## **Chapter 691: The Lunatic on the Mountain (3)**

When Xu Bai walked for nearly half an incense stick of time, he suddenly stopped. His divine soul sensed something unusual, and it was a familiar abnormality.

On the mountain peak in the distance, there was nothing there. The forest was sparse, and the originally dense forest had already disappeared. The moonlight sprinkled on the pitch-black mountain peak, covering it with a layer of white gauze.

The white-robed man with the tall hat was kneeling on the ground. In front of him were more than ten corpses.

"I met this guy again. Didn't he say that he could rest for a long time after finishing that job? Why did he come out to collect the corpses?" Xu Bai thought to himself.

Other than that, his divine soul did not sense anything else. Everything was normal.

Xu Bai thought for a moment and continued walking forward until he reached the top of the mountain. When he saw the man in white and the tall hat, he stopped not far away.

The man in white also heard the voice. He turned to Xu Bai and said in a hoarse voice, "You're here..."

This sound was like broken glass rubbing against his throat. It was extremely uncomfortable to hear. Compared to the previous sound, one was on the ground, and the other was in the sky.

"What happened?" Xu Bai frowned. Why were there so many corpses here?"

When the white-robed man spoke, he saw that there were tears on his face, and his eyes were filled with extreme sorrow.

"They're all dead, they're all dead. They agreed to die together here?" The man in white sighed.

When Xu Bai heard this, he was slightly stunned. His gaze turned to the dozen or so corpses.

“Worried to the extreme, unable to control yourself?” Xu Bai asked.

He didn’t say anything about Nian Shen, nor did he say anything about going crazy. He only said this sentence, using words that the man in white could understand, and asked as concisely as possible.

The white-robed man nodded slowly. He stood up, pointed at the corpses, and began to explain...

“This woman was usually a genius before she was exhausted, but after she was exhausted, she actually created a method of self-reproduction and kept devouring the children she gave birth to.”

“And this one. In order to survive, he blinded his eyes, cut off his ears, nose, and tongue, as well as his hands and feet, just to reduce the consumption of resources as much as possible.”

“This is similar. He also used the same method...”

As the man in white spoke, he told everyone’s identity and their methods of dealing with the depletion of resources.

When the last person was mentioned, the white-robed man turned his head, and the sorrow in his eyes became even stronger.

“Some of them are good people, some are bad people, and some are doing their best to live.”

‘ Now, they don’t want to go crazy. After all, before this, they were all lords of their own regions. No one wants to go crazy. This is their dignity.’

“So they all came to this place before they reached the extreme point and died together.”

“You’re here to collect their bodies?” Xu Bai asked.’

The white-robed man nodded.” They are all people we know. We can’t let them die without a burial place. It doesn’t matter if they were good or bad when they were alive. After they die, everything will be over.”“

Xu Bai didn’t reply again. He looked at the dozen or so corpses beside him and suddenly said, ”“How long can you last?”

As soon as he finished speaking, the surroundings fell silent. The wind blew through the forest, making a strange sound. Compared to the silent surroundings, it gave off a strange feeling.

The man in white understood what Xu Bai was talking about and said, "It probably won't be long, but before I reach the limit, I need to do something." "What is it?" Xu Bai asked.

"Have you forgotten what I said before? There's a lunatic in the forest on this mountain. The man in white shrugged as if he didn't care at all. "I have to get rid of it. Otherwise, leaving a lunatic behind will be a disaster. To this world, there is no need for a powerful lunatic."

Lunatic?

No.

To be precise, it was the Divine Consciousness.

Xu Bai's gaze became a little complicated.

He was the only one who knew that the so-called world was just a ruin. Including the white-robed man, they were not real living people.

However, to the man in white, it was an invisible cruelty.

What did he say?

Don't tell them that you're just a part of the ruins.

Forget it.

Since the white-clothed man didn't know anything, he would pretend not to know. At least, he would let others have a good dream before they completely became a Nianshen.

"Take care." Xu Bai thought for a long time and finally said this word.

The man in white waved his hand and said nonchalantly, "I will reach that point sooner or later. I will kill him and then kill myself here. Unfortunately, no one will collect my corpse."

At this point, he seemed to have suddenly thought of something. He slapped his head and acted as if he had suddenly realized something.

Under Xu Bai's gaze, the man in white took off his coat, revealing the skin on his chest. There was a beautiful pattern on his skin. The pattern was actually formed by words. It looked beautiful and strange when printed on it.

Apart from that, a golden progress bar appeared.

“Brother, can you help me with something?” The white-robed man scratched his head, looking as if he could not bring himself to say it..

### **Chapter 692: The Lunatic on the Mountain (4)**

Xu Bai looked away from the golden progress bar and asked, “What is it?”

The man in white raised his right hand and pulled a corner of his skin. With a tearing sound, he tore off the skin on his chest. Sweat appeared on his forehead. He was obviously in pain.

But after a while, the skin on his chest automatically repaired, and the pain on his face disappeared.

The man in the white hat sent the human skin over with a progress bar and blood.

“In our line, not many people are willing to do it. After all, it’s all dirty and tiring work.”

“Compared to the paper men, us corpse collectors are declining day by day, especially now that our resources are exhausted.”

“Brother, you haven’t reached that point yet. Can you help me keep this? If he met a fated person, he could pass it on.”

“Of course, if you reach that extreme before this, then my luck will be bad, and this bloodline will be wiped out.”

The white-robed man with the tall hat said slowly.

Xu Bai took it and said after a moment, “I promise you, I promise you.”

The man in white waved his hand happily and thanked him.

He turned around and cremated the corpses in front of him. Then, he prepared to leave. As he had said before, he was going to settle the score with that lunatic.

“How confident are you?” Xu Bai asked.

The man in white had already taken a few steps. When he heard Xu Bai's words, his body stiffened. His back was facing Xu Bai. He did not turn around, but his tone was full of loneliness.

"That madman is very strong. I don't have much confidence, but I'll do my best. Even if I have to risk my life, I have to take him away."

"And even if I win, I won't be alive."

"The world has become like this." Xu Bai took two steps forward and placed his hands behind his back. He said calmly, "Is it worth it to do this?"

