Chapter 71: Spring Rain Pavilion (Thanks for the tip of “Don’t forget your original heart, don’t forget your roots, no one knows or remembers”)

“Is the green lotus throne the thing you used to find out my identity?” At this moment, Xu Bai gave up on the idea of searching his soul and turned to look at No Flower.

He had heard from No Flower and the others in the alley that they had used the green lotus platform to find his identity. Now that he heard about the green lotus platform, Xu Bai’s interest was piqued.

No Flower nodded. He dug into his clothes and took out a small green lotus throne.

No Flower had three of these. He had used one on Xu Bai, and now there was only one left.

Seeing this little thing, Xu Bai pondered for a moment and suddenly said, “Why don’t you find someone stronger?”

“The green lotus throne is a replica after all, and there is a limit to it. Moreover, it is a karmic probe. Without this karmic probe, it is very difficult to detect.” No Flower explained.

“Then why don’t you try the real one? Perhaps it can directly destroy the Extreme Life Sect?” Xu Bai asked again.

“The price is too great.” No Flower placed the green platform on the table.” Hearing this, Xu Bai frowned. He felt that something was wrong.

Destroying the Extreme Life Sect was the idea of the Emperor of Great Chu, and he had made up his mind.

The Emperor of the Great Chu State was an extremely astute person. He was decisive and swift.

If his plan to destroy the Extreme Life Cult was true, and he intended to suffer a long pain, why would he not be willing to pay the price?

There was something going on here...

Either the price of the green lotus throne was too high, or there was something else.

However, he did not voice his thoughts.

Only a fool would say it. Sometimes, socializing was one thing, but there were some things that could not be said.

They were able to get along because of their personalities.

There was also the progress bar.

As the saying went, one should not talk too deeply with shallow friends. The words left behind by the ancestor would not lie.

"Shall we begin?" The willow catkins say, a sentence

At this moment, the woman lying on the ground finally spoke.

' You liar!' She shouted at Xu Bai with an expression of grief and indignation." You promised to give me a quick death. I'm in pain now, but it's not fast!'"

After she told him what she knew, she was dragged to the Liu residence by Xu Bai, which delayed her for a long time.

She was not in perfect condition now. Her limbs were all broken, and the pain was unimaginable.

To put it simply, it was just three words.

It was numb.

“We really have to give you a quick death. Wait for us to finish first.” Xu Bai consoled him seriously.

“Please, stop chatting, okay? What are you doing? Hurry up and end it after you’re done.” the woman begged.

No Flower coughed.”

“Don’t worry about whether it’s heavy or not. I don’t even dare to move now.” The woman’s eyes were red.

She was also a sensible person. She knew that she could not live on and wanted to end this pain as soon as possible.

“Good, good. This little monk is merciful. I’ll speed up so that the female benefactor can ascend to the Nirvana Realm as soon as possible.” No Flower cut his finger with the lotus throne and inserted it into the center of the green lotus throne.

The moment the blood was injected, the green platform turned into a light shadow that flowed continuously in the room.

“Benefactor, in your life, what is the most important memory of the Extreme Life Sect?” No Flower asked.

Under the light and shadow of the green lotus throne, No Flower looked sacred and solemn. Even the question at the beginning had a sense of solemnity.

“The most important thing in the Extreme Life Cult... Memories?” “What?” The woman was stunned for a moment before she came back to her senses. Her face was filled with pain. “I shouldn’t have walked down this path in the first place. I shouldn’t have become a woman who pleases men for the sake of the Extreme Life Sect.”

As the woman finished her sentence, the surrounding green light gradually condensed. Then, a constantly flashing scene condensed in midair. “Sin, sin...” No Flower closed his eyes and chanted the name of Buddha.

“Do not look at evil...” Liu Xu lowered her gaze.

Xu Bai’s eyes lit up.”

On the screen, there were orioles and swallows, green and red.

The women in light muslin clothes were endless, and their extravagant voices continued to spread, making people’s hearts flutter.

After a while, the green light shadow disappeared and everything returned to normal.

“The land of the moon and the wind?” Xu Bai turned to look at the woman with broken limbs. He narrowed his eyes slightly.”

“I have been ordered to enter the Spring Rain Pavilion to conceal my identity. Moreover, in order to be real...” The woman paused for a moment and said, “I don’t want to talk about that feeling, and...” Xu Bai frowned and stepped on the woman’s right hand. “You’re not honest.” “What did he mean by unwilling to mention it?”

The fact that he couldn’t use the green lotus throne to find out the cause and effect proved that it was definitely related to Spring Rain Pavilion, but the woman said that it had nothing to do with it.

Very dishonest.

"I'm innocent." Sweat appeared on the woman's forehead. She cried out, "If I really wanted to hide it, I wouldn't have said it when I was using the lotus throne. I really thought it was okay because the Extreme Life Cult only said that I should stay inside. They didn't say anything else. ""

Xu Bai let go of his foot." That's true. What do you two think?" Is this woman still useful?"

No Flower shook his head." We've already found the most important cause and effect. It's useless.""

Liu Xu also said,"I don't have any other methods at the moment, so I can't find out more problems.""

The meaning of the two was obvious. This woman was no longer useful.

Xu Bai didn't waste any time. He took a few steps forward and looked down at the woman from top to bottom. His face was as calm as water.

The woman's limbs were broken, but her face was still full of anticipation.

Right now, she felt worse than death.

He only wanted a quick death.

Xu Bai raised his knife and slashed it from the woman's neck.

The woman died and fell to the ground.

After putting away Ghost Head Blade, Xu Bai looked at Liu Xu and No Flower and said, "I thought you were going to say something to stop me. ""

"The Ultimate Life Cult deserves to die. If you torture her, I will only feel relieved."Liu Xu raised her eyebrows, looking very normal.

“She has killed countless innocent people. If I stop her, I won’t be human anymore. “No Flower put his palms together.

The two of them had the same attitude. They didn’t dislike Xu Bai’s actions at all. They even expressed their support.

Of course, the two of them were shocked again.

Xu Bai bent down and began to search the corpse.

After a while, he didn’t find anything and shook his head regretfully.

“Benefactor Xu... Really... Wonderful.” No Flower’s face twitched.

Liu Xu raised her head to look at the sky, indicating that she did not see anything.

“Alright, let’s talk business.” Xu Bai changed the topic again.” Let’s talk about the Spring Rain Pavilion. Since the green lotus platform has found the Spring Rain Pavilion, we should consider going there. ””

At the mention of this, Liu Xu and No Flower looked at each other. “Regarding Spring Rain Pavilion, we still have to think about it carefully.”

‘When it comes to Spring Rain Pavilion, there is one person that cannot be avoided. ”

“Tell me about it,” Xu Bai said as he walked closer..”

Chapter 72: The Three of Them Want to Visit the Flower

Xu Bai saw Liu Xu and No Flower's troubled expressions and guessed that this person had a powerful background. Otherwise, they wouldn't have been so cautious.

It was just a small county, and Spring Rain Pavilion was a place of debauchery, but there was a character that made the Qingyun Academy and the Titanium Temple afraid. It seemed that not only was his background not small, but it was even bigger than these two.

"If you want to go to the Spring Rain Pavilion to investigate, you have to be careful of one person. She is the ninth princess of the Great Chu." Liu Xu explained, "In the Great Chu's royal family, the Ninth Princess is the one who is the least favored. Therefore, she doesn't participate in the royal family's struggles. Instead, she focuses on doing business."

"She does a wide range of businesses, not just the Spring Rain Pavilion. This so-called Spring Rain Pavilion is just one of the businesses that the ninth princess does." No Flower continued, "We definitely have to investigate. His Majesty once said that if the Ninth Princess violated the laws of Great Chu, she would be punished as a commoner. However, we can't openly investigate her."

Xu Bai rubbed his chin and fell into deep thought.

