Chapter 2141: Killing Jiu Yin With a Single Palm Strike, Onward to Black Water City, Meeting Yu Nue Again

Just when Jiu Yin was about to threaten Lan Yu's life, an incredibly vast Radiant aura descended from the sky, crashing down upon Jiu Yin's body like a mighty waterfall.

His massive body was instantly suppressed, rendering him immobilized.

Meanwhile, inside North Sky City, many of the common folk saw the vast Radiant aura from the sky and immediately lit up with joy. They were all in awe.

"Such a vast aura... Has the Goddess herself descended upon us?"

"Oh, thank the heavens."

The common folk and believers immediately knelt on the ground.

Even Bishop Li looked doubtful. "This aura... Has Her Holiness truly descended upon us?"

As for Lan Yu, she was a little confused when she sensed that Radiant aura.

She was Ming Fei's disciple, after all.

She knew that in the Radiant Church, only a handful of people possessed such a powerful aura.

Besides her Master, the Radiant Left Sky King, and the enigmatic Radiant Goddess, she could not think of anyone else who possessed such a level of Radiant energy.

Having been pressed into the ground, Jiu Yin was now trembling.

For all his years of being an enemy of the church, that was the first time he encountered someone with such a terrifying level of Radiant energy.

"Who's there? Who the hell is it?"

A figure slowly walked out amidst the endless Radiant aura.

He was dressed in white robes, and his silver hair was dancing in the wind.

His golden but chilly and emotionless eyes landed on Jiu Yin, who was immobilized on the ground.

At the sight of the man, Lan Yu's expression froze for a while before turning into immense joy.

"Master!"

Even Bishop Li in the distance was shocked.

"It's the Child of Light!"

Although the person who arrived was not the Radiant Goddess, according to the church's divine scriptures, the Child of Light possessed an incredibly high position on par with her.

"It's you!"

All of Jiu Yin's eighteen eyes stared at Chu Kuangren with immense shock.

How could he not recognize Chu Kuangren?

That was the person who killed his son!

He could still vividly remember what happened in Black Flame City back then.

However, what shocked him even more was the fact that Chu Kuangren, who was deeply entangled with the Darkness Tribe and possessed the Darkness Ruler Amulet, was related to the Radiant Church.

Moreover, Chu Kuangren possessed a terrifying level of Radiant aura.

Despite having nine heads, even Jiu Yin could not comprehend what was going on.

"Prepare to face your execution, heretic!"

Chu Kuangren looked at Jiu Yin on the ground and grunted disdainfully.

He raised his hand, releasing a violent surge of Radiant Dao aura.

In an instant, a giant white palm was formed!

"Boom!"

The gigantic palm came crashing down with indomitable might.

As Jiu Yin roared, his Yin qi surged violently. All nine of his heads spat out large amounts of Yin qi toward the incoming giant white palm.

However, his efforts were all futile.

"Bam, bam, bam!"

A series of explosions occurred.

One by one, nine of Jiu Yin's heads were blown up until all nine of his heads were destroyed!

Just like that, Jiu Yin had fallen!

One of the Eight Great Heretics was no match against a single palm attack from Chu Kuangren!

Everyone who witnessed his strength was stunned.

The common folk who were kneeling on the ground inside North Sky City became even more devoted to him.

Meanwhile, Chu Kuangren gradually retracted his aura and slowly arrived before Lan Yu. Their gazes met, and they did not have to speak to understand each other.

Finally, Chu Kuangren smiled. "Long time no see."

"Master."

Lan Yu walked up to him with great joy in her eyes. After looking at Chu Kuangren, she asked curiously, "Master, why has your hair turned white?"

"Oh, it's a long story."

Chu Kuangren returned to his normal form, and his white hair became black.

After that, the two of them found a place to catch up.

When Chu Kuangren asked Lan Yu how she ended up joining the Radiant Church, she told him the story of how she met Ming Fei.

From her accounts, it was Ming Fei who saved her.

As for her relationship with Chu Kuangren, Ming Fei only found out after the leaderboard appeared, where she saw that Chu Kuangren was also from the Pan Gu Universe.

"If that's the case, I have truly misunderstood Ming Fei," Chu Kuangren mumbled.

He felt a little embarrassed. 'I should make it up to her when I return.'

'She saved Lan Yu, yet I misunderstood her intentions.'

'Even if she doesn't mind, I need to do something to make up for this.'

The two of them then started settling down with the common folk of North Sky City.

However, it had only been a few days after they returned to the Yin Gale Domain's church when Bishop Li sought out Chu Kuangren in a hurry.

"Child of Light, I have urgent news to report."

"Speak."

"Over in Black Water Domain, the Left Sky King has been leading an army to conquer Black Water City. However, because he hasn't been able to capture it for a while, he has requested the nearby churches to send reinforcements. What are your orders, Child of Light?" asked Bishop Li.

He wanted to rush over to provide support. However, since Chu Kuangren, the Child of Light was still in the church, Bishop Li felt the need to report it to him.

"I understand. I'll personally make my way to Black Water City," Chu Kuangren said calmly.

Many Darkness Tribe cultivators were gathered in Black Water City. Although he was not close to the others, his mount, Hei Xuan, was there.

That was why he felt the need to go there himself.

"This is splendid news."

Bishop Li's face lit up with delight.

After all, Chu Kuangren possessed extraordinary combat capabilities. Even Jiu Yin, one of the Eight Great Heretics could not survive a hit from him. If he could join the battle, he could surely provide tremendous assistance to them. Then, taking down Black Water City would only be a matter of time.

Soon, Chu Kuangren and Lan Yu set off toward Black Water City.

The two of them were not in a hurry. They took their time to catch up along the way and told each other what had been going on with their lives.

From what Lan Yu told him, the Firmament Empire in the Pan Gu Universe was currently progressing and prospering well. Everything had been going smoothly.

That brought him great relief.

On top of that, besides Lan Yu, Shang Honghua, Chu Hong, Ye Zhu, and others had also come to the Great Hongmeng Universe. They were currently venturing somewhere out there.

"Ha! This is wonderful."

"It looks like the Black Heaven Nine Stars will reunite once again. I shall look forward to when that day comes."

He laughed with much anticipation.

At the same time, Chu Kuangren became even more determined to become stronger. It was only by being stronger that he could protect those subordinates of his.

"Boom!"

Just then, sounds of intense fighting came from the distance.

Energies of darkness and light were intertwining in the void.

Chu Kuangren looked over.

A group of cultivators from the Radiant Church were now surrounded by the Darkness Tribe cultivators, and things were not looking good for them.

Chu Kuangren also noticed that the person leading the group of Darkness Tribe cultivators was a young man who controlled black flames.

His aura was quite powerful and close to approaching the Grand Dao Realm.

"Oh, it's him."

Chu Kuangren's gaze narrowed a little.

He recognized that young man as Yu Yan's son, Yu Nue!

A cold glint flashed across his eyes.

Yu Yan once wanted to kill him and take the Ruler Amulet from him.

Upon recalling that incident, his figure dashed forward and arrived before the group of Radiant cultivators. He immediately released a massive Radiant aura that burst out everywhere.

The Darkness Tribe cultivators were easily blasted away.

Yu Nue, on the other hand, could feel the Darkness energy inside him brutally suppressed before the likes of that Radiant Dao aura. He even felt immobilized by it.

"It's you! Chu Kuangren!"

Yu Nue identified Chu Kuangren right away. Similar to Jiu Yin, he was shocked by the amount of Radiant energy Chu Kuangren now possessed.

"Well, Yu Nue, how's your father doing?"

Chu Kuangren looked at Yu Nue and chuckled.

A chill ran down Yu Nue's spine.

Chapter 2142: The Demonic Ruler's Left Hand, Yu Yan's Friend, The Battle Between Light and Darkness

"What's the matter with you, Chu Kuangren? Are you really the Child of Light?"

Yu Nue looked at Chu Kuangren.

He found that things were getting more outrageous in this world.

'A person who possesses the Darkness Ruler Amulet is now the Child of Light?'

'How does this make any sense?'

'Is that Radiant Goddess blind?'

However, Chu Kuangren ignored him and continued to ask, "Answer my question. Your father, Yu Yan, how is he doing?"

"Hmph, that has nothing to do with you."

As Yu Nue said that, he secretly ordered his men to retreat. He knew that he was no match for Chu Kuangren's extraordinary strength.

"If he's doing well, I'll certainly be unhappy. After this, I shall personally wipe away his Dao from this world!"

Then, he raised his hand, prompting sixty-four pillars of light to descend from the sky.

The surroundings instantly turned into a prison of light.

There was no way Yu Nue and the others could escape anymore.

"This is bad. We're trapped!"

Yu Nue said loudly and immediately attacked the pillars of light.

However, he was too weak compared to Chu Kuangren, so much so that he failed to damage the pillars of light.

Meanwhile, Chu Kuangren merely made a sword hand sign.

