as he was done, a woman barged in before he could react.

Qingxue.

Next...He was gone.

He didn't sleep for the whole night. Fortunately, he was already a saint level master, so he didn't have the theory of a tired cow.

Xu Bai looked at the fair arms wrapped around his body and said helplessly, "Alright, I have plenty of time to accompany you in the future. It's indeed time to get down to business."

Qing Xue got up from the bed and kissed Xu Bai. "Let's eat before we leave."

Ye Zi had already gotten up habitually. After putting on her clothes in front of Xu Bai, she helped Xu Bai get dressed.

"Yes, let's eat before we leave."

After Xu Bai put on his clothes, he brought Ye Zi and Qing Xue to Chu Ling's room.

Should he say it or not, as expected of someone in the industry, Chu Ling's body had already recovered a lot.

After Xu Bai accompanied the girls for dinner, he left under everyone's reluctant gazes.

..

Great Chu, Imperial Palace.

Eunuch Wei was dressed in ordinary clothes and sitting in the royal study. There were two jars of wine on the table.

Director Mu stared at the wine jar greedily. "You old miser. You're still so stingy even after becoming a saint. You can't even bear to bring me a jar."

Eunuch Wei ignored Director Mu and said, "Our family's wine is only for those who are happy to drink."

From the time they met until now, if they didn't quarrel every day, they would feel uncomfortable all over. This was just their daily routine.

Director Mu didn't get angry. He didn't take it seriously. He poured himself another cup of tea and took a sip. "Tea is still better."

There was a tinge of jealousy in his tone.

Chapter 1004: This Daughter Is Ridiculous (3)

"I wonder when Xu Bai will come." Eunuch Wei's hands were loose and placed on his sleeves, looking up like an ordinary old man.

"He will come," Director Mu said with a smile. "Since he has already become a saint, he will definitely come."

After saying this, there was a knock on the door.

"Come in."

The door was pushed open, but it was not Xu Bai who walked in. It was Director Mu's daughter, Ying Yue.

"Is everything set up?" Director Mu asked.

Ying Yue nodded: " Father, I have already followed your instructions and let the Heaven Inspectorate in the barbarian fief start working. There are no more problems there now, so I came to report.""

 Director Mu said.

Shadow Moon pursed her lips and said,"I'm not going to be one anymore. It's boring.""

" It's not that you're bored," Director Mu said with a smile." You just think that you won't have the chance to interact with Xu Bai.""

Shadow Moon didn't say anything, remaining silent.

"What's so good about this kid? Why does everyone like him so much?" Director Mu asked with a headache."

" I got to know him during a crisis," Ying Yue replied." Even when Prime Minister Liu Yue was hunting me down, he didn't abandon me.""

At this point, Shadow Moon didn't continue, but the rest of her words were already very obvious.

Eunuch Wei closed his eyes." Since ancient times, beauties love heroes. Weren't you the same when you were young?"

" Can we not talk about the past?" Director Mu said awkwardly." Do you know that when you're old, you'll feel ashamed when you think about what you did in the past?""

Eunuch Wei sneered and said," I'm ashamed that you're not my son. What can't I say?""

Director Mu was speechless.

Although the two of them often argued, it always ended with Director Mu's defeat.

Ying Yue lowered her head and said,"Father..."

Director Mu interrupted her." You don't have to say anymore. You can't resign from this position. You're just a little willful sometimes. Do you know why Chu Yu is still responsible for guarding the border?""

Ying Yue pondered for a moment before shaking her head.

Director Mu sighed.” That’s because she likes Xu Bai and is willing to work for him. Think about it. If you continue to control the Heaven Inspectorate, are you helping Xu Bai?””

Shadow Moon fell silent, carefully thinking about what Director Mu had said. In the end, she seemed to understand and nodded in agreement.

At this moment, Eunuch Wei’s eyes, which had been closed, suddenly opened.””He’s here!”

Who was it?

Everyone present was very clear.

“Father, I’ll be leaving first.””

Then, before Director Mu could say anything, he turned into a shadow and disappeared.

Director Mu didn’t care. Although he didn’t know why his daughter didn’t want to explain it now, this was a matter between young people and had nothing to do with an old guy like him.

The shadow of the moon left, the shadow of the moon left, the shadow of the moon left, the shadow of the moon left, the shadow of the moon left, the shadow of the moon left, and the shadow of the moon left.

“Greetings, General Secretary Mu.” Xu Bai said with a smile, wearing a Daoist robe given by the female Abbey Dean.

He had changed countless clothes, but this Taoist robe was still the most comfortable. It was difficult to be hurt by knives and spears, and it was not light by fire or water. Moreover, it had the function of self-cleansing.

He felt a little emotional when he said this. Ever since the Abbey Dean had the chance to become a saint, she had left the barbarian land. He didn’t know how she was doing now.

“Catch!” Eunuch Wei suddenly patted the wine jar on the table.

The wine jar flew up and was caught by Xu Bai. Xu Bai opened the seal on it and took a whiff of the wine fragrance. His eyes lit up.

“Good wine!”

“Congratulations on having a daughter.” Eunuch Wei picked up another jar of wine and raised it at Xu Bai.

Xu Bai didn't waste any words and also raised his wine jar.

The two of them drank in big gulps. Director Mu, who was beside them, looked left and right. Suddenly, he felt that he was a little redundant.

"Ahem." Director Mu waited for the two of them to drink for a while, then coughed appropriately to show that he was still present.

"Xu Bai, are you ready?"

Xu Bai put down the wine jar in his hand and found a seat. He wiped the wine from the corner of his mouth and said, "It's almost time. They've already become Saints."

The two Barbarian Saints were a thorn in his heart. It was time to remove them. Otherwise, he wouldn't be able to live peacefully for the rest of his life.

Eunuch Wei sat next to Xu Bai. After taking a sip of wine, he narrowed his eyes. "This time, you're using yourself as bait. I don't know if you can hold them back, but the most important thing is that you have to pay attention to your own safety."

"Right now, I have already contacted the Great Yue State. The War God Bai Zhong is guarding the city and can't make a move, but Liu Yue can."

"You only need to delay for a moment and Liu Yue will arrive. At that time, I will go."

Xu Bai looked at Director Mu.

"I can't go out," Director Mu said. "I'm still here. Once I go out, these two fish will know that I'm here. They won't take the bait."

He had already reached the Saint Realm. If he went out casually, he would definitely be noticed. At that time, the two Saint Realm barbarians would definitely not attack.

Xu Bai nodded, indicating that he understood. "2v2, plus me, it's 3v2, we'll win."

"I've only become a Saint not long ago," Eunuch Wei said with a smile. "How do you know we'll win for sure?"

Xu Bai took another sip of wine. "Eunuch Wei was already invincible when he was an extraordinary being. He could kill a Saint Realm master and even exchange one with a Saint Realm pinnacle master. Now that he's a Saint Realm master, he should be able to do it."

Chapter 1005: This Daughter Is Ridiculous

He did not doubt that Eunuch Wei would not cheat him.

Eunuch Wei still looked like an old man, but he was very happy to hear Xu Bai say this.

“As a Yin Eunuch, I have made rapid progress after becoming a Saint. I am now close to the Third Stage. I might not be able to kill a Peak Saint, but at least he won’t be able to escape from me.”

“With you, three against two is indeed a sure win.”

“But you have to know that when we rush over, there will be a blank period. Can you withstand it?”

This was the second time Eunuch Wei had asked this question. Xu Bai knew that Eunuch Wei was worried about his condition.

After all, the further away he was, the better the effect would be. However, after he was far away, it was easy for situations that he could not control to occur.

Xu Bai had just become a Saint, so it was normal for Eunuch Wei to be worried.

Director Mu, who was beside him, had the same thought. “If it doesn’t work, then drag it out until you’re stronger.”

Xu Bai shook his head.

The stronger he was, the more cautious those two would be. Perhaps he could have complete confidence, but if they didn’t come out, this plan would be ruined.

“I have my ways.” Xu Bai said.

Even though he was only a Saint, his kidneys still contained the True Core Strength of a First Stage Saint. With the two of them combined, it would not be a problem for him to stall for a while.

At the very least, he could only activate his golden finger.

Although he didn’t want to trigger the golden finger, he was afraid that it would attract the threat of the Absolute Saint. However, if there was an accident in the middle of this plan, he could only do so.

He knew that this trip would definitely be risky.

There was no perfect plan in the world. Even he himself could not think of a perfect plan. Sometimes, taking a little risk was worth it.

Even if there was the threat of the Absolute Saint, he still had to get rid of these two guys.

If you don't get rid of the roots, the grass will grow again in the spring breeze.

Xu Bai was not a merciful person.

Eunuch Wei was silent for a moment."

It could be said that among the older generation, Eunuch Wei and Xu Bai had the deepest relationship. The two of them had spent the longest time together, and they understood Xu Bai the most.

Once Xu Bai made his decision, even if the Chu Emperor came back to life, he wouldn't be able to stop him.

The matter had been settled. Next, the few of them gradually perfected some of the subsequent steps before deciding on this plan.

Xu Bai finished the rest of the wine in the wine jar and prepared to leave for the Miao Sect. However, before he left, he wanted to ask something.

"The two of you are knowledgeable. Can you help me solve a problem?"

Director Mu and Eunuch Wei looked over at the same time, waiting for Xu Bai to continue.

They were also very curious. Seeing Xu Bai's serious expression at the moment, they knew that this matter must be very important.

Xu Bai organized his thoughts and said,""It's like this. This matter has something to do with my daughter. After my daughter was born, there was a problem. Her ability..."

Xu Bai's voice rang out in the empty room. Xu Bai explained Lingling's condition, especially the fact that she could devour energy.

Although there was not much of a problem with his True Core Strength, he was still worried.

Therefore, it was better to ask the older generation. Perhaps they would know something.

After Director Mu heard that, he pondered for a moment as if he was searching his memories. After a while, he shook his head, indicating that he didn't know.

Beside him, Eunuch Wei frowned after hearing Xu Bai's words.

Seeing this, Xu Bai knew that Eunuch Wei must know something. He was waiting for Eunuch Wei's reply.

A moment later, Eunuch Wei's tightly furrowed brows relaxed.

"Actually, we don't know the background either."

Xu Bai sighed in his heart. He had thought that Eunuch Wei would know, but he didn't expect that he wouldn't know anything.

However, Eunuch Wei said something else.

"But I know one thing. Your daughter might be even more ridiculous than you."

I Have Unparalleled Comprehension #Chapter 1006: Heading to the Miao Sect (1) - Read I Have Unparalleled Comprehension Chapter 1006: Heading to the Miao Sect (1)

Chapter 1006: Heading to the Miao Sect (1)

"My daughter is even more ridiculous than me. How is that possible? I've never seen anyone more ridiculous than me."

Xu Bai said that he was the most ridiculous one. He had never seen anyone more ridiculous than him.

Director Mu added, "You are indeed ridiculous. But in terms of knowledge, Eunuch Wei is more knowledgeable than me. After all, he is old. You know how old people are."

Director Mu often seized the opportunity to attack Eunuch Wei, so he was mocking Eunuch Wei for being too old.

Of course, Director Mu was very curious because he didn't know what happened to Xu Bai's daughter. However, Eunuch Wei seemed to know.

Eunuch Wei had wanted to argue with Xu Bai, but when he thought of how anxious Xu Bai was, he put the matter aside and temporarily gave up on bickering.

He raised the wine jar and drank the remaining wine before speaking slowly.

“Our family has indeed lived longer, and it is precisely because we have lived longer that we have seen some things.”

“When I was young, I was still a complete man. When I was wandering in the martial arts world, I met a strange guy.”

“That guy is very strange, but he is also very powerful. He has a special ability that seems to be able to absorb the power of others and finally use it for himself.”

Absorbing other people’s power for his own use?

Xu Bai rubbed his chin and pondered Eunuch Wei’s words. Wasn’t this ability similar to his daughter’s?

Could it be a special profession?

He knew his daughter’s situation the best. Because he was anxious at that time, he used his True Core Strength to investigate. It could even absorb his own True Core Strength. It could be said that this was a very buggy power.

When Eunuch Wei was young, she had encountered it before. Did this mean that this profession was the most suitable for her daughter?

Although Xu Bai was thinking about it, he didn’t interrupt and let Eunuch Wei continue.

Eunuch Wei paused for a moment before continuing, “Do you think this profession is especially similar to your daughter’s?”

Xu Bai nodded, indicating that he indeed thought so.

This was because both Eunuch Wei’s description and his daughter’s behavior matched.

But now that he heard Eunuch Wei say this, he knew that there were other changes.

” That person died,” Eunuch Wei said.” He died a horrible death. After he exploded with someone else’s power, he turned into a pile of meat paste.”

“Before he died, there were some remnants of his consciousness that told us that their experiment had failed.”

“This person mentioned them. I guessed that this should be an organization. At that time, I was still young and even had some hot-blooded blood, so I dug a grave and buried this pile of flesh. I didn’t expect a group of people to come when I was burying them.”

“This group of people is very powerful, and all of them are at the peak of the extraordinary realm. Moreover, their profession is especially strange, and each of them gives me a very ancient feeling.”

“However, they didn’t make things difficult for everyone. They directly took away the flesh and blood without saying anything.”

At this point, Eunuch Wei stopped.

Xu Bai frowned.” You mean it’s not as simple as ridiculous?” It’s bad for my daughter.”

The person who had a similar situation to his daughter had exploded after being absorbed by the power. Would his daughter encounter the same situation?

This ability could not be said to be ridiculous. It should be an unreliable ability.

If that was the case, Xu Bai had to find a way to help his daughter. At the very least, he could not let this strange ability remain.

“Don’t be anxious. Wait for me to finish.”Eunuch Wei extended his hand and patted Xu Bai’s shoulder, comforting him.””That person was blown up because he didn’t have the means to convert his power for his own use, but your daughter does.”

“How do you know?” Xu Bai asked.

The Duke of Wei had never seen his own daughter before. Xu Bai was a little worried that he would come to a conclusion now.

It wasn’t that he was worried about Eunuch Wei, but this matter involved his own daughter, and he was the kind of person who would be flustered if he cared about her.

Anyone would panic when something threatened their loved ones. Xu Bai was the same.

“Wait a moment.”

Eunuch Wei did not continue. He stood up and left the room as if he had something to do.

Xu Bai and Director Mu waited patiently. About half an hour later, Eunuch Wei walked in from outside the door. When he walked in, he held a yellowed book in his hand.

Eunuch Wei spoke before Xu Bai could ask.

“When that person turned into a lump of meat paste, this book fell to the ground. I kept the book. That person’s companion came over and only took that person’s corpse.”

“Actually, they also know that this book is in our hands. However, just as one of them was about to ask everyone to hand it over, he was stopped by another person.”

“The other person said that they wanted to use many methods and cast a wide net. It was also an opportunity for that book to fall into our hands.”

Xu Bai took it and savored Eunuch Wei’s words.

Especially the last sentence. When he heard the words ” cast a wide net “, his head buzzed.

Spreading a wide net reminded him of the skill of Fishing All Things. Back then, Gu Yao had also said the same thing.

Xu Bai connected many clues in his mind. He suddenly felt that these things seemed to have been created by those saviors.

I Have Unparalleled Comprehension #Chapter 1007: Heading to the Miao Sect (2) - Read I Have Unparalleled Comprehension Chapter 1007: Heading to the Miao Sect (2)

Chapter 1007: Heading to the Miao Sect (2)

He looked down at the book in his hand. There was no progress bar on it. After opening the book, the words inside jumped onto the paper.

” An experiment record?” Xu Bai raised his eyebrows and looked on patiently.

Director Mu also walked over and watched it with Xu Bai.

When the two of them finished reading the book in the room, their expressions were the same. They were quite shocked. The contents of this book were really shocking.

Xu Bai also confirmed these guesses. It was indeed the Savior who had done it.

Although the book didn’t mention the word ‘savior’, Xu Bai easily connected the dots after learning about these things.

According to the book, this group of saviors was conducting an experiment to fuse the abilities of all industries.

And the targets of this experiment were their own people. These guys were crazy enough to volunteer to participate in the experiment, wanting to integrate all the professions.

After a long period of experiments, they had really figured out some methods.

They spent a lot of effort to extract the most important parts of all the trades and then borrowed them from each other, finally coming up with a cultivation method.

This cultivation technique did not have any attributes of a person in the industry, but it had a special ability, which was to absorb the omnipresent power and turn it into his own use.

To make a very simple analogy, the people in this world were originally a ball of water without color. However, due to their cultivation, this ball of water was dyed with various colors. Each profession was a color, and this originally pure ball of water became colorful.

The cultivation technique that these saviors had developed was colorless water.

After this progress, they began to experiment, and the subjects of the experiment were themselves.

They were willing to cripple the abilities of those in the industry and cultivate this cultivation method from scratch.

Reality proved that their guess was correct. They could indeed absorb the power of others for their own use, turning it into the power of no one in the industry.

There was no bottleneck to this kind of power. There was no need to cultivate. One only needed to constantly devour it.

If that was really the case, then they would have created a very terrifying person.

However, they did not expect that they were wrong, and very wrong.

They had neglected the most important point. The absorbed power was transformed into power that did not contain any people in the industry, but there were no methods that people in the industry could use to vent this power.

As a result, although he could turn the power into his own use, the power without any attributes remained in his body. It far exceeded what his current realm should have, and it accumulated more and more in his body.

He could break through, but the more he broke through, the faster he absorbed the power. In the end, he could not control it.

They had also tried to let the experimental subjects cultivate their abilities, but they found that they could not cultivate at all.

In order to solve this difficult problem, they seized the time and worked day and night to guess and solve it. In the end, they found that they were powerless.

The colorless power came from many professions. When they wanted to cultivate the power of the people in the professions and release this power, they found that there seemed to be a door closed from the outside.

They had racked their brains but could not crack it. In the end, they could only watch their companions die.

At this point, the content of the book was over.

Xu Bai knew what they wanted to do.

This group of people did not give up. They wanted to develop a monster to resist the exhaustion of resources.

They had already experienced it once and didn't want to experience it a second time. They didn't know about the Absolute Saint's existence and thought that the root of everything was the depletion of resources.

There was no bottleneck or threshold to the ability to absorb energy for one's own use. Perhaps they wanted to use this method to reach the Saint Realm.

However, none of this was important. What was important was that there was nothing he wanted inside.

Xu Bai put down the book in his hand and said, "He still hasn't said anything about my daughter's situation."

The book was full of experimental records and various conjectures, but it did not mention his daughter's situation.

It was still unknown whether his daughter would be able to release the power she had absorbed. Even Xu Bai was not sure.

Now, it seemed that his daughter's absorption speed was still very fast and there was no need to worry about it. However, no one could say for sure what would happen in the future.

"The dead man said something before he died." Eunuch Wei nodded.

“That person said that they have no ability to come into contact with this supreme power because they are only a part of it.”

A supreme part?

Xu Bai didn't understand what he meant.

On the side, Director Mu seemed to understand and asked, “Why didn't I know about this?”

Eunuch Wei shook his head.” Only His Majesty and I know about this. When I told His Majesty, His Majesty said that the fewer people who know about this, the better.””

After getting a reasonable explanation, Director Mu did not say anything. After all, this matter was indeed very mysterious. If it were him, he would not tell anyone except the Emperor.

“In that case, your daughter should be fine.” Director Mu looked at Xu Bai and said.”

Xu Bai was even more confused when he heard this. Although he was strong and had reached the Saint Realm, he still lacked basic knowledge.

Even though he had experienced many things and had already supplemented his basic knowledge, it was still very little in front of Director Mu and Eunuch Wei.

Chapter 1008: Heading to the Miao Sect (3)

Director Mu explained,” Eunuch Wei just said that they are only a part of the supreme power. They are not qualified to come into contact with this supreme power. Then who is this supreme power referring to?””

Supreme?

Xu Bai was stunned, but his mind was racing like lightning. He thought of a possibility and pointed at himself.”Me?”

This so-called power that could be used by oneself was obtained by fusing many people in the industry. In fact, this situation was not only similar to his daughter, but also similar to his own.

With his current situation, he did not know how many special skills he had fused. He could be considered the leader of the Rong family.

Most importantly, others might not know about Savior's situation, but he did.

The Savior was originally a Goldfinger that had been scattered out, while he had a complete Goldfinger.

"Is this related to my daughter?"

"Bloodline." Eunuch Wei went straight to the point, "Do you know how overbearing your power is?"

Tyrannical?

Xu Bai rubbed his chin and thought, "If you are referring to True Core Strength, it should be quite overbearing."

"Who would dare to absorb such tyrannical power? Only your daughter would dare to do such a thing, and this should be the reason why they are connected by blood." Eunuch Wei continued.

Hearing this, Xu Bai fell silent. He was still a little worried.

Xu Bai didn't feel at ease with the explanation of the theory of bloodline causality. He was a man who paid attention to substantial evidence. If he didn't present any evidence, he wouldn't believe it.

"Sigh..." Eunuch Wei sighed. "That's the only explanation I can give. You can relax. If something really happens, there's a Saint here. It won't be a big problem."

"And even if you don't trust Director Mu, there is a way to verify it. The method is very simple, that is to let your daughter learn the ability of the people in the industry. If she can learn it, then it proves that she has solved the difficulties of those people's experiments."

Xu Bai's eyes lit up.

Yes, this was a good idea!

The reason why those guys failed was that they couldn't learn the abilities of the people in the industry, which led to the accumulation of power that exceeded their own realm. There was no way to vent it.

If his daughter could learn the abilities of other professions, wouldn't that solve the problem?

Wait a minute!

"If that's the case, it seems to be even more ridiculous than mine." Xu Bai muttered."

Thinking about it carefully, his golden finger seemed to require a progress bar. What he needed was time. Although there was no bottleneck, time was a big problem. However, his daughter was different.

She only needed to absorb it. If she could really learn the abilities of other professions, she would use this profession to vent it out after absorbing it.

He could even learn more professions.

This situation was similar to his, but he did not need to be as tired as him.

Of course, Xu Bai would be very happy if it was confirmed.

His daughter had become very strong. Of course, that was something to be happy about.

Xu Bai was happy for a while. He had to verify it later, so he didn't feel too depressed now.

He turned to look at Eunuch Wei and Director Mu and said,""You two should have guessed my ability, right?"

"I only know that you've learned a lot, but I didn't expect you to come up with a Supreme." Director Mu shook his head."

Eunuch Wei said," If you don't tell us yourself, we'll just be guessing blindly. It's the same for us. We only know that you've learned a lot.""

It was not a problem for him to learn a lot. Now, everyone in the martial arts world knew that he had learned a lot.

Xu Bai didn't want to reveal the cheat. The connection between the cheat and the Supreme Saint was too big. He couldn't tell anyone. If he got in touch with the Supreme Saint, it would be troublesome.

As long as he didn't say anything, others would only know that he learned quickly. No one would know that there was a progress bar.

The solution is a thing, Xu Bai is very happy in his heart, he looks at the sky, it's not early now, he decided to set off immediately, he rushed to Miao Jiao first.

After settling the Miao Sect's matter, he would also use it as bait to catch the two big fish.

Xu Bai didn't stay any longer. He cupped his fists and left.

Director Mu and the other two didn't stop him either. They waited for him to leave with smiles on their faces.

After Xu Bai left, Eunuch Wei sighed.

"This child has grown so fast. In the blink of an eye, he has become a Saint Realm expert."

There was some emotion in his words. After all, even he did not know that Xu Bai would actually reach this stage.

He admired Xu Bai very much and even treated Xu Bai like a family member. He had high expectations for Xu Bai, but in his mind, Xu Bai would at most reach the peak of the extraordinary state. He had never thought of becoming a saint.

"Even you have become a Saint, let alone this child." Eunuch Wei, if we can get rid of those two barbarians successfully, I think we'll be able to launch the final attack soon," said Director Mu.

"Bizarre market?" "Are you ready?" Eunuch Wei frowned.

He didn't know about the Absolute Saint, because Director Mu didn't tell Eunuch Wei either. He was afraid that Eunuch Wei would cause some special changes if he got involved.

Although he didn't know what the special changes were, it was better to reduce them as much as possible.

Director Mu said slowly, "There's still one spot left to enter the Saint Plane. After we deal with those two barbarians, there will only be three left. As long as these three spots are filled, there will be enough time. As long as we wait for the Bizarre Market to be unified, we will immediately launch a general attack before they come out of the Saint Plane."

“Yes.” Eunuch Wei nodded silently. At that time, he should be able to see His Majesty. He really hoped that after the unification, the power of laws would disappear and His Majesty would regain consciousness.”

“I hope so.” Director Mu’s tone carried a hint of emotion.

The two of them didn’t continue chatting. Eunuch Wei quickly left, leaving Director Mu alone in the room.

Director Mu continued to lower his head and read the memorials on the table as usual...

..

After Xu Bai left the Imperial Palace, he did not stop at all and headed straight for the headquarters of the Miao Cult.

The headquarters of the Miao Sect was also located in the Great Chu Country. He had traveled very quickly this time, and no one dared to stop him. Even when he passed by some cities, he did not come down from the sky.

Some people in the industry even showed admiration when they saw his figure.

We’ve already been there once. This time, Xu Bai was familiar with the place and easily landed in front of the Miao Sect’s mountain gate.

Looking at the various buildings built on the mountain in front of him, Xu Bai did not think much of it and directly stepped in.

There were two disciples guarding the mountain gate. When they saw that it was Xu Bai, they immediately greeted him respectfully.

Xu Bai waved his hand, telling them not to stick to etiquette and to bring him to the Miao Sect Master.

The two disciples of the Miao Sect didn’t waste any words, but their expressions were still respectful as they led the way.

Not long after, he led Xu Bai to the largest main hall.

Xu Bai sat on a chair. A female disciple came over and poured a cup of tea for Xu Bai. Then, she lowered her head and walked out.

Xu Bai took a sip. The temperature of the tea was just right. It was neither hot nor cold, and the quality of the tea leaves was very good. Although he did not know how to taste tea, it was very comfortable to drink.

She had just taken a sip when footsteps came from outside the door.

Miao Long rushed over from outside with a face full of surprise. When he saw Xu Bai and felt the aura from Xu Bai's body, he suddenly lowered his head and bent over.

"Greetings, Lord Xu. Congratulations to Lord Xu for becoming a saint and becoming one of the nine ultimate existences in the world."

With Xu Bai's status as a Saint Warrior, he would receive the same treatment wherever he went.

Even though Miao Long was the leader of an entire faction, he did not dare to slack off in the slightest.

Xu Bai was already used to the respect of these people. He waved his hand indifferently. "There's no need to be so polite. Sit."

This action, this posture, it was as if he was the owner of this place.

However, not only did Miao Long not get used to it, but he also took it for granted. He carefully sat opposite Xu Bai.

"I promised Miao Xiao that day that I would take your things, so I naturally have to help you solve it. Now that I've become a Saint, I've taken out the Golden Thread Gu." Xu Bai put down his teacup and said.

Miao Long was ecstatic. He quickly took out a wooden box and handed it over with both hands. "Prince Xu, please take a look!"

The golden thread Gu was their most important thing, and it was also an essential item for their inheritance.

Now that he could solve the problem of the Golden Thread Gu's weakening, Miao Long was naturally overjoyed.

Xu Bai took the box and opened it.

There was a golden Gu worm lying in the wooden box. This worm looked golden and extremely beautiful, even giving off a very noble feeling.

After the wooden box was opened, the Golden Thread Gu seemed to feel something was wrong. The aura on its body changed and became abnormally sharp.

Miao Xiao's expression changed drastically. He was afraid that the Golden Thread Gu would collide with Xu Bai and was about to say something. However, before he could say anything, he saw Xu Bai's gaze freeze.

In the next moment, the Golden Thread Gu cowered. It was as obedient as a cat and even meowed twice.

Miao Long was speechless.

Was this a f * cking dog or a gu?

Xu Bai narrowed his eyes.

Chapter 1010: The Savior's Betrayal

At first, Miao Long still felt that his heart was not very good. Even for experts like them who used Gu, the Golden Thread Gu was not as docile as a dog.

However, in Xu Bai's hands, this Golden Thread Gu did not have that kind of violent temper at all. It was very docile and was just short of barking a few times.

This feeling was ridiculous. It was like a child he had raised for many years, only to find out that it was the other party's. That sour feeling made him speechless.

However, the sourness only lasted for a short while. Soon, he reacted. When he heard Xu Bai say that there was something in the Golden Thread Gu, he did not care about his rudeness and hurriedly took a few steps forward to see what it was.

In Miao Long's eyes, the Golden Thread Gu was still lying quietly in the wooden box. Other than looking a little cowardly, there was nothing unusual about it.

Xu Bai smiled and said, "Can't you tell? This thing is not simple. By the way, what method did you say you would use to save it?"

Recently, he had been troubled by a lot of things, and there were also many happy things. After all these things, Xu Bai forgot what method he had used. He only remembered that he had to make a trip here.

"Prince Xu has a powerful recovery ability. We want to use Prince Xu's blood to save the Golden Thread Gu and let it recover."

"Your Highness, don't worry. You don't need too much. Just one drop will do. You have the most ancient Golden Thread Gu in your hand. As long as you can recover, you can slowly bring its race back to normal."

Xu Bai rubbed his chin and thought for a moment. He shook his head and said, "A drop of blood is not a big problem for me, but now is not a matter of giving a drop of blood. The things inside are not as simple as you think."

Miao Long was slightly stunned. Initially, he thought that Xu Bai was unwilling to help after hearing the first half of the sentence, but when he heard the second half of the sentence, he was confused. "Is it very complicated?"

The person in front of him was a newly advanced Saint Realm expert, and he had great influence in Great Chu.

If even he felt that it was not simple, then it was really important.

Miao Long did not suspect that the other party would lie to him at all because he did not have anything that the other party wanted. Therefore, when he heard Xu Bai say that he was not simple, he became worried.

The Golden Thread Gu was the most important thing in the entire Miao Sect. It was also an inheritance. If it was completely extinct, the losses would be extremely heavy, and it would make the Miao Sect's already bad situation worse.

Therefore, Miao Long became even more anxious. His forehead was even covered in sweat.

Xu Bai saw Miao Long's expression and smiled. "You don't have to worry. I didn't say that it can't be cured, but you don't have to understand the things inside. Otherwise, you'll get yourself burned."

When Miao Long heard this, he silently took two steps back and lowered his head respectfully, indicating that he would not ask anymore.

Smart people were like this. When they knew something was inconvenient to understand, they would choose to shut up.

After all, the more he knew, the more complicated the things he would encounter, and the greater the danger he would be in.

For example, the level of this person in front of him was completely unworthy of him, so there was no need to force his way into this circle.

Xu Bai was very satisfied with Miao Long's performance and did not care about him. Instead, he continued to size up the Golden Thread Gu in his hand.

The more he looked at it, the more complicated it became.

This Golden Thread Gu did not look unusual on the surface. Just now, Miao Long had also said that it was the oldest Gu worm in existence.

Xu Bai didn't use his naked eyes to see. Instead, he used his soul to explore carefully. With his current realm, he soon found different places.

In this existing Golden Thread Gu, there were two divine souls the size of soybeans, representing two different divine souls.

It was impossible for a normal species to have two divine souls stuffed into their minds. Otherwise, it would be impossible to tell who was the master.

But this Golden Thread Gu was different, the two divine souls actually had their own duties, occupying their respective positions, and did not interfere with each other, clearly separated.

But now, Xu Bai felt that his left soul was gradually weakening, and the balance had been broken.

Originally, everyone had their own duties, but now that one side was weak, the other side was equivalent to becoming stronger in disguise. It was gradually devouring the weak divine soul.

Xu Bai guessed that there must be some connection between them.

"Patriarch Miao."

He retracted his soul and looked at Miao Long.

"Yes." Miao Long quickly bowed and cupped his fists. "Your Highness, please tell me what you want me to do. As long as I can do it, I will do my best."

Xu Bai pointed at the Golden Thread Gu in the box and said, "I can't come to a conclusion just based on this one. If Cult Master Miao could bring back a few more and let me continue to study them, I might be able to come to a conclusion."

He only knew that this ancient Golden Thread Gu had two divine souls, but he was not sure about the rest, and he did not know if this was an exception.

Therefore, he needed to explore other places to see if there were any similar situations.

Miao Long understood and quickly turned around to leave. After about the time it takes for an incense stick to burn, he walked in from outside the door. He held four to five wooden boxes in his hands and spread them out on the table in front of Xu Bai.

