Chapter 541: Mutated Goldfinger (3)

“Alright, let’s find a place to rest first. “Xu Bai smiled and patted Ye Zi’s shoulder.

The few of them then left the city gate and found an inn to rest for the time being.

As Xu Bai was fine, he also told everyone not to follow him. Wu Hua and Miao

Xiao then returned to their rooms, leaving only Xu Bai and Ye Zi.

It took Xu Bai a long time to calm Ye Zi down.

Although Ye Zi had calmed down, she looked at Xu Bai with a resentful gaze.

Alright, alright, stop looking at me like that. Be good, give me the sword technique.””Xu Bai said as he patted her head.

“Yes, Young Master.” Ye Zi replied and bent down to search in the bag.

Xu Bai didn’t stop either. He used a trace of true essence power, and the Fourth Stage puppet that was scattered in the corner stood up again.

Very soon, Ye Zi held the heavy sword in her hand. She walked lightly to Xu Bai and handed it to him.

Xu Bai took it and examined it carefully.

The golden progress bar was very eye-catching. Of course, in his eyes, the progress bar that others could not see was especially obvious no matter when and where.

Xu Bai's eyes were fixed on the heavy sword technique. Under his gaze, the progress bar began to increase rapidly.

That's right, the situation of a sudden increase in the level of the

If his previous speed was like a turtle crawling, now it had become the speed of a human walking. There was a qualitative improvement.

In front of his eyes, the progress bar grew bigger and bigger. According to his estimation, he would finish the book in a few hours at most.

"What's going on?" Xu Bai thought to himself.

At first, he still suspected that there was a problem with the level of the wood carving, but now it seemed that there was not a problem with the level.

This proved that the problem was not the progress bar, but himself.

"What problem do I have?" Xu Bai drank a mouthful of tea brewed by Ye Zi and fell into deep thought.

If it was his problem, then when did it happen?

Xu Bai thought about it carefully and soon figured out the reason.

Perhaps... Was it related to the Bizarre City?

Before going to the Bizarre City, everything was normal.

After going to the Bizarre City and returning from it, the progress bar had become faster. It was difficult for him not to think in that direction.

“No, no, it’s absolutely impossible. It’s not just the Bizarre City. There’s also the Bizarre City.” Xu Bai’s previous idea was quickly overthrown by him and another idea was added.

He could think of a very special similarity between these two places. This similarity could be summarized in one word.

It hurt!

Whether it was the Bizarre City or the Bizarre City, the first thing he felt after entering was the pain of devouring his soul.

The pain was extremely deep. It was not physical pain, but an irresistible pain. Even a tough man would not be able to resist it.

If he didn’t have a golden finger, he might have lost his soul long ago. This was the common point.

“Both times, I suffered the pain of devouring the divine soul, and then triggered the Goldfinger’s reaction. In the end, it made the Goldfinger stronger.” Xu Bai quickly came to this conclusion.

If he wanted his cheat to become stronger, if he wanted to successfully speed up his progress, then he could only suffer.

To put it more accurately, it was not to let his soul suffer pain, but to find a way to stimulate the special counterattack of the Goldfinger.

“It’s to stimulate!” Xu Bai thought it through.

Although it was only a deduction, it was very feasible. He felt that if he had the chance next time, he could try it. The pain was extremely unbearable, but it was better than not trying at all. Moreover, there were benefits.

“The only regretful thing is that Shi Bai doesn’t know what other methods can devour the soul. “Xu Bai thought, It seems that this choice is placed in front of me.”

Without a way to devour the divine soul, the only way left was to enter those two places again. Therefore, Xu Bai had a difficult question in front of him. Should he go or not?

If he didn’t go, it would be safe. Safety was the top priority, but he would lose a huge profit, which made Xu Bai envious.

If he went, he would face danger, but compared to the danger, there would be huge benefits.

Xu Bai took another sip of tea, put down the teacup, and tapped his fingers on the table. After a while, he knew what he needed.

Become stronger!

Only by becoming stronger and ignoring the dangers of those two places would he have a reason to go there without any scruples.

At the thought of this, Xu Bai finally understood that he had to seize the time now. He had to make himself stronger as soon as possible while his golden finger had advanced.

“Open the liver!” Xu Bai picked up the heavy sword technique and continued to work hard.

The sky gradually became darker. It was already late at night, and only one or two night watchmen were walking on the street.

In the dark room, except for the light of the oil lamp, only Ye Zi was left to accompany him.

The next day.

[Fusion successful.]

Two skills in one night, and the progress bar skyrocketed like drinking water.

The improvement of the cheat this time made Xu Bai look at him in a new light. In front of him, light blue smoke appeared and formed the latest panel.

[Name: Xu Bai]

” Comprehension: Maximum level.”

First of all, after the Five Moves of Sword Go merged with the heavy sword technique, it became the Five Moves of Swordless Sword.

This skill had reached the eighth step, which was the level of the second grade. Other than retaining all the previous attributes, it also had the special effect of a heavy sword.

He needed a knife.

To be precise, he needed a good saber.

Each of the five stances of the Swordless Saber contained the characteristics of a heavy sword.

He had also retained some of his previous characteristics. With the addition of the two, his power had multiplied.

Unfortunately, Xu Bai still didn't have the sword technique that he had always wanted.

“All in all, I need more materials to create a new blade.” Xu Bai thought.

The Black Saber Hundred Rend had already been destroyed in the previous battle. After all, it was only a fourth-grade weapon. It was too normal for it to be destroyed in that battle.

Xu Bai did not want to do it again because Rank-4 was no longer enough for him. He could use his hand as a knife now, but the only difference was that he did not have the ability to split and was slightly weaker.

“When I reach the capital, I can completely fuse the skills of the mechanisms in the royal treasury as soon as possible and then make a suitable weapon.”

It was time to upgrade the Mechanical Puppet Technique. Whether it was a puppet or his own weapon, this skill was important.

However, now was not the time to think about this. Xu Bai’s thoughts turned to the second skill.

