Chapter 1711: A Trivial Matter, The Ancient Central Heaven Planet Opens

1711 A Trivial Matter, The Ancient Central Heaven Planet Opens

On a warship in the starry sky, Chu Kuangren retracted his Overlord Physique's aura and sensed the abundant power in his body while grinning.

The Tyrant Overlord Physique, with ten of its Great Dao Shackles broken, was extremely terrifying, and Chu Kuangren could feel the frightening energy in it. His physical body was already extremely powerful, but the Overlord Physique had made him several times stronger. His energy was much more terrifying than the female demon in the Jiangshi Restricted Area.

Raw physical strength was one of the strong suits of the Tyrant Overlord Physique.

However, that was not all the power that the physique possessed. The Overlord Physique had its unique domineering qi and three divine ability conjurations, which Chu Kuangren would slowly familiarize himself with.

"I've deactivated the Overlord Physique in time, so I think not many people have noticed its aura," mumbled Chu Kuangren.

The Overlord Physique's aura was indeed beyond his expectations. He did not expect that the released aura would shatter all restrictions he had set up.

Fortunately, he managed to restrain himself in time. Otherwise, most of the Central Heaven Universe would know about it by now.

Outside the pavilion, Ling Fei and others slowly stood up from the deck. They looked at Chu Kuangren, who was walking out of the pavilion, with shock in their eyes.

"Heavenly Sword, what was the energy just now? It was terrifying!"

"Well, it was just a trivial matter,"

With ten shackles broken, the Tyrant Overlord Physique's energy was extraordinary. In fact, it could be regarded as one of Chu Kuangren's trump cards at that moment.

He had no intention of declaring it to the world yet and would wait to use it at the right time.

Upon hearing his words, the corner of Ling Fei's and others' mouths twitched.

'A trivial matter? My goodness! Did he just regard that domineering aura as a trivial matter?

Is he all right?'

Should they say that it was expected of the Heavenly Sword?

However, no one questioned it since Chu Kuangren did not want to talk about it.

In the meantime, on an ancient planet of the Emperor Tribe, Di Qianqiu stared deeply at a communication jade scroll in his hand. "Tianhong and others have failed, and it turns out that the last fragment is in the hands of Heavenly Sword. Interesting."

At that moment, a figure rushed in with an unpleasant expression. He was Di Liufang, the second Prodigy of the Emperor Tribe.

"A Fully Realized Tyrant Overlord Physique has emerged!" Di Liufang said solemnly.

A glint flashed in Di Qianqiu's eyes when he heard that. However, he then chuckled. "It's really interesting. The Heavenly Sword and Fully Realized Overlord Physique have emerged one after another in this era. Could this be a signal? Will the seven stars align and the nine kings' return happen in this era?!"

The saying that 'when the seven stars align, the nine kings will return' was an ancient legend circulated in the Central Heaven Universe.

According to rumors, children of Great Dao would be born in a certain era in the Central Heaven Universe and lead the Central Heaven Universe to a more glorious era.

The nine children of Great Dao were also known as the nine future kings of the Central Heaven Universe who would surpass all existing God Kings!

"Aren't you worried that the Fully Realized Tyrant Overlord Physique will pose a serious threat to us once it grows?" Di Liufang asked worriedly.

"It's okay. The most important thing now is to find the last fragment. Once we recover it, we will have the opportunity to break the Ten Dao Shackles and possess the Fully Realized Emperor Physique. With the experiences in our past lives, we don't have to be afraid of a Fully Realized Overlord Physique," Di Qianqiu said with confidence.

Seemingly convinced by him, Di Liufang gradually calmed down. "Is there any news about the last fragment?"

"It's in the hands of Heavenly Sword."

"How could it be him? His strength is unpredictable. I'm afraid it won't be easy for us to get it."

"It doesn't matter. He can't do anything to the remnant soul in the fragment for the time being, so we can get it after the Ancient Central Heaven Planet is open."

"Alright. You can leave this matter to us," said Di Liufang.

After that, several months passed.

Over the past few months, the news about the emergence of a Fully Realized Tyrant Overlord Physique had spread like wildfire in the universe!

That news was extremely frightening and was no worse than the news about the emergence of the Heavenly Sword. A Fully Realized Tyrant Overlord Physique was rare throughout the ages, and its host was a Taboo who could break the rules of the Great Dao!

On top of that, news such as Luo Xue of the Luo King Tribe succeeding in challenging Zhuo Ming, an Evil Eye Tribe Prodigy that ranked tenth on the Heavenly God Leaderboard, spread far and wide. Now, she was in the top ten on the leaderboard!

The news caused quite a stir.

After all, the top ten on the Heavenly God Leaderboard had hardly changed for many years.

However, there had been frequent changes recently. Firstly, Mo Wuji was defeated by the Heavenly Sword, and now Zhuo Ming was defeated by Luo Xue.

In addition, the strength of the Nether King Tribe's Wu You had improved a lot after obtaining an inheritance from an ancient planet. Some people said he also possessed the combat strength of the Heavenly God Leaderboard's top ten. His strength was only slightly inferior to Wu Tianming, the Nether King Tribe's most powerful Prodigy, who ranked fifth on the Heavenly God Leaderboard and was known as the Nether King Heaven Daoist.

In the Feng clan, the Storm Queen, Feng Qiyu, also emerged and had started to be active after a long closed-door meditation.

Furthermore, Daoist Ji Feiyun, a Mystic Divination Tribe's Prodigy, who ranked sixth, had also left his closed-door meditation.

The Dragon Maiden, who was ranked eighth, had also appeared and threatened to settle the score with the Heavenly Sword!

That was because Chu Kuangren severely injured Chi Longying, who happened to be the elder brother of the Dragon Maiden.

In short, the Central Heaven Universe had been extremely unsettled recently.

With various Prodigies and sky-prides emerging one after another, some people speculated that the Ancient Central Heaven Planet was about to open.

Two years later, in the depths of the Central Heaven Universe, seven planets were circulating disorderly in an ancient starry sky.

On that day, the seven planets were starting to align.

Following that, an indescribable Daoist Rhyme permeated from the seven planets. The entire universe was like a lake, while the seven planets were like stones falling into the lake, causing that gradually spread. Daoist chimes sounded, and the great ones of the entire universe sensed it.

"This is the aura of the Ancient Central Heaven Planet opening!"

As an ancient great one opened his eyes, a gleam flashed in his eyes.

For a moment, the entire Central Heaven Universe trembled, and countless forces made their moves.

On a warship in the starry sky, a man and a woman were competing with their swords.

The man's sword intent was extremely sharp, while the woman's sword intent was chilly even though hers was not as sharp as the man's.

The two were fighting against each other, refusing to give in, and their Arch Gilded Intent collided.

They were Chu Kuangren's followers, Ling Fei and Han Xingyu.

"Xingyu, your cultivation has improved rapidly."

Feng Qingxue, who was standing at a side, laughed.

Han Xingyu was no longer the little Gilded Immortal. She was now an Arch Gilded Immortal who had successfully comprehended the Arch Gilded Intent.

Although she was not qualified to be listed on the Heavenly God Leaderboard, she was not far behind.

"It's all thanks to the Heavenly Sword's guidance." Han Xingyu smiled.

At that moment, a strange fluctuation spread from the distance, and the trio looked at each other in amazement.

On the warship, the door of the pavilion suddenly opened.

A figure in white walked out slowly while looking into the distance with a faint smile. "Heh, the Ancient Central Heaven Planet is finally open."

Unparalleled After Ten Consecutive Draws

Chapter 1712: Crystal Dragon Maiden, Too Sharp and Glaring, Hurting Others and Himself

1712 Crystal Dragon Maiden, Too Sharp and Glaring, Hurting Others and Himself

The news of the Ancient Central Heaven Planet's opening spread rapidly across Central Heaven Universe.

All of a sudden, all the major forces that had been preparing for a long time moved toward the seven ancient planets with great anticipation.

In the Conqueror Tribe, a man in pitch-black armor appeared in the air. His purple and crimson domineering qi spread out as if it had materialized!

Wherever the domineering qi landed, countless planets exploded one after another, and the starry sky collapsed!

Xiang Tiancang, a Prodigy who ranked second on the Heavenly God Leaderboard, had left his closed-door meditation!

Meanwhile, on a white planet, a man in white was sitting with his legs crossed. There seemed to be a mysterious Daoist Rhyme circulating him while Daoist chimes sounded occasionally.

He was Ji Feiyun, a Mystic Divination Tribe's Daoist who ranked sixth on the Heavenly God Leaderboard!

A woman in white approached him slowly and said, "The Ancient Central Heaven Planet is open."

"Alright."

Ji Feiyun nodded and then looked at the vast starry sky. "With the Heavenly Sword and the Fully Realized Overlord Physique emerging one after another, the Great Dao's vital force has been unsettled, and it has made it difficult for the Mystic Divination Tribe to deduce the future. It seems that the seven stars aligning is likely the sign of the nine kings' emergence. The current era is about to change."

"The nine kings..."

The woman in white mumbled with worry. "The future is unpredictable."

"What do you think about the Heavenly Sword and the Fully Realized Overlord Physique?" Ji Feiyun suddenly asked.

"The Fully Realized Overlord Physique has only appeared recently, and it hasn't made any movement for the time being. However, the Heavenly Sword shouldn't be underestimated. His ability to defeat Mo Wuji proves that he's powerful."

"I wonder whether the Heavenly Sword is more powerful than Chu Kuangren whom you've met before?" Ji Feiyun asked again.

Upon hearing that, the woman in white, who was the Prodigy, Heaven Maiden You that had been to the universe-connecting portal, furrowed her brows. "These two people have never met face to face, so they cannot be compared."

"In that case, what do you think about their strength compared to mine?"

