Chapter 131: Thousand-faced Poison Lord in the Gale (3)

Xu Bai shook his head and said, "I'm used to being free. I can't stand that kind of restriction. Please apologize to the Ninth Princess on my behalf."

Qing Xue nodded and agreed.

The Ninth Princess' words also meant that she would not offend this person if she could.

After Xu Bai left, she started to clean up the traces of the snow. She was already used to doing these things. Everything was easy.

The next day.

When the first ray of sunlight shone in, all things regained their vitality. Everything seemed to have come alive.

The streets became lively and noisy, and the bodyguard agency gradually became more lively.

"Liu Er, come in."

Xu Bai's voice came from the backyard.

Liu Er, who was swinging his sword in the front yard, hurriedly put down his weapon when he heard the sound. He walked quickly to the backyard.

The current Liu Er had already undergone earth-shattering changes compared to before.

In the past, although Liu Er was tall and sturdy, he lacked steadiness. But now, Liu Er was very different. Other than steadiness, there was also a hint of light in his eyes.

He had already begun to cultivate the Bone Breaking Saber Technique and the Bone Breaking Heart Technique, and his body had produced the true qi unique to martial artists.

Liu Er was no longer the same as before when he had entered the ninth rank from a martial artist who had not entered the rank.

He could feel the change in his strength and became more respectful to Xu Bai. He wasn't a stupid person, so he naturally understood that everything he had now was given to him by Xu Bai.

Only by clinging tightly to Xu Bai's thigh was his long-term development path.

After arriving at the backyard and knocking on the door gently to obtain permission, Liu Er pushed the door open and entered.

"Greetings, escort leader." Liu Er bowed respectfully, his voice filled with excitement.

"Hmm? True Qi?" Xu Bai took a sip of tea and looked up at Liu Er from head to toe. He said with satisfaction, "Your talent is not bad."

This was the truth, without any falsehood.

The Broken Bone Heart Technique was actually not very profound. Even among the rank one martial arts, it was still considered to be at the lower level.

However, after Liu Er obtained the Bone-breaking Saber Technique and the

Bone-breaking Heart Technique, he was able to cultivate a mouthful of Genuine Qi in a short period of time. In Xu Bai's opinion, he was indeed talented.

The maximum level of comprehension gave Xu Bai not only skills but also comprehension in all aspects.

For example, he could see all kinds of changes and flaws in saber techniques below level two, including level two saber techniques.

Other than that, there was also the vision.

"It's all because of the good things that Milord gave me. I'm only following Milord's instructions to cultivate step by step." Liu Er said respectfully.

In terms of flattery, Liu Er was more talented than him in this aspect.

"I called you over to see your results. Since you've already succeeded, I'll fulfill my promise to you." Xu Bai put down the teacup in his hand and picked up the book he got from the bookstore. He continued to check the progress bar.

The Escort Agency's progress was peaceful, and it was also convenient for him to focus on perfecting it without any distractions. He could also see Liu Er's progress at the same time. A day passed just like that.

Liu Er saw that Xu Bai had nothing else to instruct him, so after obtaining Xu Bai's consent, he bid farewell and left.

During the day, Xu Bai did not go out. As for breakfast and dinner, they were all sent over by Liu Er. He spent the entire morning and afternoon reading the book in his hand.

Since he was completely focused on the progress bar, he gained a lot. When night fell, the DeoDle from the bodvzuard agency had all left, leaving him alone in the entire agency.

The night was very cold. Xu Bai put on a coat and continued to watch by the light of the oil lamp.

Time slowly passed, and it turned from night to midnight.

“I’ll do it tomorrow.” As Xu Bai thought about it, he stood up and prepared to blow out the oil lamp.

At this moment, someone knocked on his door.

“Duo duo duo...”

The sound was very soft, but it was especially obvious at night.

Xu Bai put down the book in his hand, picked up Ghost Head Blade on the table, and slung it over his waist.

“Brother Xu, it’s me.”

Outside the door, a familiar voice rang out. It came from Yun Zihai.

Xu Bai frowned and came to the door.

It was already so late, and Yun Zihai had suddenly come to look for him. Could it be that the plan had finally taken shape?

“Wait a minute.”

Xu Bai opened the door.

The darkness outside the door invaded, and the light in the room dimmed a little.

Yun Zihai stood in the dark and smiled.

“Brother Xu, can we talk inside?”

There was a strange fragrance that appeared. The smell was very faint. If one did not sniff carefully, one would not be able to smell it.

Xu Bai felt a sharp pain between his eyebrows, as if something had pricked him.

“Something’s wrong!”

With his current strength, the pain he felt just now should not have appeared.

Thinking of this, Xu Bai took a step back.

But the next moment, he realized that his steps had slowed down.

Moreover... The stabbing pain between his eyebrows intensified. Fortunately, his True Core Strength circulated in time to alleviate the pain.

“Poison?”

Xu Bai could easily guess the reason when he thought about the smell he had just smelled.

Yun Hai, who was standing at the door, suddenly moved. She raised her hand and scattered a white powder.

“Weng...”

A black light rose from Xu Bai’s body and blocked the white powder.

Some white powder floated on the ground and immediately corroded a large area of the ground.

Xu Bai raised his head. When he looked over, Yun Zihai had already disappeared.

“What’s going on?”

The backyard was quiet. There was no one else besides him. Yun Zihai seemed to have never been here.

However, what happened just now had indeed happened. There was no element of falsehood.

Yun Zihai came to ambush him in the middle of the night, and he even used

poison?

Chapter 132: Thousand-faced Poison Lord in the Gale (4)

Why did it feel strange?

Xu Bai thought to himself.

At this moment, a figure rode a book and flipped over the wall.

“Brother Xu, did you look exactly like me when you were ambushed?” Yun Zihai hurriedly spoke the moment he entered the backyard.

That anxious look did not seem to be faked.

“Wait a moment.” Xu Bai spoke up in time, telling Yun Zihai to stay away from him. “If you take another step forward, I can’t guarantee that I won’t cut you.”

Yun Zihai quickly stopped when he heard this, but there was no other expression on his face. Instead, he suddenly realized and said, “As expected, you’ve also encountered it. You were sent by someone to kill me, Thousand-faced Poison Lord.”

“Thousand-faced Poison Lord?” Xu Bai sized her up.

Why was this nickname so lame? Who gave it to him?

“Among the Level Seven experts in Jianghu, this person is extremely difficult to deal with. There are even rumors that he killed a Level Six expert.”The clouds came from the sea.

“He’s quite strong.” Xu Bai said.

To be able to fight a Rank-6 with a Rank- 7, his strength was indeed strong. After all, it was not as simple as just saying it to challenge someone of a higher rank.

