

Unparalleled 1591

Chapter 1591 Is Everything Over? Nether Abyss Blood Ocean, Sin Buddha

“The Wicked Buddha shall be eliminated!”

The aura of the awakened Buddha Yun Lan swept across the universe, and her Buddhist Light soared into the sky and shook the earth. Her poise was extraordinary.

As she raised her hands, the supreme Buddhist Light converged into a giant golden palm that pressed downward as if to suppress the universe. It was heading straight at the Holy Dragon Abbot!

The Holy Dragon Abbot put up a stern look and channeled his strength to its fullest potential. “Demonic Technique Carnage, Surging Blood Ocean!”

The boundless Blood Ocean gushed toward the golden Buddha’s palm.

When the two forces collided, the Blood Ocean disappeared while the giant palm gained momentum!

With a bang, the Holy Dragon Abbot was swept away by the palm attack.

However, the giant golden palm kept pushing forward after that because its target was the bell tower!

“Her target is to destroy the source of the bell chimes!”

The Holy Dragon Abbot’s expression sank when he realized Buddha Yun Lan’s real intention. However, he could not resist the power of an Embodier great one!

Boom!

Following a startling explosion, the bell tower instantly turned into ashes!

With that, the bell chimes that reverberated between heaven and earth disappeared.

Countless monks and mortals, who were affected by the bell chimes, fell to the ground unconscious. However, the power that manipulated their minds gradually faded.

The Buddha Destroyer Bell was destroyed!

“No!” the Holy Dragon Abbot roared with dissatisfaction.

At that moment, Buddha Yun Lan came to the sky above him, and with a cold gaze, she said indifferently, “Wicked Buddha, go to hell!”

As she raised her hand again, Daoist law energy started flowing in her palm!

Even if the Holy Dragon Abbot possessed great cultivation, he was not an Embodier and was as insignificant as an ant before one. Soon, his body was crushed to dust on the spot.

However, Chu Kuangren pondered while looking at Holy Dragon Abbot’s ashes dissipate.

“It’s all over,” Buddha Yun Lan mumbled and scanned over the dead monks lying on the ground behind Chu Kuangren with grief.

Although she knew Chu Kuangren did that to end the catastrophe as soon as possible, she felt miserable over her fellow cultivators' death.

The Five Ways Pure Land had suffered heavy losses from this battle!

Even though the catastrophe was over, it would take an unknown amount of time for them to recover.

"I'll arrange for these people to have a good rebirth. If they wish, they can still devote themselves to the Buddhist world in their next life," said Chu Kuangren.

Buddha Yun Lan felt relieved after hearing his words. She pressed her palms together and said, "Thank you, Ghost Emperor."

She knew that Chu Kuangren was the Underworld Ghost Emperor. Since he controlled the entire Underworld, it would be an easy task for him to arrange the reincarnation of those people.

Boom! Boom...

Just when Buddha Yun Lan and Chu Kuangren thought everything was over, the earth suddenly trembled.

Under the shattered tower, a blood-colored beam of light suddenly shot up and penetrated the sky!

"What's going on?"

Buddha Yun Lan furrowed her brows, feeling slightly puzzled and uneasy.

The blood-colored beam of light that shot into the sky possessed strong and incredible Power of Faith that was gathered by the Buddha Destroyer Bell!

Soon after, a blood-colored whirlpool emerged in the sky, and inside it was a scene from another world.

It was the... Boundless Blood Ocean!

There seemed to be countless wild beasts lurking in it and faceless monsters in blood-red clothes hovering everywhere. They all emanated a weird energy fluctuation!

"Could this be the... Nether Abyss Blood Ocean?!"

A thought crossed Buddha Yun Lan's mind, and her eyes widened in horror.

Many of the Immortal World's great ones were also horrified.

"The Nether Abyss Blood Ocean has emerged!"

"No way. This isn't the Blood Ocean Fragment but the real Nether Abyss Blood Ocean! I can't believe this place hasn't disappeared yet!"

Everyone was shocked.

The Nether Abyss Blood Ocean was an ancient rumored Otherworldly Realm.

According to rumors, the Otherworldly Realm disappeared long ago in a catastrophe in ancient Immortal times and left only a few Blood Ocean Fragments in the universe, like the Desire World Sky Fragments.

Xue Kunpeng was born from one of those Blood Ocean Fragments.

However, the Nether Abyss Blood Ocean that emerged before everyone covered an extremely huge area, and those fragments were nothing compared to it!

It was as if the complete Nether Abyss Blood Ocean of the ancient Immortal times had emerged!

“Could the Nether Abyss Blood Ocean be the aim of Holy Dragon Pure Land?” Buddha Yun Lan said with a gloomy expression.

The Nether Abyss Blood Ocean was a creepy Otherworldly Realm in ancient Immortal times. According to rumors, Papiyas, the Desire World Sky Ruler, originated from the Nether Abyss Blood Ocean and created the Desire World Sky!

In addition, the Nether Abyss Blood Ocean also involved a terrifying existence from the ancient Immortal times — the Underworld River Cult Forefather!

Although he did not affirm Primordial Dao, his combat strength was not weaker than that of a Primordial!

“Haha. I’ve succeeded even though you guys stopped me in every possible way!”

A burst of laughter sounded from the blood-colored whirlpool.

Soon, a monk in a blood-red robe descended slowly from the whirlpool, while a terrifying Embodier aura permeated!

The monk looked to be in his early thirties, but his facial features were somewhat similar to the late Holy Dragon Abbot.

“I see. It seems that you’re the Holy Dragon Abbot’s true form,” Chu Kuangren said as he looked at the blood-robed monk in front of him.

“Oh? You knew that the Holy Dragon Abbot was just my thought form?”

“So what?”

“Ha! As expected of the greatest anomaly in the universe. Chu Kuangren, you’re amazing, but it’s a pity that you’re no use to me.”

A look of regret flashed across the eyes of the blood-robed monk.

Buddha Yun Lan looked at the blood-robed monk with a solemn gaze. “Are you the Embodier great one behind the Holy Dragon Pure Land?!”

“That’s right. I am... Sin Buddha!”

As the blood-robed monk, Sin Buddha, who was also the Holy Dragon Abbot’s real self, took a step forward, a surging Embodier aura came crashing down from all directions!

The Sin Buddha despised the Buddhist world to the core.

“How arrogant!”

Buddha Yun Lan grunted and then raised her hand to channel Buddhist Light before unleashing a palm attack toward the Sin Buddha.

The Sin Buddha's blood-colored robe trembled, and a powerful Embodier aura gushed out in the form of a blood-colored swastika symbol to shatter the Buddha's palm!

His strength was vaguely above that of Buddha Yun Lan!

However, Chu Kuangren was not concerned about the fight between Buddha Yun Lan and Sin Buddha.

He looked at the boundless blood ocean in the blood-colored whirlpool with a strange expression.

He could sense that something in the boundless Blood Ocean was attracting him.

"This is an interesting feeling."

"Could the Blood Ocean have something I need?" Chu Kuangren mumbled.

The Sin Buddha looked at Chu Kuangren and said, "Are you very interested in the Blood Ocean?"

"Yes."

"Heh, the Blood Ocean is filthy and full of resentment, especially after the Underworld River Cult Forefather disappeared. All the Immortal World's cultivators have been avoiding it, and you're interested in it?"

"Am I not allowed to?"

"Haha. Of course, you are. Back then, I also sensed the existence of the Blood Ocean and broke into it out of curiosity, not expecting to be trapped in it for countless years. If I hadn't tried my best to send out my thought form and planned to this day, I wonder how many years more I would've been trapped in there," the Sin Buddha lamented.

Chapter 1592 The Arrival of Buddha Jian Xing, Yuan Tu And Avici, Entering The Blood Ocean

Sin Buddha was the first awakened Buddha Destroyer!

Amidst his years of planning, he managed to raise his cultivation to the Perfected Arch Gilded Immortal Realm. However, he later sensed the existence of Blood Ocean and mistakenly entered it.

Although he obtained the Opportunity of Fortune in the Blood Ocean and raised his cultivation to the Embodier Realm, he was trapped in the Blood Ocean.

After that, he sent his thought form out of the Blood Ocean through the Heavenly Transcendence Technique and worked hard to find ways to rescue his real self from the Blood Ocean.

Eventually, he decided to use the Power of Faith as a medium to communicate with his real self in the Blood Ocean. Then, he could merge the Nether Abyss Blood Ocean with the Immortal World by joining forces from both sides to free his real self!

It was an excellent way!

Not only could he accomplish Papiyas' last will and destroy Buddha, but he could release himself through the emergence of the Blood Ocean.

However, he nearly failed because of Chu Kuangren's appearance.

Fortunately, he managed to gather enough Power of Faith to connect to the Blood Ocean.

"Chu Kuangren, what I said to you previously still counts. As long as you side with me, you will be only second to me!"

Sin Buddha extended the invitation to Chu Kuangren.

"Ridiculous. Do you think a Celestial Demon King and the future Immortal World Ruler like me will work for you?"

Chu Kuangren found it funny.

It was like asking a boss of a listed company with a market value of tens of billions to work for a business owner with a market value of barely over ten million.

