Chapter 591: The Dean Returns (3)

As soon as he said this, the entire place went silent.

Wang Qingfeng's face also turned pale.

The reason was simple. What Xu Bai said just now was correct.

Not only was there no problem, but it was also very accurate.

The middle-aged scholar who was surrounded by fragments finally reacted and hurriedly said.

"Prince Xu, this matter has nothing to do with the Green Cloud Academy. I also don't know why my disciple..."

Before he could finish his sentence, a melodious music sounded in the next moment.

The middle-aged scholar's face turned dull as he said the rest of his words.

"I really don't know. This is the first time I've seen such a situation. A few days ago, this disciple of mine told me that he wanted to go home, but I didn't expect him to stay in the statue."

"Control the soul?"

When the surrounding middle-aged scholars saw this scene, their expressions became strange.

How many abilities does this Prince Xu have?

Xu Bai didn't care about this. He removed the Hundred Break and the power to control the soul, and put the Hundred Break back on his waist.

In the next moment, Xu Bai, who was originally full of killing intent, smiled. It was as if the cold winter had been melted by the sun. It made everyone present feel that this young man in front of them was a very positive and sunny person.

The chaos of gold and gray disappeared.

"I see. It seems that I misunderstood you." Xu Bai smiled kindly. If it weren't for his previous behavior, the people present would have misunderstood him.

However, no one went to investigate the misunderstanding.

Because it was certain that Prince Xu would be attacked here.

Prince Xu," Wang Qingfeng said," the Green Cloud Academy will definitely give you an explanation for this matter. Even if we have to do our best, we will find the person behind this."

Xu Bai smiled." Then I'll have to trouble you. If there's any news, you can ask Liu Xu to inform this king."
""

Wang Qingfeng nodded and agreed.

After that, Xu Bai did not follow them. Instead, he asked Liu Xu to arrange a room for him.

However, before he left, he raised his right hand and performed a geomancy calculation.

In the next moment, a golden compass appeared. Unfortunately, he did not find any corresponding clues. The needle on the compass kept drifting and did not stop.

It was either that the other party had a way to avoid being turned into a

chaos-type existence, or that the other party's strength was higher than Feng Shui's level.

However, since Wang Qingfeng had said that he would get to the bottom of it, Xu Bai just had to wait. He had more important things to do than investigate these clues.

Progress bar!

At the start, he had to continue working on the Travels he had obtained from Liu Xu. This was a good thing. From the slow progress bar, it was definitely not a low-level skill.

Nothing was more important than the progress bar. He could continue working while he waited.

After Xu Bai pushed open the door and entered, Liu Xu also walked in.

Liu Xu, who walked into the room, appeared very quiet. Her eyes were filled with a complicated expression, and no one knew what she was thinking.

Xu Bai frowned and said, What are you thinking about? Why are you so engrossed in your thoughts?"

When Liu Xu heard Xu Bai's words, she came back to her senses and said with a bitter smile, "I didn't expect that the gap between us would be so big."

She really didn't expect this. Perhaps in the past, she didn't understand the concept of the three words Prince Xu.

But today, when she saw her teacher treating Xu Bai with respect, she finally understood what this concept meant.

This concept represented the difference in status between the two of them. "Are you going to kowtow to me?" Xu Bai teased."

Liu Xu lightly spat." You wish. I will also work harder until I catch up to you.""

As she spoke, Liu Xu seemed to have been injected with stimulants. She didn't say anything more to Xu Bai and turned to leave.

She was so excited when she left that she didn't even close the door for him.

Xu Bai felt helpless. He could only close the door and return to his chair.

He first pondered over what had happened today. After finding no clues, he took out the travel notes he had obtained previously.

Looking at the slow progress of the golden progress bar, Xu Bai could not help but sigh.

"It's still a familiar formula and a familiar taste.'

It had been a long time since he had encountered such a slow scene. He could not help but think of the first time he had received the progress bar. At that time, he had also felt this way.

This situation was like visiting a brothel. A brothel girl you were familiar with suddenly turned over a new leaf, but in the end, you didn't meet her for a long time.

However, after a long time, they met again on the street. The other party even invited you to exercise.

This kind of freshness was extremely strong.

Xu Bai lay on his back and watched the progress bar grow.

Beside him, the first-grade puppet was holding a saber and guarding him.

While Xu Baigan was reading the progress bar, Qingfeng Wang called all the teachers in the school over for a meeting.

The content of the meeting was very simple. It was to clean up the Academy from top to bottom and find clues.

After the meeting ended, the group of teachers followed Wang Qingfeng's method and began to clean up the academy floor by floor.

One of the teachers was quietly leaving. He didn't look for any clues, but left the Green Cloud Academy directly. He shuttled through various alleys. After making sure that no one was following him, he came to a remote alley.

At the end of this remote alley, there was a hidden house. The teacher came to the door of the house and looked around. After making sure that there was no one around, he pushed the door open and entered..

Chapter 592: The Dean Returns (4)

The door was opened, and a terrifying blood-red light flashed inside. The door was quickly closed, and the blood-red light disappeared in an instant.

The room was dark, and the windows were tightly shut. This kind of thick darkness was a little scary.

The teacher looked around and said softly, ""Are you there?"

As soon as he finished speaking, a blood- red light suddenly lit up in the dark room. The entire room was red. In the corner of the room, a shadow whose face could not be seen suddenly appeared.

“Zhuge Wen, if you come to find me at this time, what if you are followed? Are you crazy?”

A hoarse voice came out from the shadows. It was filled with an inexplicable evilness that made people tremble when they heard it.

Zhuge Wen shivered and said, “It’s alright. I’ve already checked when I came. No one is following me. Don’t worry.””

The shadow fell silent.

Zhuge Wen seemed to have instantly perked up, and his voice became louder. “Why did you suddenly appear and why did you attack Xu Bai? Do you know what his current identity is? If he were to anger the Great Chu Country, we might be in trouble.”

Hearing this, the shadow twisted slightly. As he twisted, the blood-red light around him became even denser.

