Xu Bai's attacks were still going on. He kept attacking the old witch's soul, making her soul weaker and weaker.

The originally enormous divine soul had already been reduced by half, and it looked to be only a little bigger than Xu Bai.

At this moment, the old witch finally couldn't hold it in anymore and revealed the secret she had been hiding.

"I can tell you the secret about the Bizarre Market. When you were fighting with me just now, I could feel from your remnant soul that you had been to the Bizarre Market. I'll tell you this secret and let me live."

Hearing this, Xu Bai stopped and said a simple word in his mind, "'Speak."

The old hag listed a condition." First, help me find someone and let my soul occupy it. Then, you can lock me up. That way, you won't have to worry about anything. After all, the dean can lock me up. I'll tell you the secret about the

Bizarre Market."

Xu Bai didn't answer and continued to attack.

"Are you crazy? This is my only condition. If you don't agree, aren't you interested in that secret?" The old witch was anxious.

If this continued, she would definitely die.

"To be honest, I'm very interested." Xu Bai slowly said in his heart, "But there's a limit to my interest. For example, if you want me to let you go, that's impossible. If you say it, I'll let you die with dignity."

The method that the old witch had used was a common method used by some villains. Xu Bai did not want to be a fool and let these villains go. When the villains became stronger, they would come back to kill him.

'I'm was a toonsn act. He was very Interested In the bizarre market, but there was a limit to his interest.

If he were to release the old witch because of the secret of the Bizarre Market, he would definitely not agree. As for agreeing verbally and letting the old witch say it, that was even more impossible.

This old witch was a shrewd person. She would never say it. Even if she said it, it would be fake.

Of course, sometimes, when a choice was placed in front of Xu Bai, Xu Bai would take whatever he liked.

He wanted them all!

He wanted both the secret of the Bizarre Market and the old witch's life. As for how he wanted both, he still had a skill that could control the soul. As long as the old witch's divine soul was weakened to a certain extent, she could do whatever she wanted.

The attack was still going on. Xu Bai's Soul was recovering at an extremely fast speed, while the old witch's Soul was wearing down at a speed visible to the naked eye. In the blink of an eye, the old witch's Soul was only the size of a fist while she was screaming.

At this moment, Xu Bai suddenly stopped.

The old witch thought that she would die for sure, but she did not expect to suddenly stop at this time, which made her puzzled.

Did the other party not want to kill her?

No, it was impossible. The other party wanted to kill her immediately.

The suspicion in the old witch's heart was soon confirmed because a spiritual power spread along Xu Bai's spiritual soul and soon controlled the old witch's spiritual soul.

"You can control the soul to grant the command." Who exactly are you!" The old hag was incomparably shocked when she saw the news.

If she had known that this young man had so many tricks up his sleeve, she would not have acted so hastily. Now, it seemed that the other party wanted everything.

Thinking of this, the old witch's consciousness gradually blurred and soon became dull.

Xu Bai asked in his mind through his soul, "Tell me everything about the Bizarre Market."

At this moment, the old witch was already powerless to resist.

As Xu Bai asked this question, the old witch replied in a daze, "I once possessed Liu Qingfeng's body by chance. Liu Qingfeng had been to the Bizarre Market, and I know what he had encountered."

"Right now, the Bizarre City and the Bizarre City are constantly in conflict with each other. As long as they unify the two Bizarre Cities, they can break the rules and enter the human world."

"They can use a special passage to form a battlefield between the two sides. There's not much time left for the human world."

"If we can attack the Bizarre City, we will have the advantage of the human world. However, if the Bizarre City is unified earlier and attacks us, they will also have the advantage."

At this point, the old witch stopped and did not continue. Apparently, she had told him everything she knew. When Xu Bai heard these answers, he could not hide the surprise in his heart.

Although this news did not have any substantial benefits for him, it was extremely useful to the world today, especially to the Great Chu Country.

The two bizarre markets had already quietly and gradually unified. If they really prioritized the unification, they would definitely be in a mess and suffer heavy losses.

"Wait a minute." Xu Bai asked the last question, "Liu Qingfeng didn't use his soul to suppress you and you took over his body. Why didn't you use it directly instead of running out?"

