Chapter 551: Entering the Royal Treasury (3)

Xu Bai felt uncomfortable being called to the palace by a eunuch. It was as if he had to go through that procedure to enter the palace. Of course, he knew that it was just his imagination.

“Thank you for leading the way, Eunuch Wei.” “I want to bring Ye Zi, is that okay?” Xu Bai said.”

Eunuch Wei nodded.” But His Majesty didn’t specify the number of people. Of course you can.””

Xu Bai looked at Liu Xu and was about to call her in.

To be able to meet the Emperor and get to know him, it would be extremely easy for Liu Xu’s future path.

Liu Xu was stunned for a moment before she instantly understood. She hurriedly said, “Xu Bai, I won’t be going. I’m just here to convey a message for the Academy. If you have time, you can go to the Academy.”

Xu Bai frowned.” Just to pass on this message, you’re leaving right away?

Liu Xu nodded.” The Heaven Inspectorate is especially busy. I can’t stay for long. If you still don’t come over, I can only ask Miss Ye Zi to convey this message on my behalf.””

“Alright then.” Xu Bai sighed.” I wanted to go to Spring Rain Pavilion with you.

After all, I’ve visited it before. What a pity...”

Liu Xu’s face was covered by a veil, so her expression could not be seen. However, she felt Eunuch Wei’s gaze on her. Her forehead and ears instantly turned red as she said angrily, “It’s been so long since we last met, and your mouth is still unforgiving. I’ve already said what I want to say.”

As she spoke, Liu Xu nodded and left.

However, halfway through, she turned around and took out a slightly warm book from her pocket, handing it to Xu Bai.

“Xu Bai, you must remember what I’m going to say next.” Liu Xu’s eyes were extremely serious. “Jianghu is very chaotic. I brought this disguise technique from the Academy. It’s even more advanced than mine. You must learn it. After all, having an additional identity can protect you in many ways.”

In the past, Xu Bai had asked for it from her, and now it was truly handed over to Xu Bai.

However, this book was even more exquisite.

Xu Bai looked at the progress bar on the book and patted Liu Xu’s shoulder. “If you have any difficulties, just look for me.”

Liu Xu nodded. In the end, she gritted her teeth and left.

After Liu Xu left, Eunuch Wei sighed.

“Back then, I was also one of the most popular people in the martial arts world.

I didn’t expect things to remain the same but people have changed.”

“Lord Xu is young and talented. He indeed has many female confidants, but remember not to be greedy for women to avoid delaying your cultivation.”

“In the past, my strength could only be considered above average. However, ever since I lost that thing, it has soared all the way. That thing is indeed a bumpy road that hinders men from climbing up...”

“Lord Xu, you have to restrain yourself...”

Xu Bai put his hand on his forehead. He didn’t want to say anything more, so he changed the topic.”Eunuch Wei, please lead the way.”

Only then did Eunuch Wei realize that he had said something wrong. He did not say anything more and led the way in front. fre(e)

With Eunuch Wei leading the way, the journey was naturally smooth. Soon, Xu Bai arrived at the resplendent Imperial City.

Standing at the gate of the Imperial City, Xu Bai raised his head and looked around. He couldn’t help but praise the grandeur in his heart.

There were a few armored soldiers guarding the door. When they saw Eunuch Wei, these soldiers did not stop them at all and quickly let them go.

After passing through the towering city gate, Xu Bai finally saw what the true twists and turns were.

The alleys were uneven and crisscrossed. As Eunuch Wei walked, he introduced them to Xu Bai, telling him what palaces were here and what halls were there. Xu Bai listened to them and responded from time to time.

Some soldiers patrolled past. It seemed that the patrols in the Imperial City were very loose, and it took a long time before they could meet a team.

Xu Bai did not believe that the patrols in the Imperial City were so lax. He guessed that there must be people hiding in the dark. After all, this was where the Emperor lived.

Of course, Eunuch Wei didn’t mention such a secret, and Xu Bai didn’t ask either. It was fine as long as he knew it in his heart.

The two of them walked for about two hours before they finally arrived in front of a very majestic hall.

“This is His Majesty’s royal study. His Majesty uses this place to receive his close ministers.” Eunuch Wei pushed open the door and gestured for him to enter.

Xu Bai cupped his fists and walked in. Eunuch Wei closed the door from the outside. It was obvious that he didn’t want to go in.

Ye Zi also followed behind Xu Bai, her face filled with curiosity. This was also her first time coming to the Imperial City.

With her status, she might be captured even if she were to stroll around the city gate, let alone enter.

Xu Bai walked in. As soon as he entered the room, he saw a figure in an imperial robe sitting on a chair, looking down at the memorial.

The man in the yellow robe was handsome and looked strong. Even though he had his head lowered, his back was still straight, giving off an inexplicable noble aura.

Seemingly having sensed Xu Bai’s arrival, the Chu Emperor didn’t raise his head. Instead, he continued to read the memorials as he spoke.

“Minister Xu, find a place to sit first. I will only be free after I have finished approving these memorials. Sigh, there have been many disasters in many places recently...”

“Yes, Your Majesty.” Xu Bai bowed.

In Great Chu, there was no such etiquette as kneeling between the monarch and his subjects.

If there was a need to kneel, it would only be if the subject had made a mistake.

At that time, the etiquette of kneeling was indeed very popular in Gale Country. However, after it was overthrown by Great Chu, the etiquette was also overthrown.

In the emperor's words, it was concise and to the point—I walked out of extreme hardship in order to save the people from suffering.. Why should I use the etiquette of the old era?

Chapter 552 Entering the Royal Treasury (4)

Xu Bai sat down and waited patiently.

Ye Zi didn't dare to sit down. Her status was different, so she just stood beside Xu Bai.

As Xu Bai waited, he looked at the Chu Emperor in front of him.

This was the true top ten thousand people. He did not expect that he would use such a scene to meet.

The Chu Emperor was very serious when he was marking the memorials. Clearly, he wasn't intentionally giving Xu Bai the cold shoulder, but was really going to mark the memorials.

As he was marking, his brows were still tightly furrowed. The things on the memorial made him worry.

After nearly an hour, when the last memorial was marked by the Chu Emperor, the Chu Emperor put down the brush in his hand and massaged his waist, his gaze shifting to Xu Bai.

This gaze was very calm. There was no arrogance, nor was there any

estrangement between the monarch and his subjects. Instead, It was a gaze that looked at outstanding juniors.

The noble air in his eyes was naturally cultivated by the emperor. There was no way to hide it. Other than that, it was amiable.

