Chapter 531 - The Terrifying Ruins in the Bizarre Humanoid Market (3)

This was the mortal evolution state. Everything below the mortal evolution state was an ant.

It was on a completely different level from the blood-haired stranger that Xu Bai had killed previously. After all, the blood-haired stranger was only at the Half-step Mortal Transformation.

Xu Bai made a rough estimate when he saw this scene.

– Can't beat him.

He didn't want to admit it, but it was the truth. He was only at level three, but he could reach the half-step mortal evolution state.

However, mortal evolution state...

He really couldn't beat her.

After Ting Chen was done, she turned to look at Xu Bai and the people behind him.

Ye Zi took two steps forward and stood in front of Xu Bai. She opened her arms and glared at Ting Chen. "Young Master helped you take revenge, but you actually repaid kindness with ingratitude. Is there such a reason?"

No Flower and Miao Xiao did not speak, but they still looked at Ting Chen with angry eyes.

Even Xu Bai couldn't beat them, so of course they couldn't.

Ting Chen didn't waste any words. Her body was filled with monstrous hatred.

"I don't need anyone to avenge me. I'll avenge myself."

"You haven't experienced my pain, so how can you know the hatred in my heart? I only want to kill people now, kill everything I see, until I'm killed."

"Forget it, I'll start with you guys!" She was about to wave her hand.

Xu Bai suddenly spoke.

"Can I ask you something?"

Ting Chen was stunned. She put her hand down." I know you want to recover quickly, but that's impossible. You can't beat a mortal evolution state.""

' I just don't want to be a ghost who died unjustly." Xu Bai rubbed his chin." How about you tell me the whole story on account of me avenging you?""

Ting Chen was silent for a second. She nodded and said," You already know what happened. I've already told you about my situation. What else do you want to know?""

Xu Bai pointed at himself." It's very simple. Take me for example. What mark do I have on my body?""

Ting Chen said," You went to the Bizarre Demon City before and came out alive.

However, your body has already been stained with the mark of the Bizarre Demon City. Of course, it will disappear with the passage of time. "" "Then how do you plan to activate the mark?" Xu Bai asked again.

Ting Chen continued," As long as I kill you, the mark will appear. Then, I'll activate it with the Li Fire Altar and slaughter half of the people in Lingyun State. Then, I'll be able to pull you into the human and ghost market. ""

“They were planning to use the Li Fire Altar’s method. After all, they had succeeded at that time. The only difference was that because the person who died was a human, they would enter the Humanoid Bizarre Market.”

“Actually, it doesn’t matter whether I kill you or not. The main thing is that after I kill you, there won’t be too much trouble. After all, you won’t resist anymore.”

Xu Bai hummed in agreement but did not say anything.

Although he did not speak, his mind was spinning rapidly.

The reason why he had killed him was so that he would not resist. This mark of his could activate the Strange Human Market through the Li Fire Altar.

And the condition for activation was exactly as Xu Bai had thought. It was a sacrifice.

However, the sacrifices here were the people of Lingyun State.

There were so many of them that it was enough to drag the entire Lingyun State into the water.

Xu Bai raised his head and looked at Ting Chen in the sky. Suddenly, an idea came to his mind.

Can he fight?

They definitely couldn’t beat him.

He was also one of the few people that Xu Bai had met who he could not defeat since he entered the industry.

However, not being able to defeat him did not mean that he had to surrender. He did not know if this idea in his mind would work, but he could still give it a try.

Seeing that Xu Bai had stopped asking questions, Ting Chen raised her hand and prepared to kill Xu Bai.

Kill.

He had to kill them.

From the moment she was humiliated by those commoners, there was only endless hatred left in her heart. There was no longer any so-called forgiveness.

After she killed Xu Bai, she would find someone to kill aimlessly until she was killed by someone else. That was the beginning of her release.

This was the only way to ease the hatred in her heart.

Just as Ting Chen was about to kill Xu Bai, she noticed that Xu Bai's figure flickered and appeared in front of her in the blink of an eye.

"I know you won't surrender without a fight, but you will never know that everyone below the mortal evolution state is an ant."

Ting Chen sighed.

The surrounding mountains of corpses and seas of blood surged in, sealing Xu Bai in layers.

However, in the next moment, Xu Bai's actions were very decisive. With a twist, his legs separated and he pounced on Chen Ting.

Even Ting Chen couldn't help but be stunned by such a ruthless action.

He cut off her leg while she was still alive. Was this man so ruthless to her?

It was during this moment of shock that Ting Chen was hugged by Xu Bai and fell to the ground from the sky with a bang.

“Don’t worry, stay away from me!” Xu Bai roared.

The remaining true essence energy in his body circulated wildly. The method to circulate it was...

The Suiting Water Method!

This was a cultivation technique that he had obtained from the Water Dividing Altar. It allowed him to perform as usual underwater.

When the suitable water method was activated, the remaining members of the Gu God Sect who were killed by Chen Ting turned into streams of flesh and blood power that gathered here.

“You’re crazy!” Ting Chen was stunned. She quickly reacted and wanted to struggle, but Xu Bai held her tightly.

The surrounding mountains of corpses and seas of blood attacked, injuring Xu Bai badly, but Xu Bai did not stop.

Xu Bai raised his head, and the corners of his mouth curled up into a crazy smile. “I’m the Bloody Butcher Blade’s man. Who can be crazier than me?” He had guessed correctly and gambled correctly.

Previously, he had heard that the Gu God Sect used the Li Fire Altar’s method, and the Li Fire Altar and the Water Dividing Altar were of the same origin, so the Water Dividing Altar’s method could also be used..

Chapter 532: The Terrifying Ruins in the Bizarre Humanoid Market (4)

As expected, it was indeed applicable to the tier.

He had the mark, the Water Aptitude Technique, and the power of flesh and blood.

Although there were not many of them, these Gu God Sect survivors were all people in the industry. Their physical strength was much stronger than ordinary people, and it was enough to bring him and this woman in.

A huge hole appeared in the sky, and a powerful suction force came, ready to suck Xu Bai into it.

This hole looked extremely terrifying. There were figures swaying inside.

Each figure revealed a strange and vicissitudes of life, as if they came from a distant era and were watching the world with greedy and evil eyes.

This is the human market

“Let go of me, you lunatic!”

Ting Chen struggled crazily, leaving scars on Xu Bai’s body, but it was useless. Even... With the support of Xu Bai’s Indestructible Body, his broken legs recovered.

