## **Chapter 681: Really? I Don't Believe It (3)**

Even if he had killed Xu Bai, only half of his head had been destroyed. The remaining half, with a wail and a strange feeling, smashed fiercely onto Xu Bai's body.

Xu Bai felt a great pressure on his entire body, and at the same time, pain came from all the bones in his body.

This mountain of human heads was actually drilling into his flesh and blood. Its goal was actually to seep into his bones and eat them.

The patterns on its skin became brighter and brighter, and the mountain of human heads let out miserable wails. The deeper it seeped into the mountain, the more it gradually turned into ashes.

"You want to eat me, but you don't have the teeth."

Xu Bai's face was calm, but the Real Essence Energy in his body seemed to be burning under the scorching sun, evaporating at an unbelievable speed.

He raised his right hand again and hacked at the mountain of human heads.

The dazzling saber light appeared again, and the sky fell into a white light again.

The remaining mountain of heads was gradually disappearing. After the last head disappeared, everything fell into silence. Under the moonlight, Xu Bai had his hands behind his back and his expression was indifferent.

He did not let his guard down just because he had solved a big problem, because he heard a series of tinkling sounds in his ears.

He turned around and looked in the direction of the voice. He saw a dozen people walking slowly toward the door.

The person in the lead was dressed in white clothes. He held a bell in his hand and shook it as he walked closer.

They were wearing tall hats, and their faces were painted with red paint.

“Strange things are happening one after another. It seems that they don’t want me to rest.” Xu Bai thought to himself.

He didn’t put away the Heaven Changing Spell, and he didn’t use the patterns on his body and the Chop Man again. The True Core Strength in his body was recovering rapidly.

The current situation was that he was alone and facing the mysterious Nian Shen, he had to be vigilant.

The people ringing the bells formed a long line and didn’t stop until they reached Xu Bai.

At this moment, Xu Bai realized that the people in front of him were different.

To be precise, other than the person who led the team at the beginning, there were paper people behind them.

There were no facial features on the paper figurine, and its entire body was pale. Even its clothes were not drawn on, and it was just a crudely made body.

This kind of feeling made people feel as if it was done in a hurry.

The only thing that was slightly exquisite was that these paper figurines had strange oil paint patterns on their faces.

As the person leading the way shook the bell, the group of paper figurines walked in unison, and their bodies emitted a cold feeling that made one’s hair stand on end.

Paper people?

Xu Bai instantly thought of the paper figurine industry. After all, Liu Xu had an inseparable relationship with this industry, so Xu Bai had some understanding of this industry.

“Sigh...”

A faint sigh came from the person who led the way at the beginning. He put away the bell, slowly walked to Xu Bai, and suddenly bent down.

“Thank you, brother, for freeing him completely.”

The man was wearing a white robe and a tall hat, with a bell on his hand and a tattoo on his face. Although he was bowing to Xu Bai, he still gave off an inexplicable sense of horror.

“Are you very familiar with the trevally?” Xu Bai asked with a smile.”

“Yes.” The man in white sighed.” To be precise, I’m familiar with everyone on this mountain.”

“After they died, I was responsible for collecting their corpses. Unfortunately, I didn’t receive them this time.’

“Collect the corpse?” “Did you take the initiative to collect their corpses, or did you passively collect their corpses?” Xu Bai asked indifferently.”

“Of course they are the ones who are passive.” The white-robed man smiled.”

I’m a paper man and a corpse collector. If you die on this mountain, you must remember to call out the words ‘corpse collector’ before you die. After all, a person’s death is also a very good resource.”

Xu Bai thought that a fight would ensue, but after the man in white finished speaking, he turned around and left.

There was no battle, not even conflict.

The man in white shook the bell and led the way. The paper figurines followed with stiff steps and gradually went further and further away.

Xu Bai’s gaze landed on the last paper figurine. He saw that there seemed to be a corpse swaying slightly in the translucent white paper.

He had learned a lot of new things, so how could he not guess what the man in white was thinking?

“Corpses are also a kind of resource. After a person dies, they are placed in paper figurines and used as resources. The resources of this world are exhausted, but they are all struggling.”Xu Bai thought to himself.

The first old Taoist priest he met was a cannibal. The second scad he met was a fish farmer. The third corpse collector was a corpse collector.

When a world gradually approached its end, as the leader of all living things in this world, humans would inevitably have to survive in the cracks. Thus, countless methods of survival were born, although they were cruel and disgusting.

Xu Bai didn’t try to stop this person because he felt a huge pressure from him. This person was definitely not weak. On the contrary, he was even stronger than the person he had just killed.

It wasn't that he wasn't confident. He just didn't want to waste time fighting. His goal was the progress bar.

"Let's look around first and see if there's anything good here."

Thinking of this, Xu Bai didn't think too much about it. He turned around and searched the rooms. After about the time it takes for an incense stick to burn, Xu Bai walked out of a dilapidated house with a book in his hand..

### **Chapter 682: Really? I Don't Believe It (4)**

There were words printed on the book, but he couldn't understand the words at all. After all, this was the handwriting of the era of the world's hegemony. It was normal for him to not understand.

However, this did not matter at all because there was a progress bar on it, which was enough.

There was a progress bar to prove that he could live up to it. Those who could live up to the progress bar were all good things.

"Finally, I got something." Xu Bai put the book in his arms and looked at the night sky around him. At the same time, he looked up at the moon in the sky.

The moon was still hanging in its original position, without the slightest change. Just as he thought, all time had stopped.

However, they were able to move freely in the frozen time. This strange feeling made him somewhat puzzled.

"Let's finish exploring this mountain first."

He was only halfway up the mountain. There was still half of the journey that he had not explored. What he wanted to do now was to explore this mountain first before going to another place.

Thinking of this, Xu Bai didn't stay any longer. He lifted his feet and walked towards a spot.

After walking for about an hour, Xu Bai stopped and looked at the mountain road in front of him with a frown.

The mountain road not far ahead looked no different from ordinary mountain roads, but if one looked to both sides, they would see two rows of candles on both sides of the mountain road.