“Is this something you should care about?”

Zhuge Wen held his breath. After a moment, he slowly said, “”If you don’t tell me, I won’t help you.””

“Are you threatening me?” The shadow said in a calm voice.

Zhuge Wen nodded and said, “I know. I’ve read your evil book and you have evidence against me. But compared to my life, I can still live if I lose my reputation. If you don’t tell me your purpose, I will definitely not help you anymore. I might even expose you.””

The shadow remained silent.

Zhuge Wen did not say anything else. He was waiting for the shadow's reply. Although he looked calm on the surface, cold sweat slowly rolled down his forehead.

After a long time, the shadow finally spoke again.

"Xu Bai has deciphered Prime Minister Wen's Eternal Noble Spirit, and he did it perfectly. Do you know what this means?"

"He is definitely not a flawless person, nor is he a righteous person. I know this better than anyone else because I know him better than anyone else."

"Then there's only one answer. He has something more powerful than the

Everlasting Noble Spirit Chapter in his heart, and this is exactly what we need."

Zhuge Wen frowned and asked, "What is it?"

"Something that can change our situation." The shadow spoke slowly, "If we can knock out something more powerful than the Everlasting Noble Spirit, it might be able to change our situation."

"I didn't want to kill him. I just wanted to plant a seed in his heart. The initial attack was just for this, but I didn't expect him to break it."

As long as you plant the seed, you can let the seed take root and sprout. Just like when you first saw those so-called evil books, when that time comes, he will be one of us."

Zhuge Wen took a deep breath and said, "I understand."

"Now, do you still want to expose me?" the shadow asked."

Zhuge Wen shook his head. "I will continue to assist you until your grand plan succeeds."

The shadow waved his hand, signaling him to leave quickly. He did not say anything more to him.

Zhuge Wen turned around and was about to leave the room as he approached the door step by step.

Just as he was about to approach, an abnormality suddenly appeared.

The blood-red light around him suddenly surged and turned into a sharp blade

that pierced through Zhuge Wen.

Zhuge Wen tried his best to turn his head, his face filled with confusion. He was in pain, but his confusion was stronger than pain.

“Why?”

“You have already thought of resisting, so I can’t let you live. Don’t worry, if I succeed, I will definitely engrave your name in history.” the shadow said slowly.

“And... You know what I really think.”

The blood-red light around them kept shaking, and together with the shadows, it looked extremely strange.

Blood trickled down the corner of Zhuge Wen’s mouth, and cracks appeared on his body. “It is really unexpected that this body would actually become so vicious when you occupy it. My teacher, stop being so stubborn. Why are you doing this...”

“Of course I know what you’re thinking. You’re not doing this for us. You’re occupying this body now, but you haven’t completely devoured the soul.”

“After all, if you completely devour the divine soul, you will never be able to get out again, and Xu Bai is a perfect shell. Am I right?”

“You...”

Before he could finish his sentence, more and more cracks appeared on Zhuge Wen’s body. The cracks gradually shattered, and as the cracks shattered, Zhuge Wen turned into ashes.

The shadow walked out, and the red light around him was disappearing. “I don’t have a choice. Besides, by doing this, I can help you all legitimately.” The door was opened and the shadow walked towards the Academy.

Time gradually passed. In the blink of an eye, several days had passed.

During this period of time, Xu Bai finally experienced the power of the progress bar.

Slow, really slow.

It was as if he had gotten used to entering and exiting quickly, but suddenly, he slowed down again.

As the saying went, it was difficult to go from extravagance to frugality. This was the situation he was in now. That boring feeling came again..

Chapter 593: The Dean Has Returned

Up until now, there was still a small chunk left in the progress bar.

Xu Bai estimated that he would need another day or two to finish reading this book.

This was indeed the masterpiece of the College Chief. It could be seen how terrifying the College Chief's strength was.

After a few days, Wang Qingfeng still hadn't found any news. However, Xu Bai received a message from Wang Qingfeng.

One of their teachers, Zhuge Wen, had disappeared, making this matter even more confusing.

Xu Bai had used Feng Shui to calculate it, but there was no clue. It was still nothing.

He wasn't anxious about this outcome, but Wang Qingfeng and the others were getting more and more frustrated.

Now, it was very obvious that the other party's target was Xu Bai. If this matter were to spread out a few more times, not only would the Green Cloud

Academy's reputation be damaged, but it would also probably lose a good impression in front of the Chu Emperor.

But some things, the more impatient one was, the harder it was to accomplish.

Wang Qingfeng felt even more uncomfortable in this heavy atmosphere.

In the room, Liu Xu was chatting with Xu Bai.

She had wanted to leave since Xu Bai was here too.

She was the supervisor of the Heaven Inspectorate and had many things to do.

But now that such a thing had happened, it would not be good if she suddenly left.

According to Xu Bai, Liu Xu could leave whenever she wanted. After all, Xu Bai was not an unreasonable person. He would not think that Liu Xu was bad just because she suddenly left.

However, Liu Xu was stubborn and insisted on staying here. She had to find out the truth.

During this period of time, Liu Xu had also been frantically helping out, but she still had no results.

"Sigh..." Liu Xu sighed.

When Xu Bai saw this scene, he was delighted.

"I'm not even in a hurry, but you, an outsider, are worried. What's there to worry about? We'll cross the bridge when we come to it."

Liu Xu raised her head, her eyes filled with speechlessness as she rolled her eyes. "You're quite open-minded."

Xu Bai laughed and didn't say anything.

How could he not take it easy? As long as there was a progress bar, he could take it easy.

If he was given dozens of books like this now, he would be more than happy to stay here for a year and a half.

Liu Xu saw Xu Bai's helpless expression and rolled her eyes even more. She was about to say something in anger.

However, before she could say anything, a commotion came from outside.

“Hmm?”

Xu Bai sat up from his half-lying position, and his ears twitched slightly.

With their current strength, they could naturally distinguish them in detail. He had extracted important information from these sounds.

After hearing the most important information, Xu Bai handed the book in his hand to the puppet and walked out of the door.

