Chapter 141: The Clay Sculpture's Eyes Open, Killing Intent Rises

He took it upon himself to govern the world. Seeing this, anger rose from his heart.

"Anger will make a person lose their calm. Let's solve the current problem first." Xu Bai said.

Yun Zihai naturally knew that he was just expressing his feelings just now.

After Xu Bai's reminder, Yun Zihai stretched out his index finger and pointed at the soil in the sky.

The brush was wrapped in words, like a shooting star streaking across the night sky, stirring up the soil.

On the other side, Xu Bai's attack was even simpler and more direct. He bent his knees slightly and exerted strength in his legs. He was like a cannonball, smashing into the soil.

After the two of them combined their attacks, the soil shattered inch by inch. It could no longer collapse and turned into countless fragments that fell to the ground.

Xu Bai fell from the sky with a loud bang, causing the ground to tremble slightly.

Before he could speak, Yun Zihai spoke first.

"Brother Xu, if we don't get rid of this person, we won't be able to live in peace."

Xu Bai turned around and looked at the corpses on the ground. He nodded. "The ability of a Ghost Sculptor should be to bury people in clay sculptures."

He had already made some guesses about what he had seen and heard just now.

Yun Zihai said, "This person is one of the wanted targets of Great Chu. He is a branch of the sculptor branch. There are high-level people who can mold everything in the world. He was originally a righteous person, but he sealed living people and living things inside. From then on, he fell into the evil path."

Xu Bai got the answer, which was similar to his guess. He looked at the bodies again, walked to one of the bodies, and searched it carefully.

He was not searching for anything good, but to see if there were any clues.

Yun Zihai saw Xu Bai's actions and understood what he was doing. He paused for a moment and followed suit.

After the time for half an incense stick to burn, Xu Bai stopped in front of one of the corpses.

On the other side, Yun Zihai searched many corpses but did not find anything. When he saw Xu Bai stop, he immediately walked over.

"Did you find anything?"

Not far from Xu Bai, the corpse looked no different from the other corpses.

However, Yun Zihai was equally meticulous. He followed Xu Bai's gaze and landed on the right hand of the corpse.

The corpse clenched his right fist. There seemed to be something inside.

"This is?" Yun Zihai lowered his head and opened the corpse's right hand. He found a torn piece of paper inside.

The paper was slightly yellow and was only the size of a thumb. It was held inside, and it was impossible to see what was inside from the outside.

Due to his tight grip, the paper had already turned into a ball. When Yun Zihai opened the ball of paper in front of him, his brows furrowed tightly.

“A corner of the map?”

There were some routes on it, which were obviously maps. However, because the paper was too small, it was impossible to tell where the marks were. “Looks like this person left us some clues before he died.”“

According to his own speculation, this person must have struggled before he died. Then, he tore off this small part of the map and held it in his hand until it was turned into a clay sculpture.

The Ghost Sculptor didn’t discover it, and it became a clue instead.

“Brother Xu, let’s hurry up and go back to the county. There’s a map in the county, I can compare them one by one.”Yun Zihai seemed to have thought of something as he turned his head and said.

If this was really a map, he could indeed use this method to find it. As long as he compared it, he would have a clear target.

“Let’s go.”

The sky was getting darker and darker. Xu Bai and Yun Zihai searched the temple again. After finding no other clues, the two of them left and rushed back to Sheng County.

The county was promoted.

At the county office.

Yun Zihai lit the oil lamp on the table and took out a thick map from the cabinet beside him.

“This is a map of Sheng County, right?” Xu Bai asked.

“Other than Shengxian County, there are also surrounding counties. I think that since the other party is causing trouble here, there must be clues, and the scope is also in these places.” Yun Zihai opened the map.

The map was huge and filled the entire table.

“Wait a moment.” Yun Zihai said to Xu Bai and began to look down at the lines on the paper.

Xu Bai found a seat and sat down. He poured himself some tea and drank it while waiting. He was bored while waiting, so he took out the Hundred Poisons Classic from his pocket and checked the progress bar.

To be honest, he was very interested in this book.

Just the words ‘Hundred Poisons Scripture’ were written on the cover. He could roughly guess what was inside.

Poison was very useful to him.

As the saying goes, there is no one who doesn’t get his shoes wet when he walks in the martial world. When you walk in the martial world, you are not afraid of those aboveboard methods. Instead, you are afraid of despicable moves.

Poisoning was only one of them.

Xu Bai thought that if he could perfect this progress bar, he would not only have the ability to defend against poison, but he would also have the ability to poison.

-My knife is stained with poison.jpg

With this thought in mind, Xu Bai became more and more excited.

The night was getting darker.

He waited for a full two hours.

Xu Bai was engrossed when he heard Yun Zihai's voice.

"I didn't find him." Yun Zihai shook his head as he tidied up the map in front of him.

Xu Bai put down the Hundred Poisons Scripture and said,""Looks like the thing depicted on it isn't a map."

Yun Zihai nodded."

This was the only clue they had now, and it was extremely important to them. They could not give up so easily..

Chapter 142: The Clay Sculpture's Eyes Open, Killing Intent Rises

Xu Bai pondered for a moment, then stood up from his chair and said,""If you've thought it through, just let me know and come to the bodyguard agency to look for me."

"Brother Xu, don't you live in the county office?" Yun Zihai was stunned."

Xu Bai shook his head and said," No need. I'd better go back to the Bodyguard Agency. I need to find a quiet place to think about what I've gained today."" The progress bar was very secretive.

Xu Bai didn't want to get too close to smart people, especially when the progress bar was showing. He didn't want to be seen through.

Unless he had no other choice, like No Flower's head, he preferred to quietly do it alone.

Yun Zihai pondered over Xu Bai's words and felt that they were right.

"If I discover anything, I will inform Brother Xu immediately. When the time comes, Brother Xu will help."

Xu Bai waved his hand. "I've always been a person who gives money and goods. Since you've made a promise, I'll help you."

The two of them exchanged a few more words and roughly arranged the follow-up preparations. Then, Xu Bai left the county office.

After Xu Bai left, Yun Zihai took out the lamp oil and refilled the oil lamp in front of him. He then continued to search the bookshelves in the room.

The next day.

After a night of rest, Xu Bai had recovered a lot.

He woke up early this morning, but he did not continue to check the progress bar. Instead, he walked out of the bodyguard agency and went to the streets.

He walked along this street with familiarity and soon arrived at the Qian family's medicinal herb shop.