A frustrated princess opened a brothel?

It was just one of the industries. It seemed that the scope involved was very wide.

There was something.

In Xu Bai's mind, there was no such thing as disappointment. A princess was a princess.

The people of the imperial family were even more so, they were the face of the emperor.

Moreover, it involved a lot of business. If this was done under the eyes of the Emperor of the Great Chu State, then there would be something to say.

Accumulate wealth?

It was very possible.

“Perhaps this matter has nothing to do with the ninth princess, but Spring Rain Pavilion must have a problem, especially the promotion of a county. “No Flower put his palms together and added.

This was very possible.

Who is the Ninth Princess?

Why would the royal family of the Great Motherland need to collude with the so-called Extreme Life Sect?

That would be too demeaning and too bold.

The Ninth Princess would not dare to anger the Emperor. Even if she was the Emperor’s daughter, the Emperor could kill her if he wanted to.

In Tian Zi’s family, where was the love?

No Flower thought that this matter was very likely a problem with the Spring Rain Pavilion.

“Since we can’t investigate openly, we can investigate secretly. “Xu Bai said.

As soon as he said this, Liu Xu and No Flower turned to look at Xu Bai, their eyes filled with doubt.

Scouting? How?

Could it be that he was going to disguise himself, put on his night clothes, and sneak into the Spring Rain Pavilion when the moon was dark and the wind was strong?

Putting aside the possibility of being discovered, if they were really discovered, it would be extremely easy for them to alert the enemy.

Thinking of this, Liu Xu asked the question in her heart.

Moxiu fell into deep thought. Could it be that his passive skill, Reversal, was really a Royal's innate skill?

As the saying goes, those who are involved are confused, while those who are not. Liu Xu was a woman, and No Flower was a monk. The two of them naturally did not think of this method.

Xu Bai was a normal man, but he could see through it.

"The land of fireworks, I'm a woman again..." This..." Liu Xu was in a dilemma. Her starry eyes carried a trace of awkwardness.

Although the people of the pugilistic world did not stick to the details, this matter was somewhat out of line in the customs of Great Chu.

There were also cases of scholars visiting romantic places. It was euphemistically called romantic but not obscene, but she was a woman.

"Can't you just disguise yourself as a man? This was an emergency, and special measures had to be taken." "No way, right?" Xu Bai goaded. Are you a pedantic scholar?"

With this provocation, Liu Xu immediately glared at Xu Bai.

"Fine, I'll dress up. It's not like I've never been a man before."

Liu Xu had settled the matter, but Wu Hua had a troubled expression on his face. It was as if letting him visit the brothels was asking for his life.

“Doesn’t Titanium Temple advocate entering the mortal world? Don’t tell me you don’t dare to enter the mortal world?” Xu Bai said.

No Flower sighed.” Benefactor, you may not know this. My master once said that the most difficult thing in the mortal world is the love between a man and a woman. Therefore, I have always maintained a sufficient distance. Unless I am 100% sure, I don’t dare to touch it.”

Of course, he was lying.

He is afraid of men and women, love more, love more, and other reasons.

Ever since he entered the Titanium Temple from a young age, his master had been passing on a principle to him.

The woman at the foot of the mountain was a tiger. The so-called love would eat monks.

As everyone knew, when an idea was conveyed from a young age, it would take root in one’s heart and it would be difficult to pull it out.

No Flower had such a mentality.

“If you’re afraid, then don’t go.” Xu Bai said concisely.

“Patron, goading me won’t work. Since you insist that I’m afraid, I’ll go.” No Flower said expressionlessly.

[Provoking Doesn’t Work]

Xu Bai clapped his hands and said, "Then go and disguise yourselves." "What about you?" Liu Xu glanced at Xu Bai.

"I won't." Xu Bai was very straightforward. "After you're done, I'll see who can do it better. Then, help me do it."

Liu Xu was speechless.

Although they didn't know why they were provoked by Xu Bai, Liu Xu and No Flower still went to prepare.

Liu Xu left the house and prepared to go to her own room. Before she left, Xu Bai gestured at her, almost making her so angry that she twisted her ankle. At that time, Xu Bai gestured in front of his chest and added,

"When a woman disguises as a man, she must pay attention to the details." This reminded her of what happened that night.

"You make it seem like you know a lot, but when it comes to disguises, you're a novice."

Liu Xu said mockingly before gritting her teeth and leaving.

No Flower, on the other hand, was very simple. He took out a wig from his clothes and put it on his head. He also smeared some beard on himself, making him look a few years older.

In the end, he even flipped his monk robe and put it back on.

After the monk robe was flipped over, it turned greenish-black, and the style also changed.

"Fortunately, before I left, Master told me to be careful of the martial arts world. Disguise is the first lesson." No Flower said slowly.

"I'm getting more and more interested in your Titanium Temple," Xu Bai said as he gently rubbed the hilt of Ghost Head Blade with his fingers."

This kind of teaching method was very good. It was very suitable for survival in the martial arts world.

"If fate allows it, I will definitely invite you to the Titanium Temple to chat about Buddhist scriptures all night. "No Flower bowed.

"Were those few days not painful enough?" Xu Bai was hinting at something.

These words made No Flower choke. Thinking back to the few days when he explained the Buddhist scriptures to Xu Bai, it was really extremely painful.

Those who played the lute to a cow were extremely tormented.

"Benefactor, even if it gets worse, as long as you devote yourself to Buddhism, you can still accumulate a lot of energy. "No Flower felt that he still had to comfort her.

He couldn't dampen a person's enthusiasm. Moreover, he was a person who worshipped Buddhism.

"We'll see in the future." Xu Bai waved his hand and said.

Just as the two of them were chatting, Liu Xu, who was disguised, pushed open the door and entered.

Xu Bai heard the voice and turned around. He found that the person standing at the door had changed drastically..

Chapter 73: Spring Rain Pavilion's Inspiration

He was dressed in embroidered clothes, tied up at his waist, and had a full beard. He looked like a rich man. "Liu Xu?" Xu Bai was stunned.

"Yes." Liu Xu nodded.

There was no change in her voice. It was still as ethereal as before.

If it wasn't for this voice, Xu Bai would have mistaken him for someone else.

This was a complete change of appearance. Although Xu Bai had never seen what Liu Xu looked like, at least now, she looked like a man.

In the past, he had always seen on television that when a woman dressed up as a man, she would not be discovered. However, in reality, one could tell at a glance that a woman was dressed as a man.

Now that Liu Xu was like this, she really couldn't discover it.

"Then when you masked your face last night, did you think of changing your appearance?" Xu Bai asked.

That night, when she killed Liu Fenghua, Liu Xu was only wearing a

nightgown, but it was difficult to hide her proud figure.

But now, it had completely changed.

Liu Xu touched her face and said, "At that time, I had disguised myself. That day, I was supposed to kill people. How could I care about my figure? Who knew that I would meet you?"

"Can't you change your voice?" Xu Bai pointed at his throat.

Such an image of a rich dog, but with a gentle and ethereal voice, it looked extremely out of place.

If he closed his eyes, he would think that a beauty was beside him.

Liu Xu rolled her eyes and took out a medicine bottle from her sleeve. She shook it. "You can change your voice after eating this, but it only lasts for an hour. You can eat it when you arrive.""

To be honest, in Xu Bai's opinion, Liu Xu's current appearance was far from that of a scholar. Even her previous otherworldly temperament was completely different now.

Of course, when Liu Xu used the scholar's ability, it would also change her scholarly temperament. The pages of the book were charred yellow, making one's scalp go numb at a glance.

Of course, in Xu Bai's eyes, everything was normal.

After all, not long ago, when he first met Liu Xu in the Liu residence, Liu Xu had placed a large number of nails in her boudoir.

No flowers, but stunned, no books, no books, no abilities?"