Even if he didn't open it, Xu Bai knew what was inside.

Xu Bai finally got the final answer as his divine soul swept across.

When he used his divine soul to scan these wooden boxes, he discovered that the Golden Thread Gu in each wooden box had two different divine souls.

This required one to have extremely deep skills in the divine soul to be able to see through it.

Chapter 1011: The Savior's Betrayal (2)

Because the divine soul was so small that even if they were put together, they would only be considered to be of the same kind. Only Xu Bai could see it, which also confirmed Xu Bai's guess just now.

The Miao Sect actually had a big secret. That was because the old man had stayed in the Miao Sect until his death and had been guarding the grave.

And when it finally died, the last savior of the world would be gone. Therefore, the Miao Sect and the savior were closely related. Now that Xu Bai saw the divine soul hidden in the Golden Thread Gu, it was difficult for him not to associate it with the savior.

Thinking of this, Xu Bai raised his head and looked at Miao Long. He knocked on the table with his hand. "Can you tell me where the Golden Thread Gu came from? I know the method of raising Gu, but I'm not very clear about its origin. You didn't raise it yourself, right?"

Miao Long was still very anxious. After hearing Xu Bai's question, he answered without hesitation, "Prince Xu, you are wise. We did not raise it, but it was inherited from that old man."

"That old man gave us some Golden Thread Gu and said that this thing is extremely precious and difficult to reproduce, but it is very powerful."

"So, we started to raise them at that time. Indeed, as the old man said, it was very difficult to breed them."

Miao Long stopped and looked at Xu Bai carefully.

Following Miao Long's explanation, Xu Bai's tapping speed became faster and faster. After the frequency increased, the thumping sound continued to echo in the room.

Miao Long didn't say anything. He just stood at the side, his palms sweating.

He was very worried and thought that this matter was very important. He was afraid that it would have anything to do with the Miao Sect. After all, a single word from the person in front of him could decide the life and death of the Miao Sect.

"If it really doesn't work, give up on the Golden Thread Gu!"

Miao Long even made a plan. If there was really a major connection that concerned the life and death of the Miao Sect, he was even willing to give up on the Golden Thread Gu.

Compared to the Gu worms, the life and death of the Miao Sect was more important.

"Aren't you thinking too much?" Xu Bai was thinking carefully in his mind. At the same time, he saw Miao Long's uncertain expression. He knew that Miao Long must be thinking about something else.

"Your Highness, I can't help but overthink things when you look like this." Miao Long smiled bitterly.

Xu Bai waved his hand. "Don't worry, this matter has nothing to do with you. I can tell you with certainty."

As he spoke, Xu Bai told him everything that had happened, especially the fact that every Golden Thread Gu contained two divine souls.

He could only say that he had two divine souls. It was not a big problem.

"You mean to say that the weakening of each Golden Silk Bone is because their own divine soul was devoured by another divine soul. This should be a short period of time, right?" Miao Long said after he heard that.

Although he wasn't a cultivator of the soul, he still had the basic knowledge, so he quickly understood.

Xu Bai nodded and said, "You're right. It's indeed a temporary weakness. After the divine soul is completely devoured, it will recover. But can you be sure that the recovered divine soul is still the Golden Thread Gu?"

Of the two divine souls, if one was devoured, the other would become the leader. However, no one could tell who the leader was.

Miao Long fell into silence.

"Alright, you can go out now. Don't disturb me." Xu Bai said.

Miao Long didn't ask why. After receiving Xu Bai's instructions, he cupped his hands and left the room. However, his expression was complicated, and he seemed to have a lot on his mind.

[illegible]

After Miao Long left, Xu Bai looked at the wooden box in his hand and smiled.

“Let me see if your backup plan is good or bad, and let me distinguish whether you’re keeping your original intentions or have other motives.”

From the beginning to the end, he had never completely believed Savior's words. Even what the old man said back then, he did not completely believe it.

After all, it had been a long time. No one could say for sure whether this group of saviors had maintained their original intentions or had changed a long time ago.

Take the divine souls in this Golden Thread Gu as an example. If they left a divine soul here and became the master of the Gu worm, then who were these divine souls?

It was all a mystery, but Xu Bai was here to solve it.

He circulated his true essence energy, and the power of his divine soul at the Saint Realm directly invaded the Golden Thread Gu.

Without any pause, Xu Bai merged into the powerful divine soul in almost an instant.

He was originally devouring the soul of the chaosang, but when Xu Bai arrived, he stopped and his body began to tremble.

Xu Bai asked the other party with the power of his soul.

He could feel that this divine soul was very afraid of him. It was like a mouse meeting a cat. There was a natural suppression.

When Xu Bai borrowed his soul to ask, the frightened soul finally transmitted a message.

“You are...The supreme existence is the gathering of all wills. You are...Everyone!”

Everyone?

Supreme?

Gathering?

Xu Bai was stunned for a moment but quickly reacted.

This sentence might be confusing to others, but he could understand it.

Sure enough, as he had guessed, these things were really left behind by the group of saviors.

Only they would call him that because his golden finger had once been given to them separately. Therefore, to them, he was the gathering, the supreme, and the crowd.

Chapter 1012: The Savior's Betrayal (3)

“You’re still alive, and you’re still living in this way. It seems like you have other motives.” Xu Bai displayed the golden and grayish-white interweaving Heavenly Change to shield his surroundings before speaking in a faint voice.

When Xu Bai asked this question, he could clearly feel that the other party was trembling again, as if he was very afraid.

Soon, he received an answer.

“Supreme One, we are all living here to wait for your arrival.”

“Oh?” Xu Bai rubbed his chin.”

The more he listened, the more interested Xu Bai became.

First, he encountered the skill Fishing All Things. This proved that these guys were casting their nets everywhere, wanting to meet him.

Now that he saw these guys living in such a way, and they were waiting for him, what were they waiting for?

The divine soul continued to transmit the message." Supreme One, we have left behind many treasures that are of great use to you. We need you to retrieve them. However, these treasures are not in any corner of this world. Instead, they are scattered in various worlds."

"Its purpose is to not let that existence know."

"You already know about its existence?" Xu Bai frowned."

He originally thought that Savior didn't know about the existence of the Absolute Saint, but now it seemed like he did.

" We didn't know at first," the spirit replied." But after we did an experiment, we encountered the apparition of that thing. Fortunately, we ran fast."

"From that moment on, we knew everything. You...I finally know this, and you've finally returned."

Return?

Xu Bai shrugged." I've always existed, not returned. What's your identity? The old man guarding the grave."

There was no return. He had always been there. At most, after knowing the cause and effect of everything, he had turned his enemy into an absolute saint.

The divine soul said," He turned into a divine soul, and we don't know what it is stored in. Only a part of us is stored in the Golden Thread Gu. Before he died, he communicated with us and said that there were many truths that he didn't tell you at that time because it wasn't the time yet."

Xu Bai nodded."Now is the time. Tell me, what is your real purpose for living in this way?"

He didn't want to study too much now. Now that he knew the clues and the existence of these guys, he only wanted to know their purpose.

Good or bad?

Friend or foe?

The divine soul was silent for a moment before it slowly said,"We have left behind many backup plans in a particularly wide range of ways. However, we are worried that you still

won't be able to come into contact with them, so we let ourselves survive in this way. We hope that you can..." Ah!"

Before he could finish his words, he heard a painful cry.

Xu Bai smacked his lips and said," It must be very painful. You feel that your soul is gradually being devoured. This is what you did just now."

"Supreme One, I didn't offend you. Why are you punishing me like this?"His divine soul felt pain and kept wailing.

He couldn't understand why Xu Bai would suddenly attack.

There was nothing wrong with what he said. Why?

Soon, Xu Bai gave the answer.

"Because...A traitor has appeared in the Savior, and that traitor is you."Xu Bai said with a smile.

" You said it very well and brilliantly. Even I can't help but applaud you. But just now, I tried to control you with my soul, only to find that I couldn't control you. According to what you said just now, I am your supreme being, but if I can't even control you, how can I be considered supreme?"

" Also, the loophole is very big. That old man met me before he died. He should have told me everything. There's no question of whether it's the right time or not because I won't return. I'll always be here."

" Assuming that the old man has already told me everything he knows, and he doesn't know about the Absolute Saint's existence, but you do, I suspect that you have sided with the Absolute Saint."

"And that old man, was he used by you to spread the Golden Thread Gu?"

At this point, Xu Bai did not continue. Instead, he waited for the reply from his divine soul.

His divine soul fell into silence and did not say a word.

Are you sure you don't want to tell me? "If you tell me, I can let you live, but if you don't, you might die." Xu Bai said calmly."

After saying this, the divine soul finally gave an answer.

"Kill me. Even if you kill me, I won't say anything."

"It's impossible for us to win because you don't know what kind of existence you're facing. Countless worlds have been destroyed by him."

"Just by relying on the most powerful world and gathering those worlds that have already died, can we resist him?"

"Dream on!"

"We can only live if we submit to him! Even if I die, he can resurrect me. I'm not afraid!"

The information transmitted by his soul was filled with madness.

Xu Bai sighed.

Indeed, he was right. After such a long time, none of the saviors had betrayed him. This was not very scientific.

Now, it seemed that the Absolute Saint's methods weren't weak.

"You mentioned earlier that you left behind a treasure that is very useful to me." "It seems that your existence is preventing me from finding the treasure, right?" Xu Bai said slowly."

Without answering Xu Bai, his soul fell silent again.

"Silence means I'm right." Xu Bai narrowed his eyes. "You really don't want to tell me?"

The soul replied, "Give me a quick death. I was once one of the cultists of mankind. Give me a quick death."

Xu Bai knew that this guy was determined to die because he believed that the Holy Zhi Association would resurrect him.

Was that even possible?

It was impossible.

He had come into contact with the phantom of that huge eye before, and it gave him an extremely cold feeling.

For something like this, it was impossible to keep a promise based on one's own selfish desires.

Xu Bai did not waste any more words. He circulated his true essence energy to avoid the original divine soul of the Golden Thread Gu and destroyed the excess divine soul.

After doing all of this, he removed his Heavenly Change and turned to look outside the door.

"Come in."

Miao Long was standing guard outside the door. Although he didn't know what was going on inside, he suddenly heard Xu Bai's orders and pushed the door open.

Xu Bai pushed the wooden boxes in front of Miao Long."These things have already been dealt with, but their divine souls are still very weak. They will be able to recover slowly. Bring all the other Golden Thread Gu up."

Miao Long was shocked. He did not expect that it would be resolved so quickly.

In fact, this was not a difficult thing for Xu Bai. The problem with the Golden Thread Gu was that his divine soul was too weak, so it was devoured by other divine souls. Now that Xu Bai had wiped out the other divine souls, he only needed to recuperate.

To Xu Bai, the biggest gain from this trip was the Supreme Saint's method.

"We must not let our guard down. Even if he is temporarily imprisoned in the remains, he still has many tricks up his sleeve. If we do not get rid of this trick today..."

"I'm afraid that the treasures left behind by the saviors who didn't betray me will be cut off by these guys."

To be able to destroy countless worlds, even if he was imprisoned, he was definitely not a simple character.

Xu Bai felt that he had to be extra cautious in the future.

Miao Long did not know what Xu Bai was thinking, but he was very happy to be able to solve the problem of the Golden Thread Gu. He quickly gathered people and brought all the Golden Thread Gu over.

Xu Bai also did not have any inkling, one by one, to carry out operations, to erase all those divine souls, and then to tell Miao Long that all the problems had been solved.

Miao Long was overjoyed. He brought all the higher-ups under him to express his gratitude to Xu Bai.

Xu Bai felt at ease with this gratitude.

Before he left, Miao Long gave Xu Bai a big present.

“Prince Xu, don’t worry. We’ve already copied a copy. What we’re giving you now is the original version.” Miao Long handed three books to Xu Bai. “We know that you like secret manuals. These three secret manuals represent nurturing, using, and defending against venomous insects.”

It had to be said that Miao Long was quite good at making things happen.

Xu Bai happily accepted the three secret manuals. After all, there was a progress bar, so he didn’t reject them.

After doing all this, he did not stay any longer. He left the Miao Sect and flew towards the borders of Great Chu.

Now that the first problem had been solved, it was time to solve the second problem.

“Those two dogs of the Barbarian Race have lived long enough. It’s time for them to die.” Xu Bai looked at the border that was getting closer and closer and sneered in his heart.

..

In a secret room.

The Barbarian Grand Sorcerer had been meditating with his eyes closed. Suddenly, he opened his eyes and revealed a hint of surprise.

“He’s here! He actually came out! Our chance has finally come!”

Beside him, the barbarian leader was drinking tea in boredom. When he heard this, he suddenly sat up straight and said, “Really!”

The Great Shaman of the Barbarian Race nodded. “When we sent the Deputy Chief to his death, I used my strongest technique to establish a connection with him. Unless his realm is higher than mine, I will be able to sense his location. He is about to leave the border of the Great Chu Country.”

The barbarian leader received a definite answer, but he did not say anything.

No matter how he looked at it, it felt like a trap.

Moreover, it was equivalent to giving them a conspiracy. He would tell them that Xu Bai was the bait and see if they dared to gamble.

This... It was very difficult!

Chapter 1014: Successful Discord (1)

This feeling was very uncomfortable, and it was difficult to withstand an explosion.

They clearly knew that this was a very obvious bait. The other party had even opened their arms wide. They were just short of telling them to come over quickly. This was a trap.

It was an open scheme, an open scheme.

However, both the leader and the Great Shaman were helpless.

Because they had no way to solve this predicament.

Should he kill Xu Bai?

Kill!

Now, they and the Bizarre City were already on the same boat. The only way was to kill Xu Bai.

If they didn't kill them, if the Bizarre Market lost because of this, then the result would be that they would be exposed and become the enemy of the entire world.

No one liked traitors, especially when humans and the Strange Ones were like fire and water. Their betrayal would draw the anger of all humans.

That was why they wanted to kill Xu Bai.

"Perhaps there is a better choice..." The barbarian leader muttered to himself.

However, not only did the Great Shaman of the Barbarian Race not believe it, even he himself did not believe it.

If there was a better choice, why would he have to do this?

The Great Barbarian Sorcerer spoke slowly.

"In a short period of time, Xu Bai has grown from a nobody to someone who can stand shoulder to shoulder with a saint."

Up until now, your reputation has been ruined. Can you guarantee that Xu Bai won't become stronger in the future?"

"Now, Xu Bai threw himself out as bait just to catch the two of us. But isn't it a good thing for us?"

At this point, everything was clear.

The barbarian leader also understood that this was the best opportunity.

Xu Bai had just stepped into the Saint Realm, and he had just come out. It was an opportunity that he couldn't give up.

Even if this opportunity was a trap, they didn't want to give it up.

After thinking for a long time, the barbarian leader took a deep breath and slowly exhaled.

“Let's do it!”

That's right, he was going to do it!

This was a great opportunity, and he couldn't give it up. Otherwise, he didn't know if there would be such an opportunity in the future.

“Find him and do everything you can!”

“After killing him in one strike, run away with all your might.”

“We can't leave any room for negotiation on this trip.”

They were all old monsters, so how could they not see through Xu Bai's thoughts?

However, everyone knew that this was the only battle for Xu Bai and them.

Whoever lost would die.

“Let’s go.” The Great Barbarian Sorcerer stood up, and his aura continued to expand.

The two of them quickly disappeared from where they were, and everything seemed empty.

..

In the Forsaken Land.

After leaving the furthest border, there were no more people.

There were no cities or villages here, the land was barren, and even animals were rare.

Even the current ruler of the world, Great Chu, was unwilling to waste resources to build here.

Xu Bai was currently flying in the sky. On the surface, he seemed to have nothing to do and had a leisurely look.

But in reality, his divine soul was covering his entire body, as well as everything that could be covered.

He knew very well that this trip was very risky, but he also knew that the other party was more cautious than him.

Everyone cherished their lives. He was like this, and the other party was like this.

Similarly, this time, both sides would fight with their lives on the line.

If he was not careful, he would lose his life.

“It should be soon.” Xu Bai thought to himself and slowed down.

He couldn’t continue moving forward. If he did, there wouldn’t be much time left for Eunuch Wei and the others. The distance was too far, and they might not be able to make it.

He knew that the two barbarians must have known that he had come out and were probably still lying in ambush.

Even though he had spread out his divine soul, it might not be effective against a Saint Pinnacle.

With that thought in mind, Xu Bai slowed down a little and flew for a distance.

At this moment, Xu Bai, who hadn't relaxed, finally sensed something different.

In the distant depths of the sky, a light lit up.

When it first lit up, it was only the size of a grain of rice, but in the blink of an eye, it shone with a terrifying light and arrived not far from Xu Bai.

Xu Bai's pupils constricted.

Hurry up!

It was too fast!

This speed had already exceeded the limits of knowledge.

The infinite distance instantly became extremely close.

A sense of danger lingered in his heart. Xu Bai reacted quickly. In almost an instant, he used his movement technique and narrowly avoided it.

"Boom!"

A rumbling sound resounded through the sky.

Behind Xu Bai, on the mountain not far away, the originally lofty mountain collapsed in an instant.

From the top of the mountain, it gradually turned into dust between heaven and earth.

“What destructive power!”

Xu Bai sighed in his heart.

Before he could finish sighing, he suddenly felt his heart throb.

This feeling rose from the bottom of his heart and spread throughout his entire body in an instant!

“The power of a Grand Magus!”

It was said that the Barbarian Great Sorcerer was good at communicating with magical things, but his attack methods were not strong.

This so-called ‘not strong’ was actually only in the Saint Plane.

If it was someone below the Saint Realm, it could almost instantly kill them.

This kind of power was called the mind.

It wasn't a divine soul, but more like it was stirring emotions and mobilizing them to the strongest.

A person could have countless emotions. When all emotions were balanced, it did not matter to a person.

However, once a certain emotion deviated, it would be out of balance.

When a certain emotion was magnified infinitely, one would even gradually become lost in this emotion until death.

The emotion Xu Bai felt at that moment was sadness.

When sorrow reached its peak, it would make him lose his mind.

I Have Unparalleled Comprehension #Chapter 1015: Successful Discord (2) - Read I Have Unparalleled Comprehension Chapter 1015: Successful Discord (2)

Chapter 1015: Successful Discord (2)

"Is that all?" Xu Bai said.

Two figures had already descended. They were the barbarian leader and the Grand Magus.

Their expressions were cold, and their eyes were filled with crazy killing intent.

Without answering Xu Bai's question, the Barbarian leader slapped his palm toward Xu Bai.

Xu Bai used his movement technique again, but before he could do so, he felt the sorrow in his heart grow even stronger.

In the next moment, Xu Bai's reaction was a little slower. Although he had dodged most of it, he was still hit by the palm.

“Bang!”

A dull sound rang out.

The golden light on Xu Bai’s body was hit.

Even with all the defenses, there was no way he could resist a Saint Realm Pinnacle Stage expert.

The golden light shattered and only managed to block it for a moment.

Xu Bai was sent flying, half of his body shattered.

“Eh?”

At this moment, the barbarian leader exclaimed in surprise.

Half of Xu Bai’s body was broken, but he was quickly recovering. In the blink of an eye, he was back to normal.

“These are all methods to enter the Saint Realm. This kid is really a genius!”The Great Barbarian Sorcerer also sighed with emotion.

Xu Bai wiped the blood from the corner of his mouth and sneered,“”Ever since I entered this circle, this is the first time I’ve encountered such a tough opponent and suffered such serious injuries.”

Their journey had been smooth sailing. This was the first time they had encountered such an injury.

The other party was very strong, and he was indeed powerless to refute.

But... It was alright.

The barbarian leader raised his palm again.” This level of recovery ability must have consumed a lot of your energy. How long can you last?””

After saying that, he struck out another palm.

The powerful pressure was extremely terrifying, making people feel powerless to resist.

Xu Bai was sent flying again, but he was not killed instantly.

The True Core Strength in both his kidneys was being replenished at a crazy rate. The injuries on his body recovered in the blink of an eye.

"It's alright." Xu Bai revealed a look of disdain.

"Attack!" The barbarian leader suddenly turned around and said to the barbarian shaman.

The Great Barbarian Sorcerer nodded.

Now, Xu Bai's emotions had been stimulated to the extreme.

As long as the Great Barbarian Sorcerer detonated it, he could break Xu Bai from the inside.

Under the attack from both inside and outside, it was impossible for Xu Bai to survive.

Now, it seemed that the situation was not advantageous to Xu Bai.

But at this moment, Xu Bai suddenly spoke.

"Kill one of them, the other one will live, and the other one will be a spy! He was a hero, a hero who had exposed the barbarian's conspiracy."

The barbarian leader and the barbarian shaman were stunned for a long time.

They seemed to have guessed what Xu Bai was thinking, but... This was a little ridiculous.

Xu Bai continued, "You guys should be serving the Bizarre Market. This is easy to guess because other than having the Bizarre Market as your backer, there is no other possibility."

"But now, the Bizarre Market should be in a very miserable state. Emperor Chu must have killed many Saint Realm Evils. Such a Bizarre Market doesn't even have a Saint Realm expert. It will definitely lose!"

"A good bird chooses a tree to live in. I need you to deal with the Bizarre Market, but I only need one of you."

The barbarian leader was about to say something.

However, before he could say anything, the Great Barbarian Wizard beside him spoke first.

"Why only one?"

When the question left his mouth, the barbarian leader suddenly turned his head and his gaze stopped on the barbarian shaman.

“What do you mean? At this time, don’t be bewitched by his nonsense. What we need to do is not to stall for time for him.”

He knew that Xu Bai’s mouth was stronger than his strength.

What Xu Bai lacked right now was time.

To the barbarian leader, the last thing he could give Xu Bai was time.

Even the barbarian leader was moved by Xu Bai’s words.

However, this so-called desire was quickly smoothed out by him.

Because no matter how tempted she was, she couldn’t trust Xu Bai.

Those who believed in Xu Bai never had a good ending. This had been proven in the past.

” It’s very simple,” Xu Bai said with a smile.” Someone has to be the scapegoat. There are so many blood debts. How can it be explained if no one is the scapegoat?””

“Now...Let’s see who can survive.”

The Barbarian leader’s body emitted a murderous aura. He felt that he couldn’t let Xu Bai continue talking, because if he continued, he would lose.

He raised his palm again and struck Xu Bai’s body.

Xu Bai retreated once again. This time, the Refined Qi in his kidneys had been exhausted, but there was still Refined Qi in his body.

He focused his attention on his divine soul, ready to destroy it at any time in case of emergency.

At the same time, he looked at the Great Barbarian Wizard beside him.

To be able to talk to him meant that he was moved.

Thinking of this, Xu Bai continued.

“Have you thought about it carefully? Can the Bizarre Market really win?”

“Looking at the comparison of strength, I know that the Bizarre Market must have promised you that they would definitely win.”

“But how can we trust such empty promises? Look at reality, reality is reality. We have the advantage, the absolute advantage.”

As soon as he said that, Xu Bai saw the barbarian leader raise his palm again.

However, he was not in a hurry because he saw that the Barbarian Grand Wizard was already tempted.

Why was he moved?

That was because the Great Barbarian Sorcerer had made his move.

The emotions in his body disappeared.

At the same time, a strong emotion rose from the barbarian leader.

“No!”

“You can’t do this!”

“This is betrayal!”

The barbarian leader said in shock.

However, he could not continue speaking.

Because Xu Bai had also launched an attack.

In the blink of an eye, Xu Bai had already cooperated with the Barbarian Grand Wizard to launch an attack.

“You did well. I like it very much. Don’t worry, I’ll spare your life.”

With all kinds of attacks, Xu Bai had already switched from defense to offense.

The barbarian leader looked at the white light in Xu Bai’s hand, and his eyes turned red.

“Good! Then I’ll kill you!”

He didn’t care about the emotions that were piling up on his body. He just wanted to kill Xu Bai first so that he could solve the problem in his heart.

“Boom!”

A loud bang sounded.

Xu Bai was fine.

The Barbarian Grand Sorcerer turned around and said, "Prince Xu, please put in a good word for me. I was bewitched by this thief!"

There was a hint of flattery in his words.

"That's easy to say," Xu Bai said with a smile.

This person really knew the times.

Xu Bai knew very well that this tactic of sowing discord was very likely to be effective.

Because these two guys were not the kind of people who were unyielding.

If they were tough, they wouldn't have to live like rats on the street just to survive.

Therefore, survival was their only weakness.

This was something that Xu Bai had to grasp.

Now, it seemed that he had caught it.

"Aaaaaaah!"

The barbarian leader roared, "I'm going to kill both of you!"

The taste of betrayal was not good, and he could not bear it.

He wanted to kill Xu Bai and the Great Shaman of the Barbarian Race!

"Leave no one alive?" Xu Bai suddenly smiled. How many can you fight?"

"How many can I fight?" The barbarian leader was stunned.

However, he quickly reacted and turned around.

Behind him, there were two people walking in the air.

Eunuch Wei, Liu Yue!

The barbarian leader turned around and prepared to escape without hesitation.

The situation was already dire. He absolutely could not linger here. He had to run!

However, the current situation was no longer something he could decide.

Before he could turn around and escape, the emotions that had been accumulating in his heart exploded in an instant!

“Ugh!”

The barbarian leader’s figure froze, and he looked angrily at the barbarian shaman.””Traitor!”

At this moment, all kinds of complicated emotions flowed in his heart.

If he had known earlier, he would have struck first and killed this traitor. Perhaps he would have been the one standing beside Xu Bai.

Unfortunately, there were no ifs.

During this brief pause, the barbarian leader was surrounded by Eunuch Wei and Liu Yue.

The barbarian leader was cautious and didn’t dare to slack off.

The current situation had been completely overturned. There was no chance of winning at all.

Thinking of this, the barbarian leader looked sad.

He really didn’t expect that he would be defeated by his own people.

He had lost.

He lost terribly.

At this moment, he heard Xu Bai’s voice again.

“Aiya, switching offense and defense, what is cruel? This is cruel.”

Xu Bai smiled and said,””Today, I can free up another spot to become a Saint.”

His voice was filled with mockery.

I Have Unparalleled Comprehension #Chapter 1016: My Daughter Is Hard Working - Read I Have Unparalleled Comprehension Chapter 1016: My Daughter Is Hard Working

Chapter 1016: My Daughter Is Hard Working

The barbarian leader's face turned purple when he heard Xu Bai's mocking words.

Indeed, starting from today, he would be able to have a spot to enter the Saint Realm. This spot was given by him. If he died, wouldn't he have a spot to enter the Saint Realm?

The arrival of Eunuch Wei and Liu Yue made the barbarian leader very clear that he would not be able to escape this time.

Four Saints surrounded him.

If he could escape from this, then his name could really be passed down through the ages.

However, the reality was right in front of him. There was no way to escape.

The barbarian leader suddenly turned his head and looked at Xu Bai. "I'm more suitable to be a combat force than him. My combat strength is stronger than his. If I live and he dies, he'll take the blame!"

The 'him' here was, of course, referring to the Great Barbarian Wizard.

The Great Barbarian Sorcerer's expression changed. He hurriedly turned to Xu Bai with an anxious look in his eyes.

He wanted to speak, but he couldn't.

The Barbarian leader was right. In terms of combat power, he was only at the bottom of the Saint Plane.

With his ability, he was more suitable to provide support from the side. However, if he really faced the Bizarre Market, the barbarian leader would probably be more useful.

Xu Bai didn't answer. He just stood there calmly.

The barbarian leader looked at Xu Bai and thought that Xu Bai had already thought about the pros and cons. He hurriedly continued, "From today onwards, I'm willing to be everyone's pawn. When the Bizarre Market invades, I'll be the first to rush forward. I won't frown at all!"

It couldn't be helped. Everyone was afraid of death, let alone the two of them.

If not for the fear of death, why would he have gone to the Bizarre Market?

Now that a living example was placed in front of him, if he wanted to live, it would depend on Xu Bai's mood. He could only try his best to fight for a chance to live.

Xu Bai narrowed his eyes. Under the earnest expression of the barbarian leader, he said, "I don't need a disobedient person. At that time, you answered very slowly, so there's no need to leave you alive."

As he finished speaking, the first to attack was not Eunuch Wei or Liu Yue, but the Great Shaman of the Barbarian Race.

In order to show his loyalty, the Barbarian Grand Wizard was the first to attack.

Powerful emotional power burst forth from his body and surrounded the barbarian leader.

Although his combat ability was at the bottom of the Saint Plane, he was the best candidate to provide support.

The barbarian leader's heart had already turned ashen when he received Xu Bai's reply. However, in the silence, he burst out with the momentum of fighting to the death.

"If you want to live, you can't accept the battle. You can only break out of the encirclement, and the direction of the encirclement should be the weakest!"

The battle was ever-changing. In just an instant, the barbarian leader had already thought of a solution.

He turned towards Xu Bai and turned into a blur, arriving with a loud bang.

"Very good. At this time, you can still find the best method." Xu Bai narrowed his eyes and said, "Stop him."

This sentence was not directed at Eunuch Wei and Liu Yue, but at the barbarian shaman.

The Grand Shaman gritted his teeth. He had just blocked the attack for Xu Bai and was already injured. However, Xu Bai's words were like an order at this moment, so he did not dare to disobey. He forced himself to stand in front of Xu Bai.

"You're courting death!" The barbarian leader looked at the barbarian shaman in front of him and said coldly.

This former companion of his had become his enemy. This made him feel an indescribable anger in his heart.

He raised his right hand and concentrated all his strength to strike out.

The palm strike was so destructive that the Great Barbarian Sorcerer's face turned pale.

At this moment, he heard Xu Bai's voice.

"If you stop me, you might survive. If you can't stop me, if I die, you will definitely die."

After hearing this voice, the barbarian shaman's pale face became even paler, like a piece of paper. However, he gritted his teeth and did not take half a step back. He gathered all his strength and slapped the barbarian leader.

He wasn't good at fighting, so this palm made his entire body tremble. He was heavily injured and his body swayed.

With just one more palm, the Barbarian Grand Wizard would ascend to heaven.

At this moment, Eunuch Wei and Liu Yue finally made their move. They arrived in front of the barbarian leader at an extremely fast speed.

"Do you still want to run away in front of us?"

"Heh, he's just a stray dog. He doesn't have any deterrence at all."

The two of them spoke one after another. After they finished speaking, they were already in front of him.

"Boom!"

The two of them brazenly attacked. Gray threads rose from Eunuch Wei's body and tightly bound the barbarian leader.

On the other side, Liu Yue's body was surrounded by ancient characters. As Liu Yue waved his hand gently, these characters stuck to Eunuch Wei's gray thread.

In just an instant, the threads and ancient characters exploded rapidly, emitting endless rumbling sounds.

After the explosion, the sky changed color. Xu Bai and the Grand Shaman of the Barbarian Race retreated quickly to avoid the aftershock of this wave.

In the aftershock, the earth was destroyed, and the white clouds in the sky were stirred up. Wherever it passed, not a single blade of grass grew, causing the already barren land to become even more barren.

"Ah!"

Xu Bai could hear terrifying screams and continuous explosions coming from inside.

The figure continued for nearly 15 minutes before the sound gradually disappeared.

Smoke and dust drifted in the air, blocking the view.

When Xu Bai saw this scene, he gently waved his sleeves, and a strong wind instantly blew.

I Have Unparalleled Comprehension #Chapter 1017: My Daughter Is Hard Working (2) - Read I Have Unparalleled Comprehension Chapter 1017: My Daughter Is Hard Working (2)

Chapter 1017: My Daughter Is Hard Working (2)

The smoke and dust that covered the sky and the sun instantly turned into nothingness as he waved his sleeve. The situation in the arena was also revealed.

The barbarian leader was still standing in the middle of the battlefield. He didn't even have any external injuries. He stood there like a piece of wood.

Eunuch Wei and Liu Yue came to Xu Bai.

"Is it resolved?" Xu Bai asked.

He looked at the barbarian leader who seemed to be unharmed. He didn't know what he meant.

At this moment, the barbarian leader's lifeless eyes turned. He raised his right foot and took a step forward. This movement started from his raised right foot and gradually spread throughout his entire body, turning him into ashes.

The ashes drifted in the wind and soon disappeared into the boundless horizon.

The leader of the barbarians was dead!

"There's another Absolute Saint in the world." Xu Bai narrowed his eyes and said contentedly.

The Great Shaman of the Barbarian Race quickly flattered him. "That's right. With Your Highness taking action, who in the world can't be taken down? As long as it's Your Highness's method, it's the most brilliant method in the world."