The old witch said in a daze, "After I took over the body, I realized that Liu

Qingfeng actually had a powerful power to destroy the soul. If I continued to stay, it would definitely be slowly destroyed, so I found an opportunity to leave. As for the reason, I don't know either."

Xu Bai rubbed his chin.

This information was absolutely true. Because he had obtained it through controlling the other party's soul, it was impossible for it to be fake.

Seeing that there was no value in continuing to ask, Xu Bai launched another spiritual attack.

The old witch, who was already very weak, soon disappeared under Xu Bai's continuous attacks. Xu Bai felt his soul relax, and the carefree feeling returned to his mind..

He stood up from the ground, his face turning red.

Has it been resolved?" The dean asked.

He had been standing guard at the side, worried that something unexpected might happen. For example, someone might get involved while Xu Bai and her junior sister were fighting.

Therefore, the dean was very cautious. Now that Xu Bai had returned to normal, he couldn't help but heave a sigh of relief. Xu Bai nodded, indicating that there were no more problems.

At this moment, Liu Xu wanted to speak.

In fact, from the beginning until now, she had never understood what had happened because the director had not explained it to her. Now that she saw that the situation had eased up, she was prepared to ask what was going on.

Xu Bai shook his head." I'll explain later. Director, I need to go to the nearest

Yin Posthouse immediately. Do you know where the nearest one is?"

The Headmaster was puzzled, but since Xu Bai had asked, he could only point in one direction and tell Xu Bai the nearest Yin station.

Xu Bai didn't say anything else and left in a hurry, leaving the dean and Liu Xu behind.

“Principal, he’s...” Liu Xu asked curiously.

The dean was deep in thought.” Maybe there’s something that needs to be reported to the higher-ups. Since they didn’t tell us, it must be a secret. We scholars shouldn’t bother about it. Come back with me first. I’ll explain to you what happened on the way.””

Hearing this, Liu Xu knew that Xu Bai must have something important to do. She could only nod and follow behind the College Chief, walking in the direction of the College.

After Xu Bai left the wilderness, he flew into the air and used the power of flight unique to the mortal evolution state to fly in that direction.

He had to inform the Chu Emperor of this matter. As for how he would resolve it later, that was the Chu Emperor’s business.

The Yin Posthouse wasn’t far away. As Xu Bai was flying in the air, he found it very quickly.

After descending from the sky, the surrounding posthouse men all had shocked expressions.

Being able to fly meant that one was at the mortal evolution state. Once one entered the mortal evolution state, they would be a true master. Therefore, all the posthumans present revealed a fearful expression and silently retreated, afraid of attracting Xu Bai’s attention.

Xu Bai didn’t care about the postmen’s reactions. He went to the post station chief’s room and knocked on the door.

Not long after, a middle-aged man opened the door. When he saw Xu Bai, he revealed a puzzled expression. It was obvious that he did not recognize him for a while.

Xu Bai took out a jade token with the word ‘Xu’ written on it and waved it at the postmaster.

The next moment, the postmaster’s face was filled with fear as he said in astonishment, “You are Prince Xu?”

Xu Bai nodded.” Arrange the brush, ink, paper, and inkstone. I want to write a letter. Help me send it to the imperial palace in the capital. Tell them that it’s an urgent letter from me. ““

Seeing Xu Bai’s solemn expression and remembering his identity, the postmaster did not dare to neglect the matter. He led Xu Bai into the room and quickly prepared a brush, ink, paper, and inkstone.

Xu Bai picked up a pen and wrote down the sequence of events. Then, he put it into an envelope and sealed it with wax.

During this process, the station chief stayed far away and did not dare to read the contents written by Xu Bai. After all, this was a secret. If he read it at his level, he would probably be in big trouble.

After Xu Bai finished writing and handed the envelope to him, he respectfully took it and promised that he would send it to the capital as soon as possible.

Xu Bai nodded. He had done his job, and there was no need to stay here. He left the house and rose into the air, ready to return to the Academy.

There was nothing else to do at the Academy. The most important thing that the Dean had asked him to come here was about the old witch.

Now that the old witch had been dealt with, Xu Bai returned to the Green Cloud Academy and prepared to leave after finishing the remaining two books.

