Chapter 571: 5,000 Years of Culture, Are You Joking? _3

The words grew from small to large and gradually became clear, entering Wen Chengshu's eyes.

"A gentleman's duty is to cultivate his body and the world will be peaceful."

"A gentleman is not inferior to a villain."

"A gentleman should be careful of what he does not see and fear what he does not hear."

Many sentences appeared in front of him. These sentences were formed by the words just now. In Wen Chengshu's opinion, every sentence was deafening.

Every sentence was able to cause a huge shock to him. It even made his entire body feel numb. This feeling was resonance.

Wen Cheng Shu stood rooted to the spot, his shoulders trembling. The brush in his hand cracked. Compared to his previous calmness, Wen Cheng Shu was now unusually excited.

The words that he had discovered through the Eternal Noble Spirit were all the words in Xu Bai's subconscious.

Either Xu Bai had seen it before but didn't remember it, and only subconsciously remembered it.

Or Xu Bai wrote it himself!

Wen Chengshu quickly came up with the second possibility, because the first possibility was unlikely. If someone had written it and Xu Bai had read it, that person's talent would have flowed like a great river, and everyone in the world would have seen it. How could he be unknown?

Of course, what he didn't know was that Xu Bai couldn't remember all of them, but as a person who had grown up in five thousand years of culture, he should have seen all of them, right?

After seeing it, it left a shadow in his subconscious. Now, it was only triggered by Wen Chengshu.

"This person is truly a world-shocking talent. He should be the treasure of a scholar like me. No, I have to let teacher know about this!"

Wen Chengshu turned around and prepared to leave.

He wished that he could grow wings and walk to his teacher and say all the words he had just seen. However, before he could take two steps, a voice suddenly sounded behind him.

"Your Highness, Seventh Prince, you have gone too far this time."

Xu Bai stood in the air. As a mortal evolution state master, he had learned how to fly.

There was no wind blowing, but the Sun and Moon Daoist robe on Xu Bai's body moved without wind, making him look a little terrifying.

Not long ago, Xu Bai suddenly felt that someone was spying on him. When he walked out of the door and scanned the place with his divine sense, he discovered the abnormality here.

The Seventh Prince suddenly felt a huge pressure. He hurriedly looked at Wen Chengshu and prepared to speak.

However, he did not expect that he would feel a sharp pain in his chest the next moment. He had already been sent flying high into the air and landed heavily on the ground.

"Xu Bai, how dare you!" Around the Seventh Prince, a dozen shadows suddenly appeared. Then, these people pounced on Xu Bai.

“You bunch of dogs raised by the Seventh Prince, are you even worthy of talking to me?” Xu Bai waved his sleeves.

A chaotic aura spread out, filled with endless despair. At the same time, these people were all sent flying and spat out blood. If it wasn't for Bai showing mercy, they would have died by now.

“Xu Bai, how dare you hit me!”

The Seventh Prince finally couldn't hold back his arrogant and despotic character after being hit again and again. He stood up, his hair disheveled, and pointed at Xu Bai with a face full of anger.

“No, I'm just teaching you a lesson on behalf of His Majesty.” Xu Bai smiled and slapped the Seventh Prince's face.

How strong was he now?

According to Eunuch Wei, an Extraordinary first-grade expert could even fight an Extraordinary third-grade.

How could the Seventh Prince resist?

With this slap, the Seventh Prince flew up again and crashed into the wall beside him. Other than anger, there was also shock.

NO!

The palace seemed to be loose, but it was heavily guarded and orderly. Now that he was beaten up, why didn't anyone stand up to stop him?

In an instant, the Seventh Prince recalled what Wen Chengshu had said not long ago.

“How can the blessing of the Sword Empress ensure that you live a carefree

The Seventh Prince instantly understood.

He was trembling, but he tried his best to hold onto the wall.

As he faced the approaching Bai, his mind was full of thoughts, but there was no fear on his face.

As a member of the royal family, how could he be afraid?

Although he had never experienced the First Prince’s battles on the battlefield, his state of mind was not bad since he was young.

However, his heart was still filled with sadness.

“Have I finally used up all of Mother’s blessings?”

A thought appeared in his mind. After this thought appeared, it instantly spread in his mind.

He remembered a long time ago. No, to be precise, he had grown up listening to the legend of his mother.

She was a true heroine, and 99% of the men in the world could not compare to her.

Now, he suddenly felt that he had lost face. He had not lost the face of the royal family, but his mother.

The Seventh Prince raised his hands.

There was a powerful aura circulating around his body.

He wanted to fight. At least he didn't want Xu Bai to beat him too badly. At least he didn't want to show fear.

However, Xu Bai's Heavenly Change was chaotic to begin with. The Seventh Prince could not resist his instincts. He could only lean against the wall to prevent himself from falling to the ground.

"Very good." Xu Bai stopped and said, "Although I've never seen the Sword Empress, I've heard of her legends. At least you didn't bring shame to her reputation with your current appearance." "What do you mean?" The Seventh Prince's legs trembled.

"Get lost." Xu Bai said indifferently.

The Seventh Prince was stunned and did not react for a long time..

Chapter 572: 5,000 Years of Culture, Are You Joking? _4

At this moment, Wen Chengshu cupped his hands and said, "Congratulations, Seventh Prince, for awakening."

When the Seventh Prince heard this, he finally understood. His expression became a little complicated. "It's father... Who made you do this?"

Xu Bai raised his eyebrows. "If it wasn't for His Majesty's face, you wouldn't be worth my effort. This is a good opportunity, isn't it?"

The Seventh Prince smiled bitterly and did not say anything else. He turned around and left.

However, the way he left was exceptionally different. He was no longer as arrogant and despotic as before.

Only Xu Bai and Wen Chengshu were left at the scene.

“I didn’t expect the Seventh Prince to change his personality so easily. It’s really rare.” Wen Chengshu sighed.”

“When a person loses someone to rely on, he will change.” Xu Bai shrugged his shoulders and made a boring emoji: “ He’s not a good-for-nothing. It’s just that he’s been living under his mother’s blessing for a long time and has developed a personality. When the blessing disappears and he gets beaten up, there will be two situations.”

“Oh?” ‘Which two?’ Wen Chengshu asked curiously.”

“Firstly, from then on, his personality became even more extreme.” Xu Bai raised two fingers and said indifferently, “The second is to change your personality.”

“What if he is in the first situation and hasn’t changed?” Wen Chengshu continued to ask.

Xu Bai smiled lightly.” Then let’s beat him up again. There’s nothing that can’t be solved by two rounds of beating. ““

Wen Chengshu cupped his hands.” I’ve gained some knowledge today. It’s getting late. I still have something to do, so I’ll take my leave first.”“

After saying that, Wen Chengshu planned to turn around and leave.

