Chapter 1101: Strategy Unfolds (2)

After about half an hour, Ning Weiyue finally opened his mouth and said, "Right now, they are still using a tightening tactic, while we are using a siege tactic. As for those who are running away, don't worry about them."

As soon as he finished speaking, one of the people in the martial arts world asked.

"General, I want to ask you, why not take this opportunity to use the gap in Great Yue State as a catalyst to break through?"

Ning Weiyue swept a glance at this Jianghu person and said, "Foolish! You're thinking too much!"

It was just one sentence, but after being scolded, this person could not help but tremble.

Ning Weiyue continued, "Now, we are using the method of besieging the city. We can steadily exhaust them to death. Why do we have to take a risk and open up an opening?" Wasn't this just a trap for him to hide in?"

"I don't care if he's really running or pretending to run. It's meaningless to me. I just need to follow my plan."

"You are so stupid. How did you cultivate to this realm? What a waste of resources!

The people who were scolded nodded repeatedly in agreement and did not dare to say anything else.

Ning Weiyue waved his hand and prepared to give the order to let them maintain the original plan.

She wasn't a fool, or else she wouldn't have been able to stand out in the era of all countries.

In that era, those who could make a name for themselves were the cream of the crop at any time, let alone people like her.

She could have used her original method to continue surrounding the other party, but she could not easily change her tactics because changing her tactics meant taking a risk, and this risk was not worth taking.

At this time, before Ning Weiyue could continue, one of the subordinates cautiously spoke.

“General, I have something to say.”

Ning Weiyue waved her hand and said, “Continue.””

The soldier replied respectfully, “General, your siege technique is indeed brilliant. However, the next batch of people will be resurrected soon. The more people resurrected, the less credit we will have. If we wait until that existence completely awakens, the credit we will have will be even less. By then...”

He didn’t continue, but his meaning was obvious.

Although they already had the advantage now, when the time came, they would still have to see who had contributed the most.

Those who contributed greatly would be able to obtain a higher status in front of that existence.

If the contribution was small, it would be very awkward.

They were very strong, and they came out early. The earlier they came out, the more they had the right time, place, and people.

He couldn’t miss this opportunity, or he would regret it.

Ning Weiyue frowned more and more tightly, temporarily not making a decision.

This was indeed a question that she had not thought of. All she wanted was perfection. According to her current logic, she could indeed complete this mission perfectly, but what happened next...

She was in the field of military formations, and she had a bunch of people waiting to be fed. If someone really stole the credit, she would not be the only one who would suffer.

Obviously, when this soldier spoke his thoughts, everyone tacitly agreed. They all had the same thoughts.

Ning Weiyue fell into a long silence.

Everyone still did not dare to make a sound, waiting for Ning Weiyue’s next words.

Another hour passed.

Ning Weiyue sighed and said, "Change the plan. We will continue with the siege, but split a portion of people to inquire about the rebel army. See if they really defected or not."

"Yes, sir!" The soldier accepted the order and left.

"What's wrong? What are you still doing here? Hurry up and get to work. Don't wait here and waste time!" Ning Weiyue looked at the people around him and snorted coldly.

Only then did the surrounding people leave quickly, not daring to complain at all.

After all these people left, Ning Weiyue looked up at the white clouds in the sky and thought to herself.

"Time is not waiting for me. I could have used the siege technique to firmly take the lead, but these guys are going to be resurrected again. I have to hurry up and can only take a risk."

Ning Weiyue sighed.

..

While various plans were being made here, on the other side, in an extremely remote place.

Liu Yue and Bai Zhong brought their subordinates and settled down.

Bai Zhong wiped the non-existent sweat off his forehead and said, "Your Majesty is really ruthless."

Liu Yue had already taken off his official robe and was dressed like a scholar. After hearing this, he said, "We have to put on a show. Only then will the other party believe us. We'll settle down here for the time being and don't run away anymore."

"What should we do next? Wait? What if the other party doesn't come looking for us?" Bai Zhong asked.

Liu Yue shook his head. "According to His Majesty's wishes, we can just wait. Don't worry. If the other party doesn't come to find us, His Majesty will force them to come. However, we don't know the method."

"In that case, I'll spread some news about us so that those people can find us." Bai Zhong pondered for a moment and said.

Liu Yue nodded in agreement.

The two of them had really paid a lot this time. After all, they were labeled traitors. This had already spread throughout the world, and it was indeed not good.

Bai Zhong ordered his subordinates to spread the news. After they left, he turned to Liu Yue and said with some emotion, "Speaking of which, I still miss it a little. When we fought for the world, we were also exhausted like this. I didn't expect that we would be able to do it again when we are old. It's really good."

Liu Yue frowned. "Don't think about the past. Now, the entire world belongs to Great Chu. We are also submitting to His Majesty. Don't mention the past, understand?"

"Of course I understand." Bai Zhong shrugged. "I'm just a little emotional."

Liu Yue did not continue and remained silent.

They were the most important part of this plan, and they were also the most indispensable.

It was impossible to rely on Bai Zhong's brain.

Other than fighting, this guy was useless, at least in Liu Yue's opinion.

Therefore, this time, he had to rely on himself to be flexible and adapt to changes. Therefore, the burden on his body was heavy.

The two of them stayed there and didn't go anywhere else.

Time gradually passed. In the blink of an eye, nearly half a month had passed.

In this half a month, there was no news at all. However, the two of them were not in a hurry because even the Chu Emperor had not given any orders.

Today, they were still here as usual.

However, the situation today was a little different.

A soldier escorted two people in from outside and brought them to Liu Yue and Bai Zhong.

"Sir, General!" The soldier cupped his hands and said, "These two people look very unfamiliar. Moreover, they're circling around sneakily. I'm afraid they're up to something, so I brought them here."

On the surface, Liu Yue did not seem to care, but he was deep in thought. At the same time, he sized up the appearance of these two people.

These two people looked very ordinary, but their strength was not to be underestimated. They were both at the Transcendent Realm.

Liu Yue was an experienced Saint Warrior, so he could tell that the two were strangers.

He had already guessed the identity of these two people, but he did not show it. Instead, he waved his hand.

"I remember that some of the people I brought out were proficient in the divine soul."

Before Liu Yue could continue, the two people spoke.

"There's no need to use the divine soul. It's useless to use the divine soul. We've all been bestowed with characteristics that can't be controlled by that existence."

His tone was indifferent, as if he was looking down on Liu Yue.

However, this indifferent tone did not hit Liu Yue. Instead, it made him happy.

Alright, I've found the right person!

After waiting for so long, it was finally here.

Chapter 1102: The Beginning

He had been waiting for this moment, and today had finally arrived. He had been hiding for so long just to trick the other party into coming over. Now, it seemed that there was no problem with the Chu Emperor's plan.

"Since you said that you can't use the power of the soul, then tell me who you are and what your purpose is. You have to give me a clear answer, right?" Although Liu Yue was secretly happy, he still looked calm and composed on the surface.

The two people who were caught looked at each other. One of them, who was slightly taller, said, "The things that have happened recently are actually all done by us. With your intelligence, you should be able to guess it. This time, we came here to invite you to join us. In any case, you have already betrayed the current Great Chu and are like a rat crossing the street."

This person's tone was rather arrogant when he spoke. It was as if he had asked Liu Yue to join because he was giving Liu Yue enough face, and not because he was here to invite him.

"What are the benefits of joining you?" Liu Yue stroked his chin and asked.

The tall man's eyes were arrogant as he said, "Of course there are benefits. This time, they will definitely lose. If you still stand on their side, there will only be death. Therefore, the benefit we can give you is to give you a way out. However, before that, I want to understand something."

"What do you want to know?" Liu Yue said.

Hearing this answer, the tall man's eyes revealed a hint of joy, but it was quickly covered up by him.

They had been sent out to investigate the location of Liu Yue and the others. They also had to find out the reason why Liu Yue and the others had defected.

Everything else was fine. After observing for a period of time, they realized that the Great Chu Country was really chasing them to death. However, they were really not clear about the reason for their betrayal, so they had not returned to report.

In fact, they had also learned from some side sources, including some rumors, that Liu Yue and the others had defected because they were afraid of being implicated.

However, these were all rumors. If they really took it back to report, with Ning Weiyue's temper, he would definitely skin them alive.

Hence, after a discussion, they decided to let the two of them come over and ask the reason directly. Then, they would combine the information they had gathered and report it to Ning Weiyue.

As for what Ning Weiyue thought after the report, that was not something they should worry about.

They had already inquired about everything they could. No one could confirm whether the news was true or false. After all, they could not make the other party swear a poison oath. Even if they did, there would be some falsehood in it.

Therefore, they were only responsible for gathering information.

As for why they weren't afraid when facing two Saints, it was simple.

Because that existence had once promised them that as long as they won, they could all be resurrected.

If you can resurrect, what are you afraid of?

Now that the two Saints were about to tell them the reason, they finally felt relieved. As long as they got an answer, they could go back and report.

“It’s very simple for us to defect. Other than the fact that the current situation is not right, more importantly, we want to build a real Great Yue State.” Liu Yue thought for a moment and decided to follow the established plan.

The major direction could not be changed. As for the minor changes, it would depend on the specific situation. It seemed that nothing unexpected had happened.

Bai Zhong stood at the side, acting as a backdrop. He was in no mood to speak.

He was extremely good at charging into battle formations and setting up formations.

However, if he was asked to play these tricks, he would not be suitable. Instead of doing these things, it was better to keep quiet and reduce the possibility of revealing flaws.

“Why do you want to rebuild the Great Yue State?” The tall man asked in a deep voice. “You should be living very well now. After becoming a subsidiary of Great Chu, you won’t have to worry about anything else.”

Liu Yue glanced at him strangely and said, “Do you know what happened in the past?”

The tall man choked on his words. After a moment of silence, he nodded.

After they were resurrected, they still had some understanding of these things.

The current Great Yue State was a vassal state. Previously, it was one of the three major forces, but now it had inexplicably become a vassal state.

In addition to what Liu Yue said just now, the tall man seemed to have guessed something.

Unwilling to be ordinary!

The three great forces of the past had submitted to one of them. No one would feel good about it. After all, everyone had been sitting in the same position in the past, but now they were inexplicably inferior. This was the source of the imbalance.

If they hadn’t appeared, this incident probably wouldn’t have happened. However, now that the Great Chu Country was in a great disaster, it seemed reasonable for Liu Yue to take advantage of this time to run out with his people.

He could avoid this disaster and also take this opportunity to see if there was a possibility of the fisherman benefiting from the fight between the jade clams.

If that was really possible, he could use this opportunity to make a comeback.

“Now do you understand why we defected? If you don’t even understand this, you don’t even have the qualifications to cooperate with me.”

The tall man nodded and said, “I roughly understand.”

“Since you understand, then tell me, what do you plan to do?” Liu Yue asked. How should we cooperate? Since it was a collaboration, everyone had to open up and be honest with each other.”

I Have Unparalleled Comprehension #Chapter 1103: Beginning (2) - Read I Have Unparalleled Comprehension Chapter 1103: Beginning (2)

Chapter 1103: Beginning (2)

“I only understand your situation. As for how to cooperate, I can’t make this decision. Wait until I go back and ask my higher-ups.” the tall man said.

Liu Yue raised his hand and did not say anything. Instead, he made an inviting gesture.

The tall man also knew that Liu Yue did not want to talk nonsense anymore. He wanted him to hurry back and inform the higher-ups. Only after the decision was made could there be a possibility of continuing the discussion.

He didn’t waste any more time and cupped his fists. He brought his other companion and left.

After the tall man and his companion left, Bai Zhong, who had been silent all this while, finally spoke.

“Do we need to send someone to follow him? If we can follow them and find their location, it might be easier.”

Liu Yue shook his head and said, “There’s no need to follow them. Since they dare to come, they must have a way to escape our tracking. If they discover us, it won’t be good. This will expose some of our situation and cause unnecessary suspicion.”

Bai Zhong thought about it for a moment and felt that it made sense. He no longer cared about this matter.

In any case, he would leave the brain-using matters to Liu Yue. He only needed to march and fight. The rest had nothing to do with him.

“Are we really going to capture them all alive this time?” Bai Zhong changed the topic and asked.

Liu Yue nodded and said, “According to His Majesty’s wishes, we should capture them alive if we can. If we really can’t capture them, then there’s nothing we can do. Anyway, under the premise of ensuring safety, we should try our best to capture them alive and bring them back.”

Bai Zhong nodded.

Liu Yue said, “There’s no need to worry about this. Just wait patiently. Since the other party came to our door, there must be a possibility of cooperation. Moreover, the possibility is very high.”

“We still have to be careful. I keep feeling that the other party is very sinister.” Bai Zhong said.

After that, the two of them discussed for a while more and then waited patiently.

..

On the other side, after the tall man and his companion met up with the others, they did not say anything and rushed in a direction.

When they left, the surrounding space changed and covered their figures. Even experts could not see where they went.

They did not stop at all and rushed in that direction.

It didn’t take long for them to arrive at the mysterious sea area.

In the sea realm, Ning Weiyue held a letter in his hand and was reading it in detail.

“They will be exhausted to death by us in a few more months. They can only change their tactics. When that time comes, it will be our world again.”

Ning Weiyue turned his head and looked behind him. A portion of the countless and densely packed distorted figures had become slightly clearer. This was a sign that they were about to be resurrected.

She was a little speechless. Her plan was flawless. The other party could only choose between being exhausted or completely letting go. But now, in order to get the credit, she had no choice but to take a risk.

"If I had a little more time, this credit would be mine!" Ning Weiyue clenched her fists tightly, her beautiful face revealing endless killing intent.

The people around them did not dare to breathe. They lowered their heads and looked at their toes without saying a word.

"Report!"

At this moment, a loud shout came from the distance.

Ning Weiyue collected his thoughts and looked in the direction of the voice, his long and narrow eyes narrowing slightly.

In her line of sight, the tall man and his companions descended from the sky in a hurry and landed in front of her.

"Speak!" Ning Weiyue said in a shocked manner.

She had personally sent these people out to collect information on the people of Great Yue State. Now that they had returned in a hurry, they should have some clues.

The tall man quickly told her everything he knew. After that, he retreated to the side and kept quiet.

He had already fulfilled his responsibilities and completed his mission. As for how he needed to make decisions in the future, that was the matter of the person in front of him. It had nothing to do with him.

Ning Weiyue fell into deep thought after listening and did not speak for a long time.

In fact, no matter how much he asked, he could only get this information. The other party's reason was very good, and there seemed to be nothing wrong with it.

However, if he were to believe everything, it was very likely that he would fall into a deep pit.

As long as it was a normal person, they knew that they could not trust everyone. However, as the leader of this place, she was thinking about how to make use of this relationship.

It would not expose the situation on their side, but it would also be perfect for the other party to be used by him.

"Tell me, do you have any plans?" Ning Weiyue asked.

One person's power was limited. Since there were so many people, she thought that it would be better for everyone to discuss it.

Unexpectedly, after this question was asked, everyone present remained silent. Their gazes drifted uncertainly. Some people even looked up at the sky as if they had not heard anything.

Ning Weiyue's red lips twitched slightly.

This situation made her want to kill all these people in front of her, but their behavior was actually normal.

As the leader of this mission, he had the right to command them, but he also had to bear the corresponding responsibility. If the decision was wrong, he would have to bear the responsibility. If these guys in front of him made some different suggestions, he would also have to bear the responsibility.

In fact, it was very simple. Since you had the power of a leader, you had to have the responsibility to take the blame. It was impossible to let others take the blame for you.

If the decision was really wrong, he would be the one to take the blame.

Ning Weiyue rubbed the space between her eyebrows and sighed, "How about this? I'll think of a way first. You guys go and contact them and tell them that we can cooperate, but we have to show a cooperative attitude."

"We will send some people to join them. Then, we will let them take these people and temporarily wait for orders. As for the follow-up, I will inform them."

"You can go. You've been there once, so you're familiar with the way."

Ning Weiyue pointed at the tall man and nodded.

But when the tall man agreed, he was still a little hesitant. He didn't know if he should say something or not, so he seemed to be hesitant.

"You want to ask what plan I have?" Ning Weiyue said indifferently.

The tall man quickly shook his head.

He was indeed very puzzled. Just sending people over without using any strategy was a little strange.

Ning Weiyue said, "That's why you can only stand at this level. You can't go any higher. Send people to go deep into them. Only then can I truly understand whether they are

real or fake. Then, I can stabilize them and show that we will cooperate. However, we still lack the opportunity now. This is a method that has the best of both worlds.”

“I know that you are all very anxious because the next batch of people will be resurrected soon. However, no matter how anxious you are, you have to be steady.”

Speaking up to here, Ning Weiyue slowly stood up.

She took two steps forward, and the armor on her body rattled.

“If they really defected, then I will come up with a good plan to speed up the progress.”

“If they’re fake, they can turn the tables on us by defecting.”

“Give me a little more time. Don’t worry, the credit won’t be stolen. Victory will definitely belong to us. I will definitely think of a way to get the best of both worlds!”

The people present looked at each other and nodded. At the same time, they lowered their heads and said respectfully.

“Everything is up to the general to decide. Your subordinates only need to charge and kill!”

Ning Weiyue waved her hand and didn’t bother anymore, letting them do what they should do.

After these people dispersed, she rubbed her forehead, feeling a little worried.

“Is there any good solution in the short term?”

I Have Unparalleled Comprehension #Chapter 1104: Caught in the Trap (1) - Read I Have Unparalleled Comprehension Chapter 1104: Caught in the Trap (1)

Chapter 1104: Caught in the Trap (1)

It was only at this moment, after everyone had left, that she fell into deep thought.

What she said just now, that she had a way to solve it, was actually just an excuse.

If there was really a way, she would have taken action long ago. Now, she was in a stalemate. She could drag the other party down, but time did not allow it. There was a new path, but there was no way for her to do it for the time being.

If he said it directly, it would make everyone lose their confidence and hit their morale. At this critical moment, morale was extremely important and could not be hit in the slightest.

Ning Weiyue stood up and walked back and forth. The armor on his body rattled like weapons colliding, giving off a shocking sound of metal clashing.

This sea area was vast. The blue sky was like a curtain, and it felt a little unreal. The white clouds embedded in the blue were like stitches on the curtain, looking a little illusory.

Although she was small, she had an aura that could cut through the world. Even the white clouds and blue sky could not stop her.

“What a beautiful world. If we can do it again, we can’t give up the chance to live again.” Ning Weiyue broke the silence and muttered to himself.

“Let’s figure out their true intentions first. If it’s fake, we’ll think of other ways. If it’s real, we’ll let them be my vanguard and let them lead the charge.”

Ning Weiyue made up her mind and sat back on the recliner that her subordinates had specially made for her, placing her hand on the wooden table with patterns.

There was a pot of old wine on the wooden table. This kind of fierce wine was like a knife cutting through one’s throat, bringing with it a burning and intoxicating pain.

Ning Weiyue picked up the wine glass, rubbed it gently with her fingers, and drank it in one gulp.

When the wine entered his throat, his face immediately flushed red, as if blood had been spilled on white snow.

“I can’t beat you Saints, but I can kill everyone else. At that time, I will still be the first to win.”

She didn’t say anything else and drank it mouthful by mouthful, pouring cup after cup.

This old wine that even men would be deterred by made her feel good.

..

It was an extremely remote place. The terrain here was desolate. As the wind howled, it would sweep up yellow dust. Even the most knowledgeable old horse would lose its way here.

The temperature difference between day and night was extremely great. During the day, it was a disgusting heat, and at night, it was extremely cold that even three layers of quilts could not withstand.

Bai Zhong looked at the yellow sand that blotted out the sun and narrowed his eyes. He sighed and said, "Fortunately, people in the industry don't care about the environment. Otherwise, it would be really difficult to survive in this place you brought us to."

The yellow sand billowed, but it did not get close. Bai Zhong waved his hand slightly, and the yellow sand in the sky was dispersed. However, even after it was dispersed, it was like a repeated wave that kept attacking, one after another. It was never tired of it.

Liu Yue laughed. "We must do everything we can. Only this barren land is the key to us hiding from the Chu Emperor. This will also make them think that we have indeed rebelled."

Bai Zhong seemed to find it boring to disperse the yellow sand. He placed his hands behind his back and stepped forward, kicking the dry and wrinkled ground under his feet. "I've been thinking, even if they think we're real, how are we going to proceed with the second step of the plan? If they don't do anything, we can't just sit here and wait."

He did not like to use his brain because he felt that a person's brain was limited. It was better to use it to march and fight.

However, this did not mean that he was brainless. They could afford to waste time, but the Chu Emperor might not be able to.

He needed too many resources every day. If this continued, it would be difficult to support him.

Liu Yue was dressed in white, and he danced gently with the yellow sand. "If they don't move, we'll give them an opportunity, or rather, a great opportunity. If they can endure this, then we can only think of other ways."

Bai Zhong curled his lips and looked at her with disdain. "You're still wearing white clothes in this place, and you were so confused just now. You scholars are really annoying. You always do things that others don't understand and let others guess."

It was easy to understand that scholars were particular about their style. However, Bai Zhong could not figure it out. At this time, he still made himself look so handsome. It was simply unbelievable.

The yellow sand in the sky still did not get smaller. It even seemed to be gradually increasing in size. The strong wind swirled around the yellow sand, and even the sunlight was blocked. Under this degree of yellow sand, it made crackling sounds when it hit the body, and it even hurt a little.

Liu Yue glanced at Bai Zhong." Boor, if I tell you, can you hold it in?" If there is a problem with the details, can you bear the responsibility? You have to understand that you only need to cooperate now."

After working together for so many years, Bai Zhong knew Liu Yue's character and temper. Sometimes, he could be considered a bad-tempered scholar with the common problems that scholars should have, such as liking to provoke others.

Of course, according to his understanding of Liu Yue, when Liu Yue said these words, it proved that Liu Yue was very confident.

The two of them stopped talking and looked up at the yellow sand that filled the sky.

At this point, in such a barren land, looking at the yellow sand did not disappoint the scenery.

At this moment, hurried footsteps could be heard. A soldier had rushed over. The armor on his body made a loud noise when it touched the frame. Coupled with the sound of the wind and sand hitting each other, it sounded like metal colliding.

I Have Unparalleled Comprehension #Chapter 1105: Caught in the Trap (2) - Read I Have Unparalleled Comprehension Chapter 1105: Caught in the Trap (2)

Chapter 1105: Caught in the Trap (2)

"Report!"

When the soldier approached, he staggered and stopped in his tracks. He cupped his fists and bowed."The person who came over a while ago is here again. He said that he came with a cooperative attitude."

"Oh?" Liu Yue's gaze was originally still on the yellow sand. When he heard this voice, he retracted his gaze and smiled."Bring him in."

The soldier received the order and turned to leave, hiding in the yellow sand.

"Don't say anything later," Liu Yue said."

Bai Zhong nodded. He was happy to be free.

Not long after, the soldier led the tall man through the yellow sand and arrived in front of Liu Yue.

“Long time no see, both of you. I came here once last time, and this time, I’ve experienced the hardships here again.” The tall man said a few opening words.

Liu Yue wagged his finger and made an impatient gesture.””Just get to the point. I won’t say anything else. You came here this time because you’ve decided to cooperate with us.”

The tall man smiled and said,” Of course we’ve decided to cooperate. We plan to send some people to join you and increase your strength. As for how to cooperate in the future, we still have to see the instructions from the higher-ups. After all, I’m just a small fry and can’t make too many decisions.”

This time, he came over, and he started to be domineering. He looked down on everyone, and he changed a lot.

He finally understood that if this cooperation was successful, everyone would be on the same path, and there was no need to put on that front anymore.

“Pa!”

At this moment, a crisp sound was particularly ear-piercing in this yellow sand environment.

The left side of the tall man’s face immediately swelled up like a steamed bun, forming a strong contrast with the right side.

One side was high while the other was low. It looked very funny.

He was stunned. After he was stunned, the pain came like a tidal wave. It stung the left side of his face, but there was more fear.

Liu Yue retracted his hand and rubbed the back of his hand gently with his other hand. His tone was extremely slow.”Logically speaking, you were born earlier than me, so I should call you seniors. However, I really don’t like to talk to a small fry. If I can’t make the decision, don’t come again. I’ll give your boss some face and don’t want to kill you.”

At this moment, the aura of a Saint Realm expert, one of the nine supreme existences in the world, was overflowing.

The sky was filled with yellow sand, but Liu Yue’s white clothes froze the yellow sand. The elegant temperament of a scholar carried a terrifying pressure.

The tall man could not help but tremble. Even though he knew that he could be resurrected, even though he knew the existence behind him.

At this moment, it was difficult to hide the fear in his body.

It was as if there were countless ants crawling on his body, and goosebumps appeared one after another.

He finally remembered that the two people standing in front of him were the only remaining Saints in the world.

To become a Saint, one had to go through countless mountains of corpses and seas of blood, overcome all difficulties, and kill all the competitors in the world before finally ascending to the throne.

Talent was a joke.

In this world, there are countless talents, but only the right time, the right place, the right people, and countless opportunities can be created.

