Chapter 361 Ambush in the Night, Ye Zi's Support (3)

Musicians were good at attacking and defending, but the most outstanding one was the ability to assist.

There was a saying in the martial arts world that one had to hit the face first to hit someone, and kill the musician first to kill someone.

In short, musicians were always the target of every battle.

Ye Zi looked at Xu Bai's back. Facing the hundreds of people rushing towards her, she did not panic at all and continued to play the piano in peace. As long as Young Master Xu was here, nothing would happen to her.

"Have you asked me?" Xu Bai brandished his black blade.

In the next moment, the fragments of the explosion suddenly spread out like a storm, reverberating in the sky and sweeping towards the hundreds of people.

Normally, it would be difficult for a hundred people to fight against a hundred fragments before they obtained the Four Moves of the Go Blade, but it was different now.

Each of his fragments could perform saber techniques. This was a qualitative improvement.

Moreover, Ye Zi's support ability was indeed quite powerful. The circulation speed of his Refined Qi had greatly increased, much higher than usual.

The attacks of over a hundred people were suddenly blocked. They were actually fighting with the shard.

One of the family heads gritted his teeth and endured the injury of his abdomen being pierced by the shards. He raised his hand and shot a hidden weapon at Ye Zi.

The speed of the hidden weapons was very fast. This family head had the strength of a fifth-grade.

“Young Master will protect me.” Ye Zi did not even raise her head, facing this hidden weapon, it was as if she had never seen it.

A hand made of paper grabbed over from the side, holding a knife, spear, and axe, blocking the dark qi on the ground.

The fifth-grade paper man had a strange smile on his face. It didn’t change all year round. He stood beside Ye Zi and was as stable as a mountain.

“Paper Binding Technique!” The family head who had paid a heavy price and had his abdomen pierced opened his eyes wide and shouted the last sentence.

In the next moment, the Hundred Shattered Fragment sliced through the middle, splitting him into two. His internal organs flowed all over the ground. “Boring.” Xu Bai suddenly said, causing everyone’s hair to stand on end.

Then, Xu Bai stomped his feet slightly.

In the next moment, a trace of energy rose from the ground and transformed into True Core Strength that fused into his body.

Reversing Purple Cloud Astral Wind, Yin Yang Break!

Purple Cloud could borrow power to increase one’s strength by 10%.

With the strength of the first layer, coupled with Ye Zi’s assistance at this moment, Xu Bai’s strength had increased by a large margin.

The Four Styles of the Knife...

Xu Bai waved the black saber that only had the handle left, drawing a trace in the air.

In the next moment, the power of the hundreds of fragments suddenly increased. The terrifying black light and strong wind were like the falling stars in the world, carrying an invincible might.

Half of the people turned into corpses in an instant.

The remaining half of the people had terrified expressions on their faces, as if they could not believe what they were seeing.

There were many Level Five experts among them. Even a Level Four enemy would not have the power to resist here. Don't forget, there were hundreds of them.

But... Wasn't this too terrifying?

One against ten, they could understand. One against twenty, they could also understand.

However, was he still a human when he fought a hundred people alone?

Some people already had the intention to retreat. This scene was seen by the Ou Family Head.

The Ou Family Head was also in a miserable state at this moment. His entire body was covered in wounds, and his body was in tatters.

But... No matter what, they were all dead.

"Everyone, this is the last attack." The Ou Family Head revealed a look of despair.

If they couldn't kill Xu Bai, they would be killed by him. Even if they escaped,

their master wouldn't let them go.

They were going to die anyway. They couldn't escape.

The final attack.

When these four words reached everyone's ears, they also understood the meaning behind them. Other than despair, there was also a hint of determination on their faces.

"Die! I have to take him with me."

The next moment, everyone present revealed a determined expression.

Their bodies suddenly expanded, and in the blink of an eye, they turned into an incomparably huge sphere.

Xu Bai was quite familiar with this scene. Shen He had been like this before, and he had even exploded with a loud bang. The power was not small. With so many people exploding at the same time, how could the power be the same?

"Retract!"

In the blink of an eye, Xu Bai put away all the fragments of the black saber,

Hundred Shattered, and put them back at his waist. Then, he turned around. Under Ye Zi's astonished gaze, Xu Bai kicked the fifth-grade paper figurine away.

The Fifth-grade Paper Figurine drew a long arc and landed in the distance.

“Let’s go!”

Then, Ye Zi felt the world spinning. When she came back to her senses, she found that she was already in Xu Bai’s arms, and her hand was subconsciously hooked around Xu Bai’s neck.

Xu Bai only felt a softness. Then, he tightened his mind and used the second transformation of the line breaking technique to run quickly. In the blink of an eye, he had already run a large distance.

“Boom!”

A loud rumble came from behind him.

Terrifying energy was being released wantonly.

Xu Bai estimated that he might not be able to run out of range.

Thinking of this, he quickly took out the bag behind him and stuffed it into Ye Zi’s arms.

“Hold it well. Nothing can happen to it.”

The remaining eighteen Nameless Saber Scriptures were stored inside. They were extremely precious.

Ye Zi was stunned.

The next moment, she realized that Xu Bai had changed her position. She had her back facing Xu Bai, and Xu Bai was surrounding her from behind.

Feeling Xu Bai’s warmth, Ye Zi closed her lips.

“Boom!”

The terrifying energy wantonly poured out, and cracks appeared on the black light on Xu Bai's body. A wound also appeared on his back.

Fortunately, the distance was quite far, and the damage was greatly reduced.

In addition, the Vajra Heart Devil Body's black light acted as a buffer. The damage seemed to be extremely high, but Xu Bai felt nothing except for the pain..

Chapter 362 - Ambush in the Night, Ye Zi's Support (4)

“Young Master, are you alright?” Ye Zi waited until the energy disappeared before she turned around in a panic to look at Xu Bai's back. His back was a bloody mess, looking extremely terrifying.

At this moment, Ye Zi was even more flustered.

As someone nurtured by the Ye family, he was like a commodity.

Xu Bai was the one who used the goods.

But now, the person who used the goods actually protected her and prevented her from being hurt. This scene directly reversed her understanding.

For some reason, Ye Zi actually felt very touched.

Xu Bai was protecting her!

Looking at the bloody mess on Xu Bai's back, Ye Zi could not help but tear up.

However, the next moment, she was shocked to find that Xu Bai's wound was healing at a speed visible to the naked eye.