After using the Vajra Heart Devil Body and Stellar Transposition in the previous night's battles, the True Essence Energy in his kidneys had been depleted. It was time to replenish it today.

The current situation was tense, and he did not know when unexpected things would happen. Only by making sufficient preparations could he have the opportunity to defeat the enemy.

Under the shopkeeper's surprised gaze, Xu Bai bought another big bag of herbs to nourish the kidney and left.

He had a meal on the way back. After returning to the Bodyguard Agency, he returned to the room in the backyard, closed the door, and opened the cloth wrapped with medicinal herbs.

"Let's go!" Xu Bai rubbed his hands, picked up a piece of herb, and stuffed it into his mouth.

Through the constant transformation of the kidney strengthening technique, every piece of medicinal herb entered the stomach and transformed into essence, which was gradually absorbed by the kidneys.

After about the time it takes for an incense stick to burn, the True Core Strength lost in both kidneys was replenished once again.

Xu Bai stretched his back and wrapped the remaining herbs. He placed them under the bed and took out the Hundred Poisons Scripture to continue perfecting the progress bar.

On his side, things were going according to the usual schedule. Outside the bodyguard agency, there was a person standing outside. He looked at the bodyguard agency in front of him and revealed a strange smile.

This person was dressed in silk and looked like a rich kid.

He was not old, probably in his twenties, but there was a shrewd aura circulating around him.

His appearance was not outstanding, ordinary, or ordinary. If it wasn't for his luxurious clothes, even if he was thrown into the crowd, he would be like a stone sinking into the sea. He would soon be drowned out.

The young man in embroidered clothes stood at the entrance of the Bodyguard Agency. He stopped for about half an incense stick's time before he lifted his feet and walked towards the Bodyguard Agency.

Inside the agency, the bodyguards were still practicing their moves. Some sharp-eyed people noticed someone coming in and quickly walked over.

"Young master, are you here to entrust me with a delivery?" The bodyguard's eyes were very accurate. He could tell that this young man had an extraordinary aura. He was thinking about whether he should slightly increase the price.

In this day and age, there were situations where customers were ripped off, and the bodyguard agency was no exception.

The so-called rip-off was to see that the customers did not understand the market and take advantage of the information gap, or to monopolize.

However, the young man in embroidered clothes did not answer him. Instead, he walked straight to the backyard.

"What are you doing! That's where the escort master lives. Who told you to barge in?" The bodyguard also realized that something was wrong. He quickly chased after him and grabbed the young man's arm.

However, just as his hand touched the young man in embroidered clothes, he felt a strong force attack him and he was already flipped to the ground.

Naturally, all the escorts noticed this commotion.

The escorts looked at each other and finally focused their gazes on Liu Er.

Liu Er frowned and strode toward the young man with a long saber at his waist.

If someone were to look closely, they would find that Liu Er's walking posture and the way he placed his hand on the hilt of the long saber were very similar to Xu Bai's posture.

Sometimes, when a person worships another person, they would unconsciously imitate that person's various postures.

Of course, Liu Er admired Xu Bai. He even unconsciously imitated Xu Bai's actions in his daily life.

Liu Er stood in the middle as he approached.

"Young Master, the Escort Agency is not a place for you to barge in. If you have business, just come and talk to us. Our Escort Master lives behind you, and you can't easily offend him."

Liu Er thought that he was still an escort, so he tried his best to be tactful and not offend anyone.

The young man in embroidered clothes stopped and sized up Liu Er, revealing a curious expression."I didn't expect that in a remote county, a small bodyguard agency would actually have a ranked martial artist."

As soon as he said this, Liu Er's expression changed drastically.

The other party had actually discovered his identity. There was something to talk about.

"Don't be surprised. I just want to talk to your escort master. Some things are better to talk face to face."The young man smiled..

Chapter 143: Clay Sculpture's Murderous Intent Begins

Liu Er gripped the long saber in his hand tightly."Wait here. I'll go find the escort master and see what he has to say."

When the young man in embroidered clothes heard this, he did not say anything more. He only nodded and quietly stopped in his place.

Liu Er turned around and entered the backyard. He came to the door of Xu Bai's room and gently knocked on it.

"Enter."

After receiving the order, he pushed the door open and entered.

Seeing Xu Bai sitting on a chair with a book in his hand, he quickly lowered his head and explained what had happened.

Hearing Liu Er's words, Xu Bai put down the Hundred Poisons Scripture in his hand, pressed his elbow on the table, and fell into deep thought.

A moment later, he waved his hand."

At this time, someone came to look for him, and it was someone he did not know. It was very interesting. He wanted to see who it was.

Liu Er quickly agreed. Without hesitation, he turned around and headed to the front yard.

After arriving at the front courtyard, he told the young man in embroidered clothes to enter, but not to cause trouble inside.

The young man in embroidered clothes only smiled and stepped into the backyard. He followed the path in the backyard and walked to the door of the room.

The door to the backyard was closed when Liu Er left. The young man in embroidered clothes came to the door and raised his hand. He used his other hand to pull his sleeve and gently knocked on the door.

The entire process was filled with courtesy. Even when he knocked on the door, he had to hold his sleeve with one hand. If one looked closely, one would find that this young man in embroidered clothes had received a very good education.

Sometimes, it was difficult to completely imitate a person's aura.

Not only did the young man in embroidered clothes have a shrewd aura, but he also had a noble aura.

"Come in."

Xu Bai's voice came from the room.

The young man in embroidered clothes pushed the door open and closed it. He cupped his hands and said to Xu Bai, "'Greetings, Escort Leader Xu."

He had a smile on his face. If someone else was here, they would think that he had a good relationship with Xu Bai.

Xu Bai narrowed his eyes and tapped his fingers on the table rhythmically. "Who are you? Why are you looking for me?"

The question was direct and straightforward.

At this time, Xu Bai did not want to play any tricks. If there was anything, he would face it openly.

"Escort Leader Xu is indeed a straightforward person. I'll be straightforward then. It seems that the Yun family's assassin has been personally dealt with by Escort Leader Xu." The young man smiled.

After he said this, the crowd fell silent.

"I don't understand what you're talking about. "What Yun family?" Xu Bai asked calmly. I don't understand a single word you're saying."

"Escort Leader Xu, smart people don't lie in front of others. That killer was more than enough to deal with Qingxue, but he died. As far as I know, Qingxue came to find you. In this Sheng County, other than Yun Zihai, only you have this ability."The young man in embroidered clothes spoke slowly, as if he had everything in his hands.