The man in white shook his head, his back still facing him. He raised his head and looked up at the full moon in the sky. "When I entered this profession, I wanted the dead to have a place to return to."

"The living have a place to come and a place to return after death. This is what my teacher often says."

"Our lineage is doing good deeds and accumulating great virtue. We can't do things that damage our evil virtue."

"Even if you die, you will be remembered by the younger generations."

As he spoke, the white-robed man raised his foot and prepared to leave.

"What's your name?" Xu Bai asked.

The man in white didn't even turn his head. He said as he walked, "High Pass."

The night gradually faded away, and the figure of the man in white gradually disappeared into the dense forest.

Xu Bai watched the white-clothed man walk away before he retracted his gaze.

For some reason, he felt that the back of the man in white was not only lonely, but also relieved.

Perhaps in this world where resources were exhausted, death was a more relaxing release.

"Being a corpse collector is a pretty good job." Xu Bai muttered to himself, turned around, and prepared to leave.

There was nothing else to look for in this mountain. He was ready to leave now.

He had come slowly but left quickly. He chose the other side of the mountain to go down.

In order to avoid missing anything, he still didn't fly. His spirit still enveloped the surroundings, searching for the places he missed.

Unfortunately, he didn't find anything along the way. It wasn't until he was about to reach the foot of the mountain that Xu Bai saw a stele on the other side of the mountain.

The surroundings were empty, there was nothing but a monument. Xu Bai was curious and slowly walked up.

There were no words on the stele, but there was a painting on it.

It was a huge mountain in the painting. Xu Bai looked at the shape of the mountain and found that it was very similar to the mountain he was on.

Three Lives Mountain.

It was the name of the mountain.

On the top of the pattern, there was a picture of the mountain, and there was an arrow pointing to the position at the foot of the mountain.

To be precise, he was not pointing at the foot of the mountain, but at the bottom.

At the end of the arrowhead was a huge treasure chest.

"What does this mean? Is there a treasure at the bottom of the mountain?" Xu Bai thought to himself.

This painting was very obvious. It pointed at the bottom of the mountain, meaning that there was something at the bottom of the mountain.

The treasure chest was drawn very vividly. It was obvious that it was a treasure.

With this discovery, Bai suddenly didn't want to leave. He thought that he might as well continue to investigate here. Perhaps there would be other discoveries.

After all, he had only gotten one book on this trip. It was not worth it. If that treasure had a lot of progress bars, wouldn't he be rich?

He had to go. There was no one on this mountain anyway. He was almost safe now. What reason did he have not to go and take a look?

If he left the mountain to explore the outside, the chances of finding something were very small. After all, it was unknown.

If they were in the mountains and went to the bottom of the mountain, the chances might be slightly higher. After all, there were instructions on this monument.

Just as he was thinking about this and making up his mind, Xu Bai suddenly felt a gust of cold wind blowing behind him.

This gust of cold wind was extremely strange. Even Xu Bai's divine soul did not feel it. When the cold wind blew on his body, he actually had a layer of goosebumps.

To be able to give him goosebumps with his current strength, and to come and go without a trace, even his divine soul could not sense it, this Yin wind was something.

Almost subconsciously, Xu Bai circulated his True Core Strength, and beautiful patterns appeared all over his body. The Indestructible Demon Soul Buddha Body had already covered him.

### **Chapter 693: The Lunatic on the Mountain (5)**

"Who is it?"

He turned his head abruptly and found a figure slowly walking over from the depths of the darkness behind him.

As the figure walked over, Xu Bai heard the voice of the figure.

"That tablet was left behind by me, hehe...It's not just treasures."

"Those are the good things I found on those dead people. They are all secret manuals that they have learned in their lives."

"Dozens of books. I originally planned to use them as a bargaining chip when the time comes. Perhaps it will allow me to live for a while longer."

"Oh, right, there's also the truth. My guess about the depletion of resources."

“But...It’s eating my head. I don’t want to be eaten by it. Can you save me?”

The voice got closer and closer, and the figure also got closer and closer, clearly appearing in front of Xu Bai.

When Xu Bai saw who it was, he frowned slightly.

This person was a white-haired old man. He wore ordinary clothes, and the wrinkles on his face were like ravines in the mountains. When they were coiled together, they gave off a terrifying feeling.

More importantly, Xu Bai saw the old man’s expression.

If the white-haired old man’s head was split open from the middle and placed on the ground, it would be a waste of time.

One would realize that half of them were crazy, and the other half were sober. They were clearly separated and did not conflict with each other.

When madness and lucidity took over a face, that strange feeling assaulted his face, causing his hair to stand on end.

However, that was not important. The most important thing was that Xu Bai saw the old man holding a head in his right hand.

The head no longer had a white hat, but Xu Bai recognized its face.

The man in white and the tall hat.

The face of the head was calm, but there were many wounds. It was obvious that it had experienced a great battle.

From this, it could be seen that the identity of the old man in front of him was very clear.

That lunatic!

To be more precise, Xu Bai felt that the old man was resisting the impact of the Mindfulness. Perhaps he was crazy, but it was a sober madness.

He wasn’t afraid of others going completely crazy, but he was afraid of this kind of clear-headed madness. Because when he was clear-headed, the things he did were even more terrifying.

Xu Bai looked at the head in the old man’s hand and sighed.

In the end, he still died.

He had already guessed that the white-robed man would probably not return this time. However, he did not expect that when he actually saw him, he still felt a little emotional.

When the resources of this world were exhausted and everything fell into madness.

Such a person was able to maintain his inner peace, do what he should do, and not do things that went against his conscience.

To be honest, Xu Bai was still impressed.

But... He was dead.

"Was it painful when you died?" Xu Bai asked slowly.

The white-haired old man shook his head. A strange smile appeared on his half-awake, half-crazy face."Hehehe, I cut it off with one knife. It doesn't hurt at all..."

"Before he died, he said that he wanted to find a good grave for himself."

"He said that after burying so many corpses, he really wanted to find a good place with good Feng Shui to die."

"I satisfied him."

As he spoke, the white-haired old man lifted his head and opened his mouth.

A creaking sound rang out in the dark night, making people shudder.