Just how ridiculous was it?

"A Celestial Demon King and the future Immortal World Ruler?!"

"Haha. You have a great ambition, but it's a pity that what you want is also what I want!"

Sin Buddha laughed out loud and then pointed at the blood-colored whirlpool above him. "There are four hundred and eighty million Blood Divine Daoists, Ashura Tribe, Shiva Tribe, and the Four Great Demonic Generals in the Blood Ocean. Their energies can wipe out the entire Far West Land. I can even fight against the Immortal World's Immortal Halls!

"The will of the Immortal World and Battle of the Heavenly Champions are bullshit! I will make the Immortal World surrender to me in the future!" Sin Buddha announced his ambitions.

Many of Immortal World's great ones frowned upon hearing his statement.

They could sense that there were countless auras in the Nether Abyss Blood Ocean, and there were even Arch Gilded Immortal Realm elites among them!

If those forces were to come down from there, it would definitely cause a huge impact on the current Immortal World.

The Nether Abyss Blood Ocean was indeed not to be underestimated.

"Your ambitions will never be realized."

Buddha Yun Lan's expression was stern. If the Blood Ocean descended, the Far West Land would definitely bear the brunt of it.

Considering how they struggled to survive the Buddha Destroyer's catastrophe, they would not be able to withstand the Blood Ocean catastrophe!

"You can't stop me," said Sin Buddha.

“What if I join the fight?”

An indifferent voice sounded.

Not far away, an old monk in a cassock walked over, leaving white lotus flowers blooming in his trail!

He was Buddha Jian Xing, the one who suppressed the Spiritual Mountain’s Dao contamination black qi!

“Why are you here?”

Buddha Yun Lan furrowed her brows. “What about the Spiritual Mountain’s Dao contamination black qi?”

“It’s fine there for the time being,” said Buddha Jian Xing.

Buddha Yun Lan did not question much. She just stared at the Sin Buddha with a cold gaze.

Sin Buddha’s expression was solemn upon seeing the two Embodiers.

Then, two swords, which were blood-red all over and contained boundless murderous qi, appeared in his hand.

The moment the swords appeared, the particular space felt like it was hell on earth.

“The two swords are Yuan Tu and Avici!”

“Hiss. Aren’t they Underworld River Cult Forefather’s Murderous Supreme Treasures? They’re in the Sin Buddha’s hand!”

“My goodness. These two swords are as sharp as the Four Immortal Destruction Swords, and they are all High-grade Innate Source Supreme Treasures.”

Everyone gasped.

Yuan Tu and Avici were famous in ancient Immortal times.

Although their murderous qi was no weaker than the Four Immortal Destruction Swords, the four swords could be transformed into a sword formation. Therefore, they were superior to those two swords.

“Ever since I obtained these two swords, I haven’t yet met any appropriate opponent to test their power. It will be awesome to test them on both of you today!”

Sin Buddha’s body was filled with murderous qi when he held Yuan Tu and Avici.

The expressions of Buddha Jian Xing and Buddha Yun Lan were grim.

The power of the three great Embodiers collided with each other and distorted the particular space, causing the space to collapse silently. It was a terrifying scene.

Like a galaxy, dazzling Daoist laws surrounded the three of them.

Further away, Chu Kuangren stopped and watched with no intention of leaving, which puzzled some of Immortal World’s great ones.

“What is Chu Kuangren doing? Why is he not leaving?”

“Indeed. This is a battle of three great Embodiers, and he is merely an Arch Gilded Immortal. Getting so close to the battle like that, does he have a death wish?!”

“He is beyond common sense.”

All the great ones were engaged in a discussion, wondering what Chu Kuangren’s plan was.

Meanwhile, Sin Buddha kept an eye on Chu Kuangren’s movement. He was connected with the thought form’s mind, so he felt whatever the thought form had experienced.

Chu Kuangren’s crazy act of self-destructing the Embodier Weapon before that was still vivid in his memory.

Even though his real self was here now, the impact of the self-destructing Embodier Weapon was terrible.

What was more, Buddha Jian Xing and Buddha Yun Lan were now present.

No one would believe that an Arch Gilded Immortal could pose a threat to an Embodier, but it happened.

“Attack!”

At that moment, Buddha Yun Lan and Buddha Jian Xing made a move. Majestic Buddhist Light manifested as two golden palm prints containing Daoist law and compassionate intent and blasted toward Sin Buddha.

Sin Buddha made a move by unleashing a slash with the Yuan Tu and Avici in his hands!

Buzz!

As the swords swung about, sword rays tore apart mountains and rivers for millions of kilometers!

Sharp sword qi and Daoist laws gushed out from the two long blood-colored swords and smashed the two golden palm prints into pieces.

The aftermath of the joint Embodier battle was like a natural disaster, destroying everything around.

Chu Kuangren glanced at the monks lying on the ground in the Holy Dragon Pure Land. Then, he waved his sleeve and sent these people far away to prevent them from being affected by the Embodier’s might.

He remained standing where he was and observed the battle closely.

The collision between Daoist laws and the intersection of sword ray and Buddhist Light brought him some insights.

However, they were not the reason why he stayed.

He pondered while looking at the blood-colored whirlpool in the sky.

The next moment, he soared into the sky and dashed toward the Blood Ocean.

That scene shocked many great ones.

“Is he insane? He wants to enter the Nether Abyss Blood Ocean!”

“Is there anything interesting in there?”

“The Nether Abyss Blood Ocean is filthy and full of rage qi. There are also countless Blood Divine Daoists and Ashura in there, which makes it extremely dangerous. He is courting death for entering.”

Chu Kuangren was heading into the Nether Abyss Blood Ocean regardless of what those great ones’ thought.

As he got closer, the Blood Ocean’s filthy qi became more obvious.

Chu Kuangren could feel blood qi rushing toward him, but he still dashed into the Blood Ocean without any hesitation!

Chapter 1593 Blood Divine Daoists, Ashura Tribe, The Dead Soul Ocean

Chu Kuangren ignored the threat of the Blood Ocean and dashed into it alone.

Suddenly, the rage qi of the Nether Abyss Blood Ocean swept over, trying to devour him!

As the Green Lotus Mark on Chu Kuangren’s forehead flashed brilliantly, a green lotus slowly bloomed under his feet to prevent the rage qi from corroding him.

After entering the Blood Ocean, the first thing he saw was the boundless bloody water, and the smell of a sickening odor welcomed him.

Many faceless monsters in bloody clothing were patrolling the Blood Ocean.

As if they had sensed Chu Kuangren’s arrival, they turned to him with ferocious qi surging out from them.

Chu Kuangren looked at the countless Blood Divine Daoists before him with a strange expression.

Rumors had it that an innate spirit was once born in the Nether Abyss Blood Ocean. That innate spirit cultivated for many years and became a top-notch elite in ancient Immortal times. He called himself Master Daoist Underworld River!

Master Daoist Underworld River was from the Blood Ocean, and he used the Blood Ocean to refine four hundred and eighty million Blood Divine Daoists. He named them the endless Blood Ocean and immortal Underworld River!

Later, Master Daoist Underworld River imitated Nüwa¹ to create humans, thus creating the Ashura Tribe. Then, he created the Ashura Cult and changed the Master Daoist in his name to Cult Forefather. His strength and power were at their peak!

“The Underworld River Cult Forefather is dead, but his four hundred and eighty million Blood Divine Daoists are still here. Why is it so?”

Chu Kuangren was confused.

Was the Blood Ocean not endless and the Underworld River forever? Why did the Blood Ocean and Blood Divine Daoists still exist, but the Underworld River was gone?!

However, Chu Kuangren did not bother much about it after pondering it for a while.

If existences like the Three Clarities had reincarnated, it was normal for the Underworld River to disappear in the ancient Immortal catastrophe.

“The most important thing now is to search for the object that resonated with me!”

Chu Kuangren entered the Nether Abyss Blood Ocean because he felt a strange resonance from the Blood Ocean. It was the resonance that urged him to enter the Nether Abyss Blood Ocean.

“Roar!”

At that moment, the countless Blood Divine Daoists dashed toward Chu Kuangren and enshrouded him in bursts of blood-colored murderous rays.

“Hmph!” Chu Kuangren snorted.

His Immortal’s Core trembled and released dazzling Immortal Sparks, wearing out the bursts of blood-colored murderous rays.

After that, he followed his senses and dashed in a certain direction.

“Outsider, you are bold for intruding on the Blood Ocean!”

As an indifferent voice sounded, a man in bright red armor approached at a rapid speed, and his Arch Gilded Intent enveloped Chu Kuangren whole.

The man was tall and had a dark complexion. He was holding a saber in his hand, and his eyes contained ferocious qi!

“Ashura!”

At a glance, Chu Kuangren recognized the person.

Ashura was a tribe created by the Underworld River Cult Forefather. It was one of the Six Realms of Reincarnation and was born with powerful strength.

All of them in the Ashura Tribe were brave and good at battling.

It was rumored that the male Ashuras were easily irritable and often caused trouble, while the female Ashuras were extremely charming and often seduced others.

The Yasha Tribes in the Underworld also had some Ashura bloodlines.