At this moment, the Great Barbarian Sorcerer was like a pug wagging its tail in front of Xu Bai.

"Killed?" Eunuch Wei raised his eyes and asked indifferently.

After hearing this, the barbarian shaman's hair stood on end. He could not help but tremble and stutter, "Prince Xu, you promised me. You are so wise and great, and your strength is so strong. You can't go back on your word."

He was already anxious. He said all the flattering words that he knew.

In the past, it was someone else who said it to him. He only knew that he was happy to hear it and did not remember it. Now, he was racking his brains to say it.

The corners of Xu Bai's mouth curled up slightly. It felt good to be in the position of the head of the bed.

To be honest, he really didn't like this kind of traitor. He really wanted to kill this guy with a knife, but this guy was still very useful to him.

It was the same to kill after using it.

Not to mention the issue of credibility, these two fellows had once wanted to attack him. It was impossible to leave them a way out.

"No need to kill him." Xu Bai smiled and said, "Let go of your divine soul. Let me check it out. Don't worry. I haven't killed you yet. I definitely won't do anything."

The Great Barbarian Sorcerer seemed very hesitant.

He knew that Xu Bai was proficient in controlling the soul, but Xu Bai was only a First Grade Saint, so he couldn't control him.

However, if he released his divine soul, the situation would be different. After releasing his divine soul, it was equivalent to opening the door, and Xu Bai could easily achieve his goal.

Xu Bai frowned when he saw the hesitation on the Grand Shaman's face. "What, you're still unwilling? What I said just now was all a lie. It seems that I'm not the wisest and most powerful person in your heart. Then it's useless to keep you alive."

At this point, he was ready to wave his hand and let Eunuch Wei and Liu Yue kill this guy.

At this moment, the Great Barbarian Sorcerer finally woke up.

That's right, his current situation was already like this. There was no room for choice at all.

Putting everything else aside, as long as Xu Bai said a word, he might be gone in an instant.

What was there to worry about now? If he opened his soul, he might be able to live. If he did not open his soul, he would definitely die.

He could still choose between life and death.

After the Great Barbarian Sorcerer thought it through, he quickly lowered his head. "I'm willing to open up my soul. Please forgive me, Your Highness. I was only possessed for a moment."

His status was the lowest, and he only wanted to live.

Xu Bai nodded and did not care about the other party's hesitation just now.

The Great Barbarian Sorcerer closed his eyes and opened his soul.

At this moment, Xu Bai finally used the power of his soul and directly invaded the soul of the Barbarian Grand Sorcerer.

In the next moment, a powerful soul power explored the soul of the Great Barbarian Sorcerer.

The speed of exploration was very slow. Xu Bai wanted to explore every possibility.

First of all, he had discovered many secrets of the Barbarian Race, but these secrets were no longer important because there were no more Barbarians.

After searching for a long time, he finally found the information he wanted.

Bizarre market!

Since these two guys had actually sided with the Bizarre Market, they must have something to do with it. Therefore, this information was definitely available.

Xu Bai now knew the current situation. He had to destroy the Bizarre Market before he could deal with others, such as the Absolute Saint.

He didn't want to keep the Bizarre Market. Keeping it was just a worry in his heart. It was better to get rid of it.

After digesting the information in his soul for a while, Xu Bai finally retreated. After organizing his words carefully, he looked at the Barbarian Grand Sorcerer who had recovered.

“From now on, I’m already dead. Tell the people of the Bizarre City that I’m gone. I was killed by you, and the price you pay is the leader of the barbarians. Do you understand?”

From the information just now, he could tell that these two fellows were ordered by the people from the Bizarre Market to kill him.

The reason was very simple. It was because the Bizarre Market was very difficult now.

Back then, they had lured the Chu Emperor over in their final battle, and the Bizarre Market could be said to have suffered greatly.

Although they had also dealt a heavy blow to the Chu Emperor, to them, as long as the Chu Emperor didn’t die, they had lost that battle.

It was also because of this that the situation that they were originally confident of winning had completely reversed at this moment.

They had no chance of winning, but they said that they would let the Great Shaman and the leader of the Barbarian Race kill Xu Bai. Only after killing Xu Bai would they unite and attack the human world.

I Have Unparalleled Comprehension #Chapter 1018: My Daughter Is Hard Working (3) - Read I Have Unparalleled Comprehension Chapter 1018: My Daughter Is Hard Working (3)

Chapter 1018: My Daughter Is Hard Working (3)

The rest were not the most important. The most important thing was the last piece of news. As long as he died, these guys would attack the human world. Then, wouldn’t the answer be very simple?

If he didn’t die, he might have to think of ways to lure them out. But now, with the traitor, the Great Barbarian Wizard, he could easily lure them out by pretending to die.

Now that he had lured them out, everything became simple.

Xu Bai narrowed his eyes and began to plan his next move.

The Great Barbarian Sorcerer was a smart man, so how could he not know what Xu Bai meant?

He knew that it would be difficult for him to escape from this Bizarre Market, and he also knew which side he should stand on.

Thinking of this, the Great Barbarian Sorcerer praised, ""Your highness is truly wise and wise. Your plan is flawless, and I am truly impressed!"

Xu Bai felt a little awkward when he heard the flattery from someone who had never flattered others before.

" Go, go, go, go, you, don't say anything, shut your mouth, do as I say. ""

He waved his hand impatiently.

The Barbarian Grand Sorcerer also shut his mouth. He knew that Xu Bai did not like his flattery, so he did not continue.

Xu Bai looked at Eunuch Wei and said, " I'll have to trouble the two of you to bring him back to Great Chu and keep a close eye on him. I have to go back to the barbarian fief immediately. ""

This fellow definitely could not stay at his place. Instead, he should go to the Great Chu Country. Only then could he completely control him.

When Xu Bai said this, he had already secretly winked at him. Eunuch Wei had been in contact with Xu Bai for many years, so he naturally understood and made an expression of understanding.

When this Great Barbarian Sorcerer completed his mission, it would be the time for him to die.

"Are you going back to see your daughter?" Liu Yue suddenly said.

Xu Bai had been hunted down by the First Prime Minister in the beginning, and they didn't have much interaction. Now that he heard Liu Yue's words, he nodded.

At first, they were enemies, but now that they had become allies, he naturally would not hold back.

Liu Yue pondered for a moment, then suddenly took out two books and handed them to Xu Bai.

"What is this?" Xu Bai asked with a puzzled expression."

"One of them is about what I learned when I failed to become a saint. Don't look at me like that. I did fail before, but who hasn't?"Liu Yue said.

“As for the other book, it’s a book about scholars who can cultivate all the way to the ninth grade of Transcendence. I know about your daughter’s situation, and I really want to see how far she can go.”

“I also need an inheritor. I don’t like anyone in this world. You were okay, but now you’re famous. So, give it to your daughter.”

Xu Bai was stunned. He didn’t expect this result.

However, he was naturally happy to receive a book on failing to become a saint and a book that could help him cultivate to the ninth grade of the transcendent realm.

He could use the knowledge he gained from failing to become a saint, and he could give the book to his daughter. Wouldn’t that be the best of both worlds?

Xu Bai was not a person who did not understand the ways of the world. After receiving the benefits, he cupped his fists and said, “Thank you.”

Liu Yue waved his hand as if he didn’t care about all this. He didn’t say anything to Eunuch Wei and turned to leave.

Eunuch Wei looked at Liu Yue’s back with a deep gaze. “This fellow is almost there.”

Soon?

When Xu Bai heard this word, he pondered for a moment and said, “Saint?”

Eunuch Wei nodded. “The number one scholar in the world is very close to that step. Fortunately, we are friends now and not enemies.”

Ever since Emperor Chu ascended to the heavens and broke the rules, Director Mu had become the second person to become a saint. Now, the third person was about to arrive. Xu Bai also felt a little emotional.

The two of them chatted for a while more. Xu Bai was very fond of his daughter, so he bade farewell and left. Eunuch Wei did not stay any longer and headed towards Great Chu...

..

Barbarian territory.

In the palace.

This was the most important place in the entire barbarian fief, and it was also the central hub of all the cities.

At this moment, the originally solemn Land became unusually happy.

A small figure was running around the palace.

Behind this figure were dozens of mortal evolution states.

“Hehehe, you can’t catch me!”

The owner of this figure was a girl of five or six years old, but she was extremely agile and jumped around on the roof.

If one looked closely, they would realize that this girl was actually an expert at the Extraordinary realm.

The hearts of dozens of Extraordinary experts hung in the air as the girl ran around.

“Princess Ling, Princess Ling, come down quickly. If anything happens to you, I will lose my life!”

“Princess Ling, we’re really not here to capture you. We’re just here to protect you.”

“Be careful, be careful. The tile under your feet is empty!”

Every Extraordinary expert’s face was covered in sweat. They were afraid that the little girl would fall from the roof.

Being born as a human was extraordinary!

A mortal evolution state like this couldn’t fall off the roof, but it was this little princess.

Ever since the little princess learned how to read, she had learned very quickly and grown very quickly. In a short period of time, she had grown to this state. Most importantly, she had the strength of the Extraordinary realm, but she did not cultivate.

Jumping around on the roof like this was completely done by relying on a huge amount of strength. There was no way to do it.

Chapter 1019: My Daughter Is Hard Working

Moreover, the children were very naughty. In a short period of time, they had already caused thirty-two disasters in the palace. Although they were all children's pranks, it still made everyone worried.

They were worried, but no one dared to say anything. After all, the identity of the person in front of them was not ordinary. He was born to stand at the top of the world.

His father, Xu Bai, was a Saint Realm master. He was also the famous Prince Xu, one of the supreme people in the world.

With this identity alone, no one would dare to say anything.

Fortunately, although the child was naughty, he did not have any bad intentions. At most, he would tease others. This was the nature of children.

He wouldn't be annoying. At most, he would just have a headache.

Xu Ling was fleeing on the roof while looking down at the people below.

With every jump, the worried look of the people below made her feel very happy.

"Don't catch me, don't catch me. I won't come down. If you catch me and send me to my mother, I'll really be beaten up."

As she spoke, she thought about it, especially when her mother hit her with a stick not long ago. She couldn't help but shiver.

It was said that a loving mother was strict with her father, but her mother was really hitting her!

As she thought about this, Xu Ling rubbed her butt angrily.

Hmph!

Since you dare to hit me, then I'll turn the palace upside down!

Let's see if you still have time to hit me in the future!

At this moment, the devilish brat had such thoughts.

Moreover, this idea was constantly magnified, making her feel more and more feasible.

The more she thought about it, the more excited she became. She was already secretly calculating in her heart.

“Hehe, Uncle Qingfeng is guarding the palace’s treasury. I’ll go and make a scene there first. Last time, Uncle Qingfeng thought I was very cute, but he wasn’t on guard. This time, I must make a scene in the palace’s treasury first!”

After reaching the first step, Xu Ling rolled her eyes and changed her direction, rushing toward the palace’s treasury.

At this moment, another figure rushed over from another place.

After a long journey, Xu Bai finally arrived at the barbarian fief.

He didn’t look for Chu Ling and his daughter immediately. Instead, he went to the palace’s treasure vault. He wanted to bring all the books in the palace’s treasure vault to his daughter to try and see if she had made up for her shortcomings.

If he could really learn the ability of a professional, it would prove that he had made up for his shortcomings, and Xu Bai would be able to relax.

The closer he got to the palace treasury, the happier he was.

However, before he could arrive completely, he suddenly saw a small figure rushing toward the palace treasury under the pursuit of dozens of Extraordinary experts.

Xu Bai was stunned. He reacted quickly and could tell that the figure looked similar to him from its cunning features.

“Growing so fast? How much energy has he absorbed?”

With this thought in mind, he saw Xu Ling land on the ground and run into the palace’s treasury with her short legs.

“Looks like this girl is quite studious.” Xu Bai thought to himself as he watched Xu Ling land on the ground.

He was a diligent person who kept on working hard every day. He did not expect his daughter to be even more diligent and studious than him. She was just a little child, yet she already knew how to read.

Like father, like daughter. This saying was indeed true.

The mortal evolution state suddenly saw a person landing in front of the palace. They stopped and looked wary.

They were the little princess ‘personal guards, so of course they had to be careful.

However, at that moment, when they saw this person's appearance clearly, all the grievances in their hearts exploded.

"Wow!"

"Wangye, you have to help us. Control the little princess!"

"The Ling King can't control her anymore. The entire palace has been turned upside down by her!"

"Wuwuwu!"

A few Extraordinary experts actually wiped their tears. It could be seen how much they had suffered.

Xu Bai was speechless.

My daughter's studious personality seems to have disappeared.

Chapter 1020: Extremely Strong Ability (1)

At this moment, Xu Bai's expression was like this.

(눈_눈)

You said that my father is a tiger and my daughter is a dog. You said that my daughter is diligent and studious.

In the end, he was just causing trouble diligently!

Who could take this?

Looking at these complaining mortal evolution states, their faces were filled with helplessness.

If it wasn't for the fact that he had been messed up, he probably wouldn't have shown it.

"I know I'm going to use the system."

At this moment, Xu Bai knew how ugly his expression was.

He acted like a strict father and directly stepped into the palace's treasury.

A child would not grow into a child without being beaten, especially a naughty child.

Xu Bai quickly disappeared from everyone's sight.

The sound of discussion rang out.

"Now that wangye has entered, you should be able to control that little ancestor, right?"

"It's hard to say...The Ling King had no choice. It went in one ear and out the other, and she forgot about it as soon as she turned around."

"Shh, lower your voice. Listen, there's movement!"

..

Everyone turned their bodies and pricked up their ears.

Soon, a loud cry erupted from the palace's treasury!

"Father? Why are you back?"

"I know. I just couldn't speak at that time. I'm not stupid."

"Sigh, sigh, sigh! Father, what are you doing? Why are you dragging me away?"

"You were also a troublemaker in the past. Why did you drag me away?"

"Dad, listen to me. If you and I join forces, we will be the top of the world!"

"Pa!"

Accompanied by the sound of a slap, the world was completely silent.

After a while, Xu Bai's voice came from the palace treasury.

"World Summit? Where did you learn this?"

There was an indescribable sense of shame in his voice.

Xu Ling's voice sounded out, full of confidence."Everyone says that my father is one of the nine Saints in the world. Isn't that the top of the world?"

"Then I'll beat you to death!"Xu Bai was furious.

The sound of slapping could be heard without end.

In the beginning, Xu Ling was still stubborn enough to argue back, but as time went on, all she could do was beg for mercy.

A moment later, under everyone's gaze, Xu Bai walked out while holding Xu Ling's collar.

Xu Ling's small arms and legs looked dejected. It was obvious that she was being controlled.

On the other side, Xu Bai's tone was cold." Hehehe, isn't that obedient? You still need a beating.""

Before Chu Ling got pregnant, Xu Bai had thought about how to raise a child.

I don't want to teach my child well, at least... You can't be so chuuniyou!

If word got out, it would add a shameful title to the title of Bloody Slaughterer Swordsman.

When these two titles were added together, wouldn't it be completely numb?

No!

Absolutely not!

This clown's thoughts were corrected!

After dealing with the group of Extraordinary experts, Xu Bai brought Xu Ling and rushed toward Chu Ling.

Xu Ling knew what she was going to face next, and her face turned pale.

Just as she was about to beg for mercy, Xu Bai shot her a look and she was so scared that she didn't dare to open her mouth.

Not long after, Xu Bai arrived at Chu Ling's location.

"Husband!"

Chu Ling, Ye Zi, and Qing Xue were both present. When they saw Xu Bai, their faces revealed a look of pleasant surprise.

However, when his gaze landed on Xu Ling, he instantly understood.

So he had been caught!

Ye Zi was the first to run. She was about to catch Xu Ling as she reached out her hand and said, "Husband, you're just a child. Don't be serious!"

Beside him, Qing Xue also ran over.

The two girls looked worried.

Xu Ling reacted quickly and put on a pitiful expression. "Second Mother, Third Mother, Father hit me! His butt is bleeding!"

She didn't know whether she was acting or not, but as she spoke, tears gathered in her eyes and she cried out loud.

Ye Zi and Qing Xue became even more worried when they cried.

The only ones who weren't affected were Xu Bai and Chu Ling.

Chu Ling's expression was similar to Xu Bai's."

If it was the first time she saw him, Chu Ling wouldn't have said anything.

However, after encountering it many times, Chu Ling had become indifferent.

This child only knew how to pretend.

She had been deceived many times and was already used to it.

Xu Ling was still wailing, but after hearing Chu Ling's words, her cries instantly stopped.

"Mother, you're so cruel."

"Haha." Chu Ling replied with a cold smile.

Xu Bai didn't let Ye Zi and Qing Xue continue talking. He directly dragged Xu Ling and walked in from outside.

This time, the little girl was completely resigned to her fate. No one could save her. She was going all out.

After Xu Bai entered the house, he threw the little girl aside.

The little girl was also very tactful. She had an innocent and harmless expression on her face, not at all like someone who would cause chaos in the entire palace.

"Have you learned the abilities of the industry?" Xu Bai didn't care about this little girl and turned to ask Chu Ling.

Chu Ling shook her head, "Not yet, I've been waiting for my husband to return."

Xu Ling's ability was too strange, and she didn't dare to let Xu Ling learn it casually. Moreover, she had told all the experts in the palace that they absolutely couldn't let this little girl learn anything.

Everything had to wait until Xu Bai arrived.

Now that Xu Bai was here, Chu Ling felt more relaxed.

Xu Bai rubbed his chin and looked at Xu Ling. "Do you want to learn?"

"Learn, learn!" Xu Ling's reaction was extremely fast."

During this period of time, even someone as smart as her couldn't learn any abilities related to her profession.

He hid it from everyone, even from the palace's treasury. As long as he went to take the book, he would be chased out by Liu Qingfeng.

She had wanted to learn it for a long time, but she had never been able to. Now that Xu Bai had agreed to teach her, she was naturally happy.

I Have Unparalleled Comprehension #Chapter 1021: Extremely Strong Ability (2) - Read I Have Unparalleled Comprehension Chapter 1021: Extremely Strong Ability (2)

Chapter 1021: Extremely Strong Ability (2)

"What kind of ability do you want to learn?" Xu Bai asked again."

The little girl's eyes lit up when she heard this.

"I want to learn all of them!"

The little girl opened her arms and said,"I want an even more powerful ability than my father!"

Seeing this, Xu Bai couldn't help but laugh and scold,"What are you thinking!"

Qing Xue couldn't help but cover her mouth and said,"Your father is currently one of the strongest people in the world, and you still want to surpass him?"

Ye Zi also smiled at the side." Husband has a variety of abilities. You little girl, don't bite off more than you can chew."

Chu Ling said worriedly,"Husband, don't listen to her."

Xu Ling looked left and right. Seeing that everyone was opposing her, she pouted angrily."Don't doubt me. I'm definitely stronger than my father. When the time comes, I'll capture my father and beat him up!"

Xu Bai was speechless.

Thank you for being filial.

Of course, Xu Bai didn't mind the child's nonsense.

He reached out and patted Xu Ling's head.

Xu Ling clenched her fists tightly, but her expression was one of enjoyment.

She always liked her father touching her head. It was very comfortable.

However, this comfortable feeling did not last long, because in the next moment, Xu Bai opened his mouth.

"If you want to learn, don't cause trouble in the future, understand?"

Xu Bai was speechless that the entire palace had turned into such a mess while he was away.

Education should start from a young age.

Other things could be ignored, but moral character was very important.

Although his reputation in the martial arts world... He was a little bit of a * sshole, but he wanted Xu Ling to learn the most basic three views.

"Dad, can I learn for free?" Ling Xu asked with a sullen face."

"Boom!"

Xu Bai knocked Xu Ling's head and said,""What do you think? Your father has never heard of the word 'learning for free' in the martial world."

Good heavens, he was so young, yet he had learned it for free. It was simply ridiculous.

Xu Ling clutched her head with an aggrieved expression."Alright, I agree."

This answer was the biggest brainstorm that Xu Ling had in a short period of time.

After weighing the pros and cons, she felt that studying was more important. Compared to studying, other things were not important. She could delay causing trouble.

Xu Bai knew what the little girl was thinking, but he didn't say anything.

The subsequent education could be slowly followed up. First, he had to establish such an idea in her heart, and then slowly correct it.

Thinking of this, he didn't say anything else. He took out the book that Liu Yue had given him and the three books that he had taken from the Miao family and placed them in front of Xu Ling.

"You said all of them, but before that, I need to see your abilities. You can choose one to learn first. As long as you can learn it, I can give you all of them, including the entire palace treasury."

Xu Bai waved his hand and put on a very forthright appearance.

Xu Ling bit her finger as she struggled to pick out the four books.

She was a child to begin with, and it was just a spur of the moment. Now that she was really asked to choose, she was in a difficult position.

What should I choose?

Xu Ling began to ponder again as she picked and chose from the four books.

Xu Bai was also curious about what his daughter would choose.

A moment later, Xu Ling's voice rang out.

“Just this one!”

Xu Bai followed the voice and saw Xu Ling holding a book high up in the air.

Xu Bai was very familiar with this book. It was Liu Yue’s book.

“Why did you choose this one?” he asked curiously.”

He had thought of other things, but he had not thought of this.

In his opinion, how could a child choose a book from a scholar?

In this day and age, there were still children who liked this?

That was impossible.

Soon, Xu Ling gave him an answer.

Xu Ling flipped to one of the pages and pointed at the words on it.”Look at the painting”

Xu Bai looked over and saw the content in Xu Ling’s hand.

The book, which should have been very profound, was filled with all kinds of small people.

This book definitely wouldn’t have any villains.

There was only one answer. Liu Yue drew it himself.

“I didn’t expect that someone as noble as you would use such methods.”Xu Bai thought to himself.

It was very clear that Liu Yue had shamelessly painted in order to make the little girl like the profession of a scholar!

Xu Bai thought of Liu Yue’s carefree appearance and could not help but complain,”I didn’t expect that a fellow with thick eyebrows and big eyes like you would do such a thing.”

Chu Ling and the other girls were puzzled.

Only then did Xu Bai tell him what had happened.

Who knew that Xu Ling would throw the book on the ground and turn her head away after she finished speaking?

“I’m not learning anymore!”

“Why?” Xu Bai’s mouth twitched.”

Xu Ling snorted.” He tried to kill my father. I’m not going to learn from him. I’m going to beat him up when I grow up!””

In the royal palace, the things that could be heard the most were, of course, Xu Bai’s matters.

The little girl had heard a lot and knew about her father’s glorious past, so she didn’t want to learn.

Although Liu Yue was now an ally, she still wanted to beat him up when she grew up to avenge her father.

Xu Bai didn’t expect this little girl to have such thoughts. He said helplessly,””You should learn first. Don’t bother about these adults ‘matters. Moreover, I have something to investigate.”

Xu Ling was still unwilling.

Xu Bai spent another half an incense worth of time talking before the stubborn Xu Ling reluctantly picked up the book.

It was as if what he was holding was not the treasure that all scholars dreamed of, but something that was not worth a penny.

“You can learn here,” Xu Bai said.”

According to his own clues, if Xu Ling could make up for the flaws in her ability, she would learn it very quickly.

He only needed to verify this matter. If Xu Ling could learn it, it would prove that Xu Ling had already resolved her biggest flaw and had no worries.

Although Xu Ling didn’t know why she had to study here, she didn’t say much. Instead, she flipped open the book with a look of disdain and began to read it carefully.

The surroundings fell silent. No one spoke.

Time gradually passed. In the blink of an eye, an hour had passed.

At this moment, Xu Ling had already flipped to the last page and placed the book on the table.

Xu Bai saw this and comforted him.” It’s okay. Just look at it more. If it doesn’t work once, just do it twice.””

He thought that Xu Ling hadn’t learned anything and wanted to comfort her.

However, before he could finish his sentence, Xu Ling’s next sentence made him unable to understand.

“How strange...” “I feel like I can absorb energy again.” Xu Ling scratched her head.”

“Tell me more details.” Xu Bai didn’t understand.”

Although she could speak, her vocabulary was limited and she could barely express herself.

After dancing around for a while, Xu Ling finally expressed herself.

“That’s probably it.” Xu Ling said as she bit her finger.

Xu Bai was stunned. After he reacted, he asked,””You mean... Have you learned it?”

He understood now. This meant that he had learned it!

Xu Ling nodded her little head and said bluntly,” I didn’t learn all of them. I stopped when I reached the mortal evolution state, but I felt different.””

“I absorbed a lot of power previously... After that, it was very uncomfortable. Now, it was very smooth and he could continue to absorb.”

Xu Bai rubbed his chin.

Based on this, Xu Ling should have found a way to vent her anger and thus removed the danger.

Of course, this idea still needed further practice before it could be completely confirmed.

The method to put it into practice was also very simple.

Xu Bai thought for a moment and said,”Come over here.””

Although Xu Ling didn’t know what it was, she had complete trust in her father. She skipped over and said,””Father!”

Xu Bai looked serious.” There will be a certain amount of danger next. But in order to prevent you from facing greater danger in the future, you have to give it a try. If you feel uncomfortable later, you have to tell me immediately.””

Xu Ling rolled her eyes and nodded in agreement.

Xu Bai opened his palm and a thread of elemental energy circulated in his palm.

“Now, absorb the power. Let me see what limit I can reach.””

I Have Unparalleled Comprehension #Chapter 1022: The Beginning - Read I Have Unparalleled Comprehension Chapter 1022: The Beginning

Chapter 1022: The Beginning

Xu Bai wanted to give it a try to see how much his daughter could accommodate and how fast she could learn.

Xu Bai had already figured out some of the pros and cons of the test not long ago. For example, as long as his daughter reached this realm, she would be able to learn things of this realm.

To put it simply, she was already at the Extraordinary realm, so she could only learn cultivation techniques at the Extraordinary realm.

Just now, the series of operations had taught Liu Yue's book to the Extraordinary Realm, but he could not step into the realm after that.

However, after learning the Extraordinary realm, Xu Ling said that she could continue to absorb power, so this was just an attempt.

He wanted to see how much Xu Ling could absorb this time.

Hearing Xu Bai's words, Xu Ling nodded and tried to absorb Xu Bai's True Core Strength.

After a while, Xu Ling's face was filled with dejection.

“I only absorbed a little bit, but it's full again.”

Full?

Xu Bai carefully felt the changes in the Refined Qi in his body and found that there were not many changes. Not much was absorbed, and it was quickly replenished by the Refined Qi.

Why couldn't he absorb much?

Xu Bai stroked his chin and pondered.

He didn't have many clues and could only rely on blind guesses. The clues he knew were also insufficient.

"Think about it. What kind of situation caused you to be unable to absorb it?"

Xu Ling was one of the people involved, so it was better to ask Xu Ling.

Frowning, Xu Ling pondered for a moment before shaking her head.

"I don't know what's going on either. In any case, I was able to absorb it at the beginning, but I didn't absorb much later on."

She tried her best to describe it, but the more she described it, the more confused she became. Towards the end, even Xu Bai couldn't understand it clearly.

Seeing that Xu Bai couldn't hear her clearly, Xu Ling became even more anxious, and her speech became even more chaotic.

"Wait a minute!" After some thought, Xu Bai told Xu Ling not to continue. The more she said, the more confused her thoughts became, and the less clues she would get.

"Oh," Xu Ling replied and obediently shut her mouth with an aggrieved expression.

She had no choice. She had indeed described it very well, but she just didn't know.

Xu Bai rubbed Xu Ling's head and ignored her aggrieved expression. After consoling her for a while, he began to connect the clues he knew in his mind.

According to what he knew, Xu Ling's ability was an experiment of the saviors. As for his cheat, it was formed by the saviors.

There was no need to care about why Xu Ling had such an ability. Perhaps it had something to do with his cheat, but the most important thing now was Xu Ling's current problem.

After carefully thinking about it, Xu Bai had a guess.

Based on her current state, would Xu Ling still need to learn a portion of the cultivation technique?

Thinking about it carefully, Xu Ling could absorb a portion after learning the cultivation technique, but she could only learn the mortal evolution state. If she learned a few more, would she be able to continue absorbing?

After this idea appeared, Bai wanted to put it into practice. He told Xu Ling to pick another book to learn.

Xu Ling nodded and took out a book from the Miao Sect to read carefully. After about an hour, she put the book back.

"I've learned it, and I feel like I can absorb a little more."

This time, Xu Ling was very serious in her explanation. She tried her best to let Xu Bai and the others understand what she was saying, and Xu Bai understood as well. He proved that his guess was correct. Xu Ling could indeed improve her absorption ability by learning more skills.

"Don't be anxious. Learn all the books here and see how much you can absorb." Xu Bai thought about it and decided to experiment with all of them at once.

Xu Ling was equally excited. She nodded vigorously and continued to read the rest of the books. It didn't take her long to finish them.

Xu Bai rubbed his chin and estimated the speed of each book. He found that the speed of each book was about the same.

"Then let's begin. Absorb my power."

Since he had absorbed all the books, Xu Bai could let Xu Ling absorb the energy.

He wanted to see how much he could absorb and then make further calculations based on this amount.

Xu Ling nodded and didn't say anything else. She began to absorb Xu Bai's True Core Strength.

This time, Xu Neng could feel that the speed of absorption had become faster, and the amount had increased, but he still did not absorb much, and soon stopped.

"That's it?" Xu Bai asked.

Xu Ling nodded in disappointment. I still don't have much energy. I feel that my ability is useless. I can't absorb too much energy."

Hearing this, Xu Bai raised his eyebrows slightly and the corner of his mouth twitched.

He was born at the mortal evolution state and had this kind of ability without a bottleneck. How could this be considered useless?

If Xu Ling's ability was considered useless, then the others' abilities were trash.

“Your ability is interesting.” Xu Bai said after pondering for a moment.

Xu Ling was originally dejected, but after hearing Xu Bai’s words, her ears twitched and she raised her head abruptly.”Dad, do you have a way for me to absorb it quickly?”

She thought that her father had a solution, so she was really looking forward to it.

However, the next sentence made her expectations fall to the bottom.

I Have Unparalleled Comprehension #Chapter 1023: The Beginning (2) - Read I Have Unparalleled Comprehension Chapter 1023: The Beginning (2)

Chapter 1023: The Beginning (2)

“You’re just a child. Why do you have so many thoughts? Do you think that your ability is very weak? Who was born at the mortal evolution state? Who could improve so quickly? Don’t look so far ahead, you’re already a long way behind others.”

His words were the truth, without any falsehood. With this talent, it was absolutely top-notch.

Xu Ling’s dejected expression returned.

This was the nature of a child. He was greedy for everything, so he felt unusually disappointed.

“Then dad, what were you thinking just now?”

Xu Bai shook his head.”

He was thinking about something else. He thought about his cheat, which seemed to be the exact opposite of Xu Ling’s ability.

Xu Ling learned things very quickly. The more she learned, the more she absorbed. The more she absorbed, the more she learned.

However, there was a drawback to it, which was that one needed to learn more things before they could absorb it.

Xu Bai happened to be the opposite. He didn’t have this disadvantage, but his learning speed was very slow, which was related to the level he had learned.

For a moment, he could not figure out what was the connection between them.

However, he was certain that the connection between him and Xu Ling was not as simple as he had imagined.

“Alright, don’t look so dejected. From now on, the palace’s treasury will be opened for you. How much you can learn will depend on your ability.” Xu Bai pinched Xu Ling’s cheek and smiled.

Xu Ling slapped Xu Bai’s hand away angrily, but her eyes were filled with joy.

Of course, he was willing to learn more.

“Husband, this time you’re back, so you won’t be leaving for the time being, right?” Chu Ling saw that the father and daughter were almost done chatting, so she interrupted.

Xu Bai nodded.” I won’t be leaving for the time being, but I still have some things to do.””

He had obtained yet another book about failing to become a Saint Warrior. This time, he planned to use all of his knowledge to trigger the Fusion Spell and fuse the extra skills.

In addition, Director Mu was probably still collecting secret manuals for him. He had to wait.

After Director Mu finished collecting them, he could continue to work on them.

There was also Chu Ling who was also collecting secret manuals. Between the two sides, he should have a huge harvest.

As for other matters, it seemed that there really was nothing.

Now, he was just waiting to increase his strength and wait for Director Mu to launch an attack on the Bizarre Market. This time, he had vacated another Saint Rank seat. He would probably wait until all the Saint Rank seats were filled before he would launch an attack.