Liu Xu also heard it and her face revealed a look of joy as she followed behind Xu Bai.

The two of them did not stop. After they left the door, they walked towards the largest courtyard of the Academy.

At this moment, in the largest courtyard of the Academy, not only the scholars had gathered, but even the teachers of the Academy had also gathered.

The originally large courtyard was now unusually crowded.

There was a very empty space in the courtyard. Even if the surroundings were crowded, no one dared to take a step in.

In that empty space, there was an old man with white hair dressed in ordinary clothes.

Although the old man was dressed in ordinary clothes, he had white hair and a youthful face. His eyes were spirited and his cheeks were rosy.

He looked even more energetic than many young people.

His back was straight, and there was a thick scholarly aura that surrounded the old man's body. It was so dense that even ordinary people could feel it.

Beside the old man was a young man lying on a stretcher.

The young man was handsome and dressed in a white robe. At this moment, he looked sickly and his face was as pale as paper. However, his eyes were especially lively as he looked around.

The old man's appearance caused a commotion, but the surrounding scholars left a large space and did not dare to go forward.

Xu Bai and Liu Xu also arrived, but there were too many scholars now, so they couldn't squeeze in for a while.

Liu Xu saw the old man through a gap in the crowd and whispered into Xu Bai's ear, "It's the dean."

Director?

Just these two words alone were enough to cause a sensation in the entire

Nanhua Path.

Xu Bai had come here because he was invited by the dean. This person who could be compared to Eunuch Wei was a top-notch expert.

To be honest, Xu Bai also wanted to meet him. After all, he had been longing for this person for a long time.

His kidney harvesting technique was obtained from the director.

There were too many people around. Xu Bai thought for a moment and was about to speak loudly. He wanted to use his identity to make the group of people in front of him make way.

Unexpectedly, the dean noticed Xu Bai first and waved his hand.

As he waved his sleeves, a majestic aura surged out. The scholars present could not help but take a step back, and a wide path was opened up.

At the end of the road was Xu Bai.

“Prince Xu, please come over.” The dean said softly, but his voice spread throughout the entire academy.

There was no fluctuation in his voice. It was filled with a sense of peace. Just his voice alone made Xu Bai feel calm.

However, when Xu Bai’s line of sight shifted to the young man lying on the ground, his calm was instantly broken.

Yun Zihai!

Chapter 594: The Old Witch Wants My Body

The person lying on the ground was none other than Yun Zihai.

At this moment, Yun Zihai’s face was as pale as paper. His entire person appeared abnormally dispirited. Even his eyes were slightly turbid. If not for the fact that he still had spirit, he did not look like a young man, but rather an old man.

Sensing Xu Bai walking in, Yun Zihai’s gaze shifted and naturally shifted to Xu Bai’s face, revealing a weak smile.

"I didn't expect to meet Brother Xu in such a situation. I'm indeed rude." In Yun Zihai's tone, besides helplessness, there was also joy after not seeing each other for a long time.

Xu Bai's face was slightly gloomy. "Aren't you a King? Why are you injured like this? Who hurt you?"

As the Emperor's initial experiment, Yun Zihai was also conferred the title of King of a different surname, and it was the kind of King with a fief.

However, at this moment, he was not in his own fief. Instead, he was brought to the Qingyun Academy by the Dean. Moreover, his current state did not seem to be good.

Xu Bai thought that someone had injured Yun Zihai, so he asked this question.

Yun Zihai shook his head gently. "If Brother Xu wants to avenge me, then forget it. I wasn't hurt by anyone. I brought this upon myself."

Xu Bai frowned. He felt that Yun Zihai's words had a hidden meaning.

At this moment, before Yun Zihai could continue, the dean spoke.

"Prince Xu, this is not the place to talk. Please move to this old man's room."

Her voice was as calm and gentle as ever, as if nothing in this world could arouse any emotion in this old man. Her eyes were filled with the sea of stars, deep and tranquil.

"Alright." Xu Bai nodded and said, "Thank you for your trouble, Dean."

The College Chief did not continue. He waved to the two teachers of the Academy beside him. The two teachers reacted quickly. They lifted Yun Zihai's single frame and followed the College Chief.

Xu Bai followed behind.

Liu Xu thought for a moment and was about to follow him, but she didn't expect the Headmaster to turn around and glance at her.

"You and Wang Qingfeng, keep this matter under wraps. Don't let it get out."

After receiving this order, Liu Xu could only stay where she was and not follow.

Even Liu Xu couldn't keep up, so the surrounding scholars naturally stayed behind. Following that, Liu Xu, Wang Qingfeng, and the other teachers began to cooperate with the people around them to prevent this information from leaking out.

Xu Bai followed behind him. After walking for about 15 minutes, they arrived at an elegant and simple room.

The room was decorated with style. From the outside, although the furniture inside was simple, the arrangement of each piece of furniture was pleasing to the eye.

The dean waved his hand and asked the two teachers who were carrying the stretcher to put Yun Zihai down.

After the two teachers put Yun Zihai down, they bowed slightly and left. They even closed the door before leaving.

Xu Bai squatted down and examined Yun Zihai carefully. He did not find any external injuries on Yun Zihai's body.

Yun Zihai revealed a trace of pain on his face due to Xu Bai's actions. He said helplessly, "Brother Xu, there's no need to flip through it. I really wasn't harmed by anyone, it's just my own fault."

Xu Bai rubbed his chin." I just want to know why you would do such a stupid thing. Did you hurt your brain?"

When Yun Zihai heard this, he almost lost his temper."Brother Xu, your mouth is still the same as before. It's very ear-piercing. I'm a seriously injured person, aren't you worried at all?"

"Of course not." Xu Bai stood up and shifted his gaze from Yun Zihai to the dean. He smiled and said,""Since the dean is here and brought you back, he can naturally save your life. What do I have to worry about?"

Who was the dean of the Qingyun Academy? He was one of the people who stood at the top of this world. Since Yun Zihai was not dead, he could not die.