“It’s Ashura’s Ba Tian!”

Ba Tian said coldly, “The Blood Ocean and the Immortal World are merging. What’s your motive for entering the Blood Ocean as an outsider?!”

“I’m looking for something,” said Chu Kuangren.

He could sense the feeling that resonated with him becoming more intense.

“The Blood Ocean doesn’t have what you want. Get out of here!”

Ba Tian let out a low grunt and waved the long saber in his hand. Soon, a blood-colored saber ray shot out toward Chu Kuangren!

The power of the saber was mighty, and it had even reached the level of a Five Qi Arch Gilded Immortal Realm.

Chu Kuangren narrowed his eyes and dared not be careless. The Chaos Green Lotus on his forehead flashed and released the Green Lotus Annihilating Might!

Boom!

The collision of the two energies made the Blood Ocean below them turbulent.

Vaguely, Chu Kuangren could see countless dead souls roaring and growling with an incomparably astonishing origin qi emanating from them

“Dead souls?!”

“There are so many dead souls in the Blood Ocean!”

Chu Kuangren frowned.

After seeing the countless dead souls in the Blood Ocean, fear soon appeared in Ba Tian’s eyes. Then, he said to Chu Kuangren coldly, “Hey, boy. Leave the Blood Ocean as soon as possible. If you startle the Dead Soul Ocean, you won’t escape even if you have nine lives!”

“Dead Soul Ocean, huh? Interesting!”

Chu Kuangren could sense that the strange resonance which attracted him to come was under the Dead Soul Ocean!

“Hmph. Ba Tian, why bother talking to him? Just kill him!”

“The Sin Buddha’s plan is about to succeed. We should start our preparations.”

At that moment, two voices sounded.

A man and a woman were approaching at a rapid speed. They possessed the same aura as Ba Tian, and they were also Arch Gilded Immortals. Moreover, they were not weak among those in the Arch Gilded Immortal Realm.

“I can’t bear to kill such a handsome man, but the great plan is about to come true. We must eliminate any factors that may hinder it!”

The charming woman of the Ashura Tribe smiled.

She made her move in an instant and unleashed a palm attack on Chu Kuangren. A surging Arch Gilded Intent gushed out!

After fighting with the woman for a while, Chu Kuangren was pushed back more than a dozen kilometers.

“Five Qi Realm?!”

Chu Kuangren’s gaze turned serious.

The Five Qi realm surpassed the cultivation level of the Trinity Flower realm.

“It’s amazing that someone from the Trinity Flower realm can resist my palm attack.”

The charming woman was a little surprised.

Ba Tian and the two were ready to make a move at any time. Once the three of them joined forces, Chu Kuangren might be able to barely save his life with his Indestructible Physique.

A trio who all had the same Five Qi realm cultivation level?

As an Arch Gilded Immortal who had yet to achieve the Peak Five Qi realm, Chu Kuangren could not possibly defend himself against them.

Moreover, the trio’s Arch Gilded Intent should be more than the Second-Step.

“Since this is the case, there is only one option.”

Chu Kuangren looked down at the Dead Soul Ocean below him.

Then, he activated the Chaos Green Lotus and released a stream of Destruction Light with all his strength!

“It’s mere death throes.”

Although Ba Tian was astonished by the strangeness of the Chaos Green Lotus, they could resist it.

However, when they destroyed the Destruction Light, they saw Chu Kuangren’s figure turning into a stream of light and heading toward the Dead Soul Ocean!

They were shocked by what they saw.

“Fool!”

“Even the Sin Buddha dare not intrude into the Dead Soul Ocean, yet he, a Trinity Flower Arch Gilded Immortal, does. He is simply courting death!”

Chu Kuangren jumped into the Dead Soul Ocean and created a splash in the water.

Countless wandering dead souls were like piranhas, dashing toward the direction Chu Kuangren jumped into the ocean as if wanting to devour him.

Ba Tian and others shuddered when they saw the scene from the sky.

The Dead Soul Ocean was a forbidden area in the Nether Abyss Blood Ocean. Even they would die a tragic death if they were to fall into the ocean!

In their opinion, Chu Kuangren was doomed, and no one could rescue him.

“Let’s go. We should get ready for the Blood Ocean’s arrival!”

“By the way, do we really have to listen to the Sin Buddha and serve him after the Blood Ocean descends?”

“He has Yuan Tu and Avici, which used to be the Forefather’s companion treasures. Since he possesses these treasures, he has the right to command every Ashura. Besides, we need a powerful leader to lead us after descending into the Immortal World. The Sin Buddha is qualified to be one as he is an Embodier great one.”

As they conversed, they flew toward the direction of the whirlpool in the distance.

Chapter 1594 Oppressing The Dead Souls with Ghost Emperor’s Authority, Red Karmic Flame Lotus, Underworld River Reincarnates

Chu Kuangren went deep into the Dead Soul Ocean of the Nether Abyss Blood Ocean’s forbidden area, and countless dead souls came roaring at him in groups.

All of them had ferocious and terrifying looks. It was like they wanted to tear Chu Kuangren apart and devour him.

However, being surrounded by them, Chu Kuangren kept an indifferent expression.

There were more than tens of thousands of dead souls in the Dead Soul Ocean, and they were influenced by the Blood Ocean’s rage qi. Therefore, all of them were rage-filled ghouls.

If any one of them was released, it could tragically harm the common people and become a ghost emperor in the mortal world.

Yet, Chu Kuangren did not care about them because...

“Dead souls, how dare you hurt me!”

As Chu Kuangren grunted, a powerful surge of energy was released from his body!

It was the Ghost Emperor’s authority!

As an Underworld Ghost Emperor, it would be ridiculous for Chu Kuangren to be hurt by the dead souls.

The Ghost Emperor’s authority swept across the entire Dead Soul Ocean!

Even though Chu Kuangren was not in the Underworld, as the Ghost Emperor who commanded the Underworld, he had absolute authority over the dead souls!

Countless dead souls trembled before the power. Fear from the deepest part of their souls made them panic, and they were extremely afraid of Chu Kuangren.

Further away, Ba Tian and others, who had just left the Dead Soul Ocean, sensed the weird commotion behind them.

“What’s going on?!”

“The Dead Soul Ocean seems afraid?”

What was the Dead Soul Ocean, the Nether Abyss Blood Ocean's forbidden area that made Embodier great ones afraid, afraid of?

When that thought appeared in Ba Tian's mind, even he found it hilarious.

"It should be the brat who entered the Dead Soul Ocean struggling."

The charming Ashura woman smiled and did not take it to heart.

Except for the Underworld River Cult Forefather, whoever entered the Dead Soul Ocean would surely die!

Everyone in the Ashura Tribe knew that, and no one could break that perception thus far.

An Arch Gilded Immortal?

Quit kidding.

"Let's go. The Ashura King, Four Great Demonic Generals, and Shiva have already gathered in front of the passage. Once the Blood Ocean completely merges with the Immortal World, the entire Far West Land will be destroyed," said the charming Ashura woman.

"Yeah." With that, Ba Tian stopped thinking about it.

In the meantime, Chu Kuangren relied on his Ghost Emperor's authority while in the Dead Soul Ocean. Many dead souls were on their knees, trembling.

He then beckoned a dead soul to go to him and probed into his memory.

In an instant, an incredibly chaotic memory emerged from the dead soul's body.

The memory may be from quite some ago, so there were only sporadic fragments, and it was impossible to form a complete picture.

Then, Chu Kuangren probed into every dead soul's memory.

Not long after, countless scattered memory fragments from different individuals converged in Chu Kuangren's mind like a puzzle, gradually forming the whole story.

"I see."

"So that's the origin of the Dead Soul Ocean and the Ashura Tribe. Good God, Underworld River Cult Forefather!"

There was a hint of coldness in Chu Kuangren's eyes.

In the past, while Nuwa was creating the human race, she gained insights into Creation Dao. Then, by gaining merits, she perfected her Dao and managed to affirm the Primordial Dao!

Later, the Underworld River Cult Forefather imitated Nuwa and wanted to create a tribe to look for Dao-affirming opportunities.

Unfortunately, he did not have the Nine Heavens Living Soil that Nuwa used to create humans or Nuwa's attainment in Creation Dao. Hence, it was not easy for him to create a tribe himself.

After racking his brain for countless years, he finally came up with a solution, which was to substitute the Living Soil with the water in the Blood Ocean. Coupled with the souls of the humans created by Nuwa, creating a tribe would be easy.

That different approach eventually allowed him to successfully create the Ashura Tribe!

However, he could not affirm Primordial Dao because of the different approach, and his attainment in Creation Dao was not as good as Nuwa.

What made Chu Kuangren mad was that the Underworld River Cult Forefather stole a large number of dead souls from the Underworld when creating the Ashura Tribe. He combined them with the Blood Ocean water to create the Ashura!

Not only that, but after discovering that the creation of the Ashura Tribe did not allow him to affirm Primordial Dao, he threw all the remaining souls into the Blood Ocean and ignored them!

Over time, because those dead souls were affected by the Blood Ocean's rage qi, all of them turned into extremely evil ghouls and formed the Dead Soul Ocean!