At this moment, Xu Bai moved.

He turned into a streak of black light and rushed toward the young man in embroidered clothes. At the same time, the Ghost Head Blade at his waist flashed with a cold light.

The young man in embroidered clothes reacted very quickly. His hands kept moving, and shadows appeared in the air, pressing down on Xu Bai.

This shadow was like clouds and fog. Waves of white fog appeared on the young man in embroidered clothes and instantly filled the room. The young man in embroidered clothes disappeared in the fog.

The shadow landed on Xu Bai's body. At this moment, cracks appeared on the black light, but it did not shatter.

At the same time, Star Transposition appeared and moved the phantom in all directions in an instant.

"Bang!"

A muffled groan sounded, and the surrounding fog disappeared. The young man in embroidered clothes took two steps back, his face full of surprise.

"Boundless Dao Scripture? Or something else?"

Blood flowed out from the corner of the young man's mouth.

He didn't expect Xu Bai to have such a magical ability to counter all his attacks, so he suffered a loss.

In that exchange, he had already suffered light injuries.

Xu Bai held Ghost Head Blade upside down and used the Four Steps Technique.

"Are you playing tricks with me?"

His tone was filled with contempt, mockery, and endless killing intent.

Ghost Head Blade was wrapped in black light as it slashed down at the young man in embroidered clothes.

If this slash landed, it would be able to split the young man in embroidered clothes into two.

The blade was about to land.

At this moment, the young man in embroidered clothes suddenly reached into his pocket and took out a token. Then, he said something in the fastest tone he had ever spoken in his life.

"I am the military advisor under the Sixth Prince. I am here to make friends with you!"

These words were spoken very quickly. Just as he finished speaking, Ghost Head Blade was only an inch away from the young man's forehead.

Cold sweat dripped down from the head of the young man in embroidered clothes. He did not even blink. The noble aura from before had disappeared.

It was terrifying.

The killing intent in that instant made him understand that the other party really intended to kill him directly. If he had not said this at the critical moment, he would have become a corpse by now.

"It's alright, it's alright." The young man let out a long breath and wiped the sweat off his forehead with his luxurious sleeves.

At this moment, Xu Bai sheathed his saber, returned to his seat, and took a sip of tea.

Compared to his initial murderous and murderous look, he looked completely different.

Xu Bai put down his teacup, smacked his lips, and said leisurely, ""Prince Six wants to be friends with me?"

Chapter 144: Blue Snow Appears in the Depths of the Forest

When the young man in embroidered clothes heard Xu Bai's words, he came back to his senses and hurriedly said, ""Yes, the Sixth Prince said that if the Ninth Princess can make friends with you, so can he."

Xu Bai was speechless.

When did I become the Ninth Princess 'friend? Why didn't I know?

The Ninth Princess and I don't seem to have much interaction.

Also, what's with being friends with me?

Xu Bai only needed to think for a moment to understand the meaning.

He had previously learned that the members of the royal family were all bound by the emperor.

At most, they could only recruit Rank-6 confidants, and those true expert guards were actually loyal to the emperor. They were used to protect the safety of the royal family and maintain the dignity of the royal family.

Therefore, even if it was a Rank-6 expert, the members of the royal family would still crave it.

Xu Bai felt that these members of the Imperial Family seemed to be in a glorious state on the surface, but they were actually living a miserable life.

An emperor who had a firm grasp of the core was a true ruler.

However, Xu Bai didn't want to get involved in the scheming among the members of the royal family.

"I won't help the Ninth Princess or the Sixth Prince. I don't want to get involved in any of your fights." Xu Bai said slowly.

Some things needed to be made clear in advance to avoid future trouble.

The young man in embroidered clothes had already calmed down. After hearing Xu Bai's words, his face lit up. "Are you serious?"

"I, Xu Bai, have always been a man of my word." Xu Bai waved his sleeves and said.

Of course, even he himself did not quite believe what he said.

The young man in embroidered clothes had never been close to Xu Bai, so he did not know Xu Bai's personality. He hurriedly took out a book from his pocket and handed it over.

Xu Bai took it and looked at it. He raised his eyebrows slightly.

There was no name on the book. When Xu Bai flipped to the first page, the corners of his mouth curled up slightly.

“Nameless Saber Scripture?”

As the saying goes, an expert should look at the door.

Previously, he had obtained a nameless saber scripture from Yun Xiang. Now that he had seen another one, Xu Bai understood it better than anyone else.

It was said that ten years ago, there was a nameless sabersman who walked the human world, and countless souls died under his blade. Five years ago, the nameless sabersman wrote a saber scripture, which was divided into twenty-four copies and scattered all over the world.

Five years ago, the nameless saberman disappeared. Someone obtained a portion of the incomplete scroll and comprehended it to reach the eighth grade. Someone once said that if he collected all twenty-four incomplete scrolls, he could enter the first grade.

Xu Bai had already obtained one of them. After fusing it, it became the Breaking Style. Now, he had obtained the second one.

Looking at the progress bar, Xu Bai felt like he was collecting cards.

“What is the meaning of this?” Xu Bai waved the Nameless Saber Scripture in his hand and said.

“Let’s be friends.” “The Ninth Princess must have paid something to be friends with you,” the young man in embroidered clothes said with a smile. “The Sixth Prince certainly won’t fall behind.”

Xu Bai was speechless.

To be honest, the Ninth Princess really didn’t give him anything.

However...He couldn't say it out loud.

"How refreshing!" Xu Bai kept the Nameless Saber Scripture and put on a happy expression. He said, "Since the sixth prince is straightforward, I am also a straightforward person. I will never help the ninth princess." It would be a waste not to take something that was given for free.

He really didn't expect the progress bar to be so fast.

There was such a good thing?

Since there was a good thing, he would accept it.

"Your Excellency is indeed a straightforward person. This way, I can go back and report to the Sixth Prince." The young man cupped his hands.

Xu Bai stopped talking and looked at the young man in embroidered clothes.

The room fell silent. After a moment of silence, Xu Bai asked in a puzzled voice.

"Do you still want me to treat you to dinner?"

"You're too kind. Then I'll take my leave." The young man in embroidered clothes hurriedly said.

After saying that, the young man in embroidered clothes left the room and left the bodyguard agency.

After watching the young man leave, Xu Bai looked at the Nameless Saber Scripture in his hand and smiled.

The battle within the royal family was indeed full of undercurrents. Even if it was a small advantage, they would not give it to their enemies.