“Minister Xu, the fourth rank books in the royal treasury have been opened for you. You can read them at any time during the month.”

His tone was indifferent and without any arrogance.

But this tone made it impossible to guess what the Chu Emperor was thinking.

Xu Bai raised his eyebrows and stood up. ““Thank you, Your Majesty. Along the way, I’ve really narrowly escaped death. After experiencing thousands of hardships, I finally received the help of the heavens and was able to see Your Majesty.”

He didn’t directly state his intention to pay more, but he did mention how hard it had been for him on the road. His meaning was obvious. It was up to the emperor whether he understood.

The Chu Emperor was stunned for a moment before bursting into laughter.

After laughing for a while, the laughter gradually stopped.

“Interesting, really interesting. After seeing me, all of my officials are scared to death. Only you are different. You still want benefits.”

Xu Bai smiled.” I didn’t make a mistake. I even made a contribution. There’s no need for me to be afraid.”

The smile on the Chu Emperor’s face disappeared. A moment later, he took out a booklet and handed it to Xu Bai.”Take a look. The people who attacked you along the way, I have already investigated their background. Including your last battle, when you fought thousands of people alone, I had people investigate clearly and spent too much effort.”

Xu Bai took it and glanced at it before closing the booklet.

“What do you think?” The Chu Emperor asked. free

Xu Bai remained silent.

The Chu Emperor continued, "You can tell me everything. I won't blame you. After all, I need someone who speaks the truth."

Xu Bai still did not say anything.

The Chu Emperor's face was filled with disappointment.

He suddenly felt bored.

In his heart, Xu Bai was a genius, a true genius, a genius who could overturn the world, but he needed someone who spoke the truth.

If this so-called genius did not tell the truth and followed the crowd, then even if he was a dragon among men, he would not be able to match that kind of state of mind.

At this moment, the disappointment in the Chu Emperor's eyes was extremely dense, and it could even be seen with the naked eye.

Xu Bai's sudden words caused the Chu Emperor to freeze on the spot.

"Your Majesty, it's not that I don't dare to say it, but this is not within the scope of my authority..."

He was just a small Yin Posthouse Chief. It was not his place to say these things, unless...

The Chu Emperor reacted very quickly. He naturally knew what Xu Bai meant. After all, if someone in his position didn't even know these things, then his position would be in vain.

“A month’s worth of reading the Fourth Stage books in the royal treasury might be a little difficult for a First Stage expert like you, but you’ll definitely benefit from it.”

His words were filled with mystery.

“Your Majesty, please explain directly,” Xu Bai said bluntly.” The corners of the Chu Emperor’s mouth twitched.

This person...It was really too interesting.

What he said just now was a little vague and mysterious, but he had already made it clear that the benefits inside were definitely not just Level Four.

However, this guy wanted him to make it clear, or else he would not be confident.

“Zhen has placed many first-grade books inside.”the Chu Emperor said slowly.

He didn’t say what he meant, but he believed Xu Bai could tell.

Some rewards could not be given too much. If they were given too much, it would easily make some people jealous.

Those remonstrants were very annoyed.

However, he couldn’t refuse to give the reward. The Chu Emperor had seen it all along the way, so it was the same if he secretly gave it to him.

Hearing this, Xu Bai’s previous silence disappeared. He said with a righteous expression, “Your Majesty, regarding the question just now, I have something to say.”

The Chu Emperor’s mouth twitched even more violently.

She was unwilling to say it just now, but now she was willing to say it. Was it because she didn't have enough money?

"Speak!" The Chu Emperor waved his sleeves.

Xu Bai took a deep breath and said, "In my opinion, after Your Majesty's current management, Great Chu is in the ascendant. It has been flourishing for a long time. However, the memorial Your Majesty showed me just now exposed a major problem."

"The people behind those people have long been deeply rooted in the important positions of the Great Chu. Therefore, on the surface, the Great Chu looks boundless, but it is only a river bank on the outside. Inside, it is full of holes."

After saying that, Xu Bai didn't say anything else. He had already said everything that he was thinking.

The Chu Emperor fell silent.

This silence was an affirmation of Xu Bai.

After a moment of silence, the Chu Emperor said, "Minister Xu, I plan to use a month to fill all these holes.. Do you think it's worth it?"

Chapter 553 Entering the Royal Treasury (5)

Xu Bai nodded and said, "It's better to save the pain than to prolong it. During critical times, we should cut the Gordian knot quickly. All these malignant tumors will be eradicated and Great Chu will be restored to clarity."

"Good!" "You and I are thinking the same thing," the Chu Emperor said. "One month is enough."

As he spoke, the Chu Emperor shouted towards the outside.

Eunuch Wei pushed open the door and walked in respectfully. He lowered his head and said nothing.

The memorial that he had shown Xu Bai at the beginning was handed over to

Eunuch Wei by the Chu Emperor."Eunuch Wei, one month."

Eunuch Wei took it and said in a cold tone,""The Dark Guards are here to smooth things over. Don't worry, Your Majesty, I will give them a good reason to die."

Eunuch Wei turned around and left.

After Eunuch Wei left, the Chu Emperor turned to look at Xu Bai.

"My dear minister, you can stay there for a month and read more books. After a month, I have something to talk to you about. After all...It is not easy to get rid of those malignant tumors. I cannot be distracted."

"During this period of time, you can stay in the Imperial Palace. Don't worry, nothing will happen to you in the Imperial Palace."

Xu Bai did not reject the Emperor's idea. Since there were benefits, he could continue to work on the progress bar.

"Men." "Bring Minister Xu to his residence and introduce him to the location of the royal treasury."

The door was pushed open, and a man in black walked in and nodded respectfully.

"Lord Xu, please follow me."

Xu Bai didn't say much and followed behind.

However, before he left, he told the Emperor that many families in the Kingdom of the United States had helped him during this journey.

The Chu Emperor very naturally agreed, indicating that he would definitely not mistreat these clans.

After Xu Bai left, Eunuch Wei suddenly walked in.

“Your Majesty, has he left?”

“Let’s go.” The Chu Emperor returned to his seat and rubbed his forehead. “Have you given the instructions?”

Eunuch Wei replied, “Yes, I have. I also found out something. His Highness seems to have sent someone over to inquire about the reward His Majesty has given Lord Xu.”

“I knew that this little brother of mine wouldn’t be willing to accept this.” Eunuch Wei, tell your men to keep their mouths shut. We can’t let him find out anything.” Emperor Chu said helplessly.

“Yes, sir!” Eunuch Wei nodded and left.

