Chapter 701: The Journey to Great Yue (3)

Therefore, in Great Chu, even if Xu Bai walked around with his eyes closed, no one would care about him.

The title of Prince Xu had also become a reality in Great Chu. With this title, the Jianghu of Great Chu had to give face.

Previously, when he was in the Buddhist Sect, a token made all the monks shut up.

However, in the Great Chu State, it was the Great Chu State. After leaving the Great Chu State, Xu Bai's identities were stacked together, as if he had countless flags behind him.

He was just short of brazenly telling others that he was here and that they had to hurry over and kill him.

Moreover, the Great Yue State would not care about his identity. They would rather kill him and let the Great Chu lose an extremely important person.

In any case, everyone had already shed all pretenses of cordiality. Why didn't they start fighting? It was because no one was confident and didn't want a third party to take advantage of them.

Therefore, if he could use underhanded methods, he would use underhanded methods.

Xu Bai smiled and said, "Disguise."

He took out the human-skinned mask from his bosom. It was left by the Thousand-faced Female Bandit. He was going to return it, but Xu Bai didn't want to return it now.

Even the Military God of the Great Yue State, Bai Zhong, and the Deputy Chief of the Barbarians, Gu Muyin, didn't realize that this thing was a great treasure.

Therefore, Xu Bai already had a plan. This time, he might have to change his identity.

"I'll have to trouble your highness to tell Senior Thousand Female Thief to lend me this thing for a while. I'll return it to him when the time comes." Xu Bai said.

Borrow it...

It wasn't like he was taking it.

This request was not too much.

King Sheng You fell into deep thought. After a long time, he slowly said, "There's no need to talk to him. This king has agreed. Take it with you. It'll be good for you if you can go outside, but you must be careful."

"I thought your highness would disagree. After all, my status is different now." Xu Bai said.

King Sheng You shook his head. "My thoughts are different from that of my brother. I have always believed that when a true talent appears, it is like a piece of jade that has not been carved. It needs to be tempered by oneself before it can bloom with dazzling light."

"A long time ago, I told you that you have to set your sights wider and not just limited to Great Chu. In this Great Chu, you are truly carefree now, but if you really want the world to be afraid of you, you have to go out."

"Making the world fear you sounds like a particularly lonely thing, but loneliness is better than losing your life."

Xu Bai smiled and put the mask back on his face. "This time, I need your highness 'help with the follow-up matters. Also, tell His Majesty that you must seal off all information about me. I don't want to lose my life just by going there."

King You Sheng nodded in agreement.

Of course, they had to do these things well. After all, it was also to protect Xu Bai's life.

"Is that thing very important to you? Why are you taking such a big risk?" King You Sheng asked subconsciously."

He was just asking casually. He wasn't trying to find out any secrets. If Xu Bai didn't want to tell him, then forget it.

"It's very important." Xu Bai answered with certainty.

The progress bar from the distant era and the secret about the exhaustion of resources.

When the two were stacked together, it was worth the risk.

He only said these three words and did not explain anything else.

“When are you leaving?” King Sheng You asked.

Xu Bai thought for a moment and said, “Tonight, let’s go light.”

The earlier, the better. The earlier he went, the earlier he would come back.

King Shengyou did not say anything else. Since Xu Bai had already made his decision, he did not say anything else. He just reported it to the higher-ups.

Of course, all of this had to wait for Xu Bai to leave. If he told the higher-ups now and waited for the notice from the higher-ups before letting Xu Bai leave, Xu Bai probably wouldn’t be able to leave.

He knew his elder brother the best. His elder brother protected Xu Bai like a treasure. If he really followed the rules, Xu Bai might not be able to leave at all.

Of course, his older brother would definitely be angry and even curse him, but that was not important.

A real man should have his feet on the ground and his head on the sky. He should let his footprints spread all over the world and make his reputation spread far and wide. This was what a man should do.

What kind of man was he to hide in one place every day?

Xu Bai left very quickly. Before he left, he had already changed his appearance and body shape, as well as changed his clothes.

He left quietly and no one knew. However, before he left, King Shengyou had specially arranged a place for him.

His current identity was no longer Xu Bai, but a traveling merchant who was responsible for all kinds of things in the Great Yue State and the Great Chu State.

Even in times of war, these traveling merchants still existed, so no one cared about them.

Xu Bai didn’t bring the first-grade puppet with him. That thing was too annoying. Ordinary people could easily form a connection with him after taking a look at it.

As long as there was something similar to his previous identity, it would expose him, so Xu Bai tried his best to avoid it.

One horse, one person.

He was not at the mortal evolution state, so he had to bring the horse.

Now that he was traveling lightly, it made him feel nostalgic, as if he had returned to the time when he was riding a horse.

He did not tell Chu Yu. After all, the fewer people who knew about this, the better.

Riding on the horse, Xu Bai enjoyed the bumpy ride. He went forward and finally arrived at a small town at the border.

Chapter 702: The Journey to Great Yue (4)

Usually, traveling merchants would go through this place, so Xu Bai also went to the Great Yue State from this place.

The inspection was particularly strict, and the defense here was very heavy. It could be said that this was the place with the strictest deployment of soldiers in the entire border.

Xu Bai didn't bring anything this time. He only brought a human skin and a book, which he got from the ruins.

When he was being checked, he found an excuse to hide these two things.

He did not bring any goods with him, but he brought a lot of money.

Xu Bai said that he went out to pick goods, not to sell them, so it made sense.

Soon, he passed the inspection.

It had to be said that there was something that played an important role during the inspection. Before he left, King Sheng You gave it to him.

A pill.

This pill could hide his strength for about ten days. Even a brilliant expert would not be able to discover it.

However, after ten days, the effects of the medicine would wear off, but it did not matter to Xu Bai.

At that time, he could find a random place and change his identity. It would be easy for him.

It was also easy to turn himself into a professional.

Soon, he passed the inspection and followed hundreds of people towards the Great Yue State.

All of them were traveling merchants who had gone to the Great Yue State to do business.

People naturally liked to stick together when crossing mountains. Xu Bai didn't want to show his abnormality, so he followed behind.

They didn't go through the Yin Posthouse, but the official Posthouse. After all, these people weren't in the business, they were just merchants.

There was a large crowd. Some merchants were carrying goods or carriages, while others were walking on foot. Some were riding horses, so the crowd was naturally divided into several parts due to speed.

Xu Bai was riding a horse, so he naturally walked together with those who had horses and carriages.

Some of the carriages were protected by some of the members of the trade. In this world, money was very important. Even the members of the trade were not exempt from this.

Xu Bai followed silently on his horse. After all, the official post station was much more spacious than the Yin post station, which was in a desolate place.

Some merchants were familiar with each other because they often did business in this line. They chatted in twos and threes.

Xu Bai didn't say anything. His face was very dark. Of course, as a businessman, it was normal for some unfamiliar faces to appear.

He didn't speak, but it didn't mean that no one talked to him. It was the nature of merchants to pursue profits. At this time, most of the people who went to the Great Yue State were sellers, and there were very few purchases.

Less meant that it was special, not to mention purchasing. If there was no profit, why would they buy?

Therefore, some sharp-eyed merchants targeted these people who went to purchase. They found an opportunity to chat with them and wanted to hear about some business opportunities.

“Brother, I’ve been on this road for so long, but I’ve never seen you before. It seems like this is your first time doing this business.” A middle-aged merchant dressed in silk followed Xu Bai on a horse.

Although this middle-aged businessman looked like he had a big belly, he was actually a skilled horseman.

There were risks in doing anything, and the risks of doing business were even greater. The simplest of all were those bandits who robbed the road.

Sometimes, in order to save their lives, riding horses was a must.

Xu Bai didn’t want to pay attention to them, but because of his current status, he still agreed from time to time. However, when it came to business opportunities, he kept his mouth shut.

There was no business opportunity. These people were very accurate. If he randomly made one up, there would probably be loopholes. He might as well not mention it.

It would be best if he didn’t mention it now. After all, no one wanted to let their profits slip away.

The middle-aged merchant’s name was Qian Lai, a very common name.

Seeing that Xu Fan did not say anything, his interest was piqued and he continued to talk non-stop.

He even promised that if Xu Bai could say it out loud, they would cooperate in this business and the profits would definitely be higher than now.

Trust no one but the merchant’s mouth. That mouth could even talk the moon down from the sky. Xu Bai only promised, but there was no substantial progress.

Qian Lai was also puzzled. The young man in front of him did not look very old, but he was extremely slippery.

No matter how much he tried to find out, he couldn’t find any information. However, the more he tried to find out, the more interested he became.

It was a businessman's nature to pursue profits. Of course, he wouldn't let it go.

Qian Lai was still talking non-stop. Xu Bai took it as a joke and listened while driving the horse.

It wasn't fast, but it wasn't slow.

It was night when they left, and after walking for a long distance, it was already late at night.

The convoy in front gradually stopped, and Xu Bai followed suit.

There was no more noise in his ears. Qian Lai had been talking for a long time, but seeing that Xu Bai was still silent, he stopped talking.

When Xu Bai saw that the carriages had stopped, he was puzzled. Then, he saw a woman alighting from the most luxurious carriage.

The woman was wearing a green dress. Her hair was tied up high with a green hairpin, making her look graceful and beautiful.

Xu Bai knew this woman. He had heard many people talking about her on the way here.

Zhong Ruqin, the eldest daughter of the Zhong family.

The Zhong family was a merchant who specialized in traveling around the border, but it was a wealthy family.

Even compared to some of the well-known families in Jingzhou Province, this amount of money was not small.

Chapter 703: The Journey to Great Yue (5)

But unfortunately, they were not people in the industry, so their status would always be lower.

Zhong Ruqin was the eldest daughter of the Zhong family. She was already married to a court official.

However, he did not expect that on the night of his marriage, before he could even have time to consummate his marriage, the court official died.

After the coroner's examination, he found out that she had died because of a rapid heartbeat. The specific situation was that when she took off the veil, she saw Zhong Ruqin's face.

From then on, the official's family thought that Zhong Ruqin was an ominous thing and chased her out of the house.

When Zhong Ruqin returned home, she was also burdened by the responsibilities of her family, but she did not take it seriously.

Because she was married before, she still tied her hair up high even though she had never had sex.

After being criticized by her family, she started a business.

Once, twice, thrice, and thrice, he actually did it well. He turned all the previous accusations into smoke and became the pillar of the family.

To be honest, in Xu Bai's eyes, Zhong Ruqin was indeed beautiful.

She had long black hair, almond-shaped eyes, cloud-like eyebrows, and a mouth like a cherry blossom.

Just those flowing eyes alone were enough to make people feel relaxed and happy. Coupled with that mature temperament, it was even more irresistible.

It was very moist, really moist.

Xu Bai took a few more glances, then took out a book and started reading.

Since he had stopped, he did not ask, because he would get the answer soon. As expected, Zhong Ruqin slowly spoke after she got down.

Her voice was very soft and gentle, sounding mature in his ears.

Once they were far away, no one could hear them, but Xu Bai could hear them clearly with his strength.

"It's too late, even walking on the official road is very dangerous. When I was doing business in the past, there was an old and shabby courtyard in front of me, which was just right for me to rest."

Zhong Ruqin said this to a martial artist beside her. She had hired many martial artists to protect this business trip.

The martial artist nodded. After cupping his fists, he slowly opened his mouth and repeated what he had said.

When the person in the trade spoke, his voice naturally traveled far and everyone heard it.

The people present did not refuse. After all, they were all ordinary people, and safety was their top priority.

Xu Bai felt that he couldn't act weird, so he followed behind.

The convoy slowly set off again, walking on the dark road. The moonlight shone down, acting as the only source of light.

After walking for about an hour, a dilapidated courtyard appeared in front of them.

The courtyard was really dilapidated. From the outside, it looked like it had been abandoned for many years. Under the moonlight, only half of the door was left.

Zhong Ruqin sat in the carriage and led the way. When they reached their destination, the carriage stopped.

A servant boy placed a stool on the ground. Zhong Ruqin held onto the edge of the carriage and stepped carefully on the stool before she got off.

The soft voice sounded again.

"This is the place where I have stayed many times. I can be considered to be able to survive tonight and avoid the threat of wolves, tigers, and leopards."

Everyone nodded. It was already good enough to have a place to stay in this desolate mountain. Although it was impossible for so many people to live there, at least it was not in the forest.

Then, everyone walked in and formed groups of twos and threes, starting bonfires.

The courtyard was not big and there were too many people.

The servants, coachmen, and even the hired workers were guarding outside, guarding the goods or doing other things.

Xu Bai followed him in and found a corner to sit down. He didn't join the others.

"Little brother, why don't you find a room?" Qian Lai came over again."

The courtyard was still quite empty. There was no roof tile on his head. If he entered the room, he could at least feel some warmth.

Xu Bai shook his head and declined politely. His gaze shifted to Zhong Ruqin.

Zhong Ruqin was wearing an emerald green cloak that tightly wrapped around her curvaceous figure. However, the curve of her waist could be seen as she walked.

She didn't go with these people. Instead, she walked into the largest room.

No one present said anything. After all, they were all brought here by others. Moreover, in terms of who was rich, the Zhong family was indeed rich. No one would offend them. After all, there was no benefit to offend them.

Qian Lai also noticed Xu Bai's gaze and thought that he had some dirty thoughts. He couldn't help but laugh."With Little Brother's appearance, if you can marry into the Zhong Family, then even if you marry a widow, you will be able to have a smooth journey."

"You're thinking too much," Xu Bai said.

These four simple words made him stop talking.

Qian Lai was not interested, so he did not say anything more. He returned to his seat, leaned against the wall, and closed his eyes to sleep.

Xu Bai didn't sleep. He took out the book he got from the trevally and read it slowly.

He couldn't read the words in the book. It was the words in the ruins, but it didn't stop the progress bar from increasing.

The progress bar slowly increased. The moonlight became brighter and brighter, but the darkness became thicker and thicker.

In the largest room, the door was tightly shut, and a dim light was lit.

Under the light of the lamp, a shadow was cast on the window of the door.

Chapter 704: Beauty Like a Viper (1)

Someone had lit a lamp in the room, so it was normal for a shadow to appear. This shadow belonged to Zhong Wuqin. Even if there was only a shadow, one could see some enchantment through the window of the door.

All the traveling merchants present looked out the window and gulped in unison. Their eyes were burning with excitement.

Even the shadow of a beauty was so beautiful.

Xu Bai was watching the progress bar. When he heard the sound, he looked over and saw the shadow turning sideways. There was a huge fluctuation from top to bottom.

It was indeed very big and very moist.

He only glanced at it and did not look at it anymore. He continued to read the book in his hand.

This woman was very good-looking. No wonder an official of the imperial court died suddenly when he saw her face. Of course, Xu Bai thought that this guy must have some kind of illness. Otherwise, it would be impossible for such a strange situation to occur.

However, in Xu Bai's opinion, no matter how beautiful this woman was, he didn't think she was anything special.

Compared to Liu Xu and Ye Chuyu, her beauty was still inferior, except that she looked like a ripe peach. In other aspects, it was much worse.

On their journey to the capital, he and Zi Zi had experienced the same posture as the executioner, so he was not interested in seeing someone with a slightly inferior appearance.

It was as if he was used to eating delicious food. How could he eat salted vegetables and porridge all of a sudden?

At most, he would just take a few more glances.

“Other than being big, it’s nothing special.”

Xu Bai continued to look at the progress bar. It kept growing in front of his eyes. The golden progress bar was the real mainstream.

The night grew darker and darker, and as time passed, some of the traveling merchants could not hold on any longer and leaned against the wall to sleep.

The light in the main house continued to shine, and no one paid any attention to it. After all, it was just a shadow. No matter how beautiful the shadow was, it would only be able to be seen after a few glances.

If someone entered the room, they would notice that Zhong Ruqin was not lying on her side.

The shadow reflected on the window was sitting sideways, but Zhong Ruqin was standing straight with her back facing the door and facing forward.

She had already taken off her thick cloak and was wearing thin clothes. She wore a piece of white jade on her hand.

The curve of his waist contracted slightly and then bulged tightly, making him look eye-catching.

In front of her was a statue. This statue had no head and its entire body was in ruins.

Zhong Ruqin clasped her hands in front of her chest and pressed them tightly together, causing the two huge objects to squeeze outward, revealing an irregular shape.

Her eyes were closed, and she looked like a worshiping saint with her head slightly lowered.

She did not say anything, but there was a jade pendant tied to her waist. The jade pendant was emitting a faint light.

After the light appeared, it continued to coil around the headless statue.

Zhong Ruqin’s face suddenly turned red, and fine beads of sweat appeared on her forehead. At the same time, her breathing quickened, and her body trembled slightly.

Through the elegant green dress, one could see that below the waist, her legs were constantly shaking.

After the time for half an incense stick to burn, Zhong Ruqin’s face flushed red and she heaved a sigh of relief.

She let go of her hands, and the behemoth returned to its original grandeur. At the same time, the jade pendant on her waist retracted the light.

" Finally, I've finished absorbing it."

Zhong Ruqin stretched out her hand and looked down. After a while, she took her hand out and it was wet.

"This time, they are all ordinary goods. However, after swallowing their goods, we can also make a fortune."

"As long as I come back a few more times, I will be able to truly control the Zhong family. At that time, I will be able to search for more treasures and be happy with them."

Thinking of this, Zhong Ruqin couldn't help recalling her past experiences.

A long time ago, she was an ominous thing that was despised by the family and her reputation was ruined.

After all, she was a widow who had been kicked out of the family by the man's family. It was already a great kindness for the family to take her in.

She endured the disdainful gazes of her family and continued to live.

Until one day, she came to this rundown courtyard and saw this statue in front of her. Then, she entered the industry.

Music-seeker.

This was a very magical profession. One could do all kinds of interesting things with the dead objects that had spirituality in the world and then obtain the power within.

However, there were obvious limitations. One was that it was inanimate, and the other was that it had spirituality.

Inanimate objects were easy to understand, but what about spirituality?

Zhong Ruqin did not know, but she could sense it. This was one of the characteristics of this profession.

From then on, every time she did something special with this statue, her strength would increase by a little. From then on, she had an idea.

Murder and plunder!

Everyone said that she was good at doing business and was a rare genius in doing business, but only she knew that she was doing business without capital.

She would pick the fattest sheep for anyone who took this path.

The goods that he obtained would be sold to the Great Yue State for pure profit.

“As long as I work for a while more, I will be able to completely control the family. Using the family’s finances, I will be able to find more things with spiritual energy.”

When Zhong Ruqin thought of this, she couldn’t help but bend down slightly and rub against it gently.

“How can the men in this world be better than those dead objects with intelligence?”

The light from the oil lamp on the table was still there. If one looked carefully, Zhong Ruqin’s shadow was still nowhere to be seen.

The shadow on the window had no source.

Chapter 705: Beauty Like a Viper (2)

Zhong Ruqin raised her foot and walked to the spot where the shadow was broken. She placed her foot on it. In the next moment, the shadow overlapped with her and returned to its original state.

After doing all this, she raised her foot and licked her lips. She went to the door and opened it.

Many of the merchants outside the room had already fallen asleep, but there were still some who could not fall asleep. When the door opened, they saw Zhong Ruqin walking in wearing only a green dress.

The people who were still awake had burning expressions on their faces. They kept looking at Zhong Ruqin as if they wanted to rub her into their bodies.

At this moment, a gentle breeze blew past. The merchants present suddenly felt very tired and quickly fell asleep.

Divine soul attack?

Xu Bai also felt that something was wrong.

This was a divine soul attack. He could be sure because he had some achievements in this area. However, it was not a direct attack, but to make people unconscious.

Looking at Zhong Ruqin, Xu Bai understood.

He did not say a word. He closed his eyes and pretended to be like the people around him.

There was indeed something wrong with this woman. He really wanted to see what tricks she would play later. He wondered how her skills would be.

Xu Bai thought. Although his eyes were closed, his spirit had already enveloped the surroundings.

Zhong Ruqin went straight to one of the traveling merchants and squatted down gently.

Due to the squatting action, the long dress was tightly pressed against the skin. From Xu Bai's angle, he could see a heart hanging upside down.

A trace of the shadow under Zhong Ruqin's feet suddenly separated and fused into the merchant's shadow. Then, Zhong Ruqing stood up and walked toward the room without doing anything.

Music-seeker wasn't strong, but it was enough to deal with ordinary people.

This profession had two characteristics. One was the control of the soul, and the other was the use of shadows to track.

She knew very well that if she lost too much, it would definitely attract the suspicion of the two countries. However, it was extremely normal to only lose one traveling merchant at a time.

Everyone who worked in this business knew that doing this was extremely dangerous. It was very normal for people to die.

But not now.

"When we leave this place and part ways in the Great Yue State, it will be time for me to take action."

Zhong Ruqin thought to herself that she had already left a mark.

But what she didn't know was that Xu Bai had seen everything.

"This woman used her shadow to mark others. It seems that she doesn't want to make a move here, but what is her goal?"

Xu Bai had already seen through her intentions, but he didn't do anything because the woman didn't show her true intentions.

Zhong Ruqin had already left and closed the door. However, the surrounding merchants had not woken up because they were unconscious.

The surroundings were still dark. Nothing happened, nothing appeared.

Xu Bai's eyes were still tightly shut, pretending to be unconscious.

He didn't intend to take action now. After all, his current identity was just an ordinary merchant. There was no need for him to take action.

"Sigh, looks like I can't keep up with the progress bar tonight." Xu Bai thought to himself.

Since he had decided to hide his identity, he had to make it look more convincing. He had to look at the progress bar with his eyes.

However, he was pretending to be unconscious now. It was obviously not a good time to open his eyes, so he decided not to work tonight.

With that thought, the door that was originally tightly shut opened again.

Zhong Ruqin appeared at the door again, wearing a tight-fitting emerald green dress. She lifted her leg gently and swayed her slender legs as she walked toward Xu Bai.

"What is this guy trying to do? Could it be that he wants to spend a night with this young master because he sees this young master's handsomeness?"

Xu Bai had thought that nothing would happen tonight, but he did not expect that something unusual would happen again.

He expanded his soul and waited quietly.

Zhong Ruqin's target seemed to be Xu Bai. She didn't go to the others, but walked directly to Xu Bai.

Xu Bai, who was pretending to be unconscious, smelled a faint fragrance that made people feel relaxed and happy.

This fragrance was far inferior to Liu Xu's.

Xu Bai was still unconscious, but he was still thinking about the score in his heart. He was like an emperor who had chosen a talent.

Compared to the natural sandalwood scent of willow catkins, this smell was pleasant but a little greasy.

When evaluating a beauty, fragrance was one of the factors.

The saying that one could recognize a woman by smelling her fragrance was not undeserved.

In terms of fragrance, the willow catkins were number one. After all, they had been marinated.

“Eh? She’s squatting down.”

Under the sensing of her soul, Zhong Ruqin slowly squatted down and lifted Xu Bai’s chin with her fair fingers.

“How did this happen? The feeling from this man will make me tremble even more than those dead objects with intelligence.”

Zhong Ruqin murmured. Even though she was squatting down, she was still trembling slightly.

Xu Bai was speechless.

Why do I feel that tonight is a little exciting!

Inanimate objects?

Trembling?

This woman was quite playful.

He had only seen some female streamers having fun before, but he didn’t expect there to be someone even more fun.

Xu Bai thought to himself. The next moment, he felt himself falling into a soft embrace.

Zhong Ruqin carried Xu Bai up and placed his head on her chest. Then, she turned around and walked toward the room.

“It’s just one night. Ever since she married, she has become a widow before she has even consummated her marriage.”

“The men in this world have never given me the intoxication of those dead things.”

“This man is different. I want to give it a try.”

As they walked, they whispered to each other.

“Pa!”

The door closed.

The moment the door was closed, Xu Bai felt that he was placed on the ground. Then, under the perception of his divine soul, Zhong Ruqing was already taking off her emerald green dress.

I Have Unparalleled Comprehension #Chapter 706: Beauty Like a Viper (3) - Read I Have Unparalleled Comprehension Chapter 706: Beauty Like a Viper (3)

Chapter 706: Beauty Like a Viper (3)

The progress was too fast!

Xu Bai was speechless.

“When this king disguised himself, he had already covered up his handsome face. I didn’t expect that there would actually be someone who coveted this king’s beauty!”

“Although this appearance can be considered stunning, it’s still quite lacking compared to Liu Xu. Only her figure is very smooth. This king is at a disadvantage.”

“No!”

“When has This King ever suffered a loss?”

Xu Bai suddenly opened his eyes.

At this moment, Zhong Ruqing had already taken off her clothes and was about to lean on him when she saw Xu Bai open his eyes.

She was slightly stunned at first, then she leaned against Xu Bai’s body. Her snow-white arms wrapped around Xu Bai’s neck, and her lips moved close to Xu Bai’s ear.

Her eyes were already filled with confusion. It was obvious that she could not control her emotions. Even if Xu Bai woke up and felt that something was wrong, Zhong Ruqin could no longer control herself.

“Hurry...”

A soft voice was heard.

If it were any other man, they would have had a deep conversation here.

But Xu Bai was different.

I’m eating a peerless feast. How can I come and drink this bowl of porridge?

“Pa!”

A crisp sound rang out.

A palm print appeared on Zhong Ruqin’s face.

Even so, her eyes were still blurry. Instead, she became even more excited. Like an octopus, she wrapped around Xu Bai and even began to take off Xu Bai’s clothes.

Could it be that my slap accidentally triggered a special attribute?

Seeing that the slap was useless, Xu Bai reached out and grabbed Zhong Ruqin’s neck, lifting her up.

Something was wrong. Something was really wrong.

The woman in front of him seemed to be under his control.

To be precise, it was not control of the soul, but addiction.

“Hurry...”

Even though her neck was stuck, Zhong Ruqin still reached out her fair fingers and kept groping around Xu Bai’s arm.

Waves of numbness spread out.

” Endless happiness is tonight...”

“The Zhong clan is extremely wealthy. If you can accompany me for a night, I will let you enjoy...”

Perhaps it was because of Xu Bai's interruption that Zhong Ruqing regained a trace of clarity, but she seemed to have already identified Xu Bai. Her soft words were fierce and ruthless.

Xu Bai didn't want to see this happen again, so his True Core Strength fluctuated slightly.

The next moment, the woman was under his control.

Zhong Ruqing's expression became extremely dull. She fell to the ground and stared blankly ahead.

Xu Bai stood in front of her, looking down at her with an indifferent gaze. It was as if this little white sheep in front of him was not seductive and was just an insignificant thing.

"Tell me everything about you."

Zhong Ruqing heard the voice and raised her head in a daze. In front of absolute strength, she slowly opened her mouth and revealed everything about herself.

It included what he had done along the way and how he had made a fortune.

"A music seeker? Black eat black?"

Xu Bai was slightly surprised. It was yet another line of work that he had never seen before. Moreover, the seemingly beautiful Zhong Ruqing had actually done such a heartless thing.

Zhong Ruqing was already under Xu Bai's control. She thought that Xu Bai had not heard what he said clearly and had started to repeat himself.

"This is the way of the world. If you want to live, you have to be ruthless."

"At that time, I was still a little hesitant because when I killed the first person, that person was really miserable."

"That person has a wife and children at home. His daughter is seriously ill, so he needs a lot of money. He scraped together a single order of goods to earn money to treat his daughter's illness."

"At that time, my heart almost softened, but when he died, I was inexplicably excited."

As Zhong Ruqing spoke, her hand gradually moved down her abdomen.

"Hmm? Even soul control was unable to control her desires. No, this was her instinct. There was something wrong with this profession."

This was just her instinct. Her instinct made Zhong Ruqin do this.

Xu Bai knew that there was something wrong with this line of work just by looking at it.

In this world, how could there be a way to let oneself be controlled?

Thinking of this, Xu Bai turned his head and looked at the statue behind him.

It was ordinary and had no special features. It was just a simple clay sculpture. The only special feature was that it had no head.

“Someone must have used the statue to spread this trade.”

Now, there were no clues, only these scattered fragments, so Xu Bai could only come to this conclusion.

He didn't want to care about these things. Tonight, if this woman hadn't set her sights on him, he wouldn't have wanted to make a move.

However, since he had made a move, he had to do it to the extreme.

Of course, he wouldn't kill this woman now because the aftermath would be very troublesome. If he found out that this woman was dead early tomorrow morning, it wouldn't be a good thing for him.

“We can only control it for now. After we arrive at the Great Yue State, we can solve this problem.”

Xu Bai made up his mind and controlled Zhong Ruqin to put on her clothes.

Even if he acted according to his instincts, it would depend on how strong the original ability was. Xu Bai only used a little strength, and Zhong Ruqin was already unable to withstand it.

“Pfft... You want to spend the spring breeze with me with such a small physique?”

Mortal evolution state masters were very strong.

This kind of strength was very strong in all aspects.

If one's partner did not have powerful strength, just a few attacks would be enough to disperse the other party.

Of course, he could also control his strength, but he still had to control his strength, which was somewhat unpleasant.

Xu Bai didn't manage the woman anymore. He turned around, opened the door, and returned to his original position.

Now that everything was out in the open, Xu Bai did not pretend to be asleep anymore. He took out his book and continued to check the progress bar.

Chapter 707: A Beauty Like a Viper (4)

Time passed slowly, and the night gradually passed. The sun appeared from the east through the clouds. The sunlight scattered, and the coldness in the ground disappeared. A warm feeling came.

The merchants in the courtyard woke up from their coma. Everyone seemed to have fallen asleep.

Although some people were very puzzled, they thought that it was normal to fall asleep unknowingly in that kind of environment, so they didn't think too much about it.

