

Unparalleled 461

Chapter 461: Computational Classic of Humanity (3)

If that was the case, there was no need to follow him anymore. It was better to take him alive and ask about the follow-up situation.

Ye Zi stretched out her hand, and the white light was brushed by her, and a melodious music was heard.

As the music played, Xu Bai's body became lighter, and the speed at which his

Refined Qi circulated increased.

The next moment, Xu Bai pulled out the black saber Hundred Rend from his waist. Countless fragments exploded in his hand, turning into a force that could overturn the sky and sweeping toward the Tong family's head.

The Tong Family Head had originally planned to leave, but when he heard the whistling sound behind him, he hurriedly turned his head, and his pupils suddenly constricted.

It had to be said that the families in Fenghua were much larger than the families in the prefecture. These family heads had climbed out of mountains of corpses and seas of blood.

Although he was panicking when he saw this, he hurriedly waved his right hand in the face of death.

A copper coin flew out from the Tong Family Head's hand. It suddenly enlarged, and in the blink of an eye, it had already become the size of a millstone.

The shards hit the copper coin, and deep pits appeared on it. It could only block the shards for a moment before it was instantly pierced through.

After being pierced, the copper coin turned into fragments. The next moment, the copper coin was empty.

“Where is he?” “He ran away?” Xu Bai frowned.

“Young Master, it’s the Dao of Life and Death.” Ye Zi walked to Xu Bai’s side and said, “This is the specialty of the Yin Escort. It’s like this...”

In the dark wilderness, Ye Zi described the various characteristics of this profession one by one.

There was a branch in the big business of escorts, and that was the secret escorts.

In the past, Xu Bai’s Dragon Conqueror Bodyguard Agency was not counted. Those escorts were not even of a high rank. They were not even considered a big business.

The so-called Yin Dart was used to transport things that ordinary people did not use. These things were strange and strange, and there were many types of them.

Since they were transporting things that ordinary people did not use, they naturally did not take the path of ordinary people.

The living had a way to live, the dead walked the path of death, and the Yin Dart walked the path of life and death.

The Dao of Life and Death was between life and death. Ordinary people couldn’t see it, and those who weren’t in this line of work couldn’t either. Once they stepped into it, they would disappear without a trace.

What was more, the living could not see it, and neither could the dead.

However, the Dao of Life and Death was also dangerous.

If they continued to wander between life and death for a long time, they would completely lose their consciousness and become a living dead. Therefore, they would rest for a while after walking for a while, and it was impossible for them to walk in there for a long time.

“Motherf * cker, I didn’t expect this guy to escape so decisively. I thought he was going to have a great battle with me.” Xu Bai stroked his chin and said.

“Young Master, he can’t possibly be walking in the Path of Life and Death for a long time, but we don’t know which direction he’s going to escape to. If only we knew, we could follow him from afar until the moment he comes out.” Ye Zi suggested a plan.

Xu Bai’s eyes lit up.

That’s right. Since the other party couldn’t walk for a long time, he could just follow them from afar. As long as they came out, he would capture them directly.

Thinking of this, Xu Bai put the black blade Hundred Break back at his waist and then made a gesture.

Xu Bai raised his right hand and pointed his index finger in the air. Then, a faint golden light emerged from his index finger, and a golden compass appeared in the air.

The Arithmetic Classics.

This skill was in Kong Xu’s hands. Kong Xu had only cultivated to the Fifth Stage Realm, so he needed to use tools. However, Xu Bai was now at the Second Stage Realm, so he didn’t need to use those tools at all.

When the compass formed by the golden light appeared, the needle began to spin rapidly. In less than a moment, it stopped at a position.

“Found it.” Xu Bai said with a smile.

Behind him, the puppet of the Fourth Stage moved, taking the lead.

Xu Bai and Ye Zi followed behind and chased in a certain direction.

There was not a single person along the way, not even a trace. However, Xu Bai and the others walked in this direction for about three incense sticks of time before something unusual finally happened.

Not far ahead, the air twisted. The Tong Family Head appeared on the spot for no reason and wiped the sweat off his forehead.

“I finally escaped from the game.”

The people in the outside world could not see the Life and Death Path, and the people of the Life and Death Path could not see the outside world, so he did not know that Xu Bai had been chasing him.

Before he could heave a sigh of relief, he felt a chill in his heart, as if some kind of danger had already targeted him.

Master Tong’s expression stiffened. He turned his head silently and saw the person he was most unwilling to meet.

Not far away, Xu Bai was leisurely chasing after them with his black saber, Hundred Rend.

“Run, continue running. If you have the ability, continue to enter your path of life and death.”

There was a teasing tone in his voice. Other than that, there was a terrifying killing intent.

Master Tong was completely stunned. Cold sweat appeared on his forehead, and then his shoulders trembled slightly. It was obvious that he was extremely afraid.

“Not only can you leave the Demonsfall Market, but you can also follow people who have entered the Path of the Living Dead!”

Even a dog could hear the fear in his voice.

“Oh, it seems like you know about my past. Tsk, tsk, tsk. Don’t you think you know a little too much?” Xu Bai said slowly.

Master Tong seemed to have thought of something and suddenly knelt on the ground. He said loudly, “Lord Xu, I have never wanted to go against you. This time, I only wanted to escape, so I didn’t do anything wrong to you. Please spare my life.”

Xu Bai stopped and smiled.” Very good. I like people like you who are more sensible. Now tell me everything you know.. Where is your nest?” And what was the leader?”

Chapter 462: Computational Classic of Humanity (4)

Master Tong quickly said,” I’m the only person in Fenghua State. I can be considered a spy. The leader is very cunning. He never tells me his location.”“

“Only when the leader needs it will he send someone to contact me. Otherwise,

I can only stay here.”

As for what the leader is, I know!”

Xu Bai raised his eyebrows and said,” Then tell me, including the location where he asked you to leave a message.”“

Master Tong didn’t say anything. He just looked at Xu Bai as if he was conflicted about something.

Xu Bai naturally knew what the other party was thinking. He said slowly,”“Have you removed your pain? Or is your soul very strong?”

