Chapter 511: The Flying Gu

On the woman's left hand, there was a red silk thread tied to her wrist. There were also golden threads weaving through the silk thread. It was obvious that it was not an ordinary item.

"We can't remove that rope." "I'm not afraid of fire or knives," the old man said timidly.

"Of course you can't!" "Lord Xu, this woman should be from the Corpse

Collection Clan!" Miao Xiao gritted his teeth. That rope is the characteristic of a

corpse collector."

"Oh?" Xu Bai replied calmly.

Ye Zi looked at this woman, her eyes filled with unbearable anger. She explained, "In this world, there are many people who are homeless. There are also many people who die without anyone to collect their corpses."

"They collected the bodies of the dead and buried them. Every time they went out, they would burn incense and candles. They were careful and tried their best to control the two corpses to protect themselves."

"In short, this is a profession that even His Majesty thinks has no shortcomings. Even those evil people will not be enemies with them because the corpse collectors do not distinguish between the past and the dead. They only respect the corpses of the dead."

"This is a very rare profession that neither good nor evil will disturb."

Xu Bai listened quietly and slowly walked to the woman.

“A profession that even the evil path won’t disturb?”

He took off his coat and covered the woman’s body to cover her wounds. He slowly squatted down.

The woman seemed to have sensed it. She tilted her head and looked at Xu Bai with empty eyes.

Only half of her snow-white teeth were left. From the wound, it seemed that someone had forcefully shattered them.

“Why did you break his teeth again?” Xu Bai asked with his back facing the old man.

The old man cowered, “She always shouts and bites people when she’s playing with her...

Xu Bai stopped talking. He closed his eyes, drew the black blade Hundred Break from his waist, and flicked it lightly.

In the next moment, a crisp sound rang out. This was the ability of Xu Bai’s divine soul.

The melodious voice echoed in the room. The room was quiet and dark. Under the light of the oil lamp, the woman seemed to have a moment of peace, but soon returned to normal.

Xu Bai put away his black saber, Hundred Rend, and said expressionlessly, “” The moment she woke up, she destroyed herself. Her soul became chaotic and complicated, and it was impossible to recover.”

No Flower suppressed his anger and tried to calm himself down. “Even at that moment, did she not think of revenge?”

“I don’t know.” “I don’t know what she’s thinking,” Xu Bai said lightly.” As he spoke, Xu Bai released the woman’s chains.

The woman regained her freedom. Her empty eyes sized him up. She reached out her hands and grabbed Xu Bai's sleeves, slowly leaning her head over.

Xu Bai did not dodge.

The woman pressed her forehead against Xu Bai's chest. Her forehead was dirty and dirty, leaving a mark on Xu Bai's clothes.

Perhaps it was Xu Bai's voice or something else, but the woman closed her eyes and breathed evenly.

At this moment, the woman's face was peaceful as she was at the door of the temple.

Xu Bai covered the woman with the clothes that had slipped off and said, "It seems to be very clear."

"I'm going out for a trip." No Flower silently turned around, wanting to go out.

Ye Zi and Miao Xiao looked at each other. They both knew what No Flower wanted to do.

They didn't stop him. They even wanted to go out with No Flower to do that thing.

"Wait a minute." Xu Bai suddenly looked at the old man and asked, "Did everyone participate?"

The control of his soul appeared.

The old man's expression immediately turned dull as he nodded. "Yes, except for the child."

A moment later, the control over his soul disappeared. The old man could not believe what he had just said.

"Almsgiver Xu." "I'll be right back," said Wu Hua, putting his palms together.

He could not help but feel as if there was a fire in his chest. If he did not release it, he would explode.

“There’s no need to dirty your hands.” Xu Bai stood up with the woman in his arms and gently helped her put on her clothes.

The woman woke up, but she didn’t make any noise. She just grabbed Xu Bai’s clothes tightly. Her eyes were still empty, but she wasn’t afraid.

“Wear it.” Xu Bai tied the thin belt around the woman’s waist.

The clothes were very thin, but they protected the last bit of dignity of a woman.

A shrill scream came from outside the door, forming a strong contrast with the silence in the room.

Xu Bai raised his leg and kicked the old man out of the room. At the same time, he helped the woman out.

“Let’s go out and see what a real hell on earth is.”update by new/. Or g

Outside the door.

The puppet of the Fourth Stage held a long saber in its hand. Every time it passed by a villager, it would wake the villager up, then slash down with its saber.

It wasn’t the place where the knife would kill, but the artery in the neck.

Death was an extremely slow thing, but they could clearly feel it.

Every villager had fear on their faces. They covered their necks with their hands, but they couldn't stop the blood from flowing.

The long saber in the puppet's hand was dripping with blood, and it made its gloomy and cold face look exceptionally strange.

When the old man saw this scene, his face was filled with horror, and his hands and legs trembled.

"Evil ghost! You're an evil ghost!"

He pointed at Xu Bai, who had a calm expression on his face. There was only fear in his eyes.

"Yes, they all call me Bloody Butcher, but now, I feel that it suits my characteristics." Xu Bai smiled calmly.

The woman lying in Xu Bai's arms looked at this scene with empty eyes. Screams echoed in the air, and blood flowed everywhere, soaking the ground..

Chapter 512: The Flying Gu

Gradually, the screams faded away, and the ground was littered with corpses.

"Here, take it." Xu Bai took the saber from the puppet of the Fourth Stage and let the woman hold it.

The woman's eyes were empty, and she subconsciously held the long knife.

Xu Bai brought the woman to the old man. He held the woman's hand and pressed the long knife against the old man's chest. Then, he gently pushed it in.

“Tsk!

The knife was very slow, and there was a lot of blood.

The old man couldn't move his body and could only watch as the knife pierced into his chest.

Pain and despair enveloped his heart, and the feeling of death kept approaching.

The old man died on the spot when the long sword pierced through his body.

The long saber returned to the puppet of the Fourth Stage, and everything returned to silence.

When Miao Xiao saw this scene and saw Xu Bai's calm expression, she suddenly felt that she could not see through this idol in front of her. A man known as the Bloody Slaughterer Swordsman was ruthless and decisive.

However, at this moment, the man's ruthlessness and decisiveness made her feel inexplicably warm.

Miao Xiao looked at the woman lying in Xu Bai's arms. The woman did not seem to be afraid at all. In fact, she was very quiet.

“Is this the real Bloody Butcher?”