In just a few breaths of time, other than the residual blood, the wound had recovered.

Even though the Indestructible Body was only a weak body, its recovery ability was indeed great.

Ye Zi covered her mouth with her hand and looked at this scene in disbelief.

"Don't be surprised. Your performance is enough to prove that you have the ability to stay by my side." Xu Bai told the truth.

To be able to get information out of others' mouths and even assist them, he was indeed the best tool.

But sometimes, when you tell the truth, others might not believe you.

Just now, he was also confident that he would be able to do so.

"I understand, Sir." Ye Zi nodded and said softly, "From today onwards, Ye Zi will forever be Young Master's servant girl."

Even if she had the ability to recover, who would protect a woman who was just a commodity?

Unknowingly, Ye Zi's thoughts went astray.

Xu Bai was speechless.

He felt that there was no need to explain now because a subjective concept had already been implanted in Ye Zi's mind. No matter how he explained, it would be useless.

“Alright, let’s go back first.” Xu Bai waved his hand at the paper human figurine not far away and said.

After receiving the order, the Fifth-grade Paper Figurine walked to Xu Bai’s side and shrunk to the size of a fist. Xu Bai hung it on his waist again. The scene was already a mess, so there was no need to search.

However, that did not mean that there were no other places.

Ye Zi saw that the clothes behind Xu Bai had been torn to shreds. She took out a coat from the bag. “Let me help Young Master change his clothes first.”

“I can do it myself.” Xu Bai said.

Ye Zi tightly pursed her lips and shook her head.

After what happened tonight, she seemed to have really gotten into character.

Xu Bai thought for a moment and didn’t want to waste his breath.

Ye Zi began to take off Xu Bai’s torn clothes and put new clothes on him.

When she took off her clothes, her upper body was naturally bare.

Ye Zi was also very generous. Soon, she finished changing Xu Bai’s clothes. Although she looked generous, her breathing was already a little hurried.

“Let’s go. There are other things to do.” Xu Bai said as he hurried toward the clay mansion.

Without any obstacles, the two of them had a smooth journey.

When they returned to the clay mansion, they didn't go to the inn. Instead, they searched the families of those people one by one.

Because it was night, the two of them snuck in very successfully, but in the end, they did not find any clues.

There were no clues, but Xu Bai found something.

It was a book with the words 'Man-soldier Secret Technique' written on it. Xu Bai had found it in the Ou Family Head's room, and there was a new progress bar on it.

Good stuff!

The moment he saw the progress bar, Xu Bai knew that he had found what he was looking for.

Black Blade Hundred Break was enough for the current stage, and it was a little supermodel, but Xu Bai liked this kind of supermodel very much.

Liking it was one thing, but exploration was endless. Xu Bai naturally wanted to go further. Now that he had this Man-Soldier Secret Skill, he saw hope.

Apart from that, there was also a large pile of materials. These were all materials used to make mechanical skills and were extremely precious.

After that, they didn't find anything new. The two of them didn't stay and returned to the inn.

This time, Xu Bai changed his room and booked a double room so that Ye Zi could have a good rest.

Ye Zi's ability had been affirmed by Xu Bai, so Xu Bai naturally would not be stingy.

“Rest first.” Xu Bai said to Ye Zi as he lay on the bed and flipped through the Man-Soldier Secret Technique in his hand.

Ye Zi sat on the edge of the bed and bent her soft waist to massage Xu Bai's legs. After hearing Xu Bai's words, she shook her head and said, “Young Master didn't sleep, neither did Ye Zi.”

Xu Bai grinned and didn't say anything else.

Indeed, men liked Ye Zi the most.

Whether she was beautiful or not, and whether she had a good figure, just her gentle and obedient personality was already very much in line with the standards of many men.

It had to be said that the Ye family had put in a lot of effort in nurturing them.

While enjoying the progress bar's growth, he also enjoyed Ye Zi's massage. Xu Bai suddenly felt that the liver progress bar was not a dull thing anymore.

“Young Master, do you like to read a lot of books?” Ye Zi asked.

Xu Bai nodded and said, “You're quite curious. Don't move your hand up.

Ye Zi's hand stopped at the base of Xu Bai's thigh. She giggled and moved down again. “Actually, if you go to Wind Chime Manor, you can also ask the Ye family to give you books.”

“Oh? Why?” Xu Bai's interest was piqued when he heard this.

Ye Zi smiled slightly, so charming that it moved people's hearts. “The Ye family has always clung onto Young Master's thigh, so they naturally wouldn't refuse..”

Chapter 363: Ambush in the Night, Ye Zi's Support (5)

“The fact that Young Master is affected by me proves that his soul is lacking. The Ye Family’s books are related to the soul, so they might be able to make up for Young Master’s shortcomings.” Ye Zi raised her fair swan neck and explained.

“Divine soul?” Xu Bai was slightly stunned.

Ye Zi ‘ang gave a sound and nodded.” Yeah, the divine soul. It’s like slowing

down the speed of the other party’s attack. It’s also affecting the divine soul.”

“If that’s the case, we can really go and take a look.” Xu Bai thought to himself.

If he could obtain a book on the divine soul, it would naturally be beneficial to him. It could make up for his shortcomings. After all, he was indeed helpless in the defense of his divine soul.

Thinking of this, Xu Bai made up his mind to continue working on the Human Soldier Secret Skill.

As for the mastermind, since the other party had already lost so much, they would definitely make a move. Now, they would wait for fatigue. When the time came, they would stop quietly.

The night was getting deeper and deeper, and the surroundings were completely silent. Everything seemed to be quiet.

Xu Bai narrowed his eyes and enjoyed Ye Zi’s massage while the progress bar

grew.

On his side, he was relaxed and even very happy. On the other side, in a hidden place, there was a very different scene.

"Master, we failed." An ordinary-looking man was standing respectfully.

Not far from the man was a bed. The curtain was drawn on the bed, so the situation inside could not be seen clearly. Only a seductive figure could be vaguely seen.

After saying this, the man did not continue to speak, waiting for his so-called master's order.

"I failed..."

A gentle female voice came from behind the curtain. She sounded like a young lady from a wealthy family, but the man kept his head lowered and did not dare to look up.

"They're just useless abandoned pieces. They're useless now. Have you figured out Xu Bails ability?"

