

Unparalleled 251

Chapter 251: Omni-directional Travel 's Coffin Appears (3)

At the end of this passage were four forks that extended in four different directions.

The tunnel that extended out was no longer going down. It had become a flat road.

There were no stairs, no going up or down, just four flat roads.

"A fork?" Xu Bai glanced at him.

Due to the addition of a fork, the space was relatively wide.

Xu Bai walked closer and looked at each fork, but he couldn't see anything.

The passage that was split out was endless and there was nothing strange about it.

"Are we going to split Zihai muttered.

Everyone looked at each other.

They were not playing house now, but in an unknown danger.

Together, there would be a huge improvement.

Separating would double the danger.

However, the problem was that if the four of them did not separate and maintained this state, it would consume a lot of time.

The time consumed was the biggest problem.

After all, they didn't know if the mastermind had already arrived here. If they wasted time here, they would give the enemy an opportunity.

"Why don't we split up?" Chu Yu asked as she looked around.

Before he finished speaking, Qin Feng rejected him first.

"Absolutely not." "I have to go with Biao Younger Sister. My main priority is to protect Biao Younger Sister.'""

Although he was pulled onto the boat by Xu Bai, he did not forget about himself.

The prerequisite for helping was to ensure Chu Yu's safety.

If he couldn't do it, he would definitely change his mind.

Xu Bai swept a glance at Qin Feng and said,"Don't be so noisy. Who said that we have to do things separately?""

If it was anyone else who said this, Qin Feng would definitely refute.

However, when Xu Bai said this, Qin Feng remained silent and only looked at him with a puzzled gaze.

After all, Xu Bai had defeated the other party at the lakeside. He had no intention of arguing with the other party now.

"Brother Xu, do you have a way?" Yun Zihai asked curiously.

In Zihai's eyes, there was no other choice but to split up.

Therefore, after hearing Xu Bai's words, Yun Zihai also wanted to know what Xu Bai's method was.

Xu Bai pointed to the leftmost road and said, "Let's go together."

'What?' Yun Zihai was slightly stunned. "But if that's the case, we're wasting time."

Chu Yu and Qin Feng nodded in agreement. Yun Zihai was right.

"How do I compress time?" Yun Zihai asked.

What Xu Bai said just now was right. What they needed to do was indeed to reduce the danger.

However, what Yun Zihai cared about was the second half of Xu Bai's words.

How to compress time was the most important problem.

Xu Bai pointed at one of the paths and said, "We'll all go down this path. Then, you two can use your Flying Sword Technique to explore the other two paths.

You should be able to sense it."

The latter half of his sentence was directed at Chu Yu and Qin Feng.

Chu Yu was slightly stunned when she heard that. After she regained her senses, she thought about it carefully and nodded. "It's possible. As long as it doesn't exceed the furthest distance of Divine Essence, there won't be a problem."

“The Flying Sword Technique can be used like this?” Qin Feng was also stunned.”

Ever since he started using the Flying Sword Technique, he had only used it to kill people. This was the first time he used the Flying Sword Technique to scout the way.

“Everything has to be used flexibly. If I can break the situation in an instant, I’ll do anything to break a rock in front of everyone.” Xu Bai said.

“But there’s still a problem.” Qin Feng continued, “Our divine essence also has a limit. If we exceed the flying sword art’s limit distance, I’m afraid it won’t be of any use.”

Both he and Chu Yu were Rank- 5 experts, but they had their limits.

If he went beyond the distance, he could only give up.

“Forget it if it exceeds the limit. At least it can reduce the probability.” Yun Zihai explained and looked at Xu Bai. “Brother Xu, am I right?”

Xu Bai nodded and said, “This is a test to compress time. If it fails, then forget it. There’s no need for us to take the risk.”

Although Xu Bai had made it clear, everyone else had also expressed their understanding.

Yun Zihai said, “If it were a pedantic person here, I’m afraid he would definitely jump up and down.”

In fact, Xu Bai’s actions were a little self-preservation, but there was also a reason for it.

After all, they were the only ones who could solve the problem. If there was any danger, the person behind the scenes would not be restrained.

“If someone else were here and opposed me, I would turn around and leave.” Xu Bai said with a smile.

"Then let's give it a try." Yun Zihai looked at Qin Feng.

Qin Feng replied. He formed a sword seal and controlled the long sword on his back.

When he controlled it, he suddenly felt that something was wrong.

Forget about Xu Bai's orders. After all, he was a defeated opponent. Why was he ordered by Yun Zihai?

"These two people are very strange." Qin Feng muttered in his heart.

Not only was Xu Bai strange, but Yun Zihai was also very strange. Just now, for some reason, he had asked him to do what he wanted.

Of course, just because Qin Feng did not mention it, it did not mean that Chu Yu would not say it.

Chu Yu tilted her head and looked at Xiang Yun and Zi Hai, her face puzzled. "'I feel... Your aura has changed."

When these words were said, it made Yun Zihai slightly stunned..

Chapter 252: Omni-directional Travel I s Coffin Appears (4)

He looked around and didn't see anything unusual. He asked curiously, "'I haven't changed at all."

Then, he turned around and asked Xu Bai the same question, "'Brother Xu, what have I changed?"

Xu Bai smiled and said, "Nothing has changed. Chu Yu, start. Don't delay."

“Oh,” Chu Yu replied. She did not say anything when she saw Xu Bai. She circulated her divine essence and controlled the flying sword.

She and Qin Feng each controlled one and flew towards two different passages.

Two of the four passages had already been occupied. If they entered another one later, there would only be one left.

As for the last one, he let it go. After all, he couldn’t spare any more people.

When the flying sword disappeared at the end, everyone walked towards the leftmost cave without hesitation.

Xu Bai stepped into this passageway and did not find anything unusual. He raised his foot and gradually walked forward. Beside him were Yun Zihai and the others.

Everyone was moving forward carefully, but Xu Bai was staring at Yun Zihai’s back and thinking about something else.

When Chu Yu said that she felt that something was wrong with Yun Zihai, others might have taken it as a joke, but he did not think so.

Before he entered, he had already told Chu Yu to tell him immediately if there were any unusual circumstances or feelings. Now that Chu Yu had said it, he could not treat it as a trivial matter.

Moreover, when Chu Yu said that she felt that something was amiss, he looked at Yun Zihai and felt that something was amiss as well.

