

## **Unparalleled 321**

### Chapter 321: Public Remarks From All Sides (3)

“In that case, I won’t stand on ceremony.”

In the martial world, one needed strength, but in the officialdom, one needed favors.

Those who entered the Heaven Inspectorate were considered half officials, and Song De was extremely proficient in this aspect.

The two of them chatted and soon arrived at the government office.

The government office of Purple Wood Mansion was much more luxurious than Yunlai Mansion. After all, the degree of prosperity here was much better than Yunlai Mansion.

When the two of them arrived at the Purple Wood Mansion, they saw a dignified middle-aged man standing at the door.

When the middle-aged man saw Xu Bairen, he stepped forward and cupped his hands. “Greetings, Lord Xu and Lord Song.”

Song De hurriedly introduced, “This is the Purple Wood Manor’s Manor Lord, the Zhou Manor Lord. The Purple Wood Manor’s current grandeur is all thanks to the Zhou Manor Lord.”

Xu Bai’s eyes lit up. He cupped his hands and said, “Greetings, Zhou Manor

Order.”

In Great Chu, civil officials were naturally highly valued. Many civil officials looked down on the Heaven Inspectorate, but there was always an exception.

Of course, it was hard to say whether the Zhou Manor Magistrate's polite appearance was true on the surface or on the inside.

However, it was a matter of face. If you did it, I would do it. Of course, Xu Bai would do it too.

"Lord Song is too kind. Everything I have is a gift from His Majesty." When the Zhou Manor Magistrate said the word "Your Majesty", he even cupped his hands in the direction of the caDital. aooearinc verv resoectful.

"How about Lord Xu pick a room?" The Zhou Manor Master blinked.

To be honest, it was a little strange for a middle-aged man with an imposing appearance to do such a thing.

Xu Bai laughed and said, "Then I'll have to trouble the Zhou Manor.""

He didn't look like he was here to go to jail at all. He was afraid that people would believe him even if he said he was here for a vacation.

"This way please." The Zhou Manor Lord raised his hand and led the way.

Xu Bai and Song De followed behind him. Soon, they arrived at a cell.

"This is what I have arranged for Lord Xu." The Zhou Manor Lord pointed to a room and said.

Looking at the room, Xu Bai's mouth twitched slightly.

All kinds of furniture were complete, and even the bed was covered with a brand new mattress. If it weren't for the surrounding walls, it would really be an extremely complete bedroom.

The Zhou Manor Magistrate could tell what Xu Bai was thinking. He smiled and said, "Since Lord Xu and Lord Yun are close friends, you are naturally also my friend. Unfortunately, I did not know that Lord Xu had come to the Purple Wood Mansion. Otherwise, I would have treated you well."

Xu Bai's head was full of black lines." So Lord Zhou and Brother Yun know each other.'"

"More than just acquaintances. I only got my current position at this age," the Zhou Manor said with a face full of shame." However, Lord Yun is a genius. When we met in the capital, he helped me a lot. It was also at that time that we became friends."

It was said that it was easy to do things with people in the court. As a person with connections, Xu Bai understood.

He walked into the cell and laid down on the chair. Xu Bai felt the softness and smiled. "Lord Zhou, you've really put in a lot of effort."

"Of course. I still have some work to do, so I won't disturb you."

Anyone who could become a prefecture magistrate was perceptive. Naturally, they knew that Xu Bai did not come to the prison for no reason. Therefore, he found a reason to leave immediately to make space for these two.

"Good day, Lord Zhou."

After waiting for the order from Zhou Manor to leave, Xu Bai looked at Song De and said, "Lord Song, I'm a bit faster."

Although he didn't say it explicitly, Song De understood what it meant.

"Lord Xu, don't worry. I'll investigate it right away." Song De didn't waste any time. After saying that, he left immediately.

Watching Song De's back disappear, the smile on Xu Bai's face gradually disappeared.

The person behind the scenes was really quick-witted. However, this place was no different from an inn. He could still control the progress bar in his hand.

Thinking of this, Xu Bai took out the Secret Technique of Manipulation and continued reading...

The room was bright, and the progress bar was slowly increasing.

He didn't take Xu Bai's imprisonment seriously, but the news had spread.

Jiqiao Pavilion, in a room filled with mechanisms.

"What?!" Pavilion Master Ji stood up abruptly and said, "You said Lord Xu is in prison!"

"It's said that he was taken away by the Heaven Inspectorate because of the recent murder." Ji Xiaoshan said bitterly.

"Don't you have the evidence provided by my House of Mechanical Instinct?" Pavilion Master Ji was puzzled.

"Father, we only provided evidence from five families. The Miao Family indeed didn't have any evidence, and it was Little Arrow who did it." Ji Xiaoshan said.

Pavilion Master Ji fell into deep thought.

A moment later, Pavilion Master Ji raised his head and said, "Tell the lord from the Heaven Inspectorate that it was Ji Xiaojian who did it and that it has nothing to do with Jiqiao Pavilion."

Ji Xiaoshan was slightly stunned, but he quickly reacted and understood what his father meant. "Father, you mean to put Little Arrow in jail as well?"

Pavilion Master Ji nodded and said, "That's right. Since Little Arrow has betrayed us, let's get him out of here. He's from that side. We can observe the movements of that side."

"However, if the other party does not care..." Ji Xiaoshan hesitated.

"If we don't care, it means that the other party has given up on this chess piece." Pavilion Master Ji said slowly, "Although we've managed to get close to Lord Xu, we can't sit still and wait for death. We must help Lord Xu complete this trick. If the other party doesn't give up on Ji Xiaojian, then..." The opportunity Lord Xu wanted is here."

Ji Xiaoshan understood and nodded his head in agreement. Then, he thought of something and said, "There was another family that was wiped out, saying that

Lord Xu was the one who did it.."

Chapter 322: Public Remarks From All Sides (4)

"I don't care!" Pavilion Master Ji waved his hand and said, "Since Lord Xu has entered, he must have his own plans. Let's not worry about it for now. We just need to acknowledge the Miao Family. Don't disrupt Lord Xu's plans."

"Yes, sir!" "I'll do it now." Ji Xiaoshan bowed."

With that, Ji Xiaoshan left.

Pavilion Master Ji looked in the direction where Ji Xiaoshan had left and sighed silently.

Things seemed to have become complicated, and he did not know how to proceed.

“I hope that Lord Xu will turn misfortune into good fortune. Our Jiqiao Pavilion will think of a way to help Lord Xu in the subsequent plans.”

In the room, the voice of the Machine Pavilion Master became firm.

It wasn't just the Jiqiao Pavilion that was stirring. At this moment, a hidden lakeside.

The hooded figure was fishing.

