

Unparalleled 301

Chapter 301: Encounter After Encounter (3)

Regarding this, the Purple Wood Manor's Manor Order did not say anything.

After all, His Majesty had already said that the matters of the martial world were left to the Heaven Inspectorate. The fighting and killing in the martial world had nothing to do with him.

However, the Department of Heaven Supervision did not care about this.

It was just an assassin organization in the prefecture. They did not dare to kill big shots, let alone have the ability.

As for killing those little things in the martial world, it would reduce the workload of the Heaven Inspectorate.

Fewer people meant less chaos, and the Heaven Inspectorate was happy to see it.

"Where are you?" Xu Bai asked, stroking his chin. What experts?"

Xu Bai interrupted him.

"To be honest, I'm prepared to bring you along. If you lie and something happens to me, you won't be able to escape as a traitor." These words dispelled Twelve's last thoughts.

He couldn't lie and had to answer truthfully.

"Pigeon Brothel is divided into three levels: gold, silver, and bronze. We are gold-medal assassins with a cultivation of the Sixth Stage. Above that is the Tower Master. It is said that the Tower Master has a cultivation of the Fifth Stage. As for what the Tower Master does, we are not sure. "Twelve spoke very quickly, not daring to hide anything.

“Only Rank-5.” Xu Bai grinned.” Since it’s an assassin, someone must have ordered it. Do you know who it is?””

Twelve shook his head quickly.” Only the Tower Master knows. We don’t know. “”“

As he spoke, he looked at Xu Bai with an extremely hopeful gaze.

He had already said everything he needed to say. It was time to let him go. “I never thought that you assassins would be so naive.” Xu Bai said.

Twelve paused.

The blade flashed, and Twelve’s head flew high into the air.

Xu Bai turned his head and looked at the remaining people, brandishing his Ghost Head Blade one after another.

Before long, there were only corpses left on the ground.

Xu Bai searched them one by one, but other than some silver notes, he found nothing else.

As for those weapons, they were useless to him.

After doing all this, he did not stop. He rode a fast horse and rushed towards the Purple Wood Mansion without stopping.

There were no more obstructions along the way.

When Xu Bai arrived, it was already late.

He found a place to stay and handed the horse to the waiter. He returned to his room and took out a set of black clothes from his bag to change into.

After changing into black clothes, he covered his face and walked out of the street.

At night, there were no night-time entertainment activities, and almost no one passed by.

Xu Bai rode on the dark night and shuttled through the streets.

Not long after, they arrived in front of a shop.

According to the information given by Twelve, Pigeon Tower's nest was in the Purple Wood Mansion.

The so-called most dangerous place was also the safest place. It was especially safe to build it within the Purple Wood Mansion.

Pigeon Restaurant's hospitality was also very secretive.

If one wanted to find a killer, one would first need a primer. The so-called primer was the person Pigeon House had planted in the Purple Wood Mansion.

They were responsible for finding interested guests and bringing them to a secret place. Naturally, there would be people from Pigeon Restaurant who would come over to ask about the price and so on.

From the beginning to the end, he would not let the guests come into contact with the root of Pigeon Restaurant.

Xu Bai stood in front of the shop and narrowed his eyes.

The Purple Wood Mansion was not like the Cloudcome Mansion. This place was not considered remote. Compared to the Cloudcome Mansion, it was much more prosperous.

Even the shops on the streets were very spacious.

The shop in front of him had a courtyard and could accommodate many people.

As usual, since it was business, it was about integrity.

In the past, Xu Bai had cooperated with Liu Xu Wu Hua, then Yun Zihai, and finally King Sheng You. They had all done things for money and did not delay.

Now that the Emperor had given him 21 nameless saber scriptures, he was naturally doing it for money.

He didn't plan to do any more investigation. After all, he had a clue. He could just come over and get it.

He could still deal with Pigeon Tower, which had the highest strength of the Fifth Stage.

Of course, he had to be cautious.

Looking at the closed door of the shop in front of him, Xu Bai waved his hand.

A paper crane flew out from the other purse at his waist.

This paper crane was extremely small, only the size of a pinky fingernail.

As the paper crane appeared, Xu Bai extended his hand and pointed. The paper crane flew along the outer wall of the shop and directly flew in.

"This paper binding technique is more practical than I imagined." Xu Bai rubbed his chin and thought to himself.

After doing all this, he found a secret place and waited.

The paper crane flew into the back of the wall and followed the darkness to find a corner.

There was a courtyard behind the wall, and there was no one in the courtyard.

There were no lights in the surrounding houses. Only one room was lit up.

The paper crane stopped in the air for a moment before flying toward the light.

At this moment, Xu Bai, who was hidden in the street, was sensing through the paper crane.

As the paper crane approached, the sound inside could be heard.

"Yes... Hmm..."

Xu Bai, who was standing at the corner of the street, twitched his mouth.

Something was wrong with this voice.

The gentle female voice mixed with the strong male voice only gradually calmed down after the time it took for an incense stick to burn.

"Leader, are you feeling better?" the female voice said.

"Yes," a thick male voice said. "We actually lost twelve gold-medal assassins this time. It was really a mistake. If I had known that Xu Bai was so strong, I would have made more preparations. ""

"Sigh, I can't blame you for not preparing. The main thing is that Xu Bai is too strong."The gentle female voice sounded again.

"Of course. Why don't you try again?"the OP said.

At this moment, another special voice sounded..

Chapter 302: Encounter After Encounter (4)

A moment later, the voices in the room suddenly turned into horror.

"W-what are you doing?!" This was the voice of the building lord.

"What do I want? Of course I want to squeeze you dry."The gentle female voice sounded proud. "No, no, no! Stop!"

In a hidden corner, Xu Bai was stunned.

"Not good!"

It seemed like there was a third party who had joined in. And now, the owner of Pigeon Building was being silenced.

Xu Bai didn't have time to think. He walked out of the corner and flipped over the wall.

Wouldn't it be a loss if this clue was lost?

As he flipped into it, he immediately rushed towards the only room that was lit up.

However, before he could arrive, he saw a pink mist rising from the room. The door of the room opened from the inside, and a dried corpse was thrown out.

Through the door, Xu Bai saw a fair body flash past the room.

“Young Master Xu has indeed come. I really want to spend a night with you and let you experience the happiness of the human world.”

Her fair body gradually became clearer, and a naked beauty walked out, making one’s blood boil.