Soon, Immortal's Core energy spread from Ji Feiyun's body. He stood with hands behind his back while three flowers emerged above his head.

They were the Arch Gilded Immortal Realm's Trinity Flower!

Most importantly, his Immortal's Core and Soul Flower had both broken through the Twelfth-grade limit and were at the Fourteenth Grade!

Ji Feiyun was not only a Peerless Prodigy, but he had also broken the rules of the Great Dao, which made him a Taboo!

Many people would be frightened if they knew about that.

Heaven Maiden You's eyes narrowed. "I never thought your strength would reach this level in just a hundred years of closed-door meditation. It's really surprising."

"Who is more powerful, me or the Heavenly Sword?" Ji Feiyun asked.

"You are a Taboo who has broken the rules of the Great Dao, whereas the Heavenly Sword is merely a legend. You are both incomprehensible outliers that are difficult to be compared."

"I just want to know what you think." Ji Feiyun continued asking, seemingly concerned about his position in Heaven Maiden You's heart.

"I can't judge," Heaven Maiden You said with an indifferent expression.

When he heard her, Ji Feiyun looked at her intently and said indifferently, "You will be able to do so during the opening of the Ancient Central Heaven Planet this time."

He was also extremely curious about the Heavenly Sword.

On the Divine Dragon Planet, a domineering dragon chant echoed across the sky in the Dragon Tribe!

A gigantic dragon with a crystal-like body and wings on its back was soaring in the sky!

Its body was strong, and under the refraction of the sun, its crystal-like scales shone with dazzling brilliance. It was stunning.

As the crystal dragon landed on the ground, the colorful brilliance on its body flashed and transformed into a tall woman with a slender, curvy figure. She had fair skin, red lips, and keen eyebrows, as well as a beautiful nose and a pair of green eyes. On top of her beautiful looks, she had two horns on her head, and she gave off a noble aura.

The woman was Long Shuijing, the Crystal Dragon Maiden and the most powerful Prodigy in the Dragon Tribe!

"Welcome back, Dragon Maiden!"

As a group of Dragon Tribe cultivators approached and greeted Long Shuijing, Chi Longying looked at Long Shuijing, who was surrounded by everyone, with jealousy in his eyes.

He hid it so well that no one noticed it.

"Younger Sister, congratulations on coming out from your closed-door meditation! Your cultivation must have improved a lot."

"Yeah. I've had a minor breakthrough."

Long Shuijing smiled faintly.

Upon hearing that, Chi Longying was even more dissatisfied because Long Shuijing had surpassed him in all aspects since she was a child.

He was the Dragon Tribe Leader's eldest son, yet the attention of everyone in the Dragon Tribe was on Long Shuijing.

She got their parents' love, the elders' hopes, and the tribe members' admiration...

"Elder Brother, how's your injury?" Long Shuijing looked at Chi Longying and asked with concern.

"I'm almost fully recovered."

"Elder Brother, the opening of the Ancient Central Heaven Planet is bound to be dangerous. You haven't fully recovered yet. Why don't--"

"No way!"

Chi Longying let out a low grunt. "Although the Ancient Central Heaven Planet is dangerous, it has a lot of Opportunities of Fortune. I must not miss them. Don't worry. I won't hold you back."

“You have misunderstood, Elder Brother. I don’t mean that,” Long Shuijing quickly explained.

Following that, a cold glint flashed in her eyes. “The Heavenly Sword is to be blamed. Elder Brother, don’t worry. I will definitely avenge you!”

Chi Longying forced a smile on his face. “Thank you.”

In fact, he did not feel grateful to her for wanting to avenge him.

His prestige in the Dragon Tribe would be affected if everyone knew that his younger sister fought against someone he could not defeat for him.

However, he was indeed Heavenly Sword’s opponent.

How despicable!

‘No way. I must take the opportunity of the Ancient Central Heaven Planet’s opening to grow stronger!’

‘Long Shuijing, Heavenly Sword... I will crush both of you!’ Chi Longying screamed to himself.

In the Emperor Tribe, Di Qianqiu opened his eyes and looked at the starry sky with a grin. “Very well. The Ancient Central Heaven Planet is open.”

Beside him, Di Liufang’s face was filled with anticipation. “It’s time for us to get the last fragment. I’ve had enough of soul separation.”

“Yeah.”

Di Qianqiu nodded. “We will split into groups. You and others will go and get the fragment while I will go and get back some things I left on the Ancient Central Heaven Planet.”

“Alright.”

“Besides us, the Skysnow Tribe and Mo Wuji will want to deal with the Heavenly Sword too. We can use them as our tools.”

“Understood.”

Di Liufang thought of the names of the people that he could use. Then, he found himself surprised.

“Heh, it’s surprising. It’s only been two years since the Heavenly Sword emerged in the universe, yet he has offended many forces, and they’re all from the King Tribes.”

“This Heavenly Sword is too sharp and glaring, hurting others and himself,” said Di Qianqiu.

In the Skysnow Tribe, the awakened ancient Prodigy sat on an iceberg while recovering his strength.

Endless freezing qi was spreading from him.

He looked at the starry sky and then slowly stood up. “Prodigies of the current era, show me your abilities!”

As the Ancient Central Heaven Planet was opened, all Prodigies and sky-prides were ready to fight against each other.

With the seven stars aligned, it seemed to be announcing that a new era was approaching.

Chapter 1713: Xiang Tiancang, Feng Qiyu, Ji Feiyun, The Heavenly Sword Has Come

1713 Xiang Tiancang, Feng Qiyu, Ji Feiyun, The Heavenly Sword Has Come

On a warship in the starry sky, Chu Kuangren walked out of the pavilion and looked at the starry sky in the distance with a grin. “The Ancient Central Heaven Planet is open, and the show has just begun. How exciting.”

“Heavenly Sword, shall we go over now?”

“Of course.”

Chu Kuangren nodded.

He would not miss a good opportunity like the Ancient Central Heaven Planet as he, too, wanted to know just how powerful the top-notch Prodigies in the Central Heaven Universe were.

The aligning of the seven stars blew up a storm!

Prodigies and sky-prides from all forces dashed toward the direction of the Ancient Central Heaven Planet.

Soon, the ancient planet was crowded with groups of people.

New Prodigies arrived every day, and it was amazing.

On that day, a violet stream of light shot across the void and landed in the sky above the Ancient Central Heaven Planet. It was a man in a black robe.

However, what made everyone surprised was the violet scar on the man’s forehead, from which an extraordinary and shocking Daoist Rhyme emanated.

“He’s Zhuo Ming from the Evil Eye Tribe!”

Someone recognized the man and gasped in shock.

The Evil Eye Tribe was a top-notch King Tribe in the Central Heaven Universe. Although it was not as powerful as the Ancient King Tribe, it was extremely frightening. Zhuo Ming was the Evil Eye Tribe’s most outstanding Prodigy of that generation and was ranked eleventh on the Heavenly God Leaderboard.

To be precise, he ranked tenth before this. However, he was recently defeated by Luo Xue, who was ranked eleventh on the Heavenly God Leaderboard.

“Ancient Central Heaven Planet, Luo Xue, and the Heavenly Sword, just you wait.” Zhuo Ming snorted.

He did not have a good impression of Luo Xue and Chu Kuangren.

Two years ago, Luo Xue challenged and defeated him, which surprised but annoyed him. After all, how could a woman defeat him?!

He was shocked by Luo Xue's improvement, to say the least.

After inquiring about her, he learned that she could make such progress because of the Heavenly Sword's guidance. Hence, he held a grudge toward the Heavenly Sword.

However, he did not act rashly. Since Luo Xue could defeat him, the Heavenly Sword, whom Luo Xue admired so much, must be even more powerful.

"As a place that has produced many God Kings, the Ancient Central Heaven Planet must have many Opportunities of Fortune. Some God Kings even left their inheritances here, including one of my Evil Eye Tribe's God Kings. My cultivation level will soar if I can get my hands on it. Then, I will be able to deal with Luo Xue and the Heavenly Sword."

"Not to mention taking back my place as the tenth on the Heavenly God Leaderboard, but I can even break a new record!"

With such confidence, Zhuo Ming dashed toward one of the Ancient Central Heaven Planets.

Besides Zhuo Ming, other top-notch Prodigies gradually arrived on the planet too.

Buzz!

On that day, a majestic and overbearing domineering qi swept across the universe and shattered many planets in its wake.

That was when everyone saw a man in pitch-black armor gliding across the air.

"It's Xiang Tiancang!" Someone gasped.

Xiang Tiancang was the most powerful Prodigy in the Conqueror Tribe, and his cultivation was unfathomable. He ranked second on the Heavenly God Leaderboard and was second only to Di Qianqiu.

After Xiang Tiancang's appearance, a beautiful woman approached slowly from another part of the starry sky. She was surrounded by endless Immortal Sparks and countless invisible currents.

It was the Wind of Void!

Wherever the attack struck, the void collapsed silently while the planets vanished in the silence.

It was terrifying!

"That's Feng Qiyu, the Storm Queen who ranks third on the Heavenly God Leaderboard!"

Some people were astonished, while others looked at Feng Qiyu with obsession in their eyes.

Feng Qiyu was extremely beautiful. She had a stunning figure, beautiful features, and fair skin. As she walked, her hips swayed from side to side.

Although she looked weak, she had an extremely frightening aura.

In the Central Heaven Universe, Feng Qiyu's admirers were no less than Luo Xue's.

"Here you are."

Xiang Tiancang glanced at Feng Qiyu calmly.

Although she was beautiful, he was devoted to the Dao and never regarded beauty as important. Instead, he looked up to Feng Qiyu because of her strength.

"I'm not the only one here." Feng Qiyu smiled.

"I've never taken others seriously except for you and Di Qianqiu," Xiang Tiancang said indifferently.