She was held in Xu Bai’s arms, and in an instant, she was sucked into the huge hole.

The deep hole slowly closed, leaving behind Xu Bai’s words.

“The Bizarre City can’t do anything to me, just like the Bizarre City. You don’t have to worry.”

As his words echoed through the air, everything returned to normal. Other than the mess on the ground, it was as if nothing had happened.

Ye Zi sat on the ground and stared blankly at the sky. The hole was no longer there, but she just looked up with lifeless eyes.

Young Master... He was brought to that strange space again.

She suddenly felt that she was so useless and hammered her head in frustration.

If he had been a little stronger, perhaps today's outcome would not have been the same.

Ye Zi buried her head in her knees, her face blank.

Blood trickled down the corner of No Flower's mouth. He smiled bitterly when he saw this.

He sighed and silently recited the Buddhist scriptures, but his heart was miserable.

What Xu Bai had done just now had touched his heart and made him feel extremely sad.

No Flower's relationship with Xu Bai was definitely very deep, but now Xu Bai had been brought into the Bizarre City.

Perhaps ordinary people in the business did not know what kind of place the

Humanoid and Bizarre Market was, but a direct disciple like him knew a thing or two.

Miao Xiao wasn't sure, but she knew that her idol seemed to have gone to a particularly dangerous place.

Next to him, the puppet of the Fourth Stage instantly lost control and fell to the ground.

Time continued to pass, and no one spoke.

A wave of sadness was slowly spreading.

At this moment, Ye Zi suddenly stood up and wiped the tears off her face. She carried the puppet of the Fourth Stage and picked up the package left behind by Xu Bai.

“Let’s go.”

Wu Hua and Miao Xiao looked at Ye Zi and smiled bitterly.

Ye Zi took a deep breath and said, “I believe that Young Master is fine. He was able to walk out of the Bizarre Demon City last time. It will be the same this time. Young Master is a miracle. I believe in him. We just need to go back now and clean up the mess behind us. We just need to wait in Lingyun State.””
With Ye Zi’s words, the two of them managed to calm down a little.

However, Ye Zi had not finished speaking. She was thinking that if she did not return for a long time, she would follow Young Master.

The surroundings were like ruins. They did not stay any longer and walked towards Lingyun State.

Ye Zi clenched her fists tightly as if she had a plan.

After everyone left, the canyon returned to silence and everything returned to normal. As time passed, all the remains on the ground would be worn away.

On the other side.

Xu Bai held Ting Chen in his arms. After being sucked into the hole, he felt cold all over his body and his vision turned pitch black.

There were many afterimages watching him in the surroundings, constantly swaying, carrying a terrifying might and an aura that made people go crazy.

The afterimage was curious, but at the same time, it was greedy. It was greedy for everything in front of it.

In the blink of an eye, everything was rapidly retreating. Even the afterimages gradually disappeared. Xu Bai landed on a black soil with a bang.

As soon as it landed, an ear-piercing scream came from beside it.

Ting Chen hugged her head and rolled on the ground as if something was gnawing at her soul.

The surrounding mountains of corpses and seas of blood gradually faded. The next moment, Ting Chen let go of her hand and lay there with empty eyes.

No one could resist this rule. Even those at the mortal evolution state could only become idiots.

Xu Bai stood up, panting. Just as he was about to speak, the pain had already attacked his soul in an instant.

“Fuck, again!”

He crouched down decisively and held his head with both hands. He kept making painful sounds and shaking violently.

This was not to say that he did not have the foundation of a tough man, nor was it to say that he was not tough. It was just that this kind of pain in the soul was really not something that ordinary people could withstand.

“Xiao Jin, I’m counting on you.”

Xu Bai rolled his eyes and fainted.

It was a fool’s behavior to not use a golden finger.

In the next moment.

Terrifying golden light rose from his body and shot straight into the clouds. With an indomitable momentum, it swept away the surrounding blood-red color.

Within the golden light, there was a powerful aura that assaulted his face. It was sacred and solemn, making it impossible for anyone to resist.

Fortunately, this situation only lasted for a moment before the golden light disappeared.

Xu Bai slowly opened his eyes and woke up from his coma. He rubbed his head.

“As expected, Xiao Jin is still reliable.”

This was his method. The last time he entered the Bizarre Demon City, nothing happened. It was the same this time.

Ting Chen’s eyes were empty as she lay there, staring at the blood-red sky. Xu Bai stretched his body, walked forward, and pressed Ting Chen’s forehead..

Chapter 533: The Terrifying Ruins in the City of Man and the City (5)

“Kacha!”

A crisp sound rang out. Ting Chen lost her life force and turned into a corpse.

“Yes... This time, we have to leave as soon as possible.” Xu Bai turned around and looked around.

His surroundings were still blood-red, and there was charred soil under his feet. It looked very similar to the Bizarre Demon City, but he knew that he was now in the Bizarre Human City.

However, the difference from the last time was that this time, they were not in the city, but in the wilderness.

“This is a little complicated.” Xu Bai stroked his chin and thought to himself.

After his previous experience in the Bizarre Demon City, he already understood that whether it was the Bizarre Demon City or the Bizarre Human City, there was nothing else other than disgust and killing intent towards the living.

There were no tricks or anything else. It was just a living massacre. The strangeness of this place was conscious, but it was also disgusting to people.

This was an extremely dangerous place. Xu Bai felt that he couldn't stay any longer. He had to find a way to leave.

“Last time, I left through that strange formation. This time should be the same.” Xu Bai thought to himself.

Thinking of this, he slowly raised his right hand.

His True Core Strength circulated in his body. Immediately after, a golden compass appeared in the air.

Feng Shui Arithmetic.

I don't know where I am, I don't know what to do next, so what to do next?

It was very simple. He just needed to do a divination.

As Xu Bai used this skill, the golden compass began to emit a faint light. The needle on it spun crazily. Then, the needle slowly stopped and pointed in a direction.

"Yes... This position." Xu Bai rubbed his chin and thought, Let's go take a look first."

He looked around and saw that his body was completely naked. There was no other way. After all, it had all been burned away by the fire.

"My capital is pretty good" Xu Bai said with a smile.

The more dangerous a place was, the more one had to maintain a positive attitude. Xu Bai joked to himself and walked in the direction pointed by the needle.