The Chu Emperor came to the door and looked at the scenery outside the window. No one knew what he was thinking.

Xu Bai was led by the man in black to an extremely luxurious house.

“This is your room.” “Lord Xu, are we going to the royal treasury now?” the man in black asked.

“You’re a Dark Guard, right?” Xu Bai said.

He had heard the Emperor mention this name before and saw that this person was dressed in black, so he had a guess.

The man in black admitted, "Yes, we play a secret role for His Majesty. We can be considered a different kind of Sky Inspectorate. ""

"All of you...Forget it." Xu Bai wanted to say more, but when he thought of the royal treasury, he didn't want to waste time.""Hurry up and bring me there. The food for this period of time might have to be sent over."

"Yes." The dark-robed guard said respectfully.

Following that, under the lead of the dark-robed guard, Xu Bai arrived at the royal treasury.

The Imperial Treasury was a huge pagoda-shaped building. It was divided into thirteen floors. From the bottom to the top, they represented treasures from the Ninth Stage to the Saint Realm.

There were all kinds of materials, weapons, pills, and books.

There weren't many in each level, but those who could enter this level were the best of the best.

At the lowest level, there was an old woman in ordinary clothes standing guard.

When she saw Xu Bai and Ye Zi, the old lady continued to sleep in the rocking chair.

"Lord Xu, I won't be going." "The food will be delivered to the lowest floor every day. Lord Xu can just come down and get it when the time comes."" He did not have the Emperor's order, so he did not dare to enter at all.

Xu Bai nodded and brought Ye Zi up the stairs.

The old woman guarding the bottom floor did not care about Xu Bai and continued to sleep. She probably knew Xu Bai's identity, so she did not stop him.

However, he could feel that this old woman had a powerful aura similar to Eunuch Wei's.

That's right, it was an extremely powerful aura. Xu Bai guessed that this old woman was in charge of guarding the royal treasury.

To be able to guard this place, his strength was definitely not something that ordinary people could compare to.

Xu Bai secretly compared the old woman to Eunuch Wei and found that the two of them were equally matched, giving him the same feeling.

But he didn't say much. Seeing that the old woman didn't stop him, he didn't say anything to disturb her.

For this kind of old expert, before he was familiar with the other party's personality, it was better not to have too much communication. But sometimes, things just happened to move in the opposite direction.

Xu Bai brought Ye Zi and was about to step forward.

Unexpectedly, the old woman suddenly said, ""The Dark Guard has left.. Little friend, are you interested in chatting with me?"

Chapter 554 Entering the Extraordinary Realm, Please Fight Eunuch Wei

Xu Bai had already reached the stairway and was about to go to the second floor. He didn't expect the old woman to speak.

At this time, he could not pretend to be crazy and pretend that he did not hear it. After all, there were only a few people here.

Moreover, this old woman in front of him had profound strength and was even specially responsible for guarding the royal family's treasure vault. There must be a deeper meaning behind it.

Therefore, Xu Bai retreated from the staircase and walked to the old woman. He cupped his hands and said.

"This junior is Xu Bai. May I know what Senior has to say to this junior?"

The old woman was lying on the chair. She glanced at Xu Bai from head to toe before she staggered to her feet.

It looked as if he would collapse with a gust of wind, but Xu Bai knew that his opponent's strength was earth-shattering.

"I often stay in this building, so I haven't come into contact with the outside world, so I'm not well-informed."" However, I've heard of the title of Bloody Slaughterer Swordsman," the old woman said shakily. "I really want to see what kind of person the younger generation in Jianghu is.""

"Now that Senior has seen it, do you feel that it's different from what you imagined?" Xu Bai said with a smile."

The old woman shook her head and said, No, it's the same as what I imagined.

This is the appearance of the number one expert of the younger generation.""

"I don't dare to be the number one expert. I don't have such thoughts." Xu Bai quickly waved his hand.

He didn't want to be the number one expert of the younger generation. He just wanted to quietly develop.

The old woman's eyes widened." I've seen so many people in my life. If I say that you're the number one expert of the younger generation, then you're the number one expert of the younger generation. I've seen all of them. As long as I say it, it's true.""

At first glance, there was a hint of arrogance in her tone. This expression on the old woman's face was not disgusting at all. It was even very appropriate.

Xu Bai thought for a moment and asked,""May I ask Senior's name?"

"Name?" Hearing Xu Bai's question, the old woman couldn't help but feel a little lonely. She waved her hand sadly and said, "I don't want to mention my name again. I was defeated by Old Bastard Wei back then, so the martial world calls me Heavenly Musician."

Xu Bai didn't say anything. He could feel that there was something strange about Ye Zi beside him. He turned his head and saw an excited look in Ye Zi's eyes.

However, he did not ask Ye Zi about the current situation. Instead, he continued to ask the old woman.

"Does Senior have a grudge with Eunuch Wei?" Xu Bai said.

The old woman chuckled." It's not just a grudge. I was originally from the Gale Country. After the Gale Country was overthrown by the Chu Emperor, I sneaked into the palace to assassinate the Chu Emperor. I didn't expect to meet Old Man Wei and was seriously injured by him."

"Although I didn't die, that old bastard Wei used my life as a threat and made me swear an oath to guard the imperial family's treasure vault forever."

I'm also afraid of death. I agreed at that time and have been guarding until now. "

Xu Bai cupped his hands and said," Senior, you're a man of your word. You've protected me until now because of an oath. You're really a woman who can't match up to a man.""

“Haha.” The old woman smiled insincerely. “You brat, you’re really good at bootlicking. Let’s not talk about anything else. Let’s talk about serious matters.”

“Ye Zi, go upstairs first. I have some serious business to discuss with this senior.” Xu Bai turned his head and said.

Ye Zi agreed and prepared to leave. However, she did not expect to be stopped by the old woman before she could take two steps.

“You’re quite smart, kid. You know that my idea isn’t you, but this girl.” The old woman said with a smile.

Xu Bai didn’t say anything. He just smiled at the old woman.

When Ye Zi first heard this person’s title, her expression was a little off. Now that this old woman wanted to talk to him about something, it was difficult for Xu Bai not to lead the matter to Ye Zi. Therefore, he asked Ye Zi to go up directly just now, not wanting to get involved.

“Senior, if you have something to say, say it.” Xu Bai rubbed his chin.

He was not worried about himself at all. This was the Imperial Palace, and it was even the royal treasury.

Since the Emperor had asked him to come over, it must be safe. Moreover, this old woman had been guarding here all this time. The Emperor was obviously very relieved, so he was not worried that the old woman would hurt her.