Qian Lai woke up and stretched. He saw Xu Bai who was still reading beside him and said, "Little brother, you've been reading all night!"

This little brother was really hardworking. He didn't look like a businessman, but more like a scholar.

Xu Bai nodded his head in agreement and continued to watch intently.

At this moment, the door of the room opened. Zhong Ruqin walked out wearing a green cloak.

Everything seemed normal, but if one looked closely, one would find that there was a trace of dullness in her eyes, which was not easy to notice.

"Everyone, it's already very early. We can set off."

Her voice was still soft.

Everyone nodded and stood up one after another. They walked out. Nothing unusual happened after that. Everything went smoothly.

Xu Baiqi was still staring at the progress bar on his horse, and because of his indifference, no traveling merchant came over to talk to him.

After a long time, they finally arrived at the Great Yue State.

Compared to the Great Chu State, the Great Yue State had a different style. In terms of dressing, it was very different.

It was another extremely strict inspection. Xu Bai used the previous excuse and easily dealt with it.

Soon, they followed the border. During this period, many people left. After all, everyone went to different places.

Xu Bai kept walking forward, thinking about the next step.

Firstly, he needed to know where he could get information about the Three Lives Mountain. This was the most important thing. Secondly, he needed to find out where to go.

“I feel like I don’t have any ideas for the time being. Let’s go to the specific city first. At the very least, I’ll change my current identity.”

He was still a traveling merchant, so it was not convenient for him to display his strength, so he needed to change his path.

However, before that, he had to solve a problem first.

Xu Bai looked at the carriage in front of him. Zhong Ruqin was sitting in the carriage.

This woman couldn’t be kept alive. Most importantly, this woman was ruthless. What she had done made Xu Bai unable to keep her alive.

The convoy continued to move forward. A moment later, a city with a strange style appeared in front of them.

Compared to Great Chu, the style of this city had already undergone a huge change.

Great Chu was particular about squareness. Any building built would have a squareness to it, and the buildings here reflected a circle.

Whether it was the corners of the city walls or the city gates, they all had rounded arcs.

At the top of the city, there was a plaque with the words “ Luo Feng City ” on it.

The division of cities and towns in Great Yue State was different from that of Great Chu State, which was divided into Jing Prefecture Road.

Here, it was divided into cities, towns, and counties.

For example, Fallen Phoenix City was ranked second, while the first place was about the same as the capital of Great Chu.

There were two teams of armored soldiers outside the city gate, searching for people passing by. After all, this place was not far from the border, so the inspection was especially strict. Xu Bai and the others were also inspected.

However, for the traveling merchants, after the first inspection, they were a little more relaxed here. After entering the city, the traveling merchants were completely separated, and Xu Bai followed behind the carriage.

He didn't want to do it himself. He just wanted to find the inn, which was on the way.

Soon, he found a corner and changed his clothes and appearance before leaving.

Then, he went to a place called the Fallen Phoenix Inn. After paying there, he stayed there.

As for Zhong Ruqin's carriage, it went to another place.

The carriage continued to move forward. A moment later, it stopped in front of a shop.

A warrior came to the carriage.

"Miss, we're here."

As soon as he finished speaking, there was no sound in the carriage.

Wu Fu felt that something was wrong. He seemed to have smelled blood.

After smelling the blood, he did not care about this. He quickly pulled open the curtain behind the carriage and saw an unbelievable scene.

Zhong Ruqin was lying in the carriage with a dagger embedded with gemstones in her chest. Blood flowed down her palm, and a dripping sound was heard.

Not far away from her, a piece of paper was filled with words. It was full of what she had done, including all kinds of killings and robberies.

Screams rose and fell on the streets.

Sometimes, one did not need to do it themselves to kill. One only needed to control one's soul.

After controlling his soul to kill Zhong Ruqin, everything had disappeared. He wasn't even present and had changed his appearance, so there was no point in talking about it.

Putting his belongings on the bed, Xu Bai leaned against the wall and looked at the progress bar in his hand.

Soon!

Soon!

It wouldn't take long for him to finish reading this book.

Xu Bai didn't know what the book was because he couldn't understand the words on it. But since it could be brought out of the ruins, it must be something good.

Xu Bai made up his mind. He would not think about the Three Life Mountain for the time being. He would finish the progress bar in his hand first.

With one more skill, he would have more confidence.

It was like going to the willows. He had to arrange his family affairs well in advance. Otherwise, his wife would come knocking on his door. That would be an extremely annoying thing.

Chapter 708: Beauty Like a Viper (5)

While Xu Baigan was scrolling through the progress bar, in one of the medicine stores on a gorgeous street in Fallen Phoenix City, a servant dressed in linen clothes was helping customers get medicine.

The shopkeeper was sitting in front of the counter, collecting the silver and laughing happily.

This was just like an ordinary medicine shop. There was nothing unusual about it. However, after a customer paid the bill and left, the manager of the medicine shop suddenly changed his expression.

The smile on his face disappeared, and the corners of his mouth turned from upward to downward. His face was cold.

“Goudan, you stay here and watch. I have something to do.” The innkeeper instructed the servant, lifted the curtain that led to the back, and walked towards the backyard.

The servant replied. Although he was busier now, he could still handle it.

After the shopkeeper entered the backyard, he went straight to a room. He quickly pushed open the door and walked in.

The room was empty. Other than some essential furniture, everything seemed unusually simple.

At this moment, there were three to five people sitting in the room.

These people were dressed very ordinarily and looked no different from ordinary people.

“Number 2950 is dead.” The shopkeeper said indifferently.

After saying this, everyone’s expressions changed and they stood up abruptly.

“Who killed him?”

“I don’t know.” “Where’s Zhang De?” The shopkeeper shook his head.”

The people present looked at each other, and one of them stood up.

“He went out to patrol the streets. He should be back soon.”

The shopkeeper nodded.” Then let’s wait for him. There’s a problem with the spy’s plan. We need him, a Qi Seeker, to see who did it. Yun Liu, pay attention to the other spies. You must be careful.””

Yun Liu, who was the first to speak, nodded after hearing this.”Don’t worry, I’ll immediately inform all the spies we’re responsible for. However, 2950 doesn’t seem to be under our complete control yet.”

“No, I haven’t.” The shopkeeper shook his head and said,” She has only entered the first stage and is gradually eroded by desire. Only when she is eroded to the extreme

can she be controlled by us. Unfortunately, this spy's family is very rich and beautiful. If we can control her, she might be able to enter a certain level in Great Chu."

"Should we kill him immediately if we discover him?" asked Yun Liu."

"The person died in Fallen Phoenix City. If this person has any talent, perhaps we can recruit him."The shopkeeper said,"After all, it's not easy for us to nurture a spy. Let him fill in the gap. If he doesn't agree, don't blame us for being ruthless.'"

The Dark Tower was a special organization of the Great Yue State, similar to the Heaven Inspectorate.

The shopkeeper was very frustrated. The spy plan had always been a plan that they had put in a lot of effort into.

The profession of a music seeker was indeed strange, but they would not let themselves be controlled by desire. However, this profession had been changed by them.

Through step-by-step temptation, their desires would overcome their rationality, and they would have a way to control their desires.

In fact, this plan was only recently developed. Not long ago, it had been controlled by poison, but poison control might encounter those with strong personalities.

Moreover, the spy plan was selected from ordinary people. The music seeker could not only give ordinary people the ability to do business, but also control them. It was the best of both worlds.

Now that something had happened, as the person in charge of the Dark Tower's Fallen Phoenix City branch, the shopkeeper felt a lot of pressure.

Don't underestimate the fact that they only lost a music seeker, but if someone followed the clues and found out, they would probably become the sinner of the entire Dark Tower.

Therefore, he had to find the person who killed the music seeker and see what the situation was.

He could either absorb it into the Dark Tower and control it with poison, or kill it directly.

"Let's wait. When Yun Liu comes back, we'll use the Qi Observing Technique to check."the shopkeeper said slowly.

"Yes, sir!" Everyone hurriedly nodded and agreed.

Time passed, and in the blink of an eye, night fell.

Xu Bai had changed his appearance a long time ago. At this moment, he rubbed his sore eyes and put the book in his arms.

The progress bar was still quite rewarding. It wouldn't be long before the progress bar was full.

Due to the progress bar, he forgot to close the window.

The bright moonlight shone through the window and onto the ground, revealing a snow-white patch.

Xu Bai got up from the bed and went to the window. He was about to close the window and rest early.

However, before he could touch the edge of the window, he suddenly realized that something was wrong.

At this moment, the street was dark. There was no one coming or going. Other than a few night watchmen passing by, it was quiet.

However, just because it was quiet did not mean that there was nothing else.

Xu Bai's gaze fell on the other side of the street. There was also a tall building there, and on the roof, there were a few people dressed in ordinary clothes standing.

These people were dressed in ordinary clothes, but their auras were not ordinary at all.

The person in the lead seemed to be middle-aged. Although he was standing on the roof, Xu Bai could tell that he was slowly floating in the air. Due to the night, he looked like he was standing.

Mortal evolution state!

Chapter 709: Xu Bai, Do You Want to Trade?(1)

Those who could stand in the air were definitely above the mortal evolution state.

In Xu Bai's line of sight, among the five people who came, other than the middle-aged man who was floating in the air at the front, the others were all standing on the roof.

He didn't know if they were at the mortal evolution state, but it seemed like the strongest one was the middle-aged man.

"I just arrived and I've already encountered strange things." Xu Bai thought.

To be honest, he really didn't come here to look for trouble. He also knew that with his identity, the more low-key he was, the better. He just wanted to go to Sansheng Mountain, get the things inside, and then escape.

After sneaking back to Great Chu, wouldn't it be nice to be a tyrant in Great Chu?

Master is Xu Wang.

After he returned, he would go and extort those kings every day and find a bunch of progress bars. It was also very fragrant.

By the time Ye Zi came out of seclusion, the beauty beside him was even more fragrant. He had even thought of many poses.

Therefore, he really didn't want to cause trouble.

But sometimes, when you didn't want to cause trouble, things would just come knocking on your door, and they had to go against you, just like now.

Also, he didn't want to cause trouble in that rundown courtyard. It was because Zhong Ruqin insisted on finding trouble with him that he killed her after he was exposed.

Now, Xu Bai finally felt that when he read novels in the past, the protagonists were all obsessed with matters. At that time, he had even scoffed at them.

But now, it seemed that when the time came, it really wasn't his fault.

The night outside the window was as quiet as water. The rustling wind blew outside, blowing the robes of those people.

Xu Bai narrowed his eyes and said nothing.

The leader of the group, who was floating in mid-air, said, "Is it him?"

This sentence came out of nowhere. It wasn't directed at Xu Bai, but at the person behind him.

Behind him, a man took two steps forward and bowed.””It’s him, my lord. Although I didn’t transcend the mortal realm, my aura observation technique has already reached the Extraordinary realm, indicating that he did it.”

Lord?

Subordinate?

“Looks like they are from the Dark Tower.”

In this era, there were actually many situations where an organization could use this name, but Xu Bai was more inclined to call them members of the Dark Tower.

What was this place?

This was Fallen Phoenix City. It was a city, and it was a city near the border. Who would dare to stand on the roof so brazenly? Were they not afraid that someone would see them in the dark?

Since he dared to stand here so boldly without any armor, he definitely had something to do with the Dark Tower.

“Seer technique, seems to be related to that woman.”

After coming to the Great Yue State, Xu Bai didn’t do anything big. Other than killing Zhong Ruqin, he didn’t cause any trouble.

And now, such news had suddenly spread. It was obvious that it had something to do with him killing that woman.

“It seems that I have to be more careful during normal times.”Xu Bai thought to himself.

Just as he was thinking this, the middle-aged man finally spoke to him.

“I’m Guan Zhong. You’re from the martial arts world. What’s your name? Is it convenient for you to follow me to the secret room?”

His voice was loud and clear, as if he was doing something fair and aboveboard. If Xu Bai didn’t know that this person was a spy from the Dark Tower, he would probably be able to win some trust just by his voice.

Xu Bai was thinking about how to get information about the mountain, but after hearing what Si Zhong said, his eyes suddenly lit up.

What he wanted to find was the mountain in the Great Yue State. How could he openly obtain information?

Actually, it was very simple. What kind of organization was the Dark Tower? The Dark Tower was the intelligence agency of Great Chu, and it also included many complicated powers.

If he could go to the Dark House to find it, wouldn't that be a permanent solution?

Once this thought arose, it was completely uncontrollable.

"If I can impersonate someone and successfully infiltrate the Dark Tower, then use the intelligence network of the Dark Tower to obtain information about the Three Lives Mountain, everything will be extremely simple."

Xu Bai made up his mind.

"When that person spoke just now, it seems like he doesn't intend to attack immediately. What's the reason?"

"That woman must be related to them. It's even possible that she was a hidden trick they set up. It seems that I killed that woman and ruined their plan."

"But not only did he not get angry, but he also did not make a move. In fact, he even spoke nicely. I understand now. He wanted to extend an olive branch."

In just a few moments, Xu Bai had some minor clues in his mind. When he connected the clues together, he came to a conclusion.

At the same time, a plan flashed through his mind.

"Heh...If I joined the Dark Tower through this method, I would be exposed sooner or later. After all, my identity was unknown. Even if I didn't look like my original appearance, there was still a risk."

"In that case, I have to change my method. The Dark Tower is already my enemy. They have caused so many obstacles before, so don't blame me for being ruthless."

After thinking for a while, he decided on the plan. The corners of Xu Bai's mouth curled up slightly.

At this moment, Manager Si Zhong suddenly felt that something was wrong. He had goosebumps all over his body. His gaze stopped on Xu Bai, and a puzzled expression appeared on his face.

He had never seen this person before. There were so many people in the martial world of Great Yue State. How could he know all of them?

According to normal logic, these martial artists should be ecstatic after receiving the invitation from the Dark Tower.

After all, martial artists were still martial artists. It was a great kindness for them to be able to join an official organization.

Chapter 710: Xu Bai, Do You Want to Trade?(2)

However, for some reason, this person did not show any joy. Instead, it was as if he was sizing up his prey.

“Prey...Prey...”

“We can’t let this person live!”

Si Zhong shook his shoulders, dispelling the fear in his heart.

There was something wrong with this person’s gaze. He had to take him down and not consider letting him join the Dark Tower anymore.

After making up his mind, Si Zhong turned around and said, “Take him down!”

As soon as she said those two words, she heard the sound of the wind. When she turned around, the man standing by the window had already run to the end of the sky. His speed was so fast that it made people speechless.

“In just the blink of an eye, he has already escaped so far. He must have a unique skill!” Greed flashed in Si Zhong’s eyes.

Even the members of the Dark Tower did not have many good things. It could only be said that they were much better than most of the people in the martial arts world who lived in the wind and slept in the open.

But now that he had seen the other party’s ultimate move, he did not care if he could cultivate it or not. He had to get his hands on it.

If he could cultivate it himself, it would be a good thing. If it did not match his profession, he could give it to his superiors to obtain a chance to advance.

“Chase!”

Si Zhong didn’t hesitate and flew out first.

The person in front of him was just moving on the roof, so he shouldn’t be at the mortal evolution state.

He could easily deal with mortal evolution states. After all, he had two half-step mortal evolution states with him.

The difference between Great Yue State and Great Chu State could be seen here.

Based on the importance of each city, the Great Yue State had arranged different levels of Dark Tower members to oversee the city.

As for Great Chu, they used that kind of patrol system to make the entire Heaven Inspectorate move.

The reason was actually very simple. After all, Great Chu had not been established for long. Moreover, after it was established, King Sheng You had trampled over half of the martial world. Therefore, in terms of recruiting martial world members to join the Heaven Inspectorate, it was still slightly weak.

Si Zhong chased after him very quickly. His eyes were already blinded by the godly movement technique, and it was not only because of the movement technique.

Something inexplicable was gradually mobilizing his soul, but the way it did things was very ingenious, and he did not know it.

This method of mobilization made him ignore some small details. It was as if he could obtain huge benefits as long as he killed the person in front of him.

“Such an ingenious movement technique is definitely a rare ultimate skill. I must obtain it!”

Gradually, his subordinates could not keep up.

How could a person run faster than someone who could fly?

Si Zhong chased them out of the city and into the wilderness. The four men behind him had already been left far behind and disappeared without a trace.

However, he did not notice it and continued to chase.

Under the control of his soul and his various desires, he no longer cared.

The unfamiliar figure in front of him still maintained a distance from him. The distance was not too far, not too close, as if he could catch up in the next moment, but also as if he could never catch up.

“He can’t hold on much longer!”

Si Zhong was confused by this inexplicable distance. He had an idea and chased even further.

Moonlight shone down, and in the vast wilderness, only two figures were left. As for the others, they had long disappeared.

Si Zhong was still chasing. After a while, he realized that the distance between them was getting closer.

A joyful feeling filled his heart.

“As expected, you can’t hold on anymore?”

“I knew it. How can someone who hasn’t entered the mortal evolution state be better than me?”

“The treasure is mine!”

The more he thought about it, the more excited Si Zhong became. Gradually, he realized that something was wrong.

The distance between the two was closing, and the speed of closing was very fast. The reason was very simple. It was not because the other party was slowing down, but because the man had actually stopped and kept his back to him.

“I keep feeling that something is wrong!”

Even though he was bewitched by the thoughts in his mind, the strange situation at this moment made Si Zhong stop in his tracks. He was only ten meters away from the man in front of him.

The moonlight shone on the man’s back, making him look hazy. The man in front of him, whom he did not know, did not seem to have any intention of talking nonsense with him. It was more like he was in a hurry.

“There’s no one around...”

A calm figure sounded in Si Zhong's ears. Then, he saw the man turn around, and there was a golden and grayish-white color intertwining behind him.

Chaos!

The despairing chaos gradually boiled at this moment.

In Si Zhong's eyes, there was only this man.

Everything around him seemed to have disappeared, and this man had become a chaotic amalgamation.

"Chaos, it's you! Xu..."

How could he not know who this person was?

In the eyes of the insiders of the Great Yue State, the golden and gray-white sky change, as well as the terrifying and despairing chaos, were the marks of that man.

Xu Bai!

He only spoke halfway because he could not say the rest. He saw a dazzling light that made people despair.

It was indestructible and stunning!

For some reason, he suddenly felt a pain in his neck, and then he lost consciousness.

Blood splattered as his head rolled to Xu Bai's feet.

Xu Bai's speed was very fast. Before the blood fell to the ground, he had already taken off his coat. Immediately after, another dazzling saber light appeared.

This time, the saber light was not as precise as before. Instead, it became indestructible.

Chapter 711: Xu Bai, Do You Want to Trade?(3)

The corpse and head were gone. They had disappeared completely.

Xu Bai quickly put on his clothes and put on a human skin mask on his face. He turned into Si Zhong's appearance, and his figure gradually changed. He was almost the same as Si Zhong.

"This is not the final destination."

If he stopped here, there would still be some openings when his so-called subordinates caught up. Therefore, Xu Bai continued to fly forward for a distance before stopping again.

At the same time, he scattered his saber light everywhere, making the place extremely chaotic.

He stood there and waited for a while before the four members of the Dark Tower caught up.

"Milord, where is he?" Zhang De, who was proficient in the Art of Observing Qi, stopped and looked left and right, then asked in confusion.

Along the way, they also rushed slowly and did not dare to hesitate at all. Unfortunately, the difference in strength was very large. In the end, they could not catch up and were pulled further and further apart.

However, they did not expect that when they caught up, there was nothing here.

Xu Bai narrowed his eyes and thought about Si Zhong's personality. He said, "Halfway through the chase, I fought with him. He was heavily injured and started to escape again. When I chased him here, I fought with him again. In the end, he used a special movement technique and disappeared."

His tone was short and concise, and he summarized the entire sequence of events without going into the details.

In such a situation, the more detailed one was, the more flaws there would be. The more rough one was, the fewer flaws there would be.

He was the leader here, so there was no need to explain too much to his subordinates.

"This person has ruined the plan of the spies," Yun Liu asked. "Sir, do we need to ask the higher-ups to issue a warrant for arrest in the Dark Tower?"

The spy plan?

Xu Bai didn't show any abnormality on his face. He soon understood what she meant.

Perhaps that woman named Zhong Ruqin was part of the spy's plan.

Thinking of this, he nodded.

"Let's go back to our place first. I'll set it up after we return."

The others did not notice anything unusual. They nodded in unison and stood up to leave.

Xu Bai pretended not to care and took a step back. He let the group of people lead the way to the so-called foothold.

"I can directly kill them or control them now, but it's still unstable."

"See if there are any other members here. When the time comes, we'll wipe them out."

His goal was only to gather information. He was not here to be a spy, nor did he want to wait for a long time before returning to Great Chu and telling the Emperor that the Dark Tower was already under his control.

As long as he could get some information, he would leave immediately. After all, even if he was pretending to be someone else, he would still be exposed one day, especially now that he was taking a risk.

"As long as we get the news, we'll wipe this place out immediately." Xu Bai thought.

He did not have the slightest worry, nor did he have any sympathy or pity. The people sent by the Dark Tower of the Great Yue State did not have the slightest pity for him.

That would really be a fight and a kill.

In this day and age, it was better to be ruthless.

As he thought of this, he arrived at the simple medicine shop.

Yun Liu went to the door of the medicine shop and opened it. After letting Xu Bai enter first, everyone entered one by one.

When he entered the house, Xu Bai looked around and found no trace of anyone else.

"Could it be that there are only a few people in this branch? If that's the case, we can make a move. However, before we make a move, we still need to test the waters."

If there were only so few people, he could completely control these people and ask for relevant information.

Xu Bai asked casually.

“Did the others not come back?”

After asking this question, Xu Bai’s gaze stopped on everyone’s faces.

He saw doubt on their faces, but soon, these people hid their doubts.

This person was wrong!

As this was the border and there was an army guarding it, there were not many people in the Dark Tower.

Xu Bai smiled.

These guys were indeed members of the Dark Tower. They were really good at managing expressions, but they were still a little lacking.

The moment of doubt just now had already given Xu Bai the answer.

There was no one here.

When he asked that question, these people were very puzzled, but they quickly hid their doubts because these people had already developed suspicions about him, but they did not want to alert the enemy.

“Enough.”

Xu Bai said indifferently.

Yun Liu pretended to be confused. “Sir, what do you mean? We still have people outside who haven’t returned yet.”

The others were also puzzled, but they pretended to be.

His True Core Strength surged and his aura surged.

In the next moment, everyone’s expressions were dull and there was no movement at all.

Xu Bai found a seat and sat down. He said slowly, “Let’s talk about something. How can you find information here?”

When he was controlling these people, Xu Bai had thought about it carefully. He wouldn’t ask too much because the people from the Dark Tower had a way to control people.

As far as he knew, it was basically poison, but he could not rule out other possibilities.

If he asked about the core's secret and suffered a backlash, it would be equivalent to exposing himself.

Asking how to obtain information was not considered a core secret and could reduce the risk.

When Xu Bai asked this question, it proved that his guess was correct.

"There are four levels of information in the Dark Tower," Yun Liu said stiffly. "They are A, B, C, and D. We can only access B."

Chapter 712: Xu Bai, Do You Want to Trade?(4)

"In the basement of this medicine shop, there is a library where you can look up all kinds of information."

Xu Bai frowned.

Yun Liu nodded his head.

Xu Bai's eyes lit up.

He did not expect the matter to be resolved so quickly and easily. He only wanted to check the news now.

It was divided into A, B, C, D, and four grades. Since Fallen Phoenix City could inquire about information from B grade and below, it would not be a problem.

He just wanted to check the information of a mountain. No matter what, the information of this mountain couldn't be above B grade, right?

Thinking of this, Xu Bai had them take him away.

Yun Liu walked at the front, his footsteps stiff. The others followed behind, and Xu Bai walked at the back.

Soon, they entered the underground through a secret passage.

The stairs leading to the underground were still lit up by the light of the night pearl.

“There are quite a lot of tricks. This light is quite interesting.”

Under the illumination of the light, the stairs were faintly discernible, but for the people present, they could see the way clearly with the help of this light.

Soon, they arrived at a door along the stairs.

Yun Liu opened the door in front and entered one after another.

When Xu Bai was the last to step in, he saw the situation inside.

It was a squarish space filled with all kinds of bookshelves. On the bookshelves were all kinds of files. The luminous pearls hanging on the wall were brighter than the aisle, illuminating the space clearly.

After Yun Liu and the other three had finished the job, they stood by the side. Obviously, they wouldn't do anything without Xu Bai's orders.

“I need you to help me find some information about a mountain. The exact appearance is like this...”

Xu Bai began to describe the appearance and characteristics of the Three Lives Mountain in detail.

After he finished speaking, the people started to move.

Xu Bai was also walking around. He had seen so many dossiers and thought that he would encounter many progress bars.

Unfortunately, there was only information recorded here. There was no progress bar.

Xu Bai was slightly disappointed that he couldn't find the progress bar. He found a place to stand, leaned against the wall, and waited patiently.

Yun Liu and the others searched very quickly, and they searched according to categories.

After about two hours, all the files had been flipped through, but no one found any useful information.

“We found many oddly-shaped mountains,” Yun Liu said in a daze. “There are also many steep mountains. However, we didn't find any that could reach the clouds.””

He didn't find it?

Xu Bai frowned.

That's impossible. King Sheng You had said that if one wanted to find the mountains, it would be best to come to the Great Yue State. But why wasn't it found in the dossier?

It was just information about a mountain. How could he not find it in the B-grade information?

"Is it possible that it's in the A grade information?"

"It should be." Yun Liu replied, "When we were looking through it, we found that some information about the mountain was directly erased. Perhaps it was something extremely important, or perhaps something big had happened."

An extremely important matter?

Xu Bai became more and more serious when he heard this.

If he had encountered this kind of news in the past, he would at most take it as an interest. However, it was different now. This matter was related to him. Not only that, but he also knew the secret of the Three Lives Mountain.

There had been many dirty dealings there, and it was even related to the depletion of resources back then. What was worse was the speculation of the white-haired old man.

When these three were combined, Xu Bai couldn't help but have an idea.

"Could it be that the Great Yue State has already discovered something, so they have erased all the information about these mountains, or have they upgraded them to a higher level, so that only A grade people can read them?"

When this thought appeared, Xu Bai was even more certain.

Although there were no clues, everything he saw before him pushed this deduction in a certain direction.

"If that's the case, the usual method of finding information might not work."

All of them had been erased, which proved that Great Yue State valued them. If that was the case, it would be extremely difficult to find out through other methods or other channels.

He had a headache.

It was a headache.

He had thought that it would be a simple trip to find treasures, but he did not expect that there were so many strange things going on.

“If I want to look through A grade information, what do I need to do?” Xu Bai asked.

He was determined to get the Three-Lives Mountain, not only for the progress bar, but also for the white-haired old man’s secret.

The half-crazy, half-conscious white-haired old man was perhaps the person who could come into contact with madness in a sober state and even discover something.

“There are two ways.” Yun Liu thought blankly.”

“First, to advance to the next level, you need to reach the Transcendent level.”

“Second, find someone with authority in this area and ask him for help.”

Xu Bai was speechless.

These two aspects were very difficult for him.

The most difficult part was his identity.

Whether it was to advance to the next level or to find someone who had the right to see A grade information, all of these were based on the condition that he did not expose his identity.

But was this possible?

It was possible, but the possibility was extremely small.

It was even extremely dangerous. One had to know that those who had the right to see A grade information or those who had advanced to the next level were all in the extraordinary realm.

He was an Extraordinary Rank-6 and could not control these people. Was he courting death?

Chapter 713: Xu Bai, Do You Want to Trade?(5)

The more Xu Bai thought about it, the more his head hurt.

If there was no other way, he could only search every inch of the Great Yue State and search for it himself.

At this moment, a middle-aged man beside Yun Liu suddenly spoke in a daze.

“Actually...There is a third method.”

Xu Bai was already having a headache. After hearing this, he raised his head abruptly.”Speak!”

The middle-aged man slowly spoke.

“If you can make a contribution to the next level, you can be promoted to the next official position without reaching the next level.”

Xu Bai was speechless.

This was f * cking a joke.

What was his current status?

To put it bluntly, he was a spy.

Not only was he a spy, but he was also a spy that would be hunted down by the entire Great Yue State if the other party knew about it.

Let him do meritorious deeds?

It was simply a fantasy.

Xu Bai turned to the others, asking if they had anything else to say.

No one spoke, which meant that there was no other way. There were only three methods left in front of him.

“You, tell me, how did you find me?”Xu Bai changed the topic.

” We have a Seer here,” Yun Six said.” He can use the Seer Technique to find relevant clues, but there is a certain distance. If you are too far away, you won’t be able to find it.”

Can't you find it if you're too far away?

Xu Bai finally understood where he had made a mistake.

The reason why he let Zhong Ruqin die in the city was because he didn't want to cause a commotion on the way, but he didn't expect that he would be careless in this place.

There were countless businesses in this world, and there were indeed some things that were muddled and difficult to guard against.

"Looks like after I kill you all, I'll have to think of a way to get away from Fallen Phoenix City as soon as possible."

Xu Bai had already made up his mind that he could not let these people in front of him live. After killing them, he would leave Fallen Phoenix City directly. The further he went, the better. At that time, he would change his identity. Wouldn't that be beautiful?

Thinking of this, Xu Bai was ready to attack.

The people in front of him were already under his control. They had no power to resist at all. He only needed to wave his hand lightly to take their lives.

However, before Xu Bai could make a move, he suddenly felt a gust of wind blowing around him.

Looking in the direction of the wind, he saw a black shadow in the corner of the room that was gradually twisting.

