Chapter 1441: A Hundred Snowy Lotuses, the Wronged Arch Gilded Immortal, the Holy Violet Imperial Commander Appears

The Feng Clan Forefather appeared as Chu Kuangren's support, shocking everyone present.

"It looks like the Feng clan is now on Chu Kuangren's side."

"That's right. The Feng clan is a very well-known and influential clan in the Holy Violet Planet, and I can't believe they have decided to serve Chu Kuangren. What a shocking turn of events."

"However, it makes sense. The Dragon clan was wiped out by Chu Kuangren earlier, so it's not that surprising that the Feng clan would choose to submit to him. Besides, Chu Kuangren also has a promising future waiting for him, making him worthy to have a huge following!"

Many cultivators discussed with each other as they observed the situation unfold on the Frost Dragon Mountain's battlefield.

Following the Feng Clan Forefather's arrival, the Frost Dragon Mountain Arch Gilded Immortals' expressions became extremely grim.

With the Underworld Skeleton General and the Feng Clan Forefather, Chu Kuangren now had two Arch Gilded Immortals on his side. Taking account his monstrous combat strength and his Million Strong Underworld Army...

The Frost Dragon Mountain was now in danger!

"Chu Kuangren! What do you want?!" the Frost Dragon Mountain Ruler said grimly. However, he seemed to be looking for a compromise now.

Chu Kuangren's eyes lit up upon hearing that.

'Should I go to war?'

Truth be told, he was not afraid of the Frost Dragon Mountain and was confident in wiping them out.

However, he would surely suffer a considerable number of casualties if he did that.

With his Indestructible Body, Chu Kuangren would not need to worry about dying. However, the same could not be said for the Underworld Skeleton General and the Feng Clan Forefather. Both of them were the only top-tier Arch Gilded Immortals under his command.

Especially the Underworld Skeleton General, Chu Kuangren still needed him to stand guard over Fengdu Underworld City for the time being.

If a war were to happen, Chu Kuangren would surely need to expend many Underworld Soldiers just to wipe out the Frost Dragon Mountain.

Furthermore, the residents of Fengdu City in the Underworld had their own worries too. Hence, Chu Kuangren had to take account of that and make sure not to use up too much of his forces.

Chu Kuangren pondered, carefully thinking over every possible decision he could take.

“Fine, whatever. It’s not like I’m an unreasonable person either.”

Then, Chu Kuangren said indifferently, “The people of Frost Dragon Mountain have inflicted severe injuries on my subordinate. No matter how you look at this matter, asking for some medical compensation should be a reasonable demand. Give me one hundred Snowy Lotuses, and I shall overlook this matter. How about this?”

Those words exasperated the iceworm cultivators of Frost Dragon Mountain.

‘Is this a f*cking joke?’

‘Having killed so many iceworms in the Frost Dragon Mountain, how dare he say he’s being reasonable?!’

‘And to top it off, he demands one hundred Snowy Lotuses?!’

‘He might as well steal it from us by force!’

‘Wait, he is stealing from us!’

The Snowy Lotus was a very important resource for Frost Dragon Mountain. Each of them was a top-tier Immortal Herb that could increase one’s cultivation level, hence their extremely high value.

Even the Prodigies were not allowed to use the Snowy Lotus at will during their cultivation.

One hundred Snowy Lotus was more than half of Frost Dragon Mountain’s total supply!

“Chu Kuangren, aren’t you asking for too much? Iceworm Ru Xue was a member of Frost Dragon Mountain. It’s your fault for making her your slave. Besides, it’s our own business for carrying out her punishment, not yours. Not only did you interfere with this by force, but you also killed many iceworm cultivators from Frost Dragon Mountain. Yet now, you’re asking us to hand over a hundred Snowy Lotuses? That’s preposterous! Are you taking us for fools?!” the Iceworm Senior Elder shouted, feeling increasingly wronged as he spoke. His eyes were red with sorrow while his body trembled with anger.

Icworm Ru Xue was the Frost Dragon Mountain’s Prodigy!

Everyone had high hopes for her, yet she had gone and become a human’s slave instead. There was nothing more humiliating than what she did.

Were they at fault for stripping away her foundation and marrow to create another Prodigy?

Even if they were, that was Frost Dragon Mountain’s internal matter.

‘What right did Chu Kuangren have to interfere?’

‘Besides, he’s killed so many of the Frost Dragon Mountain’s iceworm cultivators. How could he openly rip them off by demanding a hundred Snowy Lotuses?!’

‘Has law and order disappeared from this world?!’

When the spectating sky-prides and great ones watching the scene in secret heard the Iceworm Senior Elder's words, they started to pity the Frost Dragon Mountain.

"Oh, poor Frost Dragon Mountain to be dealing with such a terrible person!"

"That's right. How is this reasonable?"

Unlike the crowd, Chu Kuangren's expression remained emotionless after listening to the Iceworm Senior Elder's rant. He was not even bothered at all.

"Are you done? If so, you can hand over the Snowy Lotuses now."

The Iceworm Senior Elder's face immediately turned red with anger. Chu Kuangren was ignoring everything he just said earlier.

"Are you going to insist? I'll have you know, you'd be burning bridges if you do this."

"Do you want me to demand more?!"

Chu Kuangren snorted and raised his arm, unleashing terrifying surges of qi and blood in the form of a sky full of Blood Lightning!

One of the Gilded Immortals was immediately sent flying by the Blood Lightning. He vomited blood, and his breath started to weaken!

"You're too presumptuous—"

"Who's being presumptuous here?!"

Before the Iceworm Senior Elder could say anything, Chu Kuangren suddenly shouted with a cold glint in his eyes. "I don't care what identity Iceworm Ru Xue has. Since she has pledged her allegiance to me, she belongs to no one other than me! Yet, you guys ignored my existence and proceeded to remove her bone and marrows! Do you think I'm someone to mess with?!"

"If it weren't for Iceworm Ru Xue being a part of the Iceworm Tribe, I wouldn't have taken the trouble to waste my breath on the likes of you! Wiping out the Frost Dragon Mountain would be no issue for me!"

"Know your place! You're the ones who are asking for my mercy right now! You have no right to negotiate!"

Chu Kuangren's Gate of Hell stood upright in the sky with endless waves of Yin qi pouring out from it.

Everyone could vaguely make out a whole army waiting on the other side of the Gate of Hell.

Among them were several Gilded Immortals as well.

The moment that army appeared on the Frost Dragon Mountain, it would mark the end of this orthodoxy once and for all! After all, the Underworld Skeleton General and Feng Clan Forefather were already present!

Chu Kuangren's unwillingness to negotiate had caused the two Frost Dragon Mountain Arch Gilded Immortals' faces to turn red with anger. However, there was nothing they could do.

“Fine, one hundred Snowy Lotuses are yours!”

Finally, the Frost Dragon Mountain Ruler had no choice but to order someone to go get the hundred Snowy Lotuses.

For a moment, his figure slouched, making him look much older.

It was unbelievable to imagine that a high and mighty Arch Gilded Immortal was forced to compromise to a younger cultivator’s demands. If news about it spread, it would surely be a great embarrassment!

He would not be able to wipe away that shame for his whole life.

“Hmph, you should’ve done so earlier!” Chu Kuangren said indifferently.

It did not take long before he received one hundred priceless Snowy Lotuses. If he could refine them all, his cultivation would surely increase to the next level!

He might even reach the Gilded Immortal Realm in one go!

Just as Chu Kuangren was about to leave after getting the Snowy Lotuses, purple clouds suddenly appeared in the sky.

Sounds of Daoist chimes sounded from the clouds, followed by conjurations of the Four Mystical Beasts, auspicious Kylin trodding across the ocean, and many more.

A powerful aura appeared, spreading across the whole terrain.

Even the Gilded Immortals felt pressured by it.

“We finally meet, Chu Kuangren!”

Countless Daoist patterns soon intertwined within the purple clouds and eventually formed a stair of heaven.

A person walked down the heavenly stairs.

He was dressed in long purple robes and had a starry gaze. A dignified air surrounded him as if a supreme king had descended upon the world.

That person was none other than the Holy Violet Imperial Commander!

Many were shocked by his arrival.

“It’s one of the Kunlun Immortal Hall’s Six Royals, the Holy Violet Imperial Commander. I can’t believe he’s here.”

“I heard he disappeared soon after arriving at the Holy Violet Planet. I never thought he would show up at this moment to face Chu Kuangren!”

“What is he planning to do?”

Everyone looked at each other confusingly.

Chu Kuangren’s combat strength was unparalleled, as witnessed by all.

They assumed that even the Holy Violet Imperial Commander would be no match for him.

Besides, the Holy Violet Imperial Commander had even shown himself willingly.

That fact alone puzzled everyone else. 'Is he not afraid of getting killed by Chu Kuangren?'

"Oh, so you've finally appeared. I thought you'd be living like a coward forever."

Chapter 1442: Fight Holy Violet Imperial Commander, Who Dares To Make Me Kneel

The arrival of the Holy Violet Imperial Commander surprised everyone.

In the void, the great ones were communicating using their Immortal Consciousness.

"How could you guys allow the Holy Violet Imperial Commander to appear before Chu Kuangren like that? Aren't you guys afraid that he will slash you guys in half?" asked one of the great ones, seemingly excited.

The great one was from the Eastern Sovereign Immortal Hall, a rival to the Kunlun Immortal Hall. He wished nothing more than for Chu Kuangren to cause trouble for his opponent.

"Hmph! Don't compare our Holy Violet Imperial Commander with your Mountain Ghouls Divine Daoist."

"You..."

The great one from Eastern Sovereign Immortal Hall got annoyed. He argued, "I want to see how much your Holy Violet Imperial Commander, whom you put so much hope into, can do in this situation."