Miao Xiao didn't know which one matched the rumors in Jianghu, but she knew that she had seen another side of Xu Bai.

As expected of our role model.

These people in front of him deserved to die.

Originally, if Xu Bai and Wu Hua didn't make a move tonight, she would have done the same.

But now, it seemed that there was no need. These people in front of him had already been tortured to death.

Even the old man had been stabbed to death by Xu Bai in such an unconventional way.

Miao Xiao felt that this might be the real Bloody Butcher Blade Guest.

Xu Bai didn't know what they were thinking. He came in front of No Flower and said, "Let her watch over you."

He stuffed the woman into No Flower's hands.

The woman struggled. She was completely different from when she was with Xu Bai. She kept trying to leave.

Fortunately, No Flower managed to restrain the woman.

Xu Bai slowly walked to the center. Looking at the corpses on the ground, he pulled out his black saber, Hundred Rend.

"I know that you might be watching me because I can feel a gaze on me. It's just that you're proficient in concealment techniques, so even my soul can only sense a trace of it."

"You should feel lucky because you have completely angered me." "So, come on, let me see what you're capable of."

In the dark, Xu Bai's voice carried an unprecedented coldness.

A moment later, a series of strange sounds could be heard in the quiet open space.

The corpse lying on the ground opened its mouth, and Gu worms flew out from its mouth, covering the sky and the sun. In the air, a human face gathered.

Xu Bai narrowed his eyes as he watched this scene.

When the face was formed, Miao Xiao spoke.

"It's you, Miao Zheng!"

Of course, she recognized the owner of this face. It was Miao Zheng, whom she was looking for.

The face laughed and ignored Miao Xiao. It looked at Xu Bai and mocked, "How do you feel? Isn't this scene very heart-wrenching, Lord Xu?"

Xu Bai didn't have the mood to beat around the bush with him. He said directly, "Tell me your purpose."

Since he was here to see this scene, there must be a purpose. Xu Bai didn't

Deneve that It was for no reason.

"My purpose?" The face turned from laughing to laughing coldly. "What do you think my purpose is? I want you to see how many evil people there are in this world.""

"It's true that I joined the Gu God Sect. I volunteered, but I can clearly say that up until now, I've only used the corpses of those evil people."

"In order to get rid of the traitor, I can also increase my strength at the same time, but I'm being chased by you. What do you think my goal is?"

The human face laughed wantonly.

“These so-called villagers, I planted Gu in their bodies and let them slowly die in despair. That’s the most satisfying thing.”

“What’s wrong with using their bodies to raise Gu?”

Xu Bai stroked his chin and said, “This matter has nothing to do with me. If you want to uphold justice, that’s your business.”

“Miao Zheng, if that’s the case, come back with me and explain to the elders of the Miao Clan.” Miao Xiao clenched his fists and said.

The human face was stunned for a moment, then sneered, “Explain?” There’s no need. They will only think that the Gu God taught them wrongly. As for Lord

“I’m sorry, the Gu God Sect said that only by killing you can you tell me how to continue using the Golden Thread Gu after betraying the Miao Sect.”

“What Lord Xu did just now made me look at you in a new light. I was originally wavering, but for the Golden Thread Gu, I ask Lord Xu to die!”

“Do you think I believe you?” Xu Bai laughed.

“What do you mean?”

“Are you really using the corpses of villains to raise Gu worms?” “It’s just an excuse to save my life after I fail,” Xu Bai said meaningfully. “Why do you think so?” The human face’s voice became low.

“I guessed,” Xu Bai said slowly.

When the human face heard this, it almost lost its temper.

Guessed?

What kind of answer was this?

“You’re too unreasonable!” The human face said angrily.

“Be reasonable?” Xu Bai raised his hand and pointed the blade at the face.””If you listen to me today and come out honestly and tell me what you know, I’ll take what you said just now as true.”

“What if I don’t tell you and kill you?”the human face said..

Chapter 513: Gu Flying All Over the Sky

Xu Bai’s body was filled with a faint killing intent as he slowly said,””If you’re unwilling, I don’t care if you’re real or not. All my enemies will never live.”

Whether he was good or bad, as long as he was against him, Xu Bai would never let him go.

It was a good thing that he didn’t go against him. He could make friends with Xu Bai and even treat him sincerely.

He was not an unreasonable person. He had never been ruthless to a good person.

However, if this good man wanted to deal with him or even kill him, he would not sit still and wait for death.

He was a saint. It was impossible for him to let others hit his left cheek while

he let others hit his right cheek.

The moment they became enemies, there was no difference between good and bad, only between friend and foe.

“Good!” The human face was not angered and was gradually dissipating.

The human face’s final voice came from the sky.

“Today, let’s see if you die or I live?”

The Gu worms that filled the sky scattered in all directions, disappearing in the blink of an eye.

This was not the end of everything, but the beginning of everything.

Buzzing sounds echoed throughout the village.

This sound was a hundred times better than the sound of wings just now.

Xu Bai turned his head and found that there was a buzzing sound around him. He looked over.

In the distant horizon, a dense mass of black shadows was approaching.

Under the moonlight, Xu Bai could see clearly that it was a large number of flying Gu worms.

The sheer number of them left one speechless. They had already enveloped this small village.

In the blink of an eye, these Gu worms had already arrived.

“Lord Xu, these Gu worms are very difficult to deal with. “Miao Xiao’s fair little face was filled with vigilance as he looked at Xu Bai.

In terms of individual Gu worms, they were not strong, but they had the advantage in numbers. These densely packed Gu worms made people’s scalps go numb, and they could not even count them clearly.

For some things, if the quantity reached a certain level, it would cause a qualitative change.

“How many corpses are needed to nurture so many Gu worms?”Miao Xiao thought.

She finally understood why the clansmen who had defected were able to fight with the Miao Cult until both sides suffered heavy losses.

This method of raising Gu was really too quick, and too fast.

Miao Zheng had only run out for a short while, and there were already so many of them. It was simply inconceivable.

In the sky, those Gu worms did not attack them, but some of them turned into human faces and spoke.

“Xu Bai, your people might not be able to handle these Gu worms. I will give you a chance. As long as you are willing to walk out of the village alone, I will not hurt your people. ”

His words were filled with arrogance.

Before Xu Bai could say anything, No Flower spoke.

“Do you think we’re fools? It’s so simple, yet you want to split us up. You’re simply treating us as fools.”

