

Unparalleled 1641

Chapter 1641 Crimson Star God's Eye, Yellow Sand Young Master's Ambush, Violet Soul Bell

Endless Spiritual Flame gushed toward Chu Kuangren, attempting to engulf him whole.

The Nine-colored Celestial Soul Light shone around his body, blocking all the Spiritual Flames three meters away from him.

Unscathed, Chu Kuangren said indifferently, "Isn't your flame a little too weak?"

"Oh, is that so?" the Crimson Star Young Master chuckled. He had expected that to happen.

The Daoist patterns in the endless flame started to gather and transformed the flame into a ferocious dragon that roared at him.

"Go!"

The fire dragon spiraled upward with boundless soul energy fluctuation before it crashed down at Chu Kuangren.

Its power somehow shook the Nine-colored Celestial Soul Light!

Chu Kuangren narrowed his eyes. "This is quite good."

With his hand raised, a massive amount of Immortal's Core energy was channeled and transformed into a huge palm to block the fire dragon.

The clash released a deafening blast into the air.

The Violet Moon Tribe's soul techniques were mostly illusions, so there were less than a handful of techniques that could match the fire dragon's power, hence Chu Kuangren's decision to counter it with his Immortal's Core energy.

Then, a violet light shone in his eyes, which released a strange soul energy blast at the Crimson Star Young Master.

However, a jade bell at the Crimson Star Young Master's waist chimed loudly and released a powerful soul energy around him. The soul energy somehow mitigated Chu Kuangren's energy blast.

"Oh? You still have an Immortal Weapon that can protect your soul."

Chu Kuangren was slightly surprised.

The jade bell was one of the top Arch Gilded Weapons, and most importantly, it was specifically used to protect one's soul.

"Hmph! There are a lot more things that you don't know. With the Soul Protection Bell here, unless your Soul realm reaches the mid-stage of Desolation, you can't even touch me!"

Not even a Five Qi-realm Arch Gilded Immortal could achieve the mid-stage of Desolation in the Soul realm.

Only by achieving the Twelfth-grade Soul Flower could one barely break through the threshold of mid-stage Desolation in the Soul realm.

“How about this?”

With the Soul Protection Bell, the Crimson Star Young Master was not afraid of soul-related attacks. He channeled his soul energy to the limit and released multiple fire dragons from the sea of Spiritual Flames.

The rampant soul aura suffocated even the other young masters present.

“It’s so strong! With this level of soul energy, his Soul Flower must at least be Tenth-Grade or higher!”

“Not only that, but he has cultivated the Crimson Star Tribe’s Crimson Star Soul Flame Art to a high level. He didn’t even use his full strength when he fought us earlier!”

The other young masters reacted heavily to the realization.

They finally witnessed the full strength of Crimson Star Young Master!

“Soul Flame Spirit Dragon, Nine Dragons God Destruction!”

Bang!

Nine fire dragons with raging roars and swinging claws rushed toward Chu Kuangren, ripping off the Nine-colored Celestial Soul Light around him.

No matter how strong the Nine-colored Celestial Soul Light was, given Chu Kuangren’s current Soul realm, which was slightly lower than the Crimson Star Young Master’s, he could not possibly block the attack unscathed.

The Nine-colored Celestial Soul Light trembled to the brink of dissipating.

“No! Brother Changkong won’t last any longer!”

“Yeah. Ziyue Changkong might have the Nine-colored Celestial Soul Physique, but since he has just gotten the body, he’s no match for the Crimson Star Young Master.”

“Ziyue Changkong is going to lose!”

The roars from the nine dragons shook the void.

The divine light shattered piece by piece.

The Crimson Star Young Master cackled. “Ziyue Changkong, you’re no match for me! If I can defeat you once, I can always defeat you!”

Bang! Bang!

As the nine dragons continued their rush against the divine light, the Nine-colored Celestial Soul Light gradually grew weaker.

At that very moment, Chu Kuangren narrowed his eyes as he activated the unique technique of the Violet Moon Tribe.

A dazzling violet light shone on the nine dragons.

The intimidating dragons seemed to freeze for a moment, and their movements started to slow down.

Chu Kuangren raised his hand. His Immortal's Core energy was channeled to the limit before he unleashed it like the rising tide.

One punch!

Bang!

He used Ziyue Changkong's cultivation technique, but with his Immortal's Core energy buff, its power rose to a terrifying level.

It took him one punch to destroy all nine fire dragons.

The terrifying power shocked everyone present.

"Such powerful Immortal's Core energy! This is at least an Arch Gilded Immortal's level. Could Ziyue Changkong have obtained the body of an Arch Gilded Immortal?!"

"It's possible."

"An Arch Gilded Immortal awakening the Nine-colored Celestial Soul Physique and losing his body to Ziyue Changkong? Not only his Immortal Physique, but even all his cultivation was taken away. What luck, Ziyue Changkong!"

"He's really lucky!"

Even the Crimson Star Young Master felt jealous.

Not only did Ziyue Changkong obtain the Nine-colored Celestial Soul Physique, but he even got the cultivation of an Arch Gilded Immortal!

The original owner of the body was really unlucky!

"Hmph! Ziyue Changkong, stopping the nine dragons doesn't mean it's over. Crimson Star Soul Flame Art, Crimson Star God's Eye!"

Crimson Star Young Master utilized another of his strongest attacks.

His eyes released a strange energy fluctuation, and it started to converge into two crimson planets!

The two crimson planets released a terrifying light beam at Chu Kuangren.

The light beam's power rivaled that of the nine dragons from earlier.

An opening was torn in Chu Kuangren's Nine-colored Celestial Soul Light. Hence, he had to channel his Immortal's Core energy and his soul energy to block the attack.

Further away, the Yellow Sand Young Master's eyes gleamed cunningly. "Crimson Star Young Master, I'll help you!"

He stepped forward and channeled his soul energy to the limit to transform it into a soul sword. The sword slashed its way toward the opening and tore the light beam.

“Despicable!”

Lan Haifang was shocked. She wanted to stop him, but it was too late.

The soul sword entered through the opening and went straight for Chu Kuangren.

On the other hand, the Crimson Star Young Master narrowed his eyes once more and released another light beam from the Crimson Star God’s Eye at Chu Kuangren.

Meanwhile, outside the Spiritual Divine Forest Realm, some of the Soul Restricted Area’s great ones grew restless and anxious.

The fierce attacks would damage the Nine-colored Celestial Soul Physique or even kill the host.

It was an Honorable Supreme Immortal Physique that promised a bright future. How could they let Crimson Star Young Master simply destroy it?

The great ones were ready to intervene.

However, Chu Kuangren remained calm and steady despite being flanked. His eyes shone in a violet light before a massive amount of soul energy gushed out.

The soul energy intertwined above him with countless runes within and somehow formed the shape of a massive bell.

The bell had runes carved on the surface, and it emanated a surge of mystical soul energy into the area.

Many of the great ones were shocked by the appearance of the bell.

“That’s the... Violet Soul Bell!”

“How is it possible? The Violet Soul Bell is a long-lost technique of the Soul Restricted Area! How did Ziyue Changkong...”

“The Memory Storm! The cultivation technique that was recorded in the Memory Storm!”

The sudden realization shocked the great ones.

Inside the Spiritual Divine Forest Realm, the Violet Soul Bell above Chu Kuangren’s head rang and released a chime that could shake one’s soul.

The void rippled like a pebble thrown into a quiet lake.

Bang!

The chime dissipated the light beam from Crimson Star Young Master’s eyes and the soul sword from Yellow Sand Young Master.

Both Crimson Star Young Master and Yellow Star Young Master were blasted away.

Chapter 1642 Killing Yellow Sand Young Master, True Identity Exposed, What Happened?

The bell chime echoed across the void.

Both Crimson Star Young Master and Yellow Sand Young Master were blasted away by the power of the chime.

Crimson Star Young Master was barely hurt because of his treasure's protection, but the Yellow Star Young Master's soul almost shattered into pieces.

His face turned pale as he looked at Chu Kuangren in fear.

"How is this possible?!"

"That's the lost technique of the Violet Soul Bell! How did you master it?!"

The Crimson Star Young Master recognized the technique and was in disbelief as well.

Chu Kuangren stood in the air, surrounded by Nine-colored Celestial Soul Light and the Violet Soul Bell above his head.

The bell chimed pleasantly while the runes swirled and glowed around him, granting him a transcendental presence.

He was like a sovereign that ruled over all souls on earth, so powerful that it stunned everyone present.

"Has he really mastered the cultivation method recorded in the Memory Storm?" the Azure Heaven Young Master thought.

The realization made him gasp in shock.

His words immediately surprised the others as well.

However, that was the only plausible explanation for how Chu Kuangren mastered the Violet Soul Bell.

The cultivation had been lost for centuries, but the great one that was the Spiritual Divine Forest Realm was as ancient. It was not surprising that he would know this cultivation technique.