The old woman pointed at Ye Zi and said, “I can tell that she’s a musical genius with just one look. She’s like a pearl covered in dust in your hands. Why don’t you give her to me? Although I won’t be able to leave this world for the rest of my life, I can take in a disciple. I won’t have any regrets.”

A musical genius?

Xu Bai looked at Ye Zi in surprise.

The old woman continued, "My title is Heavenly Musician. It must be related to music. That's why I got this title. That's why I can tell at a glance."

"That's all?" Xu Bai said.

The old woman nodded. "You don't have to worry about anything else. Since I can guard here, the Emperor must be at ease with me. I won't harm you. ""

Xu Bai pondered for a moment and looked at Ye Zi. It was obvious that he needed to seek Ye Zi's opinion.

This old woman's title was Heavenly Musician. Xu Bai had never heard of her before. After all, he had only entered this circle for a short time.

However, to be able to beat Eunuch Wei to such a state, even though he was defeated by Eunuch Wei in the end and even became a guard here.

But to guard the most important treasury of the royal family, his strength was not ordinary.

Now, he suddenly wanted to take Ye Zi as his disciple. To put it bluntly, it was

Ye Zi's blessing..

Chapter 555 - Entering the Extraordinary Realm, Please Fight Eunuch Wei (2)

"I'm willing to learn from you, Senior." Ye Zi nodded vigorously." Xu Bai was surprised by the quick response.

Ye Zi turned to Xu Bai and said, ""Young Master, after the last battle, I understand that sometimes I'm a burden, but I don't want to be a burden to you. That's why I have to work hard to become stronger.

Even if I didn't meet this senior today, I would have thought of other ways.

Now, I can fulfill my thoughts."

When she said this, Ye Zi's tone was very firm, as if she had already made this plan.

Xu Bai stroked his chin and said," Alright, that's your idea. We'll do as you say. I

just don't know how long I'll have to learn from you.""

The old woman replied, "One year, one year, I will teach you everything I know, but how far you can go depends on yourself.""

"It starts now?" Xu Bai asked.

The old woman nodded, indicating that they could start now.

Xu Bai did not say anything else, meaning that Ye Zi could go over and learn now. He could just go upstairs and check the progress bar.

"I will help the Ye family with the things they need. Don't worry about this matter. Just learn from Senior."

The Ye Clan's Patriarch had made a deal with him, and he needed him to perfect the Yin Xian Song. Now was the perfect time.

Ye Zi bit her lips and walked towards the old woman. She bowed and said,""Disciple Ye Zi greets teacher."

The old woman was very happy to have such a disciple. The light in her eyes was much stronger than before. She pulled Ye Zi to the front and looked her up and down. She kept repeating the words 'good saplings.'

"Study hard." Xu Bai gave a few more instructions and didn't stay any longer.

He went straight to the second floor.

Ye Zi looked at Xu Bai's back, her eyes still filled with reluctance.

"Why do you make it seem like I broke up a pair of mandarin ducks?" "I know you don't want to be separated from him," the old woman said with a smile. "But you know your own problem. Let me tell you a story."

Once upon a time, there was an immortal couple in Jianghu. However, the immortal couple eventually went their separate ways. The man's martial arts improved day by day, while the woman only knew how to be busy with her family. The gap between the two became wider and wider, and then they parted on bad terms.

If you want to stay by his side, other than your personality, the most important thing is your strength. You have to be able to match his identity. Do you understand now?"

Ye Zi hummed and said, "I just wanted to help Young Master."

"No matter what you think, as long as you study hard, your talent is enough." the old woman said.

Ye Zi did not say anything else. Clearly, she also agreed with the old woman's words.

The old woman waved her hand, and a musical sound suddenly sounded in the surroundings.

"Old bastard Wei, this old man is teaching my own disciple. Are you going to eavesdrop?"

Eunuch Wei walked out from the corner and cupped his hands.”

“Humph!” The old woman snorted.” Don’t worry, I won’t leave the promise. Also, that Xu Bai isn’t simple. I feel that his aura can even fight a mortal evolution state. There is no such person in the world. I don’t know if your Great

Chu can take him down.”

“This isn’t a problem for me to worry about, so I won’t bother you.” Eunuch Wei smiled.”

Eunuch Wei disappeared in a flash.

“Old fox.” The old woman pointed at the spot where Eunuch Wei had disappeared and said to Ye Zi,””Remember, in the future, if you encounter such old fellows, just fight them if you can. Don’t wait for them to speak, or else you’ll be surrounded by them.”

Ye Zi nodded her head in a half- understanding manner.

Xu Bai did not know what happened after that.

He had already entered the second level and was looking around.

The second floor was still filled with books, but there were much fewer than the floor below.

There was no one guarding this place. Xu Bai walked to the stairs and headed to the third floor.

The third floor was half the size of the previous floor. There seemed to be only a few hundred books, but not a single one of those precious materials and pills was missing.

After reaching the fourth floor, there were even fewer books.

Xu Bai wanted a fourth-grade book, which corresponded to the sixth floor.

When he arrived at the sixth floor, he could only see a bookshelf with dozens of books on it.

The materials and elixirs in the royal treasury were all top-notch, and so were the books.

Ordinary books were kept elsewhere in the palace. Those books were not peerless or exquisite.

Back then, he had a deal with the Ye family. He wanted to perfect the Yin Xian Song. Having a progress bar was not a problem for him.

Xu Bai picked up a book and prepared to open his liver.

However, just as he flipped it open, he slapped his head again and placed the book aside. He then took out the book Liu Xu had given him.

This was a book on the disguise of a person, and it was especially profound.

Ordinary people could not use it because there was a progress bar on it. Obviously, this was a book for people in the industry.

On the cover of the book were the words "Thousand Faces" which matched the characteristics of the disguise technique.

"Let's start with this one."

Xu Bai made up his mind. He found a corner to sit down and began to work hard.

The progress bar was no longer as slow as before and was rapidly increasing.

As Xu Bai's progress bar was showing, the story of Xu Bai fighting thousands of people alone was flying into everyone's hands as if it had grown wings.

Some people in the martial world received news relatively slowly. However, as an important hub of Great Chu, the Imperial Palace received news very quickly..

Chapter 556 Becoming Extraordinary, Please Fight Eunuch Wei (3)

In the Ninth Princess's palace, there was a great downfall.

Qing Xue stood at the side and waited patiently.

In front of her, the absolutely beautiful Princess Nine sat on a chair, holding a letter in her hand.