There was not much difference between the Human-Protruding Market and the Demon-Protruding Market. There was still charred black soil under their feet, with a little bit of blood seeping through. The surroundings were all blood-red.

Even the sky above them was blood-red, making one's heart feel cold.

Xu Bai stepped on the soft ground and kept moving in that direction.

Along the way, his speed wasn't fast, but he was careful with every step.

This place was different from Great Chu. It was filled with strangeness and danger.

Although Xu Bai didn't encounter any strange creatures while walking around, it was normal that he didn't see any strange creatures in the wilderness.

However, he had to be careful. If one suddenly popped out, it would be easy to deal with.

After walking in this direction for about two hours, Xu Bai stopped. He looked at the things in front of him and frowned.

Not far ahead, there were ruins.

Although it was said to be ruins, it should be a city wall. However, this city wall was much more desolate than the Bizarre Demon City.

The city wall was in ruins, and more than half of the plaque on it had fallen off. The words were blurry and unrecognizable.

There were many dried blood stains on the city walls, which were dark brown in color.

The city gate was open. To be precise, there was no city gate. Looking from the outside, it was a deserted street.

The houses on both sides were dilapidated, and even the roofs were broken tiles.

Even though he had the guidance of the golden compass, he still couldn't enter such a godforsaken place.

He paced around outside for a while. After confirming that there was nothing unusual, he carefully walked towards the city gate.

The closer they got to the ruined city, the stronger the smell of blood.

Having been in this line of work for a long time, he was extremely sensitive to the smell of blood. Xu Bai stopped outside the city gate and looked inside.

It was still quiet inside. There was not even a shadow, let alone something strange.

After thinking for a moment, Xu Bai lifted his feet and walked inside.

Ben thought that there would be an abnormal situation, but there was no appearance, Xu Bai walked very far, until he entered the city, nothing suddenly appeared.

The golden compass floated in the air, and the needle was still pointing in a direction, meaning that he should walk in that direction.

Xu Bai looked around vigilantly as he walked.

The surroundings were in ruins. He was too far away to see clearly before, but when he got closer, he saw that these ruins were newly left.

“Looks like someone is fighting here. This city is completely destroyed, which is why it’s in ruins.” Xu Bai thought to himself.

He raised his spirits and continued walking forward.

After walking for about an hour, the road ahead finally opened up.

A huge empty space appeared in front of him, and in the middle of the empty space was a circular platform.

Xu Bai was naturally familiar with this round platform. When he was in Bizarre City, he had used this platform to leave.

As long as he injected his True Essence Energy into it, he would be able to leave. However, he still needed one more thing, and that was the City Lord's token.

This place was barren. Where could he find the City Lord's token?

Xu Bai fell into deep thought.

It was quite difficult to find a plaque in a city. He thought about it and decided to try using the Feng Shui Arithmetic Sutra. "Let's try. The sooner we leave, the better."

Thinking of this, Xu Bai decided to give it a try.

However, just as he was about to start, an abnormality finally appeared..

Chapter 534: Mysterious Man in White, Female Abbey Dean Deal (1)

The ground began to shake violently. The entire area began to shake.

The charred earth was shaking and trembling. At the same time, Xu Bai raised his head and looked at the blood-red sky. His eyes narrowed slightly.

He felt an extremely terrifying pressure spreading. This pressure was countless times stronger than Ting Chen's, causing his scalp to go numb.

"What is this thing approaching?" Xu Bai thought to himself.

He only thought for a moment before he reacted. He hurriedly found a piece of ruins to block his figure.

At this moment, the blood-red color in the sky finally stopped shaking. However, the moment it stopped shaking, dozens of figures were cutting through the blood-red color in the sky not far away.

Xu Bai raised his head and looked into the distance. In his eyes, there were more than ten figures approaching. The leader was a young man in white.

The white robe on this man's body fluttered in the wind. He was handsome, but his eyes were extremely empty, like a fool.

Behind the man in white, there were more than ten people dressed in various clothes.

To be precise, it wasn't a human, it was strange.

These strange creatures were covered in a terrifying aura. Their aura made people despair, and they were filled with disgust and killing intent towards the living.

However, unlike the strangeness of the outside world, these strange eyes were conscious and looked like they were alive.

This was the Bizarre City. Xu Bai knew the reason with just a glance.

The ten odd monsters didn't follow the white-robed man's lead. Instead, they were chasing after him. Their crazy killing intent could be clearly seen.

The man in white was running, but as he ran, he would attack from time to time.

This kind of attack was extremely terrifying. It looked like an ordinary punch, but when it landed, the sky collapsed and the earth shattered. Even the surrounding blood-red light was scattered by the fist.

Soon, some of the strange creatures were injured, and the strange attacks also fell. The white-robed man did not block them, and he was even unwilling to block them.

Those attacks landed on his body, turning his body into a bloody mess. However, in the next moment, in the blink of an eye, those wounds were completely healed.

Terrifying recovery ability!

When Xu Bai saw this scene, he always felt that they were connected. At this moment _ he thnnøht of one of his skillq

Indestructible Body.

The feeling of being connected to the same root was exactly the same as the indestructible body. Xu Bai instantly determined the identity of the white-robed man in front of him. He must be the peerless genius of the Gale Country.

Back then, that peerless genius had created a set of recovery techniques. No matter how heavy the injury was, it could directly recover. This was the Indestructible Body. However, this skill had some flaws, and they were huge flaws.

Although the Indestructible Iron could make the body no longer afraid of harm, it could not protect the soul. After the soul was injured, the Indestructible Body's ability could not repair it.

Therefore, that peerless genius had put in a lot of effort in the aspect of the divine soul in order to perfect the Indestructible Body, but the result was barely satisfactory.

Not only did he fail to perfect his Indestructible Body, but his eagerness for quick success and instant benefits had also caused the young man's soul to be severely damaged. As a result, his soul was almost non-existent, and he had become a fool.

Since then, the man in white had disappeared. No one knew him, and no one knew his whereabouts.

The last time Xu Bai had entered the Bizarre Demon City, he had heard from the deceased City Lord Huang that the white-robed man had once entered the Bizarre Demon City. He seemed to have been searching for something, but he had been surrounded by many City Lords and was once again lost.

However, what he did not expect was that he would actually encounter them here. Not only did he encounter them, but from the looks of the current situation, they seemed to have started fighting again.

“What level of strength is this?” Xu Bai watched the battle in the sky and was speechless.

