

Unparalleled 431

Chapter 431 - The Mysterious Person's Palm Print (3)

Xu Bai had experienced it just now, so he was deeply moved.

What if this situation was reversed?

If the Anomaly entered a place where humans lived, all of its consciousness would be devoured and it would become a soulless existence.

In that case, wouldn't the strangeness of the human world be that they were all idiots without consciousness and only relied on their instincts to do things?

City Lord Huang seemed to have seen through Xu Bai's thoughts and added, "" To be more precise, it's not that we have no consciousness, but that we only know how to kill based on our instincts. We kill everything we see in front of us. This is a rule that we concluded when someone accidentally entered our place."

As he spoke, he picked up the chopsticks in his hand and picked up a bowl of chicken made of yellow soil. He put it into his mouth and chewed a few mouthfuls. His face revealed a disgusted expression.

"Sigh... How I wish I could taste the beauty of food like when I was alive. It's not like now, where even eating has become a luxury,"

His words carried a hint of dejection, as if he had lost the most precious thing in his life. His heart was filled with sorrow and despair.

"Mr. Lin, I haven't tasted the taste of food for a long time. I've forgotten about it. Can you describe it for me?"

Xu Bai shook his head and said, "If I describe it for you, you'll only feel more and more uncomfortable. Why don't you keep it in your heart and leave it in your mind?"

Looking closely, City Lord Huang seemed to be quite pitiful. To be precise, all the monsters in the Bizarre City were quite pitiful. After all, they could not even eat, which was an innate behavior.

"Sigh..." City Lord Huang sighed again and put down the chopsticks in his hand. His tone changed, "We don't know the exact reason, but it seems to be a force in the dark that prevents us from breaking through this barrier. In other words, as long as we go to the human world, we will become machines that only know how to kill. It's the same for the people from the human world."

A bitter smile appeared on his face again. He had thought that this was an opportunity to break through and see if he could find the final answer from Xu Bai.

However, he knew that he was thinking too much. Although the person in front of him was very young, his background was simply terrifying.

He knew what the fog represented, because something that even he could not see through was definitely something terrifying.

"Then let's talk about something else." City Lord Huang quickly composed himself. After all, he had lived for so long and his mood had long become numb. "Mr. Lin, I wonder who is in power now?"

Great Victory Nation?

Xu Bai was stunned for a moment, then he shook his head and said, "Great Chu, there is a great wind in front of Great Chu. As for whether it was a great victory before the great wind, I don't know."

Good heavens.

Xu Bai found a blind spot. How many years had City Lord Huang died? He was still in Bizarre Demon City.

And most importantly, how strong was this person? After all, he had lived for so long.

City Lord Huang was also stunned. After a while, he finally reacted and sighed, "So it's already been so long? Time really flies and dynasties change. Let's not talk about this. How long will Mister Lin be here for? I'll get someone to be your guide."

"To be honest, I don't know how to go back. Does City Lord Huang know?" Xu

Bai said.

Putting everything else aside, he was sucked in for no reason. He really didn't know how to go back.

After all, this place was too strange. Xu Bai didn't want to stay here any longer, so it was better to leave as soon as possible. From what City Lord Huang said just now, he felt that he seemed to know a way to leave.

"Aren't you going to play a little more?" City Lord Huang said, "I thought Mister Lin wanted to see a different world. Since you're leaving, I'll get someone to send you away."

"We've done a lot of experiments and sent some demons to the human world.

The results are still the same, so we haven't sent them over for a long time."

However, since Mister Lin had left, he could use this passage to go over. Wang Fu!"

After City Lord Huang said this, Wang Fu walked in and respectfully said, ""Your subordinate is here."

"Mr. Lin is leaving. Take him to that passage. "City Lord Huang seemed to have sensed that Xu Bai was leaving, so he was a little disinterested.

Wang Fu was slightly stunned and then said, "But that place has been abandoned for a long time. It needs a certain amount of time to repair." "This..." City Lord Huang looked troubled.

'No problem," Xu Bai said with a smile." I can wait. How many days do you need?"

"About three days." Wang Fu replied.

"Then hurry up and do it. Don't let Mr. Lin wait too long." City Lord Huang ordered.

Wang Fu quickly nodded before leaving.

After Wang Fu left, City Lord Huang felt quite apologetic.

"Mister Lin, this is indeed something I didn't expect. Why don't you stay here for a few days? You can leave after three days."

"Then I'll have to trouble you, City Lord Huang." Xu Bai wasn't in a hurry." By the way, I heard that humans and demons don't get along well. I can see that City Lord Huang is very friendly to me. Why is that?"

City Lord Huang said self-mockingly, "When we were alive, we had to fight for everything and snatch everything. Only then did we know that it would be empty after death. We can't even satisfy the most basic appetite now, so why would we think about the disputes in the past? Everything has already disappeared with death..'

Chapter 432 - The Mysterious Person's Palm Print (4)

City Lord Huang didn't say anything more. He led Xu Bai to a room and opened the door.

The room was decorated elegantly. If it wasn't for the red light that filled the room, it would look like an elegant place.

“Mister Lin, are you satisfied?” City Lord Huang asked.

“Very satisfied.” Xu Bai nodded.

“Then rest first. Mr. Lin is also very tired on the way, so I won’t disturb you.” City Lord Huang said and left. Before he left, he closed the door behind him.

Xu Bai watched City Lord Huang’s back as he left. After the door was closed, he found a seat and sat down. He placed his hand on the table and knocked lightly. To be honest, he was a little worried about today’s exchange. The specific reason was that he was in a different position now.

As the saying goes, listen to half of what you say. Don’t believe it all, but you can’t not believe it.

The other party said that he would bring him to that so-called mysterious place in a few days and he could return to the human world.

However, no one could tell if it was true or false.

From today’s exchange, he did not see anything different. In short, he would stay here for a few days and see if he could find any clues.

As for the strange loss of consciousness that they had talked about today, Xu Bai had to think about it more. When he returned to the human world, he would ask for more information.

Thinking of this, Xu Bai looked at the blood-red color around him and fell into deeper thought.

