Unparalleled After Ten Consecutive Draws

Chapter 1911: The Heavenly Sword Cannot Be Killed, Give Him A Paper And Pen, Luo Yunxiu's Ambition

"The ancient kings..."

God King Sikong reacted with a strange look in his eyes.

He had heard of those kings before. They originated from the Ancient King Tribe and were once Prodigies of a certain era.

In order to maintain their peak strength and delay the decline in their strength due to aging, those ancient kings went into a slumber in a mysterious space.

Now, it was time for those ancient kings to return.

"Even those ancient God Kings might not be able to do anything to the Heavenly Sword. You better watch it out," said God King Sikong.

Then, he continued saying, "Furthermore, the Heavenly Sword is an essential force for us to fight against Pan Gu Universe, so he cannot be killed. I hope you understand this. If not, don't blame my temple for being merciless!"

Upon hearing that, God King Molin furrowed his brows. "I'm slightly puzzled. We already have the Nine Kings, so why should we care about the Heavenly Sword?"

"The Nine Kings..." God King Sikong chuckled. "You guys are too obsessed with the Nine Kings. Although the Nine Kings have great potential, one person in Pan Gu Universe can overpower the Nine Kings, and that is Chu Kuangren."

"We once tried to kill him by deploying all the Mist Tribe's and Ten Calamities' combat strength. Unfortunately, he destroyed them instead. The Mist Tribe even sent an Embodier God King, but the God King was killed."

"Once this individual grows stronger, I'm afraid he will be a more formidable existence than Wu Han. Only the Heavenly Sword can fight him."

God King Sikong was from the Central Heaven Temple, and the Central Heaven Temple Ruler was Shen Tian, one of the three Primordials of the Central Heaven Universe. Hence, God King Sikong was more well-informed than ordinary God Kings, and he understood Chu Kuangren better.

He knew that if they did not get rid of that person, even if the Central Heaven Universe invaded Pan Gu Universe, they might not be able to sit back and relax.

"Heavenly Sword, Chu Kuangren... Perhaps these two people will be the key factors in the future battle that will decide the fate of the two universes," mumbled God King Sikong.

Although there were existences more powerful than those two people, God King Sikong had a faint premonition in his heart.

"Chu Kuangren... Hmph. Once the ancient kings appear, he will be nothing more than an ant that can be crushed with a flick of the hand. What significance does he hold?" God King Molin said coldly.

He did not take God King Sikong's words too seriously.

However, since the Central Heaven Temple had given the order that they could not kill the Heavenly Sword, he had to be cautious. After all, the proper amount of respect must be given to the temple.

Following that, Wu Xuelong, God King Molin, and others left.

This time, they had suffered severe damage, and billions of soldiers were lost.

It would probably take them a long time to recover.

...

In another part of the starry sky, the broken wreckage of warships, countless corpses, and shattered treasures emitted a dim bejeweled light.

That was the state of the starry sky after the Void Annihilation Formation, and what remained was only a small portion of the original secret realm.

Most of it had turned into nothingness.

"Heavenly Sword, following your deployment, we have successfully annihilated the pursuers of the Nether King Tribe and Dao King Tribe. You are really formidable."

Red Devil Pirate approached Chu Kuangren and said respectfully.

Chu Kuangren, on the other hand, remained indifferent and silent.

It seemed that annihilating billions of cultivators was merely a trivial matter to him and was nothing worth boasting about.

"Heavenly Sword, why not stay a few more days so that we can express our gratitude to you?" Shinra Pirate asked as he went up to Chu Kuangren.

Chu Kuangren nodded. "Alright."

On a magnificent warship, Chu Kuangren stood on the deck and looked at the starry sky ahead with a calm expression while Heaven Maiden You stood behind him.

"Heavenly Sword, it's confirmed. He is indeed one of the Nine Kings," said Heaven Maiden You.

"Alright."

Chu Kuangren was not surprised.

Suddenly, sounds of footsteps rang out behind him.

The person approaching was a handsome young man with long, narrow brows. He was also in a long and smart-looking black robe that made him stand out among the crowd.

Heaven Maiden You glanced at him indifferently.

He was Luo Yunxiu, Shinra Pirate's foster son and one of the Nine Kings that Heaven Maiden You mentioned earlier.

"Heavenly Sword, I admire your heroic feat."

Luo Yunxiu appeared behind Chu Kuangren and smiled.

Upon hearing him, Chu Kuangren ignored him. Instead of turning around, he continued to stare at the starry sky, seemingly captivated by its brilliant scenery.

However, Luo Yunxiu was not embarrassed by that.

"I heard that the Heavenly Sword is from the Spiritual Sword Tribe. As far as I know, the Spiritual Sword Tribe was originally just an ordinary King Tribe that almost lost its status as a King Tribe. However, the Heavenly Sword's emergence made it one of the most famous tribes to be reckoned with in this universe. The Heavenly Sword has contributed as much to the Spiritual Sword Tribe as the Sword God King..."

"I even heard that Long Shuijing from the Dragon Tribe recognizes Heavenly Sword as her master. To be able to make one of the Nine Kings submit, the Heavenly Sword, your charm is indeed—"

As Luo Yunxiu went on and on, Chu Kuangren interrupted him and said, "Heaven Maiden You, prepare a paper and pen for him."

"What do you mean, Heavenly Sword?"

Luo Yunxiu was stunned for a moment.

"If you came here specifically to praise the Heavens, you can write them down. The Heavens will read them when he has the time. After that, you can get lost and stop disturbing the Heavens from enjoying his peace," said Chu Kuangren.

"You..."

Luo Yunxiu was so angry that his face was red.

However, he did not lose his temper because he dared not do so.

He would be courting death if he dared to offend Heavenly Sword.

"Heavenly Sword, I'm here to propose a deal to you." Luo Yunxiu immediately mentioned his purpose for coming.

Following that, he raised his hand to set up a sound barrier around them.

"Oh? Tell me about it."

"Heavenly Sword, I believe you didn't help my foster father without any reason. In fact, the reason that you merely wanted to return the favor was probably an excuse. Your real intention is to gain control over Shinra Pirate's millions of men!" Luo Yunxiu said confidently.

Chu Kuangren grinned. "Continue."

"Heavenly Sword, controlling Shinra Pirate's millions of men isn't easy. Even if you help them gain prestige by defeating the Dao King Tribe and Nether King Tribe, in their hearts, my foster father will forever be their leader!" Luo Yunxiu said.

"It seems that Shinra Pirate has a knack for winning hearts."

"Indeed. Even though I am his foster son, with my remarkable achievements on the battlefield, I still cannot compare to him." There was a hint of dissatisfaction in Luo Yunxiu's eyes.

As Shinra Pirate's foster son, he had been fighting in the troop for a long time, yet he was not one-tenth as respected as his foster father. In that case, how could he take control of the troops?

"The Heavens see the ambition in your eyes."

"Heavenly Sword, let's cooperate. Why don't you help me kill my foster father while I help you gain control over his men? From now on, I'll be at your service!" Luo Yunxiu said with a sinister expression.

He wanted to achieve more.

Currently, the two great universes were at war, and when the times got tough, the tough would get going!

To become the most prominent figure of the era, he first needed an army of his own, and the Shinra Pirate's troop was an excellent choice!

That meant he had to kill his foster father and take his place!

"Heavenly Sword, believe me. Without Shinra Pirate, I can surely gain control over Shinra Pirate's millions of men in the shortest time possible, and I will also serve you as my master!"

Unparalleled After Ten Consecutive Draws

Chapter 1912: He Can Be Used But Not Be Valued, A Real Partner

"Are you qualified to cooperate with Heavens?"

Chu Kuangren glanced at Luo Yunxiu.

However, it seemed that Luo Yunxiu was well-prepared. He stood with hands behind his back, and an ancient runic mark appeared on his forehead.

It was the Nine Kings' Mark.

"I am one of the Nine Kings!"

Luo Yunxiu said.

"Interesting."

Chu Kuangren glanced at him. "What do you plan to do?"

"There will be a Bandit King trade fair after some time. At that time, all prominent pirates in the Central Heaven Universe will gather to trade their stolen treasures."

"Shinra Pirate will also participate. As the most powerful pirate in the Central Heaven Universe, Shinra Pirate has always been the host of the trade fair. I hope Heavenly Sword can kill him before everyone, and then I will defeat you!"

"By doing so, not only I can establish immense prestige among Shinra Pirate, but also take over Shinra Pirate in front of all pirates in the entire universe," said Luo Yunxiu.

Chu Kuangren could not help but chuckle. "So, you're using Heavens as a tool to achieve your ambition. Am I right?"

"I dare not. It's just a trade. Once I control Shinra Pirate, I will serve Heavenly Sword. It's a win-win situation."

"Interesting. Just go and get ready," said Chu Kuangren.

"Ha. Let's have a pleasant cooperation then."

Luo Yunxiu was delighted.

Then, as he turned and left, his eyes revealed a cold gaze.

'Heavenly Sword, you're just a pawn in my hands. Once I have control over Shinra Pirate and possess its power, I'll be hypocritical toward you. In due time, I won't have to be afraid of you when I grow stronger.'

'Heavenly Sword... You're indeed at the peak of power, but I, Luo Yunxiu, will surpass you one day!'

Luo Yunxiu thought to himself.

"Heavenly Sword, do you really want to cooperate with Luo Yunxiu?"

Heaven Maiden You, who was next to Chu Kuangren, furrowed her brows.

In her opinion, Luo Yunxiu was not worthy of cooperation.

"When did Heavens say he was going to cooperate with him?"

Chu Kuangren smiled faintly. "Heavens only asked him to get ready but never mentioned cooperating with him."