Master Tong was stunned and subconsciously said, "No, I haven't."

Xu Bai's eyes flashed with killing intent. "Since you don't have any, I can force you to confess or interrogate your soul. What right do you have to negotiate?"

The other party hesitated just now because he was afraid that he would be killed if he said it, so he wanted to talk, but was he qualified to talk?

When Master Tong heard this, his face instantly turned pale and he sat on the ground. He knew that he had to say it today, even if he didn't want to.

"Can you really let me go?"

"Of course. Since you want to assassinate me, you must know that I'm the most honest person in business. Aren't we talking about business Bai said with a smile.

The Tong Family Head's eyes were gloomy, but he still said it in the end.

"The leader is a gravedigger. No one knew about it at first, but my family happened to have a book on this."

"I only found out after I went back and read through it. The book also mentioned that there was a huge tomb in Fenghua State. I don't know who was inside."

"But since the leader is a gravedigger, he must be related to this grave."

"The book mentioned that the opening of the tomb requires a large number of burial items. He gathered us together and did not allow us to act alone. I suspect he wants us to be buried with him."

“If you want to deal with the leader, a large tomb will definitely appear soon. The appearance of a large tomb will definitely cause a change. At that time, you will be able to find the location based on it.” At this point, Master Tong shut his mouth.

Obviously, he had said what he needed to say.

Xu Bai rubbed his chin.

Gravedigger.

Another new trade.

“Young Master, gravediggers are not tolerated.” Ye Zi said.

Needless to say, Xu Bai could guess that he was definitely not tolerated by others.

Which family didn’t have a grave? It had been dug up by this group of people. Who could bear it?

“Lord Xu, I’ve already told you. Can we go now? Lord Xu, don’t worry, I won’t deal with you again.” Patriarch Tong said timidly.

Xu Bai nodded. He suddenly extended his index finger and flicked the Black

Blade Hundred Rend.

A melody sounded.

Using his intentions to calculate his intentions, the Tong Family Head’s eyes immediately became dull and he was instantly controlled.

"Is what you said just now true? Is there anything else you haven't told me?" Xu Bai asked.

Master Tong shook his head in a daze.

In the next moment, Xu Bai brandished the black blade Hundred Splitters in his hand. The fragments suddenly flew up and pierced through the Tong Family Head in front of him.

He did have integrity when doing business, but he only had integrity with people, not with a dog.

"Young master, what do we do next?" Ye Zi asked.

"Let's go back first." Xu Bai searched the corpse in front of him but didn't find anything useful. He had used up all the things he had used to destroy the corpse.

He had received a lot of information today. He would go back and digest it first before thinking about his next step.

Thinking of this, Xu Bai did not stay any longer and rushed towards the inn with Ye Zi.

Taking advantage of the dark night, it did not take long for them to return to the inn.

Ye Zi closed the door behind her and saw that Xu Bai had already sat down. She poured a cup of tea for Xu Bai and handed it to him.

Xu Bai said, "For now, let's just wait and see. If it's really as he said, the other party will definitely not cause any more trouble. There will definitely be changes when the tomb opens. When the tomb opens, we'll rush over to take a look. ""

"If that's the case, we need to find someone who's good at digging graves." Ye Zi said, "Fengshui masters and gravediggers are similar. We can ask the Jiang family if there are any Fengshui masters in Fenghua State."

Since it was related to the tomb, a Feng Shui master was definitely needed.

The Jiang family had been rooted here for many years and must have a wide network of connections. It was only natural for them to come and help.

"Tomorrow, we'll go to the Jiang family again." Xu Bai said.

He took out the heavy sword technique and continued to check the progress bar. Now that things had become complicated, the most important thing was to seize the time to improve himself.

Time slowly passed. In the blink of an eye, the dark night passed and the next day's blazing sun arrived.

People came and went on the streets, and the vendors on both sides began to sell their goods.

As soon as Xu Bai and Ye Zi arrived at the Jiang family's residence, they were brought to the living room by the servants.

"Hahaha, Lord Xu must have something important to say for visiting again. What are you still doing here? Why aren't you showing Lord Xu the tea?" Patriarch Jiang laughed loudly.

His voice was as bold as ever. At first glance, one would think that he was an honest person.

The servants quickly served the best tea leaves. Xu Bai held it in his hand and looked at the steaming tea in the teacup. He took a shallow sip.

"Lord Xu, if you have something to say, just say it. Don't worry, I'll still say the same thing. As long as I can help, I won't hesitate at all." Master Jiang was righteous and kept patting his chest as he promised..

Chapter 463: Computational Classic of Humanity (5)

Xu Bai narrowed his eyes slightly and put down the tea in his hand. "Putting everything else aside, I really have something to ask of the Jiang family head. I wonder if there's anyone in Fenghua Province who's a

Feng Shui master?” Master Jiang was about to agree boldly, but he didn’t expect to be asked about the fengshui master. He was stunned on the spot. After a while, he revealed a bitter smile.

“Lord Xu...Did you just say Feng Shui master?”

“That’s right. Don’t tell me there are no Feng Shui Masters in Fenghua State?” Xu Bai frowned.

It was impossible for such a big state not to have a fengshui master. He felt that something was wrong.

“Sigh...” “If it were any other matter, I would definitely be able to help Lord Xu. However, this matter is indeed a little difficult! ”

“Oh?” Xu Bai asked, “What’s the difficulty? Just tell me directly, Patriarch Jiang.

I’m not a person who pester people. Everyone should understand each other.”

From the other party’s expression just now, it could be seen that there was definitely something going on.

The Jiang family head sighed.” Lord Xu, there is only one Feng Shui master in Fenghua State. That is the Qian family in the west of the city. However, it will be extremely difficult to get the Qian family to help.”

“When Great Chu was established, the Qian Clan could be considered to have done their best. At that time, the construction of the capital city of Great Chu was also done by various Feng Shui masters.”

“The Qian Clan even forcefully changed their Feng Shui and changed their fate, turning the bad into good. Therefore, their Feng Shui suffered a backlash and was never able to recover.”