There was no such thing as day or night in the Evil City. Xu Bai had only estimated the time, and it should be the next day.

During this period of time, he did not sleep or do anything else.

When he opened the door, he found a person standing outside. To be precise, there was a demon standing outside.

wang Fu.

Wang Fu was still wearing that horn and was pacing back and forth outside the door. He was clearly waiting for Xu Bai, but he was too embarrassed to enter.

When he saw Xu Bai open the door, he looked at him hesitantly. He didn't know why.

"Brother Wang, it seems that you have something important to tell me since you are waiting outside so early in the morning. Why don't you come in and have a Bai gave up his seat and returned to his room.

Wang Fu stood there and hesitated for a moment before gritting his teeth and walking into the room and sitting down next to Xu Bai.

Xu Bai subconsciously wanted to pour a cup of tea, but he realized that there was no tea in the Bizarre Demon City. There was no food or drink here. After all, they were Bizarre Demons who could not even satisfy their appetite.

Thinking about this, Xu Bai put down his hand and looked at Wang Fu as he slowly said, "If you have something to say, say it."

Wang Fu took a deep breath and suddenly said, "Mr. Lin, I want to ask you to help me with something."

As he spoke, he stood up and bowed to Xu Bai.

Even Great Chu still used this etiquette, and it was an extremely solemn etiquette. From this, it could be seen that what Wang Fu had just said was extremely important.

Xu Bai turned his body slightly and did not accept the bow. He said, ""Brother Wang, if you have anything to say, just say it. If I can help you, I will do it. Of course, I have to ask for something."

As the saying goes, in business, courtesy should be reciprocated. What was important was a transaction. They had only known each other for a few days, and their feelings for each other were not deep, so they still needed things.

When Wang Fu heard the first half of the sentence, he felt that it was quite normal, but after hearing the second half, he was completely stunned and could not react.

Need something?

What do you need?

He was a little confused.

“To be honest, I’m a businessman, so if I want to help, I have to be paid.” Xu Bai said with a smile.

These words were very righteous. He did not beat around the bush, nor did he shrink back. In his opinion, the transaction was very open and aboveboard. There was no need to hide it, nor was there any need to be embarrassed.

“That’s a pity.” Xu Bai sighed. “I might not be able to help much with this matter.”

Wang Fu gritted his teeth and said, “Mister Lin, as long as you help me, even though I don’t have anything to give you, I can ask my descendants to give you something.”

Descendants?

Why did this matter involve some descendant?

“Tell me what it is, and I’ll see if I can help.” Xu Bai rubbed his chin and asked.

Wang Fu nodded and said, "It's like this. I've been dead for a long time, but I don't know if my race still exists. As such, I want you to go to the Half Moon

Sea and look for the Tuna Race."

"Tuna clan?" Xu Bai looked quite surprised as he looked at the horn on Wang Fu's head. Only now did he understand what it was.

Good heavens, wasn't this the mouth of a tuna? Why did it change to the top of his head?

Of course, Wang Fu didn't know what was going through his mind, and he muttered to himself right. When the time comes, you just need to say my name. The main thing is to help me pass on a sentence. Tell them that if they really can't hold on, they can find a place to die together."

Xu Bai frowned.

He could tell what Wang Fu was thinking. If the demons turned into demons after they died and gathered together, they might be able to enter the Demon

City..

Chapter 433: The Mysterious Person's Palm Print (5)

Wang Fu wanted his clansmen to be able to enter the Demon Bizarre City and maintain their consciousness.

"That's all. Just mentioning your name is enough," Xu Bai said.

Wang Fu nodded and said, "I'm an extremely secretive existence in the clan, and only my clansmen know my name. Only those who are directly related to me know. Before I died, my clansmen had a very difficult life, so I asked Mister Lin to pass on a message."

Xu Bai stroked his chin and said, "Alright, I agree."

Wang Fu had wanted to waste his breath, but Xu Bai had agreed so quickly.

"Is there anything else?" Xu Bai asked again.

Wang Fu stiffly shook his head, indicating that there was nothing else.

Actually, Xu Bai had agreed, but whether he would do it or not was another matter.

No one would go to the Half Moon Sea to look for demons just because of a verbal promise.

Unless that person was seriously ill?

If he managed to fool them and those so-called clansmen did not buy it, he would have to think of a way to kill his way out.

This was a very bad deal.

As for why he agreed, he would go and take a look when he was strong enough in the future.

"But I can't promise to go right away." Xu Bai added.

Wang Fu bitterly smiled as he said, "It's fine. If they were already gone before you went, it would only mean that they were unlucky. I'm already dead, so I've already gotten over it. My only obsession isn't that deep."

"Alright, since you have nothing to do, let's have a chat." Xu Bai said with a smile.

Compared to City Lord Huang, who even Xu Bai could not see through, Wang Fu was much simpler. Xu Bai naturally would not let go of this opportunity.

“What do you want to talk about, Mister Lin?” Wang Fu asked.”

Since the other party had agreed to his request, he naturally would not hide anything.

Xu Bai pondered for a moment and organized his words before asking, “Yesterday, I heard that there are more than 500 Demon Cities here. Does that mean there are at least 500 of them?”

Wang Fu nodded and said, “That’s right; there are actually more than 1,000 of them. After all, from our era until now, who knows how many demons have died? Even if there’s only a small chance of them becoming demons, there are still quite a few.”

“How strong is that City Lord Huang? He must be very powerful to be able to live for so long, right?” Xu Bai continued to ask.

Wang Fu understood that they were asking about their strength.

However, he knew that even if he asked around, it would not matter. They could not get out anyway, and others would immediately become idiots if they came in.

“Rank One.” Wang Fu directly said, “Mr. Lin, you might not understand, but the strength you had before you died is the same as the strength you had when you came in. It won’t change with time. We can’t cultivate, but we can live for a long time and won’t die unless it’s an external force.”

Won’t change?

Rank One?

“In other words, the other City Lords are also Rank One?” Xu Bai pondered.”

“No.” Wang Fu said, “The other City Lords might be stronger or weaker. After all, every Demon City’s strength is different, and only the strongest can become a City Lord.