The candle had been lit up in the dark environment, bringing the only trace of warmth, but this warmth was shrouded in darkness.

In the warmth of the darkness, there was a hint of gloominess.

"What kind of method is this?" Xu Bai was interested.

The first was to eat people, the second was to raise fish, and the third was to collect corpses. He really wanted to know what the fourth was.

With such interest, Xu Bai unleashed his divine soul.

His divine soul began to spread out continuously, following the mountain path up.

Under the sensing of his soul, Xu Bai saw that the mountain road was covered with candles.

Not only that, the candle burned very slowly. The body of the candle seemed to be made of an unknown material and was very resistant to burning.

His soul followed the mountain path straight. Finally, the candles in front of him gradually decreased, and at the end of the candles, there was actually a lonely grave.

It was indeed a lone grave. There was nothing outside the lone grave, and there were no other graves around it.

"Interesting. Since there's no house, you're giving me a lonely grave. I want to see what's inside."

Xu Bai raised his foot and slowly stepped into the mountain path with candles on both sides. As he stepped out, the surrounding candles swayed, and a few candles were almost blown out by the wind.

Fortunately, the light of the candle was very strong and slowly returned to normal. Xu Bai walked up step by step. Nothing happened along the way and he arrived in front of the lonely grave smoothly.

There was only one tomb, and the surroundings were empty. It was filled with barren mountains and wilderness. In front of the tomb, there was a monument. There were no words on the monument, only dried black blood stains.

“A wordless monument, a lonely grave in the wilderness, who is buried here?”

Xu Bai didn't feel any danger. He even felt that this place gave him a sense of security.

This inexplicable sense of security seemed very strange. It was as if you were in a dangerous world, and if a strange thing could bring you a sense of security, it would make the strangeness even stronger.

“Why don't you dig it up and take a look?” Xu Bai had a bold idea and wanted to try it.

There weren't any words on the monument, nor was there a progress bar. Otherwise, Xu Bai would have dared to carry the monument away.

After this thought appeared, Xu Bai couldn't control himself.

Since they were in the ruins, he didn't care much about it. He just did as he said.

He raised his hand and flicked his finger.

In the next moment, a saber beam flashed and the lone grave was blasted into ashes.

When the lone grave in front of him was blasted open, there was a high-quality coffin at the bottom of the grave.

Even though it was covered with soil, one could see through the cracks that the black coffin was made of high-quality material.

Even when the lone grave in front of him was blasted open, there was still no abnormality. He did not even feel a trace of coldness. This feeling was as if it was really a safe house.

“Sorry for offending you.”

No matter what, they were digging graves, so before Xu Bai made his move, he excused himself.

With a casual push in the air, the lid of the coffin in front of him flew up and landed heavily on the ground.

At this moment, Xu Bai finally saw the situation inside the coffin.

In the coffin lay a skeleton wearing a Daoist robe. The material of the Daoist robe must have been excellent because there were no signs of decay. However, the corpse only had bones left, which proved that it had been buried here for a long time.

Skeleton's two arms were tightly intertwined and crossed over his lower abdomen. Through the gap between the bones, a letter could be seen.

Xu Bai rubbed his chin and reached out to pick up the letter.

He was very vigilant during this process. He thought that something strange would happen, but everything was normal and nothing happened.

The material of the letter was obviously very good. Even after such a long time, it was not damaged at all. At most, it had turned a little yellow.

Xu Bai apologized again before opening the letter.

"I'm really stupid. I don't know the words of this era." After Xu Bai opened the letter, he remembered that the words of this era were very ancient..

### **Chapter 683: Really? I Don't Believe It (5)**

Just as he was about to put the letter back, he did not expect that when he saw the words on the letter that he could not understand, his soul suddenly shook.

These words seemed to have spirituality as they reverberated directly in his divine soul, allowing him to understand them.

To be precise, he still couldn't understand it, but the words seemed to be transmitted directly into his soul, and they could convey the original meaning.

"What a brilliant method. When this person was alive, he must have been a divine soul expert."

Xu Bai sighed in his heart. He closed his eyes and felt the information in his mind.

Lines of text appeared and gradually became clear, becoming words that he could understand..

[I am the princess of the Shi Kingdom. I have studied in the Temple of Three Lives since I was young. If the latter believes me, it proves that we are fated.] “Princess of the Shi Country?” Xu Bai scratched his head.

He had never heard of the name of this country before. Now that he thought about it, it should be a country during the era of the hegemony of all countries. By now, it was probably already submerged in the wheels of history.

A dignified princess was actually buried in this place, and there was only a lone grave. It was inevitable that it was a little desolate.

At the end of an era, no matter what identity one had, there would only be such a lonely grave left.

With such feelings, he could not help but feel a little emotional as he continued to read.

[The world has changed, resources have dried up, and all countries have fought for hegemony. I didn't expect to experience such a magnificent event in my short life.]

[There are many geniuses, many who have amazed the world, but no one can compete with heaven and earth. From a golden age to the end of the world.]

[I've witnessed countless massacres and countless purgatories on earth. I suddenly feel a deep sense of powerlessness.]

[I'm about to die, but I don't want to do anything to hurt others. If a person hurts his own kind just to live, he's no different from a wild beast.]

[I buried myself here, cutting off all life, and at the same time, set up an eternal candlelight array.]

[Before the state preceptor went crazy, he once told me that if anyone could break through the Candle Array, they would be my fated person. I don't know what a fated person is, but I'm already dead.] [Perhaps, the fated person will only get one skeleton.]

Candle Flame Array?

Fated person?

Xu Bai couldn't help but think of the two rows of candles he had encountered on the mountain road.

Was that a formation?

He felt that there were no obstacles along the way. Could it be that the effect had disappeared because it had been too long?

He didn't believe in fated people. She had been dead for so long. No matter how fated she was, she was just a skeleton.

"Sigh, she's the princess of a country. What a pity." Xu Bai sighed again.

The content of the letter was not finished. It was still continuing.