As the Underworld Ghost Emperor, how could Chu Kuangren sit back and watch someone torture the dead souls that way?

"I wonder whether the Underworld River Cult Forefather has gone to the Underworld to reincarnate. I hope I won't meet him. Otherwise, I will throw him into the Eighteenth Hell and put him through various punishments."

Chu Kuangren snorted.

He was helpless as he looked at the countless howling dead souls in front of him.

The rage qi on those dead souls was so intense that it could not be removed even if they were sent to the Underworld. On the contrary, it would cause a huge impact on the Underworld.

At that thought, he became even more annoyed at the Underworld Ghost Emperor.

"Let me take a look at the origin of the strange resonance first," Chu Kuangren muttered to himself.

Then, he followed his senses and explored the depths of the Dead Soul Ocean.

As he went deeper, the number of dead souls around lessened.

It was as if something was preventing them from approaching.

Soon after, a blood-colored ray emerged at the front.

When Chu Kuangren looked ahead of him, he saw a blood-colored lotus flower filled with mysterious Immortal Sparks in the depth of the Blood Ocean.

Countless blood-colored flames were circulating the blood lotus.

The flame was the reason why countless dead souls dared not approach. It was an extremely powerful Crimson Karmic Lotus Flame that burned on karma!

The blood lotus that emerged before Chu Kuangren was one of the Four Innate Lotuses... the Red Karmic Flame Lotus!

“Ha! So this Red Karmic Flame Lotus was what caused the Chaos Green Lotus to react!”

Chu Kuangren laughed, and his joy was beyond words.

According to the rumors, the Underworld River Cult Forefather had two supreme treasures. One was the mighty Yuan Tu and Avici, while the other was that Red Karmic Flame Lotus.

The Red Karmic Flame Lotus was formed when the Chaos Green Lotus seed fell into the Blood Ocean and absorbed Blood Ocean energy. It was both a defensive and attacking weapon. The endless Karmic Flame energy contained in it could burn and kill all enemies in the universe!

More importantly, the red lotus was an important resource Chu Kuangren used to feed the Chaos Green Lotus!

Buzz!

Ripples appeared in the ocean.

A green ray shot out from Chu Kuangren’s forehead and turned into a Chaos Green Lotus.

The green lotus released ravenous intent and gushed toward the Red Karmic Flame Lotus like a big bad wolf pouncing on a little white rabbit. The Red Karmic Flame Lotus could not resist the green lotus at all.

It was not a matter of power difference but a fundamental difference!

An Innate Supreme Treasure could not be compared to a Chaos Supreme Treasure.

Just when the Chaos Green Lotus began to devour the Red Karmic Flame Lotus, far away on Revival Street in the Underworld, a Master Daoist dressed in blood-red clothes sensed something. His body trembled, and he was shocked.

“How is this possible? I can’t sense the wisp of remnant soul I left on the Red Lotus anymore!”

“Someone has attacked my Red Lotus!”

“Damn it!”

The Master Daoist gritted his teeth. He thought that after he reincarnated, he would cultivate and strengthen himself as soon as possible before returning to the Blood Ocean to retrieve the Red Lotus.

Only by doing so would he have a foothold in his current life.

Unexpectedly, someone had taken the Red Lotus away before he reincarnated!

“No matter who you are, I won’t let this slide so easily!”

The Master Daoist Underworld River snorted and then threw himself into the Heavenly Realm of the Six Realms of Reincarnation!

He did not enter the Ashura Realm because it was the tribe he created, and he knew that the tribe’s growth potential was not as good as that of those in the Heavenly Realm.

Chapter 1595 The Blood Ocean Failed to Descend, Shiva Divine Maiden's Fear

Chu Kuangren was refining the Red Karmic Flame Lotus in the Dead Soul Ocean.

He could feel a Remnant Soul energy in it, but the remnant soul did not have any consciousness. It was more like a marking.

The marking meant that the Red Karmic Flame Lotus was under someone's ownership.

To put it bluntly, it was an imprint.

"Is this Underworld River Cult Forefather's remnant soul? He must've left it behind as a backup," mumbled Chu Kuangren.

Since those ancient Immortal great ones had long planned to reincarnate and start over in this era, they would definitely leave behind a lot of backups to help themselves grow rapidly.

The remnant soul imprint on the Red Karmic Flame Lotus was one of the Underworld River Cult Forefather's measures.

Unfortunately, it was destroyed by Chu Kuangren.

"Hmph. I'll make you pay slowly for stealing all that dead souls from the Underworld back then. I'll take this Red Karmic Flame Lotus as interest from you."

Chu Kuangren snorted.

His strength had grown to the point where he could compete with the ancient Immortal great ones.

He looked at the Green Lotus that was devouring the Red Lotus. Then, his figure flashed, and he sat on the Green Lotus altar to gain insights into the process.

As the Chaos Green Lotus devoured the Red Karmic Flame Lotus, the Green Lotus' strength was also increasing rapidly.

Meanwhile, the entire Nether Abyss Blood Ocean seemed to have undergone some kind of changes.

The Red Lotus was born in the Blood Ocean and was closely related to it. Therefore, the devouring of the Red Lotus caused a significant impact on the Blood Ocean.

The entire Nether Abyss Blood Ocean was raging as if doomsday had arrived.

On the edge of the whirlpool, where the Blood Ocean and Immortal World merged, countless Ashura and Blood Ocean elites gathered. They looked at the Immortal World's scene beyond the whirlpool with anticipation.

They were not the Sin Buddha, so they did not have the Power of Faith as a medium and could not descend before the Blood Ocean merged completely with the Immortal World.

"Judging from the situation in the outside world, it is impossible to resist the merging of the Blood Ocean and the Immortal World," a three-headed and six-armed Ashura said.

He was one of the four Ashura Kings, and his cultivation was in the Perfected Arch Gilded Immortal Realm.

In the outside world, the Sin Buddha was fighting with Buddha Yun Lan and Buddha Jian Xing with his Yuan Tu and Avici. He was managing well against the two with his powerful supreme treasures.

Meanwhile, the blood-colored beam of light, which was formed by the Power of Faith, connected the Blood Ocean and Immortal World, allowing them to merge.

The two Buddhas were held back by Sin Buddha, so they could not stop the fusion.

The rest of the Pure Land's great ones were still in a coma because of the Buddha Destroyer Bell's influence, so they could not make a move.

The descendance of the Blood Ocean was inevitable in the eyes of the Ashura Tribe!

However, at that moment, bursts of roaring came from the Blood Ocean behind the Ashura Tribe!

The Blood Ocean was surging while the four hundred and eighty million Divine Daoists were roaring restlessly toward the depth of the Blood Ocean.

Those Divine Daoists would usually patrol the Blood Ocean like puppets and had never behaved like that before.

"What's going on?"

An Ashura King furrowed his brows.

A powerful energy fluctuation was spreading out from the Blood Ocean and causing the entire Nether Abyss Blood Ocean to tremble as if a major earthquake had occurred.

Such a weird event had never happened since the ancient Immortal times.

Besides the Divine Daoists, even the Ashura Tribe felt uneasy, and the crowd stirred.

"Shiva Divine Maiden, what's going on?"

The Ashura King looked at a beautiful woman beside him.

The woman was different from other Ashura women. Besides being beautiful, she also possessed an incomparably noble aura.

The Shiva Divine Maiden was the most honorable high priest in the Blood Ocean, and her status was even higher than that of the Ashura King.

Shortly after, the third eye on Shiva Divine Maiden's smooth forehead suddenly opened, and endless divine light gushed out from it.

As she scanned with her Divine Eyes, she saw the situation in the entire Blood Ocean.

On top of that, the Shiva Divine Maiden seemed to catch a glimpse of part of Blood Ocean's fate through her Divine Eyes.

"The Blood Ocean is about to face a huge change!"

There was a hint of fear in the Shiva Divine Maiden's voice.

Fear?

The Ashura King was astonished.

The Shiva Divine Maiden was extremely well respected in the Blood Ocean. She was neither humble nor overbearing while facing an Embodier like Sin Buddha.

In that case, what could make her so frightened?!

Even the Shiva Divine Maiden had no idea, but part of the fate that she managed to glimpse into just now seemed to involve a terrifying existence that should not be underestimated.

Just when she wanted to continue spying, she felt a sense of fear deep down in her soul!

It seemed to be telling her that she would die if she continued to spy!

Moreover, the entire Ashura Tribe would be killed because of her act of spying!

The Shiva Divine Maiden subconsciously withdrew the power of her Divine Eyes but was still shaken by what she felt.

Boom, boom, boom...

The Blood Ocean was turbulent, and it looked like doomsday was here!

Due to the abnormal occurrence in the Blood Ocean, the Pillar of Faith that connected the Blood Ocean and Immortal World began to vibrate and gradually weakened.

"N-No."

When the Ashura King saw the scene, he began to panic but was also reluctant to accept what was happening.

After waiting for so long, the Ashura Tribe finally had a chance to escape from the Blood Ocean and descend to the Immortal World. How could he watch the opportunity slip away?!

"Break it!"

As the Ashura King channeled his Immortal's Core, his figure expanded and grew millions of meters tall. Then, he waved his six arms to attack the blood-colored whirlpool frantically, intending to break through the barrier between Immortal World and Blood Ocean!