Moreover, every Bizarre Demon City would not allow outsiders to snatch it. If they did, they would be attacked by a group. Therefore, the City Lord could only be selected from the local people. This was to prevent chaos.”

Xu Bai nodded, indicating that he understood.

Regardless of whether what the other party said was true or false, or if he was bluffing, he would first mark it and firmly remember what he had just said.

These things could be verified later. At that time, he might be able to exchange information with the Emperor. “Any other questions?” Wang Fu asked.

Xu Bai nodded.

Of course, he still had questions, and this was a good opportunity. Facing this seemingly simple Lin Fu, he naturally had to ask more useful questions. “Anyone who enters will become a fool. Are there no exceptions?” Xu Bai continued.

This was also what he wanted to know.

Wang Fu shook his head and said, “There are no exceptions; you’re the only exception. From the birth of the Bizarre Demon City until now, nothing special has happened in any of the Bizarre Demon Cities.”

After saying this, Wang Fu seemed to think of something and knocked on the horn on his head.

“There was an exception. At that time, a person without a divine soul came in. As soon as he came in, he killed everywhere. Many City Lords could not resist him. In the end, it was the top ten City Lords who joined forces to defeat him.

“The last battle is still in our place. Before he left, he left an incomparably huge palm print on the ground. It hasn’t disappeared until now.”

Speaking of which, it was really terrifying. That person’s physical strength was simply unimaginable. No matter what attack landed on his body, he would recover in an instant.

He seemed to be looking for something with a divine soul because I saw him repeating the word divine soul with my own eyes.”

As he spoke, a look of fear appeared on Wang Fu’s face. It was clear that he had thought about what had happened that day and felt fear.

That day, it was really a river of blood. The man in white was like a machine that did not know how to tire.

Xu Bai had been sitting there calmly, but when he heard this, he suddenly stood up..”You said...He had left a palm print in this Demon Crafty City?”

Chapter 434: I Want a Rank-3 to Kill a Rank-1

Xu Bai had been sitting there, but after hearing Wang Fu’s words, his expression became fervent. This series of actions caused Wang Fu to freeze, not knowing what was going on.

“There is indeed a palm print. It hasn’t disappeared yet.”Even though Wang Fu did not know what had happened, he still honestly replied, “Speaking of which, it’s strange. That palm print is too strange. At that time, we wanted to get rid of it, so we wanted to flatten that piece of land. However, we didn’t expect it to recover to its original state.

“I guess it’s probably that person’s cultivation technique. After all, that person has a very powerful recovery ability. Any injuries on his body are equivalent to nothing. Therefore, even the palm print he left behind also has the recovery ability.”

The palm print that was left behind also had the ability to recover. This was a very mysterious saying, but in this mysterious world, everything was science.

Xu Bai had a guess about this person. It was very likely that he was the crazy person from Gale Country.

He had created the Indestructible Body, but because of the incomplete Indestructible Body, he wanted to take another step forward. In the end, he had lost his soul and become a fool.

The last time it appeared was probably at the Ji Qiao Pavilion. At that time, it almost wiped out the entire Ji Qiao Pavilion. Fortunately, it did not succeed, but it also caused the Ji Qiao Pavilion to fall off the threshold of a first-rate force.

According to what Pavilion Master Ji said, this person seemed to be looking for something related to the soul. Then he came here. Could it be that there was something he needed here?

Xu Bai didn't have too many clues, and he couldn't guess what the result would be. But was all this important?

It was not important. It was not important at all. What was important was that the person had left a palm print, just like the female Abbey Dean.

The palm print might trigger the progress bar. Although it was only Xu Bai's guess, he had to take a look. If it was true, he would make a killing.

The Indestructible Body was incomplete. There was one shortcoming now, which was that he could not regrow his severed limbs.

Therefore, Xu Bai also wanted to complete his cultivation technique. After all, this recovery ability was indeed very strong and could play a role in turning the situation around.

Regardless of whether it was possible to trigger the progress bar, he had to go and take a look. If it was possible to trigger it, he had to wait a few days to finish the progress bar.

“Mr. Lin, do you mean that you want to go over and take a look?” Wang Fu finally understood what Xu Bai was thinking, and he couldn’t help but reveal a confused expression.

“Is it convenient?” Xu Bai asked.

“Of course it’s convenient.” Wang Fu said.

There was no need to be convenient. The palm print was there, and anyone could see it. It was not a treasure that needed to be protected.

Xu Bai nodded.”

There was no time to lose. The sooner, the better. He had to hurry.

Seeing how enthusiastic Xu Bai was, Wang Fu didn’t say anything else. Since he had nothing to do, he prepared to leave with Xu Bai.

After leaving the door, Xu Bai saw that in the entire City Lord’s Mansion, other than those servants, there was no sign of City Lord Huang.

Of course, he didn’t ask and followed behind Wang Fu. The two of them didn’t stop as they headed towards the location of the palm print.

Along the way, Xu Bai had also seen the local customs of the Bizarre Demon City. It was no different from the human world. It was lively and bustling.

Other than the deathly aura, there seemed to be no difference. The two of them walked through many streets and walked for nearly an hour before finally arriving at an empty place.

There was not a single Sickie in this place. It was empty and unusually cold. Even if a pin dropped on the ground, one could hear it clearly.

“Ever since that incident, everyone was afraid of breaking the taboo, so they didn’t set up stalls here. Those who lived here also left.” Wang Fu looked at the empty streets and sighed as he explained.

Xu Bai didn’t say anything. His gaze followed the street and finally stopped at the middle of the street.

In the middle of this deserted street, there was a huge palm print that landed on the ground. It was especially eye-catching.

This palm print seemed to have fallen from the sky. Around the palm print, there were traces of destruction, and it looked shocking.

However, Xu Bai’s focus was not on this shocking scene.

A golden progress bar appeared in the center of the room. It was so abrupt that only Xu Bai could see it.

“I’ll have to trouble you to tell the City Lord that I won’t be going back for the time being. I’ll be staying here.” Xu Bai said.