Especially the strengthened version of Body-strengthening Technique and the new travel notes given by the dean. These two books had slow progress bars and were extremely precious. If anything happened to them on the way, he would feel like he had suffered a huge loss.

Flying high in the sky, Xu Bai's speed was very fast. Under the circulation of the True Core Strength in his body, it was endless.

They were getting closer and closer to the Qingyun Academy. Just as they were about to reach the city gate of Nanhua Road, an unexpected accident happened.

Suddenly, a black shadow descended from the sky and shot toward Xu Bai.

The black shadow was very fast. By the time Xu Bai reacted, it was already in front of him.

The black shadow stretched out his palm and pressed it on Xu Bai's chest. In the face of danger, Xu Bai could only use the Vajra Holy Demon Body and Shifting Stars.

In the next moment, only a small part of the palm that had lost most of its power landed on the black light. Cracks appeared on the black light, and Xu Bai flew backward and stopped in the air.

At this moment, Xu Bai could clearly see the appearance of the person in front of him.

It was a robust middle-aged man, dressed in ordinary clothes and looked very ordinary. He had his hands behind his back and was floating in the air. Mortal Transformation Stage? "Who are you?" Xu Bai asked, stroking his chin."

To be able to fly in the air, he had to be at the mortal evolution state. This person suddenly attacked him, so it was obvious that he was here to take his life.

In this world, there were many people who wanted his life, so Xu Bai did not know the identity of this middle-aged man.

The middle-aged man had his hands behind his back. Although his appearance and clothes were very ordinary, he had a sharp aura. After hearing Xu Bai's question, he slowly said, "Redwood Crow."

"I have been waiting for you outside for a long time. You are finally willing to leave the Green Cloud Academy. Today is the day you die.."

Redwood Crow?

Redwood?

"What's your relationship with the Redwood Tribe?" Xu Bai rubbed his chin."

The Red Wood Tribe, the Barbarian Tribe, and the Half-step Mortal Evolution State of the Red Wood Tribe fought strangely.

This tribe was almost dead. He did not expect that there were still people alive.

"In the words of your Great Chu, you should be able to call me a remnant. "Chimu Wu said slowly.

"Why do you want to kill me?" Xu Bai asked.

"I've racked my brains and used all sorts of methods to escape the Great Chu's investigation just to kill you here. As for why, you can understand it as the wind will

destroy the tree that stands out in the forest.”As Chimu Wu spoke, he finally opened his hands.

In the next moment, a powerful aura rose from Chimuwu’s body.

Xu Bai narrowed his eyes as he sensed this powerful aura.”Which Extraordinary Rank are you?”

“Rank- 6. I know you can fight someone of a higher rank, but I’m an Extraordinary Rank-6. You can’t surpass me because I’ve accurately blocked your strength...” Chimu Wu sneered.

At this point, he stopped and did not finish the rest.

After he reported his strength, he saw Xu Bai go around him at the fastest speed and rush towards Nanhua Road.

The Nine Transformations of Breaking Travel was unleashed to the extreme. In the blink of an eye, he had already run a long distance. Only a tiny figure could be seen.

Xu Bai thought as he ran.

Rank-6 was not easy to fight.

Eunuch Wei had once said that he could surpass two Rank-Is. Now that he was at Extraordinary Rank-2, he could at most fight a Rank-4.

Of course, perhaps Eunuch Wei’s guess was wrong. He could still fight more, but there was no need to try. This place was not far from Nanhua Road. He just needed to speed up.

When they arrived at Nanhua Road, with the dean there, everything was naturally solved.

Chi Muwu really didn’t expect Xu Bai to turn around and run. This situation was beyond his imagination. By the time he reacted, Xu Bai had already run far away. He couldn’t help but grit his teeth and say, “Bloody Butcher Blade Guest, you’ve let down the rumors in the martial world.”

As he spoke, he chased after Xu Bai.

He had thought that there would be an earth-shattering battle today, but he did not expect Xu Bai to run faster than anyone else. Now, he could only brace himself and chase after him, trying to catch up before Nanhua Road. Xu Baitou didn’t even reply, just made a backhand gesture of insulting nature.

Idiot...

