Chapter 1140: I Call It Blue Star (Finale)

The pure white door disappeared.

A Wu watched Tian Xing's back as he left and did not speak for a long time.

After walking in the sky, she seemed to sense something different. She felt that there was something that was connected to her.

Ah Wu tried to sense it. In the instant he sensed it, the surrounding space began to gradually change.

In the blink of an eye, he had already appeared in the void.

This place was dark and chaotic, boundless.

In front of Ah Wu, a shrunken world the size of a fist appeared.

Ah Wu could easily sense every blade of grass and tree inside, and even the life inside.

" This is the world where Xu Bai is. So Tian Xing brought him here. No wonder..." Ah Wu muttered to himself.

She thought of what Tian Xing had said not long ago and could not help but be a little lost in thought.

..

In the world formed by resentment, Xu Bai was sitting cross-legged, looking at the man who was as tall as a mountain in front of him.

" That's what happened. You now have the power to fight against absolute saints, but unfortunately, if Tian Xing doesn't do as I say, you won't be able to leave." The man was as big as a mountain, and his voice was like thunder.

Xu Bai rubbed his eyebrows.

At this moment, he looked no different from an ordinary person. However, only he knew that he now had the strength to make all living beings fear him.

After entering this world, she became an ordinary person. Without any danger, she found this man.

The man was called Shi, which meant that everything started.

Here, Xu Bai had been baptized by all the resentment. The golden finger had disappeared and was replaced by a kind of control. He could control as he pleased.

As long as he wanted to, he could do whatever he wanted.

This kind of strength was much stronger than before, but unfortunately, he could not get out.

“So, you really have so much free time that you set up such a method.” “If Tianxing doesn’t come or betrays you, everything will be for naught,” Xu Bai said helplessly.

Xu Bai wouldn’t place his hopes on someone else, but it seemed like he had no other choice.

He already knew that Tian Xing was the one who had tricked him into coming in.

Shi smiled and said, “If it was anyone else, I might not have come. But Tian Xing is different. He will definitely come because he and I have the same goal. We are both people who want to make the world independent.”

Xu Bai didn’t continue because the space around him began to change.

A man descended from the sky and landed beside Xu Bai.

“Shi, I’m here. You didn’t say anything bad about me, did you?”

Tian Xing’s expression remained calm as usual, as if he was not affected by the resentment at all.

Xu Bai looked straight at Tian Xing. Before he knew Tian Xing’s purpose, he had thought about what kind of price he would have to pay for meeting him. However, after knowing it, Xu Bai felt different when they met again.

Tian Xing seemed to know what Xu Bai wanted to say and interrupted him, “There’s no need to say anything more. There’s no need to say those sad words. I’m here to die in your place.”

“Back then, many of those old fellows died. It’s already not bad that I’m still alive.”

After interrupting Xu Bai’s words, Tian Xing stretched his back and pointed at Xu Bai’s forehead without saying anything else.

In the next moment, Tian Xing poured the faith of the world Xu Bai was in into his mind.

Tian Xing's body began to change. His face was in a mess, and it was increasing at a speed visible to the naked eye.

"You, who have lost your faith, will soon be unable to hold on." He raised his hand and placed it on the ground.

Tian Xing endured the pain and climbed up Shi's palm. He turned to Xu Bai and said, "Follow the faith of all living beings and you will be able to return."

Xu Bai felt an unknown force in his body. He felt that it was pulling him in a certain direction.

Shi Shi hugged Tian Xing and said, "This place has lost its meaning. Go, I will destroy this place. You and the Absolute Saint will have a battle, and it will be up to heaven's will who wins."

After Shi finished speaking, his feet were gradually turning into ashes.

Xu Bai watched silently until Shi and Tian Xing disappeared. He muttered to himself, "I will bring your faith to fight him."

He turned his head and walked away.

..

In the void, Ah Wu had already arrived at the world where Xu Bai was.

At this moment, at the top of the world, a video was constantly playing.

Countless worlds were turning into ashes in the Absolute Saint's eyes.

The Absolute Saint's huge eyeball gave everyone an unimaginable sense of oppression.

As the world was destroyed, the Absolute Saint was gradually recovering.

Gradually, he was no longer just an eyeball, but a man without facial features.

"He's recovering. No one can stop him now."

"Countless worlds were destroyed, and we became the only survivors, but despair was always with us."

"Who else in this world can reverse the situation?"

Whether it was a Saint Realm expert or an insignificant ordinary person, they were all immersed in various emotions at this moment.

They were in despair and even felt that they could not resist.

Looking at the destruction of the worlds one by one, he felt like a fox grieving for the death of a rabbit.

Ah Wu looked up and suddenly said, "There's still hope, Xu Bai." "

Everyone was silent.

Xu Bai?

Hearing Ah Wu's words, they couldn't help but think of that man.