Yet Chu Kuangren managed to learn it.

"It's impossible. It has been so many years, but no one was able to comprehend any cultivation technique from the Memory Storm. How did he do it?" the Yellow Sand Young Master shouted in disbelief as he stared at Chu Kuangren.

Grievance overwhelmed him whole.

Not only did Ziyue Changkong win Lan Haifang's heart, but he also got the Nine-colored Celestial Soul Physique and now the lost soul cultivation technique!

It felt like he had become a different person in just a few short days. His power had grown so much that it was despairing for Yellow Sand Young Master.

'Is he really Ziyue Changkong?' the Yellow Sand Young Master thought.

Chu Kuangren approached him from the sky and said, "Since you ambushed me, I shall kill you."

Next, the Violet Soul Bell above his head rang and shone brightly.

The next sound wave attack was ready to be launched.

The Yellow Sand Young Master's eyes shrank in fear. "I'm the young master of Yellow Sand Tribe! Ziyue Changkong, killing me will disrupt the peace of the Soul Restricted Area! Are you really going to risk that?!"

"In that case, what about you ambushing me? Does it disrupt the peace here?" Chu Kuangren wore a scornful smile.

The Violet Soul Bell rang and unleashed its power at the Yellow Sand Young Master, striking his soul.

"Stop it!"

A voice came from outside the Spiritual Divine Forest Realm.

It was the great ones of the Soul Restricted Area, attempting to stop Chu Kuangren.

However, Chu Kuangren did not hold back and continued to ring the bell.

"No!"

An excruciating wail later, the Yellow Sand Young Master's soul shattered, and he was officially dead.

Everyone else was stunned.

Yellow Sand Young Master was dead?

It was not their first time in the Spiritual Divine Forest Realm, and there ought to be competition and conflicts between one another regarding who should get the treasure or Opportunity of Fortune.

However, losing a young master of a tribe was a first for them.

"Ziyue Changkong is really audacious!"

"He killed Yellow Sand Young Master! Isn't he afraid of the elder's wrath?"

"Wrath? He has the Nine-colored Celestial Soul Physique now. No matter how angry the elders are, they wouldn't kill him."

Chu Kuangren's action sparked a heated discussion among the crowd.

The elders and great ones of the Soul Restricted Area frowned at his action as a sign of expressing their grievance.

"Ziyue Changkong has crossed the line!"

"He might have crossed the line, but the Yellow Sand Young Master started it. He ambushed Ziyue Changkong first and got killed, so you can't blame it on others."

Some of the elders were more understanding as they were all from the Violet Moon Tribe.

They ought to side with their own young master.

The elders from other tribes exchanged a heavy look but did not say anything.

It was not until Chu Kuangren channeled his soul energy again that the elders were shocked.

“Is he going to attack again?”

“Who is it this time? Crimson Star Young Master?”

“Is he going to kill the Crimson Star Young Master?”

The elder of Crimson Star Tribe was shaken.

Back in the Spiritual Divine Forest Realm, after Chu Kuangren killed the Yellow Sand Young Master, he turned to Crimson Star Young Master with an indifferent look. Then, he channeled his soul energy and activated the Violet Soul Bell.

The powerful chime made its way toward the Crimson Star Young Master.

With a clank, the bell that the Crimson Star Young Master carried rang and attempted to fend off the incoming soundwave attack.

However, Chu Kuangren’s attack was too powerful, so powerful that not even the treasure could stop it completely.

As the Crimson Star Young Master was blasted away, his face turned pale with fear.

“Is this the power of the Violet Soul Bell? Ziyue Changkong, this is enough! What are you trying to do?!”
Crimson Star Young Master roared.

Chu Kuangren ignored him. He stepped forward and threw a palm strike forward, prompting a massive amount of Arch Gilded Intent and Immortal’s Core energy to gush forward.

One palm strike and the Crimson Star Young Master was blasted away with his bones cracking. Blood gushed from his mouth as he was sent flying several thousand kilometers away, crashing through mountain peak after mountain peak.

The Crimson Star Young Master was heavily injured!

After that, Chu Kuangren’s figure flashed and reappeared before the Nine-petal Soul Concentration Flower. He took it and kept it inside his Enchanted Sleeve.

Further away, the Crimson Star Young Master’s life was hanging on a thread.

Fear overflowed from his eyes as he sensed intense and frosty killing intent from Chu Kuangren’s palm strike.

Chu Kuangren was going to kill him!

Had Ziyue Changkong lost his mind?!

Swoosh!

Before the Crimson Star Young Master could wrap his head around the situation, Chu Kuangren appeared before him again.

With a calm look on his face, Chu Kuangren said, "I said you would regret fighting me."

Then, he channeled his Immortal's Core energy to strike again.

"Enough!"

"Is Ziyue Changkong going on a killing spree in the Spiritual Divine Forest Realm?"

The great ones of the Soul Restricted Area finally made a move.

The whole Spiritual Divine Forest Realm trembled, and the surrounding scenery changed drastically. Everyone was brought back to the Soul Restricted Area.

The Spiritual Divine Forest Realm was closed.

Swoosh!

Elderly figures emerged from the void. They were the elders from the respective tribes.

They all looked at Chu Kuangren with anger.

"Ziyue Changkong, what are you doing? Are you going to kill Crimson Star Young Master after killing the Yellow Sand Young Master?"

"Have you lost your mind?"

"Let's take him down!"

The elder of Yellow Sand Tribe attacked.

Terrifying soul energy erupted and transformed into a massive soul saber.

That slash felt like it could split the heavens in half.

He was an expert whose Soul realm had reached the late-stage Desolation realm. Not even Chu Kuangren's Violet Soul Bell could withstand the powerful attack.

Bang!

Following the loud explosion, the Violet Soul Bell shattered into pieces.

Chu Kuangren was blasted several meters away.

The clash stirred a soul energy storm, and it finally removed Chu Kuangren's disguise.

A better-looking face was revealed. Even the sun paled in comparison to how good-looking he was.

His white robes and transcendental presence intimate everyone, and the Immortal Sparks that shone granted him the aura of an Immortal King who had just descended.

The great ones finally got a clear look at Chu Kuangren's face and were horrified, as if they had seen a ghost.

"W-What is going on?!"

Chapter 1643 Is A Soul That Strange? Wreak Havoc In The Restricted Area

“C-Chu Kuangren?!”

Chu Kuangren’s appearance shocked everyone.

How did he infiltrate the Soul Restricted Area?

How did Ziyue Changkong turn into Chu Kuangren?

What happened?

All of them were stunned, baffled, and confused, especially Lan Haifang and the Azure Heaven Young Master.

What had they been doing in the Spiritual Divine Forest Realm?

They had killed soul beasts and gathered Soul Crystals for him!

They thought he was Ziyue Changkong!

“Too bad. I thought I could play a little longer.”

Chu Kuangren stood in the air as he looked down at all of them from the Soul Restricted Area. His expression showed no fear, as if he was not in the most dangerous place in the world but a common ground with mountains with rivers.

“A-Are you Brother Changkong?” Lan Haifang asked, refusing to believe her eyes.

Chu Kuangren answered indifferently, “Your Brother Changkong is long gone.”

Lan Haifang’s pupils widened when she heard those words, and her body trembled uncontrollably.

A loud scream later, she charged toward Chu Kuangren. “I will kill you!”

“No!”

The elders of the Soul Restricted Area were horrified.

Chu Kuangren was not Ziyue Changkong, and both their power levels were dramatically different. Lan Haifang was by no means weak, but she was nothing but an ant in front of absolute power.

Lan Haifang unleashed a palm strike carrying tens of thousands of dead souls.

The black palm carried an ominous wind and shrieks of the dead as it went for Chu Kuangren.

Chu Kuangren remained standing without moving a muscle. His eyes narrowed as he raised his hand, unleashing his boundless Immortal’s Core energy forward.

The energy swept the area like a tsunami and tore the black palm into shreds.

The indomitable power then headed straight for Lan Haifang.

Lan Haifang felt nothing but despair in front of absolute power.

It was a power that she could not fight.

With that, she pulled out a life-saving trump card, a shield that blocked it in front of her.

Bang!

The shield shattered, and she was blasted away.

The Daoist patterns on her body cracked, followed by her bones cracking, as she crashed onto the ground like a ragdoll. Her life was hanging on a thread.

Chu Kuangren did not hold back because she was a woman.

Lan Haifang's heart plunged into despair. Her beloved Ziyue Changkong was dead, and she was helpless in front of his murderer.

The Azure Heaven Young Master and Crimson Star Young Master were horrified as well. They knew Chu Kuangren was powerful but not to that extent. It took him one move to heavily injure Lan Haifang.

Had she not used her shield at the critical moment, she would have died by now.

"Is this his true strength?"

"He had been impersonating Ziyue Changkong. That's why he's been holding back."

