

Unparalleled 1251

Chapter 1251: A Very Weak Karmic Warning, Wiping Out the Nine-Headed Snakelets With the Ten Wild Beasts, Monster

"Tushan is in trouble!"

Chu Kuangren immediately sensed something bad was happening.

Meanwhile, outside the cave where he had his closed-door meditation, dozens of Nine-Headed Snakelet Tribe's Heavenly Immortals and True Immortals had destroyed most of the restrictions there. Soon, they arrived at the cave.

They were overjoyed to see the cave glittering with Immortal Sparks and Daoist patterns.

"There must be some treasure hidden inside here."

"This aura is truly extraordinary."

"Haha. Seeing that so many restrictions and seals have been placed to keep it safe, I wonder what kind of treasure it is."

Just when they were going to enter the cave, the Immortal Sparks and Daoist patterns in that cave disappeared. Following that, a white-robed figure slowly walked out.

The white-robed figure had black hair and an otherworldly temperament. At his waist, there was an ancient scroll and an ancient sword.

"It's... Chu Kuangren!"

The True Immortal, the leader of the group, immediately looked frightened, and the other Heavenly Immortals' faces were ashen.

"Here I was, wondering what kind of treasure is inside there, but it turns out that it's Chu Kuangren."

"He's still in Tushan Mountain?!"

"Is he going to interfere with the great yokai war?"

"So what if he does? What can a Heavenly Immortal like him possibly do, huh? Does he think he can turn the tide that easily? In his dreams."

"The aura coming out from the cave earlier was just too extraordinary. Apparently, he obtained many Opportunities of Fortune from the Ancient Heavenly Yokai Cave. If we can get our hands on those items, it'll surely benefit us greatly. Elder Yun, should we make a move?"

The yokai Immortals were excited to attack.

They looked at the True Immortal, the one they were referring to as Elder Yun.

At that time, Elder Yun could not help but look at Chu Kuangren with astonishment and hesitation because Chu Kuangren was a Heavenly Champion.

If any of the older generation of cultivators wanted to kill or harm him, they would surely suffer the karmic repercussions.

That was why Elder Yun would have a vague feeling whenever he looked at those Heavenly Champions.

It was a karmic warning signal.

However, with Chu Kuangren, that feeling of warning had become weak to the point of non-existence.

In other words, even if he attacked Chu Kuangren now, he would only suffer a minor karmic repercussion.

He believed he could even resist that minor karmic repercussion with his ability.

‘What is going on?’

‘Has Chu Kuangren lost the protection of the will of the Immortal World?’

Elder Yun was very confused.

After hearing what his subordinates just now, he became even more tempted.

Anyway, he was a True Immortal, currently facing a mere Heavenly Immortal. He could definitely kill Chu Kuangren right away and obtain everything in the latter’s possession.

Furthermore, although he was unsure why he had a feeling that he would not suffer major karmic repercussions even if he did attack Chu Kuangren, that was a once-in-a-lifetime opportunity!

As for Chu Kuangren, he looked at the Nine-Headed Snakelet Tribe’s True Immortal and Heavenly Immortals calmly after coming out from the cave.

By then, he had mobilized his Immortal Consciousness to find out the current situation in Tushan.

The more he found out, the more the killing intent in him grew.

“Oh, wow. So six Beast Ruler Tribes have joined forces to attack us, huh? What a huge ensemble they have!”

The tone in his voice was cold, and a trace of killing intent seeped out uncontrollably from his body.

The Nine-Headed Snakelet Heavenly Immortals could not help but tremble in fear. They could not believe that Chu Kuangren’s killing intent could cause such a reaction in them.

“Attack!”

The Nine-Headed Snakelet True Immortal could not hold back his greed anymore and attacked.

He charged forth like lightning, instantly arriving before Chu Kuangren. A powerful surge of water and fire energy and countless Daoist patterns spread forward from the palm of his hand.

“Overarching Water and Fire!”

The Nine-Headed Snakelet True Immortal wielded the power of water in one hand and the power of fire in the other.

Two different energies erupted at once and merged together, turning into a vast torrent of energy that was unleashed toward Chu Kuangren.

He had heard of Chu Kuangren's monstrous feats before, so he immediately attacked with full power!

That attack would instantly kill even a Great Perfected Ninth-grade Heavenly Immortal!

"So what if it's the power of fire and water? Your survival is still in my control!" Chu Kuangren said indifferently.

Then, he slowly raised his hands. Wielding the power of life in one hand and the power of death in another, the power of his Chaos Celestial Demon Physique and his Heavenly Samsara Physique erupted at once!

An endless life-death reincarnation intent poured out like a raging tide, forming a Life and Death Symbol.

When the torrent of water and fire clashed against the Life and Death Symbol, the void shattered and destroyed the remaining restrictions in the surroundings subsequently.

The next instant, the Nine-Headed Snakelet True Immortal was sent flying with blood spurting out of his mouth before he crashed into a mountain nearby.

Meanwhile, Chu Kuangren stood proudly in the air, radiating with Immortal Sparks. His incomparably powerful Immortal's Core energy surged everywhere, slamming violently against the void.

"How is this possible?"

The Nine-Headed Snakelet True Immortal's expression changed. He could not believe what just happened.

Chu Kuangren, a Heavenly Immortal, had sent a True Immortal like him flying with a single move!

He even ended up spitting a mouthful of blood!

Now, he finally understood why he would not suffer significant karmic repercussions if he attacked Chu Kuangren.

Why would the will of the Immortal World protect its Heavenly Champions?

Why would karmic judgment befall anyone stronger who attacked them?

That was because the Battle of Heavenly Champions was heavily related to the will of the Immortal World. Each Heavenly Champion possessed a sort of fortune that the Immortal World wanted to protect, so the karmic repercussions existed as a mechanism to prevent the older, stronger Immortals from attacking them.

However, why was it that the Heavenly Champions and other younger sky-prides were not affected by karmic repercussions when they battled each other?

That was because Heavenly Champions were required to undergo tests, which were to battle the other Heavenly Champions and sky-prides!

On the other hand, the older Immortals, who were Gilded or even Arch Gilded Immortals, were just too powerful as they could kill any Heavenly Champion as they wished. Since that did not qualify as a test, the Gilded and Arch Gilded Immortals were not allowed to interfere.

However, Chu Kuangren was now as powerful as a True Immortal!

True Immortals were no longer difficult for him to battle, so they qualified as a test in Chu Kuangren's case.

That was why any True Immortals would not suffer major karmic judgment even if they fought Chu Kuangren.

Upon realizing this fact, Elder Yun gulped in fear, and his eyes widened in shock. "You monster! You truly are a monster!!"

'Chu Kuangren is just like the rumors say— No, he's crazier than that!'

"The six Beast Ruler Tribes shall pay for their invasion of Tushan today. Now, I'll start with you guys first," Chu Kuangren said indifferently.

As he stepped forth, his mighty Immortal's Core energy surged out.

"Quick! Everyone, attack at once!"

Elder Yun immediately gave an order.

Only then did the other Heavenly Immortals recover from their shock. They quickly channeled their Immortal's Core energy and attacked fearfully!

Bursts of water and fire energy were unleashed to form a massive barrage of attacks that came crashing toward Chu Kuangren.

Some of the Heavenly Immortals had also reverted to their true forms, turning into a gigantic nine-headed snakelet, continuously spewing water and fire energy at Chu Kuangren.

"Ten Wild Beasts Mimicry!"

Facing the combined attacks of all those yokai Immortals, Chu Kuangren did not panic. Instead, he raised his hand to channel his Immortal's Core and Daoist patterns to form several ancient wild beasts in the void.

Manticore, Nine-Headed Snakelet, Sabertooth, Lamia...

The moment the Ten Wild Beasts emerged, an endless surge of ferocious qi filled the surrounding void.

Having analyzed the blood essence of many wild beasts to obtain their physiques, Chu Kuangren had perfected that technique, making it even more powerful and lethal.

The Ten Wild Beasts were extremely lifelike. It was as if the real ones had descended upon the land!

Meanwhile, Chu Kuangren, who was controlling the Ten Wild Beasts and had all of their powers inside him, seemed to have turned into a supreme wild beast himself!

It was as if he was setting out to destroy the whole world!

The Ten Wild Beasts Mimicry clashed against the water and fire energy, sending terrifying shockwaves everywhere. The surrounding landscape was destroyed and reduced to ruins!

After that collision, the ten Heavenly Immortals were dead from being torn apart by the power of the Ten Wild Beasts. None of them survived, except for Elder Yun, the True Immortal. However, he was already on the brink of death. He looked at Chu Kuangren with nothing but extreme fear in his eyes. "M... M... Monster!"

Chapter 1252: Are You So Eager To See Me? Because I'm More Powerful Than All of You

"Monster!"

Elder Yun looked at Chu Kuangren with an indescribable look of horror in his eyes, but Chu Kuangren ignored him.

Chu Kuangren simply pointed out a sword hand sign, and a tyrannical sword qi surged like a flood, enveloping Elder Yun in the blink of an eye. Then, it tore his body apart, and a mist of blood exploded!

Then, he looked into the distance with a cold gaze. "All of you six tribes, you've successfully provoked me."

His figure flashed and disappeared in place.

Meanwhile, Tushan Fei Yu, Lil Fox, and others were defending themselves against the siege of six tribes' sky-prides and Heavenly Champions. However, the situation was becoming less optimistic.