However, this fellow seemed to have taken a fancy to him.

“It’s not that he’s strong, but that it’s impossible to guard against him.

Thousand-faced Poison Lord is a martial artist and a Yin Poison Master. He’s skilled in disguising, poison, and an exquisite movement technique.”Yun Zihai slowly said,” You can approach with a disguise technique and attack with poison techniques. If you can’t win, you can use an exquisite movement technique to escape. It’s impossible to guard against.”“

Disguise techniques could change one’s appearance, and one would be easily approached if they were not careful. Poison techniques were different from others. They emphasized the word ‘Yin’ and could be said to be all-pervasive. If he couldn’t win, he would use his exquisite movement technique to escape.

After escaping, he would look for another opportunity.

Anyone who was targeted by the Thousand-faced Poison Lord would find it very difficult to escape. This was because the Thousand-faced Poison Lord was like a plaster that could not be shaken off.

“This guy is going to deal with me as well. “Xu Bai rubbed his chin and said,”By the way, are you a real person?!”“

” You can only imitate Thousand Faces Poison Lord’s appearance and voice at most,” Yun Zihai said helplessly.” You can’t imitate his abilities.””

The pages of the book floated around Yun Zihai and revolved around him.

Noble energy surged out.

This was something unique to scholars, and Thousand Face Poison Lord could not imitate it.

“Brother Xu, the Thousand-faced Poison Lord has a fetish. He likes to kill everything related to his target, then kill the target in the end, causing the target to die in extreme despair. “Yun Zihai continued.

Xu Bai put down Ghost Head Blade.

“Then, how can Brother Xu prove himself?”Yun Zihai repeated Xu Bai’s words.

Xu Bai snapped his fingers, and a black light appeared around him.

After the two of them confirmed their identities, Yun Zihai spoke first.

“Brother Xu, from now on, be it eating or drinking, or even coming into contact with people, you have to be careful. The Thousand-faced Poison Lord’s poison techniques are very profound, so even a Sixth Stage must be careful.”

As the saying went, it was better to provoke a gentleman than a villain.

Moreover, this villain was a drug dealer.

Poison was something that was hard to guard against. One might fall for it at any time.

If Xu Bai hadn't been circulating his True Core Strength, he might have been hit by the strange fragrance that he had smelled just now.

There were side effects just by smelling it. If he really ate something poisonous, the side effects might be even greater.

"If he had poisoned the well, wouldn't he have harmed everyone as well?" Xu Bai said.

Yun Zihai shook his head. "If he really does this, he won't be far from death. What His Majesty needs is a stable structure. If the people of the martial world are like docile dogs, then the Heaven Inspectorate will lose its function, and this stable structure will no longer exist."

"However, if these people don't know their limits and cause trouble, their path of survival will come to an end. Assassinating an official of the Imperial Court can be a big or small matter, but I have a mission now, so I'll try my best to minimize it."

Xu Bai shrugged. "I don't have a problem with that. You better not be killed by the Thousand-faced Poison Lord before your plan is completed.""

The words were rough, but the truth was not. This sentence was a reminder.

"I already have a plan in mind. Tonight, the main thing happened with the Thousand-faced Poison Lord, so I came to inform you. I'll leave first. "The clouds came from the sea.

Xu Bai nodded. After watching Yun Zihai leave, he also returned to his room.

The next day.

Xu Bai woke up early and picked up the book he got from the bookstore. He continued to check the progress bar.

After talking to Yun Zihai last night, he was also thinking about how to deal with the Thousand-faced Poison Lord.

This guy was able to stir up trouble in Jianghu for so long, so he must have some ability. Those three abilities were indeed difficult to guard against.

In Xu Bai's opinion, the most annoying ability of the Thousand-faced Poison Lord was his exquisite movement technique.

Just like last night, if he could catch up, Xu Bai could easily kill him.

Therefore, Xu Bai was still having a headache.

The level of the Four Xun Movement Technique was already slightly insufficient at the moment.

Movement techniques and mental cultivation techniques had become what he needed the most now.

"Let's see what skills are in this book first." Xu Bai thought as he watched the progress bar.

Xu Bai stayed in his room for a while until it was almost noon.

The escorts had already trained in the agency. When they saw Xu Bai, they greeted him one by one.

Now that Liu Er had become a rank-one martial artist, he trained even harder. Flattery alone wouldn't go far. When one lost their usefulness, they would be abandoned..

Chapter 133: Thousand-faced Poison Lord in the Gale (5)

Liu Er was well aware of this and was working hard towards this point.

Xu Bai went out and found an unusual place to eat.

Usually, it was Liu Er who brought it over for him, but after the incident with the Thousand-faced Poison Lord, he did not expect the clothes to be handed over and the food to be opened.

After all, this thing was poisonous, so it was better to be careful.

Several days passed in a row, but there was no movement at all. It was as if the Thousand-faced Poison Lord had disappeared.

During this period, Yun Zihai came to look for him once, but there was no news of him being assassinated.

In general, there was nothing unusual.

However, he knew very well that the more the other party did not move, the greater the commotion. The longer he held it in, the more powerful his big move would be.

The only reward he had gained over the past few days was the book in his hand.

During this period of time, his progress bar finally ran out.

Sitting in the room, Xu Bai took a sip of tea and looked at the light blue text in front of him. The corners of his mouth curled up slightly.

When he was bored, he read the liver-purity bar and read this novel-like book.

This book told the story of a soldier's life in the army from the perspective of a soldier. The most eye-catching part was the killing and killing in the army.

The description was very good, especially when it came to the scene of thousands of troops and horses. It was even grander.

It was said in the book that when thousands of troops and horses charged at each other, everyone had to be careful with any step they took, because if they made a mistake, they would be trampled by their companions behind them.

Steps were extremely important.

Therefore, after reading these descriptions, Xu Bai had an idea. He looked forward to this skill even more and compared it with what he had guessed.

The facts proved that it was true.

However, after the blue smoke appeared, it gradually condensed into a line of words.

[You have studied the nameless book and comprehended marching steps.] As information entered his mind, the light blue text in front of him changed.

[Fusion option found. Fusion in progress.]

[Four-Xun Movement Technique + Marching Steps = Four-Step Movement

Technique.]

[Fusion successful.]

The light blue smoke turned into information again and was transmitted into Xu Bai's mind.

The latest panel appeared.

[Name: Xu Bai]

Realm: Eighth Stage unspecialized."

[Breaking One Style, Level 2: Maximum level.]] [Reversal Heart Technique (Level 2.5):[Maximum level.]
[Maple Leaves Like Rain (Tier 2): Maximum level.]