Even though the ninth princess was calm, her fingers were trembling.

"Thousands of people fought alone, and when they came out, they were covered in blood."

"Qingxue, you didn't see wrongly. This person is definitely one in a million."

Qing Xue didn't say anything, but she was very happy to hear that Xu Bai had received the Ninth Princess 'approval.

"Princess, when he comes out, we'll call him over. When the time comes..." Qing Mei asked.

She wanted the Ninth Princess to recruit Xu Bai, but before she could finish, Qing Xue interrupted her.

"Princess, you cannot recruit them." "I've experienced life and death with Xu Bai before," Qing Xue stopped him." I know his character. He will never be under someone, not even the princess."

As for Xu Bai, we can only make other plans, and that is to treat him as an equal. Being friends is better than anything else.”

The ninth princess smiled, as if she had heard a satisfactory answer. She reached out to pick up the wine cup beside her, raised her fair neck, and drank the wine.

Some of the wine flowed down the corner of her mouth and slowly flowed into her clothes, but she did not seem to notice it.

Putting down the wine glass, the Ninth Princess’ voice was like a yellow oriole singing in the willows.

“You’re right. We can’t recruit him. We can only befriend him. However, you’re also wrong. It’s not because of his personality or his strength.

I really don’t want to offend him. I only want to befriend him because of my Imperial Father.”

Qing Xue was stunned for a moment before she quickly reacted. She lowered her head and said, “This servant understands.”

Just now, he didn’t think of this level, but the ninth princess thought of it. Xu Bai entering the capital this time was the emperor’s order. The problem now was very obvious. The emperor wanted to recruit him.

If they, the members of the royal family, went to recruit him, wouldn’t they be going against the emperor?

Obviously, the ninth princess had also considered this point, so she gave up her previous plan.

“Qingxue, both of you have experienced life and death together. After he comes out of seclusion, go find him and tell him that I want to hold a welcoming banquet for him.”

“Yes, sir!” Qing Xue agreed.

The ninth princess didn't say anything else and continued to drink the wine in her cup.

In another palace in the Imperial Palace, the Sixth Prince suddenly stood up from his seat, and the letter in his hand fell to the ground.

He was dressed in luxurious clothes, but it was difficult to hide the shock in his eyes. He quickly ordered a Level Two expert under him.

"Men! Hurry up and bring Zhou Qing over."

The Level Two expert did not understand what the Sixth Prince meant, but he still did as he was told. After a while, Zhou Qing walked in with a dejected expression.

"Greetings, Your Highness."

Ever since the last incident, Zhou Qing had become dejected. After all, he wanted to be on good terms with Xu Bai, but the Sixth Prince was not willing, so he always felt that he was very useless.

"No need to be so polite. Zhou Qing, take a look at this." Prince Six handed the letter over.

Zhou Qing had rarely seen the Sixth Prince lose his composure like this. He was also slightly surprised. He took the letter and read it. Then, his hands trembled as well.

"Fighting thousands of people alone, mountains of corpses and seas of blood, just how far has he grown?"

He couldn't believe it. Although Xu Bai was very strong, there was at least a limit. But now, he could actually kill thousands of people. It was simply unbelievable.

"When he comes out of seclusion, we'll hold a banquet to entertain him. This person will definitely be in our hands." The Sixth Prince's eyes became solemn.

Zhou Qing heaved a sigh of relief when he heard the Sixth Prince. He knew that the Sixth Prince had finally accepted his suggestion. He cupped his hands and said, ""Leave this matter to me."

Prince Six nodded and clenched his fists even tighter.

Every member of the royal family had their own news, but their reactions were different.

In the Seventh Prince's palace.

"Hehe, fighting thousands of people alone is really amazing. "The Seventh Prince looked at the letter in his hand and sneered, ""Now it seems that we still have to wait. We definitely can't make a move when you show your abilities." Everyone had their own thoughts, but Xu Bai didn't know about them.

Time gradually passed. In the blink of an eye, ten days had passed.

In the royal treasury.

Ye Zi was holding a notebook in her hand. She listened to the old woman's explanation while recording seriously and attentively.

The old woman explained in great detail. She would stop to look at the notes in Ye Zi's hands after every part of the lecture. After she saw that there were no problems with Ye Zi's notes, she nodded in satisfaction and continued to explain.

Gradually, after nearly two hours, the old woman stopped. "Remember what I said first, and then revise it when the time comes."

"Yes." Ye Zi obediently agreed.

As he spoke, he looked at the staircase.

Ever since the young master went upstairs ten days ago, he had never come down again. During this period of time, all the food was sent over by the dark-robed guards. Other than that, he had never seen the young master's figure.

She knew that this was the palace and was not worried about any accidents. However, she still missed him after not seeing him for so long.

"How long has it been since we last met? You young people can't bear the pain of lovesickness at all. ""It's better to study hard," the old woman said." You have to know that the story I told you before was not meant to be bragging at all.."

Chapter 557 - Entering the Extraordinary Realm. Please Fight Eunuch Wei

Ye Zi quickly nodded, indicating that she would do as he said.

The two of them continued to chat. As the old woman had been locked up here for a long time, she did not communicate with others often, so she was like an open chatterbox.

Ye Ziyi did not have the slightest bit of impatience as he answered very seriously.

Time continued to pass, and in the blink of an eye, afternoon arrived. The dark-robed guard carried a food box and walked in from outside the door. After giving Ye Zi a portion, he prepared to send it upstairs.

This had been the rule for a long time. The food had been delivered by the dark robed guards, so there was nothing wrong with it.

Just as the dark-robed guard reached the stairs, he suddenly stopped and looked up at the ceiling as if he had sensed something.

Ye Zi also felt it and did the same action, her face full of surprise.

The old woman's strength was unfathomable, as deep as the sea, but at this moment, her face was filled with shock.

"This child has entered the Extraordinary Realm!"

An extremely chaotic aura spread through the royal treasury. There was a deep sense of despair in the chaos, as if it was a terrifying battlefield.

The surrounding scenery gradually changed.

The originally normal pavilion was covered in a layer of golden color.

The golden color originally represented nobility and holiness, but now, there was actually a faint wailing sound hidden within this golden color.

At the same time, a trace of grayish-white gradually seeped into the golden color and intertwined with it.

When the two intersected, it appeared extremely strange.

A chaotic aura seeped out from the strangeness, making people feel dizzy after looking at it for a while. They even wanted to raise their hands and kill themselves.

"Half like a saint, half like a devil. What kind of heavenly change is this?"The old woman was surprised.