"At present, we have already recorded Xu Bai's abilities based on the information we have." The man took out a book and said, "But there's still a part that he hasn't used yet, so he can't find the strength of the other abilities. ""

When the woman behind the curtain heard this answer, she fell silent. After a long time, she slowly said, "Alright, I understand."

"Master, should we continue?" the man asked.

"No need, let's wait for a while. I need a good plan, let's wait a few more days." the woman said gently.

"Yes, sir!" The man did not dare to be careless and replied respectfully.

"Hehe...He has so many abilities and is so strong. This person has really broadened my horizons. I don't even want to kill him. If I can keep him in my bed, that will be true happiness." The gentle female voice was filled with regret, as if she was lamenting that a life was about to disappear.

The man did not dare to say another word and quietly left. The surroundings fell into silence again.

Everything returned to normal.

The woman behind the curtain reached out a fair hand and pulled open the curtain in front of her. Then, a white thigh stretched out from inside.

Her thighs were slender and her skin was fair. There was a peony tattoo at the base of her thigh.

The woman was extremely beautiful. Other than a thin veil, she was naked. One could vaguely see the beautiful scenery inside.

She walked to the dressing table in the room and looked at her beautiful face in the mirror. She couldn't help but touch her face. "I have to find an opportunity to get close to him...We can't act rashly anymore..."

Time gradually passed. In the blink of an eye, several days had passed.

During this period of time, Xu Bai's life was very comfortable.

The person behind the scenes did not come looking for trouble again, nor did anyone come to assassinate him. He thought that the other party had given up.

However, he knew very well that the other party would definitely not give up so easily, so he did not let his guard down.

During this period of time, it wasn't as if he hadn't gained anything. The progress bar of the Human Soldier Secret Technique was gradually increasing, and it was about to be completed today.

"Young Master, wash your face." Ye Zi carried a basin of water and swayed her body like a weak willow. She came to Xu Bai and began to wash him.

At first, Xu Bai refused.

However, after enjoying it, he only felt that it was really fragrant.

What a corrupt world!

Too corrupt!

How fragrant!

“Young Master, the food has been delivered. “Ye Zi put down the basin in her hand and said.

“Alright.” Xu Bai replied.

On the table, Ye Zi had already placed the bowls and chopsticks in advance.

When Xu Bai sat on the table, Ye Zi sat beside him and scooped rice for him.

“Young Master, please enjoy.” Ye Zi smiled.

As Xu Bai ate, he checked the progress bar in his hand.

The meal was very fast. In the blink of an eye, Xu Bai had finished it.

She called the waiter to clean up the dishes. Ye Zi washed her hands and started massaging Xu Bai's shoulders.

It had to be said that no matter what, Ye Zi would always be very comfortable. The Ye family's training was indeed not bad. Otherwise, there would not be so many high-ranking officials and nobles who had been won over.

Xu Bai enjoyed Ye Zi's massage and stared at the book in his hand.

At this moment, the progress bar was still changing. As time passed, after about half an incense stick of time, the last bit of progress bar was finally completed..

Chapter 364: Xu Bai Will Be Coaxed, But Not Forced

Seeing that the progress bar was finally complete, Xu Bai smiled.

This progress bar was one that he was looking forward to. After all, it was something related to ingenuity. Perhaps he could fuse it with the secret skill he had obtained previously to produce a new skill.

Ye Zi, who was massaging Xu Bai's shoulders, saw the smile on Xu Bai's face. She thought that Xu Bai had thought of something happy and was about to speak when Xu Bai held her down.

"Let's talk about it later."

Light blue smoke slowly appeared. The smoke that only Xu Bai could see gradually condensed in the air and finally condensed into a line of words. [You have studied the Man-Weapon Secret Skill and comprehended it.]

After the light blue words appeared, they quickly disappeared. Xu Bai waited. After less than a breath's time, a new light blue smoke appeared. This was a sign that the fusion was about to happen.

The next moment, the light blue smoke gathered again and formed the latest text.

[Man-soldier secret technique + ingenious secret technique + essence of paper binding = ingenious puppet technique.]

[Fusion successful.]

Clever puppet technique?

Seeing this line of text, Xu Bai was stunned.

This scene was indeed unexpected. He had originally thought that there were only two skills fused.

But now, a third type had appeared. This was the first time it had appeared.

The light blue smoke disappeared again. This time, there was no new fusion. Instead, it turned into a stream of information and entered Xu Bai's mind.

The latest interface appeared.

[Name: Xu Bai]

Realm: Fourth Stage unspecialized."

[Four Moves of the Knife (Level 6): Maximum level.] [Reversing Purple Cloud Squall Yin Yang Break (Level 6): [Maximum level.]

[Wind Snow Return (Level 5): Maximum level.] [Breaking through second transition (level 4): Maximum level.]

[Shifting Stars (Level 4): Maximum level.]

[Diamond Heart Devil Body (Level 4), max level.] [Kidney Harvester (Level 5): Maximum level.] [Hundred Poison True Clear Rank 3]: Full Rank.] [Clever Puppet Technique (Level 6): Maximum level.] [Indestructible Body (Incomplete)(Level 5):[Maximum level.]

” Comprehension: Maximum level.”

After losing two skills, a new skill was produced after the fusion of the newly obtained skills. It was called the Clever Puppet Technique. It was a sixth -grade skill, which corresponded to the level of the Fourth Stage.

In short, it was not a loss, but a profit.

After Xu Bai closed his eyes and absorbed the information in his mind, he opened his eyes and took out the fifth-grade paper figurine from his waist. He fell into deep thought.

The so-called ingenious puppet technique still retained the usage of the paper binding technique, but it fused various essences of ingenuity. There were many places that needed to be experimented on.

“Bring out the materials we took from the Ou Clan yesterday.” Xu Bai patted the hand on his shoulder and turned to Ye Zi.

When they went to the Ou Family yesterday, they had obtained a progress bar and a large pile of precious materials. These materials were used to make the machine.

Not only were the materials precious, but they were also priceless. It was very difficult to buy them in ordinary markets.

It was only possible to find it in the Yin Posthouse, but it was only a possibility. It was still very difficult to find it.

If it wasn't for the fact that the Ou Clan specialized in this, it would probably be very difficult to find them.

He threw the Fifth-grade Paper Figurine on the ground, and its body suddenly expanded to more than three meters tall. It bent its waist slightly to avoid hitting the roof.

