Chapter 1137: Forced by Tian Xing (2)

Tian Xing said helplessly, "Everyone, I have no ill intentions. I just want you to be quiet and not do anything useless. I really didn't expect a Transcendent to be able to sense that the world has changed."

He looked at a girl and said in a praising tone.

"You must be Xu Bai's daughter. I didn't expect him to have such a talented descendant."

Xu Ling gritted her teeth. Although she didn't say anything, her eyes were filled with anger.

Just as the world was being taken away, Xu Ling felt that something was different, so she went to find Emperor Chu and the others.

However, before she could say anything, Tian Xing descended.

He was terrifyingly strong, causing people to despair.

The Chu Emperor stood in the middle and said in a gloomy tone, "Who are you and what is your relationship with Xu Bai? If you are here to cause trouble, although we are not as good as you, we will fight to the death."

All the experts had gathered as if they were facing a great enemy.

Tian Xing smiled and said, "You are Emperor Chu. I know you. You are a person with great wisdom and determination. You are able to open up the path to becoming a Saint by yourself. If you didn't have an Absolute Saint, you would have gone even further. What a pity."

Everyone was silent and watched quietly.

The air became more and more solid, and the atmosphere became more and more gloomy.

Tian Xing waved his hand and said in a rather bored manner, "Sigh, you guys are hostile to me, but I have no choice. I just want to borrow something."

"What do you want to borrow?" The Chu Emperor frowned.

“A drop of blood.” Tian Xing flicked his finger.

In the next moment, Xu Ling felt a sharp pain in her middle finger as a drop of blood floated into Tian Xing’s hand.

When this situation appeared, everyone immediately prepared for battle.

However, the next scene overturned everyone’s common sense.

Tian Xing flicked his finger, and the blood floating in the air emitted a dazzling light.

When the light gradually dissipated, a girl who looked exactly like Xu Ling, even in the same clothes, appeared.

“Everyone, live well. I’ll be leaving first.” Tian Xing did not continue to cause trouble. With a casual wave of his hand, he tore through the void and left.

The fake Xu Ling that Tian Xing had created also disappeared.

Everyone present looked at each other, not knowing what to do next. All of them turned their gazes towards the Chu Emperor.

The Chu Emperor said, “Continue as usual. Let me think about these things...”

Everyone nodded.

..

After Tian Xing tore through the void, he did not appear in the outside world. Instead, he found an extremely remote place and looked up at the bright moon in the sky.

The blue sky was like a painting, making people feel relaxed and happy.

“I’ve already shifted the world to this position. The Absolute Saint shouldn’t be able to sense it.” Tian Xing muttered to himself.

He turned his head to look at the fake Xu Ling and waved his hand lightly.

In the next moment, the fake Xu Ling disappeared.

“The resentment of countless worlds. Xu Bai, I know you have concerns, but I can help you. You have no other choice now.” “Either save your daughter, or watch her die. Tsk tsk tsk, I’m the bad guy again...” Tian Xing muttered to himself.

After saying that, Tian Xing’s figure completely disappeared...

..

Bizarre market.

Xu Bai sat cross-legged on the ground, deep in thought.

Now, everything had become complicated. He needed to find a solution among these things.

But now, it seemed that everything had reached a dead end.

He could not get out.

Not only could he not get out, but he could not advance at all.

Xu Bai even wondered if he should try to go to the world that Ah Wu mentioned.

It was very likely that he would never return, but now it seemed that there was only one way.

Ah Wu had been beside Xu Bai the whole time, remaining silent.

The conversation between the two of them began to gradually decrease. Silence often accompanied them, and the solemn atmosphere increased day by day.

As Xu Bai thought about this, the thoughts in his mind slowly increased. Suddenly, he felt a little dizzy.

Even though he didn't have his cheat, he still had his strength. As a Saint, how could he feel dizzy?

Xu Bai woke up instantly. He wanted to say something, but the scene in front of him began to change.

A tall man suddenly appeared in front of him.

Xu Bai looked around and found himself in a void.

Darkness was visible everywhere, with no end in sight.

"Phew... He had not used it for so many years, but he was still familiar with the ability to see through dreams." Tian Xing let out a long breath.

"You must be Tian Xing." Xu Bai sized him up."

Tian Xing smiled and said, "Not bad."

He didn't ask Xu Bai how he had guessed it, because everything was obvious.

"You're telling me in my dreams, right?" Xu Bai said. "If you tell me in my dreams, I'm afraid it won't end well. ""

This person was once a traitor and was already standing on the opposite side of him. Now that he suddenly came to look for him, there must be something.

This was the so-called saying of not visiting the Three Treasured Palace for no reason.

Tian Xing had a steady smile on his face. ""Of course. This is the first time we've met, so I want to give you a big gift. ""

As he finished speaking, the surrounding scenery began to change.

The originally pitch-black void had disappeared, replaced by a stretch of desolation.

Xu Bai could sense that this barren and endless world was filled with a despairing aura that was constantly affecting him and making him sink into it.

Even though he was so far away, even though it was just a video, it still made his heart tremble.

"This is the place where the resentment of countless worlds gathers. It's very terrifying, isn't it? Any living being here will sink and become a part of the resentment." Tian Xing took a deep breath and put on a relaxed posture. ""The things that Boss made are indeed not something that ordinary people can touch. ""

"What do you mean?" Xu Bai frowned.

Tian Xing did not say anything and pointed at the image in the sky.

A girl suddenly appeared. She was squatting on the ground with her hands on her head. Her face was filled with pain.

"Xiao Ling?" Xu Bai was stunned for a moment. After he reacted, his killing intent soared. "What do you mean?"

"Nothing much. I just want to force you to go in and use you to exchange for your daughter. It's very worth it." Tian Xing did not hide his purpose and spoke very straightforwardly.

"I've already taken your world far away, so your cheat is gone. I'll give you a choice now. Go and try. If you can find what Boss left behind, you'll have hope."

At the place where the resentment was gathering, the rationality in the fake Xu Ling's eyes was gradually disappearing.

Tian Xing continued, "If you find her, you will be able to save your daughter. If you don't, you will die together. There will be no other outcome."

Xu Bai looked at Tian Xing coldly and said, "I will kill you myself."

Tian Xing shrugged indifferently. "I'm a traitor. Everyone in the world wants to kill me. Have I ever been afraid? Instead of talking about this, why don't I give it a try? Alright, I don't want to talk anymore. Goodbye."

After saying that, Tian Xing disappeared.

The surrounding scenery gradually faded away, and the drowsy feeling in Xu Bai's mind disappeared.

He recovered from his dream state with a gloomy expression.

Ah Wu came over in confusion and asked curiously, "What happened just now? Why did you suddenly produce so much killing intent?"

She could feel that Xu Bai's murderous aura was so strong that it made her hair stand on end.

Xu Bai's eyes were cold as he recounted everything that had happened to him.

After Xu Bai finished speaking, Ah Wu clenched his fists.

"Despicable!"

"He's just as despicable as before. He'll do anything to achieve his goals."

It seemed that he had suffered a loss in the past, so he was even angrier than Xu Bai.

"I want him dead."

Ah Wu was shocked. He hurriedly tried to persuade her. "Calm down first. He's doing this to trick you into going there. It's too dangerous there."

Xu Bai looked up at the dark red sky and said slowly, "We're not making any progress here. It's almost a slow death."

"I thought about going to the Supreme Saint Realm just now. Now, we really only have one path left. Even if he doesn't force me, I will still go in the end. After all, there's still the Supreme Saint above."

“You and I have known each other for such a long time and are friends. Don’t stop me on this matter.”

“I must go.”