"I... I..." The tall man's voice was unusually nervous. He stuttered like a broken fan.

Liu Yue said slowly, "Go back and tell your master that I have a very big secret on my side that can cause Great Chu to suffer heavy losses. If you are willing to cooperate, don't play these empty tricks."

The tall man nodded his head repeatedly. He was afraid that if he was a moment slower, his head would be separated from his body.

Liu Yue patted the tall man's shoulder, causing him to tremble.

The tall man quickly arched his body, afraid that Liu Yue would think he was too tall.

"I hope that the next time you come, you won't come with an attitude of rejection, but with the sincerity of cooperation. Otherwise, you might not be able to go back." Liu Yue said with a smile.

The tall man was already overwhelmed by fear. He was in a daze and did not know how he left.

It was not until they passed through the vast yellow sand that they felt as if their backs had been roasted by fire. They were covered in dense sweat, and even their clothes were stuck to it.

He didn't stay any longer and rushed in a certain direction.

Within the yellow sand.

"You don't usually scare these small fries like this. Why are you showing off today?" Bai Zhong laughed.

“This is just like love. Don’t blindly cater to the other party. Sometimes, you can put on airs and make the other party value you.”“Even if our cooperation with them is fake, this cooperation needs to be two-way.””

“You scholars have such complicated brains,” Bai Zhong said.”I really don’t want to hang out with you.”

Liu Yue ignored Bai Zhong’s ridicule and looked at the yellow sand in the sky.

This time, it would depend on how the other party would respond. If they could really cooperate, then what happened next would be very interesting.

..

The tall man rushed towards his lair as fast as he could.

Along the way, he did not stop at all. Every step he took was extremely fast.

It didn’t take him much time to go from the barren land filled with yellow sand to the mysterious sea. When he hurried to Ning Weiyue, he realized that his sweat had not faded.

Ning Weiyue was still thinking at this time. When she saw the tall man running over in a hurry and seeing his pale face, she frowned.

“You were also someone back then. Why were you so flustered?”

When the tall man heard this voice, he knew that he was not happy with himself. At this time, he finally reacted. He hurriedly took a few deep breaths and tried to calm the fear in his heart. He told her everything that he had encountered and what Liu Yue had said.

The more Ning Weiyue listened, the tighter his brows furrowed.

When he finished listening to all the content, he finally came back to his senses.

“I see.”

“I know what they mean. They’re trying to increase their value.”

“However, this is also good. If it is really as they say, I want to see what their purpose is and whether the things in their hands can be used as conditions for cooperation.”

Ning Weiyue was a shrewd person and naturally also saw through Liu Yue’s thoughts.

She paced back and forth for a moment and quickly got the answer. She turned her head and looked at the trembling tall man in front of her.

“Sure, you can tell them that we can cooperate with them. As long as the things they give are worth it, then there is no problem with this cooperation.”

When the tall man heard that he had to go alone, he quickly said, “General, he said that if we still can’t cooperate this time, he will take my head. Moreover, this subordinate also feels that it’s a little inappropriate. It’s very time-consuming to run back and forth like this. Why don’t we go directly...”

“You mean you want me to go over? I was only the first person below the Saint Realm. I can’t fight a Saint Realm expert. I can’t die, you know?” Ning Weiyue said.

The tall man did not continue. He had already understood the meaning. This meant that he had to make a trip.

Ning Weiyue smiled and said, “You’re not afraid of death. You can still be resurrected... And it won’t be a waste of time. This time, bring this thing over.”

As she spoke, she took out a round mirror from the table beside her and handed it to the tall man.

“This mirror allows me to communicate with them directly.”

The tall man was stunned and puzzled.

There was clearly this mirror, so why did he have to run back and forth?

Ning Weiyue saw through the tall man’s thoughts and said, “The time you spend running back and forth is actually beneficial. The best thing is that you can see if the other party is in a hurry.”

The tall man still didn’t quite understand, but he knew that this was the best solution. He quickly took the mirror and turned around to leave without saying anything else.

Ning Weiyue escorted the tall man far away and thought to himself, “If not, how can I have more time to think?”

“But... No matter what, you have to give me some immediate benefits first.”

Chapter 1106: An Unexpected Plan

Thinking of this, Ning Weiyue picked up the wine glass beside him and drank it up.

She raised her head and looked at the blue sky and white clouds in the sky, as well as the vast and boundless sea.

No one knew what she was thinking. The only thing that would never change was the blue sky and white clouds.

..

In a barren land filled with yellow sand, Liu Yue sat on a chair and looked up at the yellow sand that covered the sky. He smiled and turned to look at Bai Zhong beside him.

“He’s here.”

Bai Zhong was half-closed, pretending to be asleep. When he heard this, his half-closed eyes suddenly opened and looked in a direction.

“This time, they came quite quickly. It seems that the other party agreed to our conditions without hesitation.”

Liu Yue stood up.” Actually, they were the ones who roasted us over the fire in the beginning, but it’s different now. Everything has been reversed. Now, it all depends on how well His Majesty is cooperating.””

Bai Zhong did not continue to answer, because the tall man had already pushed aside the yellow sand and arrived in front of him.

“Greetings to the two of you.”

This was already the third time he had come over. The tall man’s attitude had already taken a huge turn and became respectful.

He did not even dare to move his fingers, afraid that if he was not careful, he would anger the two people in front of him and give him an unimaginable result.

Xu Bai might have entered the Saint Plane so quickly, but in this world, any Saint was a top existence regardless of the era.

They could call the wind and summon the rain, and could change the world. In this world, other than those of the same level, no one dared to provoke them.

Liu Yue waved his hand, still looking impatient.””I’ve said it before, you’re only qualified to pass on a message, you’re not qualified to sit with us and talk. If you want to talk, it should be the people above you. Since you don’t listen to me, I’ll take your life.”

Words appeared on Liu Yue’s body and revolved around him like dancing musical notes.

Liu Yue waved his hand, and one of the words inside the scroll gradually enlarged. It gave off a murderous aura that could suppress all the terrifying things in the world.

The tall man instantly felt an endless pressure crushing down on him like an avalanche, causing goosebumps to rise all over his body.

It was as if he was at the foot of a tall mountain. The pressure was extremely terrifying.

Even the surrounding yellow sand stopped spinning at this moment. They all stopped in mid-air, and there was no concept of time.

Just one word was enough to make the tall man not dare to disobey.

He had seen saints before, but he hadn't faced them directly like this.

This experience made him feel that everything was empty in front of a saint. Everything was just yellow sand that would be blown away by the wind.

The tall man watched as the word gradually grew larger, but he did not move.

It wasn't that he didn't want to do it, but that he simply didn't have the ability to do it.

However, he was still able to speak. In the blink of an eye, he presented all his words to Liu Yue and Bai Zhong in the simplest and most direct way possible.

"Please forgive me, sir. I did bring something useful. This mirror can directly talk to my superiors."

The smooth round mirror appeared in the tall man's hand. When he used all his strength to finish the last word, he realized that the word was already against his forehead.

He was less than half an inch away from being beheaded and turned into a cold corpse.

Hearing this, Liu Yue roughly understood the other party's thoughts.

Indeed, running back and forth like this not only wasted time, but also opportunities.

The most important thing was to be able to communicate directly and safely.

Liu Yue looked at the beautiful patterns on the back of the mirror. It felt very realistic.

Before he could figure out how to use it, a voice came from the mirror.

As this voice sounded, a layer of fog appeared in the mirror, like a fog that could not be dispelled on the top of a mountain, giving people a mysterious feeling.

Especially the figure behind the fog. Even if he couldn't see it clearly, it was still quite terrifying.

Of course, Liu Yue could see the other party's strength in an instant.

"Oh?"

“I was wondering what it was. The person above you is only half a step into the Saint Plane. This strength doesn’t seem to be enough.”

His tone was filled with disdain.

Bai Zhong also came over curiously. He could feel something different.”Military formation?”

As a member of this profession, Bai Zhong had once commanded thousands of troops and horses, and was able to fight with King Sheng You.

Although he was at a slight disadvantage, he had entered the Saint Plane in a dignified manner, without any exaggeration.

Now, with just a glance, he could tell.

After Bai Zhong finished his sentence, new information finally appeared in the mirror.

“I didn’t expect to meet a soldier here. It’s really not easy.”

This was a mature female voice. There was a sense of nostalgia in her tone. Other than that, there was also an extremely strong sense of oppression.

In the sky, the terrifying yellow sand was still stagnant and could not be blown at all.

Liu Yue waved his hand.” Now is not the time for you to discuss your business. Since you can communicate through this mirror, don’t pretend. Just tell me why you’re here.””

Ning Weiyue’s voice came from the mirror,””Instead of asking me to explain, why don’t you explain what the conditions are? As long as the conditions are suitable, we will definitely agree to cooperate.”

Chapter 1107: An Unexpected Plan (2)

While communicating, the tall man did not even dare to breathe loudly. He maintained a long silence and lowered his head to look at his feet. It was as if he was invisible and did not dare to say a word.

Liu Yue smiled.” To be honest, if it weren’t for the existence behind you, even you wouldn’t be qualified to talk to me. I know that there are many outstanding people in your era, but they are all so-so in front of me. Since you want our conditions, what’s the harm in telling you?”

Ning Weiyue did not say a word, nor did he refute, because what the other party said was right.

In the past, even if she had a high status, she was nothing in front of a saint.

The other party was always afraid of the existence behind her, and the existence behind her was also her condition.

Liu Yue continued,” Actually, I have a little selfishness in this. At that time, that old guy, Director Mu, promised me that combining with the fate of the country and being a scholar would allow me to step into the Saint Realm in one fell swoop. However, he did, but I didn’t, so I thought of a wonderful method.”

“Your goal is to kill these people. If I can control this world and the fate of the country, then your goal will be easily achieved.”

“After all, when the fate of the country and the destiny of the country decline, everything will cease to exist.”

Ning Weiyue sneered, "What I mean is that you want us to charge into the battle while you sit at the back and pick the fruits of victory. When the time comes, you can help us. Aren't you too confident in your thoughts?"

"Why don't you think about it carefully? If we can kill them, why do we need you to control the fate of the country and even let you obtain..."

Before he could finish, Liu Yue interrupted him.

"You're infinitely close to becoming a Saint. There just happens to be a spot for you to become a Saint in this world, but you haven't stepped into it yet, which means you can't."

"So why aren't you willing to charge into the battle?"

After saying this, Ning Weiyue fell silent.

Bai Zhong had been standing at the side the entire time. Other than the first few words he spoke, he was like a block of wood. He was happy because he didn't need to perform anything. However, after hearing Liu Yue's words, he secretly sighed and called him an old fox.

He was just unwilling to use his brain, but that didn't mean he didn't have one.

He knew that Liu Yue was using the simplest method to negotiate, but it was the most difficult for the other party to refuse.

The so-called negotiation could be put in simpler terms. It was the same as negotiating business. You first offered a higher price that the other party could not accept.

After driving it, the other party would definitely find it unacceptable. At that time, you would have the initiative.

Next, it wasn't about whether they could cooperate or not, but about the level of the conditions.

Moreover, in normal negotiations, they would definitely get a more comfortable result.

Actually, it was very simple. It was like selling something. At the beginning, one would set a high price. When the other party bargained, the price would gradually decrease. Even if it was reduced to half, it would still be profitable.

However, it created a comfortable psychological condition for the other party. It felt like he was taking advantage of her.

Liu Yue was not in a hurry. After saying this, he did not say a word. He just held the round mirror in his hand. He even felt uninterested.

The tall man didn't dare to speak, but he could feel that the negotiations between the two sides had broken down. A layer of white sweat appeared on his back again.

If the negotiations really fell through, he reckoned that he would not be able to return alive.

Fortunately, his worries did not last long.

"Tell me, what do you want to do?" What can we do?"

Although there was no clear answer, Liu Yue knew that Ning Weiyue had already made a compromise.

Liu Yue smiled." It's actually very simple. You should know that the power of providence is actually related to the size of a country. I want you to gather all the people and build a country. Then, you can make me king. At that time, I can step into the Saint Realm."

" You people from the era of ten thousand kingdoms are much stronger. In terms of the battle prowess of the middle and upper echelons, the only thing lacking is the apex. If I have you as my king, perhaps I can gather all the power of providence and achieve what I want."

Ning Weiyue decisively refused,"This is impossible.""

She wasn't a fool and could tell that something was wrong.

" You establish a country, grab the luck, and combine it with the scholars to successfully become a saint. However, once you establish it, you will expose your goal and suffer a fatal blow."

Liu Yue shrugged and said," If we build it here, they won't notice. You have to believe me. My goal is different from theirs. They rely on quantity to win, while I rely on quality to win. You are all experts in the industry. If you join us, we will definitely succeed. This barren land just so happens to allow you to survive."

It was quiet inside the mirror. Ning Weiyue was thinking.

After thinking for a while, Ning Weiyue slowly said,""What you said seems to be true, but I have to see some benefits first. We can't possibly not get any benefits at all, and we can't wait for you to succeed before we get the benefits, right?"

"What do you mean?" Liu Yue narrowed his eyes. Be more straightforward."

Ning Weiyue replied, "It's very simple. Kill people. The more you kill, the more I might have the intention to cooperate with you. I know that the current Great Chu is an iron bucket, but I want to see if you have the ability. Otherwise, I won't cooperate with a fool."

Liu Yue sneered. "It's not that you don't want to cooperate with a fool. It's just that you don't have a way to break through this iron bucket, right?"

He was not Ning Weiyue's subordinate. He was a scholar, and the number one scholar in the world. He easily saw through Ning Weiyue's true purpose.

Beside him, the tall man could not hide the shock in his eyes, but he quickly suppressed it.

He thought to himself, "So the general had no choice at all. He was just trying to calm us down."

Bai Zhong glanced at the tall man and smiled.

He knew why Liu Yue would say that.

Just from the content of the discussion just now, especially when they talked about Ning Weiyue not having a good solution, the tall man's expression had already revealed some information.

He knew that Liu Yue should have done something unexpected. Perhaps it would have an unexpected effect.

Of course, he didn't say it out loud and just watched quietly.

"That's right, it's like this, are you willing?"

Liu Yue shrugged. "Of course I'm willing. Why don't you wait for my good news?"

On the other side of the mirror, Ning Weiyue clearly did not expect Liu Yue to agree so easily and instantly cut off his thoughts.

But Ning Weiyue recovered very quickly and said, "Alright, then I'll wait for your good news. The more you kill, the greater the possibility of us working together. Don't worry, I won't trick you."

"I hope you won't play with me. If you do, you'll know what it means to burn jade and stone together."

The two of them did not continue.

The image on the mirror disappeared.

The tall man let out a long breath and was about to reach out to take the mirror, but Liu Yue casually pinched it and the mirror turned into ashes.

This action stunned the tall man. He didn't understand why he was doing this.

"Did you hear what I said just now?" Liu Yue waved his hand.

The tall man was confused, but he still nodded to show that he heard her.

Liu Yue turned his head and gave Bai Zhong a look.

Bai Zhong's lips curled up. "Your so-called leader doesn't seem to care about you. He's even lying to you. How can you win against such a person?"

The tall man fell silent.

I Have Unparalleled Comprehension #Chapter 1108: Xu Bai, I Will Be Honest - Read I Have Unparalleled Comprehension Chapter 1108: Xu Bai, I Will Be Honest

Chapter 1108: Xu Bai, I Will Be Honest

Actually, when the two of them were talking, the tall man had already thought of many things.

Most importantly, Ning Weiyue's words made the tall man's hair stand on end.

Even their own people all cheat people, until the last moment, perhaps they will become her scapegoat.

No one could say for sure.

In the era of all countries, Ning Weiyue's reputation was not only swift and decisive, but also ruthless enough to make his own people feel afraid.

Ning Weiyue's actions made the tall man's hair stand on end, especially when he thought of his past reputation. He was even more worried and afraid.

"What do you mean by telling me this? Do you want me to betray the general? We don't dare to do this." The tall man's lips twitched as he said this with difficulty.

He wasn't a fool, so he naturally guessed Liu Yue's thoughts. However, even if he had ten thousand guts, he wouldn't dare to do so.

When Liu Yue heard this, he smiled and said, "I know what you're afraid of. You're not afraid of Ning Weiyue, you're afraid of the existence behind him. Actually, there's no need to be afraid, because we're all on the same path. To put it bluntly, who do you think will earn you more?"

Earn?

The tall man's brain did not react in time. It took him a while to finally understand, and his eyes lit up slightly.

He seemed to have thought of something, and his hands were trembling.

Yes, they were on the same boat. This sentence was enough.

Whether it was helping Ning Weiyue or helping Liu Yue, they were now tied together. In fact, they were all working for the existence behind them.

There was no betrayal. It was just a matter of choice. Everyone had the right to choose, and it was their own responsibility to choose good or bad.

On one side was Ning Weiyue, who was once the number one person below the Saint Realm in the era of all countries. On the other side, there were two Saint Realm experts.

How should he choose?

Even a fool would understand.

The tall man swallowed his saliva and said with difficulty, "Milords, what do you want me to do?"

He didn't explicitly agree, but when he said this, it was no different from an agreement.

Liu Yue smiled. "She cultivates the military formation method and pays attention to the strength of the ranks. But you are a Jianghu person. I don't think all of you are on her side, right?"

The tall man nodded and said, "My lord is right. Not all of us are her people. At least half of us are from the martial arts world. However, everyone's strength is suppressed by him, so we are forced to listen to her."

"That's it. When you go back, tell them some of your thoughts. Then, bring all the people of the martial arts world to join me. I'll let you know what a true victory is." Liu Yue said slowly.

The tall man hesitated after hearing this.

Even if he had to make a statement, he would not have any hesitation. However, now that he was asked to pull more people into the team, it was a little uncomfortable.

This kind of situation was purely against the wind, and the pressure was very great. The pressure from Ning Weiyue would make him feel that it was difficult to walk.

If this matter was discovered, he would die miserably.

Liu Yue, who was dressed in white, patted the tall man on the shoulder. "What? Are you afraid of us? If that's the case, you really don't have the qualifications to befriend us."

The tall man instantly woke up and quickly lowered his head. "Sir, this lowly one didn't mean that. This lowly one is just worried that if we were to be discovered, we wouldn't be able to bear the consequences."

"Rumors spread like wildfire. In the end, who knows who started it? Taking a step back, will Ning Weiyue destroy all of you? She won't, because you all have enough power." Liu Yue said slowly.

The tall man fell silent. He was still thinking about the feasibility.

Liu Yue glanced at Bai Zhong, implying that it was time to add fuel to the fire.

Bai Zhong and Liu Yue had been together for many years, so he naturally knew what he meant. He cooperated and assisted, "You have to think carefully. When the time comes to reward us according to our contributions, what will happen to your side if we have the advantage? " As for who will have the upper hand, let's look at the surface first. Just the two of us are enough. This is a very sufficient condition."

To break a camel's back, one only needed the last straw. To make a person change completely, or even turn around, one only needed sufficient benefits and conditions.

The tall man took a deep breath. The hesitation and hesitation in his eyes were instantly cleared and replaced by a fake loyalty.

He took a deep breath and took two steps back. Then, he bent his knees and knelt on the ground. He crawled all over and shouted, "I am willing to follow you forever. As long as you point at the enemy, I will charge forward without hesitation!"

In the face of huge benefits, he chose to betray. In fact, they had become friends because of that existence.

Bai Zhong laughed loudly, a hint of disdain hidden in the depths of his eyes.

The most disgusting thing about people on the battlefield were these fence-sitters and cowards. If it wasn't for the Chu Emperor's plan, he would have immediately raised his sword and chopped off this person's head.

Liu Yue said, "If that's the case, you can go. Remember, you have to do what you have to do, and you have to do it as soon as possible. My patience is limited."

I Have Unparalleled Comprehension #Chapter 1109: Xu Bai, I'm Honest - Read I Have Unparalleled Comprehension Chapter 1109: Xu Bai, I'm Honest

Chapter 1109: Xu Bai, I'm Honest

"Yes, sir!" The tall man quickly stood up and left with cupped fists.

After the tall man left, Liu Yue turned to Bai Zhong. "Let's contact His Majesty. We'll need His Majesty's cooperation for the next plan. We'll have to compensate him with some losses first so that our cooperation will be smoother."

Bai Zhong nodded and waved at a soldier beside him. The soldier walked over and left in a hurry after being whispered by Bai Zhong.

"All the conditions have been met." Liu Yue said with a face full of smiles.

In the sky, the wind was getting stronger and stronger, and the yellow sand was also increasing. Even the light of the sun was blocked. The sky seemed to have collapsed and became gloomy.

..

Ever since the tall man left, he had been rushing all the way to his lair. After arriving at his lair, he did not hesitate and called a group of people to start implementing the plan.

While the plan was being carried out, the Chu Emperor received a secret letter in the palace of the Great Chu State. After blocking the surroundings, he slowly opened the letter.

When he finished reading the contents, he had already understood what had happened and revealed a mysterious smile.

The surrounding power of luck disappeared. The Chu Emperor placed his hands behind his back and came to the window. Looking at the blue sky outside, he slowly said, "Call Eunuch Wei over. I have something important to discuss."

Outside the window, a black shadow flashed and disappeared very quickly.

..

Time gradually passed. In the blink of an eye, nearly half a month had passed.

In this half a month, it wasn't a big deal to have the other people become his disciples, but Ning Weiyue was getting more and more impatient.

"What are those two planning? They said they wanted to cooperate, but they didn't agree to my conditions." Ning Weiyue walked back and forth, the more she thought about it, the more she felt uneasy.

Time waits for no one. It was getting faster and faster until the latest batch of people resurrected. She was worried that if she continued to wait, the top credit would really be snatched away. If that was the case, she would be the one who suffered the most.

Sometimes, she felt that it was funny. She clearly had the situation under control, but because of the pressing time, she was in a truly passive state.

However, reality was like this. Reality would not go according to people's thoughts, and the opposite might even happen.

"Report!"

It was at this moment that a voice rang out in her ear. She turned around to see a subordinate rushing over and kneeling in front of her.

Ning Weiyue's gaze turned cold.

The subordinate was wearing heavy armor. He kowtowed to the ground and said loudly, "General, according to the latest news, Liu Yue and the others used an unknown method to lure out over a hundred Transcendents and killed them all."

"What?!" Ning Weiyue was slightly stunned. After he reacted, he stood up from the wooden recliner with a face full of shock.

This era wasn't like their era of the myriad countries. Middle-level forces were extremely scarce, and there weren't many high-level forces either.

The loss of over a hundred Transcendents was simply inconceivable. To Great Chu, it could definitely be considered a huge loss.

This was also the reason why Liu Yue had proposed to use them to achieve providence and sainthood not long ago. This was because they indeed had too many middle and high-level powers.

"What method did they use? Can you find out?" Ning Weiyue asked.

The subordinate smiled bitterly." General, we really can't find out. They've been hiding it for a long time and didn't reveal any information. However, they did make a move. This doesn't seem like a ruse. If it was really a ruse, they wouldn't have lost so much."

Ning Weiyue turned to the tall man and asked,"Lei Yun, do you have any news? Recently, you've been the one in contact with the other side. Did they reveal anything?"

The tall man Lei Yun shook his head and then nodded."This subordinate doesn't know what method they used either. This subordinate once asked them, and the answer they gave this subordinate was very simple. This is their method, and it is also their advantage."

"You've been in contact with them for so long and you didn't notice anything?"

Lei Yun lowered his head and an inexplicable light flashed in his eyes, but he quickly covered it up and Ning Weiyue did not notice."I really don't know. Those are two Saints. It would be strange if I could find out."

Ning Weiyue frowned and did not continue speaking.

She stood in place and pondered. After about half an incense's time, she said,"Go and tell them that I agree to their conditions and let them choose a place to establish their country. At that time, I'll use my luck to help them become Saints!"

Lei Yun nodded and left without hesitation.

While Lei Yun was rushing towards Liu Yue and the others, Xu Bai was currently in the Bizarre Market. He looked at the hundred over Transcendents in front of him and said with a headache.

"His Majesty is really playing big this time. He sent over a hundred Transcendent experts into this place alive."

To be honest, he had only come up with a general direction of the plan. As for how it should be carried out, it would still depend on the Chu Emperor. However, he truly did not expect that the Chu Emperor would be so bold.

Although he knew that he could resurrect here, he had never resurrected a Transcendent expert before. If he couldn't resurrect, it would be a huge loss.

Fortunately, he was indeed resurrected and did not suffer too much loss.

"Wangye, is there anything you need this subordinate to bring out?"Among the Transcendent experts, a person stood out and cupped his hands.

His tone was filled with respect.

Xu Bai recognized this person. He seemed to be an expert from the Heaven Inspectorate. He was quite strong.

Xu Bai thought for a moment and said, "Tell His Majesty that I'm really bored. Tell him to bring me the thing as soon as possible."

He was indeed bored to death. There was no progress bar here anymore. Moreover, recently, he had farmed most of the strangeness here. There was almost no strangeness.

Every day, he would chat awkwardly with Ah Wu. However, no matter how much they chatted, the topic would eventually run dry.