He couldn’t tell what it felt like, but he felt that something was very wrong. At this moment, Yun Zihai’s aura was not quite the same. Other than his pale face, the aura on his body had actually become a little fierce.

However, he didn't say it out loud and allowed the situation to develop. After all, just the difference in aura couldn't tell what was wrong.

As he walked, Xu Bai thought about everything in the tunnel.

"First of all, the embossed in the passage are actually carved with the landscape of Yunlai Mansion. Even the commoners have been carved in. Although it's not complete, it's still a part of it."

"Secondly, it's Chu Yu's feelings. Why does she have a disgusted aura?" "Finally, it's Yun Zihai. Why did his aura become even more fierce?"

Three situations, three mysteries.

Xu Bai thought for a moment and found some clues.

Putting aside Yun Zihai and Chu Yu's problems for the time being, the map seemed to have some order if it was completely organized.

"Starting from the government office, I only drew some corresponding streets. However, the more remote it is, the more complicated the things carved on the walls are. It seems to be avoiding the government office, but why should we avoid the government office?"

Xu Bai looked up. He seemed to have thought of something, but he didn't say it.

When some things were not confirmed to be the truth, it would be a waste of his brain to say it. He needed to verify it, and the next step was to verify it.

"Heh, the embossed carved in the passage might not be for us to see." Xu Bai thought.

As he thought about this, Yun Zihai, who was walking at the front, heard some movement.

"We've reached the end." Yun Zihai turned his head and said.

In front of them was the end of the tunnel. It was blocked by mud and there was no way forward.

Xu Bai walked over and touched the mud on the wall with a smile.

"This is New Earth. I think the two of you can withdraw your flying swords. If I'm not wrong, every path has been blocked." Xu Bai said.

New territory?

Yun Zihai and the others were slightly stunned. Then, they went forward to check and found that it was indeed the case.

"If that's the case, someone deliberately blocked the road." Qin Feng said.

"In the beginning, we all forgot the most important problem. The other party might just want to stop us." "The more we try to stop him, the more he will expose his existence," Xu Bai said slowly.

At this point, Xu Bai pointed at the soil in front of him and said slowly.

"Smash it."

Since they wanted to block them, they would continue to advance. They had to do the opposite. After all, the more they wanted to block something, the more likely it would be.

With a new discovery, everyone was naturally excited.

The few of them began to move without hesitation.

Qin Feng and Chu Yu retrieved their flying swords. Then, they began to dig the soil in front of them with their own techniques.

Not long ago, when the four of them joined forces, they could empty a lake, let alone this soil.

The soil in front of him began to disappear at a speed visible to the naked eye.

After digging for the time it takes for an incense stick to burn, the soil in front of him collapsed.

Behind this passageway was a relatively large space.

There was no one in the space, and there was nothing else. "There's no one here." Chu Yu stroked her long black hair.

"I'm looking for him." Xu Bai said.

Everyone began to search along the empty space.

Although the space was large, it was mostly empty. Soon, Xu Bai found something in the soil.

In the soil that they had split open, a white color appeared.

Xu Bai pulled out his Ghost Head Blade and pried the soil away, allowing him to see what was underneath.

Paper figurines.

A tattered paper was lying in the mud.

The paper figurine was holding a paper shovel in its hand.

There was still mud on the paper shovel. Clearly, this passage was sealed by paper figurines.

“Paper man, Chen family.”

When Yun Zihai saw this, he frowned.

The Chen family had always been on their list of suspects, and they had been monitoring them closely. The paper man was the Chen family’s trump card..

Chapter 253: Omni-directional Travel’s Coffin Appears (5)

“It seems like the other party can’t hold it in any longer after this lake was exposed.” Xu Bai looked at the paper figurine in front of him and said with a smile.

Blocking the path ahead of time was to delay them.

Xu Bai turned around and looked behind him.

Beside the exit, there was another cave. Clearly, the three forks from before all led to this place.

“Why do all four roads lead to the same destination?” The clouds came from the sea.

“Of course there is a reason.” “My guess seems to be about to be verified,” Xu

Bai said mysteriously.”

“Oh?” “Brother Xu, what do you think?” Yun Zihai asked.”

Qin Feng and Chu Yu looked at Xu Bai curiously.

“Young Master, don’t keep me in suspense.” Chu Yu came before Xu Bai and tugged at his sleeve.

Xu Bai smiled.” I’ve always suspected that this place has a lot to do with the embossed sculptures in the passage. I saw it before. The relief sculptures in the passage were newly made. But even a fool wouldn’t make relief sculptures for others to see.”

“Have you ever thought that they might have dug all the tunnels in the entire Yunlai Mansion? The embossed looks more like a map of each tunnel.”

“The embossed are not for others to see, but for our own people to see. After all, the tunnel is different from the outside world. Only the relief sculptures in the outside world can produce a reflection.”

The embossed were connected to every street, and they were vividly depicted, which explained this point very well.

And the four paths just now led to another destination. If it was not a tunnel, then it would be taking off his pants and farting.

However, there were two things that Xu Bai could not figure out. What was the relationship between this place and Yun Zihai and Chu Yu?

Yun Zihai’s imposing manner had changed, and Chu Yu felt disgusted. This meant that this place had something to do with them.

However, Xu Bai didn’t say it out loud. Instead, he continued to search for clues.

“What’s the use of digging so many tunnels?” Qin Feng said.

Xu Bai shook his head." I'm not sure. Maybe it's used for a sneak attack or something else. But it's definitely not good.""

Everyone fell silent.

"Brother Yun, no matter what, it's time to close the net and clean up the Chen Family.""After this night, that person called Pink must know that she has been exposed, so she can't fish anymore.""

Since they dared to send people from the Chen family, the red powder must have been prepared. This fish was not easy to catch.

At the end of this space, there was another passage. Clearly, it was the place where the Chen family escaped.

"Chase." Xu Bai didn't say anything and rushed in that direction.

Everyone looked at each other and followed behind Xu Bai.

Along the way, along this road, everyone was rushing without stopping.

There were no more forks on the road, and no one stopped them. The road was smooth.

As Xu Bai walked, he noticed a faint light not far ahead.

"Is it the end?"

After seeing this light, everyone quickened their pace.