The second skill, Shifting Stars.

Sometimes, he would think that Little Gold was really trash when it came to naming.

If Transposition of Flowers and Trees became a skill that could be used to move stars, then what would it be called the next time he leveled up?

He had upgraded to Shifting Stars and reached Rank-9, which was equivalent to Rank-I.

Also is said, one grade includes one grade below all people, all cast attack, all can transfer, and counterattack.

He could even inflict injuries on himself and counterattack on others. As long as he had enough True Core Strength, he could use this skill without limit.

This was an extremely unreasonable skill.

From this, it could be seen that the female Abbey Dean's talent was so high that it was simply astounding.

After using the two skills for only one night, Xu Bai realized that he could not resist the temptation of upgrading his Goldfinger.

He was even thinking that he should come a few more times and let him enter the Bizarre City and the Bizarre Demon City a few more times to see if he could level up again.

Of course, it was just a thought. Not to mention other things, just entering would require a lot of fate.

"Young Master, when do we set off?" Ye Zi asked as she helped Xu Bai wash up.

Ever since she became Xu Bai's subordinate, Ye Zi had taken care of all these tasks.

Just as Xu Bai was about to speak, he heard a knock on the door.

"Almsgiver Xu, are you awake? I have something to tell you." No Flower's voice sounded from outside.

Xu Bai winked at him.

Ye Zi nodded and opened the door sensibly. Not long after, No Flower and Miao Xiao walked in and roughly explained the matter.

The general meaning was that the matter was already done. No Flower had also reported the matter of the Ying Prefecture Token. Moreover, a new Prefecture Token was being appointed, so he planned to bid farewell.

After all, the work of the Heaven Inspectorate was very busy. He could not stay in one place for too long.

Moreover, because the matter this time was very big and involved a state magistrate, he had to make a trip to the capital.

Miao Xiao was the same. She had already completed her mission and was preparing to go back, so she came to say goodbye. It just so happened that the two of them were on the same way and could still walk together for a while.

No Flower's meaning was to ask Xu Bai if they needed to go together.

Xu Bai shook his head and said, "I won't leave. I'll be staying here for a while. It won't be too late to leave after I've stabilized myself."

This was also Xu Bai's idea. When he checked the progress bar last night, he had thought about it for a long time and finally came up with this idea.

Hurrying on?

This matter could not be panicked or rushed.

If it was in the past, he might have packed up and left, but it was different now.

In the past, because the progress bar was very slow and the golden finger had not advanced, he was not in a hurry to improve the progress bar.

But now, the situation had changed greatly. The most obvious thing was the advancement of his cheat. In just one night, he had already made two progress bars.

He still had 15 Nameless Saber Scriptures. These 15 Nameless Saber Scriptures had always been his favorite. He had never had any of them. It was not good to leave them outside..

Chapter 543: Mutated Goldfinger (5)

If one day, he lost one or two books, or even all of them, wouldn't he suffer a huge loss?

Therefore, he took advantage of this period of time to complete the remaining fifteen books.

This was one of the reasons. The other reason was that the danger level of this trip was beyond imagination. The more progress bars he had, the more confident he would be.

However, if he didn't walk or walk, it didn't mean anything else.

Xu Bai said to Ye Zi, 'You go with Wu Hua. Wu Hua is going to the capital to report.'"

Ye Zi was slightly stunned. Then, her expression became very awkward.

Xu Bai was a smart person. How could he not see through Ye Zi's intentions? He smiled and said, "I know you don't want to leave, but this final stage is definitely not simple. If you stay by my side, you might as well go to the capital first and wait for news of my victory."

Ye Zi opened her mouth and wanted to say something, but in the end, she did not say anything. She only lowered her head, and her eyes carried a trace of bitterness.

"I must become stronger. I can't be a burden to Young Master, and I can't be a burden." She thought to herself.

After this incident, Ye Zi had an idea in her heart and was ready to implement it. She had to become stronger. Otherwise, she would forever be a burden.

Although her support ability was top-notch and very useful, this ability seemed to be insufficient in the face of some desperate situations.

He wanted to become stronger so that he could help his young master.

This thought took root in Ye Zi's heart at this moment, making her unable to get rid of it.

Ye Zi hugged Xu Bai gently and said gently, "I will wait for Young Master in the capital. Young Master must arrive safely. If anything happens to Young Master,

Ye Zi will accompany Young Master."

She was a sensible woman and not the kind of person who would make a fuss without reason. She knew what was important and what was important. She also knew the big picture.

Therefore, he did not pester her unreasonably.

Xu Bai smiled and said, "Don't worry. This time, such a big deal didn't even knock me down. It's not difficult anymore."

Ye Zi stopped talking. She seemed to be in a low mood, but she had obviously agreed.

After that, No Flower and the others left. After all, time was of the essence, so they didn't stay for long.

Ye Zi followed.

Soon, Xu Bai was the only one left in the room.

"I'm not used to it suddenly being so quiet." Xu Bai said.

During this period of time, Ye Zi had been accompanying him.

The two of them got along very well. They could even do some special entertainment activities at night, so Xu Bai was very satisfied and even felt very good.

Now that he was suddenly left alone, he was still not used to it.

“Continue, let’s begin!” Xu Bai took a deep breath and took out a nameless saber scripture. He seized every moment and began to work hard.

Sometimes, news seemed to have legs and could spread everywhere.

Even if the transmission was slow, a gust of wind could still give it wings, allowing it to transmit faster and further.

During the trip to Lingyun State, the Bloody Butcher Blade Guest displayed his power and fought the Gu God Sect alone.

As the wind blew, this matter seemed to have wings and spread throughout the entire Jianghu.

Some people believed it, while others did not. After all, there was no way to tell whether the news in the martial arts world was true or false.

Many of the younger generation revealed bitter smiles.

Originally, in this era, everyone was competing for beauty and each had their own strengths. In this era, each of them shone with their own splendor.