"Heaven Maiden You, remember not to trust a traitor's words. If he can betray his foster father who raised him for the sake of controlling Shinra Pirate, he can betray Heavens for other interests in the future."

"He can be used but not be valued," said Chu Kuangren.

Hearing this, Heaven Maiden You pondered. "Heavenly Sword, are you going to use him to gain control over Shinra Pirate first, then find a chance to kill him?"

"Yeah. Heavens have other individuals in mind for cooperation."

...

"Second Brother, the trade fair will be held in a while. My Shinra Pirate has just won a battle, hence we must make this fair a grand success. Since Heavenly Sword is here, let's invite him to join us."

Shinra Pirate said inside the warship.

Next to him, Helou Liangyi nodded. "Understood."

Following that, he showed hesitated expression, as if he wanted to say something. Upon seeing his expression, Shinra Pirate said, "Second Brother, we have been comrades for many years. There's nothing you need to worry about. Just speak up."

Helou Liangyi said, "Big Brother, the young master has been making moves recently. I suspect he is preparing something secretly."

"Yunxiu..." A glint flashed in Shinra Pirate's eyes, revealing a complex expression. "Back then, Third Brother sacrificed himself to save me. I adopted his son as my foster son, and I've been treating him as my own. But over these years, I feel that I have been growing apart from Yunxiu."

"The young master has great ambitions. Big Brother, I know you might not be pleased to hear me say this, but we have to be cautious of him," Helou Liangyi said through clenched teeth.

"Sigh. Alright."

Shinra Pirate sighed. "After all, I raised Yunxiu. Although we are pirates, even a beast knows that it can't forget the kindness of the one that raised it. He won't go too far."

"Hopefully."

Helou Liangyi said with some worries in his heart.

Then, both of them discussed the matters regarding the trade fair.

After parting ways, a person suddenly approached Helou Liangyi. It was Heaven Maiden You. He was somewhat surprised and stepped forward to greet her respectfully.

She was not only Chu Kuangren's follower, but also the Mystic Divination Heaven Maiden and one of the Nine Kings. Regardless of which identity she held, she could not be ignored.

"What's the matter, Heaven Maiden?"

"Heavenly Sword asked me to pass this to you."

Heaven Maiden You took out a gemstone.

Helou Liangyi looked at the gemstone with surprise. "This is a voice transmission stone. Why would Heavenly Sword give me this?"

He activated his Immortal's Core and injected it into the stone.

Soon, a voice sounded from it. "Heavenly Sword, let's cooperate. You help me kill my foster father..."

It was Luo Yunxiu's voice!

Helou Liangyi wore a grim look on his face as he listened to the contents of the voice transmission stone. His hand trembled slightly due to anger.

"What a despicable bastard!"

"Since the item has been delivered, I'll leave then."

Heaven Maiden You said, then turned around and left.

"Wait."

"What's the matter?"

"Please thank Heavenly Sword on behalf of me!"

Helou Liangyi said solemnly.

"Seize the opportunity," said Heaven Maiden You.

"I know what to do," Helou Liangyi said firmly while looking at the voice transmission stone in his hand.

"Big Brother, you can't bear the reputation of killing your son, so let me do it for you!"

...

The trade fair was held in full swing.

The venue of the fair was located on an ancient planet in the Fengluo Galaxy, which was originally sparsely populated.

However, it became lively because of the trade fair.

Pirates from all forces in the universe, and even cultivators came here to try their luck and see if they could find something useful for themselves.

"Heaven Maiden You, don't you find the scene in front of us interesting?"

Chu Kuangren looked at the increasingly bustling ancient planet below and said, "Things stolen by the pirates can be traded peacefully here. This scene is simply a microcosm of the universe."

The cold and dark universe had given birth to many rules, but there was one rule that had always been followed.

That was the law of the jungle!

These pirates survived and thrived by plundering and bullying weaker individuals in the places they invaded.

However, in this trading fair, they restrained their murderous intent and peacefully traded their loot.

Why?

It was because Shenri Pirate was more powerful than them. They bullied the weak ones but were constrained by the powerful ones, and obeyed the rules set by the powerful ones.

This was almost the case in the entire universe.

"Heavenly Sword, what would you do if you were in control of the universe?"

"Heh. What can I do? Heaven Maiden You, Heavens can dominate the universe but can't dominate human hearts. The inherent evil in human nature is something not even Heavens can change."

Heaven Maiden You pondered upon hearing his words.

She noticed that she had learned many things by following Heavenly Sword.

Besides, she realized that Heavenly Sword was not only powerful in terms of strength, but his ability to discern human hearts and his perception of the universe was worth learning.

Unparalleled After Ten Consecutive Draws

Chapter 1913: The Devil Egg, Armament Destruction Tribe's God King, A Multi Embodier Emerges

Pirates from all forces appeared on the trading planet. They took out various treasures such as Immortal Metals, Divine Pills, and Source Rejuvenation items.

All kinds of treasures dazzled one's eyes and bewildered one's mind.

Shira Pirate's people were maintaining order.

Chu Kuangren and Heaven Maiden You wandered on the ancient planet and spent several days here as if they were sightseeing.

"Congratulations, Host! You've won a Transcendent Reward, the Devil Egg."

Chu Kuangren halted in his step.

"What's the matter, Heavenly Sword? Did you see something interesting?" Heaven Maiden You beside him asked curiously.

"It's quite interesting."

Chu Kuangren smiled faintly and was in a good mood.

Heaven Maiden You, who was behind him now, was slightly curious. However, Chu Kuangren did not say much and continued walking forward.

His mind was focused on the newly drawn Transcendent Reward, the Devil Egg, and he observed it with curiosity.

It was a purple-black egg about the size of a human head and was engraved with numerous treacherous patterns that exuded an inexplicable attraction.

If ordinary cultivators were to gaze at it a little longer, it felt as if their souls would be sucked by those treacherous patterns.

The term "devil" in the Devil Egg did not refer to the devil from Western mythology in Chu Kuangren's previous life.

It referred to an ancient existence in All Heaven Myriad Realm.

These devils specialized in absorbing all kinds of rage qi and evil thoughts in the universe to make a living. The more rage qi and evil thoughts they absorbed, the more powerful they became.

This reminded Chu Kuangren of Desire Flower.

Desire Flower, which was similar to the Devil Egg, got powerful by absorbing human desires.

"This Devil Egg can be classified as Transcendent Reward proving that it has the potential to grow into Primordial at least."

"Interesting."

"I'm curious to see what kind of devil will it be once this egg hatches," Chu Kuangren said with great interest.

Hatching the Devil Egg required a significant amount of evil thoughts and rage qi, which reminded him of the Armament Destruction Tribe.

This peculiar tribe got powerful by absorbing various weapons' rage qi, which meant that they possessed a considerable amount of rage qi.

"It seems that I have another reason to deal with the Armament Destruction Tribe."

Chu Kuangren thought to himself.

After strolling a few rounds on the ancient trading planet, he and Heaven Maiden You failed to find anything suitable for themselves.

"Heavenly Sword, Shinra Pirate invited us to the Core Trading Zone. Trading has already begun there," said Heaven Maiden You.

The Core Trading Zone was the place where the most powerful pirates from all over the universe gathered to trade. It was also a precious place where treasures were traded and attracted many elites.

"It seems that a good show is about to begin," Chu Kuangren said with anticipation.

...

Pirates from all forces gathered at the Core Trading Zone.

"Haha. Shinra Pirate, you've been quite famous lately for defeating the Dao King Tribe!"

"Impressive! I've been long dissatisfied with the Dao King Tribe. They started as pirates just like us, but now they are arrogant and boss us around."

"Indeed. It is satisfying to see them suffer a huge loss this time. However, as they are experiencing significant damage, they will need to replenish their vitality, hence it's likely they will target others."

Everyone praised Shinra Pirate but some people raised their concerns.

The Dao King Tribe made their fortune by being pirates. Now that they had depleted their vitality, it was afraid that they would replenish their vitality through robbery.

Upon hearing this, Shinra Pirate said solemnly, "To be honest, I would like to address this issue during the trade fair. The Dao King Tribe has oppressed us for far too long. I plan to take this opportunity to gather everyone's strength."

Everyone's eyes lit up upon hearing the statement.

It seemed that Shinra Pirate intended to gather the strength of all pirates and stand up against the Dao King Tribe.

"Shinra Pirate managed to defeat the Dao King Tribe. In my opinion, if you be our leader, we will definitely be able to compete with the Dao King Tribe," said a pirate who had a close relationship with Shinra Pirate.

"Actually, I must thank Heavenly Sword for his help. Without him, I would have been dead long ago." Shinra Pirate knew his strength and laughed.

Everyone was curious upon hearing his words.

"We have heard about Heavenly Sword's fame but we have never had the chance to witness his strength. I wonder if we will be able to see it today."

"Yeah. I'm curious too."

Shinra Pirate smiled lightly and said, "I've already invited Heavenly Sword to attend the fair."

"Heavenly Sword has come."

At this moment, someone shouted at the entrance.

Chu Kuangren was seen walking in slowly with Heaven Maiden You beside him.

As they entered the hall, everyone looked at him with curiosity, solemnity, fear, and other emotions.

Chu Kuangren turned a blind eye to the gazes as he had been used to the sensation of being the center of attention.

However, amidst the crowd, Luo Yunxiu's eyes were filled with intense jealousy. How he wished that one day he could attract and be revered by countless people as well.

"I'm almost there. Once the mission is accomplished, I will be the new Shinra Pirate, and everyone will have to listen to my command."

Luo Yunxiu was looking forward to that moment.

"Haha. Heavenly Sword, you're here."

Shinra Pirate approached and greeted Heavenly Sword.

"Mhm."

Chu Kuangren exchanged a few words with Shinra Pirate.

