Chapter 351: Give It to Me? Too Excited

“When you make a sound, I will chop off your head without hesitation and leave calmly. You can try.” Xu Bai steadied his mind and spoke in a faint voice.

The charming woman’s eyes narrowed slightly as if she was thinking. After a moment, she lifted her feet and walked forward.

As she walked, the curve of her body moved up and down, making one’s heart flutter.

Xu Bai followed behind him and soon returned to his room.

The paper figurine lit up the oil lamp on the table, illuminating the surrounding darkness.

At this moment, the woman began to take off her clothes. She took off the outermost layer of light yellow clothes, revealing the clothes underneath. She was wearing a white cotton shirt, which could not hide her figure at all.

“What are you doing?” Xu Bai frowned.

The woman turned her head and frowned. She mocked, “Didn’t you call me in because you wanted this?”

Xu Bai was speechless.

He was such an upright person. How could he be thought of like this?

"If you like to talk naked, you can." Xu Bai said. "You're not one of those people?" The woman was stunned."

She blushed and hurriedly put on her clothes.

"I don't know who you're talking about, but I want to ask you something now. ""Name, origin," Xu Bai replied.

"Can I not say it?" The woman placed her hands on her chest and said with a hopeful expression.

When he did this, the arc was compressed, making it look even more magnificent.

"Then let's cut off the hand first." Xu Bai took out the medicine Qing Xue gave him and prepared to take action.

He wasn't joking. He was really going to cut it.

With this slash, this charming woman in front of him would probably cry, right?

Xu Bai thought to himself. He was about to pull out his black blade, Hundred Rend, and cut off the woman's left hand.

The woman's face turned pale. She seemed to have sensed Xu Bai's murderous intent and knew that Xu Bai was not joking. He was serious.

"I'll talk!" She quickly raised her hand and said in a hurry, "My name is Ye Zi, and I come from Wind Chime Manor, which is very far from here. I'm from the branch of musicians, the Slytherin."

This time, Ye Zi was not long-winded at all. She answered very quickly, afraid that Xu Bai would chop off her hand if she answered too slowly.

“Slytherin Master? What’s that?” Xu Bai frowned and continued asking.

Ye Zi began to explain, “Our branch can use singing to influence others. The more others are affected, the more energy we can absorb from them and use it to improve ourselves.”

“Oh?” Xu Bai stroked his chin and said, “So, you’ve harmed many people?””

“No, I haven’t.” “No!” Ye Zi quickly shook her head and said, “The energy I absorbed will never cause any fundamental harm to these people. They will only be weak for a few days before they return to normal.””

Using her singing to influence others, the more they were engrossed in her singing, the more energy they could absorb.

And energy was the root of this profession.

According to Ye Zi, she was very afraid of causing a big commotion and attracting the attention of the Heaven Inspectorate, so she was very careful.

“Alright.” Xu Bai pulled out his black blade Hundred Rend and said a simple word.

Ye Zi saw Xu Bai’s actions and retreated in panic.””I’ve already made it clear. Are you still going to attack me?”

“It’s a critical period. I’m sorry.” “It will make you feel no pain.””

What time was he now?

He had to be careful with every step he took. After all, there were too many people who wanted to kill him along the way. The slightest carelessness could trigger a risk.

When Ye Zi saw Xu Bai's killing intent, she was also able to sense that seemingly substantial killing intent. Her large, gentle eyes suddenly widened as she hurriedly said, "Don't kill me, I want to buy my life!"

Xu Bai paused for a moment and said with interest, "Buy your life? What do you want to use to buy your life?"

This was the first time he had heard of this condition. Compared to the people he had dealt with before, those people had never mentioned this when they begged him for mercy.

Everyone was doing business. If money could really buy lives, this business might still be successful.

Ye Zi looked left and right. After confirming that there was no one else, she carefully moved in front of Xu Bai, her big eyes flickering with a gentle light.

This woman had a unique sense of temptation. Even if she didn't have such thoughts, her every move was mesmerizing.

"You know Xu Bai, right?"

Xu Bai was speechless.

Seeing that Xu Bai did not move, Ye Zi continued, "Let me tell you, he's someone that even His Majesty the Emperor thinks highly of. As long as you can get close to him, he'll definitely become a phoenix. I can help you get in touch with him."

Xu Bai's mouth twitched.

What was this? Why was he involved in this for no reason? Moreover, it seemed that this woman was very familiar with him.

"Do you know Xu Bai?" Xu Bai said with a smile.

Ye Zi's eyes lit up when she heard the man's words. She felt that she had a chance to turn the tables and quickly nodded. "Of course I know him. He's my man."

Xu Bai's expression was " _

He had the absolute right to say that he had a woman for no reason.

"I am Xu Bai." Xu Bai said slowly.

Ye Zi didn't seem to hear him clearly as she continued to say, "I know, I know.

Do you want to get in touch with Xu Bai? Don't worry, he loves me the most.."

Chapter 352: Give It to Me? Too exciting -4

"I said, I'm Xu Bai," Xu Bai repeated seriously."

This time, Ye Zi finally heard it clearly.

The entire arena fell into a deathly silence, especially in the darkness of the night.

Ye Zi's eyes were wide open, and her mouth was also wide open. She could stuff a lot of things in.

"What are you daydreaming about? Is it strange?" Xu Bai stretched out his hand and waved it in front of Ye Zi's eyes.

Ye Zi finally came back to her senses. She lowered her head and looked dejected. "Just kill me."

Xu Bai raised his right hand and hooked it around Ye Zi's white and flawless chin. He smiled and said, "How could I have the heart to kill my woman?"

This sentence was full of teasing meaning, making Ye Zi unable to help but shiver and close her charming eyes.

"Didn't you give yourself a status in the beginning? Why aren't you saying anything now?" Xu Bai looked at her flawless face and said, "Tell me, why did you impersonate me? Also, what you said at the beginning seems like someone is chasing you."

Just as they started chatting, the woman said something about Xu Bai not being one of those people. Xu Bai felt that someone was hunting her down, or that someone was looking for her.

"What does it matter? Anyway, I'll give it to you in the end." Ye Zi closed her eyes and didn't say a word.

"What do you mean?" Xu Bai was slightly stunned.