[Four Steps (Level 3): Maximum level.] [Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level.]

[Kidney Strengthening Technique (Level 4): Maximum level.)]

' Comprehension: Maximum level."

The Four Xun Movement Technique itself was only at level one, so it could be considered a very weak skill. Of course, it was very weak in the current situation.

However, after adding the Military Steps, it became the Fourth Step, which had already reached the standard of the third step.

The original march was a method of killing and charging, as well as a long distance trek.

Endurance, speed, and offense were very strong. After all, they were suitable for the army.

However, after fusing with the Four Xun Movement Technique, the power of the Daoist array formation was added to the Four Steps Technique. His flexibility in dodging and moving had also been greatly improved.

Speed, endurance, offense, and flexibility.

Under the perfect combination of these four characteristics, it reached the standard of tier 3.

After Xu Bai absorbed all the information in his mind, he smiled.

As expected of Little Gold.

It's really what you want to be called a middle-aged man

Thinking of this, Xu Bai looked around the room.

The floor of the room was covered with iron nails, and there were many nets on the walls.

If an ordinary person entered his house, they would be covered in injuries within two steps.

It wasn't that he hadn't done anything these past few days. He was the one who had set up the traps in the house.

It was all thanks to Liu Xu. In the past, when he had sneaked into Liu Xu's room, he had seen Liu Xu setting up all kinds of traps in his room.

Who didn't play dirty these days?

He was just waiting for Thousand-faced Poison Lord to come up. If he triggered the trap, he would conveniently get rid of the other party.

But now, it seemed that it was a little unnecessary.

"I don't know if my speed is faster or yours. We'll know when we try." Xu Bai tapped his fingers on the table and thought, can't wait anymore."

Night fell.

The wind tonight was a little strong and slightly cold.

The wind tonight was different from other times. It was very chaotic.

It was not an exaggeration to describe it as wind blowing from all directions.

Xu Bai lay on the bed and placed Ghost Head Blade at the head of the bed.

The wind was so strong that the windows were trembling slightly.

"Squeak...Squeak... Squeak..."

Accompanied by the sound of the wind, there was also a "scream" from the edge of the window.

The wind was too strong, and the window seemed to be unable to withstand it.

Xu Bai got up from the bed and hung Ghost Head Blade on his waist. He walked to the window and pressed it down, his eyes narrowing slightly.

At this time of year, windy days were very normal.

However, if the wood at the edge of the window was turning black on a windy day, it would not be normal.

It was poisonous.

Xu Bai circulated his True Essence Energy and used the Diamond Heart Devil Body.

A layer of black light wrapped around him, isolating him.

The paper on the window gradually turned black as the wind blew. Then, in less than two breaths, the paper on the window was torn.

The strong wind seemed to have found a source to vent, and it poured into the room through the hole.

He was here!

Chapter 134: There's a Temple in the West of Sheng County

As the strong wind poured into the room, a sound came from the black light. The wind carried poison and was corroding the Diamond Heart Devil Body.

Through the hole, Xu Bai saw a person standing on the wall. He was wrapped up so tightly that his face could not be seen clearly.

As if he noticed Xu Bai looking at him, the man quickly jumped off the wall and disappeared in the blink of an eye.

The strong wind continued to carry the poison. The wind was very chaotic and blew around the small courtyard.

“Where are you running to?”

Xu Bai couldn't let go of this opportunity. He pushed open the window and used the Four-Step Movement Technique that he had just obtained. He had already disappeared from the backyard.

Just as he climbed over the wall, he saw that the figure from before had already run far away. Xu Bai did not stop and continued to use his movement technique to chase after the figure.

The Four Steps Movement Technique was already very different from the Four Xun Movement Technique. When the Four Xun Movement Technique was used, people would flash past like ghosts, giving people a sense of lightness and weightlessness. Moreover, it was very erratic when used.

However, the Four Steps was different. When it was used, it was open and wide. Every step was fair and upright, and when each step was taken, it carried a soaring iron will.

With a third-rank movement technique, his speed was no longer the same as before. In the blink of an eye, Xu Bai could already keep up with the speed of the figure in front of him.

The distance between the two of them remained the same. Neither of them widened or shortened the distance between them. They just kept chasing each other.

The streets were quiet in the middle of the night, but the sound of footsteps was like a storm. After some citizens were woken up, they pushed open the windows and looked outside. They saw two afterimages flashing past. “It's so late at night. Have you seen a ghost?”

Seeing this scene, the commoners all shivered. They closed the windows one after another and returned to their beds to sleep, not daring to look anymore.

On the other side, the two of them chased each other and in the blink of an eye, they had already left the county.

Thousand Face Poison Lord was on the verge of a mental breakdown. He had never expected that not only did his attack not have any effect on the other party, but it had also put him in danger.

In the beginning, he had disguised himself as Yun Zihai and pretended to ambush Xu Bai. In fact, he was just testing him. He had planned this out long ago.

There was no chance of poisoning the water and food.

He had been secretly following Xu Bai for the past few days and found that Xu Bai was very cautious when it came to eating and drinking.

As for disguising, that kind of attack was only effective at the beginning of the surprise attack. Once the other party knew his identity and became vigilant, it was easy to reveal flaws.

Disguise could change his appearance and even his voice, but it could not change his habits.

If he pretended to be a person and used a lot of time to understand this person's habits, as well as various ways of speaking and actions, he might be able to use this method to get rid of Xu Bai, but he did not have time now.

In the end, he decided to use his own poison techniques to resolve this huge problem.

He couldn't hurt Xu Bai in terms of food and drink, but today was a good day, and it was also the opportunity he had been waiting for.

Today, there was a strong wind, and the wind was very chaotic at night. It surged in all directions, and if the wind was poisonous, then every side of the ship could not defend against it.

However, he had miscalculated. When he saw the layer of black light rising from Xu Bai's body, he knew that his only option was to escape.

He had to run. He couldn't win.

Fortunately, he was very confident in his movement technique.

His nickname was given to him by others, but they would never know that his weakest point was poison.

As for the strongest, it was movement techniques.

After all, he was a person who roamed the martial world. Moreover, he was a cautious person. He knew very well that the key to survival was to protect his life. Therefore, his third-rank movement technique had long been cultivated to the peak mastery realm.

That night, he was able to escape unscathed, and Xu Bai did not continue to chase after him, which proved that the other party did not have a way to chase after him. However, he did not expect that something would happen tonight.

It was not a small problem, but a life-and-death problem.

“How did his movement technique improve so much overnight? This is too abnormal.” As Thousand Face Poison Lord ran, he thought of a plan.