Back at Frost Dragon Mountain, Chu Kuangren officially met the Holy Violet Imperial Commander.

One was an Imperial Commander from the Immortal Hall, and one possessed the fate of the Human Emperor.

That naturally made the two of them rivals.

From there, Chu Kuangren skipped the chatter and threw a Universal Life-Death Cycle at the Holy Violet Imperial Commander upon their first meeting.

"Not going to greet me? What a rude person you are."

The Holy Violet Imperial Commander smiled and channeled his Immortal's Core energy to counter the Universal Life-Death Cycle.

The two opposite energies crashed and forced the Holy Violet Imperial Commander backward for more than ten meters. Even his body started to tremble.

"That's all you've got, yet you have the confidence to stand before me?" Chu Kuangren said.

He pointed his sword hand sign forward with the nine leaves swordgrass swaying behind him. When the leaves danced along the wind, a sword qi as robust as a mountain was launched forward.

"Holy Violet Sword Art!"

An Immortal Sword appeared in the Holy Violet Imperial Commander's hand. Its violet blade swiftly gathered the starlight energy for an attack.

The attack felt like it could cut planets in half.

The clash of the sword qi swept everything clean in the air, leveling mountains into dust.

"Chu Kuangren, I've been wanting to fight you. Now, I shall have my wish granted!"

The Holy Violet Imperial Commander's eyes gleamed.

He was curious about the strength difference between himself and Chu Kuangren.

"Holy Violet Emperor Seal!"

The Holy Violet Imperial Commander revealed a violet seal that was surrounded by endless shimmering Immortal Sparks.

As the Holy Violet Imperial Commander basked in the shimmering Immortal Sparks, his energy presence rapidly surged and reached the threshold of a Gilded Immortal!

1

Unlike the Mountain Ghoul Divine Daoist, who ignited his life essence to break through to the Gilded Immortal Realm, the Holy Violet Imperial Commander achieved it without even using his own life essence.

That alone made the Holy Violet Imperial Commander countless times stronger than the Mountain Ghoul Divine Daoist.

"Holy Violet Nova Explosion!"

With the buff from the Holy Violet Emperor Seal, the Holy Violet Imperial Commander pushed a palm strike forward. A massive amount of starlight energy gathered and transformed into a planet crashing down at Chu Kuangren.

That Holy Violet Nova Explosion was far stronger than the one the Holy Violet Immortal Emperor's Immortal Consciousness used back at the Heavenly Dao Spire.

However, Chu Kuangren remained calm and somewhat nonchalant. He swung Descendant Self forward and launched the Infinite Void Sword with the Golden Immortal Sparks circulating its blade at the violet planet, crushing it into smithereens.

"So is this what you relied on to fight me?" Chu Kuangren looked at the Holy Violet Emperor Seal and expressed his thoughts.

It was similar to the Holy Violet King Seal but of a higher level. Not only could it release a higher level of Holy Violet Immortal Emperor's aura, but it could also even buffer its owner's strength.

"Hmph! If you can't handle this level of attack, you're not worthy of witnessing the trump card I've prepared for you."

"Interesting. I would like to see what you've prepared for me."

Chu Kuangren was intrigued, which was rare for him.

A violet Immortal Spark shimmered in his eyes. He wanted to use the Violet Eye's power, but he realized it was ineffective.

"Alert! The opponent is protected by the Emperor Seal. His soul is immune from soul attacks," Lil Ai's voice sounded in Chu Kuangren's mind.

"I see."

Chu Kuangren was not overly bothered as the Violet Eye was just one of his many offensive methods.

"Holy Violet Emperor Seal, overpower him!"

The Holy Violet Imperial Commander channeled the Holy Violet Emperor Seal to release a boundless aura into the field. It was as though ten thousand planets crashed on Chu Kuangren.

The aura would not only affect the physical body, but it would also attack the mental state.

However, Chu Kuangren's physical body was ridiculously powerful, and his mental state was nearly indestructible. As such, the aura from the Holy Violet Emperor Seal failed to suppress him.

The Holy Violet Imperial Commander narrowed his eyes at the ineffective attack before performing several mystical hand seals and shouting, "Holy Violet Emperor Activation!"

Immortal Sparks that filled the horizon shimmered as countless Daoist patterns intertwined to form an ancient figure in the void.

The ancient figure wore violet emperor robes and a violet crown and had a stern expression on his face. It was the projection of the Holy Violet Immortal Emperor's Immortal Consciousness!

Everyone else gasped in shock.

"That's the power of the Holy Violet Immortal Emperor's Immortal Consciousness!"

"Gosh! The Holy Violet Imperial Commander can siphon the energy from the Holy Violet Immortal Emperor's Immortal Consciousness! This is scary!"

The ancient Immortal Emperor's image appeared behind the Holy Violet Imperial Commander.

The projection opened its eyes all of a sudden, and it was as though two massive violet planets were shimmering in millions of Immortal Sparks.

Then, the Holy Violet Emperor Seal shone brightly.

A suffocating aura flooded the field and attempted to crush Chu Kuangren.

Even the sky-prides further away were affected, putting everyone else on their knees as they watched the battle from afar.

"If we're that far away and still affected by the terrifying aura, what about Chu Kuangren?"

"Chu Kuangren is the main target of the aura. I can't even imagine what he is facing right now and how he's holding up against it."

The crowd could not help but be impressed by Chu Kuangren's white figure standing firmly under the massive pressure.

"Chu Kuangren, kneel before the Immortal Emperor!" the Holy Violet Imperial Commander shouted as he wielded the Emperor Seal. The projection of the Immortal Emperor's Immortal Consciousness fueled his confidence.

It was as though he had become one with the ruler of myriad stars, the Holy Violet Immortal Emperor.

"Kneel?" Chu Kuangren scoffed. He took a step forward, releasing millions of Immortal Sparks. His eyes gleamed sharply as he said, "I, as the Human Emperor, should be worshiped by all beings in this realm. Who would dare to make me kneel?"

Kakroom!

A dragon's roar sounded from his body, and the nine True Emperor Dragons rose into the sky. Massive dragon qi swept across the air, and Immortal Sparks shed its brilliance over the land.

The overwhelming aura's might crumbled as soon as the dragon qi appeared.

Further away, a figure in golden robes was astonished when he saw the scene. "So this is the True Emperor Dragon's qi? It is indeed noble!"

It was Xuanyuan's successor.

His eyes on Chu Kuangren showed desire and greed.

"Only by cultivating the Ultimate Human Emperor Technique and gathering the True Emperor Dragons can I become the true Human Emperor!"

On the other hand, another two figures were also shocked and horrified when they saw Chu Kuangren surrounded by the nine True Emperor Dragons.

The two of them were the Eastern Sky Divine Daoist and the Great Arbiter Divine Maiden, who were lucky enough to escape Chu Kuangren.

"He's still as monstrous as ever," the Great Arbiter Divine Maiden murmured.

It reminded her of the battle with Chu Kuangren, and she could not help but shudder at the thought.

"The Holy Violet Imperial Commander might not be his match."

"The Holy Violet Imperial Commander isn't stupid. If he's confident enough to stand before Chu Kuangren, I believe he has something else than the Holy Violet Emperor Seal under his sleeve," the Eastern Sky Divine Daoist said.

His eyes showed anticipation. "The best outcome would be the two of them dying or at least severely injured."

Chapter 1443: Holy Violet Imperial Commander's Final Trump Card, Holy Violet Crown, Holy Violet Emperor Planet's Ruler

Chu Kuangren and the Holy Violet Imperial Commander were engaged in a fierce fight at the Frost Dragon Mountain.

When the Immortal Consciousness projection of the Holy Violet Immortal Emperor clashed with the aura from the True Emperor Dragons, the two different energies released a massive and terrifying aura into the realm, pressuring every living being.

Everyone else kept their eyes on the battle, afraid that they might miss a single detail from the fight.

“Blade of Zhou, Infinite Void!”

Chu Kuangren pointed his sword hand sign forward and unleashed the Infinite Void Sword.

“Holy Violet Nova Explosion!”

The Holy Violet Imperial Commander channeled the violet starlight energy to block the incoming sword qi.

However, Chu Kuangren’s figure flashed and appeared before him at the next moment. His Gilded Physical Body Trait erupted as he threw a punch, enveloped in crimson lightning bolts, at the Holy Violet Imperial Commander.

It was just one punch, but it shocked the Holy Violet Imperial Commander. He was sent flying back more than a thousand meters away and crash-landed into a mountain peak.

Chu Kuangren felt something strange in the punch, and it surprised him. “You’re not too bad yourself for surviving my punch.”

The Holy Violet Imperial Commander dashed out from the snowy dust storm with a grim look on his face. “What a strong punch. My Holy Violet Protective Immortal’s Core has an impeccable defense, but it almost got crushed!”

“I heard the Holy Violet Tribe’s highest Immortal Scripture allows its cultivator to cultivate something called the Holy Violet Protective Immortal’s Core, which has unmatched defensive capabilities and works like chainmail. Now, it seems like it’s real, but I wonder how many more punches can you take?” Chu Kuangren said.

As he raised his hands, qi and blood surged, and the dragon’s roar and elephant’s trumpets echoed in the sky.

In the next instant, he appeared before the Holy Violet Imperial Commander again and threw another punch at him.

This time, he went for the face.

Kaboom!

His punch landed on the Holy Violet Protective Immortal’s Core, which was a layer of violet qi barrier formed using violet starlight energy.

“Break!”

Chu Kuangren channeled his strength and concentrated his qi and blood at the tip of his punch. The energy attacked the barrier repeatedly like a crashing wave.

It was a smart way to overlap one's energy and strength.

With the overlapping qi and blood energy concentrating on one particular spot, the Holy Violet Protective Immortal's Core broke!

The Holy Violet Imperial Commander took the punch with his body. As a result, his facial features were heavily distorted, and even his brain was almost punched out.