What the hell? This sentence came too suddenly, and he could not figure out the reason at all.

What do you mean...Offer it to him?

Ye Zi finally opened her eyes and said bitterly, "A top-notch cauldron in the world with a pure Yin physique. Other than bringing you endless joy, it can also bring you an increase in strength, and it's repeated."

When she said the word 'repetition', Ye Zi's face turned red.

"Don't give me those foggy words anymore. Tell me your identity clearly now." Xu Bai's expression gradually turned cold.

To be honest, when he heard what Ye Zi said just now, coupled with Ye Zi's rosy face and watery eyes, Xu Bai felt a wave of excitement.

This was not because he could not restrain himself, but because of Ye Zi's own constitution.

Fortunately, he was not an animal that could think with his lower body. What he had to consider now was Ye Zi's background.

"I'm from Wind Chime Manor, from Wind Chime Manor's Ye Clan." Ye Zi could feel Xu Bai's coldness and could not help but shiver. She said, "The Ye family is a musician's profession, but this profession is not used to do other things in the Ye family, but to please high officials and dignitaries."

In the dark room, Ye Zi told him everything she knew.

As she told him what had happened, Xu Bai gradually figured out the reason.

The Ye family came from Wind Chime Manor. They had a musical heritage and unparalleled performances.

Anyone who played music would definitely have a top-notch temperament.

The Ye family did not use any traditional methods. Instead, they used their temperament and beauty to curry favor with the powerful.

According to Ye Zi, the Ye family had quite a bit of power in the capital, and it was obtained through such means.

After learning that Xu Bai was valued by the Emperor, the Ye family planned to send Ye Zi over to win Xu Bai over.

Ye Zi had already known what would happen to her, but when she found out that it was Xu Bai, she immediately thought of running away.

There were rumors in the martial world that Xu Bai was cruel and merciless. He killed people like flies and had a capricious personality. If he fell into his hands, he would definitely end up in a very miserable state.

Therefore, Ye Zi escaped all the way and finally came to the clay house.

When she was running away, she also used a method that did not hurt others to increase her strength. At most, it would only make others feel powerless. But what she did not expect was that she had completely overturned her boat today.

Xu Bai's mouth twitched.

Words of tigers and wolves!

What did he mean by killing after he was done?

What the f * ck!

When did I, Xu Bai, become so perverted in the martial arts world?

Am I a pervert?

"Ruthless, cruel, and capricious?" Xu Bai took a deep breath and said, "Today, I finally know what this sentence means. The more the news spreads, the more ridiculous it is."

"Aren't you..." When Ye Zi heard Xu Bai's words, she opened her eyes in disbelief.

"Yes, I am!" "Take off your clothes?" Xu Bai grinned.

Ye Zi was slightly stunned. Then, she lowered her head and nimbly took off her clothes.

There was a red mark on her face.

Ye Zi raised her head, ignoring the pain on her face and said, ""Don't worry. Before we give it to the high-ranking officials and nobles, we are all virgin. You hit me just now. I know that you experts have unique hobbies..."

Xu Bai looked at Ye Zi coldly. He stretched out his hand and pulled Ye Zi's clothes to cover her white skin.

He was not incompetent, but there was no need to do such a thing just to increase his strength. If he wanted to increase his strength, it was as easy as flipping his hand. He just needed to look at two more progress bars.

There was another important reason. He didn't know if this woman was telling the truth. After all, he had no way to verify it. If it was that kind of demoness who sucked people's essence, wouldn't he be finished?

If the light is the word, it may not save your life. "Xu Bai brought the topic back.

However, if this couldn't buy his life, Xu Bai would still kill him..

Chapter 353: Give It to Me? Too Excited

"I do." Ye Zi seemed to have thought of something and said, "Maybe that will save my life."

She finally realized that the man in front of her was not interested in her beauty at all. Now, she had to work hard to save her life.

"Tell me." "As long as I think you're valuable, I won't let you die." Xu Bai smiled."

Ye Zi thought for a moment, took a deep breath, and said, "Lord Xu's journey to the capital has been fraught with difficulties. I've heard from our clan head that I can help Lord Xu remove the obstacles in the clay manor."

"Hmm?" "Tell me about it," Xu Bai said.

If that was the case, then it would still be useful.

The enemy of the clay mansion was in the dark, and he was in the light. There were indeed many things that were not easy to operate.

"I often use the Strange Sound to increase my strength here, and people will unconsciously fall into dreams when they are in the beautiful music." Ye Zi organized her words and said, "Some people talk in their dreams and I happen to hear them."

At this point, Ye Zi shut her mouth and stared at Xu Bai with a pair of eyes that were as gentle as water. She meant, "Will I be able to live if I tell you?"

"You don't seem to have the right to bargain with me." Xu Bai said slowly, "You've been given to me by your family. You're my personal property. You can say whatever I want you to say."

"Ou Clan, it's the Ou Clan of the Terracotta Manor. They're involved in this matter."

Xu Bai raised his eyebrows.

Ou Clan?

He had heard of this family before.

Previously, when he was in the Purple Wood Mansion, he had talked to the Pavilion Master of the Jiqiao Pavilion. The Ou Clan was another branch of the Jiqiao Branch, the Human-Weapon Branch.

Different from the other branches, the Ou family had put the ingenuity into their own bodies and walked an unusual path. It was very similar to the cyborgs in the movies that Xu Bai had seen in his previous life.

"I need evidence." Xu Bai said.

"Yes." "There's Lord Xu's life story and all kinds of information in the Ou Clan's cellar. They're all related to you, and they're used to analyze your situation.""

Xu Bai paced back and forth for a while, then sat back on the chair and knocked on the table with his hand.

Ye Zi did not dare to make a sound. She lowered her head and looked at her delicate toes, her expression very uneasy.

She was like a prisoner awaiting execution, and her life depended on Xu Bai's words.

"I need to confirm if what you said is true or not. ""'I still want to confirm something with you." Xu Bai said slowly."

Ye Zi suddenly raised her head."

"With your ability, can you make people talk in their sleep? And it's the kind that's easy to succeed. "Xu Bai asked.

Although Ye Zi did not understand what Xu Bai meant, she still nodded and agreed,""Yes, with a little guidance, it will succeed."

