Could it be that he planned to spend the New Year here? There were all monks here. What was there to stay in?

The Chief Buddha had never provoked Xu Bai because he knew that there was no empty seat under a great reputation.

With Xu Bai's current reputation, he was definitely not a simple person. There was no need for him to provoke him. He only wanted to resurrect the Holy Buddha. However, judging from the current situation, Xu Bai seemed to be involved in this matter. If he had not controlled it just now, he would have been exposed long ago.

"Things are getting more and more troublesome. I have to think of a way. "The Chief Buddha thought to himself. At the same time, his eyes kept wandering around. Finally, when he saw a person, he was stunned on the spot.

His expression was very complicated, from the initial dullness to surprise, and then from surprise to joy.

"The Devil Buddha really does exist as the Sacred Buddha had guessed. This kind of natural Buddha heart and devil body is really helping me!"

The Chief Buddha suppressed the excitement in his heart and looked at the figure in front of him. With a smile on the corner of his mouth, he walked towards this person...

At this moment, Xu Bai had already come to a corner of the hall and told him what had happened.

After Xu Bai said that, the abbot of the Titanium Temple did not seem to have any reaction on the surface. He only said indifferently,

"Prince Xu, I already know about this matter. You have been here for so long, and this matter is all thanks to you. I think you can leave first."

Xu Bai was stunned and then frowned.

Why did he feel that the abbot of the Titanium Temple was a little different at this time? At the beginning, he was still very enthusiastic, but now he was asking him to leave. What did this mean?

“What do you mean?” Xu Bai asked.

He didn't like to beat around the bush, especially now that the person in front of him was completely different.

The abbot of the Titanium Temple smiled bitterly.” Prince Xu, I don't mean anything else. It means that there's really nothing else. You can leave first because it involves the internal affairs of the Buddhist Sect.”“

Xu Bai's gaze gradually turned cold.

At this moment, the abbot of the Titanium Temple sighed. He suddenly raised his hands and grabbed Xu Bai's shoulders.

Xu Bai was already prepared when the abbot of the Titanium Temple changed his face. Seeing the abbot's actions, he pulled out the Hundred Splits at his waist and prepared to make a move.

He did not expect that in the next moment, a strong Buddhist light would suddenly appear behind him. Then, he realized that he could not move his entire body. Even the Vajra Holy Demon Body Suppression could not escape.

The abbot of the nine temples appeared. When he saw Xu Bai, he sighed in unison.

“Ah Xiu.”

The abbot of the Titanium Temple shouted.

Ah Xiu walked out from the side, trembling with fear. He stood at the side, somewhat cowering.

“Take Lord Xu out of the Titanium Temple. The further you go, the better.”“Don't worry, I'll return you a flawless Wuhua,” the abbot of the Titanium Temple said slowly.”

Ah Xiu looked left and right. In the end, he gritted his teeth and left with the immobilized Xu Bai and the first-grade puppet.

After Ah Xiu left, the abbot of the Titanium Temple sighed again. He looked at the nine of them with bitterness in his eyes.

Don't doubt your decision,” one of the hosts said with a smile.” Since we've all agreed, there must be no problem.”“

"You will die." The abbot of the Titanium Temple said helplessly.

"If you can't live without flowers, isn't that fine?" Another abbot said, "Demon Body and Buddha Heart. The baby boy we obtained from the strange encirclement that day. I didn't expect that he could become another treasure of our Buddhist Sect. Demon Buddha or Holy Buddha, who is stronger?"

"I don't know." "But I know that from today onwards, he will no longer be bound by the Buddhist scriptures. He can also reopen a new world for our Buddhist Sect."

At this point, the abbot of the Titanium Temple changed the topic.

"After the direct descendant of the Holy Buddha finds the Holy Buddha's skeleton, let him awaken the Holy Buddha's remnant soul. Then, he can use our cultivation as a guide and use the Flowerless Body to cut off the connection."

The abbot of the nine temples nodded in unison. One of them asked, "Then why did you lie to Prince Xu? In fact, you already have a new solution."

"If I didn't lie, if I didn't let him leave, wouldn't it be a pity if he died here?"

"This is a true genius, not just in the Buddhist Sect. I can't do such an inhumane thing."

"Moreover, if His Majesty finds out, he will definitely be furious. Not to mention a Holy Buddha, even the entire Buddhist Sect will be destroyed under the iron hooves of King Sheng You."

Everyone nodded in unison.

"It's a pity. This old monk thinks that Prince Xu is really a talent worthy of deep friendship, but this old monk will die soon."

"Are you regretting it now?" the abbot of the Titanium Temple asked with a smile. "

"No, I haven't." The abbot also smiled and said, "To be able to reopen the world for the Buddhist Sect, I can die without regrets. In short, let these Buddhist Sect people retreat first!"

"Yes." The abbot nodded. "Tomorrow. Let them leave tomorrow. Then, we'll catch them..

Before he could finish his sentence, the abbot's expression suddenly changed as if he had encountered a major accident.

"Not good!"

“That direct descendant of the Sacred Buddha found Wu Hua. It was my mistake. I didn't expect Wu Hua to be unable to leave Ah Xiu for even a moment. He suddenly ran out to look for him.”

Before he could finish, the abbot of the Titanium Temple disappeared in a flash. On the other side, the nine temples followed behind him and disappeared very quickly.

In the main hall.

No Flower had a head full of black hair. He was sitting cross-legged in front of the real Holy Buddha skeleton. At this moment, there was a trace of power from the Holy Buddha skeleton that was gradually transferring to No Flower's body..

On No Flower's clothes, his originally white clothes were gradually turning black. Coupled with his long black hair, he looked extremely demonic.

Under Wu Hua's seat, there was a resplendent black lotus that was gradually blooming.

The Chief Buddha looked at the scene in front of him and smiled as if his evil scheme had succeeded.

He had grabbed Wu Hua earlier and used a mind-controlling technique to get Wu Hua to bring him to the real Holy Buddha skeleton.

At this moment, he wanted to use the Flower of Heaven to revive the Holy Buddha. Not only that, but he also wanted to make sure that the Holy Buddha no longer had any weaknesses.

In the past, the Holy Buddha had only said one sentence to his direct descendants. Those with the Demon Body and Buddha Heart would no longer be under his control. What if the Holy Buddha had the Demon Body and Buddha Heart?

The Chief Buddha wanted to revive the Holy Buddha's remnant soul and then let the Holy Buddha implant this skeleton into No Flower's body. At that time, the Holy Buddha would have no weaknesses, and he would become a great hero and soar from then on!