"Yes, sir!" The Transcendent cupped his hands in agreement.

After he agreed, the surrounding space surged, and the group of Transcendents were quickly brought out.

Xu Bai yawned and broke through the space again out of boredom, returning to the dark red Bizarre Market.

He found Ah Wu again and prepared to have a chat to pass the time.

In this place, even if they wanted to play cards, they would still need a character. Other than chatting, there was really nothing else.

"It's been almost a month. Xu Bai, even if you've extended the time for the Absolute Saint to return, we can't continue wasting time like this." Ah Wu said worriedly.

Xu Bai glanced at Auntie and said, "So you're not a good show-off?" Why are you more anxious than me now?"

It was not the first time Xu Bai had used the word 'rotten' so Ah Wu naturally understood it.

She was indeed a mess, but ever since Xu Bai came out, the series of methods he used gave her a glimmer of hope. So, she was like a drowning person who grabbed onto a life-saving straw and refused to let go.

This situation was very strange, but it gave her hope.

Ah Wu pursed his lips, and a hint of hesitation appeared in his eyes. It was as if he had something he wanted to say, but he couldn't.

Although this action was very secretive, Xu Bai was so close that he could easily see it.

Xu Bai asked, "It's just the two of us here. If you have anything to say, just say it. Although it's comfortable to be hesitant, there's no need for that."

Ah Wu was still a little conflicted. She didn't think about why it felt so comfortable to stutter. That mouth wanted to say something, but it was still alive. She suppressed it and didn't say a word.

Xu Bai shrugged his shoulders and said, "It's meaningless for you to be like this. We've chatted for so long. We're considered friends. If you're unwilling to say it, then you're not being honest enough. I'm a person who pays attention to honesty when I do things."

I Have Unparalleled Comprehension #Chapter 1110: Xu Bai Found a New Way - Read I Have Unparalleled Comprehension Chapter 1110: Xu Bai Found a New Way

Chapter 1110: Xu Bai Found a New Way

When Ah Wu heard this, he collapsed like a deflated balloon.

"Sigh..."

She sighed. She still looked like she wanted to say something but hesitated. She didn't know how to speak. She opened her mouth and hesitated for a long time before closing it again.

However, Xu Bai's eyes lit up as if he had discovered a new continent. He took a few steps forward and walked around Ah Wu, rubbing his chin with his hand. He was very interested.

He had just said it casually, but when Ah Wu showed it, he realized that Ah Wu seemed to be serious. Perhaps there was some secret behind it.

And it was a huge secret. After all, with Ah Wu's identity, she could be considered an extremely ancient big shot who had fought with an Absolute Saint.

So now that there was a huge secret, Xu Bai's interest was instantly aroused. Seeing Ah Wu not speaking, Xu Bai stopped in his tracks and looked at Ah Wu seriously.

Feeling Xu Bai's gaze, Ah Wu smiled bitterly and said, "Although we have only known each other for a short time, I know you very well. If I tell you, you will take the risk."

The more Xu Bai listened, the brighter his eyes became. "Whether it's worth the risk or not depends on the benefits. If the benefits are big enough, the risk is worth it."

How could there be a free lunch in this world?

Unless they lived their lives honestly, they would be in danger.

The risk depended on whether the benefits were enough. If it was enough, it was worth it to take a little risk.

Ah Wu shook his head helplessly. "Listen to me. We've discussed this method before, but it didn't work in the end. You know that this world is only one of the countless worlds. There were many worlds like us who resisted the Absolute Saint, but most of them chose to obey. Perhaps they didn't know about the Absolute Saint's existence. Only when they were destroyed did they know the source of everything."

Xu Bai didn't say anything to interrupt him. He nodded in understanding.

These were all old stories, and he had more or less understood them. But could there be something fishy going on?

Ah Wu continued, "You're really a lunatic. I advise you not to do this, but I'll tell you anyway. After all, you're our last hope."

Xu Bai nodded and pretended to listen attentively.

Ah Wu lowered his head and organized his words. After a while, he slowly said, "You can rob the people and things in the countless worlds that have submitted to the absolute saints. You can rob their books and take their traces. Isn't this a pleasant surprise for you?"

Xu Bai froze on the spot and didn't come back to his senses for a long time.

Then, when he came back to his senses, his face revealed a look of ecstasy.

He wasn't a person who was happy, but to him, this news was like a huge pie falling from the sky, and it was his favorite taste.

What he lacked the most now was the progress bar. The progress bar of this world had almost been drained by him. He even focused his attention on the people of the Era of Nations.

After all the people in the era of all countries were killed by him, where would they go to find him?

He didn't have a clue, but now that Ah Wu had given him a clue, the clue was still very clear.

As long as his cheat was still there, he could keep up with the progress bar, and the countless worlds were his strongest resource.

The worlds that Absolute Saints wanted to destroy were like delicious food to him. He couldn't stop.

"How can I enter those worlds?" Xu Bai took a few deep breaths and suppressed the joy on his face.

"You really want to go," Ah Wu said with a bitter smile. "I knew that with your personality, you would definitely go. However, it's impossible for you to enter those worlds now."

"Why?" Xu Bai frowned and continued to ask.

He had some doubts. Was Ah Wu deliberately not telling him?

After all, he had made it so clear just now that there would be a certain amount of danger. Now, he said that he could not enter that world. There was a contradiction between these two sentences.

"That's not our world. It's a world that has submitted to you. If you go there, he might discover you. Of course, he's trapped now and can't deal with you, but you'll be lost." Ah Wu explained.

Xu Bai pondered and asked, "What is lost?"

What he said earlier was easy to understand, and he also understood. After all, if he went there, it would not be his home ground. However, he did not quite understand the matter of getting lost.

"Let me make an analogy. Countless worlds are like a maze with countless exits, and the world we are in is just one of these countless exits. Once you enter through our exit, it will be very difficult for you to find us again."

Xu Bai frowned slightly. After he carefully pondered over Ah Wu's words, he understood the meaning behind them.

It was like entering a room with countless doors. However, when he entered through his own door, what came out might not be his own door.

Perhaps he would enter a world and come out of that world, only to jump into another world. There were many worlds, and he might be jumping in them forever, but he would never be able to find his own world.

If that was the case, then it would be troublesome.

Chapter 1111: Xu Bai Found a New Way (2)

After all, the Absolute Saint couldn't wait for him to leave this world. If he really didn't come back, the Absolute Saint would be satisfied.

"In that case, this matter is worth discussing. I have to think about it." Xu Bai rubbed his chin.

Ah Wu said very seriously, "I'm not saying that it's worth discussing. You don't even have to think about this matter. Countless worlds are his home ground. Do you really think it's easy to come out?"

Xu Bai shrugged. "We'll see. If it's really dangerous, I won't go."

Ah Wu felt a headache coming on. He rubbed the space between his eyebrows. "You look very fake. I know that you will still try once you have the chance, but it's best not to try."

After that, the two of them didn't continue talking about this topic. They changed the topic to pass the time.

..

On the other side.

A barren land filled with yellow sand.

Liu Yue looked at Lei Yun and said, "What? Is she still not sincere enough? The death of over a hundred Transcendent experts should be a huge gain for her."

Lei Yun smiled bitterly, "Ning Weiyue's meaning is actually very obvious. She does want to cooperate, but she is naturally cautious. It seems that she is looking for an appropriate way to not expose her position and cooperate cleverly."

Liu Yue raised his eyebrows and said, "My patience has a limit. I've already done as she said. If she doesn't agree, then my temper is actually quite bad. If I really do something, she might not be able to resist."

When Lei Yun heard this, he instantly felt his hair stand on end. He hurriedly said, "Sir, don't worry. She will definitely cooperate. It's just that the time has not come yet."

"Ha..." Liu Yue laughed and stopped talking.

"What about you?" Bai Zhong asked. "Have you finished what we asked you to do?"

Lei Yun quickly replied, "It's all done. I've already won over all the people who don't belong to Ning Weiyue. They will belong to the two lords."

"We can't wait that long." Liu Yue raised his eyelids and said slowly, "Tell me where you are. I'm going to kill her. Ever since I started studying, I've never been played like this. I'm very angry now."

Lei Yun had goosebumps all over his back, and his heart was getting colder and colder.

He tried his best to control his emotions, but his legs kept trembling.

A gust of wind swept up the yellow sand and hit his face.

Lei Yun seemed to have woken up from a dream. He suddenly came to his senses and said, "Sir, I really don't dare to say the location. That existence once said that no one can reveal their location, or else..."

He did not continue, but his meaning was obvious.

Even if he died, he would not dare to say the exact location.

Liu Yue frowned.

Looking at the situation, it seemed that there was really no way to force him to say it. However, if he did not say it, the subsequent progress seemed to be a little slow.

According to the current situation, Ning Weiyue would definitely think of a perfect plan, but it would take too long. He could not afford to wait.

The longer a plan was delayed, the more loopholes there would be, and the easier it would be for others to discover the problem.

Liu Yue thought for a moment and said, "Then I'll give you a simple method. From now on, bring the people you've won over to me. This shouldn't be difficult for you, right? I'll first establish a country with your group and see if I can reach the Saint Realm."

Lei Yun hesitated.

This method seemed very simple, but was it really a good method for them to escape from that secret place?

He didn't know why, but he had a feeling of fear. He couldn't find the reason, but he attributed it to the pressure of facing two Saints.

Liu Yue continued to say: I can't see the benefits of the point, I can't see the point, I can't see the point, I can't see the point, I can't see the point, I can't see the point, I can't see the point, I can't see the point, I can't see the point."

When he said this, Lei Yun's scalp instantly went numb.

Yes, he had already become a traitor and had already won over half of the people.

If Ning Weiyue knew about this, he wouldn't be able to get anything out of this. It would be worse than death.

Lei Yun took a deep breath and finally made a decision."I will gather the people as soon as possible and bring them over. We will completely obey the two of you. I hope that the two of you will not go back on your words."

Liu Yue smiled and said," Go now. Don't worry. With me leading you, you will definitely get the credit that belongs to you."

Lei Yun nodded, cupped his fists, and left without stopping.

When Lei Yun's figure disappeared into the yellow sand, Bai Zhong, who was beside him, spoke leisurely.

"Cut the weeds and remove the roots. What's with the half-done thing?"

Their mission was to deal with Ning Weiyue and his group. Of course, this was only the initial mission. The follow-up was to find their location and uproot them.

But now, he only brought half of them over. Wasn't that a little too little?

Liu Yue said,"Let's find half of Xu Bai's people first. If we control half of them, we can use them as a springboard to find new opportunities in the future. We can also make her anxious."

Xu Bai had said that this matter was extremely urgent, so Liu Yue didn't want to waste too much time. He would take a portion of it first.

As for how to make Ning Weiyue anxious, after bringing this half of the people over, Ning Weiyue would naturally be anxious.

If they wanted someone to make a mistake, they had to disturb that person's mood. If they made Ning Weiyue feel anxious, then many of Ning Weiyue's judgments would be wrong. At that time, they would be able to find loopholes, find weaknesses, and break them one by one.

"I still don't quite understand the schemes and plots of you scholars. It's really a headache, but it's good to let Xu Bai get some benefits first." Bai Zhong sighed.

"He's almost in front of us now," Liu Yue said with a smile."

Bai Zhong curled his lips." Being born in this era is actually not too bad. At least I can see a true character rise up.""

Liu Yue couldn't help but laugh. He shook his head and looked at the yellow sand.

Neither of them spoke, but they knew that this was the most critical moment.

..

Time gradually passed. In the blink of an eye, nearly half a month had passed.

"Bang!"

Ning Weiyue sat on a wooden recliner, his right hand clenched into a fist and fiercely hammered on the wooden table covered with beautiful patterns. The armor on his body rattled, very ear-piercing.

"Traitors, they are simply a bunch of pigs. Even pigs are smarter than them. At this time, they brought people to join them."

Waves of killing intent circulated around Ning Weiyue's body. The soldiers beside him did not dare to say a word and maintained silence.

Half of them had run away to join the two traitors. It was a great loss for them.

Ning Weiyue took a deep breath, but the anger in his heart could not be appeased no matter what: "As expected of a Saint Warrior. They made me suffer heavy losses with just a few words."

"It seems like they are preparing," the soldier replied hurriedly." But we can't find out the exact situation because their place is empty and barren. It will be easy for us to be discovered if we go in.""

"We're in a cooperative relationship now. He won't dare to do anything to us. I want to see what he wants to do next." Ning Weiyue said.

The soldier agreed and ran to a soldier's side, ordering the soldier to go down and make arrangements.

Ning Weiyue did not speak, picking up the old wine beside him and drinking it in one gulp.

..

In the barren land of yellow sand.

Liu Yue looked at the dense crowd in front of him, and the corners of his mouth curled up, revealing a satisfied smile.

He waved his hand, and countless pieces of paper floated in the sky, isolating the entire yellow sand.

"Now, I want to see your strength. Each of you choose a piece of paper and print your strongest attack on it. I will classify you and reward you according to your achievements." Liu Yue casually came up with a reason and said.

Chapter 1112: A Large Bunch of Progress Barrows Attacking (1)

When Liu Yue finished speaking, everyone present looked at each other, not understanding what he meant.

Liu Yue's expression gradually turned cold." Do you still not understand? If you want to receive the corresponding treatment, you must have the corresponding ability. If you don't even have the ability, how can I give you the appropriate allocation?"

What Xu Bai needed was not only books, but also traces. It was best to leave traces without being suspected. Liu Yue thought of this.

His ability as a scholar could be vividly displayed on the paper. He could perfectly preserve these traces without causing too much suspicion.

Lei Yun reacted the fastest. He quickly turned around and opened his arms. He shouted at the people he had recruited,"What are you guys still hesitating for? Daren is giving you a chance. Are you useless if you have a chance? This is Daren's test for you. Quickly leave behind your strongest attack!"

He was the fastest to get on this boat. Now that he could not get off, he understood Liu Yue's meaning instantly and played the role of assisting.

Liu Yue smiled.

The fellow in front of him was quite understanding. He knew when to say what to say. With this sentence, these people could accept it more smoothly.

As expected, after Lei Yun finished his sentence, everyone stopped hesitating.

They used their strongest strength to attack the paper that filled the sky. In an instant, the land of yellow sand turned colorful.

All kinds of abilities covered the sky, dyeing the entire sky like gorgeous fireworks, dazzling people.

It floated in the sky and left a mark on the page.

After all the attacks disappeared, Liu Yue waved his hand. The pages that filled the sky gathered in his hand at the fastest speed and became half the height of a person.

Everyone looked over. Although they didn't say anything, they were all waiting for Liu Yue's next move.

"Today, I want to establish a country," Liu Yue waved his hand.

All the plans are true, all the plans are true, all the plans are true, all the plans are true.

It had to be said that he was very impressed by the Chu Emperor's ingenious ideas. This time, not only did he help Xu Bai solve his problem, but he also gave him an opportunity to step into the Saint Realm.

They are still lacking some strength, especially the top strength, and he is in the past, the most wanted is to step into this one step, and even cooperate with General Manager Mu, now finally there is an opportunity, on the surface, it looks light and calm, but in fact, the heart is very excited.

Everyone wanted to reach the top, and he was the same. Even the number one scholar in the world couldn't resist such temptation. Now that the opportunity had come, he naturally wouldn't let it go.

The people who had defected from Ning Weiyue looked at each other and suddenly knelt on the ground, shouting in unison.

"Welcome, Your Majesty Liu Yue, to establish your country. We swear to follow you!"

Liu Yue raised his head and looked at the yellow sand in the sky. Today, the Great Yue State will stand here again, and I will be the monarch of the Great Yue State.”

After he said this, the noble aura from his body flowed on the surface and dispersed the yellow sand in the sky.

The sky returned to its azure blue color, and the sun shone down, giving off a warm feeling.

At the same time, from everyone present, waves of power of providence were extracted and condensed in the sky.

The sky was filled with golden light, dazzling people, but it also carried an unrivaled prestige and nobility.

Liu Yue waved his hand and soared into the sky.

Below him was a dense crowd. They all raised their heads and looked at Liu Yue with reverence in their eyes.

Liu Yue took a deep breath and placed his hands behind his back. He circulated his Noble Qi and activated the power of providence.

The sky was filled with golden light. Under the dazzling light, as the Noble Qi was activated, the providence surged towards Liu Yue at a speed visible to the naked eye, enveloping Liu Yue’s entire body.

At this moment, Liu Yue was like a giant golden egg. His true form could not be seen.

Although they couldn’t see his appearance and body shape, everyone could feel that under this huge golden egg, Liu Yue’s aura was rising at a speed visible to the naked eye.

He was a peak-stage Saint Warrior and an old monster who had existed for an unknown period of time. At this moment, under the guidance of the power of providence, his strength was approaching the final stage.

Everyone present stared at him intently. Whether it was the trusted aides he brought out or the traitors, none of them blinked.

This scene could be considered an extremely precious scene. To everyone, it was worth it to be fortunate enough to see it.

The emergence of a sage was the highest existence in the world. As long as anyone was present to witness the emergence of a sage, no one would not be excited.

His aura was still rising, bringing with it a terrifying pressure. It had already reached a peak level.

“Crack!”

At this moment, the giant golden egg let out a cracking sound, and a crack that was invisible to the naked eye appeared on it.

It was only because everyone present was in the industry that they could see it clearly.

After the first crack appeared, the second and third cracks quickly appeared.

The cracks were densely packed and gradually deepened. Soon, they covered the surface of the golden egg.

The cracking sound gradually intensified. A hand suddenly pushed open the crack and appeared in front of everyone.

Chapter 1113: A Huge PPiled Progress Bar Attacks (2)

When this hand appeared, countless words suddenly appeared in the sky. These words were extremely chaotic, but when placed in the sky, they gave people a very harmonious feeling. This feeling was very strange.

The crack began to fall off like a peeled eggshell. It fell from the sky, but before it landed on the ground, it turned into nothingness.

At the same time, the situation inside the golden egg was gradually revealed to everyone.

Liu Yue was still dressed in white. At this moment, he looked no different from an ordinary person. However, with just a glance, he would be unforgettable.

Bai Zhong had been observing from below. When Liu Yue came out, he narrowed his eyes and shouted, “Is it done?”

Everyone present wanted to ask this question, but no one dared to say it. Only he dared to say it.

Liu Yue sighed and turned around.

When he sighed, everyone's hearts were instantly lifted.

Logically speaking, if something really happened, he should be very happy. However, Liu Yue's expression now was not happy at all.

Did he fail?

This thought instantly rose in everyone's minds.

If that was really the case, it meant that they were not enough. They had to find someone else to help Liu Yue break through the last step.

Bai Zhong knew Liu Yue the best. Seeing Liu Yue's state, the corner of his mouth twitched slightly. "You're pretending again this time. I really don't understand. Why do you scholars have to act so cool?"

His voice was not very loud, but it was clearly heard by everyone.

Everyone's eyes turned to the direction of the palace, their faces filled with confusion.

"He must have succeeded," Bai Zhong said impatiently. "Otherwise, he wouldn't be like this."

Everyone was speechless.

In the sky, Liu Yue was full of black lines.

"I say, seriously, I've worked so hard and spent my entire life to finally reach this goal. Can't you give me some time now and let me show off?"

Alright then.

Everyone finally understood.

So it was a success.

Lei Yun didn't hesitate and used his most basic bootlicker attribute: "Congratulations, Your Majesty. Now that Your Majesty has stepped into the Saint Realm, you will be able to lead us to cut through all the thorns and thorns and kill all the enemies in this world!"

He was the first to betray Ning Weiyue, and he was also the one who knew how to cause trouble.

After he said this, everyone present looked at each other and knelt on the ground in unison, shouting.

“Congratulations, Your Majesty!”

Liu Yue waved his hand calmly, signaling everyone to stand up. He then descended from the sky and stood beside Liu Yue, sweeping a glance at everyone present.

“There’s one more Saint Realm expert in the world and one less Saint Realm expert. I reckon that the Great Chu Country has also sensed it. You must keep a low profile and not gather here.”

Heaven and earth could sense him when he became a saint. Anyone in the industry could sense it.

One less Saint Realm expert could be sensed, so the Great Chu Country should have already made preparations.

Everyone nodded and obediently dispersed.

After these people dispersed, Bai Zhong smiled and said, “After so many years, you finally got what you wanted. You’ve fulfilled your last wish.”

He was not jealous at all. According to age, Liu Yue was the oldest among all of them. He had survived for a very, very long time.

Therefore, it was actually reasonable for Liu Yue to become a Saint now. It was very normal for a person to have sufficient foundation.

“What are your plans next?” Bai Zhong asked.

Liu Yue pondered for a moment and said, “His Majesty probably already knows about this matter. We should send the item to Xu Bai first. As for what to do next, we’ll see what His Majesty will send us. The remaining people must die. Similarly, those people from the Era of Ten Thousand Kingdoms who haven’t come out must also die.”

Bai Zhong nodded. “Then let’s do it this way. Anyway, I’ll listen to you about everything here. I’m too lazy to use my brain.”

Liu Yue did not continue talking. He began to make arrangements, planning to send all the books to the Bizarre Market.

..

Bizarre market.

Xu Bai was lying on a huge rock, looking at the dark red light in the sky in boredom.

“You said...If I really go to those worlds, what perfect way is there to return?”

With nothing to do, he thought about these things every day.

To be honest, he had not given up on this path. If he had not become a Saint after he had finished all the things here, he would probably give it a try. As for how likely it was, it would depend on the situation.

Ah Wu said helplessly, “Don’t even think about it. Besides, you have to enter countless worlds. We didn’t even think of this method back then. How are you going to enter? It’s impossible.”

“People think of methods. You guys should have some signs of entering. Why don’t you tell me?” Xu Bai asked with a smile.

Ah Wu chose to shut up and didn’t say anything.

Xu Bai pursed his lips speechlessly and didn’t take it seriously.

The two of them fell into silence again. Recently, many topics had been talked about. There was nothing to talk about. From time to time, it would be as awkward as this.

Of course, Xu Bai was already used to this silence, so he didn’t take it seriously.

At this moment, the sky suddenly changed. The dark red sky trembled slightly. Xu Bai immediately stood up and looked up at the sky with a smile in his eyes.

“I’ve waited for so long for the time to come.”

Ah Wu also stood up. It’s time for you to make a fortune.”

Xu Bai did not say anything else. He only smiled and flew into the air. He pressed his hand on the top of the sky. As his True Core Strength surged, layer after layer of cracks appeared in the sky.

The crack was expanding at a speed visible to the naked eye. When it reached a certain level, a huge black hole appeared. Xu Bai retracted his hand and jumped into it.

After entering, it was still pitch-black inside. Xu Bai could not see the end, but in the darkness, he saw more than a dozen figures in prison uniforms.

When he came close, the people in front of him were all at a loss. However, when these people saw him, they immediately trembled.

Xu Bai smiled. He spread the power of his soul and controlled the people in front of him. Then, he came to the front of the person.

The person at the front was holding a book that was half the height of a person. He stood there with a dull expression. When Xu Bai approached, he mechanically handed the book to Xu Bai.

Xu Bai took it and casually flipped to a page. A golden progress bar appeared before his eyes.

He flipped to the second page and saw a new progress bar.

“Not bad, not bad. Every piece of paper represents a progress bar. This time, I’ve indeed made a fortune. With them, I wonder if I can reach the ninth level of the Saint Realm.”

The problem with the progress bar was finally solved. Xu Bai was elated. Even when he looked at the prisoners, he found them quite cute.

Of course, he didn’t care about these guys. After a while, he watched the prisoners disappear before jumping out of the black hole and returning to the dark red sky.

Ah Wu was waiting for him. When he saw Xu Bai return, especially the book in Xu Bai’s hands, the corners of his mouth curled up slightly.

“If I reach the ninth-grade Saint Realm, can I leave the bizarre market?” Xu Bai asked.

Ah Wu was originally quite happy, but after hearing this, the smile on his face disappeared and he shook his head.”“Who knows what plans the Absolute Saint has? ” If you don’t reach the Saint Realm, you’ll never be safe. Of course, I’m only safe if the Absolute Saint doesn’t come out. If he comes out, he might not even be safe at the Saint Realm.”

She said it very directly. Perhaps it was a bit of a blow, but it was indeed the case.

Xu Bai wasn’t shocked. He opened the books and spread each leaf on the ground. It took him a long time.

The golden progress bar appeared in front of his eyes, making his scalp tingle.

Chapter 1114: Ning Weiyue Compromises

Most importantly, these progress bars were very slow. Although Xu Bai had leveled up his cheat a few times and the speed had become much faster in his eyes, according to the previous level evaluation, they were all good things.

Even though he was used to seeing progress bars, he could not help but feel excited when he saw so many of them in front of him.

Beside him, Ah Wu looked at the pages on the ground and then at Xu Bai's face. He smiled and said, "These things should be enough for you to improve a lot."

Xu Bai glanced at Ah Wu and said, "It's still better not to have the things of countless worlds. It's a pity that you won't tell me how to get in."