But now, the sudden appearance of a Bloody Butcher Blade Guest had suppressed the entire younger generation.

This mountain was as tall as the clouds, making them feel intimidated and afraid to climb it casually.

It was as if everyone had the ability, but no one was convinced. Everyone wanted to compete for the throne of the number one among the younger generation.

However, all of a sudden, a stranger walked into this circle, raised his knife, and told everyone that none of the younger generation could fight.

This feeling was really unbearable, making everyone feel bitter.

More importantly, this young man originally had no background, but now, not only did he have the royal family's background, but even the other two major forces looked at him in a different light.

An elder of the Titanium Temple, who did not want to be named, said that Xu Bai was welcome to visit the Titanium Temple and was treated as a distinguished guest.

An unknown teacher from the Qingyun Academy of Jiangnan Road said that the door of the Qingyun Academy was open for Xu Bai.

Not only did he have a background, but he also had a huge background.

All in all, the younger generation was very uncomfortable, but after all, they had never seen Xu Bai in person, so many of them were still eager to give it a try. Even in the capital, many of the younger generation were already waiting for Xu Bai.

In response, Liu Moumou, Yun Moumou, and Wu Moumou, who were unwilling to reveal their names, expressed that this group of people would be beaten very badly.

Of course, Xu Bai didn't know all of this because he was still immersed in the Nameless Saber Scripture.

Time gradually passed, and in the blink of an eye, several days had passed.

The inn in Lingyun State was originally quiet.

Suddenly, from a certain room, came a certain macheteman's unrestrained laughter..

Chapter 544: 1,000 People, Arriving in Beijing (8000)

The laughter was extremely loud and deafening, filled with heartfelt joy.

This laughter was like a movie. In that movie, an expert had just come out of seclusion and laughed loudly, saying that he was invincible. In the end, he was stabbed to death by a boot in the sky.

Xu Bai burst into laughter in the room. He didn't stop until he heard complaints from the next room.

Taking advantage of the golden finger to speed up his progress, Xu Bai finally finished all fifteen books of the Nameless Saber Scripture after staying in Lingyun State for so long.

Looking at the panel made of light blue smoke in front of him, he wanted to laugh again.

" Comprehension: Maximum level."

Rank One.

He had already reached the level of a Rank One expert.

Among them, these fifteen nameless saber scriptures brought about a huge improvement in three skills.

The first was the mental cultivation method. The name of the mental cultivation method, the Yin-Yang Song of Reversing Purple Cloud Squall, had not changed, but it had become Rank-9. This was the opportunity for him to enter Rank-1.

When he reached Rank One, he had already grasped the benefits of Rank One.

Xu Bai raised his right hand and pointed his fingers like a knife. Then, a vague knife energy circulated between his fingers.

This was Saber Qi. At the Second Stage, every profession would have a qualitative change. This was his qualitative change.

The saber qi condensed from the astral winds was even more powerful and had extremely strong penetrating power. Its attack range was even further than the astral winds.

Now that he had reached Rank One, the Saber Qi was even more condensed. He only needed to flick his finger and the Saber Qi could travel a thousand miles in an instant.

Taking someone's head was like taking something out of a bag.

Xu Bai could feel that the vast sea of True Core Strength in his body was undergoing a qualitative change. As long as it underwent a qualitative change, he would be able to condense his own Heavenly Change. However, he did not know what type of Heavenly Change it was.

However, it was still too early to reach the mortal evolution state because he had no progress. If he wanted to reach the mortal evolution state, he still needed some mental cultivation methods.

The second skill, Breaking Nine Transformations, had also been upgraded to a level similar to the first grade.

To be honest, this skill did not give him too much of a surprise.

There was still a pleasant surprise. His speed had already reached its limit.

Xu Bai sat on the chair. The next moment, the door not far away suddenly opened and closed again, but he was still on the chair.

This was an afterimage left behind by a high-speed movement. He had already moved extremely quickly just now, but it showed that he was still in his position because his speed was too fast.

This was a surprise, but compared to the other two skills, this surprise was not very high.

The third skill, Swordless Blade Superclass.

This was the last Unnamed Saber Scripture that came out. At that time, there was an Unnamed Saber Scripture Superclass, but after fusing it, it became the Swordless Saber Superclass.

Most importantly, this was an important dish. Its skill level had reached Extraordinary Rank-I, which was equivalent to Extraordinary Rank-I.

The mortal evolution state was an extremely important watershed for any profession. There was a huge difference between the mortal evolution state and the mortal evolution state.

It could be said that everyone below the mortal evolution state was an ant. Even someone as strong as Xu Bai had to retreat when facing a mortal evolution state.

Although it was not a mental cultivation method and was only a skill, it was still different from heaven and earth.

It turned out that the most important knife technique was the knife technique. This sentence might be a bit twisted, but it was only a knife technique after all. It was about all kinds of exquisite moves.

However, after reaching the mortal evolution state, the power of this skill was that it was different from the original moves. Each move was the strongest blade technique.

For example, in the past, when the Five Styles of the Knife were executed in a fixed way, even if there were changes, the changes were traceable.

But now, it was different. After the swordless knife superclass reached the mortal evolution state, every move was done at will, and Xu Bai's original knife intent was pushed to the limit.

If it was in the past, Xu Bai would have thought that it was impossible to defeat a master without any moves. Although there was a saying that a master would be killed by random punches, it was just a saying.

However, when he truly understood the meaning of this move, he understood that it was really stronger than before.

After transcending, he would play with the Heavenly Transformation.

Every move and style served the Heavenly Transformation and matched the characteristics of the Heavenly Transformation. The Heavenly Transformation was also added to it.

The two complemented each other, just like the white-robed man and the cool breeze that Xu Bai had seen in the Humanoid and Bizarre Market. Every move of his had no pattern, but it was extremely powerful. Every punch could shatter the sky and split the earth. This was a similar effect.

The move was more in line with the Heaven Changing Technique. It abandoned the form and was close to nothing.

It was more like a carrier of the changes of the Heavens.