However, before he could take two steps, Xu Bai’s figure flashed and appeared in front of him again.

He still looked calm and collected, but the golden and gray-white light around Xu Bai’s body merged, creating an extreme chaos.

Wen Chengshu took a deep breath and said,“Lord Xu, what is the meaning of this?”

Xu Bai raised his hand and accurately landed on Wen Chengshu’s face.

Wen Chengshu was sent flying. After rolling on the ground a few times, he struggled to get up.

“Today, on account of the Prime Minister, I will only give you a slap.” Xu Bai withdrew his hand. “I’m a person who keeps my personal and private affairs separate. Don’t think that I don’t know your role in this just because you put the blame on the Seventh Prince. ””

Wen Chengshu covered his face and smiled bitterly. “Today’s matter was indeed my fault. Teacher once said that if there was a mistake, then there should be punishment.”

Xu Bai placed his hands behind his back. The golden and grayish white light around him quickly disappeared.

He turned around and returned to his residence, leaving behind a sentence.

“Get lost.”

After Xu Bai left, Wen Chengshu finally heaved a sigh of relief. His entire body was drenched in cold sweat.

Especially his palms, which were already covered in sweat. The chaotic power almost drove him crazy. If it weren’t for his noble spirit, he would have been unable to resist it long ago.

“With this kind of strength, how can the young people of today live their lives?” Wen Chengshu smiled bitterly and wiped the sweat from his forehead. He didn’t forget about his own matters and quickly left.

After leaving this place, Wen Chengshu directly left the palace and came to a large residence in the capital.

There were two family members guarding the big house, but when they saw that it was Wen Chengshu, they let him in.

The decoration of the courtyard was particularly unique and elegant. Wen Chengshu didn't have time to appreciate it. Soon, he came to a group of houses and knocked on the door gently.

A moment later, the door opened automatically. Wen Chengshu walked in and bowed to a sitting figure.

"Disciple greets teacher."

Prime Minister Wen's hair was white, but he was dressed neatly and plainly. He

was holding a brush and writing with his head down. When Wen Chengshu came in, he did not even look up.

Although the surroundings were particularly unique, upon closer inspection, they were all simple and ordinary items. Other than the fact that they looked more elegant on the surface, they would not be worth much on the street.

This was the home of the current prime minister. Other than looking big, everything else was extremely simple.

Distinguishing public and private was Prime Minister Wen's specialty.

It was also Prime Minister Wen's specialty to be wholeheartedly devoted to Great Chu.

Sometimes, even as a disciple, Wen Chengshu felt that his teacher was too heartless towards him.

Other than his salary, he did not want anything else.

And this salary was left behind by the teacher for his own survival.

To put it bluntly, even a county magistrate the size of a sesame seed had a better life than his teacher.

Sometimes, Wen Chengshu even wanted to ask, was this life worth it?

But he did not ask.

Everyone had different thoughts, but his teacher was happy to accept it.

“What happened? Why are you so flustered?” Prime Minister Wen put the brush aside and frowned.

Although he was already old, he naturally had the air of a scholar. It didn’t look very strong, but it was especially entranced.

Wen Chengshu thought for a moment, but in the end, he still told her what he had encountered, especially when he saw those sentences.

The scene fell into silence. Prime Minister Wen leaned against his chair and fell into deep thought.

“Forget it, let’s not bother about it.” Prime Minister Wen waved his hand and said, “Your Majesty has won this round.””

Wen Cheng Shu nodded. There were some things he wanted to say, but he didn’t dare to say them out loud.

“A gentleman is magnanimous. If you have something to say, just say it. Why do you have to act like a villain?” Prime Minister Wen snapped.

Wen Chengshu shivered and hurriedly said, ““Teacher, what do you think of Xu Bai?””

Chapter 573: 5,000 Years of Culture, Are You Joking? _5

Prime Minister Wen pondered for a moment and said, “ He is talented, and a great talent at that. I can tell from the sentences you brought back. However, his thoughts are contrary to mine. ””

“For example, Xu Bails good friend, Yun Zihai.”

“He is also a talented young man, but he wants to achieve autonomy.”

“In my opinion, anyone who doesn’t protect the interests of Great Chu is against me.”

“Then why...” Wen Chengshu hesitated.

He didn’t finish his words because he felt that everyone said that his teacher was a pedantic person, and the most pedantic person in the world.

So... Why did his teacher agree again, especially Yun Zihai? Back then, his teacher had strongly opposed it, but in the end, he still agreed.

“Sigh...” Prime Minister Wen sighed and asked, “Even you think I’m a pedantic person?”

“I dare not.” Wen Chengshu quickly lowered his head.

Prime Minister Wen stood up and walked to the window. Looking at the scenery outside, he said slowly.

“As the Prime Minister, how can I not know the benefits of reform?”

“However, there is a price to pay for change.”

“I’m old, and I can’t afford to pay the price. I know that if I continue with my method, even though the great motherland won’t reach the peak of glory, it will definitely continue.”

“His Majesty’s method. Yun Zihai’s self-control and Xu Bai’s following were changes.”

“But I can’t tell whether it will succeed or fail. This is just a small-scale experiment by His Majesty. I agree to the experiment, but I have to control the factors that will lead to success.’

Wen Chengshu nodded, but he knew very well that his teacher would no longer care about Xu Bai’s matters.

However, just like Yun Zihai back then, the teacher still did not like Xu Bai.

Wen Chengshu left, leaving only Prime Minister Wen.

Prime Minister Wen looked at the empty room and sat back down on his chair. He looked exhausted.

“In this world, whether it’s Great Chu, Great Yue, or the Berserkers, they all want to unify it because only by unifying it can they truly enter that place.”

“Then let’s see who can unify it.”

Ever since Xu Bai beat up the Seventh Prince, the Seventh Prince had stopped.

More than ten days had passed since the last time. The one-month deadline was almost up, and there were only less than ten days left.

Xu Bai still had nothing to do, but he had made a huge change.

The puppet of the Fourth Stage had become a puppet of the First Stage, and the black saber at his waist had appeared again.

It was still called Hundred Break, but it was already a first-grade Hundred Break. There was a huge improvement.

It was all thanks to the materials that the Nine Princess had given him. Otherwise, he would not have had so many materials to make it.

Today, Xu Bai carried the Hundred Break on his waist as usual. He first went to the royal treasury to take a look at Ye Zits learning progress.

Ye Zi was learning from the old woman, and her learning progress was very fast. It was as if she had opened the door to a new world, and she was actually faintly stepping into the Second Stage Realm.