"Chu Kuangren!"

The Holy Violet Imperial Commander held himself together and shouted out of anger. His face was covered in blood, and his wretched state no longer granted him a dignified demeanor.

He glared at Chu Kuangren with utmost resentment. "Holy Violet Spirit Gathering!"

The Daoist patterns on him started to shimmer, and a violet vortex formed in front of his chest.

The spiritual qi of the realm was being sucked into the vortex!

Even the stars in the sky shed their brilliance on him, boosting his energy presence to a new high.

Gilded Immortal First Grade, Second Grade, Third Grade...

In just a blink of an eye, the Holy Violet Imperial Commander's cultivation level broke through to a Third-grade Gilded Immortal! In addition to his monstrous talents, he could easily rival Gilded Immortals above the Third Grade.

"He's so powerful!"

The Eastern Sky Divine Daoist and the Great Arbiter Divine Maiden were both in awe.

"The six Imperial Commanders of Kunlun Immortal Hall are all monsters. I just wonder how powerful the other five are."

"The five of them haven't shown themselves to the public, but I think it should be soon."

The Holy Violet Spirit Gathering gathered all the spiritual qi in the realm and starlight energy from space.

After the Holy Violet Imperial Commander received the buff, he threw a punch at Chu Kuangren. His vast Immortal's Core energy transformed into a violet planet that crashed down onto Chu Kuangren.

It was but the first of many!

He channeled his Immortal Technique repeatedly and hurled violet planets at Chu Kuangren furiously like it was raining planets!

There was no window for one to even catch a breath!

Nevertheless, Chu Kuangren stood in the air calmly. The nine True Emperor Dragons behind him swirled as he channeled his Gilded Physical Body Trait to its limit.

He basked in the endless golden Immortal Sparks.

“Divine Thunder Fist!”

Millions of thunderbolts erupted and were shot into the storm of planets!

Planets and thunderbolts clashed and caused a massive explosion.

Deafening explosions went off in the void and almost shattered the battlefield. Even the void was exposed bare.

Not only that, but the stray energy streams from the explosion were strong enough to send the other sky-prides fleeing.

Kaboom!

Chu Kuangren and the Holy Violet Imperial Commander continued to clash in the air as a ball of golden and violet light.

Each collision felt like two planets crashing into each other, causing the realm to tremble.

After the clash between Immortal Techniques and divine ability, the two continued the battle in close combat.

Punches versus punches, and palm strike versus palm strike!

Each exchange of punch and palm released thundering explosions. Even the stray energy streams were as strong as a storm that could wreak havoc on earth.

The physical fight between the two was terrifying!

In every single place that the fight reached, mountains would crumble, and space would collapse.

The Great Frost Dragon Mountain’s endless blizzard was blasted away forcefully! Their fight even caused the weather to change!

“Holy Violet Nova Explosion!”

The Holy Violet Imperial Commander gathered the violet starlight at his palm and launched it forward.

Chu Kuangren stood firm against the attack, and Celestial Demon qi started to swirl, forming a mini black hole in his palm.

A planet and a black hole clashed once again!

The two of them did not only fight brutally and deftly with their physical bodies, but their mastery over their respective Immortal Techniques and divine abilities could also rival some of the Arch Gilded Immortals.

“If that’s all you got, killing me is complete nonsense!”

Chu Kuangren successfully seized one of the Holy Violet Imperial Commander’s flaws and threw multiple punches at it.

The Holy Violet Imperial Commander had increased his Holy Violet Protective Immortal's Core to that of a Third-grade Gilded Immortal, but the punch still managed to shatter it.

Sounds of bones cracking could be heard.

The Holy Violet Imperial Commander was blasted away with blood spurting out his mouth, and his chest caved in severely.

On the other hand, Chu Kuangren did not even catch a speck of dust on his robes, and his breath remained steady after a fierce few rounds. He did not even suffer a scratch!

He pointed his sword hand sign forward. The blood and qi energy rose higher and together with his Sword Dao technique as he continued to unleash his attacks.

The Infinite Void Sword left a massive and bloody mark on the Holy Violet Imperial Commander, and his body started to crack inch by inch.

Cough!

"Your strength is indeed terrifying. Even if I fight with all I've got, I might not be your match, but you seem like you're not fighting at your fullest!"

The Holy Violet Imperial Commander spat out a mouthful of blood before he took a pill from his pocket.

As the pill entered his abdomen, his injuries started to heal rapidly. Even the cracks on his body started to revert and rejuvenate.

"Yeah, I am not fighting at my fullest because I want to see what else you have under that sleeve of yours," Chu Kuangren said coldly with his hands behind his back.

He had not even used the Black Annihilation Lotus or the Nine Province Cauldrons.

"You're confident in yourself, but overconfident equals arrogance," the Holy Violet Imperial Commander said.

Then, violet starlight energy surged and shot up into the sky.

The starlight intertwined in the void and shook the starry sky.

Countless stars started to move as though they had been triggered by a certain energy.

Starlight energy swirled and gathered above the Holy Violet Imperial Commander before fusing with his original violet starlight energy.

A dazzling crown, carved with endless mystical Daoist patterns, appeared above his head.

Following that, a boundless surge of energy spread and scattered into the area.

"That's the Holy Violet Crown!" one of the great ones in space cried in awe.

"I didn't expect the Holy Violet Imperial Commander to have found this item!"

"The Embodier Weapon left behind by the Holy Violet Immortal Emperor, the Holy Violet Crown! What a surprise!"

The great ones that lived on the Holy Violet Emperor Planet were more surprised than the others.

“The Holy Violet Crown is the Embodier Weapon from the Holy Violet Immortal Emperor. Legend has it that whosoever controls this item can become the ruler of the Holy Violet Emperor Planet!”

“In other words, the Holy Violet Imperial Commander has the power to release us from the shackles of this planet!”

Chapter 1444: The Ultimate Killing Tactic, Always Surprising, Transcendental Force

The Holy Violet Crown was the Embodier Weapon of the Holy Violet Immortal Emperor.

There was an ancient legend circulating around the Holy Violet Emperor Planet for ages that whoever acquired the Holy Violet Crown would be the ruler of the planet, ruling over everything on the Holy Violet Emperor Planet, which included all the living beings on the planet.

“I didn’t expect the Holy Violet Imperial Commander to get the crown.”

“In other words, is every living being on the planet to worship the Holy Violet Imperial Commander from this moment onward?!”

“Oh my gosh! This is some authority he has gotten!”

“Apparently, the Holy Violet Emperor Planet is a prison that traps the living beings on it. Unless one can surpass the Holy Violet Immortal Emperor, no one can leave, and having the Holy Violet Crown means having the key to unlock the cage to release anyone on the planet! All the living beings on the planet will regain their freedom, so most of them will surely submit to the Holy Violet Imperial Commander!”

“Not only that, but the Holy Violet Imperial Commander with the crown is basically God on the planet. Even an Arch Gilded Immortal is not his match now that he has the crown with geographical advantage.”

A heated discussion sparked among the sky-prides.

They looked at the crown above the Holy Violet Imperial Commander’s head, and it felt like he had become the center of the planet. Deep down, they had the urge to bow and submit to his reign.

The great one from Kunlun Immortal Hall laughed from inside the void. “Hahaha! So this is the Holy Violet Imperial Commander’s final trump card? The power to control the entire Holy Violet Emperor Planet?”

The great one from Eastern Sovereign Immortal Hall reacted bitterly because the Divine Daoist and Divine Maiden were still on the planet.

The Holy Violet Imperial Commander with the crown had absolute power over all living beings on the planet, including controlling one’s life and death.

The two great Immortal Halls were rivals, to begin with, and once the Holy Violet Imperial Commander was done with Chu Kuangren, he would probably go after the Eastern Sky Divine Daoist and the Great Arbiter Divine Maiden.

Somewhere in the Immortal World, a man in green robes riding a mule suddenly opened his eyes and stared in the direction of Holy Violet Emperor Planet. "It seems like things have just gotten a little tricky."

Beside the man in green was a buff man in white robes. He narrowed his eyes and said, "If something happens to the boy, I'll turn the Immortal Hall upside down!"

One of these two men was Mister Zhang of the Hundred Academy, and the other was Bei Ming, one of the Seven Celestial Demons.

"Hold up. You should know Chu Kuangren has a plethora of tricks under his sleeve. Maybe he has a way around this too. Let's just wait and see."

Back at Frost Dragon Mountain on Holy Violet Emperor Planet, with the crown above the Holy Violet Imperial Commander's head, his energy started to fuse with the planet.

His cultivation level remained the same, but he started to emanate a vast aura that of a planet.

"Interesting. So this is your final trump card?" Chu Kuangren's lips curled into a smile.

"Alert. Target's energy is resonating with the Holy Violet Emperor Planet..." Lil Ai's voice sounded in Chu Kuangren's head.

Following Lil Ai's analysis, Chu Kuangren slowly got a general understanding of the Holy Violet Crown.

The Holy Violet Crown was similar to his Samsara Emperor Seal.

With the Samsara Emperor Seal, he had absolute control over all the beings in Fengdu Underworld City.

The Holy Violet Crown had a similar effect, but the location was an entire planet instead of a city.

"Chu Kuangren, I have to give it to you. The fact that you can smile under such circumstances, you're really a bold one!"

The Holy Violet Imperial Commander did not conceal his admiration for Chu Kuangren. However, it was soon replaced by intense killing intents.

"Unfortunately, the better you are, the more I have to kill you. Be it yourself or the fate of the Human Emperor, your existence alone defies the Immortal Hall and me. Only when you're dead can we rest!"

"You guys are that afraid of me, huh?" Chu Kuangren smiled.

"Yes, we are."

The Holy Violet Imperial Commander did not try to conceal the fact and acknowledged it brazenly.