Luo Yunxiu, who was not far away from them, furrowed his brows. "Why hasn't Heavenly Sword taken any action? What is he waiting for?"

Suddenly, he realized something. "It seems that he intends to make a move after the trade fair ends."

He was fine with it as the outcome would be the same.

"Heavenly Sword, these people aren't weak."

Heaven Maiden You said while observing the crowd in the hall.

She could sense many powerful auras here, and she failed to perceive some of them.

"There are indeed quite a few interesting individuals here," said Chu Kuangren.

These people were not pirates but unknown elites who were attracted by the trade fair.

Among them, two individuals caught his attention.

One of them was an elder wearing a long black robe. He stood in a corner without saying a word, and his aura was well hidden.

However, Chu Kuangren felt he was somewhat familiar.

With Lil Ai's analysis, he discovered that the elder was a cultivator from the Armament Destruction Tribe, and his cultivation base had reached the God King Realm.

An Armament Destruction Tribe's God King...

Chu Kuangren revealed a mischievous look as if he was scheming something.

Apart from this elder, there was another figure shrouded in Immortal Sparks, making it difficult to discern his gender. He possessed a lingering ancient aura that gave a sense of primordial.

Based on the aura, the person was definitely extraordinary.

Even Lil Ai needed to take some time to analyze him.

"Master, this person possesses a primordial aura, yet his life's core is abundant. His body contains auras of two Dao. One of them is at least of the Supreme God King Realm while the other is in a deep slumber and gradually awakening..."

Lil Ai's analysis surprised Chu Kuangren.

Auras of two Dao...

In other words, the person was in a Multi-Embodier Realm!

This was the first time he encountered the existence of such a realm in the Central Heaven Universe, as well as the ancient aura and a gradually recovering Dao...

Could he be an ancient God King who had recently awakened from a deep slumber?

Chu Kuangren was intrigued.

The trade fair seemed to have attracted quite many interesting individuals.

Unparalleled After Ten Consecutive Draws

Chapter 1914: Trading With The Devil Egg, Titan Tribe, Spiritual Soul Pearl

The trade fair was ongoing, and everyone started presenting their treasures.

Anyone interested could step forward to discuss a deal. Chu Kuangren did not show much interest in the displayed items.

After glancing at the Armament Destruction Tribe's God King, Chu Kuangren pondered and took out a purplish-black egg.

It was the Devil Egg which was engraved with countless treacherous patterns. As soon as the egg appeared, the temperature in the entire hall seemed to decrease significantly.

Everyone looked at the object with solemn expressions.

"What is this? It looks extraordinary."

"Is Heavenly Sword planning to trade it?"

"Interesting."

The Armament Destruction Tribe's God King had his pupils shrink upon seeing the Devil Egg. The rage qi in his body became agitated uncontrollably after the Devil Egg appeared.

What was this thing exactly?

The Armament Destruction Tribe's God King was incredibly surprised.

He had a feeling that this item would have a significant impact on the Armament Destruction Tribe. There would be a huge effect if he could master it.

"Heavenly Sword, what is this?"

The crowd was curious as they gazed at the Devil Egg.

Unlike the Armament Destruction Tribe who carried rage qi in their bodies, they simply found the Devil Egg weird.

Even the mysterious Multi-Embodier elite could not help but glance at it.

"This object is called the Devil Egg. It can absorb the rage qi between heaven and earth, but it is unknown what it will eventually hatch into. It is useless to me, so I'm putting it up for trade," said Chu Kuangren.

He glanced at the Armament Destruction Tribe's God King who indeed showed a hint of interest.

"I wonder what it will hatch into. It won't be of much use if it hatches into an ordinary vengeful soul."

"You're right. Since Heavenly Sword has presented it, it should be traded even if it's just a stone. The proper amount of respect must be given to him."

The crowd thought to themselves.

At this moment, an Arch Gilded Immortal took out an Immortal Pill. "Heavenly Sword, I have a Ninth Rebirth Golden Pill here. Those who consume it can refine Immortal's Core and enhance their cultivation. Can I trade this with your Devil Egg?"

"Haha. Heavenly Sword, I have a piece of Immortal Metal here. It can forge an Embodier Treasure which was not inferior to an Innate Source Supreme Treasure."

"I have a top-notch Embodier Cultivation Technique..."

Everyone took out their treasures one by one to trade with Chu Kuangren.

In fact, they had no idea if the Devil Egg would be useful to them. They just wanted to seize this opportunity to establish a connection with Chu Kuangren.

After all, Chu Kuangren was currently at the peak of power in the Central Heaven Universe. Therefore, having a good relationship with him would undoubtedly bring immense benefits.

Chu Kuangren looked at the items they brought with a calm expression. He was unmoved as he had no interest in these treasures.

In addition, all these treasures could not match the Devil Egg.

These people were unaware of the Devil Egg's value.

"I have an Embodier weapon to exchange with you."

At this moment, an indifferent voice sounded.

It was the Multi-Embodier cultivator. He could not discern the mysteries of the Devil Egg but he was slightly interested in it.

He took out a sword with Daoist law emerged on it. It was an Embodier weapon.

However, Chu Kuangren glanced at it, then averted his gaze and said, "Heavens aren't lacking in good swords. This item is insufficient to exchange for the Devil Egg."

"Heavenly Sword, I don't even know the potential of your Devil Egg. You're lucky that I offer you an Embodier weapon in exchange. I'd suggest you just take the sword and leave," said the Multi Embodier.

Everyone gasped. Holy moly, how dare he spoke to Heavenly Sword in such a manner. Was he bored of living?

However, the intense ancient aura emanating from this person feared everyone. No one said anything.

The atmosphere became tense.

"Heh. Most people in the universe are fools with shallow perspectives, and they make unfounded judgments about things they can't perceive. Heavens will forgive you this time," said Chu Kuangren.

"You mean I'm a fool?"

"Heavens admire those who have self-awareness."

As the Multi Embodier put up a stern look, his aura emanated from his body and enveloped the entire hall instantly.

"Heavenly Sword, you truly are as arrogant as the legends say!"

Soon, waves of domineering aura charged forth toward Chu Kuangren.

As the Multi Embodier displayed his power, everyone was shocked after they roughly gauged his cultivation level.

"Such powerful. He is at least of the Supreme God King Realm!"

"Wait. Such aura... It's the Titan Tribe!"

Someone recognized the origin of the Multi Embodier and was incredibly shocked.

The Titan Tribe was one of the ancient King Tribes in the Central Heaven Universe. Its power was not much worse than Dao King Tribe and Nether King Tribe.

Most importantly, according to ancient legends, this tribe's history could be traced back to the beginning of the universe.

For instance, the Creation God was the first Titan.

"This doesn't make sense. Why would the Titan Tribe's God King appear here? Moreover, none of the Titan Tribe's God Kings possess such an aura. Has a new God King emerged in the Titan Tribe?"

"It's kind of weird."

"I suddenly recall an ancient legend. It is said that some ancient kings are slumbering in this universe. Could he be one of them?"

The crowd was discussing, and some made bold speculation.

However, Chu Kuangren did not retreat in the face of the domineering aura.

"The Titan Tribe... Heh. Even the first Titan, the Creation God, is inferior, let alone you!"

The moment he finished speaking, the sword aura spread out.

The two auras collided in the void and caused the entire hall to tremble. After sensing the domineering auras, all cultivators in the hall could not help but break out in a cold sweat and felt pressured.

"Both of you, please refrain from anger."

At this moment, Shinra Pirate, as the host of the trade fair, stepped forward to mediate cautiously.

Both Heavenly Sword and the ancient existence from the Titan Tribe were individuals he could not afford to provoke.

"Heh. I'll show respect to the host."

The ancient Titan retracted his imposing manner. In fact, he did that not because of Shinra Pirate's influence, but rather because he had just awakened from a deep slumber and could not fully unleash the Multi-Embodier power.

He felt it was wise not to rashly engage in battle with Chu Kuangren at this moment. Otherwise, it would take him even longer to fully recover to the peak of his power.

"A wise move," said Chu Kuangren.

To be honest, he was curious if he could confront a Multi Embodier with his current strength.

Soon after, he supposed it should not be a problem.

"Heavenly Sword, I want your Devil Egg."

At this moment, the Armament Destruction Tribe's God King stepped forward. He took out a bronze box and opened it to reveal a purple pearl.

The pearl emitted Immortal Sparks, and mysterious runes were seen circulating it.

Everyone was surprised upon seeing the pearl.

"Could this be the Spiritual Soul Pearl, a Soul Source Rejuvenating object?"

Someone exclaimed.

The Spiritual Soul Pearl was a rejuvenating object born from the Soul Source. If one could refine it, it could enhance one's soul energy.

The soul had eight realms, namely Normal Soul, Immortal Soul, True Consciousness, Gilded Soul, Desolation, Requiescence, Chaos, and Transcendence.

It was said that if a soul from the Desolation Realm refined this item, its Soul Realm would ascend to the Requiescence Realm.

Even if one in the Requiescence Realm used it, it would provide a significant boost in power.

Unparalleled After Ten Consecutive Draws

Chapter 1915: Assassination, Is Shinra Pirate Dead? What's Going On?

"The Spiritual Soul Pearl is indeed a great treasure."

Chu Kuangren said while looking at the treasure presented by the Armament Destruction Tribe's God King. Then, he threw the Devil Egg in his hand toward the God King.

"It's yours now!"

"Heh. Thank you, Heavenly Sword." The Armament Destruction Tribe's God King chuckled and looked at the Devil Egg excitedly.

He had a premonition that this item held great significance for the Armament Destruction Tribe.

While others could not discern the mystery of the Devil Egg, he could sense it to some extent with his rage qi.