"Damn it. I'm afraid I'll fall here if this continues."

Tushan Fei Yu looked at the people before her furiously. At the same time, she was also dissatisfied.

Although she had obtained Daji's inheritance, she had yet fully refine it as the time was short. Now, she was besieged by the six tribes' sky-prides and was not their opponent.

The Ninth Elder had tried his best to rescue them, but he was caught hold by a Golden Crow Tribe's Gilded Immortal and could not escape.

Not to mention, there were six tribes' True Immortals around keeping an eye on them, not giving them the slightest chance to live!

"Tushan yokai foxes, you are not our opponent. Go to hell!" one of the Nine-Headed Snakelet's sky pride said coldly.

"Haha. Now that Tushan and Emerald Hill are in danger, why isn't Chu Kuangren here to save you all? Could it be that he's afraid?" The Avarice sky-pride insulted while laughing.

"Oh, are you so eager to see me?"

At that moment, an indifferent voice sounded, and an invisible but terrifying aura shrouded heaven and earth.

At the horizon, a figure in white was gliding across the air. His Immortal's Core energy fluctuations spread wave after wave like a tide, trembling the void in all directions!

He, dressed in white robes, had long black hair, while his demeanor was nothing short of otherworldly.

Every step he took crossed thousands of kilometers of rivers, and his Immortal's Core shattered countless mountain peaks.

In just a few steps, he arrived above the battlefield.

All the sky-prides looked at him with solemn looks in their eyes.

"It's him, Chu Kuangren!"

"I can't believe he's so bold to show up in a war of such a scale. Isn't he afraid of death?!"

All the yokai tribes' sky-prides looked at Chu Kuangren with fear and awe. However, his actions in the Heavenly Yokai Forest Realm had traumatized several yokai tribes.

"No. Something feels weird."

"That feeling... Has the karmic repercussion disappeared?"

A few True Immortals present encountered the same problem as Elder Yun. They felt that the karmic reaction against Chu Kuangren was so weak that they could almost ignore it.

In other words, they could attack Chu Kuangren.

Only the Gilded Immortals could feel the powerful force of karmic repercussion.

"Haha! Although I have no idea what's going on, since the karmic repercussions are gone, don't blame us for taking action against you, Chu Kuangren!"

Overjoyed, a yokai tribe's True Immortal attacked Chu Kuangren with all his strength.

He took a step forward, and his whole body flew forward like a cannonball. As he approached Chu Kuangren, he threw out a punch attack, unleashing a surge of majestic yokai qi wrapped in countless Daoist patterns with terrifying momentum!

Chu Kuangren stood on the spot and did not move at all!

Seeing that, Tushan Fei Yu and others could not help but exclaim.

"Brother Chu, be careful!"

"This is bad!"

Some yokai foxes even closed their eyes as they could not bear to see the scene of Chu Kuangren getting killed.

Boom!

At that moment, an extremely powerful energy fluctuation erupted.

A figure was sent flying backward while spitting a mouthful of blood!

However, the person was not Chu Kuangren, whom all yokai thought would be, but the yokai tribe's True Immortal who took action!

"How is this possible?!"

All the yokai tribes were shocked and petrified!

Chu Kuangren was hovering in the air, bathed in Immortal Sparks and his Immortal's Core flowing around him as if he was the Immortal King reincarnated!

"Haven't you wondered why your karma didn't respond to me?"

Chu Kuangren stood with his hands behind his back and said indifferently, "Because I'm more powerful than you!"

"Impossible. You're merely a Heavenly Immortal!" The yokai tribe's True Immortal, who had been blasted away, said in a trembling voice.

Swish...

Chu Kuangren disappeared immediately.

In the next instant, he arrived above the yokai tribe's True Immortal.

As he raised his hand, the life-death reincarnation intent revolved in his palm, turning into the Yin Yang Life and Death Symbol that crashed downward!

The expression of the yokai tribe's True Immortal changed. His Immortal's Core soared into the skies and hit the Life and Death Symbol.

Unfortunately, his strength was suppressed upon contact with the Life and Death Symbol before it began to collapse!

The Life and Death Symbol fell from the sky and pressed him to the ground.

"Who said that a Heavenly Immortal can't win against a True Immortal?"

Then, Chu Kuangren stepped on the Life and Death Symbol, and a more powerful life-death reincarnation intent erupted. At the same time, the Academy's Three Great Conjurations were circulating above his head.

Boom!

With help of the conjurations' power, the might of the Life and Death Symbol surged again!

At that, the body of the yokai tribe's True Immortal began to crack and bleed profusely!

A True Immortal was an existence that was difficult for the young sky-prides and Heavenly Immortals to defeat.

Yet now, a mighty True Immortal was like an ant, being trampled under Chu Kuangren's feet. At any time, he would be crushed!

"D*mn it. Don't be so arrogant!"

“Chu Kuangren, you shall die!”

The rest of the yokai tribes took action together.

Each of their powers was far better than Elder Yun.

Elder Yun was just an ordinary First-grade True Immortal, but the worst among them now was of a Third Grade. There were even Great Perfected Third-grade True Immortals.

The gap between each grade in the True Immortal Realm was far greater than in the Heavenly Immortal Realm.

After all, being a True Immortal simply meant being at the forefront of the Immortal Dao.

“So what if all of you attack together?”

Chu Kuangren raised his hand to take out a huge black seal that had an incomparably mysterious yokai aura flowing on its surface.

As soon as the huge seal emerged, all the yokai’s bodies trembled, and their combat strength was suppressed by a few percent!

“It’s the Myriad Yokai Seal!”

“My goodness. It’s the Myriad Yokai Seal that symbolizes the Heavenly Yokai King’s reign!”

“As a human, I’m surprised he could refine the Myriad Yokai Seal so quickly.”

Several yokai tribe’s True Immortals looked horrified.

The yokai tribe’s Gilded Immortal, who was fighting fiercely with the Ninth Elder, felt the suppression too.

Upon seeing that, the Ninth Elder seized the opportunity and blasted out one Immortal Technique after another to overwhelm the Gilded Immortal. He even spat out a mouthful of blood because he was critically injured.

“That’s bad. We must retreat right now!”

The Gilded Immortal’s expression changed. He knew that with Chu Kuangren’s Myriad Yokai Seal to assist the situation, he was not the Ninth Elder’s opponent. Hence, he immediately turned to leave.

As the Ninth Elder was worried about Chu Kuangren, Tushan Fei Yu, and others, he did not continue to pursue the Gilded Immortal.

Although Chu Kuangren had the Myriad Yokai Seal, he was merely a Heavenly Immortal, while there were several True Immortals here.

However, the Ninth Elder soon realized his worries were unnecessary because he saw Chu Kuangren mobilizing the Myriad Yokai Seal to suppress the cultivation of several yokai tribes’ True Immortals.

Following that, a green light flashed in his eyes, and the Green Leaf Sword Vision was activated. Soon, a majestic Immortal's Core gushed out. He formed a sword hand sign and cast the extremely terrifying Berserking Torment technique!

Like an endless gush of wind, the sword qi wreaked havoc in the realm.

It swept across those True Immortals whose strength had been suppressed, and in the blink of an eye, nothing of them was left!

Chapter 1253: I'll Defend Tushan, Go Deep Into The Main Battlefield, He Hasn't Left Yet

"What a terrifying sword qi, and what a scary Chu Kuangren!"

The Ninth Elder looked at Chu Kuangren with a hint of awe in his eyes. Although he was a Gilded Immortal, he saw how terrifying and great of a threat Chu Kuangren was at that moment!

He had a vague foreboding that even though he, a Gilded Immortal, fought against Chu Kuangren, the one who would survive to the end would likely be Chu Kuangren!

Such a premonition was unbelievable, and even the Ninth Elder thought it was absurd.

"Brother Chu, thanks for your timely arrival. Otherwise, the consequences would be dire." The Ninth Elder stepped forward and said with his heart still pounding from fear.

If it were not for Chu Kuangren, the future generations of Emerald Hill and Tushan would be buried here.

As an escort, he would become a sinner through the ages.

"Yeah."

Chu Kuangren nodded slightly and looked at Lil Fox opposite him.

Her eyes were red, and she was looking at him with a hint of grievance in her eyes. In the end, she could not help but dash toward him.

"Boss, my home is almost gone... Boohoo..."

After all her efforts of finally finding her parents and having Tushan as her homeland, the Golden Crow and other tribes were about to destroy her home. They even wanted to kill her parents.

It made her extremely sad.

For that, she hated the Golden Crow, Nine-Headed Snakelet, and other yokai tribes.

"Rest assured. I'll defend your home," Chu Kuangren said while rubbing Lil Fox's head.

His words were unquestionable.

Upon hearing that, all yokai foxes were shocked, and there was hope in their eyes. However, the radiance in their eyes soon dimmed.

This time, the six great Beast Ruler Tribes, with their six great Arch Gilded Immortals, a large number of Gilded Immortals, and True Immortals, had besieged Emerald Hill and Tushan.

Chu Kuangren was merely a Heavenly Immortal. He may be a prodigy, and his talent truly stood out amongst the greats throughout history, but he was not yet grown up after all.

How could he possibly defend Emerald Hill and Tushan?

The yokai foxes regarded Chu Kuangren's words as a means to comfort Lil Fox.

"Brother Chu, I'm about to lead them to evacuate Tushan. Do come with us. There is a saying among humans that goes, where there is life, there is hope. Let's leave," said the Ninth Elder.