In just a short while, Thousand-faced Poison Lord had already brought Xu Bai to the outskirts.

Xu Bai was still chasing after them with ease. He had even pulled out his Ghost Head Blade and brandished it as he chased after them. He was like a butcher with a knife in his hand.

Tonight, he had to kill this guy. Otherwise, Xu Bai wouldn't be able to sleep well.

How can you let others sleep peacefully beside your bed?

“There's no other way. I can only bring him to that place. Since you want to die, I'll fulfill your wish.

“Thousand-faced Poison Lord secretly thought to himself, ‘I'm a great man!’

He changed his direction on the way. Although the distance between him and Xu Bai was shortened due to the change of direction, it gradually returned to a balanced state.

Xu Bai noticed that he had changed his direction halfway through the chase. As he chased, his eyes narrowed slightly, and a cold glint flickered in his eyes.

This guy had a plan.

However, Xu Bai didn't want to give up now that he had reached this point. It would be a pity if he gave up now.

The two of them chased after each other again.

At this moment, the flat road ahead suddenly became steep, followed by a dense forest. There was a scene outside the forest, and another scene inside the forest.

Outside the forest, there were sounds of birds, beasts, and insects. However, inside the forest, it was as quiet as a ghost town.

The Thousand-faced Poison Lord raised his hand and threw a black pill into his mouth. Then, he plunged into the forest..

Chapter 135: There's a Temple on the West Side of Sheng County (2)

At this moment, Xu Bai was still some distance away from Thousand-faced Poison Lord. Seeing him enter, he frowned.

There was a saying that one should not enter the forest. This forest looked very strange, and rushing in might bring unnecessary danger.

The distance between them was far beyond the attack range of Maple Rain. When they were slightly closer, Xu Bai reached out to his waist, grabbed a handful of copper coins, and shot toward the forest.

The copper coins cut through the forest in front of them, but a layer of black gas came out of the gap in the forest. Any copper coins that came into contact with the trees had already been corroded.

“Poisonous?” Xu Bai thought to himself, “It’s just that it’s poisonous.””

It was just that it was poisonous. This Thousand-faced Poison Lord’s highest record was only killing a Sixth Stage expert.

Today, I’m going to use Peerless!

Rays of black light rose up from his body as he used the Vajra Heart Devil Body to its greatest extent.

At the same time, the True Core Strength in his body surged and circulated in an extremely special way.

Shifting Stars!

The two fourth-rank skills had consumed a lot of energy, but Xu Bai was not in a hurry. A warm current flowed through his kidneys, replenishing the energy.

Kidney Strengthening Technique!

His kidneys had stored the True Core Strength of a Sixth Stage expert, which was enough for him to spend for the time being.

“I’m invincible below Rank-6!

Xu Bai was like a prehistoric beast. He rushed into the forest with a black light around him.

The forest was originally quiet, but ever since Xu Bai barged in, the surrounding poisonous gas seemed to have come alive and surged in. Every tree represented a kind of poison.

All kinds of poisons appeared and were quickly dissolved by Xu Bai's Diamond Heart Devil Body when they touched Xu Bai's black light.

But this was not the end.

A part of the strong poison shot toward different trees through the effect of Shifting Stars. Originally, each tree carried a kind of poison, but after Xu Bai's Shifting Stars, they were infected with different poisons.

The trees began to wither and melt.

All life was dead in front of Xu Bai.

There was a figure running ahead.

The Thousand-faced Poison Lord looked behind him at the figure that resembled a demonic god. There was only one thought in his mind.

Run, run as far as possible!

He wasn't taking this job!

Some jobs could earn him a lot of money, but if he continued this job, he would only die!

This forest was originally made for Yun Zihai.

Every tree inside was hung with all kinds of toxins. As long as Yun Zihai entered, it would be impossible for him to leave easily.

When all the toxins were combined, the explosive power could even kill a Level Six expert.

Moreover, Yun Zihai's body was already weak. As long as a little poison was

added, he would be able to bear the consequences.

The medicinal pill he had taken just now was a medicinal pill that specialized in detoxifying grade seven poisons. Even with this kind of medicinal pill, he could only withstand it for an hour at most in the forest.

However, he had never expected that the terrifying martial artist behind him would not only be able to withstand the poison head-on, but he would also be able to transfer all the poison.

He didn't even see this martial artist make any movements. He was still chasing after him with his head down, his speed not slowing down at all.

Could this person be the chosen one?

He had never seen anyone in the martial arts world who had so many tricks up their sleeves and was so strong.

This was too ridiculous!

Thousand-faced Poison Lord thought as he ran.

He couldn't help but think of the person who had introduced him to this living being, and he cursed endlessly in his heart.

I really shouldn't have accepted it!

He would find trouble with that person after he escaped today!

Thinking of this, Thousand-faced Poison Lord ran even faster.

However, this so-called faster speed did not bring him any relief, because Xu Bai's speed remained the same.

In the blink of an eye, the surrounding forest gradually collapsed. Under the corrosion of all kinds of toxins, it became bare.

Thousand-faced Poison Lord continued to run while Xu Bai chased after him.

However, after running for the time it takes for an incense stick to burn, Thousand-faced Poison Lord's speed began to slow down.

He was a little overwhelmed by the long march.

Turning his head to look behind him, Thousand-faced Poison Lord felt despair.

Behind him, Xu Bai's every step was wide and open. His aura was like a lofty mountain, pressing towards him.

Among the four movement techniques, the marching step was a movement technique for the army. It emphasized long-distance attacks, and its endurance could be said to be excellent.

Even if Thousand-faced Poison Lord had eight legs, he would definitely not be able to defeat him.

"I'll chase you. If I chase you, you'll..."

Xu Bai's voice came from behind him, causing Thousand-faced Poison Lord to shiver.

This voice was like a strange and low voice. He could not take it anymore.

Time gradually passed, and Thousand Face Poison Lord only felt an illusion appear before his eyes. He felt dizzy, and his hands and feet were heavy.

The power in his body was rapidly disappearing. He had been severely exhausted and was no longer strong enough.

The Thousand-faced Poison Lord was dizzy. He tripped over a rock and fell to the ground.

Not good!

This fall woke him up.

In this kind of life and death chase, even a small error could easily lead to a big problem, not to mention the fact that he had fallen.

As expected, Xu Bai's voice came from behind.

"I finally caught you playing with poison."

Thousand-faced Poison Lord turned around and used both his hands and feet to get up. However, he immediately felt a pain in his hands and feet. He looked in the direction of the pain and realized that his hands and feet had already flown into the air..

Chapter 136: There's a Temple in the West of Sheng County (3)

Fresh blood spurted out, and the pain surged like the tide, swallowing him up in an instant.