“His Majesty is grateful for their loyalty and has allowed them to remain in Fenghua Province. No one will dare to touch them.”

“They didn’t use Feng Shui again, because if they did, their entire family might die on the streets,”

Feng Shui had always been a mysterious thing. Hearing Master Jiang’s words, Xu Bai felt that this matter was indeed a little difficult to handle.

This Qian Clan could be considered to have really gotten close to someone. In Fenghua State, no one would dare to touch them.

More importantly, they no longer used feng shui. After all, they had suffered a backlash before. If they used it again, their entire family would die on the streets. This kind of death was especially mysterious. It was completely because of feng shui.

In other words, it wasn’t that the other party didn’t want to help, but that he couldn’t.

“Thank you, Patriarch Jiang. I still want to go and take a look.” Xu Bai cupped his hands and prepared to leave with Ye Zi.

“Take care. If there’s anything else, you can come and find me at any time.” On the way, Master Jiang sent Xu Bai to the door and told Xu Bai the location of the Qian family.

Xu Bai didn’t say anything else. He led Ye Zi around the streets according to the location that the Jiang family’s head had told him and finally arrived in front of a luxurious mansion.

This mansion was completely different from other mansions. There was a plaque hanging on it, and the plaque was even inlaid with gold.

Not only that, but the words on the plaque were also in a flamboyant manner.

Other than the words ‘Qian Clan’, there was also a line of small words below it. On the small words, it read ‘A plaque bestowed by His Majesty.’

There were two servants guarding the door. When they saw Xu Bai walk in, they frowned.

“Who are you?”

“Please inform them that Xu Bai wants to see the Qian family head.” Xu Bai said.

With Xu Bai’s current popularity, even the servants knew his name. They were obviously surprised when they heard his name. In the end, they came back to their senses and said that they would wait here. Then, they hurriedly ran to the courtyard.

A moment later, the servant ran out in a hurry and said, “The patriarch has invited you. Lord Xu, please come in.”

Xu Bai nodded. Under the lead of the servant, they walked around the streets and finally arrived at the reception room.

The room was already served with good tea. Xu Bai sat on the chair and took a sip, waiting patiently.

A moment later, a middle-aged man walked in with an imposing appearance.

The middle-aged man had an ordinary appearance and was dressed in silk.

Although his walking posture was imposing, there was a black aura swirling between his eyebrows.

Defying the heavens and changing one’s fate, one’s own body would suffer a backlash. This was the subsequent suffering, and it could even extend to an entire family.

Therefore, they did not dare to use the power of Feng Shui anymore. The more they used it, the more suffering they would suffer.

It was precisely because of this that the Emperor gave such a generous reward after paying such a heavy price.

In the Fenghua State, even the state magistrate did not dare to shout in front of the Qian Clan. This was a privilege.

“Lord Xu, may I know why you are here?” Master Qian cupped his hands at Xu Bai and asked politely.

In fact, the Qian family was also very smart. They did not use the emperor to dominate this place. Instead, they kept an unusually low profile.

Before he spoke, the black gas between Master Qian’s brows moved a few more times, and it became even denser.

Xu Bai rotated the teacup with his fingers. After thinking for a moment, he said, “Since that’s the case, then I won’t play with those fake things anymore. I’ll say it directly. This time, I came here to borrow the use of a Feng Shui master.”

As soon as he finished speaking, Qian Meng was stunned. After he reacted, he stood up from his chair and clenched his fists tightly.

“If this is the case, Lord Xu, please return!”

Chapter 464: Feng Shui and the Qian Family’s Gift (1)

Xu Bai also didn’t think that the other party would reject him so decisively. He wanted to come, even if he rejected him, he would be a little tactful. However, when he saw the head of the Qian family in front of him, it was obvious that his words seemed to have hit his sore spot.

Thinking of this, Xu Bai was about to say something, but he did not expect the Qian family head to speak again. This time, it was still an extremely serious rejection.

Asks if, yes, other things, as long as Lord Xu opens, we will certainly give help, yes, this thing, no need to talk, Lord Xu, yes, before we will certainly know, our family, current situation, so Feng Shui, this thing, yes, absolutely won’t touch. “Master Qian said decisively.

“Can’t I just use it a little?” Xu Bai stroked his chin.”

Master Qian shook his head vigorously.” Lord Xu is a reasonable person. If we use it, our entire family will suffer a violent death. This is absolutely not allowed.”

Xu Bai sighed.

He also understood that the other party indeed had his difficulties, and this difficulty was very big.

If Feng Shui was used, the whole family would easily fall into a crisis of sudden death. This situation was particularly rare, but it was also particularly serious.

Xu Bai wasn’t an unreasonable person. The other party didn’t offend him, so he explained the reason to him. Of course, he wouldn’t force it.

Thinking of this, he prepared to leave first. After all, under such circumstances, the Qian family would definitely not help. It was better to go back and think of other ways.

Unexpectedly, before he could say anything, a commotion came from outside the door.

A member wearing ordinary clothes ran in from outside. Due to his panic, he tripped on the threshold and fell to the ground.

He didn’t care. He crawled over on his hands and feet and said anxiously.

“Patriarch, this is not good. First Uncle wanted to study the power of Feng Shui, but he didn’t expect to fail midway.”

“What? Didn’t I tell you? I’m the only one who can study it. Don’t let them do this. The danger is too high. Why don’t they listen?” Master Qian’s expression changed and he quickly walked out of the door.

He seemed to have something particularly urgent to attend to. He didn't even bother to bid farewell to Xu Pai and left in a hurry. The family member who came in to report just now stood up and followed behind Master Qian in a panic.

"As expected, even if it's a family that is favored by His Majesty the Emperor, they still want to regain the vitality of the past."

Xu Bai pushed the teacup in his hand to the side."What do you mean?"

Ye Zi's eyes moved and she said softly," Young Master, it's obvious that they want to regain their former glory. They must be studying Feng Shui too, but they just don't use it. However, if they really study it, there must be some risks.

This is what I deduced from what he said just now."

