Chapter 231: The Longer and Longer Heart Technique (3)

“Don’t kill me, I’m the Seventh Prince’s man.” Zhang Wang stared at Xu Bai in fear and could only beg for mercy. He even brought up the Seventh Prince. “If you kill me, you will offend the Seventh Prince.”

He had thought that this sentence would at least make the other party hesitate, and he would be able to seize the time and think of a way to save his life.

However, what he did not expect was that the other party did not have any expression when he heard this. Instead, he said four words, causing him to feel incomparably hopeless. A chill instantly spread throughout his entire body.

“So what?”

These four simple words were accompanied by Xu Bai’s fist that was wrapped in black light.

“Boom!”

Booming sounds could be heard without end.

This punch was powerful and heavy. With Xu Bai’s fist as the center, everything within a hundred meters collapsed.

All the bones in Zhang Wang’s body were shattered, and cracks appeared on his skin. He was already lifeless.

Xu Bai shook his head and looked at the corpse in front of him. He slowly said, “In your next life, be a low-key person.”

The surrounding trees had already turned into debris. Xu Bai yawned and left after cleaning up the scene.

The place was quiet again. Other than the mess on the ground, there was no one else.

After returning to Yunlai Manor, he coincidentally met Yun Zihai.

[Is it the end of the quest?] Yun Zihai coughed and asked.

He had rested for a while, and his body was much better. It was not like before, when he coughed after saying a few words.

Xu Bai nodded. When he saw Yun Zihai's extremely weak appearance, he thought of something and frowned. "Your body feels like it's getting worse and worse after your strength has increased. I heard that your Qingyun Academy has a method to strengthen your body."

The so-called body-strengthening technique was naturally what Xu Bai had observed from the Spring Flower Brush.

In the end, this cultivation technique was combined with the kidney pounding technique to become the kidney strengthening technique.

This cultivation method was specially developed by the dean of the Qingyun Academy for scholars. It could be learned when one was at the sixth rank and could improve one's physical fitness.

Although it could only stop at Rank-6 at most, it should be useful for Yun Zihai's situation.

Hearing this, Yun Zihai smiled bitterly. "I know what Brother Xu is talking about. It should be a body-strengthening method. Unfortunately, I've learned it before, but it doesn't have any effect on me. I'm congenitally deficient and can't be supplemented later."

"Is there a lot of damage?" Xu Bai asked.

Yun Zihai shook his head and said, "There's not much damage. However, my body is getting worse and worse. Perhaps when I break through to Rank One, it will improve. This is what the dean told me. ""

At this point, he stopped talking about this topic, as if he did not want to talk about it anymore.

"Brother Xu, we haven't made any movements these few days, but the other party has calmed down. It seems that he wants to waste time with us." The clouds came from the sea.

Right now, the most important thing was to solve the Dark Tower's matter. He could put everything else aside for the time being.

"Why are you panicking? There's no need to panic." "Don't forget," Xu Bai said. "We can proceed as usual as if nothing had happened. You can also slowly manage the Yunlai Manor, but the other party can't. Perhaps they will have to take risks once they receive orders.""

The enemy was in the dark while we were in the light. This was a huge disadvantage for our side, but once the other side had a trace of an open line, the outcome could be reversed.

They only needed to guard their clues. They did not need to do anything else. They just needed to do their own things as usual and wait patiently.

Yun Zihai managed Yunlai Manor as usual, and Xu Bai just needed to check his progress bar. He didn't need to care about anything else.

The longer the other party dragged on, the more disadvantaged they would be.

Xu Bai couldn't wait for them to drag it out for a while. When he fully understood the mental cultivation method in his hand, the Nameless Saber Scripture, and the earthen jar, it would be much simpler.

Thinking of this, Xu Bai was actually most curious about the terrine. Some things were like opening a blind box. When you didn't know what was inside, the anticipation was the greatest.

For example, he knew that the Nameless Saber Scripture was nothing and that he only needed to continue with the liver. However, he did not know what the terrine was, so he was even more curious.

"If there's nothing else, I'll take my leave first. Don't think too much. Just operate as usual." Chu Yu and I are here anyway," Xu Bai said. "We'll be able to help if anything happens. Why are you so worried?"

"I understand." The clouds came from the sea.

In fact, he was also a free and easy person, but he thought too highly of Yunlai Mansion. This was the first place he had self-governance.

Even a carefree person would feel nervous when he was doing something extremely important in his heart. Yun Zihai was in such a situation.

After chatting for a while, the two of them went back to doing what they were supposed to do.

In the next few days, it was peaceful and there was no other news.

The Chen family was doing their own thing as usual. They did not do anything out of line, and there were no clues.

It was as if the other party was competing with them in patience.

In the process of chasing after the hunter and the prey, sometimes patience was a very important factor. Whoever had the best patience might be the key to defeating the enemy.

After hearing Xu Bai's words, Yun Zihai gradually relaxed.

On Xu Bai's side, it went on as usual every day.

He taught Chu Yu the morning lesson in the morning. When he had nothing to do, he would hold onto the Astral Wind Technique and work hard on the progress bar..

Chapter 232: The Longer Heart Technique (4)

It was like this every day and every night. Xu Bai's life became very regular.

And today, he finally welcomed the most important moment.

The progress bar of the Astral Wind Art was finally full!

Looking at the light blue smoke in front of him, Xu Bai took a sip of tea.

His efforts over the past few days were not in vain. He had finally finished this book and completed another mission.

After the light blue smoke appeared, it formed a line of words in front of him.

[You observe the Astral Wind Art and comprehend the Astral Wind Art.]

As the smoke appeared, the words gradually faded and entered Xu Bai's mind before disappearing.

A large amount of information poured in, but it was still not over yet.

When the words disappeared, new words appeared.

[Fusion option found. Fusion in progress.]

[Reverse Purple Cloud Chaotic Yin Yang Astral Wind Art + Reverse Purple Cloud Chaotic Yin Yang Astral Wind Art.]]

[Fusion successful.]

This time, after the words appeared, they truly disappeared. When the words disappeared, a large amount of information entered Xu Bai's mind.

There was no new fusion phenomenon. When Xu Bai had fully absorbed all the information, the latest attributes appeared in front of him.