A black shadow walked out from the corner. It turned from a blurry shape into a woman.

The woman was wearing a light yellow dress and a silver bracelet on her wrist.

She had a bun on her head, but it was not a woman's bun. It was the kind that Yun Ying had not married.

Beautiful appearance, regular facial features, the most important pair of eyes, very big, very bright, as if able to see through the eyes, a trace of girly craftiness.

The light yellow dress accentuated the woman's figure, especially her tight chest, as if it would jump out at any moment.

Xu Bai raised his right hand and looked at the woman indifferently.

The woman in the light yellow dress smiled." Don't fight. I'm not an enemy. I'm here to help you.""

“Name, age, gender, and the purpose of your visit.””

He spoke very briefly, but there was a faint sense of confusion. If this woman could not give her a satisfactory answer, the next moment, her head would fall to the ground.

If he saw something he shouldn't have seen, he could only die.

The moment this woman appeared, he tried to use his soul to control her, but it didn't work.

The woman raised her hand and covered her mouth. She smiled gently, and the silver bracelet on her wrist was dazzling.

“I saw you being chased by the Dark Tower alone. I saw that you controlled the people of the Dark Tower. You must be an enemy of the Dark Tower.”

“The enemy of my enemy is my friend. I know where the A-grade information is, but you have to do me a favor.”

She stopped talking because the woman took a step back.

“He wants to kill me!”

The woman in the light yellow dress could clearly feel the murderous intent emanating from Xu Bai.

Why?

She did not do anything overboard, nor did she do anything extreme. Why did the other party's killing intent spread after just a few words?

Wait a minute!

The woman seemed to have understood something and quickly said,””Shadow Moon, gender female, twenty years old. The purpose of coming here is to cooperate with you.”

Simple and simple.

His answer was crisp and clear, without any hesitation.

Sensing the disappearance of the murderous aura around her, Ying Yue's eyes were filled with resentment.

“It is indeed like this...”

The murderous aura earlier was not because she had any hostility, but because she did not answer the question.

This man was so strange. Why didn't he know how to take care of women?

Shadow Moon felt that it was a mistake for her to appear. Her eyes rolled around, and the slyness hidden in her eyes grew stronger.

Xu Bai didn't know the woman's purpose, but he was sure that she didn't know his identity.

If they knew his identity, they would have called him by his name.

Thinking of this, Xu Bai smiled.

If this smile was seen by someone familiar with him, they would sigh in admiration.

—He's here, he's here, he's here, he's here with business.

When Shadow Moon felt the gaze, she heard a voice that gave her goosebumps.

"Do you want to trade?"

Do you want to make a deal?

This sentence was like a dream in the dark night, constantly appearing in Ying Yue's mind.

"What kind of deal do you want?" Ying Yue's eyes rolled around, but her slyness didn't decrease in the slightest. However, her smile was a little forced.

It was indeed forced. She didn't know why, but when this man said this, she felt like she was being pulled onto a boat.

“Of course it’s a deal. It’s a business.” Xu Bai smiled and said, “If you agree, we’ll be business partners. If you don’t agree, I’ll have to kill you.””

Ying Yue quickly took a step back, her big eyes filled with vigilance.

How could this be called a business?

If he could do it, then it was good. If he couldn’t do it, he would kill himself. What kind of business was this?

Although she was cursing madly in her heart, Shadow Moon still understood the meaning behind it.

There’s still room for discussion!

That’s right, there was something to talk about.

Ying Yue felt that this man was ridiculous, but at least they could negotiate. If they could negotiate, then everything would be fine.

“If you want A-grade information, there is actually a very good way.”

Initially, she had planned to wait. After all, this was the first time they had met, and they were going to do business directly. No matter what, they had to show some manners.

However, judging from Xu Bai’s intentions, it was better to be simple and direct. Otherwise, it might be her turn next.

Xu Bai still had that smile on his face. He looked quite friendly, and it made people forget the murderous aura he had before. “What is it?”

Shadow Moon didn’t say anything. She bit her lip tightly. Due to her short stature, she looked up at Xu Bai. Her light yellow dress made her fair face look even redder.

“I understand what you mean. Cooperation is about mutual benefit. You can tell me what you need my help with.” Xu Bai said.

As long as he could obtain information about A grade and find that mountain, everything would be worth it.

As for this woman...

When the beautiful girl was beaten up by the game, she would definitely cry loudly.

“If you join the studio, we can help you obtain first-class information in the dark building.” Ying Yue said very directly.

Film studio?

It was another extremely unfamiliar word. Xu Bai looked at Shadow Moon back and forth a few times before saying it in a calm tone.

“A photo studio...What is it?”

“A photo studio is nothing.” Ying Yue answered instinctively, but he felt that something was wrong.

The studio was indeed not a thing, but it was still a thing. Whether it was or not, it was not a good name.

[illegible]

“No! How could he not know about the studio?”

Shadow Moon seemed to have thought of something. She covered her mouth with her hand that was wearing a silver bracelet. Her face was filled with surprise, and her clear eyes widened as if she had just seen the weirdest thing in the world.

"You don't know about the film studio? Are you a newbie?"

That was impossible...

Shadow Moon was originally here to monitor this branch. At that time, she saw that the people from this branch had all chased after them. However, her strength was not strong. She only had some special spiritual abilities, so she could not catch up.

Later on, she saw the group of people return, but she keenly sensed that the leader had changed.

This was the secret technique of her profession. Her profession was called Dream Master. Her methods in the soul were unfathomable, so she was able to detect some abnormalities.

Therefore, this person was powerful. How could he not know about the studio?

It should be known that as long as one was in the martial world, whether it was the Great Yue State or the Great Chu State, those who had reached this level of strength should know that secret.

Shadow Moon looked at Xu Bai suspiciously, as if Xu Bai was lying to her.

Xu Bai coughed to cover up the embarrassment of his lack of knowledge and said, "You don't need to understand this. What exactly is a photo studio?"

Sigh, it seemed that if there was a chance in the future, he would have to learn more about the various industries. Otherwise, he would always be useless except for being able to fight.

The mighty Prince Xu, the tyrant of Great Chu, was actually a newbie?

If this were to spread, many people would probably laugh their teeth out.

When Shadow Moon heard this, she carefully sized up Xu Bai with her big eyes. She didn't see any flaws.

Although he didn't know why, this person was like a tender newbie, but since they were working together now, he naturally said everything.

"A long time ago, the Dark House was not called the Dark House, but the Shadow House. It was divided into the Dark House and the Shadow House."

"The Dark Tower is responsible for supervising the officials and solving the dirty things in the dark for the emperor. The Shadow Tower is responsible for monitoring the martial world."

"The two of them have their own duties and their own paths. Originally, no one owed the other, and they did not interfere with each other."

"However, due to an accident, the studio made a mistake and was tricked by the head of the Heaven Inspectorate."

"The same is true at that time, the dark building seized the opportunity, stripped the shadow building out, and completely turned the dark building into the world of the dark building."

"After that, a portion of the people from the studio were unwilling to stay and came out alone in an attempt to take revenge."

At this point, Shadow Moon stopped talking.

Everything was clear after that. Xu Bai was a smart person. After connecting the clues together, he had already figured it out.

The Shadow Moon in front of him was obviously from the independent part of the studio. She was probably hiding in the dark. As long as there was a chance, she would completely topple the Dark Tower.

Chapter 715: Heaven Inspectorate, Head Supervisor! (8000) _2

However, Xu Bai's thoughts were not on this. He heard a new term.

—Head office.

This was a famous figure in the Heaven Inspectorate. He had always lived in the capital's Zhai Xing Lou. When Xu Bai entered the capital, he had never seen him.

However, when he was drinking with Eunuch Wei, he had heard him mention it.

This was a Saint Realm Fate Master.

It was said that he had already reached the ninth level of the Saint Rudiment Stage, but he had been stuck at this position for a long time and had no fate to become a Saint.

In this world, there was not a single Saint. As for the reason, no one knew.

In any case, it was just a step away from being able to completely enter the Saint Realm.

The Head Office was in charge of the Heaven Inspectorate, and even Eunuch Wei couldn't beat him.

However, due to his special profession as a Fate Master, the Chu Emperor was very at ease.

This profession had a characteristic, which was that it needed to be tied to the country.

If the country is strong, then the fate will be stronger.

Therefore, the Head Secretary felt that he had been unable to become a Saint because there was no unification.

What Xu Bai didn't expect was that the head office was so capable that it directly split the Shadow Tower into pieces, turning it into the current state of disintegration.

“Good heavens, it’s a good thing this woman doesn’t know my true identity. Otherwise, I’m afraid the people from the photo studio would have come to kill me.” Xu Bai thought.

His identity was mainly Prince Xu.

Back then, when the Emperor of Chu conferred him the title of King, other than Prime Minister Wen’s tacit approval, there was also someone else who had silently helped him.

—Head office.

Xu Bai had learned about this when he was drinking with Eunuch Wei. At that time, Xu Bai had wanted to visit the head office, but he had failed.

Therefore, he was in cahoots with the head office. If the people in the studio found out, then the people who wanted revenge would probably come in waves.

Thinking of this, Xu Bai had already begun to ponder. He might as well kill this woman.

When Shadow Moon saw that Xu Bai had not spoken, she thought that Xu Bai was shocked by what she had said, so he was in a normal state.

But now that the sky was getting darker, Ying Yue did not want to stay here any longer, so she directly pointed out the main topic.

“If you want to see the information of A grade, besides the three paths that person mentioned at the beginning, there is a fourth path.”

“You only need to capture a person from the studio and you will be able to advance by one level.”

“That simple?” Xu Bai muttered.

He didn’t expect it to be such a simple method, but even though it was very simple, he could hear some details.

If he could capture the studio, he would be able to advance.

Looking at the pace, it seemed that the photo studio was not recognized by the Emperor of the Great Yue State. Otherwise, how could there be such a good reward?

Thinking of this, his eyes became more and more suspicious.

” I know what you’re thinking,” Shadow Moon said without hiding anything.” You’re right. We’re indeed like street rats now.””

“At that time, we didn’t use poison to control others, so we were able to easily become independent and use special methods to hide.”

“But you have to believe us. As long as we demolish the dark building, the photo studio will naturally become the former photo studio.”

“Because at that time, when His Majesty has no one to use, he can only use us.”

Xu Bai raised his eyebrows.

Actually, he didn’t care about these things. He didn’t care about the secret agency or the photo studio at all. He just wanted information.

“In that case, what do you need me to do?” Xu Bai asked.

Now that everything was clear, he could return to the original point and return to the essence of this matter.

Doing business was called doing business. Since Shadow Moon could help him, then he also needed to pay something.

“I need you to use this identity to successfully obtain the rights to the A grade information. After that, help us investigate something.”

“Investigate what?” Xu Bai continued to ask.

Shadow Moon shook her head and said, “You don’t need to know about these things. You’ll understand when the time comes.”

“Just checking things?”

“That’s all.”

“Good!” Xu Bai agreed readily.

However, he still had a doubt in his heart.

“You could have arranged for someone to come. Why did you come to me?”

In such a situation, it would be most appropriate to infiltrate the enemy and arrange for their own people. Why would they come to find an outsider?

“Do you think it’s easy to enter the Dark Tower?” Ying Yue’s eyes widened as she cast a sideways glance at Xu Bai.

“If you want to enter, you have to go through layers of screening. That’s even harder than ascending to the heavens.

“However, you have such a brilliant disguise technique. I’m afraid no one will be able to recognize you. Now that you have an identity, it saves you a lot of trouble.”

“When you complete the matter of the ‘Goddess’, when you are about to advance, there will only be one person who is one level higher than you. As long as you don’t have the expertise in the divine soul like me, there will be no way to find out about your abnormality.”

“Before this, we will gather information about your current identity. As long as you remember it and can imitate it exactly, then you are really sure.”

Xu Bai thought for a moment and said, “What if they send someone with a special skill in the soul?”

“I’m gonna kill you” “If I’m here, I can help you escape the detection of the divine soul.”

Xu Bai nodded. He had nothing more to ask.

Since there was a simpler method, he did not have any objections.

“We will come to help you in ten days because I have to go back and report this matter.”

“Before that, these people cannot die. If they want to die, they will die ten days later.”

These people were the members of the Dark Tower controlled by Xu Bai

“When the time comes, we will send a death warrior. As long as we capture him, you will be fine.” Shadow Moon added.

After saying this, she asked Xu Bai if he had any other questions. After knowing that Xu Bai was fine, she left.

Xu Bai watched as Shadow Moon disappeared into the shadows. Thinking about what had happened today, he couldn't help but smile.

No matter what, he had to take one step at a time. Once he got the news, he would go to the mountain and find the progress bar and secrets inside. That was the proper thing to do.

Thinking of this, Xu Bai turned his head and looked at the four people who were stunned. He took out the book in his arms and continued to work hard.

While Xu Bai was making some progress, something was happening in the capital of the Great Chu State, which was extremely far away from the Great Yue State.

Zhai Xing Lou.

This building was divided into nine floors, and each floor was guarded by countless experts. The entire Heaven Inspectorate was forbidden from entering the ninth floor unless there was something important to report.

At this moment, outside the ninth level, a group of armored soldiers were guarding it. Together with the experts in the dark, they surrounded the place tightly.

In the elegant room, there was only simple furniture. A white-haired old man and a middle-aged man were sitting opposite each other, and there was a chessboard between them.

The two of them were playing chess, but it was obvious that the middle-aged man was at a disadvantage.

"Yes, this one took the wrong step."The Chu Emperor very naturally removed a chess piece and placed it in another place.

The white-haired old man sitting opposite him had a kind face, but his eyes were extremely deep, like the night. If one looked closely, one's soul would collapse and one would wish that they were dead.

"As a ruler, your words should carry weight. As a good chess player, you should not regret your move."The white-haired old man was dressed in white, and he gently pressed down on the Chu Emperor's hand.

The Chu Emperor flung the white-haired old man's hand away and said,"I am the emperor, not the chess player."

After saying that, he moved to another seat.

The white-haired old man ignored him. It seemed that he did not want to argue anymore, but he did not continue playing chess. Instead, he suddenly said,

“Your Majesty, your performance this morning was very good. That angry look was as real as it could be.”

“Acting?” When the Chu Emperor heard this, he was somewhat disappointed. “I have truly shown it. Now, I need Director Mu to give me a reasonable explanation. Otherwise, I will cut off your head.”

The white-haired old man still looked amiable, and it was difficult to combine with his terrifying identity as the head of the company.

In the entire pugilistic world, and even in the entire officialdom of Great Chu, when they heard the word ‘generalissimo,’ they would tremble.

Although the Heaven Supervision Bureau was only in charge of the matters of the martial world, once the matters of the martial world involved the officialdom, the Heaven Supervision Bureau would be in charge.

Not long after the Great Chu State was established, there was an official who had dealings with people in the martial world and was corrupt.

Moreover, this official was a high-ranking official in the capital, and had even fought his way here with the Chu Emperor.

At that time, when the people from the Heaven Inspectorate were patrolling, they were chased out by this official. Everyone thought that this matter would be left unsettled.

However, no one expected that the white-haired Director Mu would personally step into the official’s residence.

Not long after, he came out with a head. Moreover, the emperor had even tacitly agreed to this matter.

From then on, people became even more fearful of Director Mu.

After saying this, the Chu Emperor put down his hand and waited for Director Mu’s reply.

Although Director Mu was old, his eyes were as dark as the night, deep and wise.

“Your Majesty loves talents, this lowly official naturally knows that. But this matter, besides Prince Xu, no one else can do it.”

“Shadow Moon has already established a relationship with Prince Xu. The A grade information is extremely well hidden, and even this lowly official cannot infiltrate it, but Prince Xu can.”

“The Thousand-faced Female Bandit can change people’s appearance, but no one is more suitable than Lord Xu because his Life Providence is a Fateless Man.”

“Only such a rare person can cause a fire in the rear of the Great Yue State.”

The Chu Emperor did not say anything. He stared at Director Mu calmly.

Director Mu knew what the Chu Emperor meant and continued, “If the Dark Tower and the Shadow Tower are destroyed, then the defense of the Great Yue State will be out of control. When we deal with the Barbarians, the Great Yue State will definitely not interfere because they are already in trouble.”

“After we get rid of the Barbarian Race, the Great Yue State will be a turtle in a cage. By then, we will truly unify the world.”

When the Chu Emperor heard this, he stretched out his hand and messed up the chessboard in front of him. No wonder the world is full of the power of the sion.

He seemed a little irritated.

“Is it important to leave the Saint Realm?”

“It’s very important.” “What is Your Majesty’s dream in this life?” Director Mu replied.

“My dream?” The Chu Emperor pondered for a moment. “I will flatten the entire world, including the Bizarre Market. I will return the world to peace so that the people of Great Chu will no longer be baptized by the flames of war.”

“If we don’t kill the barbarians, the Great Yue State, and the Bizarre Market, my people will always have a sword hanging over their heads. How can the country be peaceful?”

Director Mu smiled. His smile was very calm. His eyes were still as deep as the night, but they gradually became spirited. “This humble subject’s dream is also Your Majesty’s dream. The stronger the Great Chu Country is, the more this humble subject will have the chance to take the final step. Only after taking the final step can...”

Director Mu didn’t say anything else after that. He shut his mouth as if he had never said anything.

“You have something to hide from me, but you have been unwilling to say it. It seems that you want to say it today.” the Chu Emperor said slowly.

” I’ve reached the peak of the Saint Plane,” Director Mu said.” I’ve broken through the shackles, but I didn’t. Instead, I saw something.””

“I saw the past, saw the depletion of resources, and even saw people in the industry die of exhaustion.”

The Chu Emperor frowned.

He knew very well about the era when resources were exhausted. It was an extremely dark era.

“Your Majesty, as long as the Bizarre Market is unified, will we really be able to circulate the resources?” Director Mu stood up.”

The Chu Emperor shook his head.”

He didn’t understand why Director Mu would mention this now, but he knew that there must be something wrong.

Director Mu picked up the tea beside him and poured it on the table. He dipped his fingers on the table and kept writing and drawing. As he wrote, he began to talk.

“I don’t know if those conclusions are correct or if they can really achieve a true cycle, but I want to give it a try. If I can really become a saint, perhaps even if the resources are exhausted, I can still protect Great Chu.”

The Chu Emperor smiled and waved his hand, indicating that he shouldn’t say these words. He was already tired of hearing them.

Director Mu didn’t say anything else. He restored the chess pieces that the Chu Emperor had placed down one by one.

Very quickly, he returned to his original position. Every time he restored a pill, the Chu Emperor’s eyelids would twitch.

"I don't want to play anymore."

"His Majesty is going to lose."

"Nonsense, I don't want to play anymore."

"I understand. Your Majesty has admitted defeat."

"Come, come, old fart, continue!"

The Chu Emperor rolled up his sleeves without any grace. However, he didn't continue as he had said. Instead, he changed the topic.

"Why didn't you tell Shadow Moon that the person he met was Xu Bai?"

Director Mu shook his head and said, "This girl worships Xu Bai, so I can't tell him."

"Since it's admiration, then tell her that she should do her best." The Chu Emperor asked.

"Your Majesty." Director Mu raised his head, his eyes deep. "The most unpredictable thing in this world is feelings."

"If she knew Xu Bai, it wouldn't reduce her determination to die, but I can't guarantee that Xu Bai will stop her."

The Chu Emperor slowly said, "According to my understanding, Xu Bai isn't that kind of person. He knows the general trend very well."

Director Mu raised his left hand and opened his fingers, hooking them one by one.

He read out a name for every tick.

"Chu Yu, Ye Zi, Liu Xu, Qing Xue... There are many unknown Your Majesty, outstanding men are extremely attractive to the opposite sex, he is young, can't control ah."

"I don't know the exact extent of his relationship with these women, but I have to minimize my failure."

"Old fox." The Chu Emperor sighed. "You're really ruthless. Shadowmoon's surname is Mu."

Director Mu's eyes dimmed slightly. He opened his mouth and wanted to continue speaking, but before he could say anything, he heard a shout.

"Old man, you're really f * cking ruthless!"

A figure flashed past, grabbed Director Mu's collar, and pushed him against the wall.

"I don't have a problem with you sending your daughter to her death. After all, she's your daughter. However, you schemed against Prince Xu this time. Shouldn't you explain it to me?"

Director Mu was old and white-haired, but he looked very helpless in Eunuch Wei's hands.

"Eunuch Wei, there are rumors in the martial world that Xu Bai is your illegitimate son. Is it true?"

"Get lost!" A gray thread appeared behind Eunuch Wei.

"Stop!" "Xu Bai is a man without a life," Director Mu hurriedly said. "Besides, I have many plans this time. I can guarantee that nothing will go wrong."

Eunuch Wei loosened his grip, turned around, and bowed to the Chu Emperor before leaving.

Before he left, he left a sentence.

"If anything happens to Prince Xu, I know I'm not your match, but I'll risk my life to fight you."

Eunuch Wei quickly disappeared.

After Eunuch Wei left, the two of them heaved a sigh of relief.

"Why didn't you fight back?" The Chu Emperor teased.

"Old Wei is a little too rough." Director Mu lowered his head and tidied up the wrinkles on his body. "If it weren't for the fact that I caused his injuries, I would definitely make him suffer today."

"I've got to get to the bottom of it" The Chu Emperor waved his hand. "You always say the same thing. You never fight back. I still have things to do, so I'll take my leave first."

After saying this, the Chu Emperor didn't stay any longer and directly turned around to leave.

After the Chu Emperor left, the place fell into silence once again.

General Secretary Mu came to the window of the ninth floor. Looking out the window, he looked at the dark night outside and sighed faintly.

His eyes, which were as deep as the night, actually hid a trace of fear.

Many thoughts flashed through his mind.

“Your Majesty, it’s not that I don’t want to say it, but I can’t.”

“When I broke through my shackles, I saw something extremely terrifying.”

“It’s a thousand times more terrifying than the Bizarre Market. It’s a scorched land, and it’s filled with the sky and earth. There are also countless terrifying phantoms.”

“Perhaps, only a saint can compete with him.”

Director Mu sighed, turned around, and returned to his seat, closing his eyes.

Of course, Xu Bai didn’t know what was happening here, because he had been checking the progress bar all this time.

Chapter 718: Heaven Inspectorate, Head Supervisor! (8000) _5

Other than that, he used his divine sense to control the other four people in this branch, making them move according to their previous methods.

Of course, even if these four people left, someone would come to this place from time to time, like now.

A girl in a light yellow dress was staring at Xu Bai with her eyes wide open. At the same time, she would take out one or two snacks from her pocket and stuff them into her mouth from time to time.

Xu Bai was a little speechless by this unbridled gaze. “Don’t you have anything proper to do?”

Ever since a few days ago, Shadow Moon came to look for him and said that the studio had agreed, she had not left since then. She said that she wanted to cooperate with Xu Bai when the time came.

However, during this period of time, this guy actually started to freeload here.

Not only were they freeloading on food, but Xu Bai had also controlled the four people to buy all kinds of snacks.

The most ridiculous thing was that not only did they eat it, but they also hid it secretly.

Was this what a studio should do?

If everyone was like her, they would probably be gone a long time ago, right?

Xu Bai even doubted his original decision. He shouldn't have partnered with this woman.

Ying Yue's cheeks moved as she mumbled, "I want to cooperate with you. Do you think I want to be here?"

She said she didn't want to, but her body was very honest. She grabbed another handful of snacks and stuffed them into her mouth.

"Have you never eaten in your life?" Xu Bai asked.

Ying Yue raised her head and thought about it carefully: "Yes, but the studio doesn't have the support of the emperor. All the expenses have to be thought of by themselves. It's very difficult to make money these days."

Xu Bai pressed down on Shadow Moon's head and spun it slightly.

Under Xu Bai's force, Shadow Moon automatically turned around and sat with her back facing him.

"Turn around and eat. You're disturbing me."

"Oh." Shadow Moon wasn't angry at all. She turned her back to Xu Bai, leaving him with a beautiful back view as she continued to eat.

Xu Bai stared at the progress bar in his hand. At this moment, the progress bar was getting closer and closer to perfection. He estimated that he would be able to finish it today.

This book was obtained from a trevally in the ruins. Although Xu Bai could not understand the words on it, he was more and more curious.

Only things that he could not understand could arouse his curiosity.

Xu Bai continued to watch, ignoring Shadow Moon.

Time slowly passed. In the blink of an eye, the progress bar became more and more complete. However, at this moment, Xu Bai's sharp senses sensed that the cracking sound had disappeared.

A small head stretched out and stopped in front of Xu Bai.

"What do you want to do now?" The veins on Xu Bai's forehead bulged. He really wanted to twist his head off.

Too annoying, really too annoying. I've been in the underworld for so long, but I've never met such an annoying woman. So annoying!

"Qin Feng, I want to ask, have you heard of Xu Bai?" Ying Yue was expressionless on the surface, but there was a hint of curiosity in the depths of her eyes.

Qin Feng was Xu Bai's alias. As for where he got it from, it was naturally that fishing guy from Gu Yue Sword Sect.

Anyway, this name was ordinary, so there was no big problem.

However, after hearing Shadow Moon's question, he suspected that he had heard wrongly.

Xu Bai?

Why was this name exactly the same as his?

"Are you talking about Xu Wang?" Xu Bai felt that he had to confirm it first.

"Yes, yes, yes." "Tell me about it." Shadow Moon nodded quickly.

"What do you want his information for?" Xu Bai glanced sideways at Ying Yue.

He was a little confused. Why was this woman asking about him? Could it be that the studio had a plan against him?

It was highly possible. After all, he was now the King of Great Chu. What he had done in the past had made the Great Yue State and the Barbarian Race hate him to the bone.

"Oh, it's nothing. I'm just more interested. After all, we're all young people." Ying Yue said casually.

His expression made it seem as if he was speaking the truth.

Xu Bai thought for a moment and said, "I've heard rumors about him in the Jianghu. This person really rose from the bottom." "

Shadow Moon tried her best to maintain a calm expression, but her eyes could not help but shift to Xu Bai. "Then do you know what he looks like? The studio no longer has the intelligence ability of the past, so we can only hear a rough idea."

Xu Bai didn't continue to answer but reached out to Shadow Moon.

"What do you mean?" Shadow Moon's big eyes were filled with doubt.

"A deal. I'm a businessman. If you want to know what he looks like, then let's make a deal." Xu Bai's face was filled with certainty.

Ying Yue was stunned for a moment, then finally gritted her teeth and turned her head away.

This man was too hateful. Everything was a transaction. Now, it was equivalent to chatting and using a transaction as a form of exchange.

He refused.

He was determined not to give it!

After a while, Shadow Moon saw Xu Bai continue reading, as if he wouldn't say anything if he didn't give it to her.

Left with no choice, Shadow Moon gritted her teeth and took out a talisman from her bosom, throwing it into Xu Bai's hand.

"Dream Talismans are one-time items in our industry. They can create a huge dream world and prevent others from coming out of the dream world."

Xu Bai held it in his hand and looked at it carefully. He felt that it was better than nothing, but he still put it away.

Shadow Moon looked over again.

Meeting Ying Yue's gaze, Xu Bai shamelessly spoke slowly...

"Xu Bai, that is an incomparably handsome young man..."

I Have Unparalleled Comprehension #Chapter 719: New Skill (1) - Read I Have Unparalleled Comprehension Chapter 719: New Skill (1)

Chapter 719: New Skill (1)

Xu Bai didn't doze off at the mention of this. He could talk about this all night.

When praising oneself, if it was in front of an acquaintance, it might not be easy to praise. However, if it was in front of a stranger, the praise would be like a torrential river, endless.

Was he handsome?

Of course, he was handsome. His face was indeed very handsome.

And he wasn't lying. He was indeed handsome.

Xu Bai continued, "Not only is he extremely handsome, but his figure is also tall and straight. He naturally exudes a kind of temperament that makes countless women fall in love with him. In short, he is a handsome and elegant genius."

Xu Bai was so thick-skinned that he didn't care about anything at all. The more he praised, the more excited he became. After nearly five minutes, he finally stopped.

"Eh, do you like to hear about him?" Picking up the tea beside him, Xu Bai took a sip. Only then did he realize that there was something wrong with Shadow Moon's expression.

As he was talking about his own matters, Shadow Moon placed her hands under her chin and clenched them into small fists. She did not even eat her snacks and just stared at Xu Bai with her bright eyes.

As Xu Bai got more and more excited, a hint of excitement flashed in Ying Yue's eyes.

Xu Bai was too familiar with this light.

The little girl from Miaojiang had the same look.

"Good heavens, could it be that even if my reputation spreads to the Great Yue State, there would still be people who admire me?"

"Indeed, sometimes, handsomeness knows no boundaries."

Xu Bai took another sip of tea before putting down the teacup and continuing to look at the progress bar in his hand.

"No more?" Shadow Moon quickly recovered from her infatuated state and rolled her eyes at Xu Bai. "You have the nerve to trade with me with just these few words. Return the thing to me."

Her fair little hand reached over, and there were still some snacks on it. Shadow Moon seemed to be very unconvinced.

"When the goods are sold, there's no return or exchange." Xu Bai took two steps back from the stool and sat down again. He had an expression that said, "What can you do to me?"

"Besides, you should talk about me instead of him. Am I not better than him?"

"You?" Shadow Moon's face was filled with disgust. "That's the Bloody Butcher Blade. How can you compare yourself to him?"

Xue Tu?

Machetemen?

When Xu Bai was calm, there was nothing that could make him more irritable than these two words.

Hearing these four words, he lowered his consciousness and touched his waist. Only then did he remember that his knife had already been broken.