[I'm a disciple of the Three Lives Temple and learned the Three Lives Dao Array. I was lucky enough to use this array to see the future.]

[In the future, a young man will come to my grave. The young man will wear armor on the outside and a Daoist robe on the inside.]

[He is the destination of everything and the beginning of everything. At that time, I once felt that he might be the existence that could solve the problem of resource depletion.]

But later, I found out that he wasn't. At least, he wasn't from our era.]

[I'm about to die, but I really hope that he can come. At least he can prove to the world that I'm right.]

At this point, the contents of the letter were gone.

Although there were many words on it, Xu Bai had already drawn a picture in his mind.

The world changed, resources dried up, and everything fell into purgatory.

The princess of the Shi Country committed suicide here and buried herself. At the same time, she set up a Candle Formation and left this letter behind.

These were not the most important things. The most important thing was that the book mentioned the man who was wearing armor and a Daoist robe.

Xu Bai lowered his head and looked at his outfit. The corner of his mouth twitched slightly.

"Could it be that I'm this fated person?"

It was very obvious that it was him.

After all, he was the only one dressed like this. Moreover, the letter mentioned that he was from the future and that he was not a figure from the era of the world.

There was no one else besides him.

After thinking for a moment, Xu Bai put the letter back into the coffin.

Then, Xu Bai said six words in a very calm tone.

“Really? I don’t believe it.”

After he said those words, the candles around him suddenly flickered and became extremely dim, but they quickly returned to normal.

Xu Bai continued to speak.

“What bullsh \* t fated person. When you invaded my soul and told me the contents of this letter, I realized that you were alive.”

“If I didn’t have a cultivation technique in the aspect of the soul, I might have already fallen into your trap.”

“Let me think carefully. When did it start? It should be when I stepped on this mountain path with candles on both sides.”

“From then on, you began to affect my soul. If I believed you, would I be dragged into the coffin by you next?”

As he spoke, the light from the candle flickered faster and faster.

When he finished his last sentence, the candles around him suddenly went out.

Xu Bai turned his head and looked at the mountain road behind him. The mountain road that had two rows of candles was now dark.

A sudden gust of wind blew behind him. Xu Bai felt goosebumps on his neck..

## **Chapter 684: Crazy, Mindfulness (1)**

When the cold wind blew, Xu Bai felt a chill at the back of his head. He didn’t have to turn around to guess that the tomb behind him had changed.

“La...Lala... Lala...”

As the cold wind blew, a pleasant sound rang out in the dark space.

This voice had an undulating tone, as if it was using an extremely beautiful singing voice, echoing continuously in the darkness.

It was not pleasing to the ears. Instead, due to the darkness and the cold wind, it was terrifying.

The voice only sounded for a moment before it disappeared. At the same time, Xu Bai felt a strange sound behind him.

He turned his head back. The golden and grayish-white colors were constantly interweaving.

There were no more bones in the grave behind him. There was only a woman in a Daoist robe.

There were all kinds of exquisite hair accessories on the woman's head, making her look especially attractive.

Coupled with the woman's beautiful face, he felt his heart flutter in the dark night.

“Princess of the Shi Country?” Xu Bai asked.

The princess of the Shi Country gently nodded her head. Her eyes were filled with endless charm, indescribable allure, and a burning desire.

“Fated person, you’ve finally arrived.”

The voice was like a yellow oriole, crisp and pleasant to the ear, like a gurgling stream flowing through the mountains, echoing the intoxicating music.

Just this voice alone was intoxicating, as if one had fallen into an unfathomable deep pool.

Xu Bai raised his eyebrows and looked up and down. There was an inexplicable teasing in his eyes. “Didn’t you hear what I said earlier? What fated person?”

Show me your moves.”

As soon as he finished speaking, he thought that the princess of the Shi Country would show her fangs. However, after Xu Bai finished speaking, the princess of the Shi Country revealed a resentful expression.

“I used the method of faking my death and have been living until now, waiting for your arrival. We are fated to be married, but you said such hurtful words.”

The princess of Shi Country revealed a resentful expression, and her eyes were filled with sorrow.

He couldn't help but want to go forward and pull her into his arms to dote on her.

Xu Bai felt dizzy. In front of him, the princess of Shi Country seemed to have become even more beautiful.

"Soul control, hunting geese all day long. Today, I was pecked in the eye by a goose. I didn't expect your control method to be quite advanced."

Xu Bai's mental cultivation method contained the method of the divine soul, so he naturally knew the source of all this.

The princess of Shi Country was changing his soul subtly.

"Another way to live an ignoble life. Looks like you're using this move to lure the people you seduced. Are you going to do something indescribable next?" Xu Bai covered his forehead with his hand to resist the drowsiness in his soul.

He didn't make a move because he suddenly had a thought. The beauty in front of him was about to cry. If he made a move, he would feel guilty.

His divine soul was being eroded, and that feeling was irresistible. It surged like a tidal wave.

A series of thoughts flashed through his mind. Xu Bai was thinking of a way to break out of this situation.

The princess opened her beautiful eyes, and tears streamed down her cheeks. She didn't seem to care about Xu Bai's words. She suddenly lifted her three-inch golden lotus and took a step toward Xu Bai.

Even though his long legs were covered by a Daoist robe, one could still see the round shape of his legs. It made one's mouth go dry, and one wanted to lift up the Daoist robe to find out the details.

As he stepped out, the surrounding scenery was constantly distorting.

The darkness receded, the dense forest disappeared, the moonlight disappeared, and the lonely grave disappeared.

Everything seemed to have never happened. In Xu Bai's mind, his soul was gradually losing control.

In his mind, images appeared before his eyes. He seemed to have forgotten his identity and arrived in a beautiful palace.

Red silk and lanterns hung from the corners of the walls and high eaves of the palace.

In front of them, the princess of Shi Country, who was dressed in red, slowly lowered her red veil to cover her beautiful face.

A voice rang out behind Xu Bai.

"The princess' wedding is a national celebration and a general amnesty!"