Lian Shang's face was covered, and only his eyes were exposed. At this moment, his eyes were slightly closed.

A moment later, the fishing rod shook, and the fishing line began to tremble. The bamboo hat man opened his eyes and raised the fishing rod with both hands.

A fat grass carp jumped out of the water, biting the hook tightly and swinging in the air.

The bamboo hat man put away the fishing rod and put the grass carp into the basket. He looked at the half-filled basket and shook his head.

“Are all the anglers in the world as simple as fishing?”

There was a trace of doubt in his voice, but there was no one around. It was obvious that he was answering his own question.

After the time it takes for half an incense stick to burn, a man in black slowly appeared next to the bamboo hat man.

“Sir, Xu Bai did not have any conflict with Song De. He went to the prison cell

very naturally.”

“Oh?” The bamboo hat man was slightly taken aback. He then put the fishing rod aside and pondered for a moment. He paced back and forth a few more steps before saying, “It seems that Xu Bai is not like the rumors in the martial arts world. He only knows how to kill people with a knife. Since he went in peacefully, then let’s add fuel to the fire.”

The man in black did not say anything. He just stood respectfully at the side with his hands hanging by his sides, waiting for the bamboo hat man’s next order.

“There have been so many murders this year, and now Xu Bai has become a suspect. Think of a way to provoke the remaining families and let them pressure the Heaven Inspectorate.” the bamboo hat man said.

The man in black hesitated as if he wanted to say something but didn’t dare to.

“I know what you want to say. What you mean is that these families have nothing to do with us. It’s not easy to mobilize them, but they can actually be mobilized.” the bamboo hat man said slowly as he hung the bait on the hook.

“A few big families will be massacred, and the other families will definitely be in danger. They also know that Xu Bai might be the murderer, so they will work together to put pressure on the Heaven Inspectorate.”

“You are also worried that the Heaven Inspectorate will not care. You don’t know that sometimes, the effect of rumors is beyond imagination.”

“This step is to disrupt Song De’s direction. The next step is to use our free time to turn back many things.”

At this point, the bamboo hat man was very pleased with himself, as if he was pleased with his own plan.

“Yes, sir! This subordinate will do it now.” The black-robed man didn’t say anything else, nor did he dare to disturb the bamboo hat man’s self-entertainment. After saying goodbye, he left.

The bamboo hat man returned to normal and continued fishing leisurely.

But before he could catch one, another black-clothed man appeared.

“Report! Ji Xiaojian had been captured by Ji Xiaoshan and sent to Song De. Ji Qiao Pavilion had admitted that the Miao Family was Ji Xiaojian’s doing and that it had nothing to do with Xu Bai and Ji Qiao Pavilion.” Another man in black shouted.

“What?” When the bamboo hat man heard this, cracks appeared on the fishing rod in his hand. His tone became unfriendly. “Only the Miao Family?”

“Yes.” The man in black bowed.

The bamboo hat man fell silent.

The surroundings were quiet, and the surface of the lake was like a pool of stagnant water.

A moment later, the bamboo hat man shook his head.

“I don’t understand. If the Jiqiao Pavilion helped Xu Bai, they should have admitted everything. After all, I destroyed another family.”

“What the Jiqiao Pavilion is doing now looks more like they’re trying to protect themselves. Could it be that they want to give up on Xu Bai?”

He muttered to himself as if he had reached a bottleneck.

The other party’s actions were also repeated one after another, making him somewhat unable to endure.

After a long time, the bamboo hat man returned to normal.

“Send someone to hint to Little Arrow that we will save him. Then, find a chance to kill him.”

No matter what, killing Little Arrow was the right thing to do, in case he missed out on something and got himself into trouble.

“Yes, sir!” The new man in black left.

The bamboo hat man looked at the wreckage of the fishing rod and sighed.

“No matter what, I must kill Xu Bai.”

The bamboo hat man’s voice rang out from the lakeside.

Xu Bai, who was being watched by everyone, was still leisurely looking at the progress bar as if nothing had happened.

There was a saying that said, wait and see.

Xu Bai was doing this right now. Not only could he increase the progress bar, but he could also make the other party rack their brains. Why not?

Looking at the progress bar in front of him slowly increasing, the corners of Xu

Bait’s mouth gradually curled up.

“Another beautiful day.”

The next day.

Footsteps sounded outside the cell.

Song De walked in and dragged a corpse in his hands.

Xu Bai heard the noise and looked over, only to realize that it was Ji Xiaojian's corpse.

"What's going on?" He frowned.

This little machine arrow was still alive and well a few days ago, how did it disappear in just a day?

"Last night, Ji Qiao Pavilion escorted him over and admitted to the Miao family's matter. The other family didn't admit it. I interrogated him for an entire night, but there was no news. In the end, he died in the morning, poisoned." Song De's face was gloomy..

Chapter 323 - The Rise of the Public Voices from All Sides (5)

It was really a slap in the face for such a huge mess to have happened in his hands.

He had been in the Heaven Inspectorate for so long, but he had never been slapped in the face like this. It would be a lie if he wasn't angry.

"I see." Xu Bai rubbed his chin thoughtfully.

He instantly understood the profound meaning behind Ji Qiao Pavilion.

He wanted to use Ji Xiaojian to test the other party's background. He only admitted to the Miao Family so as not to disrupt his plan to go to jail.

However, it seemed that the plan did not work. The other party reacted quickly and decisively. They killed Mecha Arrow almost at the moment it happened.

“Lord Xu, tell me the truth. Is this matter particularly complicated?” Song De said helplessly.

He had a feeling that things weren’t that simple. Xu Bai was definitely hiding a huge secret.

If that was the case, how he should go was the most important thing.

To be in the Heaven Inspectorate, he had to have some foresight. If he didn’t take the right path, it might be a wrong path.

The corners of Xu Bai’s mouth curled up as he said slowly, “Actually, it’s not very difficult. Do you really want to know?”

Song De was slightly stunned but quickly understood. This was not something he could know. He quickly said, “No, no, forget it.”

He knew that in this day and age, it was better to ask less to live longer.

“Alright, Lord Song, you should follow your train of thought. Don’t make too big of a change. Also, Little Arrow was poisoned at your place.” Xu Bai reminded.

Song De hurriedly nodded and was about to turn around and leave. However, he had only taken two steps when he stopped. He turned around and patted his head. “I almost forgot the most important thing.”

As he spoke, he walked closer.

“Brother Xu, right now, in the Purple Wood Mansion, all the major families are working together to pressure me, saying that they want me to severely punish the murderer. What do you think of this?”

“Pressure?” Hearing this, Xu Bai raised his eyebrows.”

He could tell that this was a classic example of using public opinion to mislead Song De.