"He's so powerful..."

Everyone was in awe of Chu Kuangren's true strength, which was also what baffled them the most.

Even though Chu Kuangren impersonated Ziyue Changkong, the Nine-Colored Celestial Soul Physique was real!

"The Celestial Soul Physique? I have a lot of them. Why is having another one so shocking?" Chu Kuangren said as the Nine-colored Celestial Soul Light shone.

His words rendered everyone speechless.

They then recalled that Chu Kuangren did possess multiple Immortal Physiques and a number of Honorable Supreme Immortal Physiques. Hence, it was not entirely impossible for him to have an extra one.

Regardless, infiltrating the Soul Restricted Area and killing their Prodigies were solid facts. The great ones would not simply let him go.

The thought of being toyed with by an outsider fueled their anger.

"If I don't get a good explanation today, the Soul Restricted Area will be severely insulted!"

"That's right!"

"Chu Kuangren, even if you have the Celestial Demon Tribe as support, you will have to die here today!"

Bang!

A clap of thunder sounded.

All kinds of soul techniques were blasted toward Chu Kuangren.

Any single one of the techniques could threaten a cultivator with a late-stage Desolation Soul realm. Moreover, Chu Kuangren's Soul Flower was not even in the twelfth grade!

They believed the plethora of attacks would be enough to kill Chu Kuangren.

The soul energy shook the void and released a loud noise.

After all the attacks clashed, Chu Kuangren, who they thought should be dead, remained standing and unscathed.

On his forehead was a lotus mark that glowed faintly.

A green lotus appeared beneath his feet, blooming as it shone brightly in nine colors.

The man in white robes on the green lotus and sounded by the dazzling soul light made a beautiful scene.

"Chaos Green Lotus!" said an Arch Gilded Immortal with a nervous gulp.

His eyes showed nothing but the desire for the Chaos Green Lotus.

The Chaos Green Lotus was a Chaos Supreme Treasure that could tempt even an Embodier.

It was an absolute temptation to every single cultivator.

"The Chaos Green Lotus can protect one's soul. Coupled with his Nine-colored Celestial Soul Physique, our soul techniques are ineffective against him."

"Unless it's the peak-stage Desolation realm or Requiescence realm, we wouldn't be able to hurt him."

"If we can't hurt him with soul techniques, we will use our cultivation techniques!" said one of the Arch Gilded Immortals.

All of them had common cultivation techniques other than their usual soul techniques.

There were a dozen of Arch Gilded Immortals present, with two in the Five Qi realm among them. How could they not overpower a single Chu Kuangren with their combined effort?

The elders of the Soul Restricted Area ganged up on Chu Kuangren with their cultivation techniques.

Boundless Immortal's Core energy erupted like a tsunami, shattering the void as it went for Chu Kuangren.

"A cultivation competition? Hmph. Bring it on."

Chu Kuangren revealed the bronze halberd in his hand. It was the Embodier Weapon, the Great Wasteland Halberd!

He tightened his grip and narrowed his eyes. With that, Chiyou's Demonic Patterns and Battle Secret Art were activated.

His energy presence surged and soon reached a terrifying level.

With a single sweep forward with the halberd, the halberd ray gushed out like an indomitable Demon King.

It was the Great Wasteland Halberd Technique, Wasteland Subjugation!

Following a loud explosion, the void shattered, and the Arch Gilded Immortals were all blasted away.

Compared to their usual soul techniques, they were weaker in a cultivation technique battle.

However, Chu Kuangren was the exact opposite. He was an experienced warrior who had reigned the battlefield for as long as he existed.

After the first sweep with the halberd, Immortal's Core energy continued to erupt as he performed a follow-up.

A surge of demonic qi blasted forward, shaking even the heavens.

One of the elders was caught by the demonic qi and was killed on the spot.

"Damn it!"

"Chu Kuangren, die!"

One of the Five Qi-realm great ones attacked.

A vast amount of Immortal's Core energy erupted. His Arch Gilded Intent was also in the second stage and above, which bore rampant power that could overpower Chu Kuangren.

"Nice one."

Chu Kuangren chuckled without dodging.

Then, he mobilized his Life-Death Arch Gilded Intent.

His energy presence increased once more, reaching a new height that rivaled that of the Five Qi realm's energy.

It was the Damage-reversing Technique that he got from the Great Arbiter Divine Maiden, Life Essence Ignition Technique!

Chapter 1644 One Punch Defeating Two Five Qi-realm Arch Gilded Immortal, A Great Perfected Arch Gilded Immortal Had Made A Move

The Damage-reversing Technique was one of the Life Essence Ignition Techniques, which provided a highly effective boost to one's energy.

Chu Kuangren used it to boost his Immortal's Core energy to the point that he could rival a Five Qi-realm Arch Gilded Immortal.

He swung his halberd forward and unleashed terrifying power that matched that of a Five Qi-realm Arch Gilded Immortal.

The collision sent both of them sliding backward.

The Five Qi-realm Arch Gilded Immortal was shocked. He looked at Chu Kuangren as if he was looking at a madman. "I can't believe you're risking your life essence just to fight me?"

"Why? Is something wrong with that?" Chu Kuangren asked indifferently.

With his Indestructible Physique, he was not afraid to ignite his life essence.

On the contrary, he felt surging energy in his body, urging him to continue fighting.

"Violet Moon Third Elder, I'll assist you!" said the other Five Qi-realm elders.

Two Five Qi-realm Arch Gilded Immortals surrounded Chu Kuangren. Their powerful energy presence spread outward and sealed the entire area.

Nevertheless, Chu Kuangren remained firm and steady. His lips curled into a grin as he said, "Bring it on."

Kaboom!

The three of them moved at the same time. As though three major planets had crashed into each other, the explosive Immortal's Core energy shattered the void in the area.

The terrifying stray energy could even tear a Gilded Immortal apart.

Countless other cultivators retreated immediately.

"Chu Kuangren is really a monster! He's fighting two Five Qi-realm Arch Gilded Immortals!" one of the sky-prides gulped in fear.

There were three realms in the Arch Gilded Realm — Trinity Flower, Five Qi, and Great Perfected.

The difference between each realm was heaven and earth apart. The higher the realm, the harder for one to break through.

A Perfected Trinity Flower Arch Gilded Immortal could lose to a Five Qi Arch Gilded Immortal in just an instance.

However, Chu Kuangren and the two Five Qi Arch Gilded Immortals were evenly matched.

Even though he ignited his life essence, it was terrifying enough.

"Is this the strength difference between us and him?" the Crimson Star Young Master muttered, expressing his grievance and unwillingness.

He thought that with his strength, even if he could not match Chu Kuangren's strength, he would not be too far behind.

Now, it seemed like he was terribly wrong.

Chu Kuangren's power was monstrous, unpredictable, and immeasurable.

"Let's hope the elders can take him down," the Azure Heaven Young Master said.

The other sky-prides beside him shared the same thought.

The treasures and Soul Crystals they gathered in the Spiritual Divine Forest Realm were all handed to Chu Kuangren.

If Chu Kuangren escaped, they would suffer a great loss.

The two Five Qi-realm elders were the Third Elder of the Violet Moon Tribe and the Fourth Elder of the Crimson Star Tribe.

They were not exactly powerful amongst the others in the Five Qi realm, but they should be able to easily take down an individual in the Trinity Flower realm.

Moreover, the two of them had teamed up to fight one Chu Kuangren.

However, they felt pressured. It was as though they would die if they made the slightest mistake.

It was unbelievable.

Was Chu Kuangren only in the Trinity Flower realm?

“Arch Gilded Soul-Subduing Palm!” the Violet Moon Third Elder shouted.

With his hand raised, his soul energy and his Immortal’s Core energy combined into a massive violet palm that crashed from the sky, attempting to subdue Chu Kuangren.

The vast soul energy impacted the soul, and the terrifying palm energy crushed the physical body.

The palm strike targeted both the physical body and the soul!

However, the soul energy was blocked by Chu Kuangren’s Chaos Green Lotus, so it was ineffective against Chu Kuangren.

Life-death Immortal Sparks shone, and boundless Life-death energy converged into a black and white ring.

It was the Universal Life-Death Cycle!

As the cycle of life and death was activated, it felt like it could destroy the universe.

The power from the Universal Life-Death Cycle dissipated the vast palm energy!

The Crimson Star Fourth Elder followed up with his ultimate attack. An endless ray surrounded the area as his eyes shone with a blinding light.

His hands performed several mystical hand seals before he shouted, “Crimson Star Sword Shadow!”

A massive sword shadow appeared in the sky.

Images of dazzling stars and galaxies surrounded it as it crashed down. Similar to the Violet Moon Third Elder, it also contained soul energy.

Although it was ineffective against Chu Kuangren, the rampant sword qi was not to be underestimated.