He believed that with Chu Kuangren's talent and strength, and if they gave him enough time, the Golden Crow and other tribes would have to pay the price in the future!

"Leave? Why should I leave?" Chu Kuangren said indifferently and then looked at the distant battlefield. "I said that I would defend Tushan for Lil Fox."

"It's not me who should leave but the Golden Crow, Avarice, and those yokai tribes that invaded Tushan who should be afraid!"

"They're right in front of me now."

Chu Kuangren took one step forward.

His figure flashed and disappeared in place.

The Ninth Elder's expression changed. "This is bad. Brother Chu is too impulsive. How can he defeat the Golden Crow King and others?!"

"I believe the Boss has his way," Lil Fox said with incomparable trust in her eyes.

She had been with Chu Kuangren for a long time, so she knew that he would keep his promise.

"I believe him too..." mumbled Tushan Fei Yu.

She believed in miracles. Chu Kuangren's existence was a miracle, and he was also the one who created miracles.

...

Far away, on the main battlefield, yokai foxes were fighting with the six Beast Ruler Tribes in a bloodbath. However, it was clear that the yokai foxes were in a disadvantageous position.

Countless yokai foxes' corpses were on the ground, piling up like a mountain and blood flowing like a river.

The battle was tragic.

High up in the sky, the six great Arch Gilded Immortals were looking at each other, but none took action.

An attack from an Arch Gilded Immortal was bound to be earth-shattering. The aftermath of the battle alone was enough to greatly affect the battlefield below, causing both parties to be injured.

"Tushan Queen, your Tushan offensive formation is about to lose its hold," said a Golden Crow Guardian.

In the periphery of Tushan, the offensive formation that prevented the coalition army of the six Beast Ruler Tribes was gradually collapsing.

Once the offensive formation was completely shattered, most of the six Beast Ruler Tribe would no longer be hindered. Hence, they could all attack at once and defeat Emerald Hill and Tushan!

Tushan Queen knew that too.

She took a deep breath. As her yokai qi swirled around her, a domineering aura that shattered the void spread everywhere.

At that scene, the Golden Crow Guardians and others opposite her turned solemn.

“Oh, is she getting ready to attack?” the Avarice King said coldly.

He was also secretly mobilizing his yokai qi.

He dared not be careless when Arch Gilded Immortals fought, especially in the face of top-notch Arch Gilded Immortals like Tushan Queen and Emerald Hill Fox King.

“If this continues, we can’t turn the tide once the offensive formation is broken. Since there is no turning back now, why don’t we...”

“Die together!”

There was a hint of determination in the Tushan Queen’s eyes.

The Emerald Hill Fox King could read her thoughts, and he took a step forward to stand beside her.

“Today, we shall die together if need be,” the Emerald Hill Fox King said tenderly.

Tushan Queen’s beautiful eyes softened before she clenched the Emerald Hill Fox King’s hands. “If there’s a next life, you and I shall be husband and wife again!”

“Definitely.”

The Golden Crow King and others on the opposite side felt like the Tushan Queen and Emerald Hill Fox King were showing off their affection for each other.

The Dark Fox King gritted her teeth. “Hmph. Still acting lovey-dovey on the brink of death, huh? In that case, I’ll fulfill your wish later.”

However, there was a hint of envy deep in her eyes.

The rest of the Yokai Kings’ faces were solemn.

They dared not mess with a desperate Fox King. If they were not careful, only a few of them might be able to leave the place alive today.

Just as the war between the two parties was about to begin, a strange fluctuation emerged far away.

The fluctuation contained an aura that made countless yokai tremble, immediately catching all the yokai’s attention.

“What the hell is going on?!”

“What’s this aura?”

All the yokai looked into the distance.

A man in white was walking out slowly from the depths of Tushan with a domineering aura around him. It was as if he was the Immortal King reincarnated.

Whenever he went, his terrifying Immortal’s Core hit the yokai that invaded Tushan, and countless clouds of blood mists exploded like fireworks.

Some top-notch Heavenly Immortals surrounded him. However, not only did they fail to stop him from moving, but he even killed them.

“Chu Kuangren!”

“How dare he come to the front of the battlefield?!”

“Oh, he hasn’t escaped yet.”

The Golden Crow King, Avarice King, and others were stunned.

Not just them, but those yokais who were secretly watching the battle were astonished too.

In their opinion, Emerald Hill and Tushan were sure to lose. Only an idiot would take the initiative to help the yokai foxes.

Even if it were Chu Kuangren, he could not turn the tide.

In such a situation, the wisest act was to leave.

With his talent and strength, it would only be a few more until he would become an Arch Gilded Immortal or even an Embodier. There was no need for him to risk his life here.

However, Chu Kuangren could not care less about what all yokai thought to be the most sensible approach and decided to intervene in the battle that consisted of Arch Gilded Immortals and Gilded Immortals!

He was merely a Heavenly Immortal!

Chapter 1254: Armor on His Body, Sword in His Hand, Shocking the True Immortals with Infinite Void

“What a great spirit!”

Upon seeing Chu Kuangren’s arrival at the battlefield, a hint of admiration appeared in the eyes of a Battle Saint Ape elite.

The Battle Saint Ape Tribe was belligerent and liked to approach difficult situations.

Hence, Chu Kuangren’s action won their respect.

“Hmph. He’s bold but foolish!”

Another yokai great one who disliked Chu Kuangren said, "As a sky-pride with a bright future ahead, he should save his strength and wait until he grows to a certain level to avenge Tushan in the future instead of seeking death here now."

"That may not be the case. He should have something to rely on. Don't forget that he's a Heavenly Champion, and he possesses a great fortune. Moreover, he has the backing of Celestial Demon Tribe and Hundred Academy."

"So what? This is a battlefield — a battlefield of True Immortals and Gilded Immortals. It's possible for him to die in the chaos. Who cares whether he is a Heavenly Champion or not? Besides, if he intervenes in the yokai tribes' civil war and gets himself killed, even the Celestial Demon Tribe and Hundred Academy can't say anything."

1

"That's true."

"Wait. Look at what's in his hand."

At that moment, all the yokai noticed the huge black seal in Chu Kuangren's hand.

It was the source of the strange fluctuation they sensed.

"That aura belongs to the Myriad Yokai Seal. I didn't expect him to have refined the seal!"

"The Heavenly Yokai King's inheritance has fallen into a human's hand? This must be a joke."

On the battlefield, Chu Kuangren threw the Myriad Yokai Seal in his hand into the air.

Instantly, a more intense aura emanated into the air as countless mysterious patterns flowed around the seal, which gleamed with Immortal Sparks.

Besides the yokai foxes, the rest of the yokai tribes who sensed the aura felt that their combat strength was constrained.

In the face of the Myriad Yokai Seal, the restraint in them felt natural, like an instinctual response.

That was the Heavenly Yokai King relied on to unify the Great Ten Thousand Mountains!

"This is a good opportunity!"

"Brother Chu has restrained their strength with the Myriad Yokai Seal."

Overjoyed, both Emerald Hill and Tushan's yokai foxes took the opportunity to launch a counterattack.

Meanwhile, the yokai tribes' great ones were stunned at the scene.

"No way. I can't believe Chu Kuangren has managed to refine the Myriad Yokai Seal to such an extent in a short period!"

"Not only has he refined it, but he has also perfected his control on the seal. He can rule out the yokai foxes from the seal's effects so that it will only affect the other yokai tribes. It's tough to pull off on such a huge battlefield."

Many yokai tribes' great ones were secretly amazed, but they were also worried at the same time.

The fact that such a weapon, which was to use against the yokai tribes, had fallen into a human's hand was not good news for all the yokai.

What was more, the person was Chu Kuangren.

With his talent, he could even reach the Heavenly Yokai King's level in the future.

By then, with the Myriad Yokai Seal in his hand, he might be the Great Ten Thousand Mountains Ruler. That would make him the second unified ruler of the Great Ten Thousand Mountains!

However, he was a human.

As the base of the yokai tribes, how could a human call the shots in the Great Ten Thousand Mountains?!

It would be embarrassing for the yokai tribes if word about it spread.

What would be of the yokai tribes' future?

At that thought, the yokai tribes' great ones became anxious.

"It'll be a good thing if he dies here today. If he doesn't, we will have endless trouble."

"Indeed."

The yokai tribes' great ones had different thoughts in their mind while they watched Chu Kuangren mobilizing the Myriad Yokai Seal.

Chu Kuangren had no idea that in the eyes of all yokai tribes' great ones, he was connected to the yokai tribes' future.

Right now, all he wanted were for those yokai tribes that invaded Tushan to pay for the price!

He mobilized the Myriad Yokai Seal and suppressed the combat strength of the yokai tribes other than the yokai foxes, creating a favorable battlefield for the yokai foxes.

The yokai foxes' morale, which was initially on a decline, was boosted. Eventually, they were able to compete with the six tribes' allied forces.

"What a bunch of stubborn yokai foxes."

"If we want to defeat them, we must first find a way to deal with Chu Kuangren."

"Indeed. His appearance has leveled the playing field on the battlefield. Although the Gilded Immortals have not been greatly affected, we can't lose too much of the lower-level combat strength."

"I feel that the karmic reaction has weakened. Perhaps we can kill him now!"

"Be careful. It's not a good thing that the karmic reaction has weakened. Maybe it means he's now powerful enough to compete with a True Immortal at will!"