However, he didn’t have any opinion.

This was just the beginning. How would he know the other party’s subsequent plans?

However...

It wasn’t that he didn’t have any countermeasures.

Xu Bai’s eyes lit up.”

Song De’s face was full of confusion. He couldn’t figure out what Xu Bai was thinking, but he still did as he was told and left.

Not long after, Zhou Manor’s Ling was brought into the cell by Song De.

Before you see him, you hear his voice.

“Hahaha, could it be that you’ve been here for too long and are too lonely? This official can go to Spring Rain Pavilion and find a few people to relieve Lord Xu’s boredom?”

“You can do this?” Xu Bai’s eyes lit up.

What a freeloader!

No one could refuse a free ride.

However, when he thought about the current situation, he temporarily gave up on this plan.

“Cough cough, we are all elegant people. How can we linger in the brothels?” “I called Lord Zhou here today because I want you to help me with something,” Xu Bai said seriously.”

In the end, Xu Bai seemed to have missed something, so he added, “As for the Spring Rain Pavilion, after I leave, Milord can invite me again.”

Zhou Manor’s order was speechless.

He was really just being polite.

He was different from Yun Zihai. He already had a family. If he went to Spring Rain Pavilion again, his family would probably cry, make a fuss, and hang themselves.

“Lord Xu, if you have anything to say, please say it.” The Zhou Manor Lord used all his strength to suppress his ridicule and said, “As long as I can do it, I’ll definitely help you to the end.”

“Actually, it’s not a big deal.” “Can you lock up all the heads of those families who are causing trouble?” Xu Bai asked.”

The Zhou Manor Lord was stunned. Then, he reacted and shook his head. “I know they’re pressuring Lord Song, but they didn’t break the law, so I can’t just arrest them.”

This was the truth. They really couldn’t just randomly arrest them. Otherwise, it would be a mess. If it reached the Emperor’s ears, it would probably cause a big problem.

“This isn’t a random grab.” Xu Bai pointed at Song De, then pointed at himself, and began to explain...

“First of all, I’m just being suspected, and it’s a suspicion without evidence, right?”

Song De and Zhou Manor's Magistrate looked at each other and nodded in unison.

"Secondly, they are asking Lord Song to execute me as soon as possible, right?" The two men nodded again, and the two men were right.

"Finally, according to the laws of the Great Chu State, if they ask for the execution of a person who is only suspected, is it a crime of false accusation?" When the Zhou Manor Magistrate heard this, he was stunned.

"Isn't that enough?" "Lord Zhou, I'll have to trouble you with this." Xu Bai shrugged."

The Zhou Manor Master was silent. After a while, he gritted his teeth and said, "Alright, I'll go and arrest him now!"

The matter of arresting people had to be handled by the government. The Heaven Inspectorate could not care about this.

Zhou Manor Leader had his own thoughts. He felt that Xu Bai's visit to the capital was not simple, but he did not know what his intentions were.

However, one thing was right. Xu Bai was a popular person now, so it was fine to help him.

"Wait, Lord Zhou, I have another request." Xu Bai smiled.

"Lord Xu, please speak." The Zhou Manor Lord stopped in his tracks."

"There are too few cells. Why don't we lock those people in the same cell as me?" As Xu Bai spoke, his smile became even brighter..

When Xu Bai said this, everyone was stunned.

Especially Song De. He always felt that Xu Bai's smile looked scary.

He couldn't explain why he felt this way, but he felt a chill down his spine, as if he was being stared at by something terrifying.

In short, it was a terrifying sight.

The Zhou Manor Magistrate was different. After all, he was someone who had been in the officialdom for many years. He instantly understood Xu Bai's intentions and smiled helplessly. "Lord Xu, you must not do anything exaggerated. These clans are also first-rate in the Purple Wood Prefecture. You can't do anything too crazy."

He felt that it was necessary to tell Xu Bai.

After all, the rumors in the martial world now said that Xu Bai was not only ruthless, but also vengeful and extremely petty.

Although the rumors in the martial world would change as they spread, at least 10% to 20% of them could be believed.

"Lord Zhou, don't worry. Although I'm not a good person, I definitely won't make things difficult for you." Xu Bai laughed happily at the Grand Sect.

What a joke. He understood the ways of the world. Naturally, he had to be more meticulous.

Hearing Xu Bai's words, the Zhou Manor Head heaved a sigh of relief.

It was best not to do stupid things. He was afraid that Xu Bai would make a river of blood flow in the prison cell in a fit of anger. If that happened, it would not be easy for him to clean up the mess.

At that time, it would be hard to explain to Yun Zihai and even harder to explain to His Majesty.

If he was not punished, his prestige in the Purple Wood Prefecture would probably be swept away.

“Then I will take my leave. Lord Xu, please wait here.” the Zhou Manor Magistrate said.

Since he had received Xu Bai's assurance, the Zhou Manor's token was naturally at ease.

He and Yun Zihai usually exchanged letters. Yun Zihai had once mentioned something about Xu Bai.

The general idea was that although Xu Bai had some shortcomings, it was great to be friends with him because as long as Xu Bai agreed to something, there would be no deviation.

The Zhou Manor Magistrate believed Yun Zihai, so he also believed Xu Bai's words.

After the Zhou Manor's order left, only Xu Bai and Song De were left in the cell.

“Lord Song, I wanted you to investigate Little Arrow's death, but it seems like you'll have to stay in the cell quietly.” Xu Bai said with a smile.

If he really did as he said, the other party would definitely take action when they saw the people from these families in prison.

The most obvious one was definitely moving towards him.

If Song De stayed, he would have an extra helper.

Xu Bai had always been good at pulling people onto the boat.

“Lord Xu, don’t worry.” “I’ll hide somewhere not far away so that I can open this entrance.” Song De replied.”

Xu Bai nodded. Everything was waiting for the next thing.

Purple Wood Prefecture.

On an extremely bustling street.

This place was different from other streets. Whether it was the surrounding houses or the vendors on both sides, the things they sold were extremely exquisite.

There was no other reason than that the people living on this street were either rich or noble families.

In this world, there were many places where families opposed each other. However, there were also many places where families banded together for warmth.

Most of the clans in the Purple Wood Prefecture were in the form of a group.

However, today, this method of reporting to the group for warmth brought convenience instead.

“Let’s go!”

“Hurry up!”

“Where is your family head? Tell him to wear these chains and follow me to the government office.”

Dozens of bailiffs ran between the various families and brought out the heads of the various families.

When these family heads went out, they were all dumbfounded and completely did not understand what had happened.

“Eh, Zhao family head, you’re here too?” “Ouyang Family Head, why were you captured as well?”

“No, why are you all the same as me?”