"Hu..."

After taking a few deep breaths, Xu Bai turned his calm eyes to Shadow Moon, and his gaze revealed a meaning.

You little girl, you've managed to survive.

Shadow Moon did not notice Xu Bai's abnormality and was a little dispirited. After all, Xu Bai did not continue.

She hugged her snacks and started eating again. Of course, she was eating with her back facing Xu Bai, leaving Xu Bai with a curvaceous back view.

"I say, you're just a member of a photography studio in the Great Yue State, why would you care about that Prince Xu of the Great Chu State?" "If the people in the studio find out about this, you'll be in big trouble." Xu Bai said with interest.

Shadow Moon didn't turn around, stuffing a handful of snacks into her mouth and said in a muffled voice, "Go ahead and tell him. We're in the same boat. Besides, I'm not doing this for any other reason. I'm just trying to get information about the enemy. After all, Xu Bai is our enemy."

Xu Bai was speechless.

He felt that it was especially difficult to communicate with this little girl. She had clearly shown it, but she was stubborn.

It was not good to be stubborn, especially when one needed to use their mouth.

Xu Bai was too lazy to care about her. Not talking could make him quiet. Other than the sound of snacks being chewed, he didn't care about anything else.

He focused his gaze on the golden progress bar again. Under Xu Bai's gaze, the golden progress bar continued to grow slowly.

Time gradually passed. In the blink of an eye, another incense stick of time had passed, and the golden progress bar was finally full.

The next moment, a light blue mist appeared in front of Xu Bai's eyes. Only he could see it.

The light blue smoke was gradually gathering. After a moment, it gathered into a new line of words.

[You have studied the mysterious book and comprehended the Shanghai Sect's Divine Summoning Technique.]

[You have studied the mysterious book and comprehended the Sea Sect Inviting Divine Technique.]

Xu Bai: "???"

Something was wrong, something was very wrong!

"This thing was clearly taken from the trevally. How can it be a divine spell?"

"And what the hell is the Shanghai Sect!"

"Wait, there are mountain sects and sea sects. The mountain sect is equivalent to summoning. Could it be that the sea sect has descended on me?"

Many thoughts flashed through Xu Bai's mind, but he didn't have time to think about it because after the light blue smoke disappeared, new words formed.

The fusion continued.

The mental cultivation method and the skill fused together, and brand new words appeared in front of Xu Bai's eyes.

[Fusion option found. Fusion in progress.]

[The Sea Sect's Divine Summoning Technique + the Myriad Forms Heavenly Divine Attraction Technique = the Myriad Forms Heavenly Attraction Mountain and Sea Technique.]

[Sea Sect invites Divine Technique + Mountain Sect invites Divine Technique = Mountain Sea invites Divine Technique.]]

[Fusion successful!]

Information flowed into Xu Bai's mind. At the same time, the light blue words disappeared completely.

Xu Bai closed his eyes and carefully savored the information in his mind. After two to three minutes, he opened his eyes again.

The latest attribute panel appeared in front of him.

” Comprehension: Maximum level.”

His strength had reached Extraordinary Rank-8, and there was a qualitative increase. His Quintessential Essence had also been greatly strengthened, but these were not the main things. The most important thing was another skill.

Mountains and Seas, please use the divine technique!

The divine summoning technique that combined the mountain sect and the sea sect already possessed powerful strength.

Not only could he absorb a portion of the power of the god he invited, but he could also invite the so-called god to come before him.

In other words, not only did he have the ability to summon, but he also had the ability to extract a portion of the summoned creatures.

The extracted ability was 10% of the summoned creature's ability.

To put it in simpler terms, the stronger the summoned creature, the stronger he would be.

Don't underestimate this 10%. 10% of 10 is 1, but 20% of 100 is 10. The two cannot be equated.

As his strength grew stronger in the future, he would be able to increase his strength accordingly. After all, this was not a fixed number, but a percentage.

Moreover, he could also increase the level of the other two skills. The higher the level of those two skills, the higher the level of improvement.

“Not bad. Unfortunately, that guy is really a genius.”

Xu Bai’s eyes were filled with a complicated expression.

“I didn’t expect that fat guy to open up another path when the resources were exhausted.”

“No wonder, no wonder those fish had already turned into Mindful Gods.”

“This guy is resting his spirit!”

As far as Xu Bai knew, the so-called things invited by the gods were related to him.

For example, the person he invited was related to him. That white-robed madman, Liu Qingfeng, had interacted with him many times.

The jack was actually the successor of the God Seeking Sect. After the resources were exhausted, he found a new way to live.

The fish he raised were all gods he had invited.

However, after these things were invited by him, they were actually extracted from his body and poured into the fish’s body, which was how he raised the pond of fish.

As time passed, the fish in the pond slowly turned into the Divine Consciousness.

"I don't know if he's a genius. At least in my opinion, to be able to come up with such a method in an era where resources are exhausted, although it's disgusting enough, at least he survived." Xu Bai thought to himself.

Of course, this was just a thought. He only thought about it for a moment and did not think about it anymore.

Dispelling the thoughts in his mind, Xu Bai put down the book and took out the human skin that Gao Guan had given him.

Since it was still early, he would continue to work hard and seize the time.

Looking at the human skin in his hand and the tiny words on it, although he couldn't understand it, he felt a lot of emotions.

Xu Bai had always felt that Gao Guan was a person worthy of admiration.

In that era where resources were exhausted, they still held on to the beliefs in their hearts and walked on the path of the past, not afraid of death.

Even when he was about to become a Psyche God, he still went to deal with that old madman and died in the hands of the old madman.

How should he put it...If at that time, Xu Bai had changed his role, Xu Bai did not know if he would have done the same thing as Gao Guan.

Perhaps the vast majority of people in this world would be like that man-eating old Taoist priest or the trevally, and would no longer use the previous way of living.

Therefore, when Gao Guan gave him this human skin and asked him to help pass on the business of collecting corpses, Xu Bai agreed.

After doing business for so long, the number of times he didn't make a deal was very few. This was one of them.

However, he really couldn't understand the words on it, so he could only rely on the progress bar to learn.

When he finished learning, he would give the human skin to the Emperor of Great Chu and let him help him pass on this trade. Presumably, with his face, it should be possible.

Of course, it would be the same if he found a suitable person to teach him personally.

"Let's get the liver first." As Xu Bai thought about it, he continued to stare at the progress bar and began to work hard.

Kacha kacha, the sound of snacks was still heard.

Shadow Moon continued to eat, bite by bite, with her back facing Xu Bai. She had no intention of turning around at all.

Time gradually passed. In the blink of an eye, a night had passed.

“Phew... Phew...”

Not far away, Shadow Moon was curled up in a chair, her hands hugging her knees as she snored softly.

Because he was hugging his knees, there was an arc at the back of his waist.

Xu Bai did not sleep for the entire night. He could not stand the torture of the snoring.

Beauties also snored. No matter how beautiful a beauty was, she still had to poop and fart.

I Have Unparalleled Comprehension #Chapter 721: New Skill (3) - Read I Have Unparalleled Comprehension Chapter 721: New Skill (3)

Chapter 721: New Skill (3)

Why was Xu Bai single in the past?

He often thought that many people liked round buttocks, but that thing also had to shit and fart. This might be the reason why he was single.

“Wake up, wake up.” Xu Bai walked to the front and said expressionlessly.

When Ying Yue heard the voice, she opened her eyes in a daze. She rubbed her eyes with her hands. When she realized that it was Xu Bai, she cried out and covered her chest with her hands.

It was as if Xu Bai had taken advantage of him, but Xu Bai knew it best.

“Stop pretending. You’re as smart as a fox. Why are you pretending to be innocent and cute?” Xu Bai said with a calm expression.

This woman seemed innocent and pure, and when she was with him, she played herself as a foodie.

However, he knew very well in his heart that things could not be seen on the surface.

If this woman was just an ordinary person, perhaps all of this was true. But don’t forget this woman’s identity.

If he had such a personality, could he survive in the photo studio? Could he even escape the various searches of the Dark Tower?

The answer was no.

The so-called innocence was probably just a smokescreen.

“How long will it take for your men of sacrifice to be ready?” Xu Bai said.

This was not a question, but a confirmation, indicating that he was already a little impatient.

Ying Yue got up from the chair in a daze and rubbed her slender waist. She had a sad look on her face and her eyebrows were furrowed into a ball. “I don’t know either. I’m waiting for news. Otherwise, what do you think I’m doing here every day?”

Xu Bai thought for a moment and said, “I’ll give you one last day. You told me ten days, but I think it’s too long. If it doesn’t work, I’ll leave.”

Xu Bai knew that the longer things dragged on, the more troublesome it would be.

The time they had agreed on was ten days, but after a few nights of careful thought, there were still many risks involved.

So if he couldn’t do it tomorrow, then he wouldn’t do it.

As for how to get the news, he could just set foot in the entire Great Yue State and search for it one by one. He would not cause trouble, and he was not afraid of being found out.

When Shadow Moon heard this, her eyes rolled."Then I'll contact the people in the country."

As she spoke, she took out a jade token from her waist and pressed it with her finger. Then, she closed her eyes. After a moment, she opened them.

"Well, after my repeated urging, the higher-ups agreed. They will send the men of sacrifice over tomorrow. At that time, these four people can be killed first."

She placed her hands on her hips and looked as if she had done all the credit. She raised her little head and her face was filled with pride.

However, the next moment, she realized that her neck was tightened and she was lifted down by Xu Bai. She could not help but panic.

Shadow Moon used both her hands and feet, but she could not catch Xu Bai. She could only place her fair hand on Xu Bai's arm, her face full of surprise."What do you want to do? Let me tell you, if you want to do those things, you'll offend the studio. If you really can't take it anymore, I can go and find you two girls."

As she spoke, she stared at Xu Bai pitifully, as if Xu Bai was going to bully her.

"I'm not interested in a tablet," Xu Bai sneered." What I want to tell you now is, don't play any tricks on me. You should know what I'm talking about."

How could it be so simple to push the time forward so easily? Xu Bai thought that Shadow Moon must have done something to it.

Tablet?

Shadow Moon habitually ignored the last sentence, her eyes widening. She let go of her hand and held it in front of her chest, pushing it up forcefully.

It shook.

"Me?" Ying Yue said, stunned.

"Get to the point. Pay attention to the second half of the sentence!" Xu Bai was speechless.

"You said I'm not fair first?"

Xu Bai's mouth twitched," I really want to twist your head off."

Ying Yue snorted and turned her head away,"As you guessed, I intentionally extended the time."

“But this is all for your own good. The information we received was not long after this branch communicated with the others.”

“If you get a death warrior in a short period of time, it will arouse suspicion, so it’s good to postpone it.”

“I’m afraid that if I tell you, you’ll be too anxious and won’t agree, so I’ve been staying here for the past few days. If it’s really tomorrow, there’s enough time!”

Under Xu Bai’s pressure, she could only tell him everything.

Xu Bai let go of his hand and said, “Not bad. You can still justify yourself. Let’s do it tomorrow.”

Since he had explained it clearly, he did not have any intention of making a move. The sooner he resolved the matter and obtained the A-grade news, the sooner he would return to Great Chu and extort those kings with different surnames.

He could be truly free and unrestrained over there. It was better than being here, where he had to hide his identity.

Shadow Moon pursed her lips and touched her neck. There was already a handprint there.

This man didn’t know how to be gentle with women at all. He was too harsh.

With this thought in mind, Shadow Moon turned her back to Xu Bai and started munching on her snacks.

Xu Bai ignored her and looked at the progress bar in her hand as usual.

Great Chu, Capital City, Zhai Xing Lou.

Director Mu looked at the old man in front of him with a bitter and helpless expression.

“Old Wei, you really have to believe me. I can lie to anyone but you. How can I let Xu Bai die?”

I Have Unparalleled Comprehension #Chapter 722: New Skill (4) - Read I Have Unparalleled Comprehension Chapter 722: New Skill (4)

Chapter 722: New Skill (4)

“You are the head of the eunuchs and His Majesty’s close minister. You can’t stay here every day.”

“Besides, even if you came over to drink tea, you wouldn’t have beaten my subordinates to this extent, right?”

In front of Director Mu, Eunuch Wei calmly picked up an expensive teacup and drank the tea inside.

Behind Eunuch Wei lay seven or eight powerful people. These people were all Transcendents.

However, these people all had injuries on their bodies. It was obvious that Eunuch Wei had beaten them.

“I wanted to come to your place as a guest, but they actually said that this place is a forbidden area. Tell me, with your relationship with me, does a forbidden area exist?” Eunuch Wei put down the teacup in his hand and said indifferently.

Director Mu shook his head. “Our relationship doesn’t need any special circumstances. If it weren’t for you in that battle, I might have died a long time ago. It’s also because of this that you fell behind today...”

He didn’t say the rest of his words. Obviously, he was afraid of touching Eunuch Wei’s scar.

“I don’t care about these things anymore.” Eunuch Wei poured himself another cup of tea. “Now, I just want a promise from you. As long as you give it to me, I’ll leave immediately.”

“What promise?” Director Mu asked.

“Protect Xu Bai!” Eunuch Wei said slowly.

Director Mu’s expression became especially strange. “Old Wei, people at our level are spreading the rumor that Xu Bai might be your illegitimate child.”

“Pa!”

The teacup shattered.

Eunuch Wei stood up. “There are some things that you can’t talk about. You can’t talk about them. Prince Xu and I are friends.”

Director Mu had an expression of understanding.

"Tell me, I only want one word from you." Eunuch Wei stopped drinking tea and placed the broken teacup on the table.

Director Mu saw this scene and nodded directly. "Eunuch Wei, don't worry. I promise you that Xu Bai will be safe and sound."

Hearing this, Eunuch Wei didn't waste any more time. He stood up and walked out. His figure flashed and disappeared.

It seemed that as long as the head office promised, Xu Bai would be safe and sound.

After Eunuch Wei left, Director Mu looked at his subordinates lying on the ground, and his face gradually turned cold.

"Stop pretending. Get lost."

The seven or eight Transcendents lying on the ground quickly got up and disappeared from the room after hearing this.

Director Mu bent down, picked up the broken teacups, and threw them into the trash can. Then, he found a new teacup, poured himself a cup of tea, and quietly took a sip.

The tea was very hot, so he could only drink it in small sips. Before he could finish it, he saw a person walk out from the shadows beside him.

This person was wearing a green robe. He was handsome and had a long sword at his waist.

If Xu Bai was here, he would definitely be able to recognize the person in front of him. This person was none other than Gu Yue Sword Sect's fishing man, Qin Feng.

"Done?" Director Mu asked.

Qin Feng's body still had the smell of soil. This was left behind by the river. Clearly, before he came, he had gone fishing for a few rods. However, his hands were empty, so he probably didn't catch anything.

"Lord Head Secretary, the item has already been delivered to the Great Yue State. It took a lot of effort. In order to safely deliver it, the Ancient Moon Sword Sect has wasted more than half of their resources."

"Your subordinate's shadow moon has already been received, so we can't get involved in the rest."

As he said that, he revealed a pained expression.

A true top force had spent more than half of their resources to pass through layers of blockades and send things in. This was a huge loss.

Director Mu could tell. He smiled and said, "If this matter succeeds, you will have made a great contribution. His Majesty will not be stingy when the time comes."

Qin Feng hesitated for a moment as if he had something to say. However, he did not dare to say it in front of this person.

There were beads of sweat on his forehead, as if the white-haired, kind old man in front of him was a huge terror.

"Do you know the difference between you and Xu Bai?" Director Mu asked.

Qin Feng shook his head, indicating that he did not know.

"When he faced Eunuch Wei, he was able to remain calm, neither servile nor overbearing, but you can't do that." Director Mu said.

Qin Feng was stunned. Then, he cupped his fists and said, "It's indeed impossible. However, it's impossible."

Director Mu shook his head. "I know what you want to ask. You shouldn't know about these things. If you fail, you won't be able to bear the consequences. Let's go. You've finished your work."

Qin Feng was silent for a moment before turning around and leaving.

His trip to the capital this time was not a coincidence. It was because Director Mu had already made a big move, and he was acting as a liaison.

Now that he no longer needed to contact them, he should leave and go back to fishing. It was better than staying in this creepy Zhai Xing Lou.

Very soon, Qin Feng left, leaving Director Mu alone in this huge room.

Director Mu stood up, walked to the window, and looked at the scenery outside.

"Daughter, I've let you down, but if you want to achieve great things and truly make this world a little better, there will always be sacrifices."

"Other people's children are also children, and my children are also children. Ordinary people have things that ordinary people should do, and I have things that I should do in this position."

The experts hidden in the dark couldn't hear his faint voice at all. Even if Director Mu said it openly, if he wanted others to not hear it, they wouldn't be able to hear it.

Chapter 723: New Skill (5)

Fallen Phoenix City.

Another day had passed since the last time, and Xu Bai still looked like a shopkeeper.

Beside him, Shadow Moon followed.

Shadow Moon continued to ramble on," Regarding the identity of the person you're acting as now, as well as all kinds of information about him, I've already told you everything last night. You must remember not to reveal any flaws.""

Last night, the two of them talked for a long time and explained all the roles he played. At this time, Xu Bai's every move was almost the same as the shopkeeper's.

Today, that man of sacrifice was coming over.

"The Deathsworn should have some important information, or else it would be impossible for me to advance by one level."Xu Bai asked.

Shadow Moon nodded." Of course there is. Moreover, the studio will pay a huge price. However, this is not something you need to worry about. You just need to find the A-grade information."

"Yes." " Yes, Master." Xu Bai agreed and waited patiently.

About half an hour later, a man covered in injuries was brought in by two other people.

The man had an ordinary face, but there was a huge scar on his face.

His ears were cut off, his eyes were blinded, and even his slightly opened mouth had lost his tongue.

After the other two people entered, they handed a piece of paper to Shadow Moon and left.

“He can’t hear, see, or speak?” Xu Bai frowned.”

Ying Yue handed the paper in her hand to Xu Bai and said,”Just say that this thing was found on him, and he used a secret technique to make himself unable to see, hear, or speak. He even became a fool.”

Xu Bai understood.

Although Shadow Moon did not answer his question just now, everything was already said without a word. The person in front of him was actually no different from a dead man.

Even if it was a death warrior, it was hard to guarantee that the news would not be leaked. Therefore, the person who was arranged to come was basically an idiot.

Xu Bai opened the paper in his hand and read the contents.”You guys are really willing to give up on the news of two branches.”

Shadow Moon did not answer, but it was self-evident.

If he didn’t pay a huge price, how could he obtain A-grade information?

Xu Bai put away the paper in his hand.””I will inform the people above now.”

Shadow Moon had taught him the method of informing him yesterday, so Xu Bai knew it.

“If someone with a divine soul comes down, I’ll help you, but I have to go now.”Ying Yue said and quickly disappeared into the shadows.

Xu Bai didn’t say anything when he saw this situation. After Shadow Moon left, he looked at the four people he controlled and snapped his fingers.

The four people in front of him all fell to the ground, no longer breathing.

After doing all this, Xu Bai took the paper and went out.

Walking through the noisy streets, he bypassed many small alleys and finally came to a coffin shop.

The coffin shop in front of him was out of tune with the surrounding noise. There were few doors and almost no one came and went.

After all, it was a coffin business. Many people would feel that it was unlucky, so of course, they would not interact with it.

Xu Bai imitated the shopkeeper and walked in with the paper.

This was another department of the Dark Tower. It did not have any other functions and was only responsible for communication.

After Xu Bai walked in, the middle-aged man at the counter quickly saw Xu Bai. His expression changed slightly, and he continued to look at the accounts.

Xu Bai walked over, took out a token from his waist, and placed it on the table.

The middle-aged man was slightly stunned as he picked up the token and examined it carefully.

After reading it over and over again, he bowed and said respectfully, "Sir, please follow me."

Xu Bai nodded and followed behind.

Not long after, the two of them arrived at the backyard and entered a secret room.

Xu Bai didn't waste any time and told him his purpose. When he said that he had captured a Deadpool and had important information, the middle-aged man was stunned.

However, this sluggish state did not last long.

The middle-aged man quickly reacted and cupped his hands. "Congratulations, Milord, on your upcoming promotion."

Of course, Xu Bai was very clear about all the details.

He imitated the actions of this identity and waved his hand, indicating that he should hurry up and report to the higher-ups. He did not want to talk too much.

The middle-aged man knew that he shouldn't say too much, so he turned around and led Xu Bai to a room. He asked Xu Bai to sit down and then left quickly.

After the middle-aged man left, Xu Bai sat on the chair and tapped his fingers on the table, thinking about what to do next.

The next segment was the most important one. However, after the higher-ups sent people over to confirm the results of his battle, he could be promoted by one level and receive an A grade news.

The biggest difficulty should be when the higher-ups sent people down. The studio would definitely not let this matter go to waste and would definitely help in secret.

When he got the news, he would change his appearance and go far away.

Perfect!

Thinking of this, Xu Bai felt a little more at ease and waited patiently.

As time passed, footsteps could be heard.

Xu Bai suddenly raised his head and looked outside the door.

The footsteps did not sound like the footsteps of the middle-aged man.

Light and agile.

A plump figure appeared in front of Xu Bai.

When Xu Bai saw this figure, he almost couldn't control his expression.

Chapter 724: Shadow, Testing (8000)

In this world, there were very few people who could make Xu Bai lose control of his expression. They could be counted on one hand.

However, the person in front of him almost made him tense up. Fortunately, his acting skills were superb. After a short moment of absent-mindedness, he quickly returned to normal and continued to play his role.

A woman in a Daoist robe walked in slowly. Her hair was in a messy bun.

However, the daoist robe on this woman's body was curvy and exquisite, revealing her beautiful figure to the fullest.

Although his face was calm, it was this otherworldly and calm temperament that added a sense of nobility to his originally intoxicating face.

With a Daoist robe and his iconic crooked hair bun, this person's identity was self-evident.

Female Abbey Dean, jade-faced.

Xu Bai couldn't understand why he would see her here. Logically speaking, it was almost impossible for him to see her here since he had come to the Great Yue State. Was this a coincidence?

"Could it be that this king is too handsome, so he followed me all the way? No, this king is using another appearance now."

While Xu Bai was thinking, the female Abbey Dean had already walked in from outside. Every step was steady, but she had a temperament that could turn all living beings upside down.

Her small waist was twisting so much that it made people want to put their eyes in it.

However, she did not twist her waist on purpose. She only swayed gently as she walked. She was even more attractive than those women who twisted their waists on purpose.

Coupled with the Taoist robe, Xu Bai suddenly had an extremely strange feeling.

That's right, uniforms!

He quickly thought of some weird things. At this moment, he realized that men not only loved high silk, but also loved certain clothes.

If the female Abbey Dean was wearing other clothes, she might also attract people's attention, but she did not have this attractive feeling.

Xu Bai was an expert among them. He and Ye Zi had tried all kinds of methods and were already experienced. Therefore, they only took a glance and quickly turned around.

He pretended to drink a mouthful of tea on the table, but he was muttering in his heart.

"Big... Bah! No, why did he meet her here? She probably doesn't know my identity. I have to pretend. I can't expose myself." Xu Bai steadied himself and thought to himself.

However, he could not hold it in any longer after hearing the next sentence.

The female Abbey Dean walked up to Xu Bai with light steps. She stared at Xu Bai's face and suddenly said narcissistically.

"When you see a stunning beauty, you should still take a few more glances. Otherwise, you wouldn't be able to disguise yourself well."

Xu Bai: "???"

What was going on?

The most important point was not that the female Abbey Dean admitted that she was a beauty, but the content of her words.

The female abbey dean actually knew the identity of her own body?

No way, I should have pretended pretty well. Even if I lost control just now, I shouldn't have guessed my true identity so quickly, right?

The female Abbey Dean raised her hand and pointed at her left chest. "When you gave me your ability, we had a connection. Therefore, no matter how you disguise yourself, I can find you immediately."

Xu Bai was speechless.

Alright, even though he didn't know the exact principle, in this fantasy world, no principle could be explained by science.

Now that the female Abbey Dean dared to come to him alone, she must be safe, so Xu Bai just looked at her.

The Abbey Dean raised her hand slightly, indicating that he should look at her face and not look at other places. "I'm much older than you and can be considered your senior. Your gaze should be a little more stable."

Xu Bai then moved his gaze away and said, "This is nature."

The female Abbey Dean frowned.

” Men all like round things. Even if you put two balls on the table, I will look at them for a while.” Xu Bai said righteously, as if his gaze just now was very normal.

This time, it was the female Abbey Dean’s turn to be speechless.

This person was becoming more and more shameless.

He remembered that the last few times they met, they had a good time together.

Of course, Xu Bai did not let the female Abbey Dean finish her sentence. He took the initiative and said, ”You didn’t talk so much in the past, and your personality seems to have changed a little.”

Turning the passive into the active, this was the way of an expert.

He was right about what he had just said. The female Abbey Dean used to be a swift and decisive person. She would not discuss such a trivial matter with him for so long.

The female Abbey Dean fell silent. After a while, she said, ”Something went wrong.”

“It can’t be just a small mistake, right?” Xu Bai said with interest.

The female Abbey Dean didn't avoid the place. She spread her hands and said, "Originally, we were clearly separated. Each of us would come out for a period of time and let the other control the body. However, recently, we have become more and more harmonious. To be precise, we are not harmonious, but fused. This state has also lasted longer and longer."

Fusion?

Xu Bai was slightly stunned.

Of course, he knew what "we" meant. It referred to the two consciousnesses of the female Abbey Dean, one crazy and one normal.

But now, there were signs of fusion. What did this mean?

Xu Bai didn't know. According to his usual personality, he would ask about things he didn't know, so he asked the reason without hesitation.

"Good or bad?"

"There are good and bad." The female Abbey Dean said, "I'm still me, but I'm no longer the original me. The time I can stay awake will be extended indefinitely. When I'm completely integrated, I won't be crazy anymore, but my personality will change."

"It's like a newborn baby, but as the people and things you come into contact with are different, your personality will gradually change. So, I'm still me. There's no doubt about it."

"But the only downside is that my personality has changed."

Xu Bai stood up silently and took two steps back."What change?"

He finally understood. There were good and bad changes in personality. For example, people who grew up in a kind family would also be very kind after they grew up.

However, he had lived in a harsh environment since he was young. After he grew up, it was the same.

Therefore, Xu Bai couldn't figure out whether the female Abbey Dean was good or bad. He had to pay attention to her now.

"If I had a bad personality, you wouldn't have the chance to talk to me now." "I feel like I've become more human," said the female abbey dean."

"You know, the cultivators in my line pay attention to having no desires. But now, I'm actually angry because of a look from you. I don't understand."

As she shook her head, she revealed a distressed expression. She had never seen such an expression before.

Xu Bai returned to his seat and continued drinking his tea calmly.

"Not afraid anymore?" The female Abbey Dean smiled."

"How could I be someone who is afraid of death?" Xu Bai waved his sleeves."

Female Abbey Dean:

He had seen thick-skinned people before, but he had never seen anyone as thick-skinned as him. He had clearly explained himself clearly before he let down his guard, but he had to find an excuse for himself.

"Let's talk about business." The female Abbey Dean took a deep breath. Her chest heaved up and down, then slowly descended."I'm here to receive someone's request to give you something."

As she spoke, the Abbey Dean took out a silk pouch from her chest and handed it to Xu Bai.

Feeling the warmth of the brocade pouch, Xu Bai was about to open it, but the female Abbey Dean stopped him.

“Unless it’s a real crisis, when your life is in danger, don’t open it.”The female Abbey Dean stopped him.

Looking at his serious expression, Xu Bai was deep in thought.

“Who asked you to give this to me?”

His words just now had already made it clear.

This was not the Abbey Dean’s. She had been entrusted by someone to bring it back and give it to Xu Bai.

However, Xu Bai had to find out who it was. Otherwise, he wouldn’t accept a brocade bag for no reason.

“Director Mu.” The female Abbey Dean said slowly, “I owed him a favor in the past, so I’m returning the favor this time. He promised Eunuch Wei that he would ensure that you are safe, so he gave you this brocade bag.”

When Xu Bai heard this, he silently put the brocade bag into his pocket and nodded to show that he understood.

The female Abbey Dean was also very clear that Xu Bai was such a person. He would not refuse when something came from the right source.

Of course, he would accept it.

Xu Bai felt that there was only one thing that made people happy in their lives.

– For free.

When a person was a prostitute, a knowing smile would appear on his face. This kind of pleasure was incomparable to any other way.

This was because of Eunuch Wei, which was why Director Mu had asked the female Abbey Dean to bring it over. Xu Bai was absolutely at ease with Eunuch Wei, so he had no qualms accepting it.

Seeing this, the Abbey Dean’s thin red lips twitched slightly.”“If I didn’t know your background, I would have believed some of the rumors in the martial world.”

“What?” Xu Bai had just put away the brocade bag when he heard the female Abbey Dean’s words. His interest was instantly piqued.

The female Abbey Dean coughed lightly to cover up her embarrassment.””Rumor has it that you’re Eunuch Wei’s illegitimate son. After all, you’re a powerful and old man, so you still look very young.”

Xu Bai was speechless.

He felt that he could not continue discussing this matter. They had not discussed it for long, and for some reason, he had given himself another identity.

To be honest, he really wanted to know who the source of this rumor was.

For example, if he found the blood-headed macheteman, he would skin him alive.

The female Abbey Dean wanted to say something, but her expression suddenly changed and she quickly disappeared.

Xu Bai was also a master, so he knew why the female Abbey Dean had disappeared. The reason was simple. The middle-aged man responsible for delivering the message had arrived.