He raised his hand into the air, and countless violet restriction seals started to appear from the void.

They were the restriction seals that the Holy Violet Immortal Emperor left behind on the planet.

The restriction seals were turned into chains to bind Chu Kuangren. Although it was only an instant, they managed to seal off his cultivation base.

Chu Kuangren tried to channel his Immortal's Core energy, but he realized there was no reaction from his body.

"It's useless, Chu Kuangren. The restriction seals are from the Holy Violet Immortal Emperor himself. It binds all the living beings on the planet, and not even a fellow Arch Gilded Immortal can resist it, let alone you, who isn't even a Gilded Immortal," the Holy Violet Imperial Commander said condescendingly.

In his opinion, Chu Kuangren was nothing more than an ant in his palm waiting to be squashed.

"Die!"

The Holy Violet Imperial Commander raised his hand and launched a sword qi at Chu Kuangren.

The slash was strong enough to slay a Gilded Immortal and anything else beneath it, let alone Chu Kuangren with no cultivation base at all.

Under that sword qi's effects, Chu Kuangren could not channel his Immortal's Core energy, or display his Gilded Physical Body Trait of his physical body. Even his soul energy was locked.

"Hoho!"

"Cultivation base locked, physical body restricted, and soul energy sealed? This is probably the ultimate killing tactic for Chu Kuangren. I believe not even an Arch Gilded Immortal can do anything against the restriction seals left behind by an Embodier great one."

"To everyone else, I might already be dead, but too bad..."

All of a sudden, a terrifying aura erupted from Chu Kuangren.

It even shattered the sword qi from the Holy Violet Imperial Commander!

"I, Chu Kuangren, am always full of surprises!"

As his words echoed in the sky, Chu Kuangren stepped forward, breaking free from the chains that bound him down.

"How is this possible?!"

The Holy Violet Imperial Commander's eyes shrank in fear. What happened was deemed inconceivable to him.

In fact, not only he, but even the other great ones were in awe.

Chu Kuangren suddenly had a transcendental aura on him, as though he had surpassed the realm's existence itself.

"This energy... Is it the transcendental power?"

"How is this even possible? How can someone who is not a Gilded Immortal possess transcendental power?!"

The great ones' eyes widened at Chu Kuangren in shock.

What exactly was transcendental power?

As its name suggested, it was a power that transcended every earthly shackles and logic.

A Transcendentalist had transcended beyond the Five Ways and Three Realms — broken free from the shackles of fate and could ignore the restrictions of the Universal Dao.

He would be someone equal to the Universal Dao itself.

The transcendental power was sought after by countless cultivators, including Embodiers and even Primordials!

Things had just gone out of control!

Everyone glued their eyes to the transcendental power on Chu Kuangren's body with utmost passion and desire.

The power that everyone sought was just before their eyes.

"No, this isn't right. If Chu Kuangren is a Transcendentalist, why is his cultivation level stuck at the Gilded Immortal Realm?"

"That's simple. He must have been holding a great secret in him."

Everyone was shocked and then baffled by the realization.

Regardless, Chu Kuangren possessed transcendental power, and it was a solid fact.

"How is this even possible..."

Other than being shocked, the great ones from Kunlun Immortal Hall were in awe and disbelief.

They thought that with the Holy Violet Crown, the Holy Violet Imperial Commander could overpower Chu Kuangren.

However, who would have thought that Chu Kuangren would possess transcendental power?

Not even the Universal Dao itself could overpower the transcendental power, let alone the restriction seals left behind by the Holy Violet Immortal Emperor!

Chapter 1445: Killing Holy Violet Imperial Commander, Trying To Get The Holy Violet Crown, Beiming Made A Move

The transcendental power was actually Chu Kuangren's Mini Universe Power.

It was not bound to the laws and rules of the Universal Dao because it was energy from another universe.

Therefore, even the restriction seals left behind by the Holy Violet Immortal Emperor failed to restrict it.

As soon as the transcendental power appeared, Chu Kuangren was filled with energy that he had never felt before.

His Mini Universe Power had grown stronger following the expansion of his Pocket Universe.

He felt like he could use the Mini Universe Power to kill a Higher Third-grade Gilded Immortal with ease.

In fact, the Mini Universe Power was terrifying not because of its sheer power, but because it was not bound to the shackles of this universe.

Not only the Mini Universe Power, but even Chu Kuangren's own Dao had transcended beyond the rules of this universe.

However, his Dao was closely related to his cultivation base. Even if he could transcend beyond the rules, his cultivation base remained shackled, and he could not bring out its fullest potential, hence the Mini Universe Power.

"Impossible. Impossible... How is it possible for you to possess such power?!"

The Holy Violet Imperial Commander was stunned as things had developed far beyond his comprehension.

He thought that with the Holy Violet Crown, the fight would already be over before it started. However, who would have thought Chu Kuangren would bring such power to the fight and turn the tide completely?

He had never heard of transcendental power before because he had not achieved such a level yet. However, the fact that it was not affected by the Holy Violet's restriction was more than enough to terrify him.

"Now, it's time to deal with you once and for all," Chu Kuangren said nonchalantly as he looked at the Holy Violet Imperial Commander coldly.

Taking a step forward, he put his hand out, and a black hole that could devour the realm manifested in his palm.

The black hole formed using the Mini Universe Power was far stronger than the one he cast before.

The Holy Violet Imperial Commander felt like he was locked on by a terrifying beast that could swallow the universe. There was no way for him to escape, so he bit the bullet and put every effort into defending himself.

"Holy Violet Nova Explosion!"

As the Holy Violet starlight's energy manifested in the void, countless Daoist patterns formed a massive planet and crashed toward the black hole.

However, the attack was ineffective against the black hole, which was strong enough to devour everything in the realm, including the manifested starlight energy.

As such, the Daoist patterns on it were easily shattered.

Having been hit, the Holy Violet Imperial Commander broke his Holy Violet Protective Immortal's Core in an instant and was sent flying away with blood spurting out of his mouth.

“Impossible, impossible...”

The Holy Violet Imperial Commander continued to mumble his disbelief. He did not have the confidence to believe what had just happened before his eyes.

It was worth noting that he placed all his hope of defeating Chu Kuangren into the Holy Violet Crown. In order to search for and refine the item, he went through the hell and succeeded in the end.

Little did he know that the final trump card he placed his hopes into was nothing before Chu Kuangren. The cruel reality crushed his mentality and ruined his beliefs.

“The Holy Violet Crown was left behind by the Holy Violet Immortal Emperor. It blocks even an Arch Gilded Immortal, so why the hell is it ineffective on you? It’s impossible!”

The Holy Violet Imperial Commander’s eyes bulged in anger as he shouted his disbelief and confusion at Chu Kuangren.

“You placed your hopes in some item that isn’t part of your own body. How dare you compare yourself with me?” Chu Kuangren said.

He pointed his sword hand sign forward, and the Mini Universe Power started to gather at the tip.

Then, he unleashed an attack with his sword hand sign.

The attack that contained countless Daoist patterns felt like it could cut ten thousand different Daos with its rampant force.

It was the Blade of Zhou, Infinite Void Sword!

The Infinite Void Sword crushed the violet restriction seals and hit the Holy Violet Imperial Commander.

Bang!

A large bloody scar was left on the Holy Violet Imperial Commander’s abdomen. Blood gushed out in a mist of blood spewing about as he collapsed on the ground like a piece of rag.

“No, I’ll die if I stay here! I must leave!”

The Holy Violet Imperial Commander had no idea where Chu Kuangren got the transcendental power, but he knew he was no longer Chu Kuangren’s match.

With a quick thought, he channeled his Holy Violet Immortal’s Core to the limit and shot multiple dazzling planets at Chu Kuangren.

“What useless attacks,” Chu Kuangren said.

After that, he threw a punch while activating the divine ability of the Black Hole Celestial Demon Physique.

Just like that, the Black Hole Massive Distortion was activated!

An invisible energy field erupted and swept across the field.

Under the attack of the distortion force, all living beings died, and countless stars dimmed out before collapsing.

The Holy Violet Imperial Commander did not expect his attack to be effective against Chu Kuangren. Hence, after throwing a nervous attack at Chu Kuangren, he turned around and fled.

“Trying to flee? You’re too naive to even think about that.”

The moment Chu Kuangren took another step forward, countless silver Daoist patterns spread out from him and rapidly enveloped the entire field within it.

It was the Spacetime Sealing Technique!

“Trying to seal me? Dream on!” the Holy Violet Imperial Commander grunted. Then, he channeled the Holy Violet restriction seals in an attempt to negate the Spacetime Sealing Technique. However, what followed was not his escape but the horrified expression on his face.

It was useless!

The Holy Violet restriction seals were useless against the Spacetime Sealing Technique!”

Chu Kuangren was not surprised at all. The Spacetime Sealing Technique was cast using the Mini Universe Power, so it was natural that the Holy Violet restriction seals would not work against it.

It was a pity that the Holy Violet restriction seals were only used to restrict the target. If it had other effects, such as attack or defense, it might still be useful.

However, restricting the transcendental power?

It was impossible!

“Damn it! Damn it!”

Caught within the Spacetime Sealing Technique, the Holy Violet Imperial Commander froze in mid-air and could not even move a muscle. Even his thoughts started to slow down.

The Spacetime Sealing Technique did not only seal space. It also sealed time.

Chu Kuangren casually moved closer to the Holy Violet Imperial Commander, whose head he pointed his sword hand sign at and shot a sword qi into it.

A stream of blood mist burst from the back of the Holy Violet Imperial Commander’s head, and what followed was his vital force fading rapidly.

An Imperial Commander died just like that.

Everyone could not believe what they just witnessed.

From the moment the Holy Violet Imperial Commander cast the Holy Violet restrictions to when Chu Kuangren killed him, everything happened in just a matter of seconds or probably only in a few breaths’ time.