However, this had nothing to do with him. The ups and downs of the outside world had nothing to do with him. Now that there was a progress bar, he still had a lot of things to do.

Thinking of this, Xu Bai put down the Nameless Saber Scripture and took out the Hundred Poisons Scripture to continue the progress bar.

Everyone was doing their own thing. Yun Zihai was still looking for the clues on the note, and Xu Bai was also looking at the progress bar.

On the other side, at the Yin Posthouse, they had the blood of a dragon.

Qing Xue had almost recovered and was riding on her fast horse.

The Ninth Princess had already received the message that she had sent earlier. She had also replied and told her to return to the capital as soon as possible and not to get involved in Xu Bai's matter.

After receiving the news, Qing Xue did not stay any longer. Today was the day she left Sheng County.

In the Yin Posthouse, the old postmaster was far away, as if he didn't want to have too much interaction with the Ninth Princess' personal servant girl.

He was about to retire and return to his hometown. He only wanted peace now.

Qing Xue looked left and right, then swung the reins and knocked her slender legs on the horse's belly.

"Giddyup!"

The horse neighed and brought Qing Xue away.

Sheng County was extremely far from the capital. Even if Qingxue rode at full speed, it would still take a long time to get there.

Before she left, she had brought enough food along the way, but she had to settle her own accommodation.

The sun gradually set. Seeing that the sky was about to turn dark, Qing Xue did not continue on her journey. She found a relatively empty place in the forest and lit a bonfire.

When a person was in the wild, flames could protect him. Even with Qing Xue's strength, she was not afraid of any wild beasts, but she could still avoid a lot of trouble.

Chapter 145: Blue Snow Appears in the Depths of the Forest

A cold wind blew around them. Qing Xue tightened her clothes and thought to herself.

In order to save time, she did not stop when she passed by the last Yin Posthouse. Now, she could only camp in the wilderness.

After a long day of running, Qing Xue was also a little tired. She took out two pieces of dry food from the bag beside her and began to eat on the spot.

A pot of water and a few mouthfuls of dry food solved the problem of food and clothing.

Although she was beautiful and beautiful, she had undergone rigorous training since she became the Ninth Princess 'personal maid.

She had been trained to live a simple life like this, so there was nothing wrong with it.

After eating and filling her stomach, Qing Xue hugged her knees and leaned against a tree, staring at the bonfire in front of her.

The night in the forest seemed even more lonely. Other than the occasional chirping of insects, birds, and beasts, Qingxue was the only one left.

When one was alone, it was easy to think about things.

Qing Xue looked at the dancing flames and thought of what had happened to the county. She was a little stunned.

He had thought that it was a simple mission, but it had been full of twists and turns, and he had almost lost his life twice.

It was just as the Ninth Princess had said. When one was outside, one had to put down all their status and be careful in everything.

After this incident, Qing Xue felt that she had many more ideas. "That Jianghu person is very strong and has a very strange personality." Unknowingly, she remembered Xu Bai and the first time she met him.

Xu Bai had left a deep impression on her.

The first time they met, she was beaten up. The second time was at Spring Rain Pavilion, where he saved her from danger.

She could not see through that man at all. His strength was unfathomable, and she did not know what he was thinking. Sometimes, she thought she had seen through him, but she could always show something new.

For example...That kind of ruthless method, as well as the decisiveness to attack without hesitation, as well as calm thinking.

When he was dealing with the man in black, he cut off his limbs and used external medicine to treat the wounds on his limbs. This coldness made people tremble.

When they were at the Yin Posthouse, she had tested the other party a little and had killed him without hesitation, almost crippling her. This decisiveness had even made her admire him.

Also, when he was in a state of extreme anger, after knowing her identity, he would stop in time to analyze the reason and prevent the enemy's plan from succeeding. He would turn from anger to calmness, which would make people's scalps go numb.

As long as he had one of these three advantages, it would be amazing. This man actually possessed all of them.

"It's a pity. If it could be used by the ninth princess, the ninth princess would have the right time, the right place, and the right people."Qing Xue sighed.

When she thought of this, she couldn't help but think of the people that the princess could use.

"A bunch of idiots!"

If it wasn't for the fact that the Ninth Princess was so resourceful, the group of idiots around her wouldn't have been able to reach this far and control the financial resources of Great Chu.

This group of grass, even that man, this group of grass, this group of grass, even that man, this group of grass, even that man, this group of grass, even that man, this group of grass, even that man, this group of grass, even that man, this group of grass, even that man, this group of grass, even that man, this group of grass, even this group of grass, even this group of grass, all can't compare, unfortunately, this group of grass, after all, this group of grass, this group of grass, still can't be controlled by a princess.'Qing Xue sighed when she thought of this.

Unknowingly, her impression of Xu Bai had changed greatly.

"Rest early. We still have to travel tomorrow morning."Qing Xue closed her eyes.

It was difficult to travel at night. Sometimes, there was no need to be so greedy for time. If they encountered danger, it would be difficult to deal with.

Qing Xue felt her body getting heavier and heavier.

The chirping of insects and birds in the darkness was a lullaby.

Just as Qing Xue was about to fall asleep, she suddenly opened her eyes and woke up from her half-asleep state.

There was movement!

There was a rope wrapped around her left hand and it was swaying slightly.

This rope was connected to the ground and surrounded the surroundings. As long as someone stepped in and touched this rope, it would cause a sound.

She had to be careful when she traveled in the martial world. Without this warning, she would not have been able to sleep peacefully.

Now that the rope was moving, it meant that someone had come in.

Qing Xue stood up. Without thinking too much, she ran towards a big tree not far away.

After running to the tree, she climbed to the top of the tree in a few steps and observed in secret under the cover of the leaves.

Not long after she climbed to the top of the tree, five people in black appeared where she was.

After the men in black appeared, they looked at the bonfire in front of them and one of them slowly spoke.

“There’s a bonfire here, so there must be someone here, and he shouldn’t be far away. Find him and kill him, or else it will affect Master’s plan.” His voice was very low and carried a strong murderous aura.

“Yes, sir!” The other four men in black quickly agreed and ran in all directions.

After the four men in black left, the leader of the men in black looked at the bonfire in front of him and waved his sleeves.

The bonfire was extinguished, and the surroundings fell into darkness again.

In the darkness, Qing Xue saw the man in black leave and let out a long sigh.

At this moment, she heard another scream.

It was not a human voice, but a horse’s pained scream.

