Chapter 121: The Situation Is Up (3)

Stars move.

As long as it was a Rank-6 skill, including skills below Rank-6, it could be transferred.

The silver thorn stopped in a hurry. It was only an inch away from Qing Xue's neck. Cold sweat trickled down Qing Xue's forehead.

If he hadn't stopped himself in time, he might have lost all his strength.

"You're not a man!" Qing Xue shouted.

"I am your father!"

Xu Bails reply was a curse in his anger.

Before Qing Xue could reply, she felt her hair tighten. Then, a strong force came at her. She subconsciously lowered her head and moved towards Xu Bails waist.

At Xu Bails waist, what greeted her was not a strange thing, but a huge knee.

"Bang!"

His knee collided with Qing Xue's face, and two streams of blood flowed out of Qing Xue's nose.

He had already lost a lot of blood, and after this blow, he completely fainted.

Xu Bai finished the battle very quickly. The people around him were stunned.

A few of the posthouse men turned their heads and thought to themselves that they absolutely could not provoke this person.

The old postmaster was also stunned.

This young man attacked without hesitation.

Fortunately, no one died.

Xu Bai didn't care what the people around him thought. He dragged Qing Xue's hair and walked toward the house in an extremely rough manner.

During this time, Qing Xue woke up. When she saw her own condition, she was about to speak when she was knocked out by Xu Bai's punch.

After entering the room, Xu Bai closed the door behind him.

If it wasn't for Qing Xue's last words, Xu Bai really didn't want to keep this person alive.

It wasn't him?

Why not him?

It seemed like someone had impersonated him and had a conflict with Qing

Xue.

Then there was something inside.

There was light in the room. Xu Bai was waiting for Qing Xue to wake up.

Fortunately, the martial artist's physical fitness was not bad. Qing Xue woke up very quickly and looked at her surroundings with a blank expression. Then, she felt a huge pain in her hair and nose.

Thinking back to what had happened before, she understood why she felt pain.

Immediately after, Qing Xue raised her head and felt a chill on her neck. Ghost Head Blade was already hanging around her neck.

"I was wrong just now. I apologize to you." Qing Xue answered very quickly and without hesitation.

"Oh?" Xu Bai's interest was piqued. This was different from what he had imagined.

He had thought that the other party would be tougher. After all, she was the Ninth Princess's woman, so she would definitely have a strong attitude. He had just beaten her up.

He did not expect the other party to admit his mistake so quickly.

"Admit your mistakes and take responsibility. This is what the princess taught you." Qing Xue looked at Xu Bai calmly.

"Where did you go wrong?" Xu Bai smiled.

"I shouldn't have attacked you first, but there's a reason for all of this. There was a person who had a long saber at his waist and a hidden weapon. His technique was very similar to yours." "I attacked you to test you, not to kill you,"

Qing Xue said.”

What she said was the truth, and at the same time, it was her true thoughts.

The person who blocked her had his face covered, so she couldn’t see his face. She had to find out the real reason.

In this day and age, no one would be stupid enough to think that someone else was behind an attack.

The facts proved that her test was correct.

“With your strength, it’s easy for you to kill me. There’s no need to let me go at that time and let me escape.” Qing Xue said with conviction.

“This is also the reason why I spared your life. Who was that person? Did you see any characteristics?” Xu Bai said.

As the saying goes, one should not hit a smiling person. Qing Xue’s attitude of admitting her mistake was very good. Moreover, there was something going on.

Impersonating him, intercepting Qing Xue, and even deliberately letting her go, this was a little like framing someone.

What Xu Bai hated the most was to follow the path others had set for him. If he killed Qingxue now, the other party’s goal would be achieved.

“There are no special characteristics, but his concealed weapon technique is extremely similar to yours, even exactly the same.” “Although I haven’t seen your hidden weapon technique, the Ninth Princess has already received news about your hidden weapon,” said Qing Xue.”

She was a princess who controlled an important source of financial resources in Great Chu. If she did not have this information, she would not be able to do anything.

Xu Bai stroked his chin and said, "Alright, you can go now. Do what you need to do. As for other things, don't worry about them."

This answer was unexpected. Qing Xue was stunned on the spot and did not come back to her senses for a long time.

He was letting her go just like that?

Something was wrong. She could not leave yet.

"I've already seen the person I want to see. Where else can I go?" Qing Xue touched her nose. There was a trace of blood seeping out.

He was too ruthless.

If she wasn't a martial artist, her head would have been smashed into pieces by the knee bump just now.

He didn't know how to be gentle with women at all.

"What the ninth princess means is that we have the possibility of working together." After Qing Xue wiped the blood off her nose, she directly revealed her purpose.

"Alright, I will consider it." Xu Bai said.

"Why do I feel that your answer is so perfunctory?" Qing Xue's expression changed.

The word "consider" was an extremely conventional answer.

For example, if you asked someone about something, or if you wanted someone to do something for you, and they replied that you would consider it, then there was an 80% chance that it was impossible.

Considering meant that he didn't really want to do it, but he didn't want to affect your reputation, so he left you some face..

Chapter 122: The Situation Is Up (4)

"Then let's go through the procedure." Xu Bai stroked his chin and said, "How?"

"I don't know either. I'm just here to confirm and see what you think. But don't worry, anyone who works with the ninth princess will be fair and will be rewarded accordingly." Qing Xue said.

"Alright, I'll consider it." Xu Bai nodded seriously.

Qing Xue was speechless.

This was too much!

So this is how you go through the procedures?

He was simply inhumane.

Xu Bai didn't say anything more. He turned around and left.

Qing Xue didn't know what Xu Bai wanted to do, so she asked subconsciously, "Where are you going?"

"To see someone." Xu Baitou said without replying. Qing Xue stayed in the room, her face blank.

What was this?

Ever since she came here, she had lost the initiative.

Up until now, she had not gotten anything out of him other than the word ‘ think about it.’

Of course, there were still gains.

“This person is very clear-headed. He kills those who should be killed and doesn’t kill those who shouldn’t be killed. He’s not like some cruel people.” Qing Xue thought about it and decided to go to Spring Rain Pavilion again.

She went to Spring Rain Pavilion to see if there were any new discoveries. If there were no new discoveries, she would have to get up and return to the city as soon as possible to inform the princess.

Thinking of this, Qing Xue found a pen washi in the room and cut the paper into two pieces. She wrote the same content, which was roughly her evaluation of Xu Bai.