“Sword?” Chu Kuangren pointed his sword hand sign out and channeled his Green Leaf Sword Vision to the limit.

Countless Daoist patterns surged into the sky and formed a massive sword.

It was the Blade of Zhou, Infinite Void!

The two sword shadows clashed and exploded in the sky.

The void crumbled further, and half of the entire Soul Restricted Area trembled violently.

“What’s with his life essence? He has been using that secret technique for so long, yet he still hasn’t shown signs of weakening. He even grew stronger as the battle went on!”

The Crimson Star Fourth Elder’s expression turned grim.

Based on his knowledge, the Life Essence Ignition Technique should have a limit because a person had limited life essence.

However, Chu Kuangren’s life essence seemed endless. He did not weaken over time but got even stronger instead.

The two Five Qi-realm elders who teamed up against him felt pressured.

“This is strange!”

The Violet Moon Third Elder frowned.

Soul techniques were ineffective against Chu Kuangren, and he was incredibly powerful in terms of cultivation.

He seemed to be the bane of the Soul Restricted Area.

Bane?!

Just as hesitation appeared in the elders’ minds, Chu Kuangren unleashed all his Immortal Techniques and divine abilities.

All the energies gushed toward them like a tsunami.

More importantly, every single divine ability and Immortal Technique contained their respective Arch Gilded Intent.

He was able to utilize multiple Arch Gilded Intents deftly, and his level of mastery stunned everyone.

“I will end this fight with this move.”

Chu Kuangren’s Arch Gilded Intent surged and flooded the area.

There were the Life-death, Samsara, Yin Yang, Thunder Gale, Physical, Flame, Guqin, Murderous, Destructive, and Merciful Intents!

Ten different Arch Gilded Intents swirled around Chu Kuangren and fused into a terrifying energy.

The sheer power of the energy made the two Five Qi-realm elders gasp in fear.

“What kind of strange cultivation technique is this?!”

“This is bad! We must block it with our full strength!”

The Crimson Star Fourth Elder shouted and channeled his energy to the limit.

“Arch Gilded Godly Fist!” Chu Kuangren bellowed.

As he threw the punch out, endless Arch Gilded Intent enveloped the two Five Qi-realm elders whole, devouring them with its sheer vastness.

The fist energy tore the void apart and created a pitch-black vortex that devoured the realm like a beast.

The two elders tried their best to defend themselves against the pitch-black vortex.

However, as the energy swirled and the void shattered, all three energies collided and exploded into endless Immortal Sparks.

The terrifying fist energy ripped through the elders’ energies and drowned them. Every inch of their bones was crushed!

The two of them were sent flying backward.

The Crimson Star Fourth Elder died upon collision, while the Violet Moon Third Elder was not in a good shape either. As his life hung on a thread, he looked at Chu Kuangren in fear.

He could not believe that a Trinity Flower-realm individual defeated two Five Qi-realm individuals in just one punch!

It was inconceivable to even think about it.

“Chu Kuangren! How dare you kill in the Soul Restricted Area?! Stop this madness at once!”

A powerful and thunderous voice sounded.

Then, Arch Gilded Intent filled the realm and enveloped the area.

A Great Perfected Arch Gilded Immortal had made a move!

Chapter 1645 Two Tribe Leaders, Destroy Blue Ocean Eighteen Hell, Restricted Area Supreme Overlord

Following the warning call, Arch Gilded Intent that far surpassed both the Violet Moon and Crimson Star’s elders’ swept across the field and shook the earth.

It was a Great Perfected Arch Gilded Immortal!

Further away, a crimson fireball manifested and rose to the sky like the rising sun.

“It’s the Crimson Star Tribe Leader!”

The Soul Restricted Area had seven main tribes. Each tribe had its own tribe leader, and only the strongest Arch Gilded Immortal could bear the title.

On the other side, a powerful energy presence erupted followed by blue light shooting into the sky. Countless dead souls shrieked and wailed in the blue light, as though a blue ocean of souls had appeared.

“Blue Ocean Tribe Leader!”

Another tribe leader had arrived.

Similar to the Crimson Star Tribe Leader, he was also a Great Perfected Arch Gilded Immortal.

Bang!

A crimson flame was blasted forward like a massive meteor. Its powerful aura even caused some of the Arch Gilded Immortals present to tremble.

It was an attack from a Great Perfected Arch Gilded Immortal!

Chu Kuangren narrowed his eyes at the incoming attack, and the mark on his forehead shone brightly.

“With chaos comes the green lotus, which controls creation and destruction! Green Lotus, Destruction Light!”

As the Green Lotus Mark shone brightly, the Chaos Green Lotus bloomed, and countless runes circulated it like the galaxy.

Then, a green light beam formed by the Immortal Sparks shot out.

The Chaos Green Lotus’ Destruction Light clashed with the attack from the Great Perfected Arch Gilded Immortal!

Heavens shook, and the earth trembled!

The powerful collision pushed Chu Kuangren more than a dozen meters away. His breath was slightly disrupted, but he recovered swiftly.

The fact that he could block an attack from a Great Perfected Arch Gilded Immortal shocked everyone present.

“He is a monster!”

“He blocked an attack from a Great Perfected Arch Gilded Immortal? How?!”

All of them were horrified by the scene.

Chu Kuangren was not bothered by the people’s surprise. Instead, he concentrated on the two tribe leaders who wanted him dead.

Two figures rose to the sky.

One was in crimson red robes and had a clean look, while one was in a sapphire blue dress and looked beautiful.

They were Crimson Star Tribe Leader and Blue Ocean Tribe Leader!

“Chu Kuangren, you have a death wish!” the Crimson Star Tribe Leader said coldly.

He wanted to follow up with another attack to bury Chu Kuangren once and for all.

Similarly, the Blue Ocean Tribe Leader looked frosty. Her beautiful eyes were overflowing with intense killing intent, while countless dead souls shrieked and circulated her.

"Hmph. I don't think it's a good time for you guys to deal with me," Chu Kuangren said with a scoff.

"What do you mean?"

His words left everyone confused.

Further away in the Blue Ocean Tribe's territory, a huge explosion sounded.

Countless bolts of lightning descended and blasted a particular area.

It was as though all the Immortals from the Immortal Hall's Lightning Division attacked with their strongest lightning technique at once.

The terrifying lightning blast shook the entire Soul Restricted Area.

"That's the... Eighteen Hell!" The Blue Ocean Tribe Leader's eyes shrank in disbelief as she looked in that direction.

The Eighteen Hell was a dungeon that the Blue Ocean Tribe used to lock up countless evil ghouls, and it was also the most important combat production facility in the Soul Restricted Area.

Should something bad happen to the place, it would affect the entire Soul Restricted Area, not only the Blue Ocean Tribe.

Bang! Bang!

Endless bolts of lightning continued to rain down on that particular spot.

When the electrifying attack finally ended, things went silent for a while.

Then, a long-suppressed rage qi burst into the sky in a horrifying manner. The entire sky of the Soul Restricted Area was dyed black as evil ghouls rose to the sky, shrieking and wailing.

They started to attack everyone in the Soul Restricted Area.

"The restriction seals of the Eighteen Hell are broken!" the Blue Ocean Tribe Leader cried in shock and fear.

The evil ghouls had gone through endless suffering in the Eighteen Hell, and their grudge for the Soul Restricted Area was beyond anyone's comprehension.

Due to the outstanding soul-controlling technique of the Blue Ocean Tribe, even though the evil ghouls were released, they were still under control and could not break free. They must stay to serve the Soul Restricted Area.

However, this time was different.

All the restriction seals of the Eighteen Hell were broken by the unknown lightning attack. Tens of thousands of evil ghouls were released at once, and the sheer number easily overwhelmed those of the Blue Ocean Tribe.

The accumulated grudge and rage drove them mad, causing them to vent their grievance at those who locked them up there.

“Kill! Kill!”

“I want to eat all of those bastards who tried to control us!”

“Hahaha! All of them are going to die!”

“Eighteen Hell! I’m finally out! Even if I have to be vanquished today, I will kill as much of you Soul Restricted Area bastards!”

The people of Soul Restricted Area looked at the sky full of evil ghouls in horror. Their faces turned pale, and they started to flee.

The shrieks and wails turned the entire place into an apocalyptic scene.

“It’s you! What have you done!?”

The Blue Ocean Tribe Leader glared at Chu Kuangren. Her beautiful looks were distorted by her rage, making her look similar to an evil ghoul.

The Blue Ocean Tribe spent countless efforts in building the Blue Ocean Eighteen Hell. The dead souls and evil ghouls were collected from all over the Immortal World, not just for producing combatants but also for the cultivation of some of the Soul Restricted Area cultivators.

Now, the sudden lightning attack broke everything.

Tens of thousands of evil ghouls broke free from the Eighteen Hell, bringing disaster to the Soul Restricted Area.