“My horse!” Qing Xue’s pupils constricted.

Her fast horse was grazing in the forest. Now that she heard the horse’s screams, she knew that it had been killed.

However, she did not come down immediately. Instead, she continued to hold her breath and wait on the tree.

From the way the black-clothed man extinguished the campfire, it could be seen that he wasn’t weak. Moreover, he had four companions. If he went down,

he would probably die..

Chapter 146: Blue Snow Appears in the Depths of the Forest

As expected, in less than two breaths, the five figures gathered at the place where they had just appeared.

Back to the horse.

Although there was no bonfire, Qing Xue could still see it under the moonlight.

“He really ran away.” The man in black said.

“Milord, what should we do now?”

“Search. If you can’t find it, then shut your mouth. If Master finds out about this, no one can keep their heads.” The man in black’s tone became stern. The four subordinates quickly nodded and agreed, not daring to make any noise.

“The matter of the mausoleum is related to Master’s important plan. You must not let anyone get close to it. If there is a second one, you will die before me.” The man in black said.

The moment he said this, his four subordinates were so frightened that they did not even dare to breathe loudly. They quickly agreed.

“Also, don’t go to Sheng County again. You can’t afford to offend that Xu Bai person. Don’t assassinate Yun Zihai again. Master said that if we can successfully develop this plan, it proves that the letter wasn’t obtained by Yun Zihai.” The man in black said again.

After giving his orders, he did not say anything else. He waved his hand and left with his subordinates.

The surroundings returned to silence.

Qing Xue, who was hiding on the tree, frowned and thought about what she had just heard.

Tomb?

Xu Bai?

Yun Zihai?

How did Xu Bai get involved in this matter?

Although she did not know what the mausoleum was, she thought of many things when she heard Xu Bai come in.

Hiding on the tree, Qing Xue was conflicted as if she was struggling with something.

After about half an incense stick of time, she sighed.

“Forget it. I, Qing Xue, have never been a person who doesn’t pay my debts. You saved me at the Spring Rain Pavilion, so I’ll pay you back.”

“The princess only asked me to return to the capital. Before I came, she asked me to befriend Xu Bai. It’s not wrong for me to help Xu Bai now.”

Thinking of this, Qing Xue quietly came down from the tree. After ensuring the safety of the surroundings, she quickly rushed in the direction of the county.

A few days passed.

Sheng County had been peaceful for the past few days, and nothing unusual had happened to Xu Bai.

The only difference was that Yun Zihai seemed to have reached a bottleneck. He did not find out what the clue was.

However, Xu Bai was not in a hurry. He was still focused on the Hundred Poisons Scripture in his hand.

Today was the day the progress bar was completed. Xu Bai was excited.

He placed the teacup aside. The tea inside had already turned cold.

Xu Bai picked it up and took a sip. He didn't care at all as he stared at the Hundred Poisons Scripture.

Time gradually passed. After about half an incense stick of time, the progress bar was finally full.

Light blue smoke appeared and a line of text appeared in front of him.

[You have studied the Hundred Poisons Scripture and comprehended the Hundred Poisons Quintessence.]

After the words appeared, they disappeared in an instant. Then, lines of words turned into information and surged into Xu Bai's mind.

The latest panel appeared.

[Name: Xu Bai]

‘ Comprehension: Maximum level.’

After Xu Bai had absorbed all the information, he had already comprehended the effects of the Hundred Poison Solution.

“This Thousand-faced Poison Lord is guarding a treasure mountain without knowing it. Forcefully cultivating the heart technique is really neglecting the essentials and pursuing the trifles.” Xu Bai spun the teacup on the table and thought to himself.

According to the Hundred Poisons Sutra, it was a seventh-grade skill.

There were over a hundred different types of poisons, including their usage and identification methods, as well as their various combinations and ingredients.

“Hundred Poisons, it really is Hundred Poisons.”

Xu Bai thought to himself that this was not a loss. This skill could prevent him from being tricked in the future.

The reason why he felt that the Thousand-faced Poison Lord was guarding the treasure mountain without realizing it was because of the powerful ability of the Hundred Poisons Quintessence.

Thousand-faced Poison Lord had prioritized the cultivation of movement techniques and had cultivated them to the highest level. However, he had only roughly mastered the true poison techniques.

There were over a hundred types of poison inside, and they could all be used one by one. However, the truly powerful one was a fusion.

According to the Hundred Poisons Scripture, this poison was called Hundred Fierce Powder.

It could be used directly by the other party, such as putting it in food or water. It was colorless and odorless.

He could also follow the wind and wave it towards the sky.

More importantly, he could also attach it to weapons.

Below the seventh grade, touch it and die.

If a Rank-7 expert was affected by a lack of Vitality, they would feel dizzy and would die an unnatural death over time.

There was also an antidote that could cure all poisons. Back in the forest, Thousand Face Poison Lord had used this antidote.

He did not need to delve into the recipe of the antidote. He only needed to know the commonly used ingredients.

However, the Hundred Violent Poison was different. It required True Core

Strength to be used as a transplant to fuse the power of the hundred poisons so

that they would not conflict.

If it were an ordinary person, they would need a long period of training and learning to control this poison. However, Xu Bai was different. He had already reached the maximum level.

Xu Bai roughly tidied it up. He took a brazier and placed the Hundred Poisons Scripture inside, then lit it up.

A moment later, the Hundred Poison was reduced to ashes. At this time, he took out a pen and paper from the cabinet and wrote down all the materials needed for the Hundred Fierce Poison.

"I hope Sheng County Pharmacy has these things." Xu Bai looked at the commonly seen herbs on the list and thought to himself..

Chapter 147: Blue Snow Appears in the Depths of the Forest

This was the most brilliant aspect of the Hundred Fierce Poison. The medicinal ingredients required were also extremely common. However, through various combinations and the traction of Real Essence Energy, it could become a poison that could make even a Level Seven expert pale.

In Xu Bai's words, it was a must-have item for traveling in Jianghu.

Thinking of this, Xu Bai walked out of the room and headed toward the Qian Family's medicinal herb shop.

Qian Yu had been in a good mood these few days.

The medicinal herbs business was well managed by him. Just yesterday, he was praised by his family, which made him happy.

After all, he was one of the few young people who could be praised in the Qian

Residence.

However, while he was happy, there were still some things that made him worry. For example, some of the medicinal herbs in the medicinal shop could not be sold at all.

These medicinal herbs were actually not good things. According to common sense, some of them were poisonous.