Hearing the footsteps outside, the Chief Buddha turned his head and laughed when he saw the ten abbots flying over.

“We’re done! It’s too late!” The Chief Buddha came before No Flower and laughed. “You have to eat the fruits of your own actions!”

He was a direct descendant of the Holy Buddha, so how could he not know what the ten great monasteries wanted to do?

If he lured out the remnant soul of the Holy Buddha, then the powers of the

Buddhist sects in the world would not be able to harm the Holy Buddha at all.

However, if the abbot of the ten great temples temporarily poured his entire life’s cultivation into Wu Hua’s body and borrowed the body of the Demon Body and Buddha Heart, he could completely fight.

This was because those with the Demon Body and Buddha Heart were not afraid of the Holy Buddha.

Although the final power would dissipate and the ten abbot would die, the Holy Buddha would not even have his bones left. It would be as difficult as ascending to the heavens to recover.

Fortunately, he had seen through it and even found No Flower earlier.

The abbot of the Titanium Temple said with an ugly expression, “Vile creature, you’re still stubborn at this time. Your Holy Buddha is just a despicable person!”

“Bullshit!” The Chief Buddha chuckled and said, “The Holy Buddha created the Buddhist Sect, and you were created by him. Now, he wants you to serve him and die for him. Why do you refuse? You are the real traitors.”

“He wants everyone in the world to become Buddhists.” “You should know that this represents war and displacement. It must not be caused by Buddhism,” the abbot of the Titanium Temple said slowly.

“It’s none of my business!” The Chief Buddha continued to smile. “I only know that when the Holy Buddha is resurrected, I will be his first subordinate. At that time, I will be the one who will truly make contributions.”

The abbot of the ten temples looked at each other. One of the abbots suddenly raised his index finger and flicked it lightly.

In the next moment, the Chief Buddha did not seem to have suffered any attack. His limbs were broken and he fell to the ground.

“Hahaha, Rebirth Finger.” The Chief Buddha did not show any pain on his face. Instead, he shouted arrogantly, “When the Holy Buddha was born, you said that you would worship him as your master forever. Now, you’re using the Holy Buddha’s moves to deal with me. But it’s useless. The bead of the divine soul has been thrown in. You will no longer have any contact with the Demon Body and Buddha Heart because I’ve already established the connection between him and the Holy Buddha.”

After shouting a few times, the Chief Buddha’s strength gradually decreased, and his voice became hoarse.

“Even if I die, the Holy Buddha will resurrect me. I won’t be tortured by you.”

As soon as he finished speaking, the Chief Buddha used some unknown method to gradually lose his vitality and breath.

This scene made everyone present fall into silence.

No Flower was still sitting cross-legged on it. There was a golden connecting belt connecting him to the Holy Buddha skeleton.

Under No Flower’s seat, the black lotus was still slowly spinning, dragging No Flower into the air.

The black lotus and her long hair made No Flower look extremely strange. “Everyone, quickly disperse all the Buddhist Sect members present.” “Now, we can only try and see if we can re-open the channel between us and Wuhua,” the abbot said slowly.

One of the hosts said, “I’ll evacuate them and tell them to leave quickly.”

Now, time waited for no one. If that kind of situation really happened, those weaker monks would probably not be able to escape.

However, before the abbot could walk out, the Holy Buddha skeleton changed.

“Buzz!”

The Holy Buddha skeleton actually sat up straight. Two balls of flames rose from the eyes of the black skull, looking extremely evil.

At the same time, a golden light suddenly enveloped the Titanium Temple, covering the entire temple.

“Sha sha...”

The Holy Buddha skeleton raised its skeletal claws and wrote a line of words on the wooden table.

None of you can escape!

He was resurrected!

The abbot of the Titanium Temple was shocked.

He and the abbot of the other nine temples attacked almost at the same time. However, the intense Buddhist light landed on the Holy Buddha's skeleton, but it did not cause any damage.

On the contrary, No Flower, who was at the side, let out a miserable cry. He hugged his head as if he was in pain.

"Stop!" The abbot of the Titanium Temple hurriedly shouted.

Their abilities came from the Holy Buddha, so it was impossible for them to hurt the Holy Buddha. Instead, they would hurt No Flower.

At this moment, the Holy Buddha skeleton moved. It grabbed No Flower's shoulder and disappeared in a flash.

"Chase!"

Seeing this, everyone hurriedly chased after him.

They chased him out of the hall and saw the Holy Buddha skeleton and No Flower sitting cross-legged across from each other. there was a golden light moving towards No Flower.

No Flower's eyes were still tightly shut, and his face revealed a painful expression. At the same time, as the golden light moved, the black lotus he was sitting on was emitting a golden light..

On the square, all the monks present were stunned when they saw this scene. Just a moment ago, the Buddhist light descended from the sky and isolated the entire Titanium Temple. They could not get out at all.

Now that they saw this unexpected scene, not many people could react in time.

The abbots of the ten great temples looked at each other and saw a trace of despair in each other's eyes.

The Holy Buddha skeleton was transferring its bones to No Flower's body. If it was really transferred, then the Holy Buddha, Devil Buddha, and Buddha would be one.

"One wrong step leads to more mistakes." One of the temple's priests said sympathetically, "Now, it's us who have harmed the entire Buddhist Sect."

"It's not time to lose yet." "We still have a way," the abbot said. "Hurry up and tell everyone here about the Holy Buddha's intentions. Then, let them fight with us using Wu Hua's body as the battlefield. We'll have a final battle with the Holy Buddha's skeleton."

He could tell that the Holy Buddha skeleton did not have any combat power at the moment. Otherwise, it would have attacked them long ago.

However, he was not afraid of their attacks.

The only way was to use No Flower as a battlefield and use the Buddha's Light to pass through No Flower and transform it into a power that could harm the Holy Buddha's skeleton.

With so many people present, there was definitely a way to deal with them.

The abbots of the other nine temples looked at each other and understood that at this moment, they could only try their best.

An abbot walked out and began to explain the various situations of the Holy Buddha. As he explained, all the Buddhist monks present were stunned.

Their faces were filled with confusion, doubt, shock, and even despair.

When a person's long-standing worldview was shattered, the situation before him would appear.

However, this situation was quickly replaced by another emotion.

Anger, resistance!

The next moment, the monks present felt a heartfelt anger and resistance, which made the abbot who had just spoken heave a sigh of relief.

Yanfa Temple, one of the top ten temples.

Ability: Words can win people's hearts.

This was the only method the abbot could use in times of emergency. Otherwise, it would affect everyone's morale.