The Devil Egg contained an astonishing power, which made it a rare and peerless treasure.

Once it hatched, the Armament Destruction Tribe would surely rise!

This was the reason why he was willing to trade the Spiritual Soul Pearl, a treasure more precious than the Embodier weapon presented by the ancient Titan existence.

It was all worth it to obtain the Devil Egg.

'Heavenly Sword...'

'You have killed my Armament Destruction Tribe's Four Bloodthirsty Blades one after another, as well as the God King. Just wait until the Devil Egg hatches, and you will regret it!'

The Armament Destruction Tribe's God King thought to himself.

He made every effort to conceal his aura and avoid being discovered. Little did he know that his subtle facial expressions and movements were all noticed by Chu Kuangren, who was smiling mischievously.

"The Armament Destruction Tribe... Heh. Let's have some fun."

Chu Kuangren grinned.

The trade fair continued, and the crowd presented various treasures for exchange.

"Why haven't you made a move yet?"

At this moment, Luo Yunxiu approached Chu Kuangren and transmitted his voice.

Chu Kuangren remained calm and said, "Are you that eager to kill your foster father? After all, he raised you."

"Heavenly Sword, are you lecturing me now?"

Kuo Yunxiu said with a cold expression.

He felt somewhat uneasy.

Chu Kuangren would not go back on his word, would he?

"Heh. Rest assured. The show that Heavens have arranged is about to begin."

Chu Kuangren said calmly upon sensing Luo Yunxiu's uneasiness.

Shortly after, as the trade fair reached its climax, several Arch Gilded Immortals in black suddenly launched an attack. They swooped toward Shinra Pirate.

Such a scene shocked many people.

"What's going on?"

"There are assassins!"

Luo Yunxiu also felt puzzled among the crowd.

Was this the show that Heavenly Sword mentioned? Sending Arch Gilded Immortals to assassinate Shinra Pirate? That was ridiculous. He was a God King!

To everyone's surprise, Shinra Pirate was in a disadvantageous position after exchanging a few moves with the Arch Gilded Immortals.

His aura became incredibly weak for some unknown reason.

"I'm poisoned? When did it happen?"

Shinra Pirate's expression changed while Luo Yunxiu's eyes lit up. As Shinra Pirate was poisoned, it meant that he could not exert his God King power.

Luo Yunxiu glanced at Chu Kuangren, who remained standing steadily without any intention of rescuing Shinra Pirate. It seemed that Chu Kuangren had indeed arranged this.

"Could it be that Heavenly Sword doesn't want to do it himself to avoid trouble?"

"Hmph. He really cares about his reputation."

Luo Yunxiu snorted coldly.

He was slightly disappointed.

Initially, he expected Heavenly Sword would kill Shinra Pirate, and then he would make a move by joining forces with others to force Heavenly Sword back.

By doing this, his prestige will be greatly enhanced.

Now, he could only deal with these few Arch Gilded Immortals who appeared out of nowhere. Although the outcome would be the same, the effect would be slightly different.

How could these Arch Gilded Immortals compare to Heavenly Sword?

'Forget it. Time is running out.'

Luo Yunxiu looked at Shinra Pirate and noticed that he was retreating under the joint forces of several Arch Gilded Immortals.

He could not exert his God King power at all.

A moment later, Shinra Pirate was stabbed in the chest by a sword. The Daoist law energy in his body seemed to be blocked by some force and unable to recover his body.

Eventually, Shinra Pirate fell in front of everyone with a thud.

Such a scene shocked countless people. Did the famous Shinra Pirate just die before everyone like that?

It was too bizarre.

"Foster father!"

At this moment, Luo Yunxiu felt that his opportunity had come.

With a roar, he dashed forward with red eyes and a furious expression. "I will make you pay for my foster father's life!"

He made a move and attacked those Arch Gilded Immortals in black.

The incomparably tyrannical Arch Gilded Intent erupted, reaching a level close to the Ultimate Arch Gilded that was not far behind the God King.

This scene astonished everyone.

"What? The young master possesses such strength?!"

"That's powerful."

Luo Yunxiu made a move with his aura boiling.

The Arch Gilded Intent was majestic and domineering with every punch and kick carrying an unparalleled power.

Each move had the power to shatter the void.

Upon seeing this, the Arch Gilded Immortals exchanged glances.

"Shinra Pirate is dead. Let's leave!"

"Retreat!"

They immediately retreated.

Luo Yunxiu pondered for a moment and decided not to pursue them.

In his opinion, since these people were sent by Heavenly Sword, he would likely displease Heavenly Sword if he were to pursue them.

Although he hated Chu Kuangren, he also harbored a sense of fear. Therefore, he dared not offend Chu Kuangren before his strength had fully grown.

He approached Shinra Pirate's body and carefully observed his condition. His Dao had already fallen silent.

It seemed that he had indeed fallen.

He was slightly saddened as Shinra Pirate was his foster father who had raised him after all.

However, his sorrow merely lasted for a moment. Then, an infinite ambition surged in his heart. Shinra Pirate's position was now his!

"Foster father! I swear I'll find the culprit and avenge you!" Luo Yunxiu lay on Shinra Pirate's body and cried bitterly.

At this moment, a few pirates walked out.

"Young Master, these people must have been sent by the Dao King Tribe to avenge Big Brother. Now that Big Brother is dead, Shinra Pirate must have a new leader. Please take over Big Brother's position and lead us!"

"Yeah. Young Master, please take over the position and lead us."

"We must have a leader."

Some pirates said.

It seemed as if they had agreed upon this beforehand.

"Well..."

A trace of hesitation appeared on Luo Yunxiu's face, but then it turned resolute. "Since everyone is being supportive, then I shall take the responsibility. From now on, I will..."

"You don't fit the position."

Before Luo Yunxiu finished speaking, an indifferent voice sounded from outside.

Helou Liangyi was seen walking into the hall with a group of people. He stared at Luo Yunxiu and said with an indifferent expression. "Take him down!"

"Uncle Helou, what are you doing?"

Luo Yunxiu's expression slightly changed.

The rest of the people were also shocked.

"Helou Liangyi, what are you doing ?!"

"How dare you be disrespectful to the young master!"

The people, who had voiced out their support for Luo Yunxiu earlier, spoke up to stop Helou Liangyi. However, his expression remained cold and looked at them indifferently. "Take them down too!"

Soon, various weapons were at their necks.

Luo Yunxiu said calmly, "Uncle Helou, my foster father has just died, and you can't wait to take his position?"

"Who told you I'm dead?"

At this moment, an indifferent voice sounded.

Behind the crowd, Shinra Pirate, who was lying on the ground earlier, stood up slowly. Such a scene stunned everyone, especially Luo Yunxiu.

His pupils shrank violently, and he looked at Chu Kuangren, "Heavenly Sword, what's going on?!"

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1916: The Titan God King Interferes, You Have Ruined Heaven's Enjoyment of This Show

"Heavenly Sword, what is the meaning of this?"

Luo Yunxiu looked at Chu Kuangren and questioned loudly.

Everyone quickly turned their gazes toward Chu Kuangren.

'Does the Heavenly Sword have something to do with this matter too?'

However, Chu Kuangren stood where he was, looking as calm as ever. "This is a family matter between you all and the Shinra Pirate, what does the Heavens possibly have to do with it?"

Luo Yunxiu already knew what was going to happen upon hearing this.

At this time, Helou Liangyi took out a voice transmission stone. He then played out the recorded audio between Luo Yunxiu and Chu Kuangren.

Upon hearing Luo Yunxiu plotting to kill the Shinra Pirate, everyone fell into an uproar.

"D*mn, this Luo Yunxiu is heartless."

"Tsk tsk, to think he dared to plot against his foster father. Luo Yunxiu, you truly are the best son ever."

Helou Liangyi continued speaking with a cold expression. "Ever since learning that you're plotting to assassinate Elder Brother, I immediately sent my men to investigate you. We learned that you have conspired with Old Lin the Third and others to immediately support you as the next successor once Elder Brother is killed. That's why we didn't expose your schemes right away. We needed to lure them out and capture them too. Also, the assassins earlier were actually my men in disguise."

The figures in black masks walked out from behind him.

They removed their disguise, revealing themselves as the Shinra Pirate's elite subordinates.

"As for Elder Brother, he has used a certain secret technique to put his Dao into a silent slumbering state and conceal his life aura. This makes him no different than a dead man even to a God King's eyes, let alone someone like you." Helou Liangyi continued speaking.

Everything turned out to be planned by him in the end.

"Yunxiu, I am truly disappointed in you."

The Shinra Pirate looked at Luo Yunxiu with a complicated gaze.

Deep disappointment could be seen in his eyes.

That look of disappointment pierced through Luo Yunxiu's heart.

"How can I even be blamed for this?"

"Father, do you know how long of a lifespan you have as a God King? How can I possibly become the leader of the Shinra Pirates then? Am I supposed to be stuck as the Young Master my whole life?!"

Luo Yunxiu grew angrier as he spoke.

He then looked at Chu Kuangren. "And you, Heavenly Sword. You were f*cking toying with me all this time! Didn't we agree to cooperate on this back then? To think that you've gone against your word, what a disgrace!"

Chu Kuangren remained calm. "Ever since the beginning of our talk, the Heavens have never spoken of cooperating with you. It is you alone who misunderstood all along."

Sure enough.

From the audio recording in the voice transmission stone, Chu Kuangren has never mentioned anything about cooperating with Luo Yunxiu.

Besides, when it came to who was the more disgraceful one, there was Luo Yunxiu who dared to plot against his foster father. No matter how, he was clearly the most disgraceful one.

"You still dare speak to the Heavenly Sword with such disrespect?"

"So what if I do."

"Hmph, how insolent!"