Patting his belly, the white-haired old man had a strange smile on his face."This place is a good place with good feng shui."

"Are you crazy or not?" Xu Bai said.

When the white-haired old man heard this, half of his crazy face trembled.

He hugged his head and screamed. It seemed that he had fallen into a struggle because of Xu Bai's words.

However, this struggle only lasted for an instant. He put down his hand and looked at Xu Bai again.

"Soon, soon. As long as I eat you, I can delay it for a period of time..." "If it wasn't for the person I killed at the beginning, who didn't want to be eaten by me and poisoned me, I wouldn't have become like this." The white-haired old man slowly said."

The first person?

Xu Bai quickly recalled that when he first met the man in the white hat, the man in the white hat had invited him to bury the corpse.

At that time, the man in white had just collected a corpse.

No wonder the corpse was left behind. It turned out that in order to avoid being eaten by the white-haired old man, it had poisoned him.

“Hehehehehe,” “The way to become a star.” The white-haired old man raised his foot and slowly walked toward Xu Bai. His tone was filled with madness.

“Young man, quickly give me a bite. Just one bite and I will let you die very quickly.”

“There’s no pain at all. Since you’re still alive, it’s a form of pain in this world.”

“Come on, be like Gao Guan. When he was eaten by me, he still looked relieved.”

Gao Guan is a man dressed in white and wearing a high hat.

Xu Bai’s expression turned cold as he took a deep breath.

Gold and grayish-white swirled around, creating a terrifying chaos that enveloped the entire mountain.

The night sky was also illuminated by the gold and gray colors, and the chaos seemed endless.

Xu Bai slowly raised his right hand. His face gradually turned cold, and a sharp light flashed in his eyes.

A gust of wind blew, lifting his clothes.

Xu Bai slowly said as he looked at the white-haired old man who was gradually approaching.

“I’ve always believed that the reason why humans are human is because they still retain their human nature.”

“Gao Guan was very good, but he died.”

“You said that death is a kind of relief, so I sent you down to accompany him.”

“It can also be considered as avenging him.”

As soon as he finished speaking, the dazzling saber light suddenly soared.

## **Chapter 694: Inviting a God-Defying God (1)**

The saber light was dazzling and covered the sky.

When the saber light appeared, it was like the full moon falling from the sky. Even the moonlight could not hide the wanton scattering of the saber light.

The dazzling saber beam was like a scorching sun, carrying an invincible might as it swept toward the white-haired old man.

Kill!

The moment this saber was unleashed, the heavens and earth would shatter.

Although Xu Bai hadn't reached the level of Transcendent, nor had he reached the ninth level of the Transcendent Realm, his power might have been somewhat reduced. However, the aura of killing people, in the chaos of gold and grayish-white, carried a despairing horror.

Other than Heaven Transformation, there was also the bonus of Yin and Yang Coexistence.

This blade was unstoppable.

The forest ahead was dark.

Even the saber light that could compete with the sun and moon could not invade the white-haired old man at all.

That darkness was caused by the white-haired old man.

The darkness surrounded the white-haired old man in layers, making it impossible to see through his essence.

The white-haired old man's words were filled with madness.

“Ah, what a strong young man. Before he dried up, he was also a talent that shook the ancient times and shined the present.”

“What a pity! Such a genius was about to die here. It was really sad.”

“However, a young man like you must have very fragrant meat. It will definitely be able to delay my condition.”

“Aiya, I’m drooling. I want to... I’ll eat you!”

When the last sentence was spoken, the white-haired old man suddenly attacked.

He didn’t make any big movements, but the white-haired old man raised his right hand slightly.

There was nothing on his right hand except for his wrinkled skin. His index and middle fingers were bent into the shape of a finger.

The white-haired old man exerted a little force and flicked his middle finger.

In the next moment, a huge gust of Yin wind blew past.

Before Xu Bai could react, the cold wind was like a knife, cutting the bright blade light layer by layer.

The saber light was broken, and everything was dissipating.

If Xu Bai had the strength of a Transcendent, he wouldn’t have been able to break through so easily. He could have even killed the white-haired old man.

But now, it seemed that he couldn’t.

This white-haired old man’s strength was definitely not at the mortal evolution state. He must have reached the transcendent state.

With Xu Bai’s current level six mortal evolution state power and his ability to fight above his level, he was invincible in the mortal evolution state.

“Strong”

A cold wind blew, and shrill screams and blood-curdling wails rang in his ears. Xu Bai felt pain all over his body.

The patterns on his body were made of the Indestructible Demon Soul Buddha Body, which gave Xu Bai unparalleled defense and recovery power.

However, all of this was on the verge of destruction in the blink of an eye.

His body was being destroyed, and the pain was like an avalanche, wave after wave.

The golden and gray-white colors were constantly flowing, and the chaos of the sky enveloped Xu Bai.

With the help of the Heaven Transformation, Xu Bai's broken body continued to recover.

The speed of recovery and the speed of destruction had reached a balance.

Even... It was even faster than the white-haired old man's damage!

The Indestructible Demonic Soul Buddha Body skill was not like the Three Absolutes of Sword and Sword that could only be used once. Xu Bai could use this skill with all his might, but it consumed a lot of Refined Qi.

So now that the white-haired old man had injured him, or rather, could not catch up to his recovery ability, Xu Bai concluded that even if this person was at the Transcendent level, he was not very strong.

A crazy thought appeared in Xu Bai's mind.

Kill him!

After this thought arose, it was as if it had taken root and sprouted, unable to be shaken off at all.

If the younger generation in the outside world heard this, they would definitely suffer a huge blow.

Normally, a mortal evolution state would run away when facing a transcendent. After all, this was a huge difference in cultivation level.

But Xu Bai would not run.

This was because this white-haired old man did not have the recovery ability to break through the Indestructible Demon Soul Buddha Body. In fact, the Indestructible Demon Soul Buddha Body could even suppress the white-haired old man.

In that case, the white-haired old man's strength was definitely not that of a Transcendent.

Xu Bai felt that he had hope!

He wanted to kill this white-haired old man, but he needed a way.

Xu Bai kept replaying all his skills in his mind.

One skill after another flashed in his mind. Xu Bai was blocking the cold wind and filtering.