Although Xu Bai was only at the first stage, it didn't stop his mortal evolution state skill from having the effect of heaven changing..

Chapter 545: Fighting a Thousand People Alone, Arriving in the Capital (2)

Xu Bai raised his right hand and waved it casually like a knife. He didn't use any True Core Strength. After all, he was worried that he would destroy the inn.

As he waved his hand, Xu Bai released his hand.

A chaotic aura suddenly appeared, but it quickly disappeared.

Chaos?

Xu Bai was slightly surprised.

The swordless blade superclass of the mortal evolution state produced a chaotic aura that seemed to mix the entire world.

"Could this be my Heavenly Transformation?" Xu Bai thought to himself.

He didn't quite understand what was going on because he hadn't reached that level yet, so he couldn't understand much.

However, most mortal evolution state skills were carriers of the heavenly changes. He could predict his future heavenly changes, but only a little.

"I'm looking forward to it." Xu Bai rubbed his chin.

Just this alone made him extremely interested. Although it was just the tip of the iceberg, he wanted to see the whole picture. He could only wait until he reached the mortal evolution state.

However, according to his current estimation, the chaotic aura would be instantly disrupted by those Rank Ones.

In short, he was very strong.

Xu Bai stretched and stood up, massaging his waist out of habit.

Even at his level, he would not suffer from back pain or kidney deficiency, but he always had this habit.

Look at Yun Zihai. He's so weak at such a young age. Men must protect their waists.

"Yes, we've been delayed for so long. It's time to set off." Xu Bai thought.

He had finally finished the progress bar for all of his progress. Since he had nothing to do, it would be best if he left for Beijing as soon as possible. After all, Ye Zi had probably been waiting for him there for a long time.

Xu Bai was already thinking of telling the Emperor how tough his journey had been and whether he could get more benefits.

In the previous transaction, other than the Nameless Saber Scripture, there was also a reward of a month of free reading of the fourth-grade books in the imperial family's treasury.

However, a fourth-grade book was too little for his current realm. Unless he took a large number of books, it would be difficult to continue.

He thought about whether he could get some money from it. As he thought about it, he went downstairs. After paying the bill, he was ready to leave.

After such a big incident in Lingyun State, there was no more state token. A new state token had been sent out long ago. He was just a pedantic scholar who didn't like Xu Bai at all.

Knowing that Xu Bai was here, she didn't even want to come and meet him.

Xu Bai didn't care about this. He didn't want to see these people either.

No matter how big the event happened, the world was still running according to the original track.

However, after so long, they gradually faded away and continued to live their own lives.

Xu Bai led the horse and got on it, leaving Lingyun State.

Their next destination was the capital. It was very far from the capital, but there was no place to stop along the way.

Xu Bai only chose a Yin station to stay at, and then he rushed over without stopping.

A few days passed, and he was getting closer and closer to the capital. Just as he was about to arrive, he realized that something was wrong with his surroundings.

He was already halfway there. He was in the wilderness. Not far away, there was a small village. The village looked normal, at least from the outside.

However, when Xu Bai walked into the village, he realized that something was wrong.

It was broad daylight, and the sun was high in the sky. The light shone down, giving people a feeling of the warm sun in winter.

Although it was almost winter, the snow was still falling, and the sun was still showing its incomparable status.

Basking in the sunlight, Xu Bai looked around the village and found many horse prints, which proved that someone had passed by.

The villagers who passed by were very normal and did not see anything wrong.

They were all ordinary people. Xu Bai reckoned that the other party would not make a move here. After all, he did not intend to stay here.

Xu Bai slowed down and listened to the villagers' conversation.

"How many waves have they been? Several waves of Jianghu people have passed by our village. It seems that they are rushing to the capital."

"How would I know? But when they pass by, we just don't look. Otherwise, we'll get ourselves into trouble."

"You didn't see it. A few days ago, there were two groups of people from the martial arts world who happened to meet. They didn't know each other at first, but they seemed to have said something about cooperating and left directly."

I've met him before. It seems to be because of a person called Xu Bai. They didn't know each other at first, but because of this person, they seemed very close."

"Keep your voice down. Look at that young man looking at us."

A few villagers were chatting. When they saw Xu Bai's gaze, they lowered their heads and left in a hurry.

Xu Bai rubbed his chin and thought to himself, I was wondering why we had such a peaceful journey. Could it be that these guys are together?"

From the conversation of the villagers just now, he could feel that many people from the martial arts world had passed by this place recently, and their destination seemed to be in the direction of the capital.

Moreover, these people seemed to be specifically targeting him. Even if they did not know each other, they would work together after meeting each other..

Chapter 546 Fighting a Thousand People Alone, Arriving in the Capital (3)

"Interesting. Is he going to struggle at the last moment?" Xu Bai looked around and left after seeing nothing unusual.

He could imagine that the other party would definitely not be willing, so this should be his last hurdle. However, he had to deal with it when it came. He had to get through this hurdle.

When Xu Bai was rushing to the capital, a huge crowd was gathered in a mountain far away from the capital.

There was no leader here because these people had rushed over from all over the place.

Because of a common reason, they had gathered together. No one would obey the discipline of the other. Their common reason was simple: to kill Xu Bai.

No one spoke, and no one stood up to take the lead, because the leader was gone.

This mountain was very ordinary. It did not look like a high mountain, nor did it have the beauty of a scholar. It was just a bare mountain.

Everyone was holding their weapons and looking at the intersection of the mountain. That was the only way to the capital.

At the end of the mountain road, there was a man in ordinary clothes riding a fast horse. He was on his way.

Because the road was empty, the man also saw the group of people in the distance.

"Phew..."

The man pulled the reins and stopped the horse. He looked at the dark patch in front of him and smiled.

"There are probably thousands of people here, right? So many people came just to surround me. It seems that you guys are really ruthless."

Although his voice was soft, everyone around him could hear it clearly when it echoed in the wilderness.

The man in front of them did not sound nervous. Instead, there was a hint of ridicule in his tone, as if he did not treat them as humans.