On the way, many family heads looked at each other. To be able to become a family head, he naturally had outstanding qualities.

Very soon, they all shuddered in unison, already understanding what had happened.

“It must be because of Xu Bai!”

This was what they thought.

The twenty of them had all caused trouble during the day, but at night, they were all arrested. Not a single person was left. With a little guessing, they came to a conclusion.

“Hurry up.”

The bailiffs began to urge him.

The crowd rushed toward the government office.

As soon as he arrived at the government office, he saw the Zhou Manor Lord waiting for him.

A family head surnamed Zhao couldn't help but shout, "Lord Zhou, we didn't do anything wrong. Why did you arrest us?"

The others echoed, saying that they had never made a mistake, so why should they be arrested?

The Zhou Manor Magistrate was expressionless and could not even be bothered to say anything. He waved his hand and said, "Put them all in jail! If anyone dares to resist, you don't have to do anything. Just let him run. I'll directly charge him with fleeing to avoid punishment."

Among this group of family heads, the lowest was Rank-7, and the highest was Rank-5. If chaos really broke out, the government runners might not be able to stop it.

However, with the Zhou Manor's order, the family heads all fell silent. It was not a joke to say that he could escape, but what would happen after he escaped?

Could it be that he was on the run for his life under the arrest warrant of Great Chu?

They were all people with families and families. They even had a lot of property. How could they do such a thing?

At the thought of this, the family heads all fell silent.

Soon, the bailiffs chased them from behind and escorted them to a special cell. After locking them up, they left.

The family heads looked at each other and looked at their surroundings.

This cell was not as dark and damp as the other cells. There was plenty of light around.

Especially the furniture, it was very complete.

Even the bed was covered with a soft mattress..

Chapter 325 - Mastery Level of Manipulation, New Usage (2)

It was exquisite and perfect.

Especially when there was someone lying on the chair beside the bed.

Human?

The family heads rubbed their eyes and wondered if they had seen wrongly.

How could there be someone here?

A young man was sitting on the chair. The young man's posture was very arrogant.

The young man held a knife in his right hand.

The blade was sharp, and under the light, it flickered with a cold light.

"Xu Bai." The head of the Zhao family recognized this young man and exclaimed loudly.

When he shouted, the people around him reacted.

Since he had already reached the position of the family head, there was naturally news. Those who reacted quickly had already gathered together and looked at Xu Bai cautiously.

It was rumored that Xu Bai was a vengeful person and was very powerful. They naturally had to be on guard.

“Everyone, don’t be afraid, don’t be afraid. I’m not a man-eating beast, so don’t act like this.” Xu Bai waved his hand when he saw this and said in a careless manner.

His appearance made the family heads even more suspicious.

The head of the Zhao family was obviously the leader of this group. After hearing Xu Bai’s words, he quickly said, “Xu Bai, I advise you not to be impulsive. The worst among us is a Level Seven expert. You might not be able to defeat more than 20 people.”

For some reason, he did not have any confidence in his words.

They clearly had more people on their side, but they had no confidence. The other party was only one person, but it made him tremble with fear.

“We are all cultured people. Fighting and killing is too uncultured.” Xu Bai smiled gently, but the words he said made people feel as if they had fallen into an ice cellar. “Besides, if I really wanted to kill you, you guys wouldn’t be enough to fill the gaps between my teeth.”

As soon as he finished speaking, the family heads took a step back in unison.

It wasn’t that they didn’t have the courage. On the contrary, their courage wasn’t low.

Which one of them hadn’t fought hard to become the family head? If they didn’t have some courage, they wouldn’t have such a status.

However, sometimes, when one was poor, one would be even more straightforward.

After they had their current family business and status, they became timid. After all, they had so much glory and wealth to enjoy. How could they lose it here?

“You mean...Aren’t you going to make a move?” The head of the Zhao family understood the meaning and asked.

“Of course, as long as you tell me who instigated you to put me in such a situation. everything will be fine.” Xu Bai said indifferently, “If you don’t tell

me...” I won’t do anything to you, but do you know how you came in?”

“How is it?” The Zhao Family Head looked left and right. Seeing that no one answered, he could only speak again.

I’m just suspecting and I don’t have any evidence. You guys ganging up to pressure me is already a false accusation.” Xu Bai replied, “Of course, it’s not a big deal. However, you all know that His Majesty the Emperor thinks highly of me. If I’m not guilty, I only need to say a few words in front of His Majesty...” He didn’t continue, but his meaning was obvious.

In Xu Bai’s opinion, there was no need to use force at this time. All he needed to do was to intimidate them a little, and these family heads, who were used to living a comfortable life, would explain themselves one after another.

“As long as you answer my question, the so-called crime will naturally be gone.” Xu Bai continued.

“What is it?” The Zhao Family Head asked.

In fact, he had heard it very clearly just now.

Everyone present, including him, understood what he meant.

If that was the case, they would be slapping the emperor in the face.

In Great Chu, what were the consequences of slapping the emperor’s face?

Even a thousand cuts would not be enough.

At the thought of this, the family heads all shivered, and some even beat their chests in regret.

He was too excited and impulsive at that time. If he had known earlier, he would have played it safe. Otherwise, how could he have ended up like this?

“Tell me, who instigated you to exert pressure?” Xu Bai played with Ghost Head Blade, his eyes narrowed.

“It’s a letter. Each of us received a letter.” The Zhao Family Head took out a letter from his pocket and said, “The letter said that you’re a murderer. If we don’t get rid of you, then none of our families will be spared. And you just happened to be in prison, so... We were worried that we would get into trouble, so we did as the letter said and joined forces to pressure them.”

“Do you carry the letter with you?” Xu Bai frowned.

He felt that perhaps it was because they had been peaceful for too long that these family heads had lost their courage in addition to their previous vigor.

“I’m just in case something changes and I can push it to this letter.” The head of the Zhao family handed the letter to Bai and said, “Lord Xu, this is the plan.” At this moment, he also changed the way he addressed her.

Xu Bai took the letter and took out a paper crane from his bosom. He did not pay attention to this group of people, but used the tracing technique on the letter.

The paper crane flew up and down and stopped on the letter.

A moment later, it turned into a pile of ashes and disappeared.

“He’s really cautious. He even cut off his escape route. “Xu Bai rubbed his chin and thought to himself.

This rhythm had cut off all traces of their search. Obviously, the other party knew that if they left any traces, Xu Bai would be able to trace them. However, the problem was that the clues seemed to have been cut off again.

The other party did not leave any clues behind.

While Xu Bai was frowning and thinking, the group of family heads did not dare to answer. They all stood at the side trembling with fear.

After all, this person’s identity was already different, so they naturally had to speak less to prevent other things from happening..