Xu Bai guessed that he would choose between the Director and Prime Minister Wen.

Anyway, this had nothing to do with him for the time being. He only cared about improving himself. After all, he knew that there was an even greater enemy waiting for him.

The information he had received previously said that he would have a chance to break out of this situation as long as he reached Saint Pinnacle. He was looking forward to how he would do it.

When Chu Ling heard this news, her eyes were filled with disappointment.

Not only him, Ye Zi and Qing Xue also had this expression.

Although they were sensible women, as women, they also hoped to have more company from their husbands.

Although their disappointment quickly disappeared, Xu Bai still noticed it.

He made a decision after seeing their expressions.

F * ck!

Who could see their own woman being wronged?

Xu Bai waved his hand and said, "I'll accompany you guys for a few nights."

No woman in his heart, the God of nature who drew his saber, this was nonsense.

The sword had been thrown away, and the woman came. She lived well and didn't cling to people!

Xu Ling's eyes darted around when she heard this. She raised her hands high and jumped up and down. "Dad, you play with me, not them!"

At the mention of this, she became excited. She hurriedly ran to Xu Bai's side and hugged his thigh. She raised her head with anticipation.

At this moment, three fair hands reached over and slid down her collar.

Xu Ling frantically waved her arms in mid-air. "What are you doing? What are you doing? Dad is mine, don't fight with me!"

No one answered her. Three long legs kicked her butt.

Xu Ling drew a beautiful arc and landed on the empty ground outside. She looked at the night sky with a blank expression.

After a while, she got up on all fours, patted her little butt, and spat.

"Humph! You only know how to bully me. I'll go play with Uncle Qingfeng!"

As she spoke, she strode towards the palace's treasury with her short legs...

..

The next day.

Let's not talk about how happy Xu Bai was.

On the other side, in the Imperial Palace of the Great Chu.

The Great Barbarian Sorcerer was a little restrained. He sat in his seat and did not dare to raise his head.

In front of him were Director Mu and Eunuch Wei.

Ever since he was captured and brought to this place, he had spent the night with a heart full of anxiety. Today, he was finally brought to this room.

As a former traitor, he was well aware of his own situation, so he quickly put on a very obedient look, raised his hands, and said loudly, "I'm willing to cooperate. I'll say whatever I want and do whatever I want. Please don't kill me!"

A traitor had been caught.

Either they were very stubborn and would not say anything even if they were beaten to death, or they quickly admitted defeat and said whatever they wanted.

It was obvious that he was a traitor and had no integrity.

Director Mu smiled. "Don't be so nervous. Since you've promised Xu Bai, we won't do anything to you. You just need to do as we say."

The Great Barbarian Warlock quickly nodded, indicating that he would definitely cooperate.

Then, he told her everything he knew, including why he wanted the Barbarians to be wiped out and why he wanted to cooperate with the Bizarre Market. He explained everything in detail. It was obvious that he had prepared a draft before he came.

"Do you need to find someone who is proficient in the divine soul to verify it?" Eunuch Wei drank a mouthful of wine without even lifting his eyelids, but the killing intent on his body did not diminish in the slightest.

It was not difficult for him to kill a Saint Warrior now that he had become a Saint Warrior, especially a Saint Warrior like the Great Barbarian Wizard who was not good at fighting.

The barbarian shaman shivered. Facing this fierce god, he really did not dare to say anything.

If this person wanted to kill him, he would really kill him.

"Of course I do." Director Mu nodded.

After he said this, an old man walked in.

“Let’s begin.” ” This Transcendent expert is proficient in the soul,” Director Mu said.” Release your soul and let him explore.””

In this world, there were very few people who knew divine souls, but that did not mean that there were none. Especially in the current Great Chu, there were definitely a few divine soul type experts.

After that, the Great Barbarian Sorcerer did not dare to hide anything. Since he had already come this far, he did not mind being investigated.

Soon, under the old man’s soul search, the barbarian shaman felt that his underwear had been stripped clean.

“Very good.” “You can’t tell anyone about this, do you understand?” Director Mu waved his hand.”

The Transcendent expert who was proficient in the divine soul nodded his head, indicating that he understood and then retreated.

The Barbarian Grand Magus also recovered at this moment. Seeing that he was still a complete human, he heaved a sigh of relief.

“Why don’t you just control his soul and let him do it?”Eunuch Wei asked.

Director Mu shook his head.” That’s too fake. It’s the most real thing to let him do what he says.””

As he spoke, he walked to the side of the Great Barbarian Sorcerer and whispered a few words.

The Great Barbarian Sorcerer looked like he was trembling with fear. After he heard all of this, he expressed that he would definitely cooperate.

“Let’s begin.” Director Mu narrowed his eyes and took a step to the side, standing next to Eunuch Wei.

“If you say anything wrong, I will take your head.”Eunuch Wei narrowed his slender eyes and a murderous look flashed across them.

The Great Barbarian Sorcerer hurriedly nodded. At the same time, he stretched out his right hand and drew a mysterious symbol in the air.

After a while, a translucent mirror appeared in the air, and a strange figure flashed in the mirror.

Director Mu narrowed his eyes and thought, "The game has finally begun."

Chapter 1024: Yun Zihai's Dream and the Arrival

He and Eunuch Wei did not speak. They just quietly looked at the strange thing in the mirror.

When the figure finally became clear, the white-robed man appeared.

"Don't contact me casually. You're in a bad situation now. I've already said that only I'll contact you."

As soon as he appeared, the strange man in white's tone was very unfriendly and carried a very unhappy feeling.

Halfway through his sentence, he stopped and stared at the Great Barbarian Sorcerer with a strange look.

"Why are you alone?"

Usually, there would only be two people meeting him, but now there was only one Great Barbarian Sorcerer. This made the man in white very strange.

These two fellows were already stray dogs on the human side now. It was impossible for them to be missing.

The Great Barbarian Sorcerer bowed respectfully. His face was pale as he smiled bitterly. "In order to kill Xu Bai, I was seriously injured."

At this point, he coughed twice. His originally pale face seemed to have regained some color, and blood flowed from the corner of his mouth.

Director Mu and Eunuch Wei looked at each other and nodded.

There was nothing wrong with the truth. Killing Xu Bai was not that simple. It was normal to say that he had to pay a huge price.

When the man in white heard this, his pupils constricted slightly. He was indescribably happy as he said anxiously, "Killed?"

The Great Barbarian Sorcerer nodded." I've killed them all. But now, they're chasing me with all their might. I've found a place to hide. It's hard to guarantee that I won't be discovered by them because I'm seriously injured now. I might not be able to hide."

It was just an act, so he naturally had to complete it. After saying this, the Barbarian Great Sorcerer's eyes were filled with pleading.

"Can you help me? I really can't hide anymore."

When he said this, he was not acting at all because he had already been caught. The feeling of having nowhere to hide was not an act at all.

Who knew that when he said this, the man in white did not sympathize with him. Instead, he became much calmer.

"You and I belong to different worlds, so how can I help you? You can only try your best to endure. As long as you endure until we come out of the Bizarre Market, you can turn the tables and no longer have to live such a dangerous life."

"But..." The Great Barbarian Sorcerer made an anxious look and wanted to speak.

However, before he could finish his sentence, he was interrupted by the white-robed man.

"There's no need to say anything more. Don't worry, as long as you can survive this stage, we can give you whatever you want."

In other words, he would definitely not make a move. He could only rely on the Great Barbarian Sorcerer to endure it.

The Great Barbarian Sorcerer's eyes were ashen, but he still forced himself to stay alert."I don't think we have a chance of winning. They have a Saint Warrior, but we don't have a single one."

When he said this, he thought that he would get some news. Who knew that after the white-robed person heard it, his expression would become gloomy.

"It's not that there's a lot less, it's that there's a lot less!"

The man in white gritted his teeth."The Chu Emperor was heavily injured by us, but he has already recovered. His instinct to hold a grudge, coupled with his rejection of us, has caused him to launch a brazen attack."

"All the Saints in the Bizarre Demon Market are gone. Only the Bizarre Human Market is left."

“But don’t worry, I’m confident that there won’t be any problems. I won’t lose. This round, victory is still on our side.”

He spoke with full confidence, as if he had completely grasped the situation, but it was a fact that they had suffered heavy losses.

Eunuch Wei winked at Director Mu, meaning that this guy definitely had a backup plan.

Director Mu shot a look back and gestured to the barbarian shaman, asking him to continue probing.

When the Great Barbarian Sorcerer saw this gesture from the corner of his eye, he immediately knew what he was going to do. He hesitated and said, “Can you tell me the truth? I’m really not confident now.”

The man in white sneered. “You can know what I want you to know. Don’t ask about what I don’t want you to know. It’s not suitable for you to know too much at this time. It’s not good for you to know too much. Do you understand?”

Apart from telling the Grand Magus to stop asking, there was also a hint of threat in his words.

The Great Barbarian Sorcerer gritted his teeth.

He could already feel the killing intent from Director Mu. If he couldn’t get any useful information, he would be useless.

At this time, useless people had no meaning to live.

In order to survive, he felt that he had to take a risk.

A ruthless look flashed across the eyes of the Great Barbarian Sorcerer. “If you don’t tell me, I’ll tell all the news about you to the saints in the human world. Then, you won’t be able to do anything!”

If the normal route didn’t work, then the other way was to use threats.

The man in white did not buy it.

“Hurry up and tell him. As long as Xu Bai is dead, I don’t care about anything else. You can tell him.”

There was a hint of relief in his tone. Even if they only had five Saint Realm experts left, they could still control the situation.

The Great Barbarian Sorcerer was stunned. He went through the thoughts in his mind and said, "Xu Bai isn't dead, but he's under my control."

Chapter 1025: Yun Zihai's Dream and the Arrival (2)

As soon as he finished speaking, the white-robed man in the mirror fell silent for a long time.

After this scene appeared, the Barbarian Grand Magus knew that he had made the right move. He organized his words and continued.

"I know that you want Xu Bai dead, but I am a person who values benefits the most. I can see that you are already at a disadvantage, so I have to leave a way out for myself. I will replace Xu Bai and exchange for their trust."

"If you tell me why you are so confident, maybe I will kill Xu Bai. But if you don't tell me, I will hand Xu Bai over to them and let Xu Bai live. At the same time, I will also let myself live."

"It's up to you whether you want to say it or not. Anyway, the choice is already in front of you."

At this point, the Great Barbarian Sorcerer became more unyielding.

The white-robed man's face became extremely stiff. At the same time, his eyes were gloomy. His eyes were filled with killing intent, as if he wanted to swallow the barbarian shaman alive.

The Barbarian Grand Wizard shrugged his shoulders and said indifferently, "Do whatever you want. I don't care. I've already come this far. I just want to live."

When the man in white heard this, he took a few deep breaths and finally calmed down.

He looked at the Barbarian Grand Wizard and said slowly, "You are very lucky. Your intelligence and wisdom allowed you to come into contact with a truly supreme existence."

"Since you want to know, I'll tell you everything I know."

“Not long ago, I came into contact with a truly terrifying existence. He was very strange, as if he was imprisoned in a place. He told me that if I wanted to get what I wanted, I had to do as he said.”

“If he wants to kill Xu Bai, then we’ll kill Xu Bai. Don’t ask about this person’s identity anymore. I can only say that he’s more terrifying than everyone here, including the Chu Emperor.”

The Great Barbarian Sorcerer was stunned on the spot. He really did not expect to receive such a message. He could not accept it.

Fortunately, he was only stunned for a moment and quickly recovered. After thinking carefully for a moment, he asked, “Why did you kill Xu Bai alone?”

The man in white shook his head.” That existence vaguely told me that Xu Bai will die, but the thing inside him will not die. It will become stronger. However, this kind of strength will take time to recover. That existence will soon break the seal. Only then will we be able to make it.”

“Don’t ask me what’s inside. I don’t know either. That existence didn’t tell me, so I didn’t dare to ask.”

The Great Barbarian Sorcerer fell silent. He felt that things had deviated in an unknown direction.

However, he still had to continue asking. He had to act out the whole show and bite the bullet.

Thinking of this, the Great Barbarian Sorcerer took a deep breath and wanted to continue speaking.

But before he could say anything, the man in white continued.

“Don’t ask about that person. I can tell you another secret.”

“Actually, we are just one of the countless worlds. Right now, in the countless worlds, that person’s subordinates are rushing here. They only need a springboard to reach.”

“This is the confidence I was talking about. No matter how strong our world is, we can’t be a match for countless worlds. As for what the springboard is, I don’t know either.”

At this point, he had said what he needed to say. The white-robed man closed his mouth and did not say anything else.

However, his meaning was already very clear. Since he had already said this, if he still did not kill Xu Bai, it would be the Barbarian Grand Wizard not giving him face.

“I understand. I will kill Xu Bai.””

The white-robed man’s expression turned colder.”

After the twists and turns just now, although the Great Barbarian Sorcerer had heard a lot of news, the white-robed man was now more and more skeptical of him. If he could not see it, he would never believe it.

The Great Barbarian Sorcerer reacted quickly and shook his head.”He is my only bargaining chip now. Why would I bring him with me? Don’t worry, I will definitely make a move. When the time comes, I will let you watch me kill him.”

The man in white thought about it carefully. It seemed like what was going on, so he nodded and said that if he wanted to kill Xu Bai, he must let him see it.

Soon, the mirror disappeared, and the barbarian shaman heaved a sigh of relief. He looked at Director Mu and Eunuch Wei, meaning that he had already done as he was told.

Director Mu and Director Wei were still thinking about their conversation. The news was too shocking for them to accept.

Eunuch Wei was the one who couldn’t accept it the most. Because Director Mu already knew some clues, he reacted faster than Eunuch Wei.

“It seems that our enemies are preparing to deal with us.”Director Mu pondered.

At this moment, Eunuch Wei finally reacted and turned to look at Director Mu.

“I think we should get rid of the bizarre market first before looking for that so-called springboard.”

The Bizarre Market had to be eliminated. The existence of this thing was an extremely unstable factor. Only by solving the internal problems could they deal with the external problems.

As for the so-called springboard, he would find it later. Perhaps after this springboard was erased, the countless worlds would not be able to descend.

Director Mu nodded in agreement. This was the only way now.

“Before that, we have to find Xu Bai and tell him this news. We have to get him to cooperate with us and put on a show to trick the Bizarre Market out.”

The two of them discussed for a while, and the embryonic form of a plan began to unfold...

..

Barbarian land, Royal City.

In an elegant courtyard, there was a scholar doing something that a scholar should not do.

Yun Zihai held two stone balls in his hands like a juggling professional. He kept throwing the stone balls into the air and catching them with his own hands.

The stone ball was very big, two people couldn't even hug it, but Yun Zihai was very relaxed.

Once at the Extraordinary realm and once at the Extraordinary realm, he had narrowly escaped death both times.

Due to the premature birth, he almost lost his life. Fortunately, the dean acted in time and completely saved him. Now, his body was getting better and better.

Actually, it was a good thing that his body was getting better and better. He should have been elated, but although Yun Zihai was moving the stone ball on the surface, his eyes could not hide a hint of worry.

No one knew the reason. Only he knew.

Not long ago, a strange thing had happened that made him feel puzzled.

His body was getting better and better. He didn't think about becoming a saint. He just wanted to be safe.

Moreover, he had also obtained an official position in the barbarian territory. He could use his power to benefit the people. This was what he pursued.

However, not long ago, he had a strange dream.

In the dream, he was in a daze. Around his body, countless doors appeared.

He did not know why, but he could accurately sense through this dream that there was something terrifying hidden behind these doors.

Moreover, these doors were actually absorbing his body's strength for no reason.

The absorption speed was very fast, making him feel exhausted.

Although it was a dream, this feeling was as real as reality.

He suddenly had a kind of enlightenment. His body was so weak, could it be related to these doors?

In this dream, he could not even move, and those doors were tightly shut.

After having this dream for a few days, the dream finally changed drastically.

In the dream, one of the closed doors suddenly opened.

Yun Zihai could feel that there was something terrifying inside the door. It seemed to want to come out, but it was still one step away.

Due to the change in the dream, Yun Zihai was getting more and more worried.

And the most important thing is that last night, he actually had a kind of impulse, wanting to open all the doors.

I Have Unparalleled Comprehension #Chapter 1026: The People in the Sect (1) - Read I Have Unparalleled Comprehension Chapter 1026: The People in the Sect (1)

Chapter 1026: The People in the Sect (1)

Especially when the door was already open, it was as if there was a peerless beauty seducing him to open the door.

This temptation was very great. Yun Zihai did not know how he had defeated it. He only knew that when he woke up, his entire body was soaked in sweat.

That feeling was very scary, and he still felt a palpitation when he recalled it. If he had to do it again, it would probably be very difficult for him to get rid of it.

"I wonder what that thing is." Yun Zihai thought to himself as he played with the stone ball.

Thinking of this, he couldn't even play with the stone ball anymore.

After placing the two stone balls on the ground, he frowned.

"Master, the food is ready."

A servant girl walked over carefully and reminded him softly.

Now, Yun Zihai held a very high position in the barbarian fief, so it was very normal for him to have some maids and servants.

Other than taking care of his food and living, there were also some chores that he did not need to personally do. This life was also extremely comfortable.

“Got it. I’ll go later.” Yun Zihai nodded and agreed. He continued to think about the dream he had last night.

The dream was getting more and more real, especially the thing behind the door. Although he couldn’t see its appearance clearly, the feeling was very close.

“There are too many strange things happening in the world today. Ruins are becoming more and more frequent, and it seems that war is about to break out with the Bizarre City. We can’t let anything else happen.”

“No, this matter seems to have no clue, but we must report it to the higher-ups. Let Brother Xu know first.”

Yun Zihai finally made up his mind after much consideration.

Things were much worse than he had imagined. Even if it was just a coincidence, he had to tell everyone.

Now that Xu Bai was a Saint Realm master, Yun Zihai felt that he should be able to help him solve the problem.

Thinking of this, he waved to the side. The servant girl standing in the corner moved lightly and came in front of him. She lowered her head and did not say anything.

Yun Zihai thought for a moment and said, “You guys eat today’s food first. I have something to do and have to go out.”

“Yes, sir!” The servant girl quickly agreed and did not say anything else.

Yun Zihai did not stay any longer. He lifted his feet and walked towards the palace.

Not long after, he arrived at the city gate of the palace.

The two soldiers at the door cupped their fists when they saw Yun Zihai.

“King Yun!”

Yun Zihai and Xu Bai were both conferred the title of kings with different surnames. However, Yun Zihai voluntarily resigned from his identity as a king to help Xu Bai develop the barbarian fief and became an official here.

However, it was difficult for the people here to change their words. Sometimes, they would even call him King Yun.

Yun Zihai waved his hand and corrected him.”

“Yes, yes, yes! Lord Yun!” The soldier hurriedly agreed.

“I came here this time because I have an important matter. I want to see Prince Xu. Should I inform him?” Yun Zihai had his hands behind his back. His clothes fluttered in the wind, and he had the temperament of a scholar.

The soldier shook his head and said, “If Lord Yun had come, there would be no need to inform him at all. After all, Lord Yun and our lord are related. These are just common etiquette. However, it’s really unfortunate today. The lord has been summoned by the Great Chu Imperial Palace and has already rushed over. It seems that there’s something very important. However, we can’t ask about this matter...”

When Yun Zihai heard this, he frowned slightly. This matter happened at this time, which made him feel a little helpless.

He stood there and thought for a while. Then, he told the soldiers that if Prince Xu returned, he should tell them about his arrival.

After saying this, he did not stay and turned to leave.

Originally, Yun Zihai still wanted to make a trip to the Great Chu Imperial Palace directly. However, there were still many things to do at home. The position he was in now made him very busy. If he did not handle it well today, it would not be a good thing for the people.

“It’s just one night. It’s no big deal.” Yun Zihai thought to himself.

He did not think that there was anything wrong with his idea, but if there were people familiar with him, they would realize that Yun Zihai’s decision was somewhat different from his personality.

Yun Zihai’s personality had always been straightforward, and he did things without any sloppiness. According to his personality, he should have gone straight to Xu Bai, but now he felt that it was not a big deal to let it go.

At this moment, the sky was about to turn dark, but the red sun’s light was still shining on the ground, making it warm.

Through the light, Yun Zihai’s shadow was elongated. At this moment, Yun Zihai’s shadow twisted slightly.

If someone was beside him, they would notice that Yun Zihai’s lips were unconsciously curled into a strange smile. Even he himself did not notice it.

..

Residence of Yun.

“Master is back.” When the servant guarding outside saw Yun Zihai’s figure appear at the door, he hurriedly shouted at the inner courtyard.

Following the servant’s shout, the servants and maidservants hurriedly ran out.

Not long ago, Yun Zihai said that he couldn’t eat anymore. The servants and maids were originally prepared to eat, but now that he had suddenly returned, they hadn’t made enough preparations.

In fact, there were quite a lot of insults about master and servant, but Yun Zihai had erased some of them, so he seemed to be a little casual in the entire Residence of Yun.

A servant dressed like a butler walked up and whispered, “Master, please have your meal.”

I Have Unparalleled Comprehension #Chapter 1027: The People in the Sect (2) - Read I Have Unparalleled Comprehension Chapter 1027: The People in the Sect (2)

Chapter 1027: The People in the Sect (2)

“There’s no rush. You guys eat first.” Yun Zihai shook his head and let them eat first. He turned around and walked towards his residence.

The butler could not understand her expression. He scratched his head in confusion and looked at a young servant girl beside him. “Why do I feel that there’s something wrong with Master?”

The servant girl was also very puzzled. After hearing the butler’s question, she shook her head to show that she was not too sure.

The servant who was guarding the door at the beginning interrupted, “Don’t worry too much about these things. I think the old master has encountered some problem, which is why he is like this. A big shot like the old master has a deep relationship with Prince Xu, so it is probably related to Prince Xu.”

Hearing the servant say the words “Prince Xu”, the butler’s expression changed slightly and he hurriedly reprimanded, “Shut your mouth. The old master doesn’t discipline us strictly because he doesn’t care about those things, but that doesn’t mean he can talk about Prince Xu as he pleases.”

“Do you really think you can speak casually? Prince Xu is currently the most famous figure. Don’t talk about him. Don’t lose your life for nothing, understand?”

The servant’s face turned pale after being reprimanded. He seemed to know that he had said something wrong and quickly nodded to show that he understood.

The butler did not say anything else and let the servants go to eat.

However, his eyes were looking at the rooms in the inner courtyard with some worry.

“Why do I feel an inexplicable sense of alienation? I don’t know...”

After answering his own question, the butler did not think too much about it and followed him to eat.

..

Yun Zihai returned to his room. He was not even interested in the two stone balls at the door. He sat on a chair and looked at the scenery outside through the window.

“When Brother Xu comes back, I’ll talk to him about this. For now, let’s do something else.”

After admiring the scenery for a while, Yun Zihai sat up straight and took out many books from the drawer beside him.

He should do what he was in. With Yun Zihai’s current position, he naturally had many things to do.

In fact, he could have handled it, but he had always believed in the creed of serving the people and being an official, so he gave himself a very heavy task every day.

Of course, he had given himself the responsibility of managing the land of the barbarians.

After all, back then, he had gained the recognition of the Chu Emperor because of an essay.

“After reading these things today, you can sleep.”

The sky had gradually turned dark. The slight sunlight that was originally still there had now completely disappeared. Yun Zihai lit the oil lamp and read the contents of the booklet with the light of the oil lamp.

There was a moment of silence in and out of the house, and only the sound of him flipping through the books could be heard.

He held the booklet in one hand and a brush in the other. From time to time, he would make a few comments or make some changes. Just like that, time gradually slipped away.

In the blink of an eye, it was late at night.

When Yun Zihai put down the last memorial in his hand, he stretched and got up to close the window.

He didn't plan to rest, because the strange dreams he had a few days ago had made him not in the mood to sleep tonight. He was waiting for Xu Bai to come back tomorrow to discuss this matter with him, so he didn't plan to touch those strange dreams again.

Yun Zihai was prepared to stay up all night. He closed the window and locked himself in his room. He would be able to relax tomorrow.

From where he sat to the window, Yun Zihai quickly came to the window. He raised his hand to hold the edge of the window and was about to close it when his hand suddenly stopped.

Outside the window, the moon hung high in the clouds, appearing unusually holy. Under the bright moonlight, Yun Zihai saw that his shadow on the ground was a little off.

The shadow that should have been normal suddenly twisted and danced like a snake.

Although it was only for a short time, Yun Zihai saw it.

"What's going on?"

Yun Zihai instantly became alert.

He had already stepped into the Transcendent Realm, and his combat ability was not weak. Otherwise, he would not have risked his life with Xu Bai.

In just a moment, he reacted and raised his right hand.

A burst of righteous energy erupted from his body. At the same time, the bookshelves in the room trembled.

The book on the bookshelf turned into countless pages that wrapped around Yun Zihai. Every page contained a majestic aura.

Yun Zihai had played with the ability of a scholar to perfection.

He stared at the shadow on the ground. If the shadow moved, he would attack.

At this moment, Yun Zihai's pupils constricted slightly as he saw an unbelievable scene.

"Who is it?"

He shouted loudly!

The shadow on the ground no longer twisted, but in Yun Zihai's line of sight, a figure crawled out of the shadow.

As the figure emerged, the sense of danger in Yun Zihai's heart disappeared, but the figure had already escaped far away under the moonlight.

"Trying to run!"

Yun Zihai controlled the pages around him and chased after the figure.

..

Under the moonlight, Yun Zihai shuttled back and forth in the shadows. The noble aura on his body was like a flowing river.

The figure in front of him was not far away from him, but it would be difficult for him to catch up in a short period of time.

However, during this pursuit, he seemed to have thought of something.

"It's a very strange profession. It's not any profession that I know of. Maybe I'm ignorant, but it's not a profession that I can see normally."

The aura that this figure exuded was extremely unfamiliar to him even with the way he fled. Most importantly, this figure was completely black like a shadow, and he could not see its face.

The black shadow moved quickly all the way, as if it did not want to meet Yun Zihai. Moreover, it was running out of the capital.

At this moment, Zihai felt that there were more than ten figures gradually approaching.

"Lord Yun! What happened?"

The leader shouted loudly. Yun Zihai came back to his senses and knew the identity of this group of people.

— — — — —

"Stop this guy. I want to see who he is!" The clouds came from the sea.

“Yes, sir!”

” Yes!” The leading Heaven Inspectorate member replied and led his men to intercept them from the side.

At this moment, the black shadow knew that its path was about to be cut off. It changed its direction and ran towards a place where there was no one.

However, before he could take a few steps, dozens of figures appeared from all directions and were rapidly approaching.

This was the capital, the core of the land of the barbarians. There were many hidden experts here. The Heaven Inspectorate had many spies here.

These spies were all set up by Shadow Moon. Originally, Xu Bai was guarding here and there was no need to worry at all, but Shadow Moon still set them up.

At this moment, it finally took effect.

There were people from the Heaven Inspectorate everywhere, and every one of them had strength above the Extraordinary Realm.

Now, the black shadow had nowhere to go and could only stop in midair.

There were no facial features, no clothes, and no one could see who it was.

However, Yun Zihai could sense a dangerous aura from this black shadow.

“Be careful! He was an extraordinary person!”

He was also a Transcendent, and among the spies here, only a small portion were Transcendent.

Everyone was careful and prepared to capture the black shadow alive.

At this moment, the aura on the black shadow’s body rose again.

“Boom!”

Peak Transcendent!

Yun Zihai’s expression was somewhat solemn.

He did not have the strength of a peak Transcendent. If that was the case, it would really be difficult to deal with. After all, Xu Bai was still in the Great Chu Imperial Palace.

Although the black shadow did not speak, a murderous aura was circulating.

The people around them felt a lot of pressure, but no one took a step back. They gritted their teeth and persevered.

As the killing intent grew stronger and stronger, the black shadow raised his right hand and prepared to attack.

Everyone took a deep breath and prepared to fight to the death.

At this moment, a figure flew over from the direction of the palace's treasury.

Before he arrived, he heard a voice.

"Brother Xu has treated me very well. I have been in the palace treasury for a long time and have recovered to my peak a few days ago."

I Have Unparalleled Comprehension #Chapter 1028: A Visitor Without Life (1) - Read I Have Unparalleled Comprehension Chapter 1028: A Visitor Without Life (1)

Chapter 1028: A Visitor Without Life (1)

As the voice rang out, a figure rushed over from the distant palace treasury. In an instant, he stopped in midair.

When everyone saw this figure, they all heaved a sigh of relief, and their faces revealed a relaxed expression.

Of course, they still surrounded the black shadow and did not leave a gap, giving the black shadow no chance to escape.

Although the black shadow's facial features and appearance could not be seen, ever since this person arrived, his entire body revealed a vigilant posture. It was obvious that he felt a powerful pressure.

Liu Qingfeng placed his hands behind his back, and his entire body was filled with a powerful aura. He sized up the black shadow and frowned.

This black shadow gave him an extremely unfamiliar feeling. What was even more ridiculous was that he had a natural sense of rejection towards this black shadow, extreme rejection and disgust.

In his era, he was a genius, and among all the geniuses, he was one of the top.

If it wasn't a top-notch cultivation technique, it wouldn't have created a cultivation technique with extremely strong recovery ability and become a unique existence.

If he hadn't tried to make up for the flaws in his cultivation technique, he might have been a part of the fight to become a saint.

After such a long period of recuperation in the palace's treasury, he had now recovered to the peak of the extraordinary state. His strength was so strong that it was suffocating.

He thought that he was a genius, but his presence was low. To be precise, his presence was not low. Because he was beside Xu Bai, he did not seem so dazzling.

In fact, this was very normal. Even a genius among geniuses would become a speck of dust next to Xu Bai.

However, Xu Bai had acknowledged his strength for him to be entrusted with such an important task and be stationed in the palace's treasury.

Among the peak Transcendents, his combat power could be said to be one of the best. The reason was his recovery ability.

Originally, he could only recover his physical body. The recovery ability of his divine soul had always been his weakness.

However, ever since he had completely recovered due to Xu Bai's condition, coupled with his long period of study and the inspiration he received from Xu Bai, he had gradually made up for his shortcomings.

He believed that as time passed, he would make up for more and more. At that time, his self-created cultivation technique might really become perfect.

He was able to fight and even had top-notch recovery abilities. This was the reason why he stood at the peak of the extraordinary realm and had a firm foothold.

"Come on, let me see what you are!" Liu Qingfeng waved at the black shadow with a calm expression.

He finally had a chance to make a move. In the past, Xu Bai did not encounter any great danger here. He did not even have the chance to make a move. Now that he could move around, it proved that he was not old. It was really a beautiful thing.

The black shadow didn't say anything, but it seemed like Liu Qingfeng's provocation was effective. Although he didn't say anything, there was a sharp killing intent on his body.

He knew very well that the only person who could pose a threat to him now was this person in front of him. As for the others, they were not a big threat. Therefore, if he wanted to escape, he had to get rid of this guy first.

Thinking of this, he did not hesitate at all. He turned into a shadow and rushed towards Liu Qingfeng. At the same time, a black short thorn suddenly appeared in his right hand.

When the black shadow made a strange move, everyone present exclaimed. One of them wanted to warn Liu Qingfeng, but by the time he spoke, the black shadow had already arrived.

The black short thorn was like a poisonous snake, quickly piercing into Liu Qingfeng's chest. Liu Qingfeng did not defend himself and just tilted his head to look at the black shadow.

Everyone present was shocked. A few of them even wanted to make a move, but they were stopped by Liu Qingfeng.

Liu Qingfeng savored it for a moment. Although there was a big hole in his chest, his expression was very calm. "What a strange ability. It doesn't have much power, but it can concentrate all its strength on one point and corrode wounds. He shouldn't be a martial artist or a drug dealer? It didn't seem like it. It was more like a business that he had never seen before."

At this moment, Liu Qingfeng's appearance was very terrifying. There was a short black thorn stuck in his chest, but his expression was extremely calm, causing the surrounding people to suck in a breath of cold air.

Since Liu Qingfeng did not make a move, although everyone knew that there was such a person in the palace, they did not know much about his strength. Now that they knew, they could not help but discuss it.

"I knew it. How could a person that His Highness has taken a fancy to be a simple character?"

"That's true. Our lord is already a Saint Realm master. He has his own strengths to be able to send people to guard the palace treasury."

"Isn't this nonsense? Who was his highness? How could the person he fancied be simple?"