"So what? We have more than enough True Immortals to kill him here!"

A Tengu Tribe's True Immortal pounced toward Chu Kuangren.

The mighty yokai qi swept out and turned into an image of a giant tengu. When he opened his mouth, the universe was plunged into complete darkness.

It was the Tengu Tribe's conjuration, Tengu Eclipse!

Faced with the tengu that seemed like it was devouring heaven and earth, Chu Kuangren remained indifferent. He was not affected in the slightest.

Then, the apparition of a hundred saints emerged in the sky, snow mountains appeared, and countless regulations and percepts formed. In an instant, the Academy's Three Great Conjurations were cast.

Following that, three great peerless physiques activated!

In the sky, the huge Yin Yang Life and Death Symbol circulated and crashed outward!

With a bang, the void shattered!

The expression of the tengu changed. He was horrified!

When the ultimate moves collided, the Tengu Tribe's True Immortal was immediately blasted on the spot with blood spurting out from his mouth. It only took one move to almost beat him to death!

Suddenly, a momentary silence filled the entire battlefield!

However, it did not take long before more than a dozen yokai tribes' True Immortals attacked one after another.

"Golden Crow Third Leg!"

A Golden Crow True Immortal cast the Golden Crow's conjuration, and a black giant claw descended from the sky with a golden flame wrapped in it, aiming toward Chu Kuangren.

"Avarice Demonic Ray!"

An Avarice True Immortal grunted. With its mouth opened, he absorbed all the heavenly and earthly spiritual qi, which then turned it into a black light beam that gushed out from his mouth.

"Tengu Eclipse!"

As the Tengu True Immortal grunted, a giant dog's head roared with a sky-devouring might.

"Yokai's Heart Palm!"

The Nine-Headed Snakelet King Tribe, Avarice Tribe, and Golden Crow Tribe...

All the six Beast Ruler Tribes' True Immortals attacked together with various Immortal Techniques. As a result, it formed a torrent of earth-shattering yokai qi.

That energy shook the sky!

Before such energy, Chu Kuangren seemed as insignificant as a speck of dust.

However, he stood proudly, and his Immortal's Core soared into the sky.

Accompanied by the sound of a dragon's roar, the nine True Emperor Dragons rose into the sky and roared to the world!

With the nine dragons hovering in the sky, Chu Kuangren was like a supreme emperor whose boundless and domineering aura shocked everywhere!

On top of the True Emperor Dragons, a dark red armor was covering his body, and he held a huge crimson sword tightly in his hand.

They were the Arch Gilded Immortal Weapons that belonged to King Zhou of the past — the Blooded Crimson Sword and the Blooded Crimson Armor!

With the armor on his body and the sword in his hand, the True Emperor Dragons hovered around Chu Kuangren's body, their roars resounded through the realm, and their Immortal Sparks shone in all directions!

At that moment, Chu Kuangren's aura was akin to King Zhou's when he was alive. It was unparalleled!

"Blade of Zhou, Infinite Void!"

Chapter 1255: Divine Myriad Yokai Mimicry, Hell's Gate Emerges Again, Greetings, Ghost Emperor!

With the armor on his body and sword in his hand, Chu Kuangren slashed the energy torrent before him with the Blooded Crimson Sword. With the help of the Arch Gilded Immortal Weapon, a blood-red sword ray shot out with unparalleled momentum.

The Infinite Void Sword shocked all yokai tribes' True Immortals who had joined forces!

The moment the two forces collided, it was as if tens of thousands of stars exploded at the same time. The terrifying energy fluctuation swept across the entire battlefield, causing the universe to rumble.

Countless Daoist patterns interweaved within endless energy, and a blood-colored sword ray was the most dazzling among them!

The blood-colored sword ray was rapidly wearing down other Daoist patterns and destroying the Immortal Technique energy of the yokai tribes' True Immortals.

It was the Infinite Void Sword Ray!

Soon, the Infinite Void Sword Ray disintegrated the Immortal Techniques that were cast under the joint forces of the yokai tribes' True Immortals.

As the remaining sword ray swept out, all the True Immortals were blasted away.

All the yokai gasped in shock.

"T-This is too frightening! How can a mere Heavenly Immortal like him manage to stop the joint forces of so many True Immortals?!"

"A freak. No. He's a monster!"

“He has the nine dragon qi beside him, as well as the blood-colored armor and giant sword. Are these the Opportunities of Fortune that he obtained from the Heavenly Yokai Forest Realm? But why don’t they look like a yokai’s inheritance?”

“The nine True Dragons... Hiss. If I’m not wrong, only Human Emperors in ancient immortal times can cast the True Emperor Dragons. Except for the Human Emperor, no one else can control them!”

“Chu Kuangren has the Human Emperor’s inheritance!”

The Heavenly Yokai King’s inheritance was already rare, and now he had the Human Emperor’s inheritance?

The former was the unified ruler of the Great Ten Thousand Mountains, while the latter was the unified ruler of the human race.

It was simply incredible for a person to possess those two major inheritances.

“Those yokai tribes that invaded Tushan today must pay the price,” Chu Kuangren said coldly.

“How arrogant!”

Outside Tushan, a large group of yokai broke through the restriction and dashed toward Chu Kuangren. The person leading the group was a Golden Crow True Immortal.

“A Heavenly Immortal wants to turn the tide, huh? Dream on!”

Without another word, Chu Kuangren took a step forward, and countless beast apparitions emerged in the air as if he was slowly unfolding a picture scroll.

From the Godly Phoenixes and True Dragons to ordinary beasts, each of them lifelike and vivid.

More importantly, there were as many as tens of thousands of yokai beasts!

Countless yokai beast mimicries flew in the sky and shook the universe.

All the yokai were stunned to see such a scene.

‘What does it take for a human to control so many yokai beast mimicries?!’

‘What kind of understanding does one need to have on yokai to create so many lifelike yokai mimicries?!’

“Divine Myriad Yokai Mimicry, Myriad Yokai Diagram!” Chu Kuangren yelled indifferently.

Under the blessings of Arch Gilded Immortal Weapons, the conjurations, and others, the Myriad Yokai Diagram he mobilized had infinite might. Countless yokai beasts gushed out with endless yokai qi and ferocious qi.

With a bang, the Golden Crow True Immortal, who dashed through the offensive formation from outside Tushan, and the yokai troops he led were horrified.

Under the impact of the Myriad Yokai, Diagram the Golden Crow True Immortal took the brunt of the attack and was torn to shreds by countless yokai beasts on the spot.

The same happened to the crowd of yokai behind him. They were blasted into mists of blood, and countless broken limbs flew about in the air.

It was a gory scene.

It was even more frightening when the person who caused such a scene was merely a Heavenly Immortal.

High up in the sky, the Golden Crow King and others were displeased.

“Chu Kuangren. He’s here to disrupt the situation again!”

“He’s a great threat. If we don’t kill him today, the consequences will be unimaginable.”

“Indeed.”

“Rest assured. Since he has involved himself in the yokai tribes’ civil war today, he, a Heavenly Immortal, has no chance of surviving.”

Boom, boom!

Outside the Tushan offensive formations, the large troop of the six tribes’ allied forces was gradually disintegrating the formations. Following countless explosions, the offensive formation shattered while the formation light dissipated.

With that, the army took the opportunity to rush into Tushan.

Chu Kuangren and the yokai foxes of Emerald Hill and Tushan were surrounded by countless troops!

However, the army did not take any action recklessly. Instead, they looked at Chu Kuangren with incomparable fear.

The strength he displayed just now was so frightening that they dared not act rashly even though they had a large number of True Immortals.

As for the Gilded Immortals, they dared not take action due to the karmic judgment.

“Chu Kuangren, I’ll spare your life if you surrender and hand over the Myriad Yokai Seal and Heavenly Yokai King’s inheritance!” the Avarice King suddenly said, with greed in his eyes.

Compared to occupying Emerald Hill and Tushan and then getting a few percent of the loot, the Myriad Yokai Seal and Heavenly Yokai King’s inheritance were definitely much more tempting.

“How foolish are you?” Chu Kuangren questioned while looking indifferently at the Avarice King in the sky.

Upon hearing his words, the Avarice King’s expression turned gloomy. “I’m being kind for showing you a path out, but you prefer to take a dead end?!”

“Are you sure you can kill me?”

“Heh. Chu Kuangren, you’re too confident. Look around you. There are many yokai tribes’ armies, Heavenly Immortals, True Immortals, and even Gilded Immortals. How do you want to fight against us alone?” said the Avarice King.

None of the Yokai Kings believed Chu Kuangren could win.

After all, the gap in their cultivation level was huge.

One person may be able to fight a True Immortal, but what about ten thousand, one hundred thousand, or even a million yokai?

With so many yokai rushing up together, even Gilded Immortals could die, let alone Chu Kuangren.

“All of you have an army, but who told you that I don’t have one?” asked Chu Kuangren.

Following that, he rose into the air and took out two Samsara Emperor Seals!

The Emperor Seals bloomed with boundless brilliance, and a reincarnation intent flowed outward, forming a huge whirlpool in the void.

Within the whirlpool, a huge gate appeared.

It was the... Hell’s Gate!

The Hell’s Gate descended from the sky and landed on the earth, revealing scenes of the underworld.

“Hell’s Gate? What’s the purpose of him summoning the Hell’s Gate? Could it be that he’s summoning the Underworld Army?”

The Avarice King sneered. “I might be afraid if the Yincao Underworld City retained its complete inheritance.”