Xu Bai looked at the dried corpse in front of him and remembered the thick voice from before. He smiled and said, “Plucking Yang to supplement Yin, plucking technique.”

After all, he was a man who had completed a new surgery on the liver and fused it with the kidney harvesting technique. He had some knowledge.

“Hehehe,” The woman covered her mouth and chuckled. Her chest rippled, making people dazzled. “It seems that Young Master Xu also knows these things. Then... Young Master Xu, do you want to experience it?”

“Of course I do.” “You have to tell me who the person behind you is,” Xu Bai said.”

He would never believe that this woman was the only one dealing with him.

“That depends on whether Young Master Xu can satisfy me.” The woman walked toward Xu Bai with her long legs.

As she walked, the pink mist around her kept flowing and surging toward Xu Bai.

As soon as the pink mist surrounded him, Xu Bai felt an impulse attack him.

The attack came too quickly, but Xu Bai had no intention of dodging.

Was this a joke?

That was something that could help a man stand up.

Everyone knew that men were always at a disadvantage in this aspect.

But now, Xu Bai was different.

This pink mist was like a primary school student in front of him. He could see through it at a glance.

In the pink mist, Xu Bai suddenly felt something tighten around his waist. At the same time, his neck was wrapped.

"I want to see how strong a man like this, who even the emperor has taken a fancy to, is..." the woman said.

At this moment, a hand moved along the woman's chest and grabbed her neck.

Under the woman's terrified gaze, he was lifted up by Xu Bai.

"You're too dirty." Xu Bai said indifferently.

"How are you alright?" The woman said in disbelief.

This was the first time she had failed, and it was also the most unbelievable.

Xu Bai came closer and whispered a few words...

‘Silkworm Entanglement, Dragon Wanzhuan, Fish Bimu, Swallow Concentric, Jadeite Intersection, Somersault Butterfly, Flying Duck on Its Back...” As Xu Bai spoke slowly, the woman’s eyes widened in disbelief.

“How can you have so many!”

Her worldview was shattered. She knew too much!

“You have a chance to live.” Xu Bai said slowly without saying anything else.

As soon as she finished speaking, the woman fell silent.

“Looks like you don’t want to live.” Xu Bai said.

Being pinched by Xu Bai, the woman sneered, “It’s just Master’s mission. I won’t betray Master.”

After saying that, her face suddenly turned red, and her body kept twisting. “Since you know this line of work, you should know what I am doing now...” Xu Bai let go of her and let her fall to the ground.

The woman seemed to have lost her mind. She kept twisting on the ground and then crawled toward Xu Bai.

“Hurry...”

Xu Bai raised his leg and kicked the woman in the chest, causing her to lose her breath.

There was a knife on the head of the lustful character.

This woman turned into a knife, and no medicine could cure her.

According to the explanation on the new bed technique, this woman was beyond saving, at least not Xu Bai.

Looking at the woman's corpse in front of him, Xu Bai's frown deepened.

He began to search the rooms, searching every room.

Every room was filled with dried corpses.

Other than that, he found nothing.

"Let's leave first." Looking at the corpses on the ground, Xu Bai did not stay any longer and left.

After leaving the shop, he returned to the inn and carefully sorted out the clues from tonight.

There seemed to be no more clues.

However, it didn't matter if it was gone. As long as he was here, the trouble wouldn't stop. Then, there would always be clues.

Every time he attacked, it was an opportunity to gather clues. Unless the other party did not attack, he would find them sooner or later.

At the thought of this, Xu Bai calmed down a little. He took out the first Nameless Saber Scripture from the wooden box and looked at the progress bar that was about to be completed. He continued to work hard.

He worked until late at night. Seeing that it was getting late, he considered that the more dangerous it was, the more he had to maintain his mental state. Xu Bai released the Fifth Grade Paper Figurine and let it guard him. He went to bed early.

The next day.

Xu Bai woke up from his sleep. He put away the Fifth Stage paper figurine that was guarding the side and took out the Nameless Saber Scripture.

Soon.

Soon, he would be able to fill this book.

Although there were still twenty more books to go, everything could be done slowly..

[illegible]

As for what happened last night, he would put it aside for now. In his eyes, nothing was more important than the progress bar.

As time passed, the progress bar gradually increased and finally became perfect.

In Xu Bai's line of sight, light blue smoke appeared. After the light blue smoke appeared in the air, it gradually turned into words.

[You have studied the Nameless Saber Scripture and comprehended the 24

Steps of Armor Penetration (Incomplete).]

“Yes... Armor Break 24...Step?”

At first, Xu Bai didn't realize what was going on, but when he did, he realized that the name was one word different from what he had imagined.

“Step? Movement technique?” Xu Bai thought to himself.

With a little thought, he figured out the profundity.

A truly powerful saber technique was not just a saber technique. If it could allow a person to enter Rank One, it must contain other things, including mental cultivation techniques, footwork, and so on.

“In other words, once I finish all of them, I might have many skills that will be strengthened.” Xu Bai quickly came to a conclusion.

Of course, this was just a guess. Everything had to wait until the end. If the liver was really as he thought, it would definitely be a good outcome.

After the light blue words appeared, they gradually disappeared. Then, in less than a breath's time, they gathered again. This time, they fused.

[Fusion option found. Fusion in progress.]

[Armor Penetration 24 Steps (Incomplete)+ Four Steps of Movement = Movement Penetration 2nd Transformation.]

Xu Bai was speechless.

As expected, it was still Little Gold's previous naming method, simple and easy to understand.

A large amount of information entered his mind. The light blue text in front of him disappeared and turned into Xu Bails latest interface.

[Name: Xu Bai]

[Realm: Fifth Stage unspecialized.]

[Three Breaks (Level 4): Maximum level.]

[Reversing Purple Cloud Squall, Yin Yang Disorder (Level 5-5):[Maximum level.]

[Wind Snow Return (Level 5): Maximum level.]

[Breaking through second transition (level 4): Maximum level.]

[Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level.]

[Kidney Harvester (Level 5): Maximum level.]

[Hundred Poison True Clear Rank 3]: Full Rank.]

[Paper Binding Essence (Level 5): Max Level.]

[Indestructible Body (Incomplete)(Level 5):[Maximum level.]

” Comprehension: Maximum level.”

The skill's level had changed. It had changed from the previous third rank to the fourth rank. The corresponding level was the sixth rank.