The Headmaster stroked his beard and said," I've long heard of Prince Xu's name. I've seen him today. He's indeed a wonderful person."

Xu Bai shrugged." Some things change as they are passed around. Maybe I'm not as good as the rumors say."

"No." The Headmaster shook his head and said," It's even more powerful than the legends say. At least, that's what I think. After all, you're able to gain

Eunuch Wei's goodwill, and you're also able to gain the attention of King Sheng You. Even His Majesty values you greatly. You must be more powerful than the legends say. ""

Xu Bai spread his hands and said," Actually, compared to what I'm saying, I'm more interested in the dean. After all, I've heard many legends about the dean."

The dean's expression instantly stiffened, and even the thick scholarly aura around him became chaotic. Only then did he turn around and glare at Yun Zihai."It's all your fault. You insisted on breaking through to Extraordinary

Rank-I. I told you back then that you couldn't, but you didn't listen."

“Extraordinary first-grade?” Xu Bai was a little surprised. ‘His speed is quite fast. He reached this realm so quickly.. However, why did he become like this after reaching Extraordinary first-grade?’”

Chapter 595: The Old Witch Wants My Body (2)

Yun Zihai did not answer because the dean had already said it.

“What else can it be? It has something to do with his congenital deficiency.

Here’s the thing. Prince Xu, listen to me slowly...”

After that, the dean told Xu Bai everything that had happened, and Xu Bai finally understood.

This time, the dean went out completely to bring Yun Zihai over. The reason was very simple. After Yun Zihai broke through, a big problem occurred.

This so-called big problem referred to Yun Zihai’s congenital deficiency.

Xu Bai knew about this. After all, the first time he met Yun Zihai was in the pharmacy.

At that time, Yun Zihai was still buying medicine there.

In short, Yun Zihai’s body was not good. The bad condition was brought out from his mother’s womb, so it was difficult to cure his congenital deficiency.

Before Yun Zihai left the Academy, the Dean had said that he had to stop when he reached Level Two at most.

If he continued to break through, it would definitely cause a lot of trouble, and now the trouble had come.

Due to his congenital deficiency, he had forcefully broken through to Extraordinary first-grade, causing Yun Zihai's already very weak body to rapidly be destroyed.

At that time, Yun Zihai felt it and quickly wrote a letter to the College. The College Chief went over personally to stabilize Yun Zihai's injuries and brought him back.

After that, it was everything Xu Bai saw, including the weak Yun Zihai at that moment.

"Wait a minute." Xu Bai thought of the key point and said,""Could it be that the principal wanted me to come over to deal with this matter?"

He hadn't even arrived when the dean had gone out. Now that the dean had returned, and before he left, the dean had asked him not to walk around. Could it be because of this?

"No, this was just an accident." The dean shook his head. Although he was old, his eyes were still filled with wisdom. He stared straight at Xu Bai."Presumably, Prince Xu must have been targeted by this old man's junior sister."

Xu Bai raised his eyebrows and said," That's true. However, this matter is extremely secretive. How did the Headmaster find out? Did someone tell you when you just came back?"

The dean shook his head." Of course not. It's just my guess. That's why I asked you to come over."

"Based on what?" Xu Bai continued to ask.

To be able to guess that he would be targeted, and it was not through a special method of deduction, it was just a guess.

Since it was a guess, there must be a basis.

“Has Prince Xu cracked the Everlasting Noble Qi Chapter?” The dean asked slowly. ”

Xu Bai was stunned for a moment before he understood what the dean was talking about. He pondered and said, “It should be considered cracked.”

Actually, he didn’t know if he had cracked it or not, because the situation at that time was very special. He didn’t even feel it at all, but many people thought that he had cracked the Eternal Grand Qi Chapter.

“Yes.” The dean placed his hands behind his back and praised, “As expected of the top genius of the younger generation. To be able to break Prime Minister Wen’s Eternal Noble Spirit is enough to deserve this name.”

“Although I don’t get along with Prime Minister Wen and even fought with him a few times, and both sides were even, I have to admit that Prime Minister Wen’s Noble Spirit Everlasting Chapter does have its subtleties.”

“But it was because Prince Xu cracked the Longevity of Wonders that he attracted my junior sister’s attention.”

“I know that Prince Xu is curious about why the Eternal Noble Spirit Chapter attracted my junior sister apprentice’s attention. I will tell you about this matter in detail.”

As he spoke, the director picked up the hot tea on the table and poured a cup for Xu Bai.

Xu Bai took the teacup and took a sip. His eyes lit up. “Good tea!”

Even if one didn’t know much about tea, one could feel that the mellow taste was definitely not bad.

“Give me a bite too.” Yun Zihai’s throat moved slightly, and he looked eager. “”The dean’s tea is all top-grade.”

“What are you drinking?” Xu Bai didn’t give him any face and drank the tea in one gulp.

Yun Zihai’s expression immediately became depressed.

The dean added, “Tea tasting requires a specific method and a specific method. Hmm...” In fact, other than this kind of tea tasting, you young people seem to like another kind of tea tasting.” Xu Bai was speechless.

How could he not understand?

Tea tasting...

Yes, it was tea tasting, another kind of tea tasting.

Yun Zihai, who was lying on the ground, rolled his eyes and said, “Don’t explain. The dean is someone who does his best not to be abandoned by the times, so he is very eager to follow the times.

Every time, we have to come into contact with some new things. However, some things, the dean’s understanding is different from ours. For example, when we tasted tea just now, in the dean’s heart, we were really tasting tea.” Xu Bai almost spat out the tea in his mouth.

“Could it be that I’ve made a mistake again?” The dean asked with a puzzled expression. ”

“That’s right, that’s right.” “You’re right,” Xu Bai quickly said. “Tea tasting is tea tasting.”“

Good heavens, he finally understood the personality of this dean.

It was like an old man who didn’t know much about this era, but he didn’t want to be abandoned by the era, so he tried his best to follow the era.

However, it was extremely troublesome to follow the times, especially for an old man.

Therefore, there were many misunderstandings, such as what happened just now.