The thousands of people looked at each other in dismay. The strength of the people varied, and there were many Rank One experts among them.

These experts were all standing at the front. Clearly, these people were also divided into levels.

Someone stood up and raised the knife in his hand. "Bloody Butcher Blade Guest, this is your final checkpoint. Don't laugh at us. We don't want to play dirty with you. If we continue to play dirty, we will be defeated by you one by one.

Why don't we have the final battle here? Let's see if you win or we win."

This person was a Rank One expert, but he was not young. He was already middle-aged and was even approaching old age. It was obvious that he had endured for a long time.

Xu Bai jumped down from his horse, but he didn't answer the man. Instead, he took off the reins, turned the horse around, and patted the horse's butt.

The horse neighed and ran far away.

"Even if it's an animal, it doesn't need to die here. It's better to let it run far away."

Xu Bai stretched as he watched the horse get further and further away.

"That's right. I originally thought that you were going to use a scheme, but now it seems that you've saved everyone time."

Out of habit, he pressed his hand on his waist, but he did not press the black saber Hundred Rend. Only then did he remember that his saber had been destroyed in the battle with the Gu God Sect.

After waving his hand uncomfortably, Xu Bai looked at the group of people in front of him.

Thousands of people were gathered here. Even though the space was vast, it still seemed a little crowded. These people had all rushed here spontaneously from various places.

"How can I?" Xu Bai sighed and said, "I can't believe you've asked everyone to come here to kill me. Why don't you give me some face and disperse so that you won't lose your lives in vain?"

Although I kill people like flies, I don't want to kill too many people. You should have your own things to do. Why do you want to die here?"

"Xu Bai, cut the crap." The person who spoke first saw that no one was talking around him, so he said, "The mountains and rivers here are beautiful, and it's also your burial place."

"Are we really going to fight?" Xu Bai said helplessly."

That person nodded. Read more only at ([|n|.o|v|](#))[e|l|n |e|'x|t|](#)

The group of people began to move. They pulled out the weapons in their hands one after another, and all kinds of auras were constantly overlapping.

These people all had different strengths, but there were thousands of them. They were still a force that could not be underestimated. No one spoke, because the fighting spirit between the two sides had reached a peak. No one knew who made the first move, but the dark crowd suddenly launched a fierce attack.

Only when thousands of people gathered their attacks together did they realize how terrifying it was. The sky was originally bright day, but in the face of all kinds of attacks, it suddenly turned into night.

This was not because of the physical nature of the night, but because the sky had been blocked.

Xu Bai raised his head and looked at the incoming attack. He took a deep breath.

He had just entered Rank-1, yet he had already encountered such an ambush. Moreover, the number of people was so many that it made one speechless. However, for him, it was a good opportunity to verify his strength.

"After this battle, we should be able to teach those younger generation a lesson and let them not look for trouble for no reason."

Xu Bai had also heard that the younger generation was not convinced by each other. Now that he had jumped out, there would definitely be many young people who would be filled with fighting spirit and point their spears at him.

However, the people he was facing now were the older generation, so he did not want to waste his time in these places.

Using this battle to clear his name was also to let those people know what kind of level he was at. It could also save him trouble in the future.

Chapter 547 A Thousand Thousand People Arriving in Beijing

Looking at the approaching attack, Xu Bai put his fingers together like a knife. Then, a translucent knife energy appeared on his fingers.

This Saber Qi was invincible.

Xu Bai slowly raised his hand, facing the dark sky in front of him. Saber Qi suddenly burst forth.

– Swordless Saber Superclass!

An attack unique to the mortal evolution state burst forth from his fingers. Although there wasn't a knife, it was faster than a knife.

A huge hole was torn in the sky. From the front to the end of the line of sight, the attacks that were originally covering the sky and earth actually disappeared in an instant under this finger.

Not only that, a chaotic aura was gradually spreading from the sky.

This was the Heavenly Transformation that belonged to Xu Bai. Although Xu Bai had only touched the tip of the iceberg and could only use the Swordless Saber Superclass, it was enough.

The chaotic aura made people feel hopeless. Xu Bai waved his right hand again.

This slash was casual, but it was invincible.

The dozens of Rank One experts at the front were all old. When they saw Xu Bai break the sky with one saber move, they were stunned on the spot.

Any Rank One expert would not be able to break through the attacks of thousands of people in one move.

It was unbelievable!

They were shocked. At the same time, they also felt that chaotic aura!

“It’s the Heavenly Transformation!”

“No, it’s not the Heavenly Transformation. He only touched that trace. It’s not even considered a Half-Step Extraordinary.”

“Could he be the reincarnation of some old monster? In this day and age, how could there be such a terrifying young man!”

“I’ve never seen such a young man in all my life. How is this possible?”

The chaos of the heart and influence seems to be nothing, but it is imperceptible and imperceptible.

The despair caused by the chaos was attacking their hearts, making them unable to resist. Then, Xu Bails second slash appeared.

Saber Qi suddenly spread out, as if the sun was about to explode and evaporate the bottom of the sea.

This blade was like a scorching sun, but within the scorching sun, there was a terrifying despair and chaos.

Some people could no longer hold their weapons. They were fighting against the chaos in their hearts.

They seemed to see themselves in a stitched world. There was nothing there, but there was everything. They were clashing with each other, making their bodies numb.

“Boom!”

The ground began to sink, and terrifying cracks spread out like a spider web. The hundreds of people at the front, along with the dozens of Rank One experts, were turned into ashes by this knife.

The remaining thousands of people raised their heads and looked at the young man in ordinary clothes in front of them. The despair in their hearts was magnified infinitely at this moment.

This person was invincible!

It was unknown who had this idea, but he did not say it out loud. However, this idea was like a magic net, gradually spreading through the invisible air.

Under the stacking of chaos, they even had the thought of going crazy.

Those who were not strong suddenly pulled out their knives in the chaos and stabbed them.