"Alright." "I'll temporarily accept this gift from the Ye family.""

Ye Zi's beautiful big eyes widened as she looked down at her curvaceous figure. She bit her lower lip and put on a pitiful look.

"Sleep." Xu Bai got on the bed and asked no more questions, leaving Ye Zi in the same place.

In his opinion, Ye Zi was very useful.

He didn't just need the Ou Family. After all, the Ou Family wasn't the only one dealing with him. There must be many forces in Clay Town.

The methods he used to extort confessions by torture were not effective every time, but Ye Zi was different.

It was easiest for people to let down their guard in their sleep, and that was the easiest time to tell the truth.

In the future, as long as there was a chance to catch a spy and use Ye Zi's ability, wouldn't the follow-up information be endless?

After seeing Xu Bai turn over to sleep, Ye Zi turned to look at the three-meter-tall paper figurine.

After a moment of hesitation, she sat down where Xu Bai had been sitting. She rested her head on her arm and closed her eyes.

"You are very smart." Xu Bai turned his back to Ye Zi and said, "It's right not to

run. ""

Hmm," Ye Zi replied softly. Her nasal voice carried a lazy and charming charm.

The current situation was better than she had imagined. She was also justified to stay here. Even if the people from the family came, they could not take her away. After all, she had indeed fulfilled the mission of the family.

As for what to do after that? Let's talk about it in the future.

At least for now, Xu Bai wasn't like the rumors in Jianghu.

"I hope so." Ye Zi muttered to herself and closed her eyes.

She had been in a state of anxiety and fear all this time, and she had to hide from her family to prevent herself from being captured. She was already mentally and physically exhausted. Now that she had relaxed, she quickly fell asleep.

The next day.

Ye Zi suddenly heard a noise and opened her eyes in a daze. She saw that Xu Bai had already dressed up and carried the big bag on his back.

"Young master, you..."

She did not call him Lord Xu anymore. After all, Xu Bai was too young. Calling him Lord would make him seem old.

Unlike other girls who were shy, Ye Zi was very generous most of the time.

"Cover your face. I don't want to attract too much trouble. You should have a way to cover it." Xu Bai said.

Ye Zi hummed in agreement and reached into her pocket, taking out a veil and putting it on.

After putting it on, her beautiful and flawless face was covered. Of course, her curvaceous figure was still extremely eye-catching.

“Young master, where are we going?” Ye Zi asked.

Xu Bai revealed a mysterious smile. “Of course I’m going to visit the Ou family..”

Chapter 354: Ye Zi Is Very Good to Use (1)

Visit the Ou Clan?

When Ye Zi heard what Xu Bai said, she was stunned on the spot.

After a while, he said hesitantly, “But...Are we going to go openly like this?”

To do this, he had to find a dark and windy time to put on a night suit and secretly touch it, right?

Ye Zi was a little confused. If they went there openly, would they be able to find anything useful?

“Of course, we should go openly. Sometimes, it’s better to investigate openly than secretly.” Xu Bai opened the door and said, “Let’s go.”

Ye Zi was in a daze. Although she covered her face with a veil, her big eyes were filled with confusion.

However, since Xu Bai had said so, she did not ask any more questions and followed him out the door.

After they left, Xu Bai brought Ye Zi to a small stall to eat.

Although Ye Zi had covered her face with a veil, her gentle and charming temperament did not change, making Xu Bai the center of attention.

After the meal, the two of them slowly made their way to the Ou Residence.

Throughout the whole process, Xu Bai did not seem to be in a hurry. Instead, he looked like he was shopping.

Ye Zi was even more puzzled. She felt that Xu Bai did not seem to be here to denounce him. Instead, he seemed to be here for a vacation.

However, she knew very well that she only needed to play the role of an invisible person. It would be troublesome if she cared too much.

Not long after, the two of them arrived at the Ou Family.

As a big family in the clay mansion, the Ou family was naturally quite rich. Even the stone lion at the entrance was much more exquisite than the other families.

At the door, two servants were on duty with wooden sticks in their hands.

Seeing Xu Bai and Ye Zi come over, one of the servants walked up and asked, “What brings the two of you here?”

After taking this job, the servant was also loyal to his duty. In this situation, the servant naturally asked first.

Especially when he saw the black saber at Xu Bai’s waist, the servant could tell that this saber was different and knew that Xu Bai was not to be trifled with.

“Inform them that Xu Bai is here to see the Ou Family Head.” Xu Bai slowly said as he held the black blade Hundred Rend in his hand.

Ye Zi shrank behind Xu Bai and did not say a word. Her eyes rolled around, and no one knew what she was thinking.

The servant was slightly stunned, but he still let Xu Bai wait there and went in to report.

After about the time it takes for an incense stick to burn, the servant walked out and bowed respectfully. "The family head said that he had caught a cold recently and was worried that Lord Xu would be infected, so he could not see

Lord Xu."

Xu Bai narrowed his eyes when he heard this.

"What if I insist on going in?"

"Lord Xu, please don't make things difficult for us. If Lord Xu insists on entering, we can only sue you for trespassing. "The servant's tone was rather helpless, but he still insisted on guarding this job.

"Go ahead." Xu Bai walked inside.

The servant hesitated for a moment and tried to stop Xu Bai.

However, before he could step forward, he heard Xu Bai's next sentence. "How much money do you earn a month? Do you have to risk your life?"

The two servants looked at the black blade at Xu Bai's waist. After hesitating for a moment, they did not dare to stop him.

That's right, he only had so little money a month. How could he risk his life?

With this thought in mind, the servant could only pretend that he could not stop them.

Xu Bai came to the door and pushed it open.

The door made a slight noise. Behind the door was a huge courtyard.

Rich families liked this style. The bigger the area, the more it showed their wealth.

Xu Bai led Ye Zi and directly walked in, followed by two helpless servants.

With this movement, it naturally attracted the attention of many servants.

A moment later, Xu Bai was stopped by someone.

An old man dressed as a butler stood in front of Xu Bai and blocked his way. He said with a serious expression, "Lord Xu, my master is not feeling well. It's better to come back another day. If we go back now, I can pretend that I didn't see him."

Although the butler was bent over, his tone was extremely firm. Clearly, he wanted to stop Xu Bai completely.