After all, the old woman was an expert comparable to Eunuch Wei. It was normal for her to have such an ability to improve.

After touring the royal treasury, he followed the path and ran to the Ninth Princess 'palace. He teased Qing Xue for a while. After Qing Xue rolled her eyes, he leisurely returned to his residence.

The matter of him beating up the Seventh Prince had also spread throughout the Imperial Family.

As for what the members of the royal family were thinking, Xu Bai was not sure, nor was he interested in knowing.

He had indeed been living comfortably recently. He had been waiting for the Emperor's reply. Seeing that the time was almost up, Xu Bai was looking forward to it even more.

What kind of reward is it?

According to Eunuch Wei, the reward would definitely satisfy him.

It was as if the grand prize was about to be revealed, but he was still waiting. It was very uncomfortable.

After returning to his residence, Xu Bai leaned back on the chair and rested

leisurely.

“Less than ten days.”

Xu Bai thought to himself as he placed his hands on his head.

The afternoon sun shone through the window. Xu Bai narrowed his eyes and felt a little sleepy.

The first-grade puppet stood guard at the side, seemingly untired.

Just as Xu Bai was about to fall asleep, footsteps came from outside the door.

Eunuch Wei pushed open the door and entered. After seeing Xu Bai’s condition, he smiled and said, “You little brat, you sure are satisfied.”

Xu Bai woke up from his sleep and stood up. “So it’s Eunuch Wei. Please come in.”

During this period of time, besides wandering around, he would drink with Eunuch Wei every day. He suddenly found that he and Eunuch Wei hit it off. The more they talked, the more they got along.

If the two of them were not old, they would probably take advantage of the time to drink and burn yellow paper to become sworn brothers.

Xu Bai looked at Eunuch Wei’s hand. He was a little disappointed when he didn’t see the wine jar.

“Xu brat, you only know how to drink every day. It seems that I’ve aroused your addiction to alcohol during this period of time. You have to quit. Alcohol can easily delay things.” Eunuch Wei shook his head and walked to Xu Bai. He took out a letter and handed it to Xu Bai.

There was no wine to drink, and another letter was handed over. It seemed that there was something important.

Xu Bai took the letter and opened it. After reading it briefly, his eyes narrowed slightly.

“What does Your Majesty mean?”

Chapter 574: The King of Chu: This Power Is Big Enough

Xu Bai put down the letter in his hand and looked at Eunuch Wei. The meaning in his eyes was obvious. The contents of the letter confused him.

Eunuch Wei smiled and extended two fingers to pick up the letter. He found a lighter and lit the letter, placing it in the brazier.

He watched the brazier burn brighter and brighter until the letter turned to ashes. Then, he slowly opened his mouth.

If you hadn't reached the mortal evolution state, then everything would be fine. But now that you're at this state, His Majesty will definitely reward you handsomely.”“

“Only you who have reached your current realm can be worthy of this reward.

However, in order to obtain this reward, you must be convinced by others.”

“Establishing prestige is one of them. This is for your own good. When you establish this prestige, everything will be in your hands.”

Eunuch Wei turned around and hid his hands in his sleeves.

Xu Bai touched his chin and said,“ Eunuch Wei, we are drinking buddies. Don't be so mysterious. You burned this letter so quickly just now. What if I don't remember the name on it?”“

Eunuch Wei had a sinister smile on his face, but after hearing Xu Bai's words, he was stunned on the spot. Clearly, Xu Bai's thoughts were too jumpy, and he did not react in time.

"It can't be. You can't remember these things at your realm?"

He thought that Xu Bai really didn't write it down, so he was thinking of writing it again.

However, when he saw Xu Bai's smile, he understood that Xu Bai was teasing him. He couldn't help but shake his head.

"In this imperial palace, there are only a handful of people who dare to tease me, and you are one of them."

Xu Bai stood up and stopped in front of Eunuch Wei." "This matter can't stop me, but I still need to know what the reward is and whether it's worth it."

Eunuch Wei sighed and said, "Brat Xu, you're good at everything. It's just that you're too materialistic. Your character as a businessman is too obvious."

"Business is business." Xu Bai didn't feel that there was anything wrong with better to talk about business than feelings."

Eunuch Wei pondered for a long time. After a moment, he finally made up his mind and slowly spat out a sentence.

"Is a huge reward enough?"

"What is a huge reward?" Xu Bai raised his eyebrows."

This name sounded interesting, but he wanted to know the exact meaning, so he wanted Eunuch Wei to explain it clearly.

“Lord Xu, you know about the matter of being conferred the title of king, right?” said Eunuch Wei.

Xu Bai nodded. He had heard about it from the Ninth Princess.

“Then Lord Xu also knows that the world is so big. How can these four imperial families control it?” Eunuch Wei continued.

Great Chu is very large,” Xu Bai muttered.” It’s impossible to control it with just the four members of the royal family.”

“Just the four of you is almost non-existent to His Majesty’s arrangements. But what if you add in some kings with different surnames?” Eunuch Wei finally said the last sentence.

Xu Bai was stunned. Then, he took two steps forward and looked straight at Eunuch Wei, trying to see something strange in his eyes.

However, Eunuch Wei didn’t seem to have any abnormalities at all. He just stared at Xu Bai.

Xu Bai took a deep breath and said, “Your Majesty’s intention is to confer me the title of King of a different surname. How generous.”

Eunuch Wei said, “You know the current situation of Great Chu. His Majesty developed too quickly back then, causing him to look extremely glorious, but in reality, he was just a piece of rotten wood.”

“It’s not like you haven’t seen all kinds of local officials taking bribes and bending the law, and even colluding with outsiders.”

“If we give a place to those trustworthy people and let them govern, it would be much better than His Majesty doing everything.” Xu Bai nodded thoughtfully.

There were many benefits to becoming a king.

One of them was to protect the unification of the imperial power and expand their ruling area.

However, Xu Bai had his own ideas. In his previous life, there were many examples of rebellion by vassal kings in history.

Emperor Jing of the Han Dynasty was almost killed. The Ming Dynasty enfeoffed the kings, but the result was that Zhu Di's power was too great, and Emperor Jianwen disappeared.

"Your Majesty isn't afraid?" Xu Bai asked for his thoughts.

"Afraid?" Eunuch Wei shook his head and said, "Why should I be afraid? As long as His Majesty is still in power, who would dare to deceive the Emperor? Besides, when he is conferred the title of King, he will definitely consider the issue of mutual restraint."

"Let's make an analogy. For example, if you and I are neighboring kings and you dare to deceive the emperor or collude with outsiders, I will report it to you and receive a reward from the emperor."