“Is the Holy Violet Imperial Commander dead?!”

“How is this even possible?!”

“What power is that? How could Chu Kuangren ignore the Holy Violet restriction seals?”

“Oh my God! Even an Arch Gilded Immortal could not escape its restriction, but Chu Kuangren can? He’s a monster!”

“What is Chu Kuangren? He’s no longer the common being that we know of.”

Everyone looked at Chu Kuangren with eyes filled with deterrence and horror.

However, Chu Kuangren did not care about the attention. He simply looked at the Holy Violet Crown in the air and somehow reacted strangely to it.

The Holy Violet Crown was indeed a great item as it allowed its wearer to control the Holy Violet restriction seals or, in other words, the living beings on the planet.

If he could refine it, it would probably be a great help to him.

The thought ushered him to grab the crown.

However, a terrifyingly powerful surge of energy came from the void, containing a brazen Arch Gilded intent.

The great one from the Immortal Hall was finally making a move!

Similar to when the great one from the Eastern Sovereign Immortal Hall retrieved the Mountain Ghoul Divine Seal, the great one from the Kunlun Immortal Hall did not want Chu Kuangren to get the Holy Violet Crown either.

It was at that moment, another Arch Gilded intent erupted from further away.

That Arch Gilded Intent contained massive Celestial Demon energy, and Chu Kuangren was familiar with it.

It was Bei Ming! He did something!

Chapter 1446: It’s Great Having A Great One’s Protection, Interstellar Arena’s Celestial Tablet

Chu Kuangren attempted to get the Holy Violet Crown but was stopped by the great one from Kunlun Immortal Hall.

However, Bei Ming, who had been watching the battle at the Holy Violet Emperor Planet, made a move at a critical moment.

Two powerful Arch Gilded intents clashed in the void, and a heavy grunt could be heard. Then, the intent of the Immortal Hall’s great one started to ebb like the tide.

The clash happened within a blink of an eye, but Chu Kuangren could feel the void plunge into chaos because of it. A massive area of the void was wrecked because of the stray energy streams from the clash. It was like a typhoon wiping over the land.

The void trembled until it was on the brink of shattering.

“It seems like Bei Ming has the upper hand.”

Chu Kuangren sighed a breath of relief when he sensed the Immortal Hall’s great one retreating.

It felt great having a great one watching over his back!

With that, he put the Holy Violet Crown away and planned to find a quiet place to refine it.

On the other hand, the great one from the Immortal Hall reacted with a pale expression and a horrified look.

“Bei Ming is almost breaking through into the Embodier Realm!”

Although it was a clash between two Arch Gilded intent, he clearly felt the terrifying energy presence and the Daoist law’s energy contained inside.

The Daoist law was the power exclusive to the Embodier Realm!

“The Seven Celestial Demons rarely made a move against anyone. Now that Bei Ming’s strength is close to that of the Embodier Realm, I wonder how are the other six doing.”

“The ancient Celestial Demon Tribe is not to be underestimated.”

“Especially the legendary one...”

Not only the great one from the Immortal Hall, but even the others also sensed the swift clash and were similarly shocked.

There were only a handful of Embodier great ones in this current universe, and even the most powerful overlord-level force barely had any Embodier great ones.

Most of the Embodier great ones from ancient times never showed themselves in public.

Somewhere in the Immortal World, Bei Ming gradually retracted his Arch Gilded Intent. He grunted and said, “Hmph! I didn’t want to meddle with their affairs, but does he really think the Celestial Demon Tribe is weak?”

Mister Zhang clicked his tongue in awe. “It seems like Brother Bei Ming is breaking through that realm ahead of me.”

“Haha, I’m not that far ahead. I’m only one step ahead of you.” Bei Ming chuckled. He knew Mister Zhang was as powerful as himself and should not be underestimated.

The real pillar of strength of the Hundred Academy was Mister Zhang, the one who traveled across the Immortal World all year long.

“Who would have thought that the kid would possess the transcendental power? This is surprising.”

“I’m afraid he might attract unwanted attention, especially from the old ones...” Mister Zhang voiced his concerns.

The transcendental power was the power sought after by all cultivators in the universe, including the Embodier Realm great ones.

Chu Kuangren was not even a Gilded Immortal, yet he possessed such power. It was only understandable that the old Embodier great ones would decide to do something instead of sitting back and watching.

"If those old bastards dare to do anything to him, the Celestial Demon Tribe wouldn't mind causing chaos again."

Where heaven and earth collapsed, chaos would befall once more!

Chaos was a phenomenon caused by absolute terror, and even the Embodier great ones feared it.

Bei Ming's words allowed Mister Zhang to have a deeper understanding of the Celestial Demon Tribe's capabilities. It seemed like they had no lack of Embodier cultivators among them.

"That kid has a lot of karma on him. Even an Embodier great one wouldn't dare to simply touch him. Besides, he's still in the Battle of the Heavenly Champions, so there's no need to worry for now," Mister Zhang said.

The Arch Gilded Immortals dared not simply make a move against the Heavenly Champions, and the same went for the Embodier great ones.

"Huh? Something is happening to the Interstellar Arena..."

A single star flickered brightly in the sky, followed by tens of thousands more, lighting the dark sky bright.

The Seventy-two Hellish Planets, the Big Dipper Thirty-six Stars, the Four Constellations, the Big Dipper itself, and the Circumstantial Stars were all shining brightly.

Countless starlights in the Interstellar Arena shone and intertwined, forming a massive ring that could shadow a continent. Countless Daoist patterns gathered above it, and its godly light shadowed the brightest stars in the universe.

Countless great ones widened their eyes at the phenomenon.

"That's the Celestial Table and the Interstellar Arena! The final trial has arrived!"

"Legend has it that whoever can last until the end in the ring shall receive the Interstellar Arena's final Opportunity of Fortune!"

"The ring has finally appeared."

The appearance of the Interstellar Ring sent every sky-pride into a frenzy.

All the sky-prides longed for the final Opportunity of Fortune of the Interstellar Arena.

Some of them arrived at the ring and tried to go inside but were immediately blasted away by a powerful force.

"What's wrong? I can't go in."

"Wait. Look at the tablet. There are words on it."

Some of the sky-prides noticed the writing on the Celestial Tablet.

‘Leave your name here and enter the ring!’

As literal as it could be, one would have to leave the name on the tablet before entering the ring.

“That’s easy!”

One of the sky-prides cackled with laughter and flew up to the tablet with his sword. Then, he channeled his Immortal’s Core and tried to carve his name onto the tablet.

However, no matter how strong his sword qi was, it did not leave a mark on the tablet.

The massive Celestial Tablet did not even budge!

“How is this possible?”

The sky-pride was stunned.

He was not weak by any means. He was only one step shy from achieving the True Immortal Realm, but even he failed to leave his name on the tablet.

It seemed like entering the ring was not as easy as he expected.

“This Interstellar Ring is prepared specifically for those top-notch sky-prides and Prodigies,” said one of the sky-prides reluctantly.

The Opportunity of Fortune was right in front of their eyes, but they were not even qualified to enter.

“This is life.”

One of them exclaimed sentimentally and left.

Back at Holy Violet Emperor Planet, after Chu Kuangren acquired the Holy Violet Crown, he noticed the appearance of the Interstellar Ring.

He narrowed his eyes in the direction of the phenomenon.

“Interstellar Arena’s final Opportunity of Fortune, huh? Interesting.”

Chu Kuangren did not fly over to the ring immediately since it would be there for some time.

Instead, he sent the Skeletal Yin General back to Fengdu and then turned to the Feng Clan Forefather.

He nodded and said, “Thank you for your assistance.”

“Since we have decided to follow you, this is our duty,” the Feng Clan Forefather said with a smile.

“After I refine the Holy Violet Crown, the Feng clan will be free,” Chu Kuangren said.

The Feng Clan Forefather’s eyes gleamed. “Thank you, Master!”

The other great ones watching from the dark reacted with a complicated look to Chu Kuangren’s words, especially the great ones from Holy Violet Emperor Planet.

Leaving the planet and regaining their freedom was their life goal, and now, it was entirely possible if they decided to submit to Chu Kuangren.

They could be like the Feng clan and regain their freedom! They would no longer be trapped on the planet and could go wherever they wanted!

Chapter 1447: Healing Iceworm Ru Xue, Refining The Holy Violet Crown, All Sky-Prides Escape

The Holy Violet Emperor Planet was a force that should not be underestimated. If he could master the power, the weight of his influence would be huge even in the Immortal World.

Before this, the Kunlun Immortal Hall had always wanted to own the Holy Violet Emperor Planet's beings to expand its power.

The Holy Violet Imperial Commander could achieve it after successfully finding the Holy Violet Crown. As long as he killed Chu Kuangren and plan his next steps slowly in the future, the Holy Violet Emperor Planet would completely surrender to the Immortal Hall. It was a strategy of killing two birds with one stone.

Unfortunately, it was all empty talk now.

"Damn it!"

"This time, not only did we lose an Imperial Commander, but Chu Kuangren even took a strategically important place like the Holy Violet Emperor Planet."

In the void, the Kunlun Immortal Hall's great one was extremely annoyed.

"Heh! Not only did the efforts of your Kunlun Immortal Hall fall short, but all of you even lost everything to him."

The East Sovereign Immortal Hall's great one smiled and said sarcastically when seeing his enemy defeated.

"Do you think this is a good sign?"

The Kunlun Immortal Hall's great one glanced at him. "If Chu Kuangren's strength continues to grow, none of our Prodigies will stand a chance. I wonder if the Eastern Sovereign Divine Daoist, who is the most powerful Prodigy and known as the ruler of the Nine Houses, can deal with Chu Kuangren."