Thousand-faced Poison Lord was so happy that he fainted.

The pain made him dizzy.

Xu Bai's speed was also very fast. He used the external medicine he obtained from Qing Xue again and quickly stopped the Thousand-faced Poison Lord's blood.

If Qing Xue saw this scene again, she would definitely cover her eyes, shake her head, and sigh.

Of all people, he had to provoke this guy.

If they fell into this guy's hands, they wouldn't even be able to keep a complete corpse.

"Done." Xu Bai revealed a satisfied smile.

When dealing with an enemy, one had to be cruel. Only by doing so could one ensure that the other party would not use any underhanded methods. Xu Bai searched the Thousand-faced Poison Lord while it was still hot.

He thought that he would not gain much, but he was wrong.

Other than a bag of silver, he also found a book.

There were four big words on the book-Hundred Poisons Scripture.

This thing is very good, understand a look, know is a thousand face poison king, use the poison skill.

The problem was...There was a progress bar!

Good stuff!

“It’s a pity that I didn’t find a way to disguise myself. “Xu Bai felt that it was a pity.

This guy’s disguise technique was much better than Liu Xu’s. He was really quite envious, but he couldn’t find it.

Now that he was in the wilderness, Xu Bai did not bother with the progress bar.

He put the Hundred Poisons Scripture in his pocket and dragged

Thousand-faced Poison Lord’s hair as he rushed to the county town.

He was promoted to the county government.

Yun Zihai looked at the unconscious Thousand-faced Poison Lord and fell into deep thought.

Tonight, he was still thinking about what had happened before, especially the Thousand-faced Poison Lord.

He had originally wanted to think of a plan to lure out the Thousand-faced Poison Lord and see if there were any clues after dealing with him.

However, he did not expect Xu Bai to come knocking on his door today.

Yun Zihai knew how difficult it was to deal with the Thousand-faced Poison Lord.

The difficulty lay not in the Thousand-faced Poison Lord’s strength, but in his movement technique to escape.

Yun Zihai was also a scholar, so he was not good at this.

Even if he wrote the word “speed” for himself, he would not be able to catch up with this kind of person who specialized in the same thing.

Therefore, Yun Zihai had a headache during this period of time. His headache was because of this Thousand -faced Poison Lord, causing him to not sleep well for the past few nights.

However, he had never expected that Xu Bai would not only bring the Thousand-faced Poison Lord here tonight, but he would also bring him here after cutting off all of his limbs.

Had the sky changed in just a few nights?

Or was it that he had insomnia last night and slept in the middle of the night? After waking up, he slept for a few days?

Wasn’t this too ridiculous?

“Brother Xu, forgive me for being blunt, but are you one of those seniors in disguise? It’s said that some of the seniors with bad tastes like to pretend to be juniors.”Yun Zihai rubbed his hands and prepared to walk up to confirm Xu Bai’s identity.

“Clang! ”

He pulled out Ghost Head Blade.

“Don’t be so clever. Hurry up and do your job.”Xu Bai said.

Yun Zihai resentfully retracted his hand and looked at Thousand-faced Poison Lord in front of him, clicking his tongue in wonder.

Too ruthless, this Brother Xu was too ruthless.

But I like it.

At this moment, the Thousand-faced Poison Lord had been dragged away by Xu Bai, and he had stayed in the county office for a period of time before he gradually woke up.

When he saw the two people in front of him, his heart turned ashen. He already understood his situation.

He wanted to say something, but he realized that something was wrong.

I almost forgot about you, because you used poison, I was worried that you hid poison in your teeth, so I broke all your teeth.””Xu Bai said indifferently.

When he came, he had thought of this problem. After all, he had never eaten pork before.

Thousand-faced Poison Lord was speechless.

His limbs were gone, and his teeth were gone.

This kind of blow made him feel uncomfortable all over.

“Give me a quick death. I admit defeat. “Thousand-faced Poison Lord closed his eyes.

Due to the lack of teeth, his speech was a little blurry, but fortunately, he could still understand.

“You’ve been in the martial world for a long time. Don’t you know that the word ‘pleasure’ is sometimes a luxury for martial artists?”Xu Bai said with a smile.

“If you tell me what you know, I can give you a quick death.”Yun Zihai added.

The Thousand-faced Poison Lord opened his eyes and sneered. He did not say anything.

"I vaguely remember that you haven't been loyal to anyone. Why are you so loyal?" Yun Zihai frowned.

"If you had captured me, I would have told you about that person. However, he first cut off my limbs and shattered my teeth. I think it's better if you don't know. "As soon as Thousand-faced Poison Lord mentioned this, he glared at Xu Bai with hatred, as if he wanted to eat Xu Bai alive.

Yun Zihai turned his head and felt a killing intent behind him.

Xu Bai stepped forward and slapped the Thousand-faced Poison Lord twice. His right foot stepped on the Thousand-faced Poison Lord's chest and his tone was cold.

"You're very bi-standard."

Yun Zihai did not understand the meaning of the two words 'double mark'.

But he understood what Xu Bai was saying.

"You came to kill us, can't you let me torture you?" Xu Bai said.

Thousand-faced Poison Lord's face was swollen, but he shut his mouth again, not wanting to respond to a single word.

Obviously, he didn't want to speak after being tortured like this.

"Brother Yun, do you have any methods of extorting confessions through torture?" Xu Bai looked at Yun Zihai and asked.

"I'm ashamed to say that the torture tools in the yamen might not be of much use to him. I'm also a scholar, so I haven't really paid too much attention to this aspect. "When Yun Zihai mentioned this, his face was filled with shame..

Chapter 137: There's a Temple in the West of Sheng County

He had always been cautious in doing things, but he had not considered this matter.

"You don't have it, but I do. I just want to waste a little something." Xu Bai took out the small bottle of medicine.

He began to ask if there was any other way to extort a confession by torture. He did not want to waste a pill. After all, he could not find Qingxue, so there was no source of supply for this pill.

The two of them were loudly plotting, and the Thousand-faced Poison Lord naturally reacted. He opened his eyes and looked at the medicine bottle in Xu Bai's hand. He was confused for a moment before he quickly reacted.

"Hundred Ants Heart Devouring Pill!"

He could clearly sense that the Thousand-faced Poison Lord seemed to know him and was very afraid.

Yun Zihai also recognized it." It seems that the misunderstanding between you and the Ninth Princess has been resolved. She can even give you this. This is something the Ninth Princess uses to force a confession. ""

Xu Bai was speechless.

He wanted to say that he had extorted this thing from Qingxue, but he felt that it would affect his positive image if he said it.

How could a person not give face?