Unfortunately, the barrier was too powerful. The Ashura King failed to break it even though he was a Perfected Arch Gilded Immortal!

Meanwhile, the Sin Buddha, who was fighting Buddha Yun Lan and Buddha Jian Xing in the outside world, was shocked to notice the change in the Blood Ocean. "What's going on?!"

Boom!

At that time, the blood-colored Pillar of Faith suddenly shattered, and horrifying energy burst out in all directions!

That energy was nothing to the three Embodiers.

However, the Sin Buddha's expression was grim when he noticed the blood-colored whirlpool gradually disappear, while the Nether Abyss Blood Ocean that was about to descend was exiled into the Deep Void again.

"Damn it. What's going on? Why has it failed?"

"Who's responsible for the change in the Blood Ocean?"

Suddenly, a figure popped up in Sin Buddha's mind, and his pupils shrank in horror. "Could it be him?!"

Chu Kuangren!

Sin Buddha had planned the descendance of the Nether Abyss Blood Ocean for many years, so it should not fail so easily.

The only variable was Chu Kuangren, who had dashed into the Blood Ocean!

The change in Blood Ocean occurred after he entered the Blood Ocean, which did not seem like a coincidence!

"What has he done?!"

At that moment, Sin Buddha's hatred toward Chu Kuangren intensified. The latter had ruined the plan he had plotted for many eras!

How could he accept that?!

Soon, two streams of Buddhist Lights approached. They were Buddha Yun Lan and Buddha Jian Xing!

Sin Buddha slashed forward with his sword to smash the Buddhist Light into pieces.

"I have to leave first!"

Without saying another word, his figure turned into a stream of light and vanished on the spot.

Buddha Jian Xing and Buddha Yun Lan did not chase after him because they needed to clean up the mess in the Far West Land.

Chapter 1596 Hatching The Void Egg, Ying Yang Tribulation, Disadvantageous Position

"The Blood Ocean failed to descend on the Immortal World, and now Sin Buddha is out there. I don't think he can go back now."

"Yeah. We'll have the chance to deal with him in the future, but we should just let him be for now."

The two Embodiers of the Buddhist world exclaimed sentimentally as they gazed over the desolated state of the Far West Land.

Buddha Jian Xing said, "I'll leave the follow-up to you. I have to go back to contain Spiritual Mountain's Dao contamination qi."

Buddha Yun Lan was slightly baffled by his words. "Enlighten me. How did you leave that place? Can the other monks hold the Dao contamination qi back themselves?"

"Sigh. It's Shi Ying. She ignited her life force and took my place temporarily. They managed to hold it back for now."

Buddha Jian Xing could not care less about the change of expression on Buddha Yun Lan's face. His figure flashed and disappeared from the spot as he had to make it back to the Spiritual Mountain.

"Shi Ying... Foolish child..." Buddha Yun Lan smiled bitterly.

She gazed into the sky. The blood-colored whirlpool was gone, but Chu Kuangren was not back from the Blood Ocean.

The Nether Abyss Blood Ocean was an unusual place, and even an Embodier like Sin Buddha could not escape from it. He had to plan for many years and use the Power of Faith to return to the Immortal World.

Hence, she had no idea how Chu Kuangren could return.

"Tsk tsk. Chu Kuangren entered the Blood Ocean. What a surprise."

"Speaking of which, why did Chu Kuangren enter the Blood Ocean? What did he see in the Blood Ocean? What attracted him?"

"Who knows? He has always acted against people's expectations."

In short, Chu Kuangren was trapped in the Blood Ocean for the time being, and it was a solid fact.

Many of the great ones took one last glance at the desolate state of the Far West Land before they returned to their own business.

Some of the great ones had a feeling that a big change was about to descend upon the Immortal World.

The change would be accompanied by danger and Opportunities of Fortune, so they must be prepared.

Somewhere in the void, the black and white Void Egg swirled freely in the air and released a sliver of Dao contamination qi, which gave off an ominous aura.

Crack!

The Void Egg trembled, and a crack appeared on it!

The cracks gradually covered the entire surface before an arm broke out from the shell. Then, a naked man hatched from the egg.

The man had porcelain skin and unusual Immortal Sparks surrounding him. He also had a pair of hetero eyes of black and white that seemed to contain a terrifying might inside.

"That person's energy presence is gone from the Immortal World! Hahaha, I can finally descend without any worries! Not only me, but the other Calamities should be arriving soon!"

The man chuckled as though a heavy burden was lifted from his shoulder.

Only he knew how much he was afraid of that person with transcendental power.

The last time that person entered the Deep Void, he was more afraid of the person than running into an Embodier. Fortunately, due to the Deep Void's characteristics, that person could not locate him.

Otherwise, he might not even exist anymore.

After all, he had already shown signs of descending since then, and it would be easy for the person to notice it.

"Once that person leaves the Immortal World, I can slaughter all the sky-prides in this world without any worries. At the same time, I can also gather some information about this world."

The man then looked at the shells of the Void Egg beside him.

The shells disintegrated into countless glimmers and shrouded his body, transforming into a black and white Daoist robe.

"I was born with Yin Yang Dao, and I shall gather the power of Calamities in this world!

"From today onward, I shall be known as Calamity Yin Yang! My duty is to bring destruction and calamity to the souls of this world! This is the duty of a Calamity!

"I'm looking forward to meeting the other Calamities in this world!"

Calamity Yin Yang stared across the endless void as if he spotted the other Void Eggs further away.

After that, his figure flashed and disappeared from the spot.

No one knew how Calamity Yin Yang's descent into the Immortal World would impact the sky-prides and Prodigies.

What threats would he pose? What kind of terrifying disaster would he bring?

No one had an answer to that yet, including Chu Kuangren.

He did not even know about Calamity Yin Yang's birth because he was still trapped in the deepest part of the Nether Abyss Blood Ocean.

...

Deep inside the Nether Abyss Blood Ocean, where the Dead Soul Ocean was, Chu Kuangren sat on the Chaos Green Lotus with his legs crossed.

There was a ball of crimson light glowing before him — it was the Red Karmic Flame Lotus!

As he refined the Red Karmic Flame Lotus, the Chaos Green Lotus' strength increased.

Terrifying power was brewing inside.

In fact, when he was refining the Red Karmic Flame Lotus, the profoundness of the lotus entered his mind and overwhelmed him with information.

He had gained knowledge on how to use the Red Karmic Flame Lotus and a technique of a Blood God!

Those were extremely valuable information to Chu Kuangren as they could benefit him greatly.

While he was refining the Red Karmic Flame Lotus, the situation outside the Nether Abyss Blood Ocean plunged into chaos.

The plans that had been brewing for many years fell short at the last moment.

A number of the Ashura Kings were infuriated.

“What is going on? What’s happening to the Blood Ocean?” One of the Ashura Kings shouted in a thunderous voice.

His shout echoed across the Blood Ocean, causing violent waves to rumble.

He was Kharakantha, one of the Ashura Kings.

The other Ashura King, Po Yazhi, was also in a terrible mood. “There must be a reason for what’s going on in the Blood Ocean. Find out what is causing it!”

“Yes!”

The tribesmen scattered off to investigate the matter.

The other two Ashura Kings dead silent, which was a sign that they were in a terrible mood as well.

“This was supposed to be an opportunity for our tribe! How did it end up like this? How unfortunate!” Vimalacitra, the other Ashura King, exclaimed before he left.

The whole Ashura Tribe was mobilized because of the abnormality in the Blood Ocean.

Soon, they found out the reason.

“The Dead Soul Ocean? The source is from the Dead Soul Ocean?”

“How is this possible?”

Po Yazhi and Vimalacitra exchanged a look of disbelief.

The Dead Soul Ocean was a forbidden place in the Blood Ocean, and no one had set foot there for many years. How did it become the source of all that abnormality?

Suddenly, a thought rushed into Ba Tian’s head, and his expression changed. “Could it be related to him?”

“What? What is it, Ba Tian?” Vimalacitra asked with furrowed brows.

Ba Tian then told them about his encounter with Chu Kuangren.

The two Ashura Kings were more surprised than ever after hearing him out.

“A Trinity Flower-realm Arch Gilded Immortal entered the Dead Soul Ocean?”

“Is he causing all of this?”

The two Ashura Kings were baffled, but they sent men to watch over the Dead Soul Ocean.

"If he appears, inform me right away," Vimalacitra said.

"Yes, sir."

Soon, a group of Ashura soldiers surrounded the Dead Soul Ocean, and many of them were Arch Gilded Immortals.

Once Chu Kuangren appeared, he would be apprehended immediately.

Meanwhile, Chu Kuangren was alone in the Blood Ocean, and no reinforcements could reach him.

He was in a pinch!

Chapter 1597 Crazy Plan, I Am Confident In My Own Luck

Deep inside the Dead Soul Ocean, Chu Kuangren suddenly opened his eyes.

His Chaos Green Lotus had completely refined the Red Karmic Flame Lotus!

The power of the Chaos Green Lotus was taken to a whole new level.