At their level, they had seen a lot of things, but she had never seen such a change in the sky. It didn't seem like a human.

The chaotic aura did not actually come from the outside world, but directly triggered the chaos in his heart. It was a hundred times more chaotic than the outside world.

Ye Zi's gaze was erratic. She felt that she saw a black shadow swaying in front of her. Every time the black shadow swayed, her heart became more chaotic.

That chaotic aura almost drove her crazy. "Teacher, I..." Ye Zi's face was filled with pain.

"Hahahaha!"

At this moment, the dark clothed guard near the staircase was rolling on the ground with a crazed look, occasionally letting out miserable sounds.

"Hahaha, you guys are here, you guys are here."

"Don't come over, don't come over, I beg you."

"No, I don't want to die!"

The dark-robed guard kowtowed on the ground, blood flowing out. He raised his hand, ready to end his life.

"This kid, the chaos of his Heavenly Transformation actually makes people feel despair and fear." The old woman stretched out her aged index finger and flicked it gently. A burst of music sounded.

The dark robed guard who was in a frenzy returned to normal. His eyes rolled back and he fainted.

Ye Zi felt her body relax, and the chaotic fear in her mind disappeared.

At this moment, she realized that her body was already covered in sweat. "Is this Young Master's Heavenly Transformation?" Ye Zi's face was filled with fear.

“What a genius.” The old woman sighed.” I take back what I said before. Ye Zi, you may never be able to catch up to him, but I can help you. At least you won’t fall behind.’

Such a young man, even she, a Heavenly Musician, was beaten up at the same age.

“Dog Emperor is really lucky. With this person around, it’s simply heaven-defying.”

The old woman sighed again.

At this moment, a figure flashed past.

Eunuch Wei looked at the stairs with a complicated expression.””Old, really old.

In our era, there didn’t seem to be such a talented person, right?”

The old woman shook her head.” The more chaotic the era is, the more heroes there are heroes. In our era, geniuses rose, each one different, but there was no such shocking person.”

“Let’s wait.” “He should be coming down soon,” Eunuch Wei said with a wry smile. ”

“Old man, even someone like you who fought five experts of the same level alone, killed two and injured three, feels inferior?”The old woman asked in surprise.

Eunuch Wei’s expression had already returned to normal. He shook his head and said,””Indeed.”

His expression was calm and he didn’t hide anything.

The old woman didn’t say anything else, but she thought more highly of Xu Bai in her heart.

They waited quietly for Xu Bai to come downstairs.

At this moment.

Xu Bai sat on the ground and looked at the light blue smoke in front of him with a smile.

In just ten days, relying on the speed of his cheat, he had already finished the progress bar of this floor.

Actually, there weren't many books on this floor. There were only a few dozen books. Among them, there were a few first-grade books that the Emperor had deliberately stuffed in.

Just as Xu Bai thought, every level required a huge amount of books. So many books could only help him reach the mortal evolution state.

The light blue smoke gradually condensed in front of his eyes and finally turned into an interface that appeared in front of him.

[Name: Xu Bai]

[Realm: Extraordinary First-grade Itinerant]

[Swordless Blade Superclass (Extraordinary Rank-I):[Maximum level.] [Myriad Forms Heavenly Technique, Extraordinary Rank-I]:[Maximum level.]

[Wind Snow Return (Level 5): Maximum level.] [Breaking through rank nine (level 9): Maximum level.]

[Shifting Stars (Level 9): Maximum level.] [Vajra Holy Demon Body: Rank 8, Level 10]] [Kidney Harvester (Level 5): Maximum level.] [Hundred Poison True Clear Rank 3]: Full Rank..]

Chapter 558 - Entering the Extraordinary Realm, Please Fight Eunuch Wei

[Clever Puppet Technique (Level 6): Maximum level.] [Indestructible Body (Incomplete)(Level 6): Maximum level.] [Water Aptitude Technique (Level 5): Maximum level.] [Feng Shui Arithmetic (Level 9): Maximum level.] [Thousand Faces Technique (Level): Maximum level.]

” Comprehension: Maximum level.”

What Xu Bai did not expect was that he had gone from weak to strong from Rank-9 to Rank-I.

However, at the mortal evolution state, level one was the weakest while level nine was the strongest.

The order was reversed.

Although it felt weird, Xu Bai had indeed gained a lot this time.

Most of the books here were about mental cultivation techniques, and there were two defensive ones among them.

First, he used the Thousand Face Technique, which used his vital essence to change his body shape and appearance. It was hard to see under the mortal evolution state, so Xu Bai finally got what he wanted.

Next was his mental cultivation method. From level nine to level one of the mortal evolution state, this was a huge improvement. It required a huge amount of progress bars, so Xu Bai had been crazily improving.

The name ” Yin Yang Song ” was gone. It was replaced by the Ten Thousand Forms Heavenly Technique, which had reached level one of the mortal evolution state.

The name of this mental cultivation method had been changed. It was a qualitative improvement.

The books on mental cultivation techniques collected here were all the best in each industry. Otherwise, they would not have been placed in the royal treasury.

After absorbing all the books, Xu Bai realized that the Ten Thousand Forms Heavenly Technique did not have any attributes of any cultivation technique, but he could casually take out one of the attributes from any cultivation technique.

It wasn't that kind of blank, but rather chaotic, extremely chaotic.

It was as if many things were mixed together. In short, it was difficult to describe.

Now, he only needed to swing his blade and it would have the chaotic power of hundreds of different industries. Coupled with the Heaven Transformation, the enemy's heart would collapse when they came into contact with it.

The Vajra Heart Fiend Body also had a huge improvement. It became the Vajra Holy Fiend Body and directly reached the second-grade.

There was a huge change in his defense.

The most important thing was that the sky changed.

As expected, his heaven transformation was chaos at the mortal evolution state.

However, it doesn't matter whether it's a total chaos or a total confusion, but it's a kind of tolerance.

There was a feeling of being able to accommodate everything in the world, but this accommodation was forcibly combined, giving people a sense of despair and chaos.

Moreover, his Heaven Changing was a combination of gold and grayish-white. The chaos that was similar to tolerance was only grayish-white, but the gold had not yet appeared.

Xu Bai guessed that he would have to wait until he became stronger before he could reveal the Heavenly Golden Transformation.

The Ten Thousand Forms Heavenly Technique was a mixture of hundreds of different skills. Although it was only a mental cultivation technique and did not have any skills, Xu Bai could easily break the other party's attack if he encountered similar skills in the future.