Xu Bai's righteous image could not be tarnished by a bottle of pills.

'She's too passionate, "" I'm not going to give it to me, "" I can only reluctantly accept it. "" Xu Bai sighed.

Qing Xue wasn't here. Otherwise, she would definitely roll her eyes.

"Since you recognize this pill, you naturally understand his pain. If I Xu Bai changed the topic, but he didn't finish his sentence.

"I'll talk." Thousand-faced Poison Lord replied very quickly.

Xu Bai raised his eyebrows, feeling that the Thousand-faced Poison Lord was quite tactful.

"I play with poison, so of course I understand the effects. I can't stand the pain, so I might as well have a quick death. "" All you want to know is who the mastermind is," Thousand Face Poison Lord said." I know who hired me, but that person is definitely not the mastermind. He's just a middleman."

Hearing this, Xu and Bai didn't say anything. Instead, they continued to wait.

Due to his broken teeth, it was very difficult for Thousand-faced Poison Lord to speak, but he still managed to finish what he was about to say.

"It's a temple about 300 miles north of Sheng County. The temple is nameless. The monk inside found me and asked me to kill you."

A nameless temple?

Xu Bai rubbed his chin. This was a new clue, but was it reasonable?

"I said what I can say. As for whether it's true or not, you naturally have your own conclusion. I'm only telling the truth." Thousand Face Poison Lord said.

Xu Bai looked at Yun Zihai."

Yun Zihai nodded."

Thousand-faced Poison Lord's eyes widened." I've already told you everything I know, but you still want to be ruthless to me. This is too unreasonable. Do you still have any morals in the martial world?"

These two people were too careless!

I've already said it, but you're still treating me like this.

Was this reasonable?

Thousand-faced Poison Lord was filled with regret. He shouldn't have fled back then. Instead of fleeing, he might as well fight until he died. He wouldn't have suffered such humiliation.

The pill that he had expected did not appear. Under Thousand Face Poison Lord's astonished gaze, Xu Bai kept the bottle.

He pulled out Ghost Head Blade and placed it on Thousand-faced Poison Lord's neck.

"Is there anything else you want to say?" Xu Bai said.

Thousand-faced Poison Lord shook his head and said," Ever since I entered this profession, I've already thought of this. The martial world is a world of its own. In this terrible martial world, how many people can have a good ending? However, I've lived through many experiences that ordinary people can't even hope to achieve. It's enough."

Xu Baixiao waved the Ghost Head Blade in his hand.

Fresh blood splattered everywhere in Yun Zihai's room.

At this moment, Yun Zihai did not speak.

When Xu Bai turned around and looked at him, he finally reacted.

"Brother Xu, I think the two of us can go and take a look." The clouds came from the sea.

Regardless of whether the news was true or false, it was at least a piece of news. In a situation where it could not be verified, it had to be verified.

"We're leaving tonight." "Things will change if we delay," Xu Bai said.

With the news, it was better for them to act as soon as possible. If they were late, they would be caught off guard.

Yun Zihai didn't say anything else. He found a brush and a book in the room.

"Let's go."

The two of them left the county office and rushed towards the location Thousand Face Poison Lord had mentioned earlier.

At this moment, the night was already deep, especially in the wilderness outside the county town. It was even more engulfed by the night, making it seem a little terrifying.

Xu Bai and Yun Zihai walked in the darkness without saying a word.

According to Thousand Face Poison Lord, there was a temple less than three hundred miles north of Sheng County. They were heading in that direction.

It was a peaceful journey. Nothing happened. Nobody blocked the way or had any accidents as Xu Bai had imagined.

They were also very fast. When they were about to reach their destination, the first half of the night had yet to pass.

A mountain appeared in front of them, blocking their way.

The two of them stopped and raised their heads at the same time, looking at the mountain that wasn't too tall.

As it was too dark, he couldn't see the situation inside clearly. However, the mountain road in front of him was still relatively flat. The surrounding weeds were on both sides. It was obvious that people often walked by.

It was very appropriate to describe their current situation.

"Someone has walked on the mountain road. It seems that there are really people in this mountain." Xu Bai said.

A place like this was very far away from the county level, and it was also very far away from another county. It just happened to be stuck at this extreme distance..

Chapter 138: There's a Temple in the West of Sheng County (5)

In addition to the temple mentioned by the Thousand -faced Poison Lord, it was easy to link the traces on the mountain path to the temple.

“Brother Xu, be careful.” Yun Zihai held a book in his left hand and a brush in his right hand, looking vigilant.

In the entire Sheng County, only the two of them could be of use.

They had hurried over after receiving the news from the Thousand-faced

Poison Lord, in order to prevent too many unforeseen events from happening.

There was news this time, but it did not mean that there would be news next time. He had to seize the opportunity.

Xu Bai raised his head, still sizing up the mountain. After hearing Yun Zihai’s words, he turned around and said, don’t have a problem with that. You just have to be careful.”

While chasing after the Thousand-faced Poison Lord, he had used the endurance characteristic of the Four Movement Technique, so he hadn’t expended too much of his stamina.

In that forest, although it seemed very fierce, in fact, the True Core Strength in his kidneys did not consume much.

After all, the amount of Refined Qi stored in his kidneys was equivalent to that of a Sixth Stage expert.

The two of them no longer hesitated and walked up the mountain path.

Even if someone had passed through the mountain path, the weeds on both sides of the road would fall to the side, but it was still very difficult to walk.

It was already night, and they were not familiar with the road. They had to guard against the dangers around them. The two of them were slightly slow. They were indeed much faster than ordinary people, but this speed was still too slow.

Fortunately, there was no danger along the way, and the mountain road did not split up. It led straight to the top of the mountain.

On the top of the mountain.

There was a huge platform that surrounded the bottom of the mountain. It was as if someone had split open an empty space in the middle.

The space was huge, enough to accommodate up to a thousand people.

In the middle of this platform, there was an antique temple.

It looks like that guy was right." Xu Bai turned around and said," At least there is a temple here.""

The sky was dark, and the temple was even darker. There was not even an oil lamp.

If not for their sharp eyes, they might have missed this temple.

Xu Bai and Yun Zihai came to the door and looked at the door that had already taken off its paint. They raised their heads and looked above the door.

There was no plaque above the door. If it wasn't for the fact that the style of the building was very similar to that of a temple, they would have thought that it was an ordinary house.

"Brother Xu, let me do it." At this moment, Yun Zihai suddenly spoke.

Although Xu Bai did not know what Yun Zihai wanted to do, he still took a step back silently to give him some space.

Yun Zihai took two steps forward, picked up his brush, and started writing in the darkness.

The brush wrote in the air, forming lines of words.