Among them, the evaluation was very standard and not biased at all.

After doing this, Qing Xue found the old postmaster and handed over a rolled up piece of paper.

“Tomorrow at noon, use a carrier pigeon to send it to the capital. Also, give me a carrier pigeon.”Qing Xue said.

In this day and age, it was not uncommon to intercept the homing pigeons. Everything had to be prepared twice.

“Alright.” The old postmaster agreed.

Qing Xue withdrew her hand and looked in the direction Xu Bai had left. She frowned.

It was getting late and the sun was setting. Xu Bai had already arrived at Sheng County.

In the yamen.

A room was brightly lit, and Yun Zihai was writing at his desk.

As the weather turned cold, he put on a piece of clothing and coughed from time to time as he wrote.

His face was as pale as usual. He looked like a sickly man who was dying.

What he was writing now was about the future development of Sheng County.

In the past two days, he had toured around Sheng County and had a thorough understanding of the situation.

In his opinion, Sheng County was a remote small county. If it wanted to develop, it would require a lot of effort.

After about the time it takes for an incense stick to burn, Yun Zihai put down the brush in his hand. He looked at the words on the white paper and nodded in satisfaction.

“Not bad.”

The first draft of the game has been formed, but it needs to be gradually improved.

Just as he was thinking about this, there was a knock on the door.

The sound of knocking on the door in the middle of the night, especially in the empty backyard, seemed particularly sinister.

"Who is it?" Yun Zihai turned his head and looked in the direction of the door. He raised the brush in his hand and a thick book appeared in his left hand.

"It's me."

A familiar voice came from outside the door. He was stunned for a moment before a smile appeared on his face. He walked to the door and opened it.

"I was wondering who it was. So it's Brother Xu. I wonder what urgent matter Brother Xu has to visit the yamen at night?"

After the door was opened, Xu Bai was standing outside with Ghost Head Blade in his hand.

"How about we talk inside?" Xu Bai said with a smile.

Yun Zihai turned sideways and let Xu Bai enter first before closing the door.

Xu Bai came into the room and sat down. He looked at the teacup on the table and poured himself a cup of tea.

"Brother Xu, it seems that you have something to do with your visit so late at night." Yun Zihai said with a smile.

"Someone intercepted the Ninth Princess' personal maid and used the same move as me." Xu Bai was straightforward and did not beat around the bush. Yun Zihai had just taken two steps when he heard this. He was obviously stunned.

"What?"

She used the same hidden weapon technique as Xu Bai to intercept Princess Nine's personal maid.

Framing?

It was very possible.

"I don't know if you've seen this technique before." Xu Bai raised his hand and took out a copper coin, which he embedded on the pillar of the room.

"The maple leaves are like rain." Yun Zihai was stunned for a moment before he narrowed his eyes.

"Looks like you really are from the Yun family." Xu Bai said with a smile.

The technique of Maple Leaves Like Rain was obtained from Yun Xiang.

Back when he was fighting with Yun Xiang, Yun Xiang had said that this was the martial arts of the Yun family.

Yun Zihai was also surnamed Yun.

Therefore, Xu Bai came over to test the waters.

"Brother Xu, you've changed my opinion of you. I originally thought you were a highly guarded and powerful Jianghu person, but now it seems that your strategy is not bad." Yun Zihai smiled. "I was expelled by the Yun Family. Maple Leaves Like Rain is one of the Yun Family's martial arts. ""

"Oh?" Xu Bai only poured himself a cup of tea but did not drink it. He gently turned the teacup in his hand and said, ""Tell me."

"I gave up martial arts and went for literature, which was disrespectful to the

Yun family. I was chased out by the Yun family. However, after I entered the Qingyun Academy, they wanted to ask me to go back, but I rejected them.”Yun Zihai explained.

At this point, it was obvious that Yun Zihai’s tone was filled with helplessness.

Sometimes, reality was just like that, without any deviation..

Chapter 123: The Situation Is Up (5)

When you didn’t have the ability or strength, anyone could step on you. However, when you had the ability, strength, and a background, everyone would clap and praise you behind whatever you did.

“The Yun family is loyal to the sixth prince. It seems that they want to frame him. However, with the sixth prince’s shrewdness, he wouldn’t do such a flawed thing. I think the Yun family did it themselves to show their loyalty to the sixth prince.”The clouds came from the sea.

“This isn’t as simple as just showing your loyalty. The plan to kill three birds with one stone is very well thought out, and the calculations are also very precise.”Xu Bai placed the tea that had already cooled to the side.

“How do you know?” Yun Zihai asked.

Xu Bai sorted out his thoughts and voiced out his thoughts.

“First, they tried to kill him on the way. After they failed, they might suspect me. Even if they didn’t suspect me, if I had been too harsh and Qingxue had died, my matter would have been confirmed.”

“If I didn’t do it and the matter could be resolved, then I would definitely suspect who was behind it. The characteristics of the hidden weapon technique are too obvious, and your surname is Yun, so I would very likely suspect you.”

"If any one of us makes a mistake in the middle, one of us will suffer a loss.

This is killing three birds with one stone."

After saying that, Xu Bai stopped talking and looked straight at Yun Zihai.

Yun Zihai sighed and said," After hearing Brother Xu's analysis, I've rejected my previous thoughts. This matter was not done by the Yun family themselves.

It was definitely ordered by the Sixth Prince. ""

"Oh? Why?" Xu Bai tapped his fingers on the table rhythmically.

"This is just a small test for the Sixth Prince, and the so-called price is only the Yun family. If it succeeds, he will receive a hundredfold return. If it fails, it will only pluck a hair from his body. "Yun Zihai said with certainty.

Xu Bai frowned.

Such an analysis was not wrong. After all, anyone would be willing to lose a single hair.

A small promotion of a county had actually triggered so many serial tricks.

Thank you for your trust in me, Brother Xu." Yun Zihai bowed.

Xu Bai shook his head." It's not trust. I just feel that this matter isn't that simple. You can't be more stupid than Liu Xu.""

Yun Zihai was speechless.

He is clear about the willow leaf's death.

On the surface, it looked like a frozen snow mountain, but it was actually very irritable.

Was it really okay to say that?

Fortunately, Liu Xu did not hear him. Otherwise, she would definitely have picked up her brush and charged over from the Qingyun Academy.