Xu Bai thought for a moment and said,"Follow and take a look. ""

Studying the power of Feng Shui, it seemed like she had seen a way. However, she still needed to see if it was what he thought.

The two of them went out and rushed in the direction of the commotion.

It had to be said that the Qian family was really luxurious. After all, it was because of the Emperor's matter that the entire family was placed on top of it. Therefore, the Emperor took special care of the Qian family. Just taking the courtyard as an example, ordinary wealthy families were really not this big.

Following the direction of the voice, Xu Bai and Ye Zi finally found the location after walking for a while.

At this moment, the empty space in front of them was already filled with members of the Qian family. They surrounded them in three layers. From the outside, it seemed that not a single drop of water could pass through. It was impossible to see what was there at all.

"It's fine." Xu Bai narrowed his eyes and said, "Please accept my condolences. The dead can't be brought back to life. Don't be too sad. Give this person a proper burial."

Master Qian nodded and agreed..

Chapter 465: Feng Shui and the Qjan Family's Gift (2)

"I just heard that you guys are still studying Feng Shui. I wonder how you did it?" Xu Bai asked.

Master Qian thought Xu Bai was just being polite, so he didn't think too much about it. He took out an old book and said, "This is a book passed down from the clan. When cultivated to perfection, it's equivalent to the first grade."

"It's just that my talent is dull. Even at my peak, I was only half a step into the

First Stage. Now, because of what happened that day, I'm only at the Fourth

Stage Realm."

"If we can reach the peak of our research, it should be able to solve our predicament. That's why I've been studying it."

"Due to the backlash we suffered, we had to be careful. It was like walking on a tightrope. But I didn't expect that he would copy my book and study it secretly." "Now, it's all good. We can't save her anymore. This is all fate!"

As he spoke, Master Qian shook his head and sighed. His tone was filled with sorrow.

Xu Bai heard all these words, but his gaze did not change at all. He stared straight at the book in Master Qian's hand.

The Qian Family Head was still rambling on. To suddenly lose a family member was still a huge blow to him.

Moreover, this member of the family was also an expert in the family.

Therefore, he unknowingly talked too much and did not notice Xu Bai's watch.

Xu Bai seemed to have thought of something while Master Qian was talking. He suddenly had a perfect plan.

There was a golden progress bar on the book.

Studying the essence of this book to the most perfect state could help them solve their current predicament?

Wasn't this his strength?

Naturally, there was no need to say much about research. He definitely did not know how to do research, nor did he know how to do research.

But he was familiar with the progress bar!

No one knew the progress bar better than him!

Therefore, this was a plan to kill two birds with one stone. If he could take this opportunity to get the progress bar down, wouldn't he have the skill of Feng Shui?

Moreover, he could help the Qian family solve their predicament. Taking a step back, even if he did not solve their predicament, he could still obtain the Feng Shui skill and not have to come to the Qian family anymore.

"I can help you." Xu Bai suddenly said.

At this moment, the Qian family's head was still rambling on, but Xu Bai's sudden words disrupted his words. He even wondered if he had heard wrongly.

Can help him?

What did he mean by being able to help him? Could it be that he could help him solve his family's current predicament?

Impossible, absolutely impossible.

In this day and age, who knew better than him how to solve the family's predicament?

"Lord Xu, there's no need to say these things. I also understand Lord Xu's feelings, but now is not the time to say these things!" Master Qian smiled bitterly.

Xu Bai pointed at Master Qian's book and said, 'You just need to give me the book and give me ten days. If I can't help you solve your current predicament, I won't lose anything. I'll return the book to you.'

Ten days was because Xu Bai couldn't estimate how long it would take for the time being. As this was a first-grade book, which was equivalent to a ninth-grade book, he had never come into contact with a first-grade book, so it was difficult to estimate for the time being.

Master Qian was stunned. He looked down at the book in his hand, not knowing how to answer.

From the other party's words, he seemed to be very confident, but should he really do as he was told?

He didn't mind giving the book to Xu Bai. After all, he still had many copies of the book in his hands.

As for Xu Bai..

To be honest, even if Master Qian didn't trust Xu Bai, he trusted the emperor.

After all, the entire Qian Clan had given up everything for the Emperor. The reason why they did so was because of their absolute loyalty to the Emperor. Therefore, the Qian Clan would also absolutely trust someone who was trusted by the Emperor.

Forget it, I'll try my best.

In the end, the Qian family head still thought it through. After all, in such a desperate situation, a person who trusted the Emperor suddenly came to him and said that he could help him solve his current predicament. He was definitely willing to do it.

At the thought of this, Master Qian gritted his teeth and handed the book over decisively.

On the contrary, Xu Bai was slightly surprised. He had thought that he would have to spend more time talking, but he did not expect the other party to be so decisive. Moreover, from the looks of it, there was no hesitation at all.

"Lord Xu, if you can help the Qian clan solve their current predicament, you will be the benefactor of my entire clan." Master Qian said seriously.

Xu Bai took it and looked at the slowly increasing progress bar.

"Although I can't guarantee it, I'll definitely give you an answer within ten days. Regardless of whether it's successful or not, this book will be returned to its owner."

Family Head Qian raised his hands and cupped his fists. "I'll have to trouble Lord Xu for this matter."

Xu Bai nodded.

He was also very anxious now. After all, it seemed that the solution needed a feng Shui master.

Now that he had a book on Feng Shui, he only wanted to go back and memorize the contents of the book as soon as possible.

Therefore, after getting what he wanted, he did not stay any longer. After exchanging a few more pleasantries with Family Head Qian, he brought Ye Zi to the inn.

Along the way, he looked down at the progress bar in his hand from time to time. Only when he returned to the inn did he put the book aside.

He pondered for a moment and temporarily put the heavy sword technique aside. He first used his energy to get the Feng Shui book out..

Chapter 466: Feng Shui and the Qian Family's Gift (3)

Thinking of this, Xu Bai didn't stay any longer. He seized the time and focused on the progress bar in front of him.