The discussion was very quiet, but it was particularly abrupt in the dark night.

"It feels good!"

Who said that experts didn't like to show off their divinity in front of others?

In this day and age, everyone liked to act cool.

Liu Qingfeng was filled with emotions. When Xu Bai was around, he really didn't have this chance. Today, he was completely satisfied.

The black shadow was also very surprised. Although it had no facial features, it could feel the slight movement, especially the subconscious tremble.

Liu Qingfeng knew that he had to get rid of this guy as soon as possible. He revealed a calm smile and said, "Don't misunderstand. It does hurt. You're strong too, but I'm stronger than you."

Chapter 1029: A Visitor Without Life (2)

After saying this, he directly stretched out his hand and punched the black shadow in the chest.

As the punch landed, the black shadow flew backward and pulled out the black spike. His figure became a little illusory.

Liu Qingfeng looked at the wound on his chest and didn't care.

The originally terrifying wound healed in the blink of an eye.

Liu Qingfeng put on a stance. "When Brother Xu is around, I don't have the right to attack. But that doesn't mean that I'm willing to let the world forget about me. I don't know who you are, but please savor my strength."

"This is my original playstyle. I call it full attack!"

As soon as he finished speaking, Liu Qingfeng had already disappeared from where he was. When he reappeared, he was in front of the black shadow.

Both of them were at the peak of the exceptional state, so the black shadow was able to keep up with the speed. He directly held the black short thorn in his hand and stabbed it at Liu Qingfeng's forehead.

"Very smart, you changed your target." Liu Qingfeng smiled.

His ability was an all-out attack, so he did not care about this attack. He allowed the black shadow to stab the black short thorn in his hand into his head.

“Puchi!”

The scene in front of them made everyone’s hair stand on end. Liu Qingfeng, who had a short black thorn on his head, gave up on defense and attacked the black shadow.

Every attack from the black shadow left a terrifying wound on Liu Qingfeng’s body. There was even one time when Liu Qingfeng’s head was cut off, but it recovered in the blink of an eye.

Liu Qingfeng’s method of not defending left terrifying wounds on the black shadow’s body, causing it to gradually fade away.

This kind of fighting style was very exciting, and it also seemed to be filled with a violent aura, making the spectators feel very good.

Every punch and kick was simple but effective. Liu Qingfeng seemed to be shameless as he relied on his recovery speed to gradually expand his advantage.

The black shadow was getting fainter and fainter. If this continued, it would soon disappear.

Although the black shadow’s facial features could not be seen, its movements were becoming more and more urgent. It was obvious that it was panicking.

Seizing the moment when the black shadow was panicking, Liu Qingfeng lifted his leg and kicked the black shadow in the chest, causing the black shadow to fade faster.

At this moment, the black shadow clearly knew that if he continued to stay here, he would only die. Therefore, he took advantage of Liu Qingfeng’s kick and retreated directly towards the weakest place, wanting to break out of the encirclement.

“You want to run? Can you run?” Liu Qingfeng placed his hands behind his back, displaying the temperament of an Act Tough King.

He felt that he had managed to put on an act today, and he felt especially good.

Since he had already reached the limit, there was no need to stop. He could just pretend to the extreme. If he overdid it, it would not be beautiful.

“Then let me draw a perfect full stop.”As Liu Qingfeng thought about it, he prepared to give chase.

At this moment, a huge change occurred in the originally dark sky.

Golden and grayish-white lights appeared from afar in an instant, illuminating the entire sky.

The originally dark environment was as bright as day, and the gray-white and golden light carried an uncontrollable madness.

As long as such an iconic Heavenly Change appeared, no one in the world would not recognize it. Therefore, everyone present exclaimed in unison.

“It’s Prince Xu, Prince Xu actually rushed back!”

“It’s steady, it’s steady. Prince Xu is here, this guy can’t escape.”

“Everyone can do what you need to do. Nothing has happened.”

..

If the appearance of Liu Qingfeng had made everyone relaxed, then the appearance of Xu Bai had made everyone completely relaxed.

Liu Qingfeng raised his head and his body froze in mid-air. He looked at Xu Bai, who was approaching him from afar. He wanted to cry but had no tears. He was like a block of wood, not moving at all.

“It’s not over! I haven’t finished yet!”

To be honest, he was very satisfied with his performance today. From the beginning to the end, he showed the style of an expert. In one word, he had put on a good show.

However, he had to finish what he started before it could be considered complete. At this moment, Liu Qingfeng felt that he had a good start, but there was no good ending.

“Sigh...”

It was as if he had eaten 70% to 80% of his fill, and then a table full of delicacies was served.

He wanted to eat it, but he couldn’t.

“Forget it, forget it. Who asked this person to be Xu Bai?” Liu Qingfeng once again displayed his special traits.

Put it down.

Xu Bai didn’t know what was going through Liu Qingfeng’s mind. He left and returned very quickly.

He had already reached the Saint Realm, and it would only take him some time to reach it.

This time, when he went to the Imperial Palace of the Great Chu, he received shocking news.

He had originally planned to return and properly absorb this information. However, before he could follow the steps, he felt that something was wrong.

Sensing that something was wrong, he did not hesitate at all and hurriedly rushed over. He happened to see this scene in front of him.

With his arrival, the fleeing shadow finally stopped.

When Liu Qingfeng had arrived, the black shadow had been on guard and was ready to counterattack.

However, when Xu Bai arrived, the black shadow could not help but tremble.

The black shadow knew that it had no way to escape. The person in front of it had absolute crushing power. It was simply impossible to escape from this person.

“Don’t try to struggle. Maybe I’ll get what I want and give you a quick death.” Xu Bai’s tone was very calm.

He did not even want to make a move. He directly spread out the power of his divine soul, preparing to use it to control the black shadow in front of him.

However, in the next moment, he frowned because he did not feel that the black shadow had a divine soul.

Under the scanning of his soul power, the black shadow in front of him could be said to be unobstructed. Through the black shadow, he could see that in the black shadow, it was a metal machine.

It did not have any characteristics of a human, let alone any characteristics of life. It was more like a robot created in his previous life.

“Hu...”

Xu Bai waved his sleeves, and a gust of wind blew the black shadow away, revealing his true appearance. This appearance made everyone present gasp.

“This is definitely not something that can be created by mechanism techniques.”

He knew the art of traps, but the thing in front of him was beyond his common sense.

Its entire body was made of an unknown metal, but there was no aura of life inside. Moreover, there were abnormally complicated connections between its joints.

This was the first time Xu Bai had seen such a thing. He recalled that not long ago, when he went to the Great Chu Country,

In the palace, Director Mu had told him about it.

Perhaps one of the lackeys from the countless worlds had come to this world.

Thinking of this, Xu Bai became even more interested. He wanted to catch this lifeless thing.

However, at this moment, the strange-shaped humanoid object in front of him suddenly turned into ashes starting from its head.

The speed of turning into ashes was very fast. In the blink of an eye, it completely disappeared.

Xu Bai frowned. He hadn't expected this to happen.

The surrounding people were also watching curiously.

It was obvious that this thing had given them quite a shock.

Xu Bai turned his head and said, "Stop looking. Go back if you need to. Do your job. Don't lose your mind."

Although the thing in front of him had disappeared, Xu Bai already had a guess in his heart, so he had to go back and sort out his thoughts.

With Xu Baifa's words, the people present did not stay. They left one after another to do what they should do.

Yun Zihai didn't leave and stayed where he was.

Xu Bai's gaze turned slowly and stopped on Yun Zihai. His frown deepened.

However, he could feel that there seemed to be some changes in Yun Zihai, but he couldn't tell in detail.

It was still Yun Zihai. Xu Bai could feel a familiar aura, but there was a hint of unfamiliarity in this familiarity. It was as if the person standing in front of him had changed.

"Brother Yun, you seem to have a problem." Xu Bai's tone was slightly solemn as he said, "And this problem is not small."

When Yun Zihai heard this, he was silent for a moment before raising his head and solemnly saying, "Brother Xu, I think... We need to find a place to have a good chat..."

Chapter 1030: Yun Zihai Loses Control

When he said this, Yun Zihai had some hesitation on his face. When Xu Bai saw his expression, he felt that Yun Zihai was becoming more and more unfamiliar.

This strange feeling was very strange, but it suited the current scene very well. There was no sense of strangeness at all.

If it was Yun Zihai in the past, he would not have such a hesitant expression. No matter how difficult the choice was, he would not show it on his face.

The current Yun Zihai gave him a sense of strangeness that was getting stronger and stronger. It made him feel like he was facing a stranger.

"Let's find a quiet place to talk!" Xu Bai looked around. Although there seemed to be no one around, there were many spies hiding around. It was not convenient to talk here.

Thinking of this, he turned around and walked towards the palace.

Yun Zihai and Liu Qingfeng followed behind. The three of them arrived at the palace's treasury in no time.

As soon as Xu Bai sat down, Yun Zihai raised his right index finger and drew in the air.

As he drew, pages appeared one by one, displaying his unique Heaven Change. Noble Qi shielded the surroundings.

Xu Bai raised his eyebrows. He looked quite serious.

He didn't say much, waiting for Yun Zihai to reveal his so-called secret.

After Yun Zihai finished doing all this, he took a deep breath, organized his words, and told him about his recent encounters.

He didn't leave out anything. As long as it was related information, he told it in detail.

And when he said these things, he felt a sense of conflict.

He didn't know why he didn't want to say these things at all, but at this moment, he used his extremely strong willpower to control himself and say these things.

"Hu..." Yun Zihai let out a long breath. He felt much more relaxed as if he had unloaded a heavy burden.

Liu Qingfeng did not have any other clues, so he was confused and could not figure out what was going on.

However, when he turned to look at Xu Bai, he saw that Xu Bai's face was solemn. He knew that this was a serious matter and could not be taken lightly.

In the past, he had never seen Xu Bai have such an expression, so it was no small matter.

"Do you need me to leave?" Liu Qingfeng pondered for a moment and asked.

Xu Bai turned his head. "There are some things that I can't tell you for the time being. Please leave."

It wasn't that he had to hide it, but these were the final clues. It was better for fewer people to know about many things. In fact, this was a form of protection.

If they knew and got involved, or if the giant eye had some special means, it would not be worth it.

The loss was not as simple as a few lives. That so-called Absolute Saint had the goal of destroying the world.

Liu Qingfeng was able to cultivate to such a level, so he was naturally a person who understood. He did not say anything more and turned around, leaving the area covered by the Heaven Transformation and disappearing into the palace treasury.

After they left, the place fell silent, leaving only Xu Bai and Yun Zihai.

Xu Bai was silent. He did not know how to start this matter. In fact, when Yun Zihai told him the truth, he had already figured out the clues.

Today, he went to the palace of the Great Chu State and learned from Director Mu that the Absolute Saint had many lackeys in countless worlds.

And these lackeys were looking for a springboard to descend into their world, wanting to give their world a powerful blow.

At first, he didn't know what the so-called springboard was, but now he knew.

After hearing Yun Zihai's description, he gradually understood that this springboard should be the countless doors that appeared in Yun Zihai's dream.

The doors represented countless worlds. These doors were absorbing his power, making him weak. Every time he advanced a major realm, they would absorb it once. If that was the case, Yun Zihai might invite disaster.

Moreover, from the beginning until now, ever since he saw Yun Zihai, he gave Xu Bai an extremely unfamiliar feeling.

His appearance had not changed, and his temperament had not changed either. This unfamiliar feeling was very abrupt, and it could be sensed subconsciously at a glance. There was no need to explain at all.

"Perhaps after becoming a springboard, this situation will be a change that will bring great harm." Xu Bai thought to himself.

Recently, the days had become more and more complicated. Things happened one after another, just like a ship that never stopped, with no end in sight.

In terms of recent disasters, there were countless worlds.

Originally, it was the Bizarre Market that gave them huge pressure. However, with the current reversal of the situation, the Bizarre Market was already at a disadvantage.

However, now that there were more worlds, these worlds still wanted to descend on their location.

This wasn't just one world, but countless, which meant that they couldn't even count.

No matter how many powerful people there were, they wouldn't be able to withstand the attacks of countless worlds. Even if the people who came were all extraordinary experts, they were still a terrifying number.

A quantitative change could easily lead to a qualitative change. Even if one entered the Saint Realm or exited the Saint Realm, it was impossible to protect the world's peace.

This was the biggest crisis apart from the Absolute Saint. Now that Xu Bai had gotten the information first, what should he do?

Yun Zihai saw that Xu Bai had been frowning and did not say anything. He felt a little anxious.

He had a bad feeling that kept growing in his heart and could not be erased.

At this moment, he subconsciously touched his face with his hand and made a thoughtful gesture.

Chapter 1031: Yun Zihai Loses Control (2)

However, when he did this, his entire body was like a block of wood. He stood rooted to the ground and did not move at all.

“What’s wrong with me? I’ve never done this move before!”

At this moment, no matter how slow Yun Zihai’s reaction was, he finally discovered his abnormality.

The action he was doing now felt extremely strange to him. It was as if he was very familiar with this action and had done it subconsciously.

However, he had never done this before. The combination of contradiction and unfamiliarity made him confused.

When he subconsciously said this, Xu Bai, who had been silent, also recovered from his state.

Xu Bai looked at Yun Zihai and sighed.

Yun Zihai had a puzzled expression and was even muttering.

He knew that Yun Zihai had discovered something different.

Some things couldn’t be hidden, not to mention that one of the parties involved was still at the scene. It was impossible to hide it, so Xu Bai decided to tell him.

“Brother Yun, don’t be anxious. Let me explain this matter slowly.” Xu Bai felt that Yun Zihai was getting more and more anxious and could not control his emotions. He hurriedly comforted him.

If someone else was here, they might not be able to calm Yun Zihai’s emotions.

However, when Xu Bai said that, Yun Zihai’s originally chaotic and anxious emotions instantly stabilized.

“Brother Xu, tell me. No matter how big the blow is, I can withstand it.” Yun Zihai smiled bitterly.

At this time, he also knew that he was abnormal.

No matter what happened, he felt that he could handle it.

After something happened, the most important thing was to solve it. Don't give yourself too much pressure, especially for people in their profession. It was extremely normal for some strange things to happen.

While Yun Zihai was speaking, Xu Bai had finally organized his words and told him everything he knew.

The entire process was explained in a short while without any reservation.

After Xu Bai said that, the entire place fell silent.

The surrounding environment was cold and cheerless, making people feel uncomfortable. Yun Zihai's eyes also became extremely empty. No one knew what he was thinking.

“Why is it like this, springboard? Connecting connecting to countless worlds? “If that's the case, I'll become a sinner of our world. I might release a large number of invaders. When that time comes, I'll definitely be left with the cursing handwriting of tens of thousands of people in the history books.”

Yun Zihai's voice was very soft, but his tone was filled with sadness.

In the beginning, he thought that no matter how big the matter was, he could handle it. After all, the ability of people in the industry to withstand pressure was outstanding.

However, when he heard what Xu Bai said, he realized that he was overthinking.

This was not a matter of whether he could withstand it or not, but that he simply could not withstand it.

If it was just a life, he wouldn't think it was important. But now that he was about to become a sinner for eternity, this was what he valued the most.

He was indeed a clean and honest man. He even treated being an official and serving the people as his life's principle.

However, as long as he was a normal person, he would not want to be written as a sinner in the history books, right?

Yun Zihai's face became paler and paler, feeling that he could no longer hold on.

Xu Bai stood up and patted Yun Zihai's shoulder."The matter hasn't reached the point where it can't be resolved. Brother Yun, don't be sad. When we encountered a life-threatening threat, we never gave up."

There were only a few people who could be treated as true friends by him. Xu Bai naturally could not bear to see Yun Zihai depressed. Moreover, he knew Yun Zihai's character and was worried that Yun Zihai would do something stupid.

Yun Zihai's face was pale and his eyes were blank. His tone was filled with despair."Brother Xu, what do you think I should do?"

Even if it was a matter of life and death, he would not despair. But this time, there was really no other way.

He knew about Absolute Saints and countless worlds. In his eyes, the chances of him winning were almost zero.

It was this feeling of despair that made him unable to take a single step forward.

Xu Bai sighed: I don't know what happened in your dream. Why don't you try it tonight? Maybe I can find a way."

In Xu Bai's opinion, the matter had to be resolved, but based on the content described by Yun Zihai, he had not seen it with his own eyes, so he could not guarantee that he could erase it.

Therefore, he wanted Yun Hai to try again and see if he could dream of those things.

"But...I'm worried that if we do it again, we'll let them out again."Yun Zihai felt embarrassed.

Xu Bai shook his head." Brother Yun, as the saying goes, concern makes one confused. Now that you're confused, don't think about anything else."

"Have you ever thought that you are becoming less and less like yourself? You are gradually becoming another kind of person. Although it seems very slow, it is unstoppable."

"Therefore, if we want to solve the problem, we have to use a strong medicine."

"Of course, I'm not the only one who's here. We'll immediately rush to the Great Chu Imperial Palace."

To be honest, she wasn't confident in dealing with it alone, but it was different with the addition of Chu Sheng.

With Director Mu, Eunuch Wei, and him, they had more confidence.

"The Imperial Palace of the Great Chu Country..." Yun Zihai muttered to himself and finally nodded. "I want to go."

Xu Bai heaved a sigh of relief.

He was afraid that Yun Zihai would fall into a dead-end state. As long as he was willing to solve it, the problem would be easy to solve.

Yun Zihai had just finished speaking when he added, "If you can't solve it, then please kill me, Brother Xu. That way, they won't have a springboard. It would be an honor to die in Brother Xu's hands."

"Brother Yun," Xu Bai said helplessly, "you're not someone who gets discouraged easily. Alright, let's not talk about this anymore. Let's hurry up and set off."

Yun Zihai didn't say anything more to stir up emotions. He knew that time was tight, so he didn't say any more nonsense and agreed.

What Xu Bai didn't expect was that he would have to leave again not long after he arrived.

The two of them seized the time and flew into the sky overnight, rushing towards the Imperial Palace of the Great Chu Country.

..

Due to the urgency of the matter, the two of them flew at full speed. After a long journey, they were getting closer and closer to the Great Chu Imperial Palace. However, at this moment, Yun Zihai suddenly stopped.

When Xu Bai saw Yun Zihai stop, he also stopped. He turned to look at Yun Zihai and frowned.

"What is it?"

Yun Zihai stopped in mid-air and did not answer Xu Bai. He just lowered his head so that the expression on his face could not be seen.

Xu Bai suddenly felt that something was wrong.

At this moment, Yun Zihai's aura was gradually changing. He no longer had the noble aura of a scholar. Instead, he had a feeling that he was not to be reprimanded.

He was like a child who didn't fit in with others and was ostracized by other children.

"Brother Yun, you must control yourself." Xu Bai reminded him, "How long will it take for you to get there?"

He knew that Yun Zihai was gradually turning into another person. Now, it seemed that he was losing control.

After Xu Bai finished speaking, Yun Zihai's head, which had been lowered, suddenly rose. His eyes were no longer filled with emotion, but emptiness.

A chaotic aura reverberated around Yun Zihai's body. At the same time, Xu Bai saw through Yun Zihai's eyes that there seemed to be a door slowly opening.

Yun Zihai's face was expressionless, but his tone was extremely pained. He was conflicted. "Brother Xu, kill me, kill me! I can't control him anymore!"

In midair, Yun Zihai hugged his head and kept rolling.

Painful words were heard one after another.

"Kill me! I don't want to be a sinner for all eternity!"

"For the sake of our friendship, kill me quickly!"

"Quick, I can't control it anymore. The door is about to open!"

That familiar aura was becoming faint and was replaced by a strange feeling.

In Yun Zihai's eyes, a cold aura was gradually spreading from the opened door.

I Have Unparalleled Comprehension #Chapter 1032: The Appearance of the Giant Eye - Read I Have Unparalleled Comprehension Chapter 1032: The Appearance of the Giant Eye

Chapter 1032: The Appearance of the Giant Eye

When the cold aura emanated from Yun Zihai's body, Xu Bai suddenly felt a chill in his heart.

A chill instantly spread throughout his entire body. He felt the door slowly opening in Yun Zihai's eyes and gradually spreading.

The surrounding scenery was changing. He was no longer in the sky, but in a pitch-black environment.

Yun Zihai's appearance had not changed, but in front of Xu Bai, he had become extremely unfamiliar. He no longer had the noble aura or the temperament of a scholar. Instead, he was filled with cold despair.

"Hehehehe..." Everyone!"

"I didn't expect to meet so many people when I came out. What good luck."

"Let me see what level you have reached!"

Everyone was the name of Xu Baijin's finger.

It was formed by gathering countless broken worlds and possessed the power of all living beings.

Xu Bai narrowed his eyes. His expression was calm, but his eyes were filled with killing intent. "You killed him?"

Hearing this, 'Yun Zihai' shook his head and said in a mocking tone, "He is our stepping stone, how can we let him die? Please allow me to introduce myself."

For some reason, Xu Bai felt that this guy in front of him had a sense of elegance. This elegance combined with the cold despair was very abrupt.

Introduction?

Alright, he was just worrying about not knowing some information. He liked this kind of nonsense.

"My name is 'machine', 'machine'." Machinery used Yun Zihai's body to bend slightly and salute.

"The world I live in should be called the world of technology. I don't know if you understand, but I'm the supreme existence of that world."

Technology?

Xu Bai thought for a moment and came to a conclusion.

The black shadow he saw at the beginning was made entirely of machinery. Now, it said that the world belonged to technology. When he combined it together, he understood.

His previous life was also a world of technology, but it had not developed to this extent. Now, it seemed that the world that this person lived in had already reached an extremely powerful peak.

However, this was nothing to Xu Bai.

“A supreme existence, do you think you’re worthy?” Xu Bai’s tone carried a sneer as he said disdainfully.

With the strength of this person in front of him, he was at most at the peak of the extraordinary state. It didn’t seem to be a problem for Xu Bai.

Machinery slapped his head hard. He used Yun Zihai’s body, which gave people a strange feeling. “I almost forgot. However, according to the division of your world, I should only be at the peak of the extraordinary state. The world I came from has already been destroyed by the absolute saint, so I am indeed the strongest.”

“As for dealing with you, it should be enough. Do you know where you are now?”

Xu Bai turned his head and looked at his surroundings. He shook his head gently.

It was a very unfamiliar place, and he did not know where he was. At least now, it seemed that his location was not an illusion.

He was very curious. He, who had always been able to fight those at a higher level, wanted to see how this so-called peak Transcendent would deal with him.

Machine was not flustered or anxious at all. He did not make a move and continued, “This place... It’s the place called the Gate of Technology that I created. Here... I can display the strength of a Saint...”

Xu Bai raised his eyebrows. He didn’t know if this was true or not, but he was a little unhappy. “Don’t you find it disgusting that you keep calling me that?”

In Xu Bai’s opinion, they were all enemies, so he should just be straightforward. However, the other party used the word “down” to refer to himself, which seemed very polite. However, the cold aura on his body was very disgusting.

When he said this, the originally refined appearance of Machine suddenly changed, and his expression became extremely gloomy.

“Oh, it seems that my words have hit your sore spot.” Xu Bai said with a smile.

Everyone had different personalities, and the development of one's personality was related to one's experience. This guy looked refined on the surface, probably because he had experienced something. Now, he had hit his sore spot. Perhaps it had something to do with this so-called elegant self-proclaimed.

Of course, this was not important to Xu Bai, because he did not need to think too much about a dead person.

The reason why he did not make a move was because he considered Yun Zihai's problem.

Now, this guy was occupying Yun Zihai's body. Xu Bai could not easily make a move. If he caused irreversible damage, it would be Yun Zihai who would be in trouble.

"How about this? Come out of his body. I also want to see how you beat me to death." Xu Bai said.

Ever since he had said that the title was disgusting, Machine's expression had been very gloomy. Now that he heard Xu Bai's words, his tone became even colder.

"Do you think I'm a fool?"

"More or less." Xu Bai shrugged.

Machinery sneered." I don't have absolute confidence that I can kill you even if I use my Saint Realm power here. However, it's different if I take over his body. After taking over his body, your hands will be tied. If you really kill him, I will die, but it doesn't matter. You will be in pain."

"This should be your good friend. Do you have the heart to kill him? If you can't bear to, then you can only be killed by me."

Xu Bai fell into deep thought.

Ever since this guy came out, he had always felt a little strange. The strangest thing was that he emphasized something that shouldn't be emphasized.

To be honest, it was very abrupt, especially after this guy appeared. He felt even more abrupt.

Chapter 1033: The Appearance of the Giant Eye (2)

Not long ago, Yun Zihai told him that he was a springboard and that countless worlds would use him to descend. However, could this method of descending be this kind of possession?

If that was really the case, then how could Yun Zihai possibly endure it alone?

Moreover, there was another point. This fellow had been emphasizing that he could not bear to kill Yun Zihai. Moreover, he had explained the stakes to him very clearly.

In other words, he even made him make a choice. Either he did not kill Yun Zihai, or he killed Yun Zihai.

If they were really enemies, would they have said it so clearly? He didn't know at all!

For example, if someone told Xu Bai this, Xu Bai would even make a move. In his opinion, if he didn't make a move, he would definitely lose. After making a move, he might win.

Therefore, Xu Bai suddenly had a ridiculous thought. This guy didn't seem to be threatening him. It was more like he was guiding him to make the right choice and kill Yun Zihai.

Thinking of this, Xu Bai slowly raised his head and said.

"If you really came to kill me, there's no need to say so much nonsense, and there's no need to make so many preparations. It seems that after killing Yun Zihai, you really will descend."

This was Xu Bai's final conclusion. After saying this, he looked at Machine and watched the change in his expression.

Sure enough, after he said that, Mechanical's expression stiffened a little. Although it quickly returned to normal, Xu Bai caught it.

Because of this expression, Xu Bai was even more certain that his guess was correct.

Machinery did not say another word and directly launched an attack, as if it did not want to waste any more words.

But because of the sudden attack, Xu Bai was even more certain of his guess.

He had talked so much nonsense in the beginning and even looked very polite. Now that he had pointed it out, he immediately attacked. If he wasn't feeling guilty, what was?

The surrounding darkness was gradually changing. Mechanical chains extended from it and continuously combined in the air. In an instant, they combined into a huge mechanical body that towered into the clouds.

This mechanical body had the shape of a human, but it had four arms. Each arm held a different weapon.

From Xu Bai's position, he had to raise his head to the highest point to see a part of the situation.

"This completely different power system is really amazing!" Xu Bai even exclaimed in admiration.

He didn't panic at all and even poured oil on the fire.

"Then I'll speculate again. The reason you want me to make a move is that I'm afraid that only after I kill Yun Zihai will you be able to descend completely. Yes, the others shouldn't have any effect. After all, I'm the one you're talking about."

"Ha..."

After hearing that, the floating machine sneered and didn't say a word. Its body merged with the tall machine in front of it.

After the mechanical body disappeared, the huge mechanical body floating in the air finally moved. The weapons carried by the four hands attacked Xu Bai.

Their forces were extremely vast and carried a terrifying might.

After Xu Bai saw this, he was overjoyed.

"This is the power that you said could rival me, even the power of a saint. Aren't you a transcendent?"

Xu Bai could easily feel that even with such an exaggerated appearance, he was only a Transcendent. The scene in front of him confirmed his thoughts.

This guy was indeed a schemer.

What this guy said was all bullsh * t. He said that he had the power to become a saint and then said that Yun Zihai had to die. This was undoubtedly telling him to kill him.

But now, everything was exposed, especially the fact that he had to be at a Transcendent level to make a move. It directly overturned everything that this person had said at the beginning.

“So what? If you can’t fight back, I’ll keep playing with you.” A mechanical voice came from the machine body. It seemed to have been angered by Xu Bai, and it was angry from embarrassment.

Xu Bai smacked his lips and didn’t say anything else. His four arms were holding weapons and he was approaching.

“Kacha!”

A crisp sound rang out, and the four arms turned into ashes along with their weapons. In Xu Bai’s hands, a dazzling white light flickered.

“You might not understand, but there are many ways to control you.”

“What you are proud of is your divine soul, right? The first thing that appeared didn’t have a soul. You probably wouldn’t do such a stupid thing, but I don’t need to control your soul.”

After saying this, Xu Bai flicked his finger lightly. The white light on his hand directly fused into the huge mechanical body. Under his precise control, the mechanical body turned into ashes, and the mechanical figure was revealed.

“Boom!”

A figure separated from Yun Zihai’s body. Yun Zihai lost consciousness and fell to the ground with a dull sound.

Xu Bai was stunned.

When he attacked and destroyed that mechanical body, he originally wanted to use his powerful strength to suppress the machinery and then bring it to the Great Chu Imperial Palace to see if there was a way to separate it. However, this scene had appeared now, and he could not understand.

He was sure that he had no intention of separating the machinery, and he had no way of separating it, but why was this happening?

The Mechanical Body was in mid-air, bouncing non-stop as if there was an invisible force holding him in the palm of its hand.

At this moment, Xu Bai finally saw what it looked like. It was a mechanical ball.

At the center of the sphere was an eye that was bloodshot. Under the eye was a huge round hole that looked like a mouth.

A sound came from the hole.

“Supreme Saint, why? Why did you lie to me?”

“I have already submitted to you and expressed my supreme loyalty to you. I also came to this world according to your request. Why are you still doing this to me?”

“I don’t understand!”

Machinery was struggling with all its might, saying something unclear.

Xu Bai didn’t understand anything else, but he understood one thing. This guy seemed to have been tricked by the Absolute Saint, and his arrival seemed to be part of the Absolute Saint’s plan, including what was happening in front of him.

“There’s something.”

Xu Bai’s figure flashed and he had already carried Yun Zihai on his shoulder. He returned to his original position and narrowed his eyes to size up the machine in the air.

Only a ball-shaped machine was still struggling, but it was powerless to resist.

Under this invisible force, the machine turned into ashes.

The surrounding darkness disappeared without a trace.

Xu Bai realized that he had returned to his original position.

It was a happy thing that the crisis had been resolved, but Xu Bai didn’t think much of it.

What happened tonight was too strange, especially the various methods of this machine, which made him feel even more uneasy.

It seemed that the machine had been tricked by the Absolute Saint.

Although Xu Bai couldn’t sense it when it turned into ashes, it was probably the doing of an Absolute Saint.

Then... What did Holy Zhi do?

Xu Bai did not understand. Did he just want him to kill Yun Zihai?

At this moment, Xu Bai suddenly felt that there seemed to be a problem with his previous speculation.

Absolute Saints were old monsters who had lived for countless years. They were existences that had caused the rise and fall of countless worlds.

It was impossible for it to be as simple as he thought. Just killing Yun Zihai would release those countless worlds.

“Something’s wrong. There must be another reason for the descent of the machinery today, but I don’t have any clues now, and I can’t think of anything.”

Xu Bai stood where he was and thought for a long time, but he could not come up with a conclusion. He planned to settle Yun Zihai’s matter first.

Thinking of this, he did not stay any longer and rushed towards the Imperial Palace of the Great Chu Country.

..

While he was rushing to the Great Chu Imperial Palace, there was a huge eye locked up by countless chains in a ruin.

A black light descended from the sky and fell into the huge eye.

The huge eyes moved slightly.

An old voice was emitted from within.

“Coordinates...The world...It’s done...”

I Have Unparalleled Comprehension #Chapter 1034: Ruins and Absolute Saints - Read I Have Unparalleled Comprehension Chapter 1034: Ruins and Absolute Saints

Chapter 1034: Ruins and Absolute Saints

The old voice carried the traces of time. When it passed through the ruins, layers of cracks appeared in the space around the ruins.

The chains around the Absolute Saint began to tremble violently, and the gaps in the chains gradually widened.

But soon, a force erupted from the ruins, and the gaps of these chains gradually closed under the force.

The world returned to normal, and Level One returned to peace. It was as if nothing had happened.

“The cycle of life and death, the rise and fall of the world, is a normal cycle.”

The Absolute Saint only had his huge eyes. His eyeballs looked up at the sky above the ruins.

That old voice made people want to kneel down when they heard it.

This was the most supreme existence in countless worlds, an existence that had already transcended the Saint Realm.

When it came, it was supreme!

However, no one answered him. He seemed to be talking to himself, saying words that others could not hear.

"The world needs balance," the Absolute Saint continued. "If any balance is broken, I won't be the only one who will die. The creatures of countless worlds will die as well. Only balance, only the cycle, only the cycle, can allow one to live forever."