Chapter 326 - Mastery Skill, New Usage (3)

“Men!” Xu Bai walked to the door and shouted outside.

A bailiff came in from outside and cupped his fists.”Greetings, Lord Xu. What’s the matter, Lord Xu?”

The Zhou Manor had already instructed that no matter what Xu Bai’s request was, they had to do their best to satisfy it. Therefore, the bailiffs were very respectful.

“Take these people to the other cells, as far away from me as possible.”Xu Bai said.

Since the matter was over, Xu Bai didn’t want to say anything more.

“Yes, sir!” the bailiff replied.

The family heads came in with dumbfounded expressions and were taken away with dumbfounded expressions. They were taken to a cell far away from Xu Bai.

After everyone left, Xu Bai looked at an empty place and said, ""Lord Song?"

Song De's footsteps sounded. He walked to Xu Bai's cell and said, ""Lord Xu, it seems that the other party is really flawless."

"Not really." Xu Bai said, "Sir Song, you don't have to stay here with me. Go and check the other families. Those who didn't join forces to put pressure on me might have problems.""

Since they were exerting pressure through joint forces, naturally, the more the better. However, there were only more than 20 families now. Clearly, there was something fishy going on.

If the other party wanted to get rid of him, this was undoubtedly the best way.

When the matter was exposed, the other families who were not involved would naturally lower their suspicions to the minimum.

"Actually, I'm also preparing to investigate," Song De said. "But Lord Xu, do you think it's better to investigate openly or secretly?"

As the chief of the Heaven Inspectorate, Song De was quite capable. He had handled many cases and naturally understood this principle.

What he was conflicted about was the light and darkness.

There was a difference between investigating openly or secretly.

If he investigated openly, he would alert the enemy, but it would be easier for him to launch a surprise attack and have an unexpected effect.

Investigating in secret would not alert the enemy, but many times, it would be difficult. After all, it was done in secret. Of course, it would be very secretive, and many operations could not be used.

“Of course, we’ll investigate and monitor in secret.” Xu Bai said, “There’s no need to investigate too carefully. We just need to monitor them. As long as the other party wants to make a move on these chess pieces, they will definitely make a move. I just don’t know if Lord Song has enough people?”

Song De was the only one on this trip, but there were dozens of other clans that did not participate.

“I’ll borrow someone from Lord Zhou.” Song De’s meaning was very clear. “Now that things have come to this, I actually understand that this matter has absolutely nothing to do with Lord Xu. However, the true identity of the person behind this must be investigated. Otherwise, it would be a slap to the face of my Heaven Inspectorate.”

All the signs were clear now. They just lacked the most crucial evidence. Otherwise, Xu Bai would be able to go out at will.

“It doesn’t matter if I go out or not.” “As long as I’m here, they will take action,” Xu Bai said with a smile. “That’s the most important thing.”

“Alright, then Lord Xu, be careful. I’ll go and investigate.” Song De didn’t dawdle and turned to leave.

After Song De left, Xu Bai leaned back on the recliner and quietly watched the progress bar.

The progress bar was slowly increasing. This [Secret Technique of

Manipulation] was almost done.

At the lakeside far away from the prison.

The man in the bamboo hat sat on the ground, not fishing. He just looked at the lake, motionless, as if he was in a daze.

The surroundings were extremely quiet. The surface of the lake was as calm as water, but the bamboo hat man's heart was not calm.

Ji Xiaojian was dead. He had erased all the clues, but the result was that there was no progress at all. On the contrary, he had suffered losses one after another.

"Does this Xu Bai really have some heaven-defying means?" the bamboo hat man thought to himself as he looked at the calm lake. At this moment, the man in black rushed over on time.

"Report!"

The man in black shouted with hurried footsteps.

"Speak!" The bamboo hat man withdrew his thoughts and glanced at the black-robed man.

The man in black hurriedly stopped and panted heavily. "Sir, it's over."

"Nonsense!" The bamboo hat man was furious. "What do you mean by that? Speak properly!"

The man in black was shocked and quickly calmed himself down. He said, "Those who joined forces to pressure them were all tightly held in prison. They said that...The crime of false accusation."

"Boom!"

A terrifying pressure emanated from the bamboo hat man.

The surface of the lake was suddenly blown up by the explosion, and the calm was broken.

“Good, good, good! Very good!” The bamboo hat man was so angry that his entire body was trembling.”What a good move to turn defense into offense. We captured all the people who were pressuring us, and there was no one pressuring us anymore. It was indeed wonderful!”“

The man in black did not dare to say a word, afraid that he would offend the bamboo hat man.

The bamboo hat man didn’t say anything. He just stood by the lake and looked at the turbulent surface of the lake.

The surroundings fell silent again.

After a long while, the bamboo hat man’s voice rang out.

“Since he has already done this...” “Send the Twelve Swords Formation over. I want his life!” the bamboo hat man said coldly.”

Although he appeared calm, the bamboo hat man was unable to hide the anger in his heart.

“Twelve Swords Formation?” “But Sir, they are our last trump card. If we can’t succeed...” The man in black shivered.

“Can’t succeed?” The man in the bamboo hat grabbed the collar of the man in black and said,““Who am I? I will not fail!”

The man in black subconsciously added,““But...”

This was only said subconsciously because the man in black did not know what

to say..

## Chapter 327 - Mastery Skill, New Usage (4)

“If we can’t succeed, we’ll bring everyone and escape from the Purple Wood

Mansion.” “I’ll take my revenge another day,” said the bamboo hat man.”

The black-clothed man’s face was covered with a black cloth. If it wasn’t for the black cloth, his expression would have been very interesting. In the beginning, who said that only Xu Bai could not be an official?

Now, who was the one talking about escaping?

Did people nowadays change so quickly?

Of course, the bamboo hat man didn’t notice the situation of the black-clothed man and continued to speak.

“Ke ke, other than the Purple Wood Mansion, he still has several other places.

When the time comes, he will naturally form an alliance with others.”

At this point, the bamboo hat man didn’t want to use any other methods.

A plan could be flexible.

In other words, when a plan didn’t work, it could be changed.

He had also discovered the difference between him and Xu Bai.

Actually, if he had planned slowly, he might not have lost. But the problem was that he was going to kill Xu Bai.

Xu Bai was ridiculously strong. How could he kill him?

When a person had the strength to break through tricks, even if you used all your skills, it was impossible to solve the problem.

This was just like during certain special moments, as long as you were strong enough and tough enough, you didn't need to change your posture at all. You could just go straight to the end in one posture. No one could withstand it.

Thus, the bamboo hat man felt that he had no chance.

Without a chance, why would he stay here and die?

No one liked to die. Xu Bai still had a long way to go to the capital. Now was not his last chance, so he did not panic at all.