“However, Fengdu is in fragments, and even its inheritance has been destroyed. So what if you’re the Fengdu Ghost Emperor? How big of an Underworld Army can you summon from your little Fengdu?”

The Yokai Kings were not impressed by Chu Kuangren’s actions at all.

In their opinion, unless Fengdu Underworld City was in its heyday, the power of Fengdu Underworld City that Chu Kuangren mastered could not beat the joined forces of the six Beast Ruler Tribes.

“Not many actually.”

Chu Kuangren smiled faintly. “It’s only a million.”

After that, the Hell’s Gate was activated!

A monstrous surge of Yin qi rose into the sky, sweeping over half of the Great Ten Thousand Mountains. From the gate, countless Underworld Soldiers marched out.

The unimaginably majestic Yin qi formed a torrent and dyed the entire sky black. In the blink of an eye, millions of Underworld Soldiers filled the battlefield with haunting fluctuations.

Even among the Underworld Army, there were True Immortals and Gilded Immortals.

Under the leadership of the Underworld General, a black skeleton, all the Underworld Soldiers knelt before Chu Kuangren.

“Greetings, Ghost Emperor!”

Chapter 1256: The Battle of The Arch Gilded Immortals, You Deserve To Die For Your Sin, Bei Ming’s Clone Emerges Again

1

On the battlefield in Tushan, millions of Underworld Soldiers gathered!

The soaring Yin qi shook the entire Tushan, and the sight of it shocked the yokai tribes’ great ones.

“W-What’s going on?”

“How could he have summoned so many Underworld Army?! I thought Fengdu was in fragments.”

“How did he do that?”

“Unbelievable!”

The Golden Crow Guardians, Tengu King, Avarice King, and other Yokai Kings looked at the Underworld Army with grim faces.

Especially when they saw the skeletal Underworld Soldier kneeling before Chu Kuangren, fear appeared in their eyes.

The skeletal Underworld Soldier was pitch-black all over, but his eyes flickered with dim green flames, making him look eerie and treacherous.

More importantly, the Underworld Soldier was an Arch Gilded Immortal just like them!

However, an Arch Gilded Immortal like him was kneeling before Chu Kuangren respectfully. That fact alone shocked all the yokai present.

With an indifferent expression, Chu Kuangren said, “Kill all the yokai who have invaded Tushan today... Show no mercy!”

“Yes!” The skeletal Underworld Soldier nodded.

Following that, he stood up, and the two dim green flames in his eye sockets burst out. “At the order of the Ghost Emperor, those who have invaded Tushan shall be killed without mercy!”

“Kill them, kill them!”

“Kill them without mercy. Besides the yokai foxes, all other yokai tribes must die!”

The shrill whistling echoed all over Tushan, and countless Underworld Soldiers rushed toward the yokai tribes surrounding Tushan.

“D*mn it. Kill them!”

“Go kill them!”

The rest of the yokai gritted their teeth and dashed toward the Underworld Army.

As the Underworld Army fought against the yokai soldiers, the Yin qi and yokai qi mixed in the void and emanated in all directions.

Upon seeing such a scene, the Tushan yokai foxes were overjoyed.

“This is great. With Brother Chu here, we will definitely win.”

“There are many True Immortal and Gilded Immortal elites among the millions of Underworld Soldiers, and their strength is powerful.”

“Indeed. With such strength, we’ll be able to resist the allied armies of the six great Beast Ruler Tribes.”

The spirits of Tushan and Emerald Hill’s yokai foxes were lifted.

However, they did not sit by and watch. With the help of the Universal Spiritual Tushan Formation, some of them with minor injuries managed to recover, and along with the Underworld Army, they fought and killed the six great Beast Ruler Tribes’ allied armies.

The same killing sound resounded throughout heaven and earth, and killing intent emanated in every direction.

However, the situation was different now.

In the face of the Myriad Yokai Seal and millions of Underworld Soldiers, the six great Beast Ruler Tribes’ allied armies were severely suppressed.

The True Immortals fell one after another, and even some Gilded Immortals could not escape the attack.

“D*mn it. D*mn it. The outcome of the battle will be reversed if this continues. I can’t allow this to happen!”

“Only the Arch Gilded Immortals can decide the outcome of the battle now!”

The Golden Crow Guardians, Avarice King, and others looked at each other.

They originally had the upper hand, but because of Chu Kuangren’s appearance, the battle took a bad turn.

Hence, they could no longer sit still.

“Attack!”

The Golden Crow Guardians, Avarice King, and other Arch Gilded Immortals made a move.

“Want to attack, huh? We’re not afraid of you!”

Not to be outdone as well, the Emerald Hill Fox King and Tushan Queen immediately dashed toward the Golden Crow King and other Yokai Kings.

Boom!

When the Arch Gilded Immortals collided, countless Daoist patterns exploded as if countless planets were destroyed.

The mix of Arch Gilded Immortal's Cores and Arch Gilded intent swept out like a huge storm, tearing the void and shattering the earth...

Just the escaped Arch Gilded intent alone caused countless casualties among the yokai tribes on the battlefield.

Even the Gilded Immortals could not defend themselves against the Arch Gilded Immortals' strength.

Six Yokai Kings were battling against two Fox Kings.

In terms of numbers, Tushan was at a disadvantage. However, the Tushan Queen and Emerald Hill Fox King were powerful beings.

They were not definitely not weak among those in the Arch Gilded Immortal Realm. In fact, they were even one of the top-notched Arch Gilded Immortals.

Their joint forces managed to hold back the four Yokai Kings, namely the Golden Crow Guardians, Dark Fox King, Avarice King, and Nine-Headed Snakelet King.

Unfortunately, they failed to stop the Sky Centipede King and Tengu King.

"Hmph. Destroy Tushan first," the Tengu King said coldly.

There was an icy look in his eyes. The surrounding Underworld Army who dashed forward were all torn apart by the Arch Gilded intent around him.

"Oh, you want to destroy Tushan? Have you asked for my permission?"

An indifferent voice sounded.

A pitch-black skeletal Yin general walked out from the crowd. The ghost flames in his ghastly eyes swayed as he stared at the Sky Centipede King with cold murderous intent.

"An underworld cultivator of the Arch Gilded Immortal Realm is extremely rare. With your strength, you can definitely replace Chu Kuangren's position of Ghost Emperor, but why do you still obey him?" the Tengu King said, trying to alienate Chu Kuangren and the skeletal Underworld Soldier.

However, the chilly intent in the skeletal Underworld Soldier's eyes became more intense, and he said coldly, "You deserve to die for f trying to provoke my relationship with the Ghost Emperor!"

What the Tengu King did not know was that Chu Kuangren obtained all those Underworld Army through gatcha roll, hence their loyalty toward him.

Even if Chu Kuangren wanted them to die, they would probably commit suicide without hesitation.

Boom!

As the skeletal Underworld Soldier struck forward with his claw, a giant, black boney claw that was wrapped in a dim green flame blasted toward the Sky Centipede King. After that, countless Daoist patterns enveloped the void.

“Hmph.”

Tengu King snorted and cast the Tengu Eclipse conjuration.

His might of mobilizing the conjuration was far beyond any other tengu.

Suddenly, the universe fell into darkness.

When the conjuration energy and black boney claw collided, it stirred up a surge of turbulent energy that leveled hundreds of mountains nearby.

Each of those mountains was millions of meters tall and as big as a planet, yet the aftermath of Arch Gilded Immortals’ attack shattered hundreds of them.

That alone showed how frightening the Arch Gilded Immortals’ strengths were.

Meanwhile, the Sky Centipede King looked at Chu Kuangren coldly and sneered. “No matter how strong your Underworld Army are, how can they resist Arch Gilded Immortals?! I’ll destroy Tushan and your millions of Underworld Soldiers today!”

Although he could not attack Chu Kuangren due to the karmic judgment, he had no worries about those Underworld Army.

“Oh?”

Chu Kuangren chuckled.

Then, a black ray shot out from his body.

It was the Celestial Demon qi!

The Celestial Demon qi transformed in the void, turning into a black-haired middle-aged man. In an instant, a terrifying Celestial Demon aura swept all directions.

The man was from the Celestial Demon Tribe, Bei Ming!

Bei Ming’s eyes glowed like lightning as he stared at the Sky Centipede King and sneered. “How dare a centipede behave so presumptuously?!”

“The Celestial Demon’s... Clone!”

The Sky Centipede King’s face sank, and there was an unprecedented fear in his eyes because he felt that the power from Bei Ming’s clone was no weaker than his.

He was petrified.

A mere clone that possessed a strength no weaker than an Arch Gilded Immortal like him? How terrifying was the strength of Bei Ming’s real self?!

“A top-notch Arch Gilded Immortal who might have even reached the threshold of an Embodier!”

“The Celestial Demons are no doubt one of the most ancient cultivators in the universe. That background is indeed astonishing,” the Sky Centipede King thought to himself.

He looked at Chu Kuangren not far away with a conflicted gaze.

Unparalleled talent and strength, endless cultivation techniques, and a background that was so mighty that everyone feared...

The future of that young sky-pride was beyond him!

2

Chapter 1257: Gilded Immortal Sacrificing Himself, Gilded Immortal Bai Mei, The Day Will Soon Come

“Hahaha, kid! I’ve got to give it to you! You really know when to summon my clone! This one is even bigger than the previous one!”

Bei Ming cackled in laughter.