His sword qi poured out in all directions like a raging torrent.

All the Darkness Tribe cultivators were annihilated by the torrent of sword qi. Even Yu Nue was no exception and was instantly killed.

He did not even have a chance to fight back.

Somewhere far away, a few Darkness Tribe scouts witnessed all that with terror in their eyes. Then, they immediately left.

Chu Kuangren also noticed them, but he did not pursue them.

He wanted to let Yu Yan know that he had arrived.

"We're very grateful to you for saving us, Child of Light."

The Radiant Church cultivators present quickly went up to greet and thank him.

After that, they chatted for a while.

Those cultivators were sent from various churches to assist the Radiant Left Sky King.

"Since both of us are also heading to Black Water City, let's head there together."

"Very well."

The Radiant Church cultivators were delighted.

With Chu Kuangren around, they did not have to worry about the Darkness Tribe ambushing them anymore.

...

In Black Water City, Yu Yan received the reports from his scouts and learned of Yu Nue's death. He was seething with anger.

"Damn it, that b*stard!"

"Chu Kuangren, I'll make you pay dearly for this!"

The other Darkness Tribe elites beside him did not look too happy as well, especially Hei Xuan.

"How can this be? How the hell did Chu Kuangren become the Child of Light?"

He was very suspicious about that.

However, Yu Yan snorted. "Stop lying to yourself, Hei Xuan. Even the Radiant Church has admitted this publicly. How can this be false?"

"The problem now is that, despite being the Child of Light, Chu Kuangren also possesses the Darkness Ruler Amulet. This will severely impact the morale of our troops," a black skeleton commented.

He was one of the Eight Great Heretics, Black Skull.

Beside him, an ethereal shadowy figure covered in a black mist also frowned. "That's right. If Chu Kuangren were to take out the Darkness Ruler Amulet on the battlefield, it'd surely be a problem for us."

"What do you think, Demonic Ruler's Left Hand?"

Everyone looked at a black-haired man with streams of black water swirling around him. His aura was the strongest among everyone.

Furthermore, he was the most important person amongst them to face off against the Radiant Left Sky King.

His name was Shui Qianliu.

If the Radiant Goddess had her Left and Right Sky Kings, the Dark Demonic Ruler also had his Left and Right Hands.

One of them was Shui Qianliu, the Demonic Ruler's Left Hand!

"Let's retreat."

Shui Qianliu said calmly, "The Radiant Left Sky King has gathered most of the Radiant Church's force here, and we have suffered too many losses. We must preserve as much strength as we have before our Ruler returns."

"F*ck this. Why are we retreating again?"

Hei Xuan's expression was grim.

They had retreated many times during their fight against the Radiant Church because they were overpowered and suppressed, and it frustrated him.

"We have no other choice," Shui Qianliu said helplessly.

Of course, he wished he could have fought to his death against the Radiant Church. However, being the Demonic Ruler's Left Hand, he must make his decisions on the wellbeing of the entire tribe.

"Where should we retreat to?" the Black Skull asked.

"I know a place we can go to."

Yu Yan suddenly said, "I know a friend from the Devil Tribe who is willing to take us in. On top of that, the Devil Tribe has many powerful elites. Perhaps we may find an opportunity to borrow their troops and regain our former glory."

"Is that the legendary Devil Tribe?"

"I have only heard the Demonic Ruler mention it before. That tribe is an ancient and mysterious one. I can't believe you know someone from the Devil Tribe."

Everyone looked at Yu Yan with surprise.

Yu Yan merely chuckled. "I just got lucky, that's all."

"Regardless, the Devil Tribe is still an outsider to us. Will they accept us?"

"Don't worry. My friend holds a very high position in the Devil Tribe and even has his own territory to rule over. As long as he's alright with it, it won't be a problem for us," Yu Yan said confidently.

Soon, a powerful energy fluctuation appeared above Black Water City's great defensive formation.

"In that case, we shall follow your plan and go to the Devil Tribe for now."

"Very well. I'll contact my friend to let him know."

Yu Yan left to contact his Devil Tribe friend. However, the moment he turned his back on everyone, an ominous light flashed across his eyes.

Soon, a powerful energy fluctuation appeared above Black Water City's great defensive formation.

Someone was attacking Black Water City.

A giant ball of light crashed onto the formation. Within moments, the countless seals and restrictions on the formation were destroyed.

"The heretics shall die!"

A chilling voice rang out.

It was the Radiant Left Sky King.

Shui Qianliu, Hei Xuen, Black Skull, and others quickly rushed out.

They looked at the Radiant Left Sky King in the sky and the dozens of Radiant warships behind him with grim expressions.

"Everyone, prepare for battle!" Shui Qianliu ordered.

The Darkness Tribe cultivators rushed out from every corner of Black Water City, each of them swirling with Darkness energy.

Their energy formed a huge contrast with the Radiant energy in the sky, separating light and dark.

The boundaries of both sides were clear, and each side held their ground.

When the auras from both sides clashed, the surrounding terrain quaked.

"Demonic Ruler's Left Hand, Yu Yan, Hei Xuan, Black Skull, and Ghost Shadow. Other than the Demonic Ruler's Right Hand, the Dark Demonic Ruler's most powerful generals are here. As long as I kill all of you today, the Dark Demonic Ruler will be without an army when he reappears," the Radiant Left Sky King said coldly.

He raised his hand, launching several light spears at lightning speed.

However, Shui Qianliu was not to be outdone either.

The Darkness energy around his body flowed like water and formed several black spears that he launched in retaliation.

The moment they collided with the light spears, a mix of black and white energy spread everywhere.

It was as if fireworks were suddenly lit up in the sky.

"Well, it remains to be seen which one of us will be left standing at the end of the day." Shui Qianliu snorted.

"Is that so? I'd like to see you try."

The Radiant Left Sky King then raised his hand.

Suddenly, many bishops and priests rushed out, one after another, from behind him. Their combined auras were so powerful that the surroundings were dyed white.

"Attack!" Shui Qianliu yelled coldly.

The forces of the Radiant Church were dressed in white, while the Darkness Tribe cultivators were dressed in black.

They had two different identities and two completely different energies.

The moment the powers of black and white intertwined, the most extreme collision broke out in the realm.

Unparalleled After Ten Consecutive Draws

Chapter 2143: The Devil Tribe Forcefully Interferes, I'm the Light, Who Can Ever Hope to Extinguish It

In Black Water City, the forces of black and white intertwined.

The battle between the Darkness Tribe and Radiant Church continued.

As both sides refused to yield, terrifying energy fluctuations spread everywhere.

The black and white represented the light and darkness.

Their relationship was akin to oil and water, and only one of them could survive at the end of it. The terrifying and brutal battle that broke out between both sides was a terrifying sight to behold.

Shui Qianliu was facing off against the Radiant Left Sky King.

The Demonic Ruler's Left Hand and the Left Sky King were old enemies. They had fought countless times during the last Hongmeng Era, so they both knew what the other was capable of.

As such, they made no attempt to test their opponent's strength.

The moment they attacked, ultimate techniques were launched.

Every single move they made was aimed at ending their opponent's life!

"Boom, boom!"

Ultimate techniques of the Darkness Great Dao and Radiant Great Dao clashed violently.

The power of their attacks was so massive that it enveloped more than half of Black Water City. Any cultivators who got too close to their battle were killed on the spot.

"Demonic Ruler's Left Hand, I shall end our feud today once and for all!!" The Radiant Left Sky King laughed sinisterly.

Then, he raised his hand and cast his ultimate technique. "Great Judgment of Light!"

Large amounts of Radiant aura gathered, forming a giant ball of light above his head like a scorching sun. That attack was hurled at Shui Qianliu.

Wherever the great sun went, waves of Radiant aura illuminated the land.

Its tremendous power caused many Darkness Tribe cultivators to evaporate on the spot.

"Hpmh, Great Darkness Vortex!" Shui Qianliu grunted.

His Darkness Great Dao surged and intertwined in the void like countless water currents, eventually forming a dark vortex.

That vortex was like a black hole intent on devouring everything in the world.

With the vortex unleashed, all the light in its path was absorbed.

When the extreme powers of darkness and light met, an even more powerful blast of energy erupted and violently impacted the surrounding void.

Dark cracks spread everywhere like a spider web.

Finally, the darkness and light energies both dissipated.

"Left Sky King, I can't believe your strength hasn't improved since back in the day. You're nothing compared to the Right Sky King." Shui Qianliu laughed mockingly.

"You b*stard!"

The Radiant Left Sky King's expression turned grim.

As he glared at Shui Qianliu, his Radiant Great Dao aura surged even more. Then, he raised his hand and punched forward. His punch strength struck forward in the form of a light pillar.

Shui Qianliu also unleashed a similar dark water pillar.

"Boom!"

An energy explosion erupted, causing both of them to step back.

They then turned into a stream of white and black light and clashed once more.