"This way, it's much better than the current situation where we're not connected."

As he spoke, Eunuch Wei seemed to have opened his mouth and continued to speak.

"As long as Your Majesty is in power, this Great Chu will not dare to be in chaos."

"His Majesty and King Sheng You are the foundation of the entire Great Chu State. As long as they are around, they can suppress it. It's just that His Majesty doesn't want the people to be troubled by rotten wood again."

Xu Bai understood.

He had forgotten that in this era, individual strength was still at the peak.

Even if you had soldiers and horses in your hands, unless you were someone like King Sheng You, your individual strength was simply too strong.

For example, Eunuch Wei, with him guarding the palace, was better than thousands of troops.

Let alone the Chu Emperor?

Although Xu Bai didn't know how strong the Chu Emperor was, he knew that it definitely wasn't weak.

"To be honest, I'm not too interested in this reward." Xu Bai shook his head, indicating that he was not interested..

Chapter 575: Emperor Chu: This Power Is Big Enough (2)

Becoming king?

No one else would have been able to refuse, but Xu Bai didn't like it. What was the point of having a cheat?

It was better to be free and unfettered. When there was nothing to do, he would work on the progress bar and then continue to strengthen himself. It was better than sealing a territory.

Eunuch Wei patted Xu Bai's shoulder and said, "I know what you think. You are a person who likes freedom, but your king is completely different from others."

"Oh?"

This sudden sentence aroused Xu Bai's interest.

"What's the difference?"

“A king who can kill a king.” Eunuch Wei smiled. “You don’t have a fief, but you have endless power. You can do whatever you want in Great Chu. No, I can’t say that you’re doing whatever you want. You should be upholding justice.””

“As long as you have evidence, you can kill any guilty king, even if they are from the royal family.”

“Usually, you can walk around as you wish, no matter where you go. You have absolute freedom in this regard.”

Xu Bai thought for a moment.

To be honest, this reward was indeed very big.

He did not have a fief, but he had great power.

“Isn’t Your Majesty afraid that I’ll use my power indiscriminately?” Xu Bai asked.

With this power, it would be easy for him to frame someone.

After framing him, he would kill him with a knife. Those so-called kings would probably have their tails between their legs when they saw him.

“I believe,” Eunuch Wei said with a smile. “Your Majesty and I believe that a person who can see the Noble Spirit in the mirror would not do such a thing.””

Xu Bai was speechless.

Good heavens.

He kept feeling that something was wrong. It turned out that the emperor was involved. Otherwise, how could he have come into contact with that mirror?

However, what was the Eternal Noble Spirit? He did not seem to be affected.

However, all of this was not important. What was important was that this reward had other uses for him.

Was he the kind of person who abused his power? To be honest, yes and no.

Without using this thing to harm people, he could get some good things for himself.

For example...Progress bar.

From time to time, he would find an emperor and sit around. At the same time, he would use his authority to look for the progress bar. Wasn't that great? After all, he was free and had huge power.

Eunuch Wei didn't know what Xu Bai was thinking, so he kept saying,""In fact, His Majesty thinks that you can use this power a little to find some benefits for yourself. It will give those people a feeling of greed and make them lower their guard."

Eunuch Wei didn't add any embellishment to his original words.

"Really?" Xu Bai licked his lips."

This was perfect. It was equivalent to the emperor personally asking him to use his power to get it.

Eunuch Wei nodded, indicating that he was completely serious.

He pulled the topic back and said, "Now, do you understand why I want you to do as the letter says?"

“Understood.” Xu Bai smiled. “Actually, I would have done the same even without Your Majesty’s permission. After all, these are my enemies. When do we start?””

The corner of Eunuch Wei’s mouth twitched. He knew that Xu Bai’s enthusiastic appearance was completely fake. He could not help but wonder if there was a problem with the Eternal Noble Spirit.

Shouldn’t he be an extremely upright person?

Shouldn’t he be the kind of person who would burst out with righteous spirit like a beehive that had been poked?

Why did it feel so treacherous?

If he couldn’t figure it out, he wouldn’t think about it.

Eunuch Wei felt that the Prime Minister should be fine. After all, the Prime Minister had never made a mistake in all these years.

“Let’s do it tonight.” Eunuch Wei calmed his thoughts and said, “His Majesty will also cooperate. ””

“No problem.” Xu Bai patted his chest and promised.

Then, Eunuch Wei turned around and left.

However, before they left, the two of them talked about Yun Zihai, which was what Xu Bai wanted to talk about.

Yun Zihai had been specially granted a place by the emperor to govern himself. Now, he was being conferred a king. Wouldn’t this matter overlap with Yun Zihai’s side?

Soon, Eunuch Wei gave him an explanation.

Yun Zihai's self-governance was actually a small experiment, in order to find out the next king. Now, it seemed that this method would work, and Yun Zihai would probably become a king with a different surname.

After that, the two of them chatted for a long time before Eunuch Wei left.

After Eunuch Wei left, the smile on Xu Bails face gradually disappeared and he sat back down on the chair.

After this conversation, he finally understood the Emperor's thoughts.

If the emperor had enough children, they could all be arranged for the royal family. After all, as an emperor, it was impossible to confer titles to people with different surnames.

However, with the current situation of Great Chu, it was extremely difficult to change from scratch. He could only use the method of a king with a different surname.

Throughout history, no emperor was willing to use this method. This was also a helpless move, but there were some areas where it could be flexible.

This flexibility was Xu Bai.

Giving Xu Bai immense power and even the ability to kill kings was a form of intimidation to those kings with different surnames.

He also made Xu Bai appear a little greedy to show the other kings that Xu Bai was not an iron bucket.

Otherwise, how could those people with disloyalty be exposed?

With all these circumstances stacked together, Xu Bai knew that the Emperor really had his own ideas.

However, Xu Bai didn't think too much about it.

This matter could give him some benefits, especially great power. It could allow him to get more progress bars, so he could do it..

Chapter 576 - Emperor Chu: This Power Is Big Enough (3)

In short, it was very profitable.

As for what he was going to do tonight, it was actually very simple.

There were many names written on the letter. These people were the backers of the people who had intercepted and killed Xu Bai on his way to the capital.

Many of them had already been dealt with by the Emperor in secret, but he had left a few tough bones for Xu Bai.

The reason was very simple. It was specially for Xu Bai to establish his prestige.

Xu Bai's king was different. He specialized in killing kings, so prestige was one of them.

This was the best time.

Xu Bai lay on the chair and closed his eyes. He was still pondering in his mind.