After a while, the light at the exit grew brighter and brighter.

When everyone filed out of the exit, it was like a new village had appeared.

This was a huge karst cave with dozens of luminous pearls hanging on the wall. The light just now was the light of the luminous pearls.

Under the illumination of the luminous pearl, the ground below was suffused with bursts of light.

Countless coffins were placed one after another, bustling with activity. The luminous pearl was shining brightly. Under the illumination of the luminous pearl, the coffin looked a little eerie.

At this moment, Xu Bai suddenly pressed down on Yun Zihai's shoulder.

Yun Zihai turned his head in confusion. "Restrain your aura." Xu Bai said.

Yun Zihai only reacted after Xu Bai said this.

There was a unique and fierce aura rising from Yun Zihai's body.

If the Yun Zihai of the past was a gentle scholar, then the current Yun Zihai was a sword, a sword that flickered with cold light.

The aura was too strong. Even Yun Zihai could feel it.

"Why am I like this?" Yun Zihai lowered his head in disbelief.

On the other side, Chu Yu's condition was different.

The innocence in Chu Yu's eyes disappeared and was replaced by endless disgust.

"So annoying, so annoying!" Chu Yu massaged her forehead, unable to control herself.

Xu Bai walked to Chu Yu's side and patted her shoulder.

Chu Yu hugged Xu Bai's arm with a blank expression."Xu Bai, I can't control myself. "

At this moment, Chu Yu did not even address him as Young Master.

Xu Bai patted Chu Yu's head and said,""Perhaps this place will reveal everything."

He turned his gaze to the coffins and slowly walked up.

There were no words on the coffin, and there was no monument here.

When Xu Bai approached her, Chu Yu hugged his arm and followed him.

The closer she got to the coffin, the more Chu Yu hated it.

"Brother Xu, I have a special feeling."As Yun Zihai spoke, the sharp aura on his body could not be controlled at all and surged out crazily.

On the other side, Chu Yu nodded her head as well. Her face was filled with disgust.

"Since you all want to open it, then open it and take a look."

Xu Bai walked to a spot less than a meter away from the coffin and pulled out the Ghost Head Blade from his waist.. He stuck it to the gap between the coffins...

Chapter 254: The Way to Break the Situation Begins with

Xu Bai

Although the coffin was tightly sealed, there was still a thin line that extended along the edges. When Xu Bai touched the line with Ghost Head Blade, he could feel that it had loosened.

Apart from the loosening, there was also an inexplicable cold air coming out of the coffin, spreading along Ghost Head Blade's blade all the way to his hand.

When the cold air hit him, Xu Bai realized that he seemed to hear a series of shouts.

This shout was like an avalanche, instantly filling Xu Bai's brain.

He couldn't hear the specific content, but he could feel a murderous aura that rushed straight to the top of his head.

Xu Bai released Ghost Head Blade and frowned.

"Did you feel that murderous aura?"

He turned around and asked Yun Zihai and the others.

The few of them looked at each other and shook their heads, indicating that they did not hear it.

"Could it be that I can only feel it when I touch it?" Yun Zihai raised the brush in his hand in confusion and copied Xu Bai's appearance. He placed the brush on the coffin.

In the next moment, Yun Zihai retreated with a gloomy expression.

"Did you feel it?" Xu Bai asked.

"It's a very strong killing intent. I don't know why, but I actually want to fight against it and obliterate all the killing intent in front of me." Yun Zihai let out a long breath and said.

"Looks like the things in these coffins are not simple." Xu Bai said.

The more this was the case, the more curious he became.

This time, Ghost Head Blade was wrapped in the dark light of the Diamond Heart Fiend Body, and it stabbed into the crack with great precision.

When Ghost Head Blade stabbed in, his killing intent soared into the sky once again.

However, this time, the killing intent was blocked by Xu Bai's Ghost Head Blade, so it didn't affect Xu Bai like before.

"Rise."

Under everyone's gaze, Xu Bai lifted Ghost Head Blade and lifted the coffin lid.

At the same time, he grabbed Chu Yu's shoulders and retreated quickly with her.

Yun Zihai and Qin Feng were also on guard. They looked at the place where the coffin was lifted with vigilance.

The murderous aura became even thicker. This time, not only Xu Bai felt it, but the others also felt it.

However, other than the murderous aura, there was nothing unusual.

Gradually, the killing intent disappeared, and everything returned to normal. It was as if it had been sealed by the coffin lid for a long time and was released at this moment. It was released in one go.

“Take a look.” Xu Bai let go of Chu Yu and walked to the coffin lid. When he saw the situation inside the coffin, he frowned slightly.

Inside the coffin was a corpse.

The corpse had not decomposed, but it looked very strange.

Its limbs were bent, and its head was twisted into an exaggerated shape, as if it had no bones.

The clothes on the corpse were a little tattered, but the shape could still be vaguely seen.

“It’s them!”

At this moment, Qin Feng, who had been silent all this while, finally spoke.

Everyone turned their gazes to Qin Feng, not making a sound.

Qin Feng coughed awkwardly as if he had realized that he had lost his composure.

“Who is it?” “Don’t just focus on the awkwardness,” Xu Bai said. “We’re all on the same side here. They won’t laugh at you.”

Qin Feng, who was already feeling awkward because of his loss of composure, felt even more awkward after hearing Xu Bai’s words.

It was like when a person did something especially embarrassing, and the people around them came to persuade him not to feel bad. That would only increase the degree of social death.

"These clothes should have been left behind by the Gale Country. "Qin Feng first talked about serious matters. As for the awkwardness just now, he selectively ignored it.

When the word 'Gale' was said, everyone present had a different expression.

Yun Zihai's aura became even more intense, even making people feel that it was sharper than a sword.

Other than disgust, Chu Yu was more furious as if she had seen the most disgusting thing and wanted to get rid of it as soon as possible.

Only Xu Bai's expression was calm and he didn't show anything.

The reason why he didn't show it was because he didn't know what Gale Country was.

No, there was still some memory in his mind. The Gale Country seemed to be before the Great Chu Country. The Great Chu Country was established on the foundation of the Gale Country.

Other than that, there was nothing else.

As for why Yun Zihai and Chu Yu behaved differently, Xu Bai was even more confused.

"This is the clothing of the Gale Country. There's no need to say much about this corpse. I believe that everyone already knows a lot about the Gale Country."Qin Feng said.