It was as if to say that other than the first and the third on the Heavenly God Leaderboard, everybody else in the younger generation was nothing.

"Oh, is that so?" An indifferent voice sounded.

Daoist chimes reverberated between heaven and earth. In the starry sky, a young man in white was approaching slowly, with countless Great Dao runes circulating his body, giving him a mysterious look.

"It's Ji Feiyun of the Mystic Divination Tribe who ranks sixth on the Heavenly God Leaderboard!"

Some people's expressions turned stern.

The Mystic Divination Tribe was a unique Ancient King Tribe.

They kept a low profile and would hardly participate in any competition. They would only show up when major changes were happening in the Central Heaven Universe.

In recent years, the Mystic Divination Tribe had made many moves, such as Ji Feiyun achieving the sixth ranking on the Heavenly God Leaderboard, and they were the ones who secretly planned the universe-connecting portal...

"Your aura..." Xiang Tiancang glanced at Ji Feiyun. Then, he narrowed his eyes and laughed. "Interesting. You broke the rule!"

"Interesting." Feng Qiyu also smiled.

Breaking the rules of the Great Dao and achieving a Twelfth Grade or higher Trinity Flower in the Arch Gilded Immortal Realm were the signs of a taboo.

There were very few taboos in the top ten on the Heavenly God Leaderboard, namely Feng Qiyu, Xiang Tiancang, Di Qianqiu, and now Ji Feiyun.

"Although you've broken the rule, your combat strength is still not on par with mine. You need to improve yours," said Xiang Tiancang.

"Oh, interesting. I would like to compete with you if the Ancient Central Heaven Planet isn't right in front of me now," said Ji Feiyun.

"You have plenty of chances." The moment Xiang Tiancang said those words, he left and entered the ancient planet.

Feng Qiyu and Ji Feiyun exchanged glances before entering the planet too.

More and more Prodigies came to the Ancient Central Heaven Planet. Some had even heard about Di Liufang, who ranked seventh on the Heavenly God Leaderboard, and Di Qianqiu, who ranked first.

Both their arrivals were so mighty that the entire planet shook. It was as if God Kings had descended on the realm, and their presence shook the universe.

However, the aura disappeared as soon as those people entered the ancient planet.

On that day, while many Prodigies were moving around on the Ancient Central Heaven Planet, they suddenly sensed something and looked toward the starry sky.

The swords in some sword cultivators' hands were humming and trembling.

"Such an aura... He's here!"

A sword cultivator held the sword, which was chanting continuously in his hand, with a look of horror.

At that moment, hundreds of millions of sword cultivators' swords on the seven Ancient Central Heaven Planets were buzzing and trembling, creating a sword chant that reverberated in the sky as if they were welcoming the Myriad Sword Supreme!

Everyone's attention was on the starry sky.

Soon, a warship approached with a terrifying sword aura that swept across the universe and shook the seven Central Heaven Planets!

The reverberating sword chant got even more impressive!

Accompanied by the overwhelming sword aura, a figure in a robe as white as snow, coupled with a transcendental demeanor, walked out of the warship and arrived on the Ancient Central Heaven Planet.

As soon as he landed on the ground, the boundless sword aura shattered a part of the land.

The sword aura dissipated as fast as it came.

After the figure in white descended, the sword aura disappeared without a trace, as if it had never appeared before.

If the swords in the sword cultivators' hands did not tremble, they would have thought the sword aura was just an illusion.

Everyone knew that the Heavenly Sword had come!

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1714: Abandon The Sword? We'd Rather Die Than Surrender, Heaven Admires You

1714 Abandon The Sword? We'd Rather Die Than Surrender, Heaven Admires You

On one of the Central Heaven Seven Planets, Xiang Tiancang, who was wearing black armor, sensed the transient sword aura. An eagerness to fight appeared on his face. "The Heavenly Sword, huh? Interesting. It seems like besides Feng Qiyu and Di Qianqiu, another opponent is worthy of my attention during my trip here to the Ancient Central Heaven Planet. That's exciting!"

He was looking forward to the moment he could fight with Chu Kuangren.

Meanwhile, on another Ancient Central Heaven Planet, Di Qianqiu sensed the powerful sword aura and revealed a strange expression. "As expected of the legendary Heavenly Sword. He can be called a Taboo for possessing such an aura!"

He only took Taboos seriously.

"He's indeed mighty. It looks like it'll be a little tricky to get the fragment back from him," said Di Liufang.

Although the sword aura could not fully demonstrate Chu Kuangren's strength, Di Liufang could sense his strength.

He may be ranked seventh on the Heavenly God Leaderboard, but he was not confident in defeating Chu Kuangren.

"I'll leave the matter of the fragment to you. Be careful."

"I will." Di Liufang nodded.

They must get the fragment back, even though it would be tricky.

In the meantime, after landing on the Ancient Central Heaven Planet, Chu Kuangren was amazed at the spiritual qi and Great Dao aura.

"As expected of the seven most ancient planets in the Central Heaven Universe. They have abundant spiritual qi and Great Dao's aura here, and cultivating here is far better than in other places. It's amazing."

"Heavenly Sword, what shall we do next?" Ling Fei asked curiously.

"We just have to act normally."

Chu Kuangren had two purposes for coming to the Ancient Central Heaven Planet. One was to take the opportunity to kill all Prodigies and prevent them from threatening the Pan Gu Universe in the future.

The second was to look for some Opportunities of Fortune to strengthen himself.

Those two purposes went hand in hand with each other.

After arriving on the ancient planet, Chu Kuangren dashed toward a certain direction with Ling Fei, Han Xingyu, and Feng Qingxue.

In that particular direction, a bejeweled light surrounded by runes shot into the sky.

It was obvious that a treasure had emerged.

"We're lucky we got here right when the treasure emerged." Chu Kuangren smiled.

On a mountain peak on the Ancient Central Heaven Planet stood an Immortal Tree filled with Immortal Sparks. On the Immortal Tree, a milky-white divine fruit was surrounded by runes, which were mysterious and extraordinary.

A battle was taking place around the Immortal Tree.

The contending parties involved two great King Tribes in the current Central Heaven Universe, namely the Spiritual Sword Tribe and... the Nether King Tribe!

"How dare the Spiritual Sword Tribe, a fallen King Tribe, fight with the Nether King Tribe for the Divine Oceanic Immortal Fruit? You think too highly of your strength!" A Nether King Tribe's sky-Prodigy sneered.

The Nether King Tribe was an Ancient King Tribe and had a more powerful background than the Spiritual Sword Tribe.

"It looks like the Immortal Fruit is bound to belong to the Nether King Tribe."

"Tsk tsk. This is the Divine Oceanic Immortal Fruit, a top-notch Supreme Elixir. It has a huge effect even for someone in the Arch Gilded Immortal Realm."

Many cultivators from all over the universe were watching the battle.

They looked at the Divine Oceanic Immortal Fruit with their eyes burning with desire. However, when they thought of the Nether King Tribe's powerful background, their desire dissipated.

They dared not fight with the Nether King Tribe because it was the creepiest tribe, even though it was not the most powerful among the Ancient King Tribes.

According to legend, the Nether King Tribe possessed a curse technique that could curse and kill people invisibly across most of the universe.

Thinking about the technique alone was already frightening.

"Damn it."

From the Spiritual Sword Tribe's side, a woman holding a long white sword looked at the people from the Nether King Tribe before her with reluctance.

She was Chen Fei, a Spiritual Sword Tribe's Prodigy who was not much worse than Ling Fei.

However, the Nether King Tribe opposite her had several existences that were no worse than her.

"That tricky b*stard is here too."

She looked at a man in black armor, who was holding a black halberd, in the Nether King Tribe.

He was Wu You and was second only to Wu Tianming, who was ranked fifth on the Heavenly God Leaderboard and known as the Nether King Heaven Daoist.

Wu You was said to have obtained an Opportunity of Fortune recently, and hence, his strength had improved by leaps and bounds. He might even possess a combat strength comparable to the top ten monsters.

Chen Fei had no idea if the rumor was true, but she knew Wu You must be more powerful than her.

"The Nether King Tribe is powerful, and I shouldn't confront them head-on. We should leave first," Chen Fei thought to herself.

With that, she raised her hand and signaled the people of the Spiritual Sword Tribe to leave.

Everyone was slightly surprised by her decision but soon realized it was reasonable.

"Chen Fei is wise. She knows she's no match for Wu You and others, so she's avoiding fighting with him."

"That's a wise move."

"Indeed. The Spiritual Sword Tribe has the Heavenly Sword. Since the Heavenly Sword is here, she can rid herself of the humiliation Wu You gave her once she meets the Heavenly Sword."

Among the Nether King Tribe's sky-prides, a glint flashed in Wu You's eyes. "You have made a wise move, but you're too naive to think that you can just leave like that after fighting with us for so long."

Chen Fei's expression changed. "What do you want?"

"Hand over all your Yin and Yang Rings and abandon your swords."

There was a mischievous look in Wu You's eyes.

The moment he said those words, Chen Fei and the Spiritual Sword Tribe's cultivators were furious, and their expressions turned grim.

"There's no way we'll do that!"

"Yeah. In your dream! You can kill us, but don't expect us to abandon our swords!"

One thing worth noting was that swords were important to the members of the Spiritual Sword Tribe. Some more extreme members even regarded the swords as their life and companion.

Yet now, Wu You wanted them to abandon their swords?!

That act was undoubtedly to humiliate them, as well as the entire Spiritual Sword Tribe!

"We'd rather die than abandon our swords!" Chen Fei said coldly.

"Yeah. We'd rather die!"

Wu You's request had already crossed their limits, and none wanted to be insulted like that.

"Since that's the case, I'll send you guys to hell!"

Next to Wu You, a Nether King Tribe's sky-pride sneered.