He had a feeling that the Chu Emperor's step was somewhat incomprehensible. This was because the matter of conferring a king seemed to be too hasty.

But he couldn't find any problem with his middle.

In short, the Chu Emperor definitely had other plans.

“Let’s go first.” Xu Bai opened his eyes and looked at the night sky outside the window.

Time gradually passed, and in the blink of an eye, night fell.

Xu Bai carried Bai Lie on his waist. In the dark night, he walked alone in the Imperial City and left the city gate.

Along the way, no one stopped him. Even if some soldiers saw him, they would greet him respectfully.

After leaving the palace, he closed his eyes and thought about the contents of the letter, including the map. He opened his eyes again and walked in a certain direction.

The moon was round, but it was covered by a layer of dark clouds.

In a mansion, Xu Bai left with a knife dipped in blood.

These were all people who had wanted to harm him in the past. He had no pity for them.

Chaos and despair, gold and grayish-white, lit up all over the capital from time to time.

The next day.

When Xu Bai arrived at the gate of the Imperial Palace, the soldiers guarding it couldn’t help but take a step back.

The weather was good during the day, and there were no clouds in the sky.

However, Xu Bai's body had a bloody smell that made people's scalps go numb.

The black blade Hundred Rend was already covered in a thick layer of dried blood.

His Sun and Moon Daoist robe was also drenched in bright red blood, so red that it seemed to be dyed in color.

Even the soldiers who had been on the battlefield for a long time felt their hearts palpitate when they saw this scene.

Xu Bai walked step by step with his saber in hand until he arrived at the Emperor's royal study.

No one stopped him. When the maids and eunuchs in the palace saw Xu Bai, they were so scared that their faces turned pale.

"Dong dong dong!" Xu Bai knocked on the door.

A moment later, the door opened automatically. The Chu Emperor sat in the room, looking at Xu Bai, who was covered in blood, and waved his hand.

Xu Bai smiled and wiped the blood off Hundred Break with his finger before walking in.

"Why didn't you wash up before coming to see me? It seems like you are in a hurry." The Chu Emperor poured a cup of tea for Xu Bai, completely unconcerned about the bloodstains on Xu Bai's hands.

Xu Bai took a sip of the hot tea and put down the teacup. "When I was killing people last night, I suddenly had an inspiration and wanted to ask Your Majesty."

"What you want to ask is that I made this decision in a hurry, right?" the Chu Emperor muttered.

Xu Bai nodded and said without hesitation, "It's true that enfeoffing a vassal king can solve the problem of Great Chu, but there are better ways to solve it. Moreover, there's no risk. Although this risk is useless to Your Majesty, it's at least a risk."

"Once there are people who are close to Your Majesty, such as the Great Yue State and the Barbarian Race, they are likely to take advantage of this risk and bring about certain losses."

The Chu Emperor smiled. "That's why I asked you to make a move. With you around, these kings with different surnames won't dare to act recklessly."

Xu Bai rubbed his chin and didn't say anything. He just looked at the Chu Emperor, but his meaning was very obvious.

He didn't believe it.

The surroundings became so quiet that one could hear a pin drop.

In Xu Bai's opinion, there was definitely something deep inside. Otherwise, the Chu Emperor wouldn't be in such a hurry. If he wasn't in such a hurry, he could have used other methods that weren't too dangerous.

Conferring the title of emperor was the fastest, but it was also the most problematic.

He had killed people last night, and as he killed, he had this idea.

The Chu Emperor was silent for a long time. Finally, he sighed. "You really want to know?"

Xu Bai nodded. He did not want to be kept in the dark.

There were some things that he had to be clear about before he could take action. Otherwise, he would rather not have this reward.

The Chu Emperor's gaze focused. After a moment, he finally said, "Have you heard of the Bizarre Market?"

Xu Bai was stunned for a moment. After he reacted, he nodded.

"You actually know about it?" The Chu Emperor was slightly surprised.

He didn't know what happened when Xu Bai entered the Bizarre City of Humans and Bizarre City of Demons. He only knew that Xu Bai had disappeared during that period of time.

"I know a thing or two, but what does the bizarre market have to do with being conferred the title of king?" Xu Bai said.

He did not understand. What was the connection between them?

The Bizarre Market was filled with strange things. After people entered, their souls would quickly disappear and they would become idiots.

Similarly, the strangeness in the Bizarre Market would instantly become an idiot when it came to the human world.

The strangeness that was currently stuck here was also the same. Therefore, they did not have any rationality and only knew how to kill crazily.

"Since you know, I won't explain the mechanism to you because I don't know much about it." the Chu Emperor said slowly.

"However, I know one thing, and it's the most important thing."

"In this world, whoever can unify it has the right to lead the army straight up and break the sealed rules without losing their soul."

“What benefits?” Xu Bai frowned.’

Even after hearing what the Chu Emperor had said, he still wanted to know what benefits there were.. After all, without any benefits, who would think of ways to enter that place?

Chapter 577 - Emperor Chu: This Power Is Big Enough (4)

If he unified the world, he wouldn't be restricted by the divine soul. The Chu Emperor clearly wanted to enter.

“Benefits?” “ According to the legends, there are countless treasures there,” the Chu Emperor said.” However, the strangeness of that place makes it impossible to use them. There are also countless opportunities.”

“Of course, I also want these things very much, but there are more important things.”

“I don't know what the Great Yue State and the Barbarian Race are thinking, nor do I know their purpose in entering the city. But my purpose is to get rid of the person who is lying on the bed.”

As he spoke, the Chu Emperor walked to the desk behind him and opened one of the drawers. He took out a map and unfolded it on the table.

When Xu Bai went over and saw the map, his face was expressionless, but his heart was in turmoil.

“This is the map of the Bizarre City.” The Chu Emperor slowly said,” Of course, it's only a portion. I only have a fragment of the map, which was passed down from the Gale Country.”

“I don't have much time left because the Great Yue and the Barbarians won't give me any extra time.”

“After I heard that there was a bizarre market, I had an idea. How could my

Great Chu let the bizarre market become a threat?”

“Therefore, I want to unify the world and eliminate the threat.”

Having said that, the Chu Emperor didn't say anything else. Clearly, he had already said what he wanted to say. Now, it was up to Xu Bai to decide how to respond.

After hearing all the explanations, Xu Bai laughed and said, “In that case, I understand.”

“Don't you have anything else to ask?” The Chu Emperor raised his eyebrows. “No, I haven't.” “If there's nothing else, I'll take my leave.” Xu Bai shrugged.

He was only here to hear the reason. These things were too far away from him. It was enough for him to know. As for getting involved, he absolutely did not like to get involved.

With this time, he might as well spend more time on the progress bar.