Helou Liangyi immediately ordered with a cold expression. "Take him down at once!!"

The Arch Gilded Immortals surrounding them quickly rushed towards Luo Yunxiu to subdue him.

With things turning out the way they were, Luo Yunxiu would never let himself be captured without a fight. He let out a low grunt and unleashed his Ultimate Arch Gilded Immortal aura.

Everyone was forced back by his power.

"Hmph, do you think it'll be easy to capture me?!"

A King's Mark appeared on his forehead.

"The King's Mark!"

"So, his words were true. I can't believe he's one of the Nine Kings!"

Luo Yunxiu has mentioned that he was one of the Nine Kings in the voice transmission stone's recording.

However, everyone did not believe it until they saw it.

Now that he has revealed his King's Mark before everyone, his identity as one of the Nine Kings was undoubtedly true. Everyone was extremely shocked by this.

"Everyone, back down!"

Luo Yun Xiu raised his hand, releasing bursts of Immortal Core energy.

The crowd of Arch Gilded Immortals was no match for him.

However, he did not continue fighting. His figure disappeared in a flash, quickly rushing out of the great hall and fleeing instead.

As of now, he already lost his reputation and place among the Shinra Pirates.

Escaping was the only way of survival for him right now!

"Yunxiu, you can never escape!"

However, the Shinra Pirate took action at this time. His God King energy erupted while his countless Daoist laws swirled in the void, completely suppressing Luo Yunxiu on the spot.

Luo Yunxiu was powerless in the face of such power.

Although he was one of the Nine Kings, he was still not a God King!

"You'll never make me surrender!"

Luo Yunxiu channeled the power of his cultivation to the fullest extent.

However, no matter how he struggled, he was no match for the God King's power. He was slammed into the ground, unable to move at all.

Chu Kuangren merely watched from the sidelines, admiring how he was struggling.

Being immobilized on the ground, Luo Yunxiu looked at Chu Kuangren, who was watching him in a lofty and superior manner. A look of immense rage could be seen in Luo Yunxiu's eyes.

'Heavenly Sword!'

'If I survive this, I will certainly get revenge for the humiliation you brought to me a hundred times over!!'

His Arch Gilded Intent surged violently.

Luo Yunxiu tried all he could, but his efforts were futile.

"Am I really going to meet my end here like this? I'm one of the Nine Kings, you know? My journey of glory hasn't even started yet!!"

The unwillingness in Luo Yunxiu's heart reached its peak.

Just at this very moment.

A powerful Daoist law energy suddenly erupted, shattering the Shinra Pirate's Daoist law energy. Luo Yunxiu managed to break free from his hold due to this.

Everyone was astonished by the sudden change in events.

Chu Kuangren also narrowed his gaze, looking at the person who interfered.

It was that ancient being from the Titan Tribe.

Luo Yunxiu immediately took the chance and escaped. The Shinra Pirate wanted to chase after him but found his path blocked by the Titan Tribe's God King.

"You, what is the meaning of this?"

"It's nothing much, really. Just don't like seeing a God King bullying a younger cultivator, that's all." That Titan God King laughed.

Everyone was speechless upon hearing that.

'Bullying?'

'That guy tried to kill his own father for crying out loud.'

'Can a person like that even be bullied?'

'He should be grateful that the Shinra Pirate didn't slap him to death right away.'

'Besides, this is their family's internal matter, what does it have to do with you?'

Everyone was extremely dissatisfied with the Titan God King's actions. However, they could not do anything seeing that he was a God King.

However, a strand of sword qi was suddenly shot towards that Titan God King. It was none other than Chu Kuangren who attacked.

The Titan God King raised his hand and released Daoist laws, blocking the incoming sword qi. The Immortal Sparks concealing his figure were dispersed, revealing a hulking figure.

A metallic texture could be seen on the surface of his skin while his muscles looked as if cast from molten iron. Strands of Daoist laws flowed all over his body.

An ancient and profound aura was emanating from him.

He looked at Chu Kuangren with a narrow gaze. "Oh, does the Heavenly Sword wish to battle me?!"

"You, you have ruined Heaven's enjoyment of this show."

Chu Kuangren said indifferently.

He stepped forth as his incredibly vast sword aura surged everywhere, instantly enveloping the surroundings with an inexplicable sharpness.

Even the Titan God King's expression gradually turned serious upon sensing his aura.

"As expected of the legendary Heavenly Sword. This aura is truly extraordinary."

After saying that, the Titan God King immediately attacked.

He unleashed a punch, turning his golden Daoist laws into a golden fist.

The whole great hall was shattered due to the sheer might of his aura!

The surrounding Arch Gilded Immortals quickly fall back.

"It's so powerful!"

"This is bad, quick, we must get out of here! This is a battle between God Kings!"

Cultivators with low cultivation levels quickly ran away, fearing being caught up in that battle.

Some of them went and chased after Luo Yunxiu.

The Shinra Pirate looked at the Heavenly Sword. "I'm afraid I'll have to leave this to you, Heavenly Sword."

He then went to pursue Luo Yunxiu.

The Armament Destruction Tribe's God King's eyes lit up as he stood among the crowd. His figure then disappeared from the spot.

"Now, let's see if you can survive from the hands of the Heavens." Said Chu Kuangren lightly towards the Titan God King.

"Ha, in all my years of cultivation, this is the first time that I, Yuan Teng, have ever come across such an arrogant youngster like you!" The Titan God King, Yuan Teng said coldly.

Upon saying that, the full power of his aura erupted!

It was even more powerful compared to a Supreme God King like the Shinra Pirate.

Unparalleled After Ten Consecutive Draws

Chapter 1917: Battling Yuan Teng, Luo Yunxiu Escapes, the Shinra Pirate Brought Under Control

Yuan Teng's Supreme God King aura erupted as he unleashed a palm attack. His Daoist law energy intertwined, turning into a huge golden palm that headed towards Chu Kuangren.

His attack was extremely terrifying.

The whole Ancient Trading Planet rumbled. Many cultivators were startled by the sudden occurrence. Upon noticing the terrifying energy, they quickly left the area.

"What's going on?"

"I hear that the Heavenly Sword is fighting someone."

"Who is this brave person? To think that he dared fight against the Heavenly Sword."

"I'm not sure, but his aura is quite extraordinary indeed."

Everyone looked curiously toward the source of the terrifying energy.

Chu Kuangren was seen standing in the air holding his Void Sword. After letting out a slash, an incoming golden palm was brutally torn apart.

His surging aura made the whole area tremble!

"Something's not right with this person's Dao!"

Noticing Chu Kuangren's Daoist law energy, Yuan Teng's expression changed slightly. A look of disbelief could be seen in his eyes.

He noticed that his opponent's Dao was vaguely suppressing his Dao.

He was a Multi-Embodier for crying out loud!

One of Yuan Teng's Dao had already reached the Perfected stage, yet Chu Kuangren's Dao was only at the Expert stage. The latter's Dao would have to reach the Peak stage before getting to the Perfected stage. If that was the case, why could Chu Kuangren's Dao suppress Yuan Teng's Perfected stage Dao?!

"This guy's Dao does not exist in this universe. His Dao is not comprehended from within this universe. He is the self-embodiment of his very own Dao!!"

Yuan Teng was quite a knowledgeable cultivator, having identified the origin of Chu Kuangren's Dao. He immediately let out a look of disbelief.

'Self-embodiment of Dao?'

'Many had attempted this before.'

'However, none of them has ever succeeded.'

'So, how did the Heavenly Sword succeed then?'

Yuan Teng was very puzzled.

"A Multi-Embodier, huh? How interesting."

Chu Kuangren thought while looking at Yuan Teng.

The Embodier's Dao was categorized into Novice, Expert, Peak, Perfected, and Ultimate stages respectively. Being a Multi-Embodier required one to possess a Perfected stage Dao at least and have attempted to embody another different Dao.

With multiple types of Dao, one would use it to pursue the pinnacle, the Ultimate stage of Dao!

Perfected stage and Ultimate stage.

Although being only a difference in level, the difference in power was immeasurable.

Normally, a Multi-Embodier would not need the powers from various Dao. They only require a Perfected-stage Dao to achieve the Ultimate stage. This meant they would become a Supreme God King.

Alas, Chu Kuangren has gone down the path of being the self-embodiment of Dao.

Hence, it would be extremely difficult to suppress and overpower his Dao.

This was evident as even a Multi-Embodier could not do so. That was a very important reason why Chu Kuangren could battle Yuan Teng with his measly Expert-stage Dao.

"O' Heavens Bear Witness, Emperor Overlord Dominion!"

At this time, Chu Kuangren twisted his Void Sword and unleashed an attack.

His Emperor Overlord qi surged forth.

This attack contained not only his Daoist law but several divine abilities from his Fully Realized Emperor Physique and Fully Realized Overlord Physique. All of these techniques were combined by Chu Kuangren into a single powerful slash.

The void crumbled whenever the sword qi went.

As if an Emperor acknowledging his imperial might, as if an Overlord ruling unchallenged with his dominion!

"What a guy, to think he has both the Emperor and Overlord Physiques!"

Yuan Teng's expression changed a little.

He raised his hand while his Daoist law flowed, turning into a huge golden saber. He then let out a great slash, sending an attack that tore open the void and intertwined with the incoming sword shadow.

The surroundings blew up instantly!

Both Chu Kuangren and Yuan Teng were forced back.

"O' Heavens Witness Me, Heavenly Prison!"

Chu Kuangren raised his hand and channeled his Immortal Core energy.

Countless strands of sword qi intertwined in the sky above, creating a gigantic cage!

Yuan Teng was trapped within it, his movements severely suppressed.

"Do you think that's all?"

"O' Heavens Witness Me, Beyond Heavenly Sword!"