In addition to that, refining the Red Karmic Flame Lotus also boosted his Crimson Karmic Lotus Flame greatly. Now, it was countless times more powerful than before.

Other than that, the Red Karmic Flame Lotus granted him a new cultivation technique unique to the Blood Ocean — the Blood God Technique.

The Blood God Technique originated from the Underworld River Forefather, who used it to refine four hundred and eighty million Blood Divine Daoists. It was also known as the matchless cultivation technique of the Unwithering Blood Ocean and the Undying Underworld River.

Given Chu Kuangren's monstrous cognizance, he managed to master the cultivation technique in the shortest time possible.

However, the cultivation requirements for it were harsher than normal. Even with Chu Kuangren's outstanding talents, it was extremely difficult to cultivate that technique.

Therefore, he planned to put it aside first.

When he saw soldiers heavily surrounding the Dead Soul Ocean, he finally realized he was in a pinch.

"The three Ashura Arch Gilded Immortals I met before were all in the Five Qi realm, and I was no match for them. Legend has it that the Ashura Tribe has four Ashura Kings, and each of them is a Perfected Arch Gilded Immortal.

"There's also the Four Great Demonic Generals hiding somewhere in the Blood Ocean. Since Papiyas also originated from the Blood Ocean, it's not surprising that many other beings could rival him. Even if they're all dead now, I can't be certain they didn't leave behind any defensive measures."

The gears in Chu Kuangren's mind spun rapidly as he pondered on the situation.

It was not exaggerating to say that he was in a desperate situation.

He might be safe under the Dead Soul Ocean's protection for now, but once he set foot outside, he would be in danger.

Even if he had the Indestructible Body and Chaos Green Lotus, he would still be in a disadvantageous position.

Would he be sealed away? Would he be lynched? Or would he be apprehended for research?

Regardless of the outcome, he did not want any of them to happen.

"How should I turn this situation around?"

Chu Kuangren looked around at the dead souls and realized he might be in a deadlock.

The dead souls in the Dead Soul Ocean were undoubtedly a powerful weapon, but they were only afraid of him because of his Ghost Emperor's authority. Their rage qi was too much for him to control them freely.

More importantly, the dead souls had merged with the Blood Ocean, and they could never leave it.

"Hmm..."

Chu Kuangren rubbed his temple.

Unfortunately, it was extremely difficult for him to open up a passage to the Underworld from the Nether Abyss Blood Ocean. Otherwise, he could have returned to the Underworld since it would be difficult for an Embodier to cross both worlds.

"Let's do a gacha draw and see what we can get."

"Congratulations, Host! You've won the Legendary-tier price, the Heavenly Star Sword Finger."

It was a cultivation technique, but it was not even God-tier, so it was useless to him and to the current situation.

On the second day, he did the gacha draw again but got another useless item.

It went on for the third, the fourth, and the fifth day, but he did not get anything useful.

With his current cultivation level, even if he had the Lucky Halo's blessing, it would be extremely difficult for him to get something useful.

That meant he had to rely on himself more as he could not just put all his hopes on the gacha roll.

After all, he did not rely on just the gacha roll to reach his current status.

Since he was in the Dead Soul Ocean and the Ashura Tribe did not have any plans to deal with him at the moment, he had time to figure things out.

Time flew by in the blink of an eye, and almost two weeks passed.

Chu Kuangren got bored and started to play with the bloody water in the Dead Soul Ocean.

The bloody water took multiple forms in his hand.

Suddenly, a dead soul phased through the bloody water in his hand and passed through his body.

Chu Kuangren was startled by the sudden appearance, but it also gave him an idea.

He managed to grasp the idea and further expanded it into a plan. In the end, his eyes gleamed. “Yes, that’s it! I got it!”

The key would still be in the Dead Soul Ocean.

The Dead Soul Ocean was his protection in the Nether Abyss Blood Ocean, and because of that, the great ones of the Blood Ocean dared not attack him so far.

The dead souls of the Dead Soul Ocean could not leave the Blood Ocean, but what if he controlled the Blood Ocean?

It sounded ridiculous because other than the Underworld River Forefather, no one could control the Blood Ocean.

However, if the Underworld River Forefather could do it, why not Chu Kuangren?

The Underworld River Forefather controlled the Blood Ocean using the four-hundred eighty million Blood Divine Daoists, and coincidentally, Chu Kuangren possessed the cultivation technique — the Blood God Technique!

“If I have to cultivate the Blood Divine Daoists one by one, it would be too time-consuming and troublesome. It would take me until the end of time to control the Blood Ocean.

“But aren’t there ready-made Blood Divine Daoists here in the Blood Ocean?”

When he first arrived at the Blood Ocean, the Blood Divine Daoists were like soldiers patrolling the place, and there were more than he could count!

According to the Blood God Technique, the Underworld River Forefather could control four-hundred eighty million Blood Divine Daoists because he divided his Immortal Consciousness into the same amount and infused them into the Blood Divine Daoists.

It required a massively powerful Soul Realm, at least the Requiescence realm or Peak Requiescence realm.

Chu Kuangren’s Soul Realm was not that high yet, so it would not work.

However, although he might not have that high of a Soul Realm, he had access to the countless dead souls in the ocean.

“The Blood Divine Daoists’ Immortal Consciousness scattered after the fall of Underworld River Forefather. Now, all the Blood Divine Daoists are with power but without any intellect. It’s like they are raw power waiting to be controlled.

“If I can replace the number of Immortal Consciousness with the dead souls and infuse them into the Blood Divine Daoists, I can control them using the Blood God Technique and Ghost Emperor’s authority together.

“Then, won’t I have cultivated the highest of the Blood God Technique?”

Chu Kuangren pondered.

His method was crazy, but only he could do it.

“Lil Ai, analyze the Blood Divine Daoist and see if my plan could work.”

Chu Kuangren ordered Lil Ai to analyze the plan and see if it was workable.

“Report. The Blood God Technique is a top-tier Embodier Technique. If you insist on doing it, it poses a certain risk and only has a twenty percent success rate.”

“Twenty percent? That’s enough! I have confidence in my luck!” Chu Kuangren grinned.

Rather than sit back and do nothing, he might as well give it a try.

“Through analysis, the success rate can be increased to thirty percent.”

“Great. That makes it more worth it to try.”

“The last question would be how to get all the Blood Divine Daoists across the Blood Ocean to gather here in the Dead Soul Ocean and fuse with the dead souls?”

A sudden thought rushed into his mind, and he raised a crimson fragment of a soul in his hand.

The fragmented soul was a mark left behind by the Underworld River Forefather inside the Red Karmic Flame Lotus. When the Chaos Green Lotus absorbed the Red Karmic Flame Lotus, it extracted the fragmented soul’s mark as well.

“The Blood Divine Daoists are the vessels for the Underworld River Forefather’s Immortal Consciousness, so they must be sensitive towards the Underworld River Forefather’s fragmented soul. This would be great bait,” Chu Kuangren said as he rubbed his chin.

Now that he had the plan and the bait, all that was left was to execute it.

However, before executing his plan, he had to comprehend the Blood God Technique first to ensure nothing would go wrong in the process.

Chapter 1598 Dead Soul Ocean’s Changes, Blood Divine Daoists Merge With The Dead Souls, Green Lotus’ Creation Power

Chu Kuangren was comprehending the Blood God Technique in the Dead Soul Ocean. Through Lil Ai’s analysis and deduction and his powerful cognizance, he had completely mastered the cultivation technique.

“Single Qi Three Clarity Transformation is really a convenient technique,” Chu Kuangren exclaimed.

The Three Clarities were the ones who taught him the Single Qi Three Clarity Transformation. It was like a universal technique that could comprehend all techniques.

Mastering the cultivation technique allowed him to spend half the effort to achieve twice the effect. In addition to his cognizance, he could easily cultivate any cultivation technique in the Immortal World.

“Let’s do it,” Chu Kuangren muttered.

Then, he revealed the Underworld River Forefather’s fragmented soul and channeled the Blood God Technique.

A mystical energy fluctuation rippled outward and soon blanketed the entire Nether Abyss Blood Ocean. When the countless Blood Divine Daoists sensed it, they started to converge at the Dead Soul Ocean.

“This energy fluctuation...”

Having sensed the energy fluctuation as well, the four Ashura Kings of the Ashura Tribe looked toward the Dead Soul Ocean with a dubious look.

“This energy fluctuation is from the Forefather!”

“It’s weak, but it’s definitely the Forefather’s energy presence! What is going on?”

The Ashura Kings were shocked.

The Underworld River Forefather should have fallen in the previous era, so why would his energy presence appear now?

“It’s from the Dead Souls Ocean.”

“No wonder the Forefather stayed in the Dead Souls Ocean for so long. Could he be alive?”

“Impossible. We all saw the great calamity with our own eyes, and the Forefather and the others were the first to stand against the calamity. How could they be fine after that?”

“Yeah. If we hadn’t gone into slumber in the Blood Ocean, we might not have made it through alive as well.”

The Ashura Kings were baffled and could not reach an accord. Hence, they decided to go to the Dead Souls Ocean and have a look.

Deep in the Blood Ocean, many monsters who had been in slumber for many years opened their eyes when they sensed the energy fluctuation. Like the Ashura Kings, they all looked at the Dead Souls Ocean in shock.