As for the matter of becoming a king, Xu Bai was naturally happy. He had power and freedom, and he could use this power to find progress bars. He would definitely be happy to accept it.

The Chu Emperor looked straight at Xu Bai. He didn't see any abnormality on Xu Bai's face. He waved his hand and said, “In that case, you can leave first. In a few days, Zhen will settle this matter.”

Xu Bai cupped his hands, turned around, and left.

The Chu Emperor stared at Xu Bai as he left. After Xu Bai left, Eunuch Wei appeared in the royal study.

“Your Majesty, are you really going to be conferred the title of King?” Eunuch Wei asked.

Only then did the Chu Emperor retract his gaze and nod his head with certainty.

He didn't say anything, but his meaning was clear. He wouldn't waver on this matter.

"Xu Bai is only at the mortal evolution state. Eunuch Wei hesitated, but the time he had spent growing up was too short, and he was afraid he wouldn't be able to take up such an important position."

The Chu Emperor glanced at Eunuch Wei and said, "'This is the first time I've seen you so concerned about a young man."

Eunuch Wei lowered his head in silence.

"His growth will definitely shock everyone in the world." "Don't forget," the Chu Emperor said with certainty, "I've asked someone to calculate his whereabouts. He must have a strange move."

Eunuch Wei remained silent.

"The Great Yue and the Barbarian Race have been recuperating for such a long time. I reckon that they are already strong and powerful. However, the Great Chu Country has only been established not long ago." "The Chu Emperor's gaze was deep." "I don't have much time left. I have to prescribe the right medicine. Moreover, I have to use strong medicine."

"Two days later, the matter of the king will be announced in court." "Yes, sir!" Eunuch Wei bowed.

After leaving the royal study, Xu Bai returned to his residence in the bloodstained Sun and Moon Daoist robe. He asked the servant girls to boil hot water and wash up. Then, he washed the Sun and Moon Daoist robe and put it on. Only then did he feel much more comfortable.

This time, it had indeed exceeded his limit, especially regarding the bizarre market. It had allowed him to obtain important information.

"Who can rule the world and break the rules?" Xu Bai thought to himself.

Then, he shook his head and buried the things he had obtained today in his heart, not thinking about him for the time being.

The mysteries of this world far exceeded his imagination, especially the bizarre market. That was the strangest part.

It was better to seize the time and increase his strength as soon as possible. After he became a king, he would use this authority to search for progress.

After figuring everything out, he retracted his thoughts and went to sleep early.

Time gradually passed, and in the blink of an eye, two days had passed. Today was the day of the court session.

Xu Bai had already received the news. Under the lead of a eunuch, he came to the palace where the Emperor was attending court.

This place was still resplendent with all the civil and military officials standing here.

Xu Bai came late, and he didn't know where he should be, so he found a row of seats and stood at the back.

After the time it takes for an incense stick to burn, the Chu Emperor wore his imperial robe and sat down on the dragon throne at the very front.

Eunuch Wei stood at the side and gave Xu Bai a look.

What happened next was like watching a TV series in his previous life. After Xu Bai saw the whole process with his own eyes, he gained some knowledge.

Discussions on the political affairs and the situation in the various regions were prioritized.

Xu Bai was a little bored and stood at the side, lost in thought.

After another hour or so, these sounds gradually stopped and came to an end.

But today was different from the past, because the Chu Emperor had an important matter to attend to.

Following that, along with the words 'Conferred King', the entire hall instantly fell silent.

Yes, it was cold and cheerless.

Xu Bai came back to his senses and looked around. The intense situation he had imagined did not appear..

Chapter 578: Emperor Chu: This Power Is Big Enough (5)

In the past, after the emperor announced a major decision, there would always be a heated discussion among the officials. However, there was no such thing now.

Xu Bai felt two pairs of eyes staring at him.

One of them was a white-haired old man standing in front of the civil servant.

Xu Bai could feel the obvious disgust in his eyes, as if he didn't like him at all.

Why was he disgusted?

Even if he used his feet to think, Xu Bai could tell that this person was the current prime minister.

The other was a general wearing armor.

When the general met Xu Bai's gaze, he even mouthed something.

Xu Bai could instantly tell that these were the words "King of the Ascending

Underworld".

Good heavens.

He finally understood why there wasn't any heated discussion. King Sheng You and Prime Minister Wen probably knew about this.

One of them was the King of Shengyou, and the other was the Prime Minister. Both of them knew about it, so they probably had already informed most of the people.

"So it's quite simple." Xu Bai thought to himself.

In the main hall, it was still proceeding.

A eunuch held the Imperial Roll and began to read out the list of kings. Other than the members of the Imperial Family, there were many other kings with different surnames.

Xu Bai heard them and felt that they were very unfamiliar, but he remembered these names and their fiefs in his heart.

A moment later, it was time for the finale.

The eunuch cleared his throat and read, "Feng, the former Yin Posthouse's chief, Xu Bai, is King Xu. He will not be given a fief, but he will be given the power to monitor the merits and demerits of the kings. If

the kings are guilty, when there is evidence, there is no need to go through the capital. They will be executed immediately.””

Xu Bai had thought that nothing would happen today. After listening to the recitation, he was about to come out and claim the reward. However, he did not expect it to cause a huge uproar.

Most of the civil and military officials did not think much of it. Only those who had been conferred the title of king, especially those with different surnames, could not sit still.

What kind of joke was this? They had waited so long for this day, but they did not expect that there would be someone above them who could supervise them. That was equivalent to a knife hanging over their heads.

No one could stand this.

Almost immediately, one of the officials who was conferred the title of king walked out and cupped his hands. “Your Majesty, I have an objection!”

This person was also old. He probably followed the emperor through life and death situations back then.

Xu Bai remembered that it was Chen Wang.

“Speak,” the Chu Emperor said indifferently.

The King of Chen clasped his hands, “This subject believes that this cannot be done. Xu Bai has experienced many dangers along the way and has made great contributions. However, it is impossible for him to be conferred the title of King. Furthermore, he has been conferred the title of King with such great authority.”

The other kings looked at each other and nodded.

“Minister Xu, what do you think about this matter?” The Chu Emperor didn’t even lift his eyelids.”

Xu Bai was originally a bystander. He didn't expect to be the one to get the gossip. He could only walk out from the back of the line.

Now that the Chu Emperor had kicked the ball to him, he would kick it back.

"The world belongs to His Majesty. His Majesty can bestow titles to whoever he wants. Why is there still someone who cares about this kind of matter?"

Originally, Chen Wang had already prepared a whole bunch of excuses, but he didn't expect Xu Bai to suddenly say such a thing.