The box was moved over. After it was moved over, Ye Zi just stood quietly at the side. She did not ask what she needed to do. If there was anything that needed to be done, Xu Bai would definitely instruct her.

Xu Bai stood up and rummaged through the box in front of him repeatedly. Finally, he found a lot of useful materials and placed them on the ground in different categories. At the same time, he reached out his hand and hooked his finger at the Fifth-grade paper figurine.

The Fifth-grade Paper Figurine walked toward Xu Bai.

Then, Xu Bai began to open the fifth -grade paper figurine in front of him.

Ye Zi's big, charming eyes carried a trace of surprise, as if she did not quite understand Xu Bai's actions.

After all, this paper figurine's strength was not bad. Even if some experts obtained it, they would take good care of it. However, now that it was in Xu Bai's hands, he tore it apart without any heartache.

"Young Master's way of doing things is indeed not something ordinary people can understand." Ye Zi thought.

On the other side, Xu Bai had already begun to move.

He took out the required materials and placed them in different categories. At the same time, he folded the paper figurine that he had already opened up again. This time, it was not as simple as before.

He first folded the paper figurine into the size of a normal human body. It was not as exaggerated as three meters tall, and he did not make as many arms as before. It was just the size of an ordinary person. Then, he put the paper figurine aside and picked up the materials beside him to begin the complicated assembly.

During the entire process, the material was not cut. Instead, it was reassembled using the natural shape of the material itself. Soon, it was reassembled into a skeleton.

Xu Bai picked up the skeleton and examined it carefully. He didn't relax at all. Even the corners of the skeleton were carefully examined.

A moment later, he nodded in satisfaction. The skeleton looked flawless.

Then, he put the skeleton aside and picked up the paper figurine beside him. He cut the paper figurine from the middle and filled the skeleton in. This process was very slow. Every step was very careful, just like an old master who was extremely focused on craftsmanship..

Chapter 365: Xu Bai Will Be Coaxed, But Not Coerced (2)

When the skeleton was completely placed inside, the gap that Xu Bai had opened at the beginning naturally closed up.

At this moment, Xu Bai released his hand. The thing that could be called a puppet stood up and walked like a living person. It did not feel stiff and walked very smoothly.

Xu Bai nodded, very satisfied. There were no mistakes so far, but there were still some things missing.

He picked up the materials on the ground again and pieced them together again. This time, he pieced them together on the outer surface of the puppet.

Gradually, the paper puppet's appearance was covered up and turned into a

wooden state.

After finishing this step, he did not stop. He used the remaining materials to piece together a long saber and stuffed it into the paper figurine's hand.

At this moment, Xu Bai finally stopped. His True Core Strength slowly circulated and formed a connection with the puppet in front of him.

In the blink of an eye, the puppet moved again. It waved the long saber in its hand, and the long saber suddenly exploded into countless fragments that spun in the air.

Xu Bai's heart skipped a beat. He put away his long saber, and the fragments that filled the sky regrouped and returned to their original appearance.

"How do I feel?" He looked at Vp 7.i and asked

Ye Zi was already dumbfounded. Her plump lips were wide open, and she could stuff a lot of things into them.

She was already surprised when Xu Bai started to assemble the pieces. Looking at the puppet in front of her, Ye Zi felt a strong pressure sweeping over her.

"Young Master, I feel like it's a human and not a puppet. The saber it swung out just now seemed to have the shadow of your saber technique." Ye Zi sank into her thoughts and frowned slightly. She thought carefully for a moment. She, who lacked words, could only think of this sentence.

Xu Bai nodded. "You're right. You look more like a person now."

First of all, this puppet had already reached the Fourth Stage, and it was not an ordinary Fourth Stage.

Although the previous paper figurine had the strength of a Rank-5, it could only be considered to be in the middle of the Rank-5. After all, its movements were slightly stiff. However, it was different now.

With the dexterity of the bones, then the paper as the skin, and finally the dexterity of the armor, the paper figurine's defense and flexibility had been greatly improved. Most importantly, this paper figurine could display some simple saber techniques.

A Level Four puppet that could use saber techniques and the weapon that Xu Bai had made just now could even defeat some ordinary Level Four experts. "What a pity," Xu Bai said regretfully, "I can't shrink anymore."

There was something to give, and there was something to gain. He had obtained such a huge improvement, but the puppet in front of him could not become smaller like before.

As a person who liked to trick people, Xu Bai felt that it would be perfect if he could shrink it. When he threw it out, it would suddenly become bigger and he would be able to trick many people. Unfortunately, he did not have this function.

"Young Master, you just need to put on ordinary clothes and cover it up. It will look no different from an ordinary person and will be able to fool people." Ye Zi said considerately.

"You're right. That's indeed the case." Xu Bai ordered the puppet of the Fourth Stage in front of him.

In the next moment, the puppet of the Fourth Stage moved on its own. It rummaged for a set of clothes and put them on. It even put on its shoes. At the same time, it found a face cloth and covered its face.

The long saber was also stuck at his waist, and he looked no different from an ordinary person.

"Let's go out for a walk." After doing all this, Xu Bai stretched his back and planned to go out for a walk.

He had been staying in the inn all this time. He had to give the other party a chance. Otherwise, if the other party was unwilling to move, he would have waited in vain.

Ye Zi took out a veil from her bosom and covered her face. She walked to the door and opened it. Then, she crossed her hands over her lower abdomen. "Young Master, please."

The two of them went out and walked towards the street outside...

When the two of them walked out, nothing happened in other places except the government office.

“Lord Tong, we have already investigated this matter. Before the people from these families disappeared, they did not come into contact with anyone else.”The bailiff was reporting to the Tong Manor.

Tong Fu Ling came from a superior academy in Jiangnan Road. Although it was not as good as Qingyun Academy, it was still one of the best there.

Ever since he became an official, he had walked step by step to his current position. He could be considered a person in power.

Unlike other scholars, he was tall and had a majestic temperament. However, compared to his temperament, he had an extremely proud attitude.

In today’s world, there were many scholars who could not stand Jianghu people and generals, and the Tong Residence Order was one of them.

Not only did he not like it, but he also often showed his disgust on his face. In his opinion, he was a noble scholar, so he naturally would not compare himself with those mediocre people.

The Tong Manor Magistrate had some skills and managed the clay manor very well. Even now, there were many manors that could not compare.

In fact, based on his current achievements, he might have been promoted long ago. However, the reason why he had not been promoted was because of what he had said in the capital.