The middle-aged man walked in from outside the door. Seeing that Xu Bai was still sitting in his seat, he quickly took two steps forward and said,”Milord, the news has already been sent out. In three to five days, the higher-ups will send someone over. At that time, Milord will be promoted and go directly to the capital.”

The capital was the highest level of the Great Yue State, commonly known as the capital, which corresponded to the capital of the Great Chu State.

As members of the Dark Tower who could obtain A-grade information, they would naturally go there. Of course, the premise was that they had to wait for the people above to come down and confirm it.

Xu Bai looked down and said calmly,””Do you know who came?”

The middle-aged man shook his head.” We are low-level workers. How could we know about the higher-ups? But you don’t have to worry, sir. Even if this news is false, the higher-ups won’t blame you.””

Walking on this official road, one naturally had to pay attention to some of the principles above.

For example, regardless of whether the person in front of him could advance or not, he at least had a chance. Therefore, the middle-aged man was very respectful.

Chapter 726: Shadow Moon, Testing (3)

Xu Bai didn't say anything else and walked out.

There was nothing to ask now, and if he left directly, it would be a reflection of his current status.

The middle-aged man followed Xu Bai to the door. Then, he saw Xu Bai leave and return to his original position.

After leaving the coffin shop, Xu Bai returned to the medicine shop. After cleaning up the corpse on the ground, he sat on the chair and took out the human skin, ready to continue the liver progress bar.

As for the sachet, he did not open it now. After all, he would only open it in a critical moment, so he had always placed it in the most intimate position and carefully kept it.

The blood on the human skin had long been cleaned up.

Xu Bai calmly scanned the screen. Although he couldn't understand the words on it, as he carefully looked at it, the progress bar was slowly increasing.

This thing belonged to the corpse collector. He didn't know what the characteristics of this profession were. After all, there were many professions in this world. How could he know all of them?

However, this did not stop him from working on the progress bar.

Seeing the golden progress bar slowly increase, Xu Bai felt very happy.

If he could find an elegant place and sit on a chair with a mountain of progress bars behind him, he felt that he could work non-stop for the entire day.

In addition, during the break time when he was checking Ye Zi's progress bar, he would study other positions with Ye Zi. That was what life was like.

Running around like this made life more fulfilling, but it wasn't interesting enough.

Of course, if a person wanted to achieve freedom in life, they first had to be strong enough. When one had not reached this level, they had to make their life full before they could appear motivated.

“Dong dong dong.”

He thought that he would be walking through the progress bar, but before he could look at it for a while, he heard footsteps.

Xu Bai turned his gaze to the source of the footsteps and saw Shadow Moon walking out from the shadows in the corner.

He could smell the faint scent of blood. The number of lives he had killed was as many as the hair on an ox. He still had the ability to distinguish between the two.

“Killed someone?” Xu Fan looked back at the human skin and said calmly.

“Puff!” Ying Yue did not answer. She opened her mouth and spat out a mouthful of blood. She wiped the blood off the corner of her mouth, and her eyes dimmed slightly.

She took out some snacks from her small bag and stuffed them into her mouth. She chewed them together with the blood and swallowed them, but she did not say anything.

“Dong dong dong!”

At this moment, someone knocked on the door.

Ying Yue’s expression changed, and she quickly wiped the blood off the ground. Then, she came behind Xu Bai and hid in the shadows behind him.

The sound of knocking on the door was like a storm. After the two met, they did not say a word, but Xu Bai understood Shadow Moon’s condition.

This woman had caused trouble outside and seemed to have been injured. However, she had run to his place at the first moment. She should have thought that he was safe here.

Now that he was a member of the Dark Tower, this woman was probably trying to use his current identity to avoid this calamity.

At the thought of this, Xu Bai suddenly remembered that they were in the same boat. He stood up and opened the door.

As soon as the door was opened, he saw a group of soldiers standing outside.

The leader was wearing armor and had an imposing appearance. His aura was very strong.

Xu Bai knew the identity of the person in front of him at first glance.

The reason was very simple. When the relic opened, the three forces had brought their own forces. This general was following the Great Yue State's God of War, Bai Zhong.

"Did you see a woman passing by?" The general was middle-aged, but he looked extremely arrogant. He looked askance at Xu Bai as if he was looking down on him.

Xu Bai raised his eyebrows and shook his head."

"Let's go." The general turned around and walked in another direction.

The rest of the soldiers followed behind and left quickly.

Xu Bai watched as the group of people left and thought to himself.

"This person should know that I am now a member of the dark building, so I am not going to say that I am."

"It seems that the generals at the border look down on the members of the Dark Tower."

"But at least he's from the Dark Tower and won't lie, so the general didn't care and believed him."

Xu Bai easily analyzed the reason. After closing the door, he turned to look at the shadow behind him.

The shadow moved, and then, Ying Yue walked out from inside.

As soon as she walked out, she held the table and sat in Xu Bai's original seat, her face as pale as paper.

Shadow Moon still did not say a single word. She grabbed another handful of snacks and put them into her mouth. Other than sadness in her eyes, there was also a hint of sadness.

"Did something happen?" Xu Bai asked.

Ying Yue stopped what she was doing, her dejected eyes resting on Xu Bai's face. Then, she lowered her head and did not say a word.

"If you don't say anything, then don't come to my place next time. Otherwise, I'll beat you to death before those people." Xu Bai said.

Everyone was in the same boat. If there was something to hide, then there was no meaning to cooperate.

Ying Yue hesitated for a moment, her head still lowered, but her red lips parted slightly, and she spoke in a hoarse voice.

“Heh, these soldiers captured some of the citizens of Great Chu from a small village at the border.”

“Originally, for such matters, we should either kill them or interrogate them.”

Chapter 727: Shadow Moon, Testing (4)

“It’s the border. Everyone does this, but this group of animals actually stripped those women naked and threw them on the street for the beggars to divide...”

At this point, Ying Yue couldn’t continue, but it was very obvious that she had spoken her reason.

“You are from the Great Yue State,” Xu Bai said.

“That’s right.” Shadow Moon raised her head and stared stubbornly at Xu Bai. “But these heartless things have nothing to do with national boundaries.”

“Have you been exposed?” Xu Bai asked.

Ying Yue shook her head and said: “I’ve always used shadows to cover my appearance, so I didn’t expose myself. But I failed. Those women have already...”

At this point, Shadow Moon could not continue.

Xu Bai fell silent.

He didn’t know how to respond.

It was very easy to kill a person, and it was also very easy to humiliate a person.

But that was all for a purpose. It was either for information or for the information that he wanted.

After all, it was a struggle between two forces. There was nothing wrong with this, but some things were a little overboard.

He stripped the woman naked and threw her into the pile of beggars.

What was the purpose of this?

It was nothing more than to satisfy his perverted mentality.

Thinking of this, Xu Bai's ears twitched slightly. He heard the sound of wheels rolling outside.

He came to the window and saw the street outside. Then, his pupils constricted slightly.

In the outside world, the streets were filled with commoners on both sides. However, in the middle of the street, there were handcarts being pushed by soldiers as they passed by.

Corpses were placed on the carts. They were naked and had suffered great fear before they died. Their eyes were wide open.

Each corpse had terrifying scars and stains on it. These scars and stains were messy and dense, and they did not seem to have come from the same person.

Some of the surrounding commoners covered their eyes, while others swept their greedy gazes over the corpses.

Due to the rolling of the cart, the corpses piled up on it shook a little, and a girl's corpse fell from it.

The soldier stopped, grabbed the female corpse's leg, and threw it onto the cart as if he was throwing a broken sack.

The caravan soon disappeared into the distance.

Shadow Moon stood beside Xu Bai, her fists clenched tightly, her eyes burning with rage.

"Always like this?" Xu Bai said calmly.

Shadow Moon was stunned. Then, she spat out a voice from between her teeth, "Among these three powers, only the Great Chu is relatively normal."

"Barbarians never cultivate. They only graze. But the herders they graze are people."

"When their food supply is insufficient, they will feed on humans, commonly known as human-sheep."

"The Great Yue State is cruel and violent to the outside world. They like to make fun of the people outside."

"I once heard that they cut off the tendons of a person's hands and feet, and cut their entire body full of thin wounds. Then, they sprinkled honey on them to attract ants to eat them."

With every sentence, Shadow Moon clenched her fists tighter.

Xu Bai glanced at Ying Yue." Have you ever thought that after we make our move today, if we die there, wouldn't it be a waste?"

Shadow Moon shook her head." I won't die there, because I have the confidence to escape. I just wanted to kill those people today and got injured. You're close, so I ran over. Even if you don't help me, I can still hide."

Xu Bai didn't continue. He didn't want to discuss this issue.

Looking at the numb people on the streets outside, the corpse that was pushed by the cart flashed across his mind. He suddenly said,

"How many soldiers are there here?"

Shadow Moon was stunned for a moment, then replied," Most of them are at the border. This place is close to the border, but due to the defense of the border, there are only about a hundred people."

"Yes," Xu Bai said lightly.

"What exactly do you want to ask?" Shadow Moon asked.

"It's nothing. Who's the strongest here?" Xu Bai said.

Ying Yue thought for a moment and said,"The City Lord is the strongest, and that general and the person you're playing now are also the strongest."

"Because it is close to the border, if anything happens, we can quickly return to help. Therefore, there is not much defense here. What do you want to do?"

She asked her thoughts again because she felt that something was wrong.

Xu Bai turned his head." The photography studio has always been targeting the Dark Brothel, but not anyone else. Is it because they are all from the Great Yue State?"

Shadow Moon nodded: Because Shadow Tower wants to take over Dark Tower, if you want to mess up before this, these things may be very troublesome, so I won't care."

"Moreover, the so-called supervising officials don't dare to supervise these generals. More importantly, these generals didn't do anything wrong."

"You didn't do anything wrong?" Xu Bai looked at Ying Yue and said, "Alright, there's nothing else for you to do. You should hurry up and leave."

Shadow Moon couldn't figure it out. She didn't know what Xu Bai wanted to do. She wanted to continue asking, but Xu Bai looked like he didn't want to say anything more. It was obvious that he wasn't going to tell her.

Therefore, she didn't plan to stay here for long. She was afraid of causing trouble, so she turned around and left.

After leaving, Shadow Moon went around many streets, preparing to walk further and further away.

However, he did not expect to meet a woman in a Daoist robe at the end of a street.

"Your father asked me to bring you a message." The female Abbey Dean's tone was indifferent, which was very different from when she met Xu Bai.

After saying this, the female abbot made a gesture that only Ying Yue could understand.

I Have Unparalleled Comprehension #Chapter 728: Shadow Moon, Testing (5) - Read I Have Unparalleled Comprehension Chapter 728: Shadow Moon, Testing (5)

Chapter 728: Shadow Moon, Testing (5)

Ying Yue was obviously stunned at first, but she quickly reacted and asked solemnly, "What words?"

This gesture was a very complicated gesture for communication. If it was made, it meant that the person in front of him was trustworthy.

"This is a narrow escape. Be prepared to die." The female Abbey Dean continued.

When Ying Yue heard this, her expression darkened, but she quickly returned to normal. She placed her hand on her left chest and pressed her fist. "Heaven Overseeing Bureau's spy, Ying Yue, is ready to die."

The female Abbey Dean nodded. She had only been asked by someone to say this, so she did not plan to stay long. However, before she left, she suddenly stopped and turned around.

“Don’t test that person anymore. He doesn’t know that you’re from Great Chu, but you know that he’s from Great Chu. Do you understand what that means?”

Ying Yue fell silent. After a moment, she said, “I really didn’t mean to test him today. I really couldn’t help but attack him.”

The female Abbey Dean smiled. “But you still went to his place in the end. You could have disappeared earlier. You were testing him.”

Shadow Moon said in a low voice, “I just don’t understand. Why don’t I let him know my identity? If he knows my identity, our cooperation will be more perfect. I don’t have to continue pretending.”

“In your father’s words,” the female Abbey Dean muttered, “this is the only way to act well.”

“Besides, if you let him know that you’re a spy, he might play some special tricks.”

Shadow Moon was extremely surprised. From what she heard, it seemed like there was something hidden.

Play some special operations?

This didn’t sound like something her father would say.

“Who exactly is he?” Shadow Moon could not help but ask curiously.

She only knew that Xu Bai was someone sent by the Great Chu Country. She wanted to cooperate with Xu Bai to complete an earth-shattering event, but she did not know who Xu Bai was.

“Director Mu once said that you don’t need to know about this.” The female Abbey Dean shook her head.

With that, the female Abbey Dean turned around and left the place.

Before she turned around, a sentence flashed through her mind.

“Who knows what Xu Bai’s operation is? He might be able to do something subversive in the next moment. It’s better to keep it a secret.”

Of course, she only complained in her heart. She did not care about anything else. After all, this trip was just entrusted by someone.

The female Abbey Dean walked very quickly and in a hurry. In an instant, Ying Yue was the only one left on the street.

Ying Yue lowered her head, her eyes drooping as she looked at the smooth ground.

"Who is he?"

"Why did father let him come to the Great Yue State to shoulder such a heavy responsibility?"

"No, my injuries are a little serious. I have to find a place to recuperate."

"Damned Great Yue State beast, how dare you do such a brutal thing to those weak women!"

Both of her hands were tightly clenched into fists. Her fair fists were trembling slightly. Ying Yue stood where she was for nearly half an incense stick of time before she stabilized her emotions and left the street.

Time gradually passed. In the blink of an eye, the moon hung high in the sky. The moonlight sprinkled silver splendor, and it was cold and cheerless.

Under the moonlight, in the military camp of Fallen Phoenix City of Great Yue State.

At this moment, there was a clamor coming from the camp.

Zhu Shan was the general of this camp and the leader of the search for Xu Bai.

He had been in a bad mood all day because he was almost stabbed to death when he sent those lowlifes to the beggars and was about to enjoy the screams of those lowlifes.

The Great Yue State had been attacked by someone. He was prepared to send the information to the border tomorrow morning and conduct a thorough search.

Fortunately, he did not make a mistake. After the assassin left, he let the group of beggars have a taste of women.

He also enjoyed the screams of those women, and the depression in his heart was swept away.

"Sir, the bonfire party is ready. Please hurry over."

A young soldier rushed over with a flattering smile on his face.

When Zhu Shan heard this, he finished the wine in his glass and stood up to wave his hand. "Let's go!"

The soldier led the way while Zhu Shan followed behind. The two of them quickly left the tent and arrived at the open space outside.

The open space was very large. Other than the soldiers who were guarding the city, there were basically dozens of them.

In the middle of the empty space, there was a burning bonfire. The flames stirred up the wind and echoed in the sky.

Every soldier's face was filled with excitement as they looked ahead.

Not far ahead, a group of women in rags were huddled together, hugging each other to resist the fear in their hearts.

But their trembling shoulders and pale faces showed that it was useless.

"Sir, we are just commoners at the border. Please spare us."

A teenage girl of 17 or 18 years old, with tears on her face, cried for mercy in her hoarse voice.

"Oh?" When Zhu Shan heard this, a vicious expression appeared on his face. "Did we kill the commoners of Great Chu? If you want us to spare you, fine."

He turned his head and instructed a soldier.

"Men, bring the thing out!"

Chapter 729: The Day Is Dead, Only Nian Yue Is Left (1)

"No, my lord!"

When the girl who had just spoken heard this, she immediately used her hands and feet to crawl in front of Zhu Shan. She hugged Zhu Shan's leg and cried, her voice hoarse.

Not only her, but the other women also had the same expression. Other than fear, there was also deep despair.

Their clothes were not enough to cover their bodies. A few timid ones even fainted.

The sound of wheels rolling on the ground could be heard. Soon, two soldiers pushed the cart and stopped in the middle of the bonfire.

On the cart was a net made of chains.

The soldier threw the iron net, and it immediately spread out to a length of more than ten meters.

Zhu Shan kicked the woman away and pursed his lips. His face was full of disdain. "Lowly citizen of Great Chu, how dare you touch my armor?"

The woman was kicked away and rolled a few times before she struggled to get up from the ground.

Zhu Shan didn't care about this woman. Instead, he pointed at the iron net on the ground and said excitedly, "Didn't you want the general to let you go? This general has agreed, but you must pay the price."

"Do you see these things? As long as you roll back and forth ten times, this general will naturally let you go."

There were spikes less than an inch long on the iron net.

These spikes were very short and small. If they rolled on it once, it would not hurt their lives. However, if they rolled on it ten times, how could it be easy with human skin?

The pain was obvious. There were dense spikes on it, and after rolling ten times, it became a sieve.

When the group of women saw the iron net and the spikes on it, they hugged each other with fear on their faces.

They were just ordinary rural women who lived in small villages at the border and had never participated in the disputes between the two countries.

They were citizens of Great Chu, but they had always been honest.

He had never thought that after being captured, he would face such an ending.

"Perhaps, death is the true release."

A few women could not help but feel envious when they thought of their fellow villagers who had died.

The young girl who spoke at the beginning could no longer hold it in. She stood out from the crowd and pointed at Zhu Shan.

“You’re not humans, you’re animals!”

“I heard that some of you were captured by Great Chu, but they didn’t commit such atrocities.”

“They might even let him go after asking for the reason. But why are you doing this to us?”

Now that things were already set in stone, they could not escape. The young girl did not know why, but she actually burst out with the courage of a desperate situation. She wanted to rebuke him before she died and ease the hatred in her heart.

“You guys?” Zhu Shan didn’t expect this woman to still have the courage.

“Every country is different. Your Great Chu still has to abide by those strict rules, but we don’t need to. In our eyes, you are no different from animals.”

“If you had fallen into the hands of the Barbarians, it would not have been so easy. Have you ever tasted the feeling of having your flesh cut off with a knife and then watching someone else eat it?”

As he spoke, Zhu Shan’s expression became even more sinister.

“Get lost or not, it’s up to you. Get lost, and I’ll let you go.”

“I will only give you the time for one incense stick to burn. Men, put the incense stick in. I am a man of my word.”

Two soldiers walked to the front and stuck the incense sticks into the ground.

There was green smoke floating on the incense stick, but in the eyes of these women, the smoke was like a deadly poison that was slowly eating away at their spirits.

Everyone looked hesitant.

“Will you really let us go?”

“If it’s only ten laps, it’ll only be painful at most.”

A gust of wind blew past, bringing with it a chill.

The women who were not fully clothed had goosebumps and shivered.

The scene quieted down. Clearly, they were deep in thought, thinking about what they should do next.

The time it took for an incense stick to burn was neither long nor short.

If he was sitting in one place out of boredom, he would feel that time was very slow. However, when life and death were in front of him, in the blink of an eye, the incense stick burned extremely quickly.

“There isn’t much time left for you. I really want to see if you want to live or die.”Zhu Shan placed his hands behind his back, but he did not hide the excitement on his face.

In his opinion, this was a very normal thing.

Playing with the commoners of the Great Chu State was already a rule passed down in the army. Almost everyone would do this.

Sometimes, Zhu Shan would think that if the Great Yue State had strict military discipline like the Great Chu State, he would have less fun.

The incense stick was still burning, and the green smoke drifted into the black night sky.

In the darkness far away from the military camp, Xu Bai had changed his body and sensed what was happening with his soul.

His gaze was very calm, but within that calmness, there was a terrifying depth. This depth was an overwhelming killing intent.

“Hu...”

Xu Bai let out a long breath and walked toward the military camp. Every step he took covered a huge distance.

His every step was steady. He didn’t have a knife in his hand, but his killing intent didn’t decrease at all.

Tonight, he had already come here to kill.

After seeing that scene on the street in the morning, he felt like he had finally transmigrated.

Unparalleled Comprehension Chapter 730: The Sun Is Dead, Only Nian Yue Is Left

Chapter 730: The Sun Is Dead, Only Nian Yue Is Left

This allowed him to finally see the extreme cruelty of this world.

In Great Chu, the rules of all sides were very strict. King Sheng You even made the people in the army abide by the rules, so this kind of thing did not happen.

But here, these things were commonplace.

Especially the pile of corpses in the morning, as well as the various wounds on the corpses, it was obvious that those female corpses were really thrown into the beggar's nest when they were alive.

Xu Bai felt that he had never been a particularly kind person, but sometimes, there were some things that he really could not tolerate.

Pity, or something else.

All in all, Xu Bai wanted to kill someone tonight, especially after his divine soul sensed Zhu Shan's actions just now.

This group of people who looked like humans on the surface had long been mentally distorted.

He had already thought of a countermeasure and a method. If he made a move today, he would be able to obtain A-grade information more stably.

Could a death warrior be heavy enough to get an A-grade message?

Xu Bai didn't know if it was stable, but he felt that he could add another one.

After killing these dogs, the people from the studio would find a scapegoat. With the addition of that death warrior, everything would be settled.

As for whether the studio would help or not, they would definitely help.

Just like what Shadow Moon had said before, this was their one and only chance. After all, they had truly infiltrated the Dark Tower.

Therefore, they would never give up easily. In order to ensure his safety, they would even remove all traces of him.

“To be able to make the photo studio and the dark tower fight each other, and to be able to get A-grade information from them, and to be able to kill these dogs, it’s simply killing three birds with one stone.”

Xu Bai was already close to the military camp.

Under the sensing of his soul, Xu Bai sensed a few hidden sentries.

After all, this place was not far from the border. With the border there, the defense here was even looser.

After all, Great Chu and the Barbarian Race could not even cross the border. It was useless for them to have tight defenses.

Unless the border was breached, the soldiers would return to Fallen Phoenix City to defend. That would be the time when it was truly tight.

Of course, he still had to be prepared.

After Xu Bai sensed it, he was about to clear out these hidden sentries.

However, he did not expect that another scene would appear under the perception of his divine soul.

Black shadows suddenly appeared from the soles of the sentries. They were like black ropes that coiled around the sentries.

Soon, these hidden sentries lost their lives.

A black shadow?

Xu Bai raised his eyebrows. He already had a guess.

Something related to the shadow was very likely to be the shadow moon.

Back then, the few times when Shadow Moon and she had met, they had all walked out from the shadows.

As he thought of this, he realized that the shadow moon was slowly emerging from the black shadows beside the last dead sentry.

“It’s really her. Why do I feel like I can’t see through this woman?”

Xu Bai had planned to attack immediately, but now, he didn't plan to.

After Ying Yue appeared, she spat, "Bastard, good death!"

At this moment, they were already very close to the military camp, so Shadow Moon's voice was very soft to avoid being discovered.

After cursing in his heart, he placed his hand on the ground.

In the next moment, from the position of Ying Yue's palm, the shadow kept intertwining between her hands. Soon, it followed her palm and spread in the direction of the military camp.

"Since I can't help you or save you, I'll let you leave happily." Ying Yue muttered to herself.

Leave happily?

Xu Bai, who was hiding in the dark, reacted when he heard this. He also knew what Shadow Moon wanted to do.

Even if he did, what could he do to save these people?

Could it be that he could bring these people out of the border?

It was very troublesome and dangerous.

What Ying Yue wanted to do was to kill these women directly so that they would no longer suffer, so that they would at least retain a trace of dignity before they died.

In Xu Bai's eyes, the words that Shan Xian had told those women before that they would be able to get their freedom after rolling over the ten-meter-long iron spike was actually just a joke.

The corpses piled up on the cart told him that this group of people would never let anyone leave alive.

"This woman feels a little strange. She has an overly compassionate heart."

"What is the reason? Could it be that she has some secret?"

Xu Bai had originally planned to make a move, but he didn't do so for the time being.

Ying Yue was from the Great Yue State and was a spy of the film studio. Why would he want to save these captured women at this time?

No matter how one looked at it, it didn't make sense.

Previously, on the street, it could be said that this woman had too much sympathy and compassion, but now it seemed that it was a little too much.

"Let's wait and see." Xu Bai thought to himself.

He also wanted to kill these people, but the situation had changed.

The black shadow silently spread forward. In the blink of an eye, it arrived in the military camp without anyone noticing.

Even if it was Xu Bai, if he didn't spread out his soul, it would be hard for him to find this shadow.

The shadow enters the camp, then quietly enters the camp, the soldier's shadow enters the camp, the shadow flashes in the middle, the people around all don't see clearly.

At this moment, Zhu Shan was still there, patiently waiting for this group of women to make a decision.

He liked this feeling very much. He had the life and death of others in his hands. As long as he said the word, these people would be willing to do it. This feeling greatly satisfied his perverted mentality.

Chapter 731: The Day Is Dead, Only Nian Yue Is Left

"A commoner, you must have the awareness of a commoner."

"The Great Chu Country was only established by chance after the collapse of the Gale Country. How dare you talk about strict military discipline?"

"They're just a bunch of clay chickens and clay dogs."

The smile on Zhu Shan's face grew deeper and deeper. He even imagined that this group of women were the emperors of Great Chu. That perverted mentality became more and more profound.

A woman walked out from the crowd with a fearful expression on her face. She pointed at the spikes on the iron net with trembling hands.

“I... I’m willing to get lost.”

Thinking of the torture that the women in the same village had suffered this morning, the woman felt that the physical pain might be a little lighter.

With the first person standing up, there were people standing up one after another.

Soon, the group of timid women expressed their willingness to go up and roll around.

The ten-meter iron net and iron thorns had to roll ten times. There would probably not be much flesh left on his body, but it was better than suffering that kind of torture.

Zhu Shan smiled disdainfully.”

As he said this, the woman who spoke first bit her lips and trembled as she came to the iron net, ready to squat down.

The iron spike in front of him carried a cold light, making one’s heart tremble when they saw it.

The woman took a deep breath and was about to roll over.

At this moment, the shadow hiding in the dark finally moved. It turned into countless spikes and swept towards those women.

Shadow Moon, who was hiding in the dark, gritted her teeth, and her eyes revealed a look of pity.

“Even if you roll over those spikes, they won’t let you go. You’ll suffer even more torture.”

She had been here for a long time and understood that these soldiers of the Great Yue State who were like livestock would not care that you were covered in blood. After rolling, you would still suffer that kind of terrifying torture.

Therefore, rather than letting these women suffer, it was better to give them a quick death.

Shadowthorn was cold and was about to touch the group of women.

At this time, the surroundings suddenly lit up with white light, illuminating the whole military camp.

“Heh...I knew you would come again, so I waited here.”

Zhu Shan looked at Shadowthorn in front of him and smiled.

As the white light shone, the shadow spike had nowhere to hide and actually melted in an instant.

“Shadow Manipulator, ha, when all this is covered by light, without shadow, you have nothing.”

In Zhu Shan’s hand was a fist-sized gem. The light was shining from the gem.

“That direction, chase!”

Zhu Shan pointed at the spot where Ying Yue was hiding and shouted.

The surrounding soldiers seemed to have been ready for this. They raised their weapons and rushed towards Ying Yue.

Once the formation was activated, each step he took was like hundreds of steps.

Ying Yue was hiding in the dark. When she saw this scene, she gritted her teeth and her lips moved slightly.

“Go and save them. If there’s no other way, just kill them and give them a quick death. It’s better than suffering endless torture.”

Ying Yue turned around and headed towards a certain place.

Xu Bai was speechless.

He knew very well who he was talking to.

“Although this woman’s combat strength isn’t that great, her special ability is extremely powerful. She was actually able to discover my presence here.”

He finally understood why Shadow Moon would do such a thing.

This woman must have noticed her long ago and did it in front of her.

If she could succeed and kill those naked women, then it would be fine. If she couldn’t succeed, she would ask Xu Bai to be her helper.

“Yes... How many times was this? I’ll settle the score with you later.” Xu Bai said in his heart.

In the military camp.

Those soldiers had basically all gone to chase after Ying Yue. In the camp, only a dozen or so people were left to guard the place.

The women did not dare to move. Even though there were only a dozen people here, each of them held a terrifying weapon in their hands.

One of the soldiers licked his lips. "The general went to chase that guy. Why don't we catch one and enjoy it first?"

"Why only one?" asked another soldier. We can totally split them up. The general doesn't care about this."

"Heh, what do you know? Let one of us be continuously... That would make them despair."

"I see. You really know how to play with these things."

The soldiers let out a laugh, their eyes wandering around the group of women. Finally, they found the most beautiful one and slowly walked forward.

The women huddled together and quickly retreated.

"What do you want to do? We promised to get out of the iron net. You said that as long as we get through the iron net, you'll let us go."

"Let him go?" The soldier said disdainfully, "Do you really think we'll let them go? Dream on."

As soon as he said this, everyone's faces turned pale.

A woman was pulled out by the soldiers and was about to start undressing.

The woman struggled frantically, but it was useless. Her strength was not great at all.

Her face was filled with despair. She closed her eyes as if she had accepted her fate.

"More than ten people... Who can save me?"

The despair in his heart was gradually spreading.

At this moment, a cry of surprise came from the scene. She realized that she had lost all strength in her hands. After the cry of surprise, there was silence.

The woman couldn't help but open her eyes. She saw the heads of more than a dozen soldiers fall to the ground and roll around. Their eyes were wide open and they were still in pain before they died.

Chapter 732: The Sun Is Dead, Only Nian Yue Is Left

Behind the headless corpse, a man with an ordinary appearance and dressed in ordinary clothes was slowly walking over.

"You... You..."

The woman didn't know what to say. She kept repeating the words and was shocked by the scene in front of her.

"Come out," Xu Bai said lightly.

It was a simple sentence, but it was not directed at the people present. Instead, it was directed at a certain place.

The shadow twisted, and soon, Shadow Moon walked out. Before she could say anything, Xu Bai grabbed her neck.

"What a good plan. As expected of a photography studio." Xu Bai's eyes were filled with killing intent as he spoke slowly.