First of all, this was a huge change. After Xu Bai had fully understood the information in his mind, he pulled out Ghost Head Blade in his room.

In the next moment, his True Core Strength surged and he used Breaking Through the Second Transformation.

He only moved his feet slightly, but in an instant, he brought Ghost Head Blade to the other side.

There was a qualitative difference in his speed. If he were to face the crisis he encountered before, for example, the Feng Shui Master You Mu, You Mu might not be able to hurt him just by relying on this footwork.

Although this skill only corresponded to a Level Six expert, and You Mu was a Level Five expert at that time, don't forget that his skill was at the maximum level.

Xu Bai nodded in satisfaction. He destroyed the book and took out another one from the wooden box.

Just as he was about to continue, he stopped.

Recently, she had been tired from the journey and had not eaten her fill. Now that she had a place to stay, she would go out and have a meal first.

Coincidentally, it was also a chance for the other party.

After all, if they stayed here, the other party would not have the opportunity to attack.

According to his agreement with the Emperor, he would stay at each marked place for a period of time. As for how long he would stay, it would depend on whether the other party moved.

If the other party didn't make any moves, he would at most stay for four or five days before leaving. But now that there was movement, he naturally wouldn't let it go.

Thinking of this, Xu Bai put the book back into the wooden box and carried it with him as he walked out.

The Purple Wood Mansion was much more prosperous than the Cloudcome Mansion. The area was also much larger, and the streets were more lively.

Walking on the street, Xu Bai could feel the lively hawkers and the surging flow of people around him. He casually found a stall to eat and ordered one or two side dishes.

Not long after, the side dishes were served on the table, along with a bowl of porridge.

However, Xu Bai only glanced at it and did not eat it again.

"In order to deal with me, he really used all kinds of methods."

Looking at the normal dishes in front of him, Xu Bai pursed his lips.

The dishes were ordinary. It was a home-cooked dish with a bowl of porridge. Sitting there was very enjoyable.

Of course, that was only during normal times.

In Xu Bai's eyes, the dishes in front of him were full of poison.

Ordinary people would not be able to discover it, and those who did not understand poison would not be able to see through it. However, those who had the Hundred Poisons Insight could see through it.

Xu Bai stood up, turned around, and left the place.

This stall owner was just a normal person, and the people around him even greeted him. Clearly, they had opened a shop here a long time ago.

It seemed that he had been poisoned halfway or at the beginning, but Xu Bai did not find out who had poisoned him.

After leaving the stall, Xu Bai went to several other places to eat, but nothing happened again.

After he was full, he rushed to the inn.

Since no one was looking for trouble, he would go back and continue working.

Xu Bai thought as he walked.

It was already noon when they arrived at the inn.

He went up the stairs to the second floor of the inn and found his room at the corner. He unlocked the door and pushed it open.

However, the moment the door was pushed open, the sound of a mechanism turning could be heard..

Chapter 304: The Might of the Indestructible Body (1)

By the time the mechanism rang out, Xu Bai had already placed his hand on the Ghost Head Blade at his waist.

In the room, a young man in his twenties was holding a crossbow and pointing it at Xu Bai's forehead.

The bow was nocked, but there were no arrows on the bowstring.

“Clang

The empty sound echoed in the room, breaking the silence and filling the room with a touch of sound.

Xu Bai narrowed his eyes. He didn't draw his saber but sized up the young man from head to toe.

The most eye-catching thing was the scar on the right side of the young man's face. It seemed that he had been injured.

However, the scar remained on the young man's face. Not only did it not look ugly, but it also added a hint of ruffian aura.

Seeing that Xu Bai didn't draw his saber, the young man put down the bow in his hand and stood up from the chair. He crossed his arms and bent over slightly.

This bow was a complete bow, showing that he was very serious.

“Ji Xiaoshan, the young pavilion master of the Jiqiao Pavilion, greets Lord Xu. I hope Lord Xu can forgive me for coming here.” Ji Xiaoshan said in a low voice, then straightened his body. The scar on his face was especially eye-catching.

Xu Bai walked into the room and looked at Ji Xiaoshan with interest. His right hand gently stroked the hilt of Ghost Head Blade. “Tell me, why did you come here and everything else. If I'm satisfied, you won't die. If not, you won't be able to leave this room.’

He didn't give her any face and closed the door behind him.

Xu Bai was quite interested in a person who had come out of nowhere at this time. However, he did not know if the things that this person had brought were enough to buy his life.

Ji Xiaoshan didn't panic. He placed his hands at his sides and said, "I already knew that Lord Xu was temperamental and had a strong killing intent. It seems that it is indeed as Wu Hua said, Lord Xu is really like this."

"No Flower?" "You're related to No Flower?" Xu Bai narrowed his eyes.

Speaking of which, it had been quite some time since he had seen the monk from the Titanium Temple.

Ever since they parted ways in the county, Wu Hua and Liu Xu had returned to the Titanium Temple and Qingyun Academy respectively. Although they occasionally wrote letters, they had cut off contact because of Yun Zihai's matter.

Xu Bai still remembered that he still owed him a disguise.

Currently, the only people Xu Bai was on good terms with were Liu Xu, Wu Hua, Yun Zihai, and Chu Yu. Qing Xue was considered half of them. As for Qin Feng, Xu Bai really wanted to beat him up again.

Therefore, after hearing the news about No Flower, Xu Bai was slightly surprised.

"Wuhua has already entered the sixth rank. It is said that he is now immersed in the Spring Rain Pavilion every day, refining his heart with the secular world. He is not far from the fifth rank." Ji Xiaoshan explained.

Xu Bai was speechless.

Spring Rain Pavilion?

This guy was a monk?

Xu Bai's horizons had been broadened since he could actually refine the heart in the mortal world like this.

“You know Wu Hua, so I’ll take it that you’re real for now. Why are you looking for me?” Xu Bai said.

“This one came here this time because I actually want to discuss a business deal with Lord Xu. It’s related to the Purple Wood Manor.” “I heard from Wu Hua that Lord Xu likes to talk about business the most. I’m just following his interests.” Ji Xiaoshan said with a firm gaze.

Xu Bai’s interest was piqued when he heard the word ‘business’.

He walked to the chair and poured a glass of water. “Tell me.”

“Lord Xu, this trip to the capital is bound to be heavily blocked and dangerous. Just this trip to the Purple Wood Prefecture alone is estimated to have at least five or six factions eyeing it.” Ji Xiaoshan said slowly, “Jiqiao Pavilion has used all the information they know. They have already found 90% of the information. There is only one thing left.”