“It turns out that even a top scholar like the dean has such a strange personality.” Xu Bai thought, No, to be precise, they are all normal people..”

Chapter 596: The Old Witch Wants My Body (3)

In Xu Bai's opinion, most of these true top experts were very strange people.

In other words, he was cold and aloof.

However, after meeting one after another, it was completely different.

For example, the Chu Emperor was a very sinister old man. First, he killed his eighth son, then he went to kill those traitors hidden in Great Chu. Finally, when Xu Bai was in the Imperial Palace, he killed three birds with one stone.

Another example was King Sheng You, who was more like a reckless person who was rough but meticulous. Although he looked forthright on the surface, he was actually very petty in his heart.

The last one was Eunuch Wei. In Xu Bai's eyes, Eunuch Wei was the most amiable one.

As for the idiot Liu Qingfeng and the female Abbey Dean, it was not good to comment. After all, one was stupid and the other was crazy.

The old woman was a Heavenly Musician...Well, he was just a disciple.

But now, the dean in front of Xu Bai was more like an old man who was trying his best to keep up with the times and did not want to be abandoned by the times.

"We're going too far." The hospital director seemed to feel that he had strayed a little, so he quickly brought the topic back. "Actually, when it comes to me and my junior sister, I've always felt that my junior sister is a very scheming person, just like the Nine Winding Corridor."

"Puff!" Xu Bai couldn't help but spit it out.

"Sigh." The dean asked curiously, "Is the description of 'chaos'?" Don't you young people often mention the Nine Winding Corridor?"

Nine Winding Corridor.

Xu Bai cursed in his heart. It was not just the Nine Winding Cloister.

To be more precise, it was a single flower, two swallows flying, three pearls playing in the water, four seasons jade vortex, five dragons playing with pearls, six ambushes, seven orifices exquisite, eight winds and rains, nine winding corridors, ten heavens.

Motherf * cker!

If the dean knew what he was talking about, he might really kill him to keep his mouth shut.

Yun Zihai gave Xu Bai a meaningful glance, telling him not to show it.

"Director, let's continue." Xu Bai understood immediately."

The hospital director didn't get to the bottom of it, but he felt that it wasn't the time to ask, so he still told her what happened after that.

As the dean explained, Xu Bai finally understood what was going on.

Before the principal was the principal, he had a junior sister. This junior sister was of the same lineage as the principal, and the two of them grew up together.

The similarity was that both of them had a strong talent in reading, but the difference was that their aspirations were different.

The dean wanted to inherit the Qingyun Academy and use it as a foundation to nurture more scholars.

The dean's junior sister had a completely different idea. She believed that since the Qingyun Academy had nurtured them, they only needed to be good at themselves and work hard to improve their strength. That was the most important thing.

The two different ideologies did not conflict with each other, and they even complemented each other.

However, the problem was that the dean's junior sister had gone astray one day. To be precise, she had not gone astray, but had created this wrong path.

Since ancient times, scholars had always read the books of sages. However, the dean's junior sister felt that this speed was too slow, so by chance, she suddenly read an unusual book.

It was also from that time onwards that the scholars were divided. The junior sister of the dean led another group of scholars into that wrong path.

Originally, all of this was nothing much, but unexpectedly, this wrong path could change the minds of scholars, making them more evil and irritable. At the same time, the desires in the depths of their hearts also increased.

When a person became evil and irritable, the more desires he had, the more disaster he would bring. From then on, disasters happened frequently.

In the end, the dean captured his junior sister. However, he did not expect that his junior sister was actually stronger than him.

The two of them fought for three days and three nights in a mountain range. In the end, the dean was slightly inferior and was seriously injured by his junior sister. He escaped at the critical moment.

Junior Sister thought that everything was fine. After all, even the dean did not kill her. Instead, she was beaten until she fled. No one in the world of scholars could stop her.

However, she never expected that there would be an extremely outstanding scholar in her generation.

Wen Xun.

This name might not be familiar, but he had another identity. He was the famous prime minister of Great Chu.

After a few months, Junior Sister continued to strengthen her lineage until one day, Prime Minister Wen and the Headmaster joined forces and killed Junior Sister in a dangerous place.

“Dead?” Xu Bai rubbed his chin and asked curiously, “I don’t think so.”

The Headmaster nodded. “Dead, but not completely dead. After we killed her, we discovered that her soul was actually connected to this bloodline. As long as this bloodline is not severed, her soul will always exist and will continue to circulate in this bloodline.”

Xu Bai muttered, “The ability to control the world is a little strong. It’s the same as being immortal.”

Thinking about it carefully, this ability was really powerful, because it was absolutely impossible for it to be completely extinct.

When something could be obtained through a shortcut, there would always be people who would take that shortcut. As long as it existed, there would always be people.

As for this bloodline, if it continued, this junior sister’s divine soul would never die. At most, her physical body would be destroyed, but her divine soul could continue to circulate.

“You can say that he’s not dead, but it’s no different from being dead. “The dean continued,” Although it can be continuously reversed, the strength of one’s body has already been reduced to nothingness. One can only occupy other people’s bodies. The strength that one possesses belongs to whoever they occupy..”

Chapter 597: The Old Witch Wants My Body

“However, I discovered that she didn’t seem to possess someone else’s body. Instead, she shared a body with someone else. To be precise, she didn’t devour the soul of the person she had occupied.”

“Later on, I wondered why she didn’t occupy it directly. I looked through many ancient books and even studied it with Prime Minister Wen before coming to a conclusion.”

As he spoke, the dean’s gaze stopped on Xu Bai.

Xu Bai looked left and right. When he was sure that the person was looking at him, he said in surprise, “Me?”

He was very sure that the principal was looking at him just now. Could it be that the so-called junior sister had taken a fancy to him?

No way.

It was simply unbearable to be taken in by an old witch of unknown age.

Wait, why did she take a fancy to him?

“Is she greedy for my body?” Xu Bai paced back and forth for a while.” It’s said that powerful people have strange fetishes. Could it be that the dean’s junior sister has such a fetish? She likes to eat young grass like me?!“

The dean was already an old man, and he thought that he had a good attitude and was even keeping up with the times. However, after hearing Xu Bai's words, he almost lost his composure.