There are too many generals in the world. We need to reduce our ranks to protect Great Chu.

At that time, he wasn’t a prefecture commander yet, and at that time, King Sheng You didn’t fake his death.

If it wasn't for his talent, he probably wouldn't have been able to leave Beijing..

Chapter 366: Xu Bai Will Be Coaxed, But Not Coerced (3)

Of course, he didn't walk out at that time, but lay down. It was said that after he said that, King You Sheng invited him to the military camp and drank for a night.

On the surface, he was drinking, but everyone knew in secret that the screams in the military camp had never stopped that night.

After experiencing that incident, the Tong Residence Magistrate did not mind, but at least he restrained himself a little and did not dare to speak casually anymore.

However, the contempt in his bones did not decrease at all. On the contrary, as time passed, it increased.

When Tong Manor Leader heard his subordinate's report and heard that his hand seemed to have paused for a moment, he seemed to be in a difficult position and could not help but frown.

"If you have something to say, just say it. Don't hesitate. What's there to be afraid of?"

"Yes, yes, yes." The bailiff quickly nodded and said what was in his mouth, "The Ou Clan said that Xu Bai seemed to have been there before this. Other than that, there was no one else."

"Xu Bai?" The Tong Residence Magistrate was stunned. Then, he reacted and repeated, "Are you talking about Xu Bai?"

"It's Xu Bai who's preparing to be rewarded in the capital." The bailiff hurriedly said.

The Tong Residence Magistrate fell into deep thought and did not speak for a long time.

Of course, he had heard of it and paid attention to it. However, he did not expect that the other party would actually stop at the clay house.

It didn't matter if they stopped. If they stopped, they would definitely leave. But now, they were involved in a missing person case.

Seeing that the magistrate did not speak, the bailiff shut his mouth tightly and stood to the side, waiting respectfully.

After about the time it takes for an incense stick to burn, the Tong Residence Magistrate finally finished his thoughts and slowly spoke.

"Passing Xu Bai's"

"Yes, sir!" The bailiff finally received the order and heaved a sigh of relief. He agreed and quickly left with a few people.

After the bailiff left, Commander Tong looked at the empty hall and snorted coldly.

"It's disgusting to have to deal with these Jianghu people again."

Xu Bai brought Ye Zi and strolled around the streets for a while, but they did not find anything interesting.

There weren't many other things in the clay house, but there was a lot of porcelain. However, if you looked at some things too much, you would feel sick of them.

Other than the merchants who came to sell, Xu Bai didn't have much fun shopping.

"Let's go back." Xu Bai felt a little bored, so he walked towards the inn with Ye

The two of them walked for a while and soon arrived at the inn.

Xu Bai stopped in his tracks and bumped into the bailiff who had come to the inn.

The bailiff was also slightly stunned. He then waved his hand and said, "Men, take Xu Bai Bai back to the government office."

If one were to say that one was tainted by the company of vermillion, one would be tainted by the company of ink. The arrogant personality of the Tong Manor Magistrate also affected his subordinates, making them seem to be more ignorant of the immensity of heaven and earth.

In fact, Xu Bai knew that he would definitely be involved in this matter. After all, he was the only one who had been to the Ou Family before. However, he did not expect the other party to be so unyielding.

If he was like the Heaven Inspectorate's official Song De, who spoke with reason and evidence, Xu Bai would really follow him.

However, Xu Bai wouldn't care if he were to act tough right from the start.

We are all humans. Can't we talk nicely?

Who gave you the right to speak ill of me?

"Young Master, let Ye Zi do it." Ye Zi walked forward, her fair fingers moving slightly.

The silk thread appeared in her hand. In the next moment, Ye Zi plucked it slightly, and a faint sound was emitted.

The bailiffs that were about to surround them all stopped and took a few steps back. Some of them spat out a few mouthfuls of blood and their faces turned pale.

“My young master has a noble status, how can you surpass him? Young master didn’t say that he wanted your lives, so I’ll spare your lives.” Ye Zi’s eyebrows were raised. Although she was covered with a veil, she could feel a trace of killing intent circulating.

This scene was very exaggerated, and it naturally attracted the attention of the surrounding pedestrians. Many people stopped and pointed at them.

Ordinary people like them had seen cases of yamen arresting people, but this was the first time they had seen such a direct confrontation.

“How dare you!” The bailiff wiped the blood from the corner of his mouth. Although he was afraid, he still said firmly, “Do you know that disobeying the orders of the government is equivalent to opposing the imperial court? What will happen if you openly oppose the imperial court?”

Ye Zi was about to speak, but before she could say anything, she felt a large hand pressing down on her shoulder.

Xu Bai pressed down on Ye Zi’s shoulder and patted her lightly. “Don’t be rash.

Let’s go over and take a look.”

His tone was very calm, as if it had nothing to do with him.

However, those who were familiar with Xu Bai knew very well that the calmer he was, the angrier he became. And his anger would turn into a tangible price.

However, this group of people in front of them did not need to bear the price.

The ones who needed to bear the price were the people behind them. Just now, Ye Zi’s attack had already taught this group of people a lesson.

‘ Mm.” Ye Zi replied with a lazy tone. She walked behind Xu Bai and didn’t probe further.

Seeing this scene, the bailiff thought Xu Bai had given in and shouted,””Men, lock it!”

“Hmm?” Xu Bai raised his eyebrows.

Behind him, besides Ye Zi, there was also that puppet of the Fourth Stage.

The puppet of the Fourth Stage moved upon hearing the sound. It drew the long saber at its waist, which shattered into pieces. The fragments floated in the air and surrounded the bailiffs.

This scene was even more terrifying than Ye Zi’s attack..

Chapter 367: Xu Bai Will Be Coaxed, Not Coerced (4)

The bailiffs ‘faces were pale. They did not dare to make any movement at all, afraid that they would be pierced by these fragments if they took a step forward.

“I hate people who climb up to my nose. Things can only be done once or twice. Answer me, do you really want to die?”Xu Bai’s tone was very calm.

A unique killing intent emerged from his body and surrounded him.

Lock?

Ever since he had joined this circle, no one had ever dared to say this to him. Even Song De, who was in charge of these things, had explained the reason to him.

Now, these lackeys actually dared to say such words?

If he had really done something wrong, he would have admitted to locking him up. But now, he was only asking him to go over and clarify the truth. Why should he be locked up?