The smile of the East Sovereign Immortal Hall's great one gradually faded upon hearing such a statement.

Indeed, he was delighted to see the Kunlun Immortal Hall defeated, but he was reluctant to see Chu Kuangren's strength continue growing as he was a huge threat to the younger generation.

Even the Eastern Sovereign Divine Daoist was probably not his opponent.

"He is the Human Emperor. I suppose both of our clans have to join forces again like during the Great Deification Calamity long ago."

"We won't take action if we're not fully confident."

...

In the Luo clan on the Holy Violet Emperor Planet, Chu Kuangren took out Iceworm Ru Xue. She was severely injured and had turned into an iceworm the size of a thumb, with a shape like a crystal-clear white jade, furry and cute.

He squeezed her lightly with his fingers. "Wake up."

As Iceworm Ru Xue woke up and opened her eyes, she noticed a handsome face in front of her.

However, his face was too huge for her.

After a few seconds, she realized it was because she had become tiny.

She lamented while looking at Chu Kuangren, who was getting close to her and observing her curiously. "What nice skin."

While Chu Kuangren was observing her from a close distance, she could see his face clearly. It was fair and flawless with no pores or pimple marks visible.

"Greetings, Master."

Iceworm Ru Xue raised her upper body and greeted Chu Kuangren.

"How do you feel?"

"Master, my life essence has been damaged. Therefore, it's difficult for me to recover in a short time, and it will take some time before I can transform."

It was painful to have gone through the bone-stripping and marrow-seizing procedure.

Although Chu Kuangren stopped the act in time, Iceworm Ru Xue still lost a lot of her life essence.

"Is it so?"

Chu Kuangren analyzed her with Lil Ai and noticed that even though she was severely injured, he could heal her easily.

Then, he took out a leaf of green grass, put it on his palm, and said, "Eat it."

"This is..."

As Iceworm Ru Xue looked at the grass that was about the size of her body, she sensed an incomparably intense life force from it. "The West Ruler Matriarch's Undying Elixir!"

She was knowledgeable, so she knew the origin of the medicine immediately.

"Master, this is way too precious."

"Let's cut the nonsense. It's worthless, and you'll give me a headache if you remain in this form," Chu Kuangren said indifferently.

It was merely a leaf of grass from the Undying Elixir, hence it did not bother him.

"I understood and will recover as soon as possible."

Iceworm Ru Xue nodded before hugging the leaf of grass and nibbling at it. Soon, a faint white jade-like radiance pervaded her body, and the life essence she had previously lost rapidly recover.

Chu Kuangren left her aside to let her recuperate on her own while he planned to have the closed-door meditation again.

The most important thing for him was to refine the Holy Violet Crown first as it was extraordinary.

Once it was refined, Chu Kuangren could master the restrictions on the Holy Violet Emperor Planet and thus control all beings on it.

There were various forces on the Holy Violet Emperor Planet, and some of them were Arch Gilded Immortals. If Chu Kuangren could control them, they would definitely be a great help to him in the future.

“Heh, the Kunlun Immortal Hall must be troubled about losing such a thing.”

Chu Kuangren smiled.

Soon after, he began to refine the Holy Violet Crown but noticed that a ray of will in the crown was resisting him.

It was a sliver of the Holy Violet Immortal Emperor’s will.

In the spiritual dimension, a violet light manifested in front of Chu Kuangren’s three Gilded Souls and then turned into a middle-aged man wearing a violet emperor robe. He was the Holy Violet Immortal Emperor!

“You’re a Human Emperor. Stop dreaming about refining the Holy Violet Crown!”

Although the Holy Violet Immortal Emperor was surprised that Chu Kuangren had three souls, his expression turned cold the next moment.

“You’re merely a sliver of will attached to an Immortal Weapon. What do you think you can do?” Chu Kuangren questioned indifferently.

As he took one step forward and formed a sword hand sign, a boundlessly domineering sword qi was released.

The Holy Violet Immortal Emperor wanted to resist the attack, but a violet radiance flashed across the eyes of Chu Kuangren’s two souls at that moment. It was the Violet Eye clan’s Violet Eye Technique!

Buzz!

When the Violet Eye Technique was cast, the Holy Violet Immortal Emperor’s remaining will was immediately hit by the impact and froze in place.

As the sword qi fell, his will turned into countless light spots and dissipated.

“Chu Kuangren, you can never imagine how powerful the Immortal Hall is. Moreover, you’re going against two Immortal Halls! I’ll wait for the day when your Immortal path ends!”

“Unfortunately, you’ll never see it,” Chu Kuangren said indifferently.

After slaying the Holy Violet Immortal Emperor's will, the Holy Violet Crown's refinement went smoothly, and it did not take long for Chu Kuangren to control it.

He felt that there was some kind of connection between him and the Holy Violet Emperor Planet after refining the Holy Violet Crown.

As he mobilized his thoughts, countless Holy Violet restriction seals emerged in the void.

In the Luo clan, the Luo Clan Leader and others looked at the restriction seals that suddenly appeared in the void with great excitement.

"He did it! He did it! Master Chu has succeeded in refining the Holy Violet Crown."

The Luo Clan Leader was excited because Chu Kuangren could freely manipulate the Holy Violet restriction seals after refining the Holy Violet Crown, which meant that they could have their freedom back!

Not only the Luo clan, but many great ones, who were paying attention to Chu Kuangren, also noticed the countless restriction seals that suddenly appeared in the sky above the Luo clan.

"It looks like Chu Kuangren has refined the Holy Violet Crown."

"From now on, the Holy Violet Emperor Planet will be under Chu Kuangren's control. The Kunlun Immortal Hall must be panicking now."

Somewhere in the universe, the Eastern Sky Divine Daoist and Great Arbiter Divine Maiden looked at the restriction seals that emerged above the Luo clan with a conflicted gaze.

"We shall leave the Holy Violet Emperor Planet before he's fully familiar with the Holy Violet restriction seals. Otherwise, it will be difficult for us to leave," said the Eastern Sky Divine Daoist.

Although the Eastern Sky Divine Daoist had yet to explore the many treasures on the Holy Violet Emperor Planet, it was more important to save his life than to pursue those treasures!

Chu Kuangren was now the ruler of the Holy Violet Emperor Planet, and it was useless even if an Arch Gilded Immortal came to their rescue. Therefore, they could only leave as quickly as possible. Fortunately, they were Heavenly Champions who possessed the will of the Immortal World and not Holy Violet Emperor Planet's native beings. Hence, they could leave without being specifically targeted.

Besides the Eastern Sky Divine Daoist and others, the rest of the sky-prides and Heavenly Champions also left the Holy Violet Emperor Planet as soon as possible, for fear of being targeted by Chu Kuangren.

There was no exception to sky-prides like Xuanyuan's successor, the Golden Crow Pseudo-Forefather, and Shi Tianxuan, who had grievances with Chu Kuangren.

Chapter 1448: Hellion Temple King Successor, Prodigies of All Forces Meet

In the Luo clan, Chu Kuangren's act of refining the Holy Violet Crown caused a huge reaction, and many people left the Holy Violet Emperor Planet one after another.

Those people were all Heavenly Champions and sky-prides that possessed the will of the Immortal World. As for the native beings, they were not as lucky and could not leave at all.

They could only stay where they were while waiting for Chu Kuangren's decision.

However, Chu Kuangren did not take action immediately as he was still in his closed-door meditation in the Luo clan.

What he had to do next was to refine a hundred Snowy Lotus that he brought back from Frost Dragon Mountain!

Those Snowy Lotus were of great use to him, and he intended to take that opportunity to break through to the Gilded Immortal Realm!

As he was in the closed-door meditation, a lot was happening outside at the Interstellar Arena.

Sky-prides of all forces went to the Interstellar Ring to prepare to compete for the last Opportunity of Fortune.

Boom!

A sword qi was unleashed and left a name as it landed on the Celestial Tablet.

That was a top-notched sky-pride. Before him, many names were already on the Celestial Tablet, each of which was either a top-notched sky-pride or a Prodigy.

Winners of the combat in the Interstellar Ring would obtain feedback from the arena and have their cultivation enhanced, whereas losers would have their names removed from the tablet and would not be allowed to step into the arena again.

Those were the lucky losers. As for the unlucky ones, it was normal that they died in the Interstellar Ring.

At that moment, a fierce battle was going on in the Interstellar Ring.

Both opponents were powerful, and they were in the True Immortal Realm.

One of them, King Biancheng's successor who came from the Yincao Underworld City, had Yin qi circulating his body while the other was an avarice yokai beast.

As both of them fought fiercely, the avarice yokai beast was eventually defeated. He was sent flying by a palm attack, with blood spitting from his mouth, and almost died. Before King Biancheng's successor made another attack, he immediately conceded defeat.

Soon, a ray of light flashed, and the avarice yokai beast was teleported away from the arena.

Meanwhile, the body of King Biancheng's successor glowed, and his aura grew stronger. It was the feedback from the Interstellar Arena.

"As long as I win a few more battles, I can break through to the Seventh-grade True Immortal Realm!"

King Biancheng's successor became extremely excited upon sensing the strength in his body. He felt that he had made the right decision to come to the Interstellar Ring.

Then, he looked at the names on the Celestial Tablet and carefully selected the next opponent.

“Here he is. Chang Zhijing from the Demonic Dao’s Sword Demon Tribe!”

Chang Zhijing, the newest sky-pride in the Demonic Dao, had a Demon Blade that was quite famous in the Interstellar Arena. It was said that he possessed some Sword Demon inheritance too.

“Chang Zhijing, do you dare to fight with me?!” King Biancheng’s successor asked aloud.

Among the crowd, a young man holding a pitch-black sword suddenly opened his eyes and stared at King Biancheng’s successor. After sensing his aura, he said indifferently, “I refuse to.”

“Oh, are you scared?”