Behind the white-robed man, there was an incomparably huge phantom. The phantom was carved according to the white-robed man’s mold. It was incomparably huge, as tall as a mountain.

Every time the white-robed man swung his fist, the huge demonic shadow would follow him and throw out a punch. Every time the fist was earth-shattering, the huge demonic shadow behind him would strengthen the power of the fist, making it seem as if it could destroy the world.

Of course, there were also all kinds of strange phenomena in that group.

It was either a wildfire, a thousand miles of frost, a violent wind, or a bloody mist.

When all kinds of phenomena interweaved together, it gave people a feeling of the end of the world.

Of course, Xu Bai knew that this was a unique change after reaching the mortal evolution state.

There were all kinds of changes in the sky. According to everyone’s situation, the changes in the sky would be different.

The man in white’s Heaven Transformation was that huge demonic shadow, and those strange things were all kinds.

Although the white-robed man was only a huge demonic shadow, he was still able to fight to a draw with the dozen odd strange beings in front of him. He even firmly suppressed them.

The reason why he was able to suppress them so steadily was because he did not care about attacking.

“This is definitely not just the mortal level. It must be a higher level.” Xu Bai thought.

If it was only at the mortal evolution state, it definitely wouldn’t have such terrifying power.

The dead Ting Chen was like an ant in front of these guys.

‘ After losing his soul, he really had nothing to worry about. Actually, this was also a disguised form of obtaining a complete immortal body. However, the

price was quite high.”

The man in white was not afraid of attacks at all because his recovery ability was extremely powerful. He was not even afraid of attacks from the divine soul. To put it in a more common way....

Chapter 535: Mysterious Man in White, Female Abbey Dean Deal (2)

I don’t even have it, what am I afraid of?

In the sky, all kinds of explosions continued. The monsters could not hold on any longer, but they still forced themselves to attack.

The man in white was like a mad demon. Every punch and every kick could cause the world to tremble. He was not afraid, nor did he have any rules. However, at their level, the so-called rules had long been thrown to the back of their minds. With a casual move, the world would collapse.

Finally, in the battle, a few of the strange creatures could no longer hold on. The white-robed man caught their flaws and punched and kicked them, causing them to fall apart.

In the blink of an eye, they turned into ashes that filled the sky, becoming nutrients for the blood in the sky.

Behind the white-robed man, the huge demonic figure roared into the sky. The sound waves spread into the sky and the ground. The area where Xu Bai was located was also affected. The buildings trembled violently, and some of them were directly turned into ashes.

“Not good!” Xu Bai felt dizzy when he heard the voice, and his internal organs were trembling slightly.

He knew that he was also in the affected area. After feeling this extremely terrifying aftershock, he immediately used the Vajra Heart Devil Body and Transposition.

The thin layer of light was shattered in an instant, but Xu Bai used Transposition in an instant. He pressed his hands on the ground, and in the blink of an eye, cracks appeared on the ground, spreading to the surroundings. Only then did he feel much better.

“If I enter the mortal evolution state, can I fight Bai thought to himself as he looked at the figures fighting in the sky.

Ever since he entered this circle, he had long stopped comparing himself to the younger generation. In his eyes, none of the so-called younger generation could fight.

If he was forever limited to this level because he was in the younger generation, then he would never be able to make a huge improvement.

Even if he had a cheat, he could not limit his horizons. Otherwise, he would be digging his own grave.

Xu Bai was thinking that his eyes had already shifted to the older generation. Now, his target was the older generation.

In the sky, the figures fighting were gradually leaving.

Although the white-robed man was extremely powerful, even if it was a head-on clash, that terrifying attack almost caused his body to collapse.

If it weren't for the characteristic of the Indestructible Body, he would have died on the spot. Therefore, he began to escape again. As he escaped, he kept counterattacking in an attempt to obtain victory.

Although the white-robed man's soul was almost non-existent, it was his battle instinct that drove him, allowing him to move with ease.

Xu Bai raised his head and watched the dozen figures gradually disappear into the horizon. His gaze fell on the place where they were fighting. There, something was falling from the sky.

This object was squarish and only the size of a fist. There were all kinds of patterns carved on it. At first glance, it looked ordinary, but if one looked at it for a long time, they would feel that these patterns made one's head spin.

Token!

Xu Bai's eyes lit up. When he saw the token fall from the sky and land on the ground, he knew that he already had a way to return.

The dozen or so figures had already walked far away. Now, there was no one here, only him.

Xu Bai looked left and right. Then, he ran to the place where the token had fallen as fast as he could. He used the Four Transformations of Travel Break and arrived at the place where the token had fallen in less than a breath's time.

Xu Bai quickly bent down to pick up the token. Holding it in his hand, he did not stop and quickly arrived at the round platform.

Let's go!

He had to leave quickly!

He could not stay in this place any longer. If he stayed any longer, he might lose his life. Right now, it was more important to protect his life.

His True Core Strength circulated rapidly and was injected into the round platform under his feet through the token. This was the method used in the Bizarre Demon City previously, and it was still used up until now.

The patterns on the round platform were filling up, and he slowly injected his True Core Strength. This required time. When the patterns were all filled up, he would be able to return through this round platform.

At this moment, Xu Bai did not let down his guard because this round platform was too empty. There was no place to hide at all. It was like an animal on the grassland that was exposed to the sky.

Seeing that the round platform under his feet was gradually filled up, Xu Bai looked around. Just as the patterns on the round platform were about to be completed, he was about to heave a sigh of relief. However, he did not expect something unusual to happen.

An extremely terrifying pressure suddenly appeared, and the blood-red color in the sky dimmed.

Xu Bai raised his head and looked in the direction of the pressure. He saw a figure in white approaching from the sky not far away.

The white-robed man's eyes were lifeless, but his gaze was fixed on Xu Bai. Xu Bai knew that the white-robed man was coming for him.

This kind of dullness was different from that of the female Abbey Dean. This was pure stupidity, while the female Abbey Dean Dean Dean was crazy like a demon.

However, Xu Bai knew that no matter what the situation was, it would not be easy to fall into the hands of the other party.

“Hurry up! Hurry up!” Xu Bai roared in his heart.

Although the white-robed man was far away in the horizon and was only a small black dot, he could close a huge distance with every step he took. Every step was like a thousand miles away. His speed was terrifying.

From the distant horizon to the front of White, it only took three breaths of time.

The man in white stood beside the round platform, staring at Xu Bai with his empty eyes.