The next moment, the latest attribute panel appeared in front of him.

[Name: Xu Bai]

[Realm: Fifth Stage unspecialized.]

[Broken Second Level: Level 3]: Maximum level.]

[Reversing Purple Cloud Squall, Yin Yang Disorder (Level 5-5):[Maximum level.]

[Maple Leaves Like Rain (Tier 2): Maximum level.]

[Four Steps (Level 3): Maximum level.]

[Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level.] [Kidney Strengthening Technique (Level 4): Maximum level.]

[Hundred Poison True Clear Rank 3]: Full Rank.]

[Comprehension (max level)]

Looking at the attribute panel in front of him, Xu Bai rubbed his chin. He really wanted to complain about one thing. Why was the name of this mental cultivation method getting longer and longer?

However, it was just a complaint. Although it was long, the effect was still very good.

Other than maintaining its previous characteristics, it also had one more thing, the method of transforming True Core Strength into astral winds.

Xu Bai thought for a moment, then raised his hand and waved it toward the backyard.

At this moment, he was sitting in the house, which was quite a distance away from the backyard.

When he waved his hand, his True Core Strength surged rapidly and circulated in an extremely special way in his body.

In the next moment, an invisible gale appeared, and a huge pit appeared on the ground of the backyard.

“It’s quite powerful.” Xu Bai retracted his hand, feeling very satisfied.

Now that he had a long-range attack technique, he was naturally very satisfied.

Yun Zihai also heard the commotion and hurriedly ran to the backyard. When they saw the deep pit in the backyard, their expressions changed.

“Brother Xu, don’t tell me that you’ve learned both of the mental cultivation techniques I’ve chosen for you.” Yun Zihai’s face was filled with surprise. He ran to Xu Bai and asked in disbelief. “If I’m not wrong, I should have learned it.” Xu Bai pondered.”

Yun Zihai was speechless.

After staying by Xu Bai’s side for a long time, it was normal for him to suffer a blow.

It could be said that he was being attacked by surprises at every moment.

It had only been a few days, and he had already comprehended a Tier 5 mental cultivation method. This was simply not something that an individual could do.

“Brother Xu, tell me honestly. Is it really not some big shot who reincarnated?” Yun Zihai had this thought again. He had asked once before, but now he still wanted to ask.

‘I can’t not ask. At least admit it. If you admit it, I’ll feel better.’

Alas, Brother Yun, I understand your thoughts.” Xu Bai patted Yun Zihai’s shoulder and said, “”But I really am not.”

Yun Zihai’s body trembled. He took a deep breath and silently turned around. “I’m going to get busy.”

It was a simple sentence, but there was a sense of helplessness that was difficult to understand.

She had been with Xu Bai for so long that she had forgotten that she was a genius.

Back in the days, I was also a peerless figure in the Academy.

Yun Zihai encouraged himself as he walked.

Xu Bai looked at Yun Zihai's back as he left. He took a sip of tea silently and took out the Nameless Saber Scripture that Chu Yu had given him.

Next, he was just short of some offensive means.

As for the terrine, it was strange and curious, but it was not very stable. If it dropped a bad skill, wouldn't it be a waste of time?

For now, he had to first create a clear and useful skill. The rest could be discussed later.

Thinking of this, Xu Bai flipped open the Nameless Saber Scripture and saw that the progress bar was slowly increasing.

However, after reading for less than half an hour, he suddenly put down the book and frowned.

He had been focusing on the Astral Wind Technique earlier, so he did not pay attention to it. Now, he realized a problem. Why was Chu Yu not here today?

According to the usual time, she should have brought breakfast over long ago, but until now, she had not seen her figure.

"Strange, strange. I made such a big commotion just now, but she didn't appear. "At the thought of this, Xu Bai walked to the backyard and went to Chu Yu's room.

The door was tightly shut.

Xu Bai was about to knock on the door when he heard a voice coming from inside.

"Okay, okay, okay. I understand."

“Mother, don’t worry. I’m fine here. He even gave me money to spend.”

“My money? My money has been taken away by Father. Yes, yes. Mother, don’t worry. I will definitely study hard. After I learn well, I will help Father.”

The contents in front sounded normal.

Xu Bai stood at the door, wondering if Chu Yu and her mother had some kind of long-distance communication method..

Chapter 233: The Longer and Longer Mental Cultivation Technique (5)

This thought only lasted for a split second because Chu Yu’s words made him understand why.

“Oh right, mother, you’re fine down there. You must watch carefully. I’ll grow up.”

Xu Bai was speechless.

He now knew what was going on.

It turned out that Chu Yu’s mother had passed away.

Although Xu Bai was not a good person, he still had basic respect.

It was not a good time to eavesdrop.

At the thought of this, he turned around and walked towards his room.

However, what he did not know was that just as he turned around to leave, another female voice sounded in the room.

“What did you say? That old bastard Chu Sheng took all your money?”

“Is he rebelling? Back then, he even hid the fact that he was pretending to be dead from me. I almost brought the entire Ancient Moon Sword Sect to the Great Yue State. I haven’t even settled the score with him yet, and he still dares to take your money!”

“Just you wait. I’ll go find that bastard with my sword.”

Inside the room.

Chu Yu sat on a stool. There was a simple jade tablet in front of her. A roar was coming from the jade tablet.

Chu Yu was extremely flustered. She did not know where to place her hand and could only press it on her slender thigh. Her fair fingers kept moving.”Mother, Father said that this is for my own good. He also asked me to look for Xu Bai, who taught me well.”

Upon hearing Chu Yu’s words, the female voice paused for a moment. However, after Chu Yu finished speaking, the voice came out again.

“Sigh, it’s all my fault. If I had stepped down as the sect master of the Ancient Moon Sword Sect, I could have accompanied you more.”

There was a hint of guilt in her voice.

“Mother, Eldest Uncle said that you’re in trouble. I’m not blaming you.” Chu Yu waved her hands frantically.”

From a certain perspective, Chu Yu was still very sensible and could differentiate between big and small matters.

“If you don’t blame me, then that’s good. I won’t go find trouble with Chu Sheng. Oh right, tell me about Xu Bai. I heard from Chu Sheng that Xu Bai seems to be a rare genius.”

The voice continued to come from the jade token.