Ah Wu spread his hands and said helplessly, "It's not that I don't want to tell you, but I really don't know how to get in. By the way, are you ready to start now?"

Xu Bai nodded. "It's fine to stay here. Let's start now."

Even though he spent every day with Ah Boring, he had wasted a lot of time here. It had been a long time since he had received a progress bar.

Now that he had so many people to worry about, he wouldn't waste any time. The earlier he increased his strength, the earlier he could get out. He would have a greater chance of winning against an Absolute Saint.

After all, the current situation looked calm, but in reality, it was already turbulent.

Ah Wu made a knowing expression, tilted his head, found a place to sit cross-legged, and didn't say anything else.

She knew that Xu Bai was going to get busy.

Xu Bai didn't waste any more words. He stared at the pages on the ground and began to get angry.

..

Everything was going smoothly in the Bizarre City, but on the other side, in the mysterious sea, Ning Weiyue was looking at the phantom that kept flashing in front of him with a melancholic expression.

The densely packed shadows made one's scalp go numb.

She was very melancholic now. These people were about to be resurrected. After they were resurrected, she would no longer have an advantage.

Originally, she had a huge advantage, but because she was in a hurry, she had lost half of her men.

If this continued, his contribution would not be much at all. If that existence was a little angry, or if the benefits given to her were too little, she would suffer a loss.

To put it bluntly, she had been forced to do so.

The old wine on the table was not drunk. Ning Weiyue was not in the mood to drink now. The more he drank, the more irritated he became.

"No, I can't wait any longer. If I continue to observe, I might not even have a sip of soup when it's my turn."

Ning Weiyue thought for a moment and slammed his palm on the table. He stood up from the recliner and looked in one direction.

There, her loyal subordinate was standing quietly. When he heard Ning Weiyue's slamming of the table, he hurriedly took a few steps forward and bent down.

"General, what are your orders?"

Ning Weiyue hesitated for a moment, but finally gritted his teeth and waved his hand,""Bring a portion of people to Liu Yue and the others. Tell them that I really want to cooperate."

There was no other way. Now that Liu Yue had established a country and had reached the Saint Realm, they had the advantage while they were at a disadvantage.

If he really wanted to compare, whether the other party could cooperate with him or not depended entirely on the other party's thoughts. If the other party did not want to cooperate, then no matter how attentive he was, there was no possibility of cooperation.

The soldier pondered for a moment and said,"Yes!" This subordinate will definitely bring the news!"

After saying this, he was about to turn around and leave, but before he could take two steps, he was stopped by Ning Weiyue.

"Add a few more words. Tell them that no matter what they want to do, as long as they have the battle record of killing a hundred Transcendent experts, I will cooperate with them fully without any hesitation."Ning Weiyue sighed and said.

When the soldiers heard this, they were very surprised, and their eyes revealed an expression of disbelief.

One had to know that Ning Weiyue's arrogance was very famous in the era of all countries. Now that he said it in such a humble manner, anyone who heard it would be surprised.

And most importantly, as Ning Weiyue's trusted subordinates, they knew that if it wasn't a truly desperate moment, Ning Weiyue would never do such a lowly thing.

It was obvious that the current situation seemed to favor them, but in fact, it had already created a disadvantage.

The soldier shook his head to get rid of his previous thoughts. Then, he cupped his fists and bowed again. "Please rest assured, General. This subordinate will definitely bring it to you. This subordinate will take his leave first!"

Ning Weiyue returned to her chair and lay down as she watched her subordinate leave. Because she was leaning against the chair, her head was raised slightly, looking at the blue sky and the cotton-like white clouds.

"In this way, as long as we lower our stance and reach an agreement, we can at least get a portion of the credit." Ning Weiyue thought.

A breeze blew past, and the white clouds in the sky moved slightly, but everything was as usual.

..

A barren land filled with yellow sand.

Liu Yue looked at the soldier who came to report and the corners of his mouth curled up slightly. "Go back and tell your master that there's no problem. We can cooperate. We're not like you. We won't look down on others like you."

The soldier half-knelt on the ground, his face covered in sweat. He could not help but tremble when he felt the pressure from Liu Yue. It was not that he had no backbone, but that he could not control his instinctive reaction.

Chapter 1115: Ning Weiyue Compromises (2)

Especially after hearing Liu Yue's words, the soldier felt insulted. He was angry, but he didn't dare to express it. His expression became very strange.

Not long ago, they had been stimulated by this, but today, they had no choice.

The soldier tried his best to suppress his anger and maintained a respectful voice. He slowly said, "Sir, I would like to ask what the specific method of cooperation is so that I can return to report. Otherwise, I will have to make a round trip again."

"I almost forgot, you guys don't have that kind of mirror anymore. Forget it, go back and tell her. The specific method of cooperation is very simple. She will bring everyone here and join the Great Yue that I have established. Then, I will bring them to solve the problem. Don't worry, this time, I will definitely cause Great Chu to suffer heavy losses." Liu Yue patted his head, as if he had not thought of it just now, and acted as if he had suddenly realized something.

The soldier nodded, stood up, and prepared to leave.

However, before he could take ten steps, he was stopped by Liu Yue. Before he could turn around, he heard Liu Yue's voice.

"Remember, I didn't discuss this with you. This is an inevitable condition. If you don't want to join, then don't come again." "I hope you'll bring them all the next time you come," Liu Yue said calmly.

The soldier felt a faint killing intent coming from behind him. He shivered and quickly left.

After the soldier left, Bai Zhong asked curiously, "After they came, they left a trace for Xu Bai and then killed them all?"

Bai Zhong had already expected the other party to be so impatient. After all, they had already forced the other party into such a desperate situation. However, he did not expect everything to be so easy.

Liu Yue shook his head and said, "We definitely have to kill them all, but not now. After they come, we'll think of another way. After all, our main goal is their location."

"Where?" Bai Zhong rubbed his chin and pondered. "Does that mean that we have to continue this show and get more and more people to join us so that we can gather and kill them?"

Liu Yue continued to shake his head." We can't do this. We have to kill them as soon as possible. The longer we delay, the more people they resurrect and the stronger they will be. At that time, it will be difficult."

" What do you mean?" Bai Zhong frowned." What should we do?"

Liu Yue said," It was my idea. It was His Majesty's idea. His Majesty told me to wait until they were all gathered, then think of a way to sow discord. If it succeeds, then it will be the greatest gain. If it doesn't, then kill them all. This way, at least the burden can be reduced, and the secret can be kept. After a new batch of people is resurrected, then the cycle will repeat."

Bai Zhong's eyes lit up.""I think I understand now. If we can't sow discord, we'll kill them and block the news. When the new batch of people resurrects, they'll know that we're still traitors and will think of ways to contact us again."

"That's the gist of it. Anyway, let's wait for them to come."

Bai Zhong nodded.

The two of them stopped talking and waited quietly.

..

After the soldier became the messenger, he rushed to the mysterious sea without stopping. When he arrived, he explained everything clearly and Ning Weiyue did not hesitate anymore.

"Prepare to depart!" Ning Weiyue stood up and immediately led all his subordinates to rush towards the barren land where the yellow sand was swirling.

The journey was smooth and there were no threats. When they arrived, they happened to meet Liu Yue, who was smiling.

Ning Weiyue simply cupped his fists and bowed: "Greetings, Your Majesty!"

When Bai Zhong saw this scene, he raised his eyebrows."As expected of someone from the era of all countries."

To be able to take it up and let it go, to be able to enjoy glory and wealth, and to be able to endure the humiliation of his hips, this was what a person was called.

The current Ning Weiyue was clearly like this.

She knew that they were on the weaker side in this collaboration, so she did not put on airs and lowered her head very readily.

“Your Majesty?” Liu Yue said indifferently. It’s not a bad way of addressing me, and I like hearing it. Since we’re all on the same side, there’s no need to be so restrained. Let’s talk about some serious matters.”

Ning Weiyue was slightly stunned, but he quickly reacted. He turned to look at the soldiers behind him and gave them a look.

The soldiers understood Ning Weiyue’s meaning and quickly left. Soon, only the three of them were left.

“What does Your Majesty want to talk to me about?”Ning Weiyue asked.

“A straightforward person doesn’t resort to insinuations. I want to know where you are hiding.” Liu Yue said with a smile.”

The moment he said that, the entire place fell into a dead silence.

Ning Weiyue’s eyes flashed with suspicion: “Why are you asking about this? “That place is a secret that can’t be known to outsiders. We don’t dare to reveal it either. Otherwise, if that existence is angry, he will blame us.”

Actually, Liu Yue had heard this many times. After he subdued those traitors, he had used all kinds of excuses to get information, but those people had given up and refused to speak. They were obviously very afraid of the Absolute Saint.

Liu Yue was actually not surprised to receive the same words.

However, he had a new discovery when he talked to someone else. He realized that among this group of people, Ning Weiyue was the most ambitious.

“What I mean is, how about we kill all of them and take all the credit?”Liu Yue continued.

Ning Weiyue was slightly stunned. After he reacted, he quickly shook his head and said: “No, absolutely not. If that existence finds out, we’ll be doomed.”

“You still don’t understand. The existence you’re talking about is supreme. He only cares about the result. If we present the result well, the process is not important.”Liu Yue stretched out a finger and shook it gently.

Ning Weiyue still shook his head.” With them around, although the credit will be split, it can guarantee our chances of victory. But if we kill them all, can we really win?””

Actually, when Liu Yue said that, she was already tempted. However, after thinking about it, she realized that this was a very serious problem. If she failed, she would really be doomed.

Liu Yue shrugged and pretended to be indifferent. "It's okay. I'm just making a suggestion. If you don't agree, then forget it. Take a rest first."

He didn't push too hard, but relaxed his tone instead. He didn't want to talk too much about this topic.

Ning Weiyue did not expect this either. She thought that the other party would stay on this topic for a long time, but suddenly stopped, making her unable to do anything.

However, she thought about it carefully and decided not to say anything. She cupped her fists and left.

Bai Zhong did not say anything. He watched Ning Weiyue's back as she left. Only after she disappeared into the yellow sand did he say, "Why don't we continue the discussion? I think she's already moved."

Liu Yue smiled. "She's indeed tempted, but if we push her too hard, we'll give ourselves away. Some things need her to think it through herself. If she thinks it through and wants to do this, that's a good thing. If she can't think it through, then kill them all."

"How much time do we need to give them?" Bai Zhong shrugged.

Liu Yue's eyes gradually turned cold, and his tone became extremely cold. "If they don't give me an answer within a month, I will personally kill all of them."

"I hope so." "I'm going to take a nap first," Bai Zhong said. "Call me if there's anything."

He turned around and left.

..

Time gradually passed. In the blink of an eye, nearly a month had passed.

Bizarre market.

Xu Bai took a deep breath and looked at the blank paper in front of him. The corners of his mouth curled up slightly.

"I've finally finished all the progress bars."

Chapter 1116: Xu Bai Becomes a Saint (1)

When Xu Bai said this, he felt deeply moved.

There were so many progress bars inside. He had been working on it day and night, and now he was finally done.

This didn't just include the initial portion. During this period of time, the Chu Emperor had given him the remaining half.

Therefore, up until now, what he had obtained was probably the most progress bar he could get. For him, it was indeed a huge project, but fortunately, this project was completed.

Xu Bai took a deep breath and looked at the light blue smoke in front of him. It kept surging in front of his eyes and finally turned into words. He was a little excited.

This was his latest attribute panel. Xu Bai looked at the latest realm on it and could not help but smile.

[Name: Xu Bai]

" Realm: First Grade Saint Itinerant."

[Ten Thousand Celestial Summoning Technique (Saint Ascending Stage Level 1):[Maximum level.]

[Myriad Attack (Saint Rank-1):[Maximum level.]

[Myriad Defense (Saint level 1):[Maximum level.]

[All kinds of spells (Saint level 1):[Maximum level.]

[All kinds of support (Saint level 1):[Maximum level.]

[Myriad Wondrous Techniques (Saint level 1):[Maximum level.]

" Comprehension: Maximum level."

..

That's right, he had reached the Saint Realm. He was now a Saint Realm expert. This time, he had reached a level that ordinary people could not reach.

He really did not expect that there would be so many fusion techniques this time. Other than his mental cultivation method, which directly jumped from the seventh grade of the Saint Realm to the Saint Realm, his other skills had also reached the Saint Realm.

After reaching the Saint Realm, there was a qualitative change. If he was like a small meandering river in the past, he was like an endless ocean now.

In fact, it could not be said to be a qualitative change. It should be a lot of qualitative changes.

Xu Bai rubbed his palms together and said excitedly, "With my current strength, can I go out and play?"

To be honest, he wasn't someone who would be willing to be alone. Moreover, he felt like he was being locked up here.

He could only wander around here every day. There was no chance to go out at all, so it was very boring.

Although he had a beauty like Ah Wu accompanying him, he would still get annoyed if he looked at her for too long. Now that he had reached the Saint Realm, all he could think about was going out.

Ah Wu watched quietly from the side and didn't say anything. When he suddenly heard Xu Bai's question, he rubbed his forehead and said helplessly, "If you want me to give you an accurate answer, I really don't have a way because I don't know what's going on outside now, including what the plan against you is. My suggestion is that it's best not to go out unless it's absolutely necessary."

She really didn't want Xu Bai to go out. It wasn't that she wanted Xu Bai to stay here with her, but going out was a very rash decision.

What if the Absolute Saint was already waiting outside? If Xu Bai ran out, he would be walking right into a trap.

At this time, the more they worked hard to improve themselves and become stronger, the more confident they would be in the future. After all, they were facing countless worlds that were not their match.

Although the Absolute Saint only had one eye left, no one dared to resist it because it was invincible.

Therefore, in Ah Wu's mind, the most important thing for Xu Bai was to keep himself alive. The later he went out, the better.

"Do you think I'll get any benefits if I go out like this?" Xu Bai rubbed his chin.

When Ah Wu heard this, he looked at Xu Bai with a puzzled expression. He did not know what Xu Bai was up to.

Xu Bai smiled faintly. Then, the True Core Strength in his body began to surge. This time, the True Core Strength surged like a river flowing through a dry river bank. The majestic aura was shocking.

Fortunately, Ah Wu had experienced a lot of great things herself, and she had fought with an Absolute Saint before. Therefore, even Xu Bai, who was as imposing as a river, didn't make her expression change at all.

Of course, that was what she thought, but the next scene made her retract that thought.

Under the surging of the Refined Qi, Xu Bai's body suddenly twisted. A phantom image, like a soaked noodle, gradually withdrew from Xu Bai's body. Moreover, the speed of the withdrawal was not fast, but it looked quite terrifying.

This shadow had the same shape as Xu Bai, but it did not have any specific color or facial features. It looked like a shadow.

Ah Wu was originally expressionless, but after seeing this scene, it slowly turned into surprise. "What ability is this?"

All of them had once possessed these golden fingers, so Ah Wu knew very well how perverted Xu Bai's abilities were. However, she was still very surprised to see one of them.

At this moment, the shadow finally left Xu Bai's body. Xu Bai smiled mysteriously and snapped his fingers.

With a loud bang, the shadow solidified at a speed visible to the naked eye, turning into a person identical to Xu Bai.

Even a single strand of hair was extremely similar to Xu Bai's.

Ah Wu finally understood what Xu Bai meant. The corner of his mouth twitched slightly. "Among the abilities you obtained this time, there's actually an ability related to clones. This ability is indeed rare."

Xu Bai smiled. "In the end, it's still the Chu Emperor who's amazing. When I said that I wanted this ability, he sent it to me. Otherwise, I really wouldn't have been able to do anything about it."

Chapter 1117: Xu Bai Becomes a Saint (2)

In this world, the Chu Emperor was the most at ease when handling matters.

"I understand what you mean," Ah Wu said thoughtfully. "You want to use your clone to go out. That way, you can use this clone to do many things. But I don't know if the Absolute Saint will sense your clone and get rid of it."

After saying this, she added in her heart, 'These young people are the best at playing.'

Xu Bai said, "Isn't it better if he can sense it? If this clone of mine goes out, ordinary people won't be able to deal with it. Take a look at his strength.'"

The clone raised his right hand, and a dazzling white light erupted from his hand. It brought with it a terrifying pressure, and grayish-white and golden heavenly transformations appeared at the same time, covering the entire sky and the earth, connecting the sky and the earth.

"Saint!" Ah Wu was stunned on the spot.

Just a moment ago, the strength that the clone had unleashed was actually at the Saint Realm. This was simply unbelievable.

This was a clone!

It was not the main body yet. How could it have such powerful strength?

This was equivalent to Xu Bai's combat strength being doubled.

"That's pretty much it. After reaching the first level of the Saint Realm, it's a very unreasonable skill." Xu Bai said.

Ah Wu covered his face with his hand.

"Don't we have similar abilities?" Xu Bai asked curiously. "You guys should have played quite well back then. Why are you so surprised?"

Ah Wu spread out his hands and said, "It's still fun for you young people to play with. People like us feel that it's outdated.'"

Xu Bai was speechless.

He felt that if he wanted to continue talking about this matter, it would take a lot of time.

Xu Bai noticed the problem in Ah Wu's words just now, so he changed the topic and asked, "You just told me that if this clone of mine goes out, it's very likely that the Absolute Saint will discover it. He might sense it and find my clone to deal damage?"

Ah Wu nodded. "After all, this clone of yours is inextricably linked to you. If this clone of yours goes out, it's very likely that it will cause the consequences I just mentioned. Perhaps you'll be gone after wandering around for a while, even if you're in the Saint Realm."

"Wait!" "He's bound again and weakened again. That means he can only use his plan to deal with me. Of course, the premise is that he doesn't come out. If this clone of mine runs out, will he not be able to tell the difference between me and the clone?"

Ah Wu's eyes lit up. "I understand what you mean. You want to use this clone to trick him. If he uses his plan on the clone, you'll know his plan!"

Xu Bai nodded, indicating that this was indeed the case.

This idea had just been born. After it was born, it took root in his mind and could not be shaken off.

If that was the case, wouldn't the Absolute Saint be tricked by him?

Ah Wu fell into deep thought. He walked back and forth for a moment before finally stopping. "I don't know if he can tell the difference, but I can really give it a try. This clone shouldn't cost too much for you, right?"

"I can only condense one," Xu Bai said. "If this one is destroyed, I'll have to condense it again half a month later."

"Then let's go and try!" Ah Wu said excitedly as he clenched his right fist and hammered it into his left palm.

The two of them looked at each other and laughed together. Their laughter reverberated in the dark red sky.

..

In the outside world.

Countless people walked out from the yellow sand in the barren land. They were densely packed and one could not see the end of them at a glance.

If one were to observe from a high altitude, one would discover that everywhere one looked was filled with people.

The leaders of this group were Liu Yue and Bai Zhong, and behind them was Ning Weiyue.

As Liu Yue walked, he smiled and said, "Look, you're doing very well. We're working together to kill all the competitors. This way, the credit will all be ours."

In this one month, Bai Zhong and Liu Yue had managed to maintain an ambiguous relationship. Ning Weiyue wanted to cooperate, but he didn't know how.

While hanging on like this, Ning Weiyue finally couldn't hold it in anymore and came to find Liu Yue, expressing that everyone would kill all those people together.

That was why there was such a scene in front of him.

At this moment, Ning Weiyue was bringing them to the mysterious sea.

She had no choice. If she didn't bring it with her, her credit would be stolen.

Thinking about it carefully, if the Absolute Saint rewarded her, those who were weaker than her would be very unwilling to accept the fact that the reward was above her head.

People who had reached their realm were all like this. They would either do their best or die together. It was absolutely impossible for them to be inferior to others.

It was fine even if there were not many changes when the time came. She just couldn't stand it when someone weaker than her was above her.

The few of them did not say a word. They were rushing to the mysterious sea at high speed. There was no nonsense during the entire process. They arrived in a short time.

"It really is a hidden place. If we didn't see it with our own eyes and had to search for it ourselves, we probably wouldn't have been able to find it for many years." Liu Yue sighed.

In front of him was a never-ending shadow. It was densely packed and made one's scalp go numb.

If he had trypophobia, he would probably faint instantly after taking a look here.

"At this moment, they should be at their weakest. It would be best if we could take this opportunity to destroy them." Ning Weiyue said.

"You can do it now!" Liu Yue's lips curled up slightly.

Behind him, Bai Zhong drew his sword and pointed at the shadow.

The power of the battle formation was released from the body of the army, and the power of countless soldiers was transferred to his sword. Then, the sword descended from the sky.

The sword, which looked so small that it made people feel inconspicuous, now carried an invincible might as it swept across the phantom in front of him.

The aftershock was gradually spreading, and the phantom that came into contact with it turned into ashes.

Vaguely, screams could be heard coming from the ashes.

“Traitor! You traitor!”

“If that existence knows what you’ve done, you’ll die a miserable death. You’ll be cut into pieces and never be able to reincarnate!”

“Bastard! How dare you!”

Other than screams, there were also curses.

Ning Weiyue shut her mouth and did not refute a single word.

However, it was not that she did not dare to refute, but she felt that it was unnecessary.

Her eyes were as cold as a block of ice that could not be melted. There was no fluctuation in her emotions.

The longsword’s residual power was very strong, but when all the surrounding phantoms disappeared, there were still nine phantoms left.

Bai Zhong played with his sword and put it back at his waist. He frowned. “It seems like there is a special power protecting the saint level. I can’t break it, but can you?”

In fact, he should be able to destroy it with his Saint Realm strength. However, when the sword approached, he could feel that the nine shadows were protected by something.

Ning Weiyue explained, “They are the nine saints from the era of the ten thousand countries. It’s very likely that that existence valued them so much that he used special methods. Perhaps they can succeed in becoming saints.”

Bai Zhong looked at Liu Yue, meaning to leave it to her.

Liu Yue understood what Bai Zhong meant. He nodded and took a step forward, raising his right hand.

When he raised his right hand, the originally blue sky instantly darkened. If one looked carefully, the darkness was filled with black characters.

Standing between heaven and earth, Liu Yue placed his hands behind his back and said calmly, "I'm looking forward to my first battle after becoming a Saint."

As he finished speaking, the words in the sky gradually fell like meteors.

I Have Unparalleled Comprehension #Chapter 1118: Master Finally Came Out!_1 - Read I Have Unparalleled Comprehension Chapter 1118: Master Finally Came Out!_1

Chapter 1118: Master Finally Came Out!_1

Every word carried a destructive might that made people tremble in fear. After everyone saw it, they all trembled.

Even Ning Weiyue gripped the long sword at his waist tightly, his knuckles turning white.

Although he looked calm on the surface, he was actually very frightened inside.

This was the power of a Saint Warrior. No one could resist it. Even a Saint Warrior was like an ant in front of a Saint Warrior.

The power of this move had already shaken the hearts of everyone present.

"Boom!"

The booming sounds continued. Every word that fell brought with it a loud bang.

As the words fell, the sea area rose up, connecting the sky and the earth, causing people to feel a chill in their hearts.

In the sky, connected to the seawater, the ground began to sink. The power of the words caused the seawater to evaporate rapidly, and the sea level decreased at a visible rate.

Although the nine blurry figures were augmented with a special defensive power, as the words fell one after another, layers of spiderweb-like cracks appeared on the surface of the illusory figure.

The cracks were small at first, but as time passed, they gradually deepened. After more and more cracks appeared, they emitted the sound of an eggshell cracking.

Liu Yue's expression remained the same. With a wave of his hand, countless words fell. The profession of a scholar had already reached perfection in his hands.

"Who dares to disturb our resurrection!"

At this moment, the nine phantoms let out furious roars at the same time. Their voices were extremely angry, and they descended from the sky with unimaginable pressure.

However, Liu Yue's expression remained the same. He gently waved his hand, and this world-destroying pressure instantly disappeared as soon as a word fell.

Even the nine Saint Realm experts were nothing but ants in front of a Saint Realm expert. Moreover, these nine guys hadn't really been resurrected, so their current strength wasn't considered strong among Saint Realm experts.

If not for that layer of defensive power, Bai Zhong would probably have been able to kill these people just now. Now, it would be even easier for Liu Yue to attack.

"It's Saint!"

"Damn it, how could they have discovered our location? Didn't that existence say that as long as we don't expose ourselves, it's impossible for anyone to find us?"

"Ning Weiyue! So it's her. She betrayed us!"

"Traitor, when that existence appears from there, you will receive the punishment you deserve, and we will be resurrected and return!"

The nine shadows seemed to have given up and stopped exerting terrifying pressure. After all, they were clear about the situation outside.

Their anger changed direction and turned to Ning Weiyue. Everyone cursed viciously.

Ning Weiyue's face turned extremely pale, but she did not say a word. Her gaze was still indifferent and expressionless, like a cold machine.

"As long as I can win in the end, that existence won't care about the process. I can still get the credit I deserve."

She took a deep breath and calmly watched the scene in front of her.

Liu Yue continued to attack. Every time he attacked, countless words would fall, and every time they fell, the cracks would spread even faster.

At this moment, one of the phantoms finally couldn't take it anymore and shattered from the middle.

As the crisp sound of shattering echoed in the world, a shadow that had yet to fully form rushed over. However, the direction the shadow rushed towards was Ning Weiyue's direction.