The face paused for a moment and said, "It seems that you all want to die with him. In that case, I'll send you on your way."

After saying this, the human face formed by Gu worms disappeared and never appeared again. Then, these Gu worms rushed over.

"Young master, I will guard the formation for you." Ye Zi raised both her hands and her fingers moved slightly. A melody came from her fingertips. In the next moment, everyone present received the buff.

Miao Xiao was about to attack, but he was stopped by Xu Bai.

"Your combat strength is not good enough. Protect Ye Zi well." Xu Bai said. The puppet of the Fourth Stage didn't make any movements. It stood guard by

Ye Zi's side.

Ye Zi was the best support, so of course, nothing could go wrong.

Miao Xiao wanted to retort, but seeing that the person he admired had already said it, he did not retort.

The Gu worm was still on its way.

"Almsgiver Xu, we're fighting side by side again." No Flower's body emitted bursts of light, enveloping his entire body.

Buddha nature and killing intent intertwined on No Flower's body, forming a strange feeling.

The woman was restrained by No Flower and sent to Ye Zi's side.

At this time, the Gu worm was already close.

Xu Bai pulled out the Hundred Splits Blade from his waist, which exploded into countless fragments, like the Milky Way upside down.

The next moment, the battle began.

The Gu worm at the front was killed by Xu Bai, but before he could take a step, he was surrounded by the Gu worms that followed.

On the other side, No Flower was wrapped in light as he punched the surrounding Gu worms.

Although there were many Gu worms, it seemed that the two of them were still at ease.

A portion of Gu worms bypassed them and flew towards Ye Zi and the others.

However, when they were flying halfway, they suddenly stopped. They did not attack Ye Zi and the others, but continued to surround Xu Bai.

Xu Bai, who was inside the Gu worm, frowned when he saw this scene.

He kept feeling that something was strange just now. Why did these Gu worms not attack Ye Zi? There was something fishy going on.

Now that he was in a battle, he did not think too much.

There were many Gu worms, covering the sky and covering the earth. At a glance, the surroundings were filled with Gu worms, there was not even a crack.

Every time Xu Bai slashed out, he would kill tens of thousands of Gu worms, and then tens of thousands of Gu worms would pounce over.

No Flower could take away many Gu worms with each punch, but the Gu worms that surrounded him were endless.

Miao Xiao was right. This was a battle of numbers, but also a battle of attrition.

Xu Bai was at ease. No Flower was fine for now, but if this battle of attrition dragged on, he would be fine. No Flower might not be able to withstand it.

Thinking of this, Xu Bai looked at Ye Zi's position. He felt that it was getting stranger and stranger.

Because there were no Gu worms in Ye Zi's position.

Besides Ye Zi, there was only Miao Xiao, the puppet of the Fourth Stage, and the woman who had been rescued..

Chapter 514: Xu Bai, You 're Trying in vain

First of all, Ye Zi was absolutely fine. She had followed him for so long, so he absolutely understood that it was impossible for her to have any special ability to deal with him.

Miao Xiao might have this possibility, but the possibility was not high.

Although she had never had the patience to interact with him, if she really had the ability, she would not be in such a miserable state. She was the only one left here.

The final answer was the woman he had just seen.

Xu Bai waved the black blade Hundred Rend in his hand as he sized up the woman with empty eyes.

The woman did not show any expression. She just stared blankly ahead without moving.

“Miao Zheng’s attack just now was clearly aimed at everyone present, but now that the Gu worms have not attacked that spot, I can give it a try and see what kind of reaction there is.”

Xu Bai thought for a moment and had a plan in his heart. He looked at No Flower beside him and gave him a look.

The two of them had worked together for a long time, and they had even experienced life and death together. With just one look, No Flower already understood.

He raised his fist and shattered the Gu worms in front of him, quickly running towards the area without Gu worms.

Xu Bai did the same thing, he spread out his black blade Hundred Rend and crushed the Gu worms in front of him before walking to the area without Gu worms.

The Gu worms continued to surround them, covering the sky and covering the earth, but they formed an empty space. They did not dare to enter this space and surrounded Ye Zi’s location.

“Strange, how could this be?” Miao Xiao muttered to himself.

She was in this line of work, and she was also proficient in the ability of this line of work, so when she saw this scene, she was even more surprised than Xu Bai and the others.

Other than being surprised, he was also puzzled.

The Gu worms did not attack and even left an area for them. Miao Xiao felt that this group of Gu worms seemed to be afraid of something. Thinking of this, she was not stupid and subconsciously looked at the dazed woman.

“Lord Xu, maybe it has something to do with this woman. These bugs are afraid of this woman. That’s right, I’m sure they’re afraid.”Miao smiled.

Xu Bai stroked his chin and pondered.

He took a step outside, and the Gu worms attacked again. When he returned, the Gu worms hid in the distance again, not daring to advance.

He was indeed afraid.

The woman who had suffered all kinds of humiliation had long lost her soul. Xu Bai was sure of this.

Even when surrounded by these insects, the woman’s expression was still dull, like a piece of wood, but why were these insects afraid of women?

“Your methods don’t seem to be useful.” Although Xu Bai couldn’t understand the subtlety of the middle, it didn’t stop him from mocking,””Looks like your plan has failed.”

The Gu worms quickly gathered and turned into a human face, saying coldly: “I SO what? If I trap you here, where can you escape to?”

“So it’s true. You’re really afraid of her. “Xu Bai said.

His face stiffened instantly. Apparently, he knew that Xu Bai had somehow managed to get him to talk, so he didn’t say anything and disappeared again.

Now that he was suddenly safe, Xu Bai paced back and forth. As he thought about the situation just now, he combined the two together and suddenly thought of something crucial.

“Could it be that the corpse collector can restrain your Gu God Sect?”Xu Bai said.

No one answered him, but this silence was the best answer. It proved that his guess was almost correct.

The Gu God Sect's method of raising Gu worms was to use corpses to plant Gu worms, and collecting corpses also dealt with corpses.

They collected the homeless corpses and buried them properly. There was another process in this, which was that they could control the corpses. Controlling corpses -Corpse nurturing Gu -Controlling Gu worms.

Xu Bai guessed that this was a rather fitting chain.

Thinking of this, he held the woman's hand.

The woman's face was full of scars, but she was not afraid of Xu Bai.