The rest of the people surrounded the Spiritual Sword Tribe's members with playful looks on their faces. It was as if they were cats toying with rats.

They were not afraid of the Spiritual Sword Tribe taking revenge on them.

After all, the Nether King Tribe was an Ancient King Tribe with a more powerful background than the Spiritual Sword Tribe, which almost lost its status as the King Tribe once.

"I heard that the two brothers, Chen Feihu and Chen Feilong, were killed by a Pan Gu Universe's Prodigy in the universe-connecting portal with a sword attack. So much for the Spiritual Sword Tribe."

"Indeed. You don't deserve to call yourself a King Tribe. You should withdraw yourself from the King Tribes instead."

"Abandon your swords, and we will spare your lives!"

Faced with the Nether King Tribe's ridiculing, Chen Fei held her sword tightly and said coldly, "We'd rather die than surrender. If you want to fight us, bring it on!"

"How ignorant. Go get them!"

Just when the sky-prides of the Nether King Tribe were about to make a move, an indifferent voice sounded from not far away.

"Impressive for rather die than submit. The Heavens admire you!"

Following the indifferent voice, a sword aura fell from the sky and enveloped the particular space!

In an instant, Chen Fei and the others' swords trembled violently.

Unparalleled After Ten Consecutive Draws

Chapter 1715: Your Strength Is Bad, Fending Off The Murderous Technique, It's My Turn Now

1715 Your Strength Is Bad, Fending Off The Murderous Technique, It's My Turn Now

Following those indifferent words, a cold and arrogant sword aura descended from the sky!

A figure in white stood in the air and landed before Chen Fei and others. He had swordlike brows and starlit eyes, and he wore a robe as white as snow. His sword qi interweaved with transcendental intent to give him an air of arrogance as he looked at the crowd condescendingly. When he looked around, the members of the Nether King Tribe could not help but feel afraid.

"What a powerful aura!"

"Who is he?"

"Among the Spiritual Sword Tribe, only the Heavenly Sword dares to claim himself as the Heavens!"

"He's the Heavenly Sword!"

As soon as Heavenly Sword's name was mentioned, all sky-prides of the Nether King Tribe were pushed back a few steps as if it was some kind of magical power. On the other hand, Chen Fei and others felt a sense of security.

It was as if no one could hurt them with him around because he was the legendary and invincible Heavenly Sword in the Spiritual Sword Tribe!

"This is great."

Chen Fei breathed a sigh of relief while looking at Chu Kuangren beside her with fanatical admiration.

Chu Kuangren stood with hands behind his back calmly as if he did not care about the Nether King Tribe members around him. He said, "Just make your move. You guys only have one chance to attack to survive!"

"Is that the Heavenly Sword? He's so arrogant."

"Indeed. Does he think that no one in this universe can stop him?!"

"Hmph. So what if he's the Heavenly Sword? With so many of us here, why should we be afraid of him? Go get him!"

The rest of the Nether King Tribe's sky-prides immediately made a move, except for Wu You.

A series of powerful Immortal Techniques and divine abilities were cast at Chu Kuangren.

The combined might of those attacks was so powerful that it shattered the surrounding void.

"Your strength is bad."

Chu Kuangren merely stood where he was and said contemptuously. He looked down on the group of people before him.

He did not even unsheathe his sword. He just stood there, as calm and steady as a mountain.

However, he mobilized his Immortal's Core, and sword qi erupted from his body. The sword qi spread across the universe like a raging wave and shook the sky in all directions!

Following a loud noise echoing in the void, the Immortal Techniques that attacked Chu Kuangren crashed into the sword qi and shattered soon after!

However, it was not over yet.

The sword qi then gained momentum and attacked the Nether King Tribe's sky-prides after destroying all kinds of Immortal Techniques. In the blink of an eye, countless heads were tossed up high in the air while blood gushed out like a spring!

Soon, dozens of heads were rolling on the ground!

Many people present gasped in horror at the scene.

"W-What happened?"

Some cultivators gulped and could not believe the scene they had just witnessed.

Those Nether King Tribe cultivators were all talented sky-prides, yet they were killed in a split second!

Chu Kuangren, the instigator, did not even attack with his sword!

"Is he the legendary Heavenly Sword?"

"How terrifying!"

Chu Kuangren stood where he was and said calmly while looking at Wu You opposite him, "You have the chance to make one move too."

Looking at the man known as the Heavenly Sword in front of him and his indifferent gaze, Wu You somehow thought of Chu Kuangren, whom he met in the universe-connecting portal. Then, the majestic Immortal's Core energy gradually spread from Wu You's body.

His domineering aura almost crushed the void in that particular space.

Ordinary cultivators simply could not withstand that terrifying power and were forced backward. However, they looked forward to watching the battle.

"Wu You's strength has improved a lot. Perhaps he has a way to compete against the Heavenly Sword."

"Yeah. Even if he can't win the battle, he should be able to protect himself."

Only those who had seen Chu Kuangren fight against the three great Prodigies alone in the Starlight God King Ancient Path knew how frightening he was.

"Although I have no idea how much Wu You has improved in his strength, it's difficult to fight against the Heavenly Sword!"

"He'll be lucky if he can survive this battle."

The crowd's discussions did not affect Wu You.

He looked at Chu Kuangren and said calmly, "Your gaze reminds me of something unpleasant."

"Oh, is that so?"

Chu Kuangren did not care about that,

He had seen Wu You from back when they fought in the universe-connecting portal. However, Wu You managed to escape at that time because Heaven Maiden You made a move to rescue him.

"Nether King Godly Shadow!"

Wu You's Immortal's Core energy transformed into a powerful surge of soul energy that gushed out!

The energy then turned into an ancient giant that had a crown on its head and was surrounded by countless runes behind Wu You.

It was the Nether King Tribe's ultimate killing technique, the Nether King Godly Shadow!

"Kill him!"

As Wu You grunted, bursts of creepy and weird syllables spread from the Godly Shadow and then impacted Chu Kuangren's soul!

On top of that, a large amount of soul energy and Immortal's Core energy manifested as the Godly Shadow's palm crushed downward!

Wu You knew that he must not be careless when facing the Heavenly Sword and that he must go all out. Therefore, he made a move by unleashing his most powerful killing technique!

However, Chu Kuangren still did not dodge or evade the frightening blow!

He did not even attack with his sword!

“Is he mad?!”

When someone saw the scene, he exclaimed in shock.

The power of that attack was too frightening, but Chu Kuangren remained standing in place instead of dodging. In many people’s opinions, Chu Kuangren’s act was undoubtedly suicide!

“Heavenly Sword!”

Even Chen Fei and the Spiritual Sword Tribe members, who had absolute confidence in Chu Kuangren, were frightened!

‘Is the Heavenly Sword crazy?’

Boom!

Terrifying energy swept out all directions and blasted a gigantic hole in the earth under everyone’s feet!

Chu Kuangren disappeared into the gigantic hole.

Everyone gasped.

Could the palm attack have killed the Heavenly Sword?!

“Is he the Heavenly Sword? He doesn’t live up to his name at all!”

Wu You was a little surprised at what happened, but he thought that it was within reason.

He was no longer what he used to be, and he was confident that his strength was comparable to those in the top ten of the Heavenly God Leaderboard.

Even the Heavenly Sword was defeated and killed after taking his most powerful move without dodging!

“Is the Heavenly Sword dead?”

“His arrogance killed him.”

The gigantic hole was bottomless and dark. Moreover, it was covered by the Nether King Godly Shadow energy, making it impossible for everyone’s Immortal Consciousness to penetrate deep into it to check it out.

However, from most people’s point of view, Chu Kuangren was most probably dead.

Just when everyone was lamenting the fall of the Sword Dao legend, a sword ray shot up into the sky from the bottomless hole.

Following that, a figure in white, surrounded by sword rays, soared into the sky and looked down at the world below him.

He was Chu Kuangren, and he remained unscathed after taking Wu You’s ultimate killing technique!

“H-How is this possible?!”

Wu You's eyes widened in horror and disbelief.

At that moment, Chu Kuangren put up a sword hand sign, gathering sword qi at his fingertips. "It's my turn now."

Unparalleled After Ten Consecutive Draws

Chapter 1716: The Two of Them Are Just Too Similar, Liu Chuanxing Attacks, Killing Wu You

1716 The Two of Them Are Just Too Similar, Liu Chuanxing Attacks, Killing Wu You

"Now, it's my turn!" Chu Kuangren uttered indifferently.

Then, he formed a sword hand sign, and sword qi gathered at his fingertips.

Before he unleashed his sword technique, violent gusts of winds had already been brought up in the surroundings. The winds howled and the ground quaked as the whole terrain was enveloped by an incredibly terrifying sword aura!

"Sword, Life-Death Samsara!"

Chu Kuangren pointed his finger at Wu You, immediately launching a ray of sword qi from his fingertips!

The terrifying sword ray contained a life-death samsara intent that seemingly rivaled the real deal. Soon, Wu You was overcome by a sense of fear that he had never felt before!

'How can there be such a terrifying sword attack?'

'This attack is several times more powerful compared to the likes of the late Chen Feihu!'

"I must block this!"

As an unprecedented threat of death loomed over Wu You, he let out a long roar and immediately grabbed his dark black long halberd. With his Immortal's core energy channeled to the maximum, he thrust his halberd forward, and a powerful halberd ray shot out!

Not only that, but the Nether King Godly Shadow behind him also moved.

The Godly Shadow gathered the surrounding spiritual qi into both its palms and slammed them toward Chu Kuangren's incoming attack!

Following the explosion, the surrounding void started shattering. It was as if the end of the world was upon them!

The halberd ray was destroyed, while the Godly Shadow dispelled!