“Because Lord Xu arrived, they finally surfaced.”

Ji Xiaoshan placed a piece of paper on the table.

Xu Bai picked up the piece of paper and glanced at its contents.

“Nan family, Sun family, Qian family, Zhao family, Bai family...”

“It seems that the intelligence of your Jiqiao Pavilion is not bad.”

“Of course.” “The Jiqiao Pavilion has already investigated these five,” Ji Xiaoshan said. “We have a lead on the remaining one.”

At this point, Ji Xiaoshan stopped talking.

“What do you need?” Xu Bai tapped his fingers on the table and said rhythmically, “Speak, be direct.”

Ji Xiaoshan sheathed the crossbow at his waist and said, "Lord Xu is indeed a straightforward person. I won't waste time. What the Jiqiao Pavilion needs is to rely on Lord Xu."

"My Jiqiao Pavilion was originally one of the top powers, but many years ago, due to an accident, most of the foundations of the pavilion were destroyed."

"At that time, an idiot who had no divine soul appeared out of nowhere and destroyed most of the foundations of the Jiqiao Pavilion. Although that person was severely injured in the end, he paid a heavy price."

"It is difficult to go from extravagance to frugality. If Jiqiao Pavilion wants to rebuild its former glory, it needs Lord Xu's help."

At this point, everything was clear.

Xu Bai rubbed his chin and said, "It's not just me, right? It seems that your

Jiqiao Pavilion has already seen through the essence."

He knew very well that the person the Jiqiao Pavilion wanted to rely on was not him, but the person behind him, the Emperor of Great Chu.

"There is an item in the pavilion that is a combination of heavenly secrets and ingenuity. The price is that this item will disappear forever." "But it's all worth it. As long as it helps Lord Xu, it's worth it." Ji Xiaoshan said slowly. "Tell me about the last faction." Xu Bai said.

He didn't say it directly, but it was obvious that he had agreed.

This Jiqiao Pavilion had a very good plan.

As Ji Xiaoshan had said, the Jiqiao Pavilion was not as good as it used to be, so they needed to find another way. Helping Xu Bai was helping the Emperor

eliminate his dissidents..

Chapter 305: The Might of the Indestructible Body (2)

Once Xu Bai successfully went to the capital and eliminated the person the Emperor wanted to eliminate, the Jiqiao Pavilion would also soar because of Xu Bai.

Ji Xiaoshan's expression didn't change." "Thank you, Lord Xu. We also have sufficient evidence for the five families from before. As long as Lord Xu takes action, we can naturally resolve them."

A letter was placed on the table by Ji Xiaoshan. It contained evidence of those families trying to murder Xu Bai.

Xu Bai picked up the envelope, glanced through it, and put it away silently. The evidence was very strong.

"As for the last one..." Ji Xiaoshan said, "We only found out that it might be related to the temple that appeared in the Purple Wood Mansion recently. However, that temple is too strange. We went to investigate it but found nothing."

Another letter was placed on Xu Bai's desk. It was about the temple.

Xu Bai picked up the letter and read it carefully again. He frowned.

According to the letter, this temple had been built less than half a year ago. It was built on the Pine Crane Mountain not far from the Purple Wood Mansion.

There was nothing unusual about the temple. Ever since it was built, many devotees went there. It was said that after praying to Buddha there, it was very spiritual.

Furthermore, most of the visitors in the past were women.

Other than that, there was nothing else in the letter.

“Alright, I already know the information.” Xu Bai said as he kept the letter.

He did not say anything else.

Ji Xiaoshan understood in his heart that an expert like this one did not like to waste time.

As long as the other party agreed, it was very stable.

If he continued to dawdle here, it would make the other party unhappy.

Thinking of this, Ji Xiaoshan didn’t say anything more. He cupped his hands and said, “Since Lord Xu has already understood, I will take my leave.”

“Yes.” Xu Bai nodded and hummed faintly.

Ji Xiaoshan didn’t stay any longer and turned to leave.

After Ji Xiaoshan left, Xu Bai sat on the chair and leaned against the back of the chair. He closed his eyes and pondered.

After a long time, he opened his eyes.

“Let’s see how these few families are doing tonight.”

Xu Bai made up his mind. He took out the second Nameless Saber Scripture from the wooden box and continued to check the progress bar.

Time gradually passed. In the blink of an eye, it was already night.

On the streets of the Purple Wood Mansion, the number of commoners began to decrease. It was only when night fell that the streets returned to being empty and deserted.

“Ding “The weather is dry, be careful of the fire

“Ding

In the dark street, the sound of the night watch was heard. It rose and fell in the darkness, becoming the only sound in the dark night.

A figure passed by the street with a bag on his back and a knife at his waist.

The hilt was wrapped in black cloth, and the bag was also wrapped in black

cloth. Only the rough shape could be seen.

The figure sped along as if it had a purpose. It stopped in front of a luxurious house.

At the entrance of the house, the signboard at the highest point had the words ‘Nan Residence’ written on it.

“Nan family.” Xu Bai raised his head, his eyes shining. He jumped over the wall and entered.

In a room in the Nan family.

The master of the Nan family was sitting on a chair, looking at the dozen or so Nan family members in front of him.

“Remember, when Xu Bai enters the Purple Wood Mansion, do not act rashly.

As far as I know, someone has already made a move, but was killed by Xu Bai.”

The dozen or so members of the Nan family nodded and agreed.

“Patriarch, are we not going to do anything?” asked one of them.”

The head of the Nan family shook his head and said, “Of course, we have to make a move. We just need a suitable opportunity to make Xu Bai unable to return.”

Everyone present was silent. Clearly, they all agreed with the patriarch’s words.

“Alright, all of you may leave. Remember, we will not do anything for the time being. What we need is an opportunity, not rashness.”The head of the Nan family said again and asked everyone to leave.

All the members nodded in agreement. They stood up and went to the door.

The member closest to the door opened the door and was about to walk out.

However, the moment the door opened, a knife wrapped in black cloth reached in from the outside.

The saber carried a terrifying astral wind. In the blink of an eye, it slashed across the necks of these dozen or so people, and the remaining power left deep marks on the surrounding ground.

This scene happened too quickly. Wherever the long saber passed, only corpses were left on the ground.

“Who is it?”

The head of the Nan family was some distance away from the door. He saw a gust of wind coming towards him. A hazy green light appeared on his palms and he slapped it towards the wind.