After the time for half an incense stick to burn, he opened his eyes.

During this process, the white-haired old man continued to attack.

Every attack brought with it a cold wind that made one's scalp tingle.

At this moment, the white-haired old man's forehead and his half-crazy, half-calm face showed a look of bewilderment.

He was a clear-headed madman. He knew everything he had done, but he could not suppress his thoughts, so he understood the current situation.

This mysterious young man seemed to have taken a drug and was able to easily stop him.

That recovery ability seemed to be of a higher level than his.

The white-haired old man was a little anxious.

Most importantly, this young man actually didn't run away!

This was the most important thing.

Not escaping meant that they wanted to fight him.

To be honest, the white-haired old man was a little scared now.

He really could not understand some of the strength of this young man in front of him.

He was only at the mortal evolution state, so why was he so powerful?

After all kinds of incomprehension gathered, it became the strangeness and fear of today.

The white-haired old man didn't want to admit it, but it was true that he was terrified of this young man.

He really wanted to leave. He had used countless methods and finally survived. He didn't want to be completely buried here because of one mistake.

However, he could not leave because he was at the critical point of going crazy.

# **I Have Unparalleled Comprehension #Chapter 695: Inviting a Deadly God (2) - Read I Have Unparalleled Comprehension Chapter 695: Inviting a Deadly God (2)**

## **Chapter 695: Inviting a Deadly God (2)**

He had fallen into this situation countless times, but every time, he had been suppressed by the method of eating his own kind.

There was no one left on this mountain. If he left now, he was worried that he would not be able to take it. Before he could find a new person, he would go completely crazy.

“You’re risking your life, and you’re also risking your life. Then let’s see who’s stronger!” The white-haired old man wiped the sweat off his head, and the madness in his eyes became stronger and stronger.

Countless cold winds came from the white-haired old man’s body and crushed toward Xu Bai.

Behind the white-haired old man, the cold wind gathered to form a huge human figure. It was the white-haired old man’s Heaven Transformation.

The statue opened its mouth. There was an even stronger Yin wind in its mouth, but it did not shoot out. Instead, it kept gathering.

He wanted to use his strongest method to destroy Xu Bai.

At this moment, Xu Bai finally opened his eyes.

There was a hint of calmness in his eyes.

After filtering through so many skills, Xu Bai finally found a way out.

Mountain Sect invites the Divine Law.

Even if he used all his skills, he might not be able to solve the current predicament.

This was because his other skills were weaker.

He had already used all the skills above the mortal evolution state, but the mountain sect summoning divine technique was useless.

He wanted to see if he could kill the white-haired old man with the help of the Mountain Sect's divine technique.

It would be best if he could kill him. If he could not, he would turn around and run without hesitation.

"Hu..." Xu Bai let out a long breath.

He raised his hands and kept swinging them in the air, drawing all kinds of strange arcs.

At the same time, Xu Bai spoke with a unique rhythm.

"I pray that the fragrance will be heavy enough to respond to the heavens and earth. Yongqian Feng will open the Heavenly Gate and walk through the Heavenly Gate."

"Please help me to ride the wind. The First Seat, Bai Ji, is good at following the decree. The three generations of the High Wind Saint, the Phoenix Spirit, and the Holy Spirit are known to the world."

"The divine ability in front of the hall has descended to assist the golden body! This disciple sincerely thanks you!"

According to the tenet of the Mountain Sect's Divine Art, a chant was required to use it, and Xu Bai was currently using the chant.

As he chanted the incantation, Xu Bai suddenly felt the True Core Strength in his body tremble. Then, he raised his head and looked at a certain spot in the sky.

It was as if he had a feeling that something was appearing at that location. Moreover, the thing that was about to appear was inextricably related to him.

A strange feeling lingered in his heart. At this moment, as he looked over, there was a phantom that was constantly appearing in the distant horizon.

At first, the shadow was faint, but as time passed, it became thicker and thicker, gradually appearing in front of Xu Bai.

"F \* ck!"

When Xu Bai saw who it was, he was stunned. Then, he couldn't help but curse.

After saying that, he even thought about turning around and running away. He didn't want to stay here anymore, or he would really lose his life.

The person who appeared was dressed in white. His long hair fluttered in the wind, and he was as black as the night sky.

That face was extremely handsome, but these were secondary. The most important thing was that this person's eyes were empty, like wood, as if they had no soul.

He had no soul, his white clothes were messy, and his face was familiar. Xu Bai felt as if he had summoned something incredible.

The white-robed madman! Liu Qingfeng!

The guy who created the Indestructible Body was actually summoned by him. It was simply ridiculous!

According to the description of the Mountain Sect's Divine Summoning Technique, this skill was not to summon a god, but was similar to summoning.

He couldn't say for sure what it could summon, because it wasn't written in the book.

It was just that it was possible to summon an existence stronger than himself, and the summoned thing had a certain connection with him.

It was poisonous!

At this moment, only one word echoed in Xu Bai's mind.

He wondered if he had used up all his luck in Shang Jing.

After the white-robed madman, Liu Qingfeng, appeared, his empty eyes looked around and then stopped on Xu Bai.

He didn't have a divine soul, so he wasn't a lunatic. He was just doing things based on his instincts. When he saw Xu Bai, he took a step forward and stood in front of Xu Bai, in the middle of the two battlefields.

The scene fell into a strange silence. The Yin wind was blocked by Liu Qingfeng and could not enter at all.

The white-haired old man's face was filled with terror. His eyes were filled with fear as he took a step back.

He could feel the terror of the man in white in front of him. It was not something he could resist.

Just his body alone was able to block his Yin wind. Such a terrifying existence made him want to retreat.

Although he might go crazy if he left, he would definitely die if he stayed here. Of course, he chose to leave.

But sometimes, one couldn't leave just because they wanted to.

Because someone didn't want him to leave.

Liu Qingfeng turned his head and stared at the white-haired old man with empty eyes. Then, he raised his left hand and pressed down slightly.

“Boom!”

A loud sound rang out, and the top of the mountain shook. Under Liu Qingfeng's palm, it actually began to turn into dust. The white-haired old man did not have the slightest bit of strength to resist, and he gradually turned into ashes from the beginning.