“Hahaha, I’m finally free, finally free! Xu Bai, you’re finally dead!”

With scars on their lips, these people who were killing each other let out despairing cries. Each of them had fallen into madness.

Most of them could still resist it, but it was simply a fantasy for them to fight Xu Bai while resisting.

“Is this Extraordinary? It was only a trace of the Heaven Transformation, but it was already so powerful. Those below the Extraordinary Realm were like ants. This sentence was indeed true.” Xu Bai thought to himself.

He also felt the horror of this kind of chaos, especially when the saber technique was used as a carrier.

However, now was not the time to continue feeling. It was the time to kill. Xu Bai began to walk forward slowly, saying something with every step he “I wanted to spare your lives, but you’ve gone further and further down the path of courting death.”

“Since all of you want to die, then I will give you a quick death.”

“Today, none of them will be able to escape.”

After finishing his last sentence and taking his last step, Xu Bai raised his right hand and cut the void in front of him.

In the next moment, the terrifying qi of the saber came again.

Xu Bai leaped into the sky like a shooting star. He followed the saber Qi and fell into the crowd.

The saber Qi tore apart, and hundreds of people died in it, turning into ashes. .com

With every step Xu Bai took, he waved his hand casually. However, every time he waved his hand, it carried the chaos of the sky and the terrifying saber Qi.

Every time he waved his hand, he could take away the lives of hundreds of people, as if he was cutting leeks.

However, he was strolling leisurely in the courtyard, like an old farmer harvesting leeks.

“Kill! Kill them!”

“Don’t be afraid anymore. Don’t despair anymore.”

“If this continues, all of us will be finished!”

The people around him suppressed the confusion in their hearts, but their hands were still trembling as they attacked Xu Bai again.

Xu Bai didn't seem to notice. He didn't even look at it, nor did he fight back.

He only waved his hand and swung his knife.

Countless attacks landed. Under the circulation of True Core Strength, Shifting Stars was used.

These attacks followed the original path and landed in the crowd, taking countless lives.

Xu Bai continued to wave his hand.

Every time I wave my hand, every time I feel fear.

But now, they could not escape.

Xu Bai used the Nine Transformations of Breaking Line.

The terrifying speed left only afterimages in the surroundings, as if there were countless Xu Bai's.

Coupled with that terrifying and chaotic aura, this group of people.... Finally, he completely collapsed!

Chapter 548: Fighting a Thousand People Alone, Arriving in the Capital (8, 000)

On the vast mountain, a blood mist formed by blood qi actually rose.

After an unknown period of time, a young man wearing a Daoist robe walked out from the other end of the mountain.

The ordinary clothes on the outside had already turned into scraps, and this Sun and Moon Daoist robe was also soaked in blood.

Xu Bai lowered his head and looked at it.” It’s hard to be hurt by swords and sabers. It’s impervious to fire and water. It can also repair itself, but it doesn’t have the ability to clean itself. ”“

He shook his head and raised his foot. His True Core Strenzh flowed wildly.

The next moment, he turned into a blur and rushed towards the capital.

Behind him was a mountain of corpses. Other than some lucky ones that turned into ashes, the rest had all become ruins.

Some of the corpses had been split in half, some had their limbs broken, and some had been cut open from the middle.

It was a tragic sight, like a hell made of flesh and blood.

Blood dyed the forest red, and the ground was also soaked in blood. If a timid person passed by, they would definitely be scared out of their wits.

Xu Bai won this battle.

Beijing.

As the capital of Great Chu, this was the wealthiest and most prosperous place in Great Chu.

Here, all kinds of families flourished and intertwined.

Rich merchants were everywhere here, and those big families were even more common. Not to mention the officials in the court, there were as many as the hairs on an ox here.

At this moment, at the northern gate of the capital, there were two young men waiting.

This was a teahouse that was built near the entrance. The two young men were dressed in ordinary clothes, but between their brows, there was a temperament that ordinary people did not have.

The two young men found a seat by the window and sat down to drink tea. They could see the situation at the north gate.

One of the young men raised his teacup and took a sip helplessly. "Brother Lin, no matter what, I'm here to give you courage. To put it bluntly, I'm here to help you suppress the situation. Aren't you going to buy me a drink?"

Lin Ming turned his head and looked at the young man who spoke before him. He said expressionlessly, "Qin Feng, you know me very well. The great battle is imminent and I have to maintain my best condition. Drinking will delay me, so I won't drink."

"Then you can't stop me from drinking." Qin Feng said speechlessly.

"Other than fishing, do you have a hobby of drinking?" Lin Ming said expressionlessly.

Qin Feng choked for a moment. He silently drank a mouthful of tea and no longer spoke.

When fishing was mentioned, he was full of worries. After all, he had never caught a fish as an Air Force officer.

He was doing well in the Gu Yue Sword Sect, but the Sect Master insisted on calling him to the capital, saying that he wanted to see Xu Bai's performance after he arrived in the capital. He had no choice but to fish along the way and arrived here.

The sect master was naturally Chu Yu's mother.

Qin Feng didn't know what kind of performance he should watch, but he felt that it would be fine as long as he was a bystander. However, he didn't expect his good friend Lin Ming to call him over to be a witness.

What witness?

Of course, he wanted to challenge Xu Bai.

Lin Ming, a disciple of the Earth Saber Pavilion. His Earth Saber had reached the acme of perfection, and he was a second-grade genius.

He had heard that Xu Bai used a saber, so he had the intention to compete with him. He had been guarding this place day and night.

Of course, Qin Feng didn't care about this. In any case, he was idle and wanted to watch the show.

Moreover, he was not the only one who was watching the show.

At a table not far away, two women were looking out of the window.

"Sister Liu Xu, will the young master come today?" Ye Zi supported her chin with her hand and looked at the city gate with worry in her eyes.

Ever since he arrived, No Flower had left not long after. However, before he left, Liu Xu had arrived again. Hence, Ye Zi had gotten to know her.