While Xu Baigan was scrolling through the progress bar, a large crowd had gathered in a small alley far away from the bustling streets of Fenghua State.

These people were dressed in all kinds of clothes. If they were scattered, they would be the common people of the city.

However, at this moment, they were all gathered together.

Fortunately, these people knew that no one made a sound. The entire alley was abnormally quiet.

In front of this group of people stood an ordinary-looking man in linen clothes.

There was nothing special about this man, except for his hands that looked unusually rough, and there was a lot of mud under his nails.

However, this was not particularly obvious to ordinary people. After all, the mud in the fingernails was very common on the commoners.

Of course, after knowing this person's profession, these mud stains were no longer ordinary.

Gravediggers dealt with all kinds of graves all year round, which was equivalent to dealing with all kinds of soil. Some gravediggers were used to using tools, while others trusted their hands more. Obviously, the gravedigger in front of him trusted his hands more.

Everyone, I have a piece of extremely bad news for you. The Tong Clan is no more. They have all died an unnatural death. As for how they died, they were probably hunted down on their way out of Fenghua Province."The gravedigger walked back and forth for a while before speaking slowly.

As soon as he said this, everyone present sucked in a breath of cold air. Although they did not say anything, the expressions on their faces were very interesting.

" You all know what this means. This means that we have lost our spy in Fenghua State. It also means that the person who killed the Tong Clan is definitely Xu Bai."

"After all, only Xu Bai would suddenly attack our people. Then I can be sure that the Tong family has been exposed. As for how they were exposed, I suspect that we have a mole here."

The gravedigger was not a fool. He had never sent anyone to provoke Xu Bai during this period of time, so it was impossible for him to leave any clues behind.

However, for some inexplicable reason, the Tong family's only spy was directly exposed. Then, other than having a mole, he couldn't think of any other reason.

The people present looked at each other and did not say anything. At this time, no matter what they said, they would become the target of everyone's attention.

" Time is of the essence," the gravedigger continued." I don't have time to cast a long line to catch the big fish and slowly find out who the mole is, so I stopped investigating."

“But that doesn’t mean my plan will be shelved. Now, everyone, leave with me.”

“I hope that spy knows a little bit and doesn’t leak the information at this time.

Otherwise, I’ll let him know what it means to live a life worse than death.”

The gravedigger didn’t wait for them to speak and walked straight in one direction.

The rest of the people looked at each other, but in the end, they didn’t say anything. They buried their heads and followed behind the gravedigger.

There were a lot of people, but they were all scattered in groups.

Moreover, since this was a remote alley located at the edge of the entire city, it did not take long for them to successfully leave the city and arrive in the wilderness.

At this moment, they had already gathered together. Under the lead of the gravedigger, they quickly rushed in one direction.

In the crowd, an ordinary-looking man was quietly walking inside. He looked up at the people in front of him, but in the end, he did not say anything and followed quietly.

Before long, they arrived at an inconspicuous mountain.

“Everyone, you can stay here. From now on, I hope you don’t leave. Also, it’s best if that mole doesn’t tell anyone.”the gravedigger said slowly.

Since I’ve mentioned this matter, I hope that everyone can keep an eye on each other. After all, my energy is limited and I can’t do everything. However, you can help me. If you don’t want your whereabouts to be exposed, it’s best to do your best to keep an eye on the people around you.”

Everyone's eyes froze. Then, they looked at the people beside them with vigilance.

The gravedigger smiled, found a seat, and sat down.

There was nothing better than using people's suspicions to do things. This was more effective than him putting in effort to monitor them. The sun gradually set, and time gradually slipped away.

In the blink of an eye, several days had passed.

At this moment, in the inn, Xu Bai was staring at the Feng Shui book in front of him.

The progress bar was slowly increasing. After about 15 minutes, the last bit of progress bar reached perfection.

The light blue smoke appeared in front of Xu Bai's eyes and gradually condensed into a line of words, which finally appeared in front of Xu Bai.

The Feng Shui Book was completed!

[You have studied the Four-Word Feng Shui Secret Technique and comprehended it.]

When this line of text appeared in front of him, it did not turn into information as expected. Instead, it disappeared.

Xu Bai was very familiar with this scene.

This was a sign that he was about to fuse. However, he was very puzzled. Under such circumstances, which skill would he fuse with?

He didn't seem to have any skills in Feng Shui. With such doubts, he waited patiently.

Soon, the disappearing light blue smoke appeared again. It twisted and gathered into new words in the air.

[Fusion option found. Fusion in progress.]

[Four Words Feng Shui Secret Technique + Human Arithmetic Sutra = Feng

Shui Arithmetic..]

Chapter 467: Feng Shui and the Qjan Family's Gift (4)

[Fusion successful!]

In the next moment, when the words "successful integration" appeared, the light blue text disappeared and turned into information that entered Xu Bai's mind. The contents of Feng Shui were gradually being digested by him.

The latest interface appeared in front of him. [Name: Xu Bai]

Realm: Third-stage unspecialized."

"Five Sword Moves (Level 7): Maximum level.] [Reversing Purple Cloud Squall Yin Yang Song (Level 7-5):[Maximum level.]

[Water Aptitude Technique (Level 5): Maximum level.] [Feng Shui Arithmetic (Level 9): Maximum level.]
" Comprehension: Maximum level."

A ninth-grade skill was equivalent to a first-grade skill.

Xu Bai finished absorbing the information in his mind and opened his eyes.

This fusion was very powerful. Not only did he have a ninth-tier Feng Shui skill, but because of the fusion, his divination ability had also increased to ninth-tier.

At this moment, although the types of fortune-telling skills had not been upgraded, and they were still tracking and predicting good or bad luck, the ability of this fortune-telling skill could even predict the good or bad luck of a Rank One expert. There was also a considerable improvement in the aspect of predicting good or bad luck.

He finally understood why the two skills could be combined. After all, Feng Shui and fortune-telling were considered relatively similar categories.

Xu Bai carefully recalled the information in his mind. In the end, he had figured out how to solve the Qian family's situation.

Due to the backlash from the luck of the Qian clan, they could not use the power of feng Shui again. Otherwise, it would lead to a disaster.