Along the way, he was not the only one who killed Xu Bai. The enemy of an enemy was a friend. When the time came, they would join forces... It was perfect.

The so-called Twelve Swords Array was his last attempt and also the strongest technique he could use. After all, the old guys did not dare to come out, so this was the only way.

If it still didn't work, he could only run.

"Hurry up and do it!" "Remember, don't leak the news. When the time comes,

I'll bring you along. ""

“Thank you, Lord!” The man in black quickly agreed and left without staying any longer.

After the black-robed man left, the bamboo hat man looked at the lake in front of him and sighed.

“Xu Bai, I must kill you!”

It was the same words, but this time, he didn’t have the confidence to say them.

Time slowly passed.

In the blink of an eye, a few days had passed.

Over the past few days, Song De had been monitoring the movements of the remaining families.

However, the problem was that those families seemed to have disappeared without a trace. They were all living their daily lives. No one made any movements.

That was easy to say. After all, the other party would definitely be worried.

They were worried that if they acted rashly, it would arouse suspicion.

Song De didn’t mind this. After all, he was only responsible for monitoring.

However, Xu Bai saw something different.

The other party had been quiet all this time. Did it mean that he was exhausted and unable to get up again?

If that was the case, it would be a great opportunity.

As for whether it was real or fake, as long as he tried, everything would be clear.

Song De's voice rang out in the brightly lit prison cell.

"Lord Xu, I heard that you were looking for me?"

During this period of time, Song De had been closely monitoring those clans.

This was the first time Xu Bai had seen him recently.

Looking at Xu Bai, who was lying on the chair with a leisurely expression, the corners of Song De's mouth twitched.

How was this jail? This was clearly a vacation.

The only thing missing was the two girls from Spring Rain Pavilion dancing here.

If that was really the case, Song De would wish that he was the one locked up.

How comfortable would that be...

Looking at Xu Bai's leisurely manner and thinking about how busy he had been these past few days, Song De felt his chest tighten.

"Oh? Lord Song is here already?" Xu Bai stood up from his chair and put the Secret Skill of Manipulation aside. He smiled and said, "Of course, it's to ask

Lord Song for a favor."

“Lord Xu’s business is naturally my business. “Song De patted his chest loudly and said, “Lord Xu, feel free to speak.”

Xu Bai walked to a spot not far away from Song De and said, “Actually, it’s not particularly important. I just want Lord Song to go out and spread the news that he harmed me before. If he begs for forgiveness, I’ll let bygones be bygones.”

Song De was slightly stunned when he heard this. He didn’t understand what

Xu Bai meant.

This was not a good plan at all, right?

The other party was probably the kind of loyal person. Even if such a request was spread out, it might not be effective. It was better to continue monitoring.

Of course, he couldn’t express his feelings. He could only lower his head and think carefully. He wanted to use other reasons to convince Xu Bai without hurting Xu Bai’s reputation.

Of course, Xu Bai could tell as well. He smiled and said, “Lord Song, how could I not know such a simple question? I’m not forcing them to surrender, I’m just creating a rift between them.”

As soon as he said this, the eyes of Song De, who was thinking, immediately lit up.

He seemed to have discovered the trick.

Previously, the other party had used pressure.

Xu Bai’s current plan was similar.

“Lord Xu, I’ve comprehended it.” Song De said.

“It’s good that Lord Song has understood. If this matter succeeds, the other party will definitely take action. We’ll improvise and see if we can pull in the net.” Xu Bai said.

The old ancestor had said that attacking the city was inferior, but attacking the heart was superior.

Even if they were as firm as a rock, they didn’t know what the others in the same camp were thinking, so this rift naturally appeared.

As long as there was a rift between them, it would be easy to deal with the rest.

When the time came, they would pull in the net and do whatever they wanted. Song De left very quickly. After all, he was going to see the clues very soon. He was also very excited..

Chapter 328 - Mastery Skill, New Usage (5)

Meanwhile, Xu Bai was still as steady as Mount Tai. He continued to work on the Secret Techniques of Manipulation in his hands. The progress bar on it was getting more and more complete.

The next day.

The sun was warm and peaceful as usual.

However, in some places, different voices sounded.

The bamboo hat man listened to his subordinate’s report and suddenly turned his head.””What do you think of this matter?”

The man in black stood at the side and smiled bitterly. "Sir, this subordinate is absolutely loyal. However, I cannot guarantee the situation of the others. After all..."

He didn't finish his sentence, but his meaning was obvious.

"The Twelve Swords Formation must be completed, but I don't know if these twelve people will be loyal." The bamboo hat man paced back and forth as he thought to himself.

After a long while, he raised his head again and said, ""Keep a close watch on the Twelve Swords Formation. If anything happens, come find me immediately. Oh right, has the time been chosen?"

"Yes." The man in black nodded and said, "Every five days, at noon, the Zhou Manor will go out to inspect the situation in various places. This is his habit. At that time, Xu Bai will be the only one in the cell.""

The Zhou Manor Master was a scholar and also an expert. He had to avoid these things, or else it would be more difficult to kill Xu Bai.

"Alright, go now. Tell them that the noon of the fifth day is the time to make a move." The bamboo hat man said slowly.

"Yes, sir!" The man in black replied and prepared to turn around and leave.

However, at this moment, he suddenly felt a pain in his chest as a fishing rod pierced through his body.

"My Lord, I am so loyal to you. Do you think I would betray you?" The man in black forcefully endured the pain in his chest and asked with difficulty.

"Xu Bai dares to let bygones be bygones, but I can't guarantee that it's absolutely safe. Only a dead person is the safest." The bamboo hat man slowly said, "Besides, you will go and find the Twelve Swords Formation. Don't worry, I will personally monitor the Twelve Swords Formation. If there are any abnormalities, just run away.""

“It seems that in your eyes, no one is worthy of your trust.” The man in black laughed bitterly.”

The bamboo hat man remained silent, but his meaning was obvious.

“You will lose, and you will lose miserably, because you can’t beat Xu Bai.”The man in black used all his strength and mocked, “At least Xu Bai would know that you shouldn’t trust someone you suspect. But you are full of suspicion. I will wait for you downstairs. I believe that you will come soon.”

“Hehe, that’s my business.” The bamboo hat man exerted a little strength, and a powerful force seeped out from the fishing rod.

The black-robed man was torn apart and turned into a bloody mist.

After doing all this, the bamboo hat man went to the lakeside and placed the fishing rod in the water. He gently shook it to clean the blood on it before leaving the lakeside.

Not long after the bamboo hat man left, the air beside him twisted, and another man in black appeared, sweating profusely.

“Sir, he... As expected, they suspected us.”