"First, he deliberately showed up, then he acted as if he was going to kill these women and give them a quick death."

“The purpose of doing this is to make me believe that you have already escaped, right?”

“Then, you can quietly hide at the side and see if I have any flaws, so that you can guess my true identity.”

With every sentence, Shadow Moon’s face turned paler.

Xu Bai could not figure it out. What he could not figure out the most was why it was so coincidental today.

Later, he changed the way of the system. If he put all the things into the center of the circle, then these things became very normal.

Shadow Moon had done it on purpose in front of Xu Bai. They wanted to kill these women and even whispered that they wanted to give these women a quick death.

To put it simply, all of this was a performance for Xu Bai to see. It was to create a sense of realism.

After all, they were now in the Great Yue State, and it was impossible to bring these women away from the border.

Therefore, it was better to kill him directly.

This sense of reality made Xu Bai believe that Shadow Moon was right now.

Actually, Shadow Moon did not leave, or rather, the one who left was not Shadow Moon.

“It can control shadows. That thing is related to shadows, right?” Xu Bai said with a smile.

Although he was smiling, there was a murderous look on his face.

Shadow Moon shuddered. She had no doubt that if she had answered too late, the head on her neck would have been gone.

“You let me knock them all out. I’m telling you, what happens next must not be known to others.”

Xu Bai didn’t let go, but he tilted his head, indicating that he should do it himself.

Shadow Moon controlled her shadow to cover the group of women. The women’s eyes rolled back and they fainted on the ground.

Following that, Ying Yue raised her right hand and hammered her chest.

It was ordinary.

“Heaven Overseeing Bureau’s spy, Ying Yue.”

An indifferent sentence came out from Ying Yue's mouth.

Xu Bai was stunned for a moment, but he quickly regained his composure. "What do you mean?"

"It's not a coincidence that we met. How could we have run into each other the first time we met?" Shadow Moon continued.

Xu Bai let go of his hand and frowned.

In his mind, he recalled the first time he met Ying Yue.

The first time was when he killed the spy from the Dark Tower.

If one were to recall it carefully, they would realize that it was too much of a coincidence.

"I'm Director Mu's daughter." Shadow Moon added, "He asked me to do all of this. He deliberately asked me to meet up with you. He even said that you could get the information of an A grade."

Director Mu?

When he said these three words, Xu Bai stared at Ying Yue.

"I can't determine if what you said is true or false."

“But there is a way to be sure. Let me control my soul.”

Xu Bai knew that Shadow Moon could block the control of his divine soul, but if he let go, he could still control it.

“What if I don’t agree?” Shadowmoon probed the Dao Emperor.

” My patience is limited,” Xu Bai said with a smile.” If you don’t agree, I can only reluctantly kill you here.””

Although he had a faint smile on his face, his words were filled with killing intent.

Shadow Moon knew very well that if she did not do as Xu Bai said, she would really become a corpse in the next moment.

She closed her eyes.

“Come on.”

It was as if Xu Bai wanted to do something against the natural order.

Xu Bai didn’t hesitate to use the Soul Control Technique.

In the next moment, Ying Yue’s eyes became incomparably dull.

As an expert who used his divine soul, Xu Bai could feel that Shadow Moon was already under his control.

“Was what you said just now true?” Xu Bai asked.

“It’s true,” said Shadow Moon slowly.

It was just a simple three words, but it already showed that everything he said before was true.

Xu Bai released the control of his soul.

They were still in the enemy’s camp, and it was dangerous here. It was not appropriate to ask too much.

He only needed one result, and he had already gotten it.

As for what happened after that, it was not too late to find a safe place.

Originally, he wanted to kill the people in the camp, but now was not the time to do so, because Shadow Moon did not seem to know his true identity.

The chaotic nature of his Heavenly Change was too obvious.

There would be plenty of time to kill people in the future.

Shadow Moon quickly returned to normal and understood that the current situation was not right. She hurriedly said, "Take her away first. We'll talk later."

Xu Bai nodded.

Ying Yue raised her fair index finger and pointed at the unconscious women.

A shadow suddenly appeared and enveloped the group of women. Soon, they disappeared into thin air.

"My special ability allows me to hide things in the shadows. Let's go first." Shadow Moon explained, then hurriedly left in a direction: "Let's go, my shadow won't be able to hold them off for long. They'll be back soon."

Chapter 733: The Sun Is Dead, Only Nian Yue Is Left

Xu Bai didn't waste any time and followed behind.

After they left, the camp shook. Zhu Shan led hundreds of soldiers back to the camp. He looked at the empty space with a gloomy expression.

He had chased after her for so long, but in the end, it was a shadow. He knew that he had fallen into a trap and quickly ran back, but he was still a step too late.

"Shadow Manipulator!" "I'll catch you. As long as you're in Fallen Phoenix City, you won't be able to escape!" Zhu Shan said darkly.

Zhu Shan's voice sounded in the deep night sky.

Great Chu, Capital City.

Director Mu's white-haired hand was holding a white chess piece and was about to place it on the chessboard.

There was no one on the other side. He was playing chess with him.

A person suddenly walked out from the corner of the room.

This person was dressed in ordinary clothes, but he was already middle-aged. His aura was extraordinary.

– Transcendent Realm.

"Milord, Shadow Moon has already revealed his identity to Prince Xu. Everything will proceed according to plan."

"Got it." Director Mu frowned and did not raise his head. After a moment of hesitation, he placed the white stone in a corner.

After a while, Director Mu raised his head and looked at the middle-aged man who was still standing in the same place. His frown deepened.

"Why not?"

"Sir, this subordinate does not understand." The middle-aged man said respectfully, "Why are you beating around the bush? You want Shadow Moon to reveal her identity? Why don't you tell Xu Bai directly from the beginning?"

Director Mu smiled and said meaningfully, "Do you think it's unnecessary?"

The middle-aged man did not speak. It was not appropriate for him to point it out at this time.

However, he did not say anything.

Director Mu waved his sleeves, and the chessboard in front of him automatically returned to its original position. The black pieces fell into one of the chess baskets, and the other white pieces fell into the other.

He stood up and walked to the window, looking at the crowd outside.

"I gave Shadow Moon a way out. Originally, it was a 100% chance of death, but now it's a 10% chance of death."

The middle-aged man still did not understand.

Director Mu continued, "If Ying Yue doesn't go and save those people today, she won't be able to live. She can only die."

"Why?" The middle-aged man asked.

Director Mu raised his hand and did not speak.

The middle-aged man knew this very well. He took out a teacup from the side and handed it to Director Mu.

Director Mu took a sip.

"She has been staying in the Great Yue State since she was young. Although she is a spy here, what I want to know is whether her heart is still in the Great Yue State."

"What does our Great Chu pay attention to?"

The middle-aged man thought for a moment and said, "The commoners are the most important. Although there are still many dirty places, most people have done it."

When there were enough people in a group, it was inevitable that some dirty phenomena would appear. It was impossible to guarantee that it would be 100% clean. At the very least, Great Chu could do most of it.

"That's why I need to take this opportunity to see her," Director Mu said. "If I save her, it will prove that Shadow Moon still has principles and hasn't been corrupted by the Great Yue State."

"What if there isn't?"

"No?" "I'll find someone to kill her and then replace her with someone else."

"Me?" The middle-aged man asked.

Director Mu nodded.

The middle-aged man pondered for a long time. In the end, he could not help but ask, "Little sister... There's still a way out?"

Director Mu patted the middle-aged man's shoulder and said, "Ying Nian, there's only a slim chance of survival. There's still a lifetime left. It all depends on whether Xu Bai can help her survive."

Mu Yingnian remained silent.

"Do you hate me for scheming against your own children?" Director Mu asked.

Mu Yingnian did not reply.

"All of this is for the people of Liming."

"I've been planning this for so many years. I even let you and your sister enter this plan."

"Now, my chance has come. If your sister can bear this responsibility, then let her be. If she can't, then let you be. This is fate."

"In this position, I enjoy the admiration of everyone and enjoy a life of luxury. I have to do my own thing. You are the same. You are my children, so you have to do what you should do."

"Yes, my lord!" Mu Yingnian hurriedly cupped his fists."

"Since there's no one here today, just call me father." Director Mu sighed.

"Father!" Mu Yingnian said.

Director Mu was dispirited. He waved his hand and didn't seem to want to say anything more.

Mu Yingnian didn't say anything else and turned to leave. However, before he left, he turned back to look at his father.

Under that white-haired back, he always gave off an indescribable sense of loneliness.

Year, Month, and Day were the three children of Director Mu.

The sun is dead, only the years are left.

For the sake of Great Chu, this old man had laid out a plan for decades. Even his descendants had been sacrificed.

"Is it worth it?" Mu Yingnian muttered to himself.

Great Yue Country, medicinal herb shop.

Xu Bai sat upright on a chair, looking at Ying Yue in front of him. He calmly took a sip of tea.

"Tell me, what kind of news is it that is worthy of your attention?"

I Have Unparalleled Comprehension #Chapter 734: Eunuch Wei Can Exchange One for One (8000) - Read I Have Unparalleled Comprehension Chapter 734: Eunuch Wei Can Exchange One for One (8000)

Chapter 734: Eunuch Wei Can Exchange One for One (8000)

Since it was safe now, it was time to talk about serious matters.

After Xu Bai asked this question, he gave Ying Yue enough time. He picked up the teacup on the table and took a sip, waiting patiently.

Ying Yue's eyes rolled around, and finally, she fixed her eyes on the ground. "You can't know about this news for the time being. The most important thing is..."

"I quit."

Without waiting for Shadow Moon to finish speaking, Xu Bai simply said these four words, then got up and prepared to leave.

He left decisively without any hesitation.

What the hell?

And he couldn't let others know?

How rare was that?

The thing he hated the most in his life was playing mute fan games. He didn't know that they were in cahoots, so it didn't matter if he played mute fan games.

After all, it was normal for everyone to be on guard.

However, they were all in the same group now. If they didn't make things clear, they could do whatever they wanted.

In any case, if he didn't make things clear, he definitely wouldn't do it.

There were many ways to find that mountain. At most, he would just search one by one. With his speed, although it would be a little slow, he would eventually find it.

Before Xu Bai could take two steps, he felt someone pulling his sleeve. He turned around and saw that Xu Bai's expression was very serious.

"Let go."

"No." Ying Yue shook her head forcefully and said stubbornly.

Xu Bai's eyes turned cold, "Do you think that just because your father is the head of the Heaven Supervisor, he can do whatever he wants?"

"It's not like that. I'll tell you, okay?" Seeing Xu Bai's intentions, Shadow Moon guessed that if she didn't say anything, he would really leave.

This was an opportunity that he had worked so hard to get after staying here for so many years. If he gave it up just like that, wouldn't everything that his father had planned before be gone?

For the past few decades, the Heaven Inspectorate had sacrificed a lot to run this plan. He had also lived in the Great Yue State since he was young.

If the plan failed, then everything would be empty talk.

So if the man in front of her wanted to know, then let him know. After all, they were all on the same side.

Xu Bai stopped when he heard that Shadow Moon was willing to speak. A smile appeared on his face again. Compared to the seriousness he had just now, he was now like a spring breeze.

"Isn't this face changing too quickly?" Shadow Moon ridiculed.

"Don't mind these details. Come, come, sit down and talk slowly. Are you thirsty? Shall I pour you a glass of water first?" Xu Bai pulled Ying Yue's hand and pressed on her shoulder, telling her to sit down, meaning that she could speak slowly.

Shadow Moon rolled her eyes. "If you want to know, it's actually very simple. But before that, I have to know your true colors. Eh? Eh? Don't go..."

Xu Bai turned around and walked forward silently.

I'm not doing it anymore. I can't do this.

Before he could take a step, he was pulled back by Shadow Moon.

“Big Brother, it’s just a look. It’s not a big deal. We’re all the same. I won’t expose myself to you.” Shadow Moon pulled Xu Bai back once again, her fair little face full of an expression of not knowing whether to laugh or cry.

She realized that she had been restrained.

That's right, he was restrained.

To put it simply, it could be described with two words-grasp.

She was being held in a tight grip by the other party. Anyway, if she didn't say it today, the other party would leave directly. There was no room for negotiation.

The more Shadow Moon thought about it, the more aggrieved she felt.

Xu Bai turned around and glanced at him. "Are you not convinced?"

Ying Yue rolled her eyes at Xu Bai. Although she didn't say anything, her meaning was obvious.

He was not just unconvinced!

"I didn't expect Xiaoxiao to be so small-minded." Xu Bai teased.

Shadow Moon was stunned at first, not understanding what Xu Bai was talking about. When she finally reacted, she flew into a rage.

“Who are you calling young? You said that I’m flat before, so forget it. If you don’t explain this matter clearly today, I’m really not done with you!”

This sentence touched Ying Yue's reverse scale.

As she jumped, it was calm and peaceful. There was not even a ripple, as if it was fake.

Xu Bai raised his hand and pressed down on Ying Yue's head, pressing her back into the chair and said: "You weren't convinced just now, so I'll put it in another way and you'll be convinced."

“Tell me!” Shadow Moon struggled but could not break free. She crossed her arms over her chest and turned her head away.

Xu Bai gestured.

Chapter 735: Eunuch Wei Can Exchange One Saint for One (2)

Xu Bai nodded, indicating that he understood.

He had some understanding of these things when he was drinking and chatting with Eunuch Wei in the past.

Director Mu's profession was a luck master. This was a very special profession. It emphasized one word-luck.

The so-called luck was a very mysterious thing.

Xu Bai wasn't in this line of work. When he was chatting with Eunuch Wei, he only said a few words and didn't explain it very clearly, so he only knew a general idea.

He knew that Director Mu's strength was closely related to Great Chu. The stronger Great Chu was, the stronger Director Mu would be. Therefore, the entire industry revolved around Great Chu.

As for the rest, he wasn't sure.

"Twenty years ago, my father buried his own luck in the Great Yue State." Shadow Moon began to explain...

"After twenty years of ups and downs, that wisp of destiny has already reached a certain level."

"However, due to my father's brilliant methods, no one has been able to see it until now. The fate is connected to the entire Shadow Tower."

"The reason why the Shadow Tower fell apart was actually related to luck. However, the luck at that time was not to such an extent, so it only divided them into two parts."

"Does that mean that we have to truly activate our luck now?" Xu Bai thought for a while and suggested his opinion.

Shadow Moon nodded, indicating that Xu Bai was right.

"Then isn't the activation done? Why do we need so many trivial processes?" Xu Bai asked.

"It won't be that easy." A bitter expression appeared on Shadow Moon's face."

“There are also Fate Masters in the Great Yue State. Back then, in order to deceive them, my father used the remaining Fate to make a sword to cover up the other Fate.”

“As for the principle behind it, it’s especially complicated to say, so I won’t say it. Anyway, that sword can be modified, and it’s the key to restoring luck.”

“As long as we get that sword and head to the place where father buried his luck, the Dark Tower and Shadow Tower will disappear.”

“At that time, the Great Yue State will have internal strife without external interference. They won’t even have time to deal with their own affairs.”

At this point, Ying Yue stopped, and there was a trace of unfathomable sorrow in her eyes.

Xu Bai didn’t see such sadness. He said, “Could it be that the treasured sword has fallen into the hands of the Great Yue State?”

If that wasn’t the case, he wouldn’t need to have A-grade information to see it. That was why Xu Bai had this guess.

However, he still had a question. Why didn’t he save the sword back then?

He did not ask this question, but Shadow Moon saw it in her eyes and was already clear.

“I know what you want to ask. As you know, it has indeed fallen into the hands of the Great Yue State, and it was intentional.” Shadow Moon explained.

“The Great Yue State is also full of experts. There were originally eleven Saint Realm experts, but now there are only nine left.”

“The treasure is the most important part of concealing one’s fate. It must always be kept in Great Yue State.”

“Therefore, if we want to deceive their eyes and make them protect this thing well, we must make this thing valuable.”

“I see.” Xu Bai rubbed his chin and nodded.

First of all, the item that could deceive the fate must be left in Great Yue State. Moreover, it must be a treasure. In that case, it could not be left in the hands of a spy in Great Yue State.

If something happened to this spy, the treasure that blinded fate would also be in trouble.

Therefore, it was better to let others protect him than to protect himself.

In the Great Yue State, it was best to let the people of the Great Yue State protect him.

As for how to get the protection of the Great Yue State, that was to get a treasure.

“That sword itself is a supreme treasure of the Saint level, and it’s rare in the world.”Ying Yue said.

“Therefore, the Great Yue State has always protected it as a supreme treasure. The news of this sword has been sealed. I think there should be some A-grade information.”

“But even if you have it, you might not be able to get it.”Xu Bai said.

“The name of the sword is Twin Swords. There are two of them, and one of them is with me.””

“Swap?” Xu Bai understood.

Shadow Moon acknowledged with a grunt.

Xu Bai frowned.” That’s not right. If you can protect it, why did you hand it over?””

Since there were two twin swords, then the value of each sword was the same. Shadow Moon was able to protect it for so long, so there was no reason for her to hand over the twin swords that contained luck.

Shadow Moon turned her head away.” This isn’t part of the deal. This is my own secret.””

From the looks of it, he did not intend to say anything. Moreover, he was using the name of a transaction to forcefully explain himself.

Xu Bai felt that something must have happened to Ying, but it seemed like he really didn’t want to talk about it, so he gave up.

Now that he knew the whole story, he felt a little relieved.

“By the way, you said that there were originally eleven Saints in the world. Why are there only nine left?”Xu Bai thought of the content of their conversation and asked with interest.

There were four major realms above the First Stage, and each of these four major realms was a mountain and a sea.

The Extraordinary realm was extremely rare. In the entire world, the three factions combined and the three martial arts worlds, there were only a few thousand.

One should not underestimate the number of thousands. Although it seemed like a lot, compared to so many people, it was a very large ratio.

I Have Unparalleled Comprehension #Chapter 736: Eunuch Wei Can Exchange One Saint for One - Read I Have Unparalleled Comprehension Chapter 736: Eunuch Wei Can Exchange One Saint for One

Chapter 736: Eunuch Wei Can Exchange One Saint for One

There were only 200 Transcendents.

According to what he said just now, there were only nine people left who had entered the Saint Realm.

Out of the Saint Realm...Not a single one.

Therefore, Xu Bai was very curious about the situation of the two Saint Realm masters who died.

Everyone had the desire to gossip, not just women, but even more so men.

Moreover, men were more interested in certain areas.

For example...They discussed some very special topics.

For example, now.

"This matter, it's impossible for someone of your level not to know?" You're a mortal evolution state master!"

Xu Bai waved his hand calmly."

"Trivial matters?" Shadow Moon was even more puzzled.

This person was like a tender newbie, but he was also a powerful newbie.

It was like a newbie looking for a veteran in a game and asking how he could become stronger.

In the end, the veteran replied that as long as he kept paying, he would become the strongest.

Not long after, the newbie brought a max level paywall equipment and ran over to ask if that was the case.

Ying Yue felt that Xu Bai being able to reach such a powerful realm, wasn't it really just dog shit luck?

Of course, this matter was not a secret. Many people in the world knew about it, so she did not hide anything and told them the reason.

"The remaining nine are the Emperor of Great Chu, King Sheng You, and Director Mu."

"Emperor of the Great Yue State, War God Bai Zhong, Prime Minister Liu Yue."

"The chief and chief of the supreme barbarian tribe, as well as the great Magus of the supreme tribe."

"These nine are all at the peak of the Saint Realm."

"As for the two who died, they were only around the third grade of the Saint Realm, far from the ninth grade."

"You mean these two were killed by the other nine?" Xu Bai frowned.

The key problem was that the two of them were dead. At this level, unless they were killed, they could only wait for their long lives to end.

"No." Ying Yue shook her head, "The Great Chu State wasn't strong back then. These two Saint Realm masters were born in the pugilistic world and didn't belong to the government. They wanted to seek benefits here, but they didn't expect to fail."

When Xu Bai heard this, he seemed to have an idea.

If it wasn't killed by one of the nine, then... There was only one person left.

"Eunuch Wei?" Xu Bai said.

Ying Yue nodded. "That's right. These two were killed by Eunuch Wei. Do you know why the other two sides are somewhat afraid of Great Chu?"

"The reason is because of Eunuch Wei. If Eunuch Wei really wanted to, he could give up his life in exchange for a ninth-grade Saint."

Xu Bai was speechless.

He was right. It was Eunuch Wei. He remembered that Eunuch Wei's eunuch career was a unique one.

Eunuch Wei, who was at the peak of the Transcendent Realm, had one foot in the Saint Realm. However, due to his body being crippled, he had no hope of entering the Saint Realm.

Although that was the case, Eunuch Wei could describe it in one sentence.

I am invincible below the transcendent level, and above the transcendent level, I will exchange one for one.

It was really a one-for-one exchange.

Xu Bai-Fake cross-level battle, only four or five levels higher.

Eunuch Wei, a real battle between two people of a higher cultivation level. Don't be arrogant. If you anger me, I'll change you.

"Strong. If not for this profession, I would have to cut off a certain place... Eh? Something's wrong?"

Xu Bai thought to himself. If it wasn't for the fact that he had to cut off a certain part of his body, he really wanted to learn it. However, he later realized that something was wrong.

Now that he had the Indestructible Demon Soul Buddha Body, his limbs could regenerate indefinitely.

If it grew out again the moment it was cut, wouldn't it be equivalent to not cutting it and getting the trade again?

This thought rose in Xu Bai's mind, but it was quickly dispelled by him.

"You must not court death. If it doesn't grow back, then there's really nothing you can do."

It was fine for some things to seek death, but these things could not seek death. There were many professions in the world that could regenerate limbs, but they did not do this. They probably could not grow any longer.

Moreover, if one were to learn this profession, unless they encountered an accident, they would only be able to stop at the Transcendent Realm for the rest of their lives.

"If there's nothing else, I'll leave first. I have to send those women away." Ying Yue stood up and looked at the sky that had turned from dark to bright, preparing to leave.

“In two days, people will come from the capital. I will secretly observe them. If there are people with divine soul specialties, I will help you deceive them.”

Xu Bai nodded. Sending those women away was also very important.

He did not ask if there was a way. Since Shadow Moon had said so, there must be a way.

Ying Yue left without any hesitation.

Xu Bai did not relax, nor did he take out the human skin to check the progress bar. Instead, he was thinking about what happened tonight.

Before Shadow Moon left, she told him that he didn't need to care about the military camp anymore. He would inform the people in the studio to make sure everything was done properly.

Xu Bai did not know what Shadow Moon was going to do, but this was not something he should be concerned about, so he did not care.

“Director Mu...Why do I feel like I'm the core of this matter? Could it be that he even included me?”

Xu Bai was confused.

Only he knew where he came from. It was completely an accident.

It was an accident that he came to this world. Could it be that Director Mu had also taken this accident into account?

It was obvious that he was the core of the entire plan because he was the only one who had access to A-grade information.

Chapter 737: Eunuch Wei Can Exchange One for for One in the World of the Sage Stage (8000)

“Perhaps it was because of my appearance that the follow-up plan changed.”

If he couldn't figure it out, then he would stop thinking about it.

Xu Bai didn't want to think about this matter. He stretched lazily and continued to take out the human skin. He started to check the progress bar.

The night was very cold and the street outside was dark. Other than the sound of the night watch, there was no other sound.

Time slowly passed. In the blink of an eye, several days had passed while Xu Baigan was checking the progress bar.

Over the past few days, the golden progress bar had been completed halfway, but there was still another half that had not been completed. The more Xu Bai rushed down the progress bar, the more he sighed.

If it wasn't for the fact that his current strength didn't allow him to, he really wanted to go to the Bizarre Market again to speed up his cheat.

Nothing had happened in the past few days. Shadow Moon had not come over either. He was probably dealing with military matters.

Xu Bai was also happy to be idle. He watched the progress bar and waited patiently.

In the morning, the sun shone in through the window, illuminating the ground.

Xu Bai finished his breakfast, stretched, and continued to take out the human skin.

He really didn't look like he was in a foreign country or even an enemy country.

On the contrary, it was like taking a walk in his own backyard. It was leisurely and very stylish.

After breakfast today, he even drank tea.

“Dong dong dong.”

At this moment, there was a knock on the door of Xu Bai's room.

Putting down the human skin in his hand, Xu Bai kept it in his bosom. He did not use his divine sense to scan it, because with his current identity, he did not know how to use his divine sense.

However, this did not mean that he did not know who was outside. Just from the sound of the footsteps, it did not sound like someone he knew, so there was only one answer.

Someone from the capital.

People who had made great contributions and could be promoted basically needed someone to come down and review them, and the people who reviewed them were all from the capital.

Xu Bai walked to the door and opened it.

When the door opened, the sunlight shone in. Xu Bai looked at the sunlight and saw a middle-aged man in ordinary clothes standing outside the door.

“I’m here to inspect your achievements.”

This middle-aged man called Lu You spoke bluntly as soon as he appeared. His expression was very serious and he did not smile.

Of course, Xu Bai didn’t want to waste his breath. Sometimes, the more he said, the more he would miss. So, he turned his body and gestured to the back.

Before this, Shadow Moon did not appear, which proved that the person who came did not have any special skills in the divine soul.

Xu Bai was slightly relieved that he was not good at this.

The middle-aged man Lu Lu didn’t even look at Xu Bai. He walked in and found a place to sit down. He looked straight at Xu Bai.

“I have a lot of things to do, so just bring him over. Also, bring that information over.”

“Yes.” Xu Bai imitated the shopkeeper and agreed. Then, he walked into one of the rooms. After entering, he quickly came out with the men of sacrifice.

Lu You didn’t say anything when he saw the tragic state of the men of sacrifice. He just extended his hand, meaning to pass the information to him for inspection.

Xu Bai nodded and handed the information to Lu You.

Lu You read through it carefully, and his eyebrows twitched. He was obviously shocked by the contents of the information.

After a moment, he heaved a sigh of relief. He carefully folded the information in his hand and put it away.

“This...” Xu Bai was slightly stunned.

This wasn't the process that they had discussed earlier. Why would the assessment officials keep the information?

"Don't worry, because some things have happened in court recently, I need to bring the information to Jingdou. After verification, I will naturally give you a promotion." Lu You explained.

Although it was like an explanation, she didn't even look at Xu Bai.

Xu Bai smiled and said, "Sir, may I ask what happened? I'm at the border, so I don't have much information."

Lu Lu Lu Lu said, "It's not a big deal. The OP said that for some reason, he's been feeling very upset recently, so he told us to be more careful, especially in all aspects. That's why I can't do a simple check here. Do you understand?"

"I understand, I understand." Xu Bai nodded repeatedly when he saw the shopkeeper's expression.

Lu You stood up and left without saying anything. He came quickly and left quickly.

"The people from the Dark Tower are quite strange." Xu Bai thought to himself.

As he thought about this, he decided to sit down and finish the rest of the tea.

However, before he could start, he suddenly stood up again as if he had thought of something.

"That's not right. How can the process be changed so easily? Even if it was changed, the studio would definitely have informed me."

"We've been tricked. Could it be that this dog wants to take all the credit for himself?"

Thinking of this, Xu Bai went out and flew in the direction Lu You left.

However, before he could chase after her, he happened to bump into someone.

Lu You rushed over in a hurry. His forehead was bruised. Clearly, he had been injured by something.

"Stop!"

"Have you seen the same person as me?"

"Hmm?" Xu Bai stopped and looked Lu You up and down. "Yes, he took my things."

“Something?” Lu You was stunned.

Xu Bai nodded, not understanding what was going on.

Chapter 738: Eunuch Wei Can Exchange One Saint for One

“Oh no!” Lu You reacted and was about to turn around to give chase, but before he could take two steps, he suddenly stopped. He turned around and grabbed Xu Bai, heading toward the medicine shop.

Xu Bai frowned. He had a feeling that things weren’t that simple.

For some reason, he felt that the route he was taking now was completely different from before. The difference was in his various actions and expressions.

“Listen carefully.” Lu You didn’t wait for Xu Bai to speak and said, “After I came, I checked the information. The information was fake, so I went back directly.”

“What do you mean?” “Didn’t I already give you the information?” Xu Bai asked.”

“That’s not me!” “It was the Void Sect who stole the information,” Lu You said.” They disguised themselves as me. If they could fool you, they would at least be mortal evolution states.”

The Emptiness Sect?

What the hell is this?

Xu Bai was puzzled.

Lu You added,” Remember this. Otherwise, if someone finds out that the information was stolen, you and I will be implicated. If the information is fake, it’s fine. After all, who can confirm the authenticity of the information beforehand? Do you understand?”

After saying this, Luyou didn’t seem to want to say anything else. He looked like he was unlucky and left in a hurry.

Xu Bai was about to stop him, but he stopped when he sensed a figure moving in the dark corner.

Xu Bai looked over and saw a finger gently shaking.

He understood and did not stop him.

After the man left, Xu Bai closed the door calmly and went to the corner of the room.

“Come out. Why did you stop me from stopping him?”

Ying Yue slowly walked out from the shadows.”Don’t chase after this information. The studio will draft another report for you. In the business of the Emptiness Sect, don’t get too close to them, or you’ll be in trouble.”

Xu Bai felt a headache coming on.

Why did things keep happening here?

Especially today, when something strange happened again. What exactly was the Emptiness Sect?

Xu Bai voiced out the question in his heart.

After Shadow Moon heard this, she explained everything.

After listening, Xu Bai finally understood what kind of business this was.

To put it bluntly, this profession was a thief.

To put it more directly, his main job was to be a thief on the side...He had to add the word “tomb raider” in front of it.

In short, this was a very strange profession.