As Xu Bai pulled, the woman began to move slowly, and the Gu worms gradually followed, as if the woman was the controller of this place.

"I understand!"

At this moment, Miao Xiao suddenly spoke and clapped his hands."You want to eliminate your only weakness!"

No one answered. Miao Zheng had suffered a loss and didn't want to say anything else.

No Flower continued," If this matter were to be made public, the corpse collectors would definitely be extremely furious. They preserved the last bit of dignity for the dead, but they didn't expect to be framed by a living person. When honest people get angry, it can lead to rivers of blood."

"At this time, you can play the role of a good person and say how good you are to make them submit to you. In this way, your last weakness will disappear.'Ye Zi walked to Xu Bai's side and said,"You can even borrow their ability to raise Gil."

Everyone chimed in and actually came up with a point of view. Although they didn't know if this point of view was true or not, it sounded quite true now.

Miao Zheng was speechless.

Even though the face had not appeared and Miao Zheng was not speaking, his silence further confirmed the validity of his theory.

The surroundings fell silent again. Other than the sound of Gu worms flapping their wings, there was no other sound. After a long time, the human faces gathered again.

"I don't care what you think, you're all going to die here today."

The cold voice carried a terrifying killing intent. He seemed to have made up his mind that he would never let anyone go..

Chapter 515: Xu Bai, You?I've Worried In vain (2)

Xu Bai rubbed his chin and said, "How can you be so confident?"

"What else can you do?" The human face sneered. "I think you don't understand." Xu Bai smiled.

The human face was stunned, "What?"

Xu Bai stepped out, and the surrounding Gu worms charged at him again:

"What you don't understand is that I don't even need to pull out my blade."

As he stepped out of the empty area, the surrounding Gu worms seemed to have seen fresh flesh and blood, pouncing over one after another.

But the next moment, Xu Bai didn't do anything. He didn't even pull out the knife at his waist. He just stood there without moving.

The black light of the Diamond Heart Devil Body appeared on Xu Bai's body, looking like a shield.

In fact, the level of this layer of black light was slightly weak, but this did not hinder Xu Bai's operation. Any Gu worm that touched Xu Bai's body would explode in the next second, turning into ashes.

And around the Gu worm, the other Gu worms were also in the same state.

-Transferring flowers into trees.

This skill had been upgraded by one level, and now it was just right to adapt to the situation in front of him. Any Gu worm that attacked would be instantly reflected back, and it could also be reflected to the surrounding Gu worms, which was why the situation just now had occurred.

At this moment, those Gu worms were bloodthirsty and ferocious, sweeping over like a black storm.

And Xu Bai was at the center of the storm, no matter what, these Gu worms could not advance any further. After Xu Bai used the Transposition of Flowers and Trees, the Gu worms in front of him were wearing down at a visible speed.

Transposition was such a skill. The more you attacked, the worse the backlash. As long as it did not exceed the maximum limit of this skill, there would be no problem.

Unless he directly exhausted Xu Bai's primeval essence, but he looked at the surrounding Gu worms and did not have the qualifications to exhaust him completely.

This was because the kidney harvesting technique could slowly absorb true essence energy from the surrounding environment.

It was only because of Xu Bails skill that he was able to survive. Otherwise, even an expert would have a high chance of suffering a mishap from the storm of attacks. After all, even if they could endure for a short period of time, they could also endure for a long time. However, that did not mean that they could never make a mistake.

All in all, Transposition was an extremely shameless skill. If he could reach the mortal evolution level, he would be able to ignore the attacks of mortal evolution state masters.

“Is this Lord Xu’s true strength?” Miao Xiao’s face was full of admiration. His eyes seemed to be filled with stars as he stared at Xu Bails back.

She could not be blamed for this, because the current scene was too shocking.

The sky was filled with black insects, as if the entire sky was covered in dark clouds. Xu Bai was at the center of the dark clouds, and he was also the only light in the dark clouds.

It felt like he was fighting against the heavens and earth alone.

“Probably not.” No Flower added.

He had known Xu Bai for a long time, so of course he knew what abilities Xu Bai had. This was just one of Xu Bai’s many abilities.

“Indeed not.” Ye Zi added.

Young Master had many abilities, and he hadn’t even pulled out his saber yet, so it definitely wasn’t his strongest ability.

Miao Xiao didn't know whether to laugh or cry when he heard their answers."This isn't even the strongest ability. How are those young geniuses going to live?"

She had the right to say this because she also belonged to this category. The younger generation was still young after all. They were not that old, so most of them had not come into contact with higher levels.

Therefore, she could tell that Xu Bai was able to crush all the young people in his generation. free.c om

"Perhaps, he is now approaching the previous generation. "Miao Xiao thought.

"If you can't compete, then don't compete. Who would be so free to compete with Almsgiver Xu? That's asking for trouble." No Flower looked at it indifferently.

After all, he had been stimulated a lot, so he must have seen it clearly.

"That's true..." Miao Xiao replied seriously.

Ye Zi looked at the two of them. She remembered a phrase she had learned when she chatted with Young Master in the past. It was very suitable to be used on these two people now.

-It's rotten.

For the time being, let's not bother about the two of them. At this moment, Xu Bai was at the center of the Gu worms, but it was as if he was taking a stroll in a courtyard, he could not be shaken at all.

A human face was floating in the air with a terrified expression.

That expression seemed to be saying, 'You're already so strong, how are you going to let others live?

“Are you surprised? To be honest, I’m surprised too.” “What surprised me was that you dared to assassinate me with such a weak level of skill,” Xu Bai said with a smile.”

He pulled out the black saber Hundred Rend from his waist because he felt that his speed was a little slow.

Xu Bai slowly raised the black saber, Hundred Rend, and the fragments exploded with Xu Bai as the center. They swept out like a tornado.

The countless fragments turned into starlight that filled the sky like a galaxy, creating a somber atmosphere.

Every piece of the broken pieces carried an incredible killing intent. Each piece of the broken pieces carried the Five Moves of the Go Sword, and each piece of the broken pieces had an unparalleled strong wind.

When all the fragments gathered together, the entire sky was dyed red.

At the next moment, wherever the fragment passed, there was silence, not a single Gu worm survived.

Xu Bai raised the hilt in his hand. Although the blade was gone, Xu Bai was like the brightest light in the night..

Chapter 516: Xu Bai, You ‘ve Worried In vain (3)

” I found you.” Xu Bai narrowed his eyes and looked in a certain direction.