Xu Bai got what he wanted and stood up. He didn't leave but sized Yun Zihai up.

Yun Zihai was slightly stunned, not understanding what Xu Bai meant.

"Look, I've already been honest with you. Shouldn't you also express something? For example, what's your purpose in coming to Shengxian Bai put on an honest expression and said.

He would never believe that Yun Zihai was really demoted to Sheng County. There was definitely something going on here, and it was not simple.

They didn't follow the law and directly killed the prince.

In fact, it was equivalent to breaking the law. This kind of punishment was extremely rare.

When Yun Zihai heard this, he revealed a helpless expression.

Be honest with each other?

To hell with being honest!

Are you sure you want to be honest with me?

You only came over to tell me what happened and your analysis. Is this called being honest?

Your Excellency really has a big misunderstanding of the words 'to be honest with each other'.

Yun Zihai had a headache and could not help but think of what his junior sister had said to him.

At the Academy, Liu Xu had told him in all seriousness and in a very simple manner.

"Xu Bai is a very strange person. He is indeed cunning, but sometimes, he has a kind of bloodlust unique to men."

These were Liu Xu's original words.

After spending so much time with Xu Bai, he didn't notice anything else. It was really weird.

Cunning, truly cunning.

"Brother Xu, are you sure you want to hear it?" Yun Zihai collected his thoughts and asked.

Xu Bai nodded.

Yun Zihai lowered his head and thought for a while as if he was sorting out his thoughts. After a moment, he raised his head and prepared to tell her about his matter.

Before he could finish his sentence, something abnormal happened.

The window of the room was suddenly pushed open. Immediately after, a few throwing knives came from outside.

The speed of the throwing knife was very fast. In the blink of an eye, it had already arrived in front of Yun Zihai.

This was targeted at Yun Zihai. None of the flying daggers were targeted at Xu

Bai.

Yun Zihai's eyes widened.

Oh no!

He had been too focused on talking to Xu Bai and had relaxed a lot, but it was too late now.

Yun Zihai tried his best to twist his body, wanting to avoid his vital parts.

He would definitely be injured, but it was already not easy to avoid his vitals.

However, the next moment, the clouds were gone.

Xu Bai's feet moved, and he had already arrived in front of Yun Zihai like a ghost. Looking at the flying knife that was shooting toward him, he waved his sleeve.

Under the surge of True Core Strength, the flying knife flew back along its original path.

The stars move, and the way of the other party is returned to the other party.

Outside the window, there was a muffled groan. Someone was injured.

Xu Bai drew his Ghost Head Blade.

The calm aura from before had completely disappeared and was replaced by a murderous aura, like a butcher on a rainy night.

“Someone wants to die, we can’t stop him..”

Chapter 124: The Terror of Shifting Stars

After Xu Bai finished speaking, he walked out of the window.

Yun Zihai thought for a moment, picked up the brush and book in his hands, and followed behind Xu Bai.

Outside the window, the moonlight was bright and the night was as dark as ink. At this moment, a few strands of cold wind blew.

Five men in black stood in the open space outside, each holding a different

weapon.

“Looks like the person you offended is really stubborn. He sent someone to assassinate you some time ago, and now he’s here again.” Xu Bai turned his head to look at Yun Zihai, his gaze carrying a teasing intent.

Yun Zihai helplessly spread his hands and said, “There’s no choice. They’re stubborn.”“

The few men in black looked at each other. Seeing that the two of them could still talk and laugh, they all showed a trace of strangeness.

“Attack!”

The leader of the men in black spoke first, and the other four followed suit.

The man in black who spoke first raised his hand and threw many throwing knives over.

The angle of the throwing knife was extremely tricky, sealing off all escape routes.

The other four people also approached. They stood in their respective positions, looking very strange, but the attacks in their hands did not slow down at all.

Each person's attack would trigger different changes. The other three seemed to be cooperating with each other to attack the person.

"Be careful, it's a formation." Yun Zihai saw the signs and wrote the word 'kill' to remind Xu Bai.

After the word "kill" appeared, a page appeared in the book and flew towards the man in black who threw the knife. It was very fast and floated above the man in black's head.

The man in black who was wielding the throwing knives watched as the page fell. He suddenly raised his hand and more than ten throwing knives appeared on his body. They surrounded his body and resisted the falling page.

At this moment, the four people's attacks finally arrived. Their target was not Yun Zihai, but Xu Bai.

The attacks were continuous and interlocked. It was really in line with Yun Zihai's warning just now. It was very similar to the power of an array formation.

"Your enemy has many tricks up his sleeve." A black light rose from Xu Bai's body as he used the Vajra Heart Devil Body.

At the same time, the effect of reversing Yin and Yang was unleashed.

The blades seemed to be confused and slowed down, but in the end, they still landed on the black light.

“My mental cultivation technique is still a little low.” Xu Bai thought.

However, it was not a big problem. It was enough to deal with the few of them.

Since he could not break the Vajra Heart Devil Body, he did not even want to pull out his saber.

They raised their hands and drew a circle in the air. Under the stimulation of their True Core Strength, the swords of these four people tilted and turned to stab at their own people.

Stars move.

“Tsk

This was clearly the first time these four men in black had encountered such a strange move. They did not expect it to be so strange. Therefore, they did not even have time to restrain their strength before their companions’ weapons pierced through their bodies.

“Go in peace.”

The blade flashed, and four heads fell to the ground, rolling.

On the other side, Yun Zihai gently waved his brush. The page seemed to weigh a thousand tons as it split the black-robed man into two from head to toe.

In the blink of an eye, these five people had turned into five corpses. Their deaths were quite tragic.

The fight between them naturally had some noise, and it quickly attracted the attention of the yamen guards. Xu Bai heard the noise not far away and gave Yun Zihai a look before returning to Yun Zihai's room.

A moment later, the yamen runners rushed out and saw five more corpses on the ground. They all revealed shocked expressions.

"Clean this place up. Don't panic." Yun Zihai waved his sleeves as if he had become accustomed to it.

The bailiffs quickly understood that it was rare for the county magistrate to be assassinated again.

They had never heard of a county magistrate being assassinated after taking office. This was the first time they had seen such a thing.

Of course, since the county magistrate had spoken, they naturally did not dare to say anything more. A few bailiffs went forward and quickly disposed of the corpses in the courtyard.

After dealing with the corpse, Yun Zihai returned to his room and closed the door. When he saw Xu Bai sitting inside waiting for him, he could not help but laugh bitterly.