He spoke patiently, but no one paid attention to him. However, he continued to speak. He seemed to know what he was saying. No one responded, but he did not find it boring.

"To control the world and maintain balance. Countless years have passed, and countless visions still exist. This is right, but you are all wrong."

When he said the last sentence, the old voice changed slightly. His tone was no longer calm, but filled with anger.

After this anger appeared, the ruins trembled again, as if they were about to kneel at the feet of the absolute saint.

"Sigh..."

At this moment, a sigh sounded in the void. At the same time, a figure condensed in midair.

This figure didn't have any facial features, it just had the shape of a human.

Its entire body was made of white light. When this figure appeared, the surrounding tremors disappeared and everything returned to normal.

"You can't take it anymore. If you let me go, I can let you live another life." The Absolute Saint's eyes were filled with cold killing intent.

"Ruins, for the sake of the ruins, you can live another life. Why do you have to seek death?"

"I can give you a second life, a third or even a fourth life, as long as you release the restrictions here."

Other than the cold killing intent, the Absolute Saint's words also carried an inexplicable temptation, as if he wanted to bribe the person in front of him.

The human figure formed by white light, which was called the relic, laughed.

"Hahahaha!"

"Someone as prideful as you would actually trade with me. It's simply unbelievable. It seems that you've been locked up for too long and have already developed fear."

"I'm formed from countless worlds, representing the will of the worlds you destroyed. They only have one will!"

"Destroy you!"

There was no room for negotiation in his words.

The Absolute Saint fell silent. His terrifying eyes still didn't have any human emotions.

"As an absolute saint, I have protected the balance of countless worlds. If it wasn't for me, this world would have lost its balance long ago!"

He didn't seem to want to discuss this topic, so he changed the topic.

When the ruins heard this, they were stunned for a moment before they continued to laugh. "Your death is the greatest balance!"

"Countless worlds live and repeat according to the rules you set. It's the same every time. They will eventually be destroyed."

"You think this is your credit, but you are wrong. You are the one who chained them."

"There are countless people in the world. They should have each lived their own way. They were each brilliant, but they were the same. This was done by you."

"Living like this is like a dog cage!"

The Absolute Saint chuckled. "At the very least, I've brought balance to the countless worlds. Do you know that once the balance is broken, it will be filled with variables? No one knows what will happen. Isn't that good?"

"Alright?" The relic disdained the saying, "Who said that breaking will lead to destruction? You are talking about variables that might develop in a good direction, but if you attack,

countless worlds will be destroyed. Do you think I don't know what you are thinking? Your thoughts are selfish."

"Let countless worlds be destroyed so that you can live stably. You said before that you want balance, and your death is the greatest balance."

At this point, the ruins became more and more hurried, and their tone became more and more angry.

If not for the fact that he could not kill this fellow in front of him, he would have already attacked.

Heh...

Balance?

It was just an excuse.

The destruction of countless worlds had long been seen clearly. It was all for the Absolute Saint to survive.

The Absolute Saint sighed and said,"So what? Who doesn't want to live?"

"Your strength is not as strong as mine, so you have to be controlled by me. This is the truth of the world!"

The remains were stunned for two seconds before responding,"If you can't win, don't even pretend."

The Absolute Saint's huge eyes were cold."I'm giving you a chance to live a new life. To you, this is something you've always dreamed of, but you didn't cherish it. I know that you've done everything you can to deal with me, but can you really deal with me? Do you know what I did just now?"

The ruins asked with interest,"What have you done?"

The Absolute Saint sneered and looked at the ruins as if he was looking at a fool.

I Have Unparalleled Comprehension #Chapter 1035: Ruins and Absolute Saints - Read I Have Unparalleled Comprehension Chapter 1035: Ruins and Absolute Saints

Chapter 1035: Ruins and Absolute Saints

What did he do? How could he tell anyone?

Only a fool would do such a thing.

There was no expression on the face of the remains.

He rubbed his chin, turned around, and prepared to leave.

The Absolute Saint didn't stop him and let him leave. After he disappeared, he slowly closed his giant eye.

Everything around them fell silent again. The chains were still locked, and there were no changes.

..

After the relic left, it turned into a ray of light and disappeared from the world.

At the same time, a crack suddenly appeared where he had disappeared.

The crack was filled with coldness and despair.

One figure after another flashed within, and a terrifying might continuously transmitted over.

"Sigh... I still can't break through."

"Using the Bizarre Market to leave temporarily is not feasible at all. As long as you leave temporarily, the Absolute Saint will escape from the cage."

"He must be planning something, but what can I do to make everyone alert..."

A long sigh echoed in the surroundings.

"I can't hold on for much longer. I will soon disappear from this world. I must think of a way..."

"What is the solution?"

"I got it! Hahaha! I got it!"

"Indeed, I can't go out, but I only need to send a message. I only need a carrier!"

..

Some strange things had happened in the ruins, but Xu Bai didn't know about it at the moment.

He was carrying the unconscious Yun Zihai and flying in the air.

They were getting closer and closer to the Great Chu Imperial Palace, but Xu Bai's face did not relax at all. On the contrary, it became more and more solemn.

He was not talking about Yun Zihai's matter. In fact, if he wanted to resolve Yun Zihai's matter, he still had to reach the Great Chu Imperial Palace.

He was thinking about the Machine that he had killed not long ago.

The machine was just a tool, and a tool that had been deceived by the Absolute Saint. He still had no idea what it was for.

However, he knew very well that an old monster like the Absolute Saint who had lived for god knows how long would definitely not do something that would not benefit him. Therefore, there was definitely a deeper meaning behind his encounter with Machinery.

"What does it mean? What is he trying to do?"

The more he thought about it, the more frustrated Xu Bai became.

He felt that although he was originally in this huge net, he had been walking at the edge. Now, he had already walked to the center of the huge net.

As he thought about it, he did not have any clues until he arrived at the Imperial Palace of the Great Chu.

Without any hesitation, he rushed straight to Director Mu's location.

It was already very late, but Xu Bai's arrival didn't let Director Mu relax at all. He lit up the oil lamp in the room again.

When Xu Bai placed Yun Zihai on the ground and told him his purpose for coming, Director Mu frowned. He first checked Yun Zihai's condition and finally sighed.

"I'm helpless."

Director Mu smiled bitterly, indicating that he was helpless.

"His body is already filled with countless consciousnesses. His consciousness is now like a small boat, mixed with survival. According to what you told me before, all the doors have probably been opened, but I don't know why they haven't descended."

Hearing this, Xu Bai tried to use his soul to explore. After a moment, he withdrew his soul.

Just as Director Mu had said, the situation inside was indeed like that.

There were so many divine souls inside that there was no way to deal with them at all, because there were too many of them, so many that Xu Bai felt his scalp go numb.

However, for some reason, Yun Zihai still persisted and was not devoured by these divine souls. Perhaps this was the reason why those things could not descend.

Even Director Mu had no way to solve it. He didn't even have a clue. Xu Bai felt a headache. If Yun Zihai couldn't hold on, these worlds might really come. At that time, it would be a huge blow.

"How about this, you stay in the palace for now. I will gather manpower and resources. Everyone will think of a way to solve this problem."

Director Mu looked serious.

As long as the players were normal, they knew that the current situation was very serious. If they were not careful, something tragic would happen.

Xu Bai nodded. This was the only plan.

There were many professions in this world, and there were also many experts. Perhaps gathering everyone's strength could help Yun Zihai escape from the crisis.

With that in mind, Director Mu prepared to arrange a place for Xu Bai to stay.

However, at this moment, the sound of footsteps could be heard. The door was pushed open, and an old man walked in with an anxious expression.

"Director." After Xu Bai saw the man's appearance, he said, "I knew you would come."

Prime Minister Wen followed beside the Director.

Xu Bai's arrival was not a secret. Both of them were experts, so they could naturally sense it.

The dean took a few steps forward and did not say anything. After silently investigating Yun Zihai's situation, he sighed and seemed a little dejected.

"There's no hope. This kid didn't follow my instructions and refused to enter the Transcendent Realm."

"I thought I had saved him back then, but I didn't expect it to be too late."

Prime Minister Wen also walked up. After investigating Yun Zihai's problem, he did not say anything and fell into deep thought.

Xu Bai looked at Prime Minister Wen and stroked his chin.

Prime Minister Wen had the elegant temperament of a scholar and said calmly, "Although I don't like this old fellow, since it's a fair competition, I won't use those disgusting methods."

The meaning behind his words was very obvious.

He and the Headmaster had been fighting for a long time, but they were both scholars and would never take advantage of each other. Now that the Headmaster had something urgent to attend to and could not continue his breakthrough, Prime Minister Wen had temporarily stopped.

At this point, the Headmaster did not argue with Prime Minister Wen and just looked at Yun Zihai.

"I've already discussed with Xu Bai and are prepared to gather manpower and resources to resolve this matter." Director Mu said, "Don't be anxious. There's always a solution to this problem. We haven't reached the final step yet."

The director nodded and struggled to stand up. "Try to find someone who has a divine soul."

Everyone present was an expert, so they naturally knew where Yun Zihai went wrong.

Xu Bai was also proficient in the divine soul, but he was more proficient in using the divine soul to attack and control. This kind of situation was slightly complicated for him.

Prime Minister Wen pondered for a moment and said, "I do know someone who is very proficient in the investigation of the soul. However, this person is not easy to invite."

After saying this, everyone except Xu Bai had a strange expression on their faces.

"If we can invite this person, it's indeed possible to find out the reason and try to solve it according to this reason," said Director Mu.

"But that's almost impossible. I reckon that even if this person dies, he won't help us." The dean smiled bitterly.

"After all, he has a grudge against Prince Xu. However, this person is an extremely kind person. His Majesty did not attack him back then."

"You can't threaten me with force."

Xu Bai was originally quite curious and listened carefully from the side. After all, he was also considered an expert in the divine soul, so he was also curious about his peers.

However, before he could finish listening, he suddenly heard that he had a grudge against him. This sentence made him confused.

"Wait, let's get this straight. You said that I have a grudge against that expert who is proficient in soul combing."

"If my guess is correct, those who have grudges against me are usually dead. I didn't leave anyone alive."

Xu Bai had killed many people. Almost none of those who had a grudge against him survived.

Now, an enemy had suddenly appeared, and it was a living person. Xu Bai was confused.

"Why can't I remember?" Xu Bai rubbed his chin and thought, "That shouldn't be the case. They should all be dead."

"Your enemies are indeed dead," Director Mu said helplessly. "But this enemy is different. It has something to do with you when you went to the capital. It was also when you monopolized thousands of people."

I Have Unparalleled Comprehension #Chapter 1036: Confusing Situation (1) - Read I Have Unparalleled Comprehension Chapter 1036: Confusing Situation (1)

Chapter 1036: Confusing Situation (1)

Xu Bai was already very confused. After hearing this, he was even more confused.

He did not quite understand. When he fought against a thousand people alone, it seemed to be the last stage in Shang Jing.

However, he was very sure that he had not let anyone off back then.

This was how he did things. When dealing with enemies, he would definitely eliminate them.

It was impossible for him to let them go, so he should not have any enemies. Moreover, there were no Transcendents who came to kill him back then.

Now that a Transcendent had suddenly appeared, and this was his enemy, he felt that it was not very reliable.

“Yes... I still don’t understand.” Xu Bai pondered for a moment, then shook his head, indicating that he still didn’t understand.

“It’s right not to understand.” Director Mu explained, “Let me tell you about this person first. This person is an expert at the peak of the extraordinary state. He is also good at the ability of the soul. He doesn’t have special abilities in the soul attack. He is more of a support of the soul.”

“This includes scouting, healing, and other abilities. His combat strength is not very strong, but when it comes to supporting abilities, he is top-notch.”

“If you insist on saying that he has a certain connection with you, one of the people you killed back then was his biological grandson.”

After saying this, Xu Bai understood.

However... There was still one thing he didn’t understand.

“Why didn’t His Majesty the Chu Emperor remove it? His grandson was also involved in it.” Xu Bai asked.

Putting everything else aside for the time being, he had gone to the capital to exterminate all those heretic forces and expose them.

The person involved was the grandson of the female lead, so naturally, he should be included.

Director Mu shook his head and smiled bitterly. “If only things were that simple. It was indeed his grandson who participated, but he himself did not participate. Moreover, this guy is a very good person. He can be said to be kind and has a high prestige among the people, so His Majesty did not touch him.”

“When he found out what his grandson did, he didn’t say anything. He even said that this was the punishment he deserved, but that was his only grandson.”

“Later, His Majesty asked him if he had any complaints. He said that he did, but he would not vent his anger on others.”

“I was wondering whether he would help or not. This is really an unknown number. After all, you killed his grandson with your own hands.”

Xu Bai touched his chin and said, “Can’t such a kind person understand the situation?”

The words he said just now were full of meaning. He almost praised this guy to the point that even if he killed his grandson, it was because his grandson died. Could it be that he still held a grudge against him?

At the beginning, he didn't make a move at that time, that was dead, that was himself, that was, that was, that was, that was, that was, that was, things, and that was, the other party made a move first, that was.

Director Mu didn't answer. Instead, it was the director who spoke.

"He's quite clear about gratitude and resentment. He said that he won't find trouble with you, but he won't help you either. He's made it clear."

At this point, everything was clear.

This meant that he would remain neutral, but he would definitely not help anyone related to him. Yun Zihai was related to him, so this person probably would not help him either.

Xu Bai was silent for a moment. Where are you now?"

Director Mu was stunned.

Xu Bai continued," I don't have any spare time to play with him. I'll go there myself. If he agrees, it's fine. If he doesn't, I might use some tough methods."

" I don't care if he's kind or not, but in my opinion, my friend is in trouble now and needs his help. If he succeeds, I'll give him the corresponding reward. If he fails, I won't blame him."

In Xu Bai's eyes, everything was clear.

That's right, he killed this guy's grandson back then, but it was all because this guy was against him.

If he didn't make a move, he would be the one to die.

Therefore, there was no problem with his standpoint, and there was no problem with the other party's standpoint. His grandson had done a huge mistake and died in his hands. It was normal for the other party to be reasonable but not help him.

However, the problem now was that he needed this guy's help. If this guy was unwilling, he could only use his own method.

Prime Minister Wen muttered," He's going to make a move anyway, so we can give it a try. There are too few people in the field of the divine soul, especially those who are

proficient in the assistance of the divine soul. It's fine if he agrees, but if he doesn't, we might really have to resort to some special means.””

Xu Bai nodded. Although Prime Minister Wen had tried to test him before, he was still in agreement with Prime Minister Wen in this aspect.”I won't take his life, nor will I hurt him. I'll use some special methods.”

This guy was kind, and Xu Bai wouldn't do anything heartless.

The hospital director expressed his approval and added,””If he is willing to help, the Academy will owe him a favor.”

Seeing that everyone had made up their minds, Director Mu could only agree and tell Xu Bai where this person was.

Xu Bai did not stay for long. Saving Yun Zihai was more important now, so he stood up and left.

..

After leaving the imperial palace of the Great Chu State, he hurried all the way to his destination.

I Have Unparalleled Comprehension #Chapter 1037: The Confusing Situation (2) - Read I Have Unparalleled Comprehension Chapter 1037: The Confusing Situation (2)

Chapter 1037: The Confusing Situation (2)

This person was located at the edge of Great Chu, very far from the center of Great Chu. He seemed to be aloof from the world.

Fortunately, Xu Bai's speed was not slow. With full speed, he was closing the distance between them.

After a period of time, he finally arrived at the border of Chu.

There was a rather dilapidated city here that looked very backward.

Although it was backward, it had many facilities. When Xu Bai descended from the sky, it immediately attracted the attention of the local Sky Inspectorate.

When they saw Xu Bai, they immediately looked away.

No matter how remote the place was, Xu Bai's appearance was already engraved in his mind.

Prince Xu arrived at the edge of the hammer. Although he didn't know the reason, it was better not to care about small characters like them.

No one came over to babble. Xu Bai wanted to be free. He rushed in the direction that Chief Mu had pointed out.

Even if it was a remote place, the location of the Transcendent expert who was proficient in the soul was still in a remote place.

When Xu Bai arrived at an uninhabited mountain, he walked up the mountain. Not long after, he saw an ancient thatched cottage.

Before he could get close, he felt a wave of divine soul power sweep over.

Xu Bai narrowed his eyes. He was now a Saint Realm master and was also proficient in the power of the soul. He could feel that the other party's soul technique was different from his.

It wasn't very aggressive, but it was surprisingly agile.

If it was used as a supplement, it could indeed display a great effect.

Xu Bai stopped in his tracks and shouted, "Senior Chen, right?"

As the saying goes, one should not hit a smiling person.

Xu Bai first made sure that the etiquette was in place. As for the rest, it would depend on whether the other party would give him face or not.

When Xu Bai finished speaking, the divine soul in the thatched cottage paused for a moment and quickly withdrew.

A moment later, an old voice came from the cottage.

"My sons and daughters have already died in the past, and only my grandson is left. This is his own death, and I didn't stop him."

"But this old man is already tired of everything and doesn't want to participate anymore. This old man doesn't want to know why you're here, this old man just wants to live in seclusion here."

"From now on, I won't ask about anything."

At this point, everything was clear.

The other party meant that he would not help.

Xu Bai muttered, "Senior Chen, I really need your help. I know that I killed your grandson, but he provoked me first. Otherwise, I wouldn't have done it. Director Mu once said that you are a kind person, how can you stand by and do nothing?"

There was absolutely no moral kidnapping in this sentence. The reason was already very clear. The grandson of the old man surnamed Chen attacked him, so it was only natural for him to retaliate.

The reason why he said this was not because of moral coercion, but because he wanted to be polite before using force.

The old voice came from the room again.

"You mean, if I don't help, you'll attack me?"

Xu Bai didn't say anything else, but he had already expressed his intention.

In an instant, a golden and gray-white sky appeared, dyeing the entire sky red.

Xu Bai's figure disappeared from where he was. In the blink of an eye, he had already arrived at the thatched cottage.

As soon as he entered, Xu Bai saw a white-haired old man with his back facing him.

The old man was not surprised by Xu Bai's arrival at all. Instead, he slowly turned around.

As the old man turned around, Xu Bai narrowed his eyes and said, "Would you rather die than live in shame?"

The old man was holding a dagger against his neck. "We all cultivate the divine soul. I know your ability. If you want to make a move, I will destroy myself first before you do. Because I am also proficient in the divine soul, you can't sneak attack my divine soul."

Xu Bai said helplessly, "Why do you have to do this? You just need to help me with one thing, and I will even give you a reward. Why do you have to make things difficult for me?"

He also did not expect that this old man would be so stubborn and would actually put on an appearance that he would rather die than submit.

The old man's tone was cold." At my age, rewards are useless. You can only leave, or I can die."

The choice seemed to be thrown to Xu Bai.

Xu Bai pondered for a long time and suddenly took a step forward.

In an instant, the dagger in the old man's hand fell to the ground.

"You seem to have forgotten that I'm already a saint. My speed is far faster than yours. Even if you control your soul well, your body's speed is far slower than mine."

"Right, I heard that your soul is more inclined to support, so your self-attack will be very weak, right?"

When the dagger was removed, Xu Bai's soul quickly controlled the old man at a speed visible to the naked eye.

The old man's eyes became dull and motionless.

Xu Bai sighed." Don't blame me. I don't have much time on this trip. I'm here to waste time with you."

After saying that, Xu Bai carried the old man and rushed straight to the Imperial Palace of the Great Chu Country.

..

They came and left quickly. Xu Bai did not encounter many obstacles along the way. Very quickly, he carried the old man and arrived at the Great Chu Imperial Palace.

Within the Imperial Palace of the Great Chu.

At this moment, Director Mu and the others were still waiting.

A gust of wind blew past. Xu Bai had already rushed over with the old man on his shoulder.

Everyone in the room was stunned.

"You..." Before Director Mu could finish, Xu Bai interrupted him.

"There's no time to explain. It's more important to solve the problem."

Xu Bai put the old man down as he spoke.

It was a stopgap measure. Now that Yun Zihai's problem had to be solved, he would just have to bear whatever the old man said after the problem was solved.

The old man's face was dull and expressionless.

As Xu Bai snapped his fingers, the old man, who had a dull expression on his face, suddenly moved.

Under the control of Xu Bai's divine soul, the old man staggered to Yun Zihai's side. He raised his index finger and pressed it on Yun Zihai's forehead. In the next moment, the power of the divine soul followed the old man's finger and directly poured into Yun Zihai's brain.

It didn't take long. After a while, the old man withdrew his finger and turned his head to look at Xu Bai with a dull gaze.

The old man slowly spat out a few words." There are too many divine souls inside. There's no way to turn the situation around unless there's a method."

Xu Bai frowned. This answer was out of his expectations, but when he heard that there was another way, he instantly became alert.

"What method?"

" The one who tied the bell has to untie it," the old man said in a daze." You are the key to this problem. Only if your soul enters it, under my guidance, you might be able to exchange for his life.""

Xu Bai's brows furrowed even more when he heard this.

Not only him, but the others also had the same expression.

This method was actually very dangerous. Right now, Yun Zihai's entire body contained the divine souls of countless worlds, while his own divine soul was like a small boat, extremely dangerous.

Even if Xu Bai were to enter rashly, he might be threatened by the divine souls of these countless worlds.

The people present looked at each other, but no one spoke.

According to what the old man said just now, maybe this is the only solution. After all, in the aspect of divine soul support, this old man is surprisingly strong.

However, this matter still had to be decided by Xu Bai. It depended on whether Xu Bai thought it was worth the risk.

Xu Bai didn't answer. His brows furrowed more and more tightly. He felt that something was wrong.

Suddenly, he raised his head and relaxed his furrowed brows. He stroked his chin and examined the old man in front of him.

"It looks like it, it really looks like it."

This sudden sentence stunned everyone present.

The old man was still in a daze, without any expression.

At this time, Xu Bai continued, "Stop pretending. You almost fooled me by pretending to be under my control. However, you have a flaw. Although it looks very subtle, I still found it."

The old man still didn't say anything, as if he was really under Xu Bai's control.

Everyone's eyes stopped on the old man's face. They had already heard Xu Bai's meaning.

Xu Bai reached out and pinched the old man's neck. His eyes narrowed slightly.

"Do I have to tell you the whole story? A person who betrayed this world, a lackey of the Absolute Saint."

Chapter 1038: The Best Solution

After he said that, the entire place fell silent.

No one spoke, but everyone's eyes were fixed on the old man.

After the old man heard Xu Bai's words, his expression finally changed. He sighed silently and said, "Unfortunately, I didn't succeed. I'm very curious. How did you discover me?"

When he said this, it proved that the old man had already admitted Xu Bai's deduction.

Xu Bai looked at the old man with a smile and said slowly, "Actually, I didn't notice you at the beginning. After all, you hid yourself very well. Your various acting techniques

were almost perfect, especially when you would rather die than live in disgrace. There were no flaws in your performance. However, in the end, you were just acting.”

“The most obvious problem is that you were too anxious just now. I only asked you if you had a solution, but you said that the person who tied the bell should solve it. You even said that it was related to me and that I was needed to enter.”

“However, you don’t know that this matter is related to me. When you say this, it proves that you have a problem.”

After hearing Xu Bai’s words, the old man seemed to have accepted his fate. He shrugged and stood where he was without saying a word.

It was like a piece of meat.

Director Mu’s expression became complicated.

“When did it start? Even you betrayed us.”

Regardless of whether it was in the martial arts world or in any corner of the world, the various messages and legends about this old man were all extremely praising.

However, it was because of this strong contrast that Director Mu felt uncomfortable. Even such a person had betrayed this world. He did not know how many similar people there were in this world.

The old man turned to Director Mu and said, “To be precise, it’s not betrayal. It can only be said that his heart is towards the light.

” He is the master of countless worlds. The survival and destruction of countless worlds are in his hands. How can you say that he betrayed us?”

” You are absolutely no match for him. There have been countless worlds that wanted to resist, but the end result was always the same. They all walked towards destruction and began anew.”

As he said this, the old man’s face revealed a trace of respect.

It was as if the Absolute Saint was his supreme master, and he was the Absolute Saint’s dog. Even if he was a dog, he was willing to be one without any complaints.

The dean took a few steps forward and grabbed the old man’s collar. This usually gentle and refined scholar was on the verge of anger at this moment. “Dog, what is the use of you being planted here? Hurry up and tell me, and I can spare your life!”

Just as the old man had said, he had been planted here a long time ago. Now that he had appeared out of nowhere and participated in this matter out of nowhere, he definitely had an important role to play.

The old man didn't seem to be afraid. Instead, he said calmly, "There's no harm in telling you. Our initial goal was to monitor him."

As he spoke, the old man pointed at Xu Bai and paused for a moment before continuing, "But I didn't expect him to grow so fast. Now my master wants me to kill him. I'm not the only one who has received the order. He's in danger now."

"Killing him will allow the thing behind him to start anew. Although it will become even more powerful, it will take time, and this time is my master's most precious thing."

Without using any interrogation methods, the old man revealed almost everything he knew. When the people beside him heard it, they all frowned.

Xu Bai sized up the old man in front of him and said, "What you are saying now seems to be a shocking secret, but it is all we know. There is no important information."

He and the Absolute Saint were already in a life-or-death relationship.

It was normal to be targeted. From the information he had learned in the past, he knew that as long as he died, the cheat would come back.

He would become stronger after starting over, but it would take time. Just like how he had grown from being unable to do anything to his current realm, all of this was accumulated over time.

This time was enough for the Absolute Saint to escape.

These things sounded earth-shattering, but for reasons that were already known, they were irrelevant.

"Will you tell me the important news?" Xu Bai's question was very simple. He didn't even want to say another word.

He could not control the other party's divine soul, and the other party would even pretend to be controlled by him. Who knew if what he said was true or false?

As for interrogation, this guy was probably the absolute saint's loyal lackey. It was impossible for him to get any useful information.

Now, Xu Bai was just going through the motions to see if the other party could say anything.

The old man did not answer, but the expression on his face was obvious.

He seemed to be very happy to see Xu Bai's current appearance, and he even added,"

" Others might not know, but I know your ability. There's a book in my cottage, but you can't learn it because the Absolute Saint tampered with it. You can't activate your ability, and if you want to learn it by force, who knows how long it will take you."

"Kacha!"

With a slight sound, Xu Bai broke the old man's neck. He did not have the intention to say anything more to the old man and turned to look at Director Mu.

Chapter 1039: The Best Solution (2)

"Are there any other experts who are proficient in the divine soul?"

Since he had already been determined to be an enemy, there was no need to keep him alive. In addition, he had to focus on saving Yun Zihai now, so he did not have so much time to care about this.

Director Mu shook his head and said," I really can't think of it in a short period of time. I can't find it unless we search a large area.""

Prime Minister Wen added," If we were to conduct a large-scale search, it would take at least a few months. Now that Yun Zihai is here, even if someone stabilizes his injuries, it would probably only last for a month.""

A month?

Xu Bai paced back and forth, stroking his chin as he pondered.

Suddenly, he stopped. A light flashed in his mind as he thought of a wonderful method.

Xu Bai said," I'll go to that guy's thatched cottage again. Help me stabilize his injuries and send him to the barbarian fief. When I come back, I should have a way.""

He wasn't sure if there was a way, but there was room for maneuver.

The old man seemed to be overly confident. In order to make him feel uncomfortable, he even said that the book could not trigger the progress bar.

If he were to start from scratch, it would probably take a long time.

However, he had a wonderful method. This method was something he had just thought of, and it had a high possibility of being put into practice.

Seeing that Xu Bai seemed to be confident, Director Mu did not say anything more. He nodded and agreed. He said that they would stabilize Yun Zihai's injury and that there should be no problem within a month.

However, they also explained that this method of stabilizing injuries was actually suppressing them. The longer they suppressed them, the more powerful they would be when they erupted.

Now that he had no other choice, he could only resort to this method. Xu Bai did not waste any more time and rushed towards the old man's position not long ago.

..

He had been in a hurry along the way, but with his full speed, he had saved a lot of time.

He went to the old man's cottage and indeed got a book. After getting the book, he immediately rushed to the barbarian fief.

When he arrived at his destination, Yun Zihai was successfully transported to the palace's treasury.

The entire process did not waste any time. When Xu Bai arrived, he first checked on Yun Zihai's injuries. After ensuring that he had been suppressed, he immediately headed to a palace.

Not long after, he walked out of the palace with a little girl in his hand.

Xu Ling's eyes were dull as Xu Bai grabbed her collar.

She didn't understand. She really didn't understand. She didn't know what was going on. She was still learning how to take out the books from the palace treasury when her father suddenly arrived and brought her back to the palace treasury.

Even though she didn't know what was going on and was even dumbfounded, Xu Ling was still very quick-witted at such a young age.

She sneaked a glance at her father. Seeing his serious face, she knew that something must have happened, so she didn't say anything and was obediently carried into the palace treasury by Xu Bai.

As soon as she arrived at the palace's treasury, Xu Ling saw a person lying on the ground.

"Uncle Yun? What's going on?"

Yun Zihai was an official in the palace, so Xu Ling naturally knew him. Especially since Yun Zihai was a good friend of her father, Xu Ling had a good relationship with him.

"It's like this. Something happened to your Uncle Yun..." Xu Bai roughly explained what had happened.

Xu Ling's eyes rolled as she suddenly pointed at herself. "Dad, do you mean that I can help?"

Xu Bai nodded and said without hesitation, "That's right, I want you to make a move. I'll tell you the steps now."

Next, Xu Bai began to explain, while Xu Ling listened attentively. She would occasionally nod her head in agreement with Xu Bai.

Xu Ling thought to herself. She finally had a place to use her skills.

A small child's mind was currently in turmoil.

She thought about how she had become her father's right-hand man, charging forward with her father and finally reaching the highest mountain peak.

With a wave of her arm, all the experts bowed to her.

Only Xu Bai didn't know what she was thinking. If he knew, he would definitely take this girl out and teach her a lesson. She was so young, but she was thinking about such things. It was simply unbelievable.

After Xu Bai finished explaining all the key points, Xu Ling understood what Xu Bai meant, and she nodded her little head slightly.

"What dad means is that I'll first learn this thing and then copy it into a book for dad."

Xu Bai nodded, indicating that this was the case.

Actually, this was the best method.

He couldn't learn this book, and even if he did, he wouldn't be able to level up quickly. Thus, he needed Xu Ling to help him.

As for how to transfer, it was actually quite simple. After Xu Ling learned it, she would copy it down. Wouldn't there be a progress bar?

Of course, there was a problem, and it was a big problem.

That was, after Xu Ling learned it, her level would not be high. If he took it, he might not be able to treat Yun Zihai's injuries.

But it didn't matter. He still had a book about failing to become a saint, which was the key to turning the situation around.

As long as he learned this skill, regardless of its level, he could use the fusion skill he had obtained from failing to become a saint and completely fuse it with other skills. This skill would naturally become a saint level skill.

Now that he had a bunch of skills, it would depend on his luck whether he could fuse the skills that Xu Ling had comprehended.

If he could succeed, Yun Zihai might be saved. If he could not succeed, then there was really nothing he could do because this was already the best solution he could think of.

"In order to save your Uncle Yun, you have to work harder." Xu Bai patted Xu Ling's head. Seeing Xu Ling's serious expression, he thought that she was trying her best.

Xu Ling grunted, then ran off to a corner to study with her book.

Xu Bai waited patiently.

Beside him, Liu Qingfeng had witnessed the entire process. He didn't know the reason, but he didn't ask further.

"I have a feeling that something big is going to happen." Liu Qingfeng said.

Xu Bai smiled." There will always be a way out when the time comes. We'll cross the bridge when we come to it. Don't worry about what will happen in the future. Let's solve the current crisis first."

"Brother Liu, a battle will probably break out soon."

"Oh?" Liu Qingfeng was slightly stunned. After he reacted, he pondered and said,"Brother Xu, do you mean the battle with the Bizarre City?"

Xu Bai nodded, indicating that this was the case.

When the slots for sainthood were filled, it would be the time to fight. The Bizarre Market was currently at a disadvantage. Only by taking advantage of this opportunity to take

down the Bizarre Market in one fell swoop would they have time to deal with the real mastermind, which was the huge eye.

Xu Bai felt that it shouldn't be far, so he told Liu Qingfeng to get ready.

"Ha, the Bizarre Market..." Liu Qingfeng laughed softly. "Speaking of which, I will go there often. It will be a great help to the human world if I can get rid of this mortal danger. When the time comes, I will definitely follow Brother Xu through life and death."