Only a fool would fight above his level every day. In such a situation, wouldn't it be nice to ask the dean to help?

If he could solve the problem easily, why would he waste his energy and effort to fight someone at a higher level?

Did it feel good?

[illegible]

However, this also showed that the Barbarians and Great Yue State still wanted him dead.

This Chimu Wu had actually broken through the layers of seals of the Great Chu Country. He must have paid a huge price just to kill him.

It seemed that he had already gained the respect of the Barbarian Race and the Great Yue State.

It was not a big problem.

Such a situation was extremely rare. After all, not everyone could break through the layers of seals.

No matter what, he had to run first.

He had to talk to the Emperor later and ask him to strengthen the investigation of these two places. Otherwise, two people would come to kill him in the future. He was very busy and did not have time to deal with these.

As Xu Bai ran, the Redwood Crow chased after him.

Seeing that Xu Bai was about to reach Nanhua Road, Chimu Wu also stopped. He looked at Xu Bai's back and did not plan to continue chasing. Instead, he planned to leave first and find an opportunity to attack later.

The dean of Nanhua Path could kill him with a sneeze. He did not want to provoke this misfortune.

After all, he wasn't a fool. He couldn't possibly fight with the dean. He wasn't qualified to do so.

Xu Bai turned around and saw that Chimu Wu had stopped chasing. He even mocked, "Quickly come and chase this king. No way, are you afraid?"

Chi Muwu gritted his teeth. He had never seen such a shameless person.

After staying for a while, he prepared to turn around and leave. He would slowly look for an opportunity in the future. "Xu Bai, there will be a chance. I will kill you."

Before he left, he even said something ruthless.

However, he did not expect Xu Bai to look in his direction in the next moment. At the same time, he stopped and flew toward him.

What was going on?

Redwood Wu felt strange in his heart.

Wasn't he trying his best to escape just now? Why did he suddenly change directions and fly towards him? Could it be that he wanted to fight with his life on the line?

That was impossible. Logically speaking, Xu Bai would be safe soon. There was no need for him to come back.

However, his curiosity soon turned into boundless shock.

This was because Chimu Wu realized that Xu Bai wasn't flying toward him, but behind him.

Behind him?

What's behind me?

Chimu Wu turned his head subconsciously in confusion. Then, his eyes widened.

Behind him stood a beautiful woman.

The woman was wearing a Daoist robe. Her figure was curvaceous and her hair was crooked, but she had a messy beauty.

While he was still in shock, this beautiful woman moved.

The beautiful woman in a Taoist robe raised her hand and pointed at his glabella. A powerful force surged out..

When a powerful force emerged from the woman's finger, everything around him seemed to have stopped. Chi Muwu's face was filled with fear, but he realized that he could not dodge at all. Because the moment this woman raised her hand, the outcome was already destined for him, and that was failure.

Failure was equivalent to death.

Cracks began to appear on the Redwood Crow's body, spreading out like a spider web. In the blink of an eye, his entire body was covered in cracks.

A gust of wind blew, and Chimuwu's body turned into ashes. With just one move, she turned a level six mortal evolution state into ashes. This showed how powerful this woman was.

Xu Bai stopped in mid-air and looked at the beautiful woman in a Daoist robe in front of him. The corners of his mouth curled up slightly. "We meet again,

Abbey Dean."

It was none other than the female Abbey Dean.

Just as Xu Bai was about to return to Nanhua Road, he turned around and saw the Abbey Dean standing behind Redwood Wu. Her eyes were clear, and it was obvious that she was not affected by the madness. Or perhaps, she had regained her clarity just like before.

The Abbey Dean put down her raised hand and looked at the ashes of the Redwood Crow. She couldn't help but frown. "The Berserkers must have paid a huge price to break through the layers of seals and come here. Their goal is actually to kill you. It seems like you've already been placed on their must-kill list."

Xu Bai shrugged. "It doesn't matter. I'm used to it. There are too many people in this world who want to kill me, but I'm still alive and well."

Even if the female Abbey Dean didn't come today, Xu Bai could still leave.

Ever since he stepped into this circle, he had experienced all sorts of dangers and successfully avoided them all.