Chu Kuangren attacked once again.

He let out a mighty and overbearing slash that descended from the sky. Everywhere the attack went, space itself crumbled while planets were shattered.

His Ultimate Almighty Source power was contained in this attack!

Yuan Teng exclaimed upon seeing this. "What a monster."

His gaze froze as he channeled his Immortal Core energy. The Dao within his body trembled violently as waves of Daoist law energy emerged.

An incredibly terrifying energy erupted.

"Divine Titan Art, Golden Wheel Seal!"

With a low grunt, his golden Daoist law appeared, turning into a gigantic golden wheel of light with countless runes all over it.

The Golden Wheel Seal slammed against the sword shadow in an ultimate clash.

Terrifying energy storms were swept everywhere as a result.

Chu Kuangren and Yuan Teng were forced back by the impact of their attacks.

Taking advantage of this energy, Yuan Teng quickly dashed into the distance. He even let behind some vile final words before escaping.

"Heavenly Sword, we'll meet again one day..."

Chu Kuangren sheathed his Void Sword and chuckled upon hearing that. "The next time we meet, the Heavens shall properly educate you on manners!"

"Heavenly Sword, are you alright?"

"I'm fine."

Chu Kuangren waved his hand. Heaven Maiden You, who was beside him, looked towards the direction where Yuan Teng fled. A pondering look could be seen in her eyes.

"What's the matter, have something on your mind?"

"Yes, Heavenly Sword. There's no way a Supreme God King will appear in the Central Heaven Universe out of nowhere. That person reminded me of a rumor. It was said that when the two universes fought last time, the Central Heaven Universe sent some of their top-tier God Kings into a deep slumber to preserve their combat strength. These God Kings will only awaken once more when the two universes

go into battle the next time. Seeing that Yuan Teng possesses an ancient aura, it's possible that he might be one of these individuals."

Heaven Maiden You explained.

Chu Kuangren's eyes flashed upon hearing that. 'Ancient God Kings, huh...'

'If that's the case, then I bet there must be a few of them back at the Pan Gu Universe too.'

"It doesn't matter. After all, the Heavens shall be the one to reign in this era!"

Chu Kuangren said lightly.

So what if those individuals were ancient God Kings? They might proclaim themselves rulers of their era and reign supreme in battle, it was because Chu Kuangren did not exist back then. Right now, only he alone should reign unchallenged!

Heaven Maiden You's body trembled a little upon hearing Chu Kuangren's words. A look of admiration could be seen on her face.

If anyone else were to say something like that, it would only mean that they were acting out of arrogance and ignorance. However, Chu Kuangren had long proven himself with his undefeated record and astounding combat achievements. Only he alone deserved to be known as the supreme Heavens in this era!!

Soon after.

The Shinra Pirate returned.

However, Luo Yunxiu was not with him.

"Oh, did you lose track of him, or did you end up getting soft instead?"

Chu Kuangren said lightly while looking at him. After all, it was quite surprising that a God King was unable to capture an Arch Gilded Immortal.

"No, someone was interfering with me just now."

The Shinra Pirate said.

"Who was it?"

"It was the person who you made the trade with earlier. He was a God King too. According to his techniques, I say that he's from the Armament Destruction Tribe."

The Shinra Pirate looked at Chu Kuangren and said.

He knew that Chu Kuangren did not have good relations with the Armament Destruction Tribe. Even his Spiritual Sword Tribe was known to be their sworn enemy.

The Shinra Pirate was worried that the Heavenly Sword would be enraged if he knew he was trading with an Armament Destruction Tribe member.

However, what surprised him was Chu Kuangren's calm expression after learning of this. It was as if he already knew of this long ago.

The Shinra Pirate was very surprised.

"I understand." Chu Kuangren nodded gently.

Although he was a little surprised that Luo Yunxiu had escaped, he did not let it bother him that much.

Despite him being one of the Nine Kings and would be of use to Chu Kuangren, he already had control over half of them. Hence, it made no difference to Chu Kuangren.

"Heavenly Sword, you have helped me deal with the Dao King Tribe and the Nether King Tribe's threat. Not only that, you have even helped me see through my traitorous son's true intentions. I can't possibly think of anything to repay you for such great kindness. If you have any requests in the future, feel free to tell me. I will certainly help you to the best of my capability."

"Just wait for my orders for now. One day, the Heavens will certainly require your assistance." Chu Kuangren said lightly.

"I, the Shinra Pirate, will be obliged to help."

"Very well."

Although Chu Kuangren was capable of killing the Shinra Pirate, it would take him more than brute force to control the crew of pirates that were under the Shinra Pirate's leadership.

That was why he did not mind taking some time to deal with the Dao King Tribe and Nether King Tribe. He even went out of his way to put up such a wonderful show with Luo Yunxiu as the leading star.

Overall, the results he got were quite good.

The Shinra Pirate has now been brought under his control.

[Unparalleled After Ten Consecutive Draws](#)

Chapter 1918: Luo Yunxiu and Yuan Teng, Hatching the Devil Egg

After the Shinra Pirate's matter came to an end for the time being, Chu Kuangren did not stay for long and left. He still has another place to go next.

Meanwhile, somewhere else.

After escaping, Luo Yunxiu arrived at an ancient planet. He let out a long sigh of relief before revealing the look of hatred in his eyes.

"It's all because of you, Heavenly Sword!"

"I will never forgive you for what you did!"

At this time.

A figure walked out from the void. He came to Luo Yunxiu and said, "You're still too weak to take revenge on the Heavenly Sword."

The person who appeared was the Armament Destruction Tribe's God King.

Luo Yunxiu recognized him. It was he who held back the Shinra Pirate, allowing him to escape. That person was a God King too.

"Follow me back to the Armament Destruction Tribe."

The Armament Destruction Tribe God King said.

That was one of his main reasons for saving Luo Yunxiu.

As one of the Nine Kings, Luo Yunxiu possessed great potential as a talent to be nurtured. He would be very useful to the Armament Destruction Tribe's future plans.

"I..."

Luo Yunxiu was hesitating a bit.

The Armament Destruction Tribe's techniques were known to be creepy and mysterious. They were known to absorb the rage qi to strengthen themselves, which was something very strange.

Would he really be alright to follow that God King back?

Would he end up becoming some inhuman monster in the end?

"He's not following you back."

At this time, an indifferent voice appeared.

A hulking figure enshrouded with golden light glimmering all over his body was seen approaching them from a distance. His powerful aura emanated everywhere.

Even the Armament Destruction Tribe God King was a little frightened upon sensing his presence.

"Who are you?"

"I'm Yuan Teng of the Titan Tribe! This person is mine."

Yuan Teng pointed at Luo Yunxiu and said.

The Armament Destruction Tribe God King pondered a while upon hearing that. He then chuckled.

"Since you're interested, I shall leave him with you then."

He turned around and left after that.

It was clear that he possessed powerful cultivation. After all, he was strong enough to escape from the Heavenly Sword. Hence, the Armament Destruction Tribe God King knew he was no match for someone like that.

Besides, he still has the Devil Egg in his possession. At that time, his top priority was returning safely with it as soon as possible. There must not be any errors that occur.

"Wise decision."

Said Yuan Teng lightly while looking at the Armament Destruction Tribe God King who was leaving.

Luo Yunxiu was secretly amazed.

Even a God King was afraid of the person before him.

'How powerful is he?'

'The Titan Tribe. One of the most ancient King Tribes, huh...'

Luo Yunxiu thought.

"Young lad, you shall follow me back to the Titan Tribe. From today onwards, you are now a sky-pride of the Titan Tribe. We will spare no effort in nurturing your talents. With your talents, you may very well be capable of going against the Heavenly Sword in the future. "

Yuan Teng said lightly.

Deep down, he knew that with Luo Yunxiu's talents, he would never catch up to Chu Kuangren even if it took him an entire lifetime.

However, Luo Yunxiu was still one of the Nine Kings. Hence, he was a cultivator worth nurturing.

"I'm deeply grateful for this opportunity."

Luo Yunxiu would not let such a good opportunity slip by.

A look of ambition was seen in his eyes.

'So what if the Shinra Pirate and his crew were powerful?'

'The Titan Tribe is way stronger than even the Dao King Tribe. As long as I join them, it'll be a matter of time before I rise through their ranks. When that time comes, will the Shinra Pirates even be worth my attention? No!'

A great feeling of ambition welled up within Luo Yunxiu's heart.

...

An ancient planet was wandering in the vast universe.

This was a very special ancient planet. It was shrouded within a veil of black mist, with countless mysterious runes swirling around it.

An incomparably terrifying aura was emanating from it.

The mere sight of it would send shivers down anyone's spine.

Suddenly.

A ray of light appeared above the ancient planet, immediately piercing through the black mist.

"Oh, Bingzai Huo has returned."

An emotionless voice sounded.

A majestic temple was seen standing tall inside the black mist.

The ray of light entered that temple.

It was Bingzai Huo who just returned. He then said, "Honorable Armament King, I have obtained something valuable during my visit to the Ancient Trade Planet this time."

He then took out the Devil Egg.

Within an instant, several Immortal Consciousnesses appeared.

"This is no ordinary item!"

"What a shocking aura. I sense the presence of a lifeform inside it. What is this thing?"

Bingzai Huo told everyone about how he obtained the Devil Egg. Everyone was shocked to learn that he traded it from the Heavenly Sword.

"Honorable Armament King, I have a hunch that if we manage to hatch this egg, it will bring great significance to the Armament Destruction Tribe!"

Bingzai Huo said. Everyone else exchanged gazes. They too have sensed something extraordinary about the Devil Egg.

"What does everyone else think?"