"That's good tea. I brought it from the Academy. It's a waste not to drink it."

On the table, the pot of tea that Xu Bai had poured at the beginning had already turned cold.

"This wave of assassins' strength is ordinary, they seem to be here to play." Xu Bai said with a smile as if he had never heard what Yun Zihai said.

Yun Zihai said helplessly, "That's because they didn't consider your presence. The assassins who came this time are all at Level Seven, but they are extremely restraining me. The flying knives harass me from afar, and the array is endless. If I were to be ambushed by them, I would definitely be caught off guard and wouldn't have the time to pick up a pen to write.""

Xu Bai only smiled at this and pretended not to hear it.

Yun Zihai had been rather calm from the beginning to the end. Other than the first few throwing knives that flew in, he did not panic at all.

This guy was hiding his strength, or rather, he was showing weakness.

At first, Xu Bai had received news that Yun Zihai had been assassinated and was injured. However, seeing Yun Zihai now, his calmness did not seem like he was injured. He guessed that he had released a fake news at that time to attract more people.

In terms of fishing skills, this guy was very good.

“Actually, I was hoping that the Luoxi Five Bandits would come after me, but for some reason, they didn’t.” “After all, when I first entered the martial arts world, those five fellows injured me.”

“Luoxi Five Pirates?” Xu Bai was interested..

Chapter 125: The Terrifying Might of Shifting Stars

Yun Zihai nodded and said, “Five people who kill people like chickens and dogs. One of them seeks good fortune and avoid evil, which is the foundation of their survival. The other is good at poisoning people before making a move. The other two are one saber and one sword. and their cooperation is quite exquisite. The last one is good at confusing people.”

Xu Bai was speechless.

What a familiar feeling. Weren’t they the people he killed at the Yin Posthouse? It seemed to be quite fitting.

Of course, now was not the time to discuss this. He had only asked casually just now.

“You should tell me what your identity is.” “To be loyal to the Sixth Prince?” Xu Bai asked. Or who?”

When it came to serious matters, he stopped playing dumb. His eyes were like torches as he stared straight at Yun Zihai, waiting for him to say the relevant information.

“The Sixth Prince wants the Ninth Princess’ financial resources. He won’t give up on dealing with her, but he really can’t command me.” Yun Zihai said slowly.

Speaking of the Sixth Prince, his tone was filled with disdain, as if he didn’t like him at all.

“As for who I am loyal to, in this world, I am only loyal to that one.” Yun Zihai cupped his hands and spoke in the direction of the capital.

Xu Bai narrowed his eyes and tapped the table lightly.

Who was the person from Yun Zihai just now? He already had an idea. Even the sixth prince, Yun Zihai, looked down on him. The answer was already very clear.

“So it was His Majesty the Emperor who sent you here. It seems that not only did you not anger His Majesty the Emperor after killing the prince, you even obtained a secret job.” Xu Bai leaned back on the chair.

“No, no, no. The Eighth Prince I killed deserved to die. Not only did he harm my family, but he also did something he shouldn’t have done.” Yun Zihai shook his head repeatedly.

Xu Bai stood up and prepared to leave.

This action made Yun Zihai feel puzzled. He could not understand why Xu Bai wanted to leave at this time.

“You...” Yun Zihai’s face was filled with doubt.

"It's enough to know your identity. I don't want to hear anything else." Xu Bai came to the door and prepared to leave.

It was better not to listen to such a royal secret. It was safest to focus on his progress bar.

He was only here to figure out Yun Zihai's identity. As long as he was not the one who framed him, he would let it go.

As for the rest, he was not interested.

"Brother Xu, wait a moment." Yun Zihai hurriedly stopped him and said, "I heard Liu Xu say that Brother Xu is a particularly hot-blooded man at certain times. There's another problem. Everyone is a fish in the pugilistic world. They are already in the pugilistic world. It's very difficult to get out.""

Xu Bai stopped and stared at Yun Zihai without saying a word.

"If you can help me, I can tell the current Emperor whatever Brother Xu wants.

Even the precious books in the imperial treasury can be obtained for Senior Brother. For example, Brother Xu's favorite Buddhist scriptures." Yun Zihai spoke again.

Xu Bai fell into deep thought.

Yun Zihai did not say anything. He was waiting for Xu Bai's reply, but his eyes were filled with anticipation.

"How much?" Xu Bai said.

Yun Zihai was stunned.

He didn't understand what she meant.

"I mean, how much can you give?" Xu Bai's lips curled up."

Yun Zihai finally reacted. He raised a finger and said,"One is definitely not a problem."

"My house is still boiling water."Xu Bai said without hesitation.

What kind of joke was this? One book could solve the problem?

The one that didn't exist was too few.

You have to pay more.

"Don't, don't, don't. Two, two fifth rank secret manuals."Yun Zihai stretched out his hand and made a 'two'.

"It's just a tier 5 one..." Xu Bai felt very disgusted." Even the prince is dead, and you only gave me this little thing. I'm afraid you took it for yourself.'"

"Brother Xu, do I look like that kind of person?"Yun Zihai said helplessly," The reason why the Eighth Prince died was because he exposed himself. And the things behind him are indeed only worth so much. He asked me to choose a fifth-grade and make a prefecture order. If you can't make a prefecture order, I'll give you all the books. I'm already very sincere."

When he said this, he no longer had the temperament of a scholar. Instead, he was like a businessman, bargaining with Xu Bai with great patience.

Xu Bai touched his chin and said," Tell me about it first. But I'll say it here in advance. If it's difficult, I won't do it."

He didn't agree earlier because there weren't any benefits. Now that there were benefits, he could still consider it.

Two fifth-tier books. If he could obtain two fifth-tier mental cultivation techniques, not to mention anything else, just one book would allow his strength to reach the fifth grade.

Moreover, with two books, who could say what realm it would be?

This thing could be converted to a qualitative improvement.

When the benefits were big enough, it was worth it to take a little risk.

Xu Bai wanted to say that it smelled so good.

Of course, if the situation was particularly dangerous, he could think of other methods midway.

"Then...Let me tell you first, why am I here?"The clouds came from the sea.

Before tonight, he had never thought of asking Xu Bai for help, but after tonight, he completely changed his mind.

"Looks like Junior Sister Liu's experience is still too little."Yun Zihai thought to himself.