"Something important was lost in my Yin Posthouse. Now that the investigation has reached this point, you are going against the Imperial Court by stopping me." Xu Bai said indifferently.

He started to address him as his official, so naturally, he was using his official title to suppress others.

The old butler smiled." Lord Xu must be joking. The Yin Posthouse that Lord Xu is in is located in Yunlai Mansion. It's very far from here. How could it be possible to find this place?"

"If I say yes, then yes." "Your status is too low," Xu Bai said." If you don't cooperate with me, I won't show you any mercy."

“Lord Xu, this is trespassing...”

Xu Bai retracted his hand and looked at the old butler’s swollen face.”“You’re smiling cheekily. You deserve a beating.”

“You!” The old butler touched his own face, and his eyebrows were raised. He was about to flare up.

Xu Bai interrupted him.”If you stop me from investigating the case, you’re going against the imperial court. I’ve already been very magnanimous by giving you a slap.”“

As soon as he said this, the old butler wanted to flare up, but he forced himself to calm down.

At this moment, a weak voice sounded.

“Lord Xu has a noble status. How can you be calculative with a servant? Fu, bring Lord Xu in.’

There was no one there, only voices.

He was an expert.

Xu Bai narrowed his eyes and thought to himself, ““You pretended to be so weak, but you were able to transmit your voice so far. You came with me in the open.”

When the old butler named Fu heard the voice, he was slightly stunned. He quickly reacted and endured the humiliation in his heart. “Lord Xu, please..”

Chapter 355: Ye Zi Is Quite Feasible (2)

"I still like you when you're unruly." Xu Bai teased.

Fu's body trembled slightly, but he tried his best to suppress it. He did not refute Xu Bai's words, but turned around and began to lead the way.

Since even the family head had spoken, Ah Fu naturally had no other words to say and walked quietly.

After being slapped just now, he could only admit defeat.

Fu led Xu Bai and the other two around the winding road and finally arrived in front of an extremely luxurious house.

He went up and knocked on the door. "Master, the person is here."

"You can go down first. Just let Lord Xu and the others in."

A weak voice came from the room.

Ah Fu bent down to answer. She didn't speak to Xu Bai and the other man, but turned around and left. It seemed that she would feel uncomfortable if she stayed here for a while.

"Let's go in and take a look." Xu Bai walked to the door and pushed it open.

Ye Zi followed behind Xu Bai, and the two of them walked straight into the house.

Compared to the luxury outside the door, the interior of the house was also incomparably luxurious.

No matter the size of the decoration or the surrounding pattern, looking up is extremely exquisite, making people feel very comfortable at first glance.

In the middle of the room, there was a reclining chair. A middle-aged man was lying on the reclining chair. The middle-aged man was wearing a long robe. Although it was just an ordinary style, it was extremely exquisite in terms of material and workmanship.

"I was sick and couldn't get up to welcome you. I hope Lord Xu won't blame me." The Ou Family Head held the handles of the recliner with both hands and tried his best to get up. However, he fell back down weakly halfway.

This action was filled with two words: weak.

Whether it was in terms of appearance or expression, he gave off the feeling of having just recovered from a serious illness.

"Clan Head Ou, don't get up. Since you're already sick, you should rest well. I just want to see Clan Head Ou and discuss some matters at the same time." Xu Bai politely waved his head, indicating that there was no need to get up to welcome him. He then led Ye Zi to find a seat and sat down, looking as if he was getting to know her.

"Lord Xu, why have you come?" The Ou Family Head's face was still pale and weak. However, he did not get up after hearing Xu Bai's words. He just lay on the recliner and asked weakly.

Regardless of whether it was in the details or other aspects, it was flawless and no one noticed anything unusual.

Just as Xu Bai was about to speak, his nose twitched and he smelled something unusual.

The smell was very pungent, as if something was burnt. Although it was very faint, it could be smelled very clearly.

"It's broad daylight and the Ou family is still burning things?" Xu Bai placed his elbow on the table and said with interest, "It's almost burnt, right?"

Last night, Ye Zi had said that the Ou Clan was collecting information on him with the purpose of dealing with him. Now that they smelled this scent, it was obvious that they had almost finished dealing with him.

"Today, I happened to be packing up some things. There were some remnants of trash that needed to be burned. I just happened to encounter Lord Xu." Ou Family Head explained with a bleak smile.

When Ye Zi heard this, she opened her red lips slightly and wanted to say something, but she was stopped by Xu Bai's gaze.

Since the other party was so calm, they must have dealt with the follow-up matters. It was useless to go out and look for that.

However, this did not matter. He did not come here to find these things. He had other intentions.

"Let's talk about serious matters. I came here this time to borrow someone from the Ou Family Head."
"Xu Bai said.

Although the Ou Family Head was lying on his back, he frowned when he heard Xu Bai's words. He did not understand what Xu Bai meant.

"Lord Xu, who do you want to borrow?"

"Just that old housekeeper called Ah Fu. I saw that he still has some power in the residence, so I think he will be of great use to me." Xu Bai thought for a moment and said.

"This one is presumptuous. I wonder what use Lord Xu has for borrowing Fu?" Ou Family Head muttered.

Xu Bai pretended to be enlightened and explained, "It's like this. I've just arrived here, so I'm not very familiar with everything. I needed someone who knew the ropes to show me the way, so I came to you. As for why I only came to you, it was because the pavilion master of Jiqiao Pavilion introduced me."

At this point, he even brought up the Jiqiao Pavilion.

The Ou Family Head fell silent.

This request was too sudden. He didn't know what Xu Bai was playing at, so he didn't agree easily.

Xu Bai sat quietly in his seat, waiting for a reply.

He did not say a word, but he believed that the Ou Family Head would definitely reply to him.

Ye Zi's beautiful eyes that were like stars carried a trace of doubt.

She didn't quite understand what Xu Bai's intention was, but she knew that Xu Bai had already started his own plan.

They just stayed at the side obediently and did not say a word, letting Xu Bai make the decision.

After a moment, the Ou Family Head sighed and finally broke the silence. He slowly said the next words.

"The old butler and I have known each other for many years and have always done our best for the family. If Lord Xu wants to find someone familiar with the way, I can make other arrangements." Ou Family Head said..