“No, I have to run. Otherwise, I’ll die.”

“No, I can’t run. Xu Bai said that he would forget about the past and that he wanted to go to his place.”

As the black-robed man thought of this, his body twisted again and disappeared into the air.

What happened in the outside world was not clear to him.

During this period of time, he had truly brought out the word “otaku” to the fullest.

Every morning, noon, and evening, there were professionals who came to deliver food. Other than that, there was also a progress bar.

Xu Bai's evaluation of this was-cool.

He could even increase his strength. It was fake that he was unhappy.

If it could continue like this, coupled with two Courtesan Belles of Spring Rain Pavilion, it would be very beautiful.

Song De was also very helpful. After the news spread, he continued to monitor those families.

As for the others, the other party did not make any moves.

Xu Bai felt that it was normal.

It took time for an arrow to fly out of the bowstring and hit the target.

Wouldn't the other party need some time to digest such a big piece of news?

Calm and composed, that was the most important thing.

In front of him, the progress bar of the Secret Technique of Manipulation had finally reached the last bit, reaching perfection.

Looking at the light blue smoke in front of him, Xu Bai smiled in satisfaction.

Another successful book!

The light blue smoke turned into words that gradually condensed. In the blink of an eye, they became clearer and clearer.

[You have comprehended the secret skill of agility. You have comprehended the secret skill of agility.]

This time, there was no fusion option. Instead, it was a new skill.

A large amount of information surged into his mind. At the same time, a new attribute panel appeared in front of him.

[Name: Xu Bai]

Realm: Fourth Stage unspecialized.”

[Three Breaks (Level 4): Maximum level.] [Reversing Purple Cloud Squall Yin Yang Break (Level 6): Maximum level.]

[Wind Snow Return (Level 5): Maximum level.] [Breaking through second transition (level 4): Maximum level.]

[Shifting Stars (Level 4): Maximum level.] [Diamond Heart Devil Body (Level 4), max level.] [Kidney Harvester (Level 5): Maximum level.] [Hundred Poison True Clear Rank 3]: Full Rank.] [Paper Binding Essence (Level 5): Max Level.]

[Indestructible Body (Incomplete)(Level 5):[Maximum level.] [Secret Skill of Manipulation (Level 5): Maximum level.]

” Comprehension: Maximum level.”

As expected, it was a fifth-order skill again. It was indeed worthy of spending such a long time to get it.

Just a Tier 5 skill was already worth it, not to mention that it was a skill that he was extremely interested in.

After he had absorbed all the information, he suddenly opened his eyes.

He looked at Ghost Head Blade in his hand and muttered to himself, "So this is how the secret technique of ingenuity can be used?"

### Chapter 329 - The Beginning of the Final Battle

Only Xu Bails cell was glowing brightly.

Feeling the information in his mind, Xu Bai couldn't help but sigh. The so-called ingenious secret technique was completely different from what he had imagined.

Of course, it was still related to the mechanism, but there were many tricks involved.

The Jiqiao Pavilion was skilled in mechanics. They could attach unique effects to an item through assembling and other methods.

For example, the crossbow bolts in Ji Xiaoshan's hands were much more powerful than ordinary crossbow bolts.

The reason was related to his energy.

In this world, essence, spirit, and spirit were three different cultivation directions, and energy was the key to Jiqiao Pavilion.

With spiritual energy as the guide, the power of the ingenious item could far exceed the power of the ingenious item itself.

Of course, if one hadn't learned [Secret Technique of Manipulation], they wouldn't be able to make the first move, because they didn't even understand the most basic way of operating their energy.

When it came to the operation of energy, there was a need to mention the complexity.

The more complicated the mechanism, the more operational it would be, and the more complicated it would be.

If he cultivated this fifth rank 'Secret Techniques' to the highest level, he would also be able to learn all the ingenious operating methods of the fifth rank.

To put it bluntly, it was the difference between a newbie and a skilled worker.

After Xu Bai figured out the essence of the skill, he held his chin with one hand and looked at the Ghost Head Blade in his other hand. Then, he thought of the skill, Wind Snow Return, and suddenly had an extremely exaggerated idea.

By now, this Ghost Head Blade was actually not enough.

After all, he had obtained it from the bandit chief. Be it in terms of power or sharpness, it was far inferior.

How good of a weapon could an unranked bandit chief have?

Xu Bai had been using it because he had no better choice.

If it weren't for Xu Bai's strength, the black light, and the astral winds, this Ghost Head Blade would have been a burden.

“There’s no harm in trying while it’s quiet now.” Xu Bai thought to himself.

Thinking of this, he walked to the bars of the cell and called the bailiff guarding the door in.

“Give me a pen and paper.” Xu Bai said.

The bailiff naturally did not dare to refute. He agreed and left.

Soon, the pen and paper were ready and handed to Xu Bai.

Xu Bai thought about what he needed and wrote it on paper with a brush. After folding it, he handed it to the bailiff and said, “Give this to Ji Xiaoshan of the Jiqiao Pavilion. Tell him to prepare the materials inside as quickly as possible.”

Since he was going to make a new weapon, he would naturally use the materials from the secret technique.

There were many materials inside. Not only were they expensive, but they could not be bought in the ordinary market.

The Jiqiao Pavilion was in the industry of Jiqiao, so it was the safest to leave it to them.

As for money...If he could, he would do it.

He believed that the Jiqiao Pavilion would be very willing to do this. After all, they still had to perform well for what they had done previously.

The bailiff took the paper and quickly excused himself and left. Xu Bai returned to his chair and took out the Nameless Saber Scripture. He didn’t waste any time.

There were still a total of nineteen books. If he didn't hurry, when would he be able to finish reading them?

The bright room returned to silence, leaving only Xu Bails even breathing.

After about two hours, Ji Xiaoshan walked in from outside the cell with a huge bag.

"Xiao Shan greets Lord Xu." Ji Xiaoshan took off his bag and greeted him.

The bailiff next to him was very sensible. He opened the cell and brought the bundle to Xu Bai before closing the cell door again.

"Everything is here. Please take a look, Lord Xu." Ji Xiaoshan wiped the sweat off his forehead and said.

To be honest, just two hours ago, he had seen the things that the bailiffs had sent over.

It was filled with materials, and they were quite precious.

Ji Xiaoshan was also in this line of work. Of course, he could see that this thing was made of materials for Fifth Grade machinery.

But the problem was, why did Xu Bai want to come?

Of course, even though he was puzzled, he still gave the list of materials to his father.

Most of the items on the list were not left even for Pavilion Master Ji Qiao. As the Young Pavilion Master, he could not make the decision and could only let Pavilion Master Ji decide.

Pavilion Master Dangji was slightly surprised when he saw this, but he quickly waved his hand in agreement.