As the Underworld River Forefather’s energy fluctuation rippled outward, all four of the Ashura Kings headed to the Dead Souls Ocean for a look, as did the Four Great Demonic Generals who had been hiding in the Blood Ocean.

Meanwhile, the Shiva Divine Maiden looked at the Dead Souls Ocean and muttered, “It’s happening, the big change to the Blood Ocean.”

She had no idea if the change would benefit or harm the Blood Ocean. However, she could confirm one thing: a forbidden existence would be born from the Blood Ocean during the massive change.

It would be someone who could rival or even surpass the Underworld River Forefather.

The countless Blood Divine Daoists arrived at the Dead Souls Ocean earlier than the four Ashura Kings.

They swarmed toward the Dead Souls Ocean in a frenzy as though they had lost their minds. All they cared about was the presence of the Underworld River Forefather, and they even ignored the countless ghosts and dead souls in their way.

The Blood Divine Daoists and the Dead Souls Ocean clashed like two massive waves.

The black rage qi and the red ferocious qi intertwined and swept across the entire Blood Ocean.

Countless Ashura tribesmen were shocked by the scene.

“Terrifying! The Blood Divine Daoists and the dead souls from the Dead Souls Ocean have two of the most terrifying energies in the Blood Ocean, and they combined!”

“What happened?!”

The Blood Divine Daoists were everywhere in the Blood Ocean. Although they were without intellect, they would not start a fight or hunt preys like animals.

They were more like a defense mechanism that would attack outsiders that entered the Blood Ocean.

Throughout the years, other than Sin Buddha, an outsider who possessed the power of Papiyas, countless people who trespassed into the Blood Ocean were ripped apart by the Blood Divine Daoists.

The Ashura Tribe could not control the Blood Divine Daoists, but they acknowledged their importance in protecting the Blood Ocean.

The Dead Souls Ocean was the forbidden ground of the Blood Ocean, and whosoever entered would be devoured by the endless dead souls.

Fortunately, the dead souls could not escape, and as long as they were not provoked, nothing would happen.

Now that the Blood Divine Daoists and the dead souls met, the scene had grown beyond all expectations. They had no idea how the situation would develop from here onward.

Would the protectors of the Blood Ocean disappear, or would the dead souls in the forbidden ground be eliminated?

“They’re here!!”

Chu Kuangren’s eyes gleamed when he sensed the Blood Divine Daoists.

As he channeled the Blood God Technique, a red light expanded outward from him.

Then, the Heavenly Samsara Physique’s third divine ability, Samsara Universe, was activated.

An energy domain similar but countless times more powerful than the Divine Samsara Overworld expanded outward.

With the help of the energy domain, Chu Kuangren’s control over the dead souls was at its peak.

The Blood God Boundary and Samsara Universe overlapped with each other.

Countless Blood Divine Daoists and dead souls trapped inside the overlapping energy domains attacked each other, releasing multiple deafening blasts.

After that, the fragmented dead souls slowly adhered to the Blood Divine Daoists.

Millions of Blood Divine Daoists and dead souls slaughtered each other. Their fight turned the Dead Souls Ocean into a living purgatory.

Despite the ongoing fight, both the Blood Divine Daoists and the dead souls were merging into one.

Chu Kuangren, who was at the center of the conflict, felt an unprecedented feeling as if the truth of life and the meaning of form had come to his mind.

It was like he was at the center of creation itself!

He was creating a brand new race!

The process was too profound to put in words, but his Immortal's Core energy was rapidly depleting at an unprecedented speed.

"If this keeps up, I'll be drained dry before I can even get through half of this." Chu Kuangren frowned.

Then, the Green Lotus Mark on his forehead glimmered in green, and a mystical energy fluctuation spread outward.

Unlike the destructive energy from the lotus, that particular energy contained the mystical power of creation.

The destructive energy of the lotus existed to destroy, but that energy was to counter it with creation.

It was to create life! It was the lotus' creation power!

With the help of the lotus, Chu Kuangren managed to hasten the merging of the Blood Divine Daoists and the dead souls.

"Great! This is indeed a great treasure!"

Chu Kuangren liked the Chaos Green Lotus even more now.

The Ashura Tribe above the Dead Souls Ocean was looking at the chaotic red and black colors merging into a massive vortex in the center of the Dead Souls Ocean.

They were shocked. They had no idea what was going on down there as it had never happened before.

Even the Arch Gilded Immortals among them felt afraid when they saw the scene.

"Who wants to go down to have a look?"

Kharakantha asked his tribesmen, but no one replied.

The Dead Souls Ocean was a forbidden ground, and they would never set foot there even if the strange scene did not happen.

"A bunch of garbage," Kharakantha grunted.

Following that, he took a deep breath before he released a powerful shout at the Dead Souls Ocean.

His thunderous shout that contained vast ferocious qi was blasted at the dead souls!

Chapter 1599 World Creation, Fooling Ba Tian, The Whole Nether Abyss Blood Ocean

The thunderous shout that contained the boundless demonic qi was blasted toward the Dead Souls Ocean.

The blast boiled the water in the ocean.

Chu Kuangren, who was busy dealing with the Blood Divine Daoists and the dead souls, frowned when he sensed the impact on the Samsara Universe and Blood God Boundary shaking from the shout.

"I knew I couldn't fool them, but since the Dead Souls Ocean is a forbidden ground, they won't dare to trespass. I have nothing to be afraid of."

As long as the Ashura Tribe was not entering the Dead Souls Ocean, they would not be able to affect Chu Kuangren.

"It seems like someone has to go down to have a look," Po Yazhi said.

He looked at Ba Tian.

Ba Tian's heart skipped a beat as soon as he sensed the other party's gaze. He knew what the gaze meant.

If he refused to answer the king's request, he would still have to suffer the consequences after that.

The Ashura Tribe always honored the strong, and only the strong had the right to make decisions.

Therefore, even if the Ashura Kings wanted them to die, they had to obey unconditionally.

"I will go down," Ba Tian said with a bitter smile as he stepped out.

Po Yazhi smiled and praised, "Great. As expected of the brave warrior of the Ashura Tribe!"

After the commendation, he sent Ba Tian down to the Dead Souls Ocean.

The others saw Ba Tian off with a pitiful gaze because they knew there was a high chance that he would not be able to return alive.

Swoosh!

Ba Tian's figure flashed and entered the Dead Souls Ocean.

He thought he would be attacked by countless dead souls upon entering, but what he saw after entry shocked him.

The dead souls were being converted into countless black fragments, and they were fusing with the Blood Divine Daoists to create a brand-new being!

The process contained a hint of mystical energy, and it reminded Ba Tian of how Nuwa created humans and the Nether River Forefather created the Ashura Tribe.

The new being that was created from the process was the brand new Blood Divine Daoists, who were no longer faceless. Some were men, some were women, some were young...

It was as though the Blood Divine Daoists had acquired a new life after fusing with the dead souls.

“W-What is going on?” Ba Tian was astonished.

The scene was beyond his comprehension.

“Welcome to the world I created.”

An indifferent voice sounded.

That was when Ba Tian noticed a man sitting on a giant lotus further away and watching him.

The man had a handsome face, snowy white robes, and extraordinary Daoist rhyme that surrounded him.

It was he who controlled the soul fragments to fuse with the Blood Divine Daoists and granted them a new life.

He was like the creator of life, the God of Genesis!

“It’s you!”

Ba Tian recognized Chu Kuangren as the one whom he chased and fled into the Dead Souls Ocean a few days ago.

He could not believe that a mere Trinity Flower-realm Arch Gilded Immortal survived the Dead Souls Ocean and was the cause of that abnormality.

However, he could not confirm that Chu Kuangren was the reason why the Blood Ocean failed to merge with the Immortal World.

“What are you doing?!” Ba Tian shouted.

“I am creating a new tribe in Blood Ocean,” Chu Kuangren said indifferently.

As he looked at the Blood Divine Daoists receiving a new life from his hands, he smiled delightfully.

It felt wonderful!

It was like when he created his own universe in the Pocket Universe, where he enjoyed the ultimate power and could do whatever he wanted.

“A new tribe? What do you mean by that? Are you trying to create a tribe to replace the Ashura Tribe?!” Ba Tian’s expression turned bitter as he shot a barrage of questions at Chu Kuangren.

He no longer dared to treat Chu Kuangren as a mere Trinity Flower-realm Arch Gilded Immortal.

What Chu Kuangren was doing had exceeded his understanding.

He even started to suspect that the Trinity Flower-realm was just a cover and that Chu Kuangren’s true cultivation level might be in the Embodier Realm.

The man might even be a top Embodier like the Underworld River Forefather. Otherwise, how could he simply create a tribe at will?

“Don’t worry. I won’t replace the Ashura Tribe. Besides, the Ashura Tribe is all over the universe, not just the Blood Ocean. It’s one of the Six Daos, so it won’t be eliminated that easily,” Chu Kuangren said with a smile.

Eliminate the Ashura Tribe?!

Should that happen, one of the six reincarnation realms would be gone, and he would have to rebuild the reincarnation mechanism again.