At the mention of this, Chu Yu started a chatterbox.

She told him everything she knew about Xu Bai. Of course, it was all praise.

However, there was one thing that he had yet to say.

It was about the Emperor finding someone to calculate Xu Bai’s fate, and the result was that he came to a conclusion that Xu Bai was an extraordinary talent.

They chatted for a long time.

Chu Yu seemed to have recalled something. She stood up from her seat and exclaimed, ““I forgot about today’s morning class and I forgot to bring buns.”

As she spoke, she rubbed her hair in frustration. Her long black hair was a little messy.

“Mother, I won’t talk about it first. I have to go to morning class.”Chu Yu said pitifully.

There was no sound from the jade token.

Ever since Chu Yu started talking about Xu Bai, she had not uttered a single word. It was only at this moment that she spoke again.

“Then go quickly.”

There weren’t many comments or exhortations. It was just a simple sentence.

Chu Yu quickly agreed and prepared to close the connection with the jade token.

However, she did not expect that before she could close it, the jade token would make a sound again.

“In two days, your cousin will arrive at Yunlai Mansion.”

“During this period of time, your cousin has been in the Ancient Moon Sword Sect and isn’t busy anymore. I’ll let him come over to take care of you, in case you’re in any danger.”

“No need.” “Cousin is too boring. He only knows every day...” Chu Yu rejected him immediately.

But before she could finish, the jade plate stopped her.

“Didn’t you say that the Ancient Moon Sword Sect was very boring and didn’t want to come back? As long as you agree to this, I won’t let you come back. Otherwise, I’ll go and capture you myself.”

His words were unquestionable.

At this moment, Chu Yu knew that she could not run away since she had already said that. She could only lower her head and agree.

The mother and daughter chatted for a while until they stopped talking. Chu Yu then cut off the connection, opened the door, and walked towards Xu Bails room.

When she reached the door, she realized that she had forgotten to bring breakfast again. Just as she was about to turn around and leave, she heard Xu Bai's voice.

"Come in. I've already asked Yun Zihai to prepare breakfast. Let's eat while we're at it."

Chu Yu rolled her eyes and sneaked into the room. She realized that there was a set of breakfast on the table.

After such a long time, she was also hungry. She quickly walked to Xu Bai and began to eat.

Xu Bai did not say anything about this. He continued to teach Chu Yu while she was eating.

As for what he had heard outside the room, he did not ask much. Others had lost their mothers, and this matter could not be mentioned. If he did, it would be equivalent to exposing their scars.

The lesson went smoothly and soon came to an end.

Xu Bai picked up the Nameless Saber Scripture on the table and read it carefully. As he read it, he reminded, "Go back and think about today's lesson."

Chu Yu agreed readily. She wiped the stain from the corner of her mouth and prepared to leave.

Unexpectedly, before she reached the door, she saw Yun Zihai rushing into the house.

"Brother Xu, there's news." Yun Zihai said after entering the room..

Chapter 234: Only An Unknown Pot Is Left (1)

When Yun Zihai came in, Xu Bai was about to continue the progress bar while Chu Yu was about to leave the room.

Hearing Yun Zihai's words, Xu Bai put down the book in his hand and let Yun Zihai sit down.

"It's been so many days, and he's finally here. It's not easy." Yun Zihai had just sat down and did not even take a sip of water. The excitement on his face had not stopped.

Because he was too excited, he started coughing violently, and his face became paler.

Xu Bai felt that if this continued, he wouldn't be surprised if Yun Zihai coughed up blood one day.

The problem of congenital deficiency was a particularly serious matter for Yun Zihai.

'Any specific discoveries?' Xu Bai tapped his fingers on the table and asked. "Brother Xu, just follow me. We'll talk as we walk. When we arrive, we should be almost done." The clouds came from the sea.

Xu Bai thought for a while and did not say anything else. He walked out of the government office with Yun Zihai. Chu Yu followed behind him. She wanted to join in the fun too.

After leaving the government office, they headed in a direction of Yunlai Mansion under Yun Zihai's lead.

Xu Bai took a brief look but didn't see anything.

After walking for about an hour, they finally reached their destination.

It had to be said that Yunlai Mansion was indeed very big. If it was in the past Sheng County, they would have already walked more than half of the distance, but they had yet to reach the edge.

As they walked, Xu Bai noticed something.

The prosperity here was completely different from before.

The location they were at previously was considered a relatively prosperous place in Yunlai Manor.

There was an endless stream of people coming and going, and there were many vendors selling their goods. The surrounding houses were also exquisite.

However, the situation here was completely different. The surrounding houses were slightly dilapidated. Although there were vendors hawking on both sides of the street, the things on the ground were slightly inferior to the prosperous areas.

Moreover, the peddler was dressed in very ordinary clothes.

There were patches in some places on his coarse clothes, making him look very poor.

“This is a slightly run-down place in Yunlai Mansion. The people here don’t come from very good families. Compared to where we live, there’s a big difference.”Yun Zihai explained as he walked.

At this moment, Xu Bai’s eyes suddenly looked around the street in front of him. He saw a person dressed in a completely different way from the scene here.

This was a young man in his twenties, dressed in brocade clothes.

He walked with his head held high and his chest puffed out, appearing out of place in the poor and dilapidated surroundings.

In such a place, there was a young man in embroidered clothes, which made him look suspicious.

The young man in embroidered clothes was walking on the street with a big bag in his hand. From time to time, he would take out something from the bag and pass it to the peddlers on both sides.

These peddlers also accepted it as a matter of course. They looked at the young man in embroidered clothes with kindness and a different atmosphere.

The surrounding peddlers were not young, but they were setting up stalls here. From this, one could see the living conditions here.

Xu Bai frowned slightly and turned to look at Yun Zihai. His eyes were filled with doubt.

He did not ask because he knew that Lin Zihai would naturally tell him about the current situation.

“He is a direct descendant of the Chen family. Although he is not a descendant of the Chen family’s patriarch, he is still a direct descendant. He joined the Chen family recently.” Yun Zihai explained.

“Oh?” Xu Bai raised his eyebrows.” He joined the Chen family recently.

Recently?””

He found a blind spot.

In the content of the exchange just now, the word “recently” was highlighted, and it was a recent addition.