He had changed his appearance just now, which was actually the simplest method. Now, Liu Xu's appearance seemed to be the real high-level one.

"It's just an ordinary makeup method. I've seen it in a book. Even an ordinary person can use it." Liu Xu put the bottle back into her sleeve."

"What are you looking at?" Xu Bai said with a look of disdain."

Liu Xu did not get angry when she saw Xu Bai's look of disdain. Instead, she wore a calm expression and took out a small box from behind her. "It's time for me to change your appearance. ""

Xu Bai didn't mind and said, "Make it look cool."" Liu Xu didn't reply and began to disguise Xu Bai.

A moment later...

Xu Bai looked at the person in the mirror expressionlessly."

In the mirror, his looks had dropped a lot.

Liu Xu couldn't hold it in anymore. Even though she tried her best to keep her expression taut, she could still see a smile in her eyes." The less outstanding your appearance is, the safer it is.""

Although he said that, Xu Bai understood that it was all for personal revenge.

"You can't bring a knife." Liu Xu looked at Xu Bai's waist and said, "Also, you can't wear your own clothes. You have to change into servant clothes and pretend to be my attendants. ""

Xu Bai naturally knew that it wasn't appropriate for them to bring a saber with them when they were going to a brothel, so he untied Ghost Head Blade to the side.

He looked to the side and saw No Flower standing with his hands clasped together.

Coupled with the wig and the beard on his face, he looked very strange.

"Monks like you have to restrain your subconscious actions." Xu Bai said.

No Flower quickly put down his hands and nodded.

"And you, your eyes are too clear. You don't have the temperament of a rich dog at all." Xu Bai said to Liu Xu.

Liu Xu closed her eyes and opened them again. Her eyes were filled with an arrogant and despotic aura.

“There’s one more thing.” Xu Bai revealed a mysterious smile.

Liu Xu and No Flower came over. After hearing what Xu Bai said next, they revealed expressions of understanding.

After that, Xu Bai and Wu Hua changed into the clothes of the servants of the Liu family. After everything was settled, the three of them left the Liu family under the cover of night.

As for the corpse on the ground, Liu Xu took out a small bottle and poured it on the corpse. The corpse immediately turned into blood.

All in all, Xu Bai was reminded of what Liu Xu had said that night outside Lin Fenghua’s window when she had taken out her smoke.

“I have many methods, and this is only one of them.”

Bai didn’t know how many tricks he had, but he knew very well that he wanted something that could turn corpses into blood.

There was also the Disguising Technique. It would be very useful in the future when he wanted to kill people. No, it would be very useful in the future when he wanted to punish evil and promote good.

“I have to find an opportunity to get it over.”

When he heard Liu Xu say that ordinary people could learn it, he had an idea.

But now was not the time, so Xu Bai did not say anything.

The night grew darker and darker. The other streets were as quiet as water, but there was a place in Sheng County that was brightly lit.

Spring Rain Pavilion was the only brothel in Sheng County, and it was also the most lively place at night.

Whether it was scholars, wealthy businessmen, or ordinary people, they often lingered here.

As a transmigrator, how could he not come here to check in?

Xu Bai looked excited.

Liu Xu was still alright, but No Flower was obviously very cowardly. If they could get close enough, they could even hear No Flower's voice.

"The woman at the foot of the mountain eats monks..

No Flower had long since recognized the deceptive language, but some things could not be erased no matter how hard he tried.

There was no problem with normal communication, but now was not the time for normal communication. They were visiting a brothel.

' Be normal. Don't be nervous." Xu Bai said softly as he patted her on the shoulder. Then, he followed Liu Xu into the Spring Rain Pavilion. They played the role of servants, while Liu Xu was a wealthy merchant.

Just as he stepped in, he heard a commotion.

Spring Rain Pavilion was filled with birds and swallows. It was divided into three floors, and each floor was filled with the smell of cosmetics.

As soon as Xu Bai entered, his eyes lit up.

This kind of intuitive feeling was different from television. Only when one was in the scene could one feel the subtle difference.

The brothel madame, who was in her thirties, walked over to Liu Xu while shaking her body.

“Is this your first time here? Do you have a lover?”

In this line of work, everyone had good eyes.

When the brothel madame saw Liu Xu dressed luxuriously, she rushed over immediately.

“I’m doing business and passing through Sheng County, so I just happened to come over to play. “Liu Xu acted like an old guest and threw a piece of silver over.”

“Alright!” The brothel madame took it in a flurry, agreed, and led the way.

Before long, Xu Bai and the others were brought to a good room. Liu Xu had just sat down when she noticed that Xu Bai was looking at her strangely..

Chapter 74: Playing and Singing

“Why are you looking at me like that?” Liu Xu was confused.

The door was already closed. Other than the increasingly noisy noise outside, only the three of them were left in the room.

“You’re so good.” Xu Bai rubbed his chin.

When Liu Xu was communicating with the brothel madame earlier, she had been extremely skilled.

He was like an old customer and not a newcomer. He was so familiar with it that it made one's scalp go numb.

"The Academy teaches us." Liu Xu suddenly said.

Xu Bai was stunned.

What? The Academy still had teachings on this?

This Qingyun Academy was very showy.

He had never heard of the Academy teaching this.

"Many years ago, there was a scholar in the Qingyun Academy who was trained as the top of the academy. However, not long after, he immersed himself in the brothels and ended up with nothing." "Thus, it became a counterexample and was widely circulated in the Academy." "

Since it was a counterexample, she naturally had to explain it clearly. Therefore, Liu Xu understood the process very well.

"No, no, it's not that I'm mediocre." Wu Hua put his palms together and said, "It seems that the Academy has changed this part of history." "

Liu Xu frowned slightly and did not continue speaking.

"The version I heard was that the scholar fell in love with a woman of the evil way and tried to assassinate the College Chief. At that time, the College Chief did not kill the scholar. For some reason, the scholar concealed his identity and never appeared again." No Flower explained.

Liu Xu's brows furrowed even deeper. She had never heard of this content before.

Ever since she entered the Academy, all the scholars in the Academy had heard her version of the content. What Wu Hua said now was the first time she heard it.

Would the Academy change history?

Liu Xu did not know, but now was not the time to discuss this.

Outside the door, there was a knock on the door. The brothel madame pushed the door open and entered with a few girls.

“Sir, which one do you choose?”

Liu Xu’s gaze fell on the few girls. After moving back and forth, she chose a girl wearing a pink muslin.

“Oh right, leave two more for my two servants.”

This sentence was directed at Xu Bai and No Flower. When Liu Xu spoke, she waved her hands vigorously, acting like a nouveau riche.

The brothel madame covered her mouth and laughed.

They were all in the business of serving, and they couldn’t wait to earn more money. Who would care about being a servant?

“I’ll get you two two more rooms.”

With that, he left with Xu Bai and No Flower, along with the girl he had just picked.

Not long after, Wu Hua went to the room next door, and Xu Bai was taken to the room next door.

The three of them were in adjacent rooms.

Xu Bai pushed the door open and entered. He sat on a chair and poured two glasses of wine.

The door was closed. Before he could turn around, he felt his thigh sink and smelled a fragrance.

Xu Bai's evaluation of this was that it was not as good as the sandalwood scent on Liu Xu's body.

"Master, this little girl is proficient in blowing, playing, and singing. Where do you want to start?" A woman in a light veil leaned against Xu Bai and wrapped her arm around his neck as she spoke in a gentle and charming manner.

It was exciting.

It was very exciting.

But it was also a little boring.

In Xu Bai's opinion, she should at least play some music. After all, he had read from a book that the girl was proficient in all kinds of romantic places in ancient times.

In a situation like this, it would be boring to be straightforward from the start.

"You know how to play and sing?" Xu Bai still asked.

The woman stretched out her index finger and pressed it against Xu Bai's chest."