The void rumbled violently every time they clashed.

"Shui Qianliu, this area has been surrounded by the Radiant Church. This time, we have twelve Holy Knights, twenty-one Bishops, and countless Priests with us. The Darkness Tribe will not be able to escape anymore!"

Seeing that he could not take down Shui Qianliu for the time being, the Radiant Left Sky King tried to provoke his opponent with words. Besides, he was just speaking the truth.

In hopes of wiping out the Darkness Tribe completely, all of the Radiant Church's forces except for the Radiant Right Sky King and the Radiant Goddess had been dispatched.

There was no way Shui Qianliu and the others could escape.

"Damn it."

Seeing that the Darkness Tribe cultivators had been surrounded, Shui Qianliu became anxious. He knew that the Radiant Left Sky King was not lying.

If he did not come up with something to save them from this predicament, everyone would be wiped out today.

"Bam!"

Hei Xuan was sent flying by a combined attack from two Holy Knights.

Despite being a black dragon who possessed formidable physical strength, he was injured, and his expression turned sour. "Damn it!"

Meanwhile, Yu Yan, Black Skull, and Ghost Shadow were surrounded by a group of Bishops and Holy Knights. Things were not going well for them either.

"Skeletal Demonic Slash!"

A white skeletal saber appeared in Black Skull's hand.

As he slashed his saber forward, a white saber ray shot out, sending a Bishop flying.

However, a Holy Knight quickly appeared, not giving Black Skull any time to break away. With such annoying opponents, Black Skull was repeatedly attacked, and his skeleton body began to show signs of breaking.

"Black Skull, legend has it that you're part of an undying species. Well, I shall find out today whether that's true or not!" One of the Holy Knights snickered.

With his silver greatsword in hand, radiant sword qi erupted from him.

Black Skull tried his best to resist.

"Boom!"

He was sent flying hundreds of meters away.

However, the few Holy Knights refused to relent and quickly rushed to attack him.

Seeing that, Yu Yan hurried over to provide support.

His black flames gushed forward, blocking one of the Holy Knight's attacks.

Despite the Darkness Tribe cultivators' efforts, the scales of victory were gradually tipping over to the Radiant Church's side.

However, at that moment, an incredibly terrifying aura suddenly appeared in the sky.

Dark clouds gathered and formed a vortex.

Within the vortex, several cultivators with dark wings clad in dark golden armor descended from the sky. Those cultivators were emanating an inexplicable murderous qi that caused everyone to shudder.

"These people, they are..."

The Radiant Left Sky King frowned as he was a little confused.

However, Yu Yan was ecstatic.

"The Dark Golden Devil Guardians. These are the Black Feather Archduke's troops!"

Among them, a man with black wings on his back and a horn on his head slowly walked out. Extreme surges of domineering aura were coming from him.

He looked at the Radiant Left Sky King and said, "The Darkness Tribe is now under the Black Feather Archduke's protection. Leave now with your forces, Radiant Left Sky King."

The battlefield temporarily stopped.

Everyone looked at the Devil Tribe's sudden appearance with an astonished expression.

"Yu Yan, is this the help from the Devil Tribe that you mentioned?"

Shui Qianliu looked at Yu Yan and asked.

Yu Yan nodded. "The Black Feather Archduke is the friend I was talking about. These cultivators are his troops who have come here to save us."

Shui Qianliu looked at the black-winged man and found it suspicious.

Those people were extremely powerful.

They were almost as powerful as him and the Radiant Left Sky King.

If those people were the Black Feather Archduke's troops, how powerful would the Black Feather Archduke be?

Would someone like that help the Darkness Tribe for Yu Yan's sake?

Would he have any hidden motive for doing that?

However, due to the current situation, they had no choice but to rely on them for the time being.

"Why is the Devil Tribe suddenly interfering with this matter?" the Radiant Left Sky King commented.

"This has nothing to do with you. Now, you only have two choices: you can either withdraw your troops or become our enemy!" the black-winged man said indifferently.

That put the Radiant Left Sky King in a difficult position.

No one knew the Devil Tribe's strength. If the Radiant Church were to face off against the Devil Tribe, they would surely be at a disadvantage.

"Black Feather Archduke's subordinates, why don't we join forces and kill the Radiant Left Sky King here?" Yu Yan shouted.

The black-winged man's eyes flashed upon hearing this, seemingly interested in that plan.

On the other hand, the Radiant Left Sky King's expression darkened.

If the Devil Tribe and the Darkness Tribe were to join forces, the tide of battle would instantly tip away from the Radiant Church's favor. They would fall from their advantage and into a perilous situation!

"You're wrong, Radiant Left Sky King. Today is not the end of the Darkness Tribe but yours instead!" Yu Yan laughed coldly.

"That's right. Let's kill them all!"

The other Darkness Tribe cultivators were also very excited.

The black-winged man raised his hand. The Devil Tribe troops behind him quickly readied their weapons, preparing to battle the Radiant Church cultivators at any moment.

"Then, let's make sure the light ceases to exist today!" the black-winged man said coldly.

However, the presence of a powerful Radiant Dao aura suddenly surged in the sky at that moment.

An incredibly holy-looking figure appeared amidst the Radiant Great Dao's endless illumination. His aura was so immense that it instantly shrouded the entire terrain.

"I am the light. Who can ever hope to extinguish it?"

Unparalleled After Ten Consecutive Draws

Chapter 2144: A Deal Between Yu Yan and the Devil Tribe, Battling the Pseudo Honorable

"I am the light. Who can ever hope to extinguish it?" someone said indifferently.

A figure in robes as white as snow and with long silver hair dancing in the winds stood in the void. His golden eyes were as calm as a lake.

However, his Radiant aura was as vast as an ocean.

He seemed to have become the center of the world!

"It's the Child of Light!"

"How wonderful. It really is the Child of Light!"

Many of the Radiant Church cultivators' spirits were lifted.

They looked at Chu Kuangren with deep admiration and loyalty.

Meanwhile, Yu Yan, Hei Xuan, and the others were shocked. Hei Xuan, especially, was staring at Chu Kuangren with rage in his pair of draconic eyes.

"Chu Kuangren, I can't believe you're the Child of Light!"

He was enraged.

He felt that Chu Kuangren had played him.

To think he became Chu Kuangren's mount too! The fact that Chu Kuangren had betrayed the Darkness Tribe and become the Child of Light was simply detestable!

Chu Kuangren looked at Hei Xuan and chuckled. "Long time no see, Hei Xuan, my trusty mount. How are you doing?"

Hei Xuan almost choked on his saliva.

"You f*cking liar!"

"Oh."

Chu Kuangren chuckled for a while but did not explain himself further. As to Hei Xuan's rageful gaze as if he were about to eat him alive, Chu Kuangren simply ignored it.

He looked toward the black-winged man with an indifferent gaze.

By then, Lil Ai had started analyzing him.

At the same time, the Devil King sealed inside him raised her head as if she had sensed something. "This aura... It's a devil."

She grinned mischievously. "He's encountered a devil already, huh? How interesting."

Chu Kuangren's arrival had brought another change to the battlefield.

No one knew how powerful Chu Kuangren truly was at that point. However, with his title as the first on the Primordial Leaderboard, it was evident that he should not be underestimated.

Meanwhile, Yu Yan and the others were worrying about something worse.

They were concerned about Chu Kuangren's Darkness Ruler Amulet. The moment he revealed that item, it would affect the Darkness Tribe's situation tremendously.

"Let's retreat at once."

Shui Qianliu and the others thought.

They exchanged gazes and immediately led their tribe to break through their enemies' blockade.

"Attack!" the Radiant Left Sky King ordered.

Meanwhile, the black-winged man also ordered his devil troops to take action and stop the Radiant Church forces. However, he looked toward Chu Kuangren with deep fear in his eyes.

He was unsure why, but he could sense a peculiar air of majesty from Chu Kuangren.

It was a feeling of majesty that a subject felt when facing their ruler!

Chu Kuangren looked at the black-winged man with a smile and placed his left hand on the Descendant Self Sword. "Are you going to attack too?"

"What about you? Will you attack?" the black-winged man asked him back.

Then, Chu Kuangren looked at Yu Yan, who was breaking through his enemies, and his eyes lit up because he had noticed something strange.

"Interesting. It seems like you guys have made some sort of deal with Yu Yan."

"I don't know what you're talking about."

The black-winged man frowned a little.

At the same time, he shuddered.

'We're the only ones who know about the deal with Yu Yan. How did Chu Kuangren find out? Can he peer into people's minds? No, it's impossible.'

"The Devil Tribe, huh? I don't mind playing with you guys for a while," Chu Kuangren said.

His figure then disappeared in a flash as he charged toward the black-winged man.

Since he was here, he could only appear convincing by taking action.

"Hmph. I shall see what the first on the Primordial Leaderboard has to offer."

The black-winged man was not to be outdone either.