Chapter 356: Ye Zi Is Quite Feasible (3)

Xu Bai's words were indeed blocked by this sentence. Whether it was from the way of the world or other aspects, there was no reason to lend it out.

However, Xu Bai was someone who could find a reason even if there was no reason.

"I don't need anyone else. I just want him to lead the way for me." Xu Bai shook his head and said.

"Lord Xu, you're making things difficult for me. If that's the case, I can refuse to lend you the money." Ou Family Head smiled bitterly."

"Oh, you can try." Xu Bai said."

There was a hint of threat in his words.

Ye Zits eyes widened. She did not expect Xu Bai to forcefully bring her along. She thought that it was for some other reason, but she did not expect him to be so stubborn.

The Ou Family Head looked straight at Xu Bai. Xu Bai did not show any weakness and looked straight at the Ou Family Head.

The two of them looked at each other for a while. After a while, the Ou Family Head's tone became serious.

"Lord Xu, you're provoking our family. Do you want to destroy our family in broad daylight if I don't agree?" Ou Family Head said in a deep voice.

"I'm an upright person and won't do those things, but I can't guarantee that there won't be some rascals who will secretly cause trouble for you. I'm not sure about that." Xu Bai said pointedly.

The Ou Family Head gritted his teeth and said, "Borrow! But before that, he has to hand over a lot of things. How about I send them to Lord Xu's residence in the afternoon?"

"Alright." Xu Bai stood up from his seat and stretched. He looked at Ye Zi and said, "Let's go back."

"Ah?" " Ah!" Ye Zi was confused, but she still followed behind Xu Bai and went out.

The two of them did not even have much interaction with the Ou Family Head. They did not even bid farewell and just left.

After Xu Bai and the other man left the Ou Residence, the Ou Family Head's face suddenly turned gloomy. The paleness on his face disappeared and was replaced by a normal color.

He got up from his seat and looked in the direction of the door, letting out a cold laugh.

At this moment, he did not look like a sickly person at all. He was even more vigorous than a normal person.

"Good, very good." The Ou Family Head clenched his fists tightly, and his eyes were filled with anger. He was like a cornered dog.

"Ah Fu!"

He shouted and loosened his clenched fists. The anger in his eyes was fading as

he tried to calm himself down.

Outside the room, Ah Fu walked in with a hunched back.

"Master, I know. Let me go."

There was still a red palm print on Ah Fu's right face. The swollen face that had been beaten by Xu Bai was not symmetrical and looked extremely funny.

"Do you think he discovered something this time?" The Ou Family Head returned to the recliner and gently swayed it as he closed his eyes.

Fu thought for a moment and said, "Master, I don't think we've exposed anything. It's impossible for him to know our purpose. Is he really just asking me to be a guide?"

The Ou Family Head opened his eyes, and his expression was grave. "We can't underestimate this person. Xu Bai looks harmless on the surface, but what he did just now was actually a phenomenon for us."

"He slapped you and used his so-called official authority to oppress me. He wanted to tell us that he is a good-for-nothing who only knows how to exercise his official authority."

"However, it was this good-for-nothing who caused the entire Purple Wood Manor to be wiped out. This person definitely cannot be underestimated." Ah Fu nodded repeatedly and did not say anything else.

He was waiting for the Ou Family Head's order. Since the other party had already made a move, the Ou Family Head would definitely retaliate. Otherwise, he would be passively beaten up.

The Ou Family Head pondered for a long time and finally made a decision. "Follow him and don't say anything disobedient. Just see what he wants to do and don't give yourself away. Before we deal with him, we have to know what he wants to do."

"Yes, I will go to his place now." Ah Fu nodded and prepared to leave immediately.

"Wait a minute." "I told him just now that you still have to hand over the things in your hands. It won't be too late to go over later."

"Yes, sir!" Ah Fu answered again and left the room.

After Ah Fu left, the room fell silent. The Ou Family Head sat on the recliner and swayed back and forth with the recliner's movement. His eyes were slightly focused, and no one knew what he was thinking.

On the other side.

Xu Bai brought Ye Zi back to the inn.

As soon as he opened the door of the inn, Ye Zi stared at Xu Bai with a face full of doubt, but she did not say anything. She bit her lower lip tightly, and her curiosity was about to burst out.

"Alright, don't look at me like that. Ask me what you want to ask." Xu Bai sat on the chair and put the bag on his back aside.

Ye Zi stared at Xu Bai with her big watery eyes. She organized her words and asked, "Young Master, I don't understand. Why did you ask his old butler to be our guide?"

She had thought that they would definitely get into a fight this time, but she did not expect that both parties were acting. There was only one thing she could not figure out. Why did Xu Bai want the old butler to be his guide?

Wasn't this bringing the enemy with him?

"I don't think everyone in the Ou family knows about the secret. This old butler has a high status, so he knows a lot of things." Xu Bai said..

Chapter 357: Ye Zi Is Quite Easy to Use

Ye Zi rolled her eyes and walked to Xu Bai's side. She asked, ""Young Master, are you confident that you can get the truth out of the old butler?"

"That depends on whether you can do it." Xu Bai raised his head and said, "This is your chance to prove that you are useful. With your ability, can you get information out of me?"

Ye Zi was slightly stunned, but she quickly reacted and lowered her head. "I only have the ability of a Rank-6. If that old butler's strength is higher than mine, I'll have to knock him out before I can give it a try."

‘Why must I knock him out?’ Xu Bai frowned.

“Only when he falls unconscious will he be in an unconscious state. Only then will I be able to use the eerie music to guide him.” Ye Zi explained.

She was a Bizarro Sound Master, so she naturally understood the various characteristics of this profession, as well as the methods to use it. She also knew when the success rate was the highest.

Xu Bai’s words just now made her understand that this was a good opportunity to show off. If she did well, there was a need to stay. If she did badly, then she didn’t know what the outcome would be.

Thinking of Xu Bai’s murderous aura last night, Ye Zi could not help but shiver.

“If that’s the case, then it’s easy.” Xu Bai stroked his chin and nodded. “It’s just a coma. There are many ways to make a person unconscious.”

Actually, his true purpose for today’s trip was also here.

Xu Bai knew very well that the Ou Clan was not the only one who wanted to deal with him.