Oh

So it was a song. He thought it was a song.

“Have a drink.” Xu Bai picked up his glass and handed it to the woman in front of him.

The woman had seen this scene many times, so she did not mind and drank it.

Then, she straddled the man. His eyes rolled back, and his body fell backward, fainting.

Xu Bai reacted very quickly. He caught the woman and placed her on the bed.

He thought to himself, Liu Xu’s medicine is not bad. Her reaction is quite fast.” Just as she thought of this, there was a knock on the door.

Xu Bai came to the door and opened it a crack. He saw Liu Xu and No Flower standing outside, so he opened the door and let them in.

On the way here, they had already discussed this. This was part of the plan.

“There’s no problem with this. If someone comes in to check, won’t we be exposed?”Liu Xu said with a worried tone.

Xu Bai’s mouth twitched.” Do you think Spring Rain Pavilion can continue to operate if someone comes in to disturb us while we’re doing this?””

Liu Xu choked and immediately felt that what Xu Bai said made sense.

What he said was right. If someone came in to disturb him when he was doing this, he would lose his sense of security and no one would come to Spring Rain Pavilion.

No Flower hadn’t said anything since he came in, and his eyes were dull.

Xu Bai subconsciously looked at No Flower and saw a red mark on her neck.

"I was a little slow." No Flower felt Xu Bai's gaze and frantically wiped the red mark on his neck.

Xu Bai gave a knowing expression and patted No Flower's shoulder while sighing.

I really didn't do anything. I was just a little slow.

Who knew that the woman would be so crazy as to pounce on him without saying a word?

Who could withstand this!

Of course, he also understood that the more he tried to explain, the more powerless he would be. He might as well shut his mouth and say nothing.

"Just wait." Xu Bai said.

There were still many people in Spring Rain Pavilion, and there was an endless stream of customers coming and going. It was not the right time to go out.

They could spend the night here, so there was no harm in waiting until night time.

Of course, there was no such thing as not sleeping for a night, even if it was a romantic place.

It didn't exist.

Can you do this all night without stopping?

Then he might need to use the kidney pounding method.

The three of them waited in this small room. Fortunately, Liu Xu's medicine was very effective. Even when the sounds outside gradually quieted down, the three girls still did not wake up.

The noise and noise gradually disappeared, as if the bustling city had returned to a quiet village. The sudden difference made people feel surreal.

Xu Bai didn't feel anything during this period of time, because he took advantage of this time to take out Wu Hua's Buddhist scriptures and read them carefully.

This action further confirmed No Flower's thoughts that Xu Bai was a person who devoted himself to Buddhism.

"Move out!" Xu Bai waved his hand when he saw that the time was up.

One by one, they walked out of the door and began to slowly search along the floor.

As for how to find it, No Flower had a way.

As the owner of the Wisdom Eye, although he had not developed the Wisdom Eye to the extreme, it was not a problem for him to see the strength of people of the same level.

Just like before, No Flower could tell that Xu Bai was a rank-eight unspecialized.

As long as something was wrong, they could monitor it closely to reduce the danger.

It was very quiet outside, and every room door was tightly shut.

When the three of them came out, Xu Bai was about to go door to door to check when he heard a voice..

Chapter 75: The Silent Xu Bai (1)

Not only did Xu Bai hear it, even No Flower and Liu Xu heard it.

“Sha...Sand... Sha...”

This voice was very obvious, especially in the dead of night. The voice was infinitely magnified and entered the three people’s ears.

They were on the second floor, and the voice came from downstairs.

Xu Bai came to the railing of the stairs and looked at the first floor.

In the middle of the first floor, there was a man dressed in coarse clothes. He was holding a wooden broom in his hand and sweeping slowly.

The sound just now came from when the broom touched the ground. Even though Xu Bai was standing on the second floor, the people on the first floor didn’t stop. They were still sweeping with their heads lowered.

It wasn’t strange to clean at this time. After all, Spring Rain Pavilion’s business was different.

He couldn’t possibly clean up when he was receiving guests, right?

Liu Xu and No Flower also came to the railing.

As she was looking down from the top, she couldn’t see her face clearly.

No Flower subconsciously used his Wisdom Eye, then looked away and took a step back.

This action obviously couldn't be hidden from Xu Bai, who immediately gave him a puzzled look.

He could see the shock in No Flower's eyes.

From the scene just now, it could be seen that No Flower had used the Wisdom

Eye. As for the result, it could be seen from No Flower's expression.

"Higher than Eighth Stage?" No Flower said blankly.

Liu Xu reacted the fastest. After all, she was also watching.

But before Liu Xu could say anything, Xu Bai was the first to make a move.

He turned around, retreated, and reached into the money bag.

This set of movements was smooth and smooth. After he was done, Xu Bai's eyes were fixed on the spot behind him. It was where he had been standing just now.

Not far away from him, the person sweeping the floor had already arrived on the second floor. No one noticed.

Xu Bai's pupils constricted as he said in a low voice, "Let's go."

Without another word, he turned around and left.

To be able to come to the second floor silently and be discovered by him only when he was about to approach, this person's strength was extraordinary.

Xu Bai could be ruthless and kill without blinking, but there was a condition, and that was to at least ensure his own safety.

He didn't know the other party's ability at the moment, so it was better for him to leave.

Of course, Xu Bai reacted quickly, but Liu Xu and No Flower reacted even faster.

When Xu Bai shouted this word, Liu Xu and No Flower followed behind, running faster than anyone else.

The three of them had a tacit understanding. Even when they were running, they would look after each other.

Strangely, the person on the second floor held the broom and lowered his head. He did not continue to chase after them. Moreover, because he had lowered his head, no one could see his face clearly.

Not long after, Xu Bai and the others ran out of Spring Rain Pavilion and disappeared into the darkness.

The man who was sweeping the floor maintained his standing posture. He only raised his head when there was no one on the second floor.

His face was covered in burn marks and looked extremely terrifying, especially with his messy hair, which made one feel a chill all over.

"Squeak..."

The sound of the door opening came from the third floor.

The sweeper raised his head and his gaze stopped on the third floor.

On the railing on the third floor, a woman in light yellow silk was bending over slightly with a smile in her eyes.

The woman was in her thirties and had a seductive look on her face.

After noticing the sweeping man's gaze, she stretched out her fair and thin arm and hooked her finger at the sweeping man.

The man who was sweeping the floor carried the broom in his hand and slid it slightly on the ground. For some reason, he disappeared from the second floor and arrived on the third floor in the blink of an eye.

"Heaven Inspector, Scholar, and a martial artist. "The sweeper said in a deep voice.

"Yes, I know everything. These three guys are very smart. They have used all the tricks of the pugilistic world, including smoke and disguise. "The woman in yellow reached out and gently stroked the man's face, as if she was not afraid of the burn marks at all.

"Extreme Life Cult..." The sweeper opened his mouth, but before he could finish his sentence, he was stopped by the yellow-clothed woman.

"Shh..." The woman in yellow covered the man's mouth and whispered," Don't worry about them. We just need to be a couple in this remote county.""

"But the woman that the Ninth Princess asked you to keep an eye on didn't come to work tonight. "the sweeper said.

The yellow-clothed woman shook her head." It's just the Extreme Life Sect.

The Ninth Princess's purpose is to give her a glorious life and add a little bit of luck. The Extreme Life Sect is just a bonus to the Ninth Princess, but the Ninth Princess will not violate the rules of the Great Chu State because this matter should be handled by the Sky Inspectorate."

At this point, the woman in yellow looked at the face of the man sweeping the floor and became more gentle.

"I don't want to get involved in the fight of the royal family. The ninth princess won't blame me for losing a small prize." The yellow-clothed woman continued.

I don't care." The man who swept the floor smiled. His face was full of burns, which was especially terrifying." Then I don't care.