In other words, before this, this young man in embroidered clothes was not a member of the Chen family, or rather, he did not join the Chen family.

There were many ways and means in this.

“I’ve already asked around. This person’s name is Chen Yan. “Yun Zihai explained,” It’s an illegitimate child born outside of one of the Chen family’s lineages. I didn’t plan to acknowledge him back at first, but the person from this lineage lost another son. I had no choice but to acknowledge him back.””

“Before he returned to the Chen family, Chen Yan had been living on this street with his mother. Since he was young, the people on the street took great care of him. Therefore, after living in luxury, he would come here from time to time to take care of the people who had helped them.”

“Brother Xu, I think this might be the key to breaking out of this situation.” At this point, Yun Zihai’s gaze also looked in Chen Yan’s direction.

“It seems that Brother Yun has already made use of the Ye family.” Xu Bai said with a smile.

Yun Zihai was very clear about this kind of news. In addition, Yun Zihai had actually been busy with the matters in the government office recently, but he was so well-informed. Someone must have helped him inquire.

Yun Zihai did not have any background when he came to Yunlai Manor.

Now that he had found someone who could help him gather information, Xu Bai quickly thought of the Ye family. Other than that, he could not think of a second person.

Yun Zihai said, “It’s all thanks to Brother Xu’s guidance. I can’t let down Brother Xu’s good intentions.”

It was Xu Bai who had instructed him that the Ye Clan was a clan that he could win over. That was why he had followed this step. Now, it seemed that the benefits were beginning to show.

“Let’s make contact.” “Judging from the current situation, it seems like the other party has the intention of returning the favor. Let’s get in touch and see if there’s any news.” Xu Bai said.

As the two of them chatted, Chen Yan had already walked to the corner of the street, and the bag in his hand became smaller and smaller until it was empty..

Chapter 235: Only An Unknown Pot Is Left (2)

The items inside were all distributed. They were not valuable items, but they were all necessities for life. For example, rice, flour, grain, and oil were all here. There was not much, but for the people on this street, they could still eat for a period of time.

From this point of view, Chen Yan understood this very well. If he wanted to give something valuable, it would instead cause the effect of having a treasure.

However, if he changed his mind and sent some necessities, he could solve his needs in time and avoid a lot of trouble.

After delivering the things, Chen Yan put away the cloth that was originally wrapped in his hand and turned around, preparing to return the way he came.

Although he walked with his head held high and chest out, his eyes subconsciously looked down. From this small movement, it could be seen that Chen Yan sometimes looked very unconfident.

After taking two or three steps, Chen Yan stopped. He looked at the three people in front of him and was slightly surprised.

“Lord Yun?”

Among them, he only knew Yun Zihai. In fact, all the families in Yunlai

Mansion had already explained Yun Zihai’s appearance to the various disciples in the family.

After all, this was a prefecture token. Many families had already done their homework before coming.

Some even planned to establish a good relationship with Yun Zihai in advance, so it was very normal for Chen Yan to know Yun Zihai.

“Let’s talk somewhere else.” Yun Zihai only nodded slightly and pointed at the street beside him.

On the street, there was a small alley that was unique. It looked remote and dilapidated, and no one passed by.

Chen Yan was obviously stunned. He scratched his head, not knowing why he would meet Yun Zihai here.

He also did not know why Yun Zihai suddenly looked for him and asked him to go to a remote alley to chat.

However, since the person in front of him had already spoken, Chen Yan naturally did not dare to say anything more. He could only turn around obediently and follow behind them, walking towards the remote alley.

Most of the people in Yunlai Manor had never seen Yun Zihai's appearance before. After all, Yun Zihai had not been here for long.

The commoners were not really concerned about these things. They were more concerned about trivial matters such as food, clothing, housing, and transportation.

They didn't care what the new Prefecture Magistrate looked like at all, much less care.

Therefore, Chen Yan followed Bai and the others, and the surrounding commoners just looked around.

After the few of them walked to a remote alley, Chen Yan turned around. His eyes remained lowered as he asked the question in his heart.

"Lord Yun, may I know why you have come to find me?"

Perhaps it was because he had been on this street for a long time, even when he returned to the Chen family, he still maintained this humble appearance. Sometimes, a person's character was formed from a young age, and Chen Yan was the same.

Even if his life became better and he had a luxurious life, his personality would still be the same for a short period of time. There would not be much change.

Xu Bai pretended to cough and looked up at the sky with his hands behind his back, looking indifferent.

He was only here to be a helper and not to take the lead. At this time, it was better for Yun Zihai to ask.

Chu Yu looked left and right, then took a step back and hid behind Xu Bai.

“So boring...” Chu Yu thought to herself.

She had thought that it was something new, but it didn’t seem to be that new.

Seeing Xu Bai’s expression, Yun Zihai could only say helplessly, “Do you deliver grain, oil, and rice here every day?”

Chen Yan was stunned and nodded subconsciously, admitting it. After he reacted, he could not help but hesitate, “Sir, I don’t seem to have violated the laws of Great Chu, right?”

“That’s not it. I just think that you’re a grateful person, but what you did was not quite right.” Yun Zihai smiled. “It’s a temporary solution, but this situation will only last for a short time. Do you want them to completely escape from their current predicament?”

Chen Yan was in a state of confusion and said in a daze, “I want to, but I can’t do anything about what you’re saying, Lord Yun. I don’t have such great ability at all. ”

What he said was the truth. He really wanted to solve these difficulties, but he didn’t have the ability. What he was doing now was just some insignificant things that were enough for him to do a little bit.

“You don’t have it, but I do.” Yun Zihai said, “This official can govern himself now in order to solve the needs of the people, but this official needs your help now.

When Chen Yan heard this, he was even more puzzled. “I am alone, how can I help Lord Yun?”

He was just a person who had just returned to the Chen family. Before he returned to the Cheng family, he was still a part of this place.

“Have you learned the art of paper binding?” Yun Zihai asked.

Chen Yan nodded.” I’ve just come into contact with it these few days. I’ve already entered the door, but I’m not very proficient. ”“

“If I tell you that there is an unstable factor in the Chen family, which will affect the crisis of Yunlai Mansion, and I need your help, will you be willing?”Yun Zihai continued.