Wang Fu felt quite startled and did not understand what Xu Bai meant, but he still nodded.

“By the way, if the things that you’re going back to are repaired, you can come and call me.” Xu Bai said.

Wang Fu nodded again and opened his mouth, wanting to say something. However, a trace of hesitation appeared on his face, and in the end, he did not say anything and turned to leave.

After Wang Fu left, Xu Bai walked over to where the handprint was and stared at the golden progress bar. Seeing that the progress bar was slowly increasing, he started to think about other things.

There was no food or water here, but he currently had True Core Strength to support himself, so it would not be too much of a problem for the time being.

The problem now was to finish this progress bar first. When the time came, he would think of a way to go back. Anyway, it would take a few days to fix it. It was enough..

Chapter 435 - I Want a Rank-3 to Kill a Rank-1

Thinking of this, Xu Bai found a place to sit cross-legged and looked at the progress bar on the ground in peace.

The surroundings were quiet, and Xu Bai did not make a sound. A gust of wind blew past, bringing with it a boundless blood-red color. In this blood-red color, Xu Bai could see more and more clearly.

On the other side.

On the way back, Wang Fu kept his head down and did not show any expression. However, his gaze was quite complicated, as if he was thinking about something. He could not even see the road clearly and bumped into many monsters who were setting up stalls.

No one knew what he was thinking. Just like that, he returned to the City Lord's Mansion and happened to bump into City Lord Huang.

City Lord Huang lightly stroked his beard with his beast claws. Seeing Wang Fu's expression, his tone became stern as he called out to Wang Fu.

Wang Fu came back to his senses. Seeing that it was the City Lord, he clasped his hands and bowed. "This subordinate greets the City Lord."

"I haven't seen him since I came back. Where did Mr. Lin go?" City Lord Huang asked.

Wang Fu quickly replied and told him everything Xu Bai had said.

After hearing Wang Fu's words, City Lord Huang frowned. After a while, he waved his beast claw and said, "Hurry up and fix that place. Don't worry about anything else. Let him wait there."

“Yes, sir!” Wang Fu quickly nodded.

City Lord Huang did not say anything else and had Wang Fu leave before returning to his room. There was nothing unusual about the entire process, and it seemed like a small matter.

The City Lord’s Mansion fell into silence. Other than the servants who were still walking around, City Lord Huang’s figure could no longer be seen. The surrounding deathly stillness still existed. Coupled with the blood-red environment, it seemed extremely strange.

In the blink of an eye, several days had passed.

For the past few days, Xu Bai did not go anywhere. He just stayed where he was and looked at the golden progress bar.

The golden progress bar was also very impressive. Under his tireless gaze, it was almost complete. Xu Bai’s eyes were filled with excitement as he waited patiently.

After the time for half an incense stick to burn, everything reached perfection, and the last bit of progress bar was completely completed.

In front of Xu Bai’s eyes, light blue smoke rose and gathered on the ground.

A moment later, the light blue smoke formed words and appeared in front of him.

[You have studied the palm print and comprehended the Indestructible Body (Incomplete).] Crippled?

Crippled again?

It was the same name as the previous Indestructible Body, with the word ‘Crippled.’ Although Xu Bai was complaining in his heart, he still waited patiently for the fusion.

The light blue words disappeared with a bang and turned into light blue smoke again. The light blue smoke slowly reorganized and soon formed a new line of words.

[Fusion option found. Fusion in progress.]

[Indestructible Body (Incomplete)+ Indestructible Body (Incomplete):

Indestructible Body (Incomplete).]

[Fusion successful!]

Xu Bai was speechless.

Although Xu Bai was already mentally prepared, he had already expected this outcome. After all, it was based on the naming ability of the cheat.

But now that he saw two similar skills merging together and giving them the same name, he was already convinced that Xiao Jin's naming was completely useless.

This time, the light blue smoke did not reassemble. Instead, it slowly disappeared and turned into a large amount of information that entered his mind.

The latest panel appeared.

[Name: Xu Bail

Realm: Third-stage unspecialized.”

“Five Sword Moves (Level 7): Maximum level.] [Reversing Purple Cloud Squall Yin Yang Song (Level 7-5):[Maximum level.]

[Wind Snow Return (Level 5): Maximum level.] [Breaking through rank four (level 6): Maximum level.] [Shifting Stars (Level 4): Maximum level.] [Diamond Heart Devil Body (Level 4), max level.] [Kidney Harvester (Level 5): Maximum level.] [Hundred Poison True Clear Rank 3]: Full Rank.] [Clever Puppet Technique (Level 6): Maximum level.] [Indestructible Body (Incomplete)(Level 6): [Maximum level.] [Water Aptitude Technique (Level 5): Maximum level.]

” Comprehension: Maximum level.”

The Indestructible Body skill had reached the sixth rank, which was equivalent to the fourth rank. After Xu Bai absorbed all the information in his mind, he opened his eyes.

After reaching the sixth step, this skill had a qualitative increase in recovery speed compared to before. Not only that, but the weakness of the recovery type that he had been trying to make up for for a long time was also satisfied at this moment.

Limb regeneration, the true meaning of limb regeneration. Even if his limbs were broken, he could still recover. This ability made him feel that he had the capital to be reckless again.

No matter where it was, a recovery type ability was an extremely powerful skill.

“I wonder if this skill continues to level up or fuse with other skills, what level will it reach?”Xu Bai thought to himself.

In front of him, the palm print still existed.

Xu Baizhen got up and stretched his body. Under the circulation of his true essence, his fatigue was greatly reduced.

“That side should be fixed soon. I have to go back and take a look.”

The surroundings were still as quiet as before. During the time when he was on the progress bar, not a single demon passed by. It seemed that they were very afraid of this place and refused to come over.

Thinking about this, Xu Bai decided to go back, but before he could take two steps, Wang Fu, who had a horn on his head, quickly rushed over.

“Mr. Lin, the thing has been repaired. Do you have time to come with me to take a look?” Wang Fu said before Xu Bai could say anything..