However, the sword attack that contained life-death samsara intent gained momentum and landed brutally on Wu You's body. His black armor instantly radiated a divine light, and the endless Daoist patterns on it released their power. That armor was an extremely high-ranked defensive Arch Gilded Immortal Weapon.

"I must resist this attack!" Wu You roared.

Crack!

At that moment, the light of the Daoist patterns on his armor started to fade away, and his armor was starting to break apart!

Within the next instant, his Arch Gilded Weapon was destroyed!

Already at the brink of life and death, Wu You struggled to move his body. He barely managed to move out of the way of that attack, seeing as the sword qi ray almost grazed past his body.

However, despite dodging most of the sword qi, a part of Wu You's body was still hit. His arm, which was cut off by Chu Kuangren in the universe-connecting portal and then later recovered, was once again cut off!

Besides that, large amounts of sword qi started eroding his body, causing blood to spurt out without control.

"You b*stard!"

Wu You let out a low growl while looking at Chu Kuangren angrily.

Ever since returning from the universe-connecting portal, that was the second time he experienced the humiliation of being beaten up without mercy.

After all, he was a Prodigy highly ranked on the Heavenly God Leaderboard!

Furthermore, he had gotten more powerful ever since he returned from the universe-connecting portal. Yet, why did he still have to suffer the humiliation of being beaten up badly again and again?

For some reason, fighting with the Heavenly Sword reminded him of what happened in the universe-connecting portal, of Chu Kuangren from the Pan Gu Universe!

The two of people were just too similar. Both were extremely powerful and had the same look of arrogance.

'Could it be...'

A ridiculous thought suddenly popped up in Wu You's mind, but he quickly shook off that thought, putting it aside.

"It looks like you're still alive after taking a single attack. You've grown stronger for sure," Chu Kuangren uttered.

If it were the Wu You back then in the universe-connecting portal, he would have been reduced to nothing by that sword attack.

"Damn it. If you dare to kill me, Heavenly Sword, the Nether King Tribe will never let you off the hook!"

"The Heavens shall be looking forward to that then." Chu Kuangren chuckled.

After all, his motive was to kill as many sky-prides as he could in this universe, so why would he be fazed by Wu You's words?

With a flash, his figure arrived in front of Wu You.

His sword hand sign was ready, and he was about to unleash an attack at Wu You's forehead. However, an arrow suddenly appeared from afar!

The arrow contained endless windstorm energy, which made it very terrifying!

A shot from that arrow would be enough to kill an Five Qi Arch Gilded Immortal elite.

"Oh."

Chu Kuangren frowned a little. He immediately moved his sword hand sign away from Wu You's forehead and pointed it at the incoming arrow!

When his sword hand sign collided with the arrow, a violent windstorm broke out, the ground was blown apart, and the void was torn open by the sword qi!

The terrifying shockwaves from the collision destroyed the land as far as the eye could see!

"I must retreat!"

Wu You took that opportunity to turn into a ray of light and disappear from the spot, escaping as far as he could!

Chu Kuangren, on the other hand, remained on the spot and looked at a mountain peak in the distance, where a man with eagle-like eyes and holding a longbow was glaring at him.

He was none other than Liu Chuanxing from the Divine Lightning Tribe, who ranked fifteenth on the Heavenly God Leaderboard!

He was the only person who could unleash such a powerful arrow before Chu Kuangren could detect it.

"Interesting!"

"But, it's still lacking!"

Chu Kuangren looked at Liu Chuanxing, who was standing on the mountain peak far away. He pointed his sword hand sign and gathering endless spiritual qi from the surroundings to formed a stream of light that shot out right away!

That sword attack was like a shooting star, crossing millions of kilometers in a blink of an eye!

"Oh no!"

Liu Chuanxing's expression sank, and he immediately retreated.

Following an earth-shattering explosion, the mountain peak where he stood turned into rubble!

As for him, he was nowhere to be seen.

Chu Kuangren looked in the direction where Wu You fled before his figure disappeared in a flash.

...

'Quick, I must escape as fast as I can!'

Only one thought was in Wu You's head as he fled from the battlefield.

At the thought of Chu Kuangren's attack earlier, there was a horrified look on his face. With his current level of strength, there was no way he could be a match against Chu Kuangren!

"Just you wait, Heavenly Sword!"

"I swear I'll make you pay for this one day. Even that monster from the Pan Gu Universe is dead. Having incurred my wrath, you too must die!" Wu You grunted.

He had no idea why he kept associating the Heavenly Sword with Chu Kuangren.

The two of them were just too alike.

Those emotionless, arrogant eyes and that crazy otherworldly poise — everything about the two was just too similar.

Suddenly, a white figure appeared before Wu You.

"Impossible!"

Wu You's eyes widened, his face full of horror.

That figure was none other than Chu Kuangren!

'He has caught up to me.'

'Damn that Liu Chuanxing. What a useless fool. Can't he just buy me some more time?'

Without a moment of hesitation, Wu You turned and fled in another direction. However, two rays of sword qi suddenly shot toward him.

"Spurt!"

The sword qi went straight through both his feet, causing him to fall onto the ground and howl miserably in pain.

"Heavenly Sword, you really are going to kill me!" Wu You yelled.

"Only death awaits you," Chu Kuangren said calmly.

Wu You had fought with him back in the universal-connecting portal before. Although Chu Kuangren had disguised himself perfectly, he decided it would be better to kill Wu You. After all, Wu You had become an uncertain factor that might hinder his plans.

"F*ck you, Heavenly Sword. I dare you to spare my life. I f*cking dare you! Give me another hundred years, and I'll surely surpass you!" Wu You yelled.

"I've already spared your life once, and alas, you haven't lived up to my expectations. When faced with someone like me in battle, you're still the same... weakling!"

'He has spared me once?'

'What does he mean?'

Wu You was a little confused.

Meanwhile, Chu Kuangren had already prepared his sword hand sign and gathered sword qi at his fingertips.

From Wu You's perspective, the Heavenly Sword's figure started to overlap with Chu Kuangren's figure in his memories. That ridiculous thought he had soon resurfaced.

"Impossible, impossible!"

"How is this possible? You're dead, Chu—"

Before Wu You could finish his sentence, a slash of sword qi had struck his body. It erupted inside him, completely reducing him into a mist of blood.

Not even his soul was spared.

After all, he was not sure whether the Central Heaven Universe had an Underworld for dead people.

After killing Wu You, Chu Kuangren left.

Soon after, he arrived at a pile of rubble and debris. That was Liu Chuanxing's previous position, and there were blood marks on the ground.

Chu Kuangren looked at the bloodstain and started pondering.

Unparalleled After Ten Consecutive Draws

Chapter 1717: Strange Connection With the Ring, The Storm Queen, Feng Qiyu's Invitation

1717 Strange Connection With the Ring, The Storm Queen, Feng Qiyu's Invitation

"Is Liu Chuanxing somehow related to Wu You? Otherwise, why would he try to save him?"

"Then again, I heard that the Divine Lightning Tribe is not on good terms with the Nether King Tribe, so why would the Prodigies from these two tribes work together? There must be another reason behind this."

Chu Kuangren thought to himself.

Looking at the bloodstain on the ground, he felt a familiar and strange aura coming from it.

'What kind of ancient aura is this?'

"Lil Ai, analyze this aura for me."

"Yes, Master!"

Lil Ai immediately started analyzing it, and it did not take long before she said, "Master, this aura has a certain connection with the aura inside your ring."

"Oh."

Chu Kuangren's eyes lit up as he looked at the dark black ring on his finger. Then, his eyes narrowed a little.

Until now, he still could not find out what the deal with the ring was.

Back then, the Emperor Tribe also wanted to steal that ring from him, and moments ago, another person with a similar aura to the aura inside that ring, Liu Chuanxing, showed up. Moreover, that person was trying to save Wu You from being killed by Chu Kuangren.

‘Is Liu Chuanxing somehow related to the Emperor Tribe?’

“It looks like things are getting more and more interesting.” Chu Kuangren chuckled.

At the very least, he was sure that many were after that ring of his.

‘Perhaps he was a goon sent by the Emperor Tribe?’

‘Liu Chuanxing, having witnessed my overwhelming strength, might’ve wanted to save Wu You to join forces with him later and go against me. After all, Wu You was quite a powerful cultivator and someone who could be manipulated.

“Haha, what an interesting rag-tag bunch of fools. Now, which one among you is strong enough to steal this ring from me, I wonder?”

Chu Kuangren did not mind playing along with their plans.

If that turned out to be a simple game of prey versus predator, it might be too boring for him.

For Chu Kuangren, the prey must also deal with the hunter to make things interesting.

Chu Kuangren chuckled before he disappeared in a flash, leaving the area.

Beneath the Immortal Tree, Chen Fei and the others had already met up with Ling Fei, Han Xingyu, and Feng Qingxue.

Soon after, Chu Kuangren appeared and walked toward them slowly. Everyone went to greet him.

“Heavenly Sword, are you alright?”

“What’s the matter? Do you think I’ll have trouble against a little weakling like Wu You?” Chu Kuangren said indifferently.

Everyone grinned upon hearing that. Sure enough, their Heavenly Sword was the strongest.

“What about Wu You?”

“You’ll have to ask the winds themselves. After all, he has already been reduced to ashes and scattered in the winds.”

Although everyone anticipated that, they were still shocked.

They were shocked not because Chu Kuangren had killed Wu You but because of the Nether King Tribe the latter came from. By killing him, the Heavenly Sword had undoubtedly offended the Nether King Tribe.

“The trickiest person to deal with from the Nether King Tribe is not Wu You but Wu Tianming!” said Ling Fei.

Wu Tianming was ranked fifth on the Heavenly God Leaderboard. He proclaimed himself the Nether King Heaven Daoist and was many times more powerful than Wu You.

“It doesn’t matter. Those beneath the Heavens are all the same!” said Chu Kuangren.