"Let's begin." When the abbot of the Titanium Temple saw this, he sat cross-legged.

The other monks also imitated him and sat cross-legged on the ground. Waves of Buddhist light emitted from their bodies and continuously gathered in the sky before entering Wu Hua's body.

In the next moment, the black lotus under No Flower changed again. Gold and black intertwined with each other. At this moment, they were actually on par.

The Buddhist light barrier that was originally set up by the Holy Buddha's skeleton shattered in the next moment.

The Holy Buddha skeleton was also dealing with this group of Buddhist eminent monks with all its might, so it did not have the ability to maintain the Buddhist light barrier.

At this moment, it was hard to determine the victor, but they were like fire and water.

The strength between the two sides was accurately displayed on the black lotus under No Flowers'.

The golden and black colors intertwined with each other. For a moment, the golden color had the upper hand, and for a moment, the black color had the upper hand.

The Buddhist light was strong. When the Buddhist lights of the monks intertwined, it felt as if they were gradually weakening.

In the sky, the Holy Buddha skeleton suddenly raised its left hand.

The little finger of his left hand pointed to the sky, and that piece of flesh was slowly growing.

First, it was his little finger, then it covered his entire palm. As it continued to spread, the flesh and blood covered his entire arm.

However, at this point, the black lotus under No Flower's throne shone with a strange black light, as if it could devour everything.

Under the black light, the growth of the flesh and blood of the Holy Buddha skeleton was greatly suppressed, but it was still growing slowly.

“The Holy Buddha’s skeleton is growing flesh and blood.”“ I understand now.” The abbot gritted his teeth.” He wants to grow flesh and blood first. After killing all of us, he’ll focus on dealing with No Flower.””

‘Why did he slow down again?’ The abbot of Yanfa Temple asked.

The abbot of the Titanium Temple smiled bitterly.” No Flower should be stopping him, but there’s no way to stop him. He’ll grow flesh and blood sooner or later. When that time comes, it’ll be the time for us to die.”“

Everyone fell silent.

What they did not expect was that a small negligence would actually cause such a huge disaster.

I was already the one with the advantage, but now I’ve reversed my priorities and become the weaker party.

“Everyone.” The abbot looked at the monks and said slowly,”“It seems that if we can’t win today, the Buddhist Sect will be in danger.”

Everyone fell silent.

The monks present came from all over the world, but none of them spoke. Their eyes were filled with unwillingness, anger, and even more despair.

Even the monks who had disliked Xu Bai at the beginning were now in despair.

They frantically surged the power in their bodies and Buddhist lights surged out. They wanted to go against the trend, but they could not stop the growth of their flesh and blood.

“Sigh...” The abbot closed his eyes.

Now, they could only take one step at a time. How long they could stop them would depend on their luck.

The abbot of the ten great temples also closed his eyes and stopped talking. He focused on dealing with them.

At this moment, a voice suddenly sounded.

“This skeleton looks quite mighty. It’s my turn to show off. No, it’s my turn to

perform..”

At this moment, everyone was silent. No one spoke. They were all doing their best to resist the corrosion of the Holy Buddha skeleton.

However, after this voice rang out, everyone present couldn't help but open their eyes and look in the direction of the voice. They saw Xu Bai and Ah Xiu slowly walking over from the spacious courtyard. Behind Xu Bai was a first-grade puppet.

Xu Bai had a smile on his face as he looked up at the Holy Buddha's skeleton in the sky. Other than the smile on his face, his eyes were as cold as ice.

“Abbot, it looks like your plan didn't succeed. You still lost everything.”

Not long ago, Ah Xiu had taken Xu Bai away from the Titanium Temple, but not long after, Xu Bai had recovered from his suppressed state.

After all, with the Vajra Holy Demon's protection, the ten abbots were all fighting against the Holy Buddha skeleton with all their might, so the suppression effect disappeared. After that, Xu Bai and Ah Xiu rushed over and saw the scene in front of them.

In the sky, there were two strange flames burning in the hollow skull of the Holy Buddha's skeleton.

When he saw Xu Bai coming over, the two strange flames suddenly flickered, but they quickly returned to normal.

“Is this a warning?” Xu Bai said with interest.

Of course, the Holy Buddha skeleton did not answer Xu Bai. It continued to deal with No Flower, and the flesh on his palm was still growing at a slow speed.

He wanted to restore his status first and then kill everyone present.

Of course, Xu Bai wouldn't allow him to plan so well. Before the Holy Buddha skeleton could answer, he pulled out the Hundred Fractures at his waist.

Hundred Break slashed at the Holy Buddha's skeleton. When he slashed, the surroundings suddenly changed. Gold and grayish-white intertwined, and a chaotic aura began to spread.

The terrifying and despairing chaos, coupled with this saber, slashed fiercely at the Holy Buddha's skeleton.

Hundred Break turned into countless shards and continued to kill.

"Ding ding ding ding..."

A crisp sound echoed in the surroundings.

This slash was enough to scare off mortal evolution states, but it didn't hurt the saint buddha skeleton at all.

"Let's go!" The abbot of the Titanium Temple shouted, "Although you've already reached such a level, there's still nothing you can do to him. Hurry up and leave. Tell His Majesty about this and ask His Majesty to send experts to kill him. We can only stall for time. We'll stall for as long as we can."

Although the remaining abbot of the nine temples did not say anything, they all tacitly agreed with the abbot of the Titanium Temple.

When Xu Bai was brandishing his saber, they had been hopeful, but seeing the result now, they didn't have much hope. They could only drag it out for as long as possible. Otherwise, there was no other way.

In the minds of the ten abbots, nothing could happen to Xu Bai because he was much more important than their Buddhist Sect. Otherwise, they would not have deceived Xu Bai.

Xu Bai did not answer the question directly. Instead, he looked up at the Holy

Buddha's skeleton in the sky and asked, "How much longer does he have?"

"I don't know." Although the abbot did not know why Xu Bai would ask this question, he still replied, "Right now, with No Flower suppressing him, we have already reduced the growth rate of his flesh and blood to the maximum. However, no one knows who will be unable to withstand it first in the next moment. If someone on our side cannot withstand it, the recovery speed will increase."

Xu Bai nodded. "I told you, it's time for me to perform. ""

This sentence was so mysterious that everyone who heard it for the first time was stunned on the spot, not knowing how to answer it.

A performance?

What kind of situation was this? This was a matter of life and death. How could he still talk about performing?

They were speechless, but those who knew Xu Bai's personality all heaved a sigh of relief.

Those who knew Xu Bai's personality knew that Xu Bai would never fight a battle he was not confident in.