"I seem to be getting stronger and stronger." Xu Bai felt it for a moment and muttered to himself, "I really want to find someone to try. Unfortunately, those people can't take a beating."

With such a strong ability, he definitely wanted to give it a try. Unfortunately, Xu Bai could not find a match for the younger generation.

"Why don't we give it a try? It's just nice to let Xu Daren understand his own strength."

At this moment, Eunuch Wei's voice came from downstairs.

The corners of Xu Bai's mouth curled up slightly. After he got up, he walked down the stairs and happened to see Eunuch Wei standing there.

The old woman and Ye Zi stood at the side. The old woman's eyes were burning as if she had seen a rare treasure.

There was also a dark-robed guard who was spitting out blood as he left the area.

"Eunuch Wei, your words are too serious." "How would I dare to fight Eunuch Wei?" Xu Bai laughed.

He was naturally happy that his strength had undergone a qualitative change, so he naturally smiled.

Lord Xu, you should try," Eunuch Wei said nonchalantly. "Only when you have a proper understanding of your own strength will you be able to go further in the future."

There was no utilitarian-based tone in his words. Instead, it was an elder educating a junior.

To put it in layman's terms, a person must have an understanding of their own depths. Otherwise, if they made a slight mistake, they would be consigned to eternal damnation.

After thinking for a moment, Xu Bai said casually, "In that case, I'll have to trouble Eunuch Wei. However, if we fight in this place, I'm afraid that everything in the surroundings will be damaged."

Eunuch Wei turned his head and said, "With the Heavenly Musician here, there's no need to be afraid."

The old woman pursed her lips and flicked her fingers. In an instant, a light formed by music surrounded the surroundings.

"Go ahead and fight. As long as you don't force this old fart to reveal his true strength, I won't break this place."

With this, Xu Bai was relieved.

Eunuch Wei raised his hand, indicating that Xu Bai could start.

Xu Bai circulated his True Core Strength and used the Ten Thousand Forms Heavenly Technique. He used his finger as a knife, and the Swordless Saber Superclass appeared on his finger as he pointed it at Eunuch Wei.

He did not hold back. He knew Eunuch Wei's strength, so he attacked with all his might.

In the next moment, his Heavenly Change appeared.

The gold and gray colors intersected and blended together. An extremely chaotic and despairing scene appeared in the surroundings.

Eunuch Wei was originally calm. Suddenly, his eyes widened in disbelief. "This blade, the heavens change, how can there still be our line of work?"

‘ You brat, could it be that you’ve gotten rid of the root of your troubles? No,

you haven’t, but...”

Chapter 559: Why Do Royal Family Members Fight?

Before he could finish his sentence, Xu Bai’s finger approached.

Chaos and despair burst forth.

When this aura suddenly exploded at Xu Bails fingertips, coupled with the addition of the Swordless Saber Superclass, a terrifying explosion suddenly sounded.

“Boom!”

Around him, the barrier formed by the heavenly master’s melody shook slightly, but it was still stable.

Eunuch Wei raised a hand and pressed his palm against Xu Bails fingertips. He did not take a step back, but his white hair was blown into a mess.

Behind Eunuch Wei, his Heavenly Change also appeared.

It was an extremely cold aura. The surrounding air began to freeze, and ice cubes fell down.

However, this kind of coldness was very different from ordinary coldness. It actually contained a gentle aura.

To make a simple analogy, it was like the cold in the north and the cold in the south.

Eunuch Wei's Heavenly Change had a strong penetrating effect.

Xu Bai retracted his hand and moved his fingertips. There was an icy aura surrounding them, and they were still a little numb.

"Eunuch Wei, if I may ask, what realm are you at?"

He stopped fighting. After one move, he had already understood his limits. Naturally, there was no need to continue fighting.

"Our family is a ninth-grade Transcendent." Eunuch Wei thought for a moment and said, "Almost half a step into the Saint Realm. ""

"He's only at the peak of the ninth grade Transcendent realm, but he already has such powerful strength?" Xu Bai pondered.

Beside him, the old woman's mouth twitched. ""You're still not satisfied. You've just entered the mortal evolution state, and you're already at level three. Aren't you satisfied with this ability?

Old Freak Wei's strength couldn't be compared with ordinary realms. His unique profession allowed him to fight against Saints as a Transcendent. If Old Freak Wei became a Saint, he would be invincible."

Xu Bai was surprised to hear that." There's actually such a profession? What is

Eunuch Wei's profession? Can you tell me a thing or two?!""

He had thought Eunuch Wei was very strong, but he didn't expect him to be this strong. As a Transcendent, Eunuch Wei was not at a disadvantage against a Saint Warrior. If he became a Saint Warrior, he would be invincible. This kind of power was simply unbelievable, and it piqued Xu Bai's curiosity.

If he could understand this profession and follow the progress bar of this profession, he might be able to reach this level.

Eunuch Wei's old face suddenly broke into a strange smile. "Hasn't Lord Xu already entered the business of eunuchs? I just don't know why Lord Xu still has a masculine aura.

Actually, I didn't dabble in this industry before I was a man.

"However, after an accident happened to me, I started from scratch. I didn't expect it to be suitable for me. From then on, I advanced by leaps and bounds and reached my current realm."

Unfortunately, I'm not a complete man. It's extremely difficult for me to take that step and become a saint."

Xu Bai was speechless. So it was the Yin eunuch profession. There was no need to explain what eunuchs were.

This profession was indeed powerful, but there were also shortcomings.

Because it wasn't complete, it was almost impossible to reach the Saint Realm. It was almost impossible here, but it wasn't an exaggeration at all.

Simply put, there was a price to pay. Eunuch Wei was a ninth-grade Transcendent, the peak of Transcendents. With the characteristics of eunuchs, it was easy for him to defeat a few ordinary second-grade or third-grade Saints.

"Speaking of which, I'm really envious. I don't have the most precious thing for a man, so I have the strength to fight above my level. I didn't expect Lord Xu to have it so easily. "Eunuch Wei sighed.

Xu Bai was speechless.

For some reason, looking at Eunuch Wei's emotional expression, he felt that Eunuch Wei's profession had a very subtle connection with a cultivation technique from his previous life.

For example, if one wanted to cultivate this technique, one must castrate themselves first.

Of course, this was not the time to think about this. He had already finished reading all the books, and it was time to move on to the next step.

"Has Your Majesty finished dealing with it?" Xu Bai asked.