Xu Bai raised his hand and pressed on Qin Feng's shoulder. Under Qin Feng's puzzled gaze, he said a sentence.

"I don't understand."

It was simple and direct, and he went straight to the point.

Qin Feng was stunned. Soon after, he understood that Xu Bai really didn't understand.

"I almost forgot that Xu Bai is a newbie sometimes."

Actually, this matter was usually not easily forgotten.

But the problem is, this person is Xu Bai, it is very easy to let people forget Xu Bai, in a certain aspect, is still a novice.

Such a powerful newbie is even fiercer than the veterans. Who would forget Xu Bai's identity?"Qin Feng thought so.

Thinking of this, Qin Feng didn't waste any time and told him everything about Gale Country...

The Gale Country was once the territory of the current Great Chu Country.

However, compared to the Great Chu Country that was flourishing day by day, the Gale Country in the past could be said to be notorious.

The last emperor of the Gale Country was fatuous and cruel, and didn't want to make progress.

They imposed exorbitant taxes on the commoners and were capricious towards the officials, causing Gale Country to be in deep waters at that time.

It was also because of this reason that the Great Chu Country came into being.

With an unstoppable momentum, it overthrew the Gale Country and finally

established the Great Chu Country..

Chapter 255: The Way to Break Out of the Situation Begins with Xu Bai

Of course, Qin Feng only briefly mentioned how it was established. At most, he said that in this process, many people in Great Chu had died.

Qin Feng glanced at Chu Yu when he said that. His meaning was self-evident.

After Xu Bai heard everything, he rubbed his chin.

No wonder Chu Yu was so disgusted.

Chu Yu was a member of the royal family and the daughter of King Sheng You. Naturally, she would be affected by something that had once brought great losses to Great Chu.

As for Yun Zihai...

Before Xu Bai could ask, Yun Zihai spoke first.

"These things have an irreconcilable hatred for the Green Cloud Academy. "Yun Zihai took a deep breath and slowly said,""Back then, the Emperor of Gale blamed the entire Nanhua Road because of a scholar's slip of the tongue. Many people in the Nanhua Road suffered an undeserved disaster."

Speaking up to this point, the killing intent on Yun Zihai's body became even

sharper.

Xu Bai thought to himself, It seems that the Qingyun Academy suffered a lot of losses at that time."

From Yun Zihai's performance, it could be seen that the Green Cloud Academy had definitely suffered heavy losses.

"These corpses have no bones. I think it has something to do with the white bones on the lake." Xu Bai picked up the corpse with his Ghost Head Blade and easily stabbed it into the corpse without any obstruction.

After understanding the general situation, another problem was placed in front of everyone.

What was the meaning of the bones outside and the bones here?

"Brother Xu, I don't understand." Yun Zihai said bluntly.

Not only Yun Zihai, but the others also shook their heads, indicating that they did not know what the reason was.

They weren't omnipotent, so it was normal for them to be confused.

Brother Xu rubbed his chin and said, "Let's check first and see if there are any clues.""

Everyone nodded and began to look around.

Next, they opened every coffin.

In every coffin, there was the same corpse. Other than that, there was nothing else unusual.

Other than the coffin, there was nothing here.

If he didn't have a coffin, then he would have to look elsewhere.

Everyone followed this space and searched again.

After a while, they found an exit in a hidden place.

“That person from the Chen family must have left from here.” “Should we chase?” Yun Zihai asked.

Xu Bai looked at the coffins around him and said, “Go after him.”

“Aren’t we going to destroy this place?” Qin Feng asked.

Other than opening the coffins around them, they did not touch anything else.

“Temporarily not.” Xu Bai shook his head. “We don’t know what will happen if we move this place. We’ll leave it for now. We’ll talk about it when we get to the Chen family.”

The things here were very strange. They were not people who knew anything about them, so it was better to keep them for now.

Yun Zihai nodded and agreed with Xu Bai’s opinion.

Time was of the essence. They did not stay any longer and walked towards the exit.

At this moment, something unusual happened.

The ground shook, and the source of the vibration was the only exit.

Other than the tremors, there was also a hint of gloominess in this space.

There was nothing unusual about the surrounding coffins. Only the exit had changed.

Xu Bai gripped Ghost Head Blade tightly and looked at the entrance of the cave.

A pale palm reached out from the hole and grabbed the edge of the hole.

This hand was not a human hand, but made of paper.

His entire body was completely defeated, and the color of paper was revealed. It perfectly explained what it meant to be as pale as paper.

Not only that, but the hand was also very large, the size of a basketball.

Just one palm was already so big, so one could imagine the size of the future.

After the palm appeared, it was followed by the head and the body. In the blink of an eye, a three-meter-tall paper figurine appeared in front of everyone.

The paper man's face was painted with strange makeup, and there were four arms on its back, each holding a knife, spear, axe, and axe. Even the weapons

were made of paper.

His expression was stiff, and his cheeks were painted red. His already strange face looked even more sinister.

"This thing looks quite strong." Xu Bai raised his eyebrows and said. Just that sinister aura alone made him seem like a unique person.

However, that was all.

The most important thing now was to seize the time.

Xu Bai raised his Ghost Head Blade and slashed at the paper figurine.

The astral winds followed Ghost Head Blade and headed straight for the paper figurine.

In the next moment, the paper man waved his weapon and blocked the strong wind in front of him.

Although the sabers, spears, and axes were made of paper, their hardness was not low.

The strong wind was dispersed. The paper man waved his weapon and ran toward Xu Bai and the others.

Chu Yu and Qin Feng activated their flying swords and engaged the four weapons.

Yun Zihai waved his brush, and the pages flew towards the legs of the paper figurine.

When the book came into contact with the paper figurine's legs, they were instantly cut off.

The running paper figurine fell to the ground after its legs were cut off.

On the other side, Xu Bai slashed down with his saber. The saber brought with it a fierce gale as it split the paper figurine into two.

He sheathed his saber.

"A fifth-grade paper figurine is the Chen family's family head's method of guarding the door."" We have to hurry," Yun Zihai said slowly. "If the red powder wants to silence us, the Chen family's paper man is already gone.""

The paper man's strength was at the Fifth Stage, but it was not human. It could only be considered a pseudo Fifth Stage.