The strong wind was dispersed by the green light. The Nan family took a step back, stabilized their bodies, and looked at the door.

Before you see anyone, you hear the sound.

“To be able to block this move, you’re quite capable. No wonder you dare to openly plot to take my life.”

Xu Bai, who was dressed in black and holding the Ghost Head Blade, slowly walked into the house.

He had already heard all the conversations between the Nan family at the beginning.

“Xu Bai!” At this moment, the patriarch of the Nan family also reacted and knew who it was.

He turned around as fast as he could, wanting to escape through the window without any hesitation.

The plan had already been discovered by the other party. The other party had come to kill them with a saber. It was obvious that there was no way out here.

The Nan family head was very clear about his own strength. He also knew that the other party had come with absolute confidence. He did not choose to fight head-on. He only wanted to escape first.

As for what to do after escaping, it was not within his consideration. He had to leave this place first. Escaping was the most important thing..

Chapter 306 The Might of the Indestructible Body (3)

“Since you’ve made your choice, you must pay the price.”

The voice behind him was like the voice of a demon, causing the Nan family to shiver. He heard the whistling sound in his ears and hurriedly turned around, pressing the green light in his hand forward.

“Puff! Puff! Puff! Puff! Puff!”

A muffled sound rang out. The Nan family lowered their heads and looked at the bloody hole that spread from their chest to their entire body. Their faces were filled with horror.

In just a single exchange, he was defeated, utterly defeated.

“Dead.” This was the only thought left in the head of the Nan family. Even until his death, he had never thought about how he had been exposed.

His vision turned black, and the Nan family lost all signs of life, falling to the ground.

“One.” Xu Bai looked at the corpse on the ground, his eyes cold.

The night was very dark. The sky was foggy and dark clouds covered the darkness. The moon was hidden in the dark clouds, and it was airtight.

Without the usual moonlight, the streets were several levels darker, giving people a feeling of wanting to devour someone.

Xu Bai walked out of the gate of the last clan. There was a thin layer of blood mist on the tip of Ghost Head Blade.

“As expected, every family has their eyes on me. Then, the only thing left is that temple.”

He had destroyed all five families. With evidence in hand, he did not hesitate to get rid of these families.

The only thing that didn't have many clues was the temple.

Xu Bai raised his head and looked at the dark clouds in the sky. Taking advantage of the night, he walked out of the Purple Wood Mansion.

Pine Crane Mountain.

In the Purple Wood Mansion, it was considered a relatively famous mountain.

Due to the beautiful scenery, many scholars and literati stayed here and wrote many beautiful poems. It was also because of this that this mountain became famous.

If it was daytime, there would be many people walking around here. However, it was already late at night. There was no one in the mountains, only wild beasts, insects, and birds.

Xu Bai rushed over. He didn't linger around the surrounding scenery and walked straight to the foot of the mountain.

Due to the fact that many people went on an outing on this mountain, and even had many literati's relationships, this mountain was specially ordered by the government to build a stone ladder.

Xu Bai stood at the foot of the mountain. He raised his head and looked at the winding stone stairs. His eyes narrowed slightly.

He did not stay for long. He followed the stone stairs and walked up quickly to the top of the mountain.

After walking along this stone staircase for about the time it takes for an incense stick to burn, there was only the mountain road left.

Along the way, he did not see any temples. Looking at the mountain that was only left with the mountain path, he continued to walk forward.

'The mountain path was very steep. If it was an ordinary person here, they would probably not be able to walk very far before turning around and leaving regretfully.

But Xu Bai was different. If even he felt that it was steep, then there was no temple here at all.

The steep mountain path was like flat ground in front of him. In a few ups and downs, he had already walked far away.

Having already reached the fourth step, the second transition of the line breakthrough was extremely powerful. Not only did he dodge and move in all kinds of ways, but even his speed had increased greatly.

After a while, he stopped and looked at the wilderness not far away.

A temple was built in the wilderness, and on the other side of the temple was a stone road.

"So there's another easy way." Xu Bai thought to himself.

There were often visitors to this temple, and most of them were female visitors. Naturally, it was impossible for them to take the mountain road. After all, even those who often took the mountain road might not be able to walk all the way here.

Now it seemed that there were other ways to go up the mountain and walk directly to the temple.

Xu Bai thought for a moment and slowly approached the temple. He came to the gate of the temple.

The walls of the temple were decorated in an ordinary manner, but they looked very new on the surface. It was true that they had not been built for long. At the top of the gate, there was a plaque with a few words written on it.

Huiguang Temple.

He had never heard of the name of this temple, nor had he seen it before.

While Xu Bai was staring at the words on the plaque, he heard footsteps coming from the side.

At this moment, footsteps could still be heard. Xu Bai had not revealed himself and had found a place to hide.

A moment later, a very old monk walked out from another mountain path. Beside him was a young woman.

The woman was dressed plainly and looked ordinary, but her eyes were burning.

As they got closer, Xu Bai could hear their conversation.

"Female benefactor, don't worry. The previous few times when you blessed her, she not only experienced happiness, but also obtained good luck. This last time is the end. As long as you finish this last time, your good luck will be fixed."

The old monk spoke eloquently as he placed a hand on the young woman's waist.

The young woman's eyes were filled with anticipation. "Master, as long as you can get good luck, let alone once, even if you get blessed every day, it doesn't matter."

Xu Bai, who was hiding in the dark, was speechless.

This woman was just an ordinary person, so he could tell at a glance. As for their conversation, Xu Bai had already figured it out.

After such a detailed exchange, if he still did not understand what the so-called blessing meant, then he was really too naive.

“Show.” Xu Bai rubbed his chin and continued reading.

The old monk brought the woman and opened the door of the room.

A rancid smell assaulted his senses..

Chapter 308: The Might of the Indestructible Body (5)

Just because she didn't feel disgusted by the disgusting things didn't mean that she liked them.

This old monk was very strong, especially that footwork. After using it, he was actually able to dodge his attack.

Most importantly, looking at the old monk's actions, it seemed that he was not just using the plucking technique.

“Brat, you're still so talkative even when you're about to die. “The old monk's tone gradually became arrogant.”

After saying that, the last bug burrowed into the mouth on his chest, and the mouth slowly closed.

In the next moment, two huge bulges suddenly appeared on the old monk's back, and two black arms extended from it.