Eunuch Wei shook his head and said, "Your Majesty said that it's a month, that it's true that it's a month. Could it be that Lord Xu has already finished reading the entire sixth level of books?" "That's right. You've already entered the

Extraordinary Realm, so it's definitely about time. Unfortunately, there's still

20 days before the date of your appointment with His Majesty." From what he meant, it was probably useless before the time came.

"How about this?" Eunuch Wei thought for a moment and said, "Lord Xu will stay in this palace for now. It's a good opportunity to interact with the members of the Imperial Family. I think with Lord Xu's current status, they will definitely want to befriend you and help you build some connections."" A member of the royal family?

When Xu Bai heard this, he looked at Eunuch Wei meaningfully. He felt that Eunuch Wei's words had a hidden meaning.

People's connections had always been linked to one's strength. Whether it was in his previous life or today, it meant the same thing.

Without strength, how could he have connections?

It would be a fool's dream for an ordinary person like you to befriend a rich person unless you became a dog.

Either make use of the value or you have outstanding strength, can make them equal and treat them.

Now that Eunuch Wei had said this, Xu Bai seemed to have thought of something.

"Eunuch Wei, why don't we have a chat at my place?" Xu Bai said with a smile.

Eunuch Wei narrowed his eyes and said cunningly, "' Lord Xu has entered the mortal evolution state, so we should celebrate. Of course, there's no problem. I'll ask the imperial kitchen to cook some dishes and we can have a drink..'"

Chapter 560: Why Do the Royal Family Members Fight?(2)

"Indeed." Xu Bai thought to himself that there was something inside.

He told Ye Zi to continue to stay here and study hard before following Eunuch Wei out.

Ye Zi looked at Xu Bai's back and was a little stunned.

"Do you understand now?" The old woman chuckled."

Ye Zi came back to her senses, a ball of fire burning in her eyes."I understand. I want to work ten times harder than you. I don't want to be like you. I just want to not fall behind and not burden you."

"Then let's begin." The old woman smiled.

"Yes." Ye Zi nodded vigorously.

A moment later, the sound of teaching came from the royal treasury again.

Under Eunuch Wei's lead, Xu Bai, who was not familiar with the road, returned to his residence.

After the two of them entered the room, the people from the imperial kitchen arrived not long after. They served delicious food and even brought two jars of wine.

Eunuch Wei pried open the lid of the wine, but he did not pour it into the cup. Instead, he raised his head and took a sip.

This forthright appearance surprised Xu Bai.

"Why? Do you think that eunuchs are all especially feminine?" Eunuch Wei wiped the wine from the corner of his mouth.

Xu Bai came back to his senses. He didn't say anything, but nodded directly.

Just say what you have and what you think. There's no need to hide yourself in front of such a person.

"I was seriously injured because I followed His Majesty in battle. Lord Xu knows that I have fallen to this state today." "Before this, I was a forthright Jianghu tycoon," Eunuch Wei said.

When people in Jianghu drink, they must drink in big bowls. Lord Xu, I toast you."

Xu Bai understood the whole story. He slapped the clay seal off the wine jar and clinked it with Eunuch Wei's. He also raised his head and took a sip. "A toast to Eunuch Wei as well." He took another sip.

Eunuch Wei was interested."

“Eunuch Wei could have been one of the founding fathers of the country, but he was willing to become a eunuch for the sake of the emperor and the world.”“Of course,” Xu Bai replied.

He knew that Eunuch Wei had been appreciated by the Emperor and was about to be conferred a high official. However, Eunuch Wei knew that he was a crippled person and was afraid of bringing some reputation problems to Great Chu. He would rather be a eunuch.

No matter what, the title of the head of eunuchs was just a eunuch.

For this kind of person, Xu felt that it was only right to toast him.

Eunuch Wei was stunned for a moment before he waved his hand nonchalantly.

He seemed reluctant to talk about this past. He raised the wine jar and took another sip, but the dishes on the table did not move at all.

Xu Bai drank and ate.

The two of them began to chat. They talked about the romance of the martial world and the various trivial things in the palace.

To Xu Bai’s surprise, he found Eunuch Wei to his liking. As they chatted, they actually hit it off.

Eunuch Wei was the same. Although this young man’s words were very slippery, he had his own principles in his heart. There were too few people like him.

After Xu Bai ate for a while, there was not much wine left. He put down the chopsticks in his hand with a puzzled look in his eyes.

“Eunuch Wei, I don’t quite understand what you’re saying about me interacting more with the Imperial Family.”

Eunuch Wei put down the wine jar in his hand and said, “I don’t mean anything else. With Lord Xu’s current strength, they definitely want to interact more with you. Lord Xu can do whatever he wants.”

“Oh, it seems that Your Majesty wants me to let go.” Xu Bai narrowed his eyes.”

He could see Eunuch Wei as the Emperor’s eyes and ears, and also as someone who conveyed the Emperor’s intentions. Thus, he was testing if this was the Emperor’s intention.

Eunuch Wei took another sip.” Half of His Majesty’s nine sons and daughters have died on the battlefield. Only the eldest, sixth, seventh, and ninth are left.”

“Boss is still guarding the border and following King Sheng You. There are only six, seven, and nine left in the palace.”

“Although you have never met the Ninth Princess, you are familiar with her. You know Zhou Qing. He is the Sixth Prince’s man, and the rest is the Seventh Prince.”

“Actually, the only thing we have to pay attention to is the Seventh Prince.” At this point, Eunuch Wei sighed. This sigh was filled with helplessness and heartache.

He seemed a little drunk.

However, Xu Bai knew that with his current realm, he wouldn’t get drunk, let alone Eunuch Wei.

“Back then, the Seventh Prince’s mother was a graceful woman.” Eunuch Wei smiled bitterly and said,

“Not only is she brave and resourceful, but she is also popular. She is the only concubine who can follow His Majesty in battle.”

“In the pugilistic world, she is known as the Sword Empress, and there is even the title ‘Queen without a crown’. She once killed eleven Transcendent experts with a single sword.”

“What a pity...What a pity.”

“That day, His Majesty was ambushed and fell into someone else’s trap, almost losing his life.”

“After the Sword Empress found out, she went up alone with her sword and pierced through thousands of experts in the army. She saved His Majesty, but she was left with a hidden illness. After giving birth to the Seventh Prince, she died.”

“Although the Sword Empress is a woman, her heroism is not inferior to that of a man. Countless people in the martial world have been indebted to her. After her death, countless people in the martial world sent her off.” Eunuch Wei wiped away the tears at the corner of his eyes.

“My family is one of them.”

Xu Bai took a sip of wine and said,“”She’s really a strange woman in the world..”