After all, even the Purple Wood Manor was filled with difficulties, let alone the Clay Manor.

The closer they got to the capital, the more difficult it would be.

He had a guess. If the Ou Clan was colluding with other forces, could he follow the Ou Clan and find the clues?

If he really found the big melon, it would be great news for him. It was much better than having no clues at all.

“Don’t worry, Young Master. I will do my best and not disappoint you.”Ye Zi nodded vigorously, her face filled with determination.

Although they had only known each other for a short time, Ye Zi could tell that if she was really recognized by Xu Bai, she would not have any worries.

She was very good at judging people, especially men.

“If I stay by Young Master Xu’s side, wouldn’t I have completed the clan’s mission and wouldn’t be sold like a commodity?”Ye Zi thought to herself.

Of course, she knew very well that if she really wanted to stay, she had to show her ability, not her so-called beauty.

“Young Master, take a rest first. I think they will be here in the afternoon.”Ye Zi slowly walked behind Xu Bai and stretched out her slender fingers, placing them on Xu Bai’s shoulders and gently massaging them.

Xu Bai narrowed his eyes and felt his shoulders very comfortable.

Of course, his mind was clear and he was just enjoying the massage.

Everything was waiting for the old butler to arrive.

Taking out the Nameless Saber Scripture, Xu Bai looked at the progress bar while enjoying Ye Zi’s massage of his shoulders and legs. He felt that he was living an extremely rotten life now.

Looking at Ye Zi, who walked from behind him to the front, bent down, and squatted beside him to massage his legs, especially the curve of her back, Xu Bai sighed.

“No wonder those officers could not withstand the test...

Time gradually passed, and in the blink of an eye, it was already afternoon. There was a knock on the door. "Lord Xu, Fu is here to report."

At this time, Ah Fu's voice was much more humble. It was not as arrogant as it was in the morning. It was obvious that he understood what he had to do after receiving the Ou Family Head's advice.

"Open the door." Xu Bai said.

"Yes." Ye Zi came to the door and opened it, letting Ah Fu come in from outside.

Ah Fu walked in from outside the door with her body bowed. She kept her head down, appearing unusually respectful.

"I have offended you this morning. I hope Lord Xu can forgive me." Ah Fu apologized as soon as she entered the door.

Xu Bai waved his sleeves and said generously, "Let's not talk about idle gossip. Let's go."

Ah Fu was slightly stunned. He wanted to ask where it was, but Xu Bai ignored him. It was obvious that he didn't want him to know, so he could only keep silent.

Xu Bai put the bag back on his back and went out.

Ye Zi followed closely behind Xu Bai. When Fu saw this scene, she could only grit her teeth and follow.

At this time, the sun had not yet set. There were still many people walking casually on the streets, and the vendors on both sides had not completely dispersed.

Xu Bai led them out of the clay mansion and into the wilderness.

On the way, Fu didn't say anything, but he was secretly vigilant, feeling that something bad was going to happen.

Coming to the wilderness at this time, could it be that Xu Bai was planning to make a move?

However, after thinking about it carefully, Ah Fu felt that it was unlikely. After all, he had come out to help him. If he were to make a move, he would definitely not be able to explain it to the Ou Family.

Thinking of this, he calmed down a little.

But sometimes, things would develop in the opposite direction.

"It's about time. Let's do it here." Xu Bai stopped and pulled out the black saber Hundred Rend from his waist.

In the next moment, hundreds of pieces of the Black Blade Hundred Rend bloomed and surrounded Fu.

Fu was stunned on the spot. Then, he reacted and revealed a vigilant expression. A faint white light appeared on his palms.

The skin on his hands had turned a metallic color. They didn't look like human hands, but rather like a machine..

Chapter 358: Ye Zi Is Quite Easy to Use

"The human and soldier branches are indeed different. You must have modified your hands to be nimble." Xu Bai smiled faintly.

Fu said warily, "Lord Xu, I didn't offend you. It was just a slip of the tongue this morning. You don't have to kill me, do you?"

The smile on Xu Bai's face didn't disappear. Instead, it became brighter and brighter."Do you think you can resist? If you want to live, then be obedient."

Fu could feel the power of the hundreds of fragments. Each fragment contained black light and strong winds. At the same time, they were moving slowly in the sky with a soul-stirring trajectory.

He would definitely not be a match for him, and he would die a miserable death.

But he understood Xu Bai's meaning. Did he mean that he wouldn't kill him?

"Didn't Lord Xu want to attack me?"Fu pondered for a moment and said.

"That depends on whether you fight back or not. If you don't move, your life won't be in danger. "Xu Bai walked over, raised his hand, and struck Ah Fu's neck.

Ah Fu looked at the palm that was attacking him and then looked at the hundreds of fragments beside him. In the end, he gritted his teeth and did not fight back.

"Bang!"

A dull sound rang out. Fu's face was full of doubt. She only felt a slight pain in her neck, but there was no damage.

"I didn't control my strength well." Xu Bai thought to himself.

He could not be blamed for this.

Who knew how much strength was needed to knock someone out? If he used too much strength and directly cut Ah Fu's neck, wouldn't it be a loss?

But it didn't matter. It wasn't a big problem at all. If the first time didn't work, he still had two more times. He had a lot of time to try.

"Peng, peng, peng, peng, peng..."

A series of dull sounds rang out. Xu Bai's strength gradually increased, and Fu's expression became more and more unsightly.

What was he doing? Was this a provocation or an insult?

More importantly, he didn't dare to fight back because Xu Bai had said that if he did, the hundreds of fragments might kill him instantly.

"Too much, too much!" Ah Fu clenched his fists and felt the pain in his neck.

This was equivalent to pressing him to the ground and rubbing his face with his feet. This was a slap to his face!

The sense of humiliation continued to increase. Fu's clenched fists became tighter and tighter. One could hear the creaking sound of his clenched teeth.

When the sense of humiliation gradually increased to a certain level, Ah Fu felt that she had reached her limit and could no longer endure it.

All of a sudden, he felt dizzy. Then, he lost consciousness and fell to the ground.

Ye Zi was speechless.

Today was really an eye-opener. To be able to use such an outrageous method to knock someone unconscious was simply unbelievable.