During the entire process, he could not even resist.

The mountain began to tremble and collapse. Such a towering mountain peak was about to be destroyed in an instant.

Xu Bai turned around and flew into the distance.

### **Chapter 696: Inviting a God-Deadly God (3)**

He couldn't stay here anymore. After summoning such a thing, staying here was simply courting death.

He would run first. When he ran far away, when the time of the ruins was up, he would be able to leave. Naturally, King Sheng You would deal with this guy.

According to the description of the Mountain Sect's summoning divine technique, it was possible to control what was summoned, but it was not certain.

When the "god" that was invited appeared, there might be uncontrollable situations.

Now...

It would be strange if he could control it. This guy in front of him didn't even have a divine soul, so how could he control it?

With that thought in mind, Xu Bai turned around and ran far away.

A voice came from behind.

A huge pressure came from behind him. Xu Bai stopped and looked ahead.

Liu Qingfeng had already arrived in front of him and stopped him.

"This is the rhythm of being finished." Xu Bai thought.

In fact, there was also the skill to send the god's spirit away. However, according to the description of this skill, if the god invited was very strong, it might not be able to send the spirit away.

Now, he finally understood why this so-called God Inviting Sect had gone extinct.

If you don't exterminate them, who will?

They couldn't even control the things they invited. Everyone was in the same line of work. They were courting death every day. They invited this and that. It was already very good that they could pass it down.

In front of him, Liu Qingfeng was getting closer and closer. With just one step, he was right in front of Xu Bai. He stared at Xu Bai with his empty eyes.

His eyes were still lifeless, but Xu Bai felt as if something was being extracted from him.

Divine Soul!

That's right, it was the divine soul!

This guy was actually extracting his divine soul, but the speed was not fast.

The soul that was extracted entered Liu Qingfeng's head, but it soon dispersed along with his head.

When the soul entered Liu Qingfeng's mind, Liu Qingfeng regained a bit of consciousness. However, the speed at which it disappeared was faster. He was like a funnel, unable to contain the soul.

"If that's the case, there might be a way." Xu Bai thought to himself.

He had thought that it would be like last time, where he would directly attack when he came over. However, it seemed that this was not the case. If it was just extracting his soul, it did not seem to be a big deal.

Slap!

Pick as you wish!

If it wasn't for the fact that it wasn't the right time, Xu Bai would have waved his hand and acted like he was very generous.

Wasn't it just extracting his soul?

He would give them as much as he could draw. After drawing, he could completely regenerate here.

It was true that the Indestructible Demon Soul Buddha Body consumed True Core Strength when used, but it only provided a recovery function, so the consumption was greatly reduced.

Xu Bai tried to take a step forward to test the waters.

As he walked, Liu Qingfeng also followed him. He did not move and continued to absorb his divine soul.

It was like a machine that did not know fatigue, constantly absorbing the divine soul. However, no matter how much it absorbed, it was a huge hole that could not be filled at all.

"Is there any danger?" Xu Bai raised his hand and stroked his chin out of habit, thinking to himself.

In the next moment, a shocking scene appeared.

Liu Qingfeng also raised his hand and touched his chin, doing the same thing as Xu Bai. Even when he was doing this, he was still absorbing Xu Bai's soul.

Xu Bai was speechless.

This... It was a little fun.

He tried to raise his hands, and Liu Qingfeng did the same. He tried to run again, but Liu Qingfeng still imitated his movements.

No matter what he did, the other party was imitating him.

"I think I understand now." Xu Bai thought for a moment, looked at a rock not far away, and knocked his head on it.

However, before he could collide with it, a hand stopped him.

This was stopped by Liu Qingfeng.

“As expected, I don’t know if this is good or bad.”Xu Bai was slightly speechless.

Through this series of experiments, he had a very clear guess in his heart.

Perhaps it was because Liu Qingfeng had absorbed his soul, so there was no danger for the time being. Moreover, it seemed to be able to maintain some kind of connection with him after absorbing his soul.

The most important thing was that this guy didn’t seem to want him to die. Just now, he used his head to hit the rock and was stopped.

Could it be that it was because he had absorbed the divine soul that this scene had occurred?

After Xu Bai had this thought, he did not feel happy.

To be honest, in such a situation, with such a powerful person, it was similar to being controlled. If it was someone else, they might be very happy, but if it was him, he was not so sure.

The reason was very simple.

This was the most important point.

It wasn’t like those novels where they had a blood test.

In this kind of situation, he might make a move in the next moment. No one could say for sure.

Therefore, Xu Bai was a little worried, but at least for now, his current situation was not dangerous.

“If we can drag this out until the time is up and leave the ruins, then we can see King Sheng You. This is the most important thing.”Xu Bai thought to himself.

As long as he went out, King Sheng You would definitely be there. At that time, he would be able to chase this guy away.

However, before that, he would not sit still and wait for death. The stone tablet just now was referring to the bottom of the mountain.

The mountain had been razed to the ground by Liu Qingfeng, but there was nothing underground. Xu Bai planned to take advantage of this time to go down and take a look.

## **Chapter 697: Inviting a Deadly God (4)**

After all, the dead white-haired old man had said that there were dozens of books left behind by him and the truth of his guess, so Xu Bai wanted to go and investigate.

It was not just for the dozens of progress bars, but more importantly, for the truth.

Although it was only the white-haired old man's guess about the truth of the depletion of resources in that era, it could be considered a clue.

Thinking of this, Xu Bai controlled his body and flew down the mountain.

When he made this move, Liu Qingfeng maintained the same movement as him, like a bodyguard who did not leave his side.

This fellow did not do anything. He just followed him, but he was still absorbing his divine soul.

The most important thing was that Xu Bai did not feel any pain. It was as if an inexplicable channel had been opened and was constantly pouring in, but his soul was not torn apart.

"It's ruined."

Xu Bai didn't bother with this guy anymore and went to the foot of the mountain.

Sansheng Mountain had already been razed to the ground by Liu Qingfeng. There were ruins everywhere, and there was an empty flat ground at the bottom of the mountain.

When Xu Bai landed on the ground, he carefully looked around.