He unleashed a palm attack, unleashing his domineering and powerful Devil energy.

Chu Kuangren pointed a sword hand sign forward.

His Primordial energy and Radiant Great Dao energy surged forth at once!

"Bam!"

The sword qi and palm seal clashed with the force of two planets.

The voice around them shattered.

The surrounding clouds were split apart.

Both of them were forced back a certain distance.

"He's close to the level of a Supreme Honorable."

Chu Kuangren could identify the black-winged man's cultivation level with just one look. Since his enemy was extremely close to the level of a Supreme Honorable, it would be normal to refer to him as a Pseudo Honorable too.

"Is he really a Primordial?"

The black-winged man looked surprised.

Somewhere nearby, Yu Yan turned his head and saw Chu Kuangren's battle with the black-winged man. A look of disbelief and shock filled his eyes.

"How did he improve so much in just a few years? How is this possible?" Yu Yan was taken aback.

Back then, Chu Kuangren had to rely on many techniques to fight against him.

However, Yu Yan believed Chu Kuangren could now kill him with a single palm attack.

Chu Kuangren's speed of improvement terrified him.

"No, I must quickly settle my deal with the Black Feather Archduke. Only by doing so will I become strong enough to fight Chu Kuangren!"

Back then, he made a deal with the Black Feather Archduke purely out of his intention to become stronger and seek shelter.

However, he had gained a sense of urgency that his life was being threatened now.

He knew Chu Kuangren would never let him go easily.

Hence, he must become stronger as soon as possible.

High in the sky, Chu Kuangren's battle with the black-winged man continued. Previously, when he faced off against Ming Fei, he did not use his full strength or killer techniques because it was just a sparring match.

However, now that he was facing the black-winged man, Chu Kuangren had no reason to consider any of that.

"Great Judgment of Light!"

Chu Kuangren unleashed his ultimate technique.

A gigantic ball of light akin to a scorching sun was blasted forward.

It was almost on par with the level of what the Radiant Left Sky King unleashed earlier.

"Radiant Divine Arrow."

Chu Kuangren channeled his Radiant Great Dao and turned it into a bow and arrow.

When he released his arrow, it tore through the void.

The two ultimate techniques were charging toward the black-winged man, who raised his hand in an attempt to stop it.

"Boom!"

Unfortunately, he was immediately sent flying.

However, that was just the first wave of Chu Kuangren's attack. The second wave followed right after with even more powerful techniques, leaving his opponent no time to react.

"Pan Gu Avatar, Singular Genesis!"

The Pan Gu Avatar appeared behind Chu Kuangren's back.

Once the Genesis Axe formed, it crushed forward with the might to split the heavens apart.

A huge blast tore the void apart!

The black-winged man was sent flying again.

However, before he could return to his senses, Chu Kuangren's third wave of attack had arrived, and it shocked him to the core.

'Can a Primordial unleash such powerful killer techniques in quick succession without having to replenish his energy? This is simply terrifying.'

The black-winged man was also annoyed at that constant barrage of attacks.

His gaze turned cold.

"Daybreaking Black Wing Slash!"

His black wings trembled, unleashing black razor-sharp rays of light shot out across the sky.

The attack shrouded the sun and the sky!

"Radiant Three Thousand Worlds!"

Seeing that, Chu Kuangren raised his hand to fuse his Radiant Great Dao and Primordial Dao to form three thousand types of Dao. From there, a powerful torrent of Radiant energy erupted.

The Radiant energy illuminated the entire surrounding terrain, tearing apart the endless darkness.

The two surges of energy collided and exploded at the center of Black Water City.

The whole city was sliced in half!

Countless cultivators were swept away by the shockwaves of that attack.

None of them survived.

"I have another sword technique. If you can survive this, it'll be proof of your strength."

Chu Kuangren made a sword hand sign.

An inexplicable razor-sharp aura spread from him. In an instant, his aura alone had left countless sword marks in the void around him!

Before the sword technique was unleashed, the surroundings were already starting to quake!

The black-winged man's eyes widened in fear, and unbeknownst to him, cold sweat started breaking out on his forehead.

He was aware that the upcoming sword attack would threaten his life!

Unparalleled After Ten Consecutive Draws

Chapter 2145: No More Darkness Tribe? The Doomsday Darkness, The Dark Demonic Ruler's Past

Above the Black Water City, an endlessly razor-sharp surge of sword qi was rising.

Before the sword attack was unleashed, its aura had created countless holes and cuts in the surrounding void!

As the aura grew sharper, the sword marks in the void increased. Chu Kuangren, as the course of the sword qi, had seemingly become the most powerful and sharpest divine sword in the world!

Even the Radiant Left Sky King could feel his scalp turn numb when he saw it.

"What kind of sword attack is he going to unleash?" the Radiant Left Sky King mumbled.

The black-winged man, who was the target of Chu Kuangren's attack, looked at Chu Kuangren with a serious and grim gaze.

He understood that for the upcoming sword attack...

If he could not block it, he would certainly die!

Seeing that most of the Darkness Tribe cultivators had broken through with the help of the Devil Tribe's forces by then, the black-winged man immediately dashed into the distance.

He was not brave enough to take on Chu Kuangren's sword attack!

Chu Kuangren, on the other hand, retracted his aura when he saw the man leave.

That frightening razor-sharp intent also gradually disappeared.

"What kind of sword attack is that..." the Radiant Left Sky King could not help but mumbled.

He was very curious.

He even had an urge to go and receive that sword attack himself.

However, he suddenly snapped out of it. Beads of cold sweat were trickling down his forehead.

That thought was too dangerous.

"Chu Kuangren, what level of strength are you at now?" The Radiant Left Sky King looked at Chu Kuangren with deep fear in his eyes.

After that, he ordered everyone to search for any remaining Darkness Tribe cultivators in Black Water City.

However, due to the Devil Tribe's interference, they did not find many of them.

"Damn it, they've escaped again!"

The Radiant Left Sky King was pissed off.

This time, he had led most of the Radiant Church's forces out on an attack, yet he still failed to wipe out the Darkness Tribe.

It was all because of the Devil Tribe interfering in the battle.

"We must report the news about the Devil Tribe interfering with us to Her Holiness as soon as possible," the Radiant Left Sky King said.

"I'll go to the Goddess and tell her about this myself," Chu Kuangren said.

Following that, he and Lan Yu then left the scene of the battle.

'The Devil Tribe, huh? Interesting.'

Seeing Chu Kuangren leave, many of the Radiant Church's cultivators immediately bowed and wished him farewell. "Safe travels, Child of Light."

They worshipped Chu Kuangren a lot.

If it were not for him, they would be in a very dangerous situation facing both the Devil Tribe and Darkness Tribe, even with the Radiant Left Sky King present.

The Radiant Left Sky King looked at the cultivators wishing Chu Kuangren, and a dark gleam of light flashed in his eyes.

'It looks like Chu Kuangren's prestige is rising in the Radiant Church.'

...

In the Holy Radiant Church, Chu Kuangren came to the Radiant Goddess and reported to her about the Devil Tribe.

The Radiant Goddess pondered. "The Devil Tribe... From what I know, ever since their King disappeared, they have been inactive for a very long time. Why did they interfere in our battle against the Darkness Tribe?"

"Is the Radiant Church or the Devil Tribe stronger?" Chu Kuangren asked out of curiosity.

"It is hard to fathom the Devil Tribe's strength and influence since we haven't confronted them in battle before. However, the strength of a force often relies on whether they have a Monarch presiding over them. Although the Devil King has disappeared, we can't say for sure whether they have another Monarch present among them," the Radiant Goddess explained.

In other words, since they had not fought before, she had no idea either.

"Lil Ai, I need you to find a way to get intel about the Devil Tribe."

Lil Ai informed Lil Ai. If anyone knew the Devil Tribe the most, it would surely be the Devil King sealed inside his body.

"Master, do you seek to go to the Devil Tribe and wreak chaos?"

"Something along those lines."

The Radiant Goddess did now know about the Devil King sealed inside Chu Kuangren's body, so she said, "With regards to the Devil Tribe, I'll go and talk things through with them."

After that, she turned around and left, most likely to look for the Black Feather Archduke.

"Right Sky King, please hold on for a moment."

Suddenly, Chu Kuangren called out to Ming Fei.

"What's up?"

"Lan Yu has told me about how the both of you met. Thank you very much for saving her. Also, I apologize for doubting your intentions previously."

Chu Kuangren did not beat around the bush and immediately apologized.

Truth be told, there was no conflict between them back then.

Even if Chu Kuangren had not apologized, it would be fine.

However, he did it anyway.

Ming Fei looked at him with surprise and replied indifferently, "If that's what this is about, your apology isn't needed. I didn't take it to heart."

Then, she casually caught up to the Radiant Goddess and left with her.

"He apologized. That's quite noble of him to do so."