However, according to the skills he had obtained so far, he had a solution.

Suffering from the backlash of Feng Shui, in the end, it still had to be solved by Feng Shui.

Thinking of this, Xu Bai took out a piece of paper and wrote down a countermeasure on it.

This was a Feng Shui array, a Grade One Feng Shui array.

In fact, there were first-grade Feng Shui masters in Great Chu. However, they did not cultivate the same Feng Shui as the Qian family, so it was very difficult to solve it. Even if they were of the same type, there was a slight difference, which was like the difference between heaven and earth.

Xu Bai was different. His Feng Shui skills came from the Qian family, so he was able to solve it easily.

This Feng Shui array was also the strongest Feng Shui array in Feng Shui Arithmetic. It was called Heaven Changing Earth.

The strength of the Heaven Changing Earth Formation lay in its ability to turn misfortune into good, and good into misfortune.

This Feng Shui certificate required a lot of materials, but he believed that the (Ilan ram11Y was such a long ramuy, so there must be a 10t or Inside information.

“This way, their problem will be solved. All we need to do is to slowly adapt.”

Money, home, receive, bite, also not a day, two days, have a sentence, say, good, sick, come down like a mountain, sick, go down like a thread, change the world, the same is true.

After doing all this, he put down the pen in his hand and put away the paper.

A moment later, Xu Bai suddenly had an idea.

He used Feng Shui Arithmetic on Ye Zi.

A golden compass appeared in front of him. The compass even carried waves of Feng Shui power.

Xu Bai closed his eyes and sensed carefully.

A moment later, he opened his eyes.

Ye Zi was originally sitting quietly at the side. When she felt Xu Bai's gaze, she suddenly felt goosebumps all over her body. It was as if Xu Bai had seen through her entire body.

It was not the feeling of being seen through, but the feeling of being seen through by Xu Bai.

"Young master, you..."

"I've calculated your fortune, measured your good or bad luck, and even checked your feng shui. "Xu Bai said with a smile.

"Young Master, did you calculate anything?" Ye Zi asked curiously." "It's very big. It's very big." Xu Bai said mysteriously, "It's a sign of good fortune.""

It was indeed a sign of good fortune. Other than that, there was not even a trace of fierceness.

Ye Zi pursed her lips and giggled."I'm Young Master's man, so of course I'm lucky. After all, Young Master is a lucky person."

Xu Bai patted Ye Zi's head and prepared to test himself.

In fact, up until now, he did not have a particularly great understanding of his background. Whether it was the various wonderful places he had encountered before or the Bizarre Demon City last time, it all showed that his cheat was extraordinary.

Now that he had such a powerful skill, he naturally had to give it a try.

Thinking of this, Xu Bai used Feng Shui on himself.

The next moment, Xu Bai was stunned.

He tried, but there was no result. Everything about him was shrouded in fog, and he could not see anything.

As for good or bad luck...

It was obvious that this was a good thing.

Feng Shui...It was still shrouded in fog.

The so-called Feng Shui was not just for objects. In fact, people who lived in this world occupied the Feng Shui pattern.

But he was indeed a fog.

This meant that he could not use Feng Shui to change his fate. Or rather, the current Rank-I skill was not enough to change his fate.

"Tsk! In other words, my Feng Shui skill can only be used on others, or it can only be used in specific situations. "Xu Bai suddenly felt that he had suffered a loss, but after thinking about it, he realized that it wasn't a huge loss..

Chapter 468: Feng Shui and the Qian Family's Gift (5)

Feng Shui array was an extremely sinister skill. If one did not like someone, they could casually set up an array in that person's house and destroy the other party's Feng Shui. The consequences were self-evident.

"Forget it. It's a first-grade skill after all." Xu Bai thought to himself.

Now that his skills were satisfied, he did not want to stay any longer. He quickly called Ye Zi and rushed towards the Qian family.

Along the way, he did not encounter anything else. He arrived at the Qian family very smoothly. When he arrived, the Qian family's head quickly rushed over.

"Lord Xu, do you have a solution?" Patriarch Qian said anxiously.

He couldn't help but be anxious. He was like an ant on a hot pan now.

In the past, when there was no hope, he was not as anxious as he was now. He only studied step by step, but now that he had hope, he was more anxious than anyone else.

Xu Bai saw the look on the Qian Family Head's face, so he didn't say anything. He took out the paper and handed it to the Qian Family Head. "You should have the materials on it, but it might take some time for it to completely ease. It might be three years, it might be five years, but it definitely won't exceed five years."

This was like treating a disease. How could it be so simple?

Master Qian hurriedly opened the paper. When he saw the contents, he was stunned on the spot.

"This... This..."

Although due to the change of fate and the research, the Qian family head had fallen to the realm of Level Four.

However, he still had some vision. He could see the beauty of it at a glance. This was indeed the solution to his family's problem.

"Enough, enough!" Master Qian's hand trembled as he held the piece of paper. He was indescribably excited. "I've waited for so many years. I don't care about three or five years. In comparison, three or five years is too short."

"That's good. Since there's nothing else, I'll leave." Xu Bai said with a smile.

This was actually a business deal. Now that the deal was done, he should go and deal with his own matters.

“Plop! ”

At this moment, Master Qian carefully placed the paper in his hand into his pocket.

“Patriarch Qian, you must not.” Xu Bai turned his body slightly and did not receive the salute.

In terms of etiquette, the Great Chu Country naturally had a set of rules. When the other party gave you a big gift, if you could afford it, you just had to accept it.

If he couldn't, he would either dodge or bow to the side.

In Xu Bai's opinion, he was just doing his own business. When someone gave him a book, he was happy with the progress bar. Now, he was helping others solve their problems. There was no such thing as owing anyone.

He had a scale in his heart, which was also a principle. If a person did not have principles, he would not be called a person anymore.

“Lord Xu, from now on, you are my family's great benefactor! ”Family Head Qian raised his head and tears streamed down his face.

Back then, they had willingly endured everything for the Emperor.