Since Xu Bai was so calm about this matter, there should be a solution.

"What is he trying to do?" Everyone present held great hope because they saw that Xu Bai had not left.

Even if Xu Bai's attack had no effect, the current Xu Bai gave off a feeling of being in a desperate situation.

Especially when they thought of the legend of Xu Bai in the martial arts world. Although this young man was only a young man, they seemed to see hope in

Xu Bai.

"Maybe he can." Someone thought.

Xu Bai didn't know what everyone was thinking. He carried Hundred Break and walked slowly to the abbot's position of the ten great temples.

With every step he took, he said a sentence.

"Seeing that you're doing this for my own good, I won't hold it against you." "Ever since I stepped into this industry, I have always maintained one attitude." "When an opponent hides in the dark, that is the most difficult to deal with."

"And now, he's already out of the water. He's just an enemy, an enemy that can be touched."

"An enemy that can be seen and touched is easy."

As soon as he finished speaking, he had already walked up to the abbot of the Titanium Temple.

The corners of the abbot's mouth twitched slightly. He looked at Xu Bai's glorious appearance and could not help but be speechless.

He seemed to think of his younger days, when he was also like this. He had a fearless look. To borrow Xu Bai's words, he was acting cool. I've already acted tough for you, what else can I say?

Just tell us what to do..

Although the abbot of the Titanium Temple was a little chuunibyou, he was very good at handling things. He was also very good at doing things. He did not say anything unnecessary and only said one sentence.

"What do you need us to do?"

As soon as he finished speaking, the other nine abbot and Buddhist cultivators from all over the world turned their gazes to Xu Bai.

They weren't as quick-witted as the abbot of the Titanium Temple. They only felt that Xu Bai had a self-confidence that came from within.

It was this kind of confidence that made them nod unconsciously.

Xu Bai smiled calmly and said in a calm voice, as if he was narrating a very small matter, "Open your hearts and give me your chaos."

Behind Xu Bai, the golden and grayish-white chaotic sky changed. As soon as he finished speaking, it danced like a demon.

The chaos spread, and everything seemed to have lost its balance. It fell into endless chaos and despair, affecting everyone present.

Xu Bai had left them with reason so that they could maintain the Light of Buddha, but most of them were in a state of irrational chaos.

Myriad Forms Heavenly Attraction Mantra absorbed chaos and temporarily strengthened his body.

This skill has no upper limit!

Xu Bai didn't know when the Holy Buddha skeleton would recover completely, but he wanted to give it a try.

Before he recovered completely, he had to absorb more chaos, endlessly absorbing chaos until the Holy Buddha skeleton recovered.

Fighting spirit rose from Xu Bai's body. Xu Bai said a few words that made everyone present shiver.

"Don't resist, let go of your thoughts." "Let your chaos fight alongside me." "Even the Holy Buddha will die." "Use your saber and kill him!"

"Boom!"

With every word he said, the people present were filled with fighting spirit.

Yes, even if it was the skeleton of a Holy Buddha, he would still die. He could also be slaughtered.

"If you want chaos, then I'll give it to you!" A Buddhist monk laughed loudly and completely relaxed.

Another Buddhist monk opened his heart and said boldly, "We respected him like Buddha, but he treated us like dirt. If Prince Xu wanted to kill him, how could he not die?"

There was also a Buddhist monk who took off his clothes and exposed his chest. "Prince Xu, kill! Kill this person who messed up the world, this fake

Buddha who spoke of benevolence, righteousness, and morality!"

Chaos rose from the hearts of everyone present and gathered toward Xu Bai.

Everyone present was as crazy as a demon.

The abbot of the Yanfa Temple put his palms together, his eyes filled with madness. "Take it! Take it all! Together with Prince Xu, we will slay the

Buddha!"

There was endless chaos and madness.

Xu Bai could feel his strength growing rapidly. He did not know what realm he had reached, but he knew that he was very strong now.

Even if it was only temporary!

Xu Bai took a deep breath and slightly raised his left hand, which was not holding a knife.

As he swayed, the surrounding space immediately shattered, and chaos gradually eroded the surroundings.

The abbot of the Titanium Temple looked at Xu Bai's back and said in a daze, "Why do you have the guts... The feeling of not being able to look straight at me..."

Xu Bai turned around and smiled calmly. "Because I'm going to kill Buddha."

"Clang! "

Bai Lie leaned on the ground and trembled slightly.

In the sky, the Holy Buddha skeleton seemed to sense danger. Strange flames spewed out of its eyes and enveloped the skeleton from head to toe.

No Flower sat cross-legged on the black lotus. Suddenly, he screamed and fell from the sky.

Ah Xiu, who was beside him, reacted very quickly. He hugged No Flower in his arms and quickly hid in a corner.

Xu Bai was still crazily absorbing the chaos. He didn't stop for even a moment, but his eyes were as cold as ice.

In the next moment, a hand as white as jade stretched out from the flames. The surrounding flames seemed to have suddenly extinguished and quickly retracted.

As the flames disappeared, a handsome monk in white appeared in the sky.

The white-robed monk closed his eyes tightly, and in the middle of his eyebrows, there was a golden lotus mark.

The white-robed monk naturally exuded a sense of holiness and inviolability, making people feel like a lost lamb at a glance.

"Holy Buddha." Xu Bai said calmly.

The white-robed monk slowly opened his eyes and looked around. He said, "I've been resurrected and should be in charge of the Buddhist Sect in the world. Why don't you kneel?"

All the Buddhist monks present prostrated on the ground after the Holy Buddha finished speaking. Their expressions were stiff. It could be seen that this was not what they wanted, including the abbot of the ten great temples.

No matter how strong you were, as long as you cultivated the Buddhist Dharma, even if you were stronger than the Holy Buddha, he could still easily control you. This was the legacy left behind by the Holy Buddha.

"Prince Xu, do it!" The abbot of the Titanium Temple used all his strength and said with difficulty, "He hasn't recovered to his peak state yet. He has already lost a lot of his strength when he fought against us."

Peak Transcendent?

Xu Bai licked his lips.

Can he fight?

He didn't know, but now that he had absorbed so much chaos, he wanted to give it a try.

The Holy Buddha frowned and looked at Xu Bai. He shook his head gently. "I have no enmity with you. You can leave as soon as possible. I only control the Buddhist Sect. The Buddhist Sect is in my hands."

"My ass." Xu Bai cursed.

When the Holy Buddha heard this, his frown deepened. "It seems that my thoughts are correct. Everyone in the world must become Buddhas because you are too ignorant. In that case, you can die."