“A talisman exploded in the Blue Ocean Eighteen Hell, summoning endless lightning bolts from the sky, and destroyed the restriction seals,” Chu Kuangren said with a smile.

It was him all along.

A while ago, he got two talismans from the gacha draw. One of them was the Nine Heavens Thunder Talisman, which could summon the endless power of a myriad of lightning bolts.

Not even a Great Perfected Arch Gilded Immortal could withstand its fury.

The talisman could be detonated at will by its owner.

Hence, Chu Kuangren tricked Lan Haifang to bring him to the Blue Ocean Eighteen Hell to choose an evil ghoul for himself and secretly set up the talisman when he was there.

A moment ago, he detonated the talisman and destroyed the restriction seals, releasing all the evil ghouls from their bondage.

“Haha. I can’t just come to visit the Soul Restricted Area without bringing a gift. How do you like this one?” Chu Kuangren cackled.

The sky rumbled in darkness all of a sudden, and a massive violet eye opened up in the dark clouds.

The violet eye released a dazzling wicked light that locked onto Chu Kuangren.

The soul energy that it contained was boundless.

Not even Chu Kuangren and his Chaos Green Lotus had the confidence to block the eye's attack.

"It's the Restricted Area Supreme Overlord!"

The name popped up in Chu Kuangren's mind all of a sudden.

His lips curled into a smile. "Playtime is over. I'll see you guys around."

Then, he pulled out the Great Shift Godly Talisman and crushed it.

"Trying to run?! No, you won't!"

The Crimson Star Tribe Leader shouted and instantly sealed the space around them.

However, Chu Kuangren's Great Shift Godly Talisman could escape even from an Embodier, let alone some Arch Gilded Immortal.

Swoosh!

Chu Kuangren's figure disappeared from the spot.

Chapter 1646 Soul Restricted Area's Greatest Insult, Breaking The Curse Once More, Surpassing All In The Future

Swoosh!

Chu Kuangren disappeared from the spot, leaving the Crimson Star Tribe Leader and Blue Ocean Tribe Leader infuriated and helpless.

"Chu Kuangren!"

"We, the Soul Restricted Area, will hunt you down until the end of time!" the Crimson Star Tribe Leader shouted, venting his anger.

As soon as he shouted, the eye in the sky glanced at him.

It was just a glance, but the enraged Crimson Star Tribe Leader shuddered, and his anger dissipated like an extinguished torch.

"If you have the time to scream and shout here, why don't you go deal with the Eighteen Hell?"

A cold voice echoed in the sky.

Strangely, the voice of the Supreme Overlord Soul was a woman.

However, Crimson Star Tribe Leader did not show disrespect because of her gender. Quite the contrary, he became as obedient as a rabbit and went off to deal with the outbreak.

"I understand."

The Crimson Star Tribe Leader and Blue Ocean Tribe Leader led their men to deal with the outbreak of evil ghouls at Eighteen Hell.

The eye in the sky gradually closed.

Deep inside the Soul Restricted Area was a cloud of ominous mist.

A pair of beautiful eyes opened, showing a hint of interest. "Nine-colored Celestial Soul Physique? The same Immortal Physique as mine? Chu Kuangren, you're getting more and more interesting. But can you break the curse I left on you, like how you broke the curse of the Yasha Tribe?"

Back at the Soul Restricted Area, all seven tribe leaders led their men to deal with the evil ghoul outbreak. The battle lasted for ten days and ten nights before they finally recaptured or destroyed the evil ghouls.

Even with the help of the Supreme Overlord Soul, the Soul Restricted Area suffered major losses.

Not only that but the restriction seals around the Soul Restricted Area were severely damaged because of the evil ghoul outbreak.

They would have to invest a lot of resources to fix it.

The disaster was estimated to cost them more than thirty percent of their resources.

"It's all because of that damn Chu Kuangren. How did he infiltrate the Soul Restricted Area? Violet Moon Tribe, you have to give us an explanation!"

"Yeah. How did Ziyue Changkong become Chu Kuangren?"

Everyone tried to pin the blame on the Violet Moon Tribe.

The Violet Moon Tribe did some investigation on the matter. They found out how Chu Kuangren infiltrated the Soul Restricted Area and how he impersonated Ziyue Changkong.

"Chu Kuangren's methods are cunning. He must have consumed Ziyue Changkong's memories, or he couldn't have fooled us all. Besides, we were distracted by the Nine-colored Celestial Soul Physique. That was why we didn't notice that Ziyue Changkong was Chu Kuangren," the Violet Moon Tribe Leader said.

Other than the Blue Ocean Tribe Leader, he hated Chu Kuangren the most among the other tribe leaders.

Due to Chu Kuangren's impersonation of Ziyue Changkong, the Violet Moon Tribe ought to receive criticism from other tribes, and they would be forced into a passive position.

"What about other losses?"

"Lan Haifang and the Azure Heaven Young Master collected quite some Soul Crystals for him in the Spiritual Divine Forest Realm. He even took a Nine-petal Soul Concentration Flower," the Blue Ocean Tribe Leader said with a grim look on his face.

Lan Haifang was deeply hurt. Not only was her beloved Ziyue Changkong killed, but she was also toyed with by Chu Kuangren for days.

She was also indirectly responsible for the destruction of Blue Ocean Eighteen Hell. Had she not led Chu Kuangren there, he would not get the chance to set up the talisman to destroy the place.

Azure Heaven Young Master was depressed for days as well.

He had collected a lot of treasures and Soul Crystals in the Spiritual Divine Forest Realm, but they were all taken by Chu Kuangren. He did not even keep half a piece of Soul Crystal for himself.

There was also the dead Yellow Sand Young Master and the heavily injured Crimson Star Young Master.

The Soul Restricted Area's younger generation was all directly and indirectly ravaged by Chu Kuangren.

The insult impacted their Daoist core.

"He also gained insights into the lost technique, the Violet Soul Bell, in the Spiritual Divine Forest Realm," said one of the elders.

His words silenced everyone.

They knew that was not all the damage Chu Kuangren caused.

They had also lost several Arch Gilded Immortals, including a Five Qi-realm elder, many resources, and combatants, as well as suffered a great insult.

Chu Kuangren literally wreaked havoc in the Soul Restricted Area and was able to escape unscathed!

Or more precisely, he fled with a harvest!

He came in secret and left with a bunch of treasures while leaving incurable insults to the people of Soul Restricted Area!

"What an insult!" the Crimson Star Tribe Leader said with gritted teeth.

It was unprecedented throughout the history of the Soul Restricted Area.

"He came prepared, be it the destruction of the Eighteen Hell or the talisman he used to flee at the end. The Nine-colored Celestial Soul Physique was the best evidence."

"We were unaware of his schemes. It's understandable that we lost."

One of the elders tried to find an excuse to ease the atmosphere and keep some of their dignity, but his words silenced everyone.

No matter how many excuses he came up with, it could not cover the fact that the Soul Restricted Area failed terribly in Chu Kuangren's hands.

"Chu Kuangren, you will pay for this! We, the Soul Restricted Area, won't let this go so easily!"

...

Swoosh!

Somewhere in the Immortal World, a ripple spread in the void, and a figure emerged from it.

It was Chu Kuangren, who had just escaped from the Soul Restricted Area.

“You’ve really done it this time. You pissed off the entire Soul Restricted Area,” said the Desire Flower on Chu Kuangren’s arm.

Chu Kuangren was not bothered at all. “We were enemies, to begin with. If I’m strong enough, I would have wiped them all out just now.”

The Desire Flower was left speechless.

Wipe out an entire Soul Restricted Area?

Not even the ancient great ones dared to say that, let alone the younger generation.

“So what are you going to do about the thing in your body?” the Desire Flower asked.

Chu Kuangren looked at the cloud of black qi in his chest and went silent.

He might have made it out unscathed, but the Supreme Overlord Soul somehow left a cloud of ominous black qi in him.

He used Lil Ai to analyze it, and it was identified as a curse.

The curse came from the same source as the curse of the Yasha Tribe.

“I heard a tabooed presence left the Yasha the curse. Now that it has appeared in the Soul Restricted Area, it seems like the Supreme Overlord Soul is behind this.”

Chu Kuangren was not overly bothered by the curse.

He pulled out the Cursebreaker Sword and stabbed it into his chest.

Spurt!

The black qi rumbled violently! Then, tendrils expanded outward and constricted Chu Kuangren.

Fortunately, the black qi was shattered by the sword and dissipated without a trace.

The Cursebreaker Sword could break all curses in existence. He had used it to break the Yasha’s curse before, so he used it again to break this strange curse.

Plus, his fate was not of this universe. Even though the curse was from the Supreme Overlord Soul, it might not affect him, especially with the double insurance of the sword and his fate.

“Hmph. I know the Supreme Overlord Soul has more tricks up her sleeve than this kind of cheap curse. I must be careful next time.”