Previously, Chu Kuangren summoned his clone to fight the Three Clarity Daoist Sect.

This time, he summoned the clone to deal with the yokai tribes from the Great Ten Thousand Mountain, which included several Arch Gilded Immortals.

“Thank you, senior,” Chu Kuangren said with a faint smile.

“It’s alright, but since this one is much bigger than the previous one, I don’t know if my clone can handle them all.”

Bei Ming chuckled before scanning his eyes across the Sky Centipede King and the countless yokai behind him.

“Senior, I just need you to deal with the Sky Centipede King. As for the others, someone else will handle them.”

“Okay. In that case, I’ll give my best.” Bei Ming laughed as he released the terrifying Celestial Demon intent that swirled around his body.

The Celestial Demon intent contained a gloomy, silent, and frosty feeling, like the deepest part of the sea.

Bei Ming’s figure flashed and flew toward the Sky Centipede King. Then, Celestial Demon qi gushed out, and he struck out with his palm, unleashing darkness that felt like it could devour all the light of the world.

The Sky Centipede King dared not underestimate Bei Ming as he engaged him in battle.

A powerful energy shockwave swept the battlefield, and the yokai cultivators caught in it were killed on the spot.

A rare battle between two Arch Gilded Immortals was happening at Tushan Mountain, and from there, the Arch Gilded intent released contained unmatched power.

As for the other cultivators at the scene, such as the True and Gilded Immortals, they fought the Million Strong Underworld Soldiers with all their strength, but the Underworld Soldiers proved too much for them.

Even when all six of the Beast Ruler Tribes teamed up, the Underworld Soldiers managed to secure the upper hand, and the scale of victory slowly tipped toward Tushan.

“Take down Chu Kuangren first!” shouted one of the yokai tribes’ True Immortal.

Being the one who activated the Myriad Yokai Seal and summoned the Million Strong Underworld Army, Chu Kuangren must be the key to the battle.

With him out of the scene, they would be able to turn the tide of the battle.

Some of the True Immortals believed it, so they executed their thoughts.

The True Immortals of Golden Crow Tribe and Nine-Headed Snakelet Tribe seized the chance and attacked Chu Kuangren.

“Fools,” Chu Kuangren bellowed.

Countless Daoist patterns swirled around him to form wild beasts in the air, which looked as lively as the real one.

Immense yokai qi and ferocious qi erupted in the void.

It was the Divine Myriad Yokai Mimicry Technique, Myriad Yokai Diagram!

The moment the diagram appeared, the power it brought shook all the yokai tribes’ True Immortal.

They could not believe that a mere Heavenly Immortal could cast such a powerful technique.

It was horrifying!

Kaboom!

The group of True Immortals was blasted away by the Myriad Yokai Diagram, including some Middle Third-grade True Immortals.

With the Myriad Yokai Seal in his possession, Chu Kuangren had an absolute advantage against the yokai tribes.

In addition to the two Arch Gilded weapons he got, even if he could not mobilize their full potential, a sliver of their power was more than enough to fend off the True Immortals.

Now, unless there were Higher Third-grade True Immortals or a Gilded Immortal on the battlefield, the others were no longer a threat to Chu Kuangren.

“Hmph! Even if I have to suffer karmic repercussions, I will kill you today! As long as you’re alive, the Golden Crow Tribe’s future is shrouded by darkness!”

One of the Gilded Immortals of the Golden Crow Tribe bellowed as his eyes gleamed with utter determination.

Then, his figure flashed and flew toward Chu Kuangren.

The power of a Gilded Immortal erupted, and its immense might instantly enveloped Chu Kuangren whole. Countless Daoist patterns blanketed the land and then transformed into chains that shadowed the realm.

Since he, a Gilded Immortal, intervened, the indomitable karmic repercussions devoured him.

Spit!

Blood gushed from his mouth, and his body was on the brink of collapsing, but he managed to hold himself together.

His Immortal's Core energy gushed out like a waterfall in an attempt to overwhelm Chu Kuangren with his destructive force.

"Die!"

The Gilded Immortal disregarded the karmic repercussions and launched a reckless attack. However, Chu Kuangren remained calm and carefree.

"How foolish," he said as he shook his head.

Before the immensely powerful Gilded Immortal's power could touch him, a figure in white appeared out of nowhere and launched a palm strike at the Golden Crow Gilded Immortal, blasting him away.

The figure in white looked beautiful but possessed an eerie presence.

She was Bai Mei, the new follower that Chu Kuangren acquired from Fengdu Underworld City.

Bai Mei was originally a top-tier True Immortal, but after Chu Kuangren acquired the Samsara Emperor Seal and Ghost Emperor Shensu's inheritance, he taught her some of the Ghost Dao cultivation techniques.

Now, she was an elite among the Gilded Immortals.

This time, she came together with the Million Strong Underworld Army, but she was not one of them. He did not get her from the gacha roll.

"Trying to harm the Ghost Emperor? Fools!"

Bai Mei stood beside Chu Kuangren as his most loyal guardian and stared at the Golden Crow Gilded Immortal with frosty killing intent.

"Chu Kuangren, you..."

The Golden Crow Gilded Immortal did not expect that at all.

Chu Kuangren looked at the man as though he was looking at a fool. "This is a dangerous battle. There are a ton of True and Gilded Immortals here, and I'm just a Heavenly Immortal, so I ought to be careful. It's not that surprising to have one or two Gilded Immortals as my guardian.

"You, on the other hand, are you stupid? To attack without a proper plan?"

The moment he said that, an Underworld General in black robes silently appeared behind the Golden Crow Gilded Immortal with a giant scythe.

At that moment, he swung the gleaming dark scythe forward.

“D*mn it!”

The Golden Crow Gilded Immortal noticed the attack from his back and wanted to escape, but it was too late.

The scythe swung forward and slashed the Gilded Immortal into two.

Then, tens of thousands of Underworld Soldiers jumped onto the Gilded Immortal and devoured him.

A hint of fear appeared in Bai Mei’s eyes as she stared at the Underworld General with the scythe.

There were only a small number of Underworld Generals among the millions of soldiers that Chu Kuangren summoned, but there were still a dozen of them.

Each of them was powerful enough to make a name of their own in the Immortal World, yet they all served Chu Kuangren and obeyed every of his command.

She realized that the Underworld Soldiers looked at Chu Kuangren with an undying frenzy and zeal as if he was their creator.

“Ghost Emperor, I’m deeply impressed by your resourceful methods. I wonder where you acquired this army. It’s rare, even in the Underworld.

“With this army, no one other forces in the Underworld will dare to eye Fengdu Underworld City,” Bai Mei said excitedly.

Upon hearing that, Chu Kuangren was slightly surprised. “Someone is eyeing Fengdu Underworld City?”

“Yes, my lord. Other than the three great Underworld Cities, some other forces have their eyes on the Underworld Cities’ reincarnation mechanism. I’ve dealt with a number of them recently, but since Fengdu hasn’t recovered to its prime, I’m having a difficult time dealing with some of them.

“Now, with the army at our side, I’ll be able to use them to guard Fengdu and wait for you to take control of the reincarnation so that you can, one day, become the Underworld’s Heavenly Champion.”

Bai Mei looked at Chu Kuangren excitedly.

“Yeah. Believe me, that day will soon arrive.”

Chapter 1258: Yokai Kings Preparing To Retreat, Dark Tide Devouring The World, Bei Ming Slashing Sky Centipede King

The Yin Ghost World, similar to the Yang Human World, was in conflict as well.

The only difference was that in the Yang Human World, humans fought, and in the Yin Ghost World, most of them were lost souls and ghosts.

Fengdu Underworld City was not the strongest force in the Yin Ghost World, whereas Yincao Underworld City and Tashan Underworld City shared the same status.

There were other individual forces outside those three great Underworld Cities, and they were engaged in a complicated conflict.

Chu Kuangren planned to visit Yin Ghost World to comb things out when the time was right.

There could only be one Underworld City and one Heavenly Champion from there.

The other independent forces must either submit or be annihilated.

Back at Tushan Mountain, the battle between the Arch Gilded Immortals was happening fiercely. The Golden Crow King, Avarice King, and Dark Fox King's alliance and the Emerald Hill Fox King and Tushan Queen were evenly matched.

Neither side was getting the upper hand, and it was difficult for an Arch Gilded Immortal to be killed, so the battle would probably last for a while.

On the other hand, on the battlefield for the True and Gilded Immortal, the fight was a lot clearer.

The alliance of the six Beast Ruler Tribes was slowly breaking up under Chu Kuangren's Myriad Yokai Seal and Million Strong Underworld Army.

"D*mn it! If this continues, all the cultivators of the Dark Fox Tribe will perish here!" As the Dark Fox King clenched her teeth, a strong hint of reluctance flashed in her eyes.

"Retreat!"

Following her command, the cultivators of Dark Fox Tribes quickly disengaged with the Underworld Soldiers and fled the battlefield.

"Dark Fox King, what are you doing?" the Golden Crow King bellowed angrily.

"I'm saving my people from impending doom! Golden Crow King, can't you see? Chu Kuangren has the Million Strong Underworld Army and the Myriad Yokai Seal. Our troops cannot take Tushan at all! If we continue to be stubborn, the number of casualties will only increase!" the Dark Fox King said.

The Golden Crow King's expression shifted upon hearing her words.

He knew the Dark Fox King was right about their troops being at a disadvantage.