This young man was simply poisonous.

"Really?" Xu Bai took a step back.

"It's fake!" The dean took two deep breaths and tried to calm himself down. He said, "After our research, we discovered that as long as she completely devours that person's soul, she will be completely imprisoned. In other words, she only has one chance to be reborn."

"I see." Xu Bai instantly understood.

As long as he completely devoured the divine soul and occupied the body, he would not be reborn. He could wait until the dean's junior sister completely occupied a person's body before making a move.

At that time...Wasn't it just that no one responded to her calls?

Sigh?

Wait a minute!

There seemed to be something wrong.

"It can't be me, right?" Xu Bai pointed at himself.

He wanted to get a negative answer, but the dean nodded affirmatively.

The dean smiled bitterly." To be honest, you're outstanding enough. Not only have you reached such strength at such a young age, but you've also passed the

Eternal Noble Spirit. To her, you have three benefits."

"Firstly, you are strong. Secondly, you are young enough. Thirdly, you have passed the Eternal Noble Spirit Chapter. Thirdly, she is also a scholar. Of course, she cares more about a knowledgeable body."

"Wait!" "Pardon me for asking, Dean, but is your junior sister a woman?" Xu Bai raised his hand and interrupted."

The director nodded. He was sure that it was a woman.

Xu Bai pointed at himself,"But I'm a guy. Doesn't she mind that I'm a guy?

The dean pondered for a moment and said with certainty,""She's already at her age, so she probably doesn't mind."

Xu Bai was speechless.

Not only was she an old witch, but she was also an old witch with a strange personality.

"That's why I called you here. It'll be more dangerous if you stay outside, unless you stay in the palace. "The Headmaster said," But you've been in the Imperial

Palace all this time. No one has helped you solve this problem. Prime Minister Wen will definitely not help you. He probably doesn't even want to see you.

Only I can help you.""

Xu Bai recovered from his shock and said, ""Do you have a good solution now?"

"No," the dean replied straightforwardly." But if I can find out where she is, there might be a way. When I was young, I once traveled in an abandoned ancient site. There was a method that specifically tested the soul there.

"However, it's extremely incomplete. I can't comprehend anything useful at all. I came back this time to go into seclusion. I have to seize the time to comprehend it."

As long as there is this method, I can detect the soul of others. Which person hides more souls, it must be her." A way to test the soul?

Broken?

He couldn't comprehend it?

When Xu Bai heard this, his eyes instantly lit up.

"How about... Let me see?"

If others couldn't comprehend it, it meant that he couldn't. If he could start the progress bar, wouldn't it be perfect?

When he had this skill, would he still need the dean to test it?

He came to check. After the test, he would tell the dean to call the dean over and beat up the dean's junior sister together.

Isn't it beautiful?

"Didn't I already give it to you?" the dean asked curiously."

"You gave it to me?" Xu Bai was even stranger than the dean.

She gave it to him? When did she give it to him? It was their first time meeting.

The Headmaster said," That travel book only contains a small portion of my travels around the world. It mainly records that ancient ruin. I've already given it to you. I originally wanted you to take a look and see if you could see anything. After all, Liu Xu said that you have a lot of abilities."

"If I may be impolite, I've been trying to guess what you're up to. In the end, I finally have an idea."

"You should be the disciple of the female Abbey Dean. It is said that when you rescued King Sheng You, you were taken away by the female Abbey Dean."

"Sigh, the female Abbey Dean was also a top genius back then. She was able to be all-inclusive and accept a wide range of professions. You should have no side effects after learning it, right? After all, nothing has happened to you until now. "

As he spoke, the dean nodded vigorously, as if he was very sure of his guess.

After all, the change of any one person, all of them are such guesses, because Xu Bai and the female abbot are too similar, all of them have a variety of abilities..

Chapter 598: The Old Witch Wants My Body

Hearing this, Xu Bai couldn't say anything else. He could only continue,""As expected of the dean."

He didn't say the rest because the female Abbey Dean was still looking for him. As for her purpose, it was to restore her crazy state.

He had thought that he had been exposed, but now it seemed that he hadn't been figured out at all. Thinking about it, he was right. How could something like the progress bar be so easily figured out?

Due to the same reason as the female Abbey Dean, now that the female Abbey Dean had taken the blame for him, he had an idea. If there were any problems in the future, he could push all the blame to the female Abbey Dean.

He would be the scapegoat if he took the blame once, countless times, and there was no difference in the number of times.

The female Abbey Dean didn't know about this. If she did, she would definitely jump out and complain.

"Then I'll continue watching?" "What about Yun Zihai?" Xu Bai asked."

At this moment, Yun Linal was Still Wing with a pale face, like a person who was about to die.

"Take care of yourself." "The dean is very simple. "" I'll revise the body strengthening technique this time. It's just enough for him to learn it. At that time, he can barely deal with the mortal evolution state. As for the higher levels, it's very difficult. Let's take one step and see one step.""

"Oh?" "Director, do you want to let me take a look?" Xu Bai rubbed his hands and said."

Body-strengthening technique, or the revised version, could be used at the mortal evolution state?

If he didn't get his hands on this thing, he would feel that he had suffered a loss.

"Why are you looking at that thing? Although you are a female Abbey Dean, you can't do too much. That was why the female Abbey Dean went crazy back then. "The dean asked curiously.

Before Xu Bai could answer, he handed over a book.

"Your line of work really needs to be inclusive. Take a look."

Xu Bai looked at the book in front of him, especially the golden progress bar at the top, and took it excitedly.

The progress bar on this book was also very slow. It seemed to be the progress bar of the mortal evolution state.

This trip seemed to be fruitless, but unexpectedly, he received two progress bars, and the progress bar was extremely slow.

“Are you sure Yun Zihai is fine?” Xu Bai asked.

He and Yun Zihai were not ordinary people. The two of them had experienced life and death together, so they were also worried about Yun Zihai’s condition.