"Yeah." Ming Fei nodded gently. Although she did not say anything more, her impression of Chu Kuangren had improved significantly.

Not long after, the Radiant Goddess returned from her discussion with the Black Feather Archduke.

Hence, a few of them gathered to discuss the matter.

"The Black Feather Archduke said that from this day onward, the Darkness Tribe shall cease to exist," the Radiant Goddess said.

Chu Kuangren was surprised. "What did he do?"

"Well, he didn't elaborate on that."

"So, are we just going to let this matter slide?"

"With the Dark Demonic Ruler absent, the remaining Darkness Tribe cultivators are nothing but a bunch of mobs. There's no need for us to damage relations with the Devil Tribe because of them. After all, our final goal is not the Darkness Tribe."

"Is our final goal the Dark Demonic Ruler?"

"It's the Doomsday Darkness!" the Radiant Goddess replied.

Chu Kuangren thought about it for a moment. "I remember you saying that the Dark Demonic Ruler fell to darkness because he was researching the Doomsday Darkness. However, I refuse to believe that purely researching will turn him into the Dark Demonic Ruler. So what's the specific reason?"

The Radiant Goddess pondered a while. "Follow me."

She brought Chu Kuangren to the depths of the Holy Radiant Church, where there was a teleportation formation. The two of them stepped into it and disappeared from the spot.

The view before Chu Kuangren's eyes changed.

He had arrived on another planet.

That planet was enshrouded in endless white light. Amidst the white light, many cultivators were hovering in the air in formation, radiating endless Radiant aura from their bodies. There were also countless runes surrounding them that formed a gigantic cube.

Meanwhile, inside the white cube of light was a mass of extremely dense and black substance that emanated a frightening Darkness intent.

The giant white cube was the size of a planet, while the black substance was only the size of a small hill. The difference in size between the two was astronomical, but strangely, Chu Kuangren could sense both of them countering each other on equal footing.

"Is that the Doomsday Darkness?"

Chu Kuangren looked at the black substance and asked curiously.

He could feel that the Doomsday Darkness energy inside him was already acting strangely, seemingly about to escape from him.

"That's right. This is the Doomsday Darkness. However, this is only an incomplete portion of it, approximately one-tenth of its total size. But to seal this one-tenth of the Doomsday Darkness, I need to dispatch more than half of the Radiant Tribe's elites to seal it here," the Radiant Goddess elaborated.

Chu Kuangren was stunned.

That sealing power was powerful enough to seal away a Monarch.

He could not believe it was suppressing only one-tenth of the Doomsday Darkness.

"Researching the Doomsday Darkness wasn't the only thing the Dark Demonic Ruler did. He even took out a portion of the Doomsday Darkness's power from here. Eventually, it corroded him, and he turned into the Dark Demonic Ruler you know today," the Radiant Goddess continued explaining.

Chapter 2146: Resistance Toward The Doomsday Darkness, Third Devil Duke, Enter The Devil Territory

At the mention of the Dark Demonic Ruler, the Radiant Goddess looked conflicted.

The Dark Demonic Ruler was her brother, yet due to different ideals, they walked different paths and became each other's enemies.

It had always been a regret to her.

Chu Kuangren understood her thoughts with just one glance, but he did not comfort her.

With her personality, he did not need to console her.

Suddenly, he sensed a strong reaction from the Doomsday Darkness that he sealed inside his body as if it was resonating with the one outside. If that reaction continued, the Darkness energy he hid in his body would be exposed.

He had to leave immediately.

Right before he could ask to leave, the Doomsday Darkness that he sealed away suddenly released a powerful Darkness energy fluctuation, attempting to break free from the Radiant Seal.

The Radiant cultivators were shocked.

"What's going on?"

"Why is the Doomsday Darkness acting like this?"

"Damn it!"

Everyone channeled their Radiant Dao to suppress the reaction.

Meanwhile, Chu Kuangren's heart pounded fiercely.

Was it because of him?

Meanwhile, Chu Kuangren's heart pounded fiercely.

Was it because of him?

However, the Doomsday Darkness in him reacted stronger by the second.

Then, a burst of boundless Radiant energy erupted from it. It was so strong that even he was surprised.

It came from the Radiant Seed.

"This is..."

Everyone looked at Chu Kuangren with surprise.

Endless Radiant energy erupted from Chu Kuangren as if he had become the only source of light in the entire universe.

The light shone through the Radiant Seal.

When the light touched the restless Darkness energy, the Darkness energy calmed down and returned to a dormant state.

The scene left everyone astonished.

That was the Doomsday Darkness, after all. A portion of its power could create another Dark Demonic Ruler, yet Chu Kuangren's Radiant energy managed to calm it down instantly.

It felt like the Doomsday Darkness was afraid of Chu Kuangren.

All the cultivators' jaws dropped.

"My goodness. Who is he? How did he control the Doomsday Darkness? It's unbelievable!"

"With such pure and strong Radiant energy, could he be..."

One of them looked at the Radiant Goddess, hoping for an answer.

The Radiant Goddess nodded and then looked at Chu Kuangren with a hint of zeal. "Yes, he's the Child of Light!"

Even though she had confirmed that Chu Kuangren was the Child of Light a long time ago, she was unsure if he could counter the Doomsday Darkness.

Now that she had seen it with her own eyes, she believed Chu Kuangren was the bane of the Doomsday Darkness.

The power of the Doomsday Darkness was afraid of him!

If Chu Kuangren could continue to grow stronger, in time, he could even face the Doomsday Darkness in its prime and win.

The Radiant Goddess was certain of it.

The Radiant Tribe cultivators were surprised as well.

"The Child of Light is real!"

"Great! With the Child of Light here, we can counter the Doomsday Darkness more effectively in the future!"

"The Radiant Tribe lives! The Radiant Tribe lives!"

The cultivators of the Radiant Tribe were thrilled.

Chu Kuangren, on the other hand, checked his body after the enlightening scene.

The power of the Doomsday Darkness had gone dormant after the Radiant Seed suppressed it.

The Radiant Seed continued to move around his body at its own pace, and Chu Kuangren still could not control it.

He knew he could control the Radiant Dao energy because of the mysterious power of the Radiant Seed, and the seed still had many undiscovered potential.

Judging from how effectively the Radiant Seed suppressed the Doomsday Darkness, if he could master the seed, he might be able to defeat the Doomsday Darkness.

However, he did not fully rely on the Radiant Seed.

After all, it was unwise to put all eggs in the same basket.

He must also continue his cultivation.

After witnessing the Doomsday Darkness, the Radiant Goddess brought Chu Kuangren back to the Holy Radiant Church, but he did not linger for long.

He had to go to the Devil Tribe.

This time, he decided to travel alone.

Lan Yu was not strong enough, so she stayed back and continued her cultivation.

...

"Master, I have compiled some information regarding the devils. Do you want to receive them now?" Lil Ai asked.

"Receive."

Information regarding the devils appeared in his mind.

Chu Kuangren was intrigued.

Like humans, devils had ranks and categories as well.

The one on the top of the hierarchy would be the Devil King.

Under the Devil King were the three archdukes — Black Feather Archduke, Succubus Archduke, and War Horror Archduke.

Each of them was as strong as a Monarch.

Originally, the archdukes served the Devil King, and with his absolute power, the Devil King had absolute control over all the other devils.

However, after the Devil King went missing, the three archdukes divided the territory.

The massive Devil Territory was divided into three.

Chu Kuangren originally wanted to visit the Black Feather Archduke's territory and find out what he did to the Darkness Tribe. However, when he set foot on the land, he sensed a familiar presence that changed his mind.

He followed the familiar energy presence and arrived before a black city.

The city's name was War Horror Capital!

It was the home of one of the three archdukes, War Horror Archdukes.

"This energy presence should be Heavenly Shadow, but it disappeared when I arrived. Is he hiding?"

The city was filled with the Devil Tribe and the place reeked of the devil's presence.

Locating a specific devil in this city would be searching for a needle in a haystack.

"A human?"

"I can't believe a human has ventured into the Devil Territory."

Chu Kuangren's arrival attracted much attention. He stood out for being the only human in a city of devils.

A devil with horns went up to Chu Kuangren and asked, "Human, what are you doing here in the Devil Territory?"

Chu Kuangren said, "Sightseeing."

"Sightseeing? What a joke. The Great Hongmeng Universe is huge, and you decided to come here? Do you think I'll believe you?"

"It's up to you."

"I don't believe you. I hate humans, and I'm going to throw you out!"

The devil grinned and tried to grab Chu Kuangren.

He was a Primordial, an existence that was considered an elite in any part of the Infiniverse.

In some universes, he could even be considered an Overlord existence.

No wonder the devil was confident and arrogant.

Unfortunately, he was out of luck.

He grabbed Chu Kuangren's shoulder and channeled his Primordial energy.

He tried to throw Chu Kuangren out of the city but realized he could not move the body.