However, he refused to accept it! He refused to lose to Chu Kuangren a second time!

"Golden Crow King, don't do this in a fit of pique. You're sending your people to their deaths! Hurry up and retreat!" The Avarice King also sided with the Dark Fox King.

He, too, wanted to retreat. Other than being concerned about his people's death, he was also worried about his own life.

The Tushan Queen and Emerald Hill Fox King were ridiculously powerful. Even with fighting two against four, they managed to even the battlefield.

In fact, they had considered the strength of Tushan Queen and Emerald Hill Fox King. With all six of them combined, they were confident enough to take on the two of them.

However, the Arch Gilded Immortal Underworld General and Bei Ming's clone were out of their expectation.

The addition of the two unexpected forces robbed the six of them of their advantage in the battle.

"Retreat!" the Golden Crow King bellowed with seething anger.

Following his command, the six Beast Ruler Tribes' allied armies swiftly retreated.

"Hahaha! Do you think you come and go as you wish? I still haven't had enough fun. Don't leave just yet!"

Someone cackled in laughter.

Bei Ming's gaze settled on the Sky Centipede King, and a dark glow gleamed in his eyes. Then, he extended his hand, forming a huge pitch-black hand from surges of endless dark energy.

The boundless energy had locked on to the Sky Centipede King.

"Curse you! Don't you dare go too far!"

The Sky Centipede King was furious. He transformed into his true form, a centipede of a million meters with thousands of legs, and rammed through the mountains.

The black palm strike hit his body and dented his shell, but the damage was nothing to the Sky Centipede King's true form. As he spiraled up into the sky, endless ferocious qi was released into the air.

His enormous body shadowed heaven and earth.

"Hahaha. Do you really think I can't do anything to you in your true form? Foolish!"

Bei Ming flew higher into the sky.

A massive amount of Celestial Demon qi swirled around him, bathing him in Immortal Sparks. "Northern Darkness Art, Dark Cataclysmic Current!!"

The Celestial Demon qi, together with the Daoist patterns, swirled and transformed into a dark current that gushed forward. In the blink of an eye, the realm was shadowed by its endless darkness that could devour the world.

A dark and silent Celestial Demon intent spread to every corner of Tushan Mountain.

Every yokai caught in the dark presence trembled uncontrollably, and the Sky Centipede King bore the brunt of that attack.

He was devoured by the dark currents conjured up by Bei Ming.

For a moment, he felt like he had sunk into the deepest parts of the sea with nothing but dead silence and absolute coldness. On top of that, a terrifying pressure assaulted him in every possible direction, crushing his body.

“T-This is an Embodier Technique?! An Embodier Technique cast by an Arch Gilded Immortal?!”

The Sky Centipede King was horrified.

In the Immortal World, it was widely acknowledged that the Embodier Technique was the strongest cultivation technique of them all, which only an Embodier could master and use.

Without any Opportunities of Fortune, it was even difficult for an Arch Gilded Immortal to master an Embodier Technique.

However, the Sky Centipede King was not only attacked by it, but he even sensed a unique presence from Bei Ming. In other words, the Embodier Technique might be Bei Ming’s own creation based on his Celestial Demon Dao!

A self-created Embodier Technique?!

Only an Arch Gilded Immortal nearing the realm of Embodier could do it with a ridiculously low success rate!

“Now that explains why his clone alone is that strong! He’s entering the Embodier Realm!”

That made the Sky Centipede King more terrified than ever.

The icy cold darkness continuously assaulted him, and the horrifying pressure crushed his body, part by part.

He mustered all his strength to fend off the invading darkness and tried to break free, but his efforts were futile.

A stronger power was brewing within the darkness.

“Crush!”

A cold voice sounded in the dark, followed by a beam carrying endless silence perforated his body.

A massive amount of poisonous blood splattered everywhere.

Bang!

A loud explosion later, the giant Sky Centipede fell to the ground from the sky and stirred up a dust storm.

All the yokai stared at the gigantic body blankly, visibly stunned. After all, the body belonged to the Sky Centipede King!

“Is the Sky Centipede King dead?!”

“How is this possible?!”

Many other yokai, especially those from the Sky Centipede Tribe, were dumbfounded by the inconceivable scene.

An Arch Gilded Immortal would rarely die, yet now a Yokai King in the Arch Gilded Immortal Realm had died in front of them just like that. It felt like a scene from a nightmare.

“A clone killed an Arch Gilded Immortal? How exactly powerful is Bei Ming?!” Chu Kuangren was rather curious.

He had analyzed Bei Ming before, and the result showed that Bei Ming was a top-tier Arch Gilded Immortal.

As for the definition of ‘top-tier’, it was rather vague, and Chu Kuangren did not further his investigation at that time.

Back then, his cultivation base was not high enough to parse out more information.

“According to the books, unlike the Immortal Realm, which has nine grades, the Arch Gilded is divided into Three Floral Crowns, Innate Five Qi, and Great Perfected. Has Bei Ming achieved the level of Great Perfected?”

Chapter 1259: Wu Tian Acquired The Yokai King’s Heart, He Came To Me

“Retreat!”

The death of the Sky Centipede King strengthened the Golden Crow King and the others’ decision to retreat. With that, they led their people away from the battlefield.

After the Sky Centipede King’s body crashed to the ground, Bei Ming’s clone flew over to Chu Kuangren and laughed.

“How’s my Dark Cataclysmic Current? It’s not bad, right?”

“The Embodier Technique is mystical by itself, and when cast by your hands, its power is unmatched,” Chu Kuangren flattered him.

“Of course!”

It was then that Bei Ming sensed something further away. His figure flashed and reappeared beside the dead Sky Centipede King.

A tiny centipede, the size of a thumb, was crawling away from the body.

Bei Ming caught it with his bare hand.

“This is...” Chu Kuangren was slightly surprised.

“The hundred-legged insect dies but does not perish. It’s one of the secret techniques of the Sky Centipede Tribe. I ran into some pests back then and was lucky enough to learn about them. This Sky Centipede King is trying to run but not on my watch.”

Bei Ming conjured the Celestial Demon energy and crushed the tiny centipede.

At last, the Sky Centipede King perished.

Chu Kuangren was surprised. He had killed one of the Sky Centipede Tribe’s Heavenly Champions before, yet he did not notice that.

He had no idea whether the Heavenly Champion escaped using that technique or not, but a quick thought later, Chu Kuangren decided to put the thought aside.

Whether he escaped or not, it would not affect Chu Kuangren at all. Should he meet the Heavenly Champion again in the future, it would only take him one sword to end the pest's life.

"Okay. Now that the Yokai Kings' troops are basically gone, my clone's energy is down to its last bit," Bei Ming said.

"Thank you, senior."

"Don't mention it. Oh, I have something I want to tell you, and I hope you can bear it in mind."

"What is it?"

"It's about the Celestial Demon Tribe. I heard that the Celestial Demon Affiliated Tribe is also in the Heavenly Champion's battle. If you happen to run into them, be careful."

Chu Kuangren was surprised by his words.

Based on what he heard from Bei Ming a while ago, the Celestial Demon Tribe only had seven Heavenly Champions, including himself.

Where did the Celestial Demon Affiliated Tribe come from?

With Bei Ming's explanation, Chu Kuangren found out that there was a genius researching among the Celestial Demon Tribe who wanted to have more insights into the Celestial Demon Physique so that people without the physique could be suitable for it at a later stage.

However, the plan failed.

The Celestial Demon Physique created through research could not be compared to the innate version, be it the potential or the power.

The plan might have failed, but the Later Celestial Demon Tribe remained, and they scattered across the universe.

Now, they had reemerged from the dark and joined the Heavenly Champion battle.

"I heard the Later Celestial Demon Tribe produced quite a number of Heavenly Champions. One of them is very similar to the Innate Chaos Celestial Demon and a monstrous one as well. He's powerful."

"Powerful? Is he worth being my opponent?" Chu Kuangren smiled.

His brief words contained absolute confidence that allowed him to peer down on all the powerful ones. The confidence came from his Heart of Invincibility and Invincible Dao."

"I'm looking forward to your performance."

Bei Ming smiled before his body slowly disappeared.

After he left, Chu Kuangren and the others cleaned up the battlefield.

Tushan was in a desolate state after the battle.

It would not be easy for them to recover in a short time.

Instead of sending the Underworld Soldiers back to Fengdu immediately, Chu Kuangren kept them and ordered them to clean up the place.

While everyone was busy cleaning, a figure arrived beside the body of the dead Sky Centipede King.

The person shot a complicated gaze at the dead centipede body. He felt sad about the king's passing but also eager to retake the body.

He was Wu Tian, the leader of the Five Poisons.

He had been on the battlefield for some time now and was awestruck when he saw Chu Kuangren summon the Million Strong Underworld Army.

When the Sky Centipede King was killed, he was sad. Yet, at the same time, he saw the silver lining behind the tragedy.

In the old inheritance of the Toxic Sovereign's inheritance, there was a kind of poison named the Immortal Dissolving Poison. It was extremely powerful, and in order to craft the poison, one must gather all kinds of ingredients, and the most difficult of all would be the Yokai King's heart.

"My King, now that you have perished, I will use your heart and refine it into the Immortal Dissolving Poison. With time, I might be able to avenge you and kill Chu Kuangren."

He took the heart out of the body and left in a hurry.

After he left, an Underworld Soldier appeared.

He looked in the direction where Wu Tian disappeared and then went to Chu Kuangren to report the finding.