Behind the white-robed man, a huge demonic shadow stood between heaven and earth. It could not avoid the blood-red light in time..

Chapter 536 - Mysterious Man in White, Female Abbey Dean Deal (3)

Xu Bai felt a terrifying pressure, causing him to frown. However, he was extremely calm at this moment. He did not choose to attack, nor did he choose to do anything else. Instead, he made a decision.

What he needed now was not much time. He only needed half a minute, so he had to drag it out.

Drag? How?

Xu Bai took a deep breath. Suddenly, he grabbed his left arm with one hand and tore it off with great force. Although it was extremely painful, he did not even frown.

Being ruthless to others wasn't called being ruthless, but being ruthless to oneself was the real ruthless person.

Xu Bai circulated his True Core Strength. In the next moment, his left arm was recovering at a speed visible to the naked eye. In the blink of an eye, it returned to normal, and the arm in his hand turned into ashes.

This was his thought.

If it was a lunatic, like the female Abbey Dean, he would really be helpless. After all, there was nothing to talk about with a lunatic.

But the man in white...To put it bluntly, he was a fool. There was always a way to fool him.

The Indestructible Body he displayed had the same origin as the white-robed man, so it was probably the most effective.

He was telling the man in white, 'Look, I have this skill too.'

This was a little risky, but in this situation, the weirder the attack, the better. The weirder it was, the more it could suppress him.

In his previous life, Xu Bai had come into contact with an idiot. He had tried to use something that the idiot had come into contact with normally in the past. If he used it again, it would cause the other party to be abnormal.

Of course, there were only two situations. Either it was good or bad. Xu Bai was gambling now.

If he could not even suppress this, then he had no choice but to admit defeat.

When the white-robed man saw this scene, his approaching figure suddenly stopped. He tilted his head to the side and looked at Xu Bai.

He stopped.

Xu Bai heaved a sigh of relief. Cold sweat trickled down his forehead.

The surroundings fell into silence. There was nothing but the blood-red sky.

Xu Bai knew that he couldn't suppress the man in white forever. Even a normal person wouldn't be suppressed forever, let alone a fool.

He only needed half a minute.

Time was slowly passing, and the circular platform pattern below was also slowly being filled up.

When the last trace of the pattern was full, Xu Bai finally relaxed completely. He felt a powerful force pulling him away from the whole world.

At the same time, the white-robed man not far away seemed to have finally recovered from his dazed state.

The white-robed man's eyes were empty. There was no life in them, and there was no so-called emotion. He just took a step forward.

He didn't hurt Xu Bai, because Xu Bai had already disappeared. He couldn't hurt him even if he wanted to.

However, as Xu Bai disappeared, the round platform in front of him was still emitting a tearing force. When the white-robed man stepped in, the tearing force did not decrease, and the white-robed man slowly disappeared.

A moment later, the tearing force on the disc finally disappeared. The place was empty and quiet again. Other than the blood-red and black soil in the sky, it

Xu Bai only felt his vision blur, and his mind became chaotic. He didn't know how much time had passed, but when he regained consciousness and opened his eyes, he saw that he had returned to the valley.

"I'm finally back."

At this moment, Xu Bai didn't have any clothes on him, but he was extremely happy because he had run out of that damn place.

Whether it was the Bizarre City or the Bizarre City, it was really not a place for humans to stay. It was filled with all kinds of strangeness.

Xu Bai felt that after his strength increased further, he might be able to have some fun in there.

For example, if he reached the level of the white-robed man, he would be able to jump around inside.

Of course, he didn't know if there were any stronger ones among them, but at least they had the ability to protect themselves.

Thinking of this, Xu Bai decided to find some random leaves to cover his important position first.

After all, if he returned to Lingyun State like this, he would probably be surrounded by people before he could even take two steps. He thought that he had a lot of capital, but he wouldn't let others look at him casually.

Although this canyon had been through a great battle and had been covered in scars and was bare everywhere, there were still many forests outside the canyon. It was not a problem to find some leaves.

Xu Bai raised his foot, planning to leave the canyon first. However, before he could take two steps, he suddenly felt someone touch his shoulder.

A chill ran down his spine.

With his current strength, someone was actually able to sneak up behind him silently. This proved that this person's strength was extraordinary.

Xu Bai didn't hesitate at all. He used his hand as a knife and turned around to use the Five Moves of the Knife.

His hand stopped in front of the man's neck. Xu Bai did not make a move. He quickly took two steps back and looked at the man in front of him vigilantly.

The white-robed man he had met in the Bizarre City had actually followed him out and appeared in the same place as him.

"Are you kidding me?" Xu Bai was speechless.

He had originally wanted to get rid of this big trouble, but he had never expected that this big trouble would still be following behind him. It was like a dog skin plaster that he could not get rid of at all.

Poisonous, really poisonous

Xu Bai didn't move. He just stared at the man in white vigilantly..

Chapter 537 - Mysterious Man in White, Female Abbey Dean Deal (4)

The man in white still did not make a move. He just looked at him with his empty eyes. There was no life in them, but he did not make any threatening moves.

"What is the meaning of this?" Xu Bai rubbed his chin.

The next moment, the man in white moved.

The man in white also reached out his right hand and touched his chin, doing the same thing as Xu Bai.

Xu Bai was speechless.

This scene surprised him. He thought for a moment and raised his hands to jump a few times.

The man in white did not move.

“Tsk! ”

He thought that the man in white would follow him, but he didn’t expect that the other party really just wanted to rub his chin.

“What should we do?” Xu Bai thought.

The surroundings were abnormally quiet, and one could hear a pin drop. There were wilderness everywhere, and there were traces of battle.

At this moment, besides Xu Bai and the man in white, there was no one else.

At this moment, the man in white moved.

He slowly extended his hand. His eyes were empty, but they carried an unrivaled aura that could destroy gold and jade.

The dark clouds in the sky above the valley were scattered. This was a sign that they were about to attack. If it was a normal greeting, it would not have such an imposing manner.

Xu Bai mobilized the true energy in his body. He planned to give it a try.

No matter what, he couldn’t just sit there and wait for death. So what if he was outnumbered? Xu Bai wasn’t someone who would just sit there and wait. The man in white extended his hands very slowly, but with an overwhelming aura.

Seeing that the hands were getting closer and closer to him, Xu Bai was also waiting for the best time to make a move.

At this moment, Bai Yi suddenly stopped and quickly retreated. Behind him, a huge demon shadow appeared.