However, to some people, it was already considered very strong. Unfortunately, the four people here were all first-class geniuses outside..

Chapter 256: The Way to Break the Situation Begins with Xu Bai

In just an instant, the paper man was disintegrated.

However, Yun Zihai thought of another problem.

Previously, Xu Bai had said that since the red fans had sent people over, they must have considered the risk of being exposed.

The easiest way to resolve this risk was to wipe out the Chen family.

Otherwise, bringing the Chen family along would always be a burden to the fans.

And the Chen family's most powerful paper man was here to deal with Xu Bai and the others.

In other words, the Chen family no longer had anyone who could deal with the red powder.

If the red fans really did this, the Chen family would be finished.

"Hurry up." Xu Bai said simply and rushed toward the exit.

Without further hesitation, everyone followed Xu Bai through the exit.

It was a cool night.

The moon is bright, and the stars are rare.

Chen Family.

In the backyard, Hong Fen was wearing a red muslin, revealing her white thighs.

Half-covered, it made her look even more charming.

At this moment, behind the red powder, the Chen family's head was lowered, waiting for the red powder's orders.

On Pink's right hand was a jade stone the size of a peanut.

The jade was emitting a weak light, flickering and looking very beautiful.

"Fengshui is the most crucial part. Since I have obtained it, I have the right to negotiate." Hong Fen played with the jade in her hand and slowly said.

She turned her head and looked at the head of the Chen family.

"Master, they are probably being dragged by the paper people." The Chen Clan Head said.

"Thank you for your hard work." Pink revealed a foxy smile.

The head of the Chen family raised his head and looked at the red pink smile with an infatuated expression.

In his eyes, Pink seemed to have become the most beautiful woman in the world. The world had lost its color.

Hong Fen raised her feet and walked towards the Chen Family's head, twisting her slender waist step by step.

The veil on her thighs swayed, revealing her fair skin from time to time.

It was the most alluring.

Sometimes, when men looked at beauty, they liked it the most. Those who were too direct were all newbies. The real veterans preferred this kind of feeling of being covered in clouds and fog.

The head of the Chen family became more and more dazed as he slowly stretched out his hands.

In front of him, Pink was taking off her clothes.

Her fair shoulders were round, and the veil did not slide down once it reached her shoulders, as if it was a paid content.

What welcomed the head of the Chen family was the hands of the red powder. However, these hands stabbed into the heart of the head of the Chen family, bringing about a mist of blood.

The head of the Chen family fell to the ground, lifeless.

Pink squatted down and looked at the ground. The veil was a little mysterious.

"Thank you for your hard work."

In the night, the voice of Hong Fen rang out.

Waves of red smoke spread from Pink's body.

In the blink of an eye, red smoke enveloped the entire Chen family.

After the Chen family came into contact with the smoke, they felt their bodies heat up. Then, they fell into some kind of excited fantasy and gradually lost their breath.

After doing all this, Pink stood up and muttered to herself, ""They should come to me""

In the red smoke, Pink's figure gradually disappeared.

On the dark street, there were four people running.

At that time, after Xu Bai and the others walked out, they rushed straight to the Chen family.

In front of Chen Yan was the corpse of the Chen family's head.

Chen Yan was muttering to himself.

"Dead...They're all dead..."

Chen Yan was the illegitimate son of the Chen family that he had met in Yunlai Mansion. He had even become their mole.

I don't think of the inside information, I don't think of the inside information, I don't think of the inside information, I don't think of the inside information.

Xu Bai and Yun Zihai looked at each other and walked to Chen Yan.

“Chen Yan, what happened to the Chen family?” Yun Zihai asked.

Hearing someone ask, Chen Yan quickly reacted from his dazed mood.

When he saw Xu Bai and Yun Zihai, he shuddered. The fear on his face was visible to the naked eye.

“Milord, they’re all dead. Everyone from the Chen Clan is dead.” As he spoke, Chen Yan told him everything that had happened.

Today, Chen Yan went to visit those who had helped him as usual.

However, something unexpected happened midway.

There was a house whose roof was leaking. The family was older, so Chen Yan helped to repair the roof.

This repair lasted until night.

When Chen Yan returned home, he saw this scene.

If he had not wasted time, it would have been gone by now.

Qin Feng walked around each room. When he walked out of the room, he shook his head and said, “No one survived. They were all dead. When they died, they had smiles on their faces. They must have been charmed by someone and were in their happiest state.”

This news confirmed Chen Yan’s words.

“Any news?” Xu Bai looked at Chen Yan and said.

Chen Yan was initially confused, but after hearing Xu Bai's words, his confused expression disappeared. He shook his head, indicating that he didn't.

He then looked at Yun Zihai and knelt on the ground, saying, "Sir, you have to seek justice for the Chen family. The entire Chen family has been destroyed, but the murderer is still at large."

Yun Zihai nodded and looked at Xu Bai. "Looks like the clues are broken again." Pink's intelligence was clearly much higher than Seven Ghost's.

This time, he did not make a move at all, but sent the Chen family over. After the matter was settled, he would decisively wipe out the entire Chen family.

Now, it seemed that there was no clue..

Chapter 257: The Way to Break Out of the Situation Begins from Xu Bai

"Did you see what the murderer looked like?" Xu Bai asked.

Chen Yan continued to shake his head, indicating that he was not sure.

At this moment, Xu Bai felt someone pulling him. When he turned around, he saw Chu Yu pulling his sleeve. She placed her hand by her mouth and gestured for him to come over.

Xu Bai was puzzled, but he still leaned over.

Chu Yu looked around and whispered into Xu Bai's ear, "Young Master, the paper man can be used to trace people. If Chen Yan tries, he might be able to find clues."

She was a member of the royal family after all. Unlike the other princes and princesses, Chu Yu was groomed by the emperor.

Of course, there was a lot more information between these industries.

Hearing this, Xu Bai's eyes lit up.

He turned his head and said, "Use your [Search] to see if there are any clues. "" As soon as he said this, Chen Yan quickly shook his head.

"Milord, I've only returned to the Chen family for a few days. I've only just entered the rank. "" I haven't learned these things yet," Chen Yan said helplessly.

As he spoke, he lowered his head, looking very ashamed.

Xu Bai was speechless.

Damn it.

If you can't do this, you can't do that. If you want to be a dog shit spy, you're better off with a knife.