"I agree with Bingzai Huo's opinion. This is an exquisite item. If we can hatch and then control the lifeform inside this egg, it would benefit the tribe greatly."

"I'm very curious what kind of thing will hatch from it."

After some discussion, everyone decided to hatch this Devil Egg.

Apart from being curious, they also wanted to control whatever was inside it.

During this era when things were ever-changing, the Nine Kings had appeared and the two universes were back at war. Even the ancient God Kings have awakened one after another...

If the Armament Tribe did not do anything, it would be very difficult for them to gain a foothold among the tribes.

Hence, this Devil Egg could possibly be the key for them to gain influence and reputation in this era. The task of hatching this egg eventually became their consensus.

Everyone started making preparations.

Bingzai Huo brought the Devil Egg to the Slumbering Sword Abyss.

This location was filled with armament rage qi and was once where the Heavenly Bloodthirst went into self-imposed isolation. Upon reaching this place, the Devil Egg trembled a little, seemingly sensing something.

"Go."

Bingzai Huo tossed the Devil Egg out.

He then made a mysterious hand sign.

The surrounding rage qi was controlled and channeled towards the Devil Egg.

Boom!!

An incredibly powerful absorption energy erupted from the Devil Egg.

It was taking in the rage qi directly!

As time went by, several days passed. The Devil Egg has absorbed more and more rage qi by this point, but there was no sign of it hatching.

At that time, most of the rage qi in the Slumbering Sword Abyss had already been sucked dry by it.

"I didn't expect it to be so hard to hatch."

Bingzai Huo frowned a little. After the rage qi in the Slumbering Sword Abyss has been sucked dry, he brought the Devil Egg to another place to continue letting it absorb rage qi.

There were many locations where rage qi was stored in the Armament Destruction Tribe. The Slumbering Sword Abyss was only one of them.

Several months soon passed. At this point, seven of the Armament Destruction Tribe's rage qi storage locations have already been fully drained by the Devil Egg.

However, it still did not hatch.

The Armament Destruction Tribe's members were a little shocked.

"What kind of lifeform is this? I can't believe it still hasn't hatched after absorbing so much rage qi. It's getting a bit terrifying by now."

"Out of the twelve rage qi deposits in the Armament Destruction Tribe, it has already absorbed seven of them empty. Yet it still hasn't hatched after all this?"

"Honorable Armament King, we can't let this continue any further. These rage qi deposits are a crucial resource for our tribe to prosper. If all of it was absorbed by this Devil Egg, the effects on our tribe will be very grave."

Some of the Armament Tribe God Kings have started to express their concern about letting the Devil Egg continue absorbing their rage qi deposits. However, Bingzai Huo was insistent and quickly reasoned with them. "If we give up now, wouldn't our efforts so far have been in vain?"

"Honorable Armament King, the rage qi we have can be collected again when depleted. However, there's only one Devil Egg out there in this universe. If we don't hatch it, we may very well regret it in the future."

The Armament King pondered for a while and then said, "Let's continue. I want to see what life form emerges from this egg once it hatches."

Bingzai Huo's expression turned into that of joy. "Very well!"

He continued letting the Devil Egg absorb more and more rage qi. Several more months soon passed. As the Devil Egg absorbed more rage qi, its aura became more terrifying. Even some of the God Kings were fearful of it.

"I'm afraid that whatever thing that comes out of this egg, it will have no place in this universe at all!" One of the God Kings exclaimed with shock. However, he was still looking forward to it hatching.

The more powerful this thing was, it meant the Armament Destruction Tribe who controlled it would also become powerful. At least, that was what they thought.

Unparalleled After Ten Consecutive Draws

Chapter 1919: Tribulation Lightning, the Great Armament Destruction Formation, the Devil Egg Successfully Hatches

Somewhere in the universe, a warship was traveling somewhere.

Chu Kuangren could be seen sitting with his legs crossed on deck. He was refining the Spiritual Soul Pearl he obtained from Bingzai Huo.

The Spiritual Soul Pearl was no ordinary item. Having spent some time refining it, Chu Kuangren felt that his Soul Realm has increased quite a lot.

"As of now, my Soul Realm is already at the Peak Requiescence stage. It's only one step away from reaching the Chaos stage."

Chu Kuangren mumbled.

A Soul Realm at the Chaos stage was only a level achievable by Primordial-level cultivators. At this level, a person's soul could enter the chaos at will and roam freely between the world of the living and the dead. It could also traverse between the stars in its ethereal form, unaffected by anything in the outside world.

Unless being attacked by soul techniques.

Even a Multi Embodier attacking at full power would not be capable of destroying a Chaos stage soul. That was how powerful it was.

"Increasing my Soul Realm to the Chaos stage will be very challenging. Letting my soul return to a chaos state to comprehend the chaos before the birth of creation will be even harder. I'll just take my time, no need to rush."

Chu Kuangren thought.

With his Pocket Universe, he could already enter the chaos at will to comprehend it. Something like this was immeasurably hard for others, yet for him it was effortless.

With this advantage, his soul could ascend to the Chaos stage several times faster compared to ordinary cultivators.

"Now that I think of it, I wonder how the Devil Egg is doing."

Chu Kuangren mumbled.

He has purposely handed that Devil Egg to the Armament Destruction Tribe for them to hatch it for him.

After all, the Armament Destruction Tribe possessed great amounts of rage qi. Their tribe would be the most suitable place for the Devil Egg to hatch because of it.

...

Inside the Armament Destruction Tribe.

Bingzai Huo and the others were fully focused on hatching the Devil Egg.

Out of the twelve rage qi deposits in the Ancient Armament Destruction Planet, eleven of them have already been drained empty by the Devil Egg. Only the last one was left as of now.

The last rage qi deposit was known as the Slumbering Soul Ocean, it was the place with the largest storage of rage qi among the twelve rage qi deposits.

Everyone soon arrived. Looking at the Devil Egg, they sensed the terrifying power within it, gritted their teeth, and tossed it into the Slumbering Soul Ocean.

"This is the Armament Destruction Tribe's final rage qi deposit. You must hatch after this, alright!!" Bingzai Huo said with excitement.

The Devil Egg entered the Slumbering Soul Ocean.

Within an instant, the whole Slumbering Soul Ocean trembled. The ocean waves formed by dense endless rage qi started churning.

Following that, a gigantic whirlpool appeared on the ocean.

The Devil Egg could be seen at the whirlpool's center.

The ocean's water formed by dense rage qi was being channeled into the Devil Egg violently. The Devil Egg's aura grew more and more terrifying.

Bingzai Huo and the others were extremely looking forward to seeing it hatch.

Soon after.

Close to half of the Slumbering Soul Ocean was absorbed by the Devil Egg.

Everyone's heart palpitated with fear as they watched.

"There's a total of twelve rage qi deposits in the Armament Destruction Tribe. Back then, the Heavenly Bloodthirst only entered the Slumbering Sword Abyss. Having endured endless torture, he eventually became an Embodier. On the other hand, this Devil Egg has drained eleven out of the twelve rage qi deposits dry. This is simply terrifying."

"I truly wonder what kind of life form will emerge when it hatches..."

Above the Slumbering Soul Ocean.

Endless lightning clouds suddenly gathered, turning into a horrifying lightning tribulation. Bingzai Huo and the others were extremely concerned.

"As I feared, whatever that's inside the egg does not belong in this universe."

"The Great Dao is intent on destroying it!"

"Quick, activate the Great Armament Destruction Formation to defend against the tribulation lightning."

The whole Ancient Armament Destruction Planet trembled.

Following that, the black mist outside the Ancient Armament Destruction Planet swirled. The Daoist law energy within it merged with the black mist, turning into countless weapons filled with rage qi, forming a horrifying formation in the air.

Boom!!

The tribulation lightning struck with domineering might.

Even a God King would have to stay alert when facing it.

Following a tremendous explosion, the tribulation lightning clashed against the weapons with rage qi. Countless rage qi was dispersed while the lightning disintegrated too.

However, the tribulation lightning was still present.

Flashes of lightning flickered accompanied by deafening thunder.

As if it was charging, gathering energy for an even stronger attack.

However, how would the Armament Destruction Tribe's formation fail that easily?

The runes lit up, producing seemingly endless rage qi once more. The myriad of weapons was formed again!

Boom!!

An even stronger and more devastating bolt of lightning struck.

The rage qi was dispelled again.

However, this time, a portion of the lightning's energy was absorbed by the countless mysterious runes in the black mist. The great formation continued operating as usual.

"This Great Armament Destruction Formation can absorb any incoming attacks and convert them into energy to maintain itself. That's the true power of this formation."

Bingzai Huo chuckled.

He then looked at the Devil Egg in the Slumbering Soul Ocean with excitement. "Seeing that the tribulation lightning has appeared, it appears that this egg is going to hatch soon."

The tribulation lightning seemingly became enraged right after.

Its majestic might spread out in all directions.

The surrounding planets were all shattered by the thunderous light from the tribulation lightning.

At this point, all the elites in the universe from various forces noticed the tribulation lightning's aura. Their Immortal Consciousnesses flowed, peering through space. They soon noticed what was happening at the Armament Destruction Tribe.

Safe to say that they were all shocked.

"The Armament Destruction Tribe seems to be quite lively recently, huh?"

"That's right. Back then, they produced the Heavenly Bloodthirst. Now, they've attracted such a terrifying tribulation lightning. What kind of terrifying creature are they going to produce now?"

"Is this the rise of the Armament Destruction Tribe?"

Everyone discussed.

Meanwhile, the third wave of tribulation lightning struck the Ancient Armament Destruction Planet.

The lightning boomed.

This caused the great formation to tremble violently.

The great formation was operating at max capacity by now.

It was converting the tribulation lightning's energy while defending against any attacks. The countless weapons darted through the air, heading towards the incoming tribulation lightning.