The most notable feature was that they had been beaten up by both Buddhism and Taoism.

In the beginning, it was called the Thief Sect.

In the end, in less than two days, he was beaten to the door by the real Taoist Faction and was forced to change his name immediately.

After thinking for a long time, because he was born a thief, he thought of another name, called Void Gate.

In the end, just as their names were changed, in less than two days, the Buddhist Sect brought people over and beat them up, forcing them to change their names.

After being beaten up by two major forces, he finally decided to add the word 'Kong' to his name.

There was a rumor in the martial world that anyone who colluded with this force would be in big trouble because what they did was inherently detrimental to their luck.

Some people didn't believe it and insisted on trying. In the end, they broke their hands, legs, forehead, and ear for several days in a row.

From then on, no one in the martial world dared to come into contact with them.

Most importantly, people in this industry did things based on their hobbies, and their abilities were extremely special.

Disguise!

An extremely high-end disguise.

Before entering the mortal evolution state, this ability was useless. It was just a simple change of appearance.

However, once he entered the mortal evolution state, this ability had a huge change.

Simulations!

Not only could it simulate the appearance and figure of others, but it could also simulate the abilities of others. Although it could only simulate 80% of the appearance and could not exceed one's own realm, it was already very strong.

"So, that should be the mortal evolution state." Xu Bai thought to himself.

He must have disguised himself as Lu You just now. This disguise was even better than his current level nine disguise skill. He was at least at the mortal evolution state.

"Yes." Ying Yue nodded and said, "This line of work does not belong to any faction, but their Great Elder left from inside and went to the Ascending Underworld Army."

Xu Bai was speechless.

Good heavens, so the Thousand-faced Female Bandit was actually the Great Elder of this force. The human skin mask on his face was also taken from there.

“In short, this faction specializes in doing things that interest them. Don’t chase after them to avoid trouble.”Shadow Moon explained.

Xu Bai pondered for a moment and agreed.

Soon, Ying Yue left.

Before he left, he told Xu Bai to prepare a new report and hand it over to him.

Xu Bai didn’t care about these things either. Shadow Moon was in charge of these things, and he was only responsible for infiltrating the enemy’s inner circle.

Due to the theft of the information, this matter had been delayed, and Xu Bai was not in a good mood.

He didn’t continue drinking tea, but took out the human skin and liver.

Gradually, the day passed and night came. Xu Bai lit the oil lamp and didn’t relax for a moment.

The moon was already shrouded in dark clouds.

At this moment, Xu Bai heard footsteps.

It was very light.

His divine soul swept over.

Xu Bai sensed that Shadow Moon was standing outside.

I Have Unparalleled Comprehension #Chapter 739: Myriad Faces Incantation (1) - Read I Have Unparalleled Comprehension Chapter 739: Myriad Faces Incantation (1)

Chapter 739: Myriad Faces Incantation (1)

Under the sweep of his divine soul, the street outside was as dark as ink. Scattered moonlight sprinkled down. At Xu Bai’s door, Ying Yue was standing there.

After standing for a moment, Ying Yue raised her fair right hand and quickly turned into a black shadow, blending into the night as she walked in through the door.

Xu Bai put down the human skin in his hand and narrowed his eyes. "Didn't you say that you were looking for new information? Why are you suddenly looking for me at night?"

In the morning, because the old information had been taken away by the thief from the Emptiness Sect, Ying Yue said that she wanted to find new information.

However, it had only been such a short time since the morning. Could it be that it was already done?

"The new information is ready." "Come, take a look at this."

She handed a piece of paper to Xu Bai.

Xu Bai reached out and took the paper. When he opened it, his eyes gradually turned cold. He raised his head and looked at Ying Yue.

His divine soul swept over and used a control technique, but it was useless.

"Simulation?" "You simulated Shadow Moon's ability." Xu Bai said calmly.

"In our line of work, after we reach the mortal evolution state, we can imitate other people's abilities." "So your spirit control is useless against me."

"The Emptiness Sect?" Xu Bai put down the report in his hand, and a murderous aura began to emerge from his body, echoing in the room. "Whether it's useful or not, I can kill you directly."

The information that he had just received was the one that had been taken away this morning. With just a glance, he had already figured out the identity of this person.

This was a disciple of the Emptiness Sect, dressed up as Ying Yue.

However, he did not expect the other party to be so bold.

"There are only a thousand mortal evolution states in this world." The disciple who was disguised as Ying Yue shrugged his shoulders. "If you kill me, then there will be one less person. Wouldn't that be a great pity?"

As she said this, she had a narcissistic expression on her face. At the same time, she held her forehead with her hand and looked up at the starry sky at 45 degrees.

However, before she could react, she felt a cold mess. Then, she saw a big hand grabbing at her.

"Wait!"

The disciple of the Emptiness Sect was slightly stunned. He quickly turned into a shadow and prepared to escape.

The shadow had no form and quickly disappeared into the darkness.

After reaching the mortal evolution state, the Empty Sect could imitate other people's abilities. Although it was only 80%, Ying Yue's concealment technique was indeed brilliant. This disciple had completely imitated it.

"Do you think that I can't kill you just because of this?" Xu Bai sneered.

The chaos of gold and gray spread throughout the room.

Soon, Xu Bai felt something strange in the corner. He raised his hand, and a bright blade light condensed in his finger.

The disciple hiding in the corner felt a chill run down his spine. He knew that if this saber came down, he would very likely die, so he quickly opened his mouth.

"Lord Xu, I'm here to help you at the request of Temple Master Jadenface."

The cold killing intent disappeared into thin air, and the golden and grayish white chaos in the surroundings also disappeared. The white saber light in Xu Bai's hand was still condensed, but the killing intent on his body had decreased a lot.

"Evidence. If I can't give you evidence to prove your identity, you'll still die, especially if you know my identity."

Just now, this fellow had directly pointed out his identity. He was not in the Great Chu Country now, but in a foreign country. Therefore, if this person could not reveal his identity, then he could only die.

"Yes!"

A girl walked out from the shadows.

The lady looked to be about twenty years old. Although her appearance could not be said to be beautiful and pure, she had the feeling of a jade from a humble family. She looked like a pure lotus flower.

Most importantly...

"Yes... It's not a tablet." Xu Bai mumbled.

"I am Cheng Yu. Greetings Lord Xu." Cheng Yu was dressed in blue clothes. He cupped his hands and respectfully said.

Xu Bai didn't intend to return the greeting. He said calmly, "I told you not to be long-winded. Within three sentences, state your identity, or die."

Cheng Yu hurriedly said, "Lord Xu, do you know about the carvings? Temple Master Jadeface once carved a wood carving for you. You even asked her for it once."

Xu Bai put away the dazzling saber light and calmly took a sip of tea.

This matter was something that only a few of them knew, and those who knew were extremely rare. Almost no one in Great Yue State knew about it.

Therefore, the identity of the person in front of him should be confirmed. However, he did not understand why the female Abbey Dean would help him.

Helping him meant that the female Abbey Dean knew the cause and effect of this matter, and it also meant that the female Abbey Dean was involved.

"How many people are involved in Director Mu's plan?" Xu Bai thought to himself.

Although he was not sure about this, since this woman came to look for him, it proved that she would definitely be of help.

"Tell me, why did you take away my information?" Xu Bai put down his teacup and asked.

Cheng Yucai had just let out a sigh of relief when he wiped his forehead and found that it was covered in sweat.

At that moment, she could honestly say that she was really afraid.

She could feel that if she really couldn't reveal her identity, the dazzling white saber light would fall on her in the next second.

By that time, he would have become a cold corpse.

"It really is the Bloody Butcher Saber Guest." Cheng Yu thought to himself, 'The people in the game say that the character of the game is unpredictable, and it's true.'"

Chapter 740: Myriad Faces Incantation (2)

What she didn't know was that she had thought of this sentence in her heart. If she had said it out loud, she might have really suffered a beating.

"Hmm?" Xu Bai frowned. "Didn't you hear what I asked you just now?"

Only then did Cheng Yu recover from the relief of a false alarm and hurriedly said, "If we don't take the information, Lord Xu will go to the capital. There are countless experts in the capital, and it is very likely that Lord Xu will be in danger."

Xu Bai fell into deep thought.

This sentence was not wrong. Who could guarantee 100% safety?

He was wearing a mask given to him by the great elder of the Emptiness Sect, Thousand-faced Female Thief. She said that it could shield him from many things and also avoid the detection of experts.

However, the biggest problem was that once he encountered danger, he could not use his ability.

Because his ability was too unique, he would be recognized if he used it.

"There is no problem with what you said, but you stole the information, so how can I get information about A class?" Xu Bai said.

He didn't care about the others, and he didn't want to get involved in this matter, but he had to know the news of Sansheng Mountain.

"Lord Xu, since I was able to steal the information, I have the confidence to find A-grade information for you." "This is what we're best at in this line of work," said Cheng Yu.

As she spoke, Cheng Yu handed a book to Xu Bai.

"If you use the method of promotion, you will attract the attention of others. However, if you pretend to be someone else, pretend to be someone who knows about A class news, then you can reduce a lot of danger."

Xu Bai looked at the book that Cheng Yu handed over and took it in his hand. A golden progress bar appeared on it.

After flipping through it for a while, Xu Bai closed the book.

"This is the secret manual of your Emptiness Sect. You want to give it to me?"

Cheng Yu nodded as an admission of admission.” Only the part that goes to the mortal evolution state. As for the rest, we can’t give it to you. The mortal evolution state is enough.”

“Why?” Xu Bai kept the script in his arms.” Why are you giving me such an important thing? You mentioned the Abbey Dean just now. Is there some kind of deal between you and the Abbey Dean?””

These professions or some forces had extremely strict control over secret manuals. How could they possibly pass them on to outsiders?

But now, not only was she giving it to him, but she was giving it to him directly. Although it was only at the mortal evolution state, there were very few mortal evolution states in the world, so it was precious enough.

“We owe Abbey Dean Jadeface a huge favor, and we’ve returned it now.”Cheng Yu said,” In this world, the hardest thing to repay is a debt of gratitude. Moreover, it’s a debt of gratitude from such an expert. So, now that we’ve repaid it, the Empty Sect will be completely relaxed.””

“What favor?” Xu Bai’s interest was instantly piqued.”

He wasn’t gossiping. Alright, he was gossiping.

It would be great if he could hear such a secret.

“Back then, because it was named the Thief Sect, it was almost beaten to death by the Dao Sect.”Cheng Yu didn’t know whether to laugh or cry.” Jade-faced Abbey Dean is a highly respected figure in the Dao Sect. That’s why he pleaded for mercy on our behalf. Thus, he owes us a favor.””

Xu Bai was speechless.

Alright, he finally understood. This was the karma of what he had done back then, and now he was returning the favor.

“If there’s nothing else, I’ll take my leave. The Empty Sect doesn’t belong to any of the three great factions, so I don’t wish to be part of this plan.””Lord Xu, don’t worry. I won’t tell anyone about you.” Cheng Yu cupped his fists and said straightforwardly.”

Xu Bai rubbed his chin and thought for a moment before waving his hand to let Cheng Yu leave.

Since she was called by the female Abbey Dean, then he could rest assured. There was no need to spare her life. Otherwise, it would be disrespectful to the female Abbey Dean.

No matter what, he had to give face to the female Abbey Dean. After all, the two of them had a good relationship.

Cheng Yu walked very quickly, as if she really did not want to get involved in this matter. Not long after, she left completely.

After Cheng Yu left, Xu Bai looked at the book in his hand and fell into deep thought.

"The quality of a plan depends on whether it can be flexible. It seems that Director Mu has already made some changes in the middle."

If he had followed the normal procedure, he would have taken a certain risk to go to the capital.

This was a very simple principle. For example, when an ordinary employee was promoted to the level of a general manager, it would naturally attract the attention of others.

But now, due to the recovery of the female Abbey Dean and the discovery of the Emptiness Sect, a change had occurred.

The entire plan had been changed, making him much safer.

As long as he learned this skill and turned into someone who could already see A-grade messages, everything would be logical.

This skill was at the mortal evolution state. After reaching the mortal evolution state, it could even imitate other people's abilities. Although it was only 80%, it was safer because it could imitate other people's abilities.

"Good stuff." Xu Bai thought.

He looked at the human skin, then at the book, and finally put the human skin away silently.

"Since we need to use a disguise technique, let's read this book first."

"If Shadow Moon comes over next time, I'll tell her that there's no need to look for any more information. I'll be safer this way."

"Time is a little tight. I have to hurry."

Xu Bai looked at the night sky outside the window and decided to burn the midnight oil tonight.

The dark room fell into silence.

Time gradually passed, and in the blink of an eye, many days had passed.

Chapter 741: Myriad Faces Incantation (3)

During this period of time, Xu Bai stayed in his room and did not go out. He focused on the progress bar.

As for what happened that night, he had already communicated with Shadow Moon, and Shadow Moon had agreed in the end.

However, she said that she had a way to deal with the studio, so Xu Bai didn't care.

During the short period of leisure, Xu Bai made full use of his time and rushed the progress bar day and night.

After a long period of hard work, the progress bar of this disguise technique was finally finished by him.

Light blue smoke appeared in front of him and gathered in front of him. Gradually, it formed a line of words.

The words turned from blurry to clear, appearing before his eyes.

[You have studied the Myriad Faces Technique and comprehended the Myriad Faces Technique.]

Myriad Faces Incantation was the name of this skill.

After this line of text appeared, it quickly dissipated. However, it did not turn into information and enter Xu Bai's mind. Instead, it hovered in midair.

The fusion was coming.

The light blue words condensed again and gradually turned into a new line of words. It appeared in front of Xu Bai again.

[Fusion option found. Fusion in progress.]

[Myriad Faces Technique + Thousand Faces Technique = Myriad Faces Technique.]]

[Fusion successful.]

When the words "fusion success" appeared in front of him, the light blue smoke disappeared and transformed into streams of information that quickly entered Xu Bai's mind.

Xu Bai closed his eyes and savored it carefully. After a while, he opened his eyes.

All the information had been integrated into his mind, and he had completely mastered the Myriad Faces Incantation.

In front of him, the latest attribute panel appeared.

[Name: Xu Bai]

” Comprehension: Maximum level.”

Xu Bai could only say that it was a good item for an Extraordinary Rank-9 skill.

Although this skill was a disguise technique, it could already simulate other people’s abilities. At most, it could only simulate 80%.

If the simulated person’s ability exceeded the mortal evolution state, then it could only simulate the mortal evolution state.

To make a simple analogy, if he simulated a person at the extraordinary realm, he could only reach Extraordinary ninth grade.

“It seems to be a bit of a chicken ribs.” After feeling it, Xu Bai rubbed his chin and thought to himself.

With his current strength, he could probably fight someone at level nine of the mortal evolution state. If that was the case, why would he imitate someone at level nine?

After the imitation, he could not use any of his abilities. Instead, he became weaker.

“In general, this skill can sometimes have a miraculous effect, such as now.” Xu Bai thought to himself.

Most importantly, this skill had a restriction. Men could only imitate men, and women could only imitate women.

If one did not require the ability to simulate, one could easily disguise themselves.

Most importantly, the simulation did not require any prerequisites. All he needed to know was the person’s height, weight, and occupation.

Of course, this skill was not 100% undetectable.

If he was strong enough, he could still discover it.

“I see. I know what to do.” Xu Bai touched his face. There was a human skin mask there.

“Simulate the abilities of others and put on the skin mask of the first elder of the Void Sect, the Thousand-faced Female Thief.”

Only now did he know that Director Mu’s move had greatly increased his safety.

If he didn't have a way to imitate other people's abilities, he would just be an empty shell.

When they encountered special circumstances, the moves they used were still their own, and their moves were extremely distinct, so they would be seen by others.

Now that he was able to simulate his abilities, coupled with the Thousand-faced Female Bandit's human skin mask, his safety was greatly increased.

"It seems that they know my ability, but they don't know about the existence of the cheat. They probably think that I'm a fast learner." Xu Bai thought.

Director Mu must have thought that he could learn it since he was willing to give it to him.

In fact, it would be a huge joke if he could still hide his ability up until now.

In the martial arts world, everyone knew that they had many abilities. How could they hide them?

Of course, it was almost impossible for them to guess the progress bar. At most, they would think that they were learning very quickly.

The current him was no longer the same as before. There was no need to hide too much. After all, his identity was here. It did not matter whether he hid or not. It was fine as long as he did not know the exact situation.

"Actually, this ability...Wait, can I play a little more?"

A thought appeared in Xu Bai's mind, and after it appeared, he could not hold it back.

Originally, this skill was extremely useless to him. However, if he played it in another way, would he be able to make this useless skill less useless?

I Have Unparalleled Comprehension #Chapter 742: Myriad Faces Incantation (4) - Read I Have Unparalleled Comprehension Chapter 742: Myriad Faces Incantation (4)

Chapter 742: Myriad Faces Incantation (4)

How did it become less of a chicken rib?

Wouldn't it be fine if he disguised himself as Eunuch Wei?

What kind of person is Eunuch Wei?

I am invincible among Transcendents, and one for one among Saints.

"If I can pretend to be Eunuch Wei, does that mean that I can be invincible in the Extraordinary Realm and can even exchange a ninth-grade Transcendent for one?"

Thinking of this, Xu Bai immediately prepared to start.

After all, this was just a simulation. He just needed to remove it.

The True Core Strength in his body kept surging. In the next moment, Xu Bai did not move at all.

"Sigh, I failed as expected."

This ability had locked down his gender.

Eunuch Wei was neither a man nor a woman, but he was a man, so he definitely could not do it.

Xu Bai was just trying. It was fine if he didn't succeed. He didn't think too much about it.

Then, he tried again.

From time to time, he would turn into Yun Zihai, and from time to time, he would turn into No Flower, playing happily.

After playing it once, Xu Bai got a little tired of it. He took out another human skin and checked the progress bar.

The next day.

Xu Bai didn't sleep the whole night, and the progress bar of the human skin was getting closer and closer to perfection.

The shadow in the corner of the wall shook. Xu Bai didn't even look at it and took a sip of tea.

"Have you found the information I asked you to find?"

Shadow Moon walked out from the shadows." I've already found him. Actually, you know this person too. It's Lu You.'"

Lu You was the Dark Tower official who had come to verify him.

“Is it safe?” Xu Bai put down his teacup and asked.

Shadow Moon nodded.”

“He rose up from the martial world and did not have many acquaintances in the officialdom of the Great Yue State. It can be said that before he became a member of the Dark Tower, he was practically a nobody.”

“If you want to pretend to be him, it will save you a lot of trouble. This is the information related to him. You can take a look first.”

A thick book was handed to Xu Bai.

Xu Bai took it and glanced at it.

Since he was going to pretend to be someone who could see the A-grade news, the cleaner the person was, the better. If he had too much to do with the officialdom of Great Yue State, it would cause trouble instead.

“Let’s go. It’s time to go. Hurry up. The sooner the better. I can slowly read it on the way.” Xu Bai put away the thick book and stood up.

Ying Yue was slightly stunned. Have you finished learning?”

Xu Bai hummed in acknowledgment, indicating that he had finished learning.”Actually, you’re learning very slowly and have been delayed for a long time. You must be anxious from waiting, right?”

Ying Yue was speechless.

For some reason, even though Xu Bai was speaking sincerely, she really wanted to raise her delicate little feet and leave two marks on Xu Bai’s face.

In such a short period of time, even though he had wasted many days, he was still able to finish learning a mortal evolution state manual. This was simply not a person, alright?

“Who exactly are you? Can you let me see your true face?” Shadow Moon asked again.

Xu Bai still shook his head and didn’t agree.

At this point, everyone was actually on the same boat. It was fine if he agreed.

However, he remembered that Director Mu did not tell Shadow Moon about this news. There must be a deeper meaning behind it, so Xu Bai did not explain.

When Ying Yue heard this, she bit her lower lip hard and put on a pitiful look, her big eyes flickering.

Xu Bai looked at Ying Yue expressionlessly.

Seconds and minutes passed. After a moment, Ying Yue turned her head away and snorted.

“Little brat, what kind of absolute beauty have I not seen?” Xu Bai chuckled.”

Shadow Moon took a deep breath.” It’s better than some people who don’t even show their faces. I guess they’re very ugly.””

She was used to it now. If Xu Bai said she was fat, she would say Xu Bai was ugly. After all, everyone hurt each other.

Xu Bai didn’t say anything after being rebuked. He just smiled and walked out of the door. When he took a few steps, his body changed and he looked like another person.

“Let’s go. It’s time to wrap things up.”

Ying Yue turned into a shadow and entered Xu Bai’s shadow.””I’ve been hiding in your shadow. Unless something big happens, I won’t come out.”

A voice came from the shadow.

This time, Ying Yue wanted to go with him. After all, they still had to find that treasured sword in the end.

Of course, Shadow Moon had said that Xu Bai only needed to tell her the news. As for how to get the sword, she naturally had a way.

Xu Bai stretched his back, opened the door, and walked to the noisy street.

Outside the door, there was an endless stream of people. On both sides of the street, shouts rose and fell.

Xu Bai did not need to care about the rest of the matter here. He lifted his feet and walked out...

In the capital.

As the capital of Great Yue State, this place was more prosperous than any other place.

Whether it was the width of the streets or the luxury of the buildings on both sides, they were incomparable to other cities.

At this moment, on the wide and clean street, an ordinary man was walking slowly.

This man was wearing ordinary clothes and looked very ordinary. He was the kind that could not be found in a crowd.

The man walked very slowly. Compared to the pedestrians around him, he seemed out of place.

Of course, his slow pace didn't cause any abnormalities. After all, as the capital of Great Yue State, there were many foreigners here.

The man in plain clothes walked on the street for a long time before he finally found an alley and walked into it.

In the shadows under the man's feet, a pleasant female voice suddenly sounded.

Chapter 743: 209-Miracle Face Technique (5)

"This is the alley. According to the information, at the end of the alley, there is a house where his old lover lives."

"This old flame used to be the courtesan of a brothel. After Luyou redeemed her, she has been hiding here."

"I heard that he comes four times a month. It's almost the end of the month, so it should be the last time."

Xu Bai, who was disguised as an ordinary man, nodded and continued walking toward the alley.

"Are you confident?" "He's mortal evolution state!" Ying Yue said from the shadows. "He's mortal evolution state."

According to the plan they had made when they came, they would directly kill Lu You and then let Xu Bai pretend to be Lu You. Everything would be logical.

"I'm confident." "I don't know why Director Mu hid my identity," Xu Bai said. "But I can't hide it anymore. Maybe you'll know my identity then.""

With his current abilities, he could even fight against a first-grade transcendent, let alone a mortal evolution state.

Of course, the prerequisite was that he had to use his own ability.

Although he didn't know why Director Mu wanted to hide his identity, he couldn't hide it anymore.

In Xu Bai's opinion, since Director Mu was able to predict the heavens and earth, he must have taken this step into consideration. He did not need to hold back.

"I'll use my shadow to help you isolate your surroundings. As long as you're fast enough, you won't be able to leak out your aura." Ying Yue's voice was filled with excitement."

She was very excited. She was excited because she could finally see Xu Bai's identity.

This guy had been hiding it from her. Now that she finally had a chance, of course she would be very excited.

Xu Bai didn't continue to care about Shadow Moon. After telling her to shut up, he walked to the corner of the alley.

In the corner, there was a house standing alone.

It didn't look big, but it was exceptionally exquisite. It must have cost a lot of money.

Xu Bai didn't knock on the door. He jumped over the wall.

Following the backyard, he came to a room.

In the room, a figure was moving.

At the same time, Xu Bai heard the voice inside.

"He hasn't come yet, right?"

"He hasn't come yet. He'll only come over a few days later. It's like this every month."

"Hehe, I'm not worried. After all, if someone catches us, we won't be able to escape."

"Don't bother about him. Let's continue."

The voices of a man and a woman came out from inside, followed by some sounds of “hmm” and “ah”.

Xu Bai was speechless.

Shadow Moon was speechless.

Neither of them had expected to encounter such an exciting thing.

It was obvious that the man inside was not Lu You, but a man who had been stolen by Lu You’s woman.

“As expected, four times a month, how can you be satisfied?” Xu Bai thought to himself.

At this moment, a fair hand reached out from the shadow and touched Xu Bai’s calf.

Xu Bai turned around and saw the fair hand making a gesture, indicating that it was time to make a move.

“Good!”

Of course, he didn’t have the intention of listening to her and directly broke in. Then, he saw two bodies intertwined on the bed not far away.

Before they could react, Xu Bai struck and knocked them out.

But what happened next was beyond his expectations.

The man didn't faint. Instead, he stood up and threw a punch at Xu Bai.

A very strong fist

Xu Bai could feel that he was at the mortal evolution state.

"As expected, a woman who can steal routes. His strength isn't too low either."

He had already thought of this step and shouted a sentence.

"Cloth Shadow!"

The shadow moon appeared from his shadow, and the entire house was shrouded in darkness.

"Ten breaths!" Ying Yue quickly retreated as she reminded him.

This was telling him that he could only block it for ten breaths. After ten breaths, everything would return to normal. Xu Bai had to seize the time to kill this person in front of him.

“It’s enough.” Xu Bai said lightly.

As he finished speaking, a resplendent saber light appeared in his hand. At the same time, behind him, gold and grayish-white continuously interweaved.

An extremely terrifying chaos flowed from the golden and grayish-white colors, covering the entire room in the blink of an eye.

Before the man’s fist landed, he felt a wave of confusion in his mind, and his attack eased slightly.

He heard a voice.

“Mortal evolution state? If it wasn’t a Transcendent, he could just kill as many as he came.”

The devastating saber light was like the scorching sun. In an instant, it was penetrated by this man.

The man only felt a chill on his neck. He wanted to move, but after taking a step, he realized that his vision was gradually decreasing.

“Boom!”

The head fell to the ground, and blood splattered all over the ground.

“Just three breaths.” Xu Bai waved his hand calmly.

In the next moment, the golden and grayish-white chaos disappeared, and everything returned to normal.

There was only a headless corpse and an unconscious woman left at the scene.

The shadow in the shielded room gradually disappeared.

Xu Bai felt a gust of wind behind him. He turned around and saw Ying Yue walking out from the shadows.

Before he could do anything, she pounced on him.

From this angle, one could see the excitement in Ying Yue's eyes.

Shadow Moon's voice rang in his ears, causing Xu Bai to have goosebumps...

"Wow! It was Xu Bai! It was alive! It will move!"

Chapter 744: Destined, Three-Lives Mountain

Xu Bai had never expected that he would meet Ying Yue in such a way.

He really wanted to say, "I'm very sorry to know you in this state."

At this moment, Ying Yue's eyes were shining as she pounced towards Xu Bai. However, Xu Bai's footsteps flashed, causing Ying Yue to miss.

In Xu Bai's eyes, Ying Yue's eyes seemed to have transformed into the shape of stars, and her face was filled with extreme excitement.

Excited? Why was he excited?

Xu Bai had only seen this expression on the face of the girl from Miaojiang.

He had already seen this expression when he was talking to Shadow Moon about himself. However, he had never expected that Shadow Moon would actually lose control at this moment.

Just as she missed, Ying Yue immediately turned around and continued to pounce over, speaking incoherently.

"It's alive, it's really alive. Quick, let me touch it and see if there's a heartbeat?"

"Don't hide. Hey, why are you hiding?"

"I told you not to hide. Stop and let me see!"

Xu Bai took another step and dodged.

To be honest, Ying Yue was very beautiful, even able to stand shoulder to shoulder with Ye Zi and the others, except for being a little flatter.

However, Xu Bai really wanted to ask, how could such a beautiful woman do such a wretched thing?

Vile, extremely wretched!

At this moment, Shadow Moon was like a hooligan who saw a beautiful girl. That state of hunger and desperation made Xu Bai have goosebumps.

"Stop, can you stop for a moment? Hey, hey, I already said stop. Don't do anything."

Xu Bai pushed Ying Yue's head with his hand and moved his body backward.

Ying Yue's head was blocked and she could not move forward, but her fair little hands followed Xu Bai's arm and touched it.

"There's warmth!"

“It’s alive and moving!”

Ying Yue once again uttered vicious words. Immediately after, in front of Xu Bai’s eyes, tears actually flowed down from the corners of Ying Yue’s eyes.

Xu Bai was speechless.

In this world, the woman who understood Xu Bai the most was none other than Ye Zi. After all, the two of them had a deep conversation.

If he were to ask Ye Zi what Xu Bai’s weakness was, she would definitely reply that he would be coaxed but not forced.

Xu Bai said speechlessly when he saw Ying Yue crying.

“No, no matter how much you admire me, you don’t have to cry, right?”

“Wuwuwu...” Ying Yue sobbed as she whispered, “These are tears of excitement.”

She wiped her eyes with her small hand and moved her hand forward along Xu Bai’s arm.

“Pa!”

“Aiya!”

Ying Yue cried out and was pressed to the ground by Xu Bai.

“Let me make it clear to you now. I still want some face. Don’t go too far. You can touch it, but don’t touch it in front.” Xu Bai said seriously.

Ying Yue was pressed down by Xu Bai, and she could not struggle against the immense force. She took a few deep breaths to calm herself down.

“Alright, I’ve calmed down. Let me go first.”

Xu Bai let go of his hand. As soon as he let go, Shadow Moon crawled up and looked at him curiously.

“Can you let me see your face?”

There was a hint of pleading in his voice.

Ying Yue’s eyes shone with hope. Her hands were clenched tightly, trembling slightly, as if she was waiting for a big scene that she attached great importance to.

When Xu Bai heard this, for some reason, he felt that the woman in front of him was especially pitiful.