“Hehe. The Restricted Area Supreme Overlord is one of the top existences in this universe. The fact that you escaped from her grasp unscathed is an achievement that other Arch Gilded Immortals will boast about for the rest of their lives,” the Desire flower said.

She knew that Chu Kuangren was unlike other Arch Gilded Immortals.

The Restricted Area Supreme Overlord may be powerful, but Chu Kuangren's power would definitely surpass all existence in the future!

Chapter 1647 Curing Shi Ying, Portal To Two Worlds, Central Heaven's Invasion

After Chu Kuangren left the Soul Restricted Area, he released Jing Hui from his Enchanted Sleeve.

Ye Luosha and Ye Guiwang, too, were extradited to the Underworld since the two of them would not be able to continue to serve the Soul Restricted Area after what happened.

"Brother Chu, how're things?"

Chu Kuangren nodded. "I have gotten the Soul Concentration Flower. Let's go to Euphoria Pure Land."

"Great!" Jing Hui was delighted.

After they fixed the direction, they rushed back to Euphoria Pure Land.

Shi Ying's body remained soaking in the lotus pond, and with Chu Kuangren's previous treatment, she was doing fine.

"This is it," Buddha Yun Lan said solemnly.

Chu Kuangren took the Nine-petal Soul Concentration Flower out. Using his Immortal's Core energy, the flower disintegrated into glittering powder and hovered over Shi Ying's body.

The Soul Concentration Flower started to regroup Shi Ying's shattered soul.

"It's working!" Buddha Yun Lan's eyes shone.

"Lil Ai, analyze how long it would take for Shi Ying to wake up."

"Analyzing... The Soul Concentration Flower would take at least three months to be in full effect. Shi Ying will wake up around then."

"Got it."

Chu Kuangren nodded and then glanced at Shi Ying soaking quietly in the lotus pond.

Fate brought him and Shi Ying together. Shi Ying was a Buddhist Prodigy and was likely to take over the Buddhist world in the future.

That was why Chu Kuangren went through the hell just to save her.

Otherwise, he would not even bat an eye even if Shi Ying was a Peerless Prodigy.

"Little Junior Sister, how are you going to repay my favor in the future?"

Chu Kuangren smiled as he thought.

After that, he turned to Buddha Yun Lan and requested a quiet room. He planned to cultivate for a while until Shi Ying woke up.

Buddha Yun Lan immediately prepared a room for him.

After Chu Kuangren got his room, he set up layers of restriction seals around it before summoning a vortex and entering the Underworld for cultivation.

He was in the Buddhist's territory and had no trusted partners by his side, so he felt unsafe cultivating there.

Although Buddha Yun Lan and Jing Hui fought with him before, Chu Kuangren dared not fully trust them yet.

Moreover, most of the Buddhists treated him as the Demon King.

When he arrived in the Underworld, the feeling of having everything within control delighted him.

He wondered when he could have the same feeling back in the Immortal World.

Swoosh.

A figure arrived before Chu Kuangren. It was the High Priest.

He had sensed Chu Kuangren's return as soon as the latter stepped through the portal.

"Ghost Emperor."

"How's the Underworld lately?"

"Everything is as usual. There are a few great ones who came to us for reincarnation, and I have listed their names down for your approval."

Chu Kuangren nodded as he made his way to the Ghost Emperor Palace.

As he went through the list submitted by the High Priest, he was surprised by the names he saw.

The list recorded the names of the great ones in line for reincarnation. Each name represented a famous great one in ancient times, such as the Three Clarities, Zhen Yuanzi, West Ruler Matriarch, Eastern Patriarch King, and more.

He was surprised when he saw the Underworld River Cult Forefather.

"This guy went for reincarnation?" Chu Kuangren said with a low grunt.

He had yet to settle the matter regarding the Nether Abyss Blood Ocean's Dead Soul Ocean with the Underworld River Cult Forefather.

'Fine. If I meet his reincarnation, I'll beat him up,' Chu Kuangren thought.

He then dismissed the High Priest and entered closed-door meditation.

His main objective was to absorb the Soul Crystals and the Thousand Spiritual Lamp that he got from the Soul Restricted Area.

"With these, my Soul Flower can at least break through to the Tenth grade."

Chu Kuangren looked at the pile of Soul Crystals in his Yin and Yang Ring with a grin. "I have to thank Lan Haifang and the Azure Heaven Young Master for this. I'll grant them a swift death next time."

He had wreaked havoc across the Soul Restricted Area, and he believed it was impossible for him and them to return to peaceful terms.

With the Nine-colored Celestial Soul Physique, his refining speed sped up. It took him only a while to absorb all the Soul Crystals.

His Soul Flower's grade increased gradually.

While Chu Kuangren was in closed-door meditation, something huge happened back in the Immortal World.

A vortex suddenly opened in the sky, releasing a powerful spatial fluctuation outward. It felt like the entire world was thrown into the void.

Countless great ones tried to peek into the vortex to find out what it was.

Some took the risk to go inside. However, an Arch Gilded Immortal returned from the vortex in a wretched state.

He was covered in blood as he shouted at the top of his lungs, "The Central Heaven Universe is invading us!"

His shout echoed across the entire Immortal World.

Central Heaven Universe?

The term confused almost everyone. The general public knew nothing about the unusual term.

However, those great ones familiar with the universe's secrets got anxious when they heard the name.

"Central Heaven Universe is invading us?! That isn't a spatial vortex! That's the portal that connects two worlds!"

"What's going on? I thought the portal was blocked by the Celestial Demon Tribe not long ago. Why is it here in the Immortal World?"

"Damn it. If those Alternate Universe bastards invade the Immortal World now, we're in huge trouble!"

"We must stop them!"

All the great ones reacted grimly to the portal's appearance.

In deep space, a man in green robes stared deeply at the Immortal World. "A decoy to distract our attention? Interesting."

The man was Wu Han of the Celestial Demon Tribe.

He was the man responsible for sealing away the portal between the two worlds for several eras, protecting the universe from invasion.

A while back, the portal he had sealed off started to react strangely. He thought the Central Heaven Universe was making a move, so he got prepared for a huge fight.

To his surprise, it was a decoy just to distract him.

The Central Heaven Universe had opened up a new portal between two worlds in the Immortal World.

"It's difficult to open up a portal between two worlds. Since the portal that they opened in the Immortal World isn't that powerful, they can't afford to send over an Embodier. So, why are they opening it there? What are they trying to achieve?" Wu Han pondered as he muttered to himself.

If the Embodiers of the other universe could not come through the portal, it would not bring much threat to the Immortal World.

Why would they spend countless resources and manpower just to open up a portal that could not send over an Embodier?

Were they planning to send their soldiers here just to die?

"I'll send Bei Ming down to the Immortal World."

The entire Immortal World was in turmoil because of the portal that connected both worlds.

The warning the Arch Gilded Immortal brought back struck fear in everyone's heart.

On that particular day, bright Immortal Sparks erupted from the portal as golden chariots emerged from within.

The army from another universe had arrived!

Chapter 1648 Another Universe's Army, Bei Ming's Arrival, No One Escapes

Other than the portal that connected the two worlds, an army from another universe marched into the Immortal World.

The leader was a man with red hair and golden red armor. He wielded a great saber and emanated a scorching energy presence that was like a rising sun.

"Ha! So this is Pan Gu Universe? I can sense a major calamity befalling here soon." The man cackled loudly.

"Isn't it better for calamity to happen here? It's easier for us to conquer it."

Beside the red-haired man was another man in armor, who chuckled as he spoke. Unlike the red-haired man, he emanated a frosty energy presence.

The army from another universe shocked many people.

Them calling this world as Pan Gu Universe made some of the Immortals ponder.

It was said that a Celestial Demon was born from the chaos in ancient times, named Pan Gu.

Pan Gu started the universe before meeting his end, so that universe was named after him.

"Are they from another universe?"

"The emanated Immortal's Core energy fluctuation... Could it be that the people from other universes cultivated like us too?"

Everyone was astonished by the arrival of the army from another universe.

Suddenly, the red-haired man raised his saber high in the sky. Massive Immortal's core energy gathered on his blade, and Daoist patterns intertwined within the energy.

A terrifying Arch Gilded Intent erupted.

As he swung the saber down, the terrifying power transformed into a million-meter sword shadow that was struck forward at a certain sect.

Bang!

A deafening explosion sounded. The sect was leveled to the ground instantly and was drowned by endless flames.

Countless cultivators died before knowing what happened.

People then realized the visitors from another universe were not friendly.

"Damn it! What are the outsiders trying to do?"

"How audacious!"

"Do you really think the Immortal World of Pan Gu Universe is a place that you can come and go?"

Many enraged cultivators retaliated, but the red-haired man was overly powerful.

He was a Great Perfected Arch Gilded Immortal! A slash from him could rival the strongest Arch Gilded Immortals who ever existed in Pan Gu Universe!