That was the Heaven Transformation of the white-robed man, carrying a feeling of indomitable spirit.

The demonic shadow roared at the sky, but it was not aimed at Xu Bai's direction, but at the end of the distant horizon.

Xu Bai turned his head and looked in the direction where the demonic shadow was roaring. He saw a figure approaching from the end of the dark sky.

The figure was very small at first, but in the blink of an eye, it had already arrived in front of Xu Bai and slowly descended from the sky.

She wore a simple Daoist robe on her curvaceous body. Her face was beautiful and flawless. Her long black hair was scattered naturally on her back.

Her waist was slender, and her long black hair was draped over her shoulders. It reminded Xu Bai of the phrase "waist-length hair."

"Female Abbey Dean." Xu Bai raised his eyebrows.

This was the crazy Abbey Dean. For some reason, she had appeared in front of Xu Bai again. However, the Abbey Dean was no longer as crazy as before. Her eyes were clear, and she looked extremely moving.

When Xu Bai saw this scene, he thought of what Ye Zi had said to her previously.

Ye Zi had said that the female leader had used some unknown method to restore her clarity of mind for a short period of time. Now, it seemed that it was time to restore her clarity of mind.

This scene was very obvious. The female Abbey Dean seemed to have come to find him. After all, Xu Bai could guess that the female Abbey Dean's recovery of consciousness seemed to be related to him. Back in the cave, the female Abbey Dean had learned his skills.

This vigilance came from instinct, as if he had met his natural enemy.

"Liu Qingfeng, sigh..." The female Abbey Dean looked at the man in white in front of her and said regretfully, "The genius of the past has fallen to such a state now. It's really lamentable."

The sound was like the chirping of a yellow oriole, but also like pearls falling on a plate. It sounded extremely comfortable.

The man in white's face was still dull and empty. When the female Abbey Dean spoke, he suddenly raised his fist and punched her.

The female Abbey Dean had expected this scene. She turned around and waved at Xu Bai.

Xu Bai suddenly felt a strong gust of wind appear and dragged him out of the Shattered Cloud Valley in the blink of an eye.

At the same time, a voice sounded in his ear.

"Wait for me here. After I deal with Liu Qingfeng, I'll talk to you again. I have no ill intentions, so don't go too far. My conscious time is limited, or else I won't be able to find you, and I'll have to wait until the next time I wake up." Xu Bai was speechless.

He looked at the entrance of the canyon in front of him and frowned.

Then, Xu Bai left the Valley of Torn Clouds at his fastest speed.

Stop joking. No one would stay here obediently.

Even if the female Abbey Dean had spoken just now, he had to hurry up and run. If the female Abbey Dean had any other ideas, it would be difficult to deal with.

After running two steps, the female Abbey Dean appeared again.

Xu Bai was slightly surprised. Then, he turned around and saw a huge demonic shadow approaching from the Shattered Cloud Valley.

They hadn't even fought yet, so why was he back?

The female Abbey Dean reached into her arms, took out a warm jade pendant, and quickly hung it around Xu Bai's neck.

A powerful suppressive force appeared, and Xu Bai found that he could not move.

"It's alright. When I was awake, I heard some rumors. They say that the Bloody Butcher Blade Guest is extremely cunning. You're really planning to run? Don't worry, I have no ill intentions." After the female Abbey Dean said this, she was gone again.

Xu Bai was speechless. He realized that he really couldn't move.

However...

"When have I ever been so cunning? This is called resourcefulness, okay?"

On the other side, the female Abbey Dean moved and appeared in the valley again.

Just as the man in white was about to chase after the female Abbey Dean, he did not expect her to return. He immediately stopped and raised his fist again..

Chapter 538: The Mysterious Man in White, The Female Monastery Head Head Deal

The demon shadow behind him did the same thing, and cracks actually appeared in the sky.

“Liu Qingfeng, if you were awake, I would be a little afraid. But now, you are

only relying on your instincts and can’t fight me.”The female Abbey Dean’s voice was gentle and refreshing. It made people feel relaxed and happy.

She raised her soft and boneless hand. In the next moment, all kinds of strange phenomena appeared around her body.

A large group of figures appeared beside her. Although these figures did not have looks, they were of different sizes. There were men and women, old and young.

Each figure was doing a different action.

Some raised their fists, some kicked, some stood, and some sat cross-legged.

Some figures held weapons, while others held nothing.

The Abbey Dean’s cultivation method was like a river flowing into the sea, gathering the strengths of many industries. This was the reason why she was crazy, and her Heaven Changing was also related to these cultivation methods.

After the power of each figure gathered, an incomparably huge Dao pattern appeared in the sky.

The dao pattern was clearly black and white, but it carried an invincible aura.

In the sky, the descending fist and the demonic shadow overlapped and bombarded the dao pattern. In the next moment, the dao pattern shone with a brilliant light like the sun. The demonic shadow shook slightly and actually took a step back.

“Boom!”

A huge explosion sounded out. Under the light that covered the sky, dense cracks appeared on the white-robed man’s body. Blood seemed to be free.

Those cracks were healing, but at this moment, the healing speed had actually slowed down.

At the same time, the Abbey Dean’s left hand slowly pressed down. The Dao pattern in the sky pressed down on the demonic shadow, and the demonic shadow actually became shorter rapidly.

The wounds on the man in white were gradually deepening, and even his face was covered in wounds.

He couldn’t defeat the female Abbey Dean. In other words, he only had fighting instincts and couldn’t defeat the female Abbey Dean.

Relying on his battle instincts, the white-robed man raised his fist and punched out again. The Dao pattern rumbled and shook slightly from the punch.

The female Abbey Dean hurriedly increased her strength and continued to stabilize the dao pattern.

Behind the female Abbey Dean, those figures roared at the sky. The power of each figure gathered and strengthened the Dao pattern.

The rumbling sounds continued as the power of the dao pattern increased.

The white-robed man's figure flashed and disappeared from where he was.

As the Dao pattern fell, the entire Shattered Cloud Valley instantly disappeared under the power of the Dao pattern, turning into ashes that filled the sky.

"He ran away?"

The female Abbey Dean waved her sleeves to disperse the dust.

She looked at the empty space and frowned.

Although the white-robed Flowing Wind had lost his mind, he still had his fighting instincts. It was normal for him to run away now.