As though he was moving a mountain connected to the land, no matter how strong he pushed, he could not move Chu Kuangren.

Then, Chu Kuangren released a vast blast of Primordial energy, sending the devil flying away.

He crashed onto the wall like a pile of lifeless meat.

Chu Kuangren released his energy without holding back. Since he could not locate Heavenly Shadow, he shall make Heavenly Shadow come to him.

Chapter 2147: Defeat Mo Liu With One Technique, Kneel, Welcome Back, My King

In War Horror City, Chu Kuangren released his Primordial energy without holding back, and it swept across the city. He was not afraid of being surrounded. Other than his absolute confidence in his strength, he had some life-saving trump cards that could ensure his safety in the Devil Territory. It could even protect him from the archduke. The impact of the Primordial energy attracted much attention.

"Is he out of his mind? How dare he do something like this in the Devil Territory? This city is the War Horror Archduke's land!"

"Yeah! War Horror Archduke will never let him go!"

"He's dead meat!"

Chu Kuangren's Primordial energy may be powerful, but he was still a Primordial. The devils believed he was no match for the archduke.

Once the archduke arrived, he would be dead.

...

"Such a strong Primordial energy. He's from the Primordial Leaderboard!"

A man cultivating inside a secret room in the city opened his eyes. He looked eagerly in the direction of Chu Kuangren.

His name was Mo Liu, and he was the ninth place on the Primordial Leaderboard.

His figure flashed and disappeared from the secret room.

Meanwhile, a man in black robes sensed the Primordial energy and looked in the same direction as well. He said, "This presence... Master?"

It was Heavenly Shadow whom Chu Kuangren had been looking for.

After recognizing Chu Kuangren's aura, he immediately went searching. On a certain main avenue of the city, Chu Kuangren stood in the center. He stood still like a mountain while surrounded by the devil soldiers.

The devil soldiers looked strange.

Some had black wings, some had horns, and some had sharp tails; some were decent-looking, while some were hideous.

All the devils showed nothing but hostility and killing intentions at Chu Kuangren.

"Human, you must be courting death for coming down here!"

"Yeah. You're going to die!"

The devils glared at Chu Kuangren. Then, without any hesitation, they attacked.

Devil energy erupted as the devil soldiers attacked with all kinds of Immortal Techniques.

It was as though a black tidal wave appeared and crashed down at Chu Kuangren from all directions.

However, he remained still as a monolith as he continued to release his Primordial energy;

"Bang!"

All the attacks were easily stopped by his Primordial energy.

"What?"

"What kind of Primordial energy is that?!"

The devils were surprised.

Then, a black stream of light arrived above Chu Kuangren. Domineering Primordial energy erupted and shrouded Chu Kuangren from all directions.

"So, you're Chu Kuangren?"

It was Mo Liu, the ninth place on the Primordial Leaderboard.

He knew Chu Kuangren.

"Chu Kuangren? The first place in the leaderboard? That's him?"

"No wonder his Primordial energy is so strong!"

"I don't think Young Master Mo Liu can gain any advantage against him."

Mo Liu was the son of the War Horror Archduke. He ranked ninth, but Chu Kuangren ranked first, so the devils were rather concerned about the difference in strength.

However, Mo Liu seemed blinded by his eagerness to challenge Chu Kuangren.

"Come on, show me how much of a difference there is between me and you." Then, Mo Liu used his strongest attack as a start.

Vast Devil energy erupted, shaking the city as it turned into a waterfall that attempted to drown Chu Kuangren.

Even the void was crushed by its mighty energy.

The attack rivaled that of a Grand Dao Supreme God!

However, Chu Kuangren remained calm. He raised his hand and swiped it in the air. The terrifying Devil energy was crushed in an instant.

Mo Liu was blasted away by the repulsion.

It was not even considered one move.

All it took was for Chu Kuangren to raise his hand to defeat Mo Liu.

The difference in strength shocked the surrounding devils. Mo Liu could not believe it either.

He stared at Chu Kuangren and shouted, "How could you be so strong?"

"That's why I'm ranked first and you're ranked ninth," Chu Kuangren said.

The other devils regained their composure and stared at Chu Kuangren cautiously. "Protect the young master!"

"Even if he's the first place, he's still a Primordial. He's going to pay for causing trouble in War Horror City!"

The devils planned to attack him, but then a violet light shone in Chu Kuangren's left eye.

An extremely terrifying Devil energy erupted from him.

As soon as the energy erupted, the devils suddenly had the urge to kneel and worship him. They were shaken.

"What's going on? What's with this Devil energy?"

"How..."

They all stared at Chu Kuangren in disbelief.

Chu Kuangren's left eye shone in violet light, looking ominous and scary.

"Kneel."

He spoke softly, but it sounded like a king ordering his subjects to kneel. The devils uncontrollably fell to their knees.

It was the suppression of the bloodline, the deterrence from the soul!

It was the oppression from someone superior!

"This is... the King's presence!" The devils were in awe.

Somewhere else within the city, an earth-shattering Devil energy erupted as a black-haired middle-aged man came from the sky.

He was surrounded by violent Devil energy as if he came riding a tidal wave.

The terrifying aura was one of a kind, and it was a first even for Chu Kuangren.

Other than a Monarch, not even someone as powerful as Ming Fei could rival such aura.

Chu Kuangren narrowed his eyes.

"A Pseudo-Monarch?" In the War Horror Capital, the identity of the man was obvious since he possessed such strength. He was the War Horror Archduke.

The War Horror Archduke arrived before Chu Kuangren and stared at his left eye glimmering in violet light. While countless devils watched, he knelt on one knee and said respectfully, "Welcome back, my King!"

His words shocked everyone at the scene.

"The King? The King is back?"

"He's the King?"

"Welcome back, my King!"

All the other devils knelt and worshiped Chu Kuangren.

He was no longer a human but a supreme Devil King who ruled over all devils.

Chu Kuangren was rather surprised when the archduke knelt before him. He had used the Devil's Pupil as an experiment because he wanted to see if he could suppress the devils.

However, he did not expect the archduke himself to kneel before him.

Did it mean that the archduke recognized him as the Devil King? Had he become the vessel for the Devil King?

Chu Kuangren was skeptical.

"On your feet," Chu Kuangren said.

After he kept the Devil's Pupil away, he did not explain a word and decided to play along.

"My King, we have prepared a vessel for you. Soon, the Tri-Archduke Banquet will be held for you to return," War Horror Archduke said.

'Tri-Archduke Banquet?'

'The return of the Devil King?'

Chu Kuangren was intrigued, but due to the lack of information, he had to rely on Lil Ai to dig for more information from the Devil King sealed inside him.

Unparalleled After Ten Consecutive Draws

Chapter 2148: Soul Barrier, The Devil King's Advice, Seeing Heavenly Shadow Again

War Horror Archduke treated Chu Kuangren as the vessel of the Devil King. Hence, Chu Kuangren was invited to the archduke's residence and was treated like a VIP. However, the more hospitality he received, the more suspicious he got. The Devil Tribe worshiped the strong, and it was much more obvious than in other places.

Along the way to the archduke's residence, many fights broke out between the devils. Some were beaten to death as well, but no one stopped them. It was all because the winner was the stronger one. Chu Kuangren was a lot weaker than the War Horror Archduke, yet the man treated him with respect and hospitality as if he were a loyal subject.

It raised suspicion in Chu Kuangren.

"Interesting."

Chu Kuangren stayed at the archduke's residence for a few days.

On that particular day, Chu Kuangren was channeling his Devil's Pupil energy.

In order to use the power of the Devil's Pupil, he has to resist the corruption of the wicked thoughts.

Chu Kuangren was training himself with that method in hopes of increasing his resistance toward the Devil's Pupil. Then, it would be easier for him to master it in the future.

A while later, he opened his eyes.

He opened the Fantasy Roulette and did a gacha draw.

"Congratulations, Host! You've won a Transcendent-tier prize, the Soul Barrier."

'Soul Barrier?'

Chu Kuangren looked at it for a while before his eyes glimmered with interest.

It was a Hongmeng-level technique.

The technique would allow its user to form a barrier around the soul for protection. One layer of barrier was nothing stellar in terms of defense, but that particular technique allowed the user to create and overlap multiple layers of barriers.

Theoretically, as long as Chu Kuangren could increase his mastery of the soul energy and be more precise, he could add infinite layers of barrier around his soul.

"This technique is interesting."

He was happy with the prize.

That would be his second Hongmeng-level technique.

The first one would be the Heaven-Slaying Sword Drawing Technique that he mastered a while back.

As a matter of fact, with his current power, only Hongmeng-level techniques could provide him with an obvious increment of strength.

Common Grand Dao-level techniques could only help him in battle but not in reaching the transcendent level.

With a thought, he contacted Lil Ai and shared with her the Soul Barrier technique. He wanted Lil Ai to help him to form the Soul Barrier.

In terms of mastery of the soul, Lil Ai was much better.