Chapter 436 - I Want A Rank-3 To Slaughter A Rank-1

After a few days, it was already past the time that Wang Fu had mentioned. Xu Bai rubbed his chin and said, “Alright, let’s go and take a look”

Regardless of whether City Lord Huang had other intentions, he had to go over and take a look. Only by going over and taking a look would he be able to find out what was going on.

Hearing this, Wang Fu prepared to lead the way, but after taking a few steps, he paused, as if he had something to say to Xu Bai.

Xu Bai frowned when he saw the other party’s expression. He sized up the other party and held the handle of the Black Blade Hundred Break with his right hand.

“Looks like you have something to tell me. Why don’t you just say it?”

When he had been preparing the liver progress bar, he had felt that Wang Fu was hesitating. Seeing the same expression today, Xu Bai was certain that there was something going on.

“Mister Lin, if you can get out of here, please help me with the thing I told you about. “Wang Fu hesitated and said, “That is my only clan.””

Xu Bai's frown deepened. He felt that there was a hidden meaning in her words. He said, "From what you're saying, it seems like there's still danger. Why don't you make it clear? If something happens to me, I won't be able to care about your clansmen."

From the looks of it, Wang Fu seemed to place great importance on his people, and Xu Bai was using himself as a hostage to see how Wang Fu would respond.

If something happened to him, of course, he couldn't control his clansmen. If he didn't want anything to happen, he had to say it quickly.

That was roughly what he meant.

Wang Fu's gaze became complicated, and he turned around and looked at Xu Bai as he said, "Mister Lin, what is your strength?"

"Third grade." Xu Bai said bluntly.

"If it's only third-grade, even if I say it, you won't be able to change the situation." Wang Fu said, "To be honest, a Rank-3 cultivator can't go to the human world."

Xu Bai's eyes narrowed.

What did he mean by not being able to go to the human world?

"Bizarre Demon City looks very ordinary, no different from an ordinary city. However, most of the Bizarre Demons here still maintain their previous tempers." Wang Fu took a deep breath and said something even more shocking, "They hate humans, and they hate the living even more, including the City Lord."

Wang Fu paused for a moment before continuing, "They hate humans because they used to be demons, and they hate the living because they are now dead. However, due to Mister Lin's special background, City Lord Huang did not dare to make a move. After all, if there were demons, just talking about the

reason why you maintained your soul would be enough to turn you into ashes, let alone making a move.”

“But what does this have to do with me returning to the human world?” Xu Bai muttered.

First of all, the cheat was indeed very strong. Xu Bai did not expect it to be destroyed just by talking about it.

The so-called background was nothing more than a golden finger related to the progress bar.

City Lord Huang couldn't see through it, so he didn't dare to make a move. The reason why those monsters didn't dare to make a move was that he had already given them a show of strength when he came.

After all, he was able to retain his consciousness here. Just this alone was enough to be terrifying.

But what did all this have to do with going back?

Could it be that when he returned, he could use a scheme to avoid being implicated?

“That place is indeed an important passageway and we can indeed go there, but we need City Lord Huang's warrant. “Wang Fu explained, “If City Lord Huang destroys the token while passing through that tunnel, the tunnel will be destroyed, and the boundary below him will cause people to lose their souls.”

“You will die without a burial place, and City Lord Huang will let the passageway kill you. No matter how strong your background is, it won't be strong enough to make people lose their souls.”

Of course, it was fine if he failed. He would not lose anything.”

“No wonder...” Xu Bai rubbed his chin.

How could the hatred between humans and demons fade with the so-called life and death? This world did not advocate good demons and good people. Humans and demons were born to be opposites.

Other than working with demons, they had never seen a scene of harmony.

Not long ago, City Lord Huang said that everything had disappeared. He might have been lying to him.

But...

Xu Bai hid the emotions in the depths of his eyes and calmed himself down. "Tell me, aren't you afraid of City Lord Huang blaming you?"

Wang Fu shook his head and said, "Mister Lin, you don't have a choice. If you don't go over, there will be nothing to eat or drink here. Even if you can hold on with your strength, how long can you hold on? A month, a year, or ten years?"

"Let's go," Xu Bai waved his hand.

Wang Fu felt quite startled.

He thought that Xu Bai would continue to argue with him. After all, he had said something serious just now. He did not expect Xu Bai to stop him with just one simple word.

"Just like you said, I don't have a choice. I'll go take a look." Xu Bai said with a smile.

Wang Fu opened his mouth and wanted to continue, but seeing that Xu Bai had made up his mind, he did not continue and silently led the way.

After Wang Fu turned around, Xu Bai's lips curled up as he looked at Wang Fu's back with a mysterious look in his eyes.

These guys were not good people?

Chapter 437: I Want a Rank-3 to Kill a Rank-1

Sure enough, the evil, evil, evil, evil, evil, evil, evil, evil, evil.

On the surface, Wang Fu seemed to be thinking for Xu Bai, or rather, for his own people. However, after thinking about it carefully, wasn't this just provocation?

No matter what, it was now his turn to make a move. He would go over first.

The two of them did not return the way they came. Instead, they took another route. They were getting further and further away from the lively street and gradually walked to a deserted empty space.

City Lord Huang was already standing there, waiting for a long time.

Seeing Xu Bai come over, City Lord Huang put on a friendly expression and took a few steps forward. He said loudly, "Mister Lin, I've been waiting here for

a long time. Should I go back now?"

City Lord Huang held a special token in his hand. It was made of an unknown metal and was still shining.

Xu Bai stared at the token and suddenly said, ""City Lord Huang, if you want to destroy the token in your hand, you'll have to wait."

These words were too abrupt and direct, and it wasn't just City Lord Huang who was stunned. Even Wang Fu was stunned.

If Wang Fu hadn't stopped being a demon long ago, he would probably be sweating profusely by now.

What's going on? What I told you at the beginning, is there a need to make it clear now?

If Xu Bai knew what he was thinking, he would definitely say that it was necessary.

City Lord Huang looked at Wang Fu and his gaze gradually became cold. "So I have a traitor here."

The so-called friendly tone from before was gone.