Miao Zheng, who had suffered such heavy injuries and was connected to the Gu worm, naturally could not stabilize his concealed body. Xu Bai could sense the location of his soul.

Xu Bai took a step forward. In the next moment, he used the Four

Transformations of Breaking Travel. He was like a ghost, disappearing from the spot in an instant as if he had never appeared.

A scream sounded in the dark night, causing Ye Zi and the others to look in the direction of the scream.

Xu Bai's figure pushed through the darkness and slowly walked in.

The dark night was like ink, but it couldn't affect Xu Bai at all. Instead, it was afraid of Xu Bai and walked around him.

Xu Bai's right hand was holding a leg. Looking down the leg, he saw a young man being dragged by him with a pale face.

The young man had no hands, and blood flowed out of his wounds. Xu Bai had dragged him into two deep bloodstains, making him look extremely miserable in the dark night.

The surrounding Gu worms had already disappeared, and the fragments returned to Xu Bai's hand, condensing into the black blade Hundred Rend.

There was no blood on the blade, but the two lines of blood on the ground were eye-piercing, forming a strong contrast.

"As expected of the Bloody Butcher Blade Guest." Miao Xiao said meaningfully.

Night, black blade, blood.

When the three of them merged together, it was as if a scene of Asura had formed behind Xu Bai.

Xu Bai dragged him very slowly. When he arrived in front of everyone, he threw the young man without arms on the ground and said indifferently, "If he wants to attack me, I'll cut off his hand so that he won't be able to attack again."

Everyone shuddered.

Miao Zheng, who had lost his arms, opened his mouth to speak, but the words he spoke were laced with wind. Upon closer inspection, all his teeth were shattered.

“Oh, I was worried that he had poison in his mouth and wanted to take it to kill himself, so I broke his teeth. I didn’t expect to find poison.”“ But it’s not a big problem,” Xu Bai said matter-of-factly. “ You can’t bite your tongue and commit suicide without your teeth.

Everyone shuddered again.

“You evil spirit, you will come down and accompany me one day! “Miao Zheng struggled to get up, but it was to no avail. He could only stare at Xu Bai with venomous eyes and curse him with his most vicious words.

Xu Bai touched his chin and said,” As expected of someone from a big business. You can even scold people so elegantly. You can’t even compare to the gangsters on the street. ”“

Miao Zheng was stunned and continued to curse,”Scoundrel, bastard...” Ah!”

After cursing and screaming, Miao Zheng lowered his head and looked at his separated left leg in shock.

Fresh blood splattered everywhere. Xu Bai took out a bottle and used the medicine in the bottle to stop the bleeding.

“There’s still one leg left. It won’t be that fast. I’ll cut off your toes first, one by one.”Xu Bai said calmly.

He seemed to have thought of something and looked at Miao Xiao, “You guys don’t have any objections to me treating your cousin like this, right?”

Miao Xiao quickly shook his head.” No objections. He has already betrayed us. He is a traitor.”“

“Yes.” Xu Bai nodded and pointed at the dazed woman. He then said to Miao Zhengdao, who was on the ground, “If we’re not wrong, you’ve already discovered this woman’s condition, or you’ve caused this on purpose, right? You don’t have to pretend to be a tough guy, I have a hundred ways to make you talk, like this.”

“Clang...”

He bent his index finger slightly and flicked the Black Saber Hundred Break’s blade. In the next moment, the Black Saber Hundred Break emitted a melodious music that rippled in the dark environment and gradually spread.

Initially, Miao Zheng looked as if he wouldn’t say anything even if he was beaten to death. However, as the music played, his expression suddenly froze like a piece of rotten wood. Then, he slowly opened his mouth.

It’s not that I’m doing it, it’s that I’m doing it, it’s that I’m doing it, it’s that I’m doing it, it’s that I’m doing it, it’s that I’m doing it, it’s that I’m doing it, it’s that I’m doing it, it’s that I’m doing it, it’s that I’m doing it, it’s that they’re doing it, it’s that they’re saying it, it’s the only way to cause conflict between the corpse collectors, and it’s the only way to pave the way for what happens next. You’re right, you’re right.” Xu Bai raised his eyebrows and suddenly revealed a mocking smile.

Was this the so-called not doing bad things?

What bullsh * t was using the corpses of villains as materials to raise Gu worms?

What bullsh * t justice?

The woman in front of him was being tortured here, and all of this was done by the Gu God Sect.

This person called Miao Zheng was full of justice and thought that he was the embodiment of justice, yet he was able to witness such a tragic scene.

In the end, it was just an excuse for him to do bad things.

“Do you understand? Is it necessary to bring such a person to the Miao Sect to explain?” Xu Bai looked at Miao Xiao and said.

Miao Xiao shook his head with a complicated expression.

After learning of all this, she wished she could personally chop off Miao Zheng’s head.

Xu Bai turned his gaze to Miao Zheng and asked, “Tell me everything the Gu

God Sect has planned here.”

Miao Zheng was unable to escape Xu Bai’s control. After hearing Xu Bai’s question, he could only say everything in detail. He did not even know that he had already revealed the secret.

“The Gu God Sect wants to play a big game of chess, but I don’t know what game they’re playing. I only know one thing, the matter of the corpse collectors, they planned it a long time ago, and the next big game is against you.”

“It’s said that...It was related to Lingyun State and would appear tomorrow.”

It was related to Lingyun State and would appear tomorrow? Xu Bai frowned, feeling that things were a little complicated.

What else was there that was targeting him?

“Oh right, the Gu God Sect said that it has something to do with the Wind Chime Manor. Because the Wind Chime Manor planted a mark on your body, they seem to want something to descend on your body.” Miao Zheng spoke again..

Chapter 517: Xu Bai, You 're Wasting Your Mind (4)

“What else?” Xu Bai asked.

Miao Zheng shook his head, his face blank. “No, I don’t know anything else.” Xu Bai fell into deep thought.

It had something to do with Wind Chime Manor, and there was some mark that was about to descend on his body. Why did he feel that it was getting more and more blurry?

After thinking carefully for a while, Xu Bai gradually cleared up the confusion in his mind.

“If it’s related to Wind Chime Manor, could it be that thing?”

The most eye-catching thing he had experienced in Wind Chime Manor was the Bizarre Demon City.

Imprint?

Descending?

Could it be that the Bizarre Demon City would descend again with him as the center?