At the thought of this, Xu Bai looked at Yun Zihai, implying that he should take a look for himself. This was the person he was looking for.

Yun Zihai was rather embarrassed." Come back with us first," he said."

Not to mention other things, just the authenticity of Chen Yan's words still needed to be verified.

Chen Yan wasn't stupid and understood what he meant. He quickly took out a book and said, ""Sir, I can learn it. I'll be able to learn the paper-tying technique very soon. This book is a secret manual of the Chen family. I just found it on the patriarch's corpse. I can... Sir, you..."

He understood that sometimes, he had to prove his worth.

However, before he could finish his sentence, he felt that his hand was empty. He realized that the book in his hand had disappeared and was in Xu Bai's hand.

Xu Bai looked at the book in his hand. On it were the words "Essence of Paper Binding". He smiled and said, "Tsk, tsk, tsk. I didn't expect you to search your family head's corpse right after he died."

This sentence was just a joke. In fact, Chen Yan's behavior was reasonable.

After all, he had only been recognized some time ago. Chen Yan had no feelings for the Chen family at all.

However, this was not the most important thing. The most important thing was that this book was very good.

Progress bar!

A golden progress bar was flashing on top of Paper Binding Essence.

"Chu Yu, you said that you might be able to find some clues if you search for traces, right?" Xu Bai asked.

Chu Yu nodded her head with a puzzled expression. "That's right. I've seen him before, but his strength is too low."

"Then there's no problem." Xu Bai looked at Yun Hai and said, "Brother Yun, take Chen Yan to the prison cell first and see if he's lying. As for this book, leave it with me."

If he could find some clues with the Paper Binding Technique, then it would not be a big problem for Xu Bai.

The progress bar was extremely unreasonable. No matter how difficult it was, as long as there was a progress bar, he could learn it.

Yun Zihai was a smart person, so he naturally knew what Xu Bai was thinking. He hurriedly said, ""Brother Xu, don't cultivate any more. You already have three types of essence, qi, and spirit. If you cultivate any more, it will only harm you."

He knew Xu Bai very well. He knew that Xu Bai had cultivated too much. In this world, cultivating too much was equivalent to making himself ordinary.

However, Xu Bai was able to stand out. Yun Zihai attributed it to Xu Bai's

terrifying talent.

Chu Yu was aware of this as well. She tugged Xu Bai's sleeve and shook her head gently. "Young Master, this is not good for you. You can't ruin your future because of this."

Only Qin Feng did not know about this.

When Qin Feng heard what Yun Zihai said, he almost jumped up. "What the hell? You cultivate more? He had even cultivated all three categories of essence, qi, and spirit, yet he could still reach the Fifth Stage Realm? You're a monster!"

This news was like a bolt from the blue to Qin Feng.

He had lost once before, and he was not someone who would admit defeat. Therefore, he had been looking for an opportunity to play another round with

Xu Bai.

Now he knew that he had lost well.

If others cultivated more while you cultivated alone, you wouldn't be able to defeat those of the same level.

However, there was a problem. Cultivating more was extremely time-consuming. Xu Bai could reach Rank-5 if he cultivated more. If he cultivated alone...

A monster!

In Qin Feng's heart, there was only one word.

"You might as well stop learning. For now, focus on one of them. "Although Qin Feng is a fisherman, his character is still open and aboveboard as he reminds.

If Xu Bai could cultivate one of them alone, he would definitely improve in a straight line.

If I don't learn it, I won't have any clues, " Xu Bai said with a smile." Without any clues, I won't be able to get rid of that guy. I feel uneasy. ""

At this time, he went along with what they said. After all, the cheat was a secret that no one could know.

"Brother Xu, I was right about you. "Yun Zihai patted Xu Bai's shoulder and sighed.""Although you are despicable, shameless, and ruthless, you are a righteous person when it comes to right and wrong. However, I can't let you take the risk."

When he said this, Yun Zihai had a determined expression.

These words were sincere, but why did Xu Bai feel that something was wrong?

"Brother Yun, if we weren't friends, I would've cut off your head for what you just said."" You don't have the energy," Xu Bai teased." It'll take time to learn this. Leave it to me. It doesn't matter. I'll stop as long as I learn how to find traces..""

Chapter 258: The Way to Break the Situation Begins with Xu Bai

What a joke. This was a progress bar. Even if this book was about bed techniques, he still had to learn it.

At this point, Xu Bai had already made it very clear.

Yun Zihai knew that Xu Bai's words made sense, so he couldn't refute him. He could only sigh. "Brother Xu, I owe you another big favor."

Letting others use more cultivation to break the situation, this favor was not only huge, but also ridiculously huge.

"Young Master, you even taught me to be selfish. However, you did these selfless things. I..." "So, this is your true personality." Chu Yu looked confused

and touched."

"If this matter succeeds, I won't hold it against you for beating me up back then. "Qin Feng cupped his hands." He cultivates more just to break the situation. He's a man."

The corner of Xu Bai's mouth twitched. He knew that these guys were thinking too much again.

What the hell is this!

I'm really just doing this for the progress bar!

Xu Bai cursed in his heart, but he did not point it out.

He looked around and realized that this was not a place to stay for long.

Xu Bai thought for a moment and said, "This matter is settled. Let's go back first."

He had to hurry up with the progress bar. This was a good thing to break the situation.

Yun Zihai and the others also knew this and did not linger.

Everyone brought Chen Yan and rushed to the government office.

After returning to the government office, Chen Yan was taken to the prison cell, and everyone returned to their rooms.

After Xu Bai returned to his room, he first checked the clay pot. After confirming that there was no problem, he lay on the bed.

It was too late now. He had to maintain his condition, so he would not be able to work at night.

No matter what he did, he couldn't rush for success, or else it would backfire.

Lying on the bed, Xu Bai gradually fell asleep.

The next day.

After the incident last night, Yun Zihai was the busiest.

They had to investigate whether what Chen Yan said was true and pay attention to whether there were other clues.

As for Xu Bai and the others, it was slightly simpler.

Qin Feng ran out to fish again. Although every time he came back, the fish basket was empty, he did not give up. Instead, he became more and more courageous.

Xu Bai also maintained his usual rhythm.

During the day when he was teaching Chu Yu, he would focus on studying Chu Yu's Gu Yue Flying Sword Technique.