A cold feeling rose from City Lord Huang's body. The cold feeling combined with the deathly aura made it seem even stranger.

Coupled with the surrounding blood-red light, City Lord Huang was like a ghost.

"So what if you know? Are you going to pass this stage?"

"Of course I have to pass." Xu Bai turned to look at Wang Fu and said, "Let's take him down together. The token belongs to you, and you help me return." Wang Fu was stunned. He sighed and said, "Mister Lin, you've really forced me to a dead end."

"I have to try this City Lord Huang," Xu Bai said.

"Alright then." Wang Fu stood next to Xu Bai and pulled out the saber on his back.

He had no other choice.

City Lord Huang's eyes were cold as he said, "Just based on the two of you, two Rank-3s, you dare to fight me?"

“City Lord Huang, why don’t we have a discussion? Give me the token and I’ll spare your life.” Xu Bai said.

When City Lord Huang heard this, he laughed out loud and said, “Spare me? Have you figured it out? I’m a Rank-1, and you’re only a Rank-3. If it weren’t for your background, I would have killed you long ago. Can a mere human really do anything to me?”

Black smoke rose from City Lord Huang’s hands. The black smoke gradually condensed into a black spear.

“Be careful.” Wang Fu reminded, “City Lord Huang is skilled in spear techniques and the Rat Clan’s unique burrowing escape technique. It’s impossible to guard against him.”

As soon as he finished speaking, City Lord Huang, who was not far away, suddenly disappeared from where he was, and the ground trembled slightly.

In the next moment, Wang Fu’s gaze became serious and he quickly rolled to the side, causing the soil under his feet to rise up.

A pitch-black spear emerged from the ground, and cracks appeared on the ground. City Lord Huang followed closely behind.

“What a fast speed.” Xu Bai stood not far away, but he was not affected.

In fact, the stronger a person was, the more damage they could cause. However, City Lord Huang’s attack did not cause much damage to the surroundings.

Don’t underestimate the strength of a Rank One.

It did not cause too much damage because the other party had condensed all its power into one point.

This was the ultimate kill.

However, in Xu Bails opinion, City Lord Huang's attack method was too unique.

Coming out of the ground and stabbing it with a spear, wouldn't that be...

Xu Bai touched his back.

It was a little painful.

"Mister Lin, if you don't act now, when will you?" Wang Fu had just dodged that attack, and he anxiously asked.

The soil under his feet began to shake again. He could only quickly control his mind and roll to the side again.

The pitch-black spear broke out of the ground again, but it quickly returned to the ground.

Even though this move seemed easy to dodge, it was incredibly taxing on Wang Fuls mind.

As the saying goes, I can make countless mistakes, but you can only make one mistake. This is the truest portrayal.

Xu Bai stopped his blade and did not attack.

Of course, City Lord Huang would not touch him. At most, he would let him stay in the Bizarre Demon City.

If he didn't leave through this passage, Xu Bai wouldn't be able to stay here for long.

After all, there was no water or food. Even if he relied on his true essence to support himself, there was still a limit.

“Mister Lin, hurry up!”

Wang Fu once again dodged the attack, and he did not even dare to counterattack. After all, counterattacking would consume his mental energy, and he might not be able to dodge anymore.

Xu Bai still didn’t make a move. He just watched with interest.

At that moment, Wang Fu seemed to understand something.

“Have you seen through my thoughts?”

“No, I haven’t.” Xu Bai shook his head.

He had seen through some of it, but not all of it.

It seemed that Wang Fu was not a good person and wanted to use him to let him know about this beforehand.

“Then why aren’t you helping me? If I die, will you deal with him alone?” Wang

Fu hurriedly said..

Chapter 438: I Want a Rank-3 to Kill a Rank-1

Xu Bai shook his head and said slowly, "Compared to an unstable helper, I'd rather have you dead. Actually, if you had pretended a little longer and didn't directly ask me if I could see through your thoughts, I might have really attacked. You're too anxious." '

Wang Fu felt quite startled, and in that moment of shock, he was unable to dodge the spear and his body was pierced through. If he had not run away quickly, he would have died long ago.

He finally understood. When Xu Bai said he wouldn't help, he was too anxious. It was equivalent to admitting that he had other plans.

Wang Fu gritted his teeth and gave up on fighting City Lord Huang. He jumped into the air, wanting to leave.

At this moment, Xu Bai's voice was heard.

"A Rank One's strength wouldn't be so slow. You're thinking of me attacking, right?"

The hidden City Master of the city paused for a moment before bursting into laughter.

"Hahahaha, you're indeed extraordinary. You can actually guess my thoughts."

Wang Fu, who was in the air, suddenly clutched his chest before falling to the ground. There was a wound on his chest, and City Lord Huang's figure appeared in the air beside him.

"Now that I've entered Rank One, there's nothing in this world that I can't hide from." City Lord Huang said indifferently.

Wang Fu was completely stunned; he simply couldn't understand what was going on. He felt like an idiot, and compared to these two people, he seemed like a person with no intelligence.

"You don't understand? Then let me tell you." Xu Bai said calmly, "If the City Lord of the Bizarre Demon City only has this much wisdom, then it's impossible for him to be the City Lord. City Lord Huang, let me guess. How about it?"

Castellan Huang stroked his beard with his beast hand while his other hand held a pitch-black spear. He said, "Tell me."

"Firstly, you should have already discovered that Wang Fu was a traitor." Xu Bai raised a finger and said.

City Lord Huang smiled and said, "That's right; this Wang Fu is quite something. He actually pretended to save his people to gain your sympathy."

"Second." Xu Bai raised his second finger and said, "After you found out that

Wang Fu had betrayed us, you wanted to beat us at our own game. You wanted us to work together and lure us into attacking you."

City Lord Huang nodded. This time, he didn't say anything, but he acknowledged Xu Bai's words.

"Third." Xu Bai raised his third finger and said, "You can't take the initiative to kill me, but if I attack you, you can counterattack and kill me. My guess is correct, right?"

If I don't do anything, then you won't do anything to me. However, I will either leave through this tunnel and be ambushed by you, or I will stay here. Without food and water, even if I can survive for a year, it will be useless.