Don’t worry,” the director said with certainty.” I brought him back this time to solve his problem. There’s no problem at all for the time being.”“

When Xu Bai heard this, he squatted down in relief and patted Yun Zihai’s shoulder.”“Brother Yun, you must control yourself in the future. This man has a good kidney. If his kidney is not good, it will not be easy to live.” Yun Zihai widened his eyes.” You’re slandering me. My kidneys have always been fine.”“

Even if a man had kidney deficiency, he would never admit it. This was a matter of face.

The hospital director added on,” Speaking of which, his congenital deficiency is indeed prone to kidney deficiency. Zihai, you’re now a Wang with a different surname. Why don’t you give birth to children as soon as possible? If you get old, it won’t be easy to give birth. ”“

Yun Zihai’s body was weak to begin with. Under the situation where he was continuously attacked, his eyes rolled back and he directly fainted very happily.

Before he fainted, he was still mumbling silently.

"I don't have kidney deficiency... The girls in Spring Rain Pavilion all say that I'm very good...Say that I'm a real man!"

"As expected, it's indeed kidney deficiency." The dean added, "I've heard of Spring Rain Pavilion before. The ladies there are all picky. Even if your body is weak, they can still praise you as strong as an ox."

Xu Bai was speechless.

Good heavens, Brother Yun had visited Spring Rain Pavilion several times when he wasn't around.

Sure enough, Brother Yun looked like a decent person, but he was actually very coquettish.

He really wanted to wake and wake up Yun Zihai to ask him about the details.

But now was not the time to talk about this.

Xu Bai stood up and cupped his hands." Director, if there's nothing else, I'll take my leave first. I want to figure out what's in this book as soon as possible. Let's see if I can find your junior sister. ""

With the progress bar, he did not want to waste any more time. The progress bar was the most important thing.

Moreover, the progress bar this time was closely related to finding the culprit behind the scenes.

The College Chief nodded and said," Don't worry. As long as you don't leave the College, you are absolutely safe. Because I have to stay in the College during this period of time. With me around, she won't dare to do anything."" Xu Bai responded and turned to leave.

After leaving the director's room, he did not stop on the way and returned to his own room.

The news of the Dean's return had been spreading in the Academy. The scholars had been in a panic because of the statue's crack a few days ago, but now that the Dean had returned, everything became quiet again.

Time gradually passed, and in the blink of an eye, another day had passed.

For the past few days, Xu Bai had been staying in his room and checking the progress bar.

He did not read the improved Body-strengthening Technique but focused on the travel book. After all, there were priorities. Now, the travel book could solve his problem.

After a day of continuous work, the book was finally full.

Tremble, old witch!

Chapter 599: Xu: I Can Fight Her Soul (8000)

The progress bar slowly increased, and the last blank space was finally filled. In the blink of an eye, light blue smoke appeared in the air and kept moving.

Then, the light blue smoke gradually turned into words and appeared in front of Xu Bai.

[You have comprehended the Soul Locking Technique (Incomplete) after reading the Travels.]

This time, the light blue smoke did not disappear. Instead, it quickly scattered the words in front of him. Xu Bai knew that this was a sign that they were about to fuse.

[Fusion option found. Fusion in progress.]

[Soul Lock Spell (Incomplete)+ Indestructible Body (Incomplete):

Indestructible Soul Body.]

[Fusion successful.]

As the words " fusion success " appeared, the light blue smoke slowly disappeared, turning into a large amount of information that entered Xu Bails mind.

At the same time, Xu Bai closed his eyes. After he had absorbed all the information, he opened his eyes again. A golden light flashed in his eyes.

In front of him, the newest attribute panel appeared.

” Comprehension: Maximum level.”

How should he put it? Xu Bai felt that sometimes, things were just so ingenious. What did it mean to search for it without any effort? What did it mean to see a bright future?

The current situation was exactly what he had encountered. In the past, he had always wanted to make up for the flaws of his Indestructible Body. After all, a skill that could not repair his soul was still filled with danger in his eyes. After that, he had consciously searched for it, but he had not found anything.

However, he never expected that this problem would be solved not long after he arrived at the Green Cloud Academy.

Both the Indestructible Body and the Spirit Locking Spell were incomplete, but the Indestructible Soul Body that was formed by combining them did not have the word incomplete.

The effect of the Undying Soul Body skill was very simple, but it was simple and full of violence. Other than the recovery of the physical body reaching Extraordinary Rank-I, it also had the recovery power of the soul.

Moreover, there was also the effect of the Soul Locking Technique that came with the detection of the divine soul. In short, he seemed to have inexplicably solved the problem that the white-robed man and Qing Feng had always wanted to solve.

“I feel that even if the divine soul is crushed into powder, the divine soul can still be reborn.””I really want to find someone to test it out.” Xu Bai felt a little suicidal. ”

This feeling was like suddenly becoming strong enough to kill a cow and really wanting to find a cow to beat.

However, this was just his suicidal thought. He did not really seek death. After all, he had more important things to do now.

With the method to investigate the divine soul, the old witch who wanted to covet her body would have nowhere to hide. Now, she only needed to find the dean and plan with him.

Thinking of this, Xu Bai didn't stay any longer. He stood up and left the room, heading toward the dean's room.

Along the way, he met many scholars. However, after these scholars knew his identity, they were extremely respectful to him. This was also the benefit of his identity. If it was another identity, it would probably not be so smooth.

Soon, he bypassed all kinds of wide alleys and arrived at the dean's room. He raised his hand and gently knocked on the door.

"Squeak- "

With a crisp sound, the door was opened by the dean.

The dean held a book in his hand and looked at Xu Bai in disbelief. ""Don't tell me that you've already comprehended the incomplete chapter."

Xu Bai nodded and said, " Actually, it's still very difficult. After all, it took me a long time. Ever since I came here and got that travel journal, I've been reading it. It's really difficult.""

It was indeed very difficult. He wasn't lying. After all, he hadn't seen such a slow progress bar in a long time.