“Today, Prince Consort Xu Bai has married the princess of the Shi Country.”

“I will perform the rites of heaven and earth and pay my respects to my parents. From now on, peach blossoms will shine and my children and grandchildren will be full!”

Xu Bai turned his head and looked in the direction of the voice. He saw an exaggerated skeleton beside him.

Skeleton’s chin moved up and down. This voice came from here.

“I’m getting married.”

Xu Bai tried his best to retain his consciousness, but these five words were like a brand, deeply imprinted in the depths of his soul.

The surroundings changed again and again, and soon he arrived at a luxurious hall.

There was no one in front of the hall, but there were two chairs. He felt that he was holding something in his hand and subconsciously looked down.

He held a piece of red silk tightly in his hand. He followed the red silk and saw that the other end of the red silk was held by the red-robed princess of Shi Country.

The red robe covered the Shi Princess 'body like a wedding dress stained with blood. The red veil on the Shi Princess' head was only half covered, revealing her fair chin and rosy lips.

"Husband."

Her red lips opened slightly, and a red tongue stuck out of her mouth. She licked her lower lip and said two numbing words.

"The ceremony of heaven and earth has been completed. Send them to the bridal chamber. I hope that the Fuma and Princess will have a son soon and give birth to the bloodline of the Master Country.."

### **Chapter 685: Crazy, Mindfulness (2)**

It was that voice again. Xu Bai felt his surroundings change. Then, he appeared in the bridal room that was decorated with red.

There seemed to be some movement in his arms. Xu Bai looked down and found a warm body in his arms.

The princess of Shi Country had already taken off her red veil, Her jade-like face was slightly raised with a sense of happiness.

"Husband, I can't bear to profane such a beautiful time. Today, we should seize the time and enjoy the pleasure of Mount Wu together. Isn't it beautiful?" There was a hint of shyness in her voice, but it was more of an intoxicating tone.

Xu Bai could feel that he had already wrapped his arms around the princess 'waist.

Look, look at the words of the ancients. It sounds so pleasing to the ear

To put it in a vulgar way, it was to quickly take off his clothes.

However, this language sounded especially harmonious in his ears, without the slightest sense of boorish.

“Sigh...” Xu Bai lifted the princess’s chin and said slowly, “My body has been controlled, but I’m still a little bit away. Just this little bit is the difference between heaven and earth.”

The princess’s face stiffened, but she quickly returned to normal.

Xu Bai smiled.” You can control my soul, but it will take time. But I don’t care, because I’m not afraid of others controlling my soul at all, as long as you don’t corrode it all in an instant.”

After he said this, the princess of Shi Country looked distressed. She raised her hand to touch Xu Bai’s face and placed Xu Bai’s hand on her chest.

“Husband, why don’t you believe me? You and I are fated people. Today, after the ceremony of husband and wife, we will be able to obtain freedom from now on. Isn’t that a great joy?”

Xu Bai felt it and realized that it was one or two times bigger than Ye Zi’s.

True essence energy surged within his body, but it was not released. Instead, it surged directly towards his divine soul.

In the next moment, Xu Bai’s divine soul was torn into pieces. He had torn his own divine soul.

The feeling of pain spread throughout his entire body, and it also brought him a clear mind. As he circulated his True Core Strength, demonic patterns appeared on his body.

The Indestructible Demon Soul Buddha Body!

In the next moment, the broken soul instantly healed and became brand new. The control of the princess of the Shi Country was gone.

Everything around him fell down like broken glass.

After everything was gone, all that was left was the deep, dark forest and the sparse moonlight.

Xu Bai looked at the graveyard in front of him and the gloomy face of the princess of Shi Country. He smiled and said, “It seems like your control technique has been broken by me.”

As soon as he finished speaking, a gust of wind blew past. The princess turned around and ran away, not even bothering to look at the lonely grave in front of her.

This man was actually able to break her control. Moreover, the way he broke it was extremely ruthless. She definitely could not afford to offend him.

His soul was controlled, but this man had personally shattered it and healed it, turning it into a new soul.

With a new divine soul, the previous control would no longer exist.

The pain of having his soul shattered was obvious, but the man in front of him was actually able to grit his teeth and endure it. He was really a ruthless person.

The princess knew that she could not stay here any longer. If she stayed any longer, what awaited her would be endless destruction.

When Xu Bai saw this scene, he raised his foot. The chaos of gold and grayish-white intertwined behind him, bringing with it a despairing aura that enveloped the surroundings.

The princess of Shi Country stopped and turned around. Her beautiful face was filled with hatred.

“Didn’t you want to go on a trip to Wushan Mountain with me and enjoy the pleasure of making love? Why are you running away now?” Xu Bai slowly walked forward, the mocking look on his face growing stronger. “What a beauty. Unfortunately, her heart is even more vicious than snakes and scorpions. ”

He knew that the princess of the Shi Country in front of him had yet to become a Mindful God, so she must have used a method to survive.

From the looks of it, it seemed to be related to what had happened just now. After tricking people into it and controlling their souls, they would use the method. However, they did not know what the method was.

The resentment on the princess ‘face grew stronger. Her voice was no longer as lively as before, but filled with endless resentment.

“Everyone wants to live, but where can we live?”

“That man-eating Daoist priest, there will be a time when people will run out. That trash who keeps fish doesn’t know that the more he keeps them, the more he loses. No matter how much he eats, he won’t be able to make up for it.”

"We don't have much time to live, so we might as well enjoy ourselves. I let you die in pleasure, so you should be thanking me!"

Every sentence was filled with endless hatred. Xu Bai heard it and frowned.

The man-eating Taoist priest and the fish-raising trash seemed to have been dealt with by him. The words of the princess of the Shi Kingdom just now seemed to be indescribable.

However, he did not care about this anymore. He raised his hand and waved at the princess.

"I'll spare your life, but you have to tell me what other strange things are in this mountain." Xu Bai said slowly.

The woman in front of him could only control the divine soul, but he had a way to counter her, so he mercilessly said that he was in control of the situation now.