“No wonder people in the martial world say that Young Master Xu is very strange. Only Young Master Xu dares to use this method.” Ye Zi thought to herself.

The other party didn't dare to fight back, so he could only let Xu Bai try again and again. Only those who saw this scene in person would be particularly shocked.

Ye Zi felt that her horizons had been completely opened today.

Xu Bai clapped his hands and said regretfully, “I still have to try more in the future. Otherwise, I have to try again and again. It's too troublesome.” Ye Zi widened her beautiful eyes, her face full of astonishment.

This was troublesome? It was just a few waves.

Of course, she did not dare to comment and could only bury her surprise in her heart.

“I don't know how long the unconsciousness will last. Let's start. By the way, can you tell if he's really unconscious or if he's pretending?” Xu Bai asked.

Ye Zi came back to her senses and nodded her head vigorously, indicating that she could determine it.

Seeing that Xu Bai had already started urging her, she did not hesitate. She slowly raised her fair index finger and kept crossing it in front of her.

A hazy light appeared on her ten fingers. As Ye Zi crossed them, threads that seemed to be corporeal appeared.

“Zheng...”

A crisp sound like that of a zither. As Ye Zi's slender fingers plucked, these threads transmitted one note after another.

As the notes danced, they entered Fu's body.

A moment later, a smile appeared on Ah Fu's face, as if she was having a sweet dream.

Ye Zi did not stop plucking the silk thread, making the notes more obvious and pleasant to the ear.

After about a minute or two.

Ah Fu had already fallen asleep, but as the music spread, he actually opened his mouth and let out waves of sleep-talking. Xu Bai's eyes lit up.

From the looks of it, he should have succeeded.

As expected, Ye Zi's eyes moved as she looked at Xu Bai and said gently, "Young Master, you can start now. If you ask him questions now, he should be able to answer truthfully in his sleep."

As a Bizarro Sound Master, Ye Zi naturally knew the best timing, so she quickly reminded him.

Xu Bai nodded and came to Fu's side. "Tell me, who are the people who want to deal with me?"

Fu heard Xu Bai's voice and struggled.

Obviously, his question had shaken Ah Fu.

However, in the next moment, Ye Zi sped up the movement of the strings and the notes became hurried in the blink of an eye.

The struggle on Fu's face gradually disappeared, and she slowly opened her mouth...

Chapter 359: Ye Zi's Support (1)

“Master... He wanted to kill Xu Bai, gain his master’s favor, and...So many families...

Fu spoke intermittently. Fu was already defenseless and was spitting out the truth one by one.

Master?

Xu Bai frowned. He had heard a strange word by chance. He felt that there must be a big secret waiting for him.

“The Su family...The Pan family...The Yu family...The Wang family...”

After that, Fu only paused for a moment before telling him all the families behind him, not missing a single one.

There were more than a dozen clans, all of which were major clans in the clay manor.

Of course, there were more than a dozen large families in the Terracotta Manor.

“Young Master, it seems that the people who want to kill you have formed a long line. “Ye Zi covered her small mouth through the veil and could not help but say.

Xu Bai didn’t answer Ye Zi’s question but continued to ask Ah Fu,””Who is your master?”

Ah Fu struggled again when he heard this. It seemed that this question was more difficult for him to answer than the first question.

Even in his dreams, under the guidance of the strange sound, if he touched on a deep problem, he would still be easily affected.

Ye Zi hurriedly plucked the silk thread again. The strange sound became more intense and frequent, gradually stabilizing Fu's struggling expression.

"Master is...Ah! "

Ah Fu only said three words before she suddenly let out a miserable cry. She hugged her head with both hands and rolled back and forth on the ground as if she was in endless pain.

At this moment, the threads condensed by Ye Zi all broke with a bang. She could not help but take two steps back, and her face turned pale.

"Are you alright?" Xu Bai's eyes and hands were quick as he held Ye Zi's arm and asked.

Ye Zi's brows were filled with panic. She shook her head slightly and said, "Young Master, someone planted a seed in his soul. As long as he says something he shouldn't say, his soul will explode. Strange Sound itself controls the soul, so it suffered a backlash just now. Fortunately, it retreated quickly and was not a big deal."

Controlling the soul?

Xu Bai's frown deepened when he heard this.

If he had any shortcomings now, his divine soul was one of them. After all, even an indestructible body could not protect his divine soul.

While the two of them were talking, Fu, who was lying on the ground, finally stopped screaming and woke up from her sleep.

"What did you ask me?" Fu's face had turned from pale to ashen. It was easy to see that the vitality in his eyes was gradually dying.

"I'm going to die, I'm going to die..."

He kept muttering to himself.

Xu Bai walked forward and grabbed Ah Fu's collar." "Tell me, who is the master behind you? You're dying anyway. Hurry up and say it."

"I can't say it..." Ah Fu's face had turned from ashen to gray, a sign of death." "Xu Bai, you've been smart for a lifetime, but you've been muddle-headed for a while. You've been fooled by your cleverness. Since you've triggered something in my soul, Master must have found out about it."

I'll wait for you below. I believe it won't take long for you to come down and accompany me."

As he spoke, Ah Fu completely lost his vitality. His head tilted and he fell to the ground, no longer breathing.

Xu Bai silently reached out his hand and searched Fu's entire body. He didn't seem to care about Fu's death.

He was just a small fry. If he died, so be it.

After searching for a while, Xu Bai didn't find anything useful, so he let go and stood up.

"Young Master, we might have alerted the enemy by doing this." Ye Zits beautiful eyebrows furrowed slightly, her gentle voice carrying a trace of worry.

Since the seed of the divine soul had already been detonated, the other party must have sensed it and might have made the next move.

They would undoubtedly alert the enemy. By doing so, the other party would probably be even more cautious.

"It doesn't matter." Xu Bai shrugged. He didn't think there was anything worth paying attention to."They will come after me sooner or later. It's just a matter of time. At least I have information on more than a dozen families now." "Where to?" Ye Zi was stunned and asked subconsciously.

"Of course, we have to seize the time and destroy some of our opponents before they can react." Xu Bai put the Hundred Rend back on his waist and walked into the darkness.

Ye Zi was slightly taken aback, but she quickly reacted and followed behind him with light steps.