However, when he told the truth to the dean, he almost spat out a mouthful of blood.

The director looked as if he had eaten something unclean. "You'd better not say these words outside. Otherwise, some old fellows might come from afar to beat

you up. After all, your words are too arrogant."

He was indeed arrogant.

He even said that it was very difficult. He had comprehended the things inside in a few days. Was this something difficult?

Anyone else would be proud of this, but looking at Xu Bai now, he seemed to be ashamed of his inferiority.

If it weren't for Xu Bai's current status, the dean would have dragged Xu Bai into his room and examined him carefully to see what secrets this kid had.

Even if the female Abbey Dean was here, she probably wouldn't be able to learn so quickly, right?

"Sigh, come in." The director stood there for a long time, then turned his body to let Xu Bai in.

Xu Bai walked in with his head held high. After the director closed the door, he looked around and saw Yun Zihai in the corner. The corner of his mouth twitched slightly..

Chapter 600 Xu Bai, I Can Attack Her Soul (2)

In the corner of the room, Yun Zihai was already fine. He took off his shirt, revealing his strong body.

It had to be said that although Yun Zihai was born with a deficiency, his body was extremely perfect.

He didn't lose much of his muscles, and he didn't lose much of his muscles.

However, Yun Zihai's actions were a little strange.

In the corner, Yun Zihai was holding a huge iron ball in his hand. It was the size of two adults, and he was playing with it happily.

From time to time, he would throw the iron ball up, catch it with his back, and then catch it with his chest. In short, the scene was very eye-catching.

"What are you doing?" Xu Bai asked.

Yun Zihai played with the iron ball as he agreed with a face full of sweat, "The revised Body-strengthening

Technique. Actually, I suggest you learn it too. I feel like I can kill a cow now."

Xu Bai was speechless.

Should he say it or not? Why did Yun Zihai also have a problem with bulls?

Facing Yun Zihai's enthusiastic invitation, Xu Bai hurriedly waved his hand and even took a step back silently. He felt that the current situation was a little anxious.

"Practice seriously. You haven't finished practicing yet, so don't talk too much!"The dean berated.

Yun Zihai quickly shut his mouth and continued to focus on his training.

The more he looked, the more anxious he felt. Xu Bai decided to stay out of sight. He looked at the dean and said, "Dean, I have already comprehended it. Next, we should implement the plan. I wonder what the next step should be?"

It was still more important to get down to business. If it hurt her eyes, so be it. It was fine as long as she didn't look.

"What else can we do?" The dean stroked his beard. In the words of you young people, it's to sharpen your spear and go into battle."

Grind the spear?

Battle?

Although Xu Bai didn't know where the dean learned the new vocabulary, he felt that it was definitely not a good vocabulary.

"Is this ability of yours an area-of-effect type, or do you want to do it one by one?"The dean asked.

Xu Bai touched his chin and said," The range can probably envelop the Academy. However, if it spreads out, the effect will be reduced. Moreover, it will be easy to be discovered by the other party. One by one, we can play the best role. We can play it within ten meters.""

Hearing this, the dean fell into deep thought.

If they came one by one, he had to be careful not to alert the enemy. Otherwise, his junior sister could easily slip away.

Thinking of this, the dean said," As long as you come one by one and don't be discovered by her, then slowly search. After you find her, don't alert the enemy. I have a way to make sure she can't escape.""

"What is it?" Xu Bai said with interest. Latest updated story at <no.v'elne,xt.c_om]

"She has a very obvious flaw in her ability to continuously regenerate," the dean said." If the body she occupies is not dead, she cannot leave.""

"She can't commit suicide because she hasn't completely devoured her body's soul. Suicide will instead trigger the body's instinctive defense."

"So after I found out, I captured her and locked her up forever!"

Xu Bai was speechless." I thought it would be a permanent solution. I didn't expect it to be just locking her up.""

The dean said helplessly, "If there was a way to settle this once and for all, we would have done it back then. There's really no other way."

"Alright then, I'll leave first. Anyway, I don't have anything to do recently. Other than the revised Body-strengthening Technique, I'll check it out if I have nothing to do." Xu Bai said.

As long as he was here, he would be safe. Moreover, as long as he did not leave this place, the other party would definitely target him.

Therefore, Xu Bai did not care about the time, because it was fine as long as he was here.

As he spoke, Xu Bai fired at Yun Zihai...The method of soul inspection.

In the next moment, Xu Bai sensed that Yun Zihai's soul was extremely pure, and there was no excess in it.

Moreover, Yun Zihai didn't feel it either. He was still playing with the iron ball.

After doing this, he left.

Along the way, he kept using the soul inspection method. As long as a scholar passed by, he would use the soul inspection method to check, but he found nothing.

When he returned to his room, there were still no clues. Xu Bai decided to take a break and try the strengthened Body-strengthening Technique.

He planned to check the progress bar every day and go out to investigate until he found the real culprit.

This was what it meant to balance work and rest. If one focused on finding it but did not care about the progress bar, that would be putting the cart before the horse.

Xu Bai took out the enhanced Body-strengthening

Technique. Just as he was about to start, someone knocked on the door.

A female voice came from outside the door.

"Xu Bai, are you inside?"

He couldn't be more familiar with this voice. In this place, the only female he knew was Liu Xu.

"The door isn't locked." Xu Bai said.

Liu Xu pushed the door open and entered. She was holding a wine jug with two cups hanging from it.

Seeing this, Xu Bai handed the book in his hand to the first-grade puppet beside him and frowned. "Drink?"

Liu Xu nodded and said, "I don't know what's going on. Recently, I've been feeling uneasy. It's said that what I think about in the day is what I dream about at night. However, I don't have any other thoughts, so I specially came to find you to relieve my boredom."

Although she was covered with a veil, she could see that Liu Xu was a little troubled.

Liu Xu placed the wine pot on the table and poured a cup for Xu Bai. After the two clinked glasses, they drank it in one gulp.

"Unsettled?" "Aren't you fine in the Academy?" Xu Bai asked. "Why do you feel so uneasy?"