Ning Weiyue became nervous in an instant. She was indeed the first person below Saint Realm, but she hadn't stepped into Saint Realm in the era of all countries, so there was really a gap between them.

Now that she saw the Saint Warrior who was about to follow her, she looked at Liu Yue and couldn't help but take a few steps closer.

"We are all on the same side. I can also contribute, so he should be able to protect me." Ning Weiyue thought to herself.

Just as this thought appeared, before she could finish her thoughts, she felt a pain in her body. Ning Weiyue looked down and saw the phantom's arm pass through her heart. At the same time, she felt the pain gradually extend.

"Why...I just want to know why?" Although Ning Weiyue's face was in pain, his eyes were filled with anger and confusion.

She still didn't understand why this had happened.

At this moment, the attack launched by the saint phantom was already at the end of its flight. It was already severely injured and soon dissipated.

The wounds on Ning Weiyue's body were gradually spreading. The remaining power in her body made it impossible for her to recover. Moreover, she was gradually weakening at a speed visible to the naked eye.

Her eyes were still fixed on Liu Yue, wanting an answer in her heart.

Liu Yue did not say anything and continued to attack. Bai Zhong, who was beside him, spoke with a mocking tone.

"If you want to know why, it's actually very simple. Have you ever considered that we didn't betray the Chu Emperor at all?"

A trap?

A trap?

Ning Weiyue said in disbelief, "You paid such a high price. There are more than a hundred extraordinary experts just to set up this trap. Are they willing to die?" Aren't you being too cruel to your own people by doing this?"

As the saying goes, the person involved is confused, and the bystander is clear. In Ning Weiyue's opinion, there was really no problem with this plan.

In this world, there were only a few hundred extraordinary experts. Speaking of which, with such a huge base, there really weren't many.

I Have Unparalleled Comprehension #Chapter 1119: Master Finally Came Out!_2 - Read I Have Unparalleled Comprehension Chapter 1119: Master Finally Came Out!_2

Chapter 1119: Master Finally Came Out!_2

How could they pay so much to do such a thing?

If he went back on his word on the spot, wouldn't the price they paid be too heavy?

"Oh, why did you pay such a huge price? It's better if you don't know." Bai Zhong said disdainfully.

Villains would die from talking too much. Bai Zhong was not stupid enough to tell a dead person that they could be resurrected after death.

"I'm going to die soon. Don't tell me you don't want me to fulfill your wish? We're in the same line of work, and it's all because of me that your line of work can be passed down." The aura on Ning Weiyue's body was already getting weaker and weaker, not far from death.

She was unwilling to accept it. She knew that she had lost, but she wanted to let herself understand where she had lost. At the very least, she wanted to make it clear.

"You're not worthy. " People in the army spend their entire lives on the battlefield," Bai Zhong said calmly. "What we have experienced is different from ordinary people in the martial world. In my opinion, you are so weak and bow to others. You are not worthy of being in the same profession as me. I am ashamed of you!"

Ning Weiyue's eyes were filled with anger. She wanted to take a few steps forward, but she was already at the end of her rope. As she took a few steps, her body began to gradually turn to ashes.

"I can't accept this. In the era of all countries, I was so close to becoming a saint, but someone beat me to it!"

"Now, I originally had the right time, the right place, and the right people. However, because of the problem of time, I ruined my perfect plan!"

"Why? Why did I fail in the end? I'm not convinced!"

The last words lingered between heaven and earth, but it was already too late. Ning Weiyue was completely filled with unwillingness and despair as he turned into ashes that filled the sky.

Following Ning Weiyue's death, the defectors present were all horrified. They finally knew that they were probably not far from death.

Some of them tried to escape, but before they could take a few steps, they were instantly turned into ashes.

The terrifying power of the army formation reverberated in the sky. At this moment, Bai Zhong's entire body was filled with a despairing aura of the battlefield.

"I just don't like to talk, but I'm a real saint warrior. If I let you run away, I might be laughed at for the rest of my life." Bai Zhong smiled.

Everyone was like tofu in front of the military formation. They could not resist at all and were instantly crushed into pieces.

"It's done. The rest is up to you." Bai Zhong yawned lazily.

The remaining eight phantoms shattered more and more violently. The protective power on them was indeed very strong. Even Liu Yue had only broken through this protective power now.

After the protective power was shattered, the nine phantoms completely turned into nothingness and disappeared without a trace.

"It's finally done. We can go back now." Bai Zhong smiled. "It's a pity that we can't give these to Xu Bai. Xu Bai said that he didn't need them. After all, if we don't get rid of them immediately, there will be future troubles."

Liu Yue retracted his hand, and the characters that filled the sky disappeared. At the same time, the terrifying power in the sky also disappeared.

"Let's go back first. After staying in this barren land for so long, I still miss the prosperity and wealth in the capital."

Bai Zhong pursed his lips." Why do I feel like you're pretending from the beginning to the end?" he asked."

This was not a feeling, but reality. Every word that Liu Yue said now had a special rhythm.

It was very special and gave people goosebumps.

Liu Yue coughed lightly and puffed out his chest.""After all, I'm also a Saint."

Bai Zhong was speechless.

To be reasonable, if it wasn't for the fact that he couldn't beat him, he really wanted to make a move and beat this guy up.

"Let's go! Don't say anything. Don't talk to me along the way. We'll talk when we get back, okay?"Bai Zhong turned around speechlessly and rushed towards the capital.

Liu Yue maintained the lonely feeling of an expert as he followed silently behind.

..

Bizarre market.

Xu Bai looked at the round altar in front of him and was making the final preparations.

The clone obediently stood at the side like a puppet. No one could tell his emotions.

Ah Wu curiously stretched out his hand and poked the clone's arm. He said in surprise,""It's indeed so real!"

Xu Bai's mouth twitched. Even though it was my clone, I could still feel it. It's just that I didn't feel much."

Hearing this, Ah Wu was even more surprised.

"I still feel it. What would it feel like if you touched your clone?"

Xu Bai was speechless.

This idea was very good, but it caused his train of thought to instantly go awry.

Wouldn't touching his clone, coupled with the feeling of his own body, make him feel twice as happy?

Wait a minute!

Why do I have such thoughts?

This was too abnormal!

Xu Bai felt that it must be because he had browsed many posts in the past and was influenced by those strange gameplays.

He shook his head hard to get rid of this strange thought and pointed at Ah Wu seriously.

“Don’t talk now!”

“?”

She was just giving her opinion and didn’t say anything else. She didn’t understand at all.

However, her interest only lasted for a short while. After a while, her interest was gone. She did not care about the clone and played by herself.

Xu Bai didn’t think about anything else. He took a deep breath, took out a token from his waist, and handed it to his clone.

The clone took it decisively, took two steps forward, and stood in the middle of the circular pattern.

“Hehe, if I can succeed this time, I can go out and have fun.” Xu Bai rubbed his hands and ordered his clone to activate the token.

His True Core Strength surged, and soon, the clone in front of him disappeared into the circular pattern.

“I’ve succeeded. I need to control my clone. I won’t be chatting with you for the time being.” Xu Bai turned his head and looked at Ah Wu, who was playing with a stone.

Ah Wu crushed the stone in his hand into powder, found another stone, and continued to play with it with his head lowered.

Xu Bai didn’t bother about Ah Wu anymore. He closed his eyes and began to control it.

..

Ruins.

The Absolute Saint had shrunk again, and he didn’t look as big as before. There were many chains on his body, making it difficult for him to move.

That huge eye was tightly shut.

It looked like a lifeless object, but the smell that was constantly emitting reminded everyone that this guy in front of them had the power to destroy countless worlds.

The surroundings were quiet. Coupled with the deathly stillness of the black environment, it looked eerie and terrifying.

At this moment, the Absolute Saint's eyes suddenly opened. He was filled with disbelief.

"What's going on? How dare he come out?"

Just now, the Absolute Saint sensed Xu Bai's scent, and it was in the human world.

With a flash of light, the ruins appeared in front of the Absolute Saint. The ruins had shrunk and looked much weaker.

"Your emotions are fluctuating. Is there any news?"

The appearance of the ruins was an attempt to get information from the Absolute Saint.

The Absolute Saint closed his eyes and didn't say a word. He didn't want to talk to him at all.

Although the remains did not have any facial features, he could feel that he was a little complicated at the moment. This was because the guy in front of him had shown emotional fluctuations. Something must have happened, but he did not know what it was.

Even though the Absolute Saint was locked up by him, he was also gradually weakening. The two of them had a relationship of one weakening and the other weakening. He didn't know how much time he could extend.

However, since the Absolute Saint was not saying anything, he could not ask anything, so he waited patiently.

The Absolute Saint still closed his eyes. Although he didn't seem to have any emotional fluctuations, he was actually deep in thought.

To move or not to move was a very serious question.

When he sensed Xu Bai coming out, the Absolute Saint became cautious and suspicious.

Chapter 1120: The Abnormality Came Looking For Xu Bai

He was an extremely cautious person. Otherwise, he would not have been in his current position. He had ruled countless worlds for countless years, and it was only recently that he had fallen into his current state.

He had set up a series of plans to deal with Xu Bai, but Xu Bai was very cunning. So far, his plans could be said to have succeeded or failed.

The success was that Xu Bai was still trapped in the Bizarre City. However, the failure was that even though Xu Bai was in the Bizarre City, he was still tricked by Xu Bai.

According to the Absolute Saint's plan, he would go out at the time he had planned, but what was the result?

As a result, he was tricked by Xu Bai. Now, his plan to go out had been delayed again, and he had become even weaker.

Therefore, the Absolute Saint's thoughts were simple.

Was it true or false?

"He wouldn't come out recklessly. He wouldn't be him if he still came out recklessly after knowing that I have a follow-up plan." The Absolute Saint thought to himself, This trip is a great opportunity for me. If I give it up so easily, it will be extremely difficult for me to find another opportunity like this."

This place was as dark as ink. It was cold and eerie, and there was no life force. Although the Absolute Saint had his eyes closed, he kept making choices in his heart.

The remains were observing the situation here from afar. His facial features could not tell his emotions, but he was also thinking.

He and the Absolute Saint had stayed here day and night, so he was already familiar with the Absolute Saint's temper.

It could be said that there was no one else in the world who understood the Absolute Saint better than him.

He knew that the Absolute Saint was planning something, but he couldn't find out anything.

"No, we have to spread this news first." The ruins thought to themselves.

No matter what, other than restraining the Absolute Saint, he was also acting as a messenger because he had the closest contact with the Absolute Saint. If there was any news, he would be the fastest.

Thinking of this, he prepared to leave the ruins and spread the news first so that the outside world could be prepared and better respond.

However, at this moment, the Absolute Saint's tightly shut eyes slowly opened.

The dignified and noble voice echoed in this gloomy environment, and the gloominess was instantly washed away.

"You don't have to inform them anymore because it's too late." the Absolute Saint said slowly.

"What did you do?" The ruins was slightly stunned.

"You will see. The moment Xu Bai came out, it was already decided that this plan must continue." the Absolute Saint said in a low voice.

He made a decision. No matter what, this plan had to start.

This was the most important part of his plan, and it was also indispensable.

You can't be timid!

If he could succeed, it would be a great thing for him.

If it failed, there would be no benefit in continuing the plan. It was better to fail early so that he could make the next change.

Instead of minding his own business, he might as well take the initiative and use this plan to test Xu Bai.

The Absolute Saint closed his eyes and stopped talking.

The ruins saw this scene, but also didn't know that it would continue to be like this, also didn't know that it was possible to inquire about useful information, turned around and left directly.

No matter what the Absolute Saint had said, he had to inform them.

..

After leaving this place, the ruins began to use the old method to prepare to send news through Yun Zihai.

However, when he started to follow the old method, he discovered that there was a problem.

“How is that possible? Why can’t I contact him?”The ruins were stunned.

Just now, he used the previous method but realized that he could not contact Yun Zihai at all.

“Could it be that the Absolute Saint is using those doors to deal with Xu Bai?”

A new idea emerged in the ruins ‘mind.

It suddenly occurred to him that the Absolute Saint wasn’t an easy person to deal with. Perhaps he didn’t design those doors just to destroy Xu Bai with countless worlds.

Moreover, the door had been stabilized. What was used after that?

Ruins sighed. He couldn’t think of anything.

Even if he did, he couldn’t contact Xu Bai now.

“I hope you can turn the situation around.” the ruins said.

The gloomy sky happened to reflect the gloomy mood of the ruins.

..

In the human world.

Yun Zihai sat on a chair in the palace’s treasure vault and focused on reading a book.

Beside him, Liu Qingfeng sat cross-legged with his eyes closed.

Not long ago, there was another Saint, causing quite a stir.

After confirming the number of people, the Chu Emperor informed them that it was most likely Xu Bai who had come out of the Sage Realm.

Although Xu Bai was in the Bizarre City and no one could sense him, there was one less Saint Realm expert. It could only be Xu Bai. After all, all the Saint Realm experts were here.

Including Liu Yue who had just become a Saint, there were now three more Saints.

Liu Qingfeng was getting closer and closer to becoming a Saint. He felt that he only needed a month to step into it.

However, he didn't relax, even though there were many spots for him to become a saint.

Who knows if others are working harder?

The more critical the moment, the more he had to seize it.

Therefore, during this period of time, Liu Qingfeng had practically never left the door or stepped out of the door. He had been cultivating in the treasure vault.

It was the same for Yun Zihai.

Now that he had stopped cultivating as a scholar and turned to cultivating the divine soul, he had already made great progress.

The door in his mind was completely suppressed by him, and there was no way it could cause any ripples.

Chapter 1121: The Abnormality Came Looking for Xu Bai (2)

"But...Why am I getting more and more uneasy?" Yun Zihai put down the book in his hand, feeling a little melancholic.

It was originally a good thing, but the uneasiness in his heart grew stronger and stronger, making him unable to be happy.

He had asked Director Mu about it. In fact, Emperor Chu and the other Saints had come to take a look, but they could not figure out anything.

However, there must be something strange about this.

Recently, Director Mu had been observing him often. He understood this matter. After all, it concerned the entire world.

“Brother Qingfeng is only a hair’s breadth away from becoming a Saint.” Yun Zihai retracted his gaze and thought for a moment before continuing to read the books on the divine soul.

No matter what, if he continued to be right, the stronger he was, the more he could suppress it.

Thinking of this, Yun Zihai flipped to another page.

But at this moment, Yun Zihai was suddenly stunned.

In front of him, the originally clear words were gradually turning blurry.

At the Transcendent Realm, it was impossible for there to be any problems with one’s vision. Yun Zihai instantly became alert.

He was about to say something to get Liu Qingfeng to be more careful, but he realized that he could not open his mouth at all.

It was as if there was a stone stuffed in his throat, stuck in the middle of his neck, and he could not make a sound.

At the same time, his vision became blurry. He felt something was being pulled out of his mind.

“It’s the door!” Yun Zihai roared in his heart!

The originally peaceful gate began to act like a demon at this moment.

The doors to these countless worlds did not open. Instead, they wanted to leave, to leave his mind.

Yun Zihai’s vision was already blurry to the extreme. He was gradually losing consciousness and was about to faint.

Suddenly, a figure appeared.

“Calm down, wake up!”

When Yun Zihai heard this voice, he vaguely recognized that it was Director Mu’s voice.

However, he could not hold on any longer and fell to the ground...

In the palace treasury, Director Mu looked at Yun Zihai who had fallen to the ground. He first went forward to check on Yun Zihai’s condition. After finding that there was no problem, he began to check on Yun Zihai’s soul.

Ever since Yun Zihai's abnormality, Director Mu had been paying close attention to it.

Today, he suddenly felt a special fluctuation from Yun Zihai's side. Although the fluctuation was very small, it could not be hidden from a Saint Realm expert.

He had rushed over as fast as he could, but he was still a step too late.

"There's nothing wrong with my body, but this divine soul...Where's the door?"

Although Director Mu was not a divine soul expert, he found that all the doors hidden in Yun Zihai's mind had disappeared.

"It can't be because of the Cloud Sea. These doors disappeared on their own. Something must have happened!" Director Mu thought.

Director Mu's arrival made Liu Qingfeng return to normal.

Just as Liu Qingfeng was about to speak, he was interrupted by Director Mu.

"There's no time to explain. Something big might have happened. I need to go to Great Chu. I'll leave this to you." Director Mu handed Yun Zihai over to Liu Qingfeng. Without another word, he hurriedly turned around and left.

Liu Qingfeng was stunned, not knowing what had happened.

At this moment, Yun Zihai slowly woke up. His consciousness had completely recovered.

The moment he recovered, he checked his divine soul. After looking at it, he had the same expression as Liu Qingfeng.

"Where's the door?"

"Door?" Liu Qingfeng finally reacted. The things in your mind?"

Yun Zihai nodded and told him what had happened.

The more Liu Qingfeng listened, the more serious his expression became.

Things began to progress again. No one could say for sure what would happen next.

"Hurry up and increase your strength. Director Mu has already gone to Great Chu." Liu Qingfeng said.

Yun Zihai nodded with a bitter smile.

In the current situation, it seemed that there was really nothing he could do.

"If I had known earlier, I would have died that day. Now, it's because of me. Sigh, I'm afraid I'll become a sinner for eternity." Yun Zihai was a little depressed.

Liu Qingfeng said, "Since it has already happened, you should seize the time to improve yourself. There's no need to be depressed."

Yun Zihai wiped his face hard and said, "Alright, hurry up and cultivate."

The two of them did not say anything else and continued to do their own things.

..

On the other side, in an old forest deep in the mountains.

"Hahahaha!"

The hearty laughter echoed in the forest that was rarely visited by people, startling a group of birds and beasts.

Xu Bai rose into the air and breathed in the fresh air around him. Looking at the bright sunshine and the blue sky, he felt refreshed.

"After so long, I've finally returned to the human world. This air is ten thousand times better than the Bizarre Market!"

A bird flew over and was caught by Xu Bai. After Xu Bai teased it for a while, the bird flew away in a panic.

Xu Bai looked at the distant horizon and stretched his neck, thinking about the next step of his plan.

"Since you're out, let's make a trip to Great Chu first and find the Chu Emperor."

The first thing he needed to do when he used his clone was to communicate with the Chu Emperor and the others.

After all, they had always been in the Bizarre Market. Although there were ways to communicate, that method was still very inconvenient.

Now that they could communicate face to face, perhaps many details could be discovered.

As for what the Absolute Saint wanted to do, he had no idea. After all, he had just come out.

After thinking through this, Xu Bai did not plan to stay here for too long. He found the direction of Great Chu and prepared to fly in that direction.

Based on his current strength, it would take a long time to fly over.

But just as he was about to leave, an accident happened!

Xu Bai frowned slightly and turned to look in a direction.

The blue sky and white clouds in this direction were peaceful.

“Something’s wrong. Something is rapidly approaching me!”

With Xu Bai’s strength, he could easily sense that something was coming.

As expected, when he looked over, there was a small black dot in the sky not far away that was gradually spreading.

The black dot was only the size of a grain at first, but in the blink of an eye, it had arrived in front of him and become like a huge mountain.

Its body was huge and looked exactly like a human. It had four limbs and a head.

However, this huge thing looked extremely strange because this humanoid creature was made up of doors.

Every door was different, but when they were combined together, they seemed unusually harmonious.

When Xu Bai saw the door, he immediately became alert. He thought of Yun Zihai.

He had encountered such a strange thing as soon as he came out, and when he thought of the Absolute Saint’s plan, he suddenly had a strange idea.

“Could this thing be specially made to deal with me? Want to fight?”

Although this thing looked very strong, it didn’t give Xu Bai the feeling that it was that strong. It didn’t give off any overwhelming pressure or killing intent.

It was like a dead object. In fact, it was condensed from a dead object.

Xu Bai didn’t give the strange thing in front of him any time to react. He stretched out his right hand and pressed it down. A white light exploded on his right hand.

When he reached the Saint Realm, the appearance of this light represented endless destruction.

Xu Bai was as tiny as a mosquito, but when the white light approached, the strange humanoid creature in front of him instantly turned into ashes.

The sky was clear again, and it was quiet and peaceful. However, Xu Bai's brows were tightly furrowed.

He felt that something was wrong. This was too simple. Absolute Saints would never use such a simple method to deal with him.

"There must be other problems. This guy can't be that simple." Xu Bai looked around cautiously while spreading out his soul.

But unfortunately, even if he spread out his divine soul, he did not discover anything unusual.

"We can't stay here for long. Let's not worry about anything else. We'll talk about it when we reach Great Chu."

Xu Bai didn't plan to stay here any longer. He headed in the direction of Great Chu and prepared to leave.

This time, he had come out with a clone. Although it seemed very safe, he could not let his guard down. After all, if something happened, he could only use it again half a month later.

However, just as he was about to leave, an abnormal situation suddenly appeared!

Chapter 1122: A Mistake (1)

The surroundings were originally blue sky and white clouds. It was an empty space. Coupled with the vast forest, it looked like a refreshing scene. Being in it would make one feel broad-minded and comfortable.

However, after Xu Bai destroyed the strange creature formed by the door, everything suddenly changed.

The environment disappeared. There was no sky, no white clouds, and no vast forest. There was only silence.

The sky was as dark as ink. There was no moon or stars. It was pitch-black, like a piece of black cloth without any impurities.

As for the ground, it was a piece of scorched earth. When one stepped on it, it felt like sand was rubbing against it. It was very fluffy and fragile.

Every step he took was accompanied by a cracking sound.

Xu Bai was in this world, but he felt an extremely unfamiliar emotion. This emotion came from his heart. He seemed to feel that he was not in his original time and space.

“What’s going on? He changed my position for no reason. Where am I now?”

After killing that strange creature, he did not feel any danger, including now.

He had only changed his location. Nothing else had changed. Not even the enemy had appeared.

However, Xu Bai knew that the Absolute Saint wasn’t a simple character, so he was even more cautious in this situation.

The guy who ruled countless worlds would definitely not do something useless. There must be a deeper meaning behind this.

Xu Bai circulated his True Core Strength and expanded his soul power at the same time.

With himself as the center, the power of the soul spread out like an ocean, instantly scanning the surroundings.

There were no living creatures around him, nothing at all. There was only a deathly stillness, but Xu Bai felt that the sense of strangeness was getting stronger and stronger.

“Let’s try divination.” Xu Bai used the skill, Myriad Ancestors, to measure his own strength, but the result was not satisfactory.

“Not even good or bad.”

He had thought that this calculation would at least be able to determine whether it was good or bad for him, but the result disappointed him.

There was no good or bad luck.

There was nothing, and he could not deduce anything. This was impossible.

He didn’t try to divine an Absolute Saint. With his strength as a Saint, it was impossible for him not to divine it.

This strange situation made Xu Bai feel even more helpless. At this moment, he suddenly sensed something approaching.

As his spiritual power surged, he immediately focused on the thing that was approaching.

Soon, Xu Baibian knew who it was.

It was a woman. She was dressed in tattered clothes, but she had a powerful force on her.

This power was unfamiliar to Xu Bai, because this woman's power came from the two metal wings on her back.

The metal wings were made of an unknown metal. They were silver in color and looked very delicate, forming a strong contrast with the tattered clothes.

The woman was very fast. She sensed Xu Bai's location and quickly approached him. In the blink of an eye, she was right in front of him.

Then, Xu Bai felt a strong sense of hostility. This woman had actually broken off her wings and turned them into silver armor that covered her entire body. Even her face was covered.

"Where did you come from? Why don't they have wings?"

The first thing this woman said was enough to make Xu Bai lose his cool.

Wings, why do I have wings? Who was the one who stipulated that humans must have wings? Moreover, those metal wings were very low-class, okay? It doesn't match my temperament at all.

Xu Bai was cursing in his heart, but he still did not show it. He swept his divine sense and was ready to control this woman's divine sense, but then he was stunned.

"What's going on? How can I not have a soul?"

Just a moment ago, he realized that this woman actually did not have a divine soul. It was simply off the charts. Everyone in this world should have a divine soul, but this was a special case.

Seeing that Xu Bai didn't reply, the woman snorted coldly, then raised her hand and disappeared from where she was.

In the blink of an eye, the woman had appeared behind Xu Bai. She raised her hand and smashed it toward Xu Bai's head. Her attack was very ruthless. It was as if she wanted to kill him in one blow.

"It's understandable for young people to be hot-tempered, but they should know their limits. Those who don't know their limits will die miserably."

Xu Bai didn't even look back. The golden sky changed and the woman was sent flying. The silver armor on her body was destroyed and her tattered clothes reappeared.

With just one blow, the woman was seriously injured.

Xu Bai's figure flashed, and he had already arrived in front of the woman. He raised his foot and stepped on the woman's chest. He said with interest, "Tell me, what is your background? Why was there no such thing as a divine soul?"

If it wasn't for the fact that he wanted to find out more information, he wouldn't have even left anyone alive.

"Bah! Giving up his wings, the scum of the Wings Race, betraying the great Wings Race, will eventually be punished." Although the woman spat out blood, she still spat at Xu Bai with disdain.