The two of them gradually disappeared into the darkness of the night as they walked toward the clay mansion.

While Xu Bai and the other man were rushing to the clay mansion, Ou Clan's Head suddenly opened his eyes and sensed the message in his mind.

"Ah Fu is dead. The other party has the ability to confuse him and get the information out of him?"

The Ou Family Head was stunned. He had never thought that Xu Bai could find such a helper.

He obeyed the orders of his mysterious master, and a seed had long been planted in his mind. This seed could not only detonate when they leaked information, but also serve as a notification.

To be honest, he did not know what kind of ability this was, but after being hit by this move, he could only listen to the other party.

And just now, his master had sent him a message, asking him to rush to the outside of the clay mansion, to the place where Xu Bai and the others had to pass, and to kill Xu Bai.

He wasn't the only one who had received this order. The other families had also received this order. In other words, if they couldn't kill Xu Bai in this battle, they would all die there..

Chapter 360: Ye Zi's Support

They had come out in full force just to stop and kill Xu Bai.

“Sigh... Men!”

The Ou Family Head sighed and shouted at the door. As he shouted, more than ten trusted aides appeared outside the door.

“Patriarch.”

“Call all the experts. This is a difficult battle, but we have to complete it.

Otherwise, if the thing in our heads explodes, no one will be able to live.” Ou Family Head said with a serious expression.

Not only him, but all the experts of the Ou Family had been planted with seeds.

As long as they had the intention to resist, the seeds would explode completely.

“Yes, sir!” His confidants also knew the importance of the matter, so they did not say anything more. They only agreed and left.

Not long after, dozens of people gathered in the courtyard. With a wave of the Ou Family Head’s sleeve, everyone left the Ou Family and rushed toward the wilderness outside the clay mansion.

Not only his family, but more than a dozen other families in the clay mansion also rushed out in one direction.

After such a ruckus, the sky was getting darker and darker. The weather tonight was no longer clear, and it was drizzling.

The weather was fickle at this time of the year. The light rain was like a crisp, falling bit by bit.

Xu Bai looked at Ye Zi behind him as he hurried along.

After being drenched by the rain, Ye Zi's jet-black hair drooped down her forehead, adding a bit of charm.

"Young Master..." Ye Zi felt Xu Bai's gaze and bit her lips.

"It's fine. I'm on my way." Xu Bai took a deep breath and said.

The Ye family of Wind Chime Manor was indeed worthy of being specialized in this industry. Even he would be unknowingly affected by the women they nurtured.

The weather was constantly changing. After a while, the rain gradually stopped. Other than the soil that was still a little wet, the surroundings had begun to clear up.

At this moment, Xu Bai suddenly stopped and looked at the darkness ahead.

Ye Zi also stopped and followed Xu Bai's gaze. Not far away, there were hundreds of people rushing towards them.

The leader was the Ou Family Head, and he was filled with killing intent.

"It seems that these are useless chess pieces." Xu Fan pulled out the black blade, Hundred Break, from his waist. He stopped and spoke in a faint voice.

The other party dared to rob and kill here, and their actions were too reckless. It did not seem like they had the intelligence to use someone like Shen He as a spy.

There could only be one reason for that. The true identity of this group of people had been discovered. Instead of staying there and being defeated by Xu Bai one by one, it was better to gather them all and see if they could have different effects.

If they could kill Xu Bai, that would be a good thing. If they couldn't, there was no point in keeping this group of people. They could still probe Xu Bails background.

This was Xu Bails idea. He didn't know if the other party thought so, but it was more important to solve the problem now.

"Young Master, I can help you." Before Xu Bai could say anything, Ye Zi waved her hands and white threads appeared between her fingers. She stood beside Xu Bai with a firm expression.

She was a smart person and knew what to do at this time.

"You're a Rank-6. What can you do to help?" Xu Bai said.

"Rhythm can be used against enemies, but it can also assist one's own people." Ye Zi plucked the silk thread, and pleasant notes flowed slowly.

The air in front of him became stagnant, and Xu Bai felt a change in his surroundings. There were musical notes surrounding him, and the circulation of his Refined Qi became smoother.

"There's such an ability?" Xu Bai rubbed his chin, took out the paper figurine from his waist, and threw it on the ground.

The fifth-grade paper figurine suddenly grew to more than three meters tall. It held different wpannnns in its hands and had a strange smile nn its face

"It's guarding you. You just need to pluck the thread in peace." Xu Bai said. Ye Zi nodded her head and softly acknowledged.

At this moment, the Ou Family Head finally arrived in front of them with over a hundred people and stopped.

“Lord Xu, today, you will have to give your life here.” Ou Family Head said in a

deep voice.

The people behind him were all looking at Xu Bai with murderous intent. “You’re so generous to die. It seems like you’ve all been planted with seeds, right?” Xu Bai said with interest.”

The Ou Family Head didn’t reply. Instead, he extended his hands along his arms, and light continuously emitted from them. Half of his body was covered by a special item.

The Ou Family Head had already transformed half of his body into these ingenious techniques.

The other family heads also used their methods to prepare for battle.

“If I were you, I would set up an ambush halfway instead of standing in front of me like this.” Xu Bai’s finger brushed across the back of the Black Blade Hundred Break as he spoke in a faint voice.

“Cut the crap. Today, either you die or I die!”

” Master Ou!” A Clan Master beside the Ou Clan Master couldn’t help but shout.

However, just as he finished speaking, the black blade Hundred Rend exploded into countless starlight and suddenly elongated, piercing through the chest of the family head.

In just a moment, a Rank-5 expert’s life was over. He fell to the ground and was no longer breathing.

“Kill them!”

With Xu Baits action, it was as if he had poked a hornet's nest. Everyone was on the same string, and at this moment, the string was broken.

Shouts of killing suddenly began. Ou Clan Head took the lead and led hundreds of people toward Xu Bai.

"Zheng..."

The sound of the silk thread vibrating could be heard. Ye Zi plucked the silk thread, and the surrounding air became even more solidified. The momentum of these people rushing over became slower.

"Musicians!" The Ou Family Head noticed the abnormality and pointed at Ye Zi. "Kill this woman first!"

When the others heard the order, they turned around and prepared to kill Ye