The surroundings were still dark, and the moon was still hanging high above their heads.

Xu Bai stomped on the ground with his feet. It was solid and heavy, and it did not look like there was anything underground at all.

However, since it was buried here, it was definitely not on the surface, so Xu Bai was not fooled by the surface.

Anyway, they were in the ruins now. Since they couldn't see anything from the surface, they would blast the surface.

At the thought of this, Xu Bai raised his hand. Gold and grayish-white chaos circled around him, and a dazzling saber light bloomed from his hand.

When he did this, Liu Qingfeng was still standing at the side with empty eyes, constantly absorbing the divine soul.

Xu Bai didn't care about his body and slashed the ground with his saber.

The terrifying power gradually spread. The ground began to tremble with this saber, and a huge pit gradually appeared.

The ground was sinking, and the saber light continued to advance. When it reached a limit, the deep pit suddenly collapsed.

It was as if there was a space underground that had been completely broken.

There was a huge black cave below, and no light could be seen.

The moonlight shone down, but it did not illuminate too much of the area.

However, Xu Bai could see clearly that there was a huge box under it.

The box was not locked, and the lid was open. Xu Bai saw dozens of books.

A golden progress bar appeared. Looking at the dozens of books, Xu Bai's eyes suddenly widened. He was like a money-grubber who saw a huge amount of treasure and couldn't help but get excited.

Dozens of books, a total of dozens of books, equivalent to dozens of progress bars!

Even if it was him, he could not suppress the excitement in his heart at the moment.

Xu Bai rubbed his hands together. Without thinking about anything else, he prepared to jump into the karst cave.

All he could see was the progress bar. He didn't care about anything else.

However, sometimes, there were times in life when one had to have it, and there was no time in life to force it.

Just as Xu Bai was about to jump in, the space around him suddenly distorted, and a mysterious will echoed in his mind.

Although he didn't say anything, he told Xu Bai that he was leaving.

Why did he have to leave? It was time for the ruins.

"D \* mn, you can't do this!"

Xu Bai came to his senses and jumped down quickly.

Seeing that he was getting closer and closer to the treasure chest, Xu Bai became more and more anxious.

The space around him was blurry. When he was about to touch the treasure chest, he realized that he was no longer in the ruins.

Of course, he was not at the place where he entered the ruins. Instead, he was in one of the spaces, just like before he came.

The surrounding scenery was gradually shattering and blending. When the shattering and blending reached an extreme, it would return to its original place.

"Blood loss!" Xu Bai almost couldn't help but roar.

He was so close to touching the treasure chest!

However, he was really just a little bit away. This little bit was like the difference between heaven and earth.

Looking at Liu Qingfeng, who was standing next to him like a block of wood, Xu Bai wanted to kick him, but he held back.

The surrounding scenery was still merging. He knew that he was about to return to the outside world, so he temporarily put away his regretful feelings.

His body surged and transformed into Chu Yu's figure. He then put on the human skin mask on his face.

This time, he had sneaked in quietly. He could not let others discover his situation. Otherwise, it would be hard to say when the time came.

Although he didn't get the item, Xu Bai had a new idea.

This thing was a relic. In other words, it had happened at some time in the past.

In that case, could there be a similar mountain in the outside world, and even something at the bottom of the mountain?

He was a very serious person, especially when it came to the progress bar. He really didn't want to make a loss with dozens of progress bars.

Moreover, there was also the white-haired old man's guess about that era.

Therefore, Xu Bai had already made up his mind to find that mountain as soon as possible after he left. Only then would he be able to gain something.

The signs of fusion gradually spread. When everything was completely fused, Xu Bai felt his vision blur, and then he appeared beside the river at midnight.

There was a three-way standoff around him, and behind Xu Bai, there was the sound of footsteps.

He turned his head and saw that the soldiers of the Underworld Army who had gone in with him had also come out. However, only half of them were left. It was obvious that the other half had stayed in the ruins forever.

However, these soldiers did not look sad. Instead, they looked determined. Before they entered, they were already prepared to die.

Before he could speak, he felt an inexplicable pressure behind him.

Immediately after, Liu Qingfeng rose from the ground and disappeared into the distance.

Without a divine soul, he was like a block of wood, but he still had his instincts.

The three sides in front of him all had existences that made him feel terrifying, so he fled at the first moment.

Xu Bai raised his head and looked at the fleeing figure. He couldn't help but sigh, ""You were very handsome when you came, but you left in a sorry state."

As soon as he said that, he was interrupted by a voice.

"Where's our army?" Bai Zhong, the Military God of the Great Yue State, looked at the empty ground. Other than Xu Bai and the Rising Nether Army, no one else had returned. His face turned gloomy.

He didn't even bother about Qingfeng Liu. In fact, everyone present knew about Qingfeng Liu.

However, Liu Qingfeng ran very fast. They did not want to chase after him at this time. After all, there was no benefit in chasing him.

Rather than chasing after him, Bai Zhong was more interested in finding out what had happened to his army.

Of course, he knew that they were doomed. But why did someone from Great Chu come back alive?

The Supreme Tribe's deputy leader, Gu Muyin, also had a gloomy expression. That expression was as if he had eaten a fly.

Although he didn't say anything, the meaning in his eyes was obvious.

Xu Bai shrugged and imitated Chu Yu's actions. He patted his chest and put on a fearful expression. "How terrifying. They're in danger."

"At that time, we wanted to help them, but we didn't expect that before we could do anything, they were all gone. We risked so many people to escape."

His words were filled with regret. If it wasn't for the fact that everyone present knew what the situation was like, they might have really believed him.

"How dare you lie to me!" Gu Muyin was a barbarian after all. He had a fiery temper and his tone was filled with killing intent.

Before Xu Bai could say anything, the voice of King Shengyou was heard. It was as cold as a ten-thousand-year-old ice.

"After entering the ruins, life and death are determined by fate, and wealth is determined by heaven. Don't you understand this principle? Unconvinced? Do you want to threaten my daughter? Do you want to start a war?"

King Shengyou took a step forward with the army, as if he really wanted to start a fight.

Gu Muyin quickly recovered. He glanced at Bai Zhong, unable to figure out what he was thinking.