"Haha! I heard that Pan Gu Universe survived a major calamity and has fallen since then. It seems like the news is true." The red-haired man continued to cackle.

As he raised his hand, the army behind him was ready to unleash war on the Immortal World.

"Hold on. Someone is coming!"

Suddenly, a great one sensed a powerful presence approaching.

A terrifying surge of Celestial Demon qi erupted from further away, converging into a black nebula that approached rapidly.

The aura shocked even the red-hair and blue-hair invaders.

"This energy presence... It's a God King!"

"It's a God King-realm presence?!"

In the Central Heaven Universe, the Embodier Realm was known as the God King Realm.

As the black nebula approached in an indomitable manner, a man in black robes emerged from within proudly, leaving a trail of destruction behind him.

The inconceivably powerful aura instantly shrouded the area.

“Respectable God King elite, please enlighten us with your name,” the red-haired man said respectfully.

A God King deserved respect even though he was an enemy.

“Bei Ming of the Celestial Demon Tribe,” Bei Ming said indifferently.

As soon as Bei Ming spelled his tribe, the red-hair and blue-haired men were instantly horrified.

The Central Heaven Universe had its eye on the Pan Gu Universe for a long time now.

For countless years, they had tried to launch multiple invasions to conquer the Pan Gu Universe but failed every time.

The reason for their failure was the Celestial Demon Tribe.

As one of the oldest tribes in Pan Gu Universe, they foiled the invasion plans of the Central Heaven Universe over and over again.

Especially the man in green robes, who single-handedly suppressed the portal that connected both universes and stopped all the God Kings from the Central Heaven Universe from setting foot into Pan Gu Universe.

To the people of the Central Heaven Universe, the name Celestial Demon Tribe was a nightmare.

“He’s from the Celestial Demon Tribe?!”

“Damn it!”

“We just arrived, and we ran into a Celestial Demon Tribe? How unlucky!”

Both the red-hair and blue-haired men had no intention of fighting Bei Ming of the Celestial Demon Tribe. Hence, they exchanged a quick look and tacitly agreed to flee.

“Run!”

They scattered away immediately, together with the army they brought.

The portal they opened up this time was not for a full-scale invasion. They knew the portal of that size was not powerful enough for them to accomplish the invasion.

Their order was to infiltrate the Immortal World and adapt to the situation.

If they could conquer and destroy, they would; if they could not, they were told to hide in the Immortal World and wait for reinforcements.

The red-haired man knew that as long as he could escape, he would be able to hide somewhere in the Immortal World and develop further while waiting for a chance to contact his own universe for the invasion.

However, his thoughts were a little euphoric or delusional even.

“Where do you think you’re going? You can’t escape me,” Bei Ming said.

As he lifted his hand, countless Daoist laws expanded from him, and boundless Celestial Demon qi flooded the area, forming a massive net that trapped its prey within.

As the net shrank, the Celestial Demon qi went on a rampage.

The cultivators from another universe were torn apart and destroyed by the net, including the red-hair and blue-hair leaders.

Soon, the entire army from another universe was annihilated by a single move from Bei Ming. No one managed to escape.

Bei Ming looked into the void and said, "What's wrong? You guys want to continue watching?"

After that, he shot his Celestial Demon qi into the Deep Void.

The Deep Void trembled, and it spat out multiple powerful existences. The weakest among them was a Great Perfected Arch Gilded Immortal.

There were a number of Embodiers as well.

They were considered some of the top cultivators in the Immortal World.

Even if Bei Ming decided to stay back, those top cultivators could easily intercept the army from another universe.

No matter how competitive they were against each other, they knew who their enemies were when their own universe was being invaded.

"Did he send you, Bei Ming?" one of them asked.

The 'he' the person was referring to was the strongest Celestial Demon cultivator who single-handedly threatened the Immortal Hall.

"Yes, but that's not important. Our priority here is to deal with this portal," Bei Ming said.

"The portal is opened from the other side. If we want to close it, we have to do it on the other side."

"Should we send people over there? Their Great Dao has massive restrictions on us."

Unlike Pan Gu Universe, the rules of Central Heaven Universe's Great Dao had massive limitations and restrictions on the great ones here.

Pan Gu Universe had always been on the defensive side.

If not for Wu Han, Pan Gu Universe would have lost half of the universe to the invaders a long time ago.

"Let's just send someone inside to have a look," Bei Ming said.

Chapter 1649 Twelfth-grade Soul Flower, Dead Souls From Another Universe

The appearance of the portal to another universe struck fear in everyone's heart.

Fortunately, Bei Ming arrived and single-handedly wiped out all the invaders, boosting everyone's confidence.

Then, the Immortal World sent a group of scouts into the portal for exploration.

They found out that there were quite a number of people from another universe active inside. It also involved an ancient secret realm that connected to the Deep Void, and people from other universes used it to open up a portal connecting to their universe.

“Not only did those from the other universe send invaders to our world, but they are also exploring the secret realm!”

“The secret realm belongs to us, not them! They’re being presumptuous!”

“We have to fight back and reclaim our secret realm! We cannot allow such presumptions to happen in our world! It’s time to send people inside to fight them!”

After a deliberate discussion among the great ones, they decided to send people inside.

Since the invaders from the other universe had the advantage of numbers, it forced the great ones to do a mass drafting across the Immortal World.

With Pan Gu Universe’s safety at stake and the temptation of exploring a secret realm with many unknown treasures, the mass drafting was a success.

Many cultivators volunteered to enter the secret realm and fight the invaders from the other universe.

It included many sky-prides and Prodigies.

Unfortunately, Chu Kuangren was in the Underworld, cultivating and refining his Soul Crystals. Therefore, he was unaware of the invasion from the other universe.

He was absorbing the energy of the Soul Crystals to boost his soul energy.

Chu Kuangren opened his eyes, and a Soul Flower bloomed beautifully above his head.

It had broken through to the Twelfth grade!

It was the highest point that an Arch Gilded Immortal could achieve with the Soul Flower, but Chu Kuangren, who had manifested a Twenty-fourth-grade Life’s Core Flower before, knew that it was not the true limit.

“Twelfth-grade Soul Flower? Not bad.”

Chu Kuangren smiled as he exited the Ghost Emperor Palace.

As soon as he stepped outside, he realized the Underworld had seen a surge in dead souls.

The whole place was like a busy machine working tirelessly.

The Naihe Bridge and Revival Street were extremely crowded.

Even outside the Ghastly Checkpoint, there was a long line waiting to enter.

Chu Kuangren frowned. “What happened? Why are so many people dead all of a sudden?”

One of the Underworld Soldiers heard his question and answered, "My Lord, there seems to be a war going on in the living world. That's why we're seeing a surge of dead souls."

"A war? With this number of dead souls, could it be that the Overlord-level forces are fighting each other?" Chu Kuangren muttered.

"Release me! Release me!"

"Shut up! You are dead, and you are to proceed with reincarnation!"

"Screw you! I'm not from your Pan Gu Universe! Don't even think about making me reincarnate in your universe!"

A little commotion happened further away.

A red-haired Arch Gilded Immortal dead soul was causing a scene.

However, due to the reincarnation mechanism's power, he could not unleash his cultivation power and was soon apprehended by a group of Underworld Soldiers.

He was forced to the ground, but it did not dampen his fierce temper.

"I'm from the Central Heaven Universe! Get the hell away from me—"

"I don't care which universe you are from. If you come to our Underworld, you will proceed with reincarnation as we instruct you!"

Chu Kuangren heard the term 'Central Heaven Universe', and it caught his attention.

"Bring him over."

The Underworld Soldiers brought him to Chu Kuangren.

"Ghost Emperor."

The Underworld Soldiers made a fist salute.

The red-haired dead soul's eyes gleamed when he learned of Chu Kuangren's identity. He bellowed, "Ghost Emperor of Pan Gu Universe's Underworld, release me, or you will suffer when my Central Heaven Universe conquers this place! Even if you're the Ghost Emperor, you can't escape!"

"How dare you!"

The Underworld Soldier hit the back of the dead soul's knee with the staff and forced him to his knees.

"Ghost Emperor, you better—"

The red-haired dead soul wanted to continue, but Chu Kuangren released his Ghost Emperor's authority as he narrowed his eyes.

The red-haired dead soul was slammed to the ground!

"I don't care who you are. When you arrive in the Underworld, everything about you is under my control. Though, I don't mind sending you to the Eighteen Hell for fun," Chu Kuangren said.

The red-haired dead soul was silenced when he met Chu Kuangren's frosty gaze.

"Now, I ask, you answer. How did you appear in my Underworld?"

"This is the Underworld. Of course, I'm here when I'm dead," the red-haired dead soul said with a scoff.

"You know that's not what I'm asking..."

Chu Kuangren pointed his sword hand sign at the dead soul and cut off one of his arms, causing him to scream in pain.