“What are you trying to achieve?” Ba Tian asked in a calmer tone.

‘I’m trying to buy time...’ Chu Kuangren thought, but he did not make it verbal.

He was at a critical moment right now. All he needed was some extra time, and he could achieve his goal of fusing the Blood Divine Daoists and the dead souls to control the Blood Ocean.

He could not attack while he was busy with the fusion process.

Ba Tian was a Five Qi-realm Arch Gilded Immortal, and should they fight, Chu Kuangren would definitely suffer the consequences.

Therefore, he was trying to buy time until he completed the alternate version of the Blood God Grand Technique to control the Blood Ocean!

Of course, it was a secret that he could not reveal.

Fortunately, Ba Tian was stunned by the scene and dared not act recklessly.

Now, all Chu Kuangren had to do was fool Ba Tian.

“What am I trying to achieve? Hmm... You’re Ba Tian, right?”

Chu Kuangren remembered that he introduced himself when they first met.

“That’s right.”

“Ba Tian, let me ask you a question. Why are you here? Don’t you know this is the forbidden ground of the Blood Ocean? Why didn’t the Ashura King come down here himself?”

Ba Tian was silenced by the question.

“It’s because he’s afraid, and you’re just the path-seeking stone he’s using to pave the way, am I right?” Chu Kuangren continued.

He had been collecting information about the Ashura Tribe over the past few days, and based on all the information he got from books and archives, he learned that the Ashura Tribe honored the strong.

After some deduction, he more or less knew what Ba Tian had gone through.

Ba Tian’s silence verified his deduction.

“Are you really going to die for a king who would send his subordinates to die?” Chu Kuangren continued.

“This is the rule of the Ashura Tribe. The strong decide everything!” Ba Tian said coldly.

“In that case, why can’t you be the strong one who makes the decision?” Chu Kuangren asked.

“What do you mean by that?”

“It’s simple. The Ashura Tribe needs a new king, and it should be you.”

“Stop joking around! The four kings are all Perfected Arch Gilded Immortal and are much stronger than me. How can I become king?”

“You can’t because you haven’t met me. Now, when I said you can, you can!”

Chu Kuangren stood with his hands behind his back.

The brand new Blood Divine Daoists that emanated a powerful energy presence had been created.

They all looked at Ba Tian with their crimson eyes filled with terrifying ferocious qi. They were like the ghosts from hell and the warriors that emerged from endless slaughters.

If the new Blood Divine Daoists were so ferocious, what would that make Chu Kuangren, their creator?

Ba Tian was silenced. “If you make me Ashura King, what is it in for you?”

“Oh? Naturally, I’ll get the whole Nether Abyss Blood Ocean!”

Chapter 1600 Wrong Path, Four Great Demonic Generals, New Ruler Of The Blood Ocean

“Oh? I’m getting the entire Nether Abyss Blood Ocean, of course,” Chu Kuangren said with a smile.

Ba Tian was shocked. “You’re asking me to be your puppet so that you can control the entire Ashura Tribe?”

“You can put it that way too.”

“Impossible!”

Ba Tian’s expression shifted. “You’re asking me to betray my tribe!”

“No. This isn’t betrayal. This is choosing a better future for yourself. If you say no, I can simply find someone else.”

“You can dream on!” Ba Tian grunted and wanted to leave.

With a single thought from Chu Kuangren, the newly created Blood Divine Daoists immediately lined up and stopped Ba Tian.

“Hmph!”

Ba Tian revealed his saber and unleashed a crimson saber ray forward.

The void exploded, and the Blood Divine Daoists were quickly eliminated. However, little did he know that he was being surrounded by more Blood Divine Daoists.

“Unfortunately, you chose the wrong path,” Chu Kuangren said.

He was one step shy from achieving the Blood God Technique, so he could already control many of the Blood Divine Daoists to test their strength.

“Damn it!”

Ba Tian continued to brandish his saber and release endless saber rays at the Blood Divine Daoists.

Unfortunately, the number of Blood Divine Daoists was overwhelming and seemingly infinite. Countless crimson murderous rays were released and shot at Ba Tian.

Bang!

Ba Tian was sent flying by the crimson murderous ray.

He turned around to Chu Kuangren in shock. “You’re controlling them! All I have to do is kill you, and this will all end!”

Ba Tian was finally aware of the situation.

Chu Kuangren had been stalling, and he must be immobilized due to some reason.

He was indeed a mere Trinity Flower-realm Arch Gilded Immortal!

If he really had some omnipotent powers, he would have killed them all when they first met!

“I was foolish! How could I be fooled by his creation? I don’t know how he’s doing it, but I’m sure he’s only in the Trinity Flower realm!”

The thought fueled Ba Tian’s murderous intent.

He stepped forward and sped toward Chu Kuangren in a flash.

As he swung his saber down, the crimson saber ray shadowed the land.

However, the Blood Divine Daoists jumped in immediately and blocked the attack.

Then, countless more Blood Divine Daoists threw themselves at Ba Tian.

“What? How?”

Ba Tian gulped nervously, and fear rose from the deepest part of his heart.

Soon, millions of Blood Divine Daoists dragged Ba Tian into the depths of the Blood Ocean. No matter how hard he struggled, he could not break free and was drowned by the crimson murderous ray.

“Not bad,” Chu Kuangren muttered.

He was quite satisfied with the Blood Divine Daoists’ power even though he was just using a portion of it.

If he could control four hundred and eighty million Blood Divine Daoists, his full power would only be more terrifying than this.

As a matter of fact, four hundred and eighty million was just a number. Since the Blood Divine Daoists originated from the Blood Ocean, as long as the Blood Ocean remained intact, it could produce an infinite amount of Blood Divine Daoists, making them truly undead.

It was a terrifying power indeed.

It was also the same power that the Underworld River Forefather used in ancient times to roam across the Immortal World.

Countless Ashura tribesmen gathered above the Dead Souls Ocean, and the four Ashura Kings stared at the Dead Souls Ocean with grim looks because Ba Tian's energy presence had disappeared.

"Ba Tian has fallen!"

"The dead souls are as ferocious as ever. What are we going to do now?"

"Should we send more men inside?"

The Ashura Kings looked at each other with troubled looks.

It was then that a pillar of crimson light burst out from the dead souls.

A boundless energy fluctuation could be felt from within.

All the Ashura were shocked. Fear rose from their hearts as they stared at the crimson light pillar.

The Blood Ocean rumbled, and waves crashed. It was as if the entire ocean was roaring.

Meanwhile, in the deepest part of the Blood Ocean, ancient beings opened their eyes in shock.

"The energy presence of the Blood Ocean has changed!"

They grew restless and decided to wake up from their slumber. All of them made their way to the Dead Souls Ocean.

Kakroom!

Dark clouds gathered, and a man in golden armor emerged from within, expressing a grand Arch Gilded Intent upon his arrival.

The four Ashura Kings reacted grimly to his arrival.

"It's him, Indra, one of the Four Great Demonic Generals!"

Other than Indra, three other powerful presences were coming from three different directions of the Blood Ocean.

One of them walked on the ocean while wielding a trident. With the Ashura mask on, the Arch Gilded Intent on him almost materialized as he left a frosty trail in his wake.

The other one carried endless rage qi as she approached. It sounded like countless dead babies were wailing painfully, and with that came a woman with a voluptuous figure.

The woman had an ominous look, and just a glance at her could make one shiver.

The last one came from an exploding island in the Blood Ocean.

A four-armed man emerged from the rumbling smoke. He wore majestic robes and had countless gemstones embedded all over his body.

"The four of them are all perfected Arch Gilded Immortal! They could rival the four Ashura Kings!"

"Tsk. It seems like even they couldn't stay put."

The Four Great Demonic Generals came to the crimson light pillar and glared at it. They had never looked so serious before.

"Are all of you sensing this? The Blood Ocean's energy presence has changed," Indra said.

"I sensed it. The change of presence means the Blood Ocean has a new ruler now!" Vishnu added, and his eyes gleamed curiously.

After the disappearance of the Underworld River Forefather, the Four Great Demonic Generals and the four Ashura Kings tried to become the Blood Ocean's new ruler, but none of them succeeded.

Refining the Blood Ocean required the Nether River Forefather's Blood God Technique, and none of them knew how to acquire the mysterious cultivation technique.

"Oh? The Four Great Demonic Generals and the four Ashura Kings... It seems like the players are all gathered."

A voice came from the crimson light pillar, followed by a soft chuckle.

A man in white robes emerged. Surrounded by Immortal Sparks, his dense Immortal's Core energy fluctuation rippled across the void.

The presence shocked everyone present not because it was too strong, but because it was too weak!

All Arch Gilded Immortals were powerful experts, but a mere Trinity Flower-realm Arch Gilded Immortal wanted to be the new ruler of the Blood Ocean?

It was outrageous!

It should be at least an Embodier!

"This presence doesn't feel like one of us. He's an outsider!" Indra said.

"What's wrong? Can't outsiders be the new ruler of the Blood Ocean?" Chu Kuangren said.

"Trinity Flower-realm Arch Gilded Immortal? Are you even worthy of becoming the ruler?"

Pluto scoffed as he thrust his trident forward.