Not only that, but the old monk's body suddenly grew taller. In the blink of an eye, he was already three meters tall.

The words that came out of the old monk's mouth seemed especially sinister in the dark night.

"Your attack is extremely powerful. As long as I am hit by your attack, I will definitely be heavily injured. However, my footwork can dodge it."

"Your defense is also extremely high. That layer of black light seems to be able to block many attacks."

"Also, your movement techniques and those miscellaneous abilities, such as diverting the opponent's attack, are all important methods for you." "But you have an extremely fatal weakness that I happened to discover." At this point, the old monk stopped.

Xu Bai rubbed his chin and said with interest, "A fatal weakness. Tell me, what fatal weakness do I have?"

The old monk gave a cold smile but did not answer. Instead, he raised his extra black arms.

The black arm changed. From the palm to the shoulder, a mouth filled with sharp teeth grew out.

In the next moment, each mouth slowly moved.

They seemed to be chanting something, but no sound came out.

Xu Bai was stunned.

He could feel that as these mouths moved, something seemed to appear in his mind.

The next moment, his mind began to feel dizzy, as if a voice was speaking to him.

"Sleep, sleep, don't struggle anymore."

“This world is not worth your hard work. Rest more.”

“As long as I sleep, it’s not a big deal.”

The groggy feeling was getting stronger and stronger.

The muffled voice came through his ears.

The pain in his ears was unbearable. He was already injured, and the sound was caused by his injury.

“You want to hurt my ear so that my voice can enter?”

The next moment, Xu Bai put down the knife in his hand and stood there with his head lowered, as if he had lost consciousness.

“Hahaha! Your layer of black light cannot block the transmission of sound, but my Miao family’s Thousand Sound Gu can mess up your mind.”

The old monk walked up to Xu Bai and raised his right hand, which had sharp teeth.

He looked at Xu Bai, who had no strength to resist, and his right hand slashed down fiercely.

If this palm hit, Xu Bai, who was not blocked by the black light, would be beheaded in the next moment.

The arrogance in the old monk’s eyes grew stronger and stronger. He seemed to have already seen himself holding Xu Bai’s head and taking credit for it.

However, just as the hand was about to land, a blade light suddenly appeared.

The old monk was stunned for a moment. Then, he realized that his right hand had left his body and an intense pain hit him.

A tragic cry came from the old monk's mouth. Blood splattered everywhere.

The old monk had already understood that the other party did not follow his path.

Or rather, he had already fallen into his trap, but he had broken it.

"Run!"

No matter what, he had to leave this place first. His movement technique was indeed very fast, but he could not dodge at this distance!

However, would Xu Bai give him a chance?

Of course not!

The bright blade light rose again, and two blood lines suddenly appeared on the old monk's legs, which were then separated from his body.

Screams sounded again.

The old monk was no longer as arrogant as before. His face was full of fear. Other than fear, there was also a trace of confusion.

"Why?"

"I've already calculated your weakness. You can't avoid it!"

“Could it be that the information was wrong? Impossible, Master would never give me false information!”

He was really starting to suspect why the other party’s weakness had become his burial ground.

“Oh, you mean this?” Xu Bai pointed at his ear and said with a smile, “Your Thousand Voice Gu seems to only hurt my ears to make me have those negative thoughts, but... I recovered quite quickly.”

Indestructible Body (Incomplete) -Rank 5.

True essence energy could not dissipate, and the body could not be destroyed.

To be honest, the other party’s injuries were not as fast as his recovery. It was just that his True Qi consumption was a little too much.

“Recover...” The old monk was at a loss.

The Thousand Tones Gu had indeed damaged the other party’s ears first, and then affected his consciousness through the ears. However, he had not expected that he could use this method to break through.

“I’ll give you a chance now. You mentioned the Miao family just now, right?” “Is that the master behind you?” Xu Bai asked indifferently.

The old monk shivered. He looked at the man holding the Ghost Head Blade in front of him and opened his mouth as if he wanted to say something.

But the next moment, Xu Bai heard a noise behind him..

Chapter 307 The Might of the Indestructible Body (4)

The woman did not seem to smell anything and did not notice anything unusual.

Xu Bai frowned and looked at the courtyard.

There was a huge banyan tree in the courtyard. On the banyan tree, Xu Bai felt that he saw something flickering inside.

Due to the tree leaves blocking the view, the leaves were too dense. Even if one stood under the tree, they probably couldn't see clearly.

At this moment, the old monk had already brought the young woman in and was about to close the door.

“Bang!”

The sound of the door closing rang out. Xu Bai looked at the tightly shut door and appeared from a hidden corner. Then, he came to the bottom of the wall and quietly jumped onto the wall. Under the cover of the night, he looked at the situation in the courtyard.

In the courtyard, the old monk seemed to have no intention of entering the house. He stood in the courtyard and placed his hand on the young woman's shoulder.

“Master Master, aren't you going in? The previous few times, he entered the house.” the young woman asked.

The old monk smiled and shook his head. Then, he took off his clothes, revealing his dry upper body.

A trace of disgust flashed across the young woman's eyes, but she quickly returned to normal.

She was willing to do such a thing for a little bit of luck, even behind her husband's back. Now, no matter how disgusting it was, she had to accept it.

However, the problem was that the matter was too big.

The young woman's eyes swept across the old monk's upper body and finally stopped at the old monk's chest.

Her expression of disgust was replaced by fear and panic. It was as if she had seen the most terrifying thing in the world, and she could not help but fall to the ground.

On the old monk's chest, there was a vertical mouth that was slowly opening. It was filled with sharp teeth.

A long tongue stuck out from the mouth on her chest. The tip of the tongue was hollow, like a straw.

"Come on, why are you afraid?" The smile in the old monk's eyes disappeared and was replaced by terror.

"Don't, don't come over. What kind of monster are you? Please let me go, okay?"

The young woman let out a tragic cry and wanted to retreat. She used her hands and feet to get up, but she felt a powerful suction force that froze her on the spot. She could not move an inch.

The old monk let out a strange laugh. He slowly lifted his feet and walked toward the young woman, saying a sentence with every step he took. "It's a blessing to be ordinary in one's life."

"Everyone wants to live a good life, but for a good life, they sell their bodies and even betray their husbands."

"I really like straightforward people like you. Since you want benefits, I'll give you benefits."

"Give me all the rich essence on your body."

At this point, the old monk had already walked up to the young woman. The mouth on his chest slowly opened, and his tongue with a hole shot towards the young woman's head like a straw.