The two of them chatted for a while more until a surprised cry came from the side. Only then did Xu Bai turn his gaze to Xu Ling.

"Dad, look, I've already learned it. I'll copy it for you immediately!" Xu Ling ran over quickly with her short legs.

He had an expression that looked like he was asking for praise and a little pride on his face.

Xu Bai pinched Xu Ling's tender cheeks and praised her with a smile. Then, he asked her to go to the side to write.

After being praised by Xu Bai, Xu Ling was overjoyed. She smiled sweetly and went to the side to copy seriously.

After the time it took for an incense stick to burn, Xu Ling finished copying the entire book and handed it to Xu Bai with both hands.

Xu Bai looked at the golden progress bar and smiled.

"Now, let me see what else you have after solving Yun Zihai's problem!"

The progress bar was increasing rapidly. Xu Bai felt as if he had returned to the days when he had a progress bar...

Chapter 1040: Continue to Fuse Skills

Since Xu Bai's cheat had been upgraded several times, it had improved greatly. Even if he failed to become a saint, he could still quickly digest it.

No one disturbed Xu Bai, because they all knew that Xu Bai was going to do something serious.

One day, when Xu Bai put down the book in his hand, the light blue smoke in front of him formed the latest attribute panel.

[Name: Xu Bai]

” Realm: Rank One Saint Loose Cultivator.”

[Incantation of Myriad Forms Attracting Mountains and Seas (Saint Level 1):[Maximum level.]

[Myriad Attack (Saint Realm Level 2):[Maximum level.]

[Myriad Defense (Saint Realm Level 2):[Maximum level.]

[All kinds of spells (Saint Level 3):[Maximum level.]

[Myriad Support (Saint Rank-3):[Maximum level.]

[Myriad Mystical Technique (Saint Realm Level 2):[Maximum level.]

” Comprehension: Maximum level.”

After this fusion, Myriad Ancestors had been upgraded to Saint Realm Level 3, while Myriad Mysterious Arts had been upgraded to Saint Realm Level 2. It was a huge improvement. Although his strength hadn’t increased much, the strength of his skills had made great progress.

This time, it was also very smooth. He had also integrated the auxiliary method of the divine soul into it. Xu Bai had now mastered it and raised it to the level of a saint.

Liu Qingfeng was the only one left waiting at the side. In order not to delay Xu Ling’s progress, he told her to continue learning.

Therefore, there were only two of them here. When Xu Bai put down the book in his hand, Liu Qingfeng already knew that Xu Bai had thoroughly read the book.

“Can it be resolved?” Liu Qingfeng asked.

During this period of time, Yun Zihai had not woken up. He lay in the palace’s treasury, his body visibly damaged.

Since this was a joint attack by Director Mu and other experts, it could only suppress the effect. The longer the suppression, the easier it was to be injured.

Once it completely erupted, it would be even more terrifying than before.

Xu Bai nodded, "It's time to settle everything."

He didn't say anything more. Instead, he came to Yun Zihai's side, lowered his head, and pressed his hand on Yun Zihai's glabella.

A huge amount of soul power surged into Yun Zihai's mind. Xu Bai closed his eyes and sensed it carefully.

If it was before, Xu Bai would only have the ability of the divine soul's cultivation technique and would not be able to sense anything too detailed.

It was easy for him to destroy his divine soul, but it was somewhat difficult to feel it.

However, it was different now. With the help of his divine soul, he could personally feel the changes in Yun Zihai.

At this moment, in Yun Zihai's mind, countless worlds were occupying their own positions. They were clearly separated from each other.

Yun Zihai's divine soul was as weak as an ant. It constantly dodged in the cracks of countless worlds, afraid that it would be caught and destroyed.

Xu Bai finally understood that if Yun Zihai's divine soul was completely destroyed, then this body would become a springboard for countless worlds. At that time, they could enter and exit however they wanted.

Even if he killed Yun Zihai, it would be useless because his divine soul had already been destroyed and the springboard had already been formed.

It was as if a coordinate had been set. It was useless to just erase the surface because the coordinate had already been engraved into the bone marrow.

"How can I awaken Yun Zihai and turn his disadvantage into an advantage?" After Xu Bai found out the reason, he fell into deep thought, thinking about how to solve the problem.

He sensed it carefully. At first, he thought that if he could attack himself and destroy the divine souls in countless worlds, there might be a way.

But later, he gave up on this decision because he felt that these countless worlds were actually related to Yun Zihai.

If these countless worlds were destroyed, Yun Zihai's soul would also be destroyed. Moreover, Xu Bai might not be able to make it in time.

The so-called inability to make it in time was because Yun Zihai's divine soul was too fragile. Every time a world was destroyed, it was a form of damage to Yun Zihai's divine soul.

If too many worlds were destroyed, Yun Zihai's divine soul might dissipate in advance. Xu Bai could only destroy a portion of the world. The remaining worlds would not have time to continue destroying.

Then, Yun Zihai becoming a springboard would become a reality.

"The person who tied the bell must untie it. Perhaps the person who untied and tied the bell is not me, but Yun Zihai himself."

He remembered the words of the old man who betrayed this world. If it was true that the one who tied the bell had to untie it, Yun Zihai was the one who really needed to fulfill this sentence.

Thinking of this, Xu Bai had an idea. If he could help Yun Zihai strengthen his divine soul and let Yun Zihai become the leader, these countless worlds would not invade again.

This was a very simple reason. Because in the current situation, Yun Zihai was at a disadvantage.

Once he was destroyed, countless worlds would swarm over. If Yun Zihai was strong and became the leader, he could suppress countless worlds in turn.

With an idea in mind, Xu Bai also had a solution. He closed his eyes and used the auxiliary technique in his divine soul to carefully wrap Yun Zihai's divine soul.

In the next moment, Yun Zihai's divine soul seemed to have found its savior. It surged toward Xu Bai, conveying an aura of fatigue and despair to him.

"Since that's the case, it's a reverse flow method." Xu Bai narrowed his eyes.

There was a method mentioned in this divine soul support technique. It was to use one's own divine soul to pour into the divine soul of others, temporarily providing them with powerful divine soul power.

I Have Unparalleled Comprehension #Chapter 1041: Continue to Fuse Skills (2) - Read I Have Unparalleled Comprehension Chapter 1041: Continue to Fuse Skills (2)

Chapter 1041: Continue to Fuse Skills (2)

Because it was a temporary relationship, it could solve one drawback, which was that he did not have to worry about the person who was poured in bursting.

However, there was also a drawback to solving this problem. The most obvious drawback was that this was a temporary soul infusion.

Every once in a while, he would have to infuse it again. It was a very complicated method.

However, this was not a big problem for Xu Bai. He only needed to temporarily infuse. When Yun Zihai woke up, he would let Yun Zihai cultivate the divine soul technique and improve his own divine soul.

The current plan was to save the situation.

Therefore, Xu Bai did not hesitate and directly used the divine soul support technique.

In the next moment, his powerful divine soul poured into it. Yun Zihai's originally weak divine soul, which could only survive in the cracks, was growing at a speed visible to the naked eye. In the blink of an eye, it was already strong enough to suppress countless worlds.

"I really have to thank you for your clear distinction. Otherwise, I wouldn't have been able to do anything."

If the countless worlds were not separated but combined, even Xu Bai would not be able to win. However, it was different now. As long as he defeated the strongest, Yun Zihai could stop him.

Due to the consumption of his soul, he had a powerful recovery method. This bit of consumption was not a problem at all.

In just a moment, Xu Bai's divine soul had already recovered to its original state. Meanwhile, Yun Zihai, who was lying on the ground, slowly opened his eyes and heaved a sigh of relief.

He had fallen into a coma, and his soul had even been suppressed by countless worlds. However, this did not mean that he did not know what was going on in the outside world. He was not surprised when he woke up this time. Although he had survived a disaster, there was a kind of calmness.

"Brother Xu, I owe you a big favor this time." "If I really let them succeed," Yun Zihai said, "I might become everyone's sinner. At that time, I might even be written in history books and be despised by tens of thousands of people."

As he spoke, Yun Zihai stood up.

Xu Bai said, "Brother Yun, you know what you should do in the future, right? It's better to focus on your soul because I can only treat the symptoms and not the root cause. I'll inject it into you once in a while to ensure that you won't be suppressed by other worlds."

Yun Zihai nodded. Of course, he knew what he should do. However, he had a more important matter to resolve now.

Thinking of this, he organized his words and turned to Xu Bai.

"Brother Xu, when I was being suppressed by countless worlds, I kept wandering in the cracks and discovered a secret that might be useful to you."

Xu Bai originally thought that this matter was over, but Yun Zihai's words piqued his interest.

"What secret?"

He saw that Yun Zihai's face was solemn and solemn. Clearly, this matter was not that simple.

Yun Zihai thought for a moment and finally organized his words before saying, "In my mind, there are countless doors to worlds. They want to use me as a springboard, but when I was struggling to survive in the cracks, I saw another door. This door doesn't come from countless worlds, but the world we are in."

Beside them, Liu Qingfeng listened to their conversation and was completely dumbfounded. He did not know what to say.

Who am I? Where am I? What should I do?

In short, he did not know the ins and outs of the matter, so he could only listen as if it was a joke.

Xu Bai narrowed his eyes.

"Ruins!" Yun Zihai said solemnly.

Ruins?

Xu Bai rubbed his chin and paced back and forth for a moment. He was thinking about what Yun Zihai had said just now.

Even though Yun Zihai was talking about the bizarre market, Xu Bai was not so cautious.

However, the ruins were different. There was an absolute saint locked inside the ruins. Now, there was a door in Yun Zihai's mind. What did this mean?

Xu Bai didn't know because he didn't have any clues.

But now, there was someone who had experienced it personally here, so he asked again.

"Have you sensed anything behind the door, or rather...Have you tried to get close to this door?"

Yun Zihai said, "Because it's related to our world, I tried to get close and seek help. However, when I tried to get close, I felt that there were two forces competing inside the door. One was very powerful but was bound, while the other was slightly weaker but very free."

Two powers?

Xu Bai could tell that the one who was bound was definitely an Absolute Saint. As for the other one, he wasn't sure.

However, he could not just rely on Yun Zihai's words. Some things needed to be felt by himself.

Thinking of this, Xu Bai said to Yun Zihai, "Brother Yun, let me check your soul and see what exactly is inside."

This matter was so important that Yun Zihai naturally did not dawdle. He agreed very readily and released his divine soul.

Xu Bai once again urged the power of his divine soul to enter Yun Zihai's mind and explore the world inside.

There were too many worlds, and Xu Bai could feel that as long as he got close to these worlds, they would avoid him in fear.

However, his goal this time was not these worlds, so he did not care about them. Instead, he kept searching in the cracks, looking for the door that Yun Zihai had mentioned came from his world.

Time gradually passed. It would naturally take a lot of time to find an alternative in these countless worlds. Xu Bai's brows gradually furrowed. He felt that the more he searched, the more complicated it would be.

While he was searching, in the ruins, a humanoid creature formed by light was sitting cross-legged in the sky.

The remains could not be seen clearly, and no one knew what his facial expression was. However, he did not move at all, as if he was a piece of wood.

He was very melancholic now. He didn't understand the Absolute Saint's purpose at all, especially what the Absolute Saint meant when he said, "I finally found it."

He knew very well that there was definitely some kind of scheme or scheme up the sleeve, otherwise, he would not have paid such a huge price.

For now, he really wanted to contact Xu Bai and tell him to be careful. Although he didn't know what kind of scheme it was, he wanted to remind Xu Bai. There were also many things he wanted to say to Xu Bai.

He followed the clues he knew about the Absolute Saint's invasion of countless worlds. He used this clue to open a door in the cracks of countless worlds.

He wanted to use this opportunity to contact Xu Bai, but he had no other thoughts after that.

He didn't know what to do next, and he couldn't descend to that world because he had a more important mission here.

The relic was also his original method. His goal was to use his remaining energy to trap the Absolute Saint. He knew that the time he could trap the Absolute Saint was getting shorter and shorter, but he couldn't leave early.

It was his final responsibility to trap them for as long as he could.

But now that he couldn't contact Xu Bai, he was anxious and didn't know what to do.

"Sigh... At the very least, I should send out a warning. How should I send out a warning?"

"The Absolute Saint has lived countless years longer than us. He must be up to something."

"No, even if I can sort out the clues, I can't inform Xu Bai. If I can't inform Xu Bai, what's the use of me sorting out the clues alone?"

As a ruin formed from countless remnant worlds and countless efforts, he felt a headache now.

Just as he was getting more and more anxious and his head hurt, he suddenly felt something unusual.

The relic turned from sitting cross-legged to standing and waved at the void in front of it. The void continued to condense and finally condensed into a mirror.

In the mirror, he saw a wisp of divine soul gradually approaching the door he had built.

The relic was very excited. He could feel the owner of this divine soul.

“It’s him!”

In his excitement, he did not think about anything else. He quickly spread out his information and his kindness through the door.

..

In Yun Zihai’s divine soul, Xu Bai was gradually approaching at this moment when he suddenly felt an aura coming over...

Chapter 1042: Finishing the Book of the World, Another Saint

Xu Bai was stunned when he sensed the aura. He could feel that it wasn’t the aura of an Absolute Saint, but another aura. He had come into contact with an Absolute Saint before, so he could clearly feel the crazy aura of an Absolute Saint.

The message that this aura was sending over was actually just goodwill, and there was even a hint of flattery.

“Good intentions? What’s going on?”

“Logically speaking, the one waiting for me in the ruins should be the Absolute Saint. The others are all created in the ruins, including those Deities. How could anyone send me kindness?”

“Should I get in touch with him? Or was this the plot of the Absolute Saint?”

Xu Bai’s spirit stopped in front of the door. After thinking for a long time, he finally decided to try to come into contact with it.

He had a feeling that there was an even more shocking secret behind this door. If he did not come into contact with it today, he might miss some clues.

As long as he was careful, it would be fine. After all, what he had entered was only a wisp of his divine soul. He would not suffer too much damage.

Thinking of this, Xu Bai no longer hesitated. He controlled his soul and touched the door.

Just as he touched the door, it emitted a burst of light. In the light, Xu Bai felt the aura transmitted from the door.

“This definitely isn’t the aura of an Absolute Saint.”

The feeling of being close to him made him feel that there was a huge difference between the aura of an Absolute Saint and that of an Absolute Saint.

There was a door between them. Xu Bai did not enter, and the other party did not come out either. However, there should be no problem in communicating.

Xu Bai tried to communicate with him and sent a message through his soul to ask about the other party’s identity.

“Who are you?”

When this message was accurately transmitted, Xu Bai instantly had a feeling that the owner of this aura seemed to be extremely excited.

It was as if he was painstakingly searching for someone, searching the entire world with all his might, but still could not find him.

However, he suddenly realized that when he turned around, he met this person. His excitement could be felt even through the door in front of him.

The aura behind the door stirred. A moment later, a message was transmitted and received by Xu Bai.

The next moment, Xu Bai recognized the content of the message.

” I’m a relic formed by thousands of thoughts. My goal is to suppress absolute saints in the relic. As time passes, the suppression effect is getting worse. I’ve tried my best to find you and tell you something.”

Ruins?

The ruins were actually alive?

Xu Bai was also extremely shocked. He had not expected this news.

He could feel that there was life behind the door, and it was extremely vigorous. However, he could sense that even if it was vigorous, it was gradually weakening.

"Even though the decline isn't fast, it's still easy to notice." Xu Bai recalled what the ruins said earlier. The ruins' purpose was to suppress Absolute Saints.

Now, it seemed that the Absolute Saint would slowly walk out of the ruins as the life of the ruins weakened. At that time, it would be the time for the final battle.

However, it was too early to think about these things. Xu Bai used his soul to send out a message to ask.

"You said you had news to tell me just now. What news is it?"

He would not consider the future for the time being. The most important thing now was to solve the current problem.

When Xu Bai asked this question, the relic behind the door paused for a moment and slowly told him its clue.

There wasn't much content, but Xu Bai was deep in thought after hearing it.

"You mean that the Absolute Saint might not only allow countless worlds to descend, but he might also have other plans mixed in, but you don't know."

The remains admitted that they were not aware of this and reminded Xu Bai, "You must find a springboard. Either kill the springboard or maintain it. In the current situation, you must not let the countless worlds descend. Perhaps something abnormal will happen when they are about to descend."

The Absolute Saint had lived for an unknown amount of time. Although the ruins had lived for quite a long time, they paled in comparison to the Absolute Saint.

Therefore, the ruins felt that they had to pay attention to the Absolute Saint's schemes.

"I don't have any clues now," Xu Bai said. "I can only remain vigilant, but it's impossible to guard against it. Do you have any other clues? Can you tell me?"

What he said was the truth. Thinking about it carefully, he could only remain vigilant at most.

He had no idea what the Absolute Saint was doing.

It was a fact that countless worlds had descended, but he could not figure out what plan was hidden behind it.

The people at the ruins fell silent as if they were organizing their words. Xu Bai did not rush them. He waited patiently.

The longer he waited, the bigger the news became. He was looking forward to what he would get next.

After about half an hour, the door suddenly lit up with a faint light. The light passed through the door and directly entered Xu Bai's soul.

Xu Bai didn't defend himself, because it was only a wisp of his God Soul. He could cut it off at any time. After cutting it off, he recovered very quickly. It would only take a blink of an eye.

But this time, he was not in a hurry to cut off the connection, because after he digested the information, he finally understood why the ruins would wait for so long.

Chapter 1043: Finishing the Book of the World, Another Saint

The location!

There were actually many locations hidden inside, and in these locations, there were countless progress bars, including many failed attempts to become a saint.

"What do you mean? You want me to go to the ruins?" Xu Bai frowned slightly.

To the ruins?

If it was in the past, he would really want to go over.

But now, he was not interested at all.

Especially after he knew the truth about the situation at the place, he was even more reluctant to go there.

Going over was equivalent to exposing himself to the absolute saint. If he did not do well, he might be gone.

The risk of this matter was too great. Even if there were many progress bars, he was not willing to take this risk.

"Yes." The ruins quickly replied, "After you reach the peak of Saint Plane, you might be able to hide your identity and enter this place. After you enter this place, these books will be the way for you to grow further."

"You should know that when you reach the peak of the Saint Realm, you might be able to deal with an Absolute Saint, but that's just a possibility."

"And what is left for you in the ruins is the final method."

"These are all things left behind from the past. They've been hidden. You have to believe that the most dangerous place is the safest place. If you can reach the peak of Saint Realm, you might be able to hide from the eyes and ears of the Absolute Saint and gain more benefits here."

Peak Saint Realm?

Xu Bai fell into deep thought. After a while, he put this matter aside and agreed. If he could reach the Saint Realm Peak, he might go and take a look, but that was not certain.

"There's also the Bizarre Market!"

"If you want to attack the two bizarre markets, you can capture all the strangeness and interrogate them. Let them leave traces in the human world. This can also obtain abilities. You should be more familiar with them than me."

Traces?

Of course, Xu Bai was very familiar with this thing. It could even be said that he used it often.

In the past, when he was with the female Abbey Dean, he had asked her to carve wood carvings. He could get the progress bar from the wood carvings. It could be said that he was very familiar with it.

"Is there any other news?"

After obtaining another piece of useful information, Xu Bai decided to test it out in the bizarre market. He asked if there was any other information.

"There's no other information," the ruins said slowly. "However, there's one more important thing. You have to be quick because we don't have much time left. I don't know when we will be unable to trap the Absolute Saint and die here. Also, we don't know the true purpose of the Absolute Saint's plan."

The two of them talked for a while more before the ruins retreated. Xu Bai also withdrew his divine soul and looked at the surrounding scenery.

When his gaze stopped on Yun Zihai, he slowly said, "You have to take good care of your body. Don't let anything happen to you."

Yun Zihai was the springboard and also the core of the entire plan.

The very beginning also started here. As long as Yun Zihai was fine, the Absolute Saint's hidden plan wouldn't be exposed.

For now, he still had to ensure Yun Zihai's safety.

Yun Zihai also knew the importance of this matter, so he nodded and agreed. The few of them no longer communicated, and Xu Bai rushed to the Great Chu Royal Palace. He had to find Director Mu to redeem those secret manuals.

After all, there was really not much time left for him. He had to seize every moment to increase his strength.

..

Time gradually passed. In the blink of an eye, a long time had passed. During this period of time, there was no turmoil in the martial world.

Great Chu and the land of the Barbarian Race were still developing steadily and orderly. The most important thing was that the name of a person was fading from the world of martial artists. To be precise, it was not fading, but gradually becoming a legend.

Bloody Butcher Blade Guest!

Xu Bai rarely appeared in Jianghu. Many people had never even seen his face. However, the legends in Jianghu were still not small. Now, Xu Bai was already a top existence among all the people in Jianghu.

There were very few legends in the martial world, and many of them were dead. However, there was a living legend now.

As for the legend that was circulating in the martial world, Xu Bai himself did not know about it because he was still in the Imperial Palace of the Great Chu Country, trying his best to read the progress bar.

Director Mu was still very helpful. The books he received filled the entire palace treasury.

Most importantly, Director Mu would send over another batch of books every once in a while. It was almost endless, causing Xu Bai to be a little flustered.

After Xu Bai had plunged into this place and spent such a long time, he finally finished the last bit of liver.

In front of him, the latest attribute panel appeared.

[Name: Xu Bai]

" Realm: Rank One Saint Loose Cultivator."

[Incantation of Myriad Forms Attracting Mountains and Seas (Saint Realm Level 3):[Maximum level.]

[Myriad Attack (Saint Level 3):[Maximum level.]

[Myriad Defense (Saint Level 3):[Maximum level.]

[All kinds of spells (Saint Level 3):[Maximum level.]

[Myriad Support (Saint Rank-3):[Maximum level.]

[Myriad Mystical Technique (Saint Level 3):[Maximum level.]

" Comprehension: Maximum level."

..

After such a long time, coupled with the fact that he had upgraded his Goldfinger several times, he had already reached the Third Level Saint Realm.

There were many fusion techniques in the books that Director Mu had collected. He did not hesitate and used them directly.

All of his skills had reached Saint Realm Level 3, but Xu Bai could feel that his progress was getting slower and slower.

Even if the upgraded cheat had extremely fast speed, it still had a big flaw.

The biggest flaw was that what he needed now was a sea of skills.

A progress bar was needed to be able to improve effectively.

However, the problem was that the number of books that Director Mu had collected had reached a limit. The speed of collecting books had obviously decreased.

As the collection speed decreased, the progress bar also decreased, and the increase in strength was reduced by a level.

Xu Bai stood up and walked to the window.

At this moment, the sky had already turned dark. There was a bright moon hanging in the sky. The pure moonlight sprinkled down, covering the entire land with a layer of silver frost.

The weather was getting colder.

It should be snowing at this time in previous years. This year, it was delayed, but it should be coming soon.

The first snowstorm always comes later.”

“What I lack now is books, but it’s already very difficult to collect them in the human world. Perhaps I can only look at the Bizarre Market.”

“When the Strange Market starts, I will definitely make a move. At that time, I will make all the strangeness become my progress bar.”

Xu Bai quickly decided on the next step of his plan. A cold wind blew past, and he closed the door behind him. He walked out of the palace of the Great Chu State and rushed towards the land of the barbarians.

..

The first snow finally came.

The entire sky was covered in heavy snow, and the ground was covered in thick silver frost.

During this period of time, Xu Bai had been staying in the land of barbarians to accompany Chu Ling and the others.

From time to time, secret manuals would be sent over. However, these secret manuals were sent in bits and pieces.

Xu Bai only needed to work a little in his spare time to finish the progress bar.

Besides the progress bar, he spent most of his time accompanying Chu Ling and the others, as well as supervising Xu Ling’s studies.

At first, this little girl had a high-spirited temperament and said that she wanted to become a top-notch expert in the world and dominate the world. However, the little girl’s

personality was extremely jumping around. After persisting for a period of time, she would fish for three days and dry her net for two days.

She had even fought with Xu Bai in a battle of wits and courage, causing trouble in the palace every day. Fortunately, Xu Bai was still able to control her. Now, this little girl's strength had actually reached the Transcendent Realm.

Sometimes, Xu Bai would sigh with emotion. Other than being talented, this little girl was also lucky. After he obtained the cheat, he had experienced countless life and death situations to reach where he was today.

"Good luck is also a kind of luck."

Xu Bai thought.

At this moment, Liu Qingfeng, who was reading at the side, suddenly raised his head and looked at the sky outside the window.

Xu Bai also raised his head and looked over.

"Someone has entered the Saint Plane!"

Chapter 1044: Something Happened to the Female Abbey Dean

Xu Bai and Liu Qingfeng were familiar with that aura. It was the same aura when Eunuch Wei had become a Saint.

When Xu Bai arrived at the window, Liu Qingfeng also stopped and followed Xu Bai. He stood beside the window and looked at the sky in the distance.

That was the direction of the imperial palace of the Great Chu Country. The aura of a Saint Realm cultivator came from there.

"It should be either the Principal or Prime Minister Wen." Liu Qingfeng found it funny and said, "I just don't know who won."

The grudge between these two people was known throughout the entire martial world. They were now competing to see who could become a saint first, and no one knew who would win.

But in Liu Qingfeng's eyes, the losing party would probably be in a bad mood.

In fact, at their age, they should be indifferent to these problems. However, the two of them had been holding grudges for a long time, and this time, they were fighting, so it gave people a very funny feeling.

"Who won?" Xu Bai asked with a smile. This might have exceeded your expectations. These two people should be able to continue fighting."

Liu Qingfeng was stunned, not understanding what he meant.

Xu Bai raised two fingers and said, "Two people entering the Saint Plane at the same time. Who do you think will win?"

Becoming a saint together?

Liu Qingfeng was obviously stunned for a moment. After he reacted, he suddenly realized, "This means that since they haven't won yet, they'll probably have to continue!"

In fact, they could also see that if the winner was determined, the accumulated resentment between the two might be resolved. Of course, the loser would be very upset.

But now that they were tied, this state would probably continue.

"No matter who wins or loses, it's good for the human world. There's only one place left to become a saint anyway." Liu Qingfeng sighed.

He felt a little helpless. Due to the loss of his divine soul in his early years, although he had recovered to the peak of the Saint Realm, it was probably too late for him to advance further. After all, there was only one spot left.

Xu Bai shook his head. "Wrong. There are two more."

"Why are there two more?" Liu Qingfeng asked in confusion. Great Chu now had Eunuch Wei, the Principal, Prime Minister Wen, and King Sheng You."

"Great Yue State's Military God Bai Zhong and Prime Minister Liu Yue, together with you and the Great Shaman of the Barbarian Race, there is only one quota left, right?"

Xu Bai smiled. "You've miscalculated some things. One of the spots has already been vacated. You should know who it is."

Liu Qingfeng frowned and pondered. Suddenly, his eyes lit up. "You mean... The Great Barbarian Warlock is dead?"

If there was really a spot left, only the Great Shaman of the Barbarian Race was left. That was why Liu Qingfeng asked.

Xu Bai nodded.” He’s just a fence-sitter. It’s useless to keep him. In the end, he might even affect us. Let’s just kill him.””

The Great Barbarian Sorcerer had to die. Even if he had joined Xu Bai at the last moment, he had to die.

Now, this era was approaching its most important moment. It was useless to keep a fence-sitter. Moreover, this fellow had insisted on killing him back then, so it would be easy to get backstabbed if he kept him.

Of course, the death of the barbarian shaman was very secretive. It was only carried out when Xu Bai went to the palace of the Great Motherland. Very few people in the world knew about it.

Before the Great Barbarian Sorcerer died, he had even played a role. That was because the white-robed man in the Bizarre Market wanted Xu Bai to die. Xu Bai had even cooperated with the Great Barbarian Sorcerer to put on a show, especially for the white-robed man.

As for how to die, it was already very simple for him at this realm.

Xu Bai felt at ease killing them. He thought of the moment when the barbarian shaman begged for mercy and could not help but shake his head.

He was a master at the peak of the Saint Realm, but he was wagging his tail like a dog, which made him even more determined. Otherwise, he would have a headache when he really joined the enemy.

Xu Bai’s gaze swept over to the wind and said,”How about it? Do you understand what I mean? Now that there’s another spot to become a Saint, I think Brother Qingfeng should hurry up. No matter what, you can’t leave yourself with any regrets.”

Liu Qingfeng was ecstatic. He hurriedly nodded, indicating that he had to seize the time to cultivate.

Previously, he had failed because there were very few spots for him to enter the Saint Plane. But now, it seemed that there was another spot for him to enter the Saint Plane. He definitely couldn’t continue to fail. No matter what, he had to fight for it. Otherwise, he wouldn’t be able to sleep at night.

Xu Bai saw that Liu Qingfeng was seizing the time to cultivate, so he did not disturb him anymore. After leaving the palace’s treasury, he directly soared into the sky and rushed towards the Great Chu’s palace.

..

In the Imperial Palace of Great Chu.

At this moment, in the royal study, Director Mu, Eunuch Wei, the Director, and Prime Minister Wen were all present.

Even King Sheng You, who was at the border, was gathered here.

Furthermore, there was also Liu Yue and the War God Bai Zhong.

It could be said that almost all of the Saints in the world had come, except for Xu Bai.

They were discussing an important matter, but before that, they were waiting for someone to arrive.

The Headmaster and Prime Minister Wen were very far apart, one at the front and the other at the back.

In fact, everyone did it on purpose. After all, these two guys did not use this to settle their grudges. Instead, they deepened it.

If things went wrong, they might even fight here. This was not a good thing. After all, if the representatives of the scholars fought, where would the face of Great Chu be if this matter spread?

Chapter 1045: Something Happened to the Female Abbey Dean (2)

Eunuch Wei took a sip of wine and narrowed his eyes, looking like he was enjoying himself.

Beside him, Director Mu was looking at the report in his hand as if he was marking something.

King Sheng You and Bai Zhong glared at each other. Both of them were at the peak of the Saint Plane. Although King Sheng You was slightly stronger, Bai Zhong was not convinced.

There was a good saying that people of the same trade were enemies, and this was the situation now.

Liu Yue was the only one standing by the window, looking at the white clouds in the sky.

The scene looked quiet, but it was actually a little strange. At this moment, Liu Yue suddenly spoke.

“Since that kid hasn’t come over yet, why don’t you tell me the method to become a saint?”

“Ever since the Chu Emperor ascended to the heavens, I have already touched the threshold, but I am still a little lacking.”

As he finished speaking, everyone present turned their gazes over.

Prime Minister Wen and the dean had just become Saints, so they didn’t participate in this topic.

Eunuch Wei didn’t want to participate in this topic. As long as he could reach the peak of the Saint Realm, he might be able to kill one of them. If he really couldn’t, he would trade one for another. After all, his profession was very buggy. Other than needing one less item, it was almost a perfect profession.

Bai Zhong and King Sheng You snorted heavily and spoke almost at the same time,”“I will definitely become a Saint before you.”

Liu Yue felt a headache coming on. As an elegant scholar, he really couldn’t stand these scenes, so he looked at Director Mu and said,”You promised me back then. Now, I’m only a few steps away. Why don’t you share your experience?”

Director Mu put down the memorial in his hand and slowly said,”When you integrate your scholarly profession into your current throne, it might become an opportunity, but no one can say for sure.”

Great Yue had become a subsidiary of Great Chu, but Liu Yue was still the one who ruled the country. That was why Director Mu said this.

Liu Yue fell into deep thought, thinking about the possibilities of the method. He accidentally fell into a trance.

Time gradually passed, and no one present spoke. They fell into a strange silence. After about an incense stick of time, a sound broke the silence.

Xu Bai pushed the door open and walked in with a smile. He looked around and congratulated the Headmaster and Prime Minister Wen.

“Congratulations to the two of you for successfully becoming Saints and becoming one of the nine in the world.”

“Haha.”

The two of them were still arguing, but they still smiled politely at Xu Bai’s congratulations.

“I suddenly feel that you might become a Saint even faster than me.” Liu Yue stared at Xu Bai and said.”

Even the top experts present felt that Xu Bai’s cultivation speed was too fast. It was simply inhuman.

Xu Bai waved his hand to indicate that he had won. Then, he walked over to Eunuch Wei and sat down. He took the jar of wine and poured himself a bowl of wine before drinking it down.

“Eunuch Wei’s wine is still the best.”