These words were not in regular script, but had a kind of cursive style.

Because the handwriting was too messy, Xu Bai couldn't make out what it was after reading it for a long time.

"Perhaps only their peers can tell." Xu Bai thought.

He couldn't help but think of an industry in his previous life. It was said that only the same industry could tell.

– Doctor.

This was especially true when Xu Bai was young. Back then, hospitals did not prescribe prescriptions through computers like they did now.

At that time, ordinary people could not recognize the prescriptions written by the doctors, but the people who made the prescriptions could.

Just like now, Yun Zihai's actions were no different from the Heavenly Book in Xu Bai's eyes.

Fortunately, this action did not last long. When the characters were formed one by one, Yun Zihai's brush paused and he immediately withdrew his right hand.

As he retracted his right hand, he also raised his left hand. On his left hand, the thick book automatically flipped open, and one of the pages floated in the air.

The words floating in the air fell onto the paper and were arranged in order. A moment later, a piece of paper emitting light appeared.

“Brother Xu, I’ll use this as a boundary to block the surroundings so that no one can escape. ”’ But once it spreads, the people inside will definitely notice,” Yun Zihai said softly.” My defense isn’t that strong. We have to act as soon as possible.

Xu Bai nodded.

Yun Zihai did not say anything else and threw the paper in his hand into the air.

The pages gradually flew into the air and spun in the center of the temple. The words kept spinning, and a translucent barrier emerged from the middle of the pages and enveloped the entire temple.

The barrier was very thin. Just like Yun Zihai said, it could only block for a moment at most.

Moreover, this lineup was too big. Even an ordinary person could see that something was wrong.

Therefore, they had to seize the time and break into the temple as soon as possible, and clean up all the abnormalities in the temple.

As for the so-called sneak, it was even more dangerous.

First of all, he was not familiar with the terrain inside. If he was not careful, he would take the wrong step.

Secondly, if the other party sensed something and secretly escaped, wouldn’t they be drawing water with a sieve?

The moment this barrier was formed, Xu Bai and Yun Zihai looked at each other. Then, Xu Bai raised his foot and stepped on the door.

The old and tattered gate immediately shattered into pieces after Xu Bai's kick.

Xu Bai pulled out his Ghost Head Blade and the dark light of the Vajra Heart Devil Body enveloped his body. Without a word, he rushed in.

Yun Zihai's reaction speed was not slow either. He followed closely behind Xu Bai and entered the door one after another.

However, the next moment, the two of them stopped at the same time. They looked at the situation inside the door and could not hide their surprise.

Originally, Xu Bai wanted to come in, but after entering, he would definitely be in a fierce battle. He would have to spend a point of time to get what he wanted.

However, the situation inside was beyond his expectations..

Chapter 139: The Clay Sculpture's Eyes Open, Killing

Intent Rises

Before he came in, Xu Bai had thought of many possibilities. For example, a fierce battle, or someone was running away. The worst case scenario was that he had to be polite before using force.

The worst case scenario was that there was a bunch of people waiting for them inside.

However, it was clear that his conjecture was not true.

When he kicked open the door and walked in with Yun Zihai, he realized that it was empty inside. There was no one there.

The courtyard was dark. Other than the occasional breeze, there was no sound.

Yun Zihai looked at Bai Bai, spun the brush in his hand and drew a horizontal line in the air.

After the horizontal line appeared, it floated in the air without any ripples.

“The surrounding barriers haven’t been broken. Either there’s no one here, or they’re still inside. “Yun Zihai waved his sleeves and wiped away the horizontal line in front of him.

Behind the door, other than a courtyard, there was a simple hall. The door of the hall was also open. Under the bright moonlight, one could see a clay Buddha statue in the hall.

The courtyard was empty, and one could see the end of it with one glance. It was obvious that there was nothing unusual here.

Since there was no one in the courtyard, there was only the main hall in front of him.

“Let’s go in and take a look?” Xu Bai raised his eyebrows.”

Yun Zihai thought for a moment, gripped the brush in his hand, and nodded.”Alright.”

The pages floated around his body, wrapping him up in layers.

There were no other clues now. There was only this main hall left. They could only go in and take a look.

Xu Bai circulated his Quintessential Essence, and the black light that came with the Vajra Heart Fiend Body became even more conspicuous.

The two of them looked at each other and walked out of the hall.

The clay statue sitting in the hall was very simple. It was as if it had been randomly made into a shape and then simply carved on its head.

The carving technique was very simple. The facial features were very ordinary and seemed very rough. If it was not for the position of the facial features, it would be difficult to tell what it was referring to.

It was like a five or six-year-old child casually drawing a shape on it.

Of course, only the eyes were carved in detail. Other than that, there was nothing unusual about this clay Buddha statue.

His eyes were closed, and he looked like a Buddha with his eyes closed.

“Brother Xu, this is bad.” Yun Zihai turned his head and said, “I know who this so-called monk is.”

Xu Bai didn’t say a word. His grip on Ghost Head Blade tightened.

When Yun Zihai had said the word ‘bad,’ he had felt a faint killing intent surrounding him. The darkness around him had become even darker under the stirring of the killing intent.

Just this killing intent alone was enough to tell what the so-called bad situation meant. Xu Bai looked left and right a few times, and his frown deepened.

Many things would not cause too much of a sense of danger if they were put on the surface, but the danger hidden in the dark was the most troublesome.

“Here.” Yun Zihai pointed at the clay sculpture sitting high in the temple and said, “Ghost Sculptor.”

Xu Bai followed Yun Zihai’s hand and looked over. His gaze happened to stop at the position of the clay Buddha statue.

At this moment, he did not ask what the so-called ghost sculptor meant because he felt that this clay Buddha statue had undergone a particularly obvious change.

It was not particularly obvious in other places, except for the pair of eyes that were carved with extraordinary detail. They slowly opened in the darkness.

This pair of eyes was originally closed, giving people a very peaceful feeling. Moreover, because it was a Buddha statue, other than peace, it also gave people peace of mind.

However, as the eyes of the clay Buddha statue slowly opened, the peaceful feeling disappeared and was replaced by a murderous aura.

A murderous aura filled the entire hall. Xu Bai finally knew where the faint killing intent came from.

The clay statue opened its eyes, revealing its killing intent!

Murderous intent surged like a tide, and Xu Bai felt that his surroundings were cold.

The ground began to shake. He looked at the courtyard.

The ordinary-looking yard began to crack, and clay sculptures crawled out one after another.

These clay sculptures were vivid and lively, and their joints were abnormally flexible. Most importantly, each clay sculpture looked different.

One had to know that when carving clay sculptures, the division of appearance was very important. To make every clay sculpture different, it took time to carve.