For example, arsenical acid, mercury, raw wild acorn, raw monkshood, raw southern star, matchmaker worm, raw scorpions, wild sun flowers, datura flowers, and so on.

In fact, in their line of work, they all knew that these medicines were effective in some special diseases. Although they were toxic, as long as they knew the dosage, it would not be a big problem.

However, there were not many that could be used.

At that time, he even said a few words to the Qian family's head and said that these medicinal herbs could not be imported in the future.

However, he did not expect the family head to shut his mouth with a single sentence.

"If we lose these things, we can make money, but the commoners will lose their income. In our line of work, we are actually a middleman. We can't lose our source of goods."

"Besides, if these medicinal herbs are used and others can't buy them, wouldn't it delay a life?"

Pattern, what was pattern? This was what was called a setup.

Qian Yu had been very impressed at that time, so he maintained his original appearance and purchased goods every day, including these poisonous herbs.

He did not stop.

He felt that he had to get close to the family head.

“Today is another calm day.” Qian Yu sat on a chair and sighed as he looked at the crowd coming and going outside the door.

Although a remote county like theirs was not as prosperous as a big county, it was quite comfortable to live like this.

Looking at the people coming and going, Qian Yu felt sleepy.

However, at this moment, a person suddenly walked in from outside the door, causing him to lose all his sleepiness.

“Him again!”

He had a very deep impression of this young man.

At such a young age, it was hard not to have a deep impression of buying a large number of kidney nourishing herbs.

However, it was still a business after all, and it was a good business. Qian Yu was shocked for the first time, but he didn’t feel anything after that.

“Please wait a moment, I’ll go get the herbs for you.” Qian Yu got up from his chair and prepared to get what the young man needed.

The first two times he bought, this young man was very decisive. Moreover, he did it very quickly and did not bargain. Therefore, Qian Yu felt that this young man should be a person with a very short temper.

He didn't want others to wait too long, so he prepared to look for medicinal herbs according to the old method.

However, before he could take two steps, he heard a voice behind him.

"Shopkeeper, I don't want those herbs this time. Change it to another one. Just gather all the herbs on the list, the more the better."

Xu Bai placed the list of herbs on the table.

"Cured?" Qian Yuxia said subconsciously, but then he knew that he shouldn't have said these words and quickly shut his mouth.

It was better not to interrupt when it came to male secrets.

Thinking of this, he picked up the list on the table. When he saw the medicinal herbs on it, his eyes widened.

"Sir, are you sure you want these things? If I don't have the recipe, I definitely won't sell them to you."

The medicinal herbs written on it were the ones that he had been worried about not being able to sell recently. However, these were all poisonous medicinal herbs. Without a prescription, he really did not dare to sell them.

It was fine if they only sold one or two flavors, but this was a large amount. If something happened, the reputation that the Qian Clan had accumulated over the years would be gone.

He couldn't sell it. He absolutely couldn't sell it.

Qian Yu's attitude was very firm.

Xu Bai had already expected this question. He had already thought of a solution. He slapped another list on the table and said, "These are all prescriptions for treating illnesses and saving lives. Take a look for yourself. You should also have the ability to read prescriptions."

To be able to be the shopkeeper of a medicinal herb shop, he must have done some research in this area.

As for this so-called secret recipe, it was actually very simple.

Those who were good at using poison would not be bad at detoxification.

Xu Bai had only split the medicinal herbs into several antidotes.

Qian Yu picked it up in doubt. When he saw the prescription on it, he frowned.

A moment later, he nodded.

"According to the medicinal properties of each medicinal herb, there is indeed no problem with this prescription. But customer, why do you need so many antidotes?" Qian Yu asked in confusion.

"Why do you care so much? With the prescription, according to your rules, you have to prescribe medicine for me. I just have to pay for it." Xu Bai's eyes were unyielding.

After killing so many people, it gave off a daunting aura.

Qian Yu only felt a chill on the back of his neck and shivered. Then, he remembered that Xu Bai's words were not wrong. Seeing the Ghost Head Blade on Xu Bai's waist, he did not ask anything and quickly turned around to get the medicine.

Forget it. He was just following the rules. He didn't want to be a busybody. Otherwise, something might happen. After all, this young man looked very fierce..

Chapter 148: Blue Snow Appears in the Depths of the Forest

“The more, the better.” Xu Bai added.

“Alright.” Qian Yu quickly agreed.

After the time it took for an incense stick to burn, Xu Bai paid the money and carried a huge package on his back as he walked towards the Bodyguard Agency.

The surrounding pedestrians looked at him in surprise. After all, it was rare to see someone carrying such a big bag.

Xu Bai didn’t mind. When he passed by a small stall, he bought a few porcelain bottles before returning to the Escort Agency.

After returning to the Bodyguard Agency, he went straight into his room and opened the package.

He started to concoct the Hundred Violent Poison according to the method on the Hundred Poison True Solution.

The door was locked, and the bodyguards outside did not know what was going on inside.

An hour later.

Xu Bai looked at the five porcelain bottles in front of him and revealed a satisfied smile.

Each porcelain bottle was about the size of a baby’s fist, and it was filled with Hundred Violent Poison powder.

There were only four bottles containing the Hundred Violent Poison, and the last one contained the Hundred Solution Pill mentioned in the Hundred Poison book.

The so-called Baijie Pill was the antidote that the Thousand-faced Poison Lord had taken in the forest that day.

Xu Bai thought for a moment, took out one of the bottles, opened the lid, and pulled out Ghost Head Blade.

The powder was poured onto the blade of Ghost Head Blade and spread evenly.

After a few breaths of time, it had disappeared and completely fused with

Ghost Head Blade's surface.

A blue light flashed on the blade, filled with a sense of danger.

"Not bad."

Xu Bai subconsciously wanted to reach out and touch it, but he stopped. He almost touched it out of habit.

He couldn't help but think of a GIF he had seen in his previous life. [My dagger is smeared with poison (lick 9)]

[My dagger is smeared with poison (lick

He put Ghost Head Blade back into his waist, then put the remaining three bottles of poison and one bottle of antidote into a cloth bag that he had specially prepared. He then crossed over to the other side of his waist.

“Perfect.”

Xu Bai was very satisfied.

He thought for a moment and picked up the Nameless Saber Scripture that the young man in embroidered clothes had given him again, planning to continue the new progress bar.

Since Yun Zihai hadn't made any new discoveries yet, he would try his best to gain some benefits.