He still remembered Liu Xu telling him that although Xu Bai was a Level Eight, his strength was far from Level Eight. He was at least around Level Seven. He was like a dragon trapped in shallow waters. Once he encountered water, he could ride on the clouds..

Chapter 126: The Terror of Shifting Stars (8000 Thanks to the Non-existent Reader No. 0 for the tip)

Now it seemed that he was only at Level Seven. Even if he was facing those Level Seven assassins just now, he could easily kill them.

Of course, Liu Xu was full of praise for Xu Bai. Yun Zihai agreed with her words.

This young man was even more outstanding than some of the older martial artists. Whether it was his personality or strength, they were all extraordinary.

They had to be on good terms.

Not only for this mission, but also for the future.

Thinking of this, Yun Zihai explained everything that had happened.

“It’s like this...”

Suddenly, Yun Zihai’s voice sounded in the room.

After Yun Zihai finished speaking, Xu Bai leaned back in his chair and supported his chin with his hand. His brows were tightly furrowed.

It was not simple.

According to Yun Zihai, the reason why the Eighth Prince died was not because he killed Yun Zihai’s family, but because he colluded with the evil cult.

In the Great Chu Country, evil beings were the targets of attack. They were the same as those strange demons.

The so-called heretics were those people who caused trouble.

For example, the Underworld Blacksmith couple that he had first met, although they were bandits, they were also classified as a type of evil.

There were even some demons in the evil path that the Eighth Prince had colluded with. That was even more dangerous.

This was like a stacked state. When the two of them combined, there was no other way except death.

Coincidentally, at that time, Yun Zihai's family was also kidnapped and even died in the hands of the Eighth Prince. Then, Yun Zihai revealed the fact that he had killed the Eighth Prince and pretended to be punished to come to Sheng County.

"Before the eighth prince died, he burned a letter." "I don't know anything," Yun Zihai said. "I don't know the contents of the letter, but His Majesty released the news and made many people think that I know the contents. You know why I was assassinated. ""

Xu Bai nodded and said, "If a person makes fewer moves, he will reveal fewer flaws. However, the more moves he makes, the more flaws he will reveal. You guys are trying to dig out the things behind him. ""

Yun Zihai admitted without hesitation. In fact, there was nothing to hide. Since they had already decided to cooperate, that was naturally the case.

"You used yourself as bait just for two books and an official position. Is it worth it?" Xu Bai said with interest.

Who was the bait, of course, was Yun Zihai, and who was the fisher, was naturally the high and mighty emperor in the capital.

As long as there was a secret in the destroyed letter that could not be known by others, they would definitely be able to catch a fish.

"I did it for the sake of being an official, but it's not all for the sake of being an official. Brother Xu, do you know that although Great Chu is still relatively stable now, there are hidden waves within? Most of the people are living in poverty, just like this Sheng County. "Yun Zihai came to the window and pointed at the dark night outside.

' On the surface, the streets are bustling, but I know better than anyone else what kind of life most people are living in secret. Even the prosperous county I live in can't ensure that every household can eat their fill."

"If I can be an official of a county, I can protect the peace of a county. If I can be an official of a prefecture, I can protect the peace of a prefecture."

"The funny thing is that the current Imperial Family is scheming against each other. Who can care about the lives of the people? I'm weak, so I'll do my best." At this point, Yun Zihai turned around and his tone became excited.

"Before I agreed, His Majesty told me that my essay had the potential to shock the world. If I could complete this task, he would give me the right. Other than His Majesty, even the royal family had no right to interfere with me." The room fell into silence, so quiet that one could hear a pin drop.

After hearing Yun Zihai's words, Xu Bai felt that there was still a huge difference between Yun Zihai and Liu Xu.

Liu Xu had a strong sense of justice, but once she encountered something unfair, she would resort to violence. For example, Xiao Yue's matter.

However, Yun Zihai was different. What Yun Zihai sought was a peaceful and prosperous world where everyone had enough to eat and warm up. However, he knew very well that with his own ability, he was far from this standard.

Even human strength had its limits, let alone in this world.

Therefore, he set a small goal in his heart. At the very least, he had to achieve it within his jurisdiction.

In this plan, the Emperor was actually the smartest.

Not only did he let Yun Zihai be the bait, but he could also get a talent.

As for the authority he mentioned, to be honest, it was just a matter of the Emperor's word to release or take it back. There was no need for any process at all.

He gave Yun Zihai the authority, but if he had any thoughts, he could take it back at any time. It was very simple, just like eating and drinking.

Was Yun Zihai aware of this?

Of course, he was very clear.

However, what he lacked was such an opportunity. Even if he knew that the Emperor could take it back at any time, he would still take this opportunity.

"Tell me, how do you want me to help you?" Xu Bai said.

He had already roughly understood what had happened. Now, he just needed to know how to proceed. It was better to ask clearly first.

Yun Zihai scratched his head and put on a troubled expression. "Brother Xu, to tell you the truth, I don't know how to help either. This is just a temporary idea I came up with."

What he said was the truth. After witnessing Xu Bai's strength tonight, he had this idea. Originally, he did not intend to drag Xu Bai down..

Chapter 127: The Terrifying Might of Stellar Transposition (8000 Credits to Non-existent Reader No. 0)

Therefore, in the short term, there was really no plan.

“If you have a plan, come find me at any time. If I’m not in the county, I’m at the Yin Posthouse.””

Yun Zihai hurriedly nodded, indicating that he understood.

The two of them were almost done chatting. It was already late, so Xu Bai did not stay any longer. He went out and walked towards the Bodyguard Agency.

He had no intention of returning to the Yin Posthouse. The tree there had already finished its liver. He just wanted to find a quiet place to finish the book in his hand first before talking about other things.

This book is from the bookstore, books still need time, and Xu Bai is very clear, his current situation is very complicated.

Who would have thought that a small remote county would have so many forces involved?

The Ninth Princess’s Qing Xue was one of them. The Sixth Prince’s Yun Family was another. There was also the Emperor’s Yun Zihai, as well as a group of heretics who specialized in dealing with Yun Zihai.

There were pits all around.

Let’s increase our strength first.

At the thought of this, he quickened his pace.

It was already very late, and there were not many people on the road. Other than the sound of the night watch not far away, the surroundings were quiet.

On the way back to the Bodyguard Agency from the yamen, they would pass by Spring Rain Pavilion.