Who gave him the authority to lock up and arrest people without evidence, and even an official of the imperial court?

“Slap.” Xu Bai said slowly.

The puppet of the Fourth Stage moved, transforming into a gust of wind.

The next moment, the bailiff who had spoken earlier let out a miserable cry. His face was swollen and blood flowed from the corner of his mouth.

“Are you still going to lock it?” “If you mention it again, I’ll take your heads,” Xu Bai said.”

Everyone was silent. No one dared to speak.

Xu Bai waved his sleeves and said, “Lead the way.””

With the scene just now, this group of bailiffs cowered. They were just dogs abusing their power, but now they could not even say a word.

Not long after, Xu Bai arrived at the government office under the lead of the bailiff.

Throughout the entire process, the bailiffs were silent. They had never encountered such a situation before. In the past, when they arrested people, they were extremely arrogant. No one had ever resisted. Now, it was completely different.

When Xu Bai stepped into the government office, Magistrate Tong saw this scene again, especially when he saw that one of his subordinates’ faces was swollen on both sides. Naturally, he knew what had happened.

“Lord Xu, what a great official prestige.”

The Tong Residence Magistrate sneered.

Xu Bai placed his hand on the hilt of the Black Saber Hundred Break and said indifferently, “Compared to Lord Prefect, my official prestige is still considered small. The moment I came, I wanted to lock it up and bring me here. I want to ask what I have done?”

Lock?

Tong Manor Magistrate looked at his subordinates in astonishment.

The bailiffs nodded timidly, admitting that what Xu Bai said was true.

The Tong Residence Magistrate’s expression immediately darkened.

These subordinates had been with him for a long time and had become extremely arrogant. Did they not understand what was going on?

According to the laws of Great Chu, even an ordinary citizen could not lock the door without conclusive evidence.

Moreover, Xu Bai was the post station chief, equivalent to an official of the imperial court. If he dared to do this, he was simply tired of living!

“Lord Xu, please forgive me for my offense just now.” Tong Manor Magistrate said-

On the surface, it looked like an apology, but it didn’t look like an apology at all. It didn’t even make a move, and its hands were still behind its back.

Xu Bai narrowed his eyes. This was the reason why he didn't want to deal with these people.

Not every prefecture token was the same as the Zhou Prefecture Token.

Now, he had met a weirdo, the Prefecture Order who looked down on the people of the martial world.

From the beginning to the end, he maintained his arrogance as if someone owed him money.

"Just an apology?" "According to the laws of Great Chu, how should they be punished for doing this?" Xu Bai asked slowly."

Now, he could see that there was no need to be polite. This guy obviously looked down on the people of the martial world. It was useless to do more. It was better to be more direct.

When Tong Manor heard this, his expression became even more gloomy as he said,""Lord Xu, forgive people when you can."

"So you're saying that you're going to protect your subordinates?" Xu Bai said with a smile.

This smile looked very sunny, but behind the sunlight, there was a deep, cold chill.

Commander Tong knew very well that this was an accusation against him, so he looked at his other subordinates. "Thirty strokes."

The bailiffs who didn't go to find Xu Bai came up and took all the bailiffs away. Soon, they heard continuous screams.

"Lord Xu, are you satisfied now?" The Tong Residence Magistrate said slowly.

"Of course I'm satisfied," Xu Bai said with a smile."What's your name, Prefect

Magistrate?””“

“Surname Tong.” “Let’s talk about your matter now. ””“

“Lord Tong, please speak. Oh right, find a seat and sit down. Since I’m not a prisoner being escorted by you, of course I have a place to sit. “Xu Bai rubbed his waist and said,””This old waist is not durable at all.”

“Look!” Commander Tong tried his best to suppress the anger in his heart and led Xu Bai to his seat.

After Xu Bai sat down, Ye Zi came behind him and gently rubbed his shoulders.

The puppet of the Fourth Stage stood at the side, acting as a guard. Its entire body was covered in clothes, and its true appearance could not be seen clearly.

“Lord Xu really knows how to enjoy life.” “Now, let’s talk about some serious matters. Many people from many families have gone missing. Before this, the

Ou family said that you had been there before...”

The Tong Residence Order told him the entire story.

After saying that, he didn’t say anything else and waited for Xu Bai’s answer.

“Oh, about that.” Xu Bai revealed an expression of sudden realization, as if he had just realized it. He said, “If you want to talk about this matter, it’s actually very simple. Go to the Purple Wood Mansion and ask around. This is what the pavilion master of the Jiqiao Pavilion told me..”

Chapter 368: Xu Bai Will Be Coaxed, Not Coerced (5)

“But I heard that you even beat up their old butler.” Tong Fu Ling continued to ask the.

“If the dog is disobedient, I will beat it up. This is the same as Lord Tong’s subordinates just now. Could it be that this matter has something to do with me?” Xu Bai said casually.

When Commander Tong heard this, he stood up with a swoosh. “Lord Xu, you’re just a post station chief. The words you’re saying now are too disrespectful to me. Do you know that just based on what you said just now, I can put you in jail?”

Xu Bai tilted his head and said carelessly, “Is there anything else?”

Tong Manor Head was stunned and confused by this sentence. He subconsciously said, “No, I haven’t.”

“Ye Zi, let’s go.” Xu Bai stood up and turned to leave.

Ye Zi followed behind Xu Bai and did not say a word. She also did not look at the Tong Residence Magistrate.

The entire process was filled with contempt, not treating Tong Manor Ling as a person at all.

It was still the same sentence. Bai had always been a person who would be coaxed but not forced. From the moment he came here, Tong Fu Ling had been constantly threatening him.

His temper was rather irritable. If others respected him, he would respect them. If you don’t give me face, then I won’t give you face either.

“Stop!” Tong Manor Magistrate naturally felt embarrassed and shouted angrily, “If you dare to take another step, I will capture you.”

There had never been a person who dared to be so arrogant in front of him. At least, he had never taken a fancy to a person in the martial arts world. Now, they were ignoring him instead.

This was his government office, but he was treated like this. He could not control himself at all.

“Swoosh!”

The puppet of the Fourth Stage drew the long saber at its waist.

“I advise Lord Tong to understand the ways of the world. Without evidence, you dare to touch me? If you delay my trip to the capital, can you stand it if I accuse you in front of His Majesty?” Xu Bai said slowly.

The Tong Residence Magistrate remained silent, and his eyes revealed a cautious expression.