"Are you really not going to care?" the yellow-clothed woman said.

The sweeping man nodded vigorously."

The woman in yellow did not say anything. She leaned into the man's arms and smiled faintly.

Night, Sheng County, outside the street.

Xu Bai and the other two walked for a distance and stopped in front of an alley.

"This is the Rank-8 you mentioned?" Before Xu Bai could say anything, Liu Xu turned to look at No Flower.

At this moment, No Flower stopped in his tracks and wiped the sweat off his forehead.

After hearing Liu Xu's question, No Flower revealed a shocked expression.

"I don't know what's going on either. This is unexpected."

He really didn't know how a small Spring Rain Pavilion could have experts.

The man sweeping the floor just now gave No Flower a very uncomfortable and oppressive feeling.

Moreover, he could actually go from the first floor to the second floor without making a sound. They did not even realize that the strength of the man sweeping the floor was extraordinary.

Rank-7?

ur KanK-oc

No Flower couldn't see it, and the Wisdom Eye couldn't see it. It could only mean that his strength was higher than his.

Liu Xu frowned, as if she was thinking about something.

From the beginning to the end, Xu Bai didn't say a word. He kept silent.

Ever since he came out of Spring Rain Pavilion, he had been in this state. He had not spoken even now.

At this moment, Liu Xu and No Flower finally realized that something was wrong with Xu Bai and turned their gazes over.

Based on their understanding of Xu Bai, he definitely wouldn't remain silent at this time. He must have noticed something.

Xu Bai was a rank-eight unspecialized, after all. He immediately sensed their gazes and came back to his senses.

"Why are you looking at me?"

"Why didn't you say anything?" Liu Xu asked.

Xu Bai was enlightened.

He had thought that something was wrong, but it turned out to be the case.

“There’s nothing to say. What should I say? This person’s identity was unknown, and he was very powerful. He had to at least have some clues before he could explain.” Xu Bai spread his hands and said.

No Flower nodded.

However, Liu Xu had come into contact with Xu Bai earlier than No Flower. She had a feeling that Xu Bai seemed to have some ideas..

Chapter 76: The So-called Courage in the Yin

Actually, Liu Xu wasn’t mistaken. Xu Bai did have some thoughts, but the so-called thoughts weren’t about the man who was sweeping the floor.

He was very interested in the identity of the man sweeping the floor, but what he was more interested in was not the identity, but the broom in the man’s hand.

The man who had just swept the floor ran from the first floor to the second floor without a sound. Xu Bai was on guard, so he saw the broom in the man’s hand.

The broom looked very ordinary. It was the kind of broom that was usually used. It was very old. It would not cost much to buy a new one.

However, the same thing represented different values in the eyes of different people.

When Xu Bai first saw the broom, he saw a golden progress bar on the broom.

What was Xu Bai most concerned about?

There was no need to ask. Of course, it was the progress bar.

Therefore, Xu Bai was still thinking about the golden progress bar and subconsciously ignored the identity of the sweeper.

There was a time for everything. Placing the golden progress bar in front was what Xu Bai really thought.

“What should we do next?” Liu Xu asked.

After waiting for a long time, no one answered.

The alley was quiet, and the whole place was quiet.

Xu Bai didn’t answer because he was here to help, and it wasn’t appropriate for him to be the guest of honor. Besides, he was still eyeing the broom.

After a while, Wu Hua said, “Let’s go back first. I have to send a message Heaven Inspectorate. Things have gone beyond our expectations. Someth[ing] unexpected will happen.”

The sweeper was extraordinarily powerful, but he did not pursue them. This was also a very strange thing, but at least for now, they were safe.

In short, something unexpected had happened here. Wu Hua had to hurry up and send the news to the Heaven Inspectorate.

“You should come back with us.” Liu Xu said to Xu Bai, “If something really happens, the three of us can still take care of each other.”

If the three of them split up and acted separately, the danger would be greatly increased.

Just like in horror movies, those who were alone would always die the fastest.

The three of them could only clench their fists together. If they were separated, they would only be defeated one by one. They were all smart people, so they naturally thought of the best solution.

Xu Bai nodded.

He could also take advantage of this time to digest the Buddhist scriptures and think about how to get the broom.

After they finished their discussion, they didn't say anything else and rushed to the Liu residence in the dark.

Soon, they returned to the Liu residence.

Xu Bai moved into Wu Hua's room and wrote a letter, asking Liu Xu to hand it over to the Bodyguard Agency the next day.

The content of the letter was that he would be away for a few days and Liu Er would be in charge of the bodyguard agency.

After everything was done, Xu Bai lay on the bed with a Buddhist scripture in his hand and started to check the progress bar.

The guest room in the Liu residence was very large. Liu Xu had brought an extra set of bedding, and No Flower had taken the initiative to sleep on the floor.

In No Flower's words, he was the one who got involved in this matter. No matter what, he couldn't let Xu Bai sleep on the floor.

Xu Bai didn't act pretentious and slept on the bed.

As for why they didn't get an extra room, it was late at night. It would cause unnecessary trouble if they got an extra room. After all, there were many people in the Liu residence.

Ever since he returned to his room, No Flower had been writing on the table with a brush. Not long after, he had written a long note.

"How do you plan to send the message?" Xu Bai's gaze did not leave the Buddhist scriptures. He did not even raise his head.

"Tomorrow, I will go to the Yin Posthouse and ask the people there to deliver the letter." No Flower explained.

"Yin Posthouse?" Xu Bai heard another new term and was immediately interested.

From the name, it seemed to be a relay station.

However, the word "Yin" was added in front of it, making it seem extraordinary.

"Ordinary people go through the official post stations, while Jianghu people and others go through the Yin post stations. They don't interfere with each other." "The Yin Posthouse can also send messages to the Heaven Inspectorate," Wu Hua said.

Xu Bai put down his hand and said thoughtfully, "His Majesty the Emperor is really willing to spend a lot of money."

With just this explanation, he already roughly understood what it meant.

The so-called Yin Posthouse was the complete opposite of the official posthouse. It was a posthouse that did not disturb ordinary people.

In Xu Bai's eyes, this was an extremely important move.

For a country, the relay station was also an extremely important institution. Its main function was to transport the people to rest. There were stations on the main roads leading to all parts of the country to provide food and accommodation for the officials, as well as the servants who sent letters and documents.

There were three ways to use courier stations: to pick up and drop off envoys, to report military intelligence, and to transfer military supplies. There were also three types of courier stations: courier stations, delivery stations, and emergency delivery shops.

It started from the capital and spread to all parts of the country. These were all established by the government.

Especially when it came to delivering military intelligence and maintaining stability, the relay station played an important role.

Of course, these were all related to the official post stations.

What Xu Bai did not expect was that the Emperor had set up another Yin Posthouse.

Don't underestimate this Yin Posthouse. The manpower and material resources expended were unimaginable. It covered the entire area of Great Chu. One could imagine the emperor's boldness.

"Your Majesty's boldness is truly something I've never seen before." No Flower sighed. "My master once said that someone had advised that the expenses of the Yin Posthouse were too high. His Majesty had only said one sentence and shut up the mouths of the people in the world."

"Oh?" "What is it?" Xu Bai asked with interest."

"His Majesty said that it would be my fault if the people of the world were disturbed by the people of the martial arts world because of a relay station." Wu

Hua said.

Xu Bai touched his chin.”

This emperor was quite interesting. He seemed to have silenced everyone, but he had actually stabilized his power.

Not only did the Yin Posthouse maintain the stability of the people, but it could also alleviate the pressure of traffic congestion and create a more convenient and smoother passage.

If it went smoothly, then the Wacang would be able to take the initiative. “Patron, do you want to study Buddhist scriptures for a night?” No Flower asked.

Xu Bai nodded.