With one hand, he raised his palm and pressed down.

This palm strike that fell from the sky did not give off a shocking feeling. It was just an ordinary palm strike, but Xu Bai felt as if a huge mountain that spanned thousands of miles was crushing down on him..

“How are you compared to Eunuch Wei?” Xu Bai sneered.

He didn't use Hundred Break again and kicked it aside. At this realm, an Extraordinary Rank-I Hundred Break was not very useful.

Chaos flowed through Xu Bai's body. He raised his hand and flew up, using his hand as a blade.

The two palms collided.

At first, it was deathly silent, but soon, an unparalleled deterrence erupted.

Terrifying aftershocks continued to transmit between the two, and the entire cloud layer in the sky instantly turned into nothingness.

The light of the sun shone down and entered the space where the two were fighting, producing intense distortions.

Cracks appeared on the Sacred Buddha's body as he retreated rapidly. His frown deepened.

Xu Bai also retreated far away with a trace of blood at the corner of his mouth.

“Awesome!”

He did not retreat, nor did he have the slightest fear. Instead, he sincerely shouted out.

He was experiencing the strength of the later stages, and he also felt a sense of comfort.

It was like an indescribable thing. According to the progress of the relationship, it would take a month, but before a month, it could be experienced in other ways.

As for what method...Anyway, it was indescribable.

“Damn it!” The Sacred Buddha was furious.

Golden Buddhist light continuously interweaved on his body. At the same time, a huge Buddha statue as tall as a mountain appeared behind him.

The Buddha statue raised its hand, and a series of scriptures coiled in its palm. At the same time, a series of Buddhist chants appeared on the other hand of the Buddha statue.

The two palms collided, and the Buddhist sounds and Buddhist scriptures interweaved with each other. A powerful and terrifying might continuously spread from the Buddha statue.

The sky changed.

The Saint Buddha's Heaven Transformation was Buddha.

Xu Bai suddenly felt a sharp pain all over his body. He realized that at the intersection of the Buddhist voice and the Buddhist scriptures, he seemed to be being eroded by some kind of terrifying power.

He tried his best to open his eyes and look. In the golden light, he saw a boundless sea of blood.

It was precisely this boundless Blood Sea that was gradually affecting his divine soul and his entire body.

"This is your Buddha?" "It's all gold and jade on the outside, but it's rotten on the inside." Xu Bai's face was pale. "Behind the holiness, there's a bloody stench that makes one vomit." "

"No one knows, no one can see." "From today onwards, I will still be the number one Buddha in the world," the Holy Buddha said calmly.

"Dream on!" "Did you ask me?" Xu Bai sneered.

The chaos of gold and gray gathered on Xu Bai's right palm. Xu Bai rose into the air and struck out with his palm.

However, the chaos that this palm carried was like a stone sinking into the sea when it landed in the golden light.

Not enough, far from enough.

The speed at which he absorbed the chaos was too slow, and the chaos he absorbed was severely insufficient. Otherwise, he could have killed the other party with one move.

When the monks saw this scene, they all sighed silently, their faces filled with despair.

“Xu Bai! Run!” “Run as far away as you can!” the abbot of the Titanium Temple shouted. “Find someone. Find King Sheng You. Let him trample this thief!” Find Eunuch Wei, find His Majesty, and let them kill him!”

He could also see that there was only a slight difference between Xu Bai and the Holy Buddha in front of him. However, this slight difference was like the difference between heaven and earth.

In a battle between experts, how could there be a slight difference?

Therefore, he told Xu Bai to run. He couldn’t die here.

Xu Bai turned his head. At this moment, he had been affected to the extreme by the Holy Buddha. His mind was dizzy and he almost converted to Buddha on the spot.

This kind of influence was like forcefully purifying a person who should not have belonged to the Buddhist Sect.

Xu Bai took a deep breath. Eunuch Wei? Your Majesty?”

His gaze gradually became firm as he slowly said, ““Today, I want to kill the Buddha. It has nothing to do with them.”

“Hundred Break! Come!”

On the ground, Hundred Break, who was kicked away by Xu Bai, suddenly sensed something. He flew up from the ground and landed in Xu Bai’s palm at an extremely fast speed.

“Today, this king will slaughter the Buddha. If I say it, I will do it. Go to hell and have all the Buddhas in the world!”

Xu Bai flew towards the Buddhist scriptures in the palm of the Buddha statue.

Black and white colors continuously appeared on his body and fused into one in the blink of an eye.

Coexistence of Yin and Yang.

Xu Bai’s strength suddenly increased by another ten percent, filling up the last gap.

The co-existence of Yin and Yang could increase Xu Bai’s strength by 10%, and this upper limit was extremely terrifying.

What was 10%?

The difference between 10% and 10% was like the difference between heaven and earth.

At this moment, Xu Bai had the bonus of chaos. This 10% power was so terrifying that it made everyone present gasp.

For the first time, panic appeared on the Holy Buddha's calm face.

"No, no, no. No..."

He raised his hands, and there was endless Buddhist light on them. He wanted to stop them.

But in the next moment, Xu Bai threw out Hundred Splits.

Hundred Break suddenly turned into countless fragments, like a river of stars hanging upside down. Each fragment was wrapped in Xu Bai's chaotic power, blocking all the Buddha light in the Saint Buddha's Hand.

Only Extraordinary Grade One Hundred Cracks, only blocked for a moment, then turned into ashes.

However, in a battle between experts, even if it was just a breath, it could change the outcome of the battle.

Xu Bai was like an eagle, streaking across the sky, piercing through the Holy Buddha's light and landing in the palms of the Buddha statue behind him.

Buddhist chants and scriptures surrounded Xu Bai, but Xu Bai had no basis. He stood on the Buddha's palm and began to use his hand as a knife.

"In ancient times, the Great Sage Buddha somersaulted forward. Today, I, the Buddha King, brandish my saber."

"I just don't know if you can suppress me like a mountain.."

Every time he waved his hand, the surrounding Buddhist chants faded a little, and Xu Bai seemed to be tireless, endlessly displaying the chaos in his body.

The gold and the grayish-white color continued to twist and fuse. As he waved it, a strange aura actually derived from it.

Order.

This was revealed by the golden change in the sky. Xu Bai had a hint of

understanding in his heart. This might be the change in his future, but he had already experienced it temporarily.

Chaos and order were opposing each other, but it was precisely because of this opposition that unimaginable energy erupted.

The surrounding Buddhist chants finally couldn't resist it anymore. It was like ice meeting fire and instantly collapsed.