Ever since the previous incident, the Spring Rain Pavilion had been sealed. No one dared to come over, let alone take over this territory.

After all, there were too many murders here. If an ordinary person stayed inside, they would probably be scared sick.

When they passed by Spring Rain Pavilion, Xu Bai only took a glance from afar before he prepared to continue on his way.

However, he did not expect that before he could take two steps, a voice suddenly sounded from within the Spring Rain Pavilion.

The sound was very soft, but one could tell that it was the sound of fighting.

“Isn’t there no one else? Why is there the sound of fighting?” Xu Bai thought to himself.

Although the sounds of fighting were very soft, he could hear them clearly.

Normally, he might not have taken a look, but things were different now. There were too many things happening recently, and he was worried that there would be another trap waiting for him.

After all, that Sixth Prince could even use the method of framing others. Who knew what kind of tricks he would use?

Xu Bai thought for a moment and walked toward Spring Rain Pavilion.

As they got closer, the sounds of fighting gradually became louder. Even though the sounds were as soft as the chirping of insects and birds to ordinary people, Xu Bai was not an ordinary person. He could hear them clearly.

When he arrived at the door of Spring Rain Pavilion, he found that the seal on it had been torn open.

He gently pushed the door open a crack. Through the crack, he saw the scene in Spring Rain Pavilion.

Many figures were moving inside. They were wearing all kinds of revealing clothes, and there was a faint fragrance coming from them.

However, despite their revealing clothes and the fragrance, this place was not sexy because these figures had scars on them.

Strangle marks on their necks, bloodstains all over their faces, protruding eyeballs, long tongues, and terrifying death scenes were all seen in the Spring Rain Pavilion.

After a person died, there was a chance that it would turn into a strange thing.

There were dozens of ladies from Spring Rain Pavilion, and all of them were killed by Yang Chang. They died with resentment, and the torture they suffered was simply unbearable for ordinary people.

The probability of it becoming strange also gradually increased.

In the middle, a beautiful girl dressed in ordinary clothes was waving the silver thorn in her hand to eliminate the strangeness in front of her.

She's here? Xu Bai frowned.

He did not expect to meet Qing Xue in Spring Rain Pavilion. Moreover, Qing Xue's current condition was not very good.

If it was just an ordinary person who had become a Strange, killing him would be fine. With Qing Xue's strength of Level Seven, it was not difficult to kill him.

However, the situation was different.

On the second floor of this building, there was a man in black, but his face could not be seen clearly.

The Anomalies were attacking without any awareness. They were all attacking Qing Xue now. It was probably because she was the first to enter.

The second floor was relatively safe. The man in black was causing trouble.

The man in black grabbed a handful of copper coins, one by one, and flew towards Qing Xue at a tricky angle.

This black-robed man was not weak either. After all, he was able to severely injure Qing Xue. In addition, there were still strange things in the surroundings. Qing Xue's situation was becoming more and more pessimistic.

Originally, he had been injured, plus tonight's battle, fine sweat appeared on his forehead, and the strength in his body was getting weaker and weaker. It seemed that he would not be able to hold on any longer.

Qing Xue did not expect that the man in black would not give up and even wanted to kill her.

The situation was very dangerous.

However, she did not know how to deal with it because she was already in a desperate situation and could not avoid it.

Normally, she could still escape, but now, there were strange things blocking her way.

If he were to escape, he would definitely create an obstacle.

At that time, if he was delayed even a little, he would be doomed.

What should he do?

Qing Xue was anxious and revealed a flaw. She was hit by another copper coin and retreated two steps.

Outside the door, Xu Bai's face gradually darkened as he watched the man in black use the hidden weapon.

He was very familiar with this technique.

—Maple leaves are like rain

The current situation could be guessed with a little guess.

This man in black was definitely the one who framed him.

"There's a path to heaven that you don't want to take, but there's no door to hell that you can come to.

"Xu Bai reached into the copper coins and grabbed a handful.

The black-clothed man was probably afraid of alarming the strange and did not dare to use a large number of copper coins, but he was not worried about this..

Chapter 128: The Terror of Shifting Stars

How dare you frame me? I'll let you know why flowers are so red.

Xu Bai pushed the door a little wider, and then all the copper coins in his right hand were thrown at the man in black.

The copper coin was wrapped in black light, which carried a whistling sound and was very powerful.

The man in black was originally prepared to slowly exhaust Qing Xue to death, but now, his mentality was different.

A sense of danger spread through his entire body. When the black-robed man raised his head, he saw that his eyes were filled with black light.

From the corner of his eye, he saw Xu Bai. Although his face was covered and

his expression could not be seen clearly, he could see the surprise in his eyes.

After throwing out the hidden weapon, Xu Bai pulled out the Ghost Head Blade from his waist.

He used the Four Xun Movement Technique, and he had already rushed out like a ghost.

Ghost Head Blade flashed with light in the darkness as he used the Breaking

Style.

Wherever they passed by, they would strangely turn into smoke.

Qing Xue was stunned, but she quickly reacted. She waved her silver thorns continuously, wanting to meet up with Xu Bai.

Sometimes, reality was cruel.

Xu Bai did not care about Qing Xue. Instead, he killed his way to the second floor. Then, he jumped and rushed toward the man in black.

The entire process seemed slow, but in fact, it only took less than a breath. When the black-robed man saw Xu Bai rushing up, he also drew his long saber and collided with Xu Bai's Ghost Head Blade.

This slash was quite exquisite, and there were various changes hidden within.

Although he drew his saber later, he arrived before Xu Bai.

However, in the next moment, the black-clothed man withdrew his long saber and changed to defense, blocking Xu Bai's saber.

There was no other reason. A black light rose from Xu Bai's body. He did not block the saber at all.

The black-clothed man's blade had indeed arrived first, but if it did not cause any ripples on the black light, he would be beheaded in the next moment. Wu Guang looked very strange, and he didn't want to provoke him.

"Clang!"

A crisp sound spread throughout the entire Spring Rain Pavilion. The black-robed man only felt a force travel along the long saber, through his arm, and into his body. He could not help but take two steps back.

"Armor Break!"

This was the first time the black-robed man spoke, and he was shocked.

"Is it fun to pretend to be me?" Xu Bai sneered and swung his saber again.

The man in black raised his saber again.

But the next moment, he realized that the blade was not aimed at him, but was stabbed straight into the wooden plank on the ground.