When the princess heard this, she was slightly stunned. She quickly reacted and said in surprise, "You're not from the Three Lives Mountain, are you from the outside?"

Xu Bai rubbed his chin and said, "I'm the one asking you questions now.. Why are you asking me questions? Do you want to live or not?"

## Chapter 686: Crazy, Mindfulness (3)

Three Lives Mountain should be the name of this mountain.

Previously, the lies edited by Duke Shi Guo had mentioned the Three Lives Temple. It was very likely that it was named after the Three Lives Mountain.

"Is there any connection between the Three Lives Temple you mentioned before?" Xu Bai asked.

The princess shook her head.” No, there’s no connection at all. I just casually wrote a name.”“

“Everyone on this mountain has gone crazy. Everyone has their own ways to survive. I’m just trying to survive.”

“Moreover, those who were harmed by me could experience extreme happiness before they died. You have to know that before the resources were exhausted, I was someone who was beyond their reach.”

“It was worth it for them to die like this.”

At this point, the princess’s face revealed a look of pity. Compared to the content of her words, this look of pity was even more strange.

Xu Bai paced back and forth. He couldn’t be sure if what the princess said was true or not, and he couldn’t use his soul control to find out if it was true or not.

The reason was very simple. First of all, these people had yet to turn into Mindfulness Gods, but they were not living people either.

Secondly, the Princess of Shi Country was more skilled at controlling her soul than him. The reason why he was able to escape control was entirely due to the recovery power of the Indestructible Demon Soul Buddha Body.

Therefore, he couldn’t be sure if it was true or not, so he just took it as a joke. “You should know what else is inside. Tell me everything.”

Although he couldn't determine whether it was real or fake, it would be beneficial if he could know what other strange things were in this mountain.

He could only believe a little, not all of it.

"I don't know, I really don't know." The princess shook her head. "We only know who is below us, but we don't know who is above us."

"I went there once, but I returned very quickly. The terror there made people afraid to approach."

"Unless it's a corpse collector, he dares to go anywhere. As long as someone dies, he dares to collect the corpse."

Corpse collector?

When these three words were mentioned, Xu Bai thought of the man in white who he had met not long ago.

That guy gave him an extremely dangerous feeling. It seemed that his strength in this mountain was not low.

Seeing that Xu Bai didn't ask anything, the princess asked carefully, "Can I go now? I've already told you everything I know. I won't come looking for trouble with you again."

Today, he had wet his shoes by the river. He had encountered a tough opponent, so he naturally could not stay here for long.

Right now, he only wanted to escape as soon as possible. Protecting his life was more important.

Xu Bai did not answer.

The princess of Shi Country felt very flustered and continued, "Don't worry, I will never find trouble with you again. Moreover, I can pay the price. I can give you the happiness you want. I used to be a princess. Think about it, how exciting it is..."

Before she could finish her sentence, she saw Xu Bai's five fingers burst out with a dazzling saber light.

"Die." Xu Bai said calmly.

The princess's face was filled with fear as she forced herself to shout, "You shameless person who doesn't keep your promise!"

"The world has changed and resources have been exhausted. At this time, who will still keep their word with you?" "Will you keep your word with me?" Xu Bai asked. After you leave, won't you come and take revenge on me?"

The brilliance of the blade light suddenly spread out. At this moment, the deep mountain was lit up like daytime.

A shrill scream came from the saber light.

The princess of Shi Country was gradually turned into ashes from head to toe by the saber light.

Before she died, she didn't turn into a consciousness. After she died, everything disappeared.

Xu Bai withdrew the Heaven Changing Spell behind him and thought to himself, "If we kill them before they become Mindful Gods, they shouldn't become Mindful Gods."

Just now, he had tested if he didn't tell them everything before they turned into the Nianshen, or if he didn't let them know that he was dead, then they would be completely dead.

The first old Daoist became a Nianshen after he learned of his death.

After the second fat man died, he did not become a Mindful God, but the fish he raised became Mindful Gods.

The same logic applied to the third one. After death, everything would turn into nothingness.

After thinking it through, Xu Bai did not plan to stay any longer. He wanted to continue walking up.

However, before he left, he searched the graveyard inside and out, but he did not see the progress bar.

"So poor!" Xu Bai said emotionally.

In this era where resources were running out, it was good enough to be alive. Xu Bai was not surprised that he did not see the progress bar.

There was no progress bar or anything else. Xu Bai did not stay any longer. He lifted his feet and prepared to continue walking up the mountain path.

However, before he could take two steps, a strange sound came from behind him.

“Ding, ding, ding...Ring ring ring...”

The sound of the bell came from behind. Especially in the dark night, hearing this sound made one feel a chill run down one's spine.

Xu Bai turned his head and looked behind him. The white-robed man with the tall hat was walking over from afar with his paper figurine.

Every step he took covered an extremely long distance, and in just two or three steps, he had already arrived at the graveyard.

A gust of wind blew around them, but the paper figurine remained firmly still. Through the translucent paper, one could see blurry human figures inside..

Xu Bai took a step back, his eyes filled with wariness.

The white-clothed man didn't seem to notice Xu Bai's vigilance. He walked around the graveyard and sighed. "Sigh, there's no corpse. Brother, the way you

kill people is really too destructive."

The pursuit of killing people was unparalleled external destructive power. It would be strange if a corpse could be left behind after killing people. "I'll leave some for you next time," Xu Bai said."

"Next time?" When the white-robed man heard this, he hurriedly waved his hand, causing the bell to ring. "You can't do that. I won't take the initiative to ask you to help me get the body."

"Oh?" "It's already in this world, but you can still stick to your heart?" Xu Bai asked with interest."

Although the man in white gave off an extremely dangerous feeling, he hadn't had any conflict with Xu Bai so far, and he seemed to only accept corpses.

He should have some sort of reaction to the corpse. After all, he called himself a corpse collector.