However, before he could start, the door was suddenly pushed open from the outside.

At this time, in broad daylight, the people from the bodyguard agency really did not dare to be so reckless. Even if there was an important matter, they had to knock on the door first and obtain his permission before entering.

Xu Bai frowned. He put down the Nameless Saber Scripture and gripped the hilt of Ghost Head Blade with his right hand.

When he saw who it was, he let go. “Didn't you leave already? Why are you back?”

In his words, there was a hint of disgust.

Qing Xue walked in hurriedly. Her hair was a little messy. It was obvious that she had not cleaned up her appearance after the overnight raid. She looked very sorry.

Of course, this kind of disheveled appearance, coupled with that extremely pure face, gave off a special feeling.

“I came all the way here to tell you important news. Is this your attitude?” Qing Xue wanted to say it immediately, but after hearing Xu Bai's tone, she was immediately furious.

She had already walked far away and knew that Xu Bai might have fallen into a huge conspiracy, so she rushed back immediately. However, the other party's words stopped her.

"Important news? What news?" Xu Bai's eyes lit up.

Qing Xue turned around, leaving Xu Bai with a slender and beautiful back view.

She said angrily, "Nothing. I just came to tell you that I'm leaving soon."

Xu Bai moved in a flash and blocked the way. He closed the door and bolted it at the same time.

The set of movements was extremely practiced.

It's not as bad as what I said just now. What news do you have to tell me?"

I said the wrong thing just now, but it's not a big problem. It's fine if you coax it.

Qing Xue looked Xu Bai up and down. "You don't dislike it anymore?"

"Miss Qingxue is beautiful, nice, and has a good figure. Why would I dislike her?" Xu Bai praised.

Qing Xue was speechless.

She also realized that this man's special side was that he was quite thick-skinned.

However, she only said a few words in anger just now. Since it was a serious matter, she did not waste time.

After organizing his words, Qing Yun recounted everything he had seen and heard in the forest without missing a word.

Xu Bai fell into deep thought after hearing that.

“You just said that these people don’t want to cause trouble for me anymore?”

Qing Xue nodded.

“Also, they should have caused me trouble before.”

Qing Xue continued to nod.

“Lastly, they talked about the mausoleum?” Xu Bai asked the last question.

Qing Xue recalled what she had just heard and nodded with certainty.

Xu Bai turned around and placed the Nameless Sword Scripture in his arms.

Then, he said, “You might not be able to leave for the time being.”

“Why?” Qing Xue’s big eyes were filled with confusion.

“If you don’t solve this problem, you will inevitably encounter some strange things on your way. If you really encounter them, it’s hard to say whether you can go back or not.” Xu Bai said.

Qing Xue thought about it carefully. It was really possible. After all, she had only passed by that place before, and the men in black wanted to kill her.

“Also, follow me to see Yun Zihai.” Xu Bai grabbed Qing Xue’s wrist and walked out.

I thought that the clues should be getting clearer and clearer..”

Chapter 149: The Prologue of the Full Moon Night Begins

After Xu Bai said this, he directly stepped out of the room.

Qing Xue was pulled by Xu Bai and followed him out of the backyard.

She was completely stunned and did not understand what had happened. She was completely dragged away by Xu Bai's strength.

Qing Xue was very puzzled. She had only been here for a short while and was only responsible for delivering information. Why was she suddenly involved?

Also, why did he want to see Yun Zihai and why did he want her to go with him? This really made her confused.

However, sometimes, once a person was stunned, it would last for a period of time.

In the front yard, the people of the escort agency were still training. However, when they saw Xu Bai holding a beautiful woman's hand and walking out of the backyard, they all revealed shocked expressions.

They could not be blamed for not knowing. After all, Qing Xue was a Level Seven expert. It was very easy for her to sneak into the backyard quietly. This sudden encounter stunned everyone present.

“Train well, what are you looking at! Is the matter of the escort master something you can see?” Liu Er raised his saber and shouted.

What a joke. How could they interfere in Escort Leader Xu's matters?

Not to mention hiding one woman, it was normal to hide ten or a hundred.

The bodyguards quickly shut their mouths and did not say anything else.

When they were heading to Yun Zihai's location, Xu Bai told Qing Xue some things, including Yun Zihai's purpose.

When he finished speaking, Qing Xue was dumbfounded.

This dazed state only lasted for a while before he reacted.

She wasn't a stupid person, so she quickly analyzed the cause and effect of the matter. However, she had a new idea.

"Why did you pull me over? I'm just a messenger!"

To be honest, this matter really had nothing to do with her.

You two can deal with the person behind the Eighth Prince, but it has nothing to do with me.

I've already told you everything. I've also told you all the clues I know. Why are you still dragging me along?

This was Qing Xue's true thoughts, and it was indeed the case.

But soon, Xu Bai gave her an answer that made her fall into deep thought.

"I need a helper, so I'll say it directly. But I know that if I need a helper, it won't be for nothing. If you participate in this matter and succeed, maybe His

Majesty will have a good impression of the Ninth Princess.”

He liked to be straightforward and not mix in any fake things. He also did not like to beat around the bush.

He did what he had to do. There was no possibility of deception.

He did need a helper, and he said it very directly. After all, the more helpers he had, the more stable things would be.

He was also very clear that there was no free lunch in this world, so he told some of the benefits to Qing Xue. Whether to go or not, it was all up to Qing Xue to decide.

It was an open and aboveboard transaction. Everyone could have a common goal, and there was no cheating.

If they were willing to go, then they would go together. If they weren't going, then Xu Bai would let go now.

Qing Xue fell silent.

She wanted to report this to the Ninth Princess and see what she would do.

But after thinking about it, the matter of the Concealment was like an arrow on the string, and it had to be released.

Once they reported, it would definitely take time. If Xu Bai and Yun Zihai had already settled these matters during this period of time, wouldn't the flowers turn yellow?

After thinking about it, Qing Xue finally made a decision. She didn't say a word, which was a tacit agreement. Xu Bai pulled her toward the county office.

Qing Xue was loyal to the Ninth Princess. She knew that this was the Emperor's decision.

If she could participate in this and help Xu Bai and the others complete this task, the Ninth Princess would be able to gain more favor from His Majesty.

For a member of the royal family, gaining the favor of the emperor was more precious than a mountain of gold and silver.

Qing Xue felt that she could make the decision for once. After all, the current situation was very urgent.

Thinking of this, she didn't say anything more.