However, they were all people in a special profession. How could they not want to continue this profession?

Carrying on the family line and family business was deeply rooted in their hearts, so they had not given up until now.

However, every experiment was fruitless.

Now that Xu Bai had solved their problem, it was the greatest grace for their family.

“Get up.” Xu Bai helplessly helped Master Qian up.

“Men!” Master Qian suddenly thought of something and said, “Hand over the Yin Yang Feng Shui Map!”

A member was waiting outside. When he heard Family Head Qian’s words, he was stunned on the spot. After a long time, he left with a shocked expression.

“Patriarch Qian, what is the meaning of this?” Xu Bai frowned.

Master Qian held Xu Bai’s hand and pulled him to his seat. Then, he said, “My Qian family has clear grudges. You’ve helped me a lot in this matter, and I can’t repay you. I can only give you a small gift.

“Unfortunately, this array will take three to five years to wear off the backlash on our bodies. I also heard that Lord Xu wants to deal with something with feng shui, so I have something that can help Lord Xu.”

“Oh?” Xu Bai was interested.

While the two of them were talking, the family member finally walked in with a scroll in his hand.

When Xu Bai saw the scroll, his eyes narrowed slightly. He could feel that the scroll contained a huge amount of Feng Shui power.

Master Qian took it and said slowly, “Lord Xu, people have grades, and so do objects. The saber in your hand is a fourth-grade object, and my Yin Yang Feng Shui Map is a first-grade object.”

“Since Lord Xu’s current difficulties are related to Feng Shui, the Yin Yang Feng Shui Map is the best treasure.”

“Lord Xu, may I ask if that Feng Shui book has been cultivated to the peak?”

Xu Bai nodded.” The Qian family’s Feng Shui book is indeed powerful. I won’t hide it from you. I’ve already read it thoroughly.””

“In that case, Lord Xu can use it.” Master Qian handed the Yin-Yang Painting to Xu Bai and said, “”Lord Xu, you can feel it carefully.”

Xu Bai was slightly stunned. Seeing that the Qian family was keeping him in suspense, he didn’t ask directly. Instead, he played with the Yin Yang Feng Shui map in his hand and patiently felt it.

The True Core Strength slowly flowed into the Yin Yang Feng Shui Diagram.

The next moment, Xu Bai raised his head in surprise.

Good stuff!

Chapter 469: The Candle in the Tomb (1)

“It’s such a precious thing. I’ll be embarrassed if I accept it.” Xu Bai said with a smile.

Although he said that, Xu Bai had been holding the Yin Yang Feng Shui Map and hadn’t returned it.

Now that he had a first-grade Feng Shui skill, he naturally knew the benefits of this thing. Not to mention anything else, just the Yin-Yang Feng Shui Map was a rare treasure.

The function was very simple. As long as it was a first-grade array, and as long as the user knew the array, they could use the Yin Yang Feng Shui Diagram to cast it, including the Heaven Changing Array.

The geomancy array of Great Chu required various arrangements, and many of the materials required for the arrangements were expensive.

However, with this Yin and Yang Feng Shui Map, there was no need to go through so much trouble.

He was able to turn ordinary objects into something that matched the effects of the array. This function was simply invincible.

For example, if Xu Bai wanted to set up a Feng Shui array, he only needed to use the Yin Yang Feng Shui Map to set it up well.

Of course, such a buggy thing also had a huge flaw. The flaw was that the Feng Shui map could not be too far away from the Feng Shui array. Otherwise, the effect of the array would disappear, and expensive materials would still be needed to set it up.

However, to Xu Bai, this flaw was not a flaw. If he was in a battle, he could not collect materials first, so he could use this map to set up a Feng Shui array.

The function of setting up a Feng Shui array was also very simple. To put it bluntly, Feng Shui was actually related to fate.

For example, if he used a Feng Shui array to ruin the other party's luck during a battle, not to mention whether the other party was strong or not, just every time he exchanged blows with him, there was a possibility that bad luck would appear. Although it was very mysterious, it would have a decisive effect when it was truly effective.

To put it simply, there was no cooldown and no prerequisites. It was an instant skill.

Hearing Xu Bai's polite words and seeing that Xu Bai had no intention of returning it, the corners of the Qian family's mouth twitched slightly.

Of course, these little tricks were unnecessary in his eyes. When he decided to give away the Yin Yang Feng Shui Map, he had already made up his mind not to take it back.

"Lord Xu, what you have done is a huge favor to the Qian family. It's as heavy as a mountain. Giving a mere Yin-Yang Feng Shui Map to Lord Xu is simply too light." Patriarch Qian said.

Only he knew whether it was light or not. In this day and age, nothing was important. What was important was a favor. It was worth it for him to return this favor.

"In that case, thank you very much." Xu Bai handed the diagram in his hand to the puppet of the Fourth Stage. After the puppet had put it away, he said, "I still have important things to do, so I won't disturb you anymore."

Master Qian nodded and stood up to send Xu Bai out of the door. Along the way, he kept thanking Xu Bai until Xu Bai disappeared at the end of the road. He then looked at the street in the distance and fell into deep thought.

"Your Majesty's taste is really good. No wonder you're willing to lose face and compete with your highness. I don't know what your highness is thinking. Now it seems that if Xu Bai goes directly to the capital, your highness won't even get a mouthful of soup."

There was no one around, but he was talking. Just as he said this, the instant the air twisted and a man in black appeared.

"He's very strong, and he's already discovered me. This proves that he has something extraordinary in the aspect of the divine soul. It's just that he's also very understanding of the ways of the world, so he didn't expose my existence." The man in black said calmly.

"Will you return to the capital?" "You're a Rank One expert, but you're being used to protect me. If word gets out, you might feel very wronged." Master Qian smiled.

"His Majesty said that as long as Great Chu is still around, he will be responsible for the safety of your Qian Clan. I will not go back." The black clothed person shook his head and said.

"What do you think he will do in the capital?" Master Qian asked with a smile." The man in black shook his head, indicating that he did not know either.