“Although the world is changing and resources are running out, we still have to keep our conscience!”The man in white sighed.” Actually, we can find a new path, but they are unwilling. They take shortcuts.”“

“I once struggled in countless deaths before finally discovering the path of a corpse collector. Sigh...I’m doing a good deed.”

“Collect their bodies, burn them into a box of ashes, and bury them in the graveyard. Let them die in peace.”

When Xu Bai tried to talk to the man in white, the man in white seemed to have opened his mouth and started talking.

Every word he said sounded extremely regretful, but it didn’t sound strange to his ears. It was as if everything was normal.

Xu Bai didn’t want to say anything else, but after hearing the long-winded words of the man in white, he became interested.

He didn’t speak again. Instead, he listened while keeping his guard up.

“If you want to go up, you must be careful.”The man in white was still rambling on, “The higher we go, the more terrifying it is. Those people are crazy. The last time I went to collect the corpses, I was almost beaten out.”

Xu Bai raised his eyebrows and said, “It seems that your strength is not low. You can walk out alive.”

The man in white hurriedly waved his hand. “No fighting, no fighting. The resources are already exhausted to this extent. Who would still have the mood to fight?””“

“Thank you for your reminder. If there’s nothing else, I’ll be leaving.”Xu Bai said.

Although he did not show any hostility, this place was too abnormal. It was better to continue walking up.

He actually wanted to stab the man in white, but he felt that this was not the place to fight.

Most importantly, it was not good to fight without a corresponding prize. When the man in white spoke, he had already looked back and forth, but he did not find a progress bar.

The white-robed man didn’t stop Xu Bai, nor did he say anything else.

He watched as Xu Bai left. In the end, he changed direction and left this dark place.

Xu Bai walked very quickly. He only raised his right hand when he was out of the man’s line of sight.

A golden compass appeared in his right hand, and the needle on the compass kept spinning.

“It’s still a bad omen. It seems like there hasn’t been any good luck since I entered this place.” Xu Bai waved his hand and the golden compass disappeared.

Previously, in the trevally’s house, he had done a divination and thought that this ominous sign was the trevally.

In the end, it still existed after it was resolved. In other words, as long as he appeared in this mountain, that ominous omen would always exist.

“So annoying, and that white-robed man with the tall hat. “ Xu Bai rubbed his forehead, feeling that there was nothing to solve with the current clues.

He could only charge forward like this and use his strength to break through the technique.

Thinking of this, Xu Bai continued to walk up.

After walking for some distance, the darkness still existed. The moon in the sky seemed to have never changed its position, hanging high in the sky.

After that, the journey was very long. Xu Bai walked on the steep mountain road for nearly an hour before he stopped and looked into the distance.

At the end of the road not far away, a man in white was slowly putting a corpse into a paper figurine.

As if he sensed Xu Bai’s arrival, he raised his head and greeted Xu Bai.

“Brother, I knew I would meet you here. “The man in white spoke very enthusiastically, as if he was very familiar with Xu Bai.

The corners of Xu Bai's mouth curled up slightly, and his eyes narrowed. He slowly walked to the front of the white-robed man with the tall hat.

The white-clothed man with the tall hat was still holding the corpse in front of him. Not long after, he put the corpse into the paper figurine.

Finally, I've gathered all of them!”

He stood up and walked among the paper figurines. He counted the number of paper figurines and showed a satisfied expression.

“It's said that resources are exhausted and people often die. I didn't expect it to be so difficult to gather enough corpses.”

“How did he die?” Xu Bai witnessed everything. The man in white patted his forehead.”

“Madman?” “Very strong,” Xu Bai muttered.

According to what the princess of the Shi Kingdom had said, the higher they went, the stronger the things they would encounter.

If he saw a corpse on the mountain now, the person who killed this corpse must be very strong.

“That’s right, he’s a madman from the Central Plains.” The man in white dusted his hands.”After the resources were exhausted, he went crazy not long after. But before that, he was an especially strong person..”

## **Chapter 688: Crazy, Mindfulness (5)**

‘ I originally thought that he wouldn’t be able to hold on for long without resources and his madness, but I really didn’t expect that after going crazy, he actually figured out a way out.”

“If you kill a person in the industry and then suck their blood, not only can you let him live, but your strength will also increase by leaps and bounds.”

As he spoke, the man in white sighed, as if he was lamenting this person’s misfortune.

As if he was afraid of that madman, the man in white didn’t want to say too much.

“Brother, why don’t you follow me to send these corpses away? You’re going up anyway, so we’re going the same way.”The man in white asked. Xu Bai nodded with interest.””Alright.”

He didn’t refuse because he felt that the situation was getting clearer.

And the clear reason was this white-robed man with the tall hat.

In fact, thinking about it carefully, the white-clothed man seemed to have bumped into him by chance. After all, someone had just died here.

According to what King Sheng You had said before, one had to deal with things that were rational. As long as one did not become a sentient being, they could communicate and see if they could get anything good.

Now that he could communicate and there was no strange feeling, he would try walking around first.

The white-clothed man saw that Xu Bai had agreed and led the way silently. Xu Bai followed behind without saying a word.

The two of them continued walking. After walking for about half an incense stick of time, the white-robed man finally stopped.

“Alright, this is it. After sending them away, I can also leave. This time, I’ll have to rest for a long time.” The man in white waved his hand.

Behind him, the paper figurines moved and walked to the front, then lay down in a line.

The white-robed man raised his hand, and a flame lit up on his hand. The yellow flame fell on the paper figurine and turned into a raging fire. The raging fire burned, and a black smoke floated in the sky.

“Cremation

He really didn't expect that the method of sending these corpses away would be to cremate them. He didn't say anything to disturb them and continued to look.

The white-robed man slowly spoke...

"The new grave is near, and I send my parents quietly. Tears of sorrow fall, flowers are chapped, and autumn thoughts are preserved. Butterflies stir up the dust, birds sing, and cover the idle grass."

"I have already ascended to immortality. Kneel in front of the spirit. White butterfly, red cuckoo, respect from the neighbors, pass on to future generations, protect the younger generation, and live in the human world."