Eunuch Wei smiled and said nothing.

At this moment, Director Mu finally put down the memorial in his hand and looked around.

“Everyone is here.”

Xu Bai finished the wine in his glass in one gulp when he heard the voice. He didn’t say anything.

The people present did not speak either. They were all waiting for Director Mu’s next sentence.

Director Mu pondered for a moment, organized his words, and said,”Now, there are only two positions left. We only need to wait for the two positions to be completed before we can attack the Bizarre Market on a large scale.”

Everyone nodded.

Although the newly advanced Saint was not yet at the peak, it did not need to be at the peak.

With Director Mu around, he could make up for the deficiency.

The reason why we should wait for another two into the saint position to fill, because this is so do more have assurance.

“Is it a plan?” Xu Bai said with a smile.

Director Mu nodded, then shook his head and said, “It can only be said to be the prelude to the plan. Before this, I already knew which people were more likely to become Saints.”

“According to the current situation, there are probably...”

Then, Director Mu began to talk.

The list was actually not long. There were only seven names, but there was an explanation behind each name.

It included the person’s life, as well as his various interests and hobbies.

What surprised Xu Bai was that other than Liu Qingfeng, there was another familiar person on the list—the female Abbey Dean.

It had been a long time since he had seen Jade Face, the Abbey Dean, since the Barbarian’s fief. Xu Bai did not know what she was doing.

This time, he heard it by chance. He didn’t expect that he was about to become a saint.

This was something Xu Bai didn’t expect. Although he knew that the female Abbey Dean was strong, outstanding, and a rare genius, he didn’t expect her to be so close to becoming a saint.

“What is the significance of this list?” Xu Bai frowned and asked.

Xu Bai felt that Director Mu was trying to stir up trouble by investigating these people who were about to enter the Saint Plane in such detail.

“It’s very simple. We need to know whether these people are good or bad,” answered Director Mu.

“If it’s good, then we won’t care about them. But if it’s bad, then the position of Saint doesn’t belong to them.”

“If you dare to become a Saint, you will die.”

Director Mu’s tone was extremely cold when he said the last sentence.

Xu Bai raised his eyebrows. He was used to it.

Actually, this was a reasonable approach.

Now, it was already the beginning of the war with the Bizarre Market. Even if they had the corresponding advantage, they could not be underestimated.

If there was a problem in this aspect and the problem was magnified, it would be too late to regret it.

Therefore, he had to make sure that this matter was foolproof and that the future Saints were on his side.

"I've already started investigating. Are there any corresponding questions?" Liu Yue asked.

He and Bai Zhong were very far away from Great Chu, so they did not know about this.

Director Mu nodded and said, "Most of them have clean identities. I also asked them to release their souls and found a specialist in soul detection to check. There are no problems."

"There's no problem with Liu Qingfeng either. After all, he's Xu Bai's man. Only this female Abbey Dean..."

Director Mu paused for a moment.

Actually, the female Abbey Dean and Xu Bai had also negotiated, but the problem was that the female Abbey Dean was different from Liu Qingfeng.

Liu Qingfeng had almost sold himself to Xu Bai, but the female Abbey Dean was nowhere to be found.

When Director Mu voiced his concerns, Xu Bai understood.

So he couldn't find her at all. No wonder he had this meeting today...

"Me?" Xu Bai looked at Director Mu.

Director Mu nodded.

Xu Bai had a headache.

The world was vast, and the peak of the transcendent level was almost half a step into the existence of the Holy Realm. If you wanted to hide, you simply couldn't find it.

Even if it was him, it was impossible!

Director Mu seemed to know what Xu Bai was thinking and said, "Sigh, we just wanted to ask if you have any ideas."

Method?

Xu Bai stroked his chin and pondered.

If he really had to say something about the method...

He really did have one.

Once upon a time, in order to help Liu Qingfeng find his soul, he had joined forces with the female Abbey Dean.

At that time, there was a small accident. It was just that the female Abbey Dean's soul shivered.

As for the chill...

Xu Bai felt that he might be able to give it a try through his divine soul.

If it was in the past, Xu Bai wouldn't be able to do anything.

However, this time, apart from the divine soul attack method, he also fused with the divine soul to assist.

In the Soul Assistant, there was a method to use oneself as the center to find people who had communicated with one's soul.

It might not be effective, but he could try.

After Xu Bai thought it through, he nodded and said, "I can try this method."

Director Mu relaxed.

Since Xu Bai said he had a way, it shouldn't be a big problem.

Xu Bai closed his eyes and began to circulate his True Core Strength.

After circulating his True Essence Energy, he used the divine soul to assist him.

A moment later, Xu Bai felt an aura spreading in his mind, and his thoughts were drifting away.

He saw where the female Abbey Dean was, but... He also saw something unusual.

"Damn it! How is this possible!"

Xu Bai was stunned!

I Have Unparalleled Comprehension #Chapter 1046: The Chance to Obtain the Progress Bar - Read I Have Unparalleled Comprehension Chapter 1046: The Chance to Obtain the Progress Bar

Chapter 1046: The Chance to Obtain the Progress Bar

"What did you see?" Director Mu, who was sitting at the side, was very curious.

Because Xu Bai was the only one who could see the Divine Soul assisting technique, no one else could. Therefore, when everyone saw Xu Bai's strange expression, they were all curious.

They were very curious about what strange thing Xu Bai had seen that made him lose control of his expression.

After being disturbed, Xu Bai came back to his senses and relaxed his spirit. He shook his head and said, "I didn't see anything. Let me take a look."

Did he really not see anything?

Of course not. No one believed it either.

However, since Xu Bai didn't say anything, there was nothing they could do. After Xu Bai shut his mouth, he continued to use the divine soul support technique and looked down along the divine soul.

In front of him, the surrounding scenery changed. The female Abbey Dean's graceful figure appeared beside a river.

These were not the most important things. The most important thing was that at this moment, a powerful force surged out of the female audience, and this force was actually mixed with Xu Bai's divine soul.

To be more precise, this divine soul was not Xu Bai's own. It had been refined by the female Abbey Dean for her own use.

The female Abbey Dean's body was covered with a layer of spiritual power. The spiritual power condensed in the air and turned into the image of a baby. It looked extremely vivid.

The baby's eyes were closed and he was sound asleep. His two small hands were clenched into fists and he was even breathing.

The other end was connected to the female Abbey Dean's mind. Xu Bai could see it.

The most important thing was that the baby-like object condensed from the divine soul actually looked somewhat similar to him.

Of course, Xu Bai was a godly spirit expert. He could easily see the difference between the two.

"I seem to have understood something. Back then, I shivered, but now there's a problem."

The corner of his mouth twitched slightly. Just like that, his spirit suddenly became unstable. Then, the female Abbey Dean sensed it.

"Who is it?"

The female Abbey Dean, who was sitting beside the river, suddenly withdrew her soul. The baby floating in the air disappeared. The female Abbey Dean's eyes were unusually cold. Through Xu Bai's observation, she looked in Xu Bai's direction.

Her eyes were as if she wanted to silence him. There was even a murderous aura spreading from her body. It was completely different from the aura of the female Abbey Dean in the past.

For the female Abbey Dean, her intuition just now was definitely not fake. At their level, even a small intuition could cause great harm.

This wasn't something to be underestimated. However, he couldn't find it by the river and felt a little frustrated.

The female Abbey Dean pondered." Who are you? You can meet me. Don't be afraid. This is not what a Supreme should do.""

Xu Bai knew that he couldn't continue hiding. Otherwise, it would cause a misunderstanding.

However, Xu Bai thought about how he should say it to relieve this depressing situation. He thought about it again and again and finally organized his words.

"Ahem, long time no see."

He didn't say anything. He used the transmission of his spirit. After all, his spirit and the female Abbey Dean's spirit had been in perfect harmony for a period of time, so it was naturally very easy now. No matter how far away they were, he could find them.

When she said this, the female Abbey Dean, who had been very calm, was stunned on the spot. Then, her face instantly turned red.

I saw it, I saw everything!

She was cultivating alone by the river, but Xu Bai had seen everything. She felt so ashamed that she wanted to die. However, she believed that she could still struggle a little and quickly explain.

“You’re mistaken. This is just a cultivation method. I’ve relied on your soul to make up for my shortcomings. I’m getting closer and closer to becoming a saint.”

For some reason, the Abbey Dean suddenly felt that the more she explained, the more awkward she felt.

This was indeed the case. Furthermore, she and Xu Bai had indeed had an incident. Hence, this explanation could only be forcefully understood.

“I understand, I understand. Can you find some time to come to the Imperial Palace of the Great Chu Country?”

Although he could confirm that the female Abbey Dean was not a bad person, he still had to go through the process. Moreover, it was not a good thing to go out alone at this time.

The female Abbey Dean was distracted by Xu Bai, so she didn’t continue the topic. After hearing Xu Bai’s words, her eyes sank slightly, and she quickly thought of the reason.”Is the war about to start?”

Now that the situation was in turmoil and Great Chu had been successfully unified, there was only one outcome.

—Bizarre Market.

The female Abbey Dean didn’t know about the Absolute Saint, but she knew about the Bizarre Market.

Seeing that the topic had finally changed, Xu Bai nodded and said,”That’s right, it’s the Bizarre Market. Now that the Bizarre Market is a stranger, hurry up and make a trip to the Great Chu Imperial Palace.”

Xu Bai actually had many ideas.

Liu Qingfeng and the female Abbey Dean were both on the list. If they could make their own people become Saints earlier, they would have their own people on their side.

There were countless natural treasures in the barbarian fief and the Great Chu Imperial Palace. They might be useful.

The female Abbey Dean didn't ask for the reason because she looked troubled.

Xu Bai saw the female Abbey Dean's dilemma and said, "Did something happen?"

There was no reason to reject such an invitation.

The female Abbey Dean hesitated for a moment, then she said with a troubled expression, "I'm about to become a Saint."

"So fast?" Xu Bai was stunned."

This was something he hadn't expected. He hadn't expected it to happen so quickly.

Chapter 1047: The Chance to Obtain the Progress Bar (2)

The female Abbey Dean explained, "Because you're in my soul..." Well... You should understand."

Sometimes, there was no need to say it too clearly, but everyone knew.

"What?" Xu Bai's tone was slightly stiff." Could it be that my divine soul helped you become a Saint?"

Although the topic was rather awkward, the female Abbey Dean had completely let go and nodded without any hesitation.

Xu Bai fell silent. After a moment, he said, "Then come back after you become a Saint."

He didn't care about anything else. Since he had contacted them, he would have a guarantee. He only needed to talk to Director Mu and that would be enough.

After that, there was nothing else to say. Xu Bai cut off the connection.

When Xu Bai returned to normal, he told Director Mu that there was no problem.

Xu Bai's guarantee was reliable, so Director Mu didn't say anything.

“Everyone, since this matter has been settled, let’s move on to the next matter.” Director Mu changed the topic.”

At this point, everyone remained silent and waited for Director Mu to continue.

Director Mu waved his hand, and in the blink of an eye, the power of providence flashed.

After the power of providence flashed, a map appeared and turned into stars that floated in the sky.

The map changed from a flat state to a three-dimensional state and appeared in front of everyone.

Everyone could clearly see every position on the map from all angles.

“A map of the world?” Xu Bai narrowed his eyes.”

This map not only included the imperial palace of the Great Chu State, but also the fiefs of the Great Yue State and the Barbarian Race.

“Everyone, please look here.” Director Mu didn’t waste his breath. He raised his hand and waved it in the air.

With just a simple wave, the map changed in an instant.

The three-dimensional map floating in the air lit up with many light spots, and these light spots were gradually enlarging.

The entire map was enlarged to a certain scale. In just a moment, Xu Bai could clearly see what those light spots were.

Xu Bai narrowed his eyes.”

These things were circular patterns. He was already very familiar with them. He often came out of the Bizarre Market through circular patterns.

There were also many in the human world. When Liu Yue sent him to the Bizarre City, he had also entered through a secret location.

Xu Bai guessed that this attack might have something to do with the circular pattern.

Sure enough, as soon as this thought appeared in his mind, Director Mu spoke.

“Everyone here knows what this thing is, so I won’t go into detail.”

The first sentence was prepared to shift the main point away.

Xu Bai quickly raised his hand and interrupted Director Mu. He said very directly, "I don't understand."

The scene fell into silence. Director Mu then remembered that Xu Bai was an unusual person among everyone present.

He rubbed his forehead and swallowed the words he wanted to say.

Director Mu organized his words and said, "The circular pattern is actually the passage to the Bizarre Market. If you want to enter, you can enter through this place as long as you reach the mortal evolution state. Of course, no one will be stupid enough to enter because their souls will be gone."

"As for where this circular pattern came from, I'm sorry, even I don't know."

Xu Bai stroked his chin and pondered.

He guessed that it might have something to do with the countless broken events. After all, they were the ones who created the Bizarre Market. Their goal was to continue the power of the countless broken worlds.

Of course, the source was not important. Now that he knew that he could enter and leave the Bizarre Market freely, Xu Bai seemed to have guessed what he was going to do next. Of course, he did not say it out loud and was still waiting.

Director Mu continued to explain a few more sentences. After he was almost clear, he slowly said, "No one can enter now, including me. After all, the Strange City has yet to complete the unified ritual. Only after they complete the ritual will we definitely sense it. At that time, we will find a place to enter separately."

"I've already prepared the personnel planning plan, including the people you're bringing. I've already categorized them. I'll send them to you when the time comes."

Everyone nodded. This battle was not a battle between themselves, but a clash between two worlds.

It was impossible for them to go alone. Naturally, they had to bring everyone with them. Everyone would lead the corresponding manpower so that they could proceed in an orderly manner.

Xu Bai suddenly felt that something was wrong. When Director Mu said this, everyone else looked at him, except for him.

He felt as if he had been specially treated, so he pointed at himself and asked what was on his mind.

“Could it be that I have a special mission?”

When he asked this question, Director Mu nodded directly, indicating that it was indeed the case. Then, he spoke his mind.

“It’s like this. I don’t know when the Bizarre Market will be unified, so I want to send someone in to gather information first. You’re the only person who isn’t restricted by the Bizarre Market’s rules, so I want you to go in first.”

“You have the strength of a third-grade Saint Realm expert now, so you definitely have the ability to protect yourself. Moreover, you have many abilities and are very strong. Even if you can’t defeat them, you can escape quickly.”

Gradually, after Director Mu had sorted out all the pros and cons, he slowly stopped.

Xu Bai’s eyes lit up.”

To be honest, this thought had already hit the nail on the head.

He wanted to make a trip to the Bizarre Market now. After all, when he had communicated with the remains previously, he knew that there were quite a lot of them in the Bizarre Market. As long as he caught the Bizarre and made them leave their traces, he would be able to progress.

Previously, he had also thought of entering the Bizarre City with everyone, but after thinking about it, this method did not seem to work.

When the time came, everyone would be killing, and he would be killing as well. The progress bar that he could accumulate was very small. After all, if Strange died, he would not be able to force the other party to leave a trace.

If that was the case, he would suffer a lot of losses. However, now that he could enter the Bizarre Market first, as long as he kept a low profile, he would not be discovered.

No matter how he calculated it, it was a profit for him.

As for the danger, compared to the ruins, it was not dangerous at all.

As long as he was careful, he might not be discovered.

In the face of such huge benefits, Xu Bai chose the progress bar.

After all, he had to hurry up. Otherwise, he wouldn't even be able to fight back if he really encountered an Absolute Saint.

Xu Bai agreed, and no one said anything else.

After that, under Director Mu's lead, they supplemented the follow-up plan a little. Only then did Xu Bai leave the imperial palace of the Great Chu State and rush towards the barbarian fief.

He planned to enter the Bizarre Market through the circular pattern immediately, and the barbarian fief also had a circular pattern.

It was better to accumulate progress bars as soon as possible. If they were late, they would lose a lot.

..

While Xu Bai was preparing, in the Bizarre Market, there was a man wearing expensive clothes floating in the sky.

Wherever he went, all the strangeness would turn into ashes.

The man gave off an imposing aura and a noble aura.

Although their faces were dull and their eyes were empty, the aura that they subconsciously emitted made all the strangeness tremble. They could not help but want to kneel on the ground.

At a place extremely far away from the man, under the leadership of the white-robed man, three Sage-level monsters followed behind him.

Some more Saints had died, and this was all the doing of the Chu Emperor. Their current power was getting weaker and weaker, and the white-robed man's face was gloomy.

At the side, a saint said, "After our constant enticement, he has already rushed towards that place. I estimate that he will arrive in the time it takes for an incense stick to burn."

After saying this, he shut his mouth and stopped talking.

The man in white revealed a cold smile. "After paying so much, we've finally lured him to that place. The next moment is the moment of his demise. Emperor Chu?" Saint? It's just so-so!"

Chapter 1048: Entering the Bizarre Market Again, Something Happened to Emperor Chu

When he said this, his aura was enough. His entire body was filled with killing intent.

However, the surrounding Sages did not think so. Although they did not show it, they all sneered in their hearts.

Saint?

Just so-so?

It was enough to just say this sentence. He didn't know who it was that was chased around by the Chu Emperor not long ago.

Not to mention others, those who were being chased had lingering fears.

It was only because he managed to get close to a powerful person that he was able to solve the Chu Emperor's problem.

Of course, there weren't many Saint Realm monsters left. There was no need for them to have any conflicts, so they didn't say anything more.

The white-robed man had been immersed in the state where the Chu Emperor had been destroyed by him. He did not see the expressions of the other saints. As he thought about it, the corners of his mouth unconsciously curled up and he smiled.

..

The weather in the Bizarre City had always been dark. The moonlight from the sky shone down on the hazy land, making it appear dark red and chilling.

At this moment, the Chu Emperor was walking on the ground with a dull expression. He had already descended from the sky. Without his divine soul, he was completely relying on his instincts to act.

Not long ago, he sensed an extremely powerful aura that made him feel very disgusted. Based on his instincts, he wanted to get close to this disgusting aura and eliminate it.

Hence, under the guidance of his instincts, the Chu Emperor rushed towards that aura, wanting to completely destroy it.

It would have made him feel fear and made him run, but in the current situation, his instinct did not urge him to run.

The Chu Emperor gave up on killing the other strange beings and instead ran towards that aura.

The entire process was very smooth, and his speed was very fast. Just as he was about to approach the aura, he stopped.

His face was still dull, and his eyes were still empty, making people feel that he was not angry at all. However, at this moment, the Chu Emperor silently took a step back.

The other party's aura was very strong, but it was slightly lower than his. His instinct told him that he could kill the other party, but for some reason, when he was about to approach, his heart suddenly beat wildly.

Not far ahead was a black sea. The seawater was not clear nor transparent. It was as black as ink, making people feel very depressed.

In the sky, under the light of the dark red moon, this sea area was even darker.

The waves continued to roll, and the sound of waves crashing could be heard from near to far.

If the splashing sound was not accompanied by the black seawater, one would even feel relaxed and happy.

Not far ahead was a black vortex.

The whirlpool was huge, and black seawater flowed continuously in it. It looked quite spectacular.

The Chu Emperor could sense that the terrifying aura was coming from the black vortex.

Standing on the spot, the Chu Emperor paused for a long time. In the end, under the urging of his instincts, he still lifted his feet and walked towards the center of the vortex.

The black seawater beneath his feet gradually calmed down as he arrived. Other than the whirlpool in the center, the surroundings were deathly silent. The Chu Emperor only took a step forward and arrived above the whirlpool.

He lowered his head and looked at the vortex under his feet. Suddenly, he stretched out his right hand.

His right hand, with a dazzling light, slapped the black vortex.

When his palm came into contact with the black vortex, the entire vortex stopped flowing and returned to normal in an instant.

However, the Chu Emperor did not stop. The light became more and more intense, and in the blink of an eye, the seawater was evaporating at a speed visible to the naked eye.

The speed of the evaporating process was extremely fast. In the time for half an incense stick to burn, the sea area had become empty, and a huge pit had appeared.

The Chu Emperor cast his gaze towards the very center of the deep pit, which was also the place where the black vortex had started to appear. His empty gaze was devoid of any emotion.

At the very center of the hall, a tall figure was sitting cross-legged with his eyes closed.

He didn't seem to feel the Chu Emperor's gaze as he sat cross-legged, maintaining his posture without moving.

At this moment, the Chu Emperor bent his middle finger and clasped it with his thumb, flicking it slightly at the tall figure sitting cross-legged.

In just an instant, a ray of light shot straight into the sky, causing the blood-red color in the entire sky to fade. At the same time, where the light disappeared, a terrifying aura suddenly appeared.

After this aura appeared, it surged towards the tall figure, as if it wanted to erase the tall figure from this world in an instant.

At this moment, the tall figure who had been sitting cross-legged finally moved. He opened his eyes.

His eyes were pitch black without any white, making one's hair stand on end.

A cold sensation rose from the back of the Chu Emperor's back. However, driven by his instincts, his hands kept flicking out, and his aura gradually increased.

When the aura approached the tall figure, it was enough to make the world tremble.

"Boom!"

The tall figure did not resist as he had imagined. He allowed the aura to fall on his body. Cracks began to appear on his body, like a dense spider web.

After the crack appeared, blood gushed out and shattered into pieces.

The whole process has no accident, no special situation, Chu Emperor's move, no end, tall figure has no sign of resistance.

The Chu Emperor stood tall and straight. His empty eyes didn't move away as he continued to stare at the place where the tall figure had died.

Chapter 1049: Entering the Bizarre Market Again, Something Happened to Emperor Chu (2)

At this moment, the snow on the ground suddenly trembled and fused in the air, turning into a black stream of water.

The black stream of water was extremely fast, and it headed straight for the Chu Emperor, making it impossible for anyone to dodge.

The Chu Emperor instinctively turned his body to the side, narrowly avoiding the black water current.

The black water flow lost its direction and suddenly exploded, turning into countless gases that dissipated in the air.

Right at this moment, a hint of emotion appeared in the Chu Emperor's originally blank, wooden eyes.

It was small at first, but it was gradually expanding.

In the blink of an eye, it had already covered the Chu Emperor's eyes.

The hollow expression was gone, replaced by an unimaginable coldness.

"Uh..."

The Chu Emperor let out a sigh from his throat, and then it turned into a cold voice.

"Heh..." The aura of an Absolute Saint is indeed useful. Now, I can actually experience the feeling of a Saint."

The Soul Seal came from a world where the soul was cultivated. In that world, everyone used the soul.

However, ever since they had a Saint Realm expert, they had been attacked by the Absolute Saint.

He had seen such a scene before. It was not an exaggeration to say that it was a disaster that could destroy the world.

In the blink of an eye, the entire world fell apart. In order to survive, he had promised the Absolute Saint to become the Absolute Saint's lackey.

He didn't know how long he had been here. In short, it had been a very long time. He had been hiding his aura and sitting here for an unknown number of years.

He was proficient in the soul, and he was the only key to communicating with Absolute Saints. Now, it was time to use him.

The Chu Emperor had no soul, but the Soul Seal was proficient in the soul. With the help of the Absolute Saint's aura, he successfully occupied the Chu Emperor's body.

"I've been planning this for many years. Now, I've finally come out as a pawn." Hun Feng felt the power in his body and said, "Is this the power of a Saint? It was a pity. Once I obtained victory, I would hand over this power, but it didn't matter. It was good that I could live."

"Hehehe..." It's a broken world, and they actually want to deal with an Absolute Saint? That's simply a fantasy. They'll never know what kind of existence they're facing. These countless worlds are cages for Absolute Saints. I can only be a jailer at most, and I'm already very satisfied."

Because he had waited here for an unknown number of years, he seemed to have opened his mouth and started talking to himself even though there was no one around.

It was as if he wanted to make up for the time he had not spoken. Fortunately, he did not speak for too long. The soul seal controlled the Chu Emperor's body and flew in a direction. That direction was where the white-robed man was.

..

All sorts of changes had happened in the Bizarre Market. Xu Bai did not know about this because after he returned to the barbarian fief and told Chu Ling what had happened and the reason, he had once again embarked on the path to enter the Bizarre Market.

Through the circular pattern, in the blink of an eye, he felt his vision turn black and he arrived in a familiar environment.

Looking at the blood-red light around him, the blood-red full moon in the sky, and the black lifeless ground under his feet, Xu Bai stretched his neck.

“This time, it doesn’t feel that painful. It seems that leveling up has become a troublesome matter.” Xu Bai thought to himself.

He thought that he could level up his cheat again by coming here. It seemed that he was thinking too much.

However, these things did not matter. The most important thing for him on this trip was to find those strange things and force them to leave traces so that he could live a good life.

Xu Bai had already decided to use his own soul to control the strangeness and eventually make them his spies.

Now that he had reached the Saint Realm, it would be difficult for others to find him. Therefore, he had to control the situation while collecting the progress bar. He wanted to achieve the best of both worlds.

After figuring out the method, Xu Bai did not stay any longer. He simply found a direction and rushed over...

..

Under the dark red sky, what Xu Bai saw was different from the last time he came in.

Other than the strangeness of the living environment in the Bizarre City, the structure of many cities and the way they were built were not much different from the human world.

They even had streets and all kinds of characters. The last time Xu Bai came, it was a flourishing scene, but this time, it was a scene of decline.

The cities they passed by were not strange. There were dilapidated scenes everywhere. In some places, only half of the city was left, while the other half had long been reduced to ruins.

Xu Bai had already transformed into a strange appearance during the journey. In addition, he did not encounter any strange things, so there were no obstacles on this trip.

He was actually very clear about the reason for this decline. Thinking about it very simply, it was normal for many of the bizarre markets to be destroyed when two bizarre markets were at war and Emperor Chu was wandering around in the middle.

“Take as many progress bars as you can until you find some useful information and think of a way to return.” Xu Bai made up his mind and continued on his way.

In order not to be discovered, he treated his strength as the Extraordinary realm, so he flew very slowly.

However, as he flew in one direction, a city soon appeared in front of him.

The city was also in decline and looked like a ruin. However, when Xu Bai’s divine soul swept over it, he found that there were many people living here.

“I’ve finally found you.” Xu Bai descended from the sky with a smile on his face.

He walked along the city gate. There were no strange creatures guarding the city gate. He guessed that the battle was about to begin and that they had already been taken away.

Under Xu Bai’s divine sense, he could feel that the strangeness here was very weak. It might not even be qualified to enter the battlefield.

The size of the mosquito legs did not matter, but the number was also a key factor.

Since there was no threat, Xu Bai didn’t waste any time. He scanned the area with his divine soul and took control of all the strangeness in the area.

The originally quiet city began to change. One after another, strange creatures walked out from every corner and gathered in a huge square, standing there with a dull expression.

Xu Bai placed his hands behind his back and sent out his message with a slight movement of his soul. “Tell me all the secrets you know. I need to know everything related to the Bizarre Market and the information about the upcoming war between the Bizarre Market and the human world.”

All the strangeness present was under his control. After he sent this message, he did not continue to act strangely.

It was obvious that he was not clear about these strange things.

In fact, it was not beyond Xu Bai’s expectations. It was impossible for these old, weak, sick, and disabled people to know any secrets.

Of course, they were not completely useless. No matter how small a mosquito’s leg was, it was still meat.

Then, under Xu Bai's control, these strange things left their marks on the ground. The square was big enough for them to use.

Xu Bai had also been verified by this method. Looking at the rapid growth of the progress bar in front of him, the corners of his mouth curled up slightly.

Was there anything happier than a happy progress bar?

There was nothing else.

He could also gather information and eliminate the strangeness. Wasn't this a plan to kill three birds with one stone?

Beautiful!

It was very beautiful!

Due to the fact that the Goldfinger had been upgraded many times, and the level of these strangeness was not high, the progress bar increased at a rapid speed.

It didn't take much time for Xu Bai to complete the progress bar. Of course, because he didn't have the experience of failing to enter the Saint level, these skills were very complicated. He replaced them with three ellipses on the panel.

Only with a thought would the ellipses open, displaying the complex and diverse skills.

After Xu Bai finished the last bit of progress bar, he raised his head and his soul moved slightly.

All the monsters present fell to the ground. Their souls had disappeared completely. They were all dead.

"To me, this is a treasure land!"

"Next, let me see how many surprises you will bring me, hahaha!"

Xu Bai could already see countless progress bars waving at him.

Chapter 1050: Exposed

The success this time was of great significance to him. His original plan was to focus on the progress bar here, and the rest would be after the progress bar.

Now that he had only entered not long ago and had already gained something, he had already thought about the situation of his huge harvest in the future.

At this moment, the entire city had already become a ruin. The already dilapidated city seemed even more desolate without these strange creatures.

A dark red light shone down from the sky and landed on Xu Bai. It looked a little scary.

Xu Bai still maintained his strange appearance. He identified another direction and left.

He planned to search city by city and collect all the progress bars that he could collect. At the same time, he wanted to obtain some useful information.

In the dark red sky, Xu Bai was flying very fast. After finding a direction, he finally stopped after flying for nearly half an hour.

A dilapidated and desolate city appeared in front of him. He could feel a strange aura spreading from there.

Using the old method, Xu Bai landed at the city gate. Looking at the two guards guarding the city gate, he fell into deep thought.

He pondered as he walked.

There were guards in this place, which proved that this place was not like the one they had encountered before.

There were already guards here, so he should be able to earn a lot here. When he thought of this, Xu Bai had already arrived at the city gate.

The two guards looked at each other and crossed their weapons in the middle to prevent Xu Bai from entering.

“Extraordinary strangeness, which mountain and place are you from? Now that the great battle is imminent, someone of your cultivation realm shouldn’t be here.”

The ones left behind were the old, weak, and sick, but Xu Bai simulated the strangeness of the mortal evolution state.

Moreover, Xu Bai’s young appearance surprised the two guards and even made them suspicious.

The strangeness of this realm had already been requisitioned long ago. How could it still be wandering around here?

There was a problem here!

The two guards also understood, but they still asked first to see if there were any special circumstances. After all, with so many strange things, it was normal for one or two to be special.

Xu Bai pretended to be surprised and pointed at himself. Then, he approached carefully and said, "Didn't you guys receive the news?"

News? What news?

The two strange guards looked at each other in confusion.

They were in charge of guarding the city, so how could they hear any news? Could it be that there was something new or something new?

Xu Bai looked left and right, pretending to be mysterious as he quietly approached.

When a person acted mysteriously and wanted to tell others the news, the person who was told the news would definitely be interested. Being interested was the key to letting down one's guard.

The two guards were intrigued. They subconsciously approached Xu Bai, wanting to hear what the secret was.

However, at this moment, a wave of spiritual power instantly invaded their bodies and controlled them. The two guards' eyes immediately became dull, like two pieces of wood.

Xu Bai didn't control the city on a large scale. Instead, he used such a close-range method to control his soul. He didn't know the situation of the city yet. If he controlled the city on a large scale, there might be abnormalities.

There was still a bunch of progress bars and all kinds of secrets waiting for him.

He didn't want anything to happen at this time.

After the two guards were controlled, he did not ask anything. He directly used his soul to explore the souls of the two guards and soon understood the truth.

There was a lot of news related to this city. Xu Fan also knew that these two guys were actually two spies planted here. Once something happened, they had a special way to send information to the Saint Strange.

There were many cities like this, and the reason why they placed guards here was not only to act as two spies, but also because this was the resting place of the monsters.

Resting and healing were carried out here.

Back when he was dealing with Emperor Chu and Guigu Yao, many of them had been injured, so he had specially vacated some cities. It wasn't just this city that Xu Bai had encountered. There were many similar cities that existed.

"In other words, I can obtain a high-level progress bar here."

Since he was injured on the battlefield and retreated, his strength was undoubtedly strong. Otherwise, he wouldn't have stayed on the battlefield and retreated after being injured.

Since there was no problem with his strength, it meant that the progress bar was also okay. Xu Bai thought of the next step.

After he controlled all of these guys, he would get rid of them. This way, he could solve the problem of the progress bar and also eliminate the living forces.

The old, weak, sick, and disabled people that were eliminated at the beginning were useless to Xu Bai or the human world.

However, it was different now. These injured people who had retreated were all very strong, and they could be used as a way for Xu Bai to weaken his strength.

When he thought of this, he couldn't wait anymore. Since there was no longer an existence that was high enough to threaten him here, it was time for the power of the divine soul to appear.

Xu Bai didn't have any scruples. He directly expanded the divine soul in his body and enveloped the surroundings.

In the blink of an eye, Xu Bai had taken control of all the strange creatures around him and walked out of the rooms.