Chen Yan was stunned on the spot. After a while, he recovered. After hesitating for a moment, he gritted his teeth and nodded hard.”I agree!”

Xu Bai stood beside them and listened to their conversation. He had no intention of interrupting.

It was only when Yun Zihai expressed his thoughts directly that he raised his eyebrows..

Chapter 236: Only An Unknown Pot Is Left (3)

“Brother Yun, you did a lot of homework before coming. “Xu Bai thought.

The first time Xu Bai met this person called Chen Yan, he felt that he was very simple and did not have many thoughts.

It could even be said that not only was his personality not bad, it was actually very good.

This could be seen from the fact that he still did not forget to take care of those who had helped him after he had obtained a life of luxury.

Of course, this was only what Xu Bai saw on the surface. He couldn't see much deeper. After all, this was his first time coming into contact with them.

Since Yun Zihai dared to speak so directly, he must have made sufficient preparations beforehand. There was no doubt about this.

A person who could make the emperor feel that he was not bad definitely had no problems in strategy.

However, Xu Bai felt that Yun Zihai had been in contact with him for a long time. Many times, he had to rely on him instead.

This situation indirectly caused Yun Zihai to behave completely differently from him.

Yun Zihai did not know that Xu Bai had already thought so much in this short period of time. Seeing that Chen Yan had already agreed, he could not help but reach out and pat Chen Yan's shoulder to show his affirmation.

After receiving this affirmation, Chen Yan became even more excited for some reason.

"This is Lord Yun!"

The prefecture's prefecture token was now the only heavy responsibility for him, making him feel as if the heavens were about to descend upon him. "Brother Xu, shall I begin?" Yun Zihai looked at Xu Bai and asked.

Xu Bai nodded and let Yun Zihai begin his performance.

When Yun Zihai spoke, Chen Yan subconsciously looked over and soon saw Xu

Bai and Chu Yu.

He was a little surprised. From what Lord Yun said just now, it seemed that he should first seek the opinion of this young man.

“Yes... It must be an official higher than Lord Yun.” Chen Yan thought to himself and looked at Xu Bai with even more respect.

A person who could make Lord Yun seek advice was not only an official, but also someone more powerful than Lord Yun.

Thinking of this, Chen Yan became even more respectful.

Of course, Xu Bai felt this gaze. He knew very well that this guy must have imagined something.

However, this was not the time to discuss this.

Yun Zihai spoke again, “Has your Chen family been doing anything unusual recently? For example, something different from before?”

Chen Yan thought for a moment and shook his head. “There’s nothing unusual. Everyone is the same as before. Of course, I’ve only been here for a few days, so I might not be clear. I can only say that I understand. I just feel that there’s something wrong with the family head.”

He had only returned to the Chen family for a few days. This was also the reason Yun Zihai had found him. After all, he had only returned not long ago, so the probability of him being assimilated was extremely low.

“Is there anything unusual about your patriarch?” Yun Zihai frowned.

“He hasn’t changed much from before, and his behavior hasn’t changed either.”

However, I can feel that the master’s spirit is getting worse and worse.” Chen Yan said. He really wanted to describe it, but after thinking for a long time, he couldn’t think of an adjective.

"You are not in good spirits. Is it because of your kidney?" Xu Bai joked.

However, as soon as he said this joke, Chen Yan's eyes lit up and he nodded with certainty.

"Yes, yes, yes. This lord is right. It's that very empty feeling." Xu Bai was speechless.

"Other than this, is there anything else?" Yun Zihai asked again.

Chen Yan shook his head, indicating that there was nothing else.

After all, he had only joined for a few days. It was already quite good that he could see a lot.

"Then go back first. Remember, you must be careful. If you have any news, tell me in time. However, when you tell me, you must prioritize your own life." Seeing that Chen Yan could not say anything else, Yun Zihai gave Chen

Yan a mission, which was equivalent to planting a spy in the Chen family.

Chen Yan looked left and right, and finally agreed. He hurriedly left the street.

After Chen Yan left, only Xu Bai and the other two were left.

Chu Yu looked left and right. Her face was filled with confusion as she scratched her head. "Aren't you worried? What if he has already betrayed us?" In fact, she had been thinking about this question until Chen Yan left.

Xu Bai smiled. "First of all, he has only joined the Chen family for a few days. That can reduce his chances. Secondly, so what if he is? I think Brother Yun wants to lay his cards on the table.""

"It's Brother Xu who knows me," Yun Zihai nodded.

Chu Yu still did not understand. She stared at Xu Bai with her big, puzzled eyes and a curious expression on her face.

"If not, then we've made a profit. If not, we haven't lost much."" Think about it," Xu Bai explained. "After the man in white died in my hands, he would have the idea of being exposed. So, if he really betrayed us, we wouldn't have lost anything. ""

Chu Yu nodded her head in a half- understanding manner.

After a while, she seemed to feel that she would look very stupid if she still did not understand the detailed explanation.

Oh, I see." Chu Yu nodded vigorously, pretending that she knew how to make expressions.

He had to understand even if he didn't.

If she followed Xu Bai, she would be despised if she was stupid.

"Brother Xu, it looks like we only need to wait." Yun Zihai said, "Chen Yan just said that their family head's health is deteriorating day by day. It's very likely related to that woman called Pink.." "

Chapter 237: Only An Unknown Pot Is Left (4)

Before Seven Ghost died, he had said that pink girls were best at seduction and plucking.

As for what plucking was, it was already obvious.

The Chen Family Head's poor health might have something to do with plucking.

"Let's go back first. We'll wait for the news slowly." Xu Bai said.

The few of them did not stay in this small alley and walked towards Yunlai

Mansion.

After that, there was no news for several days.

The Chen family was very stable. They did not have the slightest intention of showing up. It seemed that they were afraid that after they showed up, they would suffer a storm-like blow.

Xu Bai had been staying in the government office during the past few days.

He didn't have any other gains, but he did have one.

After a few days of hard work, he had finally perfected the Nameless Saber Scripture. The progress bar on it had reached perfection.

Looking at the light blue smoke in front of him, Xu Bai revealed a satisfied smile.

After the light blue smoke appeared, it slowly gathered and gradually formed a line of words.