The red-haired dead soul then revealed everything about the invasion from another universe.

Chu Kuangren pondered deeply after learning about the situation.

Invasion from another universe?

How did it happen so soon?

Something felt strange. If it were an invasion from another universe, where a war between universes broke out, the number of dead souls that entered the Underworld would not be so few.

The whole Underworld would be crowded!

If it was not an all-out war, why did the people from another universe open up a portal in the Immortal World? Why went through all the trouble and not invade?

Chu Kuangren continued to ponder.

Regardless, he had to visit the portal to learn more.

"How could I miss something so interesting," he said with a smile.

He then ordered the High Priest to lock up all the dead souls from another universe, especially the generals.

They were to be interrogated for information regarding their universe and the objective of opening the portal.

Anything useful would do.

The High Priest accepted the task.

With that, Chu Kuangren left the Underworld and returned to the living world, which was the Euphoria Pure Land.

He went to talk to Buddha Yun Lan about that matter.

Buddha Yun Lan was aware of the other universe, but not much information was provided.

Hence, Chu Kuangren decided to leave for the portal. After a glance at the recovering Shi Ying, he left Euphoria Pure Land.

His Immortal Consciousness expanded across the land to gather all kinds of information regarding the other universe.

Soon, he arrived before the portal and saw someone familiar.

“Senior Bei Ming.”

“Oh, kid! You’re here!”

“How’re things?” Chu Kuangren asked.

“How should I put this?”

Bei Ming could not help but furrowed his brows. “I feel like something is off. The portal isn’t strong enough for an Embodier to pass through, and it’s rather inefficient for those on the other side. With me and the other Arch Gilded Immortals here, they’re coming here only to die. Yet, they continue to send men here. It’s strange.”

Bei Ming threw a punch out as he explained, blasting the newly arrived army into dust.

Chu Kuangren noticed that Bei Ming’s fist energy contained Daoist law.

Bei Ming had ascended into the Embodier Realm.

He felt happy for the man but could not wrap his head around the situation.

He looked at the portal and said, “Why don’t we go have a look inside? Maybe we can find out what they’re trying to do.”

Chapter 1650 Ye Zhu Versus Chen Feiwu, Infallible Sword Physique, You Are Talking Crap

“Oh? You are going in?” Bei Ming’s lips curled into a smile as he looked at Chu Kuangren with interest.

He was not surprised at Chu Kuangren’s decision at all.

Chu Kuangren nodded before his figure flashed, transformed into a streak of light, and flew inside.

When the great ones saw Chu Kuangren enter the portal, they sighed a breath of relief for some reason. They felt like the problem would automatically solve itself with Chu Kuangren involved.

Although Chu Kuangren was undeniably a problem for their own world, they had to admit that he was a man of miracles.

Maybe he was the only one who could solve the problem between the two universes.

The universe-connecting portal was not the passageway that Chu Kuangren had imagined. It was a massive secret realm!

Inside the secret realm, people from both universes were fighting and exploring.

Bang! Bang!

As soon as Chu Kuangren set foot into the secret realm, a powerful energy fluctuation erupted.

Someone was fighting.

His figure flashed and flew towards the source of origin.

...

Two groups of people were fighting in the secret realm, and both were from different universes, Pan Gu Universe and Central Heaven Universe.

The fight was fierce as all Immortal Techniques and divine abilities were thrown at each other.

Countless Daoist patterns shone across the void, painting the sky with colors and destroying terrains.

There was one pair that caught extra attention.

Two sword cultivators were fighting.

One of them was in green robes and wielded a bamboo sword. There were green leaves in his eyes as his green sword qi danced around him and tore the void apart.

He was the famous Sword Dao Prodigy of the Immortal World, Ye Zhu!

Ye Zhu had broken through to the Arch Gilded Immortal Realm, and his power now almost rivaled that of the Eastern Sovereign Divine Daoist.

However, he now had a grim expression on his face.

He was facing a stern-looking man in black and gold armor, who wielded a pitch-black heavy sword.

Ye Zhu was somehow pressured by the man.

“Hahaha! Even in my universe, only less than a handful of young sword cultivators can exchange this many attacks with me. Young sword cultivator from Pan Gu Universe, you’re worthy for me to remember your name. State your name!”

The man cackled with laughter as he looked at Ye Zhu confidently as if he had already won.

“Ye Zhu.”

“Very well. I will remember your name. You, too, shall remember my name, Chen Feihu, as the man who will defeat you!”

Chen Feihu wielded his heavy sword high in the air. A black Immortal’s Core energy gathered at the tip of his blade, and a rampant and indomitable aura spread outward.

Ye Zhu’s expression turned grimmer when he felt the aura. “It’s still up in the air as to who will win!”

He narrowed his eyes, and his Immortal Destruction Sword Qi was on the brink of eruption.

With the buff from the Green Leaf Sword Vision, a terrifying murderous qi erupted.

The mountains in the area were instantly covered with deep and violent sword marks, some of them as long as a hundred kilometers.

There were countless sword marks that covered the area, and they were all from the stray sword qi of Ye Zhu.

“Hmph! I didn’t expect you to have such a trump card left! But I have my own trump card as well!”

Chen Feihu responded with an odd look. He seemed startled by the Immortal Destruction Sword Qi.

Such a Sword Dao cultivation technique was considered rare in the Central Heaven Universe.

Then, following a powerful battle cry, a black sword ray flashed in his eyes. His energy surged as the black sword ray gathered even more on his blade.

The pitch-black sword ray was like a black hole, devouring even the surrounding light.

Ye Zhu cried, "Slash!"

The Immortal Destruction Sword Qi was unleashed!

Intense Murderous Arch Gilded Intent was concentrated in the sword qi. Its power felt like it could destroy the sky!

Chen Feihu unleashed his own slash as well.

His slash rivaled that of Ye Zhu, and the pitch-black sword ray seemed like it could devour all things in the universe.

Green versus black!

Two drastically different sword qi clashed, causing a tremendous explosion. Countless stray sword qi intertwined and formed a massive sword qi storm that wreaked havoc.

The sword qi storm left a trail of destruction in its wake, tearing even the void apart.

Many other cultivators were shocked by the collision and were forced to stop. They were shocked by the sheer amount of stray sword qi in the air.

"Such a powerful sword qi!"

"Scatter out! We can't possibly block the sword qi!"

"The two of them are definitely the strongest Trinity Flower Arch Gilded Immortals!"

Many of the cultivators retreated as they were afraid to be caught by the sword qi storm.

The slower ones were caught and crushed into bloody mists.

At the eye of the green and black storm, Ye Zhu and Chen Feihu locked eyes. Both their sword intents did not decrease after the clash. On the contrary, they grew even stronger by the second.

Bang!

Sword qi exploded like falling meteors.

Their swords collided once more.

As the blades clashed, billions of Immortal Sparks shot out and tore open heaven and earth.

It was one of the fiercest Sword Dao battles in both universes' history!

Both their respective Sword Dao shone brightly, clashing as they intertwined to form the epitome of the art of sword!

There were many other swordsmen within the proximity, and they all looked at the scene with solemn expressions.

Bang!

Following another clash, Ye Zhu was blasted away.

Chen Feihu stood firm in the air. Black sword qi intertwined and surrounded his limbs, entering his orifices and bones, granting him an ominous presence.

Ye Zhu's face sank. "Your body..."

"Haha, this is the Central Heaven Universe's Infallible Sword Physique!" Chen Feihu cackled proudly.

"You're not the only one with a special physique. I have it too!"

The Central Heaven Universe had all kinds of physiques as well.

All three thousand physiques had their own uniqueness.

The Infallible Sword Physique was one of the top thirty physiques among the three thousand physiques in the Central Heaven Universe.

Not only did it grant its user powerful sword qi, but it also made the user's body indestructible.

"This fight is getting tougher," Ye Zhu muttered. He had a feeling that he might lose that battle.

It was not that the Green Leaf Sword Vision was inferior to the Infallible Sword Physique, but Chen Feihu's cultivation level was much higher than his.

With a stronger cultivation level and a decent physique, plus the armor and the heavy sword were both decent treasures, Ye Zhu had less than a ten percent chance of winning.

"Haha! I have the Infallible Sword Physique! Be it in my Central Heaven Universe or the Pan Gu Universe, I stand at the peak of Sword Dao!

"There are thirty million sword cultivators in the universe, and I am infallible!"

Chen Feihu's sword intent surged and shook the area.

The cultivators from another universe were impressed by his fight.

It was at that moment, a powerful aura that enveloped the realm came from further away.

The aura instantly overpowered Chen Feihu's sword intent.

"I think you are bullsh*tting."

A voice echoed across the universe.

A figure in white approached in a dazzling and transcendental manner as if he was the Immortal King.

He left a trail of destruction in his wake.

Even the battlefield trembled fiercely as if it could not sustain the terrifying aura of the person approaching.