Indeed, Xu Bai was now in the capital to accept the Emperor’s reward. If he was delayed because of his matter and found out that he had nothing to do with Xu Bai in the end, it would be a slap to the Emperor’s face.

After all, the one who was delayed was not Xu Bai, but the emperor.

If the Emperor wanted to reward a person and you detained this person, then when the news spread from person to person, the one who suffered would be yourself.

Xu Bai saw that the face of the Tong Residence Magistrate had turned ashen. He laughed disdainfully and turned to leave.

Even after Xu Bai walked out of the door, the Tong Residence Magistrate still did not say a word. His previous arrogance was completely different from now.

After leaving the government office, Xu Bai brought Ye Zi and the puppet of the Fourth Stage back to the inn.

He took out a nameless saber scripture and continued to read the progress bar. As for what had happened before, he did not care at all and only treated it as an interlude.

Ye Zi rubbed her shoulders. The fourth grade puppet served tea and water. Xu Bai's small days were also very comfortable.

He was living comfortably here, but the more Tong Manor Magistrate thought about it in the government office, the angrier he felt.

Originally, he wanted to drink a mouthful of tea to calm himself down, but when it reached his mouth, the Tong Residence Magistrate no longer had the mood to drink it. Recalling the encounter just now, he threw the teacup on the ground with a bang, shattering it into pieces.

There was already no one here. After all, when they saw the Prefect Magistrate lose his temper, everyone had already quietly retreated, lest it would be bad for them if they saw too much.

"Bastard, you're simply a bastard! You're just a Jianghu person. You're just lucky. How dare you shout at me!" The Tong Residence Magistrate slammed the table angrily, his eyes red with anger.

"Sir, don't be angry." At this moment, a person walked into the backyard of the government office. He comforted him while telling the Tong Residence Magistrate not to be angry.

"Xu Bai dared to treat me like this, and you want me not to be angry?" The Tong Residence Magistrate said angrily.

He had recruited this person some time ago. As his old butler had passed away due to illness a while ago, he had recruited a new one. Although this person looked young, he was very capable, so the Tong Residence had made an exception and recruited him.

The butler's surname was Chen, and he was not old.

Butler Chen smiled. "It's bad to be angry. Your Excellency, don't hold it in when you're angry. You have to vent it out to relieve it."

“How?” Tong Manor Magistrate tried his best to calm himself down. “You can’t catch him, so what else can you do?”

The only thing that could help him vent his anger was to make Xu Bai kneel down and kowtow in front of him.

“Of course, why can’t I?” Butler Chen smiled slightly and said, “It’s just that there’s no evidence. Sir, you can create some evidence.”

As soon as he finished speaking, the scene fell silent.

After a moment, the voice of the Tong Residence Magistrate was heard.

“Forging evidence, do you know that this is a violation of the laws of Great Chu?” When Tong Manor Magistrate heard this, his face was filled with surprise.

Indeed, he wanted to vent his anger, but he had never thought of this method. After all, this method completely violated the laws of Great Chu.

However, after hearing Butler Chen’s words, he started thinking about it. It was as if something had taken root in his heart and could not be removed.

“Sir, we are just making a false testimony to make him suffer. Then, we will say that the evidence is wrong and has nothing to do with us.” Butler Chen continued.

The Tong Residence Magistrate fell into deep thought..

Chapter 369: Why Must You Be So Clever?(I)

This suggestion was very bold, but it caused waves in his heart, as if he was inclined to do so.

If they really did as Butler Chen said and gave Xu Bai fake evidence, they would arrest Xu Bai first and then let him go after saying that the evidence was fake. This would also dampen Xu Bai's spirit.

Moreover, there were no drawbacks. As the governor of this place, it was very reasonable for him to arrest people after discovering the evidence.

The evidence was fake, and it needed a relatively normal process to prove it. Before that, they needed to arrest Xu Bai first.

Even if the matter was brought to His Majesty, he had done everything impartially. His Majesty had no reason to blame him.

"In your opinion, what reason do we need to find to capture him?"The Tong Manor Commander asked.

He had already planned to do so, especially when he thought of Xu Bai's arrogant attitude from before. He became even more furious.

Little did he know that the reason why Xu Bai was so arrogant was entirely because of his attitude. If his attitude was not wrong, Xu Bai would have cooperated well.

In this world, some people were like this. They felt that they were never wrong and that the one in the wrong was always others. Once others did something bad to them, they would push all the blame away.

"I must teach him an unforgettable lesson and let him know the humiliation I suffered today."The Tong Residence Magistrate thought in his heart.

In the clay mansion, he had always been unscrupulous, especially those martial artists and martial artists. He looked down on them.

He thought that Xu Bai was also a Jianghu person, but he was just lucky.

Now that he had been turned into such a state by a martial artist, he was naturally unwilling to accept it. Under Butler Chen's instigation, he had already begun to think of revenge.

"Sir, it's actually easy to find a reason. Just say that we found a witness, then grab a prisoner from the prison and trick him into saying that if he agrees to testify, we will let him go. "Butler Chen began to come up with a plan." We'll just lock him up for a few days and let him suffer a little. After that, we'll say that the evidence is wrong. We can also kill the prisoner on death row directly and make it so that there's no evidence. ""

When the Tong Residence Magistrate heard this, he mused for a moment before finally nodding his head and agreeing.

"You have to do this well for me. Also, you have to keep your mouth shut. No matter what, you can't spread it."

"Yes, sir!" Butler Chen agreed and left."I will arrange for the death row prisoners first."

The Tong Residence Magistrate nodded and did not say anything else.

Butler Chen had indeed gone out to arrange for the death ball. After arranging the death row prisoners, he left the government office and walked along the street. Finally, he arrived at a remote residence and walked in from an inconspicuous door.

As soon as he pushed open the door, he smelled a strange fragrance. He walked along the room and directly walked inside. There sat a woman wearing only a thin veil.

"Master, everything has been set up. Xu Bai might be imprisoned, so that would be the best time to act. "Butler Chen bent his body and did not dare to look at the woman in front of him.

The veiled woman didn't even turn her head. She just looked at the bronze mirror on the dressing table and applied the best rouge on her face before speaking in a gentle voice.

“The woman beside him and the person wrapped in black this morning are especially strange. We must separate them, or the plan will fail.”