How could this be?

Could it be that the world doesn't belong to His Majesty?

His Majesty would probably drag him out and behead him immediately.

The other emperor also stepped out when he saw this scene, helping Chen Wang to solve the problem.

"Lord Xu, aren't your words chilling our hearts? We are sharing His Majesty's worries. We all have the responsibility to share His Majesty's decision."

"Oh." "If you don't accept it, wouldn't you say that His Majesty is incompetent?" Xu Bai said lightly.

"You!" This person came back to his senses and was instantly furious. "You're framing me!"

Xu Bai rolled his eyes. So what if I framed you? Come and hit me.

This person was even angrier. He felt that he had met a scoundrel.

Alright, Xu Bai.” The Chu Emperor rubbed his forehead.” Since they are suspicious of your achievements, tell them about it. ”“

He knew that Xu Bai was indirectly venting his anger.

Hearing this, Xu Bai knew that he had to have a limit, so he put away the sloppy expression on his face and became extremely serious.

“Hmm, nothing. On the way here, I’ve uncovered countless rebels. Does it count?”

Chen Wang finally recovered from his initial embarrassment and shook his head,”Yes, but not enough.”

“I’ve fought thousands of people on my way here and carved out a bloody path.

Is that enough?” Xu Bai asked.”

Chen Wang’s face stiffened, but he still shook his head,”It’s still not enough.”

Xu Bai tilted his head and focused his gaze. In one night, I killed 212 traitors and spies in the capital. Is that enough?” This sentence silenced everyone.

Chen Wang was stunned.

How could they not know the blood that had flowed in the capital during this period of time?

However, the problem was that Chen Wang felt that he couldn’t back down. If they retreated, Xu Bai’s power would be above theirs, and the problem would be them.

“It’s still not enough!” Chen Wang gritted his teeth.

As soon as these words came out, even the Chu Emperor frowned.

Sometimes, when it came to their own interests, these people would lose their minds.

For example, some sharp-eyed people had already noticed that the Chu Emperor was unhappy.

After all, it was His Majesty’s decision, and Xu Bai had also shown his ability. However, these people were jealous for the sake of benefits.

Xu Bai looked at the Chu Emperor, implying that he had already done his best. It was this person who didn’t give him face, not him.

However, just as he was about to look over, an egg flew out from the outside and landed on Chen Wang’s head.

The egg flew everywhere, and the yolk slid down Chen Wang’s head.

Then, a curse came from outside the hall.

“Motherf * cker, this isn’t enough, that isn’t enough. I’m here, tell me, is it enough?”

After the scolding, everyone present trembled and looked outside the hall..

Chapter 579: Tremble, Jiangnan Dao (1)

When this voice came from outside the hall, all the officials present shuddered, especially the few who had spoken just now. They all shut their mouths and looked outside the hall at the same time.

Xu Bai felt that this voice was very familiar, so he also looked over. Soon, a strong figure walked in from outside.

The person who came in was wearing armor, and his entire body was filled with the killing intent of the military. Especially his eyes, which were about to spew fire, it was obvious that he was in a state of extreme anger.

“I heard that you guys were making things difficult for Xu Bai, so I just came to take a look. I didn’t expect that this would really happen.”

In the Imperial Palace, especially when discussing important matters in the court, there was only one person in the Great Chu Country who could address him as ‘Laozi’.

– King of the Ascending

Chen Wang, who was the first to speak, silently retreated, wanting to hide in the crowd. However, before he could even take a step back, King You Sheng took two steps forward and grabbed Chen Wang’s collar, pulling him out of the crowd.

“Back then, when I rescued you from the prison of Gale Country, you were so grateful to me that you even wanted to lick my shoes. Why are you rebelling

“What’s your name? I should call you Chen Wang now, right?”

King Sheng You’s eyes widened as he stared at Chen Wang. A baleful aura radiated from him.

“No, no, no. This lowly subject doesn’t dare, Your Highness.” Chen Wang’s face turned extremely pale.

The person in front of him was someone who dared to beat people up in the main hall. Even the Chu Emperor wouldn’t say anything about it. He was afraid that he would be slapped twice if he made a mistake. That wouldn’t be worth it.

“Then tell me, is it enough?” King Sheng You said in a muffled voice.

“Enough!” Chen Wang hurriedly nodded his head, indicating that it was definitely enough.

King Sheng You turned his gaze to someone else, meaning that it was not enough.

The people who were swept by his gaze all shut their mouths. Although they did not say anything, it was obvious that they agreed tacitly.

The Chu Emperor sat on his dragon throne, smiling as he watched the scene before him. He turned his head and gave Eunuch Wei a look.

Eunuch Wei coughed lightly and said, “Your Highness, don’t be rude in the main hall. We have to follow the rules.”

Only then did King Sheng You put down Chen Wang and clapped his hands, “Old Wei, this king will give you face. Although you are a sinister and cunning person, your heart is not bad.”

Eunuch Wei’s mouth twitched, but he still endured it.

“Elder brother, this matter of the reward is considered over, right?” King Sheng You looked at Emperor Chu.

The Chu Emperor nodded his head and was about to say a few more words when he saw King Shengyou directly hook his arm around Xu Bai’s neck and walk out of the hall.

“Hey, I haven’t seen Xu Bai for a long time. Now that we’ve suddenly met, we need to find a place to have a drink.” King Sheng You hooked Xu Bai’s arm and left.

The latter turned his head and spread his hands with a helpless expression, meaning that he could not be blamed for this, so he let nature take its course and followed King You Sheng.

Only after King Sheng You left did the people in the hall dare to discuss.

“Nonsense! His Highness isn’t guarding the border, but running to the capital, this is simply nonsense!”

“Your Majesty, you are the elder brother of His Highness. You must take care of this matter.”

“That’s right, Your Majesty. It’s been so many years, but His Highness’s temper still hasn’t changed. We can’t let him be so willful!”

This group of officials began to express their opinions.

The Chu Emperor merely smiled and turned his gaze towards Prime Minister Wen, who had remained silent all this while. He smiled and said, “Beloved minister, usually when Imperial Brother attends court, you would always rebuke him a few times. Why are you not saying anything today?”

Prime Minister Wen calmly cupped his hands and said, “No mistake, no words.”

“Oh?” “Why?” The Emperor of Chu asked with interest.

Prime Minister Wen said slowly, “Xu Bai is qualified to take on this important task. There is no question of whether he is qualified or not. If Your Highness does not come to cause trouble, I will speak up for him. Otherwise, I will let those who oppose him try to see if they can be like Xu Bai and walk on my Noble Spirit Everlasting.”