"I don't care. I don't have much time, and I can't chase after him." The female Abbey Dean stood where she was and thought for a while. She gave up the idea of chasing him and turned around. She took a step toward Xu Bai. With just one step, she had already entered the Shattered Cloud Valley.

"You won?" Xu Bai blinked.

The Abbey Dean nodded and said with interest, "'Why? Do you think I'm really weak? I can't beat King Sheng You, but that doesn't mean I'm weak, okay?'"

"Do you still remember the fight with King Shengyou?" Xu Bai chuckled.

"Although I'm crazy, my subconscious is still there. I can sense it. When I regained consciousness, I knew everything." The Abbey Dean sized Xu Bai up with her clear eyes and said, "'King Shengyou has good taste.'"

"If that's the case, then let me go. I still have some things to do at home, so I

won't disturb you any further. ""

This guy actually remembered when King You Sheng beat her up. It seemed like he remembered a lot of what happened before.

The female Abbey Dean was about to speak, but she frowned when she saw Xu Bai's naked body.

Then, she waved her hand, and a Daoist robe appeared out of nowhere and covered Xu Bai's body, just enough to cover him.

"You know that I have no ill intentions. If I had any ill intentions, I wouldn't be talking to you like this."

As she spoke, she raised her hand and took off the jade pendant around Xu Bai's neck. She then hung it around her neck again.

Xu Bai regained his freedom, but he didn't leave. He knew that the Abbey Dean didn't have any ill intentions, but he didn't know what her purpose was.

"Does this Daoist robe fit?" asked the female Abbey Dean."

Xu Bai stretched his body and nodded.

This Daoist robe fit him quite well, as if it was tailor-made for him.

The light purple robe made Xu Bai's figure look very tall. He looked dignified and mysterious.

Most importantly, the daoist robe was embroidered with the shape of the sun and moon, which was extremely exquisite.

“Fire and water are impervious, and it is difficult for swords and sabers to injure it. It can even repair itself.”The female Abbey Dean said,” I know that you like trading the most. Why don’t we make a deal? I’ll give you this Sun and

Moon Taoist Robe as a reward.””

Xu Bai looked at the Abbey Dean and then at the Taoist robe he was wearing. He suddenly revealed the shrewdness of a businessman.”Do you want me to use that ability again like last time?”

It was the same last time, and the female Abbey Dean had regained her consciousness for a short while. Xu Bai guessed that it was the same now.

The Abbey Dean nodded without hesitation. Xu Bai pondered for a moment before he said,”

“I’ll get the money..”

Chapter 539: Mutated Goldfinger (1)

When Xu Bai said these words, it was completely out of his subconscious habit as a businessman. Simply put, it was an occupational disease.

The female Abbey Dean was stunned. She didn’t expect to hear this, and she couldn’t help but fall into deep thought.

Could it be that I’ve been crazy for too long? Why do I feel that the world has become a little incomprehensible after I wake up?

What kind of situation was this?

“Did you really say that you wanted to pay more?”The female Abbey Dean asked again with uncertainty. She suspected that she had misheard, so she needed to confirm it again.

Xu Bai nodded naturally and pointed at the Sun and Moon Daoist robe. “We do need to pay more.”

“Look, although this Daoist robe is very and the style is very good, the most important thing is that its characteristics are not bad.”

“Just now, you said that swords and swords are difficult to injure, and that it can be repaired. It’s indeed a good item, but you still have to pay more.”

The female Abbey Dean was stunned.” Do you know that this Daoist robe is of the first grade? Even a first-grade master can have an excellent defensive effect.”

“Most importantly, it’s just a Daoist robe.” “Look,” Xu Bai said, “it can only be used as a Daoist robe for aesthetic purposes. I’m not a Daoist priest, am I?” To me, the effect is negligible.”

Xu Bai pulled up a corner of his robe and explained patiently to the female Abbey Dean.

If a crazy female Abbey Dean was here, Xu Bai would never say so much. But now, she was sober.

From what Xu Bai had learned, the female Abbey Dean was a very righteous person. In general, she was a very kind person.

So this deal...Naturally, he wanted to get more benefits for himself.

The female Abbey Dean’s eyebrows twitched.

She had originally come here to make a good deal, but now she really couldn’t hold it in anymore. She really wanted to slap Xu Bai on the head.

I’ve already given you such a good thing, and you still want to pay more?

How could there be such a logic? Wasn't this bullying an honest person?

The female Abbey Dean took a deep breath and said resentfully, "My time is limited. Hurry up and tell me. What do you want?"

"I heard that you carved my face on wood." Xu Bai smiled. "You must have carved a lot of them. Why don't you give them all to me?"

When he was in Wind Chime Manor, Ye Zi had brought back a wooden carving. As a result, his Shifting Stars had been upgraded to Transposition. Therefore, after a short moment of consideration, Xu Bai wanted to get the wood carving.

The female Abbey Dean was stunned for a moment and then said helplessly, "I ruined the entire show."

"Why did you destroy the wood carving?" Xu Bai asked.

The female Abbey Dean said, "I carved the wood carving when I was crazy. Because I had recovered a little of my consciousness, I could still have some influence even when I was crazy. So, I carved a lot of things related to you at that time. After all, you are very important."

"But when I woke up, I had to search everywhere just to find you. I couldn't have brought so many wood carvings with me, and the wood carvings contained some of my essence. If someone else took them and used some special techniques, they would be easily affected, so they were all destroyed."

There were many capable people in this world, and many of them had special abilities. For example, they could use some insidious tricks from some clues. Of course, the female Abbey Dean knew better than Xu Bai, so it was inconvenient to bring those things with them. They had to be destroyed.

Xu Bai was speechless.

He really hadn't thought of this. After all, a wooden carving was half the height of a person. It would be very difficult to take all of them away.

The female Abbey Dean looked troubled. In the end, she gritted her teeth and said, ""Why don't I carve one for you on the spot? I still have some time left, but

I can only carve one more. If I have more, I'm afraid I'll go crazy."

Xu Bai thought for a moment and said, "There's such a thing? Hurry up and carve one. You must carve it according to your original method. ""

Although he couldn't get too much, he could get as much as he could. When it came to things like progress bars, he had always accumulated more with less.

Although the female Abbey Dean didn't know why Xu Bai wanted to do this, she still agreed and disappeared in a flash.

Soon, she was pulling a piece of wood that was half the height of a person. It was obvious that she had found it on the spot.

Next, the female Abbey Dean used her hand as a knife, sending wood shavings flying.