The best proof was that she single-handedly sealed the Devil King.

Then, Chu Kuangren's consciousness entered his mind realm and started to build his Soul Barrier.

At the same time, he saw the sealed Devil King.

Even though she was sealed away, she looked casual and relaxed behind the restriction seals.

When she saw Chu Kuangren, she chuckled and teased him, "Hey, boy! Long time no see. How are you?"

Chu Kuangren ignored her and started to build his Soul Barrier with Lil Ai.

As layer after layer of Soul Barrier that was as thin as paper was built around Chu Kuangren's mind realm, he felt a strong sense of security. "Is this your precaution for your soul?"

The Devil King knew what Chu Kuangren was doing at first glance. She scoffed and said, "You really do know a lot of things. Let me guess, you're within the Devil Territory right now, am I right?"

"What if I am?"

"Don't tell me they treated you as my vessel."

"They did."

"Huh? Well, if it's the common devils, they might; but if it's the archdukes, those three have been serving me for a long time. They're not that stupid and easy to fool. God knows what they're planning. You should be careful."

Chu Kuangren's eyes widened with realization. "You're the Devil King. If the archdukes saw through me and know I'm not your vessel, they can kill me, take the Devil's Pupil, and release you."

"First of all, you're interesting, and I don't want you to die so fast. Second, this is my current state, and I can't overpower the three archdukes now. If they find out where I am, I might just need to switch cells."

The Devil King knew her subordinates well.

When she was in her prime, she could easily overpower them, commanding them like the most loyal dogs.

Now, she should be grateful that they did not erase her from existence.

"I guess it's right to call you and your men devils," Chu Kuangren said.

Then, he left the mind realm. In a room somewhere in the archduke's residence, War Horror Archduke was talking to someone else.

"Chu Kuangren is at my place, and he does indeed have the power of the Devil King. I just don't know how he used it."

"Is he the King's vessel?"

"No. I would've noticed it if he was."

"Just let him be and bring him over during the Tri-Archduke Banquet. You and I have planned this for so long, and we're one step shy from succeeding. Even if Chu Kuangren has the power of the King, he won't be able to do anything to change the plan." "Alright..."

After that, the War Horror Archduke packed and headed out to meet Chu Kuangren.

He still had to serve the nominal Devil King for now.

In another dark room, an elderly with black wings opened his eyes.

"I have prepared for the Tri-Archduke Banquet for so long. With War Horror Archduke and Succubus Archduke as my pawns, I will be able to control the entire Darkness Tribe. The Devil King's power will be mine!" He was one of the archdukes — Black Feather Archduke.

He was also the friend that Yu Yan mentioned.

Then, a figure appeared behind the archduke.

"Archduke, Yu Yan has completed the Devil Baptism."

"Oh? How did it go?"

"He's strong. The Devil energy and the Darkness energy fused into something amazing. Even I might not be his match anymore."

"That makes him valuable," the Black Feather Archduke said.

He was more confident in his plan than ever. ...

After Chu Kuangren left the archduke's residence, two young and beautiful succubus followed him.

War Horror Archduke had sent them to serve him, or in other words, watch him.

"My King."

"My King, you're finally back."

"Great. Now that you're back, the Devil Tribe regains its support. The archdukes don't need to fight anymore."

The devils surrounded him when he came out.

It seemed like the Devil King had a reputation among the common devils.

Chu Kuangren headed to an inn.

Suddenly, he noticed something and looked into the void.

He then said to the succubus, "You two can leave. I want to drink alone."

"Uh... The Archduke has told us to serve you, my King."

"What now? My orders aren't as important as his?" Chu Kuangren's left eye glowed in violet and released a powerful aura.

Frightened, the succubuses shook their heads immediately and said, "We will leave at once."

After they left, Chu Kuangren set multiple restriction seals around the inn.

"It's alright now. Come out."

A figure in a black mantle came out from the void.

When the figure removed his mantle, a familiar face appeared.

It was Heavenly Shadow.

"Master."

[Unparalleled After Ten Consecutive Draws](#)

Chapter 2149: Heavenly Shadow's Talk, Tri-Archduke Banquet Begins, Heading To Black Feather Capital

After reuniting with Heavenly Shadow, Chu Kuangren sensed that the Heavenly Shadow's cultivation level had reached the Grand Dao Realm.

That explained why his name was not on the Primordial Leaderboard.

"Have a seat."

Heavenly Shadow sat opposite Chu Kuangren.

"You hid your presence because you're afraid that the War Horror Archduke will notice you? Why? Tell me what's going on," Chu Kuangren asked.

"Master, the War Horror Archduke is going to harm you," Heavenly Shadow said with a serious look.

"Why?"

"May the Devil ask, have you gotten a part of the Devil King's power?" Heavenly Shadow asked after glancing at Chu Kuangren's eyes.

"Yeah. Are you not afraid that I'm the Devil King's vessel?"

"Devil can sense that Master is still Master," Heavenly Shadow said with a smile.

He had followed Chu Kuangren for a while now, so he knew Chu Kuangren's capabilities. It was impossible that he would succumb and be a vessel for the Devil King.

Besides, as a follower that Chu Kuangren got from the Fantasy Roulette, Heavenly Shadow shared a link with him, and it remained until now.

It was proof that Chu Kuangren was still himself.

"Hehe. Go on."

"Legend has it that in the past, when the Devil King broke through to the Overlord Realm, something went wrong, and her body was separated, scattering to different places. The three archdukes have been searching for the Devil King's body parts for many years.

"They want to piece the body together and bring her back. However, the War Horror Archduke has an alternate motive. He has used some kind of technique to seal off the Devil King's consciousness in her respective body parts. So, when they piece the body together, he can steal the power.

"Master, now that you have a part of the Devil King's power, Devil believes that the War Horror Archduke is trying to play along and find a chance to hurt you..." Heavenly Shadow explained with a solemn look.

Chu Kuangren remained calm after hearing Heavenly Shadow. He was not overly concerned. He said, "How did you get to know all these?"

"Master, here..."

Heavenly Shadow revealed a black longsword. The sword glowed in violet and emanated an ominous presence.

When the sword was revealed, Chu Kuangren's left eye felt hot. The Devil's Pupil was reacting to the sword's energy.

"This is the Devil Edge, the weapon that the Devil King used back in the day. It can absorb Devil energy to power itself up. The War Horror Archduke got it, but he didn't know that a blade spirit was hidden in the sword. The blade spirit was actually the Devil King's most loyal subordinate in the past. She knew what the War Horror Archduke did and tried everything to escape..."

After the Devil Edge escaped, it was hunted by the archduke.

It was later that the Heavenly Shadow acquired the Devil Edge by accident and learned the truth.

Besides, Heavenly Shadow had the purest blood of the Devil, so he could use a portion of the Devil Edge's power, which made him a target for the War Horror Archduke.

It was the reason why Heavenly Shadow had been hiding.

"I see."

Chu Kuangren held the Devil Edge and stroked its blade.

The blade vibrated and resonated with the Devil King's power in his body.

Absorb Devil energy to power up?

Chu Kuangren's eyes narrowed, and he pondered.

"Heavenly Shadow, stay low and stay beside me. As for the archduke, we'll play their game," Chu Kuangren said with a grin.

Then, he returned to the archduke's residence.

A while later, the War Horror Archduke visited.

"King, we have collected all your body parts, and I have contacted Black Feather Archduke and Succubus Archduke to organize the Tri-Archduke Banquet. It will be held in Black Feather Capital," said the Archduke respectfully.

Black Feather Capital was Black Feather Archduke's home base.

Chu Kuangren's eyes glimmered.

The Tri-Archduke Banquet...

In other words, it was time to steal the Devil King's power.

Chu Kuangren smiled. "What are we waiting for? Let's go."

"Yes, my King."

The War Horror Archduke secretly grinned.

First place on the Primordial Leaderboard?

What a joke. Chu Kuangren was nothing but a punk.

He pretended to be the Devil King and tried to steal the power for himself, yet he had no idea he was stepping into Black Feather Archduke's trap.

Whatever. His days were limited, so why not play along and see it to the end?

If not for Chu Kuangren's identity as the Child of Light, War Horror Archduke would have taken the easier path and wiped him out.

Chu Kuangren and the War Horror Archduke headed to the Black Feather Capital.

The so-called Tri-Archduke Banquet was actually a meeting over a meal, attended by all three archdukes to discuss the future and the development of the Devil Tribe.

However, the Tri-Archduke Banquet in recent years revolved around the Devil King's body, and it was no different this time.

If everything progressed smoothly, this would be the last banquet.

On the way to the Black Feather Capital, Chu Kuangren continued his cultivation while leaving traces behind for Heavenly Shadow to follow.

...

"Congratulations, Host! You've won the Transcendent-tier prize, Honorable Heart!"

Before arriving at Black Feather Capital, Chu Kuangren got another Transcendent-tier prize, which was surprising.