One eulogy after another was read out. As these eulogies were read out, black smoke continuously condensed and slowly pressed down on the white-robed man in the tall hat.

The white-robed man did not stop him. Instead, he raised his hands and allowed the black smoke to fall.

There was a hint of pain and a hint of conflict on his face. After about half an incense's time, he gradually regained his clarity.

"Sigh... I'm getting closer and closer to the extreme. I wonder how many more waves I can send away." The man in white sighed.

"What do you mean?" Xu Bai frowned.

He had just heard the word 'Extreme Point' and there was a lot of truth behind it.

The man in white turned his head and said, "Brother, you haven't reached this stage yet. When you really reach this stage, you will know what it means."

"When the resources are exhausted, they will use another method to obtain resources. This is also one of my methods, but it is not as extreme as theirs."

"I'm already close to the limit. I know that every method is actually just struggling at death's door."

"When the extreme point is reached, the mind will be polluted. I don't know when it will come, but maybe when that time comes, I will become a lunatic."

Extremity, Mind, Madman.

Wait a minute!

Lunatic!

Xu Bai suddenly had a guess. The madman from before might not be a madman.

– Mindfulness!

It was very likely to be the Mindfulness God!

This white-robed man was quite something. He could actually sense it, but he didn't know that it was the Nian Shen, nor did he know that he was already dead.

However, he knew that he was really strong. He could even feel it.

"Don't talk about such a heavy matter anymore." The white-clothed man quickly changed the topic. "Brother, do you want to go up the mountain directly? Then you have to be careful. Every step from now on will be difficult."

"On this mountain, no one can be trusted. You have to know this. Once you trust anyone, you might fall into eternal damnation."

"Including you?" Xu Bai asked.

The man in white nodded and then shook his head. "I'm the most trustworthy person in this mountain, but for now, maybe when I go crazy, you won't be able to trust me anymore. If you meet me, just kill me if you have the ability, right?"

"But... Maybe you won't be able to touch me, or maybe I'll kill myself before I go crazy."

"After all... Having dealt with corpses for his entire life, he did not want to tarnish his reputation."

His tone was completely indifferent.

After saying this, the man in white turned around and left without saying anything.

Xu Bai had been staring at the back of the man in white and the tall hat. He only turned around after he had walked away.

The shadow under the moonlight was constantly twisting, and a wave of madness was spreading.

Madness, Divine Consciousness!

## **Chapter 689: The Lunatic on the Mountain (1)**

Xu Bai stared intently at the shadow of the man in white. The madness there was clearly transmitted, affecting the will of others.

Xu Bai only heaved a sigh of relief after the man in white had left.

He hadn't become a Mindfulness God yet, but he was already testing the waters. It wouldn't be long before this white-robed man went completely crazy.

Fortunately, the man in white had left, so this fight did not happen. Xu Bai stood where he was and thought for a long time before deciding to continue walking up.

"This damn place is too strange. It's even stranger than the Bizarre Market."  
As he walked, he thought.

The Bizarre Market was an extremely sinister and terrifying place. All the strangeness there did not allow any existence that was different from them. They would definitely kill anyone who saw them.

However, this place was different. Other than being eerie, there was also a hair-raising madness.

Perhaps one second, he was chatting happily with you, but in the next second, he would become that kind of irrational mind that was impossible to guard against.

Xu Bai spread out his divine soul and walked very fast. Under the cover of his divine soul, he could clearly see everything around him.

After walking for about an hour, he saw a small house on the mountain road ahead.

However, he did not sense anything unusual. There was no one in these houses, let alone a living thing.

It was empty inside, as if it had been abandoned.

The divine soul could not deceive people. No one was there. Xu Bai heaved a sigh of relief and came to the door.

He realized that the door was not locked. The door was open, and he could see the small courtyard illuminated by the moonlight.

A cool breeze blew past, and the trees in the corner of the small courtyard swayed slightly, making rustling sounds.

Even the poorest of the poor would have a small courtyard. Whether it was here or in Great Chu, it was the same. It was just that the size of the courtyard was related to whether it was dilapidated or not.

“No matter how poor a person is, a courtyard in my previous life is worth an inch of gold.” Xu Bai suddenly thought for a moment and walked in.

Since there was no one, he went in to search.

After walking, he scanned the room with his spiritual sense and found that there were no dishes in the room.

He couldn't find the progress bar with his soul. Xu Bai turned around and closed the door. He searched room by room, but there was no progress bar.

He stood where he was and thought about it for a while. Finally, he walked out of the courtyard and found a relatively hidden place. He took out the Spirit Summoning Technique from his pocket and looked at it carefully.

Since someone had stayed here before, he must have gone out. He planned to wait a day to see if anyone had returned.

Although the concept of time here was very weak, he could rely on the progress bar in his hand as a reference.

Actually, Xu Bai could have just left, but he felt that it might be better to wait here.

The most important thing was to be able to draw some leisure time and ask for the mental cultivation method. If he could finish the task before he encountered danger, he would have one more method.

As for the progress bar he had obtained from the trevally, he temporarily put it aside.

He roughly looked at the progress bar. It was not an ordinary thing and was very slow. Therefore, he chose the Divine Heart Technique first. After all, he had already worked on a part of it.

The moonlight gradually fell. Xu Bai leaned against a tree and carefully checked the progress bar. While he was checking, his spirit was also expanding to prevent any accidents.

Time gradually passed, and after the progress bar was refreshed, Xu Bai put down the book in his hand and looked at the dilapidated courtyard.

There was still no one there. No one had come. She didn't know where the owner of the courtyard had gone.

He didn't find anything, so he didn't stay any longer and walked up the mountain.

Since he didn't find anything, he continued to walk up to see if there were any new things.

Under the moonlight, Xu Bai continued walking.

Gradually, his footprints covered the entire mountain.

During this period of time, he had come across many rooms and houses, but without exception, there was no one in any of them.

Every time he went to a house, he would stay for a while, but no one returned to the house.