Xu Bai was slightly stunned. He seemed to have thought of something and continued to ask, "Do you know about the Great Chu Country, the Great Yue Country, and the ruins of the Bizarre Market?"

"What nonsense are you talking about?" The woman frowned. If you want to kill me, do as you please. Don't insult me here."

Xu Bai was speechless.

Alright, he finally understood what had happened to him. He was probably no longer in his original world.

Xu Bai finally understood the Absolute Saint's purpose.

Chapter 1123: A Mistake (2)

As long as this fellow waited for him to come out of the bizarre market and return to the human world, he would pull him into countless worlds.

Combined with the conversation he had with Ah Wu, Xu Bai knew that once he entered countless worlds, it would be very difficult to return to his original world.

The Absolute Saint's plan was very simple. He wanted to banish him and not let him interfere with him. When he completely recovered, it would be time for him to be destroyed.

Even if he jumped from this world to another world, it was almost impossible for him to return to his original world. The Absolute Saint was very thorough. He definitely had a way to prevent him from returning.

Just as Xu Bai was thinking about it, the woman in front of him suddenly revealed a vicious look. At the same time, she stabbed her right hand toward Xu Bai's chest.

The broken right hand brought with it a biting cold aura as it got closer and closer to Xu Bai's chest.

"Crack!"

"Ah!"

The woman's scream resounded through the world. She hugged her broken right hand and rolled back and forth on the ground. Her right hand was bent to a strange degree, which made people's hair stand on end.

"What are you thinking? Your strength is at most that of a transcendent. Even if I stand here and don't move, you won't be able to beat me." Xu Bai grabbed the woman's neck and said, "I'll give you a chance to live. Tell me the general situation here."

The woman remained silent.

Xu Bai touched his chin. "Hard bones. I love hard bones. Actually, we have no grudges against each other. If you tell me, I won't do anything to you. But you're just asking for trouble."

"I don't come from your world. We really don't have any conflicts."

As he spoke, Xu Bai grabbed the woman's other intact hand.

He planned to start from here and tell the truth. Ever since he used the power of the soul and became used to it, he had not used those methods in the past for a long time. He quite missed them.

"Then I'll crush your bones bit by bit from here. Don't worry, I won't crush them too much because I'll have to crush them a second time and a third time. When you have no more bones, I'll start peeling your skin."

When the woman heard this, she began to tremble and despair appeared in her eyes.

Xu Bai wasn't just talking. He was really going to do it. Just as he was about to take action, a voice suddenly sounded.

"Senior, please stop. She offended you just now, and I apologize to you."

The sound came from afar and it didn't take long.

Xu Bai turned his head and looked at the man with silver wings. The corners of his mouth curled up slightly.

"Finally, someone sensible has come."

He let go of her hand, and the woman fell to the ground like a pile of mud. She didn't move at all and fainted.

The man cupped his hands and said respectfully, "The clan leader said that someone from beyond the heavens has descended, so he sent this lowly one to receive him. He invited this senior to follow this lowly one to the city of our Wings Race."

"Lead the way." Xu Bai waved his hand.

He was now a clone, but he had the full strength of his main body, so he did not have the slightest scruple.

Since he was here, he had to find the experts here. This was the best way to communicate.

The man didn't waste any time. He carried the woman and led the way.

They walked straight ahead, and a dilapidated city appeared in front of Xu Bai.

Xu Bai's soul enveloped the entire city. He soon found that the strongest person here was probably at the Saint Realm.

“Interesting. This so-called clan leader should be a saint warrior.”

The man brought Xu Bai to the largest building and cupped his hands in invitation. He did not say anything else and did not continue to enter.

Just like what Xu Bai had sensed just now, this was indeed the location of the so-called Saint Warrior.

Xu Bai didn't waste any time. He put his hands behind his back and walked inside.

Before long, they arrived at a huge room. A man with golden wings on his back was sitting in the huge room.

The man looked young. He was holding a glass of water and drinking it slowly.

When Xu Bai walked in, the man put down the cup in his hand, stood up, and bowed with cupped fists.

“Yi Long greets senior.”

This etiquette was done very well, and there was nothing to be picky about.

However, Xu Bai had been through a lot of battles since he was at the bottom. He could feel a faint murderous aura from this man.

“Do you want to kill me?” Xu Bai said indifferently.

Yi Long did not hide anything. His golden wings flapped as he said very directly, “That existence said that whoever could kill Senior would become the supreme existence of their world. No matter how the world was destroyed, they would be able to live forever.”

“But I know that all of this is nonsense. Although I want to kill Senior, I don't have the ability.”

” You don't hide your killing intent,” Xu Bai said with a smile.” You're so calm. You think you have the ability to make me not kill you, right?””

Yi Long nodded and said, “I'm willing to give all the resources in this world to senior.””

The golden wings on his back trembled, and a huge map appeared in the air.

Next, he began to tell Xu Bai about the composition of this world's strength and various situations.

Soon, Xu Bai understood the situation here.

There was no divine soul in this world. They had fused their divine souls into the wings behind them.

However, some people were unwilling to give up their divine souls, so they did not cultivate in the form of wings. Instead, they specialized in tempering their divine souls.

There were five with wings and four without wings. Nine of them had become Saints and belonged to the nine forces.

They were restraining each other. At present, it seemed peaceful and there was not much conflict.

After understanding all this, Xu Bai had a general idea. He touched his chin and asked, "So you want to give this world to me to show me these?"

Yi Long shook his head. "Senior, if all of us are willing to leave our books or traces to senior, will senior be happy?"

Xu Bai's eyes lit up.

He had long wanted to find a progress bar in these countless worlds. This time, the Absolute Saint had let him in by accident. Although it was only a clone, it showed him the possibility of a plan. The clone couldn't follow the progress bar, but it could exchange with his main body.

In simple terms, he could switch between the big and small accounts of the United.

"What's your goal?" Xu Bai asked. What benefits can it bring you?"

Yi Long slowly said, "The killing intent just now was real. I did want to kill Senior, but after thinking about it, countless worlds were destroyed by that existence. We are just his dogs. A dog can die at any time."

"If Senior can succeed, then all the worlds will develop on their own. Without that existence, we won't be like dogs."

Xu Bai smiled.

He didn't know if this guy was telling the truth, but what he wanted to see was the actual effect.

"How about this? You go and gather the resources I want first. I'll go and fight the Absolute Saint then."

Whether this was true or not, Xu Bai didn't care as long as he saw the progress bar.

Yi Long didn't waste any more words and turned to leave. He wanted to help Xu Bai collect all the resources and get the other factions to hand them over.

Soon, Xu Bai was the only one left. A young girl with silver wings on her back walked up to Xu Bai and took him away. They went to another room that had been arranged for Xu Bai to rest.

Xu Bai looked at the surroundings, which were different from the Great Chu Country. After finding a seat and sitting down, he did not do anything else. Instead, he transferred his consciousness to the main body.

..

Bizarre market.

Xu Bai opened his eyes and looked at Ah Wu, who was still playing with rocks, and said, "Stop fooling around. There's something I want to tell you."

Chapter 1124: Xu Bai's First Battle

When Xu Bai's voice rang out, Ah Wu, who was still playing with rocks, instantly woke up. He raised his head abruptly and looked in Xu Bai's direction. Then, his face was filled with confusion.

"What's wrong? Aren't you controlling your clone? He came back so quickly. Did he run into an Absolute Saint?"

When Xu Bai was controlling the clone, he only had a little bit of consciousness left in his main body. Of course, this bit of consciousness was enough for him to protect himself.

However, Ah Wu felt bored and ignored Xu Bai.

At this moment, Xu Bai suddenly came to talk to her and confused her.

"Something like that. I did run into the Absolute Saint's plan, but this plan seems to be a freak combination of factors. It's quite in line with my thoughts." Xu Bai roughly explained what had happened. "That's probably the situation. I'm now in another world. Of course, that's just my clone."

A Wu crossed his arms over his chest and supported his chin with his other hand. He paced back and forth for a moment before saying, "I understand now. He wants to banish you to countless worlds so that you can't interfere with him. However, his actions seem to be in line with your previous thoughts."

Xu Bai nodded and said, "That's why I want to give it a try now. My clone and main body can switch at will. As long as I can still control the clone, I won't be disturbed. Perhaps I can use the clone as a pivot to travel back and forth between worlds."

Ah Wu frowned. "But have you thought about it? If your main body goes there, you won't be able to come back?"

This was the biggest problem. Xu Bai's clone could be controlled and he could also transfer his main body over. However, if his main body could not be transferred back after he went over, it would really be a big problem.

If that really happened, it wouldn't be the Absolute Saint's plan that succeeded, but Xu Bai's help.

"I've thought about it," Xu Bai said. "It's dangerous, but I can give it a try. That's why I need your help. I know that you must have a way to jump from countless worlds, so tell me your method."

He had already thought it through very clearly just now. In fact, he had already reached the most critical moment. He did not have the time to think about whether it was safe or not.

As long as the benefits were big enough, he could take action, especially now that there were countless worlds that could bring him enough benefits.

Perhaps he could even rely on these resources to reach the peak of the Saint Realm. Perhaps he could even take a step forward and reach that unknown possibility. All of these required risks.

Ah Wu stared at Xu Bai closely, and Xu Bai also looked at Ah Wu very calmly. After the two of them looked at each other for a long time, Ah Wu finally lost completely. He sighed and felt very helpless.

"You just said that the people of that world want to give you all their resources. Have you considered that this is a plan targeted at you?"

Xu Bai nodded. "Of course I've thought about it. In fact, they're already my enemies. Don't worry, I won't show mercy to my enemies."

Countless worlds were already his enemies. After all, they had all submitted to the Absolute Saint. From the conversation he had with that fellow, he knew that the Absolute Saint had informed him about his trip.

As for this guy's goodwill to him and saying that he wanted to use resources to exchange for it, it was not reliable to say it.

"Then what do you want to do?" Ah Wu asked.

Xu Bai's gaze gradually turned cold, like the ice in the middle of the night, making people's scalps go numb. His tone became very cold as he slowly said, "Kill them!"

"As long as they submit to the Absolute Saint, I'll plunder their resources and kill them all. After all, they're already enemies, and I can't make any mistakes, so I can't be merciful."

He didn't think he was a bad person, or else he wouldn't have helped Xiao Yue take revenge. However, he wasn't a good person either. In a situation where his own safety was in danger, all enemies were targets that he could kill.

He could not put himself in a dangerous environment just because he was a little merciful. After all, there was an entire world behind him, his family, his friends, his elders, and his daughter.

Ah Wu nodded. "Since you've already joined the Absolute Saint, it's indeed worth it. I'll tell you how to jump between worlds now. But you have to know that this method is random."

"Now that you have the strength to become a Saint, it's actually very simple. You can shatter space. You just need to shatter space and step into it."

"It's that simple?" Xu Bai was slightly taken aback. "Doesn't that mean that the Chu Emperor and the others can also use this technique to cross countless worlds?"

Ah Wu shook his head and said, "They can't do it, but you can. They're only people of this world and can't enter it. They'll be rejected very soon. But you're different. You're not a person of this world, and the world you used to live in has nothing to do with you. Because the special ability in your body is condensed from countless remnant worlds, you won't be rejected."

Xu Bai rubbed his chin and figured out the key point. He didn't say anything else. "Then I'll go now and understand the situation there. After obtaining the resources, I'll transfer my main body over."

He transferred his consciousness to the clone again, and his main body became silent.

Ah Wu yawned. After returning to her original position, she continued to fiddle with the stones on the ground. However, there was no interest in her eyes anymore. Instead, she became worried.

Chapter 1125: Xu Bai's First Battle

"I hope everything is fine." She thought to herself.

..

The Wings Race.

Xu Bai controlled his clone. After it returned to normal, he did not stay in the room and directly stepped out.

Outside the room, two girls of the Wings Race were guarding. When they saw Xu Bai come out, they quickly lowered their heads to show the highest respect.

"Sir, is there anything we can do?"

Xu Bai shook his head and suddenly said, "Actually, I gave him a chance."

The Wings Race girl was slightly stunned.

Xu Bai's eyes turned cold.

"I gave him so much time just now, but he still hasn't finished collecting the items. He's probably stalling for time. I don't know what he's stalling for. Besides, you two were monitoring me here, and it seems like something was transmitted by you two just now. I can feel that it should be your unique transmission method."

After such a long time, he had finished communicating with Ah Wu. However, Yi Long did not give him any news at all. It was as if he had disappeared into thin air.

A saint warrior would never spend such a long time to collect these so-called items. After all, they had planned for these items long ago, so it was impossible for them to spend a lot of time.

Therefore, Xu Bai felt that the other party was stalling for time. Thinking back to the unconcealed killing intent from before, it was very likely that the other party had a trump card on him.

The Wings Race girl's expression changed. She became flustered and even took two steps back.

This action further confirmed Xu Bai's thoughts.

"Hu..."

A burst of white light blew past, and the two girls turned into ashes.

"You can say that you're working for your own master, but I've already given you the chance. If you insist on standing against me, then you can only die." Xu Bai said indifferently.

He directly soared into the sky and arrived in mid-air. At the same time, his voice was transmitted far away under the effect of his True Core Strength.

"Those who can hear my voice, I will give you a chance. Hand over your cultivation books or your traces, or you will all die."

Since they had become enemies, they could not hold back.

At this moment, many figures flew into the sky. They were all the Wings Race people with wings on their backs, surrounding Xu Bai in the middle.

"Sir, please return to your room. Although we are not your match, you must not leave."

The leader was a peak extraordinary expert. His voice was trembling, but he still did not move half a step.

Even though he was facing Xu Bai, he still had the confidence to stand there. Xu Bai felt that the other party seemed to have enough confidence.

"Did you not understand what I said just now? Leave a trace and I can spare your lives."

Everyone present looked at each other.

They felt a huge pressure that made them unable to breathe, but they still stood where they were without any movement.

"Then go to hell." Xu Bai waved his hand impatiently.

The blazing white light spread out with him as the center. In the blink of an eye, it spread to the distant horizon.

In just an instant, everyone present turned into ashes.

"It's a critical period, so I don't have much time to waste." Xu Bai identified a direction and flew over.

Along the way, he had to collect progress bars. If they were not convinced, he would directly kill them. Otherwise, they would be enemies and would only cause trouble for him.

The world had submitted to the Absolute Saint, and the entire world was his enemy.

With Xu Bai's speed, he could fly very fast. He would stop at every place. However, when he wanted to ask about the secret manuals or traces of those people, he found that all the secret manuals had been destroyed. Moreover, these people had chosen to fight him to the death, so they would not leave any traces of him.

It seemed to be right. The Absolute Saint had chosen to banish him to countless worlds, so he definitely wouldn't give him the chance to use his cheat.

Otherwise, it would not be banishing him, but instead, it would be helping him.

"It's a little troublesome. This guy has thought it through. Moreover, it's a dimensional blow to these worlds, so these worlds don't dare to betray him." Xu Bai thought to himself after destroying the city again.

Originally, he thought that he could make a fortune, but now it seemed that he could not.

"Right, I can try to disguise myself." After thinking for a long time, Xu Bai suddenly thought of this method.

If he could disguise himself as a person from this world, would he be able to trick the progress bar?

Just as this thought appeared, it was interrupted by a voice.

"Disguise techniques, you think too much. To this world or other worlds, you're not a person of this world at all. The smell on your body can never be changed."

The voice came closer and closer. Xu Bai raised his head and looked in the direction of the voice. He narrowed his eyes.

"Yi Long, it seems like these are the helpers you invited."

Yi Long was wearing golden wings and was currently floating in midair. Beside him were two men dressed in different clothes. Their faces were filled with killing intent as they stared at Xu Bai.

Xu Bai could clearly sense that the two of them had the aura of a Saint Realm expert.

"Senior's arrival put a lot of pressure on me, so we used the method of the existence sect. A total of eight Saints combined to produce two Saints, but I think it should be enough to deal with you." Yi Long laughed.

"Two out of eight people can become two. What about the other six?" Xu Bai frowned.

Yi Long said, "Of course, they are already dead. However, this is not important. When that existence comes out, he will help them resurrect. Senior, go to hell. No one in this world can defeat him."

Xu Bai sneered. "And then? You'll live under his pressure for the rest of your lives. You'll be destroyed as you wish. I don't think a person should lose his ambition. Even if it's an unreachable mountain, he should be trampled under his feet."

"Then please die, senior." Yi Long sighed.

He stretched out his golden wings and stabbed them into the chests of the two people beside him. In the blink of an eye, the two people turned into a pool of transparent solution and were absorbed by the golden wings.

After absorbing it, Yi Long's aura instantly increased, directly turning into the strength of a Saint Realm expert. Not only that, but he was also constantly increasing.

"Fifth Stage Saint Realm is truly a wonderful realm." The golden wings on Yi Long's back were already as dazzling as the sun. A hint of madness appeared on his face. Without saying anything, he directly rushed towards Xu Bai at an extremely fast speed.

Xu Bai also knew that this guy didn't want to talk nonsense now. He didn't say anything more and directly raised his hands. A myriad of white light rose from his hands.

The moment the two attacks came into contact with each other, the powerful power caused cracks to appear in the entire world.

Cracks spread, space shattered, and the ground sank. This world was shattering at a speed visible to the naked eye.

"Boom!"

Booming sounds rang out continuously. At this moment, the golden wings on Yi Long's back transformed into water currents that flowed along Xu Bai's arm.

Xu Bai's body was also surrounded by a white light. He used all sorts of defenses to block the water. However, the golden water seemed to have a corrosive power. It

emitted waves of white smoke, causing the white light on Xu Bai's body to weaken at a speed visible to the naked eye.

"Senior, hurry up and die. As long as you die, I can live forever. Even if I live under that existence, I won't be like them and be bothered by my lifespan." Yi Long's eyes were filled with endless madness.

Xu Bai's frown deepened.

The other party was actually able to fight him evenly with the strength of a fifth-grade Saint.

But...

"It's not enough. It's far from enough." Xu Bai suddenly said.

Yi Long was stunned for a moment."

"This is my first battle since I became a Saint Warrior, but you're disappointing me." Xu Bai smiled and said, "You want to know..." What do I look like when I'm at full power?"

Chapter 1126: I Only Destroyed One Clone?_1

The corrosive power was still continuing. When Yi Long heard Xu Bai's words, his face revealed a terrified expression.

He could feel that Xu Bai was not panicking at all. Instead, he was very calm.

Now that he had the strength to crush him, why was he so calm and not panicked at all?

"You think that a Rank-5 can crush a Rank-1? That's what you think, not what I think." Xu Bai's True Core Strength began to surge.

At the same time, all sorts of auxiliary, defensive, movement, and offensive abilities were activated to the extreme.

The white light directly drowned Xu Bai. Not only that, it also drowned Yi Long.

Within the white light, Yi Long felt intense pain all over his body.

It wasn't just pain, there was also a sense of despair and fear. The golden and grayish-white Heaven Changes seeped in and intertwined with the white light, bringing with it an irresistible despair.

"Impossible, how can you cross so many realms? This is the Saint Birth Realm. Each realm is a world. How could you..." Yi Long couldn't see Xu Bai's appearance because Xu Bai was already enveloped by the white light, but he still let out a desperate cry.

The white light was gradually expanding. At this moment, it had already reached a level that connected the sky and the earth.

Even the sunlight in the sky could not compare to this light.

The strength of a Saint Realm expert was very strong. At this moment, Yi Long was constantly being destroyed, but he was constantly recovering by relying on his powerful self-healing ability.

However, the power in his body was decreasing at a speed visible to the naked eye. When it was reduced to the limit, it would be the end of everything.

At this moment, Xu Bai's voice finally sounded.

"I wonder if he will revive you after you die. After all, people of his level will probably forget about you very quickly."

This voice was like the morning bell, instantly ringing in Yi Long's mind. Yi Long was afraid.

He was so afraid that he found it unbelievable.

That's right, what Xu Bai said just now made sense. How powerful was that existence? How could he remember a small figure like him?

If he really died, wouldn't he be at a loss if he couldn't be resurrected?

Once this thought appeared, he could not suppress it at all. It was like a sapling that had taken root and was growing into a towering tree at a terrifying speed. It instantly occupied his heart.

Yi Long had a sorrowful expression as he shouted at Xu Bai, "I'm willing to submit. Please don't kill me. I'm willing to do anything for you, even if it means being a dog!"

The truth was right in front of him. It was fine as long as he did not die. If he really died and could not be resurrected, everything he did now would be meaningless.

He only wanted to beg for mercy, desperately begging for mercy, so that he could survive.

Xu Bai's figure could not be seen in the white light, but Xu Bai's voice could be heard. "Dogs are all loyal. What's the use of a rebellious dog like you?"

As soon as he finished speaking, the white light became several times larger. At this moment, Yi Long finally could not hold on any longer. In despair and fear, he turned into ashes that filled the sky.

Xu Bai waved his hand, and the white light that filled the sky disappeared. As far as the eye could see, it was all ruins. Looking at it made one feel like hell on earth.

It was dark ahead, and the sky was deathly still. The sky was filled with fine cracks, and the void could be seen everywhere.

"Can't you just collect resources for me obediently? Why do you have to die?" Xu Bai said indifferently.

This time, he tested the strength of a Saint. The feeling he got was one word: strong.

He had never felt so powerful before. The feeling of being fulfilled in his heart made him linger.

However, now was not the time to think about this. There were more important things for him to do.

"Let's clean up this world first. I want to see if anyone is willing to leave the progress bar."

After Xu Bai made up his mind, he flew in a certain direction.

..

In the ruins.

The Absolute Saint's huge eye slowly opened, and there was a hint of pride in his eyes.

"So what if we destroy a world? "You won't get what you want, and you'll never be able to return. As long as I destroy this world, your ability will completely disappear, and you'll be stuck at your current realm forever."

He was very happy, because his plan had finally succeeded. He felt that he was completely safe now that he had banished Xu Bai.

“Do you think this is the end? No, this isn’t the end. I’ll let you know what my next steps are.”

The Absolute Saint looked up and shouted, “Ruins, get out here!”

In the distant sky, a figure without facial features floated in the air and looked down at the Absolute Saint. “What are you doing here?”

Recently, the ruins had been a headache because he didn’t understand what the Absolute Saint was doing.

He had been in a bad mood for the past few days, and he had lost contact with the outside world. He had been thinking of other ways, but now that the Absolute Saint had suddenly given him this, he was even more frustrated.

“Looks like you’re already anxious. Don’t be anxious. I just want to show you what my plan is.” The Absolute Saint’s tone carried a hint of mockery.

They had been enemies for so many years. Of course, he was happy to see the other party’s anxious expression.

I Have Unparalleled Comprehension #Chapter 1127: I Only Destroyed One Clone?_2 - Read I Have Unparalleled Comprehension Chapter 1127: I Only Destroyed One Clone?_2

Chapter 1127: I Only Destroyed One Clone?_2

This time, he had complete confidence, so he wanted to make the other party anxious.

“What did you say?” The remains were slightly stunned.”

A beam of light shot out from the Absolute Saint’s huge eye, turning into a translucent screen in the sky. “It doesn’t matter what you say. What matters is that you can see it.”

An image appeared on the screen. It was the world where Xu Bai was.

“Xu Bai came out. No, that’s another world.” When the ruins saw this scene, their minds raced and they instantly understood what it meant.

“You banished him. You don’t want him to return to this world.”

The Absolute Saint smiled. “You’re smart. You guessed right. He’s too dangerous. Look, he’s already at the Saint Realm. If he continues like this, I might really lose to him.”

Why don't you let him out? When I get out and destroy this world, he'll lose the chance to improve."

There were no facial features in the remains, so one could not see his expression or emotions. However, the air around him began to distort.

If that was the case, then the trouble would be even greater.

The only person in this world who could deal with an Absolute Saint was Xu Bai. However, Xu Bai had been exiled to countless worlds, and it was almost impossible for him to return. Who could deal with an Absolute Saint?

"Looks like you're really anxious." The Absolute Saint's laughter became even more obvious." Oh right, I'll show you something. Take a look. What is this?"

In the sky, the scene began to split, and countless worlds appeared. However, there was no life in the countless worlds, only silence.

"These are all worlds that I destroyed. They haven't been reborn yet. I used their power to condense many things, which I call the Hand of Destruction."the Absolute Saint said slowly.

" As long as they are in the world I control, they can travel through it. Unfortunately, they can't travel through this world because it's a world where the remaining power is concentrated."

" Fortunately, Xu Bai has gone to another world. In this case, the Hand of Destruction can be stacked together and completely wipe it out. Although it can only be used once, it's enough to destroy him."

"I deliberately let the world he was in deal with him so that he could release his power so that I could locate him."

The image that was split out showed incomparably huge black hands. These huge hands only waved gently in the sky and directly shattered the space, continuously fusing with each other.

Each of the giant hands connected the sky and the earth, and when these hands fused together, they reached a terrifying size.

Although the remains couldn't see his expression, he could feel that he was a little absent-minded."So, your plan has been set up to this extent?"