The two of them continued to walk, getting closer and closer to the Sheng County Yamen.

However, before they could walk far, they were stopped by a young man in embroidered clothes when they approached the county government.

"Brother Xu, you're not being honest. I've already given you the good stuff and we agreed to be friends. Now you're messing around with the Ninth Princess's people behind my back." The young man in embroidered clothes was furious. He began to tremble as he spoke.

The young man in embroidered clothes was about to leave. Before he left, he wanted to see if there were any local specialties in the county city so that he could bring them back and enjoy them.

However, he never expected to see such a scene during his stroll.

Backstab, a proper backstab.

The young man's face was filled with the words "you're not authentic".

Not only was it unethical, it was simply inhuman!

As the saying went, it was only right to receive money to do things. This was the truth since ancient times.

Even if it was a little expensive, as long as the matter could be settled, it would be considered perfect.

However, you, Xu Bai, actually took the money and didn't do anything. Isn't this too against the morality of the martial world?

We agreed to be friends.

You, Xu Bai, have also agreed to not get involved in the matter between the Ninth Princess and the Sixth Prince after receiving the Nameless Saber Scripture.

Originally, when he arrived here, it was already considered a happy ending. He could also go back and report.

But now, in the blink of an eye, you, Xu Bai, were holding the hand of the Ninth Princess 'servant girl and running on the street brazenly..

Chapter 150: The Prologue of the Full Full Moon Night (2)

What, are you two rushing to the wedding?

What was this? Wasn't this embarrassing him in public?

Not only did the young man in embroidered clothes feel angry, but he also felt that someone was slapping him in the face.

It was a very loud fight.

Therefore, he had come to seek justice. After all, everyone was reasonable. It was obvious that Xu Bai was unreasonable.

Who knew that when Xu Bai saw the young man in embroidered clothes, what he expected did not happen. Instead, his eyes lit up.

It was really a pillow when he was about to doze off, sending charcoal in the snow!

Xu Bai grabbed the young man's shoulder and led him to the county office.

The process was extremely rough.

"What are you doing? Don't think that I won't be angry just because you brought me along and made it so fair. Let me tell you, there's no way this is going to happen!" The young man began to struggle.

What was this?

Don't think that bringing me along at this time is fair and just.

Why didn't you bring me along first?

Halfway through his sentence, he heard Xu Bai's voice.

"Do you want to get some capital for your sixth prince?" Xu Bai said indifferently.

The young man was slightly stunned.

He was, after all, a member of the Sixth Prince's military advisor group. In terms of intelligence and wisdom, he was even better than Qing Xue.

Seeing Xu Bails impatient look, the young man in embroidered clothes chose to shut his mouth and follow Xu Bai first.

When Qing Xue heard this, she could no longer remain calm.

What was that? This was Prince Six's man?

Didn't that mean that the assassination attempt on him was also related to him?

Thinking of this, Qing Xue reached out her right hand and sneakily touched the silver thorn at her waist.

At this moment, her hand that was held by Xu Bai suddenly tightened. Xu Bai had exerted his strength.

Qing Xue raised her head subconsciously and saw Xu Bai mouthing something in her direction.

Cooperation.

After receiving this information, Qing Xue thought for a moment and put down her right hand.

"Miss Qingxue, this was not my idea. My idea was to give you benefits. The person who sent people to assassinate you was arranged by another military counselor. Who knew that the sixth prince would say that he wanted everything. "The young man in embroidered clothes also saw this situation and hurriedly explained.

"Haha..." Qing Xue sneered.

If it wasn't for Xu Bai, she would have already taken action.

In the midst of the commotion, Xu Bai entered the county office from a hidden corner of the wall and went straight to Yun Zihai's house.

At this moment, the door of Yun Zihai's room was wide open. Xu Bai did not say anything and directly walked in with Qing Xue and the other two.

Yun Zihai was still sitting in his chair, looking like he was in a terrible state. It was obvious that he had been having a headache recently because of that note.

At this moment, he heard a sound. When he looked up, he saw Xu Bai walking in with a man and a woman.

"Brother Xu, what are you doing?" Yun Zihai was stunned for a moment, feeling confused.

Why did she suddenly bring a man and a woman to look for him? This situation was really puzzling.

"Help." Xu Bai introduced the abilities of the Blue Snowy duo.

"Brother Xu, this matter of mine is very secretive."

His plan had always been extremely secretive. Before he came, His Majesty the Emperor had told him to keep it as secret as possible.

He could tell Xu Bai because Xu Bai was an extremely reliable helper. After all, his Junior Sister Liu Xu had highly praised him.

But now that more and more people knew about it, it was a headache.

"I know what you mean. Listen to her first. Qingxue, tell me what you know." Xu Bai said.

"Didn't I already tell you?" Qing Xue widened her eyes. You said it was the same."

"You're the person involved, so you feel it more deeply." Xu Bai waved his hand.

He was very lazy, and it would take a lot of effort to say so many words.

Qing Xue was completely dominated by Xu Bai in terms of personality. She could not do anything to Xu Bai at all. She could only repeat what she knew.

Yun Zihai had been listening the entire time. He only fell into deep thought after Qing Xue finished speaking.

"Think about it carefully. Since the other party knows that your letter is likely to have disappeared long ago, there is no need for them to chase after you. The clues are completely cut off, and you don't care if others find out." Xu Bai explained.

Yun Zihai nodded silently.

Actually, it was right to think like this.

He's called a bait, and the so-called bait is called a letter.

Since the other party no longer suspected the letter, his bait had lost its effect.

What they needed to do now was to grasp the clues in their hands and take the initiative to attack after cracking them.

He turned the fish into a hook and hooked it.

Since he wanted to take the initiative to attack, the fishing rod had to be thick and big. The more helpers he had, the better.

“Wait, the mausoleum you mentioned just now?” Yun Zihai asked.

Qing Xue nodded with certainty, indicating that she had not heard wrongly. It was definitely the word ‘mausoleum’.

Yun Zihai fell into deep thought.

At this moment, the young man in embroidered clothes was dumbfounded.

To be honest, he really didn’t understand what had happened.

He had only quietly followed her when he heard that there were benefits.

“What’s your name?” Xu Bai turned to the young man in embroidered clothes and asked, “What is the ability of the ‘

“Zhou Qing.” The young man in embroidered clothes replied, “Our Zhou family is a martial arts family. I’ve learned the Zhou family’s Cloud Soaring Hand. I can switch between reality and illusion, catching the enemy off guard..”