Originally, he did not like to watch the progress bar at night because he had to ensure that he was in the best state of mind and at the best time at all times. However, the situation was different now. The man sweeping the floor gave him a hint of pressure.

“How about I knock the wooden fish for you?” No Flower said with a smile.

It was very difficult to meet a person who had the same appetite and shared the same interests as them.

Although Wu Hua seemed to have many companions in the Titanium Temple, he had left the Titanium Temple long ago and worked under the Heaven Inspectorate. He rarely met people like Xu Bai.

“Knock.” Xu Bai thought that it would be boring to keep the progress bar running by himself, so it would be better to have a sound.

No Flower stood up and took out the wooden fish from the cabinet. He placed it on the table and tapped it gently.

The voice was long and full of Buddha-nature. Coupled with the sandalwood incense in the room, it was even more dense.

Xu Bai listened to the sound of the wooden fish and continued to read the Buddhist scriptures.

The night was getting colder.

Outside Spring Rain Pavilion.

A man carrying a broom quietly walked out..

Chapter 77: Three People Want to Kill the Sweeper

The night was as dark as ink, and there was no one else in Spring Rain Pavilion. The man who swept the floor left quietly, and no one noticed.

After roughly identifying the location, a smile appeared on the man's burnt face. Even though the smile on his face was terrifying, it was obvious that the man was very happy.

The night wind blew, accompanied by a voice, causing the sweeping man who was about to leave to pause for a moment.

"Didn't we agree not to care? You still have to go."

The woman in red slowly walked out from behind the man who was sweeping the floor. Although she looked charming, her eyes were filled with sorrow.

When the woman in red appeared, the sweeping man stopped and turned around stiffly. His grip on the broom tightened.

The cold wind blew in between the two of them, blowing the corner of the woman's clothes. The woman's expression became more and more resentful.

"There are some things I have to do. I just want to return this thing to the Academy. I don't care about anything else." The sweeper raised the broom in his hand and said helplessly.

"You still feel guilty." The red-clothed woman hit the nail on the head.

'Yes, I was wrong back then. After so many years, I have already given up a lot, but this is a small chance for me to atone for my sins. "The sweeper man sighed.

As he spoke, his grip on the broom tightened.

"This is the last time." the sweeper added.

The woman in red didn't say anything. She clenched her fists in her sleeves. Her fingers were slightly white because she was clenching her fists.

The woman in red only released her grip after the time for half an incense stick to burn.

"The two of us have paid a great price in exchange for the peaceful days we have now. Do you really want everything to go down the drain?" The woman in red asked.

The sweeper fell silent. He didn't know how to answer, but he didn't move.

The woman in red gently raised her hand and placed it on her neck. Her thumb and index finger seemed to have pinched something and pulled it out.

That's a piece of junk

After the skin was removed, there was a burnt face underneath, similar to the man who swept the floor.

"In order to conceal our identities, you and I destroyed our appearances. The ninth princess agreed, and she did it. Shengxian County is far away, but it's enough for us to live." The woman in red continued.

"I have to pay this debt, or I won't be able to live in peace for the rest of my life." The sweeper let out a long breath and said.

At this moment, the woman in red suddenly put the skin back on her face and restored her original appearance.

She didn't say anything more and turned to walk into Spring Rain Pavilion.

This action was very strange, but it stunned the sweeper. He could not understand what had happened.

"Go. I'm just telling you the price that might happen, but I can't stop you. A husband and wife will follow each other. If we really return to the past, I'll accompany you."

The voice of the woman in red came from the Spring Rain Pavilion. There was a hint of helplessness in her voice, but more of it was a kind of calmness.

The man was stunned for a while. Finally, he gritted his teeth and left Spring Rain Pavilion with his broom.

Liu Manor.

It was late at night.

Other than Xu Bai and No Flower, everyone else had already fallen asleep.

Outside Liu Xu's room, a figure flashed past.

The sweeper carried a broom and came to the door. He raised his hand and gently knocked on the door.

A gust of wind blew past.

A few pages flew out from the screen and condensed in the air.

On the page, graceful words appeared and swept toward the man sweeping the floor.

At this moment, the man who was sweeping the floor shook slightly, and the pages of the book flew back into the room. The room was filled with noises, and then fell silent.

The sweeper man was stunned.

Before he could react, the door seemed to have loosened. It had been opened. It was empty inside, and there was a big hole in the ground. "There's a tunnel?" The corner of the man's mouth twitched.

Was this something a scholar could do?

Digging a tunnel in his own room, how cautious would he have to be to do that?

He had never thought that a scholar could make such a mechanism. In his mind, it didn't seem to exist.

"Looks like I have to chase after him." the sweeper thought.

Just as he was thinking about this, a change occurred and made the man give up on the idea.

The sound of wind was heard, and the speed of the wind was very fast.

The sweeper knew that it was late at night, so he hurriedly drew on the ground with the broom in his hand.

The word 'silence' appeared, and the sound of the wind disappeared.

"Scholar?"

The man heard the surprised voice and looked up. He saw a dense light approaching.

A book flew out from his arms and surrounded him.

The golden light landed on the page, and the man took a step back.

"Ding, ding, ding!"

The crisp sound landed on the ground, and the word "quiet" in the air emitted light. This sound was infinitely reduced.

The man looked down and saw a pile of copper coins on the ground.

"What an exquisite hidden weapon technique. It actually forced me to take two steps back. Although he's only at the 2nd rank, he's cultivated to the Perfection realm. Otherwise, he wouldn't have been able to force me back."

The sweeper thought to himself.

Of course, as soon as he thought of this, he saw a head covered in green light.

"Boom!"

His head hit the page, but the word "quiet" in the air lit up again, reducing the volume of the voice.

The sweeper took another step back. When he finally saw Xu Bai and the other two, he shouted, "Wait!"
I'm not your..."

That hidden weapon was Xu Bai's Maple Leaf Rain, and the green light was No

Flower.

Before he could finish speaking, there was movement from Liu Xu's side. The pages floating around the willow catkins turned yellow, filled with an evil aura.

"Yin Yang Attraction." Liu Xu pointed at the man sweeping the floor.

This name didn't fit the image of a scholar.

A sense of drowsiness came over him, and the man who was sweeping the floor was shocked.

"This is...The ability to absorb souls. Aren't you a scholar?"

Before he could finish his sentence, Xu Bai moved.

No Flower used himself as a shield and hit the sweeper's back, causing the sweeper to stagger.

And Xu Bai's blade swept past..

Breaking First Style!

Reversal of Yin and Yang!

At this moment, Xu Bai had become ethereal, and it was impossible to tell whether he was real or fake.

The blade landed on the page of the book outside the sweeper's body.

The man sweeping the floor only felt a surge of power seeping out of his body, and his chest hurt slightly.

He... Was he injured?

How was this possible? Three Rank-8s actually injured him?

He was already at the peak of Rank-7 and was only one step away from Rank-6. How could he fall here?

The man who swept the floor frowned and wanted to activate the page.

However, at this moment, Liu Xu held the Green Cloud Brush and slid it in the air.

The charred pages covered his book and started to pull.

Although it was not strong for him, a moment was enough.

Scholar's body was not strong to begin with. Now that his body was controlled by No Flower, the pages of the book lost control for a moment.

What made his heart palpitate was Xu Bail's saber.

As long as one was smart, they would be able to seize this moment of loss of control.

With the three of them working together, the sweeper, who was about to become a Level Six expert, was going to be defeated.

At this moment, the sweeper couldn't help but shout..

Chapter 78 -Powerful Skills in Buddhist Scriptures

"Justice does not seek profit, and justice does not remember merit. "the man said quickly.

Xu Bai frowned slightly when he heard the abrupt and straightforward words. However, the saber in his hand did not slow down at all. He continued to press forward.

Sweat appeared on the man's face.

"Wait!"

At this moment, Liu Xu suddenly shouted from behind.