The Sacred Buddha let out a miserable cry and spat out blood. The blood burned into a strange flame in the air.

Cracks appeared on the huge Buddha statue behind him and it turned into ashes in an instant.

The Holy Buddha's face was as pale as gold paper as he fell from the sky, creating a deep pit on the ground. As he fell from the sky, all the Buddhist monks present recovered their movements.

The monks of the Buddhist Sect stood up. Led by the abbot of the ten great temples, they surrounded the Holy Buddha in the center.

Every Buddhist monk had an indignant expression on their face. They wished they could tear the Holy Buddha in front of them into seven or eight pieces.

The Holy Buddha had no scars on his body, but his face was pale. He kept crawling on the ground with his hands and feet. Every time he crawled, he spat out a mouthful of golden blood.

His target was the unconscious No Flower.

"Impossible, I won't lose, I've never lost."

“The Buddhist Sect was born because of me. I’m destined to live forever by relying on my bones. I won’t grow old or die, and I won’t die or dissipate.” “How is that possible? No one was able to kill me in those early years.”

He crawled step by step. Halfway up, he was exhausted and panted heavily.

Xu Bai descended from the sky and landed in front of the Holy Buddha. At this moment, the chaos on his body had dissipated and he had recovered his original strength. The chaos he had absorbed at the beginning had all been used up.

“Times have changed.”

“It’s no longer your era now. Why do you have to come back to life?”

“If you could live, no one would stop you, but you insisted that the world follow your will.”

“The world is filled with Buddhas. Have you ever thought about what kind of war you will suffer?”

When the Holy Buddha heard the voice, he raised his head and saw Xu Bai and the surrounding Buddhist monks. He could not help but reveal an extremely angry expression.

He raised his hand and pointed at them one by one.

” A group of white-eyed wolves, how can I have you, how can I have the prosperous Buddhism?””

“You only know how to deal with me, but you don’t care about the kindness I gave you back then.”

“A bunch of evil creatures!”

“Sigh...” The abbot of the Titanium Temple sighed slowly.”Holy Buddha, we respect you like a Buddha and will remember your kindness for generations to come. However, you treat us as tools and plot against the world. The people of the Buddhist Sect don’t dare to ignite the flames of war, let alone harm the people of the world.”

“Ha...” The Holy Buddha laughed miserably, and his gaze fell on Xu Bai. He said, ‘Young man, kill me.’

The simple and simple six characters revealed a kind of calmness.

This time, he was completely defeated. He was resurrected, but now, he was gone.

Only he knew his injuries the best. All the bones in his body were shattered. This time, he would probably never be able to resurrect.

Xu Bai muttered, "Tell me, what secrets are there in the Strange City?"

The Holy Buddha was stunned for a moment before he reacted. He understood what Xu Bai wanted to know and could not help but laugh. "So your plan is not limited to this. It's no wonder. However, you are far from qualified to set your sights on the Bizarre Market.

"Do you know that after I died, I discovered that there were already countless strange things there? There were also some influential figures before me. That place was very terrifying."

"Since it's terrifying, then tell me everything you know." Xu Bai said.

The Holy Buddha was 100% from the Bizarre Market, so he wanted to know the secret of the Bizarre Market now. He wanted to get it out of the Holy Buddha.

Now that the Holy Buddha was no longer a threat, when would it be?

"Impossible." The Holy Buddha shook his head and said disdainfully, "Do you think I'll tell someone who will make all my previous efforts go to waste? Don't even think about controlling my soul. I won't fall for that." Xu Bai shook his head. This answer was not unexpected.

But it was not a big problem.

It didn't matter if he didn't use his divine sense to control it, he still had a way.

Xu Bai slowly squatted down and looked at the Holy Buddha. "After a person dies, what does he care about?"

The Holy Buddha was stunned. He didn't understand what Xu Bai was talking about, but he still answered, "He's already dead. What does he care about?"

"You wanted to live before you died," Xu Bai said with a smile. "You wanted to live again, but now you have failed. I think there is something else that is very important to you."

"Reputation."

The Holy Buddha's dazed expression became even more serious.

Xu Bai stood up, spread his arms, and said solemnly, "I can choose not to tell the world about your scheme. You are still the Holy Buddha, the Holy Buddha that is admired by the world."

The Holy Buddha chuckled.” He’s already dead. Everything is fake. Why would he care about his reputation?””“

It seems like you’re a person who only wants to live,” Xu Bai said with a smile.” Let me tell you now. There’s a way to live.””

As he spoke, he told him the method that his junior sister used and swore that he could let him live..

As for whether this method would work or not, he had said it anyway and let the Holy Buddha think about it. He believed that a person who was struggling on the verge of death would not think too much.

Soul transfer?

The Holy Buddha slowly recalled in his mind and finally said loudly, “You have such a method?”

Xu Bai nodded.

“But how can I trust you?” The Sacred Buddha asked again.

‘ You don’t have a choice,” Xu Bai said.” This is your last hope of survival. You can only trust me. ””“

The Holy Buddha took a deep breath.

He turned around and looked at his broken body. Finally, he revealed a bitter smile and decided to fight to the death.

“Let me tell you the biggest secret I know. “The Holy Buddha spat out another mouthful of blood and became weaker.”A portion of the strange ones have already begun to work on the resurrection method. They are not able to enter and leave the Bizarre Market freely. Instead, like me, before they died, they left a backup plan in the human world. Moreover, I can tell you who they are.”

Xu Bai rubbed his chin and said, "Speak."

Under normal circumstances, neither monsters nor humans could break this rule. However, if one left a backup plan before death, it might be possible.

Don't forget that the Holy Buddha had already succeeded. If the Holy Buddha wanted to tell him who they were, it would be equivalent to giving him a list of names that he could follow.

Under the temptation of resurrection, the Holy Buddha did not think much about it. He listed more than ten names one by one.

Every time he said a name, the surrounding monks gasped. Xu Bai, who had just entered the circle, was not familiar with these names, but it did not mean that these monks did not know.

Every name represented a big shot who had existed in the distant past.

After the Holy Buddha finished speaking, Xu Bai memorized these names and smiled.

"There are other things." "Maybe I don't know."

There was nothing wrong with what he said. There were so many big shots in that era, and so many had died. There would definitely be some that the Holy Buddha did not know about and left behind a backup plan.

"Thank you very much." Xu Bai stood up.

The Holy Buddha's expression stiffened slightly. He seemed to have guessed something. An angry expression appeared on his face, and his voice began to tremble slightly.

"Little thief, go back on your word!"

How could he not know that Xu Bai had already broken his promise?