His words were clear. Regardless of whether it was Wu You or Wu Tianming, it would be no difference to him.

If he could kill Wu You, he could surely do the same to Wu Tianming!

“As expected of the Heavenly Sword, his confidence and pride are truly admirable!”

At that time, a voice sounded.

A beautiful woman in a long cyan dress was approaching the group gracefully from afar. She was surrounded by Immortal Sparks, which attracted a lot of people’s attention.

Upon noticing who she was, everyone immediately exclaimed, especially some of the men, whose faces were filled with admiration.

“That’s Feng Qiyu! She’s here!”

“By the heavens, I can’t believe Feng Qiyu is here. Does she want to fight the Heavenly Sword for the Divine Oceanic Immortal Fruit?”

“Feng Qiyu is a Prodigy ranked third on the Heavenly God Leaderboard. If she were to attack, even the Heavenly Sword will have a hard time winning.”

Everyone was engaged in a heated discussion.

Feng Qiyu was a legendary Prodigy and cultivator from the Feng clan. Although the Feng clan was a King Tribe, they were no different than the Spiritual Sword Tribe. After all, both tribes had experienced a decline once in the past.

Hence, the Feng clan had been allies of the Spiritual Tribe for a long time, and both tribes would frequently support each other in times of need.

However, despite being born in the Feng clan, Feng Qiyu displayed exceptional talents. Although she did not possess any powerful physiques or bloodlines, her cultivation progress skyrocketed, and it eventually landed her a spot in the Heavenly God Leaderboard’s top three, making her known as the Storm Queen. Even the Peerless Prodigies from the Ancient King Tribes were overshadowed by her.

Since then, she was known as the star of hope for the Feng clan’s future!

“Elder sister...”

Feng Qingxue exclaimed when she saw who it was. Then, she crouched down and hid behind Chu Kuangren.

“Weren’t you so brave when you decided to run away from home back then? Why are you so afraid now, huh?”

When Feng Qiyu glanced at Feng Qingxue, she put away her gentle look and said to her sister indifferently.

Feng Qingxue became more afraid after seeing her sister like that.

“Sigh...”

In the end, Feng Qiyu sighed helplessly. “Don’t worry. I’m not going to do anything to you.”

Feng Qingxue breathed a sigh of relief.

Although the two sisters grew up together, they did not have a close relationship.

Perhaps it was because Feng Qiyu outshined her younger sister too much. Feng Qingxue would always feel uncomfortable when her elder sister was around, and it seemed like an invisible barrier had wedged between the two sisters.

However, the two were still sisters, and they would not have bad blood.

“Sister, are you here for the Divine Oceanic Immortal Fruit too?” Feng Qingxue asked anxiously.

Although she knew Feng Qiyu was extremely powerful, she knew that the Heavenly Sword was comparable to or, if not, stronger than her elder sister in terms of strength. After all, she had been observing him for the past two years.

If the two of them were to fight, she would have no idea what to do. No matter who got injured in the end, she would still feel awful about it.

“If I say yes, what are you going to do about it, Heavenly Sword?” Feng Qiyu looked at Chu Kuangren and said.

“If the Heavens don’t allow it, who would dare take it? There will be no exception, even for you,” Chu Kuangren said with both hands behind his back.

Frankly speaking, he was quite eager for Feng Qiyu to attack. After all, that woman was the strongest Prodigy he had encountered so far.

In fact, her aura made him feel a little threatened for the first time in a while.

Such an occurrence was just too rare.

‘The Heavenly God Leaderboard...’

‘It looks like not all of them are a bunch of useless weaklings.’

‘Then again, that’s a good thing as well. That makes it all the more worth it for me to hunt and kill them!’

“Well, I’m afraid you’ve misunderstood. I don’t intend to fight you for the Divine Oceanic Immortal Fruit. In fact, I happen to know a treasure that has far greater value than this one here. Are you interested to find out more about it?”

“Interesting. Tell me about it.”

“Are you sure you want me to tell you here?”

Feng Qiyu looked around her, and the chattering crowd immediately fell silent. Everyone had turned their ears towards them, hoping to find out what that great treasure she was talking about.

What was everyone’s purpose for coming here?

It was definitely for Opportunities of Fortune!

How could they possibly let an Opportunity of Fortune slip by?

“Not a problem for me.”

An incredibly powerful sword aura instantly erupted from Chu Kuangren’s body and spread everywhere. Every sky-pride present immediately felt a huge pressure weighing down on them and suffocating them.

“Everyone, leave this place right now!”

Upon hearing that, everyone was a little dissatisfied, but they dared not say anything because of how powerful he was.

The crowd soon dispersed.

“You can speak now.”

“The Heavenly Sword is truly swift and resolute in doing things.”

Feng Qiyu laughed before she said, “I know of a place in the Ancient Central Heaven Planet where a great one had left behind his inheritance, and it contains many hidden treasures. There will surely be some treasures more valuable than this Divine Oceanic Immortal Fruit. However, that inheritance’s location is filled with dangerous trials. That’s why I wish to invite the Heavenly Sword to come with me. What do you think?”

weigh

Chapter 1718: The Divine Wind Peak, Highest Grade of Immortal Core’s Flower in This Generation?

1718 The Divine Wind Peak, Highest Grade of Immortal Core’s Flower in This Generation?

After hearing Feng Qiyu’s invitation, Chu Kuangren started to ponder.

Ancient Central Heaven Planet, as a planet that had produced many God Kings, had a few God Kings who chose to return and leave their inheritances behind.

Those places of inheritance had one of the most valuable Opportunities of Fortune in the Ancient Central Heaven Planet.

“That’s quite interesting. Alright, I shall follow you.”

“In that case, time is of the essence. Let’s head right there now.”

Feng Qiyu chuckled.

“Very well.”

Chu Kuangren was not worried that Feng Qiyu would trick him. After all, the Feng clan and the Spiritual Sword Tribe had been in good relations for many years. If Feng Qiyu wanted to cause him harm, putting aside whether she was strong enough to do so, the relationship between the two tribes would surely shatter. There was no way the Feng clan’s higher-ups would allow something like that to happen.

After all, Feng Qiyu might be an exceptionally talented cultivator, but she still had a long way to go. At her current level, she still was not strong enough to shoulder the burdens of the entire Feng clan.

It would be foolish of her to ruin the relationship with the Spiritual Sword Tribe.

Under Feng Qiyu’s lead, everyone got on board a warship and headed toward the location of the inheritance she mentioned earlier.

Along the way, Chu Kuangren also refined the Divine Oceanic Immortal Fruit he just obtained.

That was the second Divine Oceanic Immortal Fruit he had consumed.

Although the effects were not as potent as the first time he consumed it, he still managed to increase the level of his Immortal Core’s Flower to the Twentieth Grade. He was now one step closer to reaching the Twenty-fourth Grade.

Atop a mountain peak somewhere, a young man carrying a bow walked out from the void. His face was pale, and he was coughing out a mouthful of blood.

“You’re injured.”

At that moment, a white-haired man in gold robes slowly approached him.

That person was the Emperor Tribe’s Prodigy, ranked seventh on the Heavenly God Leaderboard, Di Liufang!

“The Heavenly Sword power is shocking.”

The young man wiped his mouth. He was none other than Liu Chuanxing, the person who tried to save Wu You earlier.

“Did you manage to save Wu You?” Liu Chuanxing asked. He had already planned with Di Liufang beforehand that he would hold Chu Kuangren back while Di Liufang went to save Wu You.

“No.”

Di Liufang shook his head. “You didn’t buy us enough time. The Heavenly Sword managed to catch up to Wu You and kill him.”

“So, you’re blaming me now?”

“No, not really.”

“What a shame. Wu You’s strength is quite commendable. If we could’ve brought him over to our side and gone against the Heavenly Sword together, our chances of getting that fragment would surely increase.”

Liu Chuanxing shook his head and lamented.

“It doesn’t matter now. Wu You’s death is a good thing for us as well.”

Di Liufang grinned. “With Wu You dead, the Heavenly Sword has now made himself the number one enemy of the Nether King Tribe. Besides Wu You, we still have the more powerful Nether King Heaven Daoist in the Nether King Tribe too.”

“That’s true.”

Liu Chuanxing gave it some thought and soon realized it made sense too.

They were confident in convincing the Nether King Heaven Daoist to join them.

“Let’s leave.”

Di Liufang and Liu Chuanxing were traveling somewhere to carry out their plans to deal with the Heavenly Sword.

...

“Congratulations, Host! You’ve won a God-tier item, the Nine-colored Celestial Soul Flower.”

Like any other day, Chu Kuangren did his daily gacha roll.

However, he was a little surprised by what he got this time because he had also received the same thing when he was in the unknown void.

That item was an extremely powerful soul-attribute treasure that could rapidly increase the user’s soul power.

“Not bad.”

It was rare for Chu Kuangren to obtain the same item twice.

However, he was pretty satisfied with the Nine-colored Celestial Soul Flower. After all, it was like the soul-variant of the Divine Oceanic Immortal Fruit.

While traveling to the location of inheritance that Feng Qiyu mentioned, he managed to refine that item too.

Currently, his Immortal’s Core Flower was in the Twentieth Grade, his Soul Flower was in the Twenty-first Grade, and his Life’s Core Flower was in the Twenty-fourth Grade!

He was confident that he could increase the grade of all three Trinity Flowers to the unprecedented Twenty-fourth Grade!

Chu Kuangren got extremely curious. He wondered how powerful he would be once all three of his Trinity Flowers had reached the Twenty-Fourth Grade. If he were to merge all his Trinity Flowers after that, how powerful of a Five Qi-realm cultivator would he be?

“Are we there yet?”

Chu Kuangren walked out of the warship’s cabin, glanced at Feng Qiyu, and asked.