The three forces were evenly matched, but King Sheng You still had a small advantage.

Although this advantage seemed small, it could be infinitely magnified when it came to a real fight.

Therefore, Gu Muyin was unsure of what Bai Zhong would do if they really fought. Would he help him or ascend to the Underworld King? No one could be sure.

Even if Bai Zhong expressed his willingness to help him, he would not dare to do it. After all, anyone could say something, but no one knew if he would do it.

Therefore, after King Sheng You finished his sentence, Gu Muyin's face turned gloomy, but he did not say a word.

"Let's go!" Bai Zhong didn't say anything else other than the first sentence. He simply said one word, then turned around and left with his soldiers without hesitation.

Since the matter was already set in stone, they couldn't say anything else.

Could they really fight?

Now was not the time to fight.

When Gu Muyin saw this situation, he snorted coldly and turned around to leave.

In the blink of an eye, this place seemed to be a little empty.

King Sheng You looked at the remaining half of the army and sighed.

Anyone who saw this situation could not help but feel a little uncomfortable. Even if they were used to seeing life and death, they were also not immune to it.

"Any gains?" King Sheng You asked.

He didn't ask Xu Bai, but the soldiers of the Underworld Army who had entered the ruins.

The general cupped his fists and bowed." Your Your Highness, we've found something. I'll go back and count it and report it all."

They didn't bring anything in, and when they came out, they didn't bring anything out either. However, since they said that they had gained something, there must be something.

King Shengyou nodded." Set up a cenotaph for our dead brothers. Also, give their families a pension. Remember, we must not let them feel disappointed."

"Yes, sir!" The general quickly agreed.

King Sheng You glanced at Xu Bai and said, "Now is not the time to talk. After we return, come to my tent and this king will talk to you."

Xu Bai nodded.

King You Sheng turned around and began to lead the way.

Nothing happened along the way. It was very safe.

It had to be said that although Liu Qingfeng had lost his divine soul, his instincts were still quite sensitive. He ran without hesitation, or else he might really have stayed there.

After returning to the military camp, he first dismissed the army before King Sheng You brought Xu Bai to the tent.

At this moment, Xu Bai had returned to his original appearance, and so did Chu Yu.

Only Xu Bai and King Sheng You were left in the tent. Chu Yu had also left.

Xu Bai was about to ask about the Three-Lives Mountain. After all, he was very interested in that place.

If he could find the location, he might be able to make a fortune.

But unexpectedly, before he could speak, King You Sheng spoke first...

"Don't get too close to Liu Qingfeng. It's not as simple as the rumors in the martial world that he lost his soul."

### **Chapter 699: The Journey to Great Yue (1)**

Xu Bai thought that Lord Sheng was talking about other things with him, but in the end, they were talking about Qingfeng Liu.

Actually, Xu Bai only knew a portion of the information regarding Liu Qingfeng.

It was said that his madness was due to his self-created indestructible body. Later on, he wanted to study the method of divine soul indestructibility.

In the end, his divine soul was completely gone, and he had reached his current state.

At least that was what everyone was saying at the moment. However, now that King Sheng You was telling him that there was another meaning, it piqued his curiosity.

Xu Bai didn't say anything. He knew that Sheng You King would say it.

Since the beginning was already made, it would be inappropriate to not continue.

Sure enough, after waiting for a short while, King You Sheng continued to speak and continued to speak.

"His current state is actually due to his self-created cultivation technique, but it's related to a place." Sheng You King said slowly.

Hearing this, Xu Bai was a little stunned.

It wasn't because he had created the cultivation technique, but because it was related to a place?

Where exactly was this place?

Where did he go to make his divine soul disappear and become a fool?

Xu Bai suddenly had a guess. Perhaps he had a clue.

"Actually, we only discovered it recently because we obtained an incomplete book that he left behind. It records the course of this matter." King You Sheng placed his hand by his mouth and coughed softly, as if he was a little embarrassed.

"It's a coincidence. This thing was given to me by Temple Master Jade-faced after he found me. He said that he got it by accident."

"Back then, this king beat her up for you. Sigh, I didn't expect her to really regain her rationality and remember this matter."

"Before he left, he even took a lot of treasures from this king, saying that it was compensation."

Jade-faced Abbey Dean?

What a familiar name. Why did he seem to have heard it somewhere before?

Xu Bai thought about it carefully and soon knew who it was. Wasn't this the crazy female Abbey Dean?

This guy actually took advantage of his lucidity to run to the border and even gave King Sheng You a book.

Back then, it was indeed because of him that the female Abbey Dean was beaten up by King Sheng You. She was beaten up badly and fled.

"What is recorded in that book?" Xu Bai asked.

Everything else was unimportant. Xu Bai was very curious about how Liu Qingfeng had become like this.

King Sheng You did not continue. He turned around and came to a cabinet. After rummaging through the cabinet for a moment, he found a book and handed it to Xu Bai.

It meant that he wanted Xu Bai to see it himself. He couldn't explain it clearly, so it was easier to see it directly.

Xu Bai didn't hesitate and didn't waste any time. He took the book and flipped it open. When he finished reading the entire book, he closed it silently and returned it to King Sheng You.

"I see."

What was recorded in the book was actually very simple. The reason why this fellow wanted to destroy his soul was actually to enter the Bizarre City.

According to the records in this book, Liu Qingfeng had been unable to recover his soul like the Indestructible Body because he lacked the ability to recover his soul.

Therefore, he was thinking of a solution. Soon, he thought of it.

Back then, in order to find this kind of divine soul cultivation technique, he had searched almost everywhere, but he could not find anything that matched it. Therefore, he went back and flipped through the ancient books, and actually found a trace of clue.

According to the ancient records, in a very long time ago, there was an existence who had absolute control over the divine soul. He might be able to resolve the predicament at that time.

However, the people of that era had long died, so Liu Qingfeng thought of the Bizarre Market.

If he could enter the Bizarre Market, he might be able to find some clues.

This fellow was also a ruthless person. He also knew that his soul would be completely obliterated after entering the Bizarre Market, so he used an extremely ruthless method. He endured the pain and split his soul into two. A portion of it was stored in the outside world, while he found a suitable opportunity to enter the Bizarre Market.