However, just as Xu Bai had said, he had no choice but to trust Xu Bai. But now, it seemed that Xu Bai could not be trusted.

"Ever since I entered this industry, I've always been very honest in doing business, but my enemies are not worthy," Xu Bai said with a smile.

As he spoke, Xu Bai slowly turned around and walked out of the crowd towards No Flower.

After Xu Bai turned around and left, the surrounding monks looked at each other and surrounded the Holy Buddha again. Then, the Holy Buddha, who was surrounded by the crowd, let out a shrill scream.

There was injustice to be avenged, revenge to be avenged, injustice to be avenged, debt to be avenged, and now it was time for these monks to vent their anger.

After Xu Bai left the crowd, he walked up to No Flower. Looking at No Flower's current state, he frowned.

No Flower was held in Ah Xiu's arms. At this moment, his eyes were tightly shut and he had yet to regain consciousness. Moreover, there were balls of black gas all over his body that surged in and then appeared again. It looked extremely strange.

Meanwhile, the black lotus that had been placed to the side was currently spinning above No Flower's head.

The black lotus looked extremely strange. From time to time, it would spit out black light, and with each spit, more black light would enter No Flower's body.

"Why hasn't he woken up yet?" Xu Bai asked.

Ah Xiu shook his head with a blank expression.

Of course, she did not know. She was not a disciple of the Buddhist Sect. At this moment, she was at a loss.

At this moment, the screams around them gradually stopped.

Xu Bai turned his head and saw that the Holy Buddha's body was nowhere to be seen. All that was left was a pile of golden ashes.

The abbot of the Titanium Temple walked over with a comfortable expression.

The Buddhist monks present suddenly made a move that almost frightened Xu

Bai.

Led by the abbot of the top ten temples, the monks put their palms together and bowed to Xu Bai.

"From now on, Prince Xu is the benefactor of the Buddhist Sect. If anything happens in the future, the Buddhist Sect will definitely risk their lives to help

Prince Xu."

Xu Bai had wanted to turn sideways to avoid it, but after hearing what these people said, he didn't turn his body. Instead, he accepted the bow openly.

He could accept this bow, and he had a clear conscience.

After the group of Buddhist monks raised their heads, Xu Bai waved his sleeves.

"Let's talk about serious matters and see how No Flower is doing." Xu Bai asked.

The abbot of the Titanium Temple went forward to check and heaved a sigh of relief. "He just fell asleep. It's nothing serious. Moreover, it's a blessing in disguise. Obtaining the black lotus is a huge benefit to him."

Seeing that No Flower had no problem, Xu Bai finally felt at ease.

At this moment, everything had been resolved. Due to the death of the Holy Buddha, the things that truly restricted the Buddhist Sect had disappeared.

The abbot of the Yanfa Temple asked, "Prince Xu, the danger has been eliminated. Let's go to the main hall and talk."

Xu Bai nodded. "It just so happens that I have something to discuss with everyone here."

When he said this, the monks present were confused.

"Let's talk about reality," Xu Bai said with a smile.."

Talk about reality?

The monks present looked at each other. Initially, they were quite happy because they had killed the Holy Buddha. The atmosphere had also reached this point. However, Xu Bai's next sentence made them a little dumbfounded.

What did he mean by talking about reality? Why did it suddenly become about talking about reality?

Wasn't everyone still fine just now? They were still intoxicated by the joy of the Holy Buddha being destroyed. Why were they talking about reality now?

Xu Bai looked around. This was not the place to talk.

He winked and walked towards the main hall.

Everyone looked at each other and walked toward the main hall of the Titanium Temple.

No Flower was carried into the main hall by a few disciples of Titanium Temple. The main hall wasn't that big, so only a portion of the important eminent monks came in. The abbot of the top ten temples was also here.

"Prince Xu, just now you said to talk about something practical. What do we want to talk about? Is there something important that you haven't said?"The abbot of the Yanfa Temple was the first to ask.

In their minds, there must be something more important that hadn't been resolved. Otherwise, Xu Bai wouldn't have said that he would only talk about it after entering the hall. Moreover, it seemed that this matter was definitely very serious.

Hearing this, Xu Bai coughed and found a seat. He placed his hand on the

handle the chair and tapped it lightly. "It's not anything important. It's just that this reward is worth it."

The crowd fell silent.

Everyone present was an eminent monk of the Buddhist Sect. However, what

Xu Bai was talking about made them speechless. However, they quickly figured it out.

After all, Xu Bai was rumored to be such a person. He liked doing business and was particular about the principles of business.

The abbot of the Titanium Temple knew Xu Bai the best. After all, he had often heard No Flower talk about Xu Bai, so he had a rough impression of him. Therefore, after Xu Bai said this, he nodded without hesitation.

"This is what I should do. Prince Xu has helped the Buddhist Sect solve a huge problem. A small reward is definitely a small matter."

The goodwill of the Buddhist Sect was one thing, and a more realistic reward was another. The two could not be mixed together, so he did what he had to do.

The abbot of the Titanium Temple spoke. The monks of the temple looked at each other and nodded, indicating that there was no problem at all.

Xu Bai had thought that it would take a lot of effort to persuade them, but he did not expect these monks to be so understanding. He did not say anything more and pointed at the first-grade puppet beside him. Just as he was about to say something, his movements suddenly froze.

On the puppet's body were nine books left behind by the ten great abbots. There were golden progress bars on them. Xu Bai planned to slowly work on them.

But now, as he looked over, the golden progress bar was gone.

He had originally planned to use this opportunity to obtain a lot of progress bars from the Buddhist Sect to increase his strength.

But now, it seemed like something big had happened.

Xu Bai regained his senses very quickly. He took a few steps forward and picked up the book from the puppet's hand. Then, he flipped through it seriously.

Then, he was certain that the progress bar was gone.

"It was still fine this morning. How could it suddenly be gone?"

Xu Bai found it hard to believe. He couldn't accept it. He subconsciously turned his head to look at the abbot of the Titanium Temple and asked, "After the Holy Buddha dies, will his inheritance be useless?"

That was the only suspicious point. Xu Bai wondered if the Holy Buddha had died, causing all the progress bars to disappear.

Other than that, he couldn't think of any other situation that could make the progress bar suddenly disappear.

When Xu Bai asked this question, everyone present looked at each other. The abbot of the Titanium Temple quickly gave the answer.

"Yes."

"The inheritance of Buddhism originated from the Holy Buddha. Now that the Holy Buddha is dead, everything has disappeared. Only what we have learned in the past is still preserved, but there is no way to continue learning in the future."