After this line of text appeared, it quickly disappeared and new text appeared.

[Fusion option found. Fusion in progress.]

[Twenty-four Armor Penetration Styles (Incomplete)+ Second Breaker Style =

Third Breaker Style.]

Xu Bai was speechless.

This name was really simple and easy to understand.

When the new words appeared, they didn't disappear anymore. Instead, they entered Xu Bai's mind.

With a large amount of information pouring in, Xu Bai had already grasped the subtleties of the Three Breaker Moves.

Other than the increase in the power of the Armor Break and the previous heavy injury ability, the power of the saber technique itself had also increased by a large margin.

Light blue smoke appeared and gathered to form the latest panel.

[Name: Xu Bai]

[Realm: Fifth Stage unspecialized.]

[Three Breaks (Level 4): Maximum level.]

[Reversing Purple Cloud Squall, Yin Yang Disorder (Level 5-5):[Maximum level.]

[Maple Leaves Like Rain (Tier 2): Maximum level.]

[Four Steps (Level 3): Maximum level.] [Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level.] [Kidney Strengthening Technique (Level 4): Maximum level.]

[Hundred Poison True Clear Rank 3]: Full Rank.]

[Comprehension (max level)]

The fourth rank Breaking Three Stance did not have an unexpected performance. Xu Bai had another powerful attack.

However, looking at this skill called the Three Breaks, he had a new idea.

According to his previous understanding, the author of the Nameless Saber Scripture had divided it into twenty-four parts and scattered them all over the world.

When all the saber scriptures were collected and mastered, one could step into the first-grade realm.

According to the skills that Xu Bai had obtained, there was no mental cultivation method. If there was no mental cultivation method, how could he enter Rank-I?

Therefore, Xu Bai had a guess. Perhaps the latter part of the book involved some mental cultivation techniques.

However, it was still a long time ago. He only had three books.

Xu Bai stretched his body and did not think about the Nameless Saber Scripture for the time being.

Compared to the Nameless Saber Scripture, he still had work to do.

On the table next to him was a pottery jar. On top of the jar, there were complicated patterns, but he couldn't tell what they were describing.

This earthen jar was obtained from the Yin Posthouse, and it was also Xu Bai's most unknown gain during this period of time.

The so-called unknown meant that he did not know what the outcome would be. He could only look at the progress bar and could not guess what skill he would obtain in the end.

But no matter what, this terrine gave Xu Bai a lot of expectations.

"There's no news from the Chen family either. They're probably either stable or holding back some bad tricks. We have to hurry up and finish this last progress bar." Xu Bai thought.

Thinking of this, he took advantage of the fact that it was still early to put the earthen jar in his hand and stare at it without blinking.

To be honest, the progress bar process was very boring. Only when he reaped the rewards was the best time.

After staring at it for a while, Xu Bai yawned.

For him, the slow progress bar was the perfect time.

Looking at the progress bar that kept changing, Xu Bai continued tirelessly. Unknowingly, he had slowly fallen into a daze.

At this moment, she heard footsteps coming from outside the door.

Xu Bai stopped for a moment and looked up at the backyard outside the door.

Chu Yu stuck her head out from the doorway and looked at Xu Bai nervously. She was like a kitten that had done something wrong and was afraid of being punished.

When she saw Xu Bai's gaze on her, she quickly retracted her head and prepared to turn around and escape.

"Come back." Xu Bai said indifferently.

Perhaps it was because Xu Bai had been teaching him every day during this period of time, but there was already a special aura about him. It was called the dignity of a teacher.

Chu Yu, who was about to run away, stopped in her tracks when she heard Xu Bai's words. She turned around and walked in through the door with a forced smile on her face.

"Young Master, I came to look for you because I have something to tell you." Chu Yu clasped her hands together.

"What is it?" Xu Bai raised his eyebrows.

Ever since they had been together for a long time, Chu Yu had become more and more normal. She was no longer as restrained as she used to be.

However, Chu Yu's expression reminded Xu Bai that it was very likely that something important had happened.

"It's like this. My mother asked my cousin to come over, but he didn't go to Yunlai Mansion. He's at that lake not far from Yunlai Mansion. I don't know the name either." Chu Yu finished her sentence in one breath as if she was afraid that she would not be able to say it if she spoke too slowly..

Chapter 238: Only Unknown Pots Are Left (8000)

"Yes... Hmm?" "Didn't your mother pass away?" Xu Bai was stunned."

This was something he had accidentally heard before. How did it become like this again?

Chu Yu's face was blank." No, my mother is still alive. She's the sect master of the Ancient Moon Sword Sect and has something important to attend to. The cousin who's here now is on my mother's side.'"

Xu Bai was speechless.

Good heavens, so he was the one who listened obediently and didn't finish listening.

However, this was just a small misunderstanding, and it was not a big problem.

Soon, the topic returned to normal.

"You just said that your cousin is in some lake not far from Yunlai Mansion? What do you mean by stuck?" "What's wrong?" Xu Bai was confused." Did you encounter some difficulties or enemies?

"I don't know either," Chu Yu said helplessly." When I was in the palace in the past, cousin had come to visit me. He was also stuck twice, but he was saved by the DeoDle in the Dalace. This time. he suddenly called me. so I don't know how he got stuck. '"

As she spoke, Chu Yu gestured to indicate that she was not clear about the exact situation.

"Then what he means is that he wants you to go and save him."Xu Bai stroked his chin and said.

Chu Yu nodded vigorously to show that it was indeed so.

In the end, she added, "Cousin said that he would only be able to walk out of there if I went over.'"

He was speaking in a mysterious manner. Chu Yu could not figure out the situation and could only repeat his words.

"How far is it from Yunlai Mansion?" Xu Bai asked.

Chu Yu's eyes darted around and she roughly calculated the distance before she answered,""Head northwest. After leaving Yunlai Mansion, we will arrive soon."

Xu Bai fell into deep thought as he listened to the distance Chu Yu mentioned.

After a while, he recovered from his thoughts.

"Let's go. I'll go with you." Xu Bai said as he carefully hid the jar.

It was still the same thing. It was not a big problem for him to protect Chu Yu after receiving money.

"But we need people here too." Chu Yu said.