After class, he turned his attention to the book, "Essence of Paper Binding "

As for the terrine, Xu Bai temporarily put it at the back.

Some things had to be adapted to the local conditions and times.

What he needed the most right now was this book, "Essence of Paper Binding After all, the matter of the red powder was still a thorn in his heart.

How can you let others sleep peacefully beside your bed?

After dealing with the red powder, Xu Bai came to the liver jar.

"Sometimes, having too many progress bars is also a headache. "Xu Bai looked at the progress bar in front of him and thought to himself.

Time passed by unknowingly.

They were all waiting for Xu Bai's results. On the other side, in a remote wilderness, Hong Fen, who was wearing a red muslin, was holding a jade and slowly studying it.

She carried the flower-sized jade with her and placed it in a wooden box. The wooden box was placed in a bag and carried on her back.

Only in a safe place would the red powder be taken out for research.

“Good stuff, really good stuff.” Hong Fen looked at the jade in front of her and liked it even more

“Although I don’t know what the manager’s goal is, nor do I know the function of the jade stone, the power contained in it is powerful enough.”

Within the jade, there was a force that was extremely pure energy.

Pink could sense that her energy wasn’t just pure, it was a lot.

That day, the manager even asked her to expose her identity, but she still wanted to keep this jade stone, which proved that it was very important.

And this was also the capital of the maiden.

“I’ve had enough of the situation where I’m going to die at any time.”

“The Dark Tower will always treat me as a chess piece. I also want to be a chess player.”

“This is my confidence.”

Pink placed the jade in her hand into the wooden box. She found a hidden forest and buried the wooden box inside.

After everything was settled, she got up and walked in a direction.

On the way, the two of them walked in a straight line.

After walking for about four hours, they arrived at a small river.

The river was clear, and when the water flowed, it made a splashing sound.

Pink stopped by the river and looked at the other side.

On the opposite shore, there was a man who was facing her and staring at her with bright eyes.

“Are you my new partner?” Pink raised her hand and covered her mouth, letting out a gentle laugh. “The manager told me to wait for you here.” On the other side, the man was wearing a mask.

When the red powder speaks, the masked man steps forward.

With just one step, he arrived in front of the red powder.

The masked man reached out and grabbed Pink’s neck.””How dare you! How dare you steal something and come to me? Do you know your crimes?”

Pink didn’t have any reaction. Instead, she showed a provocative smile. “Kill

The masked man’s breathing stopped at the moment when he was about to get into a state of unconsciousness.

Pink laughed.” Since you don’t dare, why are you pretending? Disgusting man.”” The masked man let go of his hand and fell silent.

The surroundings were quiet, and no one spoke. Only the sound of the river flowing could be heard.

After a moment, the masked man spoke slowly.

“Tell me, what are your conditions?”

Chapter 259: The Mystical Side of the Paper Binding Technique

“I just want to live.” After the masked man let go of her hand, Pink coughed violently. She coughed for a long time before she slowly recovered.

“Survive?” “Everyone wants to live,” the masked man said with a smile. “I want to live too. But in this world, you can’t live just because you want to.” “There was a hint of sarcasm in his words, and he did not even try to hide it.

Survive?

Who wouldn’t want to?

The masked man also wanted to. In this world, everyone wanted to live well. However, for members of the Dark Tower like them, wanting to live was sometimes a luxury.

As long as the organization gave the order, they could only die. As for anything else, it was impossible.

Unless they betrayed the organization, everything else was empty talk.

But was this possible?

It was simply impossible.

They had a special identity and had betrayed the organization. Could it be that they still wanted to rely on Great Chu?

Not to mention the various assassinations he faced after his betrayal. Even if they were facing Great Chu, they could not dream of freedom.

How could a traitor live well?

"I know what you're thinking, but have you ever thought that we grew up in Great Chu and were trained by Great Yue to be ruthless chess pieces?" Pink rubbed her reddened neck and said, "Why can't we control our own lives?" As she said this, Pink unconsciously used the Art of Charm.

However, the masked man did not waver at all. Instead, he looked at the red powder with a pitiful gaze.

Pink was shocked. This time, she understood what the manager meant.

This man was actually immune to her charm. What it meant was self-evident.

The manager had sent the masked man over to take her life.

"I know that this idea is very ridiculous, but it's absolutely possible." "Don't you want to live?" Pink hurriedly asked. I can tell you that the manager wants me to die with just a word. Can you endure the feeling of being controlled by someone else?"

She was a little scared.

Since the manager had sent someone who was not affected, he must have wanted to kill her directly. Now it seemed that the manager did not care about the so-called jade at all. He wanted to nip all the risks in the bud.

She could only try her best to say that at least there was a chance of survival.

When the chips he held were not enough to be valued by the other party, he could only pin his hopes on forming a faction.

The red powder only hoped that this masked man would be convinced by her.

Reality proved that her thoughts were right because she saw that the masked man's face revealed a hint of conflict.

Thinking of this, the red fans decided to add fuel to the fire.

"As long as my plan succeeds, we can at least live a stable life like ordinary people." Pink said slowly.

The masked man finally moved after he said this.

"Can the poison that the Dark Tower gave us be cured?" The masked man's words were filled with hesitation.

Every member of the Dark Tower would take a poison after joining the Dark Tower. If they did not take the antidote regularly, they would definitely die.

This was the shackle that bound every member of the Dark Tower.

"Yes." "Once the poison is cured, do you still dare to stay by the steward's side?"

The masked man was stunned." Why should I stay? If the poison is cured, I will go far away and never appear again. I..."

Before he could finish, the masked man could not continue.

If he stayed by the manager's side after the antidote was removed, it was very likely that he would be discovered.

But far away...

Could he really run away?

They probably couldn't escape. After all, traitors were never welcomed. "Therefore, what we need to do is to live a stable life."" I've already seen a

corner of the manager's plan," Pink said. "If we can perfect it and pretend to die in this plan, we won't have to worry about anything.""

At this point, the pink girl's gaze was firm and she did not dodge at all.

"Tell me about it," the masked man said thoughtfully.

Pink shook her head. "Of course, I have to tell you what happened next, but not now. Just say that I ran away and you didn't kill me.""

Her meaning was obvious. She did not want to tell the masked man now because she was afraid that the masked man would turn hostile.