The moment she glanced back at him, a look of surprise flashed across her eyes. Feng Qiyu felt that Chu Kuangren had become more unpredictable than before.

“Could he have refined the Divine Oceanic Immortal Fruit in such a short time?”

“No, just the Divine Oceanic Immortal Fruit alone wouldn’t result in such a drastic change. What the hell happened to him?” Feng Qiyu secretly thought to herself.

Now, she was starting to grow warier of Chu Kuangren.

However, she remained calm on the outside and replied with a smile, “We’re almost there.”

“Alright.”

Chu Kuangren did not ask anything else.

Soon after, a towering mountain peak that reached the clouds came into everyone’s view.

The mountain was so tall that it seemed connected to the heavens and earth. Countless storms were swirling around the mountain peak, each containing a terrifying power. That location was clearly a dangerous place to be.

“Is this the location of inheritance you were talking about?”

“That’s right. This place is known as the Divine Wind Peak! It was once the location where a great one from the Feng clan frequented to comprehend the Dao. She also left behind her inheritance here. However, it’ll be extremely difficult to climb up the Divine Wind Peak. Even if an Arch Gilded Immortal unknowingly got too close to this location, the storms would surely tear them into shreds!” Feng Qiyu said.

“That may be so, but I don’t think it’ll be difficult for someone like you.”

“The storms on the outside are only the first trial we have to pass. Once we ascend to the Divine Wind Peak, we’ll encounter the second trial there. That was why I sought your help, Heavenly Sword.”

The stormy conjurations surrounding the Divine Wind Peak were truly devastating, but they attracted many cultivators to come and take a look at it.

Some of them were amazed as they looked at the storms.

“What powerful storms. Just look at the power they contain. I bet even an Arch Gilded Immortal won’t dare to get close.”

“Wow, check it out. There’s a warship traveling toward the storms.”

Someone suddenly exclaimed.

Outside the storms, the warship with Chu Kuangren, Feng Qiyu, and the others on board was slowly approaching the Divine Wind Peak.

“They’re going to crash!”

Just when everyone thought the storms would tear the warship into pieces, a sword ray suddenly shot into the skies and landed on the storms. With a power that could seemingly split the heavens and earth, the attack tore through the storms and forced a huge opening amidst the endless storms!

The warship entered the Divine Wind Peak without trouble.

Everyone's eyes widened upon seeing that.

"That sword qi is so powerful!"

"I bet that attack is strong enough to kill most Arch Gilded Immortals."

"It must be a Prodigy ranked top twenty on the Heavenly God Leadership. I wonder who is on board that warship."

"Besides the Heavenly Sword, I don't think anyone else could do something like this among the younger generation of cultivators."

News of the Heavenly Sword appearing at the Divine Wind Peak spread like wildfire.

Meanwhile, somewhere far away, a white-robed young man sitting atop a mountain peak suddenly opened his eyes.

Runes of the Great Dao surrounded that young man as mysterious Daoist Rhymes circulated through his body. On top of his head, a Sixteenth-grade Immortal Core's Flower slowly bloomed, and its radiance instantly illuminated the whole area.

"Sixteenth-grade Immortal Core's Flower. This Ancient Central Heaven Planet is really full of treasures. To think that I've managed to increase the grade of my Immortal Core's Flower," the young man mumbled.

He was none other than Ji Feiyun, a Prodigy from the Mystic Divination Tribe.

"However, I seem to have reached my limit," Ji Feiyun thought.

After reaching the Sixteenth Grade, he felt he was at a bottleneck. Moreover, that bottleneck was several times harder to break through than the one he experienced back when he broke through the Great Dao's Twelfth Grade limit.

If everything went smoothly, the Sixteenth Grade would be his limit, and he could never get beyond that level.

Then again, only a handful of cultivators in the history of Central Heaven Universe had managed to achieve the Sixteenth-grade Immortal Core's Flower. Hence, he could be considered the person with the highest Immortal Core's Flower grade in his generation!

At that thought, he smiled with satisfaction.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1719: Which One of Them Will Be My Opponent, I Wonder? The Storm Titans

1719 Which One of Them Will Be My Opponent, I Wonder? The Storm Titans

Ji Feiyun slowly stood up and stared into the skies, feeling a heroic sense of pride and accomplishment.

“Cultivators of the Mystic Divination Tribe rarely show themselves to the world. However, there’s going to be an unprecedented change happening in this era. As the Mystic Divination Tribe’s Heaven Daoist, I must strive to be the first in everything and bring glory to my tribe! ”

“Now that my Immortal’s Core Flower has reached the Sixteenth Grade, who can possibly compete against me?”

“Even if it’s Di Qianqiu, I’m confident that I can face him in battle as long as he doesn’t break through to the Five Qi Realm. When the seven stars align and nine kings return, I, Ji Feiyun will surely be one of the nine kings!”

Ji Feiyun let out a long roar, feeling extremely happy.

Having gotten more powerful, he was now eager to find an opponent to test his newfound strength.

“The strong will always point their blade at the weak! After all, the weak don’t even have the right to stand before me in a battle. As for the ones who are worthy of becoming my opponent, there seem to be only a few on the Ancient Central Heaven Planet. Di Qianqiu, Xiang Tiancang, Feng Qiyu, Nether King Heaven Daoist, Crystal Dragon Maiden... Now, I wonder which one of them will be my opponent?”

“Oh right, I almost forgot. There’s the Heavenly Sword, too!”

Ji Feiyun was beaming with confidence as he listed the names of every Prodigy one by one in his mind. Each of them was a well-known cultivator.

Then, he disappeared in a flash, hoping to find a worthy opponent to battle.

“Hey, did you hear the news? The Heavenly Sword has appeared at the Divine Wind Peak.”

“The Divine Wind Peak? That place is filled with many dangers and risks. Could the Heavenly Sword be interested in something there?”

Everyone was engaged in a discussion.

Upon hearing the mention of the Divine Wind Peak, Ji Feiyun’s eyes immediately lit up with several mysterious runes. It was as if he was trying to conduct divination on something.

“The Divine Wind Peak, huh? Something seems to be concealing the aura of this location. It looks like there’s some sort of hidden treasure there.”

“Alright. Since the Heavenly Sword is there, I shall head there too.”

Ji Feiyun instantly disappeared from the spot.

...

Atop the Divine Wind Peak, Chu Kuangren, Feng Qiyu, and the others tore through the layer of storms and arrived at their intended location. However, they were greeted with the barren land instead.

Nothing related to the treasure could be found.

“What’s going on?”

Ling Fei frowned and looked at Feng Qiyu, hoping that the latter would explain what was happening.

“Is this some sort of spatial barrier?”

Chu Kuangren looked at the void in front of him and made a guess.

Feng Qiyu’s eyes lit up with surprise when she heard what he said. “The Heavenly Sword’s power of perception is truly extraordinary.”

She then took out an insignia and tossed it into the air.

The moment the insignia was tossed into the sky, endless Immortal Sparks burst outward. The barren Divine Wind Peak immediately transformed into a lush terrain with beautiful pools of water.

There were cascading waterfalls and sunlight shining through the mist, and the scenery was breathtaking. Ripped Immortal Fruits were hanging from trees, their fragrance spreading through the air...

It was like a scene from the land of fairytales; it was truly a rare and blessed land.

“Oh, is this the location of inheritance you spoke of?”

“That’s right.”

“What about the second trial? Where is it?” Chu Kuangren asked curiously.

“They’re here!”

Suddenly, Feng Qiyu’s eyes narrowed.

Violent gusts of winds started brewing as a terrifying aura suddenly enveloped the whole area.

Two gigantic figures in green were slowly approaching from the distance. Upon closer look, they were two green giants whose bodies were surrounded by violent storms and hill-like flesh undulated everywhere. Through their skin, one could vaguely see several mysterious Great Dao Runes inside.

“These are...” A glint flashed in Chu Kuangren’s eyes, and Lil Ai started analyzing the two approaching giants.

“Titans!”

Feng Qiyu’s tone was stern. “To be precise, they’re storm titans!”

Titans were the most ancient species in the Central Heaven Universe.

It was said that a titan created the Central Heaven Universe, and the titan was known as the Creation Titan!

However, the titans were incredibly ancient beings. They were so ancient that less than a handful remained in the Central Heaven Universe as of now. Only the tribes that carry some of the titan bloodlines existed.

For example, there was a tribe amongst the Ancient King Tribe who proclaimed themselves titans due to their titan lineage.

The Prodigy, who was ranked fourth on the Heavenly God Leaderboard, was a member of that Titan Tribe, and he was Huo Lingjun, the Flame Titan!

“The titans of the Titan Tribe possess a natural affinity for controlling the forces of nature, and these storm titans are most well-versed in controlling the power of the wind. They’re also the guardian of the Divine Wind Peak,” Feng Qiyu said.

“I see.”

Chu Kuangren nodded gently.

Information about the titans appeared in his mind, one after another. At a close look, he realized they were pretty similar to the Chaos Celestial Demons from Pan Gu Universe.

Both of them were the most ancient beings in their respective universes, but they eventually disappeared with time.

“Although these two storm titans are not pure-blooded, they’re still formidable opponents. I don’t think I can handle both of them alone, and that was why I asked for your help, Heavenly Sword.”

“Well, let’s start then.”

Chu Kuangren was the first to step forward and confront the storm titans.

Meanwhile, Ling Fei and the others quickly found a place to hide, seeing that Chu Kuangren and Feng Qiyu were about to make their moves. After all, none of them wished to be caught by the shockwaves of their attacks.

“Roar!”

The eyes of the titans were cloudy and chaotic. It was as if their consciousness had been wiped away.

The only thing left in their minds was the instruction to destroy the intruders.

Upon seeing Chu Kuangren, that titan immediately lifted its hand without hesitation and gathered terrifying storm energy before it unleashed a punch at Chu Kuangren!