It's only a short distance away," Xu Bai said with a smile." It won't take much time to go back and forth. Besides, if we really leave, we can deliberately expose ourselves.""

There was no falsehood in his words.

It would only take a short time to go back and forth. Even if it took some time, he would try his best to control it. Moreover, he could also use it to expose a flaw.

If the other party didn't fall for it, then he wouldn't lose anything. If he fell for it, then it would be a bloody profit.

Of course, if the time limit was exceeded, he felt that it was more important to come back first.

Chu Yu did not reject Xu Bai's offer. Instead, she was elated. She took a few steps forward and tugged at Xu Bai's sleeve. "Then let's go now. The earlier we go, the earlier we return."

Xu Bai did not waste any time. He stood up and allowed Chu Yu to pull him away.

Before he left, he went to find Yun Zihai and told him about his schedule.

Yun Zihai expressed that it was only a short period of time, so there was not much of a problem.

Xu Bai only brought Chu Yu to their destination after everything was said and done.

The unknown lake was not far from Yunlai Mansion.

There were no obstacles along the way. They reached their destination easily.

But before that, they had to pass through a forest.

In the woods, the closer he got to the lake, the more Xu Bai felt that something was wrong.

Logically speaking, if they really encountered something stuck, there should at least be traces of a battle around them.

But now, it seemed that the surrounding forest was well preserved. Even the grass on the ground was clean.

There were no traces of battle, not even traces of people walking past. It was as if no one was there.

"Is your cousin really stuck here?" Xu Bai asked as he looked at Chu Yu, who was bouncing around.

Chu Yu turned around and said, "That's right. He's definitely stuck. When he was in the palace previously, it was Eldest Uncle who sent people to rescue him.

Stuck for a lifetime?

The corner of Xu Bai's mouth twitched slightly. He seemed to have thought of something bad. A lake?

Stuck?

Why was it stuck?

Xu Bai grinned and looked at the quiet scenery around him. The guess in his heart deepened.

The two of them continued walking and didn't say anything along the way. When they passed through the forest, a very small lake appeared in front of them.

As expected of a lake whose name was unknown. This lake was pitifully small.

And in the middle of the lake, this leaf stopped.

A young man in blue stood on the leaves and floated on the water.

The sky-blue water was like a mirror, and the young man appeared on the surface of the water. This scene was quite fitting.

On the young man's back was a long sword. Although the long sword was not unsheathed, it gave off a sharp aura.

In Xu Bai's eyes, none of this was important.

The most important thing was the hands of this man.

When Xu Bai looked at the young man's hands, he finally understood why the man was stuck on the lake..

Chapter 239: Ancient Moon Sword Sect's Sword, Good!

The sky was blue and the lake was clear.

Although it's a small lake, but the water is clear, the light is clear, and when you look up, you feel refreshed.

The young man was dressed in blue and stood on a dead leaf. He looked mysterious with the surrounding scenery.

As Xu Bai looked over, he saw an ordinary fishing rod in the young man's hands.

The fishing rod was very ordinary. It was just a long rod with a shiny surface. It seemed that it had been coiled for a long time.

At the end of the long pole, there was a coil of fishing line. The fishing line hung straight down and fell into the lake.

The lake was calm. The young man's eyes were stern as he stared at the spot where the fishing line connected to the lake. His expression was solemn as if he was fighting with the gods.

However, all of this seemed ridiculous to Xu Bai.

Not only was he talking nonsense, he even wanted to laugh.

He finally understood why Chu Yu said that his cousin was stuck here.

It turns out that he is a fisherman. Then all of this makes sense. There is no difficulty that the fishing elder brother cannot overcome, except for fishing.

In his previous life, Xu Bai had also been addicted to fishing. However, after that, because he couldn't catch any fish every day, he suffered more and more blows. In a fit of anger, he broke his fishing rod.

As long as it wasn't against the law, the old fishing buddies would do anything. In order to fish, they could stay in one place for a long time without moving.

What was even more ridiculous was that the old fishing brother could do everything except catch fish.

If there was anything you didn't understand, you could go to the fishing forum and ask. Someone would definitely know.

In short, it was a very magical thing.

The all-knowing fishing forum even knew how to steal calves.

"Cousin, there's no danger around here. Why aren't you moving?"

Initially, Chu Yu thought that there must be some kind of hidden danger, so she looked around. However, she did not expect that she could not find any hidden danger even after searching for a long time.

It was very safe here. Other than the beautiful scenery around, there was nothing else.

The young man did not answer. Instead, he maintained his previous appearance and continued to stare at the lake. His expression always gave people a very serious feeling.

Of course, if one didn't see what he was doing, one would think that he was in danger.

Chu Yu scratched her head in confusion when she saw that her cousin was ignoring her. She turned around and looked at Xu Bai with a pleading look in her eyes.

“Let me do it.” Xu Bai sighed. He patted Chu Yu’s shoulder and took two steps forward.

When Chu Yu saw Xu Bai walking forward, she hid behind him in peace. At the same time, she stared at the lake curiously, not knowing how Xu Bai was going to resolve this.

“Brother, when the water is clear, there are no fish. The water here is clear and there are no fish.” Xu Bai said loudly.

The young man was originally calm and expressionless, but when Xu Bai said the first word “fish”, he suddenly raised his head.

When Xu Bai said the second word “fish,” the young man finally spoke.

Impossible! Absolutely impossible!” The young man looked incredulous.” Although this lake is small, based on my many years of experience, there is definitely a big fish in it. Moreover, I have been fishing in the water for so many years. Although I have never caught one, I have seen others catch one.” Xu Bai was speechless.

The first few sentences were still fine, but the last few sentences were really unbearable.

So he had never caught a fish before? This was too ridiculous.

However, it was good to speak. Once he spoke, there would be room for communication.

“Didn’t you say that it was stuck here? We’re here now. Come with us. If there’s anything, we can communicate.” Xu Bai said.

He did not want to continue talking about fishing. He could talk about fishing with a fishing brother for three days and three nights.

He had once chatted with a fishing friend and knew that as long as he talked about this, there would be endless words.

From the quality of the fishing rod, to the quality of the fishing line, to how to make a nest, to how to throw the rod, there was no end to the conversation.

Hearing Xu Baits words, the young man looked conflicted.

