Chapter 1138: I'll Bring Xu Bai Home

When Xu Bai said this, he was very angry at first, but then he became very calm.

But the calm surface under the eyes, but a piece of ice cold, you can see the anger in his heart.

Ah Wu had been with Xu Bai for a long time, but this was the first time he saw Xu Bai like this.

She knew that no matter how she tried to persuade him, it was useless.

"Alright, since you want to go, I can't stop you. But have you decided which method you want to go?" Ah Wu asked.

The two methods had different levels of danger.

If Xu Bai went in like that, there was a risk that he would sink into it. If Xu Bai went in like an ordinary person, he might not be able to return.

He could only choose one of the two.

Xu Bai pondered for a moment. "If I enter with my strength and can't hold on any longer, will it be effective to disperse my strength?" he asked.

Ah Wu was surprised by Xu Bai's imagination. After thinking about it carefully, he realized that this was also a good idea.

"Boss only said that there is such a way to enter, but I really haven't thought about this."

"Then let's try." Xu Bai said.

Ah Wu thought for a moment and nodded in agreement.

Now that the matter was urgent, the two of them did not continue to talk nonsense.

Ah Wu raised his hand and waved it gently at the sky.

The next moment, a deep hole appeared in the sky.

The entrance of the cave was pitch-black. As time passed, the pitch-black hole became brighter.

From the entrance of the cave, one could see the bright blue sky and white clouds inside.

“Let’s go.”

Xu Bai didn’t say anything. He followed Ah Wu into this strange space.

It was still the same environment that looked like a paradise on earth. At a glance, it made people feel relaxed and happy.

Ah Wu turned around and asked, “Are you sure? Actually, the scenery here is not bad. If...”

Before Ah Wu could finish, Xu Bai interrupted him, “There are no ifs, only desperate survival. As long as there is a glimmer of hope, I can’t give up.”

Ah Wu sighed and made a strange gesture with his right hand. At the same time, he waved his other hand at the sky.

As Ah Wu finished waving his hand, the white clouds in the sky began to shrink rapidly. In just an instant, the white clouds condensed into an incomparably huge door in the sky.

The door was pure white and looked extremely sacred on the surface, but there was a soaring resentment inside the door.

Xu Bai could feel the resentment even from far away.

Even a Saint Warrior would feel dizzy.

“So this is where the resentment of countless worlds gathers?” Xu Bai shook his head and thought to himself.

“If we enter from here, we can reach that place directly.” Ah Wu pointed at the door and said.

Xu Bai didn’t wait any longer and rose into the air.

His body was getting closer and closer to the door.

Ah Wu raised his head and stared at him intently.

Just as Xu Bai was about to arrive, he suddenly stopped and turned to look at Ah Wu.””If I fail, you can stay here. Just like you said, no matter what, it’s still a hope.”

Without waiting for Ah Wu to speak, Xu Bai turned around and walked through the door.

The white door disappeared, and everything returned to normal. The blue sky and white clouds were clear.

Ah Wu thought carefully about Xu Bai’s words and sighed silently.””I hope you can return safely. If you can’t, I’ll be the only one left in this world.”

..

After Xu Bai entered the door, he felt his vision blur. Not long after, he found himself in a gray space.

He couldn’t see the end of this place. Even with Xu Bai’s Saint Realm strength, he still couldn’t see through the gray mist.

“It’s not like what I imagined.”Xu Bai stood in place and thought for a moment.

He tried to mobilize the True Distant Force in his body, but was surprised to find that he was actually unable to mobilize it.

As he tried, the surrounding scenery changed.

The gray sky disappeared and was replaced by a pungent smell of blood.

Xu Bai had seen a lot of big scenes, so he could easily recognize that the smell of blood was so strong that it was unprecedented.

Like falling into a sea of blood, everywhere is blood.

Accompanied by the smell of blood, a scene appeared in front of Xu Bai.

A mountain of corpses!

As far as his eyes could see, there were countless corpses.

Other than the corpses, there were also dark red blood stains that dyed the ground red like water.

If these corpses were compared to ants, the number of ants here was enough to cover the entire world where Xu Bai was, or even more.

“This place...It should be the people who died in countless worlds. They fought against Absolute Saints and lost in the end. They died and all ended up here.”Xu Bai could not hide the shock in his eyes.

The next moment, Xu Bai suddenly felt a pain in his head.

Before he could react, a suffocating resentment hit him.

“No, I can’t hold on!”

Xu Bai came to a conclusion in an instant.

He knew his limits.

Originally, he thought that he would be able to resist it with his own strength. However, when this resentment attacked him, he realized how ridiculous his thoughts were.

If resentment was compared to the sea, he would be a pitiful, tiny, and small creature in the sea.

Xu Bai did not hesitate at all. Just as the resentment was about to reach his entire body, the True Core Strength in his body surged.

In the next moment, all the True Core Strength in Xu Bai’s body dissipated, and he became an ordinary person.