"Then you have to tell me the antidote," the masked man said in a low voice. "If you don't tell me anything, won't I lose both my life and money?"

Pink frowned.

What the masked man said just now did make some sense.

They were all humans, not animals. How could they be fooled with just a few words?

After thinking for a moment, Pink finally relaxed her brows and said, "I spent a lot of time researching the antidote. I can tell you half of it now to prevent you from testing it and causing unnecessary suspicion."

As she spoke, she read out a few medicinal herbs.

Although there were only a few herbs, the masked man's mind was constantly circulating them, and it really had a slight restraining effect.

"I'll go back now and tell the manager that I've failed." "If you have any new plans, you can tell me," the masked man said slowly."

Pink nodded, indicating that she would definitely do so.

The masked man turned around and prepared to leave.

At this moment, the red powder heaved a sigh of relief and prepared to leave this troublesome place.

She really didn't expect the manager to be so decisive. He didn't give her any chance at all. He didn't even want to bargain.

"Leave first and find a place to hide." Pink thought.

As long as this masked man left, she would be safe. What she said just now was completely a lie to the masked man..

Chapter 260: The Mystical Side of the Art of Binding Paper

(2)

How could she possibly need another helper?

One more person meant one more risk of failure. She wasn't stupid. Why would she do such a stupid thing?

After he escaped today, he would be like a fish in the sea and a bird in the sky.

As for how to fake his death, there were many ways to do so. There was no need to rush.

Thinking of this, the red fans were secretly delighted. They did not expect the other party to be so gullible.

However, before she could be happy for long, she suddenly felt a flash in front of her eyes. Then, she felt pain in her chest.

When she looked down, Pink realized that there was a huge bloody hole in her chest.

In the bloody hole, the masked man's hand was grabbing her heart and was still exerting a little force.

As an expert, although the fighting ability of the red fans was not the most outstanding, they had the vitality that they should have.

"Why?" Other than pain, the red powder was more confused.

She had already explained so clearly, but the other party did not care at all and still wanted to kill her.

This was not right at all.

"Do you know that they are already prepared to use the search to find traces?" "That Xu Bai doesn't even mind cultivating a lot in order to kill you," the masked man said calmly. "Once he finds you, he will uncover many secrets of the Dark

Tower."

Searching for traces?

The pink girl was stunned, he dared to cultivate more just to kill me?" This news was even more terrifying than her immediate death.

What could she do? It was too extravagant to let the other party use such a self-destructive method to find her tracks.

"You mentioned the secret of the Dark Tower." Pink's shocked expression slowly disappeared and turned into a bitter smile. Blood was already flowing from the corner of her mouth."So it's the steward. I'm really honored."

To be able to care so much about the secret of the Dark Tower, there was no doubt that it was the manager.

Every manager was loyal to the death, like a stone in a latrine pit, smelly and hard.

The masked man nodded and did not deny it."What is the second half of the antidote? You need a quick death. If you tell me, I'll give you a quick death."

Pink laughed when she heard this." I didn't expect a manager like you to want the antidote. I thought you were so loyal to Dark Tower. That's all."" "Cut the crap, hurry up!" the masked man said coldly.

Who knew that the red powder would remain silent and not speak at all.

The masked man sighed and squeezed Pink's heart with his right hand.

Actually, he could have waited a little longer, but he could not wait any longer.

According to the exact information, Xu Bai was already preparing to start practicing the Paper Binding Technique. His goal was to use the tracing technique.

If he pretended to let the fans go now and Xu Bai came to find him, the result would be obvious.

Unfortunately, he did not get what he wanted.

“Jade, jade.” The masked man muttered to himself, “That’s the most important thing. I must find it. Since you’re using the tracking technique, I’ll beat you at your own game.”“

Thinking of this, the masked man did not stay any longer. After dealing with the corpse in front of him, he turned around and left.

The river was still flowing. No one knew that something big had happened here.

Time slipped away unknowingly.

During this period of time, Xu Bai had been constantly checking the progress bar.

After such a long period of time, Xu Bai’s harvest was quite plentiful.

Firstly, Gu Yue Fei’s sword technique had been secretly improved by half. This was a huge breakthrough, and it would probably not take long before it was all gone.

Secondly, and most importantly, he had filled up the paper essence.

Looking at the perfect progress bar in front of him, Xu Bai took a sip of tea and waited for the change.

A light blue smoke appeared and gradually turned into a line of words that appeared in front of Xu Bai.

[You have studied the essence of binding paper and comprehended the essence of binding paper.]

As the words appeared, a large amount of information surged into Xu Bai's mind.

This time, there was no fusion option. It was an independent skill.

A new attribute panel appeared in front of Xu Bai.

[Name: Xu Bai]

[Realm: Fifth Stage unspecialized.]

[Three Breaks (Level 4): Maximum level.]

[Reversing Purple Cloud Squall, Yin Yang Disorder (Level 5-5):[Maximum level.]

[Maple Leaves Like Rain (Tier 2): Maximum level.]

[Four Steps (Level 3): Maximum level.] [Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level.] [Kidney Strengthening Technique (Level 4): Maximum level.]

[Hundred Poison True Clear Rank 3]: Full Rank.] [Paper Binding (Level 5): Maximum level.]

[Comprehension (max level)]

As he savored the skills in his mind, the corners of Xu Bai's mouth curled up slightly, revealing a satisfied expression.

The head of the Chen family had not cultivated the essence of paper binding to perfection, yet he was able to make pseudo-fifth-tier paper figurines. Now that he had perfected it, fifth tier paper figurines were within his grasp.

And it wasn't just paper people.

Xu Bai took out a piece of Xuan paper from the table and folded it agilely.

His hands were so fast that he could leave an afterimage. Compared to those men who had been single for twenty years, he was countless times faster.

In just a breath's time, a lifelike paper crane appeared.

Xu Bai waved his hand and tossed the paper crane in the air, flapping its wings, circling around Xu Bai, dancing non-stop, looking extremely elegant.

After he comprehended the essence of the paper binding technique, he realized that the paper binding technique could not only be used in battle.

Paper figurines were good, but there were more magical things.

For example, this paper crane was a good thing to find traces. There were also paper cows and paper horses, each with its own unique features.

However, there were some limitations to the Tier 5 paper figurines..