<p></p> There was a hint of madness in the Absolute Saint's voice."I am the supreme existence of countless worlds. In this world, I am the only one in the world. I have witnessed the rise and fall of countless worlds."

As soon as he finished speaking, the enormous hand pierced through one world after another and was heading toward Xu Bai. It sounded very slow, but in fact, it appeared in the air in the blink of an eye.

It could be seen from the image that Xu Bai was crushed by the giant hand before he could even react.

The remains looked at this scene with a dumbfounded expression.

“Dead, completely dead!” The Absolute Saint laughed like a madman venting his emotions.

It was already very stable.

As long as Xu Bai died, even if he didn’t crush the golden finger, it would take a lot of time to find such a person again.

Now, as long as he went out and destroyed this world, the golden finger would naturally be gone. He would still be that supreme existence and could still dominate in this state for countless years.

He had won!

The Absolute Saint swayed arrogantly, and the chains rattled.”“I am invincible. No one in this world can defeat me. You low-grade creatures, when I get out, I will crush you into pieces.”

The remains sighed silently.” We’ve lost. I admit it. But can you let me know my loss? Tell me your follow-up plan?”“

His body was filled with a dispirited aura, as if he had lost his life goal. His entire person fell into deep despair, like a frosted eggplant.

The Absolute Saint was still in an arrogant stance. After all, he had been imprisoned for so many years. Now that he had gotten his revenge, he would definitely be extremely arrogant.”There’s no harm in telling you. After that... Hmm?”

Halfway through his words, he stopped abruptly. His huge eye was filled with confusion.

He didn’t say the rest of the words, but changed his tone.

“Something’s wrong. Something’s wrong with you. I know your temper. If Xu Bai was really dead, you wouldn’t be in this state right now.”

He was an old monster who had lived for god knows how many years. Even if he only had one eye left, he was still a supreme existence. He quickly saw through the abnormality.

Moreover, the two of them had been together for so many years that they had long understood each other's temper. They could tell the truth at a glance.

The despairing aura on the remains disappeared and was replaced by calmness. "You just said that you can only use this move once, right?"

"What do you mean?" The Absolute Saint was stunned."

"Nothing. Let me tell you something. If Xu Bai dies, his ability will appear and he will immediately look for the next person. You probably don't know about this."The remains said slowly.

" I could see the moment when Xu Bai died. His ability didn't appear, which meant he didn't die.""

As he spoke, the ruins were still floating in the sky, spinning in circles as if they were very happy.

The Absolute Saint recovered from his tender state and roared, ""Impossible!"

"What's impossible? You've destroyed countless worlds, but do you know what Xu Bai's ability represents?"The ruins stopped spinning and said in a serious tone, ""A variable! According to the saying of this world, his Life Providence belonged to a person without a life. He did not have a fixed fate and was a variable. Then, the ability he possessed was something that neither you nor I could guess. This was a possibility."

The Absolute Saint fell silent for a long time, as if he couldn't muster any interest.

However, the ruins knew that the Absolute Saint believed what they said and started to make further plans.

He didn't have to say it, but he chose to tell the Absolute Saint that Xu Bai wasn't dead. He wanted to make the Absolute Saint anxious.

No matter who it was, as long as he was in a really anxious state, it was impossible for him to maintain absolute clarity. Only then could he seize the opportunity to make a mistake.

Moreover, even if he hid this matter, it would not be hidden for long. Xu Bai would eventually come out of the Bizarre Market, and the moment he came out, he would be exposed.

The ruins chose to leave because they couldn't get anything out of him. However, before they left, his words ignited the Absolute Saint's anger.

"The hidden hands that have been laid down for countless years are gone in an instant. He is really a supreme existence..."

The ruins disappeared.

In the next moment, the roar reverberated in the space, accompanied by the sound of the shaking chains. The anger caused the space to tremble.

"I want all of you to die!"

"I will destroy you and then resurrect you. I will kill you countless times and make you suffer countless times!"

"And Xu Bai, I will let him experience the most extreme pain!"

Unfortunately, the ruins had already left, so no one could hear the Absolute Saint's anger.

..

Bizarre market.

Xu Bai opened his eyes and sneezed. He thought to himself, "Who's scolding me?" Then, he turned to look at Ah Wu.

Ah Wu threw away the pebble in his hand, patted his fair hands, stood up, and jogged to Xu Bai's side. "No more?"

Xu Bai nodded and said, "You can say that there's no more, but there's more."

I Have Unparalleled Comprehension #Chapter 1128: The Return of Xu Bai - Read I Have Unparalleled Comprehension Chapter 1128: The Return of Xu Bai

Chapter 1128: The Return of Xu Bai

"What does it mean?" Ah Wu had a puzzled look on his face. Other than confusion, he was also speechless.

At this point, she felt helpless that Xu Bai was still playing the Riddler game.

Xu Bai stretched out a finger and shook it gently. He smiled and said slowly, "My clone is indeed gone. He killed it directly, but he really doesn't seem to know that I used my clone to enter."

Ah Wu suddenly understood, but he thought of another question. "You mean to wait for half a month before you form another clone and enter those worlds? But it's useless. He must know that you're not the main body, and you won't be able to collect any progress bars. Those people definitely won't betray the Absolute Saint because they haven't seen your true strength."

This world was very realistic. It was so realistic that the strong survived and the weak were eliminated.

If Xu Bai couldn't show the possibility of defeating the Absolute Saint, the people from those worlds would never betray the Absolute Saint because they wanted to live.

After all, in the face of a great disparity in strength, it was undoubtedly the true reaction of some people to rely on the strong.

"That's why I want to show them how powerful I am. They're the top people in every world, so why do they want to become the dogs of the Supreme Saints? As long as they see the hope of victory, then I will be able to obtain their things." Xu Bai said indifferently with his hands behind his back.

As long as these people saw the hope of victory, then he could completely reap the rewards. Of course, the prerequisite was how to let them see it. He could not just say a few words out of thin air.

"How are you going to let them see it?"

Xu Bai shook his head and said, "I haven't thought of it yet. There are still more than ten days. I'll condense my avatar first and go to those worlds again. This time, he can't stop me. I should be able to think of something in half a month."

Ah Wu also knew that such a plan was not something that could be figured out in a day or two, so he did not say anything.

"I'm just worried that he'll continue to play tricks. This guy has many tricks up his sleeve. In the countless years in countless worlds, he has buried countless resources."

Only when she had fought with the Absolute Saint would she know how terrifying the experience was. Ah Wu had experienced it before, so she was cautious.

"We've already come this far. All we can do is do our best." Xu Bai said with a smile.

Just like before, no matter what, this fight had to continue. As for whether he would win or not, that was not something he should consider. He only knew that he had to do his best to fight with the other party.

The two of them stopped talking and did their own things in peace.

..

Time gradually passed. In the blink of an eye, nearly half a month had passed.

In the human world.

Now, all the people in the human world were soldiers. As long as they were in the industry, they had already done their best to improve themselves. In addition, the Chu Emperor himself had opened up all the inheritances. This time, all the people in the industry had received a huge improvement.

All kinds of news also spread more quickly in the martial world. All the Yin stations were already fully operational and played their role.

However, if one really did a breakdown, they would discover that there were three major events in the world of martial arts that made people dizzy.

“Wuhua Liu Xu has entered the peak of the extraordinary realm, and the Buddhist Academy has added a powerful expert!”

“Liu Qingfeng has become a Saint, and there are only two Saints left in the world.”

” The daughter of Lord Xu in the Barbarian Territory has stepped into the ninth grade Transcendental Realm. She is catching up with the latecomers and is preparing to become a Saint.”

There was nothing much to say about the first one. No Flower and Liu Xu were the cream of the crop among the younger generation. It was normal for them to become Transcendents.

In addition, they had all kinds of fortuitous encounters. What they obtained was related to countless worlds, so it was normal for them to reach the peak of the Saint Realm.

As for the second matter, it was a very exciting thing for the world.

With the addition of another Saint Warrior, their strength had been greatly enhanced. Their top-notch strength had increased again, and they were more confident.

As for the third matter, everyone was already used to it. Xu Bai had disappeared for a long time, but his legend was still circulating in the martial arts world. Everyone knew that Xu Bai would eventually return.

As for Xu Bai's daughter, Xu Ling...

In the words of the martial world, she was like her father. She was as monstrous as her father was. It was as if she was carved out of the same mold. She was even stronger than her father.

In just a short time, he had reached the peak of the extraordinary level and was even preparing to break through to the Saint level.

Of course, the people in the martial arts world were already used to this. After all, everyone knew that if the same mold was carved, there would definitely be some inheritance. This was very normal.

Especially those of the younger generation. They could not help but shiver when they thought of how Xu Bai had suppressed all the people of Jianghu by himself. Now, not only Xu Bai, but even his daughter had begun to walk Xu Bai's path.

As a result, a rumor started to spread in the martial world.

Do you want to reach the heavens in one step?

Go and give birth to Xu Bai's child. Although you can't be a big shot, you can be a big shot's mother.

Of course, this rumor was a joke, and not many people took it seriously.

Chapter 1129: Xu Bai's Return (2)

At this moment, in the land of the barbarians.

Xu Ling had already grown into a beautiful young lady. Her child-like nature had completely disappeared and was replaced by a calm and steady demeanor.

She was wearing a light yellow dress and her expression was as cold as ice. Her eyes were filled with killing intent.

Beside her, Chu Ling, Ye Zi and Qing Xue were standing silently at the side. The three women had a trace of heartache on their faces.

Originally, Xu Ling was an innocent and cute little girl. Although she looked mischievous, she had brought a lot of trouble to the palace.

However, she wasn't detestable. In fact, the people in the palace liked her very much. However, as Xu Bai's disappearance grew longer and longer, Xu Ling grew up very quickly. She gradually became more sensible and taciturn.

She used her special ability crazily and improved crazily. Everyone knew her goal.

"Ling 'er, it's not good for you to be like this all day. You have to believe in your father." Chu Ling looked at the silent Xu Ling and said with heartache.

Even though she knew that Xu Bai was fine and that they often exchanged letters, Xu Ling's current appearance didn't change.

Xu Ling turned around, and the coldness on her face melted slightly." Mother, I know, but you don't have to worry, I have a number, I want to improve my strength, I want to catch that guy who has been waiting for me, I want to beat him up, I want him to kneel in front of me and apologize.""

It had to be said that it wasn't that families didn't like each other. Xu Ling's tone was very similar to Xu Bai's.

Ye Zi and Qing Xue looked at each other and sighed without saying anything.

They knew that if Xu Bai didn't return, Xu Ling's condition wouldn't change.

"Mother, I'll immediately make a trip to the Great Chu Imperial Palace."" I'll only come back after I've become a Saint," Xu Ling said coldly." Otherwise, I'll be in seclusion.""

She knew very well that if she wanted to reach her father's strength or even go higher, becoming a saint was the biggest hurdle.

The most important thing in this hurdle was time. She had to snatch the last two spots before they were taken away by others, so she had to seize them.

Chu Ling was also very clear in her heart that even though this girl of hers looked like nothing on the surface, her personality was actually very stubborn, just like her husband. That kind of personality belonged to a type that even ten oxen couldn't pull back.

She could only nod and agree.

However, as a mother, she was still very worried. Just as she was about to say a few words to comfort Xu Ling and tell her not to tire herself out, a sound suddenly rang out.

Everyone looked over. There was a small black dot in the distance that was rapidly approaching.

In an instant, a powerful pressure descended from the sky. The moment the pressure appeared, countless figures rose from all over the palace, and all kinds of experts flew into the air.

At the same time, in the palace treasury, Liu Qingfeng, dressed in white, descended from the sky and looked into the distance.

Now that Liu Qingfeng had reached the Saint Realm, he was even more powerful. He looked like a bottomless cold pool.

“Enemies?” Chu Ling frowned slightly and asked.

Liu Qingfeng shook his head and looked at the black dot in the sky. He smiled and said, “No, Prince Xu is back.”

As soon as he finished speaking, everyone fell silent like statues.

Those experts instantly turned their eyes to the little black dot. In the blink of an eye, the little black dot was approaching the top of the palace, and the pressure was even stronger.

This extremely long distance did not seem to be a problem. A figure stood in the air, emitting a terrifying aura.

“Everyone, don’t panic. Disperse, I’m back.” Xu Bai smiled and waved his hand.

With just one sentence, these countless experts instantly disappeared. They returned to where they came from, as if nothing had happened. However, everyone was incomparably excited, but they didn’t show it.

That man had returned.

The news was like a butterfly with wings, spreading in all directions with the palace as the center.

“Congratulations, Brother Qingfeng,” Xu Bai cupped his hands and said. “You’ve become a Saint. There’s another top-notch expert in this world.”

Liu Qingfeng smiled bitterly. “Compared to Brother Xu, my strength is really not enough. When I look at Brother Xu, it’s like I’m looking at an insurmountable mountain.”

Xu Bai didn't answer. He just smiled and turned his gaze to the ground.

Liu Qingfeng was also a discerning person. Of course, he could see the situation at a glance. He cupped his hands and left, leaving Xu Bai here.

Xu Bai descended from the sky, and just as he stabilized his body, Chu Ling and the other two girls pounced on him, surrounding him in the middle and hugging him tightly.

"Alright, alright, don't be so agitated. I'm safe and sound. There's no problem at all. How could that guy do anything to me?"

Xu Bai comforted them one by one.

Chu Ling and the other two did not say anything. They only hugged Xu Bai tightly, but their bodies were trembling slightly.

Xu Bai took a while to calm them all down. At this moment, he turned to Xu Ling and stretched out a hand.

Xu Ling seemed to be motionless. When she saw Xu Bai's hand, her eyes turned red. Tears flowed down her cheeks and onto the ground.

"Father!"

Xu Ling threw herself into Xu Bai's arms and started crying. Her cold demeanor disappeared, and she kept tugging at Xu Bai, just like when she was young.

Xu Bai smiled." You're growing quite fast. You're already a big girl, and your strength has reached the peak of the extraordinary state. Oh, you're about to enter the Saint Realm. Your strength is growing faster than my father's.""

To be honest, he was quite surprised. Back then, he was fast enough, but he was not as fast as Xu Ling.

Chu Ling said,"This little girl's environment is much better than yours back then. If you had such a superior environment like her, you would definitely be faster.""

Ever since she was born, Xu Ling had been living in an extremely advantageous environment. Her father was a top-notch expert, an existence that even the martial arts world feared. Naturally, she had endless resources.

However, Xu Bai was different. Xu Bai's current strength came from the bottom step by step. Although he relied on his cheat, it was mostly due to his own strength.

The environment they were in was different, so the speed of improvement was naturally different.

“Husband, do you want to stay for a few more days?” Ye Zi asked.”

When this question was asked, everyone present fell silent.

Xu Bai was very busy, and they knew that there was no doubt about it. Therefore, they chose to accept the fact that he had asked this question.

Xu Bai nodded and said,” I’m just a clone, so I have to leave soon. The last time I came out, I was dragged away by that Absolute Saint. This time, he doesn’t seem to want to deal with me, so I have more time. I need to find Emperor Chu and discuss something with him.”

Nothing happened this time, but Xu Bai had to hurry up. Who knew what the old man was up to?

This time, he had also thought of some countermeasures, but he needed the cooperation of the Chu Emperor and the others.

The ladies also knew that Xu Bai must have something urgent to attend to, so they did not try to keep him. After a while, Xu Bai directly soared into the sky and headed towards the Great Chu Imperial Palace.

Originally, Xu Ling had wanted to go along as well. After all, she had planned to use the Chu Emperor to increase her strength. However, Xu Bai did not let Xu Ling go for the time being.

He could go at any time. Right now, he had to talk about serious matters.

It was quite a distance from the barbarian fief to the Great Chu State, but Xu Bai was even faster. It didn’t take long for him to arrive at the royal study.

At this moment, the Chu Emperor and the other Saint Realm experts were already waiting. They all knew that Xu Bai had arrived.

Xu Bai didn’t waste any time. After entering the royal study, he said directly,”Everyone, I have an important matter that I need your help with. It might give that old fellow a heavy blow.”

Chapter 1130: The Way to Make the World Submit

Almost all the Saint Realm warriors were present. When they heard Xu Bai's words, they were all stunned.

Of course, they knew who the old man was referring to, but they didn't know what Xu Bai's next plan was.

If they could give the Absolute Saint a huge blow, they would definitely be happy.

After everyone had sat down, Xu Bai began to share his thoughts.

"Now that the Absolute Saint is trapped in the ruins, he won't be able to come out for the time being. Moreover, I've tricked him recently, so he'll be trapped for even longer. However, there are still countless worlds that are against us. This is probably what happened..."

Xu Bai began to talk about his encounters in countless worlds. Although he had only gone to one world, he told the whole story. After he finished, he changed the topic and continued with the content.

"I think that as long as we give those worlds confidence and let them know that we can fight against an Absolute Saint, they won't submit to an Absolute Saint. The reason is that the difference in strength is too great. As long as I can dispel their concerns, I can get what I want."

"My idea is to use violence to completely subdue them. The Absolute Saint said that he would resurrect them, but who can say for sure? The human heart is the hardest to predict, so we use both external and psychological methods to suppress them."

"The reason why I came to find everyone is to ask if there are any more details that can be pondered over."

At this point, Xu Bai stopped.

After hearing this, everyone present fell into deep thought. They were all thinking about the meaning of Xu Bai's words and the feasibility of this method.

No one said anything. Xu Bai was also waiting patiently. He even picked up the teapot beside him and poured himself a cup of tea. He took a sip.

The days in the Strange City could be described as fading birds. It was really very dull.

Now that he drank this mouthful of tea, he instantly felt relaxed and happy.

At this moment, Eunuch Wei, who had been silent all this while, spoke.

He still had his hands hidden in his sleeves, looking like an old man, but only those who knew him knew that Eunuch Wei now had shocking strength.

"I feel that your plan is a little inappropriate. The Absolute Saint is an old monster that has existed for who knows how many years. With his thinking, he would definitely consider this. It's probably impossible for you to use external force to make them submit submit."

This sentence clearly hit the nail on the head. The others nodded in agreement.

No matter how stupid a person was, they would still become smart if they knew an old man who had existed for many years. Moreover, this person was standing at the top. It was impossible for him to not consider this.

Dealing with these people, one could not use common sense to deduce. Otherwise, one would definitely suffer a huge loss.

"I've thought about it," Xu Bai nodded. "But for now, if we don't use this method, other methods won't work."

These countless worlds were extremely loyal to him. They were loyal to him under the coercion of external forces, and it was very difficult to make them waver. After thinking about it, Xu Bai came up with the only solution.

However, when he heard this, he sensed that Eunuch Wei might have some way to detect it, so he cast his gaze over.

Eunuch Wei smiled and said, "Actually, I have a good idea. Everyone here, listen to it first. If there's anything bad, you can point it out and discuss it together."

"We're all old acquaintances. You don't have to be so polite here. If you have anything to say, just say it. Besides Director Mu, you're still in the barbarian fief." The Chu Emperor waved his sleeves and said.

Everyone knew that Eunuch Wei was a good person, but he was too particular about rules and sometimes he was especially polite.

Eunuch Wei coughed softly. His kindly face revealed a sinister expression, which seemed somewhat discordant. "Actually, Xu Bai is right. Their fear comes from the fact that we didn't show our strength to fight against an Absolute Saint, but more than that, they believe in an Absolute Saint."

"So, I have a very good idea. Since they chose to believe in the Absolute Saint, we'll completely shatter their trust."

As Eunuch Wei spoke, the eyes of everyone present lit up. They seemed to have thought of something.

The Chu Emperor placed his hand on the table.” In my treasury, there is something that can be used to record images. It can even be used to make up some fake ones.”

“If we add all our powers,” the dean said thoughtfully, “we can make up an extremely realistic image with so many Saint Realm masters and Saint Realm masters.”

” That’s why we’re using this method,” Prime Minister Wen continued.” We should be able to completely destroy their confidence.””

If he wanted to solve the problem from the root, he had to start from the root. This method was indeed a good countermeasure.

Everyone nodded repeatedly, indicating that Eunuch Wei’s method was feasible. Xu Bai supported his chin with his hand and thought for a moment. He felt that it was a good idea.

“If we add violence as a deterrent, it will work!”

The female Abbey Dean’s mouth twitched when she heard that.””How much do you want violence? The way you think now is very different, alright?”

Xu Bai waved his hand, indicating that he didn’t care about these details.

The female Abbey Dean was speechless and rolled her eyes. However, she knew that they were talking about serious matters, so she changed the topic.”I think there’s still something missing in this plan.”

Chapter 1131: The Way to Make the World Submit (2)

Everyone looked over, waiting for the next sentence.

The female Abbey Dean continued,” We haven’t seen the Absolute Saint before. Although we know that he only has one eyeball left, we don’t know his temperament and aura. How can we create an image? We have to see it with our own eyes, right?””

The suggestion she made now was indeed very appropriate.

Xu Bai immediately raised his hand and said, "Leave this to me. I really want to go to the ruins and see how arrogant he is."

"Is it dangerous?" The Chu Emperor frowned. "I know your character. You usually like to do things that don't make sense. However, this is a critical moment. You must not put yourself in danger."

"I'm a very reliable person, alright?" Xu Bai said helplessly. This time, I went in as a clone. Even in my current state, I'm still a clone. What can he do to me?"

Emperor Chu: "

Good heavens, so it was a clone that had been talking to them. Even he did not sense it. Speaking of which, wasn't this clone a little too powerful? How could it have the strength to become a Saint?

Of course, no one was bothered by the matter now.

Everyone discussed for a while more before the Chu Emperor went to the royal palace's treasury. Not long after, he returned to his room and took out a pearl, handing it to Xu Bai.

This bead could record images, including the strength, various forms, and auras of the person being recorded.

After Xu Bai received it, he didn't say much to them and left immediately. He seized the time to go to the nearest relic.

Recently, the frequency of relics exploding was not as high as before, but it was still very easy to find a relic. Xu Bai did not fly for long before he arrived at a relatively small relic.

At this time, there was no one around the ruins, and no one was exploring. After all, ever since the Chu Emperor began to open up the inheritance, everyone was making the best use of time to learn from their past experiences and quicken the pace of their cultivation. Therefore, there were very few people exploring the ruins.

Xu Bai didn't stop at all. He directly stepped in. His vision changed, and the clone he controlled had already arrived in the ruins.

At this moment, the ruins were pitch black, with no end in sight. Just as Xu Bai was looking around, a voice rang out.

"Xu Bai? What are you doing here?"

As the voice rang out, a figure without facial features descended from the sky and landed beside Xu Bai. His voice was filled with doubt.

Not long ago, the relic was still waiting here obediently. Suddenly, it felt that something was wrong. It sensed Xu Bai's arrival and immediately rushed to the scene.

He was very puzzled. Why did Xu Bai suddenly run over?

This is a very dangerous place.

However, in the blink of an eye, this doubt disappeared. He also knew that Xu Bai must have come with a clone because Xu Bai would not take such a big risk.

However, he still didn't understand Xu Bai's purpose for coming here.

Xu Bai waved his hand and smiled." I came here to see the Absolute Saint."

When the ruins heard this, they were stunned on the spot and did not react for a long time.

He even wondered if he had heard wrongly. He actually said that he was here to see the Absolute Saint.

What was so good about an Absolute Saint? It was just a big eyeball.

"After fighting with each other for so long, I can understand who is going against me by taking a look." Xu Bai made up a random excuse.

It wasn't that he didn't trust the ruins, but because the environment here was different.

There was no need for everyone to directly explain some things. It was good for everyone to be a little vague.

Of course, after the remains heard Xu Bai's words, they also knew that Xu Bai must have other plans, so they did not say anything else. They turned around and let Xu Bai follow behind them.

Xu Bai silently followed the two of them and soon crossed a large distance, arriving at the deathly silent space.

At this moment, the Absolute Saint, who only had a large eyeball left, was chained up and had his eyes tightly shut.

When Xu Bai arrived, he opened his eyes and a cold light shot out.

"Xu Bai, you really didn't die."

His tone was as cold as ice, making people feel bone-piercing.

Xu Bai shrugged his shoulders and didn't seem to care. He didn't say anything and continued to walk around the huge eyeball.

The more he walked like this, the angrier the Absolute Saint became. After Xu Bai walked a few dozen steps, the Absolute Saint finally couldn't hold it in anymore and cursed.

"What scheme do you have?"

If it was in the past, when he was at his peak, he could destroy Xu Bai with a flick of his finger.

But now that his strength had been greatly weakened, he couldn't guess Xu Bai's thoughts.

If he dared to stand in front of him, he definitely had sufficient confidence. Just like last time, he had tricked him into revealing one of his hidden trump cards. This time, he did not want to be fooled again.

Unless it was absolutely necessary and the opportunity was absolutely good, he would definitely not make a move.

Xu Bai finally stopped after hearing the Absolute Saint's words. Without saying a word, he turned around and left.

He walked very quickly without any intention of stopping.

The Absolute Saint was stunned. When Xu Bai disappeared into the horizon, he shouted, "What are you playing at?"