At this point, there were no records on it, because after that, there was the matter of entering the Bizarre City. An accident probably happened at that time.

“Even if we were to enter, our souls would instantly disappear, let alone him.” King Sheng You said slowly.

“He thinks he’s smart. By splitting his soul into two, he can keep a portion of his soul. If he encounters danger, he can escape and slowly recover.”

“But he didn’t expect that the reason why the Bizarre Market is a Bizarre Market is that there won’t be any loopholes for him to exploit. The moment he entered, everything was gone, and he became like this.”

” After he came out, he instinctively wanted to find the most important thing to him. He absorbed countless things related to the soul and even absorbed the soul. However, the rules of the Bizarre Market are like that. No matter how much he absorbed, it would dissipate.”

At this point, Sheng You King paused for a moment.

Xu Bai frowned and connected all the clues together. He found that it was really possible.

When he summoned Liu Qingfeng, Liu Qingfeng was slowly absorbing his divine soul.

However, no matter how much he absorbed, it was like a broken bottle that had leaked out. The more he absorbed, the more he would lose. This might be the reason why Liu Qingfeng had entered the Bizarre Market back then.

“Your Highness just said that I shouldn’t have too much contact with him. Will I be affected?” Xu Bai asked.

### **Chapter 700: The Journey to Great Yue (2)**

The records in this book and what Sheng You King had just said were all Liu Qingfeng's own actions, but it did not involve anyone else.

However, Sheng You King told him not to have too much contact with Liu Qingfeng. Xu Bai guessed that there was more to it.

King Sheng You nodded and asked, "How much do you know about the rules of the Bizarre Market?"

Xu Bai shook his head, indicating that he knew very little.

He had only been in there twice, so he knew very little.

"Even we don't know much, but we all know that it's a terrifying place." King Sheng You said.

"The so-called terror doesn't mean that the strangeness there is very strong. It's just that rule. Why don't I let you have too much contact with him?"

"Think about it. If you get in contact with it for too long and are dragged into it, what will happen to your soul? You will also become in the same state as him."

"Although there is no evidence that this will happen, it is best to be careful and try not to have too much contact with him."

Xu Bai understood.

Although there were no examples, everything had to be prepared.

However, for Xu Bai, he was not afraid of being dragged into the Strange City's rules.

If his strength reached a certain level and he could protect himself, he would even want to be dragged in.

The last time he was dragged in, his progress bar had leveled up rapidly. His cheat had sped up. If he were to be dragged in again and continue to speed up, it would be an extremely satisfying thing.

Of course, he couldn't say these things out loud, and it was even more impossible for him to say them out loud. He only nodded his head to show that he understood and said that he definitely wouldn't have too much contact with Liu Qingfeng.

Hearing Xu Bai's answer, Sheng You King heaved a sigh of relief.

There was nothing he could do. He could read many people's minds, but sometimes, he could not read Xu Baibai's mind.

Because Xu Bai's way of thinking was sometimes too outlandish.

This kind of thinking and personality was a good thing. After all, it wouldn't make Xu Bai fall into a rigid and pedantic state. But sometimes, it was also a bad thing.

Therefore, as a senior, he had to remind Xu Bai not to let anything happen to such a talent.

"Oh right, this king looks at you. It seems like you have something to say. What is it?" King Sheng You said that he had said that he had said that he had asked Xu Bai.

When he saw Xu Bai's expression just now, something was wrong.

Xu Bai then changed the topic and asked about the Three Lives Mountain.

There were still dozens of progress bars waiting for him there. He did not want to give up.

Moreover, the white-haired old man's speculation about the depletion of resources was there. He wanted to take a look.

After hearing this, King Sheng You frowned. "Three Lives Mountain, I have never heard of this name before. Can you describe its general shape to me?"

From the extremely distant era to the present, perhaps many names had changed. It was normal that King Sheng You did not know.

However, for such a long time, the characteristics of a mountain would not change much.

Xu Bai gave a rough description.

If he had to find it himself, it would be very difficult, but King Sheng You was different.

When the Great Chu State was established, King Sheng You could be said to be the horse hooves of the army, stepping into every place.

Therefore, King Shen You should be more familiar with the terrain of these mountains and rivers than him.

"Towering into the clouds, steep mountain path?" King Sheng You fell into deep thought as if he was recalling something. After a long while, he shook his head.

“If you say that the mountain path is steep, many of these characteristics are in line with your statement. However, if you want to say that it towered into the clouds, Great Chu doesn’t have it.”

“In Great Chu, many mountains are not so high, and the terrain is not so complicated. If you really want to find it, perhaps there are other places.”

Somewhere else?

Even Great Chu didn’t have one. Xu Bai was already very clear about what the so-called other places were.

“Great Yue State? Or the barbarians?”

In the entire world, there were only these three countries. Therefore, other than Great Chu, there were only two other countries left.

“Great Yue State.” King Sheng You nodded.

“In the area under their jurisdiction, the mountains and forests are high and dense. There are many places with dangerous terrain.”

“If you want to find a mountain that reaches into the clouds, that’s the best place to go.”

What he said was the truth. After all, the geographical form of each country was different. He could not conjure a mountain that towered into the clouds for Xu Bai. If he really wanted to find it, he could only go to the Great Yue State.

It was impossible for the Barbarian Race to have such a place. The terrain there was the simplest, and it was flat.

Xu Bai fell into deep thought.

If that was the case, he could only go to the Great Yue State. He was wondering if it was worth it or not.

After thinking about it carefully, he slapped his thigh and decided.

He went!

This thing involved dozens of progress bars and even involved the secrets of that era. If he did not take a look, he would feel that it was a loss.

Seeing Xu Bai’s actions, You Sheng King already knew what Xu Bai was thinking.

“You really want to go? Do you know what kind of situation you will face if you go there with your current identity?”

“Let’s not talk about anything else. I think that even the strongest people in the Great Yue State will attack you and take your life.”

What he said was right. Xu Bai was now in Great Chu. Almost no one dared to do anything to him. Even if it was an assassination, it was impossible to send experts. After all, it was not certain whether they could cross the border.