He had only gotten the Soul Barrier recently, and now he received another one.

"It seems like I'm getting luckier," he muttered.

He looked at the Honorable Heart's introduction.

In simple words, it was the inheritance of a Grand Dao Supreme Honorable.

Once he completely refined the Honorable Heart, he would be able to ascend directly to the Grand Dao Supreme Honorable Realm. However, he had no plans of doing that.

The Dao contained in the Honorable Heart did not match his own, and he had his own Dao to cultivate.

Cultivating the Honorable Heart would be equal to giving up his current Dao.

However, the Honorable Heart was somewhat useful as well.

Other than refining it, it could be used as a supplement to boost his strength rapidly within a short time.

It was a complete waste of its potential because it would mean giving up the chance of becoming a Grand Dao Supreme Honorable.

However, to Chu Kuangren, using it to boost his own strength without compromising his own Dao would be the better choice.

Time flew.

Chu Kuangren and the War Horror Archduke took multiple transportation devices from the War Horror Capital to the Black Feather Capital. They even took ships and different methods of transportation in the process.

The two capitals were extremely far from each other. It took them a year to reach the destination.

It also proved how large the Devil Territory was.

No one could guarantee that the three archdukes were the strongest devils in that spacious and wide land.

It was also one of the reasons why the Radiant Goddess feared the Devil Tribe.

Inside Black Feather Capital, Black Feather Archduke and his men were waiting for the arrival of the two other archdukes.

Other than that, the Darkness Tribe led by Yu Yan was also there.

However, other than Yu Yan, everyone in the tribe looked dull and lifeless, as if they were puppets.

Yu Yan had undergone a drastic change as well. Other than the Darkness energy he wielded, he had a pair of black wings on his back.

He looked exactly like a devil now.

He already possessed the Darkness energy, and after combining it with the Devil energy, his power surged.

He stood before the Darkness Tribe, proud and strong.

"Even if I'm not as strong as the Dark Demonic Ruler, I have control of the entire Darkness Tribe. In terms of authority, I'm as good as him," Yu Yan muttered to himself, seemingly happy with the outcome.

Unparalleled After Ten Consecutive Draws

Chapter 2150: Succubus Archduke, Three Archdukes Arrives, Yu Yan Kneels

Black Feather Archduke and his men were waiting for Chu Kuangren's arrival.

Suddenly, black flower petals appeared from the void, scattering across the air as it emanated a unique aroma.

A figure emerged from the flower petals further away.

The figure looked voluptuous, beautiful, and attractive. Each move she made was seductive and alluring.

Many devils were aroused when they saw the person. Some even started breathing heavily.

"Hmph!"

The Black Feather Archduke grunted coldly.

A frosty aura erupted, pulling the devils back to reality. The devils looked down out of guilt and dared not lay an eye on the alluring figure anymore.

Even Yu Yan could barely hold himself together. He, too, was almost enchanted by the woman's charms.

"Succubus Archduke, it has been so many years, and you're still so slutty," the Black Feather Archduke said to the person.

The person was, in fact, the Succubus Archduke.

"Haha, Black Feather Archduke, it's been a long time. I see you're still holding up fine." The Succubus Archduke smiled at the Black Feather Archduke.

With a raised hand, she transformed the flower petals into a beautiful throne and sat down in the air, peering down at the others.

"Isn't the War Horror Archduke here yet?"

"I'm honored that you remember me."

Then, laughter came from further away.

A black warship arrived from the sky. On deck were the War Horror Archduke, Chu Kuangren, and a bunch of devil soldiers.

Yu Yan's eyes widened when he saw Chu Kuangren. "Why is he here? What's going on?"

The Black Feather Archduke glanced at him and said, "Calm down."

Yu Yan forced himself to calm down and decided to observe the situation first.

"Chu Kuangren..."

Black Feather Archduke looked at Chu Kuangren with a strange gaze.

"Let me introduce you. This is the King," War Horror Archduke said as he pointed at Chu Kuangren.

Chu Kuangren played along and showed off the wicked violet glow from his right eye. The Devil aura in him erupted immediately.

All the devils on the scene felt some sort of suppression in their soul and blood. They were frightened to the core.

"This is the King's power!"

"Is he the King's vessel?"

Succubus Archduke bolted up from her throne and knelt before Chu Kuangren. "My King."

The Black Feather Archduke narrowed his eyes. Instead of kneeling immediately, he simply cupped his fists with a smile.

"I'm glad you've returned, my King."

Yu Yan was stunned when he heard the Black Feather Archduke.

Chu Kuangren was the Devil King?

What a joke!

He had the Darkness Ruler Amulet, so it made him the representative of the Dark Demonic Ruler.

He was the Radiant Goddess' favorite because he was the Child of Light.

Now, with that strange energy, he was the Devil King.

How many identities did he have?

Yu Yan could not wrap his head around the situation.

When Chu Kuangren saw Yu Yan and the lifeless Darkness Tribe behind him, he said, " Yu Yan, I didn't expect you to betray the Darkness Tribe and join hands with the Devils."

"The Dark Demonic Ruler is missing. I have to find myself a stronger support. As for you, who exactly are you?"

Yu Yan looked at Chu Kuangren with a solemn look.

"Audacious! How dare you question the King!?"

The Succubus Archduke got up and glared at Yu Yan. Her charms were replaced by a frosty aura.

The aura of a Pseudo-Monarch frightened Yu Yan.

"Succubus Archduke, calm down."

The Black Feather Archduke intervened. He glanced at Yu Yan and said, "Yu Yan, you're now one of us, yet you question the King? Kneel and apologize!"

Yu Yan stared at Chu Kuangren, wondering. Then, he took another look at Succubus Archduke, who stared at him coldly, and at Black Feather Archduke, who kept signaling him to play along.

In the end, he surrendered and knelt before Chu Kuangren.

He was drowning in grievance when his knees hit the ground.

Chu Kuangren killed his son in the past, and now he had to kneel before the killer.

How did it end up like that?

Unfortunately, he was not strong enough to alter the circumstances, so he decided to compromise.

"Please forgive my insubordination."

"Hmph. On your feet," Chu Kuangren said.

"Black Feather, what's with this Darkness Tribe?"

"My King, he's a new recruit."

"Not bad."

"You flatter me, my King. My men are your men too," the Black Feather Archduke said with a smile.

Then, he continued, "My King, since you're here, let us help you regain your body and power."

He then tapped his hand on the ground.

The ground cracked, and a massive altar appeared from underground.

The altar was pitch-black but carved with countless runes.

"Alright. Archdukes, let's bring out the body parts we've collected and bring our King back."

The Black Feather Archduke waved his sleeves, and black light shone on the altar.

The light then transformed into multiple body parts.

In the meantime, the other two archdukes revealed the body parts they collected as well.

After a while, the head, hands, legs, heart, and all kinds of internal organs appeared on the altar. It looked like someone had been dismembered alive.

"My King, all that's left is for you to add your part onto your body, and you can come back," Black Feather Archduke said as he looked at Chu Kuangren.

Succubus Archduke and War Horror Archduke looked at him as well.

However, Chu Kuangren said calmly, "No rush. I'm not strong enough now. Why don't you three help me combine the body parts."

"Uh..."

War Horror Archduke and Black Feather Archduke exchanged a quick glance.

They both saw hesitation and reluctance in each other's eyes.

"If that's the case, very well," Black Feather Archduke said.

The three archdukes then joined hands and infused Devil energy into the black altar.

Chu Kuangren used the chance to size up the Darkness Tribe and used Lil Ai to scan them.

"Master, their souls are trapped, making them as dull as a puppet," Lil Ai said.

"Their souls are trapped? It seems like Black Feather Archduke has quite the technique."

Chu Kuangren thought of what Heavenly Shadow said earlier.

Maybe Black Feather Archduke was the mastermind behind the entire plan, not just the War Horror Archduke.

Chu Kuangren narrowed his eyes. "Is there any way to wake them up?"

"Yes, but we must use the Dark Ruler Amulet."

"Tell me how."

Chu Kuangren received the information from Lil Ai in his mind.

Meanwhile, the body parts of the Devil King were being pieced together one by one on the altar.

Soon, a perfect body was formed.

The woman on the altar had black wings and black robes and looked amazingly beautiful.

She had long black hair and looked even more alluring than the Succubus Archduke. Not only was she seductive, but she carried a sense of dignity as well.

She looked exactly like the Devil King that Chu Kuangren had sealed in his mind realm.

Although it was just her body, the Devil energy it released was a few thousand times stronger than the Devil's Pupil he possessed.

That would be the real Devil King.

Suddenly, the Devil energy on the Devil King's body grew restless. A terrifying Great Dao energy erupted and transformed into a ball of black light.

The light swirled along with the runes around it, looking magical.

"It's the Monarch Heart!"

The three archdukes failed to control their desires when they saw the heart.