Although he didn't know what was happening, he felt that something was getting stranger.

This feeling made his hair stand on end. He kept having a different thought. Could it be that a huge terrifying existence was brewing?

Fortunately, even though he could not find anyone in each room, he had stopped to check the progress bar. He estimated that it had been more than ten days since he had finished checking the cultivation method.

This mental cultivation technique probably hadn't reached the extraordinary realm. Since he only worked for a period of time every night, it took him so long. However, it was enough to obtain a mental cultivation technique.

For now, what he lacked the most was True Core Strength. Otherwise, just circulating the Indestructible Demon Soul Buddha Body and the Three Absolutes of Sword and Saber would be a little too much for him.

Looking at the light blue smoke in front of him, Xu Bai stopped and spread his soul around, waiting patiently.

The light blue smoke curled up and gradually formed a new line of words in the air.

[You have studied the Divine Summoning Technique and comprehended it.]

Xu Bai estimated that this line of text would fuse with his original Myriad Forms Heavenly Attraction Mantra. He was waiting patiently, but he did not expect that something unusual would happen in the next second..

## **I Have Unparalleled Comprehension #Chapter 690: The Lunatic on the Mountain (2) - Read I Have Unparalleled Comprehension Chapter 690: The Lunatic on the Mountain (2)**

Chapter 690: The Lunatic on the Mountain (2)

The smoke at the bottom of this line of light blue words suddenly separated and formed a new line of light blue words.

He had encountered such a situation once before when he comprehended the Nameless Saber Scripture. It was not only the mental cultivation technique, but also the skill.

As expected, just as Xu Bai thought about it, the new words gradually became clearer and appeared before his eyes.

[You have studied the Divine Summoning Technique and comprehended the Mountain Sect Divine Summoning Technique.]

“You really managed to comprehend a skill for me. “Xu Bai thought speechlessly.

Originally, he did not want to comprehend this skill. He only needed the mental cultivation method.

To be honest, he still remembered what Sheng You King had discussed with him about the taboo of inviting gods.

This profession was extinct. They didn’t even know how it was extinct.

Moreover, even their profession couldn’t explain what god they had invited.

It was such a strange thing that ordinary people did not dare to touch. Xu Bai also relied on the progress bar.

Now that he had the skills and the heart technique, he was also a little worried.

“Forget it. We’ll cross the bridge when we come to it. Let’s see what happens first. At most, we won’t use this skill.”

As he thought about this, the light blue smoke in front of him quickly dissipated and gathered into a new line of smoke.

The fusion appeared.

[Fusion option found. Fusion in progress. ]

[Myriad Forms Heavenly Attraction Technique + Spirit Summoning Technique

= Myriad Forms Heavenly Attraction Technique.]]

[Fusion successful!]

This time, the light blue smoke finally disappeared completely. It turned into streams of information and entered Xu Bai’s mind.

Xu Bai closed his eyes and chewed carefully.

When he opened his eyes again, he had already mastered all of it.

In front of him, the latest attribute panel appeared.

[Realm: Extraordinary Rank-6 unspecialized.]

[Three Absolutes of Sword and Sword (Transcendence Rank-9): [Maximum level.]

[Myriad Forms Divine Attraction Technique (Extraordinary

Rank- 6): [Maximum level.]

[Thousand Faces Technique (Level): Maximum level.]

[Yin-Yang Coexistence (Extraordinary Rank-I):[Maximum level.]

[Mountain Sect Inviting Divine Technique (Extraordinary Rank-6): [Maximum level.]

” Comprehension: Maximum level.”

These two skills had a decisive effect on him now. First, his mental cultivation technique had directly increased by three grades, reaching Extraordinary

Rank-6. His Quintessential Essence had greatly increased compared to before.

Such a huge improvement could be described in one word.

Endurance!

He had become longer. In the future, if he encountered a protracted battle, he would be able to last longer.

Although it was still not to the point where he could unleash the Indestructible Demon Soul Buddha Body and the Three Absolutes of Sword and Sword without restraint, it was at least much better than before.

The second most important part was the Mountain Sect Divine Art, which seemed to be different from the others to him.

The information circled in his mind. Xu Bai was combing through it carefully. After a while, he finally sorted it out.

"It's actually not invited to possess me." Xu Bai muttered in his heart.

According to the description in the Mountain Sect's Divine Invitation Technique, there was a wide range of categories in the field of Divine Invitation.

But in general, there were two main categories.

One of them was to invite a god to possess him to increase his combat strength, while the second was to invite a god to his side to be a helper.

The skill he was learning now was the second type.

"It doesn't seem like a god, but more like a summoning. But who can I invite?" Xu Bai thought.

There was nothing wrong with his analogy. It was indeed more like a summoning, but he did not know who he could summon.

More importantly, even if he ate this skill thoroughly, he still did not know what God was.

It didn't even describe anything. It only said that a god was a god. It could be invited or sent away.

"What an evil profession. I don't know why it went extinct. This is the first time I've seen such a vague explanation for this skill." Xu Bai shook his head and temporarily suppressed the idea of using this skill.

For something like this, unless it was used in a critical moment, it was best not to think about it.

Who knew what kind of thing they would invite? If they invited something extremely dangerous, the one who would be in danger would be him.

He had used up all his skills, and there was still one more book left. Xu Bai did not continue to waste his time, because when he looked up, he realized that he should not be far from the top of the mountain.

"Along the way, we've only encountered empty houses, and there are traces of people living in them. However, we've never seen anyone return. We don't know where these guys went."

Xu Bai thought that maybe when he reached the top of the mountain, he would naturally discover something.

Thinking of this, he did not stay any longer and walked towards the top of the mountain.

He was not far from the top of the mountain.

However, the higher they went, the steeper the mountain road became.

Sometimes, when they encountered some places that they could not pass through, if it was an ordinary person, they might sigh and turn around.

Fortunately, Xu Bai was not an ordinary person. Even the steepest mountain path was as flat as flat ground.

His divine soul continued to expand as he sensed everything around him, guarding against any accidents..