This was what Xu Bai wanted, and it was also the best time to ease their relationship.

Therefore, after Ji Xiaoshan received his approval, he quickly brought the materials to Xu Bai.

After saying this, Ji Xiaoshan did not leave.

In fact, he was also very curious about what Xu Bai wanted to make. Now that Xu Bai didn't let him leave, it meant that he wanted him to see it.

"Very good. It's not bad either." Xu Bai opened the bag and carefully counted it. He nodded in satisfaction.

The Jiqiao Pavilion did a good job. The things inside were not lacking.

"As long as it is something Lord Xu needs, our Jiqiao Pavilion will do our best." Ji Xiaoshan said appropriately.

"What are you still doing here?" Xu Bai asked curiously.

Ji Xiaoshan was slightly stunned. He had thought that Xu Bai was deliberately preventing him from leaving, but now it seemed that he had forgotten to let him go.

"Then I shall take my leave." Ji Xiaoshan smiled bitterly and said goodbye before leaving.

After Ji Xiaoshan left, Xu Bai looked at the things in the bag and rubbed his hands.

He took out a few materials and began to piece them together..

Chapter 330 - The Beginning of the Final Battle (2)

If Ji Xiaoshan was here, his jaw would drop.

When they used materials to join together, they would still cut and repair the materials.

After all, every piece of material had a different shape and size. Naturally, they needed to be trimmed to successfully join them together.

However, Xu Bai was different. He used the natural shape of the materials to piece them together.

If it was really pieced together, the power of the machine would be incomparable.

Actually, as long as he fully mastered the Secret Technique of Manipulation, doing these things would naturally be a piece of cake. After all, he had maxed out the Secret Technique of Manipulation.

With the help of the bright light, Xu Bai's hands turned into afterimages and kept moving in the bag.

The speed of his hand was so fast that it left one speechless.

As he moved, the materials in the bag began to decrease at a speed visible to the naked eye.

Not long after, the materials were all used up, and a long saber that had been pieced together appeared in Xu Bai's hand.

The long saber was completely black, and there were fine marks on the blade and handle. It looked unique and beautiful.

Xu Bai waved his black saber.

In the next moment, the True Core Strength flowed from Xu Bai's hands to the entire body of the saber in a particularly complicated path.

It was very complicated. After walking through hundreds of paths, he finally covered all of them.

This was the difficulty point of ingenuity. After it was pieced together, one had to know how to use it. Otherwise, it would look good but be useless.

Xu Bai weighed the black saber in his hand. It felt quite heavy and suited him well.

He tried to spin the blade, and it immediately brought about a strong wind.

When he brushed his fingers across the blade, he could feel the patterns on the blade. The feel was first-class.

"Let's see how powerful it is."

Xu Bai didn't use his full strength and used the Three Forms of Breaking.

As soon as the saber passed, the expert saber user could feel that this saber was several levels higher than Ghost Head Blade. It was as if one was in the sky, and the other was on the ground.

The quality of the black saber was absolutely impeccable.

However, this was not Xu Bai's main goal. It was the second slash.

The first slash was extremely fast. When it slashed through the air, it produced a terrifying whistling sound.

However, the second slash had a qualitative change.

Halfway through the slash, Xu Bai activated the True Core Strength in his body.

True essence energy flowed along the blade. In the next moment, the blade exploded.

It really exploded, just like the literal meaning.

The dark patterns on the blade that looked like spider webs instantly turned into fragments that filled the sky and swept forward.

The shards were like stars that flickered with a cold light. Each shard was wrapped in the dark light of the Diamond Heart Demon Body and the Stellar Energy that came with the mental cultivation method.

Compared to Ghost Head Blade's might, it could not be mentioned in the same breath.

If he was facing an enemy, the first slash would still be a head-on clash, and the second slash would turn him into fragments that filled the sky. The damage would definitely be top-notch.

Most importantly, these materials were more powerful than copper coins.

Xu Bai looked at the hundreds of fragments and made another gesture.

Taking a step back, he swung his blade for the third time.

As soon as the blade was unleashed, the hundreds of shards that had shot out seemed to have heard the command and returned to the shape of a black blade.

"Phew!"

The sharp sound of wind rang out, and this saber became a real saber again.

This was Feng Liuxue, coupled with the unique circulation route of the Refined Qi of the secret technique, which allowed all the fragments to fuse together again. According to the rules of the technique, they were pieced together again.

“Good!” Xu Bai couldn’t help but praise.

With this saber, Ghost Head Blade could really be eliminated.

Shattered, converged, shattered, converged...

In the cell, Xu Bai was having a great time. He didn’t stop until the time for one incense stick to burn had passed. He used his hand to touch the cracked dark patterns on the long saber.

Its entire body was black and there were cracks on it. It reminded him of an anime he had seen in his previous life. The main character seemed to use this kind of knife. It was called something like the Demon Sword Thousand.

“Oh right, there’s also poison.”

Xu Bai, who didn’t care about martial arts, took out the Hundred Violent Poison and smeared it on each piece.

After doing all this, he nodded in satisfaction.

Since it was a good saber, it needed a good name.

Xu Bai thought about it and thought, Since there are hundreds of fragments and they are coated with the Hundred Violent Poison, I’ll call it Hundred Break.”

Xu Bai, who had difficulty in naming and was useless at naming, had chosen a name that he thought was extremely nice.

The Black Blade Hundred Splits was returned to the scabbard at Bai Bai's waist. Xu Bai then began to recite the Nameless Blade Scripture.

As for Ghost Head Blade, he had casually placed him aside.

If Ghost Head Blade had a mind of his own, he would definitely jump up and curse Xu Bai for favoring the new over the old.

While Xu Bai was performing the Black Saber Hundred Splits and continuing to study the Nameless Saber Scripture, an ordinary-looking man was standing outside the government office, conflicted.

He was the man in black who had discovered the bamboo hat man killing people by the lake. He was extremely good at hiding, so he had run out immediately.

The bamboo hat man no longer trusted them, and he even killed his own people like a madman.

He originally wanted to leave, but after thinking about it, if he left, it would be a loss for both sides.

The most important thing was that he might not be able to live well in a situation where both sides were not pleased.

Instead of doing this, it was better to join Xu Bai. After all, Xu Bai had said that as long as he joined, he would let bygones be bygones.

However, after arriving at the government office, he was conflicted again.

He still didn't know whether Xu Bai was telling the truth or not. If it was fake, wouldn't he walk right into the trap?

To go or not to go, that was the question.

However, after standing there and thinking for a while, he decided to go in and take a look. After all, he thought that he would have to hide like a dog in the future and might be discovered at any time. It was better to test Xu Bail's character..
