## **Chapter 1139: Tianxing, I'll Bring Xu Bai Home**

He was extremely decisive. He did not care about his Saint Realm strength at all because he knew that once resentment was possessed, no matter how strong he was, it would be nonsense.

As the True Core Strength dissipated, the resentment naturally disappeared. The surrounding mountains of corpses and seas of blood disappeared, and the scene returned to being foggy.

Xu Bai shook his head. The scene just now seemed to still be in front of his eyes.

"I haven't tried it in a long time. So I was this weak in the past?" Xu Bai felt that he was just an ordinary person now.

However, he was not depressed because he knew that the other party could leave behind something that could turn the tables here, so he definitely would not set up a dead end.

As long as he found it, there was hope, even if it was an ordinary person.

As for how to get out of here, we'll see.

Thinking of this, Xu Bai lifted his feet and walked through the foggy space at a normal speed.

..

In the void.

Tian Xing suddenly opened his eyes, and there was a hint of joy in his eyes." Finally, he finally entered!"

No one knew where his joy came from. This joy could not be hidden at all.

He looked at the world that had shrunk to the size of a fist, took a deep breath, and disappeared.

"It's time to understand. I'll wait here for Xu Bai to obtain the things Boss left behind before executing the plan."

A sentence was left in the air and gradually dissipated.

Time slowly passed. In the blink of an eye, half a year had passed.

In the ruins.

The Absolute Saint still had the same eyeball, but he already had an aura that looked down on all living things. Just looking at him made him feel terrified.

Not far away from him, there were still no facial features, but from the hunched figure, it could be seen that the ruins were already at the end of its flight.

The chains on the Absolute Saint's body were disappearing.

"Sigh, I can't resist anymore." The voice of the ruins had a hint of age. "How long have I locked you here?"

The Absolute Saint shook his eyes. "I don't remember. It's been a long time. Time is just a useless number to me. However..." I admire you and can fulfill your insignificant wish. After all, I'm in a good mood now."

The remains sat cross-legged, still hunched. "You admire me? I thought it was just a joke."

"I've destroyed countless worlds and seen many geniuses. I've also seen all kinds of life. When they died, they all had their own appearances. Some begged for mercy, some were not afraid of death, and some were numb. You're different."

"I really find it hard to imagine that you only need to rely on me to enjoy endless glory and wealth. What exactly is it that makes you persist until now?"

The Absolute Saint was curious.

"Hope? No, no, no. I don't have any hope. Ever since I was created, I have a mission. That is to let the world develop in an orderly manner and not be driven by you." The voice of the remains grew older and older. "Actually, this is more interesting. Everyone has their own way of living, and there are all kinds of strange worlds. So, rather than calling it hope, it's more like a mission and responsibility."

The Absolute Saint fell silent for a long time.

The ruins did not say anything.

The two of them were already used to this silence.

After about an hour, the Absolute Saint said, "I've changed my mind. When I get out of here, I'll destroy all the worlds and leave none alive. Then, I'll create a new world. These worlds will no longer have bullshit missions and responsibilities. They'll only have to submit."

"After being oppressed for a long time, you will eventually resist. You will not always win." The remains began to cough like an old man.

"Tell me your wish." "If I can, I'll satisfy you," the Absolute Saint said mockingly.

The ruins raised its head and tried to straighten its back without saying a word.

"Haha." "It doesn't matter if you don't want to bow to me." The Absolute Saint sneered.

At this moment, the face without any facial features finally changed.

A plain face appeared before the Absolute Saint.

Although this face was not special, upon closer inspection, it was ever-changing, as if it was stitched together from countless faces.

"These are the creatures you destroyed. They are all looking at you."

As the ruins finished speaking, a gust of wind blew, and the ruins gradually turned into ashes.

At the same time, the last chain on the Absolute Saint's body finally broke.

"Finally, I'm free."

The Absolute Saint sighed, and his aura increased at a visible rate.

Countless worlds seemed to have sensed it, and all the living beings prostrated themselves on the ground.

This was a person who made countless worlds bow their heads. Although he was not at his peak right now, just his gaze alone could make him stand alone among all living beings.

"It's time for the world to be destroyed." The Absolute Saint closed his eyes.

With him as the center, a destructive power caused everyone to despair.

The world was crumbling, the heavens and the earth were shattering. From the smallest world to the largest world, it was undergoing a terrifying baptism.

One world after another was gradually turning into nothingness.

..

In the void.

Tian Xing looked at the shrunken world in front of him and sighed, "Boss's strategies are always brilliant. This world that was saved became our hope to turn the tables."

He took a deep breath and closed his eyes.

In the next moment, countless people in the world where Emperor Chu was could feel the Absolute Saint destroying the world.

It was terrifying and it made people feel hopeless.

Tian Xing's voice slowly rang out.

"Everyone, whether you believe it or not, I am a good person. Now, I can't explain why Xu Bai is lost in a world formed by resentment. He needs the coordinates, and I am the coordinates. But I alone am far from enough. You are the world where his ability lies, and I need your faith."

Power of faith rose from everyone's bodies and gathered on Tian Xing's body in the blink of an eye.

Tian Xing took a deep breath, took a step forward, and disappeared into the void.

..

The pure white world where Awu was.

At this moment, Ah Wu was hugging his knees with both hands, his face full of despair.

She could feel that the Absolute Saint was destroying the world, but there was nothing she could do.

"In the end, I lost. I'll always be like an ant."

A Wu muttered to herself. She had seen hope, but she had destroyed it. This feeling made her despair.

At this moment, a figure appeared.

Ah Wu immediately woke up and said with a face full of hatred, "You still dare to come and see me?"

Tian Xing's face was calm as he sighed and said, "I've already shouldered too much. Ah Wu, go and hold hope. Leave the rest to me."

Ah Wu was stunned, not understanding what he meant.

"Back then, we couldn't have won. Even if I didn't betray you, we would have lost." Tian Xing said slowly.

"Later, Boss thought of a way to use the resentment of failure to condense something that could determine the outcome. I don't know what it is either."

"In order to prevent those who have ulterior motives, Boss set those conditions. Now, I can sense that Xu Bai has been found, but he can't come out."

"You?" Ah Wu was stunned. Aren't you..."

She was a little confused.

"This is Boss 'plan," Tian Xing said with a smile." We can only gain a chance of survival if we completely break in."

"What do you mean by asking me to take control of hope?" Ah Wu continued to ask.

Tian Xing explained, "The world that Xu Bai is in is hope. If Xu Bai and I fail, you have to protect the world well. Perhaps a new Xu Bai will be born."

Between the two people, the words are very simple, but Ah Wu has understood the things that have happened.

"How can I believe you?" Ah Wu frowned.

Tian Xing shrugged and said indifferently, "I don't care if you believe me or not. I've been a traitor for a long time. It doesn't matter. You'll know when Xu Bai comes out."

"If Xu Bai loses, you know what to do, so it doesn't matter to me whether you believe it or not."

From the start of this plan, Tian Xing knew that he was walking a lonely path, and he did not care.

A white door appeared in the air. This was the path to the resentment.

"What are you doing?" Ah Wu's eyes widened."

Tian Xing soared into the air and entered the white door, leaving behind a sentence.

“Bring Xu Bai home...”