Xu Bai thought to himself, “When I was at Wind Chime Manor, those guys also wanted the Bizarre Demon Market to descend. Perhaps they had some way to temporarily isolate it and prevent the Bizarre Demons from becoming idiots.” “The descent of the Bizarre Demon City would definitely turn one into an idiot, just like how people would go to the Bizarre Demon City.

Unless there was a way to isolate it, or rather, temporarily isolate it.

Thinking of this, Xu Bai asked again, ""Did you get something? For example, something related to the demon race?"

Miao Zheng shook his head, indicating that he did not know.

Xu Bai thought to himself, Looks like the problem lies with me. I should have that so-called mark on me."

He looked left and right, but he couldn't find it.

Most importantly, it was just a guess. It might not be the Bizarre Demon City. At the thought of this, Xu Bai looked at Miao Zheng and swung the knife in his hand.

Fresh blood gushed out as Miao Zheng's head was beheaded.

"Back to Lingyun State." "See the prefecture magistrate, quickly," Xu Bai said decisively. "

He had said that something unusual would happen tomorrow, so he could not delay it now.

Everyone knew that the matter was urgent, so they hurriedly followed behind Xu Bai.

The night was as dark as ink. As everyone rushed all the way, they soon arrived at Lingyun State.

They found the provincial government office. Even though it was night time, there were still government runners guarding outside. After they knew Xu Bai's identity, they quickly reported it. Not long after, Xu Bai and the others were welcomed into the guest room.

A middle-aged man with a long beard walked in and cupped his fists."Lingyun

Prefecture's Prefecture Magistrate Ying Qi greets Lord Xu."

Ying Zhou Ling looked middle-aged, but when he walked, he had the scholarly air of a scholar. The scholarly air was very strong, but it was not annoying. Moreover, his eyebrows were filled with righteousness.

He didn't seem to be as pedantic as those scholars. He didn't despise Xu Bai at all. He was full of courtesy when he walked and received Xu Bai.

"Lord Ying, to make a long story short, I came here today because I have two matters that I need to trouble Lord Ying with." Xu Bai said.

The governor stroked his long beard and said, "Lord Xu, if you have something to say, just say it. I've also interacted with Yun Zihai. The person Yun Zihai can befriend is definitely not someone who is good at killing. I'll definitely help." Xu Bai's mouth twitched.

He did not expect Yun Zihai to be so popular in the officialdom. He was like this in the Purple Wood Mansion and now in the Lingyun State.

Of course, now wasn't the time to think about this. Xu Bai first told him about the woman and then brought the dazed woman to the Ying Prefecture Token.

After hearing Xu Bai's words, the Governor of the Ying Province slammed the table angrily. "The Gu God Sect is really a group of animals. They actually have designs on the corpse collector lineage."

"So I hope that Lord Ying will take good care of her and send her to where she should go." Xu Bai said.

Prefectural Magistrate Ying breathed heavily and tried his best to calm the anger in his heart. Only then did he sit down, but his beard was still trembling. It was obvious that he was still very angry.

"Lord Xu, don't worry. I will tell His Majesty about this and bring her to His

Majesty. His Majesty will definitely give the corpse collector an explanation."

"In that case, I'm relieved. The second thing is also about the Gu God Sect." Xu Bai told him the second thing.

Governor Ying stroked his beard as he listened. When he finished listening, he frowned.

"Will something happen in Lingyun State tomorrow?"

"But I haven't found anything unusual here. I deal with big and small matters here every day and also patrol some areas."

"Even if there are places that I can't patrol, there are still many constables going there to ensure the safety of Lingyun State."

Maybe it has nothing to do with public security," Xu Bai said thoughtfully."

But they will definitely take action. We must be on guard tomorrow. ""

He didn't know what the other party wanted to do now, but he had to be on guard first. If there was any movement, he could deal with it in time.

"Good!" "I'll make the arrangements tonight to ensure that nothing goes wrong.""

"Thank you, Lord Ying." Xu Bai cupped his hands."

"Lord Xu, you are too kind." The Ying Prefecture's Magistrate waved his hand." Oh right, do you want to stay here?"

"Alright." Xu Bai didn't refuse and agreed.

After that, Xu Bai found a guest room to stay in. No Flower and Miao Xiao also had a room each.

After Ye Zi entered the room, she closed the door and asked, ""Young Master, why do I feel that it's similar to the Wind Chime Manor?"

There was a trace of worry in her eyes, as if she was thinking of the scene in Wind Chimes Manor.

That incident was a huge blow to her. Xu Bai's disappearance made her feel even worse.

"Don't think so much." "We'll see after tomorrow," Xu Bai said."

He took out the Heavy Sword Technique, and the progress bar on it slowly increased. It would be completed soon. He could take advantage of tonight to increase the progress bar..

Chapter 518: Xu Bai, You 've Worried In vain (5)

Ye Zi didn't say anything else and sat quietly at the side.

Time gradually passed. In the blink of an eye, a night had passed.

With the crow of a rooster, the sky gradually brightened.

The night had dispersed, and the streets were lit up.

Xu Bai woke up early and opened the door. He walked to the courtyard of the yamen with Ye Zi.

No Flower and Miao Xiao had already arrived.

How about winning the game? Xu Bai frowned.

“Just now, I went out for an urgent matter. It seems like a bailiff came over and said something before leaving.” “And he’s especially anxious,” Miao said with a smile. ”

“Oh?” “Let’s go out and take a look.” Xu Bai rubbed his chin.”

Everyone nodded and left the provincial government office with Xu Bai. They walked toward the street outside.

After walking for a while, he saw an unusual scene.

The streets outside should have been bustling with activity. After all, the liveliness of a state was naturally extraordinary. However, it was all dark now.

On both sides of the street, there were commoners lying on the ground. Their faces were filled with pain, and their screams were endless.

Some were clutching their stomachs, some were clutching their heads. Everyone’s movements were different, but it was obvious that they were in great pain.

Xu Bai was stunned. He saw the Ying Prefecture Token on the street and

hurriedly walked over.

“Lord Ying, what happened?”

At this moment, the Ying Prefecture’s token’s forehead was covered in fine beads of sweat. Although he looked very calm on the surface, one could tell that he was still a little flustered.

However, as the governor of a state, he could not show it. Otherwise, the people would lose their backbone and Lingyun State would be in chaos.