Looking at the slowly approaching tongue, the young woman's face revealed a look of despair, fear and closed her eyes.

"It's indeed disgusting to have a woman as a mistress."

At this moment, a voice suddenly sounded, followed by a sharp sound that cut through the air.

Countless copper coins fell from the sky and flew towards the old monk.

The next moment, the old monk seemed to sense danger and quickly retreated, causing the copper coin to miss.

The copper coin did not stop there. It made a turn in the air and attacked the old monk again.

Taking advantage of this opportunity, Xu Bai jumped down from the wall and lifted Ghost Head Blade. He raised his hand and released a dozen astral winds.

"Xu Bai!"

In his anger, the old monk couldn't help but call out Xu Bai's name. Then, he shut his mouth, obviously knowing that he had misspoken.

The old monk seemed to have used a special footwork technique to dodge the gale in front of him.

"If you can call out my name, then there's nothing else to say."

Xu Bai took a step forward, and countless copper coins flew up and circled around him. Each copper coin carried a strong gust of wind.

The old monk continued to stagger. The copper coins flew around his body, and he barely dodged the strong wind. It seemed like he was at ease.

“You killed Little Cui. I originally wanted to wait for a while more until I reached a higher level to find you. I didn’t expect you to come to my door.” After the old monk dodged a few more copper coins, his tone was filled with killing intent.

He waved his hand, and the huge tree in the courtyard suddenly trembled. In Xu Bai’s line of sight, more than ten dried corpses fell from the tree.

“No wonder I saw something in the tree. It turns out there’s a corpse.”

These dried corpses were completely naked. From the shape of the corpses, it could be seen that they were all female corpses. Combined with what the old monk had done before, Xu Bai already understood the origin of the dried corpses.

When the female corpses landed on the ground, they all stood up.

Then, bulges suddenly appeared on the bodies of these female corpses, and they kept flowing and gathering, surging into the heads of the female corpses.

The top of the female corpse’s head became abnormally huge. When the big bump moved inside, it looked very scary.

“Explode!”

The old monk dodged Xu Bai’s knife and pointed at the female corpse.

The heads of more than a dozen female corpses exploded instantly, scattering all over the ground.

One by one, the fist-sized bugs flapped their wings and flew to the old monk's chest, drilling into his mouth.

"You don't only know plucking techniques." Xu Bai frowned.

He didn't seem to have any bad reactions to this extremely bloody scene. He just didn't want to see it..

Chapter 309 Xu Bai: This Isn 't Good Even if I Add Money

"Whoosh

A clear voice pierced through the night sky and came straight at Xu Bai's back.

Xu Bai was about to interrogate the old monk, but when he heard the voice, he took a slight step and used the second transformation of the Breaking of

Movement to dodge the attack.

After Xu Bai dodged, he saw what was making the sound.

A sharp arrow shot out from where it was just now.

On top of the wall stood a masked man in black, holding a longbow in his hand.

Even the longbow was covered with a black cloth, obviously not wanting anyone to discover his true identity.

After the arrow missed, the man in black seemed to be a little surprised and stopped his movements.

However, after a short pause, the man in black shot a second arrow.

The second arrow was aimed at the old monk on the ground.

The arrow was like a shooting star, arriving in the blink of an eye.

Xu Bails reaction was even faster. He cut the arrow in half.

Ghost Head Blade came into contact with the arrow, and a powerful counter-attack was transmitted through Ghost Head Blade to his hands.

“Good bow!” Xu Bai narrowed his eyes.

The power of the arrow depended not only on the quality of the arrow itself, but also on the strength of the bow.

“Lord Xu, I’m helping you.”

At this moment, the two arrows missed. The man in black put down his bow and finally spoke.

His voice was hoarse on purpose, making it impossible to distinguish his tone.

“Just as I guessed, the Miao family can’t be the real mastermind. “Xu Bai said thoughtfully as he twisted his wrist, causing the blade to flash in the air.

“Miao Family?” The man in black seemed to be hinting at something. “The Miao family of the Purple Wood Manor had intentionally harmed Lord Xu. They have all been killed. Now, there are no survivors. Are you satisfied, Lord Xu?”” As soon as he finished speaking, the old monk on the ground widened his eyes.

“You! You’ve harmed the Miao family!”

“How dare you!” The man in black jumped down from the top of the wall.” Your

Miao Family wantonly assassinated Lord Xu. You deserve it. ””

Xu Bai laughed, “You’ve cleaned yourself up with just one or two sentences.

You’re really something. ””

At this moment, Xu Bai also noticed that something was wrong.

In just a few sentences, the man in black arranged another identity for himself and removed himself from the incident.

“Since you’re helping me, what’s your identity?” Xu Bai said.

“I just saw injustice on the road and pulled out my knife to help. “The man in black slowly said,” Lord Xu, you don’t have to ask clearly. After all, there are many people in Jianghu who see injustice. ””

“Then you can go.” “I don’t need you to interfere.” Xu Bai said.”

The man in black stood in place, seemingly thinking. His eyes kept wandering between Xu Bai and the old monk.

After a long while, the man in black turned around and left quickly.

Xu Bai didn’t chase after him, but looked at the old monk behind him and said,””Do you understand?”

The reason why he didn’t chase after him was because of this old monk.

What if the other party lured the tiger away from the mountain? Wouldn't they have fallen into a trap?

The ancestor had personally demonstrated the importance of not pursuing a cornered enemy.

If the other party wanted to kill the old monk, the old monk must know something. As long as the old monk was alive, it did not matter.

The old monk only had one hand left. After hearing Xu Bai's words, he said, "I understand. Even if I die, I will listen to Lord Xu. I will tell you everything I know."

At this point, how could the old monk not know?

The man in black who had just appeared was obviously here to silence him.

If he succeeded in silencing the old monk, Xu Bai's trail would be cut off.

In other words, the old monk was the only one left in the Miao Family.

If others were heartless, he would be unjust.

Since he wanted to silence him and take his life, he would reveal everything.

Seeing that the old monk was so wise, Xu Bai first used healing medicine to stop the old monk's blood before saying, "Tell me."

While he was saying this, he had been guarding his surroundings. He had also released the Rank-5 paper man to be on guard, in case what had just happened happened.

"I'm from the Miao Family, but ever since I found out that you were passing through here, I've been hiding here to deal with you." Pigeon Tower was arranged by me," the old monk said slowly. That woman was arranged by me.