Since his identity had been exposed, he might as well not hide it.

He wiped his face with his hand, and the human skin mask was removed, revealing his true appearance.

Shadow Moon's eyes widened, and her black pupils constricted slightly. Her mouth opened at a speed visible to the naked eye, so wide that two eggs could be stuffed inside.

"I... I... I..."

She did not know what to say next. She stuttered for a long time but did not say a word.

"It's worth it, it's worth it in this lifetime."

"I thought that I would never see him again in my life. I didn't expect that I would really see him."

"There are no regrets."

Xu Bai's hair stood on end.

It was as if they were about to be separated forever.

"Not really. We'll have the chance to meet every day in the future." Seeing that Shadow Moon had calmed down, Xu Bai quickly comforted her.

Ying Yue nodded and gave a soft hum.

However, her eyes never left Xu Bai's body.

The expression on his face looked very calm, but his heart was filled with waves as he thought about his own matters.

"Father must have done it."

"He knew that I would definitely die this time, so he fulfilled my wish before I died."

These words did not come out of her mouth. They just flashed through her mind, and she did not even show her expression.

“Xu Bai...No, since we’re in an enemy country now, we shouldn’t call him by his name.”Shadow Moon had just called out Xu Bai’s name when she quickly stopped and looked at the unconscious woman.””How should we deal with this person?”

Xu Bai shook his head and said,”Lock her up in your shadow first. We’ll wait here for her to come.””

Since Lu You was coming over at the end of the month, it was not long before the end of the month. It was best to stay here and guard.

“Yes.” Shadow Moon nodded and asked,”Should we just kill him then?””

“We need to use some tactics to kill him in an instant. Don’t give him a chance to escape.”Xu Bai reached out his hand and wiped his face again, turning into that woman.

A high-end disguise technique that allowed him to do whatever he wanted.

When Shadow Moon saw this, she also understood what Xu Bai wanted to do.

I Have Unparalleled Comprehension #Chapter 745: Destined, Three-Lives Mountain (2) - Read I Have Unparalleled Comprehension Chapter 745: Destined, Three-Lives Mountain (2)

Chapter 745: Destined, Three-Lives Mountain (2)

“You took advantage of his lack of attention and attacked him when he was unprepared.”

” As expected of you.” In Xu Bai’s previous life, these words sounded like a joke.

But here, when Shadow Moon used these four words, it did not have this layer of meaning at all. Instead, it was a sincere praise.

Xu Bai felt goosebumps on his back when he heard that. He didn’t know how many times he had goosebumps today, but it was very awkward.

I was so embarrassed that I could dig out several villas.

Fortunately, Shadow Moon did not say much after that. It was obvious that she knew that serious matters were important. After putting that woman into her shadow, she stood quietly at the side.

However, he was standing at the side and didn't say anything, but his eyes were rolling around. From time to time, he would look at Xu Bai, and his eyes were still in a daze.

With such a small expression, he was being stared at by a beautiful woman.

What could Xu Bai say?

He couldn't say anything. He couldn't possibly beat someone up, right?

While there was still time, he stopped talking. Instead, he took out the human skin and looked at it carefully.

Shadow Moon sat on the chair, her hands supporting her chin. Her elbows were placed in front of the table, her hands clenched into small fists. When she closed them, she supported her chin.

The room was quiet, but the scene was unusually harmonious.

Time gradually passed. In the blink of an eye, several days had passed.

Lu You was in a very bad mood.

He was a person who had climbed up from the bottom. Now that he had his current status, the hardships he had faced were naturally self-evident.

In the process of climbing up, he had also used many underhanded methods. He had killed, set fire, and plotted against others. Otherwise, he would not have reached his current position.

To him, he had already reached the peak of his current position.

He was also very satisfied. After all, his current life was not bad.

Everything was originally safe and sound, but when he went for the verification this time, he almost got into a big mess.

The member from Fallen Phoenix City had actually given the wrong person the information.

That was a huge piece of information. It was extremely important and could allow a person to advance.

If the Dark Tower knew about this, he would be punished as well.

Fortunately, he had been in the underworld for so many years, so his mind was very sharp. He instantly thought of a solution.

If he hadn't made the decision to say that the information was fake, he would probably be suffering now.

Usually, when he was in a bad mood, he would come to the end of the alley to look for his old lover.

It was only at this moment that he could relax a little and put all his worries to the back of his mind.

The hooks in this world were not like those in Xu Bai's previous life.

Especially Hua Hua Kui, who was proficient in all kinds of chess, calligraphy, and painting. She could read people's minds, and her mouth was as if it was covered with honey.

It wouldn't be like Xu Bai in his previous life, who only knew how to urge him to do so.

The people in the bar would not rush them at all. They would even reconcile the atmosphere before that.

He had spent a lot of money to redeem himself.

Lu You felt that the money he spent was worth it. After all, he had earned back the money he spent so far.

He walked around the familiar alley and came to the end. Lu You raised his hand and knocked on the door.

After a while, footsteps came from behind the door. Soon, Hua Kui opened the door first.

Lu You was about to go up and get a little intimate, but he didn't expect Hua Kui to raise his hand and stop him.

"What's going on?"

He frowned. Usually, at this time, the other party would have already thrown himself into his arms, but today was a little abnormal.

"I was in danger today. Someone climbed over the wall and wanted to force me. However, I found an opportunity and smashed the back of my head with a vase in the room." Hua Kui looked like he was about to cry as he recounted the matter.

Lu You was still wondering why this woman was acting so strangely, but after hearing what she said, he finally understood.

If it was any other woman, she would probably have some changes when she encountered someone who had been smashed to death.

“Bring me to take a look.”

He was also an experienced person. He did not say anything about taking care of everything. Instead, he wanted to see who would die.

If the person who died had a huge connection, then this woman could not be left alive.

If the people who died were just civilians, then tonight, he would find an opportunity to investigate this person's background.

After he found out, he would get rid of this person's entire family. Only then would he be able to get rid of the trouble.

Hua Kui raised his hand and pointed at the room weakly. There was fear in his eyes and he did not dare to lead the way.

Lu You waved his hand and walked towards the room. He soon arrived in front of the room and pushed the door open.

After pushing open the door, he could smell the smell of blood. As an experienced person, he was very familiar with this smell.

Following the smell of blood, he saw a corpse.

The corpse was naked and was lying on the ground with its back facing him, so he could not see its face clearly.

At this moment, Hua Kui also entered.

“When he was taking off his clothes, I smashed him to death.”

“Okay, I got it. I'll see who he is first.” Lu You nodded and turned the corpse over.

The true appearance of the corpse was revealed.

Lu You was slightly stunned. He actually knew this person.

To be precise, it was his colleague.

“How could he be here?”

“Wait, there seems to be something wrong!”

“How can a vase kill an Extraordinary expert?”

Lu You didn't think about why his colleague was in his room. He didn't think about anything else. There was only one thought in his mind.

I Have Unparalleled Comprehension #Chapter 746: Destined, Three-Lives Mountain (3) - Read I Have Unparalleled Comprehension Chapter 746: Destined, Three-Lives Mountain (3)

Chapter 746: Destined, Three-Lives Mountain (3)

There was a problem!

Even 10,000 vases couldn't kill a mortal evolution state!

Just as he thought of this, his expression changed and he felt a gust of wind behind his head.

He wanted to turn around to deal with it, but it was too late because his surroundings were enveloped by black shadows.

At the same time, gold and grayish-white were interweaving in the shadow.

Chaos continued to spread.

He felt pain from the back of his head to the bottom of his neck.

Vaguely, he seemed to see a white blade light through the mirror beside him.

“Chaos...It's that man!”

“That man is here! How dare he come to the Great Yue State?”

Chaos was that man's signature. By now, Lu You had already figured out the ins and outs, but it was too late.

“Peng!”

The head rolled, and blood splattered all over the ground. Looking at the corpse in front of him, Xu Bai changed back and calmly looked at the black shadow.

The surrounding shadows gradually disappeared and turned invisible. Ying Yue walked out from the shadows.

"I've dealt with the corpse. Are you going to look for A-grade information now?"

A black shadow appeared and collected all the corpses and bloodstains in front of it.

Xu Bai shook his head." According to the information you gave me, he won't go today. He'll go tomorrow."

Shadow Moon made a sound of agreement, as if she suddenly thought of something, her eyes lit up.

"Tell me about you."

Striding with her long legs, Shadow Moon found a seat and sat down, looking at Xu Bai with anticipation.

Xu Bai sat opposite the shadow of the moon." Actually, I want to know why you worship me so much."

Ying Yue bit her lower lip, her eyes rolling around."Worship is worship. There's no reason. Sometimes, it's just for a moment."

Xu Bai didn't continue asking. He thought for a while and said,""What do you want to know?"

Shadow Moon dragged out her voice,"Yes..." Everyone wants to know. Why don't we start from the last time you went to the capital and fought thousands of people alone?"

After that, Xu Bai stayed in the house. The two of them chatted casually, but most of the time, Xu Bai was talking about him.

Shadow Moon rested her chin on her hand, her eyes fixed on Xu Bai. As Xu Bai spoke, Shadow Moon's eyes lit up.

The next day.

At the corner of a noisy street, there was a huge building standing at the end.

No one passed by the building. This was the headquarters of the photography studio.

Unlike other places, they didn't do anything to hide their identities. The headquarters was the headquarters, and they didn't need to do things like other branches.

The members of the headquarters were responsible for the collection and concentration of all kinds of information, as well as the overall planning of the various branches. The most important thing was to maintain the stability of the capital.

Xu Bai had already disguised himself as Lu You and arrived in front of the building.

His mind kept spinning as he thought about the expression Lu should have in the information. He lifted his feet and walked in.

When he walked through the door, he saw an endless stream of people inside. These people walked around from time to time in a hurry. Some of them were carrying a pile of documents, while others were not carrying anything. However, everyone was in a hurry.

Every day, a large amount of information was gathered from all over the Great Yue State.

Therefore, the members of the headquarters were very busy. They would repeat a large amount of work every day.

When Xu Bai approached, no one noticed him or cared about him.

He pondered over the information in his mind, turned around, and walked toward a building.

This building was on the left side of the building. It was also extremely large. It contained all kinds of information, from the lowest D grade information to the highest A grade information. There was everything here.

The members of the headquarters had the right to check here. No one stopped him. Xu Bai walked in openly.

Otherwise, why would Shadow Moon look for people? Route came from the underworld and did not have much connection with this place. Although he had worked hard to manage it, he was ultimately not as good as those people with status and background.

Therefore, no one talked to him along the way, reducing the risk of being exposed.

After entering the building, Xu Bai realized that there were a vast number of books inside, each of which was placed on a large number of bookshelves.

The bookshelves were neatly arranged, and there was a fixed number in each row and column.

There were people going up and down the stairs at the corner.

This building had four floors, and the A grade information was on the highest floor.

Xu Bai didn't hesitate. He walked up the stairs to the second floor.

Every time he went up a level, the information on it became much less. When he arrived at the fourth level, the information here was at most one-tenth of the first level.

There were also fewer people on the fourth level.

When Xu Bai walked up, many people looked over, but they quickly looked away.

Although Xu Bai had walked up so easily, if he hadn't used Lu You's identity, he would have been surrounded by people when he came in.

No one cared about him. That was the best.

Every row of bookshelves was categorized. Xu Bai first found the classification of geography and began to search through the materials.

The information about the Three Birth Mountain was naturally classified by geography.

Xu Bai's searching speed was very fast. With all kinds of skills stacked on top of him, coupled with the fact that he was in the Extraordinary realm, he had an unparalleled memory and reading speed.

He didn't say a word as he silently rummaged through it.

There was a row of A-grade information about geography. It didn't seem like much because most of the information about geography wasn't A-grade, so there were relatively few of them here.

Chapter 747: Destined, Three-Lives Mountain

With no one to disturb him, he flipped through the books even faster. When he reached the middle book, he suddenly stopped and his eyes lit up.

He found it!

As he had expected, this information was really A-grade.

Xu Bai's expression became extremely strange after reading everything about the Three Lives Mountain from beginning to end.

"I think... I don't need to look for the twin swords anymore."

It was written that there was only one mountain peak in the Great Yue State.

The mountain peak had already been strictly guarded. No one was allowed to pass within a mile radius.

Many years ago, the Great Yue State had done this. A passage was opened in the mountain and the twin swords were placed inside.

The Twin Swords were the swords that Shadow Moon had mentioned that they had to obtain.

As for why he had to put it in, the information had clearly stated the reason.

The people of the Dark Tower discovered that there was some unusual luck at the bottom of the Three Life Mountain.

This luck could not be destroyed, and it was related to the separation of the Shadow Tower back then.

He had used many methods, and in the end, he had used the twin swords.

One of the twin swords contained a large amount of luck and could suppress him.

Thus, he placed the twin swords into it.

"As expected, the people from the Dark Tower aren't stupid. They probably discovered the clues."

"After all, it was set up decades ago. There will definitely be changes now."

"But is all of this part of Director Mu's plan?"

Xu Bai thought to himself.

To sum it up, the people from the Dark Tower had discovered the abnormality and placed the twin swords inside to suppress it.

The only thing Xu Bai didn't understand was that the people from the Dark Tower had found out and took the twin swords back. Was this also Director Mu's plan?

Among the people Xu Bai knew, Director Mu was really a cunning old man. Until now, Xu Bai still couldn't understand some things.

He felt that all of this was too coincidental, so coincidental that he felt that something was wrong.

Thinking about it carefully, there was no order to everything. He had entered the ruins, encountered those things, and encountered the Three Lives Mountain. All of these had happened randomly.

But why was it now combined with Shadow Moon's treasured sword, changing from random to orderly? This was too ridiculous.

"Could it be Director Mu?"

"How could he have calculated everything, even... How could he have predicted what happened to me in the ruins?"

"That's not possible. No, after this trip, I have to see him and ask him to tell me the reason."

Xu Bai didn't know why, but he felt more and more uneasy.

He had thought that it was just a simple trip, but now it had become mysterious.

Director Mu of the Heaven Inspectorate's Zhai Xing Lou had caused the entire Shadow Tower to fall apart. Xu Bai really didn't want to have too much contact with such a terrifying person.

But now, it seemed that he had to see her when he went back. There were many things that he could not solve.

"No matter what, I should still look for other information." Xu Bai thought.

He then flipped through the other materials. Fortunately, he flipped through them very quickly. Even though there was a lot of information here, it took him nearly four hours to finally finish reading all the information.

After he finished reading, he did not find any news about the twin swords. It seemed that the sword was still in the Three Lives Mountain.

Xu Bai put down the book and prepared to leave.

He walked down the stairs and up the stairs without any obstructions. No one stopped him and he quickly left the headquarters of the Dark Tower.

After returning to the room at the end of the alley, Xu Bai closed the door.

The shadow behind him shook, and Ying Yue jumped out from the shadow.

“Have you found anything?”

Ying Yue had not come out at the headquarters of the Dark Tower just now. She was afraid of being seen by others. She only came out from the shadow now and asked impatiently.

“Things are a little strange. Listen to me slowly.” Xu Bai organized his words and told him what had happened.

Especially the information that Ying Yue had investigated, as well as the news about the Three Lives Mountain, he explained it in detail.

After he had finished speaking, Xu Bai looked at Shadow Moon.

“Could it be that my arrival was also considered by Director Mu?”

He didn’t say the rest, such as what he saw and heard in the ruins.

Shadow Moon shook her head.” I don’t know. Father is always mysterious and unpredictable. If you really want to know, you can only go back and ask him personally.”

“Don’t guess, don’t think, just ask him directly. We’re all like this.”

Xu Bai was speechless.

He thought that he could get some information from Ying Yue, but now it seemed that he could not get any information at all.

Xu Bai changed the topic.”

Shadow Moon nodded, looking as if she didn’t know.

Xu Bai was speechless.

Good heavens, if he knew that things were so coincidental, he wouldn’t have to go through all this trouble.

From the very beginning when he came to the Great Yue State, even when he came into contact with Ying Yue, Ying Yue did not know that the place he was looking for was the Three Life Mountain. She only knew that he was looking for information and that he could get it from the A-grade information.

If he had known that the two of them had the same goal, Xu Bai would have said it directly at the time. Then, he would not have had to go through so many intermediate steps.

However, although it was more complicated, they still got the news. The final result was the same.

Chapter 748: Destined, Three-Lives Mountain

“Do you want to go with me?” Ying Yue’s eyes were filled with anticipation.

Xu Bai thought for a moment and nodded.”

They had already come this far. If they gave up halfway, wouldn’t it be a waste of all their energy?

Although the Three Lives Mountain was already strictly guarded. However, the secret manual was hidden underground. Perhaps the people from the Dark Tower did not find it?

No matter what, he had to go and take a look.

When the time came, he would go over and take a look. If there was danger, he would think of other ways.

“Hurry up and leave now.” Xu Bai said.

Since he had found out about the news, it was not a good idea to stay here for long. Moreover, the longer he stayed, the more dangerous it would be. It was better to leave as soon as possible.

The two of them didn’t say much. They didn’t bring much on this trip and turned around to leave.

Even Xu Bai did not expect that this trip would be as smooth as silk, without any obstacles.

It made sense. With the mortal evolution state disguise technique, if it didn't work, then there was nothing else he could do.

After leaving the capital of Great Yue State, they headed straight for their destination.

The journey was also very smooth, and they did not encounter any accidents.

However, Xu Bai knew very well that the capital of the Great Yue State would soon be busy.

Once he left, Lu You, who he was pretending to be, would no longer appear in the Dark Tower.

As time passed, it would attract attention. At that time, the Dark Tower would definitely investigate, but it would definitely take a long time.

Because there were no clues, even the corpse had been disposed of.

If he wanted to start from a situation where he had no clue, it would take a long time.

Therefore, they were fighting for time. They had to finish everything before they discovered anything.

"Not far ahead is the Three Lives Mountain." Shadow Moon poked her head out from Xu Baiguan's shadow.

This action looked extremely terrifying because it was poking its head out of the shadow. If a normal person saw it, they would probably be scared out of their wits.

Of course, if it were those normal people or even those with special personalities, they would be ecstatic.

"Go back and hide." Xu Bai said as he walked forward.

"Am I that unlikable to you?" Shadow Moon said gloomily.

Xu Bai was speechless.

Along the way, the two of them were originally traveling together, but Shadow Moon kept asking questions, making Xu Bai feel frustrated. However, he did not want to hit a smiling person, so he could not lose his temper.

In the end, he couldn't hold it in any longer, so he used the excuse that the two of them were too big of a target to hide Shadow Moon in the shadows.

Although it was hidden in the shadows, it would pop out from time to time, and it was even better than before.

Seeing that Xu Bai did not reply, Ying Yue sank back into her shadow and did not speak again.

Xu Bai continued on his way. When he was about two miles away from Sansheng Mountain, he stopped.

According to the A-grade information, the area within a mile radius had been cleared by the Dark Tower's people, and the security here was extremely tight.

If Xu Bai went in openly, he would be discovered without even taking a few steps. After all, he didn't have any concealment techniques.

Even if Shadow Moon was hiding in the shadows, there was still a possibility of being discovered.

They couldn't just charge in. Who knew how many experts were there?

Xu Bai thought about it and finally came up with a solution.

Same old rules, disguise.

First, he would capture a spy from the Dark Tower and kill him. Then, he would pretend to be a spy. This way, everything would go much smoother.

The only problem was how to capture a spy from the Dark Tower.

He couldn't use his divine sense to scan the place now, because he couldn't guarantee that there weren't any divine sense experts inside. Therefore, Xu Bai didn't know where the people from the Dark Tower were hiding.

Even though it was extremely spacious in front of him, Xu Bai could already see the towering mountain peak from where he was looking.

However, the problem was that these scouts were not guarding in the open, but in the dark.

He couldn't use his divine soul to scan them, nor could he find any traces of them. Then, he was stuck in this place.

"What should I do?" Xu Bai stood where he was and pondered.

The mountain peak in front of him was like a huge treasure that was attracting him. However, there was an extremely dangerous checkpoint in the middle that made it difficult for him to advance.

At this moment, a beautiful head appeared from the shadow again. It tilted its head and sized up Xu Bai's back.

"That..."

Shadow Moon had just begun to speak, but Xu Bai interrupted her.

"Don't talk. Can't you see that I'm thinking of a way?" Xu Baitou didn't reply. He was still thinking about the previous question.

"No, I mean..." Shadow Moon opened her mouth again.

"I already said to shut up first and talk later." Xu Bai interrupted again.

Ying Yue snorted and turned her head away, "I said I have a way. If you don't listen, then forget it."

Even if he was her idol, she would still be angry if he treated her like this.

Shadow Moon retracted her head into the shadow and even used her mouth to simulate a voice. "Gululu."

Xu Bai was stunned. He turned his head quickly, but he saw a smooth shadow. He didn't see Ying Yue.

"What method? Tell me quickly."

No one responded to him. It was quiet.

"Are you angry?" Xu Bai said helplessly.

Ying Yue's voice came from the shadow.

"I'm angry, and I'm very angry."

Finally, he remembered that Xu Bai was someone he admired, so he added.

"I have to coax him."

What Xu Bai didn't expect was that Shadow Moon would actually throw a tantrum like a little girl at this time.

Seeing that Shadow Moon's head was once again immersed in the black shadow, Xu Bai fell into deep thought.

She had to coax him to get better. How?

He had never coaxed anyone before. Asking him to do such a thing at this time was simply a gift.

Previously, when he was with Ye Zi, Ye Zi was basically the one who was obedient to him. There was really no need to think about coaxing others.

Looking at Shadow Moon's appearance, it was likely that she really wouldn't come out.

"Coax her. How can I coax her? Let me think about it."

"Oh right, if you want to coax a person, the most important thing is to praise her. Then I'll praise her now. How should I praise her..."

"It's obvious to praise her for being beautiful. According to common sense, you have to turn a person's strengths into weaknesses."

"I got it. Let's do it this way!"

After Xu Bai thought it through, he raised his right fist and hammered his left palm. Then, he looked in the direction of the shadow and said with a very serious expression.

"It's very big."

Shadow Moon was speechless.

Xu Bai saw that Shadow Moon did not come out, so he probably felt that his words were a little too few, so he added two more words.

“It’s really big.”

At the end, he added three words.

“It’s especially big.”

At this point, Shadow Moon finally couldn’t hold it in any longer. She poked her head out of the shadow and revealed an expression of not knowing whether to laugh or cry.

“Are you praising me? Why do I feel like you’re stabbing me in the heart with a knife? And after stabbing me, you even turned the knife around.”

His heart was bleeding!

Of course, Shadow Moon knew her own weakness. To be precise, this was not a weakness.

The size was just right. How could it be considered a defect?

However, Xu Bai’s praise of her made her feel a little uncomfortable!

It was like running into a small run-down courtyard and talking non-stop about how good and luxurious the courtyard was. Wasn’t this stabbing people with a knife?

Xu Bai’s face darkened, and the corner of his mouth twitched.””Then...Very small?”

[Shadow Moon: “”]

If Shadow Moon could make an expression at this moment, it would definitely be very disdainful.

Even if it was her idol, she would still be angry if he said that about her.

However, when Shadow Moon saw Xu Bai’s anxious expression, it seemed like he really didn’t know how to praise people.

“Yes... Alright, I’ll take it that you’ve coaxed me.”

In order to prevent Xu Bai from feeling embarrassed, Shadow Moon emerged from the shadow.

Xu Bai let out a sigh of relief and patted his chest. He even sighed,”Isn’t this a simple matter? I often hear that it’s very difficult for a man to coax a woman in a family. Isn’t this very simple?”

Shadow Moon covered her face with her hands.”

“After we enter, we only need to search in all directions. We don’t have to worry about exposing ourselves at all. Once we find the other party’s spy, I’ll lock him in the shadow and it won’t be too late to take action.”

Hearing this, Xu Bai finally understood the specific method. Although he didn’t know the principle, he pretended to understand.

Shadow Manipulator?

“Why don’t you learn from your father?” Xu Bai asked. As soon as he asked, he suddenly understood. “I almost forgot that you are trying to infiltrate the Great Yue State. Of course, you can’t be a Fate Master.”

Shadow Moon opened her mouth, wanting to say something, but after seeing Xu Bai answer his own question, she shut her mouth.

“You will know later.”

These were not her words, but Xu Bai’s answer in his heart.

Xu Bai pondered for a moment and suddenly found a problem: “If that’s the case, why don’t you bring me directly into the mountains? There’s no need for us to capture spies and pretend to be spies.”

It was better to go in directly with this method of hiding. He did not have to go through so much trouble at all.

Shadow Moon explained, “What if there’s something unique in that mountain, like an array set up by an Array Master? If I go in, it’s very likely to trigger a special change. It won’t be good then.”

I Have Unparalleled Comprehension #Chapter 750: Three Absolutes of Heaven and Earth, Overturning the Earth (2) - Read I Have Unparalleled Comprehension Chapter 750: Three Absolutes of Heaven and Earth, Overturning the Earth (2)

Chapter 750: Three Absolutes of Heaven and Earth, Overturning the Earth (2)

Xu Bai knew about array masters and had encountered them before.

A situation like an array formation with no blind spots did indeed have some ability to restrain Shadow Moon.

"Alright, then it's decided. We'll take action at night." Xu Bai agreed.

Now that they had a solution, they could only wait until the day was over. The two of them found a hidden place and waited patiently. While waiting, Xu Bai took out the human skin and continued to check the progress bar.

Time slowly passed. In the blink of an eye, the sunny day turned into a quiet night.

The moon shone on the willow tree, and the light from the moon fell on the ground, covering it with a layer of silver frost.

Xu Bai was still looking down at the progress bar when Shadow Moon walked over from the side and came in front of Xu Bai, saying that it was time.

Xu Bai put the human skin in his pocket and nodded, indicating that he was ready.

Ying Yue raised her fair little hand and made a special hand seal in mid-air. The next moment, the shadow behind her suddenly twisted and quickly expanded.

From the middle, a thin spiderweb-like crack appeared.

After it appeared, it gradually expanded in an instant and became the size of a door in the blink of an eye.

It was pitch black inside, and Xu Bai could not see any light or shadow. He looked around from above.

"So deep."

He did not realize that there was something wrong with his words.

Ying Yue seemed to have thought of something, and her face turned slightly red. She quickly said something to hide her embarrassment, "It's getting late. Let's go in quickly."

"Open up a little more. I'm going in." Xu Bai said and jumped into the crack.

The black shadows gradually closed. Xu Bai was in the darkness. He looked up at the sky and found that there were black shadows interweaving in the sky, weaving into a big net.

Through the large net, the light of the moon could be seen flashing.

"What a magical profession." Xu Bai praised.

From the outside, it was just a shadow. Nothing else could be seen. However, from the inside, one could actually see the situation outside.

“Are you ready? I’m going to start.” Ying Yue’s voice came from outside.

Before Xu Bai could reply, she had already disappeared into the darkness and appeared beside him.

Xu Bai took a step to the side.”

Shadow Moon said, “If I don’t come in, how can I hide?” I can’t bring the shadow with me.”

Xu Bai nodded, meaning that he understood. He urged Ying Yue to speed up.

Ying Yue didn’t say anything more, and her right hand formed a hand seal again.

As Shadow Moon moved, Xu Bai realized that the scenery around him was moving backwards, as if he was moving forward.

He could see the situation outside through the mottled shadows, but the people outside could not see the movement of the black shadow.

Shadow Moon controlled the darkness and continued to wander around the empty space. This was the simplest method, a carpet search.

But sometimes, the simpler the method, the better the effect. Because when you don’t know the location of those spies, it’s the fastest and most convenient to use a carpet search.

The black shadow was very fast. In the blink of an eye, nearly an hour had passed. At this time, Shadow Moon’s speed slowed down, and from the shadow of Shadow Moon, Xu Bai saw a spy appear.

“After we get there, I will open a hole in the darkness and let him fall in. You have to kill him instantly and then transform into his appearance to leave.” Ying Yue’s small face became very serious, repeating this sentence several times, worried that something unexpected would happen.

Xu Bai nodded, indicating that he was at ease.

Only then did Shadow Moon control the darkness to come to the feet of this scout.

The scout looked very young and wore ordinary clothes, but he walked back and forth, looking around from time to time with a cautious look.

At this moment, he suddenly felt empty space under his feet. Before he could react, he fell into the darkness. At the same time, he felt a chill on his neck and lost consciousness.

“Hurry!”

Xu Bai quickly took off his clothes and put on the scout's clothes. After changing into the scout's appearance, he put on the human skin mask and jumped out of the darkness.

The darkness behind him gradually closed and returned to its original state.

Xu Bai let out a long breath. Before he could completely relax, he heard a few sounds of wind.

“What's going on? Why did your waist token suddenly lose contact?”

Three to five scouts came from all directions and stopped in front of Xu Bai.

Waist token?

Contact?

When Xu Bai heard these few words, he instantly understood. He thought to himself, “As expected.”

The defenses here seemed to be lax, but they were actually tight on the inside.

The scouts had a unique way of sensing each other, and they could even form a dense intersection.

The scout had only disappeared for a short while, and now there were other scouts coming from all directions. It seemed that the Great Yue State attached great importance to this place.

“I don't know why either.” Xu Bai pretended to be confused and shook his head.

Fortunately, she had put on her clothes quickly and had brought the waist tag on her waist.

At this time, there was no need to give any other excuses. It was best to pretend that he did not know.

Because he didn't know the principle of the so-called waist token, he didn't know. If he said an excuse, it would be easy for him to be exposed.

As for the specific reason, it was not something he should be concerned about. He said that he did not know, so the others should guess the reason.