Ye Zi had heard that Liu Xu seemed to have rushed to the capital just to wait for Xu Bai, so after a while, the two of them became familiar with each other.

When Liu Xu heard this, she shook her head and said, "I don't know either, but with his personality, you don't have to worry. Instead, you should worry about his enemies. "

At this moment, Liu Xu had already become the chief of the Heaven Inspectorate and was also a Rank-3 expert.

She had indeed come here for something related to Xu Bai.

Coincidentally, she bumped into Ye Zi again, so she waited for Xu Bai with Ye Zi and took care of him. After all, in this unfamiliar place, as Si Zheng, she still had some power.

After Ye Zi heard this, she nodded slightly, but her eyes could not help but look at the city gate.

They had been waiting for a long time, but Xu Bai was nowhere to be seen. They had to wait here every day. However, she was not anxious at all.

Just like what Liu Xu said, if she had confidence in Young Master, she should be worried about Young Master's enemies.

As she thought, Ye Zi watched.

At this moment, a familiar figure appeared in front of Ye Zi.

This person was wearing a very eye-catching Daoist robe and walked straight into the capital.

Ye Zi was stunned and only reacted after a long while, "It's the young master!" She was about to go downstairs, but someone was faster than her.

It was not Liu Xu, nor was it Qin Feng, and it was definitely not Lin Ming.

On the street, a figure leaped high into the air and landed beside Xu Bai.

“Yin-Yang Art Liu Clan, please enlighten me, Bloody Butcher!” A young man stood in the middle of the road, raised his hands, and cupped his fists..

Chapter 549: Entering the Royal Treasury (1)

Xu Bai was originally quite happy. After all, this was his first time going to the capital. Moreover, he had traveled over mountains and rivers to get here. He had experienced all kinds of dangers along the way, so he had successfully completed this journey.

It was said that the capital was a good place. Before Xu Bai entered the capital, he took a look at the city gate and felt that this sentence was right. Just the city gate of the capital was incomparable to other cities.

He was originally very happy, but at this time, someone jumped out and disturbed his mood.

He had thought that someone would come to challenge him. He had also thought that this person must be in the capital, and there was more than one of them.

After all, his reputation was indeed great now. There was a saying that a tall tree attracts the wind, and a gun hits the bird that sticks out. He was in such a situation now.

However, it was fine to challenge him. After all, the news of him killing a thousand people in anger had not yet spread. These people did not know, so it was very normal to challenge him.

However, if you want to challenge him, then go ahead. Why did you mention that title?

In Xu Bai's heart, the title of Bloody Slaughterer Swordsman was simply too repulsive. Now that someone had stepped on the thunder, Xu Bai's originally good mood instantly disappeared.

If he wasn't in such a good mood, Xu Bai might have just waved his hand and let it go if one or two annoying flies jumped out.

However, in a good mood, a fly jumping out was like drinking a bowl of delicious soup. After drinking it, they realized that there was a fly in the soup. No one could stand such a mood.

"What's your name?" Xu Bai narrowed his eyes. No one could tell what he was feeling.

"I am Liu..."

The person who jumped out claimed to be some Yin-Yang Art. Before he could finish speaking, he had already been sent flying.

With a loud boom, this person flew into the sky and disappeared in the blink of an eye.

Xu Bai retracted his hand and turned to look around.

Because of what he had done just now, a group of commoners had already gathered here to watch. These commoners' eyes were filled with curiosity.

They were not afraid. After all, these things were already commonplace. In a place like the capital, where was there no fighting?

Therefore, they had long been used to it. However, they did not expect that this person would actually start fighting beside the city tower.

There were still Great Chu's troops guarding the city gate. They remembered that not long ago, someone had fought here and was taken away not long after. Therefore, the commoners guessed that this young man was probably the same.

Xu Bai naturally understood what the commoners were thinking. He turned around and followed the gaze of the commoners to look at the soldiers guarding the city. He raised his eyebrows.

Those soldiers looked at each other. They had originally wanted to make a move. In fact, even if they did not have powerful abilities, in Great Chu, if one resisted, it would be a huge mistake.

However, they also heard the person who was sent flying earlier say something about the Bloody Butcher.

Blood Butcher Blade Guest, Xu Bai.

The soldiers looked down and pretended not to see anything.

The circle in Beijing was very big, but it was also very small. Xu Bai's reputation had long spread, and they did not dare to interfere.

Don't joke around. This person is now a favorite in front of the Emperor. If we go up and take him down, we might be punished tomorrow.

Besides, that person was the one who provoked him first. He deserved to be beaten up.

When the commoners saw this scene, they gasped.

They thought to themselves that this person's background was definitely not small. Perhaps he was the young master of a prestigious family.

Seeing that the group of soldiers didn't make things difficult for him, Xu Bai turned around disinterestedly and prepared to leave.

Suddenly, he felt a gaze on him. Following the gaze, he saw a few figures walking in.

"Young Master!" Ye Zi threw herself into Xu Bai's arms and shouted happily.

Xu Bai gently patted Ye Zits shoulder to comfort her. However, his gaze followed behind Ye Zi and looked at another figure.

“Long time no see, Liu Xu.”

There was a hint of nostalgia in his words as he recalled the past when he was in Shengxian County.

During that period of time, Liu Xu had accompanied him in disguise and even killed people together.

Liu Xu was still wearing a veil, so her expression could not be seen. However, the emotions in her eyes were as vivid as autumn water.

She, Xu Bai, and Wu Hua had experienced life and death in Sheng County, so they were especially close when they met again. fre(e)

However, Liu Xu knew that now was not the time to reminisce. She pointed behind her and said, “The trouble is not over yet.”

As she spoke, she walked to Xu Bai’s side and turned to look at the two people behind her. It was obvious that she was on Xu Bails side.

Xu Bai followed Liu Xu and looked at the two people behind him. He couldn’t help but laugh. “Brother Qin, why didn’t you go fishing? Why did you come to the capital? Also, who is this expressionless person beside you?”