A gust of wind blew past, and Xu Bai's knife stopped right in front of the sweeper. At the same time, he turned around and looked at Liu Xu.

"You know him?"

Liu Xu nodded and shook her head. She stared at the man sweeping the floor and said abruptly, "Yang Chang."

The man who swept the floor nodded vigorously. He didn't expect that after so many years, there would still be someone who knew his name."

Xu Bai smacked his lips and winked at No Flower.

No Flower understood. He let go and stood to the side.

The two of them turned to look at Liu Xu, waiting for her reply.

Not long ago, Xu Bai was still reading Buddhist scriptures while listening to the sound of No Flower hitting the wooden fish.

Not long after, there was a sudden movement behind the cabinet in the room. Then, Liu Xu pushed open the cabinet and walked out.

After that, Liu Xu said that she had met the Spring Rain Pavilion's sweeper. Xu Bai and No Flower didn't even think about it and immediately rushed over with Liu Xu.

In the end, he discovered what had just happened.

Now that they were fighting, it was a little hard to explain why they suddenly stopped.

I've already taken off my clothes, and you want me to put them back on?

They just had to wait and see how Liu Xu would explain.

Based on Xu Bai's guess of Liu Xu, this person's identity was definitely not ordinary. Otherwise, Liu Xu would not have asked him to stop.

"Do you still remember what I told you before? There was a scholar in the Green Cloud Academy, but he disappeared without a trace?" Liu Xu said.

"Is it that scholar who tried to assassinate the Principal?" Xu Bai rubbed his chin and looked at the man sweeping the floor.

Even the slowest person would be able to guess the identity of the man sweeping the floor. Combined with Liu Xu's performance, he had already figured out the reason.

The man who swept the floor seemed to be the scholar.

“The words he said just now were once said to my teacher. He and my teacher were from the same era. Only my teacher knows this sentence, but...” Liu Xu was a little hesitant, but she still said it, “Why is your strength so low?””

If it was someone from the same era as his teacher, his strength should not be so low.

“Sigh... I’ve already become like this. How high do you think my strength can be?””I haven’t made any progress in so many years, but I’m also someone who’s about to step into Rank-6. I was almost killed by you guys just now.” Yang

Chang smiled bitterly.”

That was indeed the case. He still felt his heart palpitate.

Even though he had not made any progress in all these years, he still had a good eye. After all, he was once a genius.

The monk looked ordinary, but the purity of the Buddhist light was beyond imagination.

Liu Xu’s ability was even stranger. It was the first time he had seen such a

strange Noble Spirit.

As for this young Jianghu man with a saber, he was already amazed by the hidden weapons he used at the beginning. His saber technique became even more powerful after that, and it faintly carried the power to break through armor.

No matter where these three people were placed, they were seeds worth nurturing. The might of their joint forces made him feel that they were showing off their abilities.

“Why are you hiding here?” Liu Xu’s eyes were filled with doubt as she asked.

He had long heard that the scholar had disappeared without a trace, but now, he had suddenly met him in such a remote county.

Coupled with the recent events, it was hard not to connect them together.

“I came here to return the same thing.” Yang Chang raised the broom in his hand and held it in both hands. He handed it to Liu Xu.” Please help me return this to the dean. Tell him that I have comprehended many things in the past few years and can’t let go. ”“

Before Liu Xu could show it, Xu Bai’s eyes were about to shine. He stared at the broom and wanted to go up and snatch it.

Progress bar!

Nothing could compare to the temptation of the progress bar to Xu Bai.

This broom was a good thing, at least in Xu Bai’s opinion.

However, in the current situation, there was no way to snatch it openly. It was better to get as much progress as possible.

Xu Bai swept the broom from time to time, and the progress bar slowly increased.

“What is this? Why do you want me to hand it over to the dean? If you don’t explain the cause and effect of the matter clearly, I won’t agree. “Liu Xu didn’t even take the broom.

“Sigh...” Yang Chang sighed, not knowing what to say.

“It seems that the matter of benefactor assassinating the Principal is true.”Wu Hua said.

Yang Chang did not deny this statement. He organized his words and asked,” Do you really want to hear it?”

Liu Xu nodded.

No Flower nodded.

Xu Bai stared at the broom and pretended to nod his head.

At this time, Yang Chang actually understood in his heart that if he didn’t explain the cause and effect, this matter wouldn’t be easy to handle.

He thought carefully and organized his words before speaking slowly.

“Many years ago, I entered the Green Cloud Academy and was regarded as a genius by the teachers of the academy. At that time, I was very happy because I

could do my own thing and felt sincerely happy.”

“I studied every day, hoping to fulfill my ambition after leaving the Academy.

Until one day, I met a woman.”

“At that time, the Great Chu Country was not as stable as it is now. There were still many evil cultivators, and that woman was an evil disciple at that time.”

Yang Chang touched the scar on his face as he said this. He seemed to be reminiscing about the past..

Chapter 79 -Powerful Skills in Buddhist Scriptures

"You really have a relationship with the evil witch?" Liu Xu widened her eyes.

Xu Bai felt that it was very exciting. He glanced at the broom again and said,"

Don't interrupt him. Let him continue. ""

Liu Xu couldn't control her mouth just now, so she stopped talking and waited for Yang Chang to continue.

"Is she an evil witch? Even now, there were probably still many people who thought that she was, but in fact... At that time, it was the Heaven Inspectorate who brought it to me." Yang Chang said slowly.

The Heaven Inspectorate?

No Flower couldn't sit still at the mention of this.

"The Heaven Inspectorate and the evil witch?"

"Little monk, let me finish." "Your heart is in a mess tonight. I wonder if the scriptures of the Titanium Temple can suppress it." Yang Chang said meaningfully."

This sentence came so abruptly that Xu Bai and Liu Xu didn't understand. No Flower's expression changed, but he quickly returned to normal.

"The Heaven Inspectorate told me that she wasn't a demoness of the evil path, but a spy. She wanted to get rid of that so-called evil path." Yang Chang sighed.

“And the purpose of the Heaven Overseeing Bureau is to find someone to be a spy because that evil path is very special. It was founded by a former student of the Academy who defected.”

” That student refused to accept the Academy and wanted to overthrow the Academy all his life. It just so happens that my identity has a lot of room for maneuver.”

“You agree?” Xu Bai asked.

Yang Chang turned around. Although he didn’t say anything, the meaning in his eyes was clear.

At this moment, silence was better than sound.

“Assassinating the Headmaster is to show your loyalty, right?” Xu Bai said.

If he was really going to be a spy, then he would need a proof of allegiance. And the proof of allegiance that Yang Chang needed had to be more exciting. Assassinating the dean was a good choice.

‘Yes.’ Yang Chang nodded without hesitation. His burnt face showed helplessness and guilt.” At that time, the dean asked me if I didn’t want to do this. I just needed to study hard in the Green Cloud Academy. After I left the academy, there were more places for me to fulfill my ambition. But I still agreed.”

“That heretic defected from the Academy. In his heart, nothing is more pleasing than a talented disciple defecting from the Academy.”

“From then on, the Heaven Inspectorate used all kinds of methods to get me in.

In the end, I succeeded and retired.”

At this point, Yang Chang was clearly relaxed. It was as if he was recalling a happy memory, and his eyes were filled with joy.

In his life, the moment he destroyed the evil path was the happiest.

“Retreat after success?” Liu Xu stared at Yang Chang and said, “Your face...”

If he had succeeded and retired, he would not have fallen into such a situation. The burns on his face and the lack of progress in his strength for so many years meant that something was wrong.

If it was really as Yang Chang said, then it would be impossible for such a thing to happen. The legend of Yang Chang was probably still circulating in the Academy, and even Yang Chang was not in his current state.