“Tsk! ”

The long saber cut straight into the wooden board and embedded itself in it. Due to this slash, Xu Bai had already revealed a flaw.

The man in black was stunned.

He looked at Xu Bai, who had revealed a flaw, and felt that something was wrong.

Before he came, he had been repeatedly reminded not to underestimate this Jianghu person, especially during a battle.

But what was going on? Why did he suddenly miss and reveal a flaw?

This situation was very wrong.

However, sometimes, during a battle, accidents could happen at any time. A single flaw could determine life and death.

Unable to resist the temptation, the man in black still wanted to attack first to test it out. Therefore, he used 80% of his strength and slashed at Xu Bai's head.

Although this slash only contained 80% of his strength, it was extremely powerful. Coupled with the sharpness of the long saber, it made a loud thud when it struck Xu Bai's black light.

The next moment, the man in black was stunned.

He felt a huge force moving along his long blade. Then, he directed his arm to use the same move to slash at himself.

What was going on?

He didn't have time to think. He could only try his best to stabilize his arm. When it was close to his neck, he finally stopped.

"Hu..." The black-clothed man's heart was thumping. That blow just now almost made him unable to breathe.

If he ended his life because of this, if word got out in the future, they would think that he was the one who cut himself.

The man in black felt lucky, but in the next moment, this joy turned into fear.

The blade flashed and the man in black felt pain in his right hand. Then, the blade in his right hand flew into the air.

Blood splattered everywhere.

Before the man in black could scream in pain, his legs were cut off, and he was cut down by half.

"You still have one hand. You used this hand to cast Maple Leaves Like Rain, right?"

The voice that came into his ears was like a strange whisper.

The man in black looked up in fear and saw Xu Bai raise the Ghost Head Blade and cut off his remaining left arm.

"I feel better." Xu Bai withdrew his saber and shouted happily.

If I ask you to imitate me again, I'll see if you still have the chance to imitate me now?

Imitate me?

Trying to frame me?

Xu Bai stepped on the chest of the man in black.

At this time, Qing Xue did not have the interference of the black-clothed men. She also resolved all the strange things below and jumped to the second floor.

Then, she saw the terrifying scene in front of her.

After all, she had seen the world. She was only slightly surprised and quickly returned to normal.

In the martial world, although Xu Bai's methods were considered cruel, compared to many special methods, they were considered extremely kind.

She had thought that it was over, but Xu Bai's next sentence completely overturned her understanding.

Xu Bai stretched out his hand and said, "You should have some medicine for external injuries, right?"

Qing Xue's face paled. She had already figured out what Xu Bai was going to do..

Chapter 129: Thousand-faced Poison Lord in the Gale (1)

This was to prevent the man in black from bleeding to death.

The reason was actually very simple. He wanted to pry something out of the black-clothed man's mouth.

Xu Bai was the one who had cut off his limbs, and he was also the one who had to treat the other party. This difference was very strong.

Qing Xue was slightly stunned.

"What are you staring at? Hurry up and bring it over. Do you want him to Bai frowned and urged.

After this ordeal, the man in black had already lost a lot of blood. Even though he was not an ordinary person, he had become weaker and weaker after losing so much blood.

Qing Xue came back to her senses. She took out a bottle the size of a baby's fist and handed it to Xu Bai.

The bottle was still a little warm. It was obviously brought about by Qing Xue's body temperature.

Xu Bai opened the bottle cap and sprinkled some medicine on the wounds on the man's limbs.

The effect of the Yin Posthouse External Injury Medicine was very good. After the medicine was sprinkled, the black-clothed man's wound no longer bled.

The blood stopped flowing, but the pain still existed.

The man in black kept shouting.

Xu Bai played with the medicine bottle and looked at the man in black in front of him. He tore off the black cloth on the man's face and revealed his true appearance.

The man in black in front of him looked ordinary. He was a middle-aged man in his forties. There was nothing special about him.

Although his wounds had been healed, he was still in pain. His face was covered in sweat, and when Xu Bai stared at him, he gritted his teeth and closed his eyes, pretending that he wouldn't say anything.

Xu Bai turned to Qing Xue and asked, ""Is there a way to search the soul?"

If Liu Xu and No Flower were here, they would definitely have a headache. This was because Xu Bai was really too persistent about soul searching.

Qing Xue shook her head, indicating that she did not have such a method. "Unless you specialize in cultivating this ability, ordinary people really don't have it." she added.

Xu Bai propped his chin on his hand and walked back and forth.

The man in black had his eyes closed the entire time. He didn't care about this at all. It was as if he hoped that he could have a quick death after he died.

"Forget it, I'll do it myself." Xu Bai put down his hand and sighed.

"Listen up, I can still give you a chance. If you don't want to taste the pain of being cut into pieces, tell me quickly. What else do you want to do here besides framing me?"

The man in black still closed his eyes and said nothing. It was as if he was determined not to let Xu Bai know anything.

"If it's a confession through torture, I might have a way." Qing Xue suddenly said.

Xu Bai turned around and frowned. "Why didn't you say so earlier?"

Wasn't this a waste of time? If he didn't use the method earlier, he would have wasted a lot of saliva just now.

"I didn't have the chance to say it." Qing Xue smiled bitterly. She reached into her pocket and took out a small bottle. "This is the medicine specially made by the ninth princess. It is very good for interrogating people. Even a man made of iron will spit out the truth after taking it."

Xu Bai took the bottle and felt it warm. He asked, "What's the effect?"

"After eating it, you will feel that your entire body is being gnawed on by a group of ants from the outside to the inside, and then from the inside to the outside. Just one pill will be able to have an effect for an hour." Qing Xue replied.

Xu Bai's eyes lit up.

Good stuff.

It was simply a must-have item for traveling at home.

When the man in black heard Qing Xue's answer, he could not help but shiver. His tightly shut eyes opened, and his gaze was filled with fear.

There were about ten thumb-sized pills in the bottle. Xu Bai took out one pill and gave it to the man in black. He then took the rest with him.

Qing Xue had been waiting for Xu Bai to return the medicine bottle after he finished using it. However, in the next moment, Xu Bai put the medicine away as if it was his own.

"If I hadn't come just now, you would have died long ago. I saved you, and this is the price you paid." Xu Bai said confidently.

There was nothing wrong with it.

Qing Xue wanted to say something, but he quickly stopped her.