The fourth wave of tribulation lightning came right after the third wave was done.

This time, the tribulation lightning appeared as a gigantic lightning dragon that was thousands of kilometers long. With a flap from its wings made from pure lightning energy, it sent forth a terrifying lightning storm, shattering many nearby planets.

"Roar!!"

The gigantic lightning dragon charged toward the great formation as it roared.

This was an attack that shook the planet itself.

The black mist swirled as countless weapons were launched. A torrent of weapons was formed, heading toward the incoming dragon.

The lightning dragon clashed with the torrential flow of weapons in the great formation. Waves of lightning energy and rage qi from the weapons spread everywhere.

Terrifying shockwaves and energy waves were sent in all directions.

The elites who were watching this from space secretly gasped.

"What a powerful aura."

"To think that such a terrifying tribulation lightning has appeared. Is something horrifying about to be born from the Armament Destruction Tribe?!"

Everyone was extremely astonished.

An explosion was heard.

The torrential flow of weapons and lightning dragon were both destroyed.

The remaining shockwaves caused the Ancient Armament Destruction Planet to tremble violently.

Any other ordinary planet would have already shattered by now. However, the Ancient Armament Destruction Planet was very unique. The planet's body contained the essence of various weapons, making it very tough and sturdy like a divine weapon itself.

This power was still not enough to completely shatter the Ancient Armament Destruction Planet.

However, more than half of the Great Armament Destruction Formation was damaged as a result.

The tribulation lightning in the air gradually dispersed.

"We did it."

Bingzai Huo breathed a sigh of relief.

That tribulation lightning was just too terrifying. Even a Supreme God King would barely survive when facing it. Fortunately, they have the Great Armament Destruction Formation for defense.

At this moment.

The endless rage qi in the Slumbering Soul Ocean was drained empty.

The Devil Egg trembled. Following that, cracks began to appear and spread from its surface, revealing purple-black streaks of light from within.

Bingzai Huo and the others were overjoyed.

"We've successfully made it hatch!"

Everyone stared intently at the Devil Egg before them.

As bursts of purple-black radiance emerged, the Devil Egg exploded with a huge bang. An inexplicable aura was released.

A figure gradually appeared from the purple-black light.

Unparalleled After Ten Consecutive Draws

Chapter 1920: The Devil's Power, the Blood-Colored Barrier, the Devil's Haunting Beauty

On the Ancient Armament Destruction Planet, a burst of purple-black radiance appeared.

Within that light, a figure could be seen appearing. Everyone on the Ancient Armament Destruction Planet looked toward it, staring intently.

A young man was seen walking out.

The young man stood completely bare, his muscular and tall physique visible to everyone. He had long black hair draped down to his waist while he possessed unparalleled beauty. His eyes were particularly crimson, exuding an alluring and devilish aura.

What shocked the Armament Destruction Tribe members was the young man's aura. His aura was not that powerful and did not seem to possess any cultivation level.

'Is he just a normal rageful spirit?'

Everyone looked at each other, their expressions turning grim.

They have spent countless efforts hatching this being. Even all of the twelve rage qi deposits in the Armament Destruction Tribe were sucked dry by it.

However, it turned out that the being that hatched was a mere ordinary rageful spirit. Unsurprisingly, they were in a bad mood because of this.

"This is impossible."

"Having absorbed so much rage qi, why has such a weak rageful spirit hatched from that egg? There must be something wrong."

Bingzai Huo did not want to believe it.

"Oh, the Devil senses a lot of malice coming from all of you." At this time, the black-haired young man chuckled.

His voice was deep and captivating.

As if a demonic whisper.

Causing ripples of disturbance in the hearts and minds of everyone present.

'Something's not right.'

Everyone's pupils shrank slightly as they sensed something amiss.

Meanwhile, the young black-haired man ignored them and raised his hand. The surrounding endless rage qi surged. Whatever rage qi that remained in the Slumbering Soul Ocean gathered towards him, forming a long black robe around his body.

Casually controlling the rage qi and turning it into clothing.

Everyone was stunned by what he did.

"I knew it, he does not appear as he seems."

"Looks like he's no ordinary life form indeed."

A look of hope could be seen on everyone's faces.

The young black-haired man's gaze swept through everyone. He then asked. "Everyone, may I ask which one among you is the Devil's Master?"

'Master?'

Everyone looked at each other.

'What does this Devil want? Why is he looking for a Master?'

Bingzai Huo's eyes lit up as he thought that this was a great opportunity to control it. He then said, "You are born from the rage qi of our Armament Destruction Tribe. The Armament Destruction Tribe is your Master."

"A tribe? The Devil's Master can only be one person."

The young black-haired man said.

At this time, a middle-aged man walked out. His aura exuded a domineering and sharp intent. Daoist laws could be seen swirling around him.

He was the Armament King!

The Armament Destruction Tribe's most powerful Supreme God King!

"From this day onwards, I shall be your Master!"

The Armament King said lightly.

The young black-haired man looked at him. "You are not him."

His blood-colored eyes looked at everyone present again. Eventually, he let out a slight frown. "The aura of the Devil's Master is not here."

He got up and wanted to leave.

However, a God King suddenly appeared before him at this time.

A surge of rage qi appeared, turning into a gigantic hand that reached out. A destructive aura could be felt from the Daoist law of that attack.

"This is the place where you are born. Where do you think you're going?!"

The great hand was launched towards the young black-haired man.

However, a blood-colored light emerged from the young black-haired man's eyes. He casually let out a palm attack, releasing a mysterious black aura that turned into a black claw. That claw instantly shattered the incoming gigantic palm.

The God King that attacked was sent flying several meters away. He was extremely shocked.

"What aura is that?"

The black qi used by the young black-haired man was no ordinary rage qi.

An even stranger energy was contained within it as well.

"The Devil is using the Devil's power, of course."

The young black-haired man said.

"Capture him!"

The Armament King said coldly.

Bingzai Huo and another God King attacked.

"I, Bingzai Liu shall test your strength then."

The two God Kings, Bingzai Huo, and Bingzai Liu, surrounded the young black-haired man from both sides. As for that God King who was sent flying earlier, he rose into the air, channeling rage qi and Daoist law energy. The whole area was soon sealed off.

"The Devil's path is not that easily blocked."

The young black-haired man said.

He raised his hand, channeling mysterious black qi. Countless creepy black flower petals started floating in the air in the surroundings.

Those flower petals appeared to be very light but were heavy as mountains. The moment they landed, several huge craters were created.

"You are a being that was born and nurtured from the Armament Destruction Tribe. This place is your home! You are not allowed to go anywhere else!"

The Armament King said coldly.

"Oh, besides Master, the Devil does not belong anywhere else."

"Who is your Master then?"

"The Devil was about to go search."

"So, you don't even know who your Master is?"

"The Devil will know upon meeting him."

The young black-haired man said.

"How amusing! You don't even know who your Master is, so how are you going to find him? Just stay here obediently and serve my Armament Destruction Tribe!"

"Besides Master, the Devil shall serve no one."

"Then you better don't blame us for what happens next."

The Armament King said with a grim face.

They have spent countless resources nurturing a being like him. How could they possibly let him leave the Ancient Armament Destruction Planet?

Bingzai Huo and Bingzai Liu, the two God Kings, instantly attacked.

Powerful blasts of rage qi came from both sides of the young black-haired man.

"Those who get in the Devil's way... shall die!"

A strange energy erupted from the young black-haired man's blood-colored eyes.

A blood-colored light shot out from his eyes. Instantly turning into a blood-colored barrier!

"What is this?"

Bingzai Huo and Bingzai Liu instantly sensed that the rage qi inside their bodies was affected. They could not channel their rage qi easily anymore. Hence, they could not fight at full power.

"A tribe that lives by feeding on rage qi, the Devil expresses his admiration."

The young black-haired man raised his hand, releasing the black flower petals again.

Bingzai Liu and Bingzai Huo's expressions changed slightly. They quickly defended themselves against that attack.

A loud explosion was heard.

The two of them ended up being sent flying.

With a single attack, the Dao inside their bodies were greatly affected!

"This blood-colored barrier is restricting our power?!"

"We must take him down quickly!"

The two of them attacked once more, forcefully channeling their rage qi and Daoist law.

"War Flame Consummation!"

Bingzai Huo turned his rage qi into flames, causing a firestorm to descend from the sky.

Meanwhile, Bingzai Liu inverted both his hands in the void. The void started collapsing, releasing invisible spatial torrents that swept forth.

"Heavenly Void Flow Strike!"

Boom, boom, boom!

Wherever the spatial torrents went, the space itself crumbled!

"Witness the Devil's Haunting Beauty!"

The young black-haired man raised his hand, unleashing his vast aura everywhere.

Within an instant, silence loomed upon the whole area.

However, a black demonic flower bloomed in the void.

Within its exquisite allure, a sense of desolation could be felt.

The next instant.

A frightening aura of death soon enveloped the whole area.

As the demonic flower wilted, it turned into countless petals that shot left and right. The petals on one side were heavy as mountains, shattering the firestorm in the sky. Meanwhile, the petals on the other side were sharp as blades, tearing apart the invisible spatial torrents!

From that single attack, the two Armament Destruction God Kings were sent flying once again.

Only the Devil was seen standing proudly.

His unparalleled appearance eclipses the beauty of the world itself.

"This power... A Supreme God King!!"

Bingzai Liu and Bingzai Huo were extremely shocked.

However, following that.

The Devil suddenly disappeared. He appeared before Bingzai Liu and reached out his hand, turning it into black razor-sharp talons.

The Devil energy contained in that attack frightened Bingzai Liu.

'I'm going to die?!'

'I'm going to die if I don't defend against this attack!'