“You’ve won several battles in a row in the Interstellar Ring, and your cultivation has become stronger. However, since I just arrived, my winning rate won’t be as high if I were to fight you rashly,” Chang Zhijing said indifferently.

He was very clear about the strength gap between him and his opponent.

“Hmph, so smart of you.”

King Biancheng’s successor snorted. He challenged Chang Zhijing because he noticed it was Chang Zhijing’s first visit to the Interstellar Arena.

However, it seemed he was not the kind who was hot-headed and would lose his mind when provoked.

“Everyone who leaves a name on the tablet has three opportunities to reject challenges. Once the three chances are used up, and if the person refuses to fight again, his name will be removed. Chang Zhijing, you’ve just rejected once and have two chances left. Good luck to you.”

King Biancheng’s successor had no choice but to choose another opponent on the Celestial Tablet.

“Since you want to fight, I’ll accompany you!”

At that moment, an indifferent voice sounded.

Further away, a brilliant golden sword ray slashed toward the Celestial Tablet with infinite might!

With a bang, a name, Ji Wu, suddenly appeared on the Celestial Tablet!

The crowd was somewhat unfamiliar with the name.

However, everyone’s eyes widened in shock upon sensing the sword qi and looked into the distance.

A young man dressed in a golden robe and holding a long golden sword was slowly approaching them. He possessed an extravagant aura that made him look like a grand emperor of the human world.

As an incomparably powerful razor-sharp qi circulated the air, the surrounding stars swayed.

Meanwhile, many swordsmen felt the swords in their hands trembled, revealing a desire to surrender.

“It’s him!”

Chang Zhijing held the Demon Blade in his hand tightly and looked at the person who came with a solemn expression in his eyes. “It’s Xuanyuan’s successor!”

Ji Wu was the real name of Xuanyuan's successor!

"It's rumored that the Xuanyuan Sword in his hand is the Myriad Sword Supreme. It really lives up to its reputation. Even my Demon Blade trembled," Chang Zhijing thought and mumbled to himself.

The rest of the sky-prides also had solemn expressions.

"He has come."

"Apparently, his cultivation has improved by leaps and bounds after obtaining a great Opportunity of Fortune from the Holy Violet Emperor Planet's Heavenly Dao Spire. He has now broken through to the Eighth-grade True Immortal Realm."

"Not only that, but I heard his strength can even fight against a Gilded Immortal."

"I guess only Chu Kuangren, the monster, can defeat this person."

There was a lot of discussion among the sky-prides.

Apart from Chu Kuangren, Xuanyuan's successor was definitely one of the most outstanding beings in the Interstellar Arena.

Everyone had long separated him from other sky-prides as none could compare to him at all.

"Xuanyuan's successor? Well, his aura is indeed extraordinary."

King Biancheng's successor took a glance at Xuanyuan's successor and knew that he was not his opponent. "I refuse to fight with you."

"Hmph."

Xuanyuan's successor snorted and did not feel surprised.

Shortly after, a pitch-black whirlpool suddenly emerged in the void. An incomparably gloomy Yin qi spread out from the whirlpool and shook the space!

A man with a pale face walked out of the whirlpool, and his appearance brought a treacherous intent to the surrounding sky.

"Oh, it's you."

Xuanyuan's successor glanced at the person who had come with a solemn expression. "Hellion Temple King's successor!"

There were Ten Hellion Temple Kings in the Underworld, and the most powerful among them was the Hellion Temple King's successor!

It was said that he had obtained an Underworld treasure and mastered the karmic energy, which was extremely terrifying.

"Heh, it's not just me. Everyone else is here too," Hellion Temple King's successor said indifferently.

The moment he said those words, a shocking spear ray shot out from the distance and landed on the Celestial Tablet. Soon, a name was revealed — Shi Tianxuan!

He was the Sky Demon Tribe's successor of the Demonic Dao and the most powerful Prodigy who had mastered the Godkiller Spear!

Immediately after the spear ray, two surges of Supreme Yang energies that were like two huge uns erupted!

One glowed with golden Immortal Spark while another one flowed with crimson-colored brilliance!

Those two Supreme Yang energies landed on the Celestial Tablet with two names, Eastern Sky Divine Daoist and Golden Crow Pseudo-Forefather, engraved!

The crowd was in an uproar.

Another two top-notch Prodigies!

Then, another life-death Immortal Spark flowed out and slammed on the Celestial Tablet. It was the Great Arbiter Divine Maiden!

All Prodigies and sky-prides who had left their names on the tablet approached from all directions in the starry sky, and their vast aura filled the entire Interstellar Ring.

Top-notch Prodigies of all forces met in the arena.

Chapter 1449: All Prodigies' Plans, A Simpler Way Is More Effective

"What a big scene!"

"Indeed. This is my first time seeing so many Prodigies. It's really worth my visit."

"What do you think the scene will be like if these Prodigies start fighting?"

"It'll be amazing."

Prodigies of all forces gathered in the Interstellar Ring, and many sky-prides exclaimed upon seeing the scene.

As the Prodigies of all forces gathered in the arena, their aura circulated, and the atmosphere was solemn. However, they did not fight immediately because they were afraid of each other.

Everyone had left their names on the Celestial Tablet. Therefore, anyone lost in the battle would have his name removed from the tablet and would never have the chance to obtain the final Opportunities of Fortune.

"You guys must have returned from the Holy Violet Emperor Planet," said the Hellion Temple King's successor.

Upon hearing his words, everyone's eyes narrowed as if they recalled some unpleasant memories.

"Well, I should say you guys just escaped from the Holy Violet Emperor Planet. That's embarrassing."

The Hellion Temple King's successor continued saying after noticing several people's unpleasant expressions.

His words provoked all Prodigies present. Soon after, countless terrifying auras erupted and crushed the Hellion Temple King's successor.

"Hellion Temple King's successor, I don't mind accompanying you if a fight is what you want!" Xuanyuan's successor said in a cold tone.

"Me too."

Shi Tianxuan clenched the Godkiller Spear in his hand while his demonic qi soared and created turbulence in the void.

"Why are you guys so angry? Did I say something wrong?"

The Hellion Temple King's successor continued, "As far as I know, Chu Kuangren has refined the Holy Violet Crown. Didn't you guys escape because you were afraid of his attack?"

What he said was true, but the expressions of the crowd turned even more unpleasant as they heard his statement.

"Anyway, you guys don't have to worry anymore since you have left the Holy Violet Emperor Planet. Will you guys still be afraid of Chu Kuangren if he has the guts to come here?"

"N-No way. Are you guys really afraid of him?"

The Hellion Temple King's successor ignored everyone's unpleasant expressions and continued saying. Many sky-prides were amazed to see that, and the Hellion Temple King's successor was being sarcastic.

"Hellion Temple King's successor, what exactly do you mean?" the Eastern Sky Divine Daoist asked indifferently.

The Hellion Temple King's successor's expression turned serious and said, "Do you guys know a saying that's spreading in the Interstellar Arena?"

"What saying?"

"There are two types of sky-prides that exist in the universe. One of them is Chu Kuangren, whereas the other are the sky-prides besides Chu Kuangren!"

As soon as the Hellion Temple King successor finished speaking, all the Prodigies present clenched their fists with a trace of jealousy and dissatisfaction in their eyes.

The statement undoubtedly raised Chu Kuangren to an unbeatable status!

Since then, Chu Kuangren's status was higher than the rest of the sky-prides!

It was an honor to Chu Kuangren!

Everyone present was a Prodigy, and they had their pride.

How could they tolerate someone like Chu Kuangren?!

"Chu Kuangren is enviable," said the Hellion Temple King's successor.

"If you're here to flatter Chu Kuangren, you can stop talking," Shi Tianxuan said indifferently.

"No, I'm not. I'm here to discuss with you guys how to deal with Chu Kuangren."

"What do you mean?"

"Chu Kuangren's strength is beyond what a Prodigy can handle. Therefore, we must unite to defeat him! As you guys already know, the Interstellar Ring contains a huge Opportunity of Fortune. If we allow him to get the Opportunity of Fortune, we won't have any chance to catch up with him for the rest of our lives."

"Do you have any plans?"

"The Interstellar Ring is our opportunity. Every time we win a battle, we can get a gift from the arena to improve our cultivation. With our strength, we can definitely gain huge improvement, but we must not be enemies."

The Hellion Temple King's successor's thought was simple. It was to defeat the rest of the sky-prides through the Interstellar Ring and improve his strength as much as possible.

As soon as Chu Kuangren arrived, everyone would utilize the attrition strategy and duel with him one by one to drain his energy, thus defeating him.

Even if they could not kill him, they absolutely could not let him obtain the Interstellar Ring's final Opportunity of Fortune.

"As simple as that?" Shi Tianxuan said while furrowing his brows. He thought the Hellion Temple King successor would have a wiser strategy.

"A simpler way is more effective, and a complicated way will have more flaws. As Chu Kuangren can make up for the lack of technique with terrifying brute force, it is difficult to deal with him with any other strategy, so this will be an effective way. Moreover, once you surrender in the Interstellar Ring, you will be teleported away. Therefore, our safety will be guaranteed if we fight in the arena."

What was the thing they were most afraid of while dueling with Chu Kuangren?

It was, of course, losing their lives after being defeated.

In the Interstellar Ring, they could save their lives if they surrender, which was the crucial point.

After all, as long as they survived, they would have chances to surpass Chu Kuangren in the future.

"It is simple to implement the attrition strategy in the arena. All we have to do is constantly wear down Chu Kuangren's strength and finally defeat him. However, the loser won't be able to step into the arena again, and the winner will eventually gain the Opportunity of Fortune. So, who will go forward to fight Chu Kuangren first, and who will be the last?"

Xuanyuan's successor mentioned one of the questions that everyone was most concerned about.