Xu Bai did not miss this scene. He stared at the wood carving with a burning gaze. There was a golden progress bar in front of him.

Good fellow, he called him good fellow.

His guess was right. The female Abbey Dean had the ability to produce progress bars. Just this ability alone made Xu Bai envious. The way he looked at the female Abbey Dean changed.

"When I become stronger in the future, I must make her carve wood for me every day." Xu Bai thought.

"Here." The female Abbey Dean felt uncomfortable when she felt Xu Bai's gaze. After she handed the wooden carving to Xu Bai, her intention was obvious.

I've already done as you said. It's time for you to fulfill your promise, right?

"It's still like last time, right?" Xu Bai took it and said."

He was already very familiar with this aspect. After all, he had the experience from last time, so he could do it with ease now.

For some reason, Xu Bai felt a little strange. After all, this kind of experience was indeed very strange.

"Yes." The female Abbey Dean nodded and said," You have the strength of Level Three, right? I'll use Level Three strength to hit you. Try to see if you can transfer it. I'm ready. As long as you use it, you can imitate it..""

Chapter 540: Mutated Gold Finger

Xu Bai thought for a while and then prepared himself, indicating that they could begin.

A deal was about integrity. Xu Bai had always paid attention to integrity in his deals.

Of course, he now felt that he had suffered a great loss in this deal with the dog Emperor. He had thought that there was no danger along the way, but in the end, he had risked his life. When he went to the capital...

— I need to pay more money from the way to go.

The female Abbey Dean didn't care what Xu Bai was thinking. She knew that the time she could stay awake was getting shorter and shorter, so she seized the time and raised her right hand to press on Xu Bai's chest.

When her right hand pressed down on Xu Bai, a huge force surged out. Xu Bai felt a tightness in his chest. Then, he used the Flower Transposition Technique.

Xu Bai pressed his left hand on the Abbey Dean's shoulder and transferred the power to her.

The next moment, the female Abbey Dean released her hand and closed her eyes tightly, as if she was thinking about something.

After the time for half an incense stick to burn, she opened her eyes again and nodded.

"Done?" Xu Bai asked.

"It's done," the female Abbey Dean said. "By the way, what's the name of your move?"

"Shifting flowers to trees." Xu Bai said.

The female Abbey Dean smiled brightly. "What a nice name. I have to go. The time I can stay awake is getting shorter and shorter."

Xu Bai didn't say anything.

After all, this was the first time they had met, and he was someone who could go crazy at any time. If he wanted to leave, he would leave. If he left, he would

leave more at ease.

"Bloody Butcher, you must know that there is always someone better than you. I know that you are a genius, but you must be careful in the future. After all, those who can live to the age of the older generation are all skilled."

The female Abbey Dean slowly rose into the air. She looked at the young man in front of her and couldn't help but remind him.

When she came into contact with Xu Bai when she was awake, she could feel that the energy in Xu Bai's body was so huge that it was shocking. It was definitely not just the strength of Level Three.

However, most people nowadays were easily arrogant. The female Abbey Dean was a very kind person, so she kindly reminded him.

Xu Bai agreed and waved his hand. "Come back often if you have the chance.

Next time, bring more wood carvings."

"There will be," said the female abbey dean.

With that, she turned into a stream of light and disappeared into the distant horizon.

Xu Bai held his hand and froze in mid-air. After a long time, he put it down and sighed.

From the looks of it, there would still be a chance to interact in the future.

He really didn't want to interact with her. Even if there was a progress bar, he didn't want to have too much contact with this woman.

What Xu Bai liked was a rhythm that he could control. Once it was out of his control, he would not touch it, and he did not even want to touch it.

However, since things had come to this, there was nothing else to think about. After the female Abbey Dean completely disappeared, Xu Bai put away his thoughts and looked at the progress bar on the wood carving with a smile.

If there were no accidents, this would definitely be able to work together with the transplant.

Transposition was a particularly unreasonable skill.

For example, as long as he was at the level of the Second Stage, the Second Stage would be able to counterattack. Of course, this was on the premise that he had enough True Core Strength.

“Let’s get this liver first.” Xu Bai stroked the wooden carving with his hand and prepared to carry it back.

However, he did not expect that when his gaze came into contact with the progress bar, he suddenly froze on the spot.

The progress bar on the wood carving was still there and had not disappeared. However, what puzzled him was that the progress bar had become faster.

The female Abbey Dean had carved this wood carving herself. Its level must be high enough, but why did the progress bar become faster?

Could it be because of his low level?

It shouldn’t be that bad. Since it came from the female Abbey Dean, it couldn’t be too low.

“I seem to have guessed something.” Xu Bai stroked his chin and thought. “I’ll go back and find the progress bar to verify my results.”

He didn’t stop. After identifying the direction of Lingyun State, he rushed towards Lingyun State.

This trip did not take long. He came out not long after he went in, so Xu Bai concluded that Ye Zi and the others were still waiting for him in Lingyun State.

When he rushed to Lingyun State and stepped into the city gate, he quickly saw a figure pouncing over.

“Young Master...” Ye Zi threw herself onto Xu Bai, her voice somewhat choked up.

Xu Bai hugged Ye Zi's waist and turned around. He saw No Flower and Miao Xiao waiting at the city gate.

“Didn't you find a place to rest?”

“No, I haven't.” A relaxed expression appeared on No Flower's face as he

habitually rubbed his bald head.” “Ye Zi was worried that you wouldn't be able to find us when you came back, so she wanted to guard the city gate. We had nothing to do, so we just happened to be guarding here together.”

The degree of his worry for Xu Bai was not the slightest bit inferior to Ye Zi's.

After all, the two of them had gone through life and death before. Moreover, this time was considered two times.

Therefore, after Xu Bai's accident, No Flower was also very worried. Fortunately, he was fine and relaxed.

“Lord Xu, you are so strong.” Miao Xiao did not hide the admiration in his eyes.

First, he brought them to break the Gu God Sect's conspiracy, then he fought against mortal evolution state masters, and then he was dragged into the human market and came out calmly.

There was almost no one else in the younger generation who had such strength.

In the past, Miao Xiao's admiration mostly came from rumors in the martial world. Now that he had seen it with his own eyes, it confirmed his thoughts.

After Ye Zi called out to Ling Yi, Ling Yi didn't speak. However, her hands were very tight. If it weren't for Xu Bai's good health, his waist would probably have been broken..