“Master, it is indeed not certain that we can separate the group.” Butler Chen hesitated for a while before saying slowly, “If Xu Bai really wants to take them with him, then we can only let them stay in prison together.”

As soon as he said this, the room fell silent, like a pool of stagnant water.

The woman in the light veil put down the rouge in her hand and stood up from the stool. The light veil swayed in front of her chest, and she could vaguely see something.

“If you really can’t open it, then forget it.”

Butler Chen nodded and agreed respectfully.

“Oh, right.” The veiled woman seemed to have thought of something, and her plump red lips parted slightly. “Take this thing and use him to do it. You must do it cleanly.”

A square-shaped wooden box was placed on the ground. It was as tall as his calf.

“You just need to press the button on the wooden box, and the wooden box will explode and turn into fragments that fill the sky. The person will be pierced by these fragments and become riddled with holes.” The veiled woman explained in detail how to use it.

Unexpectedly, before he could continue, the veiled woman shook her head and pointed at Butler Chen with her slender finger. Her tone turned from gentle to murderous. “You might not understand, but you are the most suitable person to do it. I will only send you.”

Butler Chen was slightly stunned. Then, he lowered his head and remained silent.

Obviously, anyone would choose to remain silent when talking about such a life-and-death topic.

After all, the terror of life and death was not something that ordinary people could overcome. Now that the other party wanted him to die, this method made him fall into a dilemma.

“Think about your wife and children. As long as you do this, I’ll give them enough food and clothing for the rest of their lives. I’ll do what I say. After all, you don’t have any other choice.” The veiled woman slowly walked in front of Butler Chen. Her fair fingers lifted Butler Chen’s chin, and her tone was as gentle as water..

Chapter 370: Why Must You Use Clever Techniques?(2)

Butler Chen closed his eyes. After a long while, he finally opened his eyes and nodded fiercely. “This lowly one will definitely do as Master says and complete the mission.”

He had no other choice. The seed had been planted in his mind. If his master wanted him to die, it would just be a thought from his master. If he died, his wife and children would be treated well. That was the only choice he had.

“Go ahead.” The veiled woman lowered her hand and said.

Butler Chen held the wooden box, gritted his teeth, and turned to leave.

After Butler Chen left, the veiled woman returned to the dressing table. She looked at the beautiful face in the bronze mirror and muttered to herself.

“I’m not like those idiots who only know how to kill with brute force.

Sometimes, killing doesn’t require brute force.”

Xu Bai didn’t know what happened after that. In the blink of an eye, another two to three days had passed.

He did not know what had happened recently. The other party had not made any movements, as if he had suddenly disappeared.

However, he was also very clear that as long as he had not reached the capital and was still in the clay mansion, the other party would definitely make a move. The only difference was how they would do it.

In the past few days, he had been bored. Other than eating, he would stay in the inn in the clay mansion and read the progress bar of the Nameless Saber Scripture.

The liver progress bar was originally a particularly boring thing. Fortunately, Ye Zi was here to make this boring thing interesting.

“Young Master, tell me more about what happened in that county.” Ye Zi sat beside Xu Bai and placed Xu Bails calf on her thigh. She gently massaged it and spoke coquettishly as she massaged it.

When he had nothing to do these few days, Xu Bai would talk about his past with Ye Zi. Of course, they were all interesting things.

Other people might get sick of hearing these interesting stories, but Ye Zi would never get sick of them.

In the Ye Clan, even those direct descendants were like commodities. As long as someone took a fancy to them, they would sell them.

In order for these products to be seen by others, in addition to the usual etiquette and various educated characters, one must also be proficient in music, chess, calligraphy, and painting.

From the moment they were born to the very end, every member of the Ye family was given away as a commodity and was not allowed to step out of their doors.

Therefore, they had never learned about the various interesting things in this world. They only knew how to recite some famous poems and learn various skills.

In Xu Bai's opinion, this kind of encounter was extremely pitiful. He also took advantage of this period of time to patiently tell Ye Zi every day.

Ye Zi was also listening with great interest. Whenever Xu Bai stopped talking, she would massage Xu Bai's shoulders and legs, as if trying to please him and let him continue.

"Alright, let's not talk about it today." Xu Bai said helplessly.

It was not that he did not want to continue, but the progress bar of the Nameless Saber Scripture in his hand was about to reach completion.

Ye Zi was not an unreasonable person. She could occasionally act coquettishly, but when she really encountered something, she was very sensible. When she heard that Xu Bai was unwilling to continue, she softly said "oh" and continued to lower her head to massage Xu Bai's legs.

Xu Bai turned around and stared at the Nameless Saber Scripture in his hand.

The progress bar was still growing rapidly. In the blink of an eye, when the last gap was filled, the progress bar finally reached a perfect state.

Light blue smoke appeared and turned into lines of words that gathered in front of him again.

Soon, the words became clearer, and Xu Bai could see the contents clearly.

[You have studied the Nameless Saber Scripture and comprehended the 24 Steps of Armor Penetration (Incomplete).]

Looking at the name, he already understood. It was another movement skill.

After all, the Nameless Saber Scripture had already set a standard in his mind. It was a relatively complete saber technique that included various complementary skills.

“It should be fusing soon.” Xu Bai thought to himself.

As expected, just as he thought about it, new words appeared again. [Fusion option found. Fusion in progress.]

[Armor Penetration 24 Steps (Incomplete)+ Line Penetration Second

Transformation = Line Penetration Third Transformation.]

[Fusion successful.]

After the light blue words appeared again, they quickly disappeared and turned into a huge amount of information that entered Xu Bai’s mind.

The latest attribute panel appeared.

[Name: Xu Bai]

Realm: Fourth Stage unspecialized.”

[Four Moves of the Knife (Level 6): Maximum level.]

[Reversing Purple Cloud Squall Yin Yang Break (Level 6): [Maximum level.]

[Wind Snow Return (Level 5): Maximum level.] [Breaking through three turns, level 5]: Maximum level.]

” Comprehension: Maximum level.”

Xing PO’s Three Transformations had reached the fifth step, and all aspects had undergone a qualitative leap. His speed and endurance, as well as his evasive maneuvers, had all made great progress.

This was a good thing, but Xu Bai frowned.

He found something interesting, which was the number of existing Nameless Saber Scripture.

There were still seventeen books of the Nameless Saber Scripture, but now, the skills he obtained from them could be divided into three types. Heart cultivation technique, movement technique, saber technique..