After less than two breaths, the young man's conflicted expression became deeper and deeper. His eyes drifted to the lake from time to time, and he was very reluctant.

"Wait for me to catch one. After I catch one, I'll leave." The young man hesitated for a long time before he finally said something.

Xu Bai's mouth twitched.

Catch one?

If this was any other time, it would be believable, but it was definitely not believable when it came from the fishing brother.

It was as if it was already late at night and it was time to rest, but your friend said that he would sleep after winning one round. In the end, he worked until the next day.

"How did your uncle stop him?" Xu Bai turned around and asked.

Chu Yu's face was filled with confusion. She tilted her head as if she was recalling something.

After recalling for a while, her confused expression finally disappeared and her eyes lit up.

Chu Yu raised her left hand high like a student answering a teacher's question. "I remember now. First Uncle said at that time that if we want to solve the problem of Cousin being stuck, we only need to cut off the root."

Cut off at the root?

Xu Bai rubbed his chin and fell into deep thought.

He looked at the young man and finally stopped at the fishing rod in the young man's hands. He thought of a solution.

If he wanted to cut it off from the source, wouldn't that mean...

The fishing rod was broken.

Although this was not very polite, it was also a solution..

Chapter 240 - Ancient Moon Sword Sect's Sword, Good! (8000) _2

Thinking of this, Xu Bai raised his hand and struck the young man's fishing rod.

He was now some distance away from the center of the lake, but he was still standing by the lake. He circulated his True Essence Energy from such a long distance away.

The True Core Strength in his body continued to circulate. As he raised his hand, a gust of strong wind surged and attacked the center of the lake.

The astral winds obtained from the Astral Wind Art had become a powerful long-range technique with unparalleled power.

The wind brought by this palm pushed the small lake in front of him flat. Wherever the wind passed, the lake water poured to both sides.

The young man heard the sound, but he did not move. His hands were still holding the fishing rod, and he did not even raise his head.

Seeing that the invisible gale was about to approach, the long sword on the young man's back suddenly trembled.

The longsword trembled slightly and emitted a series of chirping sounds from the scabbard. Then, when no one was holding the longsword, it was unsheathed and spun in the air.

The spinning longsword found its target in an instant and stabbed straight at the invisible gale. In an instant, the invisible gale quickly dissipated.

However, when the two collided, the aftershock created layers of waves on the surface of the lake. The waves gradually expanded into huge waves that filled the sky.

The huge wave spread to the surface of the lake. Xu Bai waved his sleeves as he looked at the huge wave.

Invisible gales appeared once again, dispersing the huge waves in front of them. Due to the huge waves, the water level of the lake dropped by half a foot. After everything had dispersed, Xu Bai withdrew his hand and narrowed his eyes.

This guy's strength was stronger than he had imagined. He was at least at the Fifth Stage. Moreover, this was the first time he had seen such an attack.

Originally, he had expected this young man to attack with a longsword in hand, but he had not expected that the other party would use a flying sword technique similar to that in novels.

"Gu Yue Sword Sect uses flying swords?" Xu Bai thought to himself.

The antique longsword only neutralized Xu Bai's attack and returned to its sheath. The young man still held the fishing rod in his hand without any change.

"Young Master, Cousin is a genius of the Ancient Moon Sword Sect." Chu Yu hid behind Xu Bai and reminded him softly, ""He is very strong."

As Chu Yu finished her sentence, the young man who had been silent all this while finally moved.

The young man raised his head and widened his eyes. A murderous aura was spreading around him. "What did you call him, young master?"

Chu Yu really wanted to explain that she was doing this to conceal her identity, but the other party did not seem to give her the chance to explain.

"How dare you!" The young man finally moved.

He put down the fishing rod in his hand and let it fall into the lake. Then, he raised his right hand and pointed his index and middle fingers at Xu Bai.

In the next moment, the sword on his back was unsheathed again. However, this time, the sword carried a biting cold killing intent.

After the sword was unsheathed, it charged at Xu Bai at an extremely fast speed. It felt like it was taking the head of an enemy from a thousand miles away. The power of the sword tore the surrounding trees into pieces.

"I hate those who don't listen to explanations.""

At this moment, Xu Bai was finally enraged.

Although he had received the money, he did not do anything.

However, the reason he asked Chu Yu to address him as Young Master was to conceal her identity.

He was paid to do things, and he did it very well. He was even very considerate. He taught her every day without stopping.

He came over today to help Chu Yu, and it was the young man who requested it on his own accord. He said that he was stuck and needed help.

But now, she attacked without listening to an explanation. Wasn't she looking down on him?

Xu Bai was enraged. Looking at the flying sword that was getting closer and closer to him, the black light of the Diamond Heart Devil Body appeared and covered his entire body.

At the same time, he pulled out Ghost Head Blade and slashed at the longsword.

Astral wind, black light.

In addition to the characteristics of the mental cultivation method.

Although this slash looked crooked on the surface, it was actually filled with killing intent.

The long saber came into contact with the flying sword. In the next moment, Xu Bai took the opportunity to use Stellar Transposition to change the way the long sword operated.

Immediately after, a loud sound came from the collision between the two.

The surrounding trees and the ground were all broken inch by inch, and the lake water in front of him also surged into the sky under this attack.

Xu Bai felt the strength and sharpness of the flying sword and raised his eyebrows slightly.

This person's strength was stronger than he had imagined. Of course, he could still control it at the moment.

Chu Yu herself was a Rank-5. Although the surrounding scenery was affected, she was not hurt at all.

When she saw the two of them fighting for no reason, she panicked.

She was about to speak, but Xu Bai didn't give her a chance to speak.

"Did I give you face?" Xu Bai said angrily, "I came here to help you out of kindness, but you didn't listen to my explanation and attacked. Now, no one can stop me!"

When the three forms of Breaking were used, there were countless changes hidden within.

This saber carried a biting cold wind and killing intent as it arrived in an instant.

The young man's pupils widened slightly. He hurriedly withdrew his flying sword and protected himself.

He could feel the power of the blade, and he didn't dare to underestimate it.

Fortunately, he withdrew quickly and blocked in front of him, blocking the power of the saber.

But the next moment, blood flowed out of the young man's mouth, and his face was filled with shock..