There was indeed no problem. After all, someone had saved her. However, in Qing Xue's opinion, Xu Bai wanted to beat this black-robed man up even more.

At this time, the black-clothed man who took the medicine finally had an effect. The medicine began to spread gradually. The black-clothed man opened his mouth and began to tremble.

"Uh..." The man in black had no limbs and could not move his body. He could only tremble and groan in pain.

Xu Bai didn't know what it felt like to be bitten by a group of ants from the outside to the inside, and then from the inside to the outside.

He didn't want to know either.

However, looking at the man in black's painful expression, Xu Bai realized that the effect of the medicine was not bad.

At this time, he could not ask anything at all because the black-clothed man could only feel that kind of pain and definitely could not answer.

Biting her tongue to commit suicide?

It didn't exist.

Don't be fooled by the content of the TV series. Biting your tongue doesn't necessarily kill you. On the contrary, it will hurt a lot.

The man in black trembled in pain. This process lasted for nearly an hour before the medicinal effect slowly wore off.

Looking at the black-clothed man who gradually returned to normal, Xu Bai took out the medicine bottle again and poured out the second pill expressionlessly, ready to give it to the black-clothed man.

Throughout the entire process, he did not say a word. He did not even ask any questions.

With this level of pain, after the other party had tasted enough, the other party would naturally confess everything.

Sure enough, before he could put the medicine into the black-clothed man's mouth, the black-clothed man spoke..

Chapter 130: Thousand-faced Poison Lord in the Gale (2)

"I'll tell you everything you want to know, as long as you give me a quick

The black-robed man answered quickly. His eyes were filled with fear as he stared at the medicine in Xu Bai's hand.

That kind of pain was simply unbearable for ordinary people. It was not only physical torture, but also a long-term mental tear.

He could not take it anymore after the first pill. When he saw the second pill, his fear was magnified infinitely. It completely shattered the line of defense in his heart. It was like a dam had burst, and it was out of control.

Xu Bai was very satisfied with the performance of the man in black. He put the medicine back into the bottle. After putting it away, he said with interest, "Tell me, I hope your news will satisfy me."

The man in black nodded repeatedly, not daring to slack off. "It's the sixth prince. The sixth prince wants me to kill this woman and frame you for her death. He wants me to stir up a conflict between you and the ninth princess so that the ninth princess can deal with you."

He answered very quickly, afraid that he would answer too late, so he took another pill.

Xu Bai frowned.

The man in black's answer was exactly as he had imagined.

It was indeed a framing.

But there was a problem. What good would this do to the Sixth Prince?

Even if he succeeded and caused a conflict between Xu Bai and the Ninth Princess, what would happen next?

People from the royal family like this were all very cunning. They definitely had follow-up plans.

Xu Bai asked.

"I don't know, I really don't know. The sixth prince just told me to stir up the conflict between you two, he didn't say anything else." The man in black answered honestly.

"One more." Xu Bai placed the second pill into the man's mouth. The pain of the man in black appeared again, just like before.

Qing Xue had been watching the entire process.

She couldn't help but shiver when she saw Xu Bai put the second pill into the man's mouth expressionlessly.

Ruthless.

Since he wasn't sure if the man in black was telling the truth, he used the second pill to test it without hesitation.

He was decisive and didn't drag his feet.

Qing Xue felt that her evaluation of Xu Bai had increased a few more times. This Jianghu person was not simple.

The pain continued for half an hour, until the pain was gone, the man in black stared at the ceiling, his eyes dull.

When the pain hit him one after another, he had already lost his desire to live. He only wanted a quick death.

"I really don't know, I really don't know..." The man in black muttered to himself.

He only knew how to repeat this sentence and could not say anything else. It was a sign of extreme pain. The repeated torture made him mentally unstable.

"If I bring this to the Ninth Princess, will it be evidence against the Sixth Prince?" Xu Bai turned around and asked.

After taking two pills, the man in black even lost his mind.

However, he couldn't find out the follow-up result. It seemed that he really didn't know.

"No, there's no real evidence. Just his words alone can't be used as evidence. After all, the Sixth Prince can say that we randomly found someone to frame him." Qing Xue shook her head.

Xu Bai pulled out the Ghost Head Blade from his waist and killed the man in black without saying a word.

Before the black-clothed man died, he even revealed a relieved expression, as if he no longer had to suffer that kind of pain. He felt especially relaxed.

After killing the man in black, the surroundings returned to silence.

“Speaking of which, the strength of the members of the royal family doesn’t seem to be very good.” Xu Bai suddenly said.

Qing Xue was slightly stunned, but she quickly understood what Xu Bai meant.

The strength of the members of the royal family was not very good. Naturally, they were referring to these people.

The Sixth Prince sent a Level Seven expert to frame him, while the Ninth Princess sent Qing Xue, who was only Level Seven.

If they had sent an expert, it wouldn’t have been to this extent.

“This is all because of His Majesty. His Majesty doesn’t allow the members of the royal family to have vassals of the Sixth Stage and above, including the members of the royal family themselves. They can only cultivate what His

Majesty gives them and can’t find other things themselves. ““Of course,” Qing Xue explained, “the ones who truly protect the members of the royal family are far more powerful than this, but they are not loyal to the members of the royal family.”

Hearing this, Xu Bai made an expression of understanding.

This Emperor of Great Chu had an incredible control over his strength.

The members of the royal family could only cultivate the emperor's cultivation, and the vassals they recruited could not be stronger than a Rank-6. Just this point alone was enough to trap all the members of the royal family.

Who would dare to defy the Emperor?

No one dares to do this.

Of course, it was not that he did not ensure the safety of the members of the royal family. He personally sent guards to protect the safety of the members of the royal family, but these guards were only loyal to the emperor.

Of course, the royal family could not mobilize these guards.

If anyone dared to offend the dignity of these royal family members, these guards would become a knife and stab into that person's heart.

This was also the privilege of the royal family.

"No wonder Qingxue, a personal maid, is only a Seventh Stage."

After Xu Bai figured it out, he turned around and looked around.

After this bloody battle, everything had finally returned to normal. Xu Bai felt that there was no need to stay here.

"I have already investigated everything that I should. I will return to the capital tomorrow and report to the Ninth Princess." Qing Xue said.

'Mm.'" Xu Bai nodded and prepared to leave without saying anything.

“The ninth princess likes you very much. Are you really not going to consider it?” Qing Xue still did not give up and planned to struggle a little more..