Besides defeating Chu Kuangren, the Interstellar Ring's final Opportunity of Fortune was also something that everyone cared about.

“We shall draw lots to decide who will go first. It all depends on our fate!”

“Alright!”

Everyone did not object because no one was confident in dealing with Chu Kuangren alone. Only when they were united would they have a chance to defeat him.

“The number of people involved in the battle of attrition is crucial, and they must be top-notch elites so that the winning possibility is high. Do you guys have candidates?” asked the Hellion Temple King’s successor.

“I, Demonic Dao’s sky-pride, can step forward,” Shi Tianxuan said while glancing at Chang Zhijing.

“Heh, it’s interesting to deal with Chu Kuangren. Do count me in.”

Chang Zhijing agreed.

“My two East Sovereign Immortal Hall’s Divine Daoists can step forward,” the East Sovereign Immortal Hall said indifferently.

Everyone’s eyes lit up upon hearing his statement.

Each of the Nine Houses Divine Daoists was a prodigy. If two more Divine Daoists made a move, it would be a huge help to the operation.

“There are still a few prodigies in the Great Ten Thousand Mountains, and I can discuss with them. Besides, I know a subspecies. If he makes a move, I believe that we will be more confident in dealing with Chu Kuangren,” said the Golden Crow Pseudo-Forefather.

Everyone was a little curious upon hearing his words.

Every subspecies was an extremely rare existence.

Not to mention, a subspecies that could increase confidence in this operation. It could be seen that the Golden Crow Pseudo-Forefather valued the person very much.

“I’m curious what kind of subspecies is it?”

“He’s from the Restricted Area.”

Hearing this, everyone’s pupils shrank slightly.

“A Restricted Area’s subspecies. Heh, it seems like he’s a big player.”

The Hellion Temple King successor chuckled.

The rest of the people also expressed that they would find some people to participate in the operation.

They were all prodigies and had wide networks. Therefore, it was not difficult for them to find some top-notch sky-prides and even prodigies.

“Chu Kuangren, the Interstellar Ring is the battlefield where we will make you fall out of your unbeatable status!”

All prodigies thought to themselves.

Chapter 1450: You Don't Have To Be Bothered By Me, Jue Wushen Achieves The Innate Celestial Demon Physique

Within a mountain range in the Holy Violet Emperor Planet, a figure dressed in white was sitting down with his legs crossed and dazzling immortal radiance circulated his body.

He was Chu Kuangren's clone and was safeguarding Chu Hong, Lan Yu and others.

Boom!

In the mountain range, two powerful auras suddenly erupted!

One of them had dazzling sacred light whereas the other one was scorching as if to burn heaven and earth!

As a valiant woman dressed in silver-white armor stepped out of the sacred light, her majestic Immortal's Core spread while thousands of kilometers of mountains and rivers collapsed!

In the endless flame, a phoenix cry resounded through heaven and earth!

"Here you are."

Chu Kuangren smiled lightly. They were Lan Yu and Chu Hong.

"Master."

"Brother."

The two women approached Chu Kuangren and soon noticed that the person before them was merely his clone.

"Brother, where has your true form gone?"

Chu Hong looked at Chu Kuangren with watery eyes and asked curiously.

"He is at the Golden Continent currently to sort out something."

Chu Kuangren smiled and said.

As he looked at the two women and mobilized his Immortal Consciousness, he realized that their cultivation had reached the Seventh Grade True Immortal Realm.

In addition to their talents, they were considered top-notch among a group of prodigies.

"Let's not talk about this. Brother, it seems to be something interesting over there."

Chu Hong looked into the depths of the starry sky with her eyes shining brightly.

What she meant was the Interstellar Ring. All sky-prides and prodigies could sense the arena when it appeared.

"It's indeed something interesting."

Chu Kuangren smiled lightly.

“Shall we go and have a look?”

“Sure. But Wang Chentian, Cao Yun, and others are still in the closed-door meditation. If I leave, I’m afraid no one is safeguarding them. Let’s just wait.”

After a few days, countless regulations and precepts emerged in the void. They were the academy’s conjuration, the Golden Rule Order!

Shortly after, Cao Yun was out of the closed-door meditation. He also knew about the Interstellar Ring and expressed his willingness to stay to protect the rest of the academy’s Heavenly Champions, so that Chu Kuangren, Lan Yu and others could go to the Interstellar Ring first.

“By the way, Master, is your true form going?” asked Lan Yu.

“My true form is breaking through the Gilded Immortal Pass, so I won’t go there for the time being.”

“Breaking through to the Gilded Immortal?”

Chu Hong was taken aback. “Brother, you are going to break through to the Gilded Immortal!”

“Yes.”

“It looks like there is still a huge gap between me and you, Brother,” said Chu Hong.

She thought that she would be able to catch up with Chu Kuangren after breaking through to the Seventh Grade True Immortal and did not expect that Chu Kuangren was going to break through to the Gilded Immortal.

There was a huge difference between True Immortal and Gilded Immortal!

Now, the gap of strength between the two of them was greater instead of getting smaller!

“Heh, you will have a great achievement in the future with your talent and strength. You don’t have to be bothered by me.”

Chu Kuangren rubbed Chu Hong’s little head.

One thing worth noting was that Chu Kuangren could not be judged by an ordinary sky-pride’s standard, and even a prodigy was far inferior to him. It was not a good thing to pursue his footsteps too persistently.

Therefore, one must do things based on his capability, and it was good enough to do his best.

His words were meant to advise Lan Yu too.

The two women nodded thoughtfully.

In fact, instead of catching up with Chu Kuangren’s strength, what they really wanted was to be by Chu Kuangren’s side.

Meanwhile, in the Luo Clan on the Holy Violet Emperor Planet, a vast Celestial Demon qi swept out of the Luo Clan and shook the universe!

The expressions of everyone in the Luo Clan changed when they noticed the scene.

“It’s a powerful Celestial Demon qi! Whose energy is this?!”

“It belongs to the prodigy next to Chu Kuangren!”

Squeak.

As the door opened, a figure in white strutted closer with immortal brilliance surrounding him. His powerful might made Yu Zhi, who came to check it out, slightly surprised.

“Jue Wushen’s aura has experienced a huge change!”

Qing Feng’s eyes had immortal brilliance flowing and runes flickering. The Azure Phoenix’s Eye was activated to gain insight into the delusions and nature of all things!

Then, she said in surprise, “Turning from being pseudo to innate. His Celestial Demon Physique has been upgraded from the pseudo form to the innate form!”

The innate and pseudo were the nature differences.

“It’s the Celestial Demon Heart that Brother Chu gave him.”

“Should be.”

As Jue Wushen stepped out proudly, his Celestial Demon qi shocked the universe!

Even the Luo Clan Leader, a Gilded Immortal, could not help but feel a little pressure.

“What are those monsters beside Master Chu?”

The Luo Clan Leader mumbled. He was more determined to follow Chu Kuangren.

Luo Yan’s expression was solemn when she noticed Jue Wushen’s aura. “Master is surrounded by excellent prodigies. I must act quickly.”

She was also a prodigy that possessed the Scarlet Tear and with great potential.

However, those people around Chu Kuangren were not to be messed with as they were all excellent prodigies!

Her talent was not outstanding.

“Is this the real power of the Void Celestial Demon Physique? I feel that I can now fight against a Gilded Immortal with such a power!”

Jue Wushen mumbled while sensing the energy in him, but he was not the least bit complacent.

It was because he had a king above him. Compared to Chu Kuangren, his achievement meant nothing.

He could only fight against a Gilded Immortal while Chu Kuangren had already killed numerous Gilded Immortals.

“Next, it’s time for me to go to the Interstellar Ring to have a look.”

Jue Wushen looked at the starry sky in the distance with his eyes flashing with light, "Since the king is in the closed-door meditation, let me explore the way for him first."

"Brother Wushen, are you going to the Interstellar Ring?"

At this moment, Yu Zhi approached him and asked.

"Yes indeed."

"We're planning the same too. Let's go together."

"Alright."

Jue Wushen nodded.

At the Interstellar Ring in the Interstellar Arena, dozens of sky-prides were fighting fiercely.

The Interstellar Ring was large enough to accommodate multiple sky-prides battling.

Several sky-prides performed extremely well among them. They were Xuanyuan's successor, Hellion Temple King successor, Golden Crow Pseudo-Forefather, and other prodigies.

After going through a few battles, they had defeated many sky-prides, and their cultivation had grown more or less due to the rewards given by the Interstellar Ring.

Boom!

As a golden sword qi was unleashed, a sky-pride, who was fighting against Xuanyuan's successor, was instantly blasted away!

He was also a top-notch sky-pride but he failed to even take a sword attack from the Xuanyuan's successor.

"These top-notch prodigies are too powerful, and they are not at the same level as us."

"Indeed. They are monsters."

A sky-pride lamented.

"I'm close!"

"I've already reached the Ultimate Ninth Grade True Immortal, and I'm close to breaking through to the Gilded Immortal Realm!"

Xuanyuan's successor took a deep breath and clenched his fists.

As he looked at the other side, he noticed a sky-pride, the Golden Crow Pseudo-Forefather, was fighting fiercely. His strength was incredible and no worse than him.

After all, he managed to reach the last level of the Heavenly Dao Spire and obtained the final Opportunity of Fortune.

"I wonder who is the subspecies that he has mentioned," mumbled Xuanyuan's successor.

The Golden Crow Pseudo-Forefather said that he had already contacted the subspecies, but he was refining an Opportunity of Fortune, and he could only come over when the refinement was done.

“I’d better improve my strength right now and break through the Gilded Immortal Realm!”

Xuanyuan’s successor took a deep breath, looked at the Celestial Tablet and began to search for his next opponent.

At this moment, majestic energy swept out in a distance, blasting toward the Celestial Tablet!