“Even the Heaven Inspectorate doesn’t know about this. It seems that His Majesty has many schemes this time. “Master Qian turned around and walked towards the courtyard. As he walked, he said, “Can you beat him?” “I will die in a life-and-death battle.” The man in black followed behind.

” What?” Master Qian was slightly surprised.” A Rank One expert who is good at bloody battles actually said that he would die at the hands of a Rank Three expert.””

The man in black didn’t answer, but it was clear that he wasn’t lying.

“It seems that this time, the imperial family might be stirred up by Xu Bai alone. I think His Majesty is also willing to see this.”

In the eyes of the Qian Family Head, there was no other young man in the world who was so powerful and capable. Perhaps Xu Bai could turn the world upside down on this trip to the capital.

“So, just now you mentioned wangye. I guess wangye is not a stupid person and definitely has a plan. “The man in black said.

“Since when did Your Highness win against His Majesty?” Master Qian was amused. I think he has always been at a disadvantage since he started fighting with His Majesty. Only for the throne, the two of them gave way to each other modestly. In the end, His Highness won and threw the throne to His Majesty.”

The black-clothed man shut his mouth tightly. These were all secrets of the royal family, and he did not want to hear more.

“I’m old, I’m old. The world now belongs to the young. I’m just afraid that those old guys won’t want to retire in peace in Beijing this time..”

Chapter 470: The Candle in the Tomb (2)

The door closed, and Master Qian’s voice was no longer heard.

Xu Bai did not know what happened after that. In fact, he had already discovered the existence of the men in black when he entered the Qian family.

However, he did not interfere too much because he could feel that the Qian family head knew about the black-robed man, and this black-robed man did not show too much killing intent towards him.

As for the identity of this man in black, Xu Bai could easily guess it. It was very likely that he was the person who protected the Qian family's safety.

That was why he did not interfere too much. Moreover, he had more important things to do now.

With the help of the Feng Shui Arithmetic, everything in front of him was no longer ordinary.

To make a very simple analogy, when he normally took a trip to this city, it was just an ordinary shopping trip.

But now, everything around him had turned into a huge array of Feng Shui in his eyes. Whether it was a brick, a tile, a grass, or a tree, they were all arranged in this array.

This array could improve the luck of Fenghua State.

One could see the whole picture by looking at a speck of a speck. At this moment, Xu Bai knew that there was no such thing as a tomb here.

After all, he was now an expert in this field. With just one glance, he could see clearly that if there were none in the city of Fenghua State, it meant that there might be some outside.

"Outside the city." Xu Bai said.

Ye Zi did not say anything. She knew that Xu Bai was doing something serious, so she was especially obedient. After Xu Bai finished speaking, she followed behind him silently.

The two of them and the puppet quickly left the city. They walked around the city, and Xu Bai knew a lot about Feng Shui just by looking at it from afar.

Since it was a large tomb, something related to Feng Shui would definitely be used before it was buried. Therefore, Xu Bai could determine whether it existed with just a glance.

After circling around the city, he didn't find anything unusual. Xu Bai stood at the city gate, rubbing his chin with his hand, thinking in secret.

According to this kind of carpet search, it seemed to be a waste of time. If he continued to waste time like this, he might as well stay at home and work on the progress bar in his hand.

He tried to use his Yuan Force to calculate again, but he didn't think of anything, and the things he calculated were also very vague. The other party didn't seem to have left many clues in the Tong family.

Thinking about it carefully, it was also correct. After all, the Tong family was in the city, so it was relatively more dangerous.

If he left too many clues, it would be easy for some strange people to encounter them. At that time, it would probably be discovered by the enemy.

"Very cautious!" Xu Bai thought.

Just as he was thinking about it, a strange man walked toward him. This strange man walked straight toward Xu Bai without stopping.

He had also noticed the situation on this side. He sized up the young stranger from head to toe. He guessed the other party's identity. To be able to come to look for him at this time, it must be that soul controller.

As expected, the young man stopped in front of Xu Bai. He looked up and down and let out an excited voice.

"I finally found you. I have important information here!"

"Soul controller?"

Before the young man could speak again, Xu Bai asked what he was thinking.

"Yes." The young man had a transparent thread on his arm. If one didn't look carefully, one wouldn't be able to notice it. When Xu Bai asked this question, he quickly answered.

"It took you so long to get in touch. It seems that your status over there is not high. "Xu Bai's words carried a hint of ridicule. He looked at the young man from head to toe, but he was secretly drawing with his index finger.

Just now, he had already used Feng Shui Arithmetic, but he did not get any useful information. It seemed that this profession did have a special ability that could block the relevant calculations.

"Lord Xu, you don't have to mock me like this. I won't say anything more. Now, I have a particularly important piece of information for you." The young man reached out his hand and fiddled with it in his pocket. Finally, he took out a piece of paper and handed it to Xu Bai.

Xu Bai took it and looked it up and down. He realized that it was a map. In the middle of the map was a particularly obvious black dot.

"I just drew it. It seems that I didn't get this information long ago."

The ink on the paper had not yet dried, and he could still feel a damp touch when he gently wiped it with his hand. From this point of view, the map on this paper had not been drawn for long.

"That is the final location." The young man gradually walked away from the crowd, leaving behind only one sentence.

After a while, the surroundings were still quiet.

“Young Master, do you need to go over and take a look?” Ye Zi asked.”

Xu Bai nodded.” Of course we have to go and take a look. Whether he’s real or not, isn’t there a clue in front of us now?””“

If it was before, Xu Bai might have been more cautious, but now that he had the skill of Feng Shui, he really wanted to see what the other party was thinking.

“Do we need to call the Jiang family over?” Ye Zi pursed her lips and smiled.” Xu Bai shook his head, indicating that he didn’t need it.

The two of them and the puppet did not stop there, and they headed straight for the map.

After leaving the city, the outside had become a wilderness. Xu Bai did not stop walking. He hurried all the way until he finally arrived at the top of a small mountain.

The hill didn’t look very tall, and the entire hill gave off an ordinary feeling. Xu Bai stopped in front and looked at the hill not far away with narrowed eyes..