Xu Bai had long been indifferent about the fact that the Barbarians and Great Yue Country wanted to kill him. He had to work hard to improve his strength so that he could deal with the various risks that came after.

However, these were all things that would be done later. What Xu Bai was more interested in now was why the female Abbey Dean was looking for him again.

“You want it again?” Xu Bai muttered.

As soon as he finished speaking, he realized that his words were a little ambiguous, but fortunately, the female Abbey Dean did not hear it.

In essence, he thought that the female Abbey Dean wanted to find him while he was awake and let him use Shifting Stars again.

Thinking of this, Xu Bai looked up and down and found that the female Abbey Dean didn't bring the wood carving. He couldn't help but feel a little disappointed.

The female Abbey Dean shook her head.” No, actually, I didn't come here to look for you. I just wanted to look for the dean of the Qingyun Academy while I was still awake. I didn't expect to meet you on the way. I just happened to help you.”

Xu Bai said with interest,””Why are you looking for the dean? I happen to be going back to the Green Cloud Academy, so why don't we go together?”

“Some private matters.” The female Abbey Dean said,” It's about the evil book. Let's go. This is not the place to talk. Let's go first.”” Evil book?

Xu Bai stroked his chin and pondered for a moment.

Of course, he knew what kind of situation the evil books were in. It was these tmngs that causea the scholars to nave cnrrerences ana coma even arrect tne minds of the scholars.

However, just as the female Abbey Dean said, now was not the time to talk. Xu Bai did not ask any more questions. The two of them went to the Qingyun Academy together.

Nothing else happened along the way. The two of them successfully arrived at the Green Cloud Academy. When they arrived, Xu Bai led the way, and the female Abbey Dean followed behind. They arrived at the Dean's room.

Xu Bai knocked on the door.

Soon, the dean opened the door. When he saw Xu Bai, he heaved a sigh of relief. However, when he saw the female Abbey Dean behind Xu Bai, he frowned slightly.

“Abbey Dean Jadeface, haven’t you gone mad? How come you’ve returned to normal?”

Jade Face was the female host’s name.

This was really out of the dean’s expectations. He did not expect to meet the former Abbey Dean Jadeface.

There was a saying that heroes came from troubled times. In this peaceful era, many geniuses were not worthy of their names in the eyes of the dean. In their era, it was an extremely chaotic era. At that time, many geniuses truly lived up to their names.

Jade-faced Abbey Dean was one of them.

He was a true peerless genius who had created a cultivation technique that allowed him to be the leader of the Hundred Schools of Martial Arts. Unfortunately, he had a serious drawback, causing him to fall into endless madness in the end.

Now, not only did he see a living Abbey Dean Jadeface, but he also saw a conscious Abbey Dean. The dean couldn’t help but feel surprised.

The female Abbey Dean glanced at Xu Bai and said, “Thanks to Xu Bai, I was able to stay awake for a short period of time. When I was awake, I was able to do many things.”

Xu Bai?

“Didn’t he inherit your legacy? Why is he the one helping you?” The dean was even more puzzled.”

The female Abbey Dean was confused.

“How did you know that he inherited my legacy? He doesn’t have one at all.” The dean’s gaze fell on Xu Bai.

Xu Bai coughed awkwardly and looked up at the ceiling, indicating that it was all just a guess. He had never admitted it, but he had never denied it either.

Seeing this scene, the dean could not help but grit his teeth in hatred.

Good heavens, it turned out that he had guessed the result with great enthusiasm and confidence, but it was still wrong.

This guess had nothing to do with Xu Bai. The most important thing was that Xu Bai did not deny it and even tacitly agreed..

I Have Unparalleled Comprehension #Chapter 610 New Skill (8000) - Read I Have Unparalleled Comprehension Chapter 610 New Skill (8000)

Chapter 610 New Skill (8000)

What was this? This was a slap to his face. The most important thing was that the person involved was still at the scene.

At their age, face was very important. The female Abbey Dean was from the same generation as them, especially in front of people from the same generation.

Otherwise, if word got out that the College Chief couldn't even guess a person's profession and even guessed wrongly, wouldn't he become a laughing stock?

Under the puzzled gaze of the female Abbey Dean, the Headmaster coughed and said,"

"We haven't met for a long time. I was just joking. These young people nowadays like to joke with each other."