Of course, there was one thing that Liu Xu couldn’t understand. Why did the

Academy say that Yang Chang didn’t assassinate the Headmaster, but Wu Hua said that he did?

Thinking of this, Liu Xu asked the question in her heart.

“For the sake of authenticity.” Yang Chang smiled bitterly. “The College has been assassinated. The Academy wants to keep its reputation a secret. At the same time, it can ensure that those who want to know will disappear. This is more realistic.”

The guilt in Yang Chang’s eyes grew deeper and deeper when he mentioned this.

“Why didn’t you just say that you were a spy?” Liu Xu frowned and said, “After you retire, you should have a good reputation. ””

It was still the same meaning. Why did he end up like this after successfully eliminating the evil path? No matter what, this couldn’t be explained.

“It’s because of this.” Yang Chang lowered his head and stared at the broom in his hand. When a person’s will is not firm, they will be easily assimilated after staying in another environment for a long time. I am that person.”

Yang Chang placed the broom in his hand on the ground. He gently touched the patterns on the broom and continued to speak.

"This should have been used by the Academy when the dean was young. Because I've been following the dean for a long time, I've also been stained with the noble spirit. Although it's not a treasure, it's something that even the seventh-level scholars dream of."

"I liked this thing, so I hid it in the broom and pretended to be lost. But in the end, someone found it, and she and I killed that person."

As Yang Chang spoke in detail, the broom in his hand changed, and cracks appeared on it.

Immediately after, the broom broke in the middle, and an old brush appeared.

There were still blurry words on the brush. Due to the age, they could no longer be seen clearly.

"This is...Spring Flower Pen? The pen that the dean had when he was still an ordinary student?" Liu Xu was stunned, "The Principal also said that the brush was destroyed by him.""

"Of course not. The headmaster saw that I was in danger on this trip, so he temporarily lent me this treasure. I had to return it when I returned. At that time, I was greedy and said that I had dropped it. "Yang Chang smiled bitterly." The person who was killed was an official of the Heaven Inspectorate. In that era, His Majesty had to punish these things severely, no matter how great their contributions were.""

"I remember that His Majesty once said...Merits could not be offset by mistakes. Those who were meritorious would be rewarded, and those who were wrong would be punished. Even the Academy could not violate this rule."

"So you guys ran away and changed your names after destroying your looks?" Xu Bai rubbed his chin.

By now, he had figured out some details, but...What did this have to do with the Extreme Life Cult that they were dealing with?

Chapter 80: Powerful Skills in Buddhist Scriptures

No, it had something to do with Xu Bai himself. This pen was too tempting.

Yang Chang shook his head.

"It's not that we ran away, but... The Ninth Princess begged for mercy from the Emperor. She did not know what method she used, but the Emperor agreed in the end, but the result was... We must destroy our appearance and never let others know."

"The dean didn't take this Spring Flower Pen back. He said that when I understood the true meaning of the Spring Flower Pen, it would be the time for me to return to the Academy. But after thinking about it, I feel... It's better not to go back."

"I'm living very well now."

As he spoke, Yang Chang handed over the Spring Flower Pen again.

Liu Xu hesitated for a moment, but in the end, she still took the Spring Flower Brush back.

"I'll go to the dean to verify it."

Yang Chang nodded, indicating that this was what he should do.

"If that's the case, wouldn't that official of the Overseer Bureau have died for nothing?" No Flower suddenly said.

No Flower hadn't spoken for a long time, and now that he suddenly spoke, everyone looked over.

"Little monk, are you going to avenge him?" Yang Chang sighed.

'No," Wu Hua shook his head." If the Heaven Inspectorate acquiesced, then I have nothing to say. However, I feel very uncomfortable.'"

Sometimes, this monk was very stubborn when he had a temper.

"Yeah... It's not fair." Yang Chang added," Actually, that official also wanted to steal the Spring Flower Brush. Forget it, let's not talk about this anymore. Actually, my purpose here is not just to return the Spring Flower Brush.'"

Xu Bai narrowed his eyes.

The main event had finally arrived.

He had always found it strange. These things were all secrets from back then. Why would Yang Chang say it here in front of the three of them?

Even if she wanted to say it, she would only say it to Liu Xu. Why did she have to say it to him and Wu?

He had already concealed his identity. Wasn't this confessing without a fight?

It seemed very contradictory and unreasonable.

At this moment, Yang Chang suddenly said that he had an ulterior motive. Xu Bai felt that it was just a foreshadowing.

What was his motive?

He did not know.

However, it was definitely not a simple matter for Yang Chang to have laid the foundation for so long.

Xu Bai had some speculations in his heart. Perhaps it had something to do with the Ninth Princess, or perhaps it had something to do with that person in the capital.

The three of them looked at each other, but none of them said anything. They maintained a tacit understanding and waited for Yang Chang to continue.

After a while, Yang Chang seemed to have organized his words and spoke.

"Great Chu...It was no longer the Great Chu of the past." Yang Chang's tone was filled with regret as he said, "You weren't in that era and didn't know what happened during that era. It can be said that at that time, everything was for the sake of the people of Great Chu."

"But now...His Majesty had changed. He had become very contradictory, very... It's puzzling."

Yang Chang's tone was very downcast when he mentioned this. It was as if he had fallen from a high place to a low place in an instant. The huge difference made him unable to control his emotions.

"In the past, His Majesty was diligent in governing the country and loved the people. He cared about the people of Great Chu and would never allow anyone to trample on the dignity of the people."

"But now, His Majesty has changed a little. He is still diligent in government affairs and loves the people, but he loves the majority of the people. The other few people have become his chess pieces to stabilize the world."

"What does this have to do with you coming to find us? Could it be that you're expressing your feelings just to return a pen?" Xu Bai said as he sized up Yang Chang.

“Didn’t you want to deal with the Extreme Life Cult? Perhaps I can give you some information.’Yang Chang suddenly raised his head and said as if he had made up his mind.

Extreme Life Cult?

He could give information?

Wu Hua stepped forward and clasped her hands together, her fingers slightly exerting force: ”Benefactor, what news can you give us?””

Everyone here wanted to get rid of the trouble of the Extreme Life Sect, but the one who wanted to get rid of the Extreme Life Sect the most was No Flower.

The purpose of this trip was to deal with the Extreme Life Cult.

Did he want to resolve it? Indeed, he did.

Ever since he entered the Titanium Temple, he had taken it upon himself to vanquish demons and devils. Coupled with the fact that he had entered the Heaven Inspectorate, under the double layers, Wu Hua’s mentality had already undergone a huge change.

If he couldn’t do his part to maintain the stability of the martial world, he wouldn’t have the face to stay in the Sky Inspectorate.

Therefore, when he heard the news about the Extreme Life Cult, No Flower reacted more strongly than anyone else.

“My wife and I, the evil witch you mentioned, have been staying here since we were saved by the Ninth Princess.”Yang Chang changed the topic and began to explain.

“The ninth princess has a huge business. There are basically people like us in every place. Most of them have made mistakes and are protected by the ninth princess to contribute to the wealth of Great Chu.”

“But not long ago, we received a message.”

The night was quiet. Other than the four of them, it was so quiet that one could hear a pin drop.

Yang Chang’s next words stunned everyone, especially when he told them what the Ninth Princess had done. The three of them frowned.

After Yang Chang finished speaking, Xu Bai finally spoke.

“The mysterious man is the Ninth Princess’s man.”

Previously, the captive woman had said that the Ultimate Life Sect’s Boundless Scripture was given to her by a mysterious person. What Yang Chang said now matched what the woman had said.

The ninth princess had given the Amitabha Daoist Scripture to the Extreme Life Sect, and the Extreme Life Sect had used it to make a comeback comeback.

“Why did she do that?” No Flower was stunned.

He felt his thoughts being shaken violently. It was like a mountain being lifted from the bottom by a giant and turned upside down at the same time..