If I make a move, you make a move on me and take my life, after thinking about it, this is the only result you can come up with. Am I right?"

City Lord Huang gripped his spear tightly and praised, "Not only is your strength profound at such a young age, but your strategy is also extraordinary. Even in my era, this is extremely rare. Unfortunately, if you were a disciple of my Demon clan, I would definitely teach you everything I know and help you achieve your career. However, you are a human..."

Lying on the ground, Wang Fu looked quite shocked. He was quite confused, but he understood that he had become a chess piece, and it was a chess piece for these two people to test each other.

“Then let me guess again. There are only the two of us here. Because with your personality, you definitely won’t be at ease with other monsters. If an accident happens, you’re afraid that other monsters will attack you.” Xu Bai continued.

City Lord Huang raised his spear and stabbed through Wang Fu.

A powerful force surged out, and Wang Fu directly received his death. Even if he died, he would not be able to rest in peace.

After doing this, City Lord Huang turned around and said indifferently, “If you don’t do anything, I’ll leave. That passageway is there, and you can go over at any time. You just need to step on a circular plate.

Of course, you could choose not to go. It was just that you would starve to death here sooner or later. There was no third option.”

In the middle of the field, there was a circular plate with a diameter of about ten meters. There were complicated patterns carved on it, and it was obvious that it was not a complicated object.

“Why don’t you tell me some of the secrets of this place before I die?” Xu Bai suddenly said.

City Lord Huang suddenly felt that something was wrong. He realized that the other party seemed to be deliberately talking to him to stall for time.

In the next moment, City Lord Huang realized that there seemed to be something strange in his body, causing his circulation to slow down slightly. “Heh...” It’s a low-end poison technique. You’re quite scheming, but the effect of this poison on Rank-I is too poor.” City Lord Huang said disdainfully.

“You’re right, but I always like to do my best. Even if I can only bring you a small impact, it’s still beneficial.”

Xu Bai pulled out his Ghost Head Blade and pointed it at City Lord Huang. He said indifferently, “‘I still have a third option.”

“Oh?” “What path?” City Lord Huang asked with a mocking expression.”

A blood-red light surrounded him. A breeze blew, causing Xu Bai’s sleeve to ripple.

Xu Bai’s face was filled with boundless fighting spirit as he soared into the sky.

This was a battle intent that he had never felt since he entered this circle. It was exuberant and intense. Battle intent soared into the sky!

“The third option.”

“I’ll kill your First Rank!”

Chapter 439: Terrifying Black Clouds Attack (1)

After Xu Bai finished speaking, the fighting spirit on his body became stronger and stronger, so strong that it was like water, causing the blood-red light around him to pause.

When City Lord Huang heard Xu Bai’s words, he was stunned for a moment before he burst into laughter. His shoulders were shaking violently as if he was mocking someone who didn’t know his limits.

“Who do you think you are? A third-grade versus a first-grade battle. Even the number one prodigy at that time would not dare to say such a thing. If you were one realm higher, you could go anywhere in the world. Two realms..Are you dreaming?

After living for so long and seeing many people, City Lord Huang felt that he had a wide range of knowledge.

However, he had never seen such an arrogant person in his life. No one in the world could surpass him by two major realms. Therefore, in his eyes, Xu Bai's words were like child's play, making him laugh.

"Come, come, let me see how you can kill me two realms above you. I'm really looking forward to that scene. If that's really the case, then my death will be worth it." City Lord Huang raised the spear in his hand and pointed it at Xu Bai. A cold light emitted from the spear. In the blood-red atmosphere, it reflected a trace of strangeness and terror.

Xu Bai didn't answer. He took a deep breath. His fighting spirit had reached its peak, and his condition had also reached its peak.

The next moment, he grabbed the hilt of the Black Saber Hundred Break and pulled it out from his waist.

Fighting between Rank-3 and Rank-1 was not an ordinary child's play, nor was it like eating and drinking.

Even though Xu Bai was confident in his own strength, he still had to go all out to deal with it. After all, in a battle, any small factor could change the overall situation. If he was not careful, it was very likely that he would lose.

The moment the black saber was unsheathed, the cracks on it suddenly exploded and turned into a sky full of stars that kept streaking across the air.

Every fragment was a terrifying Five Moves of the Knife. At the same time, melodious music came from the fragments of the Black Saber Hundred Splits as interference and support.

Under such circumstances, the speed of the fragments became even faster.

Countless fragments flew across the sky with a sharp wind as they flew toward City Lord Huang.

It was as if a great river was flowing through a dry riverbed, bringing with it a palpitating terror.

City Lord Huang was still smiling at first, but when he saw Xu Bai's attack, the smile on his face disappeared, replaced by a sense of danger that came from the bottom of his heart.

He was able to dominate a region when he was alive, and he was able to rule a

city after his death. Of course, he had his own unique skills.

This feeling of danger was right in his heart. City Lord Huang trusted his intuition and took a step back without saying anything. When he took that step back, he disappeared from where he was.

Countless shards swept across the ground, creating bottomless dents. The ground in front of them was completely destroyed, as if it had been hit by a meteorite.

Xu Bai's wrist turned the hilt of the sword and the fragments of the sword came back. They surrounded his body and protected him like a moon protected by stars. It was dazzling and made people panic.

He had disappeared. He had completely disappeared.

Xu Bai's eyes scanned the surroundings. It was empty. He didn't see anyone. It was as if City Lord Huang had completely disappeared.

But he knew very well that the other party would never leave.

This was the other party's ultimate skill. Just like Wang Fu had said, as a member of the Rat Race, digging holes was an innate ability. City Lord Huang had reached Rank One and had become a monster that could dig through anything.

Can you drill through air? Maybe.

Xu Bai wasn't in this line of work, so he didn't understand. However, he knew that this battle was special, so he didn't let his guard down.

The surroundings fell into silence, and one could hear a pin drop. However, the blood-red light still filled the space. Coupled with the silence, it made people feel a sense of horror.

Now, there was no one else besides Xu Bai.

Although Xu Bai was on guard, he wasn't anxious. He was patient.