As he spoke, the abbot of the Titanium Temple gave Xu Bai an analogy, as if he wanted Xu Bai to understand it more thoroughly.

Xu Bai's forehead was full of black lines. After hearing what the abbot of the Titanium Temple said, he finally understood.

With the loss of the Holy Buddha, the inheritance would also be lost. He could still use what he had learned in the past, but it was almost impossible to advance further.

Xu Bai tried to use the Diamond Holy Demon Body Suppression, and it was still working. However, the progress bar he saw earlier had indeed disappeared.

In other words, he seemed to have suffered a huge loss this time. If the Holy Buddha died after he finished the progress bar of the nine books, he would still have a chance to profit. But now, it seemed that he had really suffered a loss.

What a loss!

A huge loss!

The abbot the Titanium Temple saw that Xu Bai's expression was not right and could not help but ask worriedly, "Prince Xu, did you leave behind any hidden injuries? You have to tell us as soon as possible. Although we don't have the inheritance, we still have our own strength."

The monks nodded in unison and looked at Xu Bai with concern, afraid that something would happen to him.

After all, this was the hero who had saved the entire Buddhist Sect. They could not let anything happen to him. Otherwise, they would be ashamed of Xu Bai.

"I'm fine." Xu Bai waved his hand with a face full of bad luck, indicating that he was fine. He suddenly thought of something and continued asking, "From the looks of it, the inheritance of the Buddhist Sect is probably going to be cut off."

Thinking about it carefully, it was true. The inheritance of the Holy Buddha was gone, and the current Buddhist cultivators in the world could only preserve their current strength..

However, it was impossible for them to take a step forward because there was no inheritance for them to use.

The abbot of the Titanium Temple nodded. He did not avoid the question and admitted it directly.

“Indeed, as Prince Xu said, we might not be able to advance, but this is not absolute.

“After we can’t advance on the old path, we can find a brand new path.”

“The result of creating a new path might cause Buddhism to decline, or it might lead to a brighter path.”

“Oh?” Xu Bai was interested.’

The abbot of the Titanium Temple pointed at the unconscious No Flower and smiled.””Wu Hua is it.”

“Now, in the battle just now, he suffered all the Buddhist light present.”

“The Buddha’s light was able to withstand it, but it gathered on the black lotus.”

“The black lotus will change. Sooner or later, it will be able to change into a new path that belongs to the Buddhist Sect.”

Xu Bai looked in the direction that the abbot of the Titanium Temple was pointing at and saw that No Flower was still in a deep sleep. The black lotus was still slowly circling above No Flower’s head.

Black hair, black robe, black lotus, this kind of inexplicable sense of déjà vu from a TV series in his previous life made Xu Bai feel like they were all mixed together.

When Xu Bai looked at No Flower, the unconscious No Flower finally woke up.

No Flower slowly opened his eyes and sat up weakly. When he felt the gazes around him, he understood what had happened.

“Is everything alright?”

When he asked this question, the black lotus hovering above his head spun even faster.

No Flower raised his hand, and the black lotus above his head obediently fell into his palm.

The black light began to become sharp and gradually bloomed.

“Abbot, I have no choice. I can’t completely explore a new path. At most, I can only reach... Transcendent.” No Flower closed his eyes and felt for a moment before opening them again. His face was filled with pain.

“It’s fine. That’s because your strength hasn’t reached that level.” The abbot of the Titanium Temple said.”

“The higher your strength, the stronger your senses will be, and the wider your future path will be.”

“Even if it’s only at the Transcendent level, it’s already very good for the world. After all, old fellows like us don’t need the subsequent cultivation methods for the time being.”

No Flower nodded in relief when he heard the words of comfort.

Just as he was about to continue speaking, he felt a pat on his shoulder. He turned around and saw Xu Bai holding him down with bright eyes, staring at the black lotus in his hand.

“Almsgiver Xu, you are...” No Flower felt that Xu Bai’s gaze made him feel uncomfortable. He wanted to retreat silently.

“Good brother, ” Xu Bai said with a smile, “give me the black lotus.””

No Flower was speechless.

Everyone was speechless.

Xu Bai couldn’t be blamed for his reaction. When No Flower woke up and let the black lotus land in his hand, Xu Bai noticed a golden progress bar on the black lotus.

Moreover, the progress bar was very slow. It was the slowest progress bar he had ever seen.

Slow meant good.

Fast meant poor.

At least, that was the standard on the progress bar.

Oh, there were also some special occasions where speed could be used to represent good or bad, but that was not what Xu Bai cared about.

It was a blessing in disguise.

He had just lost the progress bar for nine books, and now he was given a progress bar that was so slow that it made his hair stand on end.

What was this called? This was called a silver lining.

Xu Bai had to get it, and he felt that with his current situation, it would be easy for him to get it.

No Flower reacted and said helplessly, “”1 thought it was something, but it turned out to be this. Almsgiver Xu, if you want to see it, just take it. You’re the benefactor of our Buddhist Sect.”

As he spoke, No Flower handed over the black lotus in his hand.

After he did this, no one stopped him, no one objected, and even the people present tacitly agreed to this move.

Was the black lotus important? It was very important.

It was related to the future life and death of the Buddhist Sect. It would be a lie if it was not important.

But if Xu Bai wanted this black lotus, would they give it to him?

He had to!

Even if he wanted the entire Buddhist Sect to do something for him to die, the monks present would not frown, let alone ask for the Black Lotus.

What a joke. The benefactor of the entire Buddhist Sect was here. He only wanted to take a look at the black lotus. Was he not going to give it to him?

Yes, he had to.

Xu Bai did not expect it to be so simple. He took the black lotus from his hand and examined it carefully.

However, when he received it, the progress bar on the black lotus disappeared again.

“Eh?” Xu Bai frowned.

The progress bar was still fine just now. Why did it disappear when it reached his hand? This didn't make sense.

He had a guess. He suspected that it might have nothing to do with the black lotus, but with No Flower. Thinkinz of this, he decided to zive it a trv and handed the black lotus to No Flower.

No Flower also found it strange that he was handing a black lotus to Xu Bai. However, since Xu Bai had done this, he did not think much about it and subconsciously caught it.

When the black lotus landed in No Flower's hand, Xu Bai saw the golden progress bar again.

Then, Xu Bai fell into deep thought. He connected the words of the abbot of the Titanium Temple just now and quickly figured out the reason.

The black lotus could slowly give birth to new Buddhist ideas, but the reason was that the black lotus was born from no flowers. In other words, no flowers were necessary to activate the black lotus..