The first half of his sentence was a joke, but the second half contained a hint of meaning. Xu Bai’s senses were very sensitive. He could feel that the man beside Qin Feng had a battle intent.

He looked at the man’s waist and found that he was holding a long knife. He did not pull it out, but he could feel that this knife was definitely not an ordinary item.

Qin Feng smiled bitterly.” Brother Xu, why are you mocking me? I’m just here to be a witness. Both sides are friends, so I can’t offend them. This is Lin Ming, a genius disciple of the Earth Saber Pavilion. He wants to challenge Brother xu..”

Chapter 550: Entering the Royal Treasury (2)

He and Xu Bai could be considered close, but they were close because of Chu Yu. Hence, this could be considered a strange familiarity.

“The one who uses a knife is a mute?” Xu Bai rubbed his chin. You even need Brother Qin to say the words.”

Qin Feng turned to look at his friend. He was also very puzzled in his heart.

Although his friend was usually expressionless and expressionless when he spoke and did things, he was definitely not a mute. On the contrary, Lin Ming was very opinionated and usually spoke a lot.

However, for some reason, he didn’t say a single word. This made Qin Feng extremely suspicious.

As if sensing Qin Feng’s gaze, Lin Ming did not even turn his head. He raised his hands and cupped them.

“I’m Lin Ming. I’ve lost.”

After saying that, Lin Ming didn’t wait for Xu Bai to say anything. He turned around and left without wasting any time.

Qin Feng was stunned. He only reacted after Lin Ming had walked far away. He hurriedly turned to Xu Bai and said,”Actually, I’ve disturbed you today. If I’m free, I’ll definitely come and apologize. I’ll leave first.”

Without waiting for Xu Bai to agree, Qin Feng hurriedly chased after that figure.

“Interesting.” Xu Bai looked at Lin Ming’s back and said, “To be able to comprehend Saber Intent at such a young age, it seems that he is indeed a genius.”

“Young master, why did he fight with ?????? Zi asked curiously.

Xu Bai smiled.” He has comprehended the saber intent and also understands the various subtleties of using the saber. Just now, I sent that person flying, so he knew that he was no match for me. That’s why he didn’t want to make a fool

of himself.”

“Then he must be afraid of Young Master.” Ye Zi giggled as she tugged on Xu Bai’s sleeve.

Xu Bai shook his head.” I’m not afraid. I’m just aware of my own situation. A person who can comprehend Saber Intent is not only a genius, but also a person with a competitive spirit. He won’t be afraid of anyone easily.”

Ye Zi nodded her head in a half- understanding manner.

Liu Xu thought about it and was about to speak, but she did not expect that she would be interrupted halfway through her sentence.

A voice rang out from off in the distance. Even as the words left his mouth, a figure appeared in front of Xu Bai.

“Lord Xu is an expert in blade techniques. For Lin Ming to be praised by Lord Xu, he must have something special about him.”

“Greetings, Eunuch Wei.” Xu Bai cupped his hands and said to the white-haired Eunuch Wei.

Eunuch Wei's face was full of wrinkles. Coupled with his white hair, he looked like a kind old man. When he saw Xu Bai salute him, he couldn't help but smile.

"Proud but not impatient, and you can even bow to us old fellows. I really didn't expect that a gentle and refined person like Lord Xu would actually fight against thousands of people alone and kill his way out."

"Hiss..."

The onlookers gasped in unison.

Fighting thousands of people alone.

He even killed his way out.

This time, the commoners really turned into spectators. They felt that today's melons were very full. The eunuch in front of them was of such a high status that he could actually praise a young man. Moreover, this young man had such a story.

This melon was very sweet.

Xu Bai could feel the admiration in Eunuch Wei's eyes. He smiled and said, "When a person hasn't reached the peak, he should keep a low profile.

Otherwise, he might not even know when his head is gone."

Just now, he could sense that Eunuch Wei's strength was unfathomable. Even at this stage, he felt like he was looking at a bottomless sea.

This Eunuch Wei was definitely not only at the mortal evolution state, perhaps even higher.

Thinking of this, Xu Bai looked at Eunuch Wei's sleeve and saw a trace of blood on it.

"Good!" Eunuch Wei praised. Sensing Xu Bai's gaze, he smiled and said,""Just now in the capital, I chased away a thief."

Xu Bai was stunned, not knowing what she meant.

"Liu Qingfeng is just an idiot. "Eunuch Wei waved his hand nonchalantly and said, "I don't know who injured him, but he actually rushed into the capital's imperial palace. After I discovered him, I hit him in the chest. He spat out a mouthful of blood and ran away."

The corner of Xu Bai's mouth twitched slightly as he thought to himself, As expected of someone from the older generation.

Liu Qingfeng was the person in white who created the Indestructible Body.

He didn't expect that he would be seriously injured by Eunuch Wei in an instant. It seemed that he still couldn't recover.

Eunuch Wei had been by the Emperor's side all year round and was also a shrewd person. From Xu Bai's gaze, he could tell that Xu Bai seemed to know him. He could not help but ask in surprise.

"Lord Xu, don't tell me you know him? You must never come into contact with this person. "

As he spoke, Eunuch Wei approached and his voice became softer. After all, these secrets could not be heard by the commoners.

"I've met him a few times. His recovery ability is very strong."Xu Bai could tell

that Eunuch Wei and the others didn't know about his relationship with Liu Qingfeng, so he casually said something.

Eunuch Wei nodded." He is indeed very strong. Besides his soul, there are no other methods to restrain him. This time, I only beat him to the point of near death with one palm. That's why he didn't go crazy and ran away based on his instincts. "

"Eunuch Wei, I think you're looking for me for something, right?" Xu Bails forehead was full of black lines."

He felt that he couldn't drag this matter on any longer. The expert in front of him was as shrewd as a monkey. If he said too much, he would definitely lose.

Eunuch Wei came to a sudden realization." I'm getting old and my brain isn't working well. The Emperor specially asked me to come and welcome you. Lord Xu, come with me to the palace..""