As soon as he said this, the entire place fell silent, especially those who had spoken at the beginning. They all shut their mouths.

So Xu Bai had even gone through the Eternal Noble Spirit Chapter?

Forget it, forget it. There was no point in playing anymore. Who didn’t have some thoughts these days? Who could perfectly pass the Eternal Noble Spirit?

It could only be said that the thoughts of the people present were only small problems and would not violate the laws of the Great Chu. However, if others saw it in public, it would really be embarrassing.

“I feel that it is Great Chu’s fortune to be like you. Everyone loves each other and governs Great Chu together. “The Chu Emperor said loudly.

No,” Prime Minister Wen quickly refuted.” I’m still not used to seeing Xu Bai. But no matter how much I’m not used to seeing him, I still have to consider the big picture.”“

Emperor Chu: ‘

Today’s court session could be considered an eye-opener, especially today’s matter, which was enough to move the world.

Conferred king, especially a king with a different surname, the weight of these three words was too heavy.

However, what happened after that could only be verified with time.

Xu Bai didn’t know what happened after that, but he knew that this matter was already set in stone.

At this moment, Xu Bai was being pulled by King Shengyou. They did not stop and found a luxurious room. King Shengyou kicked the door open.

The room was very big and the interior was decorated in a unique way. It was cleaned frequently and was spotless.

“This is this king’s residence. As long as this king returns to the capital, this is this king’s place. Come, Xu Bai, this king has something to ask you. “King Sheng You first asked a few servant girls at the door to prepare wine and dishes before pulling Xu Bai to a seat and asking..

Chapter 580: Trembling, Jiangnan Road (2)

“What do you think of the reward this time?”

“Your Highness, from what you’re saying, if I don’t think it’s possible, will there be another reward?” Xu Bai laughed.”

King Sheng You nodded and said heroically, “Of course!”

“If you’re unwilling, then follow this king to the army. This king will give you a position second only to this king.”

“In fact, I can even marry Chu Yu to you and make you my son-in-law.”

Xu Bai’s face darkened. He quickly waved his hand and said, “No, no, I still prefer to be Xu Wang.”

The first half of the sentence sounded nice, but Xu Bai was stunned when he heard the second half of the sentence. He even wanted to marry Chu Yu to him. Was he joking?

“You don’t like that girl Chu Yu?” King Sheng You said strangely, “That’s not right. That girl is full of admiration for you. If you marry her, other than this king, you will have the support of the Ancient Moon Sword Sect. It’s much better than you being a king.”

Xu Bai still waved his hand, indicating that he couldn’t.

Putting the matter of marrying Chu Yu aside, Xu Bai’s current plan was to be a Xu Wang. After all, he could still get a progress bar within the scope of his authority. He was quite free. Wasn’t that wonderful?

Thinking of this, Xu Bai quickly changed the topic.

“Wangye, you didn’t come alone to see me, right?”

At this moment, the servant girls were carrying all kinds of fine wine and delicacies, and they had already placed the dishes on the table.

After bowing slightly, he took his leave.

The person in front of them was a prince who was second only to one person and above all others. The other was the newly appointed Prince Xu. These maidservants did not dare to listen to the two of them discussing matters. If they heard something they should not hear, it would bring disaster to themselves.

“Heh, you’re really smart, kid. Other than looking at you, this king is mainly here to ask for military expenses. “King Sheng You poured the wine and said, “After I finish drinking with you, I’ll go and ask my niece for money.”” Her niece was naturally the Ninth Princess who controlled the finances.

“Is the border tight?” Xu Bai and King Shengyou clinked their glasses and asked.

“That’s not it.” King King Sheng You shook his head and drank the wine in his hand.

“Da Yue and the Barbarian Race suffered heavy losses back then, and so did we.

That’s why we’ve been recuperating during this period of time.”

“However, they have a good foundation while we have a weak foundation. Recently, there has been constant friction. You hit me and I hit you. Anyway, I estimate that peace and prosperity will not last long.”

Xu Bai narrowed his eyes slightly.

The speaker had a heart, and the listener also had a heart. King Sheng You seemed to say this casually, but Xu Bai heard it and heard another meaning.

It seemed that the Great Yue State and the Barbarian Race were ready to start a war.

He recalled what he had said to the Emperor a few days ago. The Strange Market was inevitably linked to unifying the world. He thought that the other party might have already begun plotting.

However, it seemed that King Sheng You had already expected this.

“That’s something this king should worry about. This king isn’t panicking, so don’t panic. “King Shengyou ate a mouthful of food and said,” If this war breaks out, it won’t stop for decades. The other party is also clear about this. Therefore, without the necessary confidence, we can’t fight for the time being.

Xu Bai put down his glass with a smile and picked up his chopsticks to eat.

These things were not what he was worried about. He might as well pay more attention to the progress bar.

If the world was in chaos, the Emperor and King Sheng You would be the first to hold the fort, and then it would be the others’ turn.

The two of them chatted about some trivial matters. Xu Bai then realized that Chu Yu was actually doing well over there.

Although this girl looked innocent, she had learned a lot after following Xu Bai for so long. She was actually able to apply it flexibly.

Take the recent conflict as an example. Chu Yu had used a hundred men to scam thousands of people from the Great Yue State.

Of course, King Sheng You didn’t say the exact details. It was only from his words that he was getting more and more satisfied with his daughter.

The two of them chatted for a while more before King You Sheng asked about Xu Bai’s plans.

“Xu Bai, what plans do you have next?”

Xu Bai put down his wine glass and turned it gently. "I have some plans. After this matter is over, I'll go to the Titanium Temple and Jiangnan Road."

When he had entered the capital previously, Liu Xu had invited him, and no flower had also invited him many times. He had to make a trip to these two places.

Face was given to each other. If the other party gave him face, he naturally had to return the favor. Otherwise, he would be an insensible person.

Moreover, these two places were also managed by the corresponding kings with different surnames, and they could also get a lot of benefits.

"Yes." King Sheng You muttered, "I know that your journey has been very difficult. After coming here, you might not be able to get any news. The Titanium Temple and the Qingyun Academy have praised you to the heavens and have clearly expressed that they are on your side. This trip is indeed necessary. After all, you have to understand the ways of the world."

"What plans do you have after going to these two places?"

Xu Bai stroked his chin. "I'm in this position now. Naturally, I'll patrol the world and 100K around the various Imperial mansions."

Patrol the World (x)

Greedy progress bar everywhere (tick)

When King Sheng You heard this, he tapped his finger on the table and said, "In that case, why don't we find a time to wait for you to finish visiting those two places and then wait for you to patrol all the places before coming to this king's border?"