All of this was part of the Miao Family's plan. ""

"Who is that man in black?" Xu Bai rubbed his chin and asked.

The old monk thought for a moment, organized his words, and said, "The Miao

Family is indeed not the mastermind behind the scenes. My status in the Miao

Family is not low, so I learned some news. When you went to the Purple Wood

Mansion, the Miao Family once received a distinguished guest."

At this point, the old monk shivered and continued, "" "Although I don't know the exact reason, this esteemed guest said...As long as you come to the Purple Wood Mansion, I will never let you leave."

The surroundings fell silent. After the old monk said this, he did not say anything else.

Obviously, that was all he knew.

Xu Bai fell into deep thought, quietly listening to the old monk's words.

The Miao family was also a prestigious family in the Purple Wood Mansion, but now they had received a distinguished guest, and they were even extremely respectful.

All of this pointed to one thing-the person behind the scenes had a prominent identity, and at least the Miao family did not dare to offend him.

Moreover, the other party had said that he would never let him leave the Purple Wood Mansion. Then there was a lot of room for manipulation here, and he could even turn passive into active..

Chapter 310 Xu Bai: This Isn't Good Even if I Add Money

Xu Bai really wanted to experiment with the method he had just thought of, but when he saw the old monk on the ground, he temporarily suppressed this idea.

Sensing Xu Bai's gaze, the old monk closed his eyes and said, "I've already said what I should say. Give me a quick death."

People in their line of work had long thought of the consequences.

Although they were all afraid of death, they were at least much calmer when facing death.

"No rush." Xu Bai took out a paper crane from his purse and said, "You still need to play your final role."

The old monk was stunned and did not understand.

He had already said what he needed to say. What was the point?

Just as this thought rose in his mind, the old monk saw the paper crane in Xu

Bai's hand fly up and hover in the air before slowly landing between his

eyebrows.

A cold feeling came from the old monk's glabella. He felt that something in his mind was slowly being extracted.

“Are you looking for a way to find your way?” Before the old monk lost consciousness, he thought, “I see... If this Xu Bai really becomes the Emperor’s right-hand man, he will be an extremely great threat to any faction...”

After the paper crane landed on the old monk’s forehead, it flew slowly in a certain direction.

Xu Bai raised his Ghost Head Blade and finished off the old monk with one slash. He then searched the old monk’s body, but he didn’t find anything useful.

At this moment, the slowly flying crane was almost out of the courtyard.

Xu Bai did not stop and chased after Zhihe.

The paper crane didn’t fly very fast, so it didn’t take much effort for Xu Bai to catch up.

After chasing after Zhihe for about an hour, he found that Zhihe was bringing him towards the Purple Wood Mansion.

Not long after, Xu Bai arrived in front of a wealthy family.

The plaque above the gate had the words “Miao Family” written on it.

Standing at the door, Xu Bai could smell the strong smell of blood.

When the paper crane reached the door, it turned into ashes and fell to the ground.

Xu Bai raised his eyebrows and thought of what the man in black said at the beginning.

The Miao family had already been exterminated by the black-clothed people, and now, he smelled blood again. To a large extent, he had confirmed the black-clothed people’s words.

Thinking of this, Xu Bai thought that since Zhihe was at the end of the tunnel, there must be some connection.

Without hesitation, he climbed over the wall and entered.

As soon as he entered the Miao Family's courtyard, Xu Bai saw that the courtyard was already littered with corpses.

"Let's look for it first.

Although the corpses all over the ground looked extremely terrifying, people in this line of work were already used to it.

Next, Xu Bai began to search every corner of the place.

He didn't miss any of the corpses or rooms.

He only stopped when there was only one room left.

"This is the last one." Xu Bai thought, If I can't find anything, I'll have to start with my idea."

With this thought in mind, he pushed open the door.

As soon as she pushed it open, she smelled a unique fragrance.

He couldn't tell what kind of fragrance it was, but it was quite fragrant. It seemed to be a mixture of several flavors.

After smelling the fragrance, Xu Bai frowned and continued to search the house.

The result was unexpected. Other than the fragrance at the beginning, there was no other discovery.

"It seems that the fragrance is the only discovery, but it's not very obvious. The other party should have come to clean up the traces." Xu Bai thought to himself.

After finding nothing, Xu Bai did not stay any longer. He turned around and left, returning to the inn.

There were many things happening tonight, especially the discovery of the mastermind. Another man in black had appeared.

The Purple Wood Manor's matters were far more complicated than he had imagined. He needed to properly plan his follow-up plans.

"That's about it."

Xu Bai filtered through the information in his mind and came up with a conclusion.

He planned to leave the Purple Wood Mansion tomorrow and move to the next location.

It was not that he was afraid, but that this was the only way to catch the big fish behind the scenes.

The reason was none other than the old monk's words.

The other party's ruthless words meant that he would definitely not let him walk out of the Purple Wood Mansion alive.

Wouldn't that be enough?

If he was not allowed to leave alive, then he had to leave.

“Don’t blame me for not respecting martial arts ethics.” Xu Bai looked at the oil lamp in the inn and revealed a sinister smile.

Provoking was useful at any time.

The next day.

Xu Bai woke up early and packed his things. He left the inn and paid the bill. After paying for the room, he did not stop at all. He turned around and rode his horse out of the Purple Wood Mansion.

The direction they were heading in was naturally the direction of the next location.

Since the people hiding in the dark did not want him to walk out of the Purple Wood Mansion, then he would see if anyone came to intercept and kill him.

It would be best if there was someone. There just happened to be no clues. The more opportunities the other party had to make a move, the easier it would be to find a flaw.

It didn’t matter if there was no one. It was fine as long as they went back. They wouldn’t lose anything.

On the official road of the Purple Wood Mansion, there was a fork in front.

The other fork led directly to the Yin Posthouse. Xu Bai came to the fork, paused for a moment, and walked toward the Yin Posthouse.

No one stopped him along the way, but Xu Bai was not in a hurry.

They had not reached the nearest Yin Posthouse yet, and it was not far from the Purple Wood Mansion. If the other party was not in a hurry, why was he in a hurry?

With this thought in mind, Xu Bai continued to drive the horse.

After walking for a while, just as they were about to reach the Yin Posthouse, a young man suddenly appeared and stopped Xu Bai.

Xu Bai tightened the reins. The horse slowly paced and stopped..