Ying Zhou Ling said softly, "This kind of thing happened early in the morning. I don't know why, so I rushed to see them. They weren't poisoned, but everyone was in special pain, and the pain was different."

Xu Bai frowned. He walked to a commoner and looked down.

The commoner's face was pale and his forehead was covered in sweat.

His entire body kept twitching, and he kept screaming in pain.

The inexplicable occurrence of such a thing must have something to do with the Gu God Sect.

"Lord Xu, let me take a look."

Since it was related to the Gu God Sect and the Miao Sect was also in a similar line of work, Xu Bai nodded and agreed.

Miao Xiao looked at it carefully and raised his head. "It's a gu. To be precise, it's a gu poison. Someone tampered with their food and drink."

Without waiting for Xu Bai to speak, the Ying Prefecture's Magistrate quickly ordered someone to bring them to the nearest water source.

The commoners in this area all shared a well water.

When Miao Xiao came to the well, he raised his palm.

At the next moment, a Gu worm flew out, it was golden in color and looked very beautiful.

–Golden thread Gu.

The Golden Thread Gu flapped its wings and flew around the well. Then, a series of insect cries came from the bottom of the well. Immediately after, a fist-sized black Gu worm flew out and attacked the Golden Thread Gu.

This Gu worm was naturally not the Golden Thread Gu's match, it was quickly defeated and torn to pieces by the Golden Thread Gu.

Miao Xiao's expression was solemn." This is a poisonous insect. It's highly toxic. Fortunately, it was diluted with well water, so it didn't kill people immediately.'""

As he spoke, Miao Xiao waved his sleeves, and a dozen Gu worms fell to the ground, turning into a pile of dust that just happened to pile up on the ground.

"Lord Ying, using the ashes of these Gu worms and diluted with a hundred times the water, we can save them."

The Ying Prefecture's Magistrate was overjoyed when he heard this and quickly ordered his men to do as he was told.

After the bailiffs carried the ashes away, a bailiffs walked over and said that the poison had been cured. Only then did the Ying Prefecture Magistrate heave a sigh of relief.

"Is the Gu God Sect really crazy? Even the world's number one evil path doesn't dare to rashly attack ordinary people. Do they want to anger His Majesty?"

The moment he relaxed, the Ying Prefecture Token became extremely furious.

"Now is not the time to discuss more important to deal with the Gu God Sect first."

As he spoke, he raised his right hand and a golden compass appeared.

The needle on the compass began to shake.

In the next moment, the shaking gradually decreased and finally pointed in a direction.

Just now, Xu Bai used the situation here as an excuse to perform divination and finally came up with an instruction.

No Flower looked at the direction the needle was pointing at and said, ""This position seems to be in the direction of the provincial government."

Xu Bai was slightly stunned. Then, he reacted and said, ""Not good, it's a feud. Go back quickly!"

As he spoke, he used the fourth transformation of line breaking and quickly ran towards the state office.

In the state government office, a person dressed in ordinary clothes carried a book and quietly walked out. He placed the book on the ground.

A Gu worm appeared in his hand. In the next moment, the Gu worm devoured the book in front of him.

At this moment, Xu Bai appeared at the door and saw this scene.

"Hahaha! Bloody Butcher Blade Guest! I won't let you torture me!" The man raised his hand and pierced through his heart. "To think that you would have never thought that this was what we wanted to destroy.."

Chapter 519: He's Bad

His voice was miserable, like a crow's cry, unpleasant and noisy.

This person's hand was inserted into his chest, and blood flowed down his wrist. His face revealed a painful expression, and there was a hint of mockery in the pain.

"Do you think you can control everything? Do you think that everything will be as smooth sailing as before after reaching this place? But you are thinking too much."

"Whoosh!"

Before Xu Bai could get close, a bloody heart was taken out by this person. He held it in his hand and the next moment, the heart exploded. This person fell to the ground, no longer breathing.

The Gu worms on the ground turned to ashes and dissipated completely. The books that were eaten also turned into ashes that filled the sky.

Xu Bai quickly walked forward and looked at the scene in front of him in silence.

"As expected, it's a plan to lure the tiger away from the mountain." No Flower sighed.

Now that such a scene had appeared, it was clear that the other party did not seem to have any intention of dealing with them directly. The poison that the commoners had been poisoned with just now was to make them leave the provincial government.

And in the provincial government office, there was an important thing that had been destroyed. It was the book that the person had mentioned just now.

At this moment, it was a mess. It was impossible to restore it.

Because the book and Gu worms had already turned into fragments and ashes, only this corpse was left.

Xu Bai raised his hand, and a golden compass appeared. However, the needle on it did not change at all. It lay weakly on the side.

Xu Bai waved his hand and dispersed the golden compass. He still did not speak, but his eyes were filled with endless coldness and killing intent.

Indeed, this time, he really did not expect that the other party would actually set their sights on the state government and use a trick to lure the tiger away from the mountain.

It was as if all connections had been cut off, and the golden compass could not calculate them.

“Lord Ying.” “Do you know which book was lost?” Xu Bai asked.”

The item was gone, but it did not mean that there were no clues. He wanted to see which book it was.

The Governor of the Ying Province was slightly stunned, but he quickly understood what Xu Bai meant. He quickly walked into a room. After a while, he walked out with a troubled expression.

“These aren’t the books I brought over. When I take up my post, I will bring my own books, but I know all of them.”

“If it’s something I don’t know. It can only be the books brought by the state government, but I haven’t read many of them.”

A state’s state token. The place he was at naturally had many books, and they were all brought by the state.

As for the types of books, they were all related to Lingyun State.

“You’re the token of a province here. You haven’t even finished reading?” Xu Bai frowned.

As the Prefectural Magistrate, he was definitely a scholar. Otherwise, he would not have been able to hold this position. The most important thing for a scholar was to read books. However, he was now told that he had not finished reading many books. This was not reasonable.

The Governor of the Ying Province smiled bitterly.” Lord Xu, after I took office, many people sent me gifts under various banners. The gifts weren’t expensive because they knew that I didn’t like to accept gifts, so they just gave me some books.”

“However, after taking office, my schedule has been very busy. Every day, my schedule is full. If I have free time to read two words, then it’s already considered leisure.”

“I’m really ashamed. I really can’t finish reading it.”

As he spoke, the Ying Prefecture’s Magistrate revealed an ashamed expression.