An incomparable strength qi accompanied by runes soaring through the sky instantly locked onto Chu Kuangren!

“Impressive power indeed.” Chu Kuangren nodded.

Then, he pointed his sword hand sign and slashed it toward the incoming fist.

Boom!

The sword qi and punch strength collided, blowing up the surrounding terrain.

That storm titan staggered and took two steps back.

As for Chu Kuangren, he did not pursue his opponent and merely stood in the air with sword qi swirling around him. He wanted to see what kind of attacks the storm titan possessed.

Meanwhile, Feng Qiyu had started battling the other storm titan.

Both of them were skilled in the power of storms, so the attacks from both sides brought up terrifying storms that wreaked havoc everywhere, reducing their surroundings to a mess.

The scene looked so horrifying that it was as if doomsday had befallen the Divine Wind Peak.

Ling Fei and the others were amazed by what they were witnessing.

“Is this the power of the person ranked third on the Heavenly God Leaderboard? It’s truly frightening!”

“That’s right. She’s just too powerful!”

However, Chu Kuangren could tell that Feng Qiyu was holding back and not using her full strength.

“Does she want to keep her strength and techniques hidden from me?” Chu Kuangren speculated curiously.

Even so, he was not surprised by that. After all, everyone in the Ancient Central Heaven Planet was his opponent.

Keeping a few tricks up their sleeves was not an uncommon thing to do.

It was imperative to always be aware and cautious of others.

After watching her for a while, Chu Kuangren ignored her and focused on battling his storm titan.

“Roar!”

Following a great roar, the storm titan waved its fists continuously, sending endless storm blasts toward Chu Kuangren.

Each of those blasts contained the power to kill an Arch Gilded Immortal.

At the same time, strands of sword qi circled around Chu Kuangren to block all of the incoming attacks.

However, Chu Kuangren’s interest waned after a while.

Although those storm titans possessed incredible power, their attacks were simple and predictable.

“Sword, Thousand Terrain!”

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1720: The Location of Eighteen Hidden Opportunities of Fortune, Feng Qiyu’s Gesture of Good Faith

1720 The Location of Eighteen Hidden Opportunities of Fortune, Feng Qiyu’s Gesture of Good Faith

“Sword, Thousand Terrain!” Chu Kuangren uttered.

Endless sword qi began gathering at the fingertips of his sword hand sign.

A sword ray shot out like a raging wave and immediately tore through the skies with its sheer power. The surroundings rumbled and quaked. Even Feng Qiyu, who was battling in the distance, could not help but look over.

“What a powerful sword attack. Is this the Heavenly Sword’s power?”

“No, what percentage of his strength is this?”

Feng Qiyu thought to herself.

When the sword qi landed on the storm titan’s body without mercy, its terrifying power immediately sent the storm titan flying, and large amounts of blood spurted out from its body!

Following a miserable howl, most of the storm titan’s body had been torn into shreds by the sword qi. Its vitality was depleting rapidly.

After a while, it died.

“They’re quite formidable, but with your current strength, you should have no trouble defeating these two storm titans yourself,” Chu Kuangren mumbled as he looked at Feng Qiyu.

The storm titans were truly powerful, and their strengths were even on par with the late Mo Wuji’s.

However, as the first cultivator who made him feel slightly threatened, there was no reason why Feng Qiyu could not defeat those two titans herself.

In other words, bringing him to the Divine Wind Peak was intentional

It seemed she just wanted to use that opportunity to find out how powerful Chu Kuangren was.

“Wind of Void!”

Only then did Feng Qiyu unleash her true strength. Invisible gusts of winds swept everywhere, reducing everything in its wake into nothing.

That was the Wind of Void, a wind attack of utter destruction!

The other storm titan soon began to crumble under the power of that attack and perished.

“Heavenly Sword, you truly do possess extraordinary strength. I was right to ask you for help.”

Feng Qiyu walked up to Chu Kuangren and chuckled.

After killing a storm titan, her aura remained very stable. There was no sign of it being disturbed at all, which made it clear that she had no trouble defeating one storm titan.

“Your strength interests the Heavens.”

“Oh, it’s nothing much.”

Feng Qiyu looked at Chu Kuangren strangely.

Just as Chu Kuangren guessed, she would have no difficulty defeating the two storm titans. Yet, she still asked Chu Kuangren for help.

Her purpose was to test Chu Kuangren's strength.

"Now that the titans are taken care of, how do you plan to deal with the Opportunities of Fortune here?" Chu Kuangren asked.

Feng Qiyu took out a map. "There are eighteen treasures here with their locations marked on this map. They are all yours, Heavenly Sword."

"Oh, eighteen treasures, huh? The Heavens admire you for your generosity."

"It is a great honor to receive the Heavenly Sword's admiration. Alright, I shall take my leave now." Feng Qiyu chuckled and left with Feng Qingxue.

Chu Kuangren grinned a little as he watched the two leave. "What an interesting woman."

That made Han Xingyu and Shen Fei, who were watching the scene, a little upset.

However, they had to admit that Feng Qiyu was a legendary woman. Even they hoped to become like her one day.

...

"Elder sister, couldn't you have dealt with those two titans alone?" While following Feng Qiyu, Feng Qingxue could not help but ask.

She had a good idea of how powerful her elder sister was. From her perspective, although those titans were strong, Feng Qiyu should not have had trouble dealing with them.

"Those titans were powerful, but they wouldn't be a problem for me if I attack with full power."

"In that case, why did you have to ask for the Heavenly Sword's help? Is it just to test his strength? Do you plan to fight him one day?" Feng Qingxue asked worriedly.

"Testing a person's strength doesn't necessarily mean he's my enemy. Although part of the reason was to be cautious of him, my intentions were mainly to find out whether he was worthy of being my ally. The Heavenly Sword holds a great deal of significance in the Spiritual Sword Tribe, and he'll likely become another Sword God King too. Being friends with someone like him will surely be beneficial in the future."

"Making someone's friend should always come from the heart. You're too scheming, elder sister. I'm afraid the Heavenly Sword won't be pleased about that."

"It doesn't matter. I can leave the matters of the heart to you, after all." Feng Qiyu chuckled.

Although the two sisters did not usually talk much, Feng Qiyu knew that her sister, Feng Qingxue, was pure-hearted and sincere.

Besides, although she did not see anything happening between her sister and the Heavenly Sword, she knew that Feng Qingxue was safe during her two years by his side. Her cultivation had even improved, which was a clear sign that the Heavenly Sword took good care of her.

"Are you planning to use me as a tool?"

“No. I only wish for you to follow your heart. Besides, do you really have no feelings for the Heavenly Sword?” Feng Qiyu teased.

“Elder sister, it’s not—” Feng Qingxue immediately blushed.

“Ha! Okay, that’s enough of that. I know there’s a treasure hidden somewhere nearby. Let’s go get it.”

“A hidden treasure? Are there other treasures that were not marked on that map?”

Upon further thought, Feng Qingxue knew that the map that Feng Qiyu gave Chu Kuangren only contained some of the marked treasures and not all of them.

As for the most valuable treasures, Feng Qiyu obviously wanted to keep them for herself.

Somewhere under a great tree was a garden of herbs that grew many rare Supreme Elixirs.

When Chu Kuangren and his party arrived there, Ling Fei looked at the map and smiled. “This must be the Divine Wind Peak’s Hundred Herb Garden.”

“The map is genuine. It really does lead us to the location of eighteen hidden Opportunities of Fortune.”

“This is wonderful. I’m glad this trip was worthwhile.”

“Feng Qiyu is too nice. I can’t believe she gave us so many Opportunities of Fortune.”

The other sky-prides and Prodigies of the Spiritual Sword Tribe were overjoyed.

Chu Kuangren glanced at the herbal garden and ignored it. Those Supreme Elixirs would not have much benefit for him anyway.

As for the other Opportunities of Fortune, he did not have much hope that they would be very valuable too.

Feng Qiyu was extremely familiar with the Divine Wind Peak and the locations of all its hidden Opportunities of Fortune. If she could give them all the locations for the eighteen hidden Opportunities of Fortune, she could surely find more valuable treasures and keep them for herself.

Chu Kuangren understood that very well, but he did not mind.

She could have claimed all the Opportunities of Fortune here herself in the first place, but she still invited the Spiritual Sword Tribe cultivators here and shared some Opportunities of Fortune with them. That was already a very good thing for the Spiritual Sword Tribe cultivators.

However, he was not grateful for her actions at all.

She brought him here to help defeat the storm titans for two reasons. The first was to test his strength, and the second was to display her gesture of kindness and friendship.

‘Look, I could’ve monopolized this whole place, but I still went and shared some treasures with you.’

That was her displaying a gesture of good faith.

“What a shame.”

Chu Kuangren silently shook his head and sighed.

He was hoping that Feng Qiyu would be his enemy. After all, she was one of the rare few who could make him feel a little threatened.

He was eager to witness her full strength. Besides, killing such a powerful Prodigy like her would mean one less threat to the Pan Gu Universe in the future.

“Whatever. There are still many other Prodigies in the Central Heaven Universe for me to kill.”

After that, Chu Kuangren and his party went and searched for the hidden Opportunities of Fortune that were marked on the map. They eventually obtained the remaining hidden Opportunities of Fortune.

Among them, two items caught Chu Kuangren’s interest.

One of them that caught him by surprise was an Immortal Fruit known as the Divine Immortal Core Convergence Fruit. That Immortal Fruit was on par with the Divine Oceanic Immortal Fruit regarding its effects, so Chu Kuangren found that item pretty useful.

Boom!

On that day, a burst of light suddenly erupted into the skies above the Divine Wind Peak, and waves of Daoist chimes rang out.

It was as if some priceless treasure had appeared!