Xu Bai stopped in mid-air. He turned around and said with disdain, "It's nothing. It's just that we haven't seen each other for a long time. We're old rivals, so we came to see what you look like."

He didn't waste any words because he knew that even the slightest words could cause unnecessary trouble when facing people of this level. Therefore, the less he spoke, the better it was for him.

The Absolute Saint paused, his eyes dark.

"No matter what your purpose is, as long as I get out of here, you're dead."

Xu Bai looked indifferent. "I welcome you to leave this place. We'll have a showdown then. We'll see who's stronger, you or me."

After saying this, he directly disappeared from this space.

The remains followed and walked side by side with Xu Bai. Neither of them spoke.

After walking for a long distance, Xu Bai finally turned his gaze back.

“How long can you trap him?”

The remains shook his head. Although his expression could not be seen, there was a sense of helplessness. “This thing is full of variables. Ever since you appeared, everything has been changing. I don’t know how long I can trap him. If he continues to maintain his current state, he should still have a long time.”

He couldn’t give a complete answer, just like he couldn’t figure out what Xu Bai was thinking.

“A long time? That’s good. I hope there won’t be any changes.” Xu Bai nodded and left without saying anything else.

The remains watched Xu Bai leave. After a long time, they finally came back to their senses and resumed their previous state.

..

After returning from the ruins, Xu Bai headed to the Great Chu’s Imperial Palace. After arriving, he immediately handed the pearl he had hidden to the Chu Emperor.

“This is what I extracted. Perhaps I can simulate it. I hope everyone can make it more realistic. After all, we have to be able to deceive those people.”

Everyone was waiting, and none of them left. When the Chu Emperor received the bead, he nodded.

Everyone left, leaving only Xu Bai.

Xu Bai sat in his seat and poured a cup of tea. Looking at the white mist above the teacup, his eyes gradually blurred.

..

The production of the video took quite a bit of time. When the pearl was handed over to Xu Bai, the Chu Emperor reminded him.

“As long as you inject your power into it, it will appear. This time, we have done something very special.”

“Special?” Xu Bai was slightly stunned as he consciously injected the true essence into the bead.

At this moment, images filled the space in front of Xu Bai.

When he saw the image in front of him, Xu Bai’s mouth twitched slightly.

“It’s quite realistic.”

In the video, the Absolute Saint was still in the shape of an eyeball, but he looked very miserable.

I Have Unparalleled Comprehension #Chapter 1132: The Absolute Saint's Final Plan - Read I Have Unparalleled Comprehension Chapter 1132: The Absolute Saint's Final Plan

Chapter 1132: The Absolute Saint’s Final Plan

How miserable was it? The Absolute Saint’s entire eyeball had begun to shrink. It had shrunk from its original normal size to a large size. It looked very pitiful.

The part where the black and white intersected was covered with red blood vessels.

With just a glance, one could feel the signs of decline, and this sign was especially obvious.

The iron chains on the Absolute Saint’s body became stronger and stronger. The blood-stained chains made people feel like they were about to die.

It was very real. Xu Bai had seen it before, so he was familiar with the Absolute Saint’s aura. When he saw the image, he felt that it was real and not fake.

Even with his current strength as a Saint, he could not tell that it was fake.

“The more miserable it is, the better, but we have also grasped a limit. It doesn’t give people the feeling that it’s fake. You see, this level should be just right.”The Chu Emperor said with a smile.

This thing was not easy to come by. It was created by him and combined with the top powers of the current world. Even a Saint would be deceived by the scene inside, so the Chu Emperor was very confident.

Xu Bai withdrew his power, and the image disappeared."I think it looks very real. There shouldn't be any problems. I'll go over first this time."

The Chu Emperor nodded." Be careful. Although you are only a clone, you still have to be careful. After all, your safety is related to the safety of this world."

Xu Bai agreed. It was getting late, and he had to seize every minute and second. He did not stay for long and walked out directly.

After arriving at an empty space, he soared into the sky. His target was outside the Imperial Palace.

His speed was very fast, and he quickly left the capital before long. Finally, he landed in the wilderness.

There was no sign of human habitation, no humans, and no wild beasts. It was empty.

The weeds on the ground looked a little desolate.

However, this place was perfect for him to travel through various worlds. He had communicated with Ah Wu before, and he knew that he could only enter after he broke the space. Even if others broke it, they would not be able to travel through countless worlds because he did not belong to any world.

Xu Bai circulated his True Core Strength. In an instant, the True Core Strength in his body flowed like a great river. On his hands, a myriad of white light attacked fiercely like the sun.

With a gentle wave of his hand, the space began to gradually shatter, and a pitch-black hole appeared in front of him.

Xu Bai didn't hesitate and directly stepped in.

The space began to repair itself, and in the blink of an eye, everything returned to normal. It was still that desolate appearance, as if those scenes had never happened.

Xu Bai only felt the world in front of him shake. Soon, he arrived in an unfamiliar space.

He had entered at random, so there was no way for him to choose a target.

Looking around, Xu Bai realized that this place was completely different from the one he had entered before.

He came to a dense forest. The trees and flowers in the forest were very strange.

The plants had the shape of humans, but they were plants. He had never seen any of them before.

This place was filled with vitality. Even the air had a faint fragrance that made people feel relaxed and happy.

However, Xu Bai knew that he was an outsider. He did not stop and swept his divine soul across.

When his divine soul swept past, he discovered that something was wrong.

The surrounding trees, flowers, and plants actually had divine souls!

Plants had life, but they didn't necessarily have souls. Every plant in the place he was in now was filled with exuberant soul power. It gave him the feeling that these things were creatures with intelligence.

"The myriad of things in the world are truly vividly displayed in countless worlds." Xu Bai was even quite emotional.

Of course, he only sighed for a while. After that, he chose a portion of the plant's divine soul power and began to invade.

Since he had a divine soul, he could be treated as a human.

When his divine soul power invaded, he could hear these plants letting out waves of miserable cries. In the blink of an eye, they had already been controlled.

After being controlled, Xu Bai finally knew what it was.

The controlled trees were directly pulled up from the ground. Each of their roots acted as legs, and the branches swayed agilely. Xu Bai felt as if he was looking at a treant.

Moreover, he realized that these things could be communicated. He did not waste any time and chose one of them. Through his divine soul, he obtained the information he wanted.

After about half an incense's time, he understood the specific situation of this world from his divine soul.

This world was very strange. Their abilities were singular, but they were extremely special.

They didn't cultivate by themselves, but lived in symbiosis with the plants. As time passed, they originally had the appearance of humans, but due to symbiosis, they gradually fused with the plants and finally turned into these strange appearances.

Just like what he sensed, the people around him were all people who had symbiosis, and these people were called tree spirits.

Similarly, there were nine Saints here, each occupying nine huge areas.

And he was in one of the areas where he could become a saint.

There was no unity or alliance. The nine Saints were hostile to each other.

However, Xu Bai knew that everything would change once he arrived.

Xu Bai didn't waste any words. He didn't kill these things either. After he withdrew his divine soul, he turned into a stream of light and flew in a direction.

Chapter 1133: The Absolute Saint's Final Plan (2)

He had already found out the location of the Saint Realm, so he wouldn't waste any time.

If the other party submitted to the soft side, then everything would be fine. If he wanted to use force, then he would destroy this place.

..

The scenery in the sky was always fascinating. After coming to a new place, Xu Bai looked around. Every place gave him a sense of freshness.

Fortunately, he was very fast and soon arrived at his destination.

This was an incomparably huge castle. It was made up of all kinds of plants. It looked extremely spectacular and had a natural affinity.

After all, they were all materials from nature, so it was normal for them to have a sense of affinity.

No one stopped him. He landed in front of the castle smoothly, but he did not enter. After sweeping his divine sense, his tone was very calm.

"Come out. If you want to fight, you have to make things clear before you fight."

He had tried to control his soul here, but it didn't seem to work.

Actually, it was normal to think about it. The things here were all very powerful. The Absolute Saint must have done something to them.

The ones he had just controlled were very remote and weak. Even Absolute Saints probably wouldn't bother to do anything to them.

Although his voice was very soft, it was clearly transmitted to every corner. All the creatures could hear him clearly.

The castle made of plants in front of them began to tremble violently. A long crack appeared in the middle, and a tree that connected the sky and the earth slowly moved out from the crack.

Xu Bai raised his head and looked at the tree. Then, he soared into the air and came to a place that was as high as the tree. He looked down from above.

"I don't like to look up, this feeling is just right."

When the giant tree heard this, it was silent for a moment before slowly saying, "It seems that Senior wishes to destroy our place. In that case, I can only fight to the death."

Just as he had expected, the other party did not have the slightest intention of begging for mercy, nor did he have any intention of submitting.

"Wait a moment, I'm going to kill you all in the blink of an eye, but I don't think it's necessary." Xu Bai raised his hand and stopped the giant tree.

The giant tree was stunned on the spot. He did not understand what Xu Bai wanted to do, but he held back and did not attack.

Actually, it didn't matter whether he made a move or not. Anyway, he knew that he was just going to die.

They were not like the world Xu Baizhi had gone to, where they had a way to create a Saint Realm.

Some worlds were very unique and might not necessarily succeed.

Xu Bai didn't waste any time. He took out the pearl on his waist and circulated his True Core Strength. A huge scene appeared.

The moment the scene appeared, the giant tree began to tremble. From the roots to the branches, including the leaves hanging on the branches, they all shook as if they were being blown by a strong wind.

The shaking sound was very loud, forming a noise. The other plants around them all fell to the ground, very afraid.

The giant tree was a real peak-stage Saint Warrior. He had only shown his fear in front of Xu Bai, but this time, he was so shocked that he couldn't say a word.

He used almost all his strength to finally recover from this shock.

"Senior, why are you showing me these things?"The giant tree asked carefully.

Xu Bai smiled and said," I don't mean anything else. I just want to say that I like you guys. Why don't you join me?" " This is a very good deal. If you join me and I succeed, I won't have to be threatened by the Absolute Saint anymore. A world that can develop freely is a true world."

The giant tree was silent for a while before finally smiling bitterly."Senior, why are you joking with us? " You've seen for yourself how powerful Absolute Saints are. We don't have any chance of winning."

" He's about to die. You can see it better than me. Is this considered powerful?"Xu Bai pointed at the image and said.

In the image, the eyeball looked extremely miserable, as if it would completely collapse in the next moment.

This time, the giant tree fell into silence again, but this time, it was silent for a long time.

Xu Bai knew that some things needed time. He didn't say anything and just waited patiently.

The answer would come, but he didn't know if it was good or bad.

After nearly half an incense stick of time, the giant tree finally moved.

"What do you need us to do?"

Xu Bai laughed loudly. His voice echoed in the sky and did not stop for a long time.

He knew that he had made the right bet this time. The other party had submitted because he had given the other party hope. Since there was hope, no one was willing to submit to others.

And now, it was time for him to turn the tables.

“Books and traces. I want all the books in your world. You know how to get these things. I also hope that you can pass this news to the other Saints because I want to lead you to true victory.” Xu Bai said indifferently.

The giant tree was the overlord of an area. Without any hesitation, it nodded and agreed. Then, it said a few more words and prepared to inform the others.

The way he informed them was very special. Leaves kept sweeping in the sky and turned into streams of light that flew in all directions. In the blink of an eye, they disappeared into the horizon.

“Senior, I’ve already sent out the message, but I’m worried that someone might not be convinced. If someone really is, I might need you to take action.”

“You don’t need to say these things, you just need to do your own thing.”

“Yes, sir!” The giant tree respectfully said,

Xu Bai didn’t say anything else. He entered the castle made of plants and waited patiently.

..

Ruins.

The Absolute Saint was still the same, but the chains on his body were much looser than before.

His eyes, which were originally tightly shut, suddenly opened.

The clouds in the sky instantly surged, and a huge pressure came from all directions, making people’s hearts tremble.

“What’s going on? Why didn’t you do anything?”

He could sense that Xu Bai had entered another world. He could also sense that there was no conflict between the two worlds, so he was puzzled.

Most of them could not be sensed. After all, his strength had been greatly reduced and he was bound. It was already very good to be able to sense these.

“That shouldn’t be. Could it be that they have the intention to betray us? Impossible. I’ve already intimidated them. They can’t and won’t dare to do so.”

The Absolute Saint was very confused. This scene made him feel very insecure.

He couldn't find out the reason, but he knew that Xu Bai definitely had a way to deal with it. Moreover, his mind was spinning rapidly now, and he had already thought of what might happen next.

"If they completely betray me and form an alliance with Xu Bai to collect things for Xu Bai, it will be dangerous."

Back then, he was beaten until he only had one eye left. Now, he was very afraid of Xu Bai's cheat. Seeing that Xu Bai had the possibility of developing, he became more and more anxious.

"Hu..."

The Absolute Saint let out a long breath. His eyes were filled with determination as he thought, "As expected of a variable. I can't guess anything. I have no other choice now. It seems that I can only use the simplest and most dangerous method."

He closed his eyes again, but his thoughts gradually spread through the ruins and into the human world.

The speed of this radiation was very fast and very secretive. Even the ruins themselves did not notice it.

..

In the human world.

In a magnificent room in the middle of the country.

The man with a calm expression was writing on a piece of paper with a brush.

His writing speed was very slow, but his handwriting was extremely powerful, making it difficult for people to forget after taking a look at it.

Before he could finish his sentence, he seemed to have sensed something. He suddenly raised his head and pondered carefully.

After about half an hour, the man put down the pen in his hand and stood up.

"I thought that I would never be needed, but now it seems that it's impossible."

There was a hint of helplessness in his tone.

Chapter 1134: Great Crisis, The Missing Goldfinger

When the man walked out of the gorgeous room, there was an uninhabited desert in front of him. The sky was filled with extremely hot sunlight, and the ground was burning hot.

The air was distorted, and just a glance at it would make one's mouth dry.

He took out the piece of paper that he had written at the beginning. There were only three big words on it, which were very eye-catching.

—Traitor!

“I write these three words every day. Every time I write them, I feel like my heart is suffering, but I have no choice. I thought that I would sink into this place forever, but I didn't expect that there would be a day when I would walk out.”

The man's tone was filled with helplessness and sorrow, but his eyes were as calm as water, forming a strong contrast with his tone.

He was like an emotionless machine, but he was telling the story of how he pitied all living beings.

Fake, so fake that it made people feel disgusted.

In this state of talking to himself, the man said a lot.

His words gradually calmed down and he waved his hand calmly.

In the sky, the originally blazing sunlight instantly dimmed, and the temperature started to drop.

The sandstorm disappeared, the desert disappeared, and this place turned into a frozen land.

With just a wave of his hand, he could even change the weather. Even Saints would find it difficult to do so.

When the weather changed, the man spoke again.

“It's been so many years. Why don't you come out and see me? We can be considered old friends. There's no need to hide like this.”

The man seemed to be talking to himself, and his voice was very soft.

However, after he finished speaking, the air in front of him distorted. In the blink of an eye, an incomparably huge scene appeared.

In the picture, two people were sitting cross-legged. They were a man and a woman.

The man was handsome and had his eyes closed as if he was manipulating something. The woman was playing with a stone at the side.

As if sensing something, the woman raised her head and looked in the direction of the image.

"Ah Wu, long time no see. I can't even remember how many years it has been since I last saw you." The man smiled.

"Tian Xing!" Ah Wu stood up abruptly. She could not hide the surprise in her eyes. Just as she was about to call Xu Bai, who was beside her, she did not expect the surrounding environment to change. She actually came to the scene where the man was.

"Don't alarm Xu Bai," Tian Xing said with a smile. "It's not necessary, and it won't solve the problem."

Ah Wu's eyes were filled with endless killing intent, and his tone became very cold. "After so many years, I thought you were dead. I didn't expect you to still be alive, traitor!"

As Ah Wu finished speaking, a powerful aura rose from his body.

The surrounding ice and snow began to melt gradually, and on Ah Wu's hands, a terrifying light was condensing.

Tian Xing raised his hand and interrupted him, "Don't do it. It's been so many years, but you're still the same. You should know that we're all from the same root, and no one can kill each other. I'm indeed a traitor. I've been tortured for so many years, and I feel very guilty, but I have no choice."

Ah Wu snorted coldly. The light on his hand dissipated, but his eyes were still cold. "You didn't die. The Absolute Saint saved you, right? What do you mean by that? Continue to be the Absolute Saint's lackey?"

She remembered the time from countless years ago. There were still many things she hadn't told Xu Bai about why they had failed.

This was the shame of their generation. The original plan should have been flawless, but there was a traitor, and it was this man named Tian Xing in front of them.

The appearance of the traitor changed all their plans.

They had lost. They had lost miserably. Even though the Absolute Saint had lost miserably, they had still lost.

Before they lost, she remembered that they had killed this traitor.

But now, it seemed that the traitor was not dead. He was protected by the Absolute Saint.

“I know you hate me very much. You all hate me. You are right, but I am also right.”

” The Absolute Saint said that he could give us equal rights, but you were unwilling. You wanted to die together. I don’t want to die. I could have gotten equal rights, so why would I die?”

Tian Xing’s guilty expression disappeared, and he became nonchalant.

“You are very noble, and you are also very great. You want to restore the world back to normal, but I am not as noble as you think.”

“You are willing to risk your lives to fight for peace in those worlds, but I only want to live in peace alone.”

As he spoke, Tian Xing’s expression turned extremely cold.

A Wudao: ” I don’t want to talk nonsense with you. Tell me, I really want to know your purpose. In our group, you’ve always been concerned about benefits. You can’t come to me for no reason.”

Actually, she was not in this world now. What came over was just a phantom. Tian Xing had dragged her here, and she was still in the Bizarre Market.

Tian Xing lowered his head, organized his words, and said slowly, ”Help me tell Xu Bai that his Goldfinger isn’t complete. Only when he, you, and I join together will it be complete.”

” My idea is simple. When we join forces, we’ll be on par with an Absolute Saint. Then, we’ll be able to protect this world.”

Chapter 1135: Great Crisis, The Missing Goldfinger (2)

“He has his family, friends, and children in this world. I hope he will think about it carefully. There is no need to risk his life.”

Ah Wu raised his eyebrows.” If you want to lie, I suggest you find a better reason. You’ve used this reason before, so it’s not very interesting.””

Tian Xing laughed out loud.” Aiya, I didn’t expect you to have grown so much after so many years. Alright, let me tell you. My real purpose is actually very simple. I just want to see if you’re really locked up inside. You don’t dare to come over either. That’s really possible. That way, it’ll be easier for me to operate.”

“What exactly do you want to do?” Ah Wu frowned.”

“What are you doing? How could I tell you that?” Tian Xing waved his hand.

Their conversation ended here, because after Tian Xing waved his hand, Ah Wu disappeared.

Tian Xing stretched his body and turned around to look at the snow and ice. He yawned and said,””What a beautiful world. Unfortunately, it’s about to be destroyed.”

His figure disappeared, and this place filled with snow and wind disappeared without a trace in an instant, turning into a void.

..

Bizarre market.

Ah Wu came back to his senses and looked at Xu Bai, whose eyes were tightly shut. After hesitating for a moment, he went forward and gently pushed him.

Xu Bai had been controlling his clone, but after being pushed, he immediately came back to his senses. He turned to Ah Wu and asked in confusion,”What’s wrong?”

Ah Wu gritted his teeth and recounted everything that had happened from beginning to end.

Xu Bai frowned after hearing that.

Traitor? This was the first time he had heard of this person. The situation seemed to have changed greatly again.

"Why didn't this person appear earlier? If he was an Absolute Saint, I would have died long ago. Or rather, as you said, we have the same roots. If we can't kill each other, he could have destroyed this world long ago."

No one in this world could deal with someone who was on the same level as Ah Wu.

It wasn't that Xu Bai didn't have confidence in them. It was just that he really couldn't fight against such ancient big shots.

If he had come out earlier and destroyed this world, wouldn't the Absolute Saint have won? After all, Xu Baijin's finger was completely dependent on this world. If the world was destroyed, he would be stuck.

"He said he wanted to destroy this world, so he must be lying to me. After the world is destroyed, he will stop moving forward. The Absolute Saint definitely won't let him off so easily." A Wudao.

Tian Xing was a smart person.

He was able to deceive all of them and betray them, so he knew that the Absolute Saint would not leave any danger behind.

The reason why Tian Xing did not die was partly because he had an important role to play, just like now.

On the other hand, Tian Xing himself was a part of the golden finger.

Therefore, if Tian Xing really destroyed this world, his golden finger would be completely crippled. At that time, the Absolute Saint would be able to do whatever he wanted.

"So what do you suspect?" Xu Bai asked.

"I don't know what it is either, but I think we should be more careful." Ah Wu shook his head and said.

Xu Bai fell into deep thought. After a moment, he nodded and said, "Let's follow the old plan. I'll continue...What's going on?"

Just as he was about to say that he would continue with the original method, he suddenly felt that something was wrong.

This was because his clone had already collected all the skills and traces of that world. However, just now, he felt that the cheat had disappeared.

His main body could easily feel it, as if it was instinct, telling him that the cheat was gone.

Xu Bai's eyes widened slightly."

Ah Wu was stunned. He quickly sensed his own ability and raised his head after a moment."Mine is gone too!"

The two of them looked at each other in confusion.

"Can you go to the outside world?" "It must be Tian Xing," Xu Bai said."

Ah Wu shook his head and said," No, I can't go either. Perhaps Tian Xing is waiting for my real body to go out.""

The situation had changed again. They had to be even more careful.

The two of them fell silent. This was an unprecedented situation that caught them off guard.

"Wait, wait for the Chu Emperor to see if there's any new news."Xu Bai thought for a moment and said.

With such a huge incident happening, it was impossible for the Chu Emperor to not have any news. What Xu Bai needed the most right now was to know what was happening in the outside world.

Ah Wu nodded and agreed.

Although the two of them looked very calm, they were very anxious in their hearts.

..

In the human world.

Tian Xing was high up in the sky, breathing in the fresh air, his face intoxicated.

"I really don't know why you people are risking your lives."

"But that's good. It's all thanks to you guys breaking through the bottleneck of becoming a Saint. Otherwise, I wouldn't have had the chance to appear."

"You don't know that the Goldfinger itself is a variable, and breaking out of the Sage Realm is also a variable. Only when the two combine will everything begin."

"I've studied the Goldfinger for so many years. Of course, I know it better than you."

In front of Tian Xing was a shrunken sphere.

Tian Xing was currently in a pitch-black void.

The void was as black as ink, and it gave people a deep sense of fear.

The sphere in Tian Xing's hand was blue. If one zoomed in, they would see all kinds of creatures inside.

This was the world that Xu Bai was in. At this moment, it had been shrunk by Tian Xing countless times. In this world, no matter if it was a Saint Realm expert or an ordinary person, they couldn't feel it.

Tian Xing waved his hand, and an image appeared.

In the image, the Absolute Saint's figure was blurry and couldn't be seen clearly.

"I've already separated this world. This world is the closest to me. Now, I'm the only person with a cheat." Tian Xing said slowly, "The Bizarre Market and the ruins cannot be separated because Xu Bai and you are here. However, I believe that as long as you are free, you will definitely be able to eliminate Xu Bai."

The Absolute Saint blinked his huge eyes as if he was responding to Tian Xing.

Tian Xing continued, "I'm leaving now. I hope you can kill Xu Bai and Ah Wu. Only then will I be complete. Don't worry, I won't go against you. I just want to have my own world."

In the void, the image disappeared, and Tian Xing's figure also gradually disappeared.

..

Ruins.

The Absolute Saint heaved a sigh of relief, and his eyes relaxed.

He had been hiding this hidden hand all this time because it was an unstable hidden hand. After all, even though Tian Xing was a traitor, he still dealt with him.

But now, he had no choice but to use it.

Now, it seemed that he had used it correctly.

As long as the world left, the golden finger would move towards the heavenly path, and Xu Bai would not be able to advance any further.

Moreover, there was another benefit after the world left.

“Kacha!”

With a shattering sound, one of the chains on the Absolute Saint’s body broke.

“What did you do!” The ruins reacted quickly and arrived beside the Absolute Saint in an instant.

This chain should have lasted for some time, but it suddenly broke this time. The ruins could not understand.

“I’ve decided that I won’t play with you anymore. Half a year later, it’ll be time for us to settle the score.”the Absolute Saint said slowly.

After leaving his original world, the shackles of the ruins were gradually weakening.

After breaking a chain, the Absolute Saint’s aura grew at a visible speed.

The relic didn’t say anything because the Absolute Saint had already closed his eyes and wouldn’t say anything more.

He knew that something must have happened in the outside world, but he could not contact the outside world now.

“I hope it’s okay.”

Now, he could only try his best to trap the Absolute Saint, but he didn’t know how long he could last.

..,

Time continued to pass. In the blink of an eye, half a month had passed.

Bizarre market.

Xu Bai frowned and looked at Ah Wu with a serious tone.””If you don’t tell me, I’ll make a move.”

In the past half a month, there was no news at all.

The most important thing was that Xu Bai had tried to enter the treeman world with his main body, and the progress bar had indeed disappeared.

As for Ah Wu, he seemed to have something to say.