Indeed, a scholar who did not read would be laughed at outside. However, he knew that after doing this, he had to put the country first, and some of his hobbies had long been forgotten.

“Oh right, Lord Xu!” The Ying Prefecture Token suddenly thought of something and said,””More than 90% of these books were given to me by them, but I have a special characteristic. If I record everything they gave me, I might be able to find something.”

“Since the other party did this, it definitely wasn’t the books they gave you.””It’s good if we investigate.” Xu Bai said.”

The Ying Prefecture Token nodded and led Xu Bai and the others into the room.

After entering, Xu Bai saw that one of the bookshelves inside was in a mess. Many books were thrown on the ground. From the looks of it, he didn’t know where the other party had taken them.

Governor Ying was holding an account book in his hand and was digging around on the ground. It was obvious that he wanted to check the amount.

After a while, he sighed and stood up from the ground. He shook his head to show that he had not found anything.

Xu Bai rubbed his chin and fell into deep thought.

He didn't have much hope for this method. After all, the other party wasn't stupid. It was impossible for him to be careless in such details, so he only wanted to give it a try.

Now, it seemed that this method was indeed useless. It was better than nothing.

"Lord Xu, in your opinion, what should we do now?"The Ying Prefecture Token asked.

In his jurisdiction, there had never been such a big event, but now it suddenly appeared.

That so-called Gu God Sect actually dared to lay their hands on ordinary people. This was really a taboo for the Emperor. If he did not handle it well, he would not be able to escape when the Dragon King was furious.

If he dealt with it well, he would benefit from it. Even if there was no reward, at least he would not be punished severely.

"I don't have any other choice." Xu Bai shook his head.."

Chapter 520: He's Bad

At present, the clues he could obtain were too few. The only clue was cut off by the other party. If he was asked what method he had, he did not have any.

He wasn't omnipotent. He couldn't conjure up flowers just by thinking about it.

However, one thing was certain: these people would never let him go. As long as he was here, the other party would definitely make a move. However, Xu Bai was in a passive position now, and he didn't like this feeling. "What do you guys think?"

Everyone shook their heads, indicating that there was no other way.

A clever housewife can't cook without rice. If there were clues, they could still analyze them, but without clues, there was nothing to talk about.

Xu Bai paced back and forth with his arms crossed. He kept thinking about what had happened today.

"First of all, the other party wants to destroy the corpse and cover up the evidence. The things here can definitely expose them, so they don't want me to see them."

"Secondly, the other party does want to make a big move. At the very least, this big move is related to the mark on my body."

"Although I can't see where the mark is, and others can't see it either, it doesn't mean that it's not there. After all, it's information obtained through music confusion."

"But the crux of the problem lies in who is the one who can break the situation. My Feng Shui calculation can't calculate it anymore, which proves that the other party has completely cut off all the escape routes this time." "Wait a minute, there seems to be a clue that can solve the situation." Xu Bai's gaze swept across the crowd.

No Flower didn't know, nor did Ye Zi. As for Miao Xiao, forget it.

Looking at her, unless it was related to Gu worms, there was no way to do it.

Where were the Gu worms now?

All of them had turned to ashes. Only the corpse outside seemed to be of some use.

Wait, corpses!

Xu Bai suddenly thought of something. He turned to look at the Ying Prefecture Token and asked, ""That corpse collector woman should still be in the residence, right?"

The Ying Prefecture Magistrate didn't know why Xu Bai asked this question, but he still nodded and said that he was still in the manor.

He definitely did not have time to escort the woman to the capital because this matter had happened early in the morning. He did not have the time to rush to the capital directly.

"We can only try our best. Lord Ying, take us to see her." Xu Bai said.

The Ying Prefecture Token nodded and led Xu Bai and the others out of the room. They walked through a quiet corridor and finally arrived at another room. They opened the door.

The room was decorated elegantly, and every part of it was filled with the unique style of a scholar. Even an ordinary person would feel like bathing in the spring breeze after staying here for a night.

Xu Bai walked into the room. His gaze lingered in the room. Finally, he found the poor woman huddled in the corner.

Women were people in the industry. Even if they had gone crazy, their recovery ability was still much stronger than ordinary people.

The wounds on his body had already healed. Although they still looked terrifying, they were much better.

At this moment, the woman was curled up in the corner, her head lowered and trembling. She seemed to be extremely afraid. After experiencing those terrifying experiences, it would be a lie if she wasn't afraid.

Hearing the sound of opening the door, after that the woman has been buried in the knees, the head, suddenly lifted up, the pair of empty eyes saw Xu Bai, hands and feet, crawling to the empty white in front, as if especially excited.

However, when she was about a meter away from Xu Bai, she stopped again. She only dared to look at Xu Bai from afar and did not dare to get close.

Although the woman didn't show any fear when he saved her previously, it had been a long time since he saved her this time. She must have changed.

Just like now, with a hint of fear and curiosity. Search newNovel. org on google

"Don't be afraid. I'm here to bring you out to take a look." Xu Bai reached out his hand.

In everyone's eyes, Xu Bai no longer had a trace of killing intent. The terrifying aura on his body was gone. Instead, it was replaced by a gentle aura, like the water at the bottom of the lake, which remained unchanged for many years.

Miao Xiao covered his mouth to prevent himself from screaming out loud. A huge wave had already risen in his heart.

She had seen Xu Bai's power from the beginning to the end. On that night, Xu Bai held the black blade Hundred Rend, like a demon from the human world. Even the darkness had to retreat.

But now, Xu Bai was gentle and elegant, like a piece of white paper without ink. He had no utility-based nature. He just stretched out his hand and stood there quietly without moving.

It was gentle, but also strange.

"If those who knew his title saw him now, their jaws would probably drop."

“A man who was as terrifying as an evil ghost, a man who made the martial world tremble with fear, is now like a piece of white jade.”

“Lord Xu is indeed worthy of being the person I admire. Even without that murderous aura, he is still so eye-catching.”

Sometimes, in front of the fanatical fans, even if their idol squatted on the ground without caring about his image, he would still feel that this position was very handsome. Miao Xiao was in such a situation at this moment.

The woman's face was scarred. She tilted her head and her eyes were still empty. However, she slowly raised her right hand and was approaching Xu Bai's palm.

His hands were getting closer, and the hand that was gradually pulling closer seemed to have slowed down at this moment, causing everyone to hold their breaths.

When they clasped hands, Xu Bai smiled gently..