Xu Bai was speechless.

He suddenly realized that the dean was quite shameless.

Fortunately, the female Abbey Dean did not dwell on this matter. She quickly put it to the back of her mind and went straight to the point.

"I don't have much time left to wake up. I came here this time because I came into contact with some things when I was crazy. These things are related to the evil book."

When the Headmaster heard the words " evil book," his expression turned grave."Let's talk inside."

Any scholar would have the same expression when they

heard the words " evil book ". After all, an evil book was the easiest thing to destroy a scholar.

In this world, no one could resist the temptation of taking shortcuts. The only difference was the degree of resistance. For scholars, the evil book was something that could make them give up their original principles.

The female Abbey Dean and Xu Bai walked in. Xu Bai looked around but did not see Yun Zihai.

"What about Brother Yun? Has he returned to normal?" Xu Bai asked.

The last time they met, he saw Yun Zihai playing with iron balls. This time, he didn't see him, so Xu Bai asked.

"He's almost fully recovered, so I asked him to return to his room to consolidate his strength. After all, it's still a bit unsightly for him to practice that thing in my room." the dean said.

A man taking off his shirt and playing with a huge iron ball in the room would be a pain in the eyes for anyone who saw it. Even the elderly people like the director couldn't bear to watch.

The dean was preparing to serve tea, but the abbot waved his hand, indicating that he didn't have much time, he had to hurry up and get down to business.

The female Abbey Dean took out a book from her sleeve and placed it on the table.

The female Abbey Dean pointed at the book on the table and said, "Director, come and take a look. Is this book a demonic book?"

The dean picked up the book and flipped through two pages. He then closed it and said, "Yes."

It was a simple word, but it carried enough weight when it came from the Dean's mouth.

Xu Bai heard it, but his eyes were fixed on the book.

Above this so-called evil book, a golden progress bar appeared. It looked extremely dazzling, and the progress bar was very slow.

"Yes, yes, another slow progress bar." Xu Bai thought to himself, but his face was expressionless.

Although he looked calm on the surface, Xu Bai was already thinking about how to get his hands on this book.

Putting aside what he was thinking, the female Abbey Dean spoke again after receiving the dean's answer.

"It's good that it's an evil book. I got this book from the Great Yue State, and there are many of them." The female Abbey Dean pointed at the book and recounted what she had learned.

"Not only that, they did not stop the circulation of the evil books and even began to circulate them to Great Chu. Many scholars were persecuted, but they did not reveal it and hid it very well."

The room fell silent.

Xu Bai frowned slightly. He seemed to have thought of something.

"Does Great Yue State want to avoid the battlefield at the border and move to another battlefield?"

It was obvious how much harm evil books could do to scholars, but they could also help scholars improve rapidly.

Not only did the Great Yue State not stop it, but they even allowed it to circulate and even turned a blind eye to it.

What was more, they even sent the evil book to the Great Chu Country. Their goal was to disintegrate the Great Chu Country from the scholars.

The female Abbey Dean nodded. "I have the same thoughts as you. They are going to do something that is against the will of the world. This method will be despised by the entire world."

Xu Bai said, "So what? For the Great Yue State, even if they did it, no one would go against them."

There was nothing wrong with what he said.

The Great Yue State could even openly say that they were the ones who did it, and that they wanted to use it to persecute the scholars, but so what?

Would the scholars in this world dare to go to the Great Yue State?

That was an existence that was on par with the Darchuo Kingdom and the Barbarian Race. Not to mention the scholars in the world, even if the Dean personally went over, it would be difficult to settle the matter.

When a country held power, it was no longer something that ordinary people could stop.

For example, the Great Chu State could at most stop the circulation of the evil book within its borders, but it could not control the Great Yue State.

They couldn't start a war right away. If they didn't have absolute confidence, not only would it waste manpower and money, but it would also give the barbarians a chance to benefit from it.

The dean slammed his palm on the table and was furious. "Bastard! How could the scholars in this world offend them? They actually attacked in this way. They were simply animals!"

Behind the dean, a purple book appeared. When the book appeared, the surrounding scenery was gradually changing.