These clay sculptures gave Xu Bai the feeling that they were real people.

“Brother Xu, be careful!” Yun Zihai reminded.

As he finished speaking, the clay Buddha statue in the hall suddenly changed.

Cracks covered the entire body of the clay Buddha statue like a spider web. In the blink of an eye, it turned into yellow soil.

However, after turning into yellow soil, the killing intent did not decrease. Instead, it increased. It only transferred from the clay Buddha statue to the clay statue outside.

The bright moonlight shone on the clay sculpture, giving it an extremely strange feeling.

Right at this moment, the group of clay statues moved. With a murderous aura, they rushed towards Xu Bai and Yun Zihai.

Dozens of clay sculptures actually rushed out with the aura of an army.

Yun Zihai was the first to attack. He waved the brush in his hand gently, and the pages around him fluttered. The words on the pages appeared and suppressed the clay sculptures in front of him.

However, this clay sculpture seemed to be invulnerable. When the words landed on it, they stirred up waves of dust, but the damage they caused was limited.

Xu Bai narrowed his eyes and gripped his Ghost Head Blade tightly.

He was still very clear about Yun Zihai's strength.

The attack just now was extraordinary, but the defense of this clay statue was surprisingly high..

Chapter 140: The Clay Sculpture's Eyes Open, Killing Intent Rises

It had caused damage, but looking at the situation, it had to be ground carefully.

Thinking of this, Xu Bai followed closely behind and used the Four Steps to slash the head of the clay statue at the front.

A cloud of dust flew into the air. Xu Bai frowned.

He had used the First Form of Breaking in that slash just now.

The armor breaking effect of the first style of Broken Break could be said to be unexpected, but it had little effect on the clay statue.

It was effective, but it was not obvious. The defense of this group of clay statues was indeed amazing.

At this moment, the clay sculptures had also completed their encirclement, blocking all the escape routes in the surroundings.

“Brother Xu, something’s wrong. They’re moving very slowly.””But its defense is astonishing, and...” Yun Zihai said.

He didn’t finish his sentence because an even bigger change happened next.

Layers of soil rose from the ground, forming an incomparably huge barrier that enveloped the entire sky. When the soil merged together, this place became a sealed space.

Xu Bai raised his eyebrows.

Earlier, Yun Zihai said that his speed was very slow, and it was indeed very slow. With this speed, it was simply impossible for him to touch their side.

But now that there was a sudden change, was he trying to trap them here?

Xu Bai suddenly thought of something and said, ""Don't you think that the things here seem to be targeting someone? It could be said that it was a good opportunity to silence him."

When Yun Zihai heard this, he said without hesitation, ""Thousand-faced Poison Lord!"

After Xu Bai's reminder, he also thought of the signs.

What was Thousand Face Poison Lord skilled in?

Disguise, poison techniques, and movement techniques.

However, his most proficient attack method was still poison. This kind of attack method was extremely harmful to living people, but the clay sculptures in front of him were different.

Their defense was extremely high, and they were not living humans. The poison attacks did little damage to them.

Even if they were very slow and could not touch people, the Thousand-faced Poison Lord could not break through their defenses. Moreover, even if he could slowly grind them to death, there was still a layer of sealed soil above them.

However, if it was someone with greater destructive power, or someone with a more direct way of attacking, the situation would be much slower.

The Ghost Sculptor wanted to silence him.

If the Thousand-faced Poison Lord really succeeded and returned to the temple, he would be greeted by the pile of clay sculptures in front of him and the soil that sealed the sky.

“It seems that everyone has already left.” “Brother Xu, the soil in the sky doesn’t seem right.”

Xu Bai looked up as well.

In the sky, the soil was rapidly shrinking. At this speed, if it really collapsed, they would not only have to face the clay sculpture in front of them, but also the heavy pressure of the soil in the sky.

Thousand-faced Poison Lord was not skilled in defense, so these two attacks would probably really hurt him here.

“Since there are no other discoveries, let’s speed up.” Xu Bai said.

After he finished speaking, he put away Ghost Head Blade, and at the same time, the black light on his body became even more intense.

“Come!”

With a loud shout, Xu Bai exerted strength in his legs and fell into the clay sculpture like a meteor.

The surrounding clay sculptures surged towards him. The first clay sculpture that came into contact with him was hit by the black light and instantly turned into dust.

The outermost layer of the clay sculpture was broken through, revealing a pale-faced person.

Rather than calling it a person, it was more like a corpse because the person in front of him was no longer breathing.

From the way they dressed, they looked like ordinary people.

“Using a living person as a clay sculpture?” Xu Bai was slightly stunned.

The surrounding clay sculptures took advantage of this time and pounced over. Xu Bai did not move at all. He circulated his True Core Strength and waved his hands.

All the attacks were neutralized, and at the same time, they extended in another direction.

“Kakakaka!”

A series of shattering sounds rang out as the clay sculptures in front of him attacked each other under the guidance of the Shifting Stars.

Using a clay sculpture against a clay sculpture, the damage increased sharply.

Xu Bai’s kidneys emitted True Core Strength. Then, he used the Four Steps Technique and moved between the clay sculptures.

All the attacks were drawn away by him and landed on another clay sculpture. Under the upside-down, the clay sculptures were crooked, and the soil on their bodies began to shatter.

In the sky, the soil that was pressing down was still slowly sinking.

Yun Zihai saw that Xu Bai’s side had already begun to attack like a storm, but he did not fall.

The genius disciple of the Academy, who was described by the Emperor of the Great Chu State as someone with shocking potential, slowly raised the brush in his hand.

The brush floated in the air, and Yun Hai closed his eyes. One by one, words fell from the book and merged into the brush.

“Rise!”

Yun Zihai suddenly opened his eyes. The floating brush in front of him began to tremble. Then, it seemed to have transformed into a sharp sword that pierced through the clay sculpture.

Every time they passed by, the clay statue would fall to the ground. The layer of soil on the outside fell off, revealing the corpse inside.

With the combination of articles and pen, the noble spirit came surging.

The speed at which the two of them killed the clay sculptures was not slow. In the blink of an eye, the pile of clay sculptures in front of them had been completely destroyed, leaving only corpses on the ground.

Xu Bai stopped and raised his head. He looked at the mud barrier in the sky and narrowed his eyes.

In the mud barrier, there were twisted shapes protruding out. They were human shapes, and there were corpses hidden inside.

“Ghost Sculptor, how dare you commit such a crime in such a prosperous age!” Yun Zihai’s eyes widened in anger.

The corpses on the ground and the mud barrier in the sky, who knew how many people had died to create such a trap..