"Yokai King's heart? Immortal Dissolving Poison? Hm, interesting," he murmured but was not overly concerned.

After all, he had the Poison Immunity. If Wu Tian planned to use the Immortal Dissolving Poison on him, the Sky Centipede Heavenly Champion would be wrong from the start.

Chu Kuangren was not afraid of a mere centipede.

"Brother Chu, thank you for your assistance."

Tushan Queen and Emerald Hill Fox King came over to express their gratitude.

"You're too kind. As you said, I'm a friend of Tushan, and friends should help each other out," Chu Kuangren said with a smile.

"We are in debt to you regardless," said the Emerald Hill Fox King.

Meanwhile, in a cave somewhere around Tushan, Chui Kuangren continued his closed-door cultivation after cleaning up the battlefield.

However, the moment he stepped into the cave, he sensed something out of the blue.

There was an unusual energy presence in the air.

Someone else was inside.

“Show yourself,” Chu Kuangren said.

Swoosh!

A shadow with a voluptuous figure appeared.

It was a female yokai with bewitching charms.

Her voluptuous figure, slender legs, beautiful facial features, and clear porcelain skin — every feature on her screamed feminine fatale, especially that gaze that could bewitch one’s soul. A single gaze from her could easily arouse all men.

However, Chu Kuangren was no common man.

“So it’s you, Dark Fox Maiden Sage.”

The one hiding in the cave was her, but she was in a wretched state. Her energy presence felt weak, and she was wounded.

‘Avoiding pursuit?’ Chu Kuangren wondered.

The Yokai King’s allied armies might have retreated, but some of the troops were left behind, hunted down by the Fox Tribe. Hence, the Dark Fox Maiden Sage could be one of them.

The Dark Fox Maiden Sage stared at Chu Kuangren cautiously. She deemed herself unlucky for running into him here.

She covered her people’s escape and stayed back to fight the pursuits, but in the end, she got stuck in Tushan, rendering it difficult for her to escape.

Now that the entire Tushan was sealed off, all the exits were guarded by yokai foxes, so she was forced to hide in the cave.

The cave was a quiet one and barely saw any visitors, so she assumed it would be a good hiding place. Little did she know that it was Chu Kuangren’s cultivation spot.

Chu Kuangren was the man who single-handedly turned the tide of the battle. He inflicted heavy damage on the allied armies and forced them to retreat.

To the troops of the allied armies, Chu Kuangren was a devil reincarnate, a monster that every yokai was afraid of.

Yet now, bumping into him, the Dark Fox Maiden was literally delivering herself to him.

Chapter 1260: Dark Fox Maiden Sage Felt Strange, Embarrassed, Repair Flaws

“How are you?” Chu Kuangren said as he sized up the Dark Fox Maiden Sage.

“What do you want?”

The Dark Fox Maiden Sage took a deep breath and feigned calmness.

However, under the calm look, her heart was pounding nervously.

She was nothing to Chu Kuangren with her current strength. If Chu Kuangren wanted her dead, all he had to do was lift a finger.

The difference in their strengths was massive.

“What do I want...” Chu Kuangren carefully sized up the Dark Fox Maiden Sage from top to bottom.

Lil Ai, the Omniscient Spirit, was activated to scan her for more information.

He was trying to find out if she was valuable.

The Dark Fox Maiden Sage tried her best to stay calm, but Chu Kuangren’s stare gave her goosebumps and made her anxious.

Chu Kuangren’s gaze felt magical. Before him, she felt naked, like all her secrets were put on display for him to see.

The bare feeling embarrassed her, but she dared not resist his gaze.

‘Is he having thoughts about my body? Is Chu Kuangren like other men? No, no way. He shouldn’t be this cheap... However, why is he staring at me?’

Countless thoughts went through her mind.

Suddenly, her expression changed, and her body started to tremble. She even blushed.

“Huh?” Chu Kuangren hummed as he sensed something unusual.

“Interesting.”

As the Dark Fox Maiden Sage trembled and clenched her teeth tightly, a faint fragrance released from her body.

The enchanting fragrance was a pleasure to the nose.

Not only that, but the fragrance contained a kind of special chemical that could arouse someone’s primal desire, as though it was a kind of aphrodisiac.

‘D*mn it! D*mn it! Why now?! I must have exhausted my Immortal Core’s energy too much in the battle, and now I can’t control my arousing desire,’ the Dark Fox Maiden Sage thought.

Her anxiety grew as she stared at Chu Kuangren.

His handsome looks and transcendental presence became the most beautiful scenery to her; it was extremely seducing.

She wished she could jump onto him and kiss him.

‘No! No! I can’t! He’s a devil reincarnate! He’ll kill me with a slap if I do!’

The Dark Fox Maiden Sage fought to suppress her desire, but the more she resisted, the stronger it got. As her primal desire slowly took over, it replaced the fear she had for him and slowly changed her from the inside.

She was being taken over by her lust.

"I see," Chu Kuangren said with a smile.

The Dark Fox Maiden Sage finally lost the battle to her lust, and it took control of her. Feeling aroused, she threw herself at Chu Kuangren.

"How dare you!" Chu Kuangren bellowed.

His Immortal's Core released a shockwave and blasted the Dark Fox Maiden Sage away.

Then, he pointed his sword hand sign at her forehead.

"Sh*t..."

The Dark Fox Maiden Sage shut her eyes and waited for her end to arrive.

However, when his finger touched her forehead, the anticipated pain did not consume her. In fact, she felt a breeze.

It was life force qi, which was something she yearned for to recover.

'What?!'

The Dark Fox Maiden Sage was surprised.

'Chu Kuangren is feeding me his life force qi?!'

Awestruck, she stared at him, hoping to find out why he would help her. However, all she got was his signature frosty look. He was indeed an unpredictable man.

"Whatever. I must suppress my lust first!" The Dark Fox Maiden Sage clenched her teeth tightly.

She continued to receive life force qi from him. As she absorbed it, she found it stronger and more alluring.

If human's life force qi had categories, Chu Kuangren's life force qi would be the highest grade.

The life force qi enriched and repaired all the flaws in her bloodline, fulfilling her like never before. It was as though she was perfected by his life force qi.

The fulfilling feeling felt ecstatic and intoxicating. It even made her feel like her soul was on cloud nine.

She instinctively yearned for more, so she moved closer to the source and could not help but suck on his finger to absorb more life force qi.

"Huh?" Chu Kuangren furrowed his brows as he felt wetness at the tip of his fingers.

"As a Maiden Sage, you really are unhygienic." Chu Kuangren's mouth twitched as he said.

Nevertheless, he continued to channel his life force qi and transfer it into the Dark Fox Maiden Sage.

A while later, he retracted his finger when he felt it was enough.

The Dark Fox Maiden Sage regained her composure, and her face blushed when she realized her lewd action.

She was so embarrassed that she wished there was a hole on the ground for her to bury herself.

However, what happened next stunned her.

Chu Kuangren shook his fingers with disgust and formed a ball of water in the air to wash his hands.

‘Calm down, calm down...’ the Dark Fox Maiden Sage thought.

She took a deep breath and said, “Why did you feed me your life force qi? What are you trying to achieve? Speak.”

“Straight to the point? Nice.”

Chu Kuangren must have saved the Dark Fox Maiden Sage for a reason.

“I just need a simple favor from you, and that is to convince the entire Dark Fox Tribe to pledge their loyalty to me. I want them to follow my lead.”

His words shocked the Dark Fox Maiden Sage.

“What? Impossible! I’m just a Maiden Sage, not the King, I don’t have the authority to represent the entire tribe,” she said.

She thought Chu Kuangren was crazy to propose that idea.

He wanted the entire Dark Fox Tribe to follow him? What did he think the Dark Fox Tribe was?

“Why don’t you hear me out first?”

“What is it?”

“I can fix the flaws in the Dark Fox Tribe’s bloodline, and when that’s done, all of you won’t have to rely on sucking the life force out of others to survive,” he said.

The Dark Fox Maiden Sage’s eyes widened in shock upon hearing his words, and she trembled in disbelief.

“A-Are you for real?”

The Dark Fox Tribe’s bloodline was flawed, and because of that particular flaw, it forced them to drain life force qi from others just to keep themselves alive. The great ones of the tribe spent countless efforts through the generations just to fix it, but their efforts fell short.

Could Chu Kuangren do what the great ones of the tribe failed? To fix the flaw in the bloodline?

“No. Wait, how did you know about this?” she questioned.

Other than the Dark Fox Tribe themselves, only a handful of other yokai foxes knew about that particular flaw. Where did he get the information from?

Was it Emerald Hill? Or Tushan?

“It doesn’t matter where I got this information from. What matters is that I can fix the flaw of your tribe and release all of you from the lifelong curse.”

Lil Ai informed him of the flaw of the Dark Fox Tribe bloodline after analyzing her.

With the Tome of Physiques, he was more than capable to deduce a perfect, flawless Dark Fox Physique.

“Prove it.”

Chu Kuangren skipped the nonsense, and in a flash, he came closer to her. He cast the Spacetime Sealing Technique and pinned her down on the spot.

Then, he released the sword qi through his finger and pointed it at her body. The inserted sword qi flowed through her body.

“Channel your Immortal Core and move them along the trajectory of my sword qi.”

The Dark Fox Maiden Sage did as told because she had no other options. Chu Kuangren could take her life with a single thought, so there was no point for her to resist.