At this moment, time was passing at a subtle speed. Xu Bai, who was in the middle of the battle, did not feel that it was going very fast. In fact, half an incense stick of time had already passed.

Suddenly, a black spear extended from the side and slowly landed in front of Xu Bai. If one was stabbed by this spear, they would definitely not have a good ending.

Fast, too fast. In the blink of an eye, the long spear had already surged over. Moreover, the angle was extremely tricky, making it impossible to guard against.

Although Xu Bai didn't see it, he knew that City Lord Huang must be smiling smugly at the moment, and wanted him dead.

At this critical moment, Xu Bai spun the black blade in his hand. He didn't even look back. He swung the blade, and the next moment, the fragments swept through the space.

"Ding, ding, ding!"

A series of voices rang out. These voices were very pleasant to hear, but when Xu Bai heard them, he felt abnormally shocked.

The black spear seemed to have pierced through a piece of paper, easily breaking through the fragments of Black Blade Hundred Rend. At this time, Xu Bai had just turned around and saw that the other party was smiling, as if he was happy to see him in this situation.

The situation was extremely critical. Xu Bai did not choose to take it head-on. Instead, he used the Four Transformations of Breaking Line. With a slight movement of his feet, he disappeared from where he was.

Chapter 440: Terrifying Black Clouds Attack (2)

It was an afterimage. The person who was so fast that the afterimage stopped where he was had actually disappeared.

Just as this thought appeared, the feeling of danger swept through his heart again.

From a tricky angle, the sound of air being torn apart could be heard.

Xu Bai didn't even need to turn his head to look to know what it was.

Without another word, he once again used Breaking Four Transformations and dodged in another direction.

However, that black spear was like a maggot attached to the bone, following like a shadow. It was continuous and had terrifying power.

Now, he finally understood how Wang Fu had felt at the start.

This kind of continuous crisis tested a person's psychological quality. After all, if he was not careful, he would end up in a situation where he died.

Especially that jet-black spear. When condensed into a single point, its power could simply be described as earth-shattering.

“As expected of a Rank One.” Xu Bai thought to himself.

On the other side, City Lord Huang’s voice rang out in the surroundings. It was filled with provocation and mockery.

“Where is your fighting spirit? Where’s your boasting just now? Didn’t he say that he wanted to jump realms to fight? Why do you only know how to run away now?”

The series of questions were filled with mockery. Every sentence was filled with deep mockery.

Xu Bai did not answer.

This guy’s ability wasn’t the kind of ability to fight head-on, but the kind that was very insidious.

It was more suitable for sneak attacks and catching people off guard. However, the most important thing was that the opponent’s strength was much higher than his. At this time, it would be extremely difficult for Xu Bai to counterattack.

Hearing City Lord Huang’s mocking voice, Xu Bai suddenly felt a huge wave of heat from his waist that spread throughout his entire body in the blink of an eye.

Strong Kidney Collection Technique!

The Refined Qi stored in his kidney began to explode violently. The Refined Qi in his body was pushed to the extreme and reached a terrifying amount.

At this moment, Xu Bai once again felt a terrifying pressure sweeping over. He could hear the sound of air being torn from a tricky angle.

If this continued, Xu Bai would always be at a disadvantage. After all, even with the True Core Strength of his kidneys, he would never be able to compete with a Rank One.

The black light of the Vajra Heart Fiend Body appeared and enveloped his entire body.

In the next moment, he felt the spear come into contact with the black light. At that moment, he used Stellar Transposition to deflect it with all his might.

However, the Vajra Heart Fiend Body and Stellar Transposition were still too low in level.

A moment later, it was like a layer of paper that was easily pierced through by the spear. Xu Bai only had time to turn his body around when he felt the black spear pierce through his waist.

Beside Xu Bai, City Lord Huang had a mocking expression on his face.

He instantly spun the spear in his hand, and the terrifying wound exploded. A huge bloody hole was blasted on Xu Bai's waist.

Xu Bai felt pain all over his body, but he didn't panic. Instead, he smiled.

His smile was vicious.

The fragments exploded from the black blade Hundred Splits again. The power of the fragments this time was different from before.

Saber intent!

When the originally smug Lord Huang saw this scene, his heart suddenly turned cold. He wanted to pull back his spear, but he realized that the spear was already held by Xu Bai's hand.

"Die!"

The fragments were like falling stars in the sky. They surrounded City Lord Huang with an invincible might.

This was saber intent, an extremely terrifying saber intent.

City Lord Huang gritted his teeth and finally chose to let go of his hands.

However, he still hesitated for a moment. It was also during this moment of hesitation that one of his arms was instantly pierced by the shards, turning into a bloody mist that filled the sky.

Screams echoed in the sky, appearing extremely miserable.

Xu Bai pulled out the long spear at his waist, and blood flowed out of the corner of his mouth. He said, "As expected of a Rank One expert. Even this scream is different from ordinary people."

His words were filled with mockery.

Just now, Xu Bai had returned City Lord Huang's mockery ten times over.

City Lord Huang had already disappeared when he retreated. Other than leaving behind an arm, he was not injured.

"Lunatic! You're a complete lunatic. You exchanged injuries for injuries, but your injuries are countless times worse than mine. Do you think you can live?"

City Lord Huang's voice rang out in the surroundings. He gritted his teeth. It was obvious that he was very angry.

A dignified Level One expert was seriously injured by a Level Three expert and even lost an arm.

This was simply a great humiliation!

[illegible]

The first part of the sentence had a domineering feeling to it. When it reached the end, especially the last word, it was repeated by City Lord Huang.

That was because he saw that the terrifying wound on Xu Baits waist was healing at a speed visible to the naked eye.

What a wound!

How could such a huge bloody hole, which had extended all the way from his mouth to his lower abdomen, be healed?

"It's impossible for you to cultivate the abilities of other professions. If you really have so many abilities, how could you enter Rank-3 at such a young age?" City Lord Huang said in shock.

In just a short while, the bloody hole on Xu Bail's waist had recovered by seventy to eighty percent, and there was even scab on it.
